

Chapter 291

Then suddenly Qin turned out to be the other heroine.

This was really too surprising for Jasmine Tong, who hadn't heard a peep about it before.

The cast held a welcome party to welcome Qin Tianlian.

In such a hard place, the welcome party was just that, just to get the local people to cook more food.

Since Jasmine Tong's relationship with Albert Ou was known to Qin Liyuan, this was the first time the two of them were so close to each other.

At first, when Jasmine Tong saw Qin Jianlian, she also smiled awkwardly and didn't just say anything.

But then Qin turned around as if nothing had happened.

She was always up early, and with the early morning fog, Tong rushed to the set.

At this time it was noticed that the village seemed to be extremely busy this morning, and everyone seemed to get up extremely early without fail, especially the children, each with many books in their hands.

Tonto stopped a joyous little child.

"What's going on and why is everyone up so early?"

"That Sister Qin is really a living Buddha ah you see all these books he bought for us, and new clothes and new school bags, I heard she also bought a TV set for the village, Sister, isn't it true that with a TV set I can see you guys on TV."

"Yeah."

“That’s great, I’m going to tell my grandmother the good news” the little child rushed home.

When Jasmine Tong walked forward again, she saw Qin Jianliang with the staff, helping to distribute books, school bags and clothes and so on.

This rather made Jasmine Tong impressed by Qin Jianlian.

Many celebrities do charity work, but some do it solely to get attention, and not many actually do it.

There really aren’t many like Qin Liyuan.

Jasmine Tong suddenly felt ashamed of herself.

“It’s so nice of you to turn around and not be a star at all.”

“Then suddenly, sister, you seem to be even prettier than on TV, you have really good skin and good temperament.”

“Worthy of being a goddess, I wonder what kind of man can marry a woman as good as Miss Turnip.”

It had only been a few days since Qin turned up, and Jasmine Tong had no idea how many compliments she had heard from the staff.

Even the grandmothers in the village would nag her a bit when they saw her, and Qin turned out to be very patient.

And the past few days Jasmine Tong’s condition has slipped so much that she has eaten many times ng, especially against Qin Yanyan.

Jasmine Tong wasn’t in a good mood, so she went back to the village branch after closing time and prepared to call Albert Ou.

Who knew that her phone would ring first before she made her call.

Jasmine Tong looked around to see that no one was around, so she answered the phone.

“Hello.”

“Darling, it’s me.”

Jasmine Tong immediately stared at her, somewhat unable to believe her ears.

“Owl you, how you”

“Darling, I can find you at the ends of the earth, oh how you’re thinking about it.”

“How’s the consideration of what?”

Jasmine Tong didn’t remember for a moment.

“Something about someone being a vampire, I’m sure you’ll know the answer if you keep an eye out.”

Jasmine Tong touched his forehead.

“Baron, then I’m really going to disappoint you, he really isn’t a vampire, he has a heartbeat, I’ll tell you one last time, I’m pretty sure, sure he has a heartbeat, I heard it with my own ears.”

“That’s impossible,” came the incredulous voice of the Cold Lords.

“Lords, I think you really should see a psychiatrist, even if there really are vampires in this world, then he’s not.”

“No, my dear, you should have missed some information, I’ll tell you the most direct way to judge, remember the comb I gave you?”

“Combs,”

Jasmine Tong thought back carefully.

“That comb in the dead man’s hand.”

“That’s right, what a vampire fears most is a white wolf’s teeth, that comb happens to be constructed from a white wolf’s teeth, there is no way a normal blade can harm a vampire, you take that comb and test if his blood is blue.”

Jasmine Tong’s forehead is not sure how to dispel the idea of a cold owl.

She no longer wanted to theorize with the Cold Lords.

“Well, I’ll try, I’m hanging up.”

Jasmine Tong hung up the phone and made another call to Albert Ou, and the two of them talked for a while.

It was much more comfortable to talk to Albert Ou, Jasmine Tong hung up the phone and was ready to go back, when there was a knock on the door behind her.

“May I come in?”

As soon as Jasmine Tong turned around, she saw Qin Jianlian.

“Yes.”

This was the first time the two men had met in private, usually with a staff member.

“Are you going to call?” asked Jasmine Tong.

“I came over to find you, to where you live, and they said you were here.”

“Oh,”

Jasmine Tong suddenly became a little nervous, wondering what Qin turned to her for.

Qin turned around and sat face to face with Jasmine Tong.

“Mandy, I’ll cut to the chase, you seem to be avoiding me a bit lately.”

Jasmine Tong grinned, not even daring to look directly at Qin Yanyan.

“Actually, I’m the one who should be embarrassed, you don’t have to hide from me, you’re not wrong.”

“I,”

“Mandy, I don’t regret ever helping you, and I don’t regret ever loving Zee, and the fact that you and Zee are already married did come as a bit of a shock to me, and I did think at first that you should have told me sooner.”

At this point, Qin suddenly lowered his eyelids with a bitter smile on his lips.

“But then I thought about it, and I think you guys made the right choice, and I’m afraid I’d be embarrassed if I was told outright. Mandy, it’s over, let it be over, okay?”

To Jasmine Tong’s surprise, Qin turned out to be so easy-going.

She was even more ashamed of herself.

“Manny, are you worried about me stealing your husband?”

“Ah,”

Qin turned around and smiled brightly.

“Don’t worry, at least I’m a movie queen, how could I be a third party? If you and Azawa weren’t married, maybe I might still be in fair competition with you, but now that you’re both married, if I step in again, wouldn’t I be a third party?”

Qin turned around and pulled Jasmine Tong’s hand.

“I’m also an honorable man, and I’m not going to do that kind of thing.”

Qin turned around and patted Jasmine Tong’s hand.

“We’re still friends.”

Jasmine Tong finally let go of her heart, she suddenly realized that she was so small in front of Qin Jianlian.

And it’s not too careful.

“Well.” Jasmine Tong solemnly nodded her head.

The shoot in the mountains will soon be over.

Jasmine Tong couldn’t wait to tell Albert Ou the good news.

Chapter 292

“Big baby, I have to tell you the good news, filming is going well here and I’ll be home tomorrow after the last two scenes.”

“Yeah?”

Albert Ou on the other side didn't seem too happy.

"Yeah, why would I lie to you but I guess it'll be midnight when I get home, so you don't have to wait for me."

"I'll pick you up."

Hearing these simple words, Jasmine Tong perked up.

"Did you really come to pick me up?"

And to think, this is the first time anyone has ever picked themselves up.

"Well, really."

"Then wait for me in the VIP channel and remember to dress up in disguise, in case the fans see you."

"I know, go back to bed early, and we'll meet tomorrow."

"Well, good night."

Jasmine Tong excitedly hung up the phone and went back to sleep.

It's as if the heart has gone home.

Turns out the next day's shoot went a little awry.

The last scene is the one where Jasmine Tong has to climb a mountain.

The crew was chosen to film in a relatively safe location.

But yesterday the weather was not so good, and it rained so lightly that the rocks on the hill were wet and slippery.

Jasmine Tong was careless, so she fell from above.

The staff came forward immediately.

"Is everything okay, Mandy?"

When everyone looked at Jasmine Tong's pained expression, it was only then that they realized that Tong had been covering her leg.

Already blood was seeping through her pants.

When Qin turned up, he gently pulled her pants up.

A shocking wound on the front of the right knee was revealed.

It was probably cut by a sharp stone.

“No, it’s too humid in this mountain, it’s easy to get infected, so we have to deal with it right away.”

Jasmine Tong waved her hand.

“Let’s finish this scene first.”

“Mandy,”

“It’s alright for me to turn around, just finish this scene and go to the village health clinic after filming, it’ll be fine.”

When Qin turned around and looked at Jasmine Tong’s resolute expression, he was also incomparably impressed.

She had seen herself in Jasmine Tong countless times as she once was.

“Well, let’s take care of that briefly, I have medicine there.”

When Qin turned around and took the medicine he had brought with him to Jasmine Tong, he briefly took care of it and began to resume filming again.

Luckily this shoot went very well.

As soon as the shooting ended, Qin turned around and immediately brought Jasmine Tong to the village health office.

It’s the only health office in the village, and the health office has only one doctor in his forties.

That doctor looked at Jasmine Tong’s wounds with a pale face.

“I’m so sorry, but medicine is scarce in our little area and we don’t have any more narcotics.”

“How is this going to work? The wound is so deep, you’ll definitely need stitches, and stitches don’t have anesthesia”

Now Jasmine Tong was already grimacing in pain, and if she didn’t get anesthesia, the pain of sticking the needle into the already injured flesh raw could be imagined

Qin turned around and quickly calmed down.

“Where’s the nearest hospital to here?”

“It’s probably a dozen miles up the road, and there’s a slightly larger clinic in town that should have anesthesia, but it’s all mountainous, so I’m afraid the girl won’t be able to make it.”

Now that’s a tough one.

“It’s a deep wound, and it has to be cleaned out and stitched up right now, or it could get infected very easily.”

“Doctor, you can sew me up like this.”

After Jasmine Tong finished speaking, both the doctor and Qin Liyuan looked at her.

“Mandy,”

“There’s no better way to do it now, isn’t there, suddenly, it’s okay, I can carry it, I had deeper injuries than this when I was a kid, and I didn’t get anesthesia, so I’m actually okay.”

“This girl is so brave, don’t worry, I’ll be gentle.”

However, when clearing the trauma, Jasmine Tong felt her legs tremble.

The whole process of debridement is to clear the dirty blood from the wound with an antiseptic solution.

When Qin turned around and looked hurt, she put one arm around Jasmine Tong and covered her eyes with one hand.

When it came time for the actual stitches, the doctor saw that Jasmine Tong was shaking badly and was also a little unable to do anything.

“Doctor, don’t worry, I can carry it, you’ll be really sorry if you stitch it crooked. I’m a girl and a star, so even if I have a scar, I want a pretty one.”

Jasmine Tong’s joking remark made the doctor relax.

There were five stitches in all.

After the stitches were done, the doctor quickly bandaged her up.

It was only when Qin turned around at this time that he realized that all of Jasmine Tong’s clothes were soaked through.

The doctor was also in a cold sweat.

Bandaging up the wound, the doctor couldn’t help but give a thumbs up towards Jasmine Tong.

“Oh girl, you’re too good to utter a word.”

Jasmine Tong barely smiled.

“All used to it.”

When Qin turned around, his eyes were wet.

“Manny, you really are so brave.”

“Come on, y’all stop praising me, I’m a little embarrassed that you’re praising me, I was so close to forgetting about my injury, you guys brought it up and I remembered again”

The three of them laughed together.

Qin turned around and helped Jasmine Tong up.

“Manny, but you can’t get out of the village like this, you have to walk this part of the road, and there are no cars.”

Jasmine Tong just remembered that she was afraid that she wouldn’t be able to return today.

“If you’re not in a hurry, girl, I’ll have Lao San drive you all the way in an ox cart tomorrow, which will save you at least half as much walking, and then

tomorrow your leg should be better too, at least it won't hurt as much as it does now."

"Not today then?" asked Chin suddenly.

"I'm afraid it's not going to work today, the cows are tired after a long day's work, and all of us in the village are pointing at the livestock as if they were members of our own family."

"All right then."

That's all there is to it.

Just at this moment, Xu Fang hurriedly ran over.

"Mandy, look who's here."

This is Jasmine Tong's explanation, if there are other people around, they will uniformly call her "Jasmine Tong", not Madam.

"Who's here?"

Qin turned around and helped Jasmine Tong step by step out of the health room.

As soon as she walked out of the health room, Jasmine Tong raised her eyes and that tall, majestic figure fell into her eyes.

Who else could it be but Albert Ou?

He said he'd pick her up.

Jasmine Tong's smile blossomed.

The moment he saw Albert Ou, Qin Yangyan's heart slowly sank.

I didn't expect him to have such deep feelings for her that he would come to such a place for her.

Jasmine Tong limped forward.

Albert Ou saw that she was injured and immediately ran over.

Twenty days, twenty days of haunting, twenty days of longing.

I finally saw it today.

The two men stood in front of each other looking at each other.

Jasmine Tong was both surprised and delighted.

Twenty days of thoughts intertwined with the pain of a recent injury.

The moment she saw this man, all of Jasmine Tong's everything was unloaded.

Chapter 293

"Jasmine Tong, do you want to die or have you gotten yourself into this mess again? Next time I won't ask you to come out to film."

Albert Ou growled loudly.

The first time he arrived here, he heard that Jasmine Tong had been injured, and was so anxious that he quickly ran over.

Coming here and seeing a limping Jasmine Tong, he this anger inexplicably came up.

All the thoughts were intertwined, and Jasmine Tong's leg was still aching.

Now she was even more upset to hear this man yelling at her again.

The first time she saw him, tears welled up in her eyes.

Jasmine Tong cried out with a "wow".

That's the kind of bawling that belongs to a naughty boy.

Weeping with astonishment.

The scene directly shocked everyone in the scene.

Especially the doctor who just stitched up Jasmine Tong, who didn't even utter a word when the stitches were so painful, and now seeing this man actually started to cry and cry.

When Qin turned around, she was also very surprised, just now she was admiring how strong and brave Jasmine Tong was, now she suddenly felt.

Could it be that Jasmine Tong has always acted so weak in front of Albert Ou, right?

Jasmine Tong's cry killed Albert Ou by surprise.

Albert Ou immediately embraced Jasmine Tong in his arms and gently smoothed her hair.

"Well, well, it's just scolded you a couple of times isn't it because I'm worried about you, every time you come out and get hurt, tell me yourself, this year are several times this year first time out and get hurt again"

Albert Ou's tone was noticeably softer, his voice betraying his distress.

Jasmine Tong was still bawling her eyes out.

"I'm sorry, okay I'm not going to scold you, okay, be good, we're going home, okay"

Albert Ou pressed his face against Jasmine Tong's head and stroked her back affectionately.

Jasmine Tong rubbed her snotty nose back and forth on Albert Ou's body.

"Pain,"

Jasmine Tong spat the word out of her mouth as she sobbed.

"Where does it hurt" Albert Ou grabbed Jasmine Tong's shoulder and wiped away the tears on her face with his fingers.

"Legs."

Jasmine Tong was wearing pants, and Albert Ou couldn't see her wounds.

"Let me see."

"No, I just got it bandaged up and stitched up, there's no more anaesthetic in the village, it's killing me."

Jasmine Tong felt aggrieved again after saying that and immediately cried out.

Albert Ou took her in his arms once more.

“Why do we have to get stitches without anesthesia? We’re not coming to this godforsaken place anymore.”

Albert Ou said angrily.

As soon as the words were out of my mouth, I heard a “bar” sound, and then both of them smelled a foul odor.

Looking again, a pile of bird poop landed on Albert Ou’s shoulder.

Albert Ou’s expression was much more complicated then.

You know he was a germaphobe, and it took him a long time to tolerate Jasmine Tong rubbing his nose and tears on her.

Now there’s a piece of bird sh!t.

Jasmine Tong looked at the pile of bird sh!t and broke into a smile.

“Look, the bird got back at you, who said the bird doesn’t sh!t here bird is just proving itself now haha”

Seeing Jasmine Tong’s smile, Albert Ou finally felt relieved. It seems he has to thank this bird for taking a sh!t.

“No more crying” Albert Ou hooked Jasmine Tong’s nose.

Jasmine Tong sniffled again, making a show of getting ready to cry again.

“Just look at it, I’ll leave it at that, you’d better keep looking at bird sh!t.”

Jasmine Tong trailed off, pulling out a paper towel from her pocket and wiping the bird poop off Albert Ou’s shoulder.

“My leg hurts what to do ah can’t go home tonight.”

“I’ll carry you.”

“Well,”

Albert Ou turned around and crouched down.

“But it’s a long way to go.”

“It’s okay come on up, we’ll be home soon.”

Jasmine Tong climbed onto Albert Ou’s back and Albert Ou easily let her carry her.

When Qin turned around and took in the scene, her heart was suddenly a little sour as she watched the two men walk away.

Looks like they’re in a good place.

But why is Jasmine Tong, who has always been strong outside, so weak in front of Albert Ou?

Is it really true that men are always naturally protective, so they tend to gravitate towards those who are protected by them?

It’s a dozen miles of mountain road, all of which you have to walk, because cars can’t drive in.

Several times Jasmine Tong was ready to come down, but Albert Ou was not allowed.

Xu Fang was unable to protect Jasmine Tong and also felt a little guilty.

Seeing that Albert Ou had been gone for a long time, he hurriedly stepped forward.

“Mr. Ou, let me carry Mrs. Ou, you’re too tired.”

Albert Ou stared at Xu Fang so hard that he was scared that Xu Fang would never dare to speak again.

Russel Cheng stepped forward and patted Xu Fang’s shoulder.

“Secretary Cheng, what’s the situation ah I just want to share the burden for Mr. Ou, Mr. Ou is too tired to carry his wife all the time like this.”

Russel Cheng shook his head.

"That's the wife, can Ou let you carry the wife on your back even if you exhaust Ou himself, he would never give her to anyone else."

"Ah,"

"It's called possessiveness. You've never been in love before."

"What possessiveness ah a while to really tired out sick I'm just afraid that Ou will blame me, so I want to"

Hurry up and do something to atone for your sins.

"Don't you worry, you won't be blamed, Mrs. has a good heart, just like Ou always wants to blame you, and Mrs. won't allow it."

"What's the use of having a wife who won't allow it? It's not Ou who's in charge."

Russel Cheng inclined a glance at Xu Fang.

"So far it is not seen yet? of course the wife is in charge of our family this Ou, do not look at the outside all-powerful, is actually a wife and discipline."

Russel Cheng said in a low voice.

"Ah can't it," Xu Fang was still a little disbelieving.

Russel Cheng didn't say anything more to him, this kind of thing can only be understood but not spoken.

For more than ten miles of mountain road, Albert Ou had been carrying Jasmine Tong on his back, and when they got out of the mountain road, their car was parked outside, and they could finally rest after getting into the car.

Then it was another couple of hours drive to the airport.

Albert Ou booked a first class ticket and got on the plane to settle Jasmine Tong down.

"Jasmine, does your leg still hurt?"

Jasmine Tong nodded her head without hesitation.

“Then you get some sleep, and you’ll be home when you get some sleep.”

“You sleep too, you must be tired after carrying me the whole way.”

“I’m not tired of watching you sleep.”

Jasmine Tong propped herself up and leaned close to Albert Ou, kissing him on the cheek.

“Sleep.” Albert Ou helped Jasmine Tong cover up the blanket.

After Jasmine Tong fell asleep, Albert Ou decided to go to the bathroom.

I ended up running into Chin suddenly in the bathroom.

When he was in the mountains, he only had eyes for Jasmine Tong and didn’t notice anyone next to him in the slightest.

Qin turned out to be on the same flight as them.

It’s still a little awkward to meet like this.

[Her Bossy Yet Naive CEO Chapter 294 - 296](#)

Chapter 294

Two people meet in a situation where neither knows what they can say.

“Asawa, I need to talk to you.”

Qin turned to open his mouth first.

“What is it?”

When Qin turned around and looked around to see no one, he leaned close to Albert Ou, who subconsciously dodged somewhat.

This made Qin suddenly feel somewhat uncomfortable.

In the end, Qin turned around and had to take out his phone and write what he was going to say on a memo.

“Mandy seems to be suspicious of you.”

When Qin turned around and showed the phone to Albert Ou, Albert Ou frowned when he saw it.

In fact, that morning after the last fifteenth day of the first month, Jasmine Tong touched his body and listened to his heartbeat again.

At this time Albert Ou had doubts that Jasmine Tong wasn't validating something.

“That's impossible.” Albert Ou whispered.

“I was the one who heard Manny on the phone with a stranger, I could only hear what Manny said, I couldn't hear what the other guy said. I heard Manny mention those three words.”

The three words were vampires, which Albert Ou naturally understood.

It was just that there were so many people that Qin turned out to be inconvenienced to say these words.

Albert Ou was in deep thought.

“I also heard, Manny say something about a comb or something. Because I didn't hear it too well, and I'm just giving you a heads up.”

Hearing the comb, Albert Ou froze.

He just remembered that Jasmine Tong had once received a comb, and if he was right, that comb was made of wolf's teeth.

And he'd already been hurt by the comb once last time.

Could it be that the person on the other end of the phone is trying to use this comb to let Jasmine Tong test her identity?

When it came to combs, Albert Ou also naturally knew that that person should be the Cold Lords.

If that's the case, then it all makes sense.

The last time he had fought the dragon lord, the cold lord had killed him with a dagger, probably because the cold lord had seen the blue blood on the dagger and that was why he had suspected himself.

Until now, Albert Ou couldn't figure out why an ordinary dagger could hurt him.

"Zee, I'm not trying to stir things up between you and Mandy, I'm just trying to tell you what I know, and if you're not ready to tell Mandy who you are, then you need to be on your guard."

“”

"Besides, I think since Manny is already starting to suspect, why don't you take the initiative and tell her, that way, maybe Manny will be a little more receptive."

Albert Ou raised his eyes to look at Qin Liyuan without any warmth in his eyes.

This made Qin suddenly feel even more heartbroken, the way he looked at Jasmine Tong was always full of affection, while looking at everyone else, it was always cold.

"I got it, thanks."

Albert Ou opened the bathroom door and walked in.

Qin suddenly sighed silently and returned to his seat.

Albert Ou also returned to his seat after using the restroom and saw Jasmine Tong sleeping soundly, so he didn't disturb her.

However, he didn't seem to be lying when he heard Qin Yangyan's words, otherwise, who knows about the comb?

This whole journey Albert Ou was exhausted and thinking about it all the time.

After getting off the plane, the car was already waiting outside, and Albert Ou took Jasmine Tong straight to the car.

The airport was suddenly agitated and there was even the sound of screaming.

Albert Ou looked toward the back.

“What happened?”

“Oh, I didn’t see it too well, it was like someone fainted.”

“Let’s get going, let’s go to Z.Y. Hospital first.”

“Okay, Ou.”

In the end, Albert Ou still couldn’t trust the country doctor’s medical skills and insisted on taking Jasmine Tong to the hospital to have her leg injury looked at.

A trauma specialist from Z.Y Hospital looked at Jasmine Tong’s wounds.

“Mr. Ou, Madam’s injury is nothing serious for now.If Ou is unsure, he can be anesthetized and re-treated and sutured after the stitches are removed.But I think this doctor is pretty good at stitching, so there shouldn’t be any problems.”

Jasmine Tong immediately looked at Albert Ou.

“I’ve suffered once, is it hard to make me suffer again? I don’t want to re-stitch the stitches just yet.”

Albert Ou could only listen to Jasmine Tong, and he didn’t want to make her suffer anymore.

“Is there still a possibility of infection?” asked Albert Ou.

“It shouldn’t, the swelling is normal and will take a few days to subside.”

“Will it leave a scar?” was the only question Jasmine Tong cared about.

After all, she was an actress, and if she left a scar on her leg, it would have an effect on how she would wear dresses and other things in the future.

“That’s hard to say, it depends on the individual’s restoration function.Let’s see if it’s better to take care of it.”

“All right then.”

Albert Ou took Jasmine Tong back home with him.

He was determined not to let him walk a single step on this journey, and all the places where he needed to walk were all held by Albert Ou.

Even back home, Albert Ou carried Jasmine Tong all the way back to the bedroom.

Back in the bedroom, Jasmine Tong limped and prepared to go to the bathroom.

“What are you doing?”

“It’s too difficult to take a bath in the mountains.” Jasmine Tong looked aggrieved.

“I’ll help you with how to shower when you’re like this.”

“I don’t want it” Jasmine Tong immediately cut off and refused.

“Can you do it by yourself? What if you touch the wound?”

Albert Ou said as he came over.

Jasmine Tong pushed Albert Ou with a shy face.

“I’m afraid you’ll do something bad.”

So that’s what you’re worried about.

He’s been putting up with it for more than twenty days, and if he were to give himself a shower

I’d be surprised if I didn’t do something bad.

Albert Ou laughed badly.

“Are you afraid that I’ll do something bad, or do you want to do something bad,” Albert Ou ambiguously whispered in Jasmine Tong’s ear.

“You, that’s you I’m going to wash myself.”

“Come on, it’s better if I wash you, I’ve been putting up with it for twenty days, what do I care about these few days? Besides, you’re a cripple, can I do it?”

“You’re the cripple, you’re calling me a cripple again.”

The two men fought as they walked into the bathroom.

But Jasmine Tong was molested in the process of bathing.

Albert Ou has tempered it as well, he doesn’t want to abuse himself.

I finally got to bed after my shower.

Although you can’t touch Jasmine Tong, but in the end, you can hug your wife and your heart is solid.

Albert Ou was just about to change into his pajamas when his phone rang sharply.

The call came from John.

Albert Ou thought about it and picked up the phone, John is looking for him for nothing more than wanting to meet him for a drink, and there’s nothing to avoid Jasmine Tong.

“Asawa, it’s bad, suddenly she’s in the hospital.”

“How come?” Albert Ou subconsciously looked at Jasmine Tong and pretended to go to the bathroom, closing the door of the toilet on the way.

“She was fine when we were on the plane.” Albert Ou lowered his voice.

“I lied to you why I’m in the hospital right now to save you, come over quickly it seems to be caused by anemia.”

Chapter 295

Hearing the word “anaemia”, Albert Ou’s heart still thudded.

“Jasmine is hurt her first day back today, how can I”

“Albert Ou, do you have a conscience why suddenly there is anemia you and I know in my heart that Jasminen is only suffering from trauma, isn't it already fine? There's no need for you to keep watch 24 hours a day.”

Albert Ou still couldn't stand the inner torment.

“Okay, I'll be right over.”

Hanging up the phone, Albert Ou pressed the pump.

Jasmine Tong was so sleepy she couldn't open her eyes anymore, and she hadn't slept well at night recently in the mountains.

“Whose call is it?” asked Jasmine Tong in a daze.

“The company called and asked me to come over there, something needs to be done.”

Jasmine Tong rubbed her sleepy eyes.

“It's so late, you still have to go?”

Albert Ou ruffled Jasmine Tong's hair affectionately.

“Well, I have to go over there, it shouldn't be too late, so you can go to bed.”

“Well, then, you'll be back early.”

“Good.”

Albert Ou carved a kiss on Jasmine Tong's forehead and hurriedly left.

z.y. Hospital

She was brought to this hospital where she fainted, and the closest hospital to the airport was here.

The reason why John Quan calls Albert Ou over is because he thinks that Qin turns out to be faint and Albert Ou has something to do with it, and secondly, this is Albert Ou's hospital, so the doctor naturally doesn't dare to slack off on Qin turns out to be faint.

Albert Ou arrived just as the first aid was over.

The doctor in charge of first aid came out.

“The patient is fine, but she has severe anaemia, and from what his assistant said, she’s been in the mountains for a while, and she may have been a little low in blood sugar from malnutrition during this time, plus she didn’t quite fit off the plane, and that’s why she fainted.”

“So what now?”

“The patient needs to adjust in the hospital for a while now, she’s been working too hard lately, and her anemia can be a big or small problem, but it can also be a health risk in the long run.”

“Send it to my exclusive ward.” Albert Ou gave the order.

The doctor hesitated for a moment, but told the nurse to do what Albert Ou said.

Previously Albert Ou had orders that his exclusive ward was not to be of any use.

Later, when Jasmine Tong was hospitalized, everyone knew that she was Albert Ou’s wife, so it was understandable that she used the exclusive room.

Qin turned suddenly and was sent to Albert Ou’s exclusive ward.

She still hadn’t woken up, her face was pale and her lips were in no way bloodless.

Albert Ou’s heart was also very complicated regarding Qin’s sudden fainting.

“Zee, even though I know that you and suddenly are impossible, you can’t forget what suddenly did for you”

Albert Ou was silent.

“Ever since she found out that you and Manny had gotten married, suddenly she’s been working so hard to numb herself, she’s been sleeping less than four hours a day, and I guess she’s been working too hard, so that’s why she’s in this situation. You can’t leave her alone.”

“I didn’t say don’t care” Albert Ou retorted, “but you also have to know that Jasmine and I are married, and I should keep my distance from her”

When the front heard Albert Ou's words, he immediately went forward and grabbed Albert Ou's collar.

"When suddenly you didn't even want your life for you, why didn't you say that men and women can't be taught Albert Ou, when did you become so cold-blooded you only have eyes for Manny now"

John Quan was all too impressed with Albert Ou's indifference.

"Yes. Is it wrong that it's the only person I have eyes for right now, Jasmine?"

John lets go of Albert Ou's collar and swings a fist right in Albert Ou's face.

"Are you still speaking human words just before you can't be a lover with suddenly, but at least we are still friends, suddenly she once even risked her life for you, how can you be so cruel to her"

That punch from John poses no threat to Albert Ou.

Albert Ou stood steadily on the ground, but his voice seemed much more lonely.

"I didn't say I didn't care about her, I caused her illness and I'll take responsibility for it to the end."

"You're still a human being," John snorted coldly.

"Don't tell Jasmine about this, I advise you to mind your own business if I know that someone is trying to deliberately sabotage me and Jasmine I will not let him go"

Albert Ou's words were strong.

John's eyes were a little wandering, but it seemed that Albert Ou was trying to defend him.

Of course Albert Ou had to defend himself against John Quan, he and Qin Liyuan had grown up together.

Between Jasmine Tong and Qin Jianlian, John Quan would of course choose the latter.

Albert Ou went alone to the doctor in charge of treating Qin Liyuan.

He had his doubts, but this was his own hospital after all, and the doctors here shouldn't be bribed.

"Tell me honestly, what is the situation with Qin Liyuan."

The doctor was shocked by Albert Ou's words.

"O, haven't I made myself clear?"

"I want you to say that again," Albert Ou gritted his teeth, his gaze fierce.

The doctor nodded immediately.

"Miss Qin, it's due to long term fatigue and malnutrition, thus triggering her anemia, and at the moment, the situation is not very urgent, but it's still very serious, requiring hospitalization and blood replenishment medication."

Albert Ou's gaze relaxed a bit at that.

It seems that Chin's sudden illness is real.

"And then how long will she be okay?"

"The blood replenishment medication is just an emergency treatment plan that will take about a week, but, rather, the anemia is a problem that needs to be taken care of."

"I know."

Albert Ou walked out of the office.

When I looked at the time, it was past two in the morning.

Jasmine Tong must have fallen asleep.

John and Albert Ou all stayed at the hospital.

Qin turned around and woke up the next morning.

As soon as he opened his eyes, John immediately made his way to the side of the bed.

"When you turned around, how did you feel when you woke up?"

Albert Ou was still standing farther away from the room.

“What’s wrong with me” Qin suddenly sounded very weak, like a breeze.

“Still, you fainted yesterday after getting off the plane or your old, anemic problem. You’ve been working too hard lately, and it’s time to get some rest and relaxation.”

“Oh,”

When Qin turned around, he saw Albert Ou standing a short distance away.

She was surprised and delighted.

I thought Albert Ou would always stay by Jasmine Tong’s side, after all, Jasmine Tong had been injured.

“Asawa’s sorry for worrying you.”

“Isn’t it right for him to worry? Can you be anemic without him?”

“John, don’t say that.”

Albert Ou walked up to Qin Liyuan.

“The doctors and nurses here will take care of you twenty-four hours a day, so get some rest, I’m going home.”

Chapter 296

Hearing Albert Ou say that he wanted to go home, John’s anger was all over the place.

“Asawa suddenly just woke you up.”

Qin suddenly pulled John Quan immediately and shook his head towards John Quan.

“You’d better hurry back, Manny is hurt and needs your attention, I’ll be fine on my end, please stay here all night.”

Albert Ou dropped his eyelids.

He was always more or less guilty of turning around Qin suddenly.

“I’ll come see you later.”

After saying that, Albert Ou turned around and walked out of the hospital room.

John stomped his foot in anger.

“Then suddenly, what’s wrong with you? Isn’t it only right that he’s here to take care of you?”

Qin turned around with a slight smile and shook his head.

“Then suddenly, you wouldn’t be anemic if it wasn’t for Azawa, and if it wasn’t for Azawa, you wouldn’t have such ugly scars on your wrists, and you’d have to always try to cover them up, and you’re an actress.”

Watching Qin Liyuan do all this for Albert Ou, John Quan is grieving for Qin Liyuan in his heart.

“He’s married now, surely he can’t give you love, is it wrong to let him take care of you when you’re sick, and don’t forget, if it wasn’t for him, you wouldn’t be lying here.”

John was indignant and sat down in his chair.

Qin turned around and sighed silently.

“Mandy’s hurt.”

“I’ve already heard, she was just traumatized, just a few stitches, no big deal at all you know what you fainted when your face was as white as white paper is really going to scare people to death at that time can’t even feel a pulse.”

When Qin turned around and smiled slightly, he didn’t say anything.

“Then suddenly, you’re always looking out for others, but who’s looking out for you can’t you be a little selfish you’re sick because of Asawa, how he takes care of you, it’s all due.”

“Alright, John, just stop talking about it, Asawa and Manny are quite close and I don’t want to get in the middle of it. Asawa is also worried about Manny misunderstanding, right?”

John Quan silently sighed, he was also convinced that Qin Liyuan was still speaking for others even at this time.

“Well, I won’t tell you what you want to eat, I’ll have them prepare it.”

Rainbow City

Tonto woke up and subconsciously felt her way to her bedside.

It’s cold and empty.

She immediately opened her eyes to find that there was no Albert Ou.

Just then, Albert Ou pushed open the bedroom door and walked in.

“Awake,”

He smiled and walked over to the bed.

“Did you just get back?”

“Well, did you sleep well last night?”

Albert Ou’s eyes were full of all the spoiling.

“Well, that’s good, it’s been a long time since I’ve slept so soundly.” Jasmine Tong stretched a big lazy back.

“Looks like you can sleep just fine without me.”

Jasmine Tong grabbed Albert Ou’s neck.

“I’ll sleep better with you.”

Albert Ou intimately pecked Jasmine Tong on the lips.

“I asked Auntie Fang to make your favorite skinny egg and lean pork porridge, so you can get up later and drink it.”

“Are you sleepy? Get some sleep.”

“Jasmine, I’m probably going to be a little busy these days.”

Albert Ou said as he tidied up Jasmine Tong’s hair.

“Well,”

“Might not have as much time for you, would be mad at me.”

“Is the company’s problem very troublesome?” Jasmine Tong also immediately gripped her heart.

“Sort of, it’s probably going to be busy for a while anyway, so just don’t miss me too much after a few days.”

Tonto made a face.

“Don’t miss you.”

Albert Ou pushed his forehead against Jasmine Tong’s forehead.

“Don’t want me.”

Jasmine Tong’s smile was sweet.

“Then you shouldn’t be too tired.”

“No, God’s still good to me, he knows you’re hurt and can’t make out, so he’s keeping me busy and distracted.”

Jasmine Tong shyly pounded on Albert Ou’s chest.

“Unorthodox”

Jasmine Tong didn’t suspect Albert Ou in the slightest, and thought that Albert Ou was really busy.

She’ll have to be at home for a few days because her leg injury is affecting her walking, but fortunately she’ll have some time off after shooting the big mountain part.

Jasmine Tong was suddenly reminded of the comb this evening.

When you're alone you're always imagining things. It wasn't surprising that she'd brought it to mind.

Only she wasn't trying to test anything with the comb, she was trying to throw that away.

It was a comb taken from a dead man's hand, and Jasmine Tong suddenly felt very bad luck.

"It can't be because of this comb that I've been having a spate of bad luck lately,"

Jasmine Tong muttered something and started looking around the room for a comb.

She couldn't remember where she'd put the comb because the time was so far apart, so she had to rummage around the room.

But after all that searching, there was no sign of it.

"Where did it go?"

Aunt Fang and Pearblossom would not just enter her bedroom, usually, Jasmine Tong would clean up the bedroom herself, after all, she felt that the bedroom was suitable for privacy.

Aunt Fanny and Pearblossom are also absolutely trustworthy.

So Jasmine Tong thought the comb must be in the room, but she just didn't know which corner it had fallen into.

"What are you looking for?" a dark voice came from the doorway.

"Ah,"

Tong shrieked in fright, and it was weird to hear voices coming out of nowhere when she was concentrating on one thing.

"You scared the hell out of me" Jasmine Tong caressed her chest, in a state of shock.

"Looking for something so engrossed, or have you done something wrong."

Albert Ou asked tentatively.

“What can I do wrong? I’m a cripple.”

As she said this, Jasmine Tong’s gaze clearly didn’t dare to meet Albert Ou’s.

Albert Ou could naturally see that, but he didn’t break up Jasmine Tong.

“If you know you’re a cripple, be an honest cripple.”

Albert Ou picked Jasmine Tong up and carried her straight to the bed.

Jasmine Tong threw up her tongue, she certainly didn’t dare to tell Albert Ou that she was looking for the comb that the Cold Lords had given her.

“Why are you back now?”

“Didn’t I tell you it’s been busy lately.”

“Oh, well then, wash up and go to bed early. I’ve washed it all.”

“Well.”

Albert Ou walked into the bathroom and closed the door.

He took a glove out of the drawer and put it on his hand, then opened the toilet tank and took the comb out of it.

He is not allowed to touch the comb directly.

If he guessed correctly, Jasmine Tong should be looking for this comb.

She really still doubted her identity.

Luckily, he’d hidden the comb before, but now it looked like he’d have to move it.

If Jasmine Tong did get the comb, it would inevitably have to verify her identity, and by then it would be too late.

Chapter 297

z.y. Hospital

After three or four days of continuous infusion, Qin suddenly looked much better.

By the way, Qin Liyuan's life was actually quite pitiful.

She wasn't from Slivestopol, but when she was young, her family had more children, and her parents passed her on to her aunt, who raised her.

Her aunt had previously worked as a maid for the Quan family, and that's how Qin turned out to know John Quan.

A few years ago, my aunt died of lung cancer, and she has no one left in Slivestopol. After her career improved, her parents' side recognized her back, but she wasn't in the same city after all.

Add to that the fact that we didn't live together as children, and we're obviously quite estranged.

However, Qin suddenly turns around and does his best to help his parents and siblings at home.

She was hospitalized and didn't tell her family, so naturally, no one came to visit.

John would take the time to come over from time to time, and Albert Ou would always come over after work.

When Qin turned around and felt better, he began to prepare for discharge.

When Albert Ou came over, the two men, Qin Liyuan and John Quan, were arguing.

"Ah Ze, you've come just in time, hurry up and persuade suddenly she's just a bit better, she's about to be discharged from the hospital and start working, I don't even know what to say to her"

John rushes to sue when he sees Albert Ou coming.

Qin turned around and smiled towards Albert Ou, the smile gentle as water.

“Anemia is not a problem that can be solved in a day or two, I’ll just pay more attention to it in the future, it’s nothing serious, I’m feeling much better now, I’ll have no problem getting out of the hospital.”

“What did the doctor say” Albert Ou’s attitude had been cold and aloof.

“The doctor, of course, said that a course of treatment is needed,” replied John before anyone else.

“Then listen to the doctor.”

“You see, Asawa has told you to listen to the doctor, so just be honest.”

Qin turned around and barely smiled, not arguing any further.

Albert Ou came over quite often, but basically the two of them didn’t have much to say to each other.

“That, I have things to do, I’ll be off, you guys talk”

John was quick to blink each time.

The only two people left in the ward were Qin Liyuan and Albert Ou.

“Asawa, actually you don’t have to come over every day, the doctors and nurses here take care of it very carefully, how is Manny’s leg injury, you come over every day to see me, Manny won’t have a problem with it,”

“Much better, she won’t have a problem with it.”

Because she doesn’t know anything about it.

“I’m so sorry, but originally Mandy was injured and needed your care, and you”

Qin turned around and looked apologetic.

“It’s nothing, it’s what I’m supposed to do.”

After that, the two men fell silent, and Albert Ou sat for a while before leaving.

Rainbow City

This morning, Jasmine Tong suddenly felt a little aching in her leg.

When she had breakfast with Albert Ou in the morning, she didn't have the good sense to talk about it, and when Albert Ou left, she slipped back into the bedroom by herself and opened the sash.

The wound turned out to be a little abscessed.

It was actually his own fault, he had originally waited for Albert Ou to return every night to help her scrub herself.

But she sympathized with Albert Ou for being too tired and washing it herself last night, so it inevitably touched the water.

I'm guessing it's a little inflamed and pusy from touching the water.

This must not be known to Albert Ou, or he'll be scolded again.

Jasmine Tong immediately called Old Chen and told him to send her to Z.Y Hospital.

Almost everyone in the hospital knew that Jasmine Tong was Albert Ou's wife, so she came over and just brushed her face.

The doctor examined her wound and it was nothing serious, it just needed to be cleared and changed.

Jasmine Tong sat in the chair and waited while the doctor ordered the nurse to get the medicine.

The nurses here came and went, all smiling respectfully at Jasmine Tong.

Only this smile made Jasmine Tong feel not quite the same as before.

"I'm the wife's royal nurse, how can I serve her?"

A voice came from outside.

This voice is very familiar to Jasmine Tong, the few times she was hospitalized, it was this nurse who guarded her and was able to chat with each other.

“We’re just serving people’s lives, let’s serve whoever we’re told to serve, we’ll serve whoever we’re told to serve, you don’t have that much of an opinion.”

“I thought that Mr. Ou was quite nice at first, but I didn’t think that Mr. Ou was also a man of two minds and this has learned to hide a golden house.”

“Keep your voice down. Mr. Ou comes here every day. It’s not good for him to hear you. What if someone snitches on you?”

Two little nurses walked in as they said, no one thought Jasmine Tong would be here.

“Ma’am” the two nurses looked at each other.

“Let you serve who ah such a big opinion.”

Tong said to the little nurse Lee that she knew so well.

The other nurse hurriedly gave Nurse Lee a wink.

Nurse Lee kept her heart in the right place until she reached Jasmine Tong.

“It’s still not that Qin Liyuan.”

“Then suddenly she’s in the hospital.”

Jasmine Tong immediately looked concerned.

“Ma’am, you don’t know yet she’s been in the hospital for several days, Mr. Ou himself ordered it, and she’s still in the same room you used to stay in.”

The nurses who came and went around the area all had their heads down, as if they were staying away from something wrong.

Jasmine Tong was stunned for a long time, when Qin Jianlian was hospitalized, why did Albert Ou hide it from her?

“Ma’am, do you know that lately O’s been coming over every night and staying in the room for a long time before he comes out” Nurse Lee continued to blab.

“Oh, that’s right, it’s okay, they’re all friends, what’s wrong with suddenly-sister”

Nurse Li is really anxious for Jasmine Tong.

“Mrs. ah Mrs., you’re just too soft character like Mr. Ou, there are many women staring at him, you’d better take a snack.”

Jasmine Tong’s smile was a little far-fetched.

“This Qin Liyuan is no big deal, just that she fainted that day when she got off the plane, anemia plus hypoglycemia, but she’s quite anemic and needs blood replenishing medication.”

“Oh, I see.”

Just then the nurse in charge of changing Tong’s medication came over, cleaned Tong’s wounds, and reapplied the medication.

Jasmine Tong wanted to go to the hospital room to see Qin Jianlian, but she thought about it.

She couldn’t figure out why Albert Ou was lying to her, what was there to hide?

Could it be that Albert Ou still has something for Qin Jianlian?

Jasmine Tong went straight home.

If you were afraid she might misunderstand, but there was absolutely no need to keep hiding like this and lying to her.

Besides, if Qin is suddenly hospitalized, Albert Ou is too concerned...

It’s not enough to give Qin Liyuan his own ward, he still needs to visit him every day?

In the evening, as usual, Albert Ou still came back a little later than usual.

Jasmine Tong hadn’t even noticed the other day that there was a faint smell of disinfectant on Albert Ou’s body.

Chapter 298

But anyone who has been going to the hospital for a long time has more or less gotten the smell of the hospital on him or her.

Only the first few times Jasmine Tong thought it was the smell of medicine on her leg and didn't pay much attention to it.

Lying in bed at night, Jasmine Tong snuggled into Albert Ou's arms.

"Don't mess with me, I'm not that set in my ways." Albert Ou squeezed Jasmine Tong's cheek.

Jasmine Tong moved to move away from Albert Ou, and Albert Ou scooped her back up.

"I'd rather hold it, does your leg still hurt?"

"It doesn't hurt anymore, the stitches will be removed in two days."

"Oh."

"Are you still so busy these days," Jasmine Tong asked tentatively.

"A little, but it's going to be busy soon, and when it's done I'll be home with you, okay?"

"Well."

Jasmine Tong didn't ask after all.

Because she seemed to think that Albert Ou was suffering from something.

He spoiled her after all. How could he have an affair with another woman behind her back?

Although I think so, women are women, and they can be imaginative.

It was the day when Qin turned around and was discharged from the hospital.

Both John and Albert Ou came over.

Qin turned around long ago and changed his clothes and packed his things.

“Finally, I can go out, I’ve been bored out of my mind the last few days.”

Qin turned around and smiled at the two men.

“You both go to work, you’re both weirdly busy, I’ll just call the driver later and tell him to come pick me up and take me home.”

“Not going home.”Albert Ou suddenly spoke faintly.

John Quan and Qin Liyuan both looked at O Zeno together.

“I’ll set you up over there in the Crystal Garden, and I’ve already explained to the housekeeper there that you’ll be well taken care of when the time comes.”

“What,”

John Quan and Qin Jianqian were both shocked.

“Asawa, there’s no need to go to all this trouble,”

“No trouble, come along.”

Albert Ou’s words seemed to be like giving an order that no one could resist.

The car soon brought Qin Yanyan to the Crystal Garden.

Wu Xiu was already waiting at the door with some servants.

“Housekeeper Wu, this is Miss Qin Lianyan Qin, and I’ll leave Miss Qin to you these days.”

“Okay, young master, Miss Qin, come with me, I’ll show you your room.”

“Good.”Qin turned around and followed Wu Xiu upstairs.

John humped Albert Ou with his shoulder.

“Okay, Zee, you’ve really gotten the hang of it this time, you don’t even need me to tell you that you’ve made an incredibly correct decision, I’m simply impressed.”

John Quan said as he gave a thumbs up towards Albert Ou.

Albert Ou, however, didn't have any joy at John Quan's praise.

"I just don't want to be in her debt anymore." Albert Ou's words were cold.

John Quan's smile froze on his face.

He understood Albert Ou's words.

Just because I don't want to owe Chin suddenly any more, just because I don't want to feel any guilt over it, just because I want to make a thorough understanding.

That's why he had arranged for Qin Tianran to be here and asked the maids here to take good care of him.

To have Chin turn suddenly and completely away from the symptoms of anemia.

That's what he's after.

John Quan was incredibly startled.

But if it's not because he still owes such a small debt, he probably won't even look at Qin Qianlian.

Albert Ou explained everything here and left.

It was also the day Jasmine Tong removed the stitches, because she woke up a little late in the morning, Jasmine Tong only came over after lunch.

At that time, Qin turned out to be discharged from the hospital.

Jasmine Tong still ran into Nurse Lee and asked about it.

"Madam, that Qin Liyuan was discharged from the hospital today, and it was Mr. Ou himself who came over."

Nurse Lee has always been straightforward.

"Oh."

It can't be because she's coming over to the hospital today, so Albert Ou picked her up in a hurry, right?

Jasmine Tong was also trying to talk herself out of it, but she still couldn't stop thinking about it.

"Madam, you must be careful, this man, after all, will have the problem of eating out of a bowl and looking into a pot. Besides, Ou is so high and mighty, how many women miss him."

"

"As the saying goes, if you're not afraid of your husband hugging another woman, you're afraid of another woman hugging your husband, and one way or another, how many men can resist temptation."

"Well, I should get back, I remember what you said."

Jasmine Tong patted Nurse Lee's shoulder and left.

Albert Ou came back early this evening, and after this day Albert Ou's timing was normal.

Jasmine Tong never asked about it.

If it hadn't happened later, Jasmine Tong probably would have let this go slowly.

That night, Jasmine Tong had all washed up.

Since the stitches have been removed from the leg injury, it's not a big deal anymore, although it still needs to heal slowly.

With those twenty days apart, they basically hadn't made out in a month.

Jasmine Tong also knows that Albert Ou's patience is really torturous, in this regard Albert Ou's needs have always been greater, making him endure for so long, it's also time to

While Albert Ou was taking a shower, Jasmine Tong secretly put on the nightgown she had bought last time.

This nightgown was so s*xxy and revealing that Jasmine Tong was a little embarrassed, so she wrapped herself tightly in the blanket.

As soon as Albert Ou came out, he noticed that something was wrong with Jasmine Tong.

“Cold?”

“It’s not cold.”

“Then why are you wrapped up so tightly?”

Albert Ou wiped his hair as he came over, and that’s when his phone rang.

Albert Ou’s phone is on the bedside table, Jasmine Tong subconsciously took a glance, and clearly saw the screen display, John Quan.

Seeing that it was John’s phone, Albert Ou immediately picked it up.

“I’m going to take a call.” After saying that, Albert Ou took the phone and walked out.

Jasmine Tong’s heart slowly fell lonely.

It’s John. Is it necessary to avoid her?

Unless it’s something to do with Chin’s sudden death.

“You don’t call every time at night, okay? You know I’ve been hiding it from Jasmine” Albert Ou lowered his voice.

“Okay, okay, next time I’ll send you a wee message okay I’ll have time today to go over there together and see what happens when you turn around.”

“I’m all ready for bed.”

“Hey, but I’ve heard that you haven’t been to see her once since you put suddenly on your side, so that’s wrong of you, she’s all alone and unfamiliar there.”

Albert Ou gently pinched his brow, it was true that he hadn’t been there once, and it was indeed time for him to go.

“Okay, you wait for me.”

Hanging up the phone, Albert Ou walked in.

“Jasmine, John said that there’s a tricky problem here at Star King that he wants me to go over and discuss, so you should go to sleep.”

Albert Ou said as he got dressed.

“Okay.”

Jasmine Tong didn’t say anything either.

Albert Ou got dressed and came over to kiss Jasmine Tong on the cheek affectionately.

“Be good, good night.”

As soon as Albert Ou left, Jasmine Tong started dressing.

Chapter 299

This isn’t the first time I’ve used company as an excuse to go out in the middle of the night.

A woman’s intuition makes Jasmine Tong think it’s definitely not the company.

Although she felt a little ashamed of stalking such things, she really wanted to know what Albert Ou was doing there.

Some time ago, it was because Qin Lianyan was hospitalized, but now that Qin Lianyan has been discharged, what else is Albert Ou going to do?

Jasmine Tong quickly dressed and quietly followed behind Albert Ou.

Albert Ou drove off alone, and Jasmine Tong took a cab to follow him.

“Master, follow the car in front of you as close as you can, not too close.”

Jasmine Tong instructed the chauffeur that Albert Ou was so smart that she had no way to explain in case he found out.

The driver took a glance at Jasmine Tong, who was still long-suffering, and she shouldn’t be recognized with her mask on.

“Girl, you’re stalking your own husband.”

Jasmine Tong grinned feeling a little embarrassed not to speak.

“Don’t worry, I’m good at this sort of thing, I’ll never lose you.”

Said this driver master with a long sigh.

“Girl, say something you don’t like to hear, if you want a divorce, then keep following, if you don’t want a divorce anymore, just turn a blind eye and get over it.”

“What,”

Jasmine Tong was a little confused by the driver’s words.

“You want a divorce, these two months to catch the third child, after catching the third child you can share more property? But if you do not want a divorce, then it is useless for you to catch, like him this kind of rich people, there is a three or five outside, that is not surprising.”

As soon as the driver took a look at Albert Ou’s car, he knew that Albert Ou was no ordinary person.

Jasmine Tong ignored the driver’s words.

It seemed that many people she knew told themselves that.

A man like Albert Ou should have a confidante, he should cheat on his wife, he should keep the red flag at home and fly the flag outside.

Does that mean she should just be a red flag for turning a blind eye?

Yes, it had been a great honor for her to occupy the position of Mrs. Ou.

Since it’s the middle of the night and there aren’t many cars on the road, it’s traveling very fast.

Jasmine Tong looked outside, and the car had already driven to the outskirts of the Crystal Garden.

This wall, Jasmine Tong recognized.

The driver suddenly stopped the car.

“Get off the bus, girl, I can’t follow you this way.”

“What?”

“Hey, said you do not believe it, the last time I pulled a guest from this side of the road, in the middle of the night to hear something screaming particularly scary, scared me is the first month on the 15th day of the moon so big, listening to the sound of strange scary”

“Oh.”

Jasmine Tong immediately took out her wallet and pulled out a hundred dollars and gave it to the driver.

“Please, don’t bother looking for the driver.”

“Well, thank you, thank you but ah girl, I’d better remind you, don’t go over there, in case there really is something unclean in here, what evil thing is there in this world ah.”

“Thanks for the reminder.”

Jasmine Tong still stubbornly got out of the car, and the driver left with a sigh.

Jasmine Tong extended the perimeter of the wall and kept moving forward.

To Jasmine Tong’s surprise, the speed of the Ferrari Rafael driven by Albert Ou dropped.

She trotted along, following carefully against the wall.

The Ferrari didn’t know if it was due to a malfunction or not, but Albert Ou’s speed was suddenly very, very slow, and Jasmine Tong was the only way to keep up.

Up to the door of the Crystal Garden, the Ferrari went straight in.

As Jasmine Tong watched Albert Ou enter the Crystal Garden, she quietly walked to the door and found that there was no guard at the entrance

This is a great opportunity.

Jasmine Tong cautiously walked in, the place was just too big and she was worried about getting lost walking in, so she didn't dare to walk too close.

Suddenly, she stopped.

Because he saw it, the car parked next to the Ferrari Rafael.

It was Chin's unexpected turn.

Is this where they're dating?

Suddenly there were speaking voices, and Jasmine Tong immediately squatted down.

"Is that Miss Qin our wife?"

"I suppose so, or else why would the gentleman have put her up here?"

"But I heard from Lin Lan Lan that our Mrs. Ou lives in another villa."

"We're just servants, sir. We'll serve whoever we're told. What do we care?"

Two maids passed in front of the car and did not find Jasmine Tong.

Jasmine Tong heard the two men's words clearly as well.

Chin is supposed to live in the Crystal Garden.

Her heart suddenly hurt lifelessly.

As Albert Ou's legal wife, she had only come over here once, and Albert Ou had never offered to let her live over here.

But now, he's put another woman in residence.

Jasmine Tong didn't dare to think about what that actually meant.

She stood right in front of the villa, unmoving, and tried several times to step forward and rush in.

But in the end it was cowardice.

Jasmine Tong lost her mind and walked out of the crystal garden.

The address of Crystal Garden is very remote, there is not even a car on this side, Jasmine Tong can only keep walking.

It took a long time, but finally a car came by and honked its horn at her.

“Girl, you need a ride? You’re closing for the night, count you in for a bargain.”

Jasmine Tong saw that it wasn’t a regular cab, so she was a little hesitant, but she was also worried about danger in the middle of the night.

“What’s the matter are you afraid? I’m a girl, what can I do to you ah I’m a black car, only run the night road, don’t worry, I’m just to make more money, I’m a person with no education, the family still have to support the children it.”

Seeing the woman’s sincere words, Jasmine Tong got into the car.

All along the way this woman tried to pry open Jasmine Tong’s mouth, but Jasmine Tong remained silent.

Back in Rainbow City, Jasmine Tong paid and went straight to her room.

The female driver immediately went back to resume her orders.

Right now, in the Crystal Garden, John Quan and Qin Liyuan were having a heated discussion about something, and Albert Ou was sitting on this side, barely speaking.

For a long time, this female driver stood outside the door, and only then did Albert Ou get up and come out.

“Sir, I dropped my wife off at the door.”

She wasn’t actually a chauffeur at all, but a maid in the Crystal Garden.

Albert Ou had seen Jasmine Tong earlier, and his car suddenly slowed down, not because it had broken down, but because he was worried about her getting lost.

The reason why there was no guard at the gate was also that Albert Ou had been removed.

Almost no one here knows Jasmine Tong. What if you hurt her?

He was almost to the Crystal Garden side before he realized there was someone following him, and by that time there was no way to shake them off.

“Did the wife say anything to you?”

“No, I’ve been trying to get a word in edgewise as you said, but the wife never said a word.”

Her Bossy Yet Naive CEO Chapter 300 - 302

Chapter 300

Albert Ou had a splitting headache.

If Tong said something, maybe he’d know how to respond.

But Jasmine Tong didn’t say a word, so he didn’t know how to respond.

But she hadn’t been here long enough to notice anything, I don’t think.

Just wait until she asks.

Albert Ou didn’t stay here too long, so he and John left.

Arrived home at two o’clock in the morning.

Albert Ou gently entered the door to change into his pajamas and lay down on the bed.

Jasmine Tong seemed to be asleep.

Albert Ou tried to hold Jasmine Tong in his arms like he usually did, but after trying several times, he couldn’t get what he wanted and didn’t want to wake her up, so he had to stop.

The next morning, Albert Ou got up a little late on purpose.

When Jasmine Tong woke up, Albert Ou squeezed her face.

“Lazybones, get up.”

Jasmine Tong looked at Albert Ou, rubbed her eyes, and stretched her back.

“When did you get back?”

She actually knew what time he was coming back, after all, she hadn’t fallen asleep when he came back yesterday.

“I forget what time it is, but you’re asleep anyway, and I don’t give a hug if I want to.”

Said Albert Ou hugging Jasmine Tong in his arms.

After a while of warmth, the two of them got up together.

Then we had breakfast together.

Albert Ou seemed to have been expecting Jasmine Tong to ask him, but Tong kept saying other questions, never asking.

Albert Ou didn’t care too much, so he went straight to the office.

In fact, several times, Jasmine Tong was about to ask the question, but she still held back.

It’s like thinking what the driver said, if you don’t want a divorce, then just turn a blind eye.

Between the two of them it might be the same.

Jasmine Tong had nothing to do at home, so she started playing games, and a phone call suddenly came in.

To Jasmine Tong’s surprise, it was actually Lin Lanlan.

“Ouch, is that Mrs. Ou,” Lin Lan Lan Yin and Yang.

“You got a problem?”

“I’m on to something, I’m the one who tipped you off, I’m telling you, you know that right now there’s a real Mrs. Ou over here in Crystal Gardens.”

“”

“You don’t know how much he loves her, every day abalone, sea cucumber and swallow’s nest never leave her mouth, the Chinese herbs used to make soup for her are the most expensive ones, and he even gave the order that everything given to her must all be the best.”

Hearing these words, Jasmine Tong’s heart ached even more.

“It’s a case of people being mad at each other. Some people have to live in the worst villa outside, while others are placed in Mr’s own home. It’s easy to tell who the rightful owner is.”

“”

“Jasmine Tong, Jasmine Tong, I’m telling you, you’re sticking it out, you’re just a little sparrow kept by Mr. Mister outside and you still think you’re his wife, I pooh.”

“Look at Miss Qin, she wants a face and a temperament, that’s what makes her a model for a luxury wife, and then look at you”

Jasmine Tong immediately hung up the phone and threw it aside

She picked up a pillow to cover her head in frustration.

The mind was agitated.

She herself knew in her heart that the Crystal Garden was Albert Ou’s home.

From Mo Yiang, Jasmine Tong also knows that there are many properties in Albert Ou’s name.

The property on this side of Rainbow City is probably the worst of all Albert Ou’s properties.

No other size, no other accessibility, this villa has no merit at all!

While Jasmine Tong is distracted by her relationship with Albert Ou, the romantic trip closes.

The Romantic Journey was released in the worst time of the year for everyone, during a period when cinemas were in the doldrums, and it grossed 3 billion at the box office!

This number is amazing to those in the industry

It's a miracle.

The internet is also full of praise for Jasmine Tong's acting skills.

"Mandy's acting is amazing. She can handle any kind of role."

"Already by Jasminee powdered acting is really too good a movie is more stunning than a movie."

Looking at all the praise online, Jasmine Tong was not even happy at all.

She simply posted a tweet thanking everyone for their support, but no words beyond that.

There didn't seem to be any problems between her and Albert Ou these days, but Jasmine Tong knew in her heart that there were big problems between them.

Diamond Hill

Jasmine Tong finds Mo Yiang to confide in her and tells him everything that happened before and after.

Mo Yiang was also very surprised to hear that.

He clapped his hands hard.

"You're silly, you should have rushed in then, you're the real Mrs. Ou, the mistress of that house, Jasmine Tong."

Mo Yiang looked like he hated the iron.

He thought the two of them were very close, but he didn't expect Qin Yangyan to intervene anyway.

Jasmine Tong held her head in her hands, her hair a mess.

"I'd like to come in there, but is it really appropriate for me to go in there and say what I'm going to do with the black earth and I'm going to poke the paper through it?"

She loved Albert Ou very much, and she didn't want to lose him.

Once that windowpane is pierced, those two will have to face the choice of whether to split or join.

"So you ran away, you're a deserter didn't I tell you all last time that you and my little uncle were licensed, you're the real Mrs. Ou, Qin Yanyan now stepped in, she's the little third child, no matter what their relationship was before"

Mo Yiang is simply angry by Jasmine Tong's lungs.

"But that one's an unexpected sister."

"It doesn't matter if it's her or anyone else."

Jasmine Tong covered her face with her hands in frustration, and the more she felt Qin turned out to be charming when she was in the mountains.

Not only does she have good looks, a perfect body and face, but she also has perfect character and a kind heart.

"If I were your youngest brother-in-law, I'm afraid I'd have chosen to turn around suddenly, too."

When Mo Yiang heard Jasmine Tong's words, he couldn't even say a word with his mouth open.

In the end, Jasmine Tong still has an inferiority complex in her heart.

Her low self-esteem didn't diminish by half with Albert Ou, but rather worsened more than before.

"What can I do to marry your brother-in-law? You know better than me what kind of role your brother-in-law plays."

Sometimes she was even a little scared, Albert Ou was such a good man, rich and handsome, and he loved her so much.

It was like a dream, and she didn't think they were supposed to be hers.

"Manny, you have to know you're no worse than anyone else."

Mo Yiang didn't know how to get Jasmine Tong's confidence back.

He even ran out of words a bit.

"Well, I'm not going to tell you, I have an announcement to make tonight."

Jasmine Tong stood up and prepared to leave.

Mo Yiang also stood up.

"Mandy, there's something you know."

"What is it" Jasmine Tong looked at Mo Yiang.

Chapter 301

Looking at Mo Yiang's somewhat flickering eyes, Jasmine Tong was puzzled.

Mo Yiang hesitated to say it.

"Haven't you been watching the news lately?"

"What news?"

"Ellen Ron and Rameen Tong are getting married."

Jasmine Tong was still somewhat shocked.

When she attended their engagement ceremony, though, Tong knew that she would one day attend their wedding ceremony.

When the day really came, Jasmine Tong was still caught off guard.

"If you want me to say you just seize this opportunity to make public your relationship with my little uncle well one to let Qin Then suddenly know the difficulties and retreat, once the relationship is exposed, she is a third child, the entertainment circle in the rumors of the third child how much influence on a female star, we all know"

“”

“Secondly, you and my little uncle will go to Ellen Ron and Rameen Tong’s wedding, so that that scum Ellen Ron will regret it, and so that that bitch Rameen Tong will never dare to provoke you again.”

Mo Yiang was indignant.

He thought it was the perfect plan.

Jasmine Tong tidied her hair.

“First of all, suddenly sister has helped me so much, I can’t let her get into this situation, besides, the relationship between the two of them is not made real right now, and secondly, once our relationship is announced, if we are separated, but how can I conduct myself in the entertainment industry”

Jasmine Tong is still very wise.

Mo Yiang didn’t think so much of it though.

Yeah, their relationship is in turmoil right now, in case it’s announced and they separate again, making Jasmine Tong a ho-hum outcast by then.

At that time, everyone would have thought that Jasmine Tong’s success was entirely due to Albert Ou.

Jasmine Tong’s efforts will be wiped clean.

“You let me go back and think about it, I’ll go first.”

Mo Yiang also doesn’t know how to persuade Jasmine Tong, some things, have to Jasmine Tong to figure it out.

“Mandy, don’t keep things to yourself, you’re actually great now, two movies, one for over 200,000 and one for 300,000, look how many actresses in the circle can do it”

Jasmine Tong finally relaxed with a sip and a smile.

“I see what you mean, I’ll go first, bye.”

Jasmine Tong got into the car for the ride home.

While in the car, she browsed the entertainment news.

The news that Ellen Ron and Rameen Tong were getting married dominated the headlines and even had a separate feature.

Although Eisin International experienced an unprecedented crisis during the first year of the year, Ellen Ron was able to turn the tide and turn the crisis into peace.

And now with his immediate announcement of his marriage to Rameen, ESSI is back on top of the wave and the stock continues to rise.

It is said that Ellen Ron wants to give Rameen Tong a wedding of the century.

Jasmine Tong's eyes hurt when she saw these four words, "The Wedding of the Century".

Once Ellen Ron had also said that he would give her the wedding of the century.

At that time, Jasmine Tong also asked Ellen Ron what the wedding of the century was, but Ellen Ron just laughed and did not answer.

In the evening, Jasmine Tong had an announcement to make.

Lu Weiran and Xu Fang would naturally come to the scene as well.

Jasmine Tong entered the studio to record the show and handed the phone to Lu Wei Ran.

During the recording of the show, Lu Weiran and Xu Fang were waiting offstage.

The phone in Lu Wei Ran's hand suddenly rang.

As a star's assistant, it was perfectly natural to help the star answer the phone first, so Lu Weiran answered the call without hesitation.

Xu Fang saw that Lu Wei Ran had answered the phone and was also keeping an eye on her.

"Madam, it's not good, Mr. Ou has been hospitalized in a car accident, please come over quickly."

The voice on the phone was very anxious.

Lu Wei Ran was stunned when he heard this, Albert Ou had even had a car accident!

Finally she said calmly, "Okay, got it."

So I hung up the phone.

"Who came on the phone and said what" Xu Fang immediately pursued the question.

"What status are you that I need to report to you?" Lu Weiran glanced at Xu Fang with disdain.

"This is the wife's phone number, you should report to her at some point."

"The wife is recording a show right now, is it hard for me to rush in and tell her that there's her phone number then what the host is going to think of the live audience."

A few words choked Xu Fang speechless.

"I don't need your help if I have a sense of propriety, my wife even gave me her phone, that's trusting me."

After Lu Wei Ran said this, he ignored Xu Fang.

Xu Fang was also helpless.

Tong's show didn't seem to be recording well until 11pm.

She came out of the studio with a tired look on her face.

Xu Fang was just about to tell Jasmine Tong that a call had just come in when Lu Weiran rushed over with an arrow.

"Madam, Mr. Ou has had an accident and wants you to go to the hospital immediately."

"What" Jasmine Tong was also shocked.

Xu Fang was even more shocked to hear it.

“Didn’t you just say you have a sense of proportion? Ou was born in a car accident so big, you even delayed two hours before telling your wife, what are your intentions.”

Xu Fang immediately accused.

“Of course it’s a big deal that Mr. Ou had a car accident, but the wife is recording a show now, can’t you tell the wife at that time? That would affect the wife’s career.”

Lu Wei Ran argued on good grounds.

“Strong words, you obviously did it on purpose.”

“I’m doing this for my wife’s sake.”

“You know best what you’re up to.”

“Okay, you two stop fighting and go to the hospital right now.”

Jasmine Tong growled, and these two immediately shut their mouths.

They immediately got into a car to get to the hospital.

“Old Chen, please drive faster,” Jasmine Tong urged.

“Ma’am, don’t be too anxious, Mr. Lucky should be fine, and we’re also trying to be safe now.”

Lu Wei Ran said in a rush of relief.

Xu Fang sneered.

“Now you know how to care for your wife, what did you do earlier, you should have told her about this.”

Lu Wei Ran stared at Xu Fang fiercely.

Jasmine Tong didn’t say a word.

Albert Ou has always been a fast driver, and she had warned him before, but a man of his age wouldn’t care so much about driving.

I don't know how the injuries are.

The car soon arrived at ZY Hospital.

Jasmine Tong hurriedly got out of the car and entered the hospital, just in time to run into the doctor who had looked at her leg.

"Dr. Lam, how's my husband?"

"Oh, it's madam madam, why did you just come over ah Mr. Ou has nothing to do now, it's just that his right arm is fractured, he has gone to the ward now, let me take you over."

Hearing the doctor say this, the stone in Jasmine Tong's heart finally fell to the ground.

"Okay."

Dr. Lin looked at Xu Fang and Lu Wei Ran.

"Don't go over there for these two, Ou has orders."

Said the doctor and took Jasmine Tong to Albert Ou's room.

Jasmine Tong was just about to enter the door when she saw Qin Tianlian sitting by Albert Ou's bedside

Chapter 302

Albert Ou was lying on his bed, his right hand in a cast and wrapped in a thick gauze, and Chin turned to sit on the edge of his bed.

Jasmine Tong couldn't hear what they were saying, but only knew that Qin turned around and leaned very close.

It was very intimate.

Dr. Lin also felt very embarrassed to see this.

"That, ma'am,"

"Did she come over already," Jasmine Tong's voice was light and fluffy.

“I’m not sure.”

Jasmine Tong closed her eyes in pain, two hot tears flowing out of the corners of her eyes.

“Is he okay?”

“It’s fine, no injuries anywhere except for a broken right arm, the fracture has been fixed, just a hundred days for the injury, and I’m afraid it’s going to take some time to recuperate, and it’s the right arm that needs looking after.”

Dr. Lin still wanted Jasmine Tong to stay and take care of Albert Ou.

“He’s already taken care of.”

After saying Jasmine Tong silently turned around and left.

Every step she took was like stepping on the tip of a knife, and it hurt like hell.

Xu Fang and Lu Weiran were also very shocked when they saw Jasmine Tong walking down the stairs in a state of disarray.

“Ma’am, why are you down here Ou?”

“He’s fine, it’s okay, let’s go back.”

“Don’t you have to stay here with me?”

“He’s taken care of here, and I’m tired and want to go home and rest.”

After saying that, Jasmine Tong walked straight forward, Xu Fang and Lu Weiran immediately followed.

This night Jasmine Tong was tossing and turning at home, her head full of Albert Ou and Qin Liyuan’s face together.

The two of them were even so well matched together, male and female, golden boy and jade girl, just a perfect couple.

Despite being Albert Ou’s wife, Jasmine Tong couldn’t even bear to bother, as if going in herself would be like ruining some perfect picture.

Her inner torment was immense.

zy hospital

Early in the morning Albert Ou was in a state of rage.

“Didn’t you call your wife last night?”

Nurse Lee, who was in charge of Albert Ou, immediately replied, “It was called last night.”

Although Nurse Li was bold, she was still afraid of Albert Ou in the end, and when Albert Ou yelled, her whole body even trembled.

“Didn’t tell her I was in a car accident.”

“Told, all told.”

“Then why isn’t she here now?”

“”

Nurse Lee shuddered with fear, how could she know why she hadn’t come by now.

“Probably something delayed me.”

“What could be more important than me?”

Albert Ou snarled again.

At this time Qin suddenly walked in and gave Nurse Li a wink, and Nurse Li immediately left.

Seeing Qin suddenly come in, Albert Ou also restrained himself.

“Manny didn’t come over, maybe something’s wrong, she would have come over first if she knew, don’t be in such a hurry.”

Chin turned out to be comforting.

There was something wrong between him and Jasmine Tong these days, Jasmine Tong could sense it, and he certainly could too.

The reason for the accident was also because he had been distracted while driving, and had been thinking about how Jasmine Tong had never asked himself what was going on.

This resulted in a car accident.

But no matter how hard they were fighting, no matter how much they quarreled, he had a car accident, and she was so cruel that she didn't even look at him?

He slept late last night and seemed to have been waiting for Jasmine Tong to come over.

Relationships are a two-way street, and if one person keeps giving too much for too long, they can get tired.

Just then, there was a knock on the door.

Albert Ou and Qin Yanyan looked over towards the door together, and Jasmine Tong was standing in the doorway.

"May I come in?"

Qin turned around and immediately opened the door.

"Come on in, Mandy."

Jasmine Tong thought about it and came.

Albert Ou wouldn't be used to it in the hospital, she hated the smell of medicine, and all the hospital sheets had to be changed, so she prepared it beforehand and brought it over.

By the way, I brought Albert Ou some household items that he usually needs.

"What took you so long to get here now?"

Albert Ou's tone was poor.

Jasmine Tong reluctantly smiled.

"Recorded the show last night."

“Why didn’t you come over after the show?”

Albert Ou seemed to be sure to pursue the matter to the end.

“I was a little tired from recording the show, so I went home.”

Jasmine Tong turned her head to the side.

How could she just tell Albert Ou that she had come here and watched Qin Yanyan leave when he was here.

“Tired,”

Albert Ou suddenly sneered.

“Don’t you care at all about my accident in case I die?”

Albert Ou gritted his teeth, and the sound seemed to come out of his teeth.

“I called and said you were okay.”

Jasmine Tong’s tone was still faint.

“Good, very good Jasmine Tong, you’re a great wife to me.”

Qin turned around and felt a little embarrassed as he was listening to the two people fighting.

“Manny, you’re here so early today, you probably haven’t had breakfast yet, I had the hospital already prepared, so let’s eat together.”

Jasmine Tong raised her smile to look at Qin Tianran.

“No, I ate this morning, you guys can eat, I have to leave beforehand.”

After saying Jasmine Tong turned around.

“Hey” Qin turned around and tried to call out to Jasmine Tong.

Jasmine Tong still walked out, and Qin Qianliang immediately chased after her.

“Mandy, wait a minute.”

Jasmine Tong stopped dead in her tracks.

“Mandy, I think you’ve misunderstood, last night, someone called me and I just came here, I saw that you had been away and that’s why I stayed, don’t get me wrong.”

Jasmine Tong tried to keep herself calm.

“I didn’t misunderstand you, Miss Then Then Then Then.”

“I’m the one who should go, you stay, I’m leaving right now.”

“No, I have work to do.”

After saying Jasmine Tong left without looking back.

In the ward, Albert Ou was furious.

It’s been 12 hours since his accident, and Jasmine Tong has only come over. She even said she was tired, so she didn’t come over.

Albert Ou suddenly felt ridiculous.

How could Jasmine Tong be so cold-blooded? Even if they were having a conflict right now, she couldn’t just ignore him.

Then Chin turned back.

“Asawa, don’t get too upset, Manny might really be in trouble.”

Albert Ou just smirked and said nothing.

Albert Ou stayed in the hospital for a week, a week in which he had no contact with Jasmine Tong, and Jasmine Tong never came back.

Rather than Jasmine Tong not wanting to come, it was more like she didn’t dare to come.

She still didn’t dare to poke through the windowpane, and the more she feared, the more she dared not.

It’s the first man she’s ever loved.

Despite the doctors' repeated attempts to keep him out of the hospital, Albert Ou was forcibly discharged.

He returned to Rainbow City.

Her Bossy Yet Naive CEO Chapter 303 - 305

Chapter 303

Jasmine Tong was more or less surprised at Albert Ou's discharge from the hospital.

"How did you get out of the hospital?"

Jasmine Tong's face was expressionless, but in the end, she still cared about Albert Ou.

"Don't want to be in the hospital."

Albert Ou's attitude was also icy.

The two had argued at the hospital and hadn't been in touch since.

But in the end, they were also a couple who used to tell each other their hearts.

"Oh, what would you like to have for dinner?"

"Whatever."

Albert Ou said and went straight upstairs.

Jasmine Tong gathered her thoughts and went to the kitchen.

Aunt Fang had felt something was wrong with the two men some time ago, and today she was even more certain when she heard them speak.

"Ma'am, there's no such thing as a small couple that doesn't fight, bed fights at the end of the bed and, there's no such thing as not being able to talk well."

Jasmine Tong barely smiled.

“Got any ribs?”

“There, I’ll get it.” Aunt Fanny immediately moved over to the refrigerator.

Aunt Fang guessed that Jasmine Tong must be preparing dinner for Albert Ou, thinking that it was time for the two couples to reconcile, so she didn’t help much.

Dinner was a call from Pearly to Albert Ou downstairs.

The two men at the table were also silent.

When Aunt Fang saw this, she immediately served a bowl of rib soup to Albert Ou.

“Sir, this is the rib soup that your wife cooked for you with her own hands, it took over two hours to cook, this soup is specially made to replenish calcium, your wife is kind.”

The dishes at this table were lighter in taste and were made by Jasmine Tong herself.

Jasmine Tong just focused on eating her food and ignored Albert Ou.

Albert Ou’s right arm was injured and he could only eat with his left hand, so when preparing the chopsticks, Jasmine Tong directly told Aunt Fang to prepare spoons for Albert Ou.

“Sir, look, this is the spoon that my wife specially instructed me to prepare, I’m old, but my wife is still attentive.”

“The wife has also specially cut this dish a little smaller so that it’s easier for the gentleman to eat it with a spoon.”

Aunt Fang spoke up for Jasmine Tong vigorously.

Albert Ou also noticed that today’s meal was indeed cut much smaller than usual.

Jasmine Tong focused on eating the food without saying a word.

Aunt Fang also felt really embarrassed, so she didn't continue.

Albert Ou gave face, though, and ate two bowls of rice and soup.

When they went to bed at night, they lay in the same bed, one on the left and one on the right, and basically didn't talk.

The next day, Albert Ou still went to the office, leaving him to face Jasmine Tong at home like this, he was also really suffocating.

Plus, he hadn't been to the office for a week, so he must have had quite a backlog again.

But at night, after work, he didn't want to go home.

Being under the same roof with Jasmine Tong like this, he was going crazy.

So, about John.

Miro Sun

John sips red wine and listens to Albert Ou pour out his relationship troubles, while Albert Ou has juice in his hand.

John shook the wine glass in his hand.

"Which means you knew that Mandy followed you to the Crystal Garden, but when you got back she didn't ask anything."

"Well, why don't you think she asked?"

Albert Ou never could figure it out.

"How should I know? Then why don't you ask her?"

"What did I ask Jasmine, you followed me to the Crystal Garden what did you see why didn't you ask me why I was there"

John Quan frowned.

"It doesn't seem too good to ask that then you just forget about it, but I was quite surprised when you had a car accident and Mandy didn't go."

“Don’t bring that up with me.”

Albert Ou minded a lot, but he loved Jasmine Tong so much.

“I reckon she saw Qin Liyuan there and blamed you for her unhappy heart, if you hadn’t let me take care of this matter, would Jasmine and I be in this mess now?”

Albert Ou stared hard at the culprit.

John Quan even looked innocent.

“It’s not like I’m the one who owes an unexpected favor to you, you’re the one who owes someone else.”

“You,”

Albert Ou was speechless.

John put one hand on Albert Ou’s shoulder.

“If you think Mandy’s still jealous, then don’t you just go back and coax her properly?”

“How to coax if he asks me why I’m so nice to Chinyan, how do I answer, do I tell her that it’s because I’m a vampire and I once sucked Chinyan’s blood and owed him my life.”

Because of the anger Albert Ou’s chest was falling together.

He couldn’t really find a suitable reason to explain it.

John barfed twice and scratched his head.

“I told you, the most untouchable thing in the world is feelings, because feelings are such a pain in the ass.”

Albert Ou drained the drink he was holding.

“You can drink a drink and still feel like a drink.”

John Quan saw that Albert Ou was really suffocating and suddenly snapped his fingers.

"I'll tell you a secret, between this man and woman, ah, nothing is a sleep, can not solve the problem, if the sleep is not enough to let you sleep two."

John turned his head and stroked his chin.

"But you're a bit of a pain in the arse with that one arm."

Albert Ou squatted his drink glass directly on the table and stood up to go out.

"What are you doing?" asked John.

"Sleep."

"sh!t you're really going, just be careful with that arm."

Albert Ou walked straight out the door, ignoring John Quan.

When he returned home, Jasmine Tong was lying in bed reading a script.

Seeing him return, Jasmine Tong looked over at him.

"Have you eaten?"

"Eaten."

It was the only conversation between them, and finally the two of them packed up and got ready for bed.

Albert Ou lay in bed thinking.

There's nothing between men and women that can't be solved by a little sleep.

John Quan's words kept echoing in his mind.

It was also true that he and Jasmine Tong hadn't made out in a long time.

Albert Ou moved closer to Jasmine Tong.

He's not going to be able to move with one arm injured.

Only use the other one.

Albert Ou even lay directly on Jasmine Tong's pillow, body next to body.

He never used to be so subtle.

Albert Ou thought for a moment and gently placed his hand on Jasmine Tong's waist.

Seeing no reaction from Jasmine Tong, he only then proceeded to his next move.

Jasmine Tong didn't fall asleep, of course she understood what Albert Ou wanted.

She was also very much struggling inside.

At this time, what came to her mind was Qin Yanyan's appearance with Albert Ou.

Did Albert Ou let Qin suddenly move into the Crystal Garden to hide his beauty?

What's he doing over there in the middle of the night?

Were they ever intimate with each other?

Albert Ou's palm slowly moved upwards.

Jasmine Tong's eyes were closed in pain.

As a wife, it's the right thing to do to satisfy her husband's physical desires.

But she couldn't get past her own heart.

"Jasmine I think,"

Albert Ou's voice echoed in Jasmine Tong's ears.

The voice was low with a hint of huskiness.

Chapter 304

Jasmine Tong suddenly grabbed Albert Ou's indulgent hand.

It's like a beautiful piano piece that suddenly stops in its tracks.

"I'm tired tonight."

Jasmine Tong's words were bland.

What that meant was clear to Albert Ou himself.

He hesitated for a moment, but took his hand back.

He knew that Tong hated it when he forced her to do such things.

Even if it was like saying goodnight to each other like they normally did, they could hear the strangeness in each other.

This night was a hard night's sleep for two people.

The next day everything was back to normal.

Albert Ou still went to the office early in the morning, and Jasmine Tong got a call from Meng Jiajia, and their two bakeries opened again today.

The two-person store, named "Jasmine's", is a bakery and casual store that advocates a slower pace of life.

Tong is glad that she still has some work to do when she's not filming.

She's opening today and will be taking a baking class herself.

"There are baking classes at Jasmine's every now and then, and the first one was given by Tong herself, which naturally attracted a lot of people.

"After the opening of Jasmine's, she was busy for a few days and then nothing happened.

Jasmine Tong finally sees the call from the crew and starts filming again.

The first night before she left, at dinner, Jasmine Tong only told Albert Ou.

"I'm going on a shoot tomorrow."

The voice was still cold.

Albert Ou was first stunned, then asked, "Where to?"

"In S. City."

"How long to go."

"About twenty days."

"Oh."

Albert Ou didn't know what he could say.

"There's a seven o'clock flight tomorrow, no need for you to drive me, I can walk myself."

Even though Jasmine Tong knew that maybe Albert Ou didn't intend to send her, she said so anyway.

"Oh."

The two men didn't speak again after that.

When she returned to the bedroom, Jasmine Tong began to pack her luggage, and she went to bed early.

The next day I got on a plane to S City.

Albert Ou knew that this time apart, the two of them wouldn't have any contact either.

s city

Since this drama is also a double female drama, most of the scenes are between Jasmine Tong and Qin Jianlian.

So Jasmine Tong came to S City, and naturally Qin Qianlian was also there.

Only Qin turned around and joined the crew two days later than Jasmine Tong.

When Qin turns around and enters the cast this time, it's really different from the last time.

Compared to Jasmine Tong's haggard appearance, Qin turned out to be really radiant and looked much better than before.

"Gee, suddenly, the time off is looking so much better than last time."

"Yeah, yeah, last time it was always pale, this time red and pale, just like with makeup"

"Then there's suddenly, you're too well maintained, so teach us the secret."

Everyone was talking to each other, and after all, Qin turned out to be a good looker.

"Can't you just tell me outright that I'm fat?"

"Where's the fat, not fat at all, just looking so much better than before" said the crew.

Qin turned around and smiled without saying much.

Others didn't know why, but Jasmine Tong did.

Qin turned around and greeted Jasmine Tong happily as well.

It was only when no one was around that she asked about Albert Ou.

"Mandy, how's he doing with Asawa?"

"Pretty good." Jasmine Tong could only force a smile.

Seeing that Jasmine Tong wasn't in a good state, Qin turned around and hurriedly asked, "Jasmine Tong, are you sick? It looks like, you don't look very good."

"Nothing, probably too busy."

Jasmine Tong smiled frankly.

"Oh, Manny, don't misunderstand me and Azawa, there is absolutely nothing out of line between him and me, if you don't believe me, you can ask John Quan, Azawa and I are just friends, count on it, we've known each other for four or five years."

It had been less than a year since Jasmine Tong and Albert Ou had actually met.

“I’m not misunderstanding.”

“That’s good, I’ve been worried that you’d misunderstand and overthink it, but I guess I did.”

Jasmine Tong tugged at the corner of her mouth and smiled towards Qin Liyuan.

After that it was a tight shoot.

Jasmine Tong has never been special on the set, occasionally asking her assistant to buy dessert drinks and such to treat the staff, she usually just eats box lunches with the crew.

A few of the cast and crew are sitting together at dinner.

One of the actors suddenly said, “It seems like lately suddenly doesn’t even eat boxed lunches with us ah, last time she was eating boxed lunches with us.”

“People are going to eat small stove,” one of the staff members said, skimming the floor.

“Eat a little stove.”

“Yeah, don’t you know that this shooting, suddenly sister brought a nutritionist over specially, said to be a senior nutritionist at ZY Hospital, specializing in equipping her with nutritious meals, otherwise you think she took some magic pill and looked so good all of a sudden”

Jasmine Tong’s movements still stalled when she heard about ZY Hospital.

It dawned on the actor who asked the question.

“Rich is good unlike the box lunch we only get here.”

“What ah it is said that suddenly sister has a boyfriend, her boyfriend feels that she is not well, and wants to give her a good health care, which is why she hired a senior nutritionist from ZY Hospital.”

“I’ve heard it’s hard to hire a doctor or a nutritionist at Zy Hospital.”

“Who says it isn’t? It seems that suddenly this boyfriend of hers is quite rich and powerful.”

Naturally, Jasmine Tong’s heart was not in a good mood when she heard these words.

When everyone saw that Jasmine Tong was silent, their eyes immediately turned to her.

“Manny, you are close to suddenly sister, do you know who her boyfriend is ah quickly gossip with us”

“I’m not sure, I didn’t discuss it with her.”

Jasmine Tong laughed bitterly.

Little did she know that the so-called boyfriend they were discussing was her husband.

“You must know, you just don’t tell us Manny, last time I saw the news, it said there was a big handsome guy picking up the plane, do you have a boyfriend too”

The young actor is young in the end and dares to ask any question.

“No.”

Jasmine Tong immediately denied it.

She saw that last news story herself, but it just didn’t get much attention and she didn’t respond.

The little actor was asking for trouble, so he didn’t ask any further questions.

In the evening back in the hotel, Jasmine Tong was bored and flipped through her phone, saw Albert Ou’s name on WeChat, hesitated for half a day, and still didn’t click in.

What are you talking about?

I really don’t know what to say, so I might as well not say anything.

And the same is true for Albert Ou at home.

As he lay on the empty bed, the thoughts came out like an etching worm, causing him pain.

He missed Jasmine Tong, badly.

Thinking about her cooking, her warm body, her clean smile, her naughty looks, her anger, everything that made her.

That day Jasmine Tong, between filming, was pleased to receive a WeChat.

Chapter 305

“Manny, I’m doing an event in S City, I heard you’re filming over here, let’s meet up sometime.”

Munchausen sent a tweets message.

“If all goes well, I’ll close at seven today.”

“Well, I’ll let you know when I’ve chosen an address.”

Then in another city, it’s a natural pleasure to meet someone you know.

The whole day’s shooting went well today, Jasmine Tong went back to the hotel to change into her casual clothes, so she went out the door and followed the address Meng Jiajia sent her to a small store called Sweet Honey.

The small store has a very fresh style and is full of young people who also seem to be vibrant.

In a chic private room, Meng Jiajia had already ordered juice for Jasmine Tong in advance.

“Mandy, what do you think of the style of this store I noticed they made a message wall, I think we can follow suit and have customers leave their writing.”

Jasmine Tong was clearly a bit out of it.

“It’s good that you took the idea.”

Meng Jiajia looked at Jasmine Tong.

“Manny, you don’t seem to be in a good mood lately, is something wrong? I could tell the last time the store opened.”

“It’s nothing, Kaja-san, go on.”

Jasmine Tong immediately adjusted her state of mind.

But Munchael shook her head.

“You’re in a very bad state, can you tell me what’s happened? as a partner, it’s necessary for me to know the state of my other partner.”

Munchausen said wistfully.

Tonto sucked on the juice and pulled a strand of hair from her forehead behind her ear.

“Katya, I’m in love.”

Jasmine Tong still plans to hide the fact that she is married.

“So it’s a relationship problem.”

“But my boyfriend of late has been very close to another person who is better than me in every way, and that girl is my best friend and has helped me a lot, and she’s better than me in every way.”

Meng Jiajia sipped her coffee as she listened to Jasmine Tong’s story.

“I know he lied to me several times to meet that girl, and several times I wanted to poke fun at him, but in the end I stopped, I’m so afraid of losing him, and now I’m at a loss as to what to do.”

These days Jasmine Tong is really exhausted.

Meng Jiajia is a veteran of love affairs.

“And do you love him?”

Jasmine Tong nodded her head without hesitation.

“Very, very much in love, and he was the first man I ever really loved.”

Jasmine Tong did not hide her feelings for Albert Ou, and that was indeed the case.

“And do you think he loves you?”

Jasmine Tong still nodded her head without hesitation.

What came to mind was the time Albert Ou was desperately searching for him in the ocean.

“He used to be supposed to love me very, very much too, he’d even risk his life for me, but now I can’t figure out what’s going on.”

“”

“That girl has known my boyfriend much longer than I have known her, and I know that girl likes my boyfriend. Katya, what do you think I should do to ask outright?”

“Mandy, the best thing to do is to maintain the status quo.”

“Status quo”

Jasmine Tong shook her head painfully.

“Do you have any idea how much pain I’ve been in lately I can’t get past this part of my heart, and I think he’s the same, we both look like nothing on the surface, but we both know it.”

Jasmine Tong clenched her fist and pounded the table.

“If I keep this up, I’m going to lose my mind.”

“But it won’t do you any good if you break through, and in your state you two will only fight, and isn’t the reason you’re running away because you’re afraid of losing him and fighting?”

Jasmine Tong held her head in her hands, feeling heavy.

She’s really going to have a hard time with the status quo.

“Mandy, would you like to hear my analysis?”

“Sure, go ahead.”

“I didn’t interrupt when you started to talk about it, but I sensed something in your words that you were very inferior.”

Jasmine Tong didn’t deny it.

“The fact that you say he’s better than you in every way, twice in a row, and repeatedly emphasize this, shows how inferior you really are.”

“I really don’t compare to others in every way.”

Jasmine Tong’s voice lowered.

“But let me ask you, your boyfriend he’s like a man.”

“He was good, not what I unilaterally thought was good, but what was recognized as good.”

“So a good man, he must be very discerning, you say she’s known this girl longer than you have, but he chose you over her, that’s why.”

Munchausen had been very calm.

Jasmine Tong was in deep thought.

Why Albert Ou chose her, she still doesn’t know.

“Because in his heart, you are superior to the other.”

Hearing this, Jasmine Tong looked up sharply, unable to believe it.

In Albert Ou’s heart, he is better than Qin Liyuan.

“No matter what the public perception is, in the eyes of your wonderful boyfriend, you must be superior to another, or he wouldn’t have chosen you.”

Meng Jiajia’s speech was slow, making it easy for Jasmine Tong to understand.

“If your boyfriend is admittedly good, then he must have other options, he’s not a bad judge of character, and the fact that he’s with you means you’re equally good, so why be so down on yourself?”

Jasmine Tong lowered her head a little sadly.

She couldn’t figure it out herself.

Meng Jiajia grabbed Jasmine Tong’s hand.

“Mandy, you’re actually no worse than anyone else, you’re great as an actor, you have great quality morals as an entertainer, you’re a great cook as an ordinary woman, you’re an understanding and kind person.”

“”

“If you’re talking about looks, you’re not bad at all ah you can kill a lot of actresses with a completely plain face.”

“Kaja-san, am I that good?”

Munchausen shook her head incredulously.

“Darling, what have you been through in the past that made you so insecure Chaoyang came home and praised you so much, saying that you were the best out of all the young artists he’s worked with, and if you even question my Chaoyang’s vision, then I’m really going to turn against you.”

Munchausen slapped the table boldly, one foot directly on the chair.

Jasmine Tong couldn’t help but laugh.

“So ah, the initiative is still in your hands, you two are the boyfriend and girlfriend who are sure of the relationship, you are the rightful owner, don’t always feel like you’re the third child.”

“I do feel like a third party a lot of the time.”

“It’s all because of your low self-esteem.”
