

Chapter 336

At the mention of Ellen Ron, Roehen suddenly smiled.

“I’ve already asked the president for permission, and he’s agreed.”

Hearing this, Rameen Tong was wide-eyed with shock.

“What do you mean he agreed to it, it’s not possible.”

How could Ellen Ron agree to such a ridiculous thing?

“If you don’t believe me, you can ask the president yourself, and he did agree. Your whitewash has not been successful and you must come up with an admission of wrongdoing, and this exit is the best opportunity to do so.”

Roehen is an old fart after all, and is worthy of being the best agent ever.

“But I had a hard time making the cut, and now you’re asking me to withdraw.”

How could Rameen Tong accept such a fact.

“Keep up the good work later, there’s still a chance to be a finalist, but if you don’t take this opportunity to wash your hands of it, you’ll never be completely clean in your life I’m doing it for your own good.”

After what happened at the last wedding, Roehen was already very dissatisfied with Rameen Tong.

A good hand of cards was played by her, ruining everything he had accumulated as an agent.

Rameen Tong’s momentum was clearly weakened.

“Isn’t there any other way?”

Roehen shook his head mercilessly.

Rameen Tong hung her head in loneliness.

Tears of frustration welled up in her eyes, she'd never been so suffocated as now.

"This is a tweet that you not only have to send, but you have to send it in a heartfelt way and put yourself in the lowest possible position. If you can't figure out how to say it, I'll send it for you."

Rameen Tong sat on a chair, one hand on her head, looking very lonely.

"Okay."

That night, Rameen still posted the microblogging according to Rochen's wishes.

"Thanking the audience for their love, thanking the fans for their support, thanking the Silver Lion Awards jury for their love and recognition, and having two works in the running at the same time has been the biggest recognition, but because of recent events, I have made a big decision to withdraw from the Best Actress competition at the Silver Lion Awards."

The microblogging also featured two photos of the Silver Lion Award shortlist announcement.

The tweet soon went viral.

The strongest reaction was from Rameen Tong's fans.

"Why should my dream pay for someone else's mistakes when she's not the one who did it?"

"It's rare in history for two works to be nominated at the same time, so it's clear that Dream Dream is very strong and ended up having to give up because of someone else."

"Jasmine Tong, you ruined your own sister's wedding and now you've ruined your own sister's Silver Lion Award, you're really the best real sister in the world."

Apart from Rameen's fans, others were also very accepting of Rameen's admission of wrongdoing.

This matter is no longer important which is right or wrong, the important thing is that Rameen Tong has come up with an attitude.

It can be said that Rameen Tong's whitewash has been another successful step.

As she has already applied for withdrawal from the Silver Lion, Rameen Tong will definitely not win the trophy this time.

It's late at night.

Rameen Tong was sitting on the sofa at home, watching the entertainment news on the TV, which was broadcasting the news of her withdrawal from the Silver Lion Awards.

Her eyes were bursting with hatred.

Jasmine Tong's shortlist appeared on the screen.

Suddenly he picked up a glass from the table and smashed it towards the TV.

"Jasmine Tong I'll make you pay, we'll see."

Miro Sun

John calls Albert Ou out with a phone call, and the table is ready with Albert Ou's juice on it.

"You got it," Albert Ou asked eagerly as soon as he entered the room.

"It's almost time, sit down and I'll talk to you slowly."

Albert Ou sat next to John, who immediately handed Albert Ou the juice from the table.

"You say it, I can't wait any longer."

"Don't you worry, you can't rush this, just have a sip of juice and calm down."

Albert Ou impatiently took John Quan's fruit juice and gulped down two mouthfuls.

"Quickly."

"This blood car thing, I think we need to take a long look at it."

John slowed down his speech.

“What from the long haul, didn’t you just say you were almost done” Albert Ou frowned.

“It’s almost done, but it’s not like it’s not done yet.”

John didn’t really know what he could say, because he didn’t even bother to do it.

“So where are you at now, you tell me and I’ll take care of the rest.”

Albert Ou couldn’t wait any longer.

“Your reactions have intensified lately.”

“Yes, I’ve been sleeping longer and longer lately, and I can’t keep putting it off any longer.”

Moreover, Jasmine Tong would be back in a few days, and he made sure to solve this problem before Jasmine Tong returned.

John Quan pondered for a moment.

“Suddenly,” suddenly, he covered his stomach, “he’s gone, I have a bit of a stomach ache, I need to go to the bathroom first.”

“You have a stomach ache at a critical time, so tell me.”

“No, no, it hurts like hell, I’m going to go to the bathroom and come back and talk to you, wait for me.”

John Quan immediately covered his stomach and ran out after saying that.

Albert Ou shook his head helplessly.

Picked up the juice and took two more sips.

John never came back, and Albert Ou rolled his eyes, taking the juice up and drinking it all in one gulp.

In fact at night, he was very tired and always wanted to sleep.

There seemed to be a scent in the booth that hadn't been there before.

“When did this brat start using perfume again?”

Albert Ou muttered.

Physical exhaustion was starting to make him doze off again, and his eyelids were visibly heavy.

The room smells very pleasant as well.

Albert Ou leaned back on the couch, his head not slowly leaning back.

Soon he was really asleep.

John peeked through the window and saw Albert Ou sleeping, which is why he quietly walked in.

“Asawa, Asawa, are you asleep?”

He was careful to conduct his probing.

Albert Ou was unresponsive.

At this time, he gestured to Qin Yanyan outside, and Qin Yanyan came in.

“Won't wake up,”

“I don't think so, he's been so sleepy lately, I gave him sleeping pills in the juice, so he shouldn't wake up.” John said with certainty.

“Let's move him to a safe place, to my house.”

“Is this okay just in case?”

“Don't worry, I have no one there, it's the safest place to be, so get going.”

John called a staff member to help him carry Albert Ou into the car with him, and then he went to Chin's house with Chin suddenly.

Albert Ou was still sleeping heavily.

“John, I’ll be fine here, you go outside and keep watch, it’s not like there’ll be any reporters squatting at night or anything.”

“Well, if you need anything, call me.”

Qin turned around and nodded his head.

John Quan walked out.

When Qin turned to look at Albert Ou on the bed, his fingers gently touched his face.

Chapter 337

When Qin turned to gaze at Albert Ou, whose eyes were closed, a faint smile surfaced on his face.

Her fingers gently slid over Albert Ou’s skin.

“Asawa, I know you’re not heartless to me.”

Her voice was lustful.

There was no hesitation whatsoever as she slowly knelt beside the bed and picked up the fruit knife that had been prepared in advance on the nightstand.

In the warm yellow light, the fruit knife glowed cold and harsh.

She removed the red onyx strings from her wrists and a tooth mark scar showed.

The fruit knife was on his wrist.

When Qin turned around, he seemed to be very determined, his eyes closed, and he stroked hard.

With a sharp pain, she immediately smelled blood.

There was no delay at all as Qin turned around and immediately brought his wrist to Albert Ou’s mouth and broke open Albert Ou’s mouth with his other hand.

Blood dripped down Qin Yanyuan's wrist and into Albert Ou's mouth, drop by drop.

Albert Ou also swallowed instinctively.

John had been sitting in the living room waiting, getting up from time to time to look out the window.

Time went by.

Albert Ou was lying on Qin's unexpected bed, and he slowly opened his eyes, his brain suddenly going blank.

Where are we?

Why are you here?

He sat up in bed, feeling visibly stronger and not as limp as before, just wanting to sleep.

In the next second, he saw Qin suddenly fainted by the bedside

"Then suddenly, suddenly," John knocked on the door outside.

Albert Ou immediately jumped off the bed and carried Qin Liyuan to the bed.

John Quan didn't hear a sound for a long time and opened the door directly.

"What's going on?"

"I should ask you what's going on," Albert Ou retorted.

Albert Ou suddenly saw the wound on Qin Liyuan's wrist, the wound she had cut wasn't deep and didn't injure the artery, it was scabbed over at the moment.

"When suddenly she gave you her blood, don't you understand? Don't you get to the hospital yet."

The two of them worked together to carry Qin Liyuan to the car and went straight to ZY Hospital.

Outside the emergency room.

Albert Ou immediately grabbed John Quan's collar, his eyes fierce.

"John Quan you kid what the hell you didn't say you were ready to donate blood car it's what's going on you f*cking lie to me"

"So what if I lied to you? It's for your own good."

John Quan roared.

"Why did you let her give me blood you know."

Without waiting for Albert Ou to finish his sentence, John interrupted him.

"Do you know how much she loves you when you turn around and you know how much she's all for you when you turn around and you know how much risk she takes?"

Albert Ou was silent, his hand slowly loosening.

"Ze, last time, you were bitten by a wolf and your life was on the line, it was when suddenly made you suck blood, you couldn't control yourself at the time and almost drained her of her blood, luckily I was the one who pulled you away in time, but suddenly didn't resent you in the slightest"

“”

"Because of that one time, she was never well and was always in a state of anemia. I didn't want to risk her this time either, but then suddenly she said she loved you, she'd do anything for you, and the blood drive was too risky, and she disagreed, she couldn't let you get away with the slightest thing."

Albert Ou hung his head and closed his eyes in pain.

The last thing he wants to owe is a favor.

But, for the second time, he owed Qin Liyuan.

"But I don't love her."

"You love Mandy, but where was she when you needed her the most, you don't love suddenly, but suddenly has saved your life a second time."

"Jasmine she doesn't know," growled Albert Ou.

“I don’t know then why don’t you let her know.”

Albert Ou once again lost his voice at John Quan’s questioning.

John Quan suddenly snickered.

“You’re afraid to say, well, I’ll say it, because you’re afraid you’re afraid to let Mandy know you’re not even human and you’re afraid that Mandy will leave you.”

“No Jasmine won’t leave me” Albert Ou immediately shook his head.

The tone was positive, but his eyes were misty.

“Fine, then tell her who you really are and see if she’ll be scared, see if she’ll leave you”

John was aggressive.

Albert Ou hung his head, deep in thought.

Both of them fell into silence for a long, long time before John Quan walked up to Albert Ou and gently patted him on the shoulder.

“Aze, I don’t want to push you, but I look at suddenly like this, I’m so distressed for her, I’m a bystander who is so distressed, aren’t you the least bit touched? ask yourself, what has Manny done for you”

Albert Ou still didn’t open his mouth.

“I know it’s not easy for you to love someone, how about this, when Manny comes back you tell Manny who you really are, if Manny can accept it then forget I said anything, if Manny doesn’t accept it then you divorce her and stay with suddenly, how about this”

“”

“You’re going to have to tell her sooner or later, don’t tell me that you’re going to hide it from her forever.”

Yeah, can he hide it from her forever?

Albert Ou realized at this point that he had been fooling himself.

He and Jasmine Tong were nothing more than just being able to spend one more day together.

“When suddenly she knew who you were and didn’t stay away from you, but repeatedly could have even lost her life for you, if you failed her, you really were worse than a beast.”

John gritted his teeth and heaved two taps on Albert Ou’s shoulder.

“You’re on your own.”

That’s when the door to the emergency room opened.

The nurse stepped out.

“Mr. Ou, the patient is nothing serious, it’s just some discomfort because of the previous anemia and blood loss, and the wound is not deep.”

“Got it.”

John didn’t go in, and Albert Ou went in alone.

Qin turned around and woke up already.

Albert Ou’s expression was so stony that he didn’t know what to say even if he walked in.

“Asawa, are you feeling better?”

“I’m fine.”

Qin turned around and smiled in relief.

“I’m glad it’s okay, I was afraid there wasn’t enough blood.”

Although Qin turned pale, the smile on his face looked very nice.

In the meantime, Albert Ou sat on the edge of the bed with a tight brow.

“Zee, you don’t need to stress about it, I do it willingly and I don’t want you to give me anything in return, as long as you’re okay.”

Albert Ou didn’t answer.

There didn't seem to be much to talk about between the two men.

"Azazel, I know I did wrong in letting John give you sleeping pills and not discussing it with you beforehand, but if I don't, I'm also worried hoping you won't blame me."

Qin suddenly sounded as if he was swimming in air, placing himself in a very humble position with every sentence.

Albert Ou's heart is struggling immensely.

One was a woman he loved dearly, a woman who twice would even risk her life for him.

Chapter 338

"Then suddenly, I'm grateful."

Albert Ou spoke up.

An unexpected smile immediately blossomed on Qin's face.

"What thanks or no thanks, I didn't do anything. You mustn't be burdened. It's all my own fault."

"But,"

Without waiting for Qin Liyuan to finish his sentence, Albert Ou snapped out of it.

"I'm sorry, but I can't accept you."

Qin's sudden smile immediately froze on his face.

So his feelings for her were nothing but gratitude.

"I appreciate everything you've done for me and the love you've shown me, but I'm sorry I already have Jasmine."

He already has Man-Man.

The words were like a knife stabbing Qin Yanyan's heart.

Because with Jasmine Tong, his heart can't hold anyone else.

Albert Ou knew that it was indeed cruel of him to refuse like that, especially when the woman had just nearly given her life for him.

But, as he said, he already had Jasmine Tong.

"Pfft," suddenly Qin turned around and smiled

That laugh backfired on Albert Ou.

He was even prepared for the fact that Qin Liyuan would cry.

"Zee, look I knew you would get the wrong idea, I donated blood to you out of friendship and I had to help you, of course I know you and Mandy are very close and I'm very good friends with Mandy, so how could I ruin your relationship."

“”

Qin's sudden reaction was really unexpected to Albert Ou.

"That's why I told you from the beginning not to feel pressured, it was all voluntary, I liked you before, but I also have dignity ah, you're a married man, but I've never been in a relationship, no matter what, you're not good enough for me."

Qin turned suddenly and kept his smile elegant, not showing a single inch.

"Asawa, let's put it this way, if you divorce Manny now and come back to me, I'm not sure I'll agree to you yet you're second-hand now."

Qin turned around and spoke with ease, not at all sad about being rejected on the spot.

Albert Ou relaxed a little.

"It's good that you understand."

"Of course I understand."

Qin turned suddenly and yawned, "I'm a little sleepy, so I won't talk to you, let's sleep first."

“Well, I’ll arrange for a doctor and nurse to take care of you here, and when you’re ready to be discharged, you’d better stay over at the Crystal Garden and take care of your conditioning.”

“Then I’ll thank you first.”

When Qin turned around, he closed his eyes and prepared to sleep.

Albert Ou immediately walked out lightly.

After Albert Ou left, Qin turned suddenly and slowly opened his eyes, his eyes lost their former radiance and looked very lonely.

He put her in her own private ward, even took her to live in the Crystal Garden and arranged for a nutritionist to create nutritious meals specifically for her.

All of this was not because of love for her, not because there was so little affection for her.

And simply, because of gratitude, that’s all.

Qin turned suddenly only to feel that his heart was becoming cold bit by bit, cold to the bone.

It turns out that after teasing Qin Liyuan’s blood, Albert Ou’s condition has improved and he has returned to his former state.

The shade of blue under the eyes also returned to its former glory.

After work every day for the past two days, Albert Ou would still go to the hospital to visit Qin Liyuan.

It was just a matter of sitting down and saying hello each time we went, and we didn’t stay much longer.

Two days later, Qin turned out to be discharged from the hospital, and Albert Ou sent someone to take her to the Crystal Garden, and Qin turned out not to refuse.

Albert Ou ordered Wu Xiu to take good care of Qin Jianlian until her body fully recovered.

Albert Ou asked John Quan to stop all of the recent Qin’s unexpected work.

The Crystal Garden is indeed large, large and somewhat empty.

When Qin turned around and stepped on the grass by himself, he was filled with loneliness.

Here, she had been here before, and had heard John mention that Albert Ou kept many animals over here.

On the way, he suddenly met two maids, who happened to be Lin Lan Lan, and another maid, Xiao Qin.

“Please ask where those animals Mr. Ou’Brien keeps are, and can you show me the way?”

Lin Lan Lan and Xiao Qin looked at each other.

“None of the animals that the gentleman kept are here now, they’ve been put in the mountains.”Timberland replied.

“Even if it’s kept here, sir has had orders that it’s not to be seen by outsiders, because it’s all beasts, and until now ah, I’ve seen Miss Tong come over to see it.”Violin said.

“Oh,”

When Qin suddenly looked a little lonely, it seemed that Jasmine Tong was irreplaceable in Albert Ou’s heart.

“I’m sorry to bother you then.”Qin turned toward the front.

Lin Lan Lan’s eyes rolled.

“Xiao Qin, you go back first, I’ll go walk with Miss Qin, so she won’t get lost.”

Xiao Qin didn’t think much of it, “Then go ahead, I’ll go back first.”

Lin Lan Lan immediately caught up with Qin Tianran.

“Miss Qin, you’ve stayed here twice, so it seems that the gentleman has you in mind.”

Qin turned around and hooked his lips and smiled.

“We’re just friends.”

“I can see that Mr. Mister has you in mind, you’re the first one to live in this villa, even Jasmine Tong hasn’t come over”

Qin turned to look at Lin Lan Lan.

“You know Jasmine Tong.”

“I won’t lie to you, I used to be allocated over by Butler Wu Xiu to serve Jasmine Tong over at Rainbow City.”

“Oh, so that’s it.”

“In my opinion, Jasmine Tong can’t even compare to you with a finger. She’s just too much of a heartthrob.”

Lin Lan Lan trailed off.

If it wasn’t for Jasmine Tong, she wouldn’t have been driven back.

You’ll be more comfortable there, and you’ll get double the pay.

“Then tell me about Jasmine Tong.”

“Good” Lin Lan Lan excitedly responded and took a walk with Qin Liyuan.

Rainbow City

Albert Ou, who had regained his spirits, was clearly much more energetic than before.

He took an early shower and then lay down on the bed.

A little while later, Jasmine Tong sent a video invitation.

“Did you miss me, little baby?”

“Why are you in bed so early?”

He usually had to be rushed three or four times to get to bed impatiently, but today it was so early.

“Early to bed time goes by fast. Hehehe.”

Albert Ou pulled the camera up next to his bed and patted Jasmine Tong’s original sleeping position.

“Look at me, I’m so miserable, I sleep with your pillow every day.”

Jasmine Tong pursed her lips and smiled.

“Just be poor, talk as if you can’t live without me, I think you’ve been doing well away from me for the past few days, you can eat and sleep every day.”

“Hey that’s not all I’ve heard from you is that you told me to eat well and sleep well, then the next time you go out I’ll go on a hunger strike.”

“Okay, okay, just kidding with you, I have something to tell you.”

“Go ahead.”

“A bad news.”

Her Bossy Yet Naive CEO Chapter 339 - 341

Chapter 339

Albert Ou’s face immediately sank.

“Filming was delayed.”

Jasmine Tong threw up her tongue.

“My big baby is so predictable.”

“Stop flattering you didn’t you say yesterday that you were sure you could finish today and be back tomorrow?”

Albert Ou’s heart is also a hundred times more unhappy.

“Can’t plans catch up with changes? It was supposed to be finished today, but it turned out to be a heavy rain, which messed up all our plans, and we’re expecting rain tomorrow too, so I don’t know if we’ll be able to shoot.”

Jasmine Tong could see that Albert Ou’s face was already as black as the bottom of a pot on her phone.

“Alright, alright, it’s not like I don’t want to go back, I can’t wait to fly to you right now and be with you when I get home from shooting.”

“Do I have any other choice?”

Albert Ou has nothing to be angry about.

“Just think about it for a few days, make me a menu of what you want to eat, and I’ll come home and make it for you just the same, okay?”

Jasmine Tong was pleasurable for a while.

It’s strange, everyone else’s family is just men talking to women, but it’s always women talking to men in theirs.

“Why don’t you let me write down the poses I want to do one by one and turn back one pose for half an hour.”

“”

So she’s still alive?

“Hey, if you’re an hour late, I’ll add a pose, and I’ll see if you, dare to delay.”

“Where’s the pose,”

“There is, and if you don’t believe me, I’ll come back and experiment on you.”

Jasmine Tong threw a blank look at Albert Ou.

“Every time you mention it, you’re happy. It doesn’t say anything else.”

“It will, besides the position, the location of the sex is also important, we’ve tried it, the bed, the bathroom, and more.”

“Shut up and be done with it.”

“Hey,”

“Who asked me not to talk to you, but when I book my flight to tell you, you won’t have to pick me up this time to avoid being photographed by the press, so just wait for me at home.”

“Well, let me know when you book your flight, and I’ll have someone pick you up.”

“Well, good, then it’s settled.”

After the two of them said yes and talked for a while, they turned off the video and went to sleep.

The next day the heavens were kind enough to allow it to continue to rain in W city, so Jasmine Tong also finished her movie.

In order to get home early, she booked a flight for the night, arriving at about 10pm, and immediately told Albert Ou.

Albert Ou was not to mention how happy he was to be home from work very early.

“Auntie Fang, Man Man will be back today, make more of her favorite dishes, she loves spicy food, what kind of ma po tofu, spicy chicken, spicy and sour shredded potatoes and so on, you can see to it.”

“All right, sir, I’ll get ready.”

After thinking about Albert Ou, he immediately called Russel Cheng.

“You’ll send a car to pick up the wife right away, remember to bring a few extra hands, she’s on a ten o’clock flight, you’ll just have to get there a little early.”

“Okay, O, I’ll get right on it.”

Since Jasmine Tong was assaulted at the airport last time, Albert Ou has grown a bit too much.

I’m afraid he won’t be able to personally go to such things as pickups in the future, who are getting more and more popular with women.

The plane Jasmine Tong took was pretty punctual, landing at ten o'clock on time.

Xu Fang and Lu Wei Ran took their luggage and the three of them walked out.

It was probably late, and I didn't run into any press squats or anything, so everything was fine.

Jasmine Tong looked around and immediately someone came up to her.

"Ma'am, we're here because Ou sent us to pick up Ma'am."

An unfamiliar face appeared in front of Jasmine Tong.

The person Jasmine Tong had sent before by Albert Ou had also met before, but the one in front of him had indeed never seen.

There were indeed too many drivers in the Dark Empire, and Xu Fang couldn't recognize them all.

"O sent you,"

Xu Fang had still grown an eye for it, having never seen it after all.

The visitor nodded immediately.

"Yeah, our car's over there, follow us over there."

The visitor immediately headed forward.

The three men followed.

There are two luxury cars parked here, all Rolls-Royces, rather like Albert Ou's style.

The visitor opened the car door.

"Ma'am, get in the car."

Xu Fang had one arm in front of Jasmine Tong.

"Just a minute, ma'am."

After saying that, Xu Fang walked around the two cars.

The Dark Empire's cars have a unified license plate number with a letter "o", which is unique in Slivestopol.

Both cars also do have the letter "o".

Xu Fang circled back.

"Ma'am, it's okay, you can get in the car."

Jasmine Tong nodded her head in greeting and got into the car.

Lu Wei Ran was about to get into the car together when someone came and blocked her.

"The two of you sit in the back, Ou is anxious to see his wife, so he has prepared two cars, one to pick up his wife immediately and the other to take the two of you home."

Jasmine Tong opened the window, "You two go home early and get some rest."

It was also in line with Jasmine Tong's personality, every time she came back Jasmine Tong would have someone send someone to take them both home.

So Albert Ou remembered that too.

Xu Fang laughed, this General Manager Ou is really spoiling his wife more and more.

Lu Wei Ran glanced at this driver and got into another car with Xu Fang.

"Madam, you've had a long journey, have a cup of milk tea first."

The driver handed a steaming cup of milk tea to Jasmine Tong.

"There's dessert over here if you're hungry, but Ou said there's something delicious for you at home before you go home."

Jasmine Tong held the milk tea and laughed softly.

"The man is really getting thoughtful."

“Yes, O always loves Mrs. O more and more, Mrs. You sit tight, I’m leaving.”

The two cars soon parted ways.

Another car, which took Xu Fang and Lu Wei Ran home.

The airport is still a long way from Rainbow City, plus it’s past ten o’clock now.

Jasmine Tong yawned, she was also weirdly tired from filming all these days, so she decided to sleep in order to go back and have the energy to deal with Albert Ou.

“Master, call me when you get there, I’ll take a nap.”

“No problem, ma’am, it’s an hour back, you sleep.”

Jasmine Tong took a shirt and draped it over her body and fell asleep.

Rainbow City

Albert Ou had been in a more excited state, humming a tune and playing a game.

Time passed, and when he finished a game, he picked up his phone and looked at it, but it was eleven o’clock.

It’s almost time to come back.

He gathered up his gaming gear and went downstairs.

“You all go to bed.”

He doesn’t want Jasmine Tong to come back, there are still light bulbs in the house.

Aunt Fanny and Pearblossom would also go straight to their rooms.

Albert Ou sat at the table, and now Jasmine Tong should have gotten off the plane.

He was just about to call Jasmine Tong when his phone rang first.

“Mr. Ou, it’s not good, Madam is missing.”

Chapter 340

“What do you mean it’s gone?”

Albert Ou’s face changed abruptly.

“We had been waiting outside and thought the flight was late, but we never saw the wife come out, so we went in to see if the flight the wife was on was arriving on time It’s been over an hour and we didn’t find the wife, did the wife leave in another car”

“No way,”

“We had a collision with another car on the road, which delayed us a bit, maybe the wife couldn’t wait, so, she took a taxi herself, O. Do you want to call the wife and ask her.”

Albert Ou immediately hung up the phone without speaking, then dialed Jasmine Tong’s cell phone number.

“I’m sorry, the subscriber you dialed cannot be reached at this time.”

unreachable

Albert Ou had a bad feeling about this.

His cars are all luxury cars. When you’re on the road, other cars have to go around because no one can afford to pay for a bump.

What a coincidence. I crashed my car on the way to pick someone up.

Oh, sh!t.

Albert Ou immediately called Russel Cheng.

“Gather your men immediately. The wife may have been kidnapped.”

“Yes,”

Good thing it’s only been an hour. We can still catch up now.

It was the next morning when Jasmine Tong woke up, and the milk tea she was drinking was laced with sleeping pills, so she slept heavily.

I just woke up in a daze and found myself in a strange place.

It's your house.

No, absolutely not.

The place was decorated in an antique style, and for a moment, Jasmine Tong even suspected that she had crossed over.

Isn't that how it's written in novels?

But she carefully identifies the pillows and bedding she sleeps on as modern.

What the hell is going on?

Jasmine Tong's head was still clouded, and he was just about to get out of bed when there was a sound from outside the door.

"Is it in this room?"

"Yes, this is the room."

The door opened with a creak.

I saw a man probably in his forties walk into the room, a casual outfit that gave him the unique charm of a mature man.

Jasmine Tong looked him up and down and unconsciously leaned back on the bed.

"Who are you and why did you kidnap me?"

This looks like a kidnapping case. The problem is the strange driver from last night.

Huo Yulong looked at Jasmine Tong and couldn't help but wet his eyes.

Jasmine Tong and her deceased sister are so much alike.

He remembered that his sister was about the same age as Jasmine Tong when she left home.

So his memories are set at the same age as his sister's.

“I’m your uncle, silly boy.”

Huo Yulong’s voice trembled.

“Uncle you’re mistaken, I don’t have an uncle.”

Jasmine Tong was wary of the man in front of her.

“I’m your uncle, your mother’s name is Huo Yu-Bin, and I’m your uncle, Huo Yu-Long.”

“Mr. Huo, I’m sorry, you’re really mistaken, my mother’s name isn’t Huo Yuji, her name is Tong Yu, please let me go.”

Jasmine Tong’s tone was calm, and he probably heard from the man’s words that this was not a simple kidnapping case, it should be a recognition of marriage.

Otherwise, you wouldn’t be able to tie someone up and sleep comfortably in a bed without tying their hands and feet.

Huo Yulong was a bit emotional, he turned around and wiped away the tears from his face with his fingers.

Trying to take a breath and calm myself down.

“Someone, bring the stuff over here.”

A maid came over with a pile of something and took it directly in front of Jasmine Tong.

Jasmine Tong saw clearly that it was some photo albums, probably older, and that the photos were black and white.

“Your mother’s name isn’t Tong Yu, that was the name she changed after she ran away from home to keep her family from finding her, her real name is Huo Yujin, she was once the eldest daughter of our Huo family.”

As if listening to a story, Jasmine Tong had no idea how much of the man’s words were believable.

“Son, if you don’t believe me, just look at the photo album in your hand and see if that man looks like you.”

Jasmine Tong cautiously flipped through the photo album.

When she saw the person in the photo, her entire body was terrified

She flipped through the pages quickly.

The person in the photo is indeed her mother, Tong Yu.

The Huo family has always been used to taking pictures, so the adult Huo Yuji has many pictures left over.

“No, that’s not possible,”

Mandy Tong just couldn’t believe it until she saw a picture.

It was a family photo with four people in it, also a black and white photo.

Jasmine Tong still remembers how often she saw her mother staring blankly at a black and white photo.

But her mother never let her see that black and white photo until one time she saw her own mother secretly wiping her eyes with it again.

So she went up to see the picture, when her hand hadn’t touched it.

Her mother then got so angry that she tore up the picture and ended up with just a corner of it, leaving her mother alone, and the rest of those were shredded and thrown in the trash.

Jasmine Tong was impressed with the small half of the remaining photo.

It’s this family photo.

She’d never seen the full one, but she’d seen her own mother’s corner.

Same clothes, same hairstyle, same posture, same smile.

“Son, now you should believe me.”

Jasmine Tong felt incredible.

“What the hell is going on here?”

“Did your mother, never mention to you, her mother’s house?”

Jasmine Tong’s eyes were a bit blank.

“My mom died very early, I was young then, I don’t remember a lot of things, I just remember my mom saying that my grandparents loved her very much, and nothing else.”

Huo Yulong sighed deeply.

“I’m such a stupid sister.”

“Why did my mother run away from home?”

At the mention of this, Huo Yulong suddenly sneered.

“That would be something to ask your so-called father.”

Jasmine Tong did not speak, but waited quietly.

“Back then, our your father was merely delivering wine to our family, but I never thought he’d be allowed to hit on my sister, but we didn’t know about it until later. I just remember, all of a sudden one day, my sister came back and told me she was getting married, she was only 20 years old and she was in college.”

Jasmine Tong didn’t interrupt Huo Yulong, she could see the sadness in Huo Yulong’s eyes.

“Our family is a family of books, of course we must not allow such things, but I never thought my sister would say that she was pregnant. My father was furious, and being pregnant unmarried was something that was absolutely unacceptable to our family in those days.”

“Pregnant,”

But it’s not the right time.

“Is it any wonder I have a brother or sister?”

Chapter 341

At this point, Huo Yulong sighed very remorsefully.

“If it weren’t for that father of yours, I’m afraid you’d actually have a brother or sister.”

“The baby fell out.”

Huo Yulong couldn’t help but nod his head with a sigh.

“My sister eloped with your father, that’s when the baby was supposed to be dropped, I’m not sure exactly how.”

“Odd,”

Her mother didn’t have her until she was about to turn thirty, and most people in the previous generation had children in their early twenties, very few, until they were about to turn thirty.

When she went to kindergarten, she noticed that the parents of the children in her class were much younger than her own parents.

“My sister has not been well since she was a child, she was raised in a lady’s house and didn’t have to do anything but study, and it was probably the miscarriage that did more damage to her body, so it took so many years between births to give birth to you.”

Jasmine Tong only felt a bleakness in her heart.

Her mother had given up her glory and wealth for this man, stayed away from her family, and even lost her own children.

However, her man betrays her as she recuperates and becomes pregnant again.

“My mom is so stupid, my dad isn’t even worth it.”

“He’s more than unworthy, he deserves to be cut to pieces by a thousand cuts
What kind of life my sister is living at home, brocaded, fed and clothed, but
what kind of life is she living in the Tong family”

Huo Yulong shouted angrily.

“My mom wasn’t well, probably too late to have a baby, and my grandparents didn’t like her, especially after she had me, and the family liked boys, and my mom wanted to have a boy for my dad, so”

Jasmine Tong’s eyes were also filled with tears at the mention of this.

If it wasn’t for Marven Tong, the scumbag, maybe his own mother wouldn’t have died and his own brother would have been a healthy child.

Huo Yulong wiped away his own tears.

“So, Mandy, you remember your mother’s lesson.”

Jasmine Tong didn’t quite understand what Huo Yulong said.

“You’re tired from filming the other day, so get some rest.”

After saying that, Huo Yulong walked out and instructed the servants, “Take good care of Miss.”

Hearing this Missy, Jasmine Tong fell a little despondent.

Things were always dramatic, and she turned out to be the eldest daughter of the Huo family.

Jasmine Tong suddenly remembered something, it’s been a night, Albert Ou didn’t wait for her, he must be going crazy!

She immediately looked around for her phone, but it wasn’t there.

“Where’s the phone?”

Jasmine Tong got out of bed, with a maid guarding the door.

“What is your order, my lady?”

“Where’s my phone? Did the person who brought me here yesterday give you my phone?”

The maid shook her head.

“Didn’t see your phone, Missy.”

Jasmine Tong was just about to say something when she heard someone calling out to her.

“Mandy ouch, it’s a big flood that washed away the Dragon King Temple, the family doesn’t recognize the family ah”

Jasmine Tong looked over at the source of the voice.

Churunji.

I still remember the last time when Chul Yun-chi was taunting her.

the Huo family (household)

It was only at this time that Jasmine Tong realized that it was the famous Huo family in S city.

Isn’t Chu Runzhi Mrs. Huo?

Chu Runzhi came over and hurriedly held Jasmine Tong’s hand.

“I’m sorry for what happened last time, Mandy, but I didn’t get to the bottom of things and I trained you to make a fool of yourself.”

“It’s all in the past” Jasmine Tong’s smile was brilliant, she was not one to hold grudges.

“It’s all because that sister of mine knows what she’s talking about, and although I’ve never met her, I’ve heard your uncle mention several times that she’s a gentle, gentle and virtuous woman, and now that I’ve seen you, I’m sort of convinced.”

Chu Runzhi pulled Jasmine Tong into the house.

“Manny, I’ve heard all about you, what a miserable child, it’s been a hard time for you and Little Lei all these years.”

Chu Runzhi held Jasmine Tong’s hand in a very intimate manner.

“Don’t you think that if your uncle had found you earlier, you wouldn’t have had to suffer so much? alas anyway, now that the bitterness has come to an end, it’s a bittersweet experience, and this will be your home from now on, and you’ll have your uncle and aunt to back you up in everything.”

Hearing these words, Jasmine Tong couldn't help but feel hot in her heart.

Someone to back it up.

Since she was a child, she had wanted nothing more than to have someone to back her up.

"Stay here for now, and ask your aunt for anything you need."

Jasmine Tong was just about to say something when Chu Runzhi spoke one after another.

"I and your uncle have two children, a son and a daughter, the eldest went to college, the second is a girl, only home from school at noon, I guess she looks at you ah, will be happy bad".

“”

"Xiao Ya likes you a lot especially your TV shows and movies, if she knew that you are her own cousin, how happy she might be."

Chu Runzhi said this with vigor, and Jasmine Tong couldn't intervene.

"Okay, Manny, you can rest, I have work to do, so I'll go out first."

"Okay."

Chu Runzhi left after saying that, Jasmine Tong didn't even have time to ask something.

Her cell phone. She needs to get in touch with Albert Ou.

Although Huo Yulong, explained the maids that she was the Huo family's eldest daughter.

But she was a newcomer, and she didn't dare to walk around someone's house.

It wasn't until noon that Hosea came back from school, she was in her third year and she was still young.

Before Jasmine Tong could react, she saw a little girl in a blue and white school uniform come running over in a flurry of fire.

“Cousin,”

Huo Siya embraced Jasmine Tong in one hand.

“Great, great, Jasmine Tong is even my cousin.”

The fact that his idol has suddenly become his cousin, Hosea feels as if pie in the sky.

I felt like I was instantly on top of my game.

“You must be Maya,”

“Yeah yeah yeah I’m Cousin Maya it’s so good to see you I’m so happy, I haven’t been to class all morning I wanted to come see you this morning but my dad said you were sleeping and wouldn’t let me come over and disturb you now I finally see you”

“Maya, do you have a cell phone if I can use yours.”

Hosea’s small nose shrugged.

“I don’t have a cell phone, my dad won’t let me use it, he says I’m in my third year and I’m about to take my midterms, and he’s dead set against buying me a cell phone, and all of our classmates have cell phones.”

“Oh, so,”

Jasmine Tong was inevitably disappointed.

“Cousin, do you want to call? I’ll take you to Big Brother. He’ll be willing to help you.”

Saying that, Hosea pulled Jasmine Tong out the door.

Through a quaint corridor, you come to a room.

“Brother, are you here? Look who’s come to see you.”

Jasmine Tong was wondering, didn’t Chu Runzhi just say that her son had gone to college?

Why are you home at this hour?

Chapter 342

“Brother, are you there?” shouted Hosea towards the room.

The door opened and the Cold Lords came out of it.

The moment she saw the Leng Lords, Jasmine Tong rounded her eyes.

Beat to death she did not expect to run into the Leng Lords here.

“How did you, baron,”

Leng Lords looked towards Huo Siya, “Xiao Ya, go play first, I’ll have a few words with your cousin.”

Hosea threw up her tongue.

“Well then, I won’t be a light bulb for you.”

Huo Siya covered her mouth and laughed, looked at the Leng Lords and then at Jasmine Tong, then bounced away.

The Cold Lords walked into the house.

“Come in.”

Jasmine Tong quickly walked in.

“Lords, what the hell is going on here and why are you here”

Jasmine Tong’s head was filled with countless question marks.

Leng Lords calmly sat on the stool, poured himself a cup of tea and slowly sipped it.

“Darling, how does it feel to have a home?”

He didn't have the slightest intention of answering Jasmine Tong.

"Baron, tell me what the hell is going on here."

Jasmine Tong sat on the stool.

Leng Lords retook a compact teacup and also poured a small cup from the purple clay pot.

"Taste it, how does the tea taste?"

"I don't have the heart to have tea with you right now. What's this all about?"

The Leng Lords still calmly sipped the tea, seemingly endlessly in retrospect.

"Baron," Jasmine Tong was enraged and roared towards the Leng baron.

"Darling, what's the hurry if you're angry."

"Can I not be in a hurry? If all you want to do is sip tea right now and you don't have time to explain to me, then please lend me your phone."

"Why are you borrowing your phone to call Albert Ou?"

"Yes,"

Jasmine Tong doesn't deny it either, "I need to check in with him."

"No need."

"What do you mean you don't have to?"

"There's no way I'm going to lend you my phone, and the entire Huo family up and down will never let you have access to electronics that can come in contact with the outside world."

Jasmine Tong looked at Leng Lords in horror.

Is this a kidnapping?

Jasmine Tong suddenly thought, if Huo Yulong could know her flight information without any mistake, then he should also know where she lived,

why didn't he just go and recognize her, instead of using this kind of kidnapping method?

Upon closer examination, there are indeed too many suspicious aspects.

The Cold Lords chuckled softly.

"I really can't help it, because you never trusted me, so that's why it was adopted."

as expected

"Your uncle was my godfather, remember the story I told you about how my godfather brought me back from the forest and then kept raising me to adulthood."

“”

"I'd advise you to get along better if you've just recognized your family."

Jasmine Tong stared fiercely at the Leng Lords.

"So, this is all a ruse on your part."

"Trickery darling, I'd rather have you say it's my good plan."

The cold owl's eyes are wickedly raised.

Jasmine Tong slammed the table and walked out of the Cold Lords' room.

She noticed that someone had been quietly following her outside the door, but on the surface it didn't look like much, but in reality it was following her.

Here she is, under house arrest indeed.

After a while, a maid came to call her to lunch, so she went straight to the dining room.

At the table, both Huo Yulong and Chu Runzhi were there, and Huo Siya hurriedly pulled her to her side, with the cold lord coming over a little while later.

Chu Runzhi had been talking non-stop at the table, introducing Jasmine Tong to the family.

Jasmine Tong never got a chance to speak.

“Oh my, you see we’re just missing my son and Little Lei, so we’re all together.”

Jasmine Tong has finally found her chance.

“Uncle and aunt still have some idea, I’m married, so that leaves my husband.”

As soon as that was said, the atmosphere at the table became different.

Huo Yulong and Chu Runzhi both felt a little embarrassed.

Hosea fiercely raised his head to look at Jasmine Tong.

“Cousin, you’re married.”

“Yeah, I’ve been married for over a year, I just haven’t announced it to the public.”

“Then who is my cousin-in-law? How handsome is he?”

Where the child knows what’s at stake, Hosea still seems excited.

“He’s very handsome, and I’ll have a chance to introduce you to him.”

“Well yeah yeah you a while ago, when you announced on Weibo that you had a boyfriend, I thought that was my big brother it I saw the photo that popped up on the news also looks like my big brother, although there is no positive face that is my cousin-in-law handsome, or my big brother handsome it.”

Hosea looked even more excited.

“Maya, hurry to school after dinner, don’t be late.”Huo Yulong spoke coldly.

“I won’t be late, I’m still early for school.”

Huo Siya completely ignored Huo Yulong’s meaning.

“Ya didn’t I tell you to eat and sleep.”

“That my mother isn’t,”

Before Huo Siya finished her sentence, Chu Runzhi immediately gave her a wink.

“Maya, eat your dinner and go to school afterwards.”

Hosea spat out her tongue, picked the bowl clean in three bites, and left immediately.

Before leaving, he said to Jasmine Tong, “Cousin, we’ll talk again when I come back tonight.”

After Hosea left, the atmosphere at the table could be even more awkward.

“Uncle, you suddenly had me kidnapped, I didn’t even have time to tell my husband, and my phone is missing, so why don’t you send me back, and I’ll bring him along to visit you some day.”

Jasmine Tong immediately tried it out.

Naturally, Huo Yulong and Chu Runzhi knew that Jasmine Tong had gotten married, but they didn’t expect Jasmine Tong to start mentioning it just after she recognized her family.

“Manny, you just got back here, stay at home for a few more days before you leave” Chu Runzhi immediately began to round up.

“A few more days is fine, but I’ll have to tell my husband so he doesn’t worry about me at home, Auntie, can I borrow your phone to make a call?”

Chu Runzhi was momentarily speechless and immediately looked at Huo Yulong.

They had just claimed this niece back, and didn’t want to make a strained relationship.

“You don’t have to work for nothing, I’m not going to let you go, you’re just going to stay at home for a few days and make this your home.”

Huo Yulong’s voice was dignified in its coldness.

“Of course I don’t treat my uncle like a stranger, but I’m married and I have a family of my own.”

Jasmine Tong was not weak either.

“This will be your home from now on, other than that you have no other home to forget your married husband, you’re not right for each other.”

“I don’t understand what uncle is saying, you haven’t even met him, so why are you saying we’re not right for each other?”

“You,”

Huo Yulong looked at Chu Runzhi.

“Come with me to the study and I’ll tell you why you’re not right for each other.”

Huo Yulong stood up and walked out, with Jasmine Tong following behind and Leng Lords.

Chapter 343

Huo Yulong looked stone-faced.

Jasmine Tong was waiting for his words.

“Manny, I was going to wait a few days for you to get acquainted with your family before I got the word out, but now it looks like you can’t wait.”

Jasmine Tong probably guessed it when she saw the Leng Lords.

“If uncle has anything to say, just say it.”

“I will never approve of your marriage to Albert Ou.”

Jasmine Tong was not touched in the least.

“Uncle, don’t you think it’s too late to say that I’m already married to him, and legally the two of us are husband and wife, that’s a fact.”

“Then you’ll get a divorce and there’s no way in hell I’m letting my niece be with a vampire.”

Huo Yulong was very verbose and determined.

Jasmine Tong aimed a glance at the Leng Lords.

“Uncle, you believe in such things as vampires, it’s a fantasy where in the world are there vampires, and even if there were, he’s not”

After all, he was his mother’s younger brother and his elder, Jasmine Tong still maintained the proper courtesy.

“Mandy you can not believe the owl’s words, you can feel that he is lying to you, you can feel that he is on another agenda, but do you even listen to your uncle’s words? uncle will harm you”

Huo Yulong said as he patted his chest.

“Of course uncle wouldn’t harm me, but uncle has probably read too many novels or TV shows to even believe such fantastical words.”

“Mandy why don’t you believe that there really are vampires in this world, and the man you married, he’s a vampire, and you’re not going to end up with him.”

Jasmine Tong stroked her forehead, really not knowing what to say to them.

“I’ve been living with him for a while now, how could I not know if he was a vampire, let alone if he wanted to harm me he would have done it already.”

“All I can say is that he’s well disguised, and as for why he’s not hurting you now, maybe the time hasn’t come yet, or maybe he’s really in love with you.”

Huo Yulong sighed silently.

“Mandy, you’re not going to get anywhere with him, vampires are inhuman and he’s going to kill you sooner or later.”

Jasmine Tong saw that she couldn’t convince Huo Yulong and had some impatience.

“Uncle, that might be better, we’re still pretty close, I’ll go home and ask him how he is”

Huo Yulong found that his niece was simply too much like his sister, and just as stubborn.

“Mandy,”

“Uncle, we’re considered family, if you let me go, it’s not like I’m not coming back.”

Jasmine Tong turned around and was ready to walk out.

“Stop” Huo Yulong suddenly roared.

Jasmine Tong stopped in her tracks.

“You don’t believe me all you want, but there’s no way I’m letting you go.”

Jasmine Tong turned around and looked at Huo Yulong, who looked angry.

“Uncle, what are you doing this for?”

Jasmine Tong looked at the Leng Lords.

“Uncle, I know you love this godson very much, but my husband and I love each other very much, so please don’t destroy our relationship just for the sake of your godson.”

“Mandy, Mandy, you’re so confused. You’re in love with a vampire, you.”

Jasmine Tong was suddenly amused by Huo Yulong.

“Uncle, I really don’t know what to say to you.”

“You really shouldn’t fall in love with him I will never let you go, you will stay here these days, you will never walk out of the Huo house without my orders”

Huo Yulong was serious this time.

Jasmine Tong knitted her brows slightly.

“What if I have to go?”

“Then try it.”

“Uncle, you’re forcing me.”

“And what are you pushing me for, Mandy, truth be told, if I hadn’t let your mother go back then, she wouldn’t have been so miserable, so I’m never going to let you go her way, I’ve already missed it once and I’m never going to miss it a second time”

Huo Yulong said the words almost through gritted teeth.

Yes, when he learns the tragic fate of Huo Yuji, he repents to the point of being blue in the face.

If he hadn’t been so young and ignorant and let his sister go, I’m afraid his own sister could have lived a life of glory and prosperity in peace.

He couldn’t protect his sister for the rest of her life, so he had to hope for her children.

So, he will never let Jasmine Tong go.

Jasmine Tong slowly returned to her room.

On the way back, I also observed the Huo family in passing.

The Huo family was indeed heavily guarded and worthy of being the richest man in S City.

This old city courtyard was very high, there was no way she could jump out of it with her, not to mention that there were people patrolling the area all the time.

Albert Ou must be desperate.

Slivestopol

Albert Ou, who hadn’t slept all night, had gone crazy waiting for someone to come home, but why had he disappeared?

From last night when he knew that Jasmine Tong should have been kidnapped, he ordered people to cordon off various places.

Every highway out of Z, the airport, the train station, they’re all blocked off.

But they still escaped.

Jasmine Tong's phone had a location tracking system on it, but they found it in a trash can when they found it based on the location system.

The other party was obviously prepared and knew Albert Ou well enough to know that Albert Ou had installed a GPS on Jasmine Tong's phone.

This morning he checked the surveillance cameras near the airport, and that's how he knew that the other party drove two cars, one took Xu Fang and Lu Weiran, and one took Jasmine Tong.

The two cars all had fake Dark Empire license plates, presumably switched back to real ones once they were on the road, so there was no way to find out anything about them.

I don't have a clue.

"Keep looking for me, even if it means digging into the ground to get Jasmine back."

Albert Ou roared at his men.

"Yes but, Ou, we don't have a clue where to find anyone."

Russel Cheng looked embarrassed, apparently it was more difficult to find someone this time than last time.

"Where were the two cars that last disappeared? From which direction did they drive off?"

"If he disappeared on the surveillance he was probably running to the highway, which leads to, but now in the highway is also crisscrossed, he's not necessarily going to, or possibly changing to another direction midway, which is much more likely, many cities."

Albert Ou clenched his fist darkly.

They're so clever.

It gave him a million possibilities, which would have made it harder to find someone.

“Follow the highway and send extra men every which way.”

“Yes.” Although Russel Cheng felt embarrassed, he still agreed, and now there was no other way.

Albert Ou’s gaze was torchy.

He can’t imagine that he lost Jasmine Tong one day

Chapter 344

the Huo family (household)

In the study, Huo Yulong and the Leng Lords are talking, while Jasmine Tong has been under house arrest, with no way out.

“Is there anything going on over at Albert Ou right now?”

Although the Huo family was unstoppable in S city, he still had some scruples if the other party was Albert Ou.

“Albert Ou is already looking for someone now, fortunately we dodged in time yesterday, but the good thing is, the road we were retreating on was deliberately detoured and took this side of the highway too much, according to Albert Ou’s character, he will definitely look down one by one.”

The Cold Lords laughed coldly.

Huo Yulong nodded a bit, he never questioned the abilities of the Cold Lords.

“But, Godfather, Albert Ou, the man who can make the Dark Empire sit at the top of the world, his ability should not be underestimated, or we should hurry up and convince Manny.”

“I know, Mandy is so much like my sister, stubborn and stubborn, I’m afraid it’s going to take a lot of work.”

Huo Yulong sighed long and hard.

“Mandy has had a hard time, and what she craves more than anything is a warm family, and Godfather might as well start there.”

Huo Yulong thought carefully about it and nodded.

Jasmine Tong paced back and forth in her room, and it was hard for her to imagine what kind of stormy state Albert Ou was in knowing that she had been kidnapped.

Since there was no prior indication from Huo Yulong's side, Jasmine Tong knew that it would be difficult for Albert Ou to know that he was in the Huo family in S City.

Hopefully the Huo family left a trace when they kidnapped themselves.

She was completely free in the Huo house, except that the gate didn't allow her to go out and there was always someone around.

She checked out the Huo family, which was indeed too big, like a deep palace compound, and a roadkill like Jasmine Tong could easily get lost on her own, not to mention running away.

"Knock-knock,"

Jasmine Tong looked alertly at the door.

"Come in."

Huo Yulong walked in, a mule book in his hand.

We had just finished arguing during lunch, but now, Huo Yulong looked a lot more amiable.

"Mandy, can I talk to you?"

Jasmine Tong sat at the table.

"Uncle, if you still want to talk about my husband being a vampire, it's better to avoid the need to waste your breath."

Jasmine Tong had a stern face, and although she knew it was rude, she couldn't care less in order to go out.

Huo Yulong sat down.

“The way you look now, the way you look, the way you talk, you all look like my sister before she eloped.”

Jasmine Tong lowered her eyelids.

“Uncle, with all due respect, I’d like to ask, since my mother eloped, didn’t you ever try to find her?”

Even if she ran away with a man, even if they found her and backed her up to be the boss, her mother wouldn’t have died so badly.

“Why haven’t I looked for my sister back then, she was a famous lady of this area, beautiful, gentle and generous, and when she was just eighteen years old, she had a lot of people coming to propose marriage. But my parents wanted to keep her for a few more years and didn’t want her to get married too early, plus she’s in college, so they haven’t been able to find the right person.”

Jasmine Tong hangs her head and doesn’t interrupt.

“Suddenly one day she came home and said that she was in love with a man, she was the jewel of the family, where did my parents accept the fact that besides, she was unmarried and pregnant.”

It really doesn’t seem like something a lady would do.

“My sister grew up, but the first time my dad beat her, he did it very lightly considering she was pregnant, so he locked her up. But she’s so stubborn.”

Huo Yulong looked at Jasmine Tong meaningfully, the current Jasmine Tong was also too stubborn.

“My dad knew couldn’t ask one iota of information about the man until I let my sister go, and we still knew zero about the man, so it was very tricky to find out after my sister eloped.”

“After all these years, you can’t really find out.”

With the Huo family’s strength, Jasmine Tong really had some disbelief.

Huo Yulong shook his head.

“I think every single student checked, even every single one of her friends, we didn’t miss a single one of them, only to find nothing, who would have thought it would be the one who came to our house once to deliver a drink”

Until now, Huo Yulong was still very shocked.

“I don’t know how he managed to coax my sister into following him so doggedly that she even changed her identity incognito.”

Huo Yulong slapped the table, a little agitated.

Jasmine Tong was also furious to know about this past.

How can your own father be such a scumbag?

Other girls follow you around with no family, and you betray them.

Huo Yulong waved his hand towards Jasmine Tong.

“Let’s not talk about the past, as if by bringing you back now, I’m doing justice to my parents who died a few years ago, whose biggest wish before they died was to get their sister back.”

Huo Yulong looked at Jasmine Tong with tears in his eyes.

“Mandy, I’m your own uncle, I did what I regret most back then, there’s no way to make it up to my sister, so I’ll have to make it up to you and your brother, whatever you offer, I’ll agree to it.”

“Then you let me go.” Jasmine Tong didn’t hesitate.

Huo Yulong immediately frowned.

“Only this is not allowed unless you promise to divorce Albert Ou and me.”

That attitude couldn’t have been clearer as Jasmine Tong turned her head to the side.

“Why are you as stubborn as your mother, Little Man, leave him, it’s uncle’s way of begging you, if you’re willing to divorce, I can help you.”

Jasmine Tong had one hand on her head.

The world doesn't seem to have a happy ending, she's so close to having a real family of her own, but her family is forcing him to divorce and leave the man she loves.

"I can see that the owl likes you very much, where is he not as good as Albert Ou? I can give you the best wedding ever

"The baron is good, he's good, he's a man worth entrusting with his life, but I don't love him."

No love, so no way to be together.

A little annoyed, Huo Yulong patted the book he had brought with him.

"Mandy, I know some things are hard to accept, but some things are just the way they are, and we have to learn to accept them. There's a lot of stuff about vampires in these old books you can read."

Jasmine Tong laughed helplessly.

"Uncle, you say I'm as stubborn and stubborn as my mother, but I think I'm more like you because you're just as stubborn and just as very stubborn."

Huo Yulong was startled.

Then sighed helplessly.

"Since we can't convince anyone, there's no harm in reading these books, so I'll go out first and you can think about it."

After Huo Yulong said that, he stood up and walked out.

Jasmine Tong's eyes were fixed on the stack of old books.

[Her Bossy Yet Naive CEO Chapter 345 - 347](#)

Chapter 345

Slivestopol

In the Rolls-Royce, Albert Ou, wearing a headset, was taking debriefing messages from various detachments.

Jasmine Tong has been kidnapped for three days.

In the past three days, we haven't found a single clue, let alone a person.

How could he not be in a hurry?

Russel Cheng sat in the passenger seat, waiting for Albert Ou's orders.

Albert Ou's brow was furrowed in a tight frown, and if he could find even a hint of a clue, even just a hint, it might not be so hard.

I'm afraid we've met our match this time.

Albert Ou took off his headphones.

"Mr. Ou, what's our next step?"

"Carpet search. Don't give me any corners to miss."

Albert Ou said through clenched teeth.

Russel Cheng pondered for a moment and turned his head.

"Mr. Ou, our brothers have been looking for three days and three nights, we are all tired, this is not the way to go, why don't we take a break"

"Rest. You haven't found a single clue and now you're telling me to rest."

Albert Ou growled with his eyes red.

Russel Cheng was shocked by Albert Ou's voice, but he forced himself to say it.

"Mr. Ou, the brothers are really too tired, and this is not very efficient, so you might miss something important and lose more than you gain, and you yourself haven't closed your eyes for three days and nights, so it's time to take a good rest, and maybe the ideas will open up."

Russel Cheng's words had calmed Albert Ou down, though.

Russel Cheng was right, if this continued, everyone's energy was being consumed, they were just ordinary people not having as much energy as themselves.

It didn't matter if they were exhausted, but they would definitely miss a lot of things in their state of extreme fatigue, in case they missed Jasmine Tong

"Take all the teams, divide them into three groups, work shifts every eight hours, prepare the best meals for them, be sure to focus on finding the men for me, don't miss a thing, a little detail"

Albert Ou narrowed his eyes.

"Yeah, I'll get right on it, you need to rest yourself."

"I don't need it,"

Russel Cheng sighed, his arm hadn't fully recovered yet, and he had been sleepy a while ago, so I was afraid he wouldn't be able to carry it.

"Mr. Ou, I don't think Mrs. Ou will be kidnapped for no reason, either Mrs. Ou has offended someone or you have offended someone, you should go home and carefully comb through this period of time to see what traces there are."

Albert Ou's pair of blue eyes flashed with suspicion.

"Also, Mr. Ou, don't forget that your arm hasn't fully recovered and was in bad shape some time ago, and your wife will definitely be angry again if she comes back and sees you like this."

"Why are you talking so much?"

Albert Ou stared at Russel Cheng fiercely.

But he's telling the truth.

Albert Ou gently rubbed his temples, if Jasmine Tong knew that she hadn't closed her eyes for three days and nights now, she would definitely be furious again.

"Back to Rainbow City."

Hearing Albert Ou say that, Russel Cheng was relieved.

The car soon took Albert Ou back to Rainbow City.

As soon as he stepped through the door, Albert Ou heard voices coming from the kitchen.

“Jasmine,”

Albert Ou immediately walked quickly to the kitchen.

“Jasmine, you’re back.”

The sudden noise made all three men in the kitchen look at the kitchen door together.

The moment O Zeno saw Qin Jianlian, his heart sank.

“How are you,”

Qin turns out to be wearing an apron and is cooking with Aunt Fang and Pearly.

“Oh, I heard that Manny was kidnapped and you’re busy as hell, so I came over to see if I could help in any way.”

Albert Ou was like a frosty eggplant, so it wasn’t Jasmine Tong.

He didn’t say anything, and went back into the living room alone and sat on the couch in silence.

He closed his eyes and rested his head on the couch, still unable to relax his brow.

“Jasmine, where the hell are you.”

Last time he had vowed to never let Jasmine Tong out of his sight again, but he hadn’t expected to lose her again so soon.

Then Qin turned around and gently walked over and sat next to Albert Ou, pouring him a glass of water on the way.

“Look at your dry lips, drink some water to moisten your throat.”

Only then did Albert Ou open his eyes.

“Manny still hasn’t been found?”

“No.”

“It’s strange how a good thing can be kidnapped.”

Qin turned around and said this like he was talking to himself.

“Asawa, you shouldn’t be too anxious, Lucky has his own way, I’m sure Manny will be able to turn it around this time.”

“Well.”

When Qin turned around, he didn’t know how to comfort Albert Ou.

“If you want to find Manny, you have to take care of yourself first, you have also just recently recovered, you can’t strain yourself like that, only if you keep yourself very energetic and in good shape, you can find Manny faster.”

Qin turned suddenly and patiently to persuade her.

“I’m hungry.”

Qin was immediately overjoyed.

“Dinner’s ready to be eaten right away.”

A table full of food.

“I made these dishes, so taste if they’re good.”

When Qin turned around and immediately offered Albert Ou a dish like an offering, Albert Ou frowned for a moment.

Seeing Albert Ou’s displeasure, Qin turned around and immediately stopped his actions.

Albert Ou is a germaphobe and never accepts extra dishes.

“Sorry, I forgot, Aunt Fang, please change another bowl of rice.”

“Okay.”

Auntie Fang immediately re-did a bowl of rice for Albert Ou.

That's when Albert Ou started eating.

"This, this, this, I made it, it's not good, will eat it." Qin turned around and counted the dishes he had made one by one.

Ever since she knew that Jasmine Tong cooked well and knew how to bake, Qin turned around and felt left behind.

She was so busy, though, that she hired a private cooking teacher to teach herself how to cook.

Her cooking skills have improved greatly during this time.

But except for Jasmine Tong's cooking, anyone's cooking was the same in Albert Ou's eyes.

"Asawa, do you think Little Man could have offended someone in the circle? It's never possible to kidnap her for no reason. Since it's a kidnapping, the kidnapper should have made a demand, but there's been no movement so far."

Qin turned around and analyzed as he ate his meal.

Albert Ou's eating stopped immediately.

It would have been a normal kidnapping, but the other party should have contacted him for a ransom or made some kind of offer long ago.

Three days have passed and nothing's happened. Why?

Albert Ou immediately took out his cell phone and called Russel Cheng.

"Go to the communications department immediately and check your wife's recent phone records, I want the most detailed information possible."

"Yes,"

Since they didn't ask for a ransom, or make any other demands, that means they only have one goal in mind.

They want Jasmine Tong.

Albert Ou suddenly opened up, why would the other party choose to take the highway, it was obviously just stalling for time!

Chapter 346

Soon Albert Ou received a reply.

“Mr. Ou, it’s checked, I’ve checked all the inbound and outbound calls made by the wife during the filming, and only one phone number couldn’t be traced.”

“Where is the place of belonging” Albert Ou frowned tightly, it was probably the only clue he could get hold of.

“There is no place of attribution, this call was inbound for a total of more than two minutes, so it is evident that the wife and the other party should have had a brief conversation, but the number cannot be traced to a place of attribution or any information.”

“Send this number to my cell phone immediately.”

“Okay.”

At the side, Qin suddenly looked like he had thought of something.

“Asawa, I suddenly remembered.”

When Qin turned around and stopped talking, he looked at Aunt Fang and Pearly.

Albert Ou also understood Qin Yanyan’s intentions, so the two of them went upstairs together to the study.

“Reminded of what?”

“Do you remember, the last time I came back in the mountains, I mentioned to you that someone had quietly called Mandy and asked Mandy to test you, I thought it would be the same person.”

Albert Ou’s pupils burst with intense hatred.

His hand gripped the phone tightly.

“Cold Lords,”

“You know,”

“Don’t know him, but I know him.”

Albert Ou received that phone number from Russel Cheng and immediately called it.

“But it’s no use calling him, I guess the number is already void.”

The moment Qin turned around and spoke, the phone got through!

“Hey, I’ve been waiting for your call for three days and three nights, Albert Ou, and it seems like you’re no more than that, but it took three days and three nights to check me out.”

The provocative voice of the Leng Lords came from the other end of the phone.

“Where’s Jasmine?”

“Mandy does have me now, don’t worry, I won’t let you find her.”

“Cold Lords, what the hell”

Before Ouzeno finished his words, the cold lord hung up the phone.

When he calls the phone again, they don’t answer or even just turn off their phones.

Albert Ou clenched his fist in resentment.

Why didn’t he think of the Cold Lords?

“Is Mandy in this man’s possession?”

“Well.”

Then Qin turned around and let out a sigh of relief.

“That’s great, it’s good to know who has it, just check the person in, at least it won’t go on like this without a clue.”

“But it’s just that this guy can’t be found no matter how hard I try, I’ve been tracking him for a long, long time, but I don’t know anything about him.”

Qin turned around and looked at Albert Ou incredulously.

“It’s amazing how well anyone can hide before you.”

Qin Liyuan had always thought that Albert Ou was omnipotent, but he didn’t expect that this time he was really running into an opponent.

But it was the Leng Lords

Albert Ou has actually not given up on the Cold Lords’ investigation all this time.

But there was nothing.

The reason why Leng Lords dared to answer Albert Ou’s phone call in a dignified manner was that they expected Albert Ou to know nothing about him.

And this cold lord seemed to know his methods like the back of his hand.

Albert Ou had wanted to stall for time to be able to find out where one of the Cold Lords belonged, but the Cold Lords had accurately mastered the time, and in that short amount of time, there was no way to inquire about the place of belonging.

This man is horrible, he’s like a roundworm in his stomach.

s city

“The young master is back.”

With a shout from the maid, Chu Runzhi immediately came out of the room.

I saw Hosiji returning from outside with a huge backpack on his back.

“Ouch, Jay, you’re back.”

Huo Sijie had just been a freshman in college, and this was his first time away from home, where Churunzhi had been away from his son for so long.

“Mom, what do you think you’re always calling me back for?”

Huo Sijie was a hundred times unwilling to leave home so easily, and every Friday Chu Runzhi had to give him a call to come back for the weekend.

“You brat, you went back to school after the New Year, you haven’t been back every time I call you and you say busy, you’re a student what’s so busy.”

Chu Runzhi said as she gently patted Huo Sijie’s head.

“Students are the busy ones, I’m a freshman this year, I’m even busier, and Z and S city still have to fly, so you can toss me.”

Hosiji complained as he went into the house and took off his backpack.

“I shouldn’t have agreed to let you go to college in Slivestopol in the first place you yourself still have to go to this well, a trip home is a lot of work”

Hoshi sat down on a chair and poured himself a glass of water.

“I just want to get away from you guys.”

“Hey,”

Chu Runzhi was really angry enough by this son, the family one does not let her save heart.

“You couldn’t say anything to cheer me up after all your trips back.”

“Gee, Mom, I just got off the plane and I’m tired, I’m going to go back to my house and take a nap.”

Said Hosiji and was ready to go.

“Hey hey, I’m not done talking to you yet I’m telling you to come back to your cousin.”

“Where did my cousin I pop up” Huo Sijie was very puzzled.

Huo’s family is thin, and Huo Yulong’s parents only gave birth to Huo Yulong and Huo Yuzhen, but Huo Yuzhen ran away from home again, leaving the Huo family with some distant relatives who don’t usually move around much.

“Do you remember your father telling you once that she has a sister and you have an aunt.”

Hosiji carefully tried to fathom it.

“Oh, like that’s what’s going on.”

“That aunt of yours is dead, but she left two children, a boy and a girl, and your father got your cousin back, so go ahead and check it out.”

“Oh.”

Huo Sijie didn’t care, it didn’t matter to him that there was just one more cousin in the family.

Chu Runzhi brought Huo Sijie to Jasmine Tong’s room.

“Your cousin lives in this room, so go in, there’s a surprise.”

Chu Runzhi was also aware that her son liked Jasmine Tong very much.

Hosiji and Hosiya both liked Jasmine Tong.

“Just have a surprise don’t be a shock.”

Huo Sijie stood at the door and knocked on it.

“Cousin,”

Jasmine Tong was reading a book in her room when she suddenly heard someone calling for her cousin.

“Manny, Kit’s back,” shouted Churunji.

Jasmine Tong immediately got up and went to the door and opened it.

At that moment.

“Mandy,”

“Kit,”

Both men froze.

Chu Runzhi took a look at these two people.

“You two have met before.”

“Seen,” Hosier answered immediately.

“Oh my gosh, that’s so meant to be you guys talk you talk.”

Chu Runzhi left happily.

Hosiji walked into the house.

“Manny-san, you’re my cousin oh my god, this is incredible.”

Huo Sijie suddenly frowned.

“Then Yarwen Tong is not my cousin”

“I don’t know which of you two is older.” Jasmine Tong looked at Huo Sijie with quite a bit of interest.

“He’s older than me, we’re both the same year, his birthday is older.”

“Oh.”

Jasmine Tong’s eyes were fixed on Huo Sijie.

It’s like a lifeline.

Chapter 347

Jasmine Tong did not immediately speak to Huo Sijie about her house arrest, the straw has come, this matter cannot be rushed.

In the evening, Jasmine Tong came directly to Huo Sijie’s bedroom to find him.

“Kit, are you there?”

There was no sound.

“My lady, the gentleman just called the young master away, you go in first and wait for him.” A maid happened to be passing by.

“Good.”

Jasmine Tong pushed the door straight open and walked in.

Hosier's bedroom was a bit cluttered, with pictures of basketball stars on the walls and sandbags hanging from it, it was more like a boy's room.

Jasmine Tong saw the computer on the table in a flash.

She was smart and immediately walked away.

With a shake of the mouse, the computer screen lit up.

Jasmine Tong suddenly became nervous and looked around

It's the best chance we've got, and the computers are networked.

She knew that WeChat was also available on the computer and she quickly opened the webpage to find the login address.

Enter your own account number and password.

The page is jumping, and soon she'll be able to log in to her MySpace and tell Albert Ou where she is!

Just at that moment, the door suddenly opened.

Tong looked to the doorway, and the man at the door looked to Tong

"Cousin, what are you doing?"

"I'm just playing with the computer."

Huo Sijie immediately saw the WeChat that Jasmine Tong had logged in.

She only needed to type a few words as the webpage showed that she had successfully logged in.

"Cousin, you quit right now."

"Kit, help me this once, for cousin please."

Jasmine Tong is holding the computer and won't let go, but she can't type even if she's frozen like this.

Huo Sijie immediately turned off the router in his room.

There was no need to struggle as Jasmine Tong saw the computer screen showing that it was offline.

“Cousin, you don’t want to hurt me.”

“You know all about it.”

Tong sat down in her chair and put her computer back in its place.

“If you know that, then you should know that your father is putting me under house arrest, and you should know that he has no reason to.”

Huo Sijie had just been called out, and this was for Jasmine Tong.

Huo Yulong had already told Huo Sijie about the cause and effect, also because he was worried that Jasmine Tong would use Huo Sijie.

Jasmine Tong regretted that she should have been the first to see Huo Sijie.

“My dad says Albert Ou is,”

He found this fact absurd, but he had no way of disobeying his father.

“It’s a vampire, you’re a college student, you should know that’s nonsense.”

Huo Sijie scratched his head in frustration and sat down.

“Then I can’t disobey my dad, you don’t know my dad, if I help you, my dad would have to kill me.”

Jasmine Tong lowered her head in disappointment.

I thought that Huo Sijie’s arrival would bring a glimmer of hope, but I didn’t expect that hope to be dashed so soon.

No, this wouldn’t work, she had to fight for it.

It had been four days, and Albert Ou must have been frantic at home.

“So you were so scared of your dad that you helped him along with the bad stuff?”

Huo Sijie hung his head, not saying a word.

“Kit, I know you’re a good kid, do you believe this nonsense too? If Albert Ou is a vampire, what about Xin Xin?”

At the mention of Mo Yi Xin, Huo Si Jie finally had some reaction.

“What does this have to do with Xin Xin?”

“Of course it’s related Xin Xin is Albert Ou’s young niece, they’re relatives ah, if Albert Ou is a vampire, then how did they get this relative.”

Huo Sijie pondered it carefully and couldn’t figure it out.

“I can’t figure it out, but my dad says he is.”

“Your father says he is, that’s because he doesn’t know him, Xin Xin is Albert Ou’s niece and gets along with Albert Ou a lot, if Albert Ou was a vampire, then Xin Xin would have known by now”

It wasn’t unreasonable to say so, once Hoshi Jie thought about it.

“Will you help me?”

Huo Sijie was very torn at the moment.

“Oh cousin, don’t give me a hard time, I’m stuck in the middle of you guys you know what my dad just warned me about”

“What did he say?”

“He said the one thing he regretted doing the most in his life was letting my aunt go he said he told me not to go his way or I would regret it for the rest of my life you but my cousin I don’t want to regret it like my father.”

Huo Sijie was extremely frustrated.

Having just been properly warned by Huo Yulong, he was also a little scared.

“You won’t regret your dad letting my mom go back then until you help me now, he’ll regret it because my dad is scum but Albert Ou is different, he’s good to me, he loves me so much”

Hosiji was wavering again.

He bit his teeth.

“Cousin, stop it, I have to listen to my father.”

Jasmine Tong could sort of tell that the boy had probably been obedient since he was a child.

Plus some intimidation from Huo Yulong.

But Huo Sijie is her only hope. She can't let go of him.

I'm sorry, Kit.

“So you'll blame Xin Xin for you?”

“Yan Yan She”

Every time Mo Yi Xin was mentioned, Huo Sijie would be a little shaken.

“I can see that you like Xin Xin very much, Albert Ou is Xin Xin's youngest uncle, and Xin Xin also likes me as his youngest aunt, do you think Xin Xin won't blame you”

The last time in the hospital, Jasmine Tong could see that Huo Sijie was very good to Mo Yi Xin, and his eyes were full of affection.

“”

Huo Sijie bit his own lip and remained silent.

Tong Mann was waiting for him.

“Blame it on her, then I can't betray my dad, not with her anyway”

Hosiji had a great sense of brokenness.

“Why not?”

“Cousin, don't you know that Xin Xin likes Yarwen Tong, almost everyone in our school knows”

It's still a little sad to mention this, Hosier.

"But, it's impossible for Xiaolei and Xin Xin."

Jasmine Tong said it very absolutely.

"Why is it impossible that Xin Xin likes Yarwen Tong very much you're not going to disagree just because you're Xin Xin's little aunt, are you?"

Huo Sijie was very puzzled.

"Of course not, kissing on top of kissing, I like that kind of thing too, but the two of them just can't, because of little Lei"

Speaking of which, Jasmine Tong looked a little lonely.

"Xiaolei had been sentenced to death by doctors a long time ago, he had congenital heart disease, and the doctors had said before that he wouldn't live to be 17, but now he's over 17 and his health is deteriorating, and he doesn't know which day,"

The following words Jasmine Tong did not say further.

And Jack Hawthorne understands.

Jasmine Tong steadied herself.

"I will never allow Little Lei to fall in love, falling in love will affect his emotions, and the mood swings will affect his heart and shorten his life span."

Chapter 348

Hossein was still a bit shocked about this matter.

He didn't expect Yarwen Tong's illness to be that serious.

Jasmine Tong raised her eyes to look at Huo Sijie.

“Jie, so you don’t have to worry at all, Xin Xin will be with Xiaolei, you still have a chance.”

Jasmine Tong knew that it was a bit dirty to use a boy’s feelings like that, but she had no choice.

“Cousin, you’re not fooling me,”

Huo Sijie suddenly became suspicious.

“Jie, how could I possibly lie to you? Little Lei and I have lived together since we were kids, even if I wanted to run away, I wouldn’t curse him, right?”

Hoshi Jie thought about it, and it made sense.

“Kit, you’ve got to help me.”

Jasmine Tong grabbed Huo Sijie’s hand.

“Cousin, I really ugh”

Huo Sijie still couldn’t make up his mind.

“If you don’t help me, Xin Xin will definitely know by then, and she’ll blame you.”

Jasmine Tong had to start threatening.

“I know, but my dad,”

“You’re your father’s own son, can’t he kill you or else you’ll walk with me to Slivestopol and he won’t be able to do anything to you, and then I’ll be able to ask Albert Ou to protect you.”

“That’s not going to cut me off from my father.”

“Of course not, it’s just a reprieve, won’t you be able to go home when he’s cooled off.”

Hosiji was in a dilemma.

He mulled it over for a while.

“Cousin, if I help you this time, can you help me catch up with Xin Xin?”

Huo Sijie looked hopefully at Jasmine Tong.

Jasmine Tong was in a bit of a dilemma, she originally just wanted to take advantage of the relationship, but she didn't expect Huo Sijie to make such a request.

“Kit, I don't like to interfere too much with feelings, feelings are a matter of two people, two people you want to be together.”

Hosiji dropped his head.

“I really like Xin Xin's, I've liked her for years, I went to my grandmother's house in Slivestopol one summer vacation and ran into Xin Xin, then I fell in love with her, she also liked being with me, I thought that when we went to college, the two of us would naturally fall in love, but who knew.”

Halfway across the world.

Mo Yi Xin suddenly fell in love with Yarwen Tong.

“So you two are kind of childhood sweethearts.”

“It's also fair to say that basically every summer and winter we're both together, I usually head over to my grandmother's side whenever I have a vacation, and I went to college, I went to Z just for her.”

Speaking of these things, Hossein finally had some spirit.

“Jie, at most I can help you stop Xin Xin from being with Little Lei, and I can also put in a good word for you, but it's still up to you.”

Huo Sijie suddenly lit up with hope, knowing that boys at this age are very willing to pay for a relationship.

“If only my cousin would put in a good word for me.”

Hoshi Jie mulled it over.

“But you can't sneak the news to Albert Ou, Albert Ou is so powerful, what if there's a fight between the two sides I can't hurt my dad can I.”

“So what do you say?”

“You let me think about it, tomorrow Sunday, I’m leaving on a plane tomorrow night.”

So time is still of the essence.

Huo Sijie suddenly snapped his fingers.

“Cousin, I’ve got an idea.”

“What way,”

Huo Sijie hooked his finger towards Jasmine Tong, who immediately leaned in to his ear.

The next morning, at breakfast time, everyone was there, except for Jasmine Tong.

For the past few days, although Jasmine Tong was under house arrest, she got along with the Huo family quite well, and did not tit-for-tat, and still ate together.

A maid came over.

“Missy said she wasn’t feeling well, had a bit of a cold, was still asleep, and said she told everyone to eat first and not to wait for her.”

“Not feeling well,” Churunzhi asked immediately.

“Oh, I blame it on my cousin and I talking too late last night, we’ve been skulking around in the yard, and the wind was a bit chilly last night eighty percent of the time I’ve got a cold.”

Huo Sijie hastily echoed.

Leng Lords looked at Huo Sijie and did not speak.

“Then hurry up and get a doctor to take a look at her, she’s eaten very little these past few days, and she’s probably a bit underwater.” Chu Runzhi was still very concerned about her niece.

“Then bring the doctor here.” Huo Yulong gave the order.

“Good.”The maid immediately went to fetch a doctor.

The Hawks have their own family doctor and usually don't even need to go to the hospital.

The family ate as usual.

Slivestopol

Another day of no progress.

Although we have found out that the other party is the Cold Lords, we are still left with nothing.

The first thing you need to know is that you can't be sure that you're going to be able to do anything about it.

This man always misses Jasmine Tong

Only for you.

Green roses in flower.

The floral language alone made Albert Ou's heart tremble.

Qin turned around and came over with a plate of fruit.

She was staying in Rainbow City for the past few days, and Albert Ou couldn't care less about her.

“Asawa, you've been working too hard the last few days, eat some fruit and get some vitamins.”

Qin turned around and picked up an apple, as well as a fruit knife to peel an apple for Albert Ou.

Albert Ou was about to say something when his phone rang and he immediately answered it.

“There's news,”

“Not yet, but, Mr. Ou, last night we suddenly monitored Mrs. WeChat's login.”

“What,”

Because Albert Ou thought that Jasmine Tong would definitely find a way to contact him, he kept sending people to monitor all of Jasmine Tong’s social accounts.

“Tell me the details.”

“Last night, at about nine o’clock, the wife’s MySpace account, she logged in on a computer, but only for a short while before she went offline.”

“Did you get the IP address?”

“Checked it out and the network IP address shown is in S city.”

“s city”

Albert Ou was even more confused, Jasmine Tong seems to have filmed in S City, but other than that there seems to be no interaction with S City.

“Where’s the exact address?”

“I haven’t found the exact address yet, I’m working on it, but it reminds me of something.”

“Say,”

“Mrs. once attended an event for Huo’s jewelry when she was filming in S City, and was kicked out by Mrs. Huo at the time, I don’t know how she offended Mrs. Huo at the time, but I think it could have something to do with this.”

“Huo’s Jewelry,”

Albert Ou had naturally heard of them, and looking around the country, there probably wouldn’t be anyone who hadn’t heard of Huo’s jewelry, after all, they had stores all over the country.

“Get me a specific IP address right away.”

“Find out it’s the Huo family,” Russel Cheng suddenly said excitedly.

Chapter 349

City afternoon

Hosier was just at home for the weekend, and he was due back on Sunday.

Chu Runzhi is packing Huo Sijie's bags.

Hosiji was playing mobile games on the side.

"Mom, just about, don't bring me so much food, it's too heavy."

Hosiji was whining as he played.

"I've put a lot of effort into getting this stuff for you and you're still too heavy for me to bother."

"Okay, okay, do whatever you want."

After a while, the maid came over.

"Madam, young master, the car is ready, leave early, don't miss your flight."

"Okay, got it."

When Chu Runzhi responded, she turned to Huo Sijie.

"Jie, your cousin is not feeling well, you should go see her later."

Huo Sijie's eyes moved and immediately looked at the time.

"Gee Mom, why didn't you remind me it's five o'clock."

"What's wrong with five o'clock? I thought you had a seven-thirty flight."

Chu Runzhi continued to inspect Huo Sijie's suitcase.

"It's 7:30, our home to the airport will take half an hour, this point is a traffic jam, must take more time, you bring me so many things, I have to advance security checks, in case not, and have to delay the time."

"Oops, forgot about that, now it's almost time to get stuck in traffic, so let's get going."

Churunzhi checked again and pulled the suitcase on.

“Mom, then tell my cousin that I won’t go to say goodbye to her, and we’ll have plenty of chances to see each other later anyway.”

“Okay, I’ll walk you out the door of the building and I’ll go check on her and see how she’s doing.”

Chu Runzhi brought Huo Sijie to the door, and the car was parked in the courtyard.

Seeing the car parked in the courtyard, Chu Runzhi frowned for a moment.

A commercial vehicle was sent over.

“Why are you driving this car over here today? Do you need this big car all by yourself?”

Huo Sijie’s eyes were a little wandering.

“How not to use ah I can still sleep in the car for a while, the plane more suffocating ah just refreshing a bit.”

Huo Sijie smiled towards Chu Runzhi.

“You, you’re the best. You can’t take any grievances. If your father finds out, he’ll scold you again.”

Hoshi Jie threw up his tongue.

The luggage was loaded onto the trunk.

“Mom, you go home, then I’ll leave.”

Just as Huo Sijie was about to get into the car, the Cold Lords suddenly walked over.

“Jay, why don’t I go see you off today.”

Huo Sijie was in a state of shock.

“Brother, just, just don’t bother, I’ll just walk by myself.”

The cold owl's smile is permeated with an evil feeling.

"What's the trouble with that anyway, I'm fine, let's go."

Chu Runzhi was very pleased though.

"Let your brother drive you." As he said that, he patted Hoshi's shoulder.

As soon as Huo Sijie was about to retort, he saw that the driver had gotten out of the car, and the cold lord was sitting directly in the driver's seat.

I'm afraid he's going to show his hand if he refuses again.

"That's okay, Mom, I'll go first."

Hosiji sat in the back seat.

The car slowly drove out of the Huo family gate.

Huo Sijie looked over at Jasmine Tong, who had been squatting in the back row for a long time.

Everyone thought that she was unwell and was still recovering in her room, but she hadn't thought that she was already in the car that was going to take Huo Sijie away.

Huo Sijie shook his head towards Jasmine Tong.

Just now their conversation Jasmine Tong naturally also heard, she also did not dare to act rashly.

Hopefully, the cold lord was just a whim, so he was ready to drive Huo Sijie himself.

The cold lord looked behind him through the rearview mirror.

"Kit, no goodbyes to your cousin?"

"That time didn't pass before it was too late, but there will be plenty of time later anyway."

The Cold Lords laughed and didn't say anything.

“Kit, the thing about Albert Ou being a vampire is something that only you know about, and you mustn’t tell anyone.”

“Brother, but I always thought it was like hearing stories about how there could be vampires in this world.”

“The world is a big place, and there’s a lot you don’t know about it.”

The Cold Lords were calm, though.

“But, I know Albert Ou’s niece, if he’s a vampire, but what about his niece his niece is hard to be too ah or, how can he have a niece brother ah, I think you should talk to my father, don’t lock up my cousin.”

“A vampire is forever a vampire the day they become a vampire and age is set in stone and never ages after that, it has nothing to do with whether they have a family or not, it doesn’t mean he’s a vampire, his family is a vampire.”

The cold lord was telling Huo Sijie as he drove.

“And there is no way for us mere humans to tell, with the naked eye, if he is a human or a vampire, they usually have blue eyes and skin that is cool to the touch, always infinite in energy, and far superior in speed and strength to humans.”

Despite the fact that Huosi Jie has no interest in this, the cold lord still keeps talking about it on his own.

Jasmine Tong squatted in the back, the atmosphere does not dare to breathe, listening to the words of the Leng Lords, always feel that the Leng Lords this is to say to their own ears.

All the way home the Cold Lords were talking about vampires.

Luckily, I left home early and didn’t catch the rush hour, so it was a pretty smooth ride.

To the parking lot of the airport.

The company has been in the process of developing the new product for the past two years.

“I’ll get out of the car and pretend my stomach hurts, and you take the opportunity to get out of the car right now.”

Huo Sijie wrote these words on his phone and showed them to Jasmine Tong.

Jasmine Tong nodded down towards Hoshijie.

Leng Lords first got out of the car, followed by Huo Sijie, Huo Sijie took the luggage from the trunk, and the two of them walked forward.

Just as the cold owl was about to lock the car door, Huo Sijie suddenly covered his stomach.

“Brother, no, my stomach hurts.”

“What?”

Huo Sijie squatted on the ground with his stomach covered, and the Leng Lords immediately helped him.

“What’s with the stomach ache on a good day?”

Just at this time Jasmine Tong carefully opened the car door and lightly stepped out to hide behind the car.

“It just hurt like a drill, but it’s better now.”

“Should we go check it out?”

“No, don’t delay the flight, you’ll probably eat cold.”

“All right then.” Leng Lords immediately locked the car doors and went to the waiting airport with Huo Sijie.

“Brother, just take me here and go back.”

“Well, I won’t wait with you, so take care of yourself.”

Leng Lords patted Huo Sijie’s shoulder and turned to leave.

Huo Sijie finally breathed a sigh of relief.

Just at this time, Jasmine Tong quietly ran over.

“Cousin, I stole your ID card for you and booked your flight, so hurry up and change your boarding pass, you’ll be safe once you get through security.”

Chapter 350

Jasmine Tong immediately nodded her head and changed her boarding pass.

At this point, she was also finally relieved, but luckily Huo Sijie was resourceful enough to shake off the cold owl.

The two men came together to the security checkpoint where there was a long line.

Huo Sijie was still a little uneasy and kept looking around.

“Kit, what are you looking at?”

“My brother is a very smart man, and the reason he came to drive me was probably because he had some suspicions I had a feeling he wasn’t going to leave that easily.”

Huo Sijie looked around and didn’t find the Cold Lords.

“It’s going through security right away, and he won’t be able to get in after that.”

“Good thing we’re early. This security check will take forever.”

The time passed pretty quickly as the two men chatted and lined up.

It’s almost time for the security check.

“Jasmine Tong,”

Suddenly there was a

Jasmine Tong and Huo Sijie looked over in the direction of the voice, the cold owl

I can’t believe he’s back.

“Stop right there, both of you,” the Cold Lords snapped.

“Cousin, get out of here, I’ll stop him.”

Leng Lords a few jumps on the side railing through the queue of people.

I’m about to catch them.

The first thing you need to do is to take a look at this.

Jasmine Tong was already standing in a place where a security check was taking place.

As she uneasily conducted her inspection, she looked back at the Leng Lords and Huo Sijie from time to time.

“Jay, let go of me, don’t let me hurt you.”

“I’m not loosening up.”

Where could Huo Sijie’s strength compete with that of the Cold Lords, and soon she felt her strength slowly running out.

Suddenly, Huo Sijie had a bright idea...

“Everyone quickly help ah this man and my sister married only a year, he often hit my sister my sister are going to be killed by him my sister is pregnant, must find a safe place to raise the fetus everyone quickly help”

When Huo Sijie shouted like this, the people around him all looked over.

“How can this man be like this, his wife is pregnant and he won’t let go”

“It’s just that the most disgusting men in the world are the ones who beat their wives.”

“Is there no humanity ah you men will beat your wives flaunting, capable of going out to make money ah.”

Just in time, there was a tour group of older women in the security line.

These nosy aunts all swarmed over one by one, accusing the Leng Lords.

Huo Sijie finally used up the last of his strength and let go, and the cold lord stood up.

But it turned out to be a crowd of aunts.

“Young man, mend your ways, women aren’t easy.”

“Turn back na, boy, you look so handsome, you should be a gentleman.”

The aunts not only surrounded the Leng Lords, but also persuaded the Leng Lords one by one.

Leng Lords jumped up and down, but there was just no way to fend off the siege of these aunts.

Jasmine Tong has passed the security check.

Huo Sijie sat on the ground and laughed at the wretched appearance of the Leng Lords.

He had never seen the Cold Lords in such a mess before.

Leng Lords stomped his foot resentfully looking at Huo Sijie who was sitting on the floor.

“You’re going home to be whipped.”

The company has been in the process of developing the new product for the past two years.

In fact, he had long suspected that Huo Sijie would help Jasmine Tong leave, but felt that Huo Sijie was timid and would be afraid of Huo Yulong, not daring to let Jasmine Tong go.

If he hadn’t returned to the car, he wouldn’t have chased after her again if he hadn’t seen Jasmine Tong’s hairpin left on the car.

Leng Lords grabbed Huo Sijie by the collar and pulled him out of the crowd.

Even Huo Sijie couldn’t laugh at the moment.

“Brother, why don’t you just let me go, I can still make it to the plane now that I’m through security, and my dad won’t smack me if you take me home.”

Huo Sijie’s smile was flattering.

Leng Lords flicked a chestnut at Huo Sijie's head.

"When you decided to let Mandy go, didn't you ever think your father would whip you?"

"Brother, you can't see death and not save me I know you're the best for me, just let me go this time."

Huo Sijie clasped his hands together and begged bitterly.

"If I let you go, how else am I going to get Mandy back?"

Huo Sijie stared at the Cold Lords.

"She's gone, how else are you going to chase her back when she gets to Slivestopol and Albert Ou will be guarding her"

The Cold Lords still smiled evilly.

"Mandy is soft, and if she knew that you took a beating for her, she would have come back. Come home with me."

Leng Lords grabbed Huo Sijie's collar and walked forward.

"Big brother, big brother, let's talk about it. Don't be like that. My dad would really whip me."

Jasmine Tong got on a plane to Slivestopol, only the plane hadn't taken off yet.

But Huo Sijie was late in coming up, and Jasmine Tong anxiously kept looking out the window.

Maybe there's no way out.

The Leng Lords are cold, but not so cold as to hold onto Huo Sijie, after all, the person he wants to arrest is himself

"Dear passengers and friends, our plane is about to take off."

The flight attendant's sweet voice came through.

But Huo Sijie hasn't boarded the plane yet.

Jasmine Tong immediately got up and prepared to get off the plane, she absolutely could not leave Huo Sijie alone.

“Hey, this lady, please stay in your seat, our plane is about to take off.”

The flight attendant kept her smile.

“No, you can’t take off until my brother is up here.”

“I’m very sorry miss, our hatch is closed, is your brother’s name Hosier? He hasn’t been through security and we’ve been repeatedly informed.”

“No, I’m going down.”

They never got through security. That means the Leng Lords have taken Huo Sijie away.

“Will you please cooperate with us, this lady, as the hatch is closed and you can’t get off the plane at this time.”

At this time, someone suddenly recognized Jasmine Tong.

“Isn’t this Jasmine Tong?”

“Oh my, it really is Jasmine Tong.”

“Will you sign my autograph?”

There was sudden chaos in the plane’s cabin.

Jasmine Tong was in a hurry and had also long forgotten that she was a star and would be recognized.

The flight was booked in a hurry and first class was gone, they booked economy.

“Please remain quiet all return to your seats, our flight is about to take off, we hope you will cooperate with us.”

All flight attendants were sent out and began to calm the passengers.

“Miss Tong, would you please return to your seat and not disrupt us.”

Looking around at the people surrounding her, Jasmine Tong could only smile apologetically and returned to her seat.

What do we do now?

She can't leave him alone, can she?
