

Chapter 381

“Because of Xiaolei ah, the other day saw Xiaolei still doing design in the middle of the night, quite distressed, in order to help him realize his dream.”

“So, you’ve got everything you own.”

Jasmine Tong nodded, not that there was anything wrong with that.

Albert Ou took a look at Jasmine Tong’s phone and picked it up in passing, “Let me see your phone.”

“What’s there to see” Jasmine Tong slanted a glance at Albert Ou.

“Let’s see if you, while I’m gone, have been with another man.”

“Che is sick,”

Jasmine Tong glared at Albert Ou and continued to eat, he can look at it if he wants, after getting along for a long time, she wasn’t so disgusted with the fact that Albert Ou wanted to look at his phone.

Albert Ou opened Jasmine Tong’s WeChat and found the chat logs of the two of them, and found that Jasmine Tong hadn’t sent a single word during the time she had just left on a business trip, and there were only a few days in between where she had sent a few messages.

And then open Jasmine Tong’s call records, in this half month, Jasmine Tong called himself only three or five.

Albert Ou thought that Jasmine Tong would be worried about him after being away for so many days, and he imagined that he must have countless missed calls and unread messages from Jasmine Tong on his phone

After all, he had no way to look at his phone when Orson had taken it.

When he saw Jasmine Tong’s phone today, he knew he was overthinking it.

Albert Ou put the phone on the table.

“Have you been kissing other men? What have you found out, Detective O?”

Jasmine Tong poked fun at.

“You’ve been busy with the costume studio lately.”

“Yeah, I’ve been running this thing for the last few days.” Jasmine Tong answered truthfully.

Albert Ou put the dishes on the table.

“So you’re not worried about me at all even though I haven’t called you or sent you a single message in all these days.”

Albert Ou’s face darkened every inch of the way.

The fact that he was in a foreign country and hadn’t heard from him in over half a month was no more important than Yarwen Tong’s dream.

“What’s wrong with you” Jasmine Tong also put down her chopsticks, wondering what she had done wrong.

“Jasmine, what kind of position am I in your heart?”

Hearing this question, Jasmine Tong’s face also sank.

Maybe it was because she was having her aunt and wasn’t very stable emotionally, but when she heard this question, Jasmine Tong was not calm.

“What do you mean,”

“Nothing interesting, just asking.” Albert Ou turned his head to the side.

Thinking about the days he spent in Aiya, Albert Ou begged his mother to help him send a message, just because he was worried that Jasmine Tong would be worried about his safety.

But I didn’t think they wouldn’t think of me.

“We’ve been together for so long, don’t you know in your heart what I’m like to you?”

“Not sure,”

Albert Ou turned around and pointed at Jasmine Tong's phone.

"I thought you'd be worried about me while I was gone, so I went to all the trouble to come back without stopping, just in case you missed it, but I didn't think you'd have a mind to keep busy with some bullsh!t studio these days."

"What the f*ck studio you don't speak so badly" Jasmine Tong shouted.

Aunt Fang and Pearblossom don't know what's going on, why are these two people arguing so nicely?

"I speak so badly, what's wrong Jasmine Tong you know I almost this time"

Albert Ou held back in time from finishing his sentence.

"Almost what?"

"No not much I just wanted to say that you have nothing but your brother in your eyes and even if I die out there, you still only care about your brother's studio."

Albert Ou snarled.

"Albert Ou you've gone too far with your jealousy he's my younger brother forever, that's something no one can change even if we're separated"

Somehow, Jasmine Tong's temper came up, and she said everything.

Albert Ou suddenly sneered.

"Jasmine Tong, it's good that you finally got your words out."

Albert Ou stood up, his anger building up in his chest and holding his breath.

He suddenly overturned the table on the floor.

Jasmine Tong immediately got up and flashed to the side.

"You're crazy,"

"I'm just f*cking crazy,"

Albert Ou roared and seized the door.

Jasmine Tong stood in place, at a loss for words.

She hadn't expected the quarrel that greeted them after so many days of thinking about them.

Jasmine Tong heard the sound of a car engine and Albert Ou left.

The restaurant was a mess.

Aunt Fang and Pearblossom rushed over to clean up the mess, while Jasmine Tong sat on a chair, looking lonely.

Although the two had fought before, they hadn't fought to the point of lifting the table.

They've been apart for so long and they're arguing so much.

"Don't feel too bad about it, ma'am, the company must be very busy with the gentleman being gone for so long, and it's understandable that he's in a bad temper."

Aunt Fang cleared the dishes as she widened her understanding.

Jasmine Tong only felt exhausted.

She ignored no one and went upstairs alone.

Albert Ou drove the car Mercedes on the highway.

"July Flower, right away."

Giving an order to John, Albert Ou immediately tossed the phone aside.

July flowers

It had been a long time since he'd been here, and it was still the same old place, boisterous, brightly lit, with men and women twisting their waists and indulging themselves.

In the private room, Albert Ou drank a glass of wine, his eyes scarlet.

He had thought that Jasmine Tong loved him very, very much, and this was the first time he suspected that she didn't actually love him that much.

Everything felt like it was wishful thinking on his part.

John is very surprised to see Albert Ou drinking when he enters.

“I thought you quit drinking.”

Albert Ou heard this and suddenly stopped.

Yes, he promised Jasmine Tong to quit smoking and drinking.

But thinking of today’s conversation with Jasmine Tong, Albert Ou raised his cup and drank it all.

“Broken commandments,”

“You’re not afraid that your Man-Man will come back and cut you.”

John said jokingly.

“Don’t mention her to me,” Albert Ou growled.

John Quan immediately understood that these two must be fighting, and it was especially fierce.

He immediately sat next to Albert Ou.

“What’s going on ah talk to me let me line up to relieve your troubles, but you seem to have been away on business for a long time, a little goodbye, why would you fight?”

Albert Ou downed another two glasses of wine.

Then, only then did he tell John about what had happened during this time.

“Is your mother’s prophecy that accurate? Then ask her for me to help me predict what I can do with my life.”

Chapter 382

“Get out” Albert Ou gave John Quan a hard stare.

“I think your parents should have lied to you, think about it, Mandy looks weak, not to mention asking her to kill you, telling her who you really are would scare her into passing out, can you believe it”

In fact, Albert Ou always felt that Mom and Dad were lying to him in order to get him to leave Jasmine Tong.

But now the question he was struggling with was whether it was worth it for him to do all this for Jasmine Tong.

“Do you think Jasmine doesn’t love me at all she has no place in her heart for me or just a little”

John Quan shook his head.

“You ah, just fell in too deep before, you pretended to be another identity, close to her, and she fell, you eat your own jealousy, and now you eat your brother-in-law’s jealousy.”

John Quan laughed.

Albert Ou glared at him so hard that John Quan immediately made a move to seal his mouth, never daring to make another move.

“I don’t know why, I just want to take all the place in her heart, all of it I have to be first in line.”

Albert Ou’s eyes radiated with a fierce light.

He never hid his possessiveness towards Jasmine Tong.

“I think you’re just too good for her, putting your whole heart into her, and when her whole heart isn’t in you, you’re off balance.”

Albert Ou listened carefully to John Quan’s analysis.

“So yeah, Zee, I never touch the emotional stuff because it’s too much trouble.”

Albert Ou just drank his wine and ignored John.

“Here’s what I’ll teach you, tonight, you’ll find two chicks to sleep with to divert your attention and to make Manny jealous so she can redirect her mind to you.”

“Don’t give me stupid ideas.”

“How can this be a bad idea? Men or women, there must be a sense of crisis, just because you are too clean, Manny feels no sense of crisis ah, so you are like that”

Albert Ou carefully recalled what John Quan had said and thought it made sense.

“When she realizes that she’s not the only woman around you, she’ll have a crisis and want to hold on to you, and won’t that mind shift back?”

John patted Albert Ou’s shoulder.

“You should never have bolted to a tree in the first place. You don’t want a big forest, you want a tree. You’re stupid.”

John Quan suddenly pulled out a box of condoms from his pocket, pulled off two, and handed them to Albert Ou.

“Listen buddy, enjoy yourself tonight and you’ll find that the world has reopened another door for you.”

Albert Ou looked at the two condoms in his hands, stunned out of his mind.

“What? You don’t think that’s enough?”

Albert Ou did not speak.

John looked at the remaining condoms in his hand and pulled off two more, handing them to Albert Ou.

“Don’t get cocky, you’ll never get enough of these, I can’t give you any more or I won’t have enough.”

Albert Ou didn’t say anything.

John took the condom directly from Albert Ou’s hand and stuffed it into his pocket.

“There are a lot of very hot girls here, I’ll go first.”

John winked at Albert Ou and walked out of the booth.

Albert Ou was still sitting in the booth.

Tell him to go out and find another woman?

Why does he feel sick to his stomach?

“Waiter, wine” he shouted towards the outside.

Maybe if you drink more and get yourself a little drunk, you’ll have the courage to go out and find another woman.

So he drank one glass at a time, and his courage was drunk before he got there.

Two waiters racked him out of the Julyflower.

“Sir, where is your car?”

“In the...”

Albert Ou couldn’t say it for a long time.

An attendant had to pull the car keys out of his pocket and press the button, and that’s how he found his car.

“Sir, may I call a valet for you?”

In the July Flower, there were plenty of drunk people every day and the waiters took it in stride.

Soon the valet came.

The attendant handed over and took Albert Ou to the car, where the valet sat in the driver’s seat.

“Sir, could you give me your home address?”

“Colorful,”

The valet had no choice but to turn on the navigation system, which actually recorded the location of Rainbow City.

A chauffeur drops Albert Ou off at Rainbow City.

“Sir, your house is here, could you please check the fee?”

Albert Ou opened his eyes in a daze.

“If you’re not comfortable with that, I’ll do it myself.”

As I was saying that, Albert Ou began to empty his pockets.

The chauffeur was annoyed. He wasn’t completely drunk.

In fact, they are very fond of drunk customers, because in this case, basically the cost of a substitute driver will be very high.

Some customers even gave them their wallets.

“Here,”

The chauffeur took the “money” from Albert Ou’s hand and spread it out in his palm.

The sight of the hand was disorganized.

“No need to keep looking.”

Albert Ou said and prepared to get off.

The chauffeur immediately pulled him back.

“It’s condoms, not money.”

“What,”

The chauffeur didn’t bother theorizing with Albert Ou, so he searched Albert Ou’s body, took out his wallet, drew a few more bills, and then got out of the car.

Albert Ou practically crawled out of the car and walked to the door.

Slamming the door with force.

Fortunately, Auntie Fang was a light sleeper and came out as soon as she heard the noise.

“Mister, why have you drunk so much wine Mrs. Pearblossom, come out and help.”

She can't handle Albert Ou alone.

Jasmine Tong hadn't fallen asleep yet, and immediately ran down when she heard the sound, seeing Albert Ou drunk, she wasn't angry, but distressed.

She immediately ran over and held Albert Ou with Aunt Fang.

Drunken men are heavy, but pears are out, and it took three men to carry Albert Ou to the bedroom bed.

“This gentleman is too heavy,” panted Pearblossom.

“Aunt Fanny, Pearly, it's late, go to bed, I'll just take care of him by myself.”

Aunt Fanny and Pearly left the bedroom without saying anything.

Tonto closed the bedroom door and walked over to the bed.

Seeing Albert Ou making a show of throwing up, she immediately brought the trash can over.

Albert Ou vomited in a dizzying manner, Jasmine Tong gently smoothed his back.

When he was done throwing up, she immediately brought him water again, then the dirt was cleaned up and sat on the edge of the bed.

“How much have you been drinking ah I did speak too much today, I apologize to you, can't I call you I was going to call you, but didn't you re-run your cell phone and phone also don't know your new number.”

Chapter 383

Jasmine Tong sighed.

“Of course Xiaolei is important in my heart, but you are equally important ah I didn’t call you or send you a message because I was afraid to disturb you.”

“It did come up later because I was busy with the costume studio, but you didn’t return any of my previous calls and messages, and I knew it was no use calling again, thinking that you would have contacted me if you had time.”

Jasmine Tong raised her eyes to look at Albert Ou, who seemed to have fallen asleep.

“Well, wait until you sober up tomorrow.”

Jasmine Tong stood up and prepared to undress Albert Ou so that he could sleep comfortably.

The top was pretty easy to take off, the worst part was the pants.

Jasmine Tong tugged on the two trouser legs and pulled them down with such force that she fell right on her buttocks!

“There was a popping sound as if something had fallen out of my pants pocket.

Jasmine Tong got up to pick it up, and was shocked to find out just now that what fell out was

condoms

There was a condom in Albert Ou’s pocket.

She was pretty sure it was definitely not theirs, as they hadn’t avoided pregnancy since they were planning to have a baby.

Evidently, Albert Ou bought the condoms outside.

“Bastard, you go out and get a woman.”

Jasmine Tong angrily threw the condom at Albert Ou’s body

She had never thought that Albert Ou would go out to find a woman behind her back.

Is it true that people say that men are animals that think on their bottoms? She had a period these days and couldn't have sex with him, so he went out to look for it.

Jasmine Tong sat on the bed, feeling her lungs bursting with air

And this awful man is lying in bed, whirling in and out of sleep.

second day

Albert Ou woke up from his sleep with a splitting headache, certainly not too comfortable when he was drunk.

He rubbed his eyes, and when he rolled over he saw the yogurt on the nightstand.

It was a good laugh.

Who else would be so sweet to him but his woman?

Albert Ou rubbed his temples and sat up, picking up the yogurt and drinking it all in a few gulps.

The bed was empty next to it.

"Jasmine," Albert Ou called out, but no one responded.

He then prepared to get out of bed and went to find Jasmine Tong.

It just so happened that Jasmine Tong walked in from the outside, and incidentally also locked the bedroom door.

Albert Ou scratched his hair, after all the big fight yesterday, it was kind of awkward now.

"Just as well you're awake, so let's talk."

Jasmine Tong's face was very ugly.

Albert Ou grinned.

"I was wrong yesterday, I shouldn't have lifted the table, I'll give you an apology, okay?"

Albert Ou leaned in close to Jasmine Tong and wanted to hold her in his arms, but Jasmine Tong immediately dodged.

“Stop it, Jasmine, don’t get mad ok you can punish me however you want, just don’t mess with me.”

“It’s not the fight yesterday that I want to talk about, but this.”

Jasmine Tong spread out her palm and two condoms were exposed to Albert Ou.

For a moment, Albert Ou wondered what had happened.

After all, he’d had too much to drink last night, broken tablets to be exact.

“What do you mean?”

“It was found in your pocket, when you came back drunk, where you were last night and who you were with.”

Jasmine Tong took a questioning tone.

“I’m with John ah, it’s not mine.”

Albert Ou hastily denied it.

“It’s not yours, so why is it in your pocket?”

Albert Ou racked his brain and suddenly slapped his head.

“Definitely John definitely John he’s always had a chaotic life you know, it’s not at all unusual to have this.”

“If it’s his, why is it in your pocket?”

“Yeah, why was it in my pocket.”

Albert Ou couldn’t figure it out, and he did remember last night’s events not very well.

“It was John’s prank, yes, it must have been.”

Jasmine Tong snickered.

“You went to see him yesterday for a drink, to complain I think, because we had a fight, so instead of trying to convince you to make up with me, he slipped two condoms in your pocket to purposely misunderstand us do you think that makes sense?”

“And yeah, it doesn’t make sense.”

Albert Ou was still sitting on the bed in a daze at the moment, racking his brain.

“If you just wanted to do that last night, and you hadn’t had time to do that, I might have forgiven you, but you always make it clear.”

Jasmine Tong also thought that maybe Albert Ou just had that idea, but didn’t do it.

“I definitely didn’t do it I swear.”

“Then you call John now, I need to seek confirmation on something.”

Hearing that Jasmine Tong was going to make a phone call, Albert Ou was in a bit of a dilemma.

It wasn’t that he was guilty, he just felt that John Quan, who was so verbose and liked to joke around, this wouldn’t end well if he said anything.

“Jasmine, you should trust me, I remember when you said I was your husband, who do you trust if you don’t trust me now”

“It’s two different things.”

Tonto sat on the bed with her arms folded, still ironically selfless.

“If you truly have a clear conscience, why are you worried about making the call?”

Albert Ou nodded.

“Okay, I can make the call, but I’ll also make it clear to you in advance that John is a man who likes to joke around, and he’s not hanging around”

“I understand what to believe and what to be unhappy about, I know what to believe.”

Jasmine Tong was still aloof and cold.

Albert Ou helplessly searched for his phone.

“I just want to get one thing straight, number one, did he give you this condom and number two, if he did, how many did he give you.”

Jasmine Tong also did a lot of thinking last night.

The fact that this was found in Albert Ou’s pocket shows that Albert Ou was moved to do this.

But if he had moved the idea and hadn’t acted on it yet, she could be forgiven.

That’s why she had to ask how many condoms John had given him in total.

Albert Ou is thin-skinned, and with many of his things being left to his secretary, I’m afraid he wouldn’t even know where to go to buy a condom if you told him to.

So, Jasmine Tong’s speculation was not unreasonable.

Albert Ou rubbed his temples.

Picked up the phone and dialed John’s cell phone number.

“Put the speakerphone on.”

Albert Ou obediently put it on speakerphone.

“Hey, Asawa, how’s it going? Did you have fun yesterday?” came John’s voice on the phone.

Upon hearing this, Jasmine Tong’s face darkened.

Albert Ou subconsciously looked at Jasmine Tong.

“What fun or not, don’t talk nonsense, I have something to ask you.”

Albert Ou would never give John a chance to joke around.

“What’s the matter? It’s early in the morning.” Obviously, John wasn’t fully awake yet.

“Did you put the condom in my pocket for me?”

Her Bossy Yet Naive CEO Chapter 384 - 386

Chapter 384

Without waiting for John’s answer, Albert Ou followed with, “Think before you speak, no jokes, I’m talking to you seriously right now, it’s about my reputation.”

Jasmine Tong glanced at Albert Ou.

“Oh hey, you still have a name festival I didn’t know about.”

“Answer my question quickly, don’t waste time, be serious.”

“But don’t you think it’s a silly question to ask? Of course I gave it to you.”

Jasmine Tong and Albert Ou looked at each other.

“Then you gave me a few.”

“Four,”

Hearing John Quan’s answer, Jasmine Tong was shocked for a moment

Even Albert Ou was shocked.

“Nonsense, how can it be four, it’s obviously only two” Albert Ou hastily retorted.

Jasmine Tong snickered.

“That’s four, I gave you two at first and you weren’t enough, I gave you two more you’ve had too much to drink you.”

“Then why do I only have two in my pocket? Think hard if you’re misremembering.”

Albert Ou was already getting anxious, he couldn't remember anything about what had happened yesterday.

"Hahahaha, you asked me why there are only two, you used them yourself I go Asawa, are you on the wrong medication"

Jasmine Tong's face is already hard to see a few points

"If you think about it, is it really four? It's two."

"Four is four, I remember correctly I'm still sleepy, I'm going to bed, I'll hang up if it's okay."

The sound of John yawning came from the phone.

Jasmine Tong was ready to leave the bedroom, Albert Ou immediately hung up the phone and threw it away, one side, and hurriedly got out of bed.

"Jasmine, listen to me I did absolutely nothing wrong to you last night."

Albert Ou pulled on Jasmine Tong's arm.

"So tell me, where did the other two condoms go."

"I might have lost it," was Albert Ou's natural response.

"Then why didn't you drop yourself and why didn't you drop the other two with you."

Jasmine Tong originally thought that Albert Ou couldn't do such a thing, but never thought that he would actually do it!

"It must have been lost somewhere, I'll look in the room right now to see if you're sure I only have two in my pocket."

Albert Ou said as he lay down on the ground, ready to look for it.

Jasmine Tong closed her eyes in pain when she saw him in this state.

"You don't need to waste your time, I've already looked for it."

"Ah,"

“When I was undressing you last night, I found two more than condoms in your pockets, and I stayed up all night, and this morning I started in my room and searched it carefully, even your car I looked in.”

Jasmine Tong looked at Albert Ou, “That’s why I dared you to ask John Quan how many you were given.”

Albert Ou stood up.

“You don’t believe me.”

“The truth is right in front of you, do you still want to argue, Albert Ou, you disappoint me too much because my aunt is coming and I can’t do it with you so you go find someone else.”

Jasmine Tong laughed bitterly.

“Actually, I should have thought that all you love is my body.”

Jasmine Tong hung her head and prepared to go out.

“Jasmine, it’s not,”

“So tell me where the other two condoms went.”

Jasmine Tong finally couldn’t stand it any longer and roared out

“I was so drunk, I really don’t remember.”

“So it’s drunken sex.”

“No, it’s not like that, let me explain.”

“Don’t say anything, I don’t want to hear anything,” said Jasmine Tong and walked out.

Albert Ou held his head in frustration, his head still hurting violently.

What’s going on here?

It was just a fight. He had the upper hand, but now he’s cheating on me.

This is going to get ugly.

Albert Ou walked out of the bedroom and Jasmine Tong went to the study.

Albert Ou knocked on the study door.

“Jasmine, let’s talk about this, shall we?”

“There’s nothing to talk about, we’ll only fight in this state, let’s all just calm down” came Jasmine Tong’s voice from the study.

Albert Ou wanted to say something else, but he felt very weak in whatever he said, so he had to stop.

dark empire (i.e. empire of darkness)

Albert Ou had no desire to deal with anything, not expecting this to happen once they returned after not seeing each other for so long.

John also came over and reacted to what Albert Ou said.

“You should have put in a good word with me ahead of time I didn’t know you were on speakerphone it’s definitely not my fault ah.”

John immediately rushed to disassociate himself.

“Why don’t I go find Mandy and tell her that I was joking with you this morning.”

Albert Ou immediately shook his head.

“Do you think Jasmine will believe it? Later she’ll know we’re colluding, but this thing is getting darker and darker, forget it.”

John Quan nodded, thinking that Albert Ou had a point, and then it would be really useless to say anything.

“Hey, you really didn’t go play girl last night hehehe.” John Quan laughed unkindly.

“f*ck off of course no you think about it, what time did you leave last night”

“Come ten o’clock.”

“I asked our maid, I got back almost twelve o’clock, it’s at least a forty minute drive from Julyflower to our house, and after you left, the waiter at Julyflower can vouch for the fact that I asked for another drink and drank for at least half an hour.”

Albert Ou carefully combed through the timeline.

“There’s less than an hour left in between, two condoms an hour, do you think that’s me?”

John Quan puffed out a laugh.

“Maybe it’s because I’ve been drinking.”

“f*ck off” Albert Ou slapped at the back of John’s head.

It’s all because of this so-called buddy who’s still laughing at him.

“But, Zee, I’m serious, since you’re combing the system, you go explain to your Mangan, just tell me how often I usually come with you, how can it be twice an hour.”

Albert Ou suddenly clapped his hands.

“Yeah, why didn’t I think of that?”

With that, Albert Ou stood up, grabbed his jacket and was ready to walk out.

“Hey you said you were leaving.”

“I don’t feel good about myself if I don’t get this matter resolved” Albert Ou shrugged it off and hurried home.

Rainbow City

Albert Ou has returned, but after what happened, Jasmine Tong is also unhappy all over, already exhausted from the incident at the charity night, plus the clothing studio incident, she also happened to have a great aunt.

everything is unpleasant

Tong decided to go out and film, she was always troubled in one way or another when she stayed at home, but it was fine to go out and just focus on filming.

As soon as Albert Ou reached the bedroom door, he heard Jasmine Tong on the phone.

“Hey, Sister Starru, I’ve been thinking of going out to film lately, didn’t you say before that you had a lot of scripts for me?”

Chapter 385

A number of scripts had already come to us some time ago, but only because Jasmine Tong had finished filming the side of the mountain and wanted to take a break from it.

“Mandy I’ve actually been in touch lately to get you out to film, just,”

“Just what doesn’t have a good script? “Tong looked very eager.

“There are a lot of good scripts, and they’re all perfect for you, but I’m never in touch again, and they all say they’ve found the right actor, or they’ll discuss it another time.”

Xu Xingru said out with great difficulty.

“What does this mean?”

“I can hear that they don’t want to use you.”

“There’s no reason for not wanting to use me why I’m recognized for my acting skills and I just won a trophy for a movie.”

Shouldn’t it be a rush to use her?

It took her the shortest amount of time to win two heavyweight trophies.

In the entertainment industry, there’s really no one who can match her now.

“It’s not all about the effect of the charity night ugh this thing is so careless of us.” Xu Xingru sighed successively.

“It’s not so bad. I just donated a little less money, right? If there are activities like this again in the future, I’ll donate a little bit, won’t that do it? It won’t leave me without a movie to shoot.”

It seems that Jasmine Tong had really underestimated this matter.

“Mandy, this matter is also unexpected, think about it, Rameen Tong was so dark before, just donated a little more money and then washed away all of a sudden, everyone is very serious about charity, countless eyes are staring at you, people do not dare to use you, also because they are afraid of being boycotted.”

“So what now?”

“Let’s wait and see, I don’t have a too good idea right now.”

“Well then, it’s trouble for you, Starru-san.”

Hanging up the phone, Jasmine Tong was filled with despair.

If she’d known it was going to be like this, she would have donated more money anyway.

Albert Ou walked into the bedroom.

As soon as Jasmine Tong raised her eyes and saw him, she immediately turned her head to the side.

“Jasmine, you have to listen to my explanation, okay?”

“I’m not in the mood for your theories right now.”

She was exhausted, how could she have the heart to listen to Albert Ou’s explanation?

“No, it’s a matter of my reputation, you must listen to what happened last night, John separated from me at about ten o’clock and I got home around twelve, you know that.”

“”

“It takes at least forty minutes to get to our house from the July flowers, and after John left, I asked for more wine and drank for at least half an hour, leaving less than an hour between now and then.”

Albert Ou clapped his hands together.

“Jasmine, you know perfectly well how long I last in bed, which time I have not had to use two condoms for less than an hour, and that’s just not possible.”

Jasmine Tong sighed and raised her eyes to Albert Ou.

“How am I supposed to know what time John left? How am I supposed to know how long you’ve been drinking again?”

Jasmine Tong’s face had some redness to it.

“Isn’t it normal to get tired of doing it with me, run into a fresh one, get a little excited, get a little faster?”

“I,”

Albert Ou was speechless.

“You go out, I don’t want to talk about it” Jasmine Tong gave the eviction order.

Albert Ou had to gray out of the bedroom.

It seems that it’s not easy to make Jasmine Tong believe in herself

Albert Ou returned to the Dark Empire in ashes, and it seemed that he would have to take the long view to prove his innocence.

In order not to upset Jasmine Tong again, Albert Ou went home on time.

At dinner, the two men said not a word.

Until it was almost bedtime at night, Albert Ou returned to the bedroom and immediately saw that there was only one pillow on the bedroom bed.

“Where’s my pillow, Auntie Fong? Where did you put it?” He’s got nowhere else to go.

Without waiting for Aunt Fang to come over, Jasmine Tong walked in.

“Your pillow is in the guest room, I took it over there.”

Jasmine Tong’s tone was still very cold.

“What do you mean ah you want to separate from me ah I just got back from this, we haven’t seen each other for more than half a month, you this”

“I’m not physically able to serve you, and I’m not able to serve you, so it’s better to sleep separately.”

Jasmine Tong’s words were sarcastic towards Albert Ou.

“No, I’m with you to do that,” Albert Ou retorted.

“Isn’t it?”

That’s the one thing Tong hates the most.

“No of course not I can’t sleep without you by my side” Albert Ou sat on his butt on the bed.

“Why didn’t I see you last night when I was in another woman’s arms, saying I couldn’t sleep without you.”

“There’s no other woman. Just trust me on this one, okay?”

Albert Ou was going crazy with torture.

“Will you get out of here? I’m going to bed.”

Jasmine Tong is still ironclad.

“Jasmine,”

“I’m coming on my aunt and I’m not in a good mood, so get out if you don’t want to add fuel to the fire or I’ll be out.”

“Don’t,”

Albert Ou immediately conceded.

“I’m going out. I’m going out, okay?”

Albert Ou dawdled and stood up, looking at Jasmine Tong one step at a time.

I wish Jasmine Tong had called out to him, but Tong didn’t call out to him until he reached the door.

Anyway, he was the one who had just crossed the threshold, and Jasmine Tong immediately came over and locked the door.

The two men have lived apart ever since.

Jasmine Tong had eaten the scales this time and was determined to give Albert Ou some credit.

In fact, she knew in her own heart that Albert Ou probably really hadn’t touched another woman, but she couldn’t forgive him if he moved to do so.

At the very least, it cannot be easily forgiven.

Love Clothing Company

It’s not surprising that after Rameen Tong told everyone at the charity night that her brand, LOVE, was officially launched, LOVE caught fire completely.

The company’s employees are working overtime on the distribution because it’s been so hot lately!

“Mr. Tong, here are our sales statistics for the first half month of our opening.”The head of the company’s finance department took the sales report to Rameen.

Looking at the numbers on it, Rameen Tong herself was shocked.

“It’s only been open for half a month and we’re doing seven million in sales.”

“Yes, Mr. Tong, our clothes are selling so well that several stores are still out of stock I think we can let Mr. Lin continue to produce new models.”

Rameen Tong was overjoyed.

“You’re going to talk to Mr. Lin right away.”

“Okay.”

“It’s getting late, so I’m going home.”

Rameen Tong drove back home, Love’s fire really excited her.

At this rate, she’ll be the richest woman in Rameen Tong soon!

At home, Rameen Tong entered the house and no one was home.

She inevitably sighed, Ellen Ron hadn’t returned yet.

Just thinking about it, the doorbell rang.

Chapter 386

“Who could it be at this late hour?”

Rameen Tong walked to the door and looked through the cat’s eye, but it was Ellen Ron

She opened the door immediately.

“Honey, what’s wrong with you this is”

The smell of alcohol and the smell of smoke on my body.

Ellen Ron stumbled through the door, almost falling over as soon as he entered, but fortunately Rameen Tong held him up.

“Why are you drinking so much wine?”

With great effort, Rameen Tong helped Ellen Ron to the bedroom, and then turned around and went out again to get the sobering medicine and pour a glass of water.

After they got married, the two of them moved over here.

But the two had been so busy with work that they came back rarely, and even since the marriage, they had not eaten together in this house.

The number of times the two of them made out was also pitifully small, and in order to create a world for two and not be disturbed by others, Rameen Tong had dispatched the servants.

But Ellen Ron was always aloof to her.

Rameen Tong poured the sobering medicine into Ellen Ron's mouth and helped him up again, letting him drink some water.

"Honey, work is important, but you can't do without the body ah socialize on less alcohol."

Rameen Tong heartily stroked Ellen Ron's face.

Ellen Ron suddenly grabbed her hand, opened his eyes, and pulled her into his arms.

"Hey, what are you doing"

Rameen Tong was unprepared and crashed into Ellen Ron's arms, whacking him on the chest.

"Why are you so bad? I thought you were really drunk."

Ellen Ron pressed the back of Rameen Tong's head and k!ssed her lips at once, with the taste of alcohol.

"Don't take a shower yet."

Rameen Tong struggled hard.

But Ellen Ron didn't give her a chance at all, just k!ssed her madly.

Every time Rameen Tong had made out before, she had racked her brains to please Ellen Ron, even needing to resort to sexually aiding drugs.

It had been a long time since Rameen Tong had been k!ssed so hotly by Ellen Ron, and soon, she sank into such a k!ss.

It's a pity that Rameen Tong, who has never had intense intercourse before, finds it so exciting.

"Jasmine, I want you."

Ellen Ron's mouth muttered to himself.

At first Rameen Tong didn't hear too clearly, but when Ellen Ron repeatedly said it several times, Rameen Tong heard it clearly.

She lay underneath Ellen Ron's body, feeling like five thunderbolts!

He mouthed Jasmine Tong's name

"Jasmine, I love you," Ellen Ron kissed her neck hotly.

Rameen Tong's tears couldn't help but fall.

She had tried so hard for so long, but Ellen Ron still only had Jasmine Tong in his heart.

why?

Why is that, exactly?

It's not fair. It's not fair to her.

Ellen Ron's vigorous ramming had made her feel no pain, all she could feel was her own heart.

It was as painful as a tear.

After it was over, Ellen Ron lay down on his side and fell asleep.

Rameen Tong's face still had undried tears on it.

"Jasmine Tong, I'm going to break you into pieces" she said through gritted teeth.

Stone Clothing Studio

The studio had quietly started operating, and Jasmine Tong was still in the limelight, so naturally she didn't dare announce it to the public.

Also, she doesn't want to fight Rameen Tong, so she won't announce that the studio is hers for now.

The first thing the studio does is to start working on the garments, and when the right designs are selected, they will be processed for production.

Stone's store is also in the pipeline.

Jasmine Tong wasn't a designer and didn't know much about studio operations, so she couldn't help much by coming here, sitting alone in the office, as if she was running away from something.

"Sis." Yarwen Tong knocked on the door and walked in.

"What's wrong" Jasmine Tong tried to cheer up.

"Professor Lin, he gave us another assignment and said it's due in a week."

Jasmine Tong was not surprised in the least.

"LOVE's clothes sold to off sale, definitely seize this momentum, hurry up and produce more new models, I've seen, LOVE's clothes are positioned in, teens to twenties, that Professor Lin's clothes before you go, are debutante model, he can't design, naturally need your design."

"What are we going to do? Are we going to turn in this homework or not?"

"Of course the homework is due."

"Or let's just fool around."

Yarwen Tong quickly dismissed the thought and shook his head.

"No, it's hard to fool Professor Lin, if he thinks it's unqualified, he'll make us redo it again, it would be too much of a waste of time and energy."

Jasmine Tong thought about it.

"You'll still turn in your assignments as usual, but keep the negatives."

Yarwen Tong nodded.

"Sis, we're designing our summer clothes right now, and a few of us students have special ideas, so don't worry, this summer is going to be all about us STONE."

It's rare to see such a passionate Yarwen Tong.

Jasmine Tong's face was a proud smile.

I used to think he was quiet and well-behaved, but now I realize he's actually a teenager with dreams and aspirations.

"Sis believes you can do it."

"Right, sis, brother-in-law just got back, you don't need to stay here, go back and stay with brother-in-law more."

"Good."

Yarwen Tong walked out.

Since he hadn't been home for a few days, he naturally didn't know about the two of them fighting.

They've been separated for three days now.

Albert Ou was literally going crazy.

He hadn't slept for three days. Without Jasmine Tong by his side, he couldn't sleep at all.

Jasmine Tong is no different.

As soon as Jasmine Tong returned home, she found Qin Jianlian on the sofa in her own home

That's a real rarity.

The last time she was kidnapped and came back, she hadn't seen Qin Yangyan since then.

"Then suddenly Sister, why are you free to come over today" Jasmine Tong walked to the sofa and sat down.

"I came to see you."Qin turned out to be all over the place.

Jasmine Tong had also heard that Qin turned to live over at the Crystal Garden and recuperated for a while before leaving.

“Mandy, I heard you had a fight with Asawa.”

“Oh, you’re here for this matter ah” Jasmine Tong only then knew the reason for Qin’s sudden appearance.

“Mandy, I’ll have to remind you twice, you two are day-to-day.”

Then Qin turned around and bit the word “day” very heavily on purpose.

“But don’t bury two people’s relationship because of a little thing, just say what you have to say as a couple.”

Jasmine Tong laughed.

“Then suddenly Sister, you are not married do not know, where is there a husband and wife do not quarrel, all bed quarrel, bed end together is no big deal, thank you for your kindness.”

Qin turned around and laughed awkwardly, Jasmine Tong was laughing at himself for not getting Albert Ou?

“Since you guys are fine, I’m relieved. I have work to do, and I’ll leave it at that.”

“Well, I’m going to go make him dinner too, so I won’t see you off.”

Then Chin turned around and left.

But this night, something amazing happened.

[Her Bossy Yet Naive CEO Chapter 387 - 389](#)

Chapter 387

Qin Liyuan originally received the news from John Quan and intended to come over to find Jasmine Tong.

But who would have known that she would be sarcastically attacked by Jasmine Tong.

Jasmine Tong's words were clearly saying that she was her underdog.

It's fine that we didn't get Albert Ou, but now we still can't get married!

It seems that this Jasmine Tong really looks good and honest on the surface, but in reality she is also quite deep in heart.

Although Jasmine Tong disguised herself as Qin Jianlian, she herself was unhappy.

"Day by day,"

Wasn't this just a mockery of the fact that she and Albert Ou had a relationship solely because of their physical intercourse?

Add to that the fact that Albert Ou went out to find another woman because he couldn't make out with her, Jasmine Tong got even angrier

Jasmine Tong sat sulking in her bedroom as her phone rang one after another.

She picked it up and saw that it was a Twitter push message.

Seeing the above words, Jasmine Tong was dumbfounded.

"Thank you Jasmine Tong for your support of Project Hope over the past two years, it's great that the children have new books for the new term."

Source Principal Zhang from Project Hope.

"When I saw the recent hounding of Jasmine Tong by netizens, I had to come out and say something, just three months ago, Jasmine Tong just donated half a million dollars to our charity for the treatment of children with congenital heart disease, she never leaves her name behind when she does good deeds, and it was only a few days ago that I found out that it was her."

From children's charities.

"You all say she's a dime a dozen, but she's actually a very generous person, she just doesn't want to tell everyone, and this is what she donated to us some time ago, documented, \$300,000."

From the Charitable Foundation.

Several bloggers have liked her, praising her for her good deeds and leaving no names.

And now the internet's all over the place.

At first there was still the suspicion that Jasmine Tong was washing her hands of this.

However, all of these microblogs are real, and all of their credentials are real, from major charities, and they post evidence of donations that no one can question.

The dates are clearly written on it, from last summer, when Jasmine Tong first made her debut, to a few days ago.

“Oh my God, I can't believe how much good Jasmine has done.”

“Turns out people are great people of good will, they just don't want to use the hype.”

“Good deeds should not have left names ah, unlike some people, good deeds hate the whole world to know, give Jasmine Tong praise.”

“Our Mandy is just a very low-key person who does good deeds and doesn't like hype,”

“The Great Benefactor Who Would Not Leave His Name.”

“Mandy Tong is great.”

“Jasmine Tong, we were wrong.”

These all made it into the top three of the hot search list.

Netizens have even apologized to Jasmine Tong.

Xu Xingru immediately called Jasmine Tong when she saw how the wind was blowing on the internet.

“Mandy, I really can't imagine why you didn't tell me in the first place when you've done so much good.”

Jasmine Tong was also blinded at the moment, not even knowing what was happening.

She was about to call Xu Xingru and ask if she did the PR, but it turned out that she didn't even know about it from what Xu Xingru said.

"Oh, it's the kind of thing I can't quite bring out to say."

"But when you're in the limelight, you have to take it out, and fortunately these people have a conscience and got your donation and spoke up for you right away."

"Oh," Jasmine Tong was guilty as hell.

"Okay, this should pass, we'll discuss the filming another day."

"Good."

After hanging up the phone, Jasmine Tong was still blinded.

She took another close look at the vlogs, and the bills.

It didn't look like a fake, but who else could it be but Albert Ou who could get so many people to speak for her?

Just at this time, Jasmine Tong heard it, the sound of the car engine downstairs, and immediately went downstairs.

As soon as Albert Ou entered Jasmine Tong pulled him over to the couch.

Albert Ou was really flattered.

"Jasmine, what's wrong with you and I have been separated for three days, are you missing me or not"

Albert Ou's face still had a cynical smile on it.

"Don't be playful with me, I have business to discuss with you."

"You said you said you said." Albert Ou became obsequious for a moment.

"Just now a lot of Twitter v's are me, saying I donated for them or something, did you get someone to do this thing."

Albert Ou leaned close to Jasmine Tong with a bad smile on his face.

“Are you trying to praise me?”

“Seriously how can you use your power to make a false claim I know you’re trying to help me, but”

Albert Ou immediately covered Jasmine Tong’s mouth.

“Stop and declare beforehand, I’m not faking those things are real.”

Jasmine Tong took away Albert Ou’s hand.

“There’s no way if it’s not fake, how it’s even from last summer.”

“That’s a chant.” Albert Ou shrugged his shoulders, unconcerned.

“That’s a lie,”

“Those donations are all real, they’re all good deeds I’ve done. That grandson of Ellen Ron is still young if he wants to compete with me for money.”

Albert Ou didn’t care.

“You did it all.”

Albert Ou nodded with pride.

“My mom said it’s no use earning so much money and spending it all herself, so she’d simply do something good, but well, I don’t think there’s any point in telling people how much money I’ve earned, so the charity side doesn’t even know it’s my donation.”

Jasmine Tong stared at Albert Ou with wide eyes, never expecting him to have such a mind.

“So in the past few days, I asked Russel Cheng to meet those charities, and you donated the money, so hey, are you going to praise me?”

Jasmine Tong slanted a glance at Albert Ou.

I really don’t know what to say about this man.

Although the condom taking incident a few days ago had made her very angry, the thought that Albert Ou was still dedicated to herself had relieved her this time.

“Jasmine, my little darling, can I go back to bed in the bedroom today?”

Albert Ou hurried to take credit.

“I thought you didn’t leave your name behind when you did a good deed, so now you’re taking credit for it?”

“It’s still time to take credit when it’s due.”

Jasmine Tong laughed.

Albert Ou finally saw Jasmine Tong smile, the two had been cold for the past few days.

“Laugh, laugh, finally laugh, or look good with a smile, don’t make a straight face anymore, it’s ugly”

Jasmine Tong immediately put her smile away.

“Get carried away, don’t you?”

“No no, definitely not at the behest of my wife.”

“It’s okay for you to come back to sleep, but I have conditions.”

Jasmine Tong had to take a step back.

“How come there are still conditions?”

Chapter 388

Albert Ou was very frustrated, originally thinking that Jasmine Tong would definitely forgive him after helping him solve this big problem.

“Jasmine, I’ve helped you so much hey”

“That’s a different matter, I’ll thank you for helping me, but I won’t forgive you for going out to a woman.”

Jasmine Tong still had a nagging grudge about the incident.

“How many times do I have to say it before you believe me, I’m definitely not out there looking for another woman” Albert Ou vowed.

“Then explain to me why John gave you four condoms and only two were left at the end.”

That’s the problem again.

Albert Ou is going crazy with this question.

“Jasmine, I admit that after the fight that day I went out, looking for John to complain, and John told me that I should find another woman to piss you off, so that you’d have a bit of a crisis and your mind would be diverted to me.”

Jasmine Tong sized up Albert Ou, so there was such a story in the middle.

“I admit I did move my mind when John said that, but I couldn’t really do it ah so I kept drinking and drinking, if I could really do it, why would I keep drinking until I got myself drunk ah.”

“So you did move your mind.”

Albert Ou glared at Jasmine Tong.

He’s focusing on the second half of the sentence.

“No, Jasmine, you listen to me I mean, I moved though.”

Jasmine Tong shook her head.

“You eventually moved to sleep with another woman, to get a taste, to piss me off, didn’t you.”

“I,”

Albert Ou couldn’t wash his hands of it even if he jumped into the Yellow River this time, after all, he had just said this himself

He’d bite his tongue off, where’s the nonsense?

“You should be punished for even thinking such thoughts.”

Albert Ou slumped his head.

“Well, you pretend I just didn’t say anything, and you tell me what your own terms are.”

Albert Ou completely conceded.

You shouldn’t argue with women.

“You can go back to bed in the bedroom, but you can’t touch me, or you can continue to choose to sleep in the guest room if you find it too much to bear.”

Albert Ou couldn’t speak with his mouth open.

Isn’t this torture?

He hasn’t touched her in almost a month.

Lying in the same bed and not being touched.

“Aren’t you being cruel to me?”

“If you’re feeling cruel, then go ahead and sleep in the guest room.”

Jasmine Tong ignored Albert Ou to clean up the bed.

Albert Ou was smart and quickly went to the guest room to retrieve his pillow.

“So when are you going to let me touch you.”

Tonto didn’t say anything at first, she was counting the days in secret.

“If you do well, fifteen this month.”

Albert Ou immediately looked at the calendar, it was one week until the 15th of this month

He’ll be tormented for another week.

Lying on the same bed at night, Albert Ou naturally somewhat couldn’t resist and involuntarily leaned in beside Jasmine Tong.

His large hand slowly approached Jasmine Tong.

It's coming, it's coming, it's about to hit.

Fine skin right in front of you.

Albert Ou only felt his heart beating fast.

"Before I lose my temper, I advise you to take your hand back." Jasmine Tong's cold voice came over.

"Ah," Albert Ou felt like a bucket of cold water had been thrown on him.

"Jasmine," Albert Ou's voice was aggravated.

Jasmine Tong turned around.

"Until the fifteenth, if you ever touch me I'll have to ask you out I'm not kidding you."

"What are you doing this for?"

In fact, Jasmine Tong had calmed down over the past few days and knew that Albert Ou wouldn't do anything wrong to her.

She'd even looked up that men don't react physically when they're in a drunken state.

It is said that people who have consumed a small amount of alcohol will have sexual urges, but if they are already drunk, that is never possible.

Albert Ou was already drunk like that that day, so he definitely wouldn't mess around with anyone else.

However, when Qin turned around and said, "Love grows with each passing day", she felt very uncomfortable.

Albert Ou's relationship with her began, and it did begin with sex.

"I want to ask you a question, are your feelings for me day by day, I'm sure you understand."

Jasmine Tong's expression was very serious.

"What's the matter with you,"

“If it wasn’t for the first time you slept with me, I’m afraid you would have kept me prisoner all this time, never seeing me. If you hadn’t been trying to sleep with me, I’m afraid you wouldn’t have come to me again and again and again.”

The more Jasmine Tong said, the more uncomfortable she felt.

“What are you talking about yes, I did get interested in you because of the time I slept with you, but it wasn’t all about sex with you.”

“Then prove it to me,”

“So that’s why you’re here, and to prove it, I can go a month without touching you, can you believe it” Albert Ou vowed and boasted.

“Okay, one month then” Jasmine Tong took advantage of the victory.

“Ah,” Albert Ou trailed off, “Jasmine, I’m just making an analogy, I’m not serious.”

Jasmine Tong glanced at Albert Ou.

“Just know,”

“Fifteen, just like you said, and I will never touch you until fifteen.”

Jasmine Tong sighed.

“Go to sleep.”

“Hey.” Albert Ou was finally relieved that he had almost gotten himself screwed.

You really can’t talk nonsense in the future.

“Jasmine, let me hug you ok I haven’t hugged you in ages, I can’t sleep without hugging you, I promise I won’t touch you.”

Albert Ou centralized.

“Well.”

Albert Ou held Jasmine Tong in his arms, finally feeling solid.

But really, according to him, he didn't touch her.

The week was going well for both of them.

Xu Xingru has started to arrange for another appointment for Jasmine Tong, and the scripts are all under negotiation.

On the fifteenth day, Jasmine Tong took an important announcement to record a show in the evening, and Xu Xingru accompanied her.

powder room (in a restaurant)

The make-up artist was doing Jasmine Tong's make-up and Xu Xingru was sitting on the side.

"Mandy, I've read all the scripts we've had lately, and there's no particular movie that's right for you, do you have any ideas?"

"Sister Starru, I've just started out, all I've done is movies, and I've only done so many TV shows, and I'm still a female number two, and I've done quite a few movies, so I wonder if it's okay to do a TV show"

"I'm having the same idea, there's nothing particularly good in the movie script, but there's one in all the TV shows, it's a big female drama, it suits you and it's more challenging. I'll show it to you later."

"Good."

"That's okay, I've got some work to do over here, so I'll leave."

After sending off Xu Xingru, Jasmine Tong's makeup was also done.

That's when the phone rang.

Chapter 389

The message turned out to be from Russel Cheng.

"Madam, Mr. Ou said he wants to give you a surprise, I'll send you the address later, just ask Old Chen to send you over."

Seeing the handwriting on it, Jasmine Tong couldn't help it.

This man can't stand a few days without tricks, and counting the days, today is exactly fifteen, the day Jasmine Tong promised Albert Ou he could touch her.

I guess he just wants to celebrate, and make a big deal out of it.

Soon Russel Cheng sent over an address, just as Jasmine Tong was about to reply.

"Manny-san, it's about to start, could you please hurry up?" the staff said very respectfully.

"Okay, I'll be right back."

Jasmine Tong immediately put away her phone, not bothering to reply to Russel Cheng, so she immediately followed the staff into the studio.

The recording of the show went very smoothly and the show closed promptly at ten o'clock.

Old Chen had been waiting outside and Jasmine Tong got into Old Chen's car.

"Old Chen, we're not going home now, we're going to this place first."

Jasmine Tong immediately showed the phone to Old Chen.

Seeing the location displayed on the phone, Old Chen frowned.

"Madam, what are we doing here in the middle of the night?"

"This was sent to me by Secretary Cheng, and he said that Mr. Cheng had prepared a surprise for me here and asked me to come straight over after recording."

Hearing Jasmine Tong say that, Old Chen nodded his head even in relief.

"So that's what it's all about, I say, the wife can't go to such a remote place in the middle of the night."

"Is this place remote?" asked Jasmine Tong with a tilt of her head.

“No, it’s especially remote, this is the furthest side of the Lover’s Sea, the crystal garden where the gentleman lives is on one side of the gin, and this place is on the other, the beaches on both sides are not sandy, and there’s not a lot of people living nearby.”

Jasmine Tong was puzzled, why did Albert Ou choose such a remote place in the middle of the night?

“But sir has never followed a set of cards, and it’s just a remote place that will allow him to play well, I guess.” Old Chen added.

After listening to Old Chen’s words, Jasmine Tong was quite relieved, and it was true, that person Albert Ou never follows a pattern.

Old Chen started the engine towards his destination.

Jasmine Tong sat in the car to nurse her energy, later on, she didn’t know how Albert Ou was going to toss it, it was better for her to take a break first.

Since it was late and there were no cars on the road, Old Chen seemed to understand how Jasmine Tong felt, and the car drove quickly, arriving at its destination in half an hour.

“Ma’am, do I wait here for you, then, or”

Jasmine Tong smiled towards Old Chen and saw that Old Chen looked embarrassed and probably understood what Old Chen meant.

Don’t look at old Chen more than forty years old, but is a wife who loves his wife, every night is anxious to go home, afraid of his wife worried.

“Old Chen, you don’t have to wait for me, you go home, there’s Mr. Over here, I’ll be back with him later.”

“Hey good, then I won’t bother Madam” Old Chen immediately turned the car around and left.

This place is really very remote as Old Chen said, looking around the nearest houses are probably a kilometer away, and you can only see lights from afar.

Even the sides of the road on this side of the lack of lights, the old Chen left, Jasmine Tong heart began to feel some hidden fear.

This villain, is he surprising her or scaring her?

Tong turned on her phone and jumped to the flashlight function to shine a light on herself, then made her way forward to the beach.

Despite the remoteness of this location, the view was pretty, and because of the remoteness, the surrounding area was quiet, with only the sounds of insects in the grass and a moon shimmering on the sea level.

But it's still scary to be too quiet. She's here. Where's the surprise?

"Honey," Jasmine Tong called out carefully.

The result was only a deep emptiness in response to her.

"Honey" shouted Jasmine Tong again, "Don't scare me, come out, if you don't come out I'll leave"

Jasmine Tong was inevitably a little anxious, after all, she was a girl in a place like this, she was really scared.

If she didn't know Albert Ou was there, she probably wouldn't even come to a place like this.

"Albert Ou, if you don't come out, I'll never forgive you again" Jasmine Tong was really pissed off.

"Mandy," a familiar voice came from behind.

Rainbow City at this point in time.

Albert Ou is in his bedroom, humming a tune as he lights the red candle he just bought with a lighter.

This abstinence has been over ten days, and he was so excited to finally be released tonight that he didn't know what to do during the day.

The floor of the room was decorated with red candles in the shape of a heart.

It was at this moment that his phone suddenly rang.

Seeing the number displayed on the phone's screen, Albert Ou was as if he was deflated, the call was from Wu Xiu.

“Don’t tell me it’s a full moon tonight, I’ll strangle you if you do.”

Albert Ou growled at the phone without waiting for the other man to speak.

“The young master really got you right.” Wu Xiu was also very helpless.

Albert Ou pinched his brow helplessly, “You always like to throw cold water at critical moments.”

“Young Master this I “Wu Xiu didn’t know how to explain it, he was clearly doing what he was told.

“Why are you telling me now” Albert Ou tried to suppress the fire inside him.

“It’s suddenly clear tonight, there were clouds covering it, so there won’t be a full moon, but now young master, hurry back.”

“Got it” naturally Albert Ou had nothing to be angry about, looking at the newly lit candle, filled with desolation.

But he had no choice but to go downstairs.

“Pear Blossom,”

The pear immediately came out of the room.

“Sir, what’s wrong this is”

“When the wife comes back later, tell her I have to go to the office for a short while.”

“Okay, I got it.”

Even though Pearblossom didn’t know why Albert Ou was losing her temper, she should.

Albert Ou left in a rage.

The whole journey was very uncomfortable, and whenever there was an important moment it had to be a full moon.

What a beautiful night with a full moon, how romantic to hug your loved one under the moon at the window.

But he never gets to enjoy such moments.

He couldn't help but feel a little sad thinking about it, he was still very much looking forward to being able to remove the seal.

When he arrived at the Crystal Garden, Wu Xiu was already waiting for him at the door.

“Young Master, you should go back, this moon will all be showing soon.”

Albert Ou raised his eyes and immediately entered the crystal garden as soon as he lowered his head.

Coming into his familiar room, he locked the door as he always did.

[Her Bossy Yet Naive CEO Chapter 390 - 392](#)

Chapter 390

Albert Ou had just locked the door and was ready to spend a difficult night here.

His cell phone went off.

“If you want your wife to be safe and sound, you must have a million dollars ready to come to the address I sent you.”

It turned out to be a text message for kidnapping for ransom.

Albert Ou's eyes suddenly widened when he saw the contents of the text message

Jasmine Tong has been kidnapped once again

He immediately called Old Chen.

“Old Chen, where's the missus?”

“Madam I’ve sent you to the place you specified,” the old Chen on the other end of the phone was confused.

“Delivered to the place I specified, what place I specified.”

“The missus said you had a surprise for him this evening, and instead of asking me to take her home, you sent her over to the Lover’s Sea, ah.”

Albert Ou felt bad.

“I’ll drop my wife off and be back.”

Albert Ou immediately hung up the phone, it seemed like this was a premeditated kidnapping day, but looking at his text message, it said it was for a million dollars, and looking at it that way, it should just be for the money.

“We believe Ou is always a man of integrity, and as long as the money arrives, we’ll make sure Mrs. Ou is safe and sound, and if Ou calls the police, then we’ll be rude.”

The other side sent another message immediately afterwards.

“I’ll send the money right away, and if my wife is missing a cold hair, I’ll have you all killed.”

Albert Ou replied to the message and immediately walked out of the room.

“Butler Wu, prepare a million for me at once.”

Wu Shuo was just about to take a break when he heard Albert Ou’s voice and hurriedly ran out.

“Young Master, what are you doing?”

“My wife’s been kidnapped. I want a million dollars to pay for her. Don’t talk nonsense. Get the money ready for me now.”

Wu Shuo looked at Albert Ou in horror.

“Young Master, this can’t be done ah tonight is a full moon night, you can’t go out”

“No, I have to go out. Go and get me some money.”

Wu Xiu had to go and prepare money for Albert Ou, well one million was just a drop in the bucket for Albert Ou.

The Crystal Garden was also often stocked with cash, so Wu Shuo soon arrived in front of Albert Ou with a million suitcases.

Albert Ou was just about to pick up the suitcase, but Wu Xiu didn't let go.

"Young Master, can you please calm down, you are going out like this, no matter who you run into, it will be a catastrophe, if you hurt someone, if you expose your identity"

Wu Xiu didn't dare to think about it, after all, this matter was not trivial.

"Wouldn't that be nice? If they dare kidnap my woman, I'll give them a taste of what I'm capable of."

Albert Ou has never been soft on the people who hurt Jasmine Tong.

"Young Master, have you ever thought that this kidnapping case is very strange, firstly, not many people outside of your and your wife's identity know, and how did these kidnapers know about it, and secondly, with your identity only one million million, don't you think it's too little?"

Wu Xiu is still trying to stop Albert Ou as much as possible.

I don't know if it was because he was worried about Jasmine Tong's comfort or because the full moon night was coming up soon, but Albert Ou was having a hard time being quiet at the moment.

He snatched up the suitcase and took the door.

Wu Xiu could only look at his back and sigh incessantly, how could this be?

Albert Ou immediately drove the car towards the other party's designated destination, the other party only needed a million, indicating that the other party shouldn't have many people, otherwise the million wouldn't be enough to share.

If he didn't have the means to restrain himself in time for the full moon, he'd have to treat the other as a snack

And on this side of the beach in the Lover's Sea.

Jasmine Tong and the Cold Lords are facing off.

“The first thing you need to do is to get a good idea of what’s going on in the world.

“My dear, is it me who is obsessed, or is it you who is obsessed? I’ve been lurking in Albert Ou’s Crystal Garden for over a month, and I’ve found out from his servants that on the fifteenth day of every month, the servants take a mass holiday, leaving only a few of them behind for emergencies.”

Jasmine Tong immediately interrupted the words of the Leng Lords.

“What’s so unusual about giving the servants a holiday every month?”

“Just hear me out, these people who stayed behind say that occasionally they hear roars coming from the villa, they say it’s haunted, even people who live nearby have said that occasionally they hear horrible screams coming from this villa, and occasionally they see blue lights.”

Jasmine Tong caressed her forehead.

“Do you believe in things like haunting?”

“This isn’t just any haunting, it’s that vampires don’t happen with every food, but only on the fifteenth of a full moon.”

The Cold Lords pointed to the big, full moon on the sea level.

Jasmine Tong looked at the full moon and couldn’t help but get lost in thought.

“My dear, I have made an appointment with Albert Ou in the form of a kidnapping, I am sure he will be here soon and then you will be able to see his true face.”

“I think you’re boring.”

For some reason Jasmine Tong suddenly felt very nervous, she didn’t even know what she was afraid of

“Darling, are you afraid to look?”

The Leng 梟’s words just poked at Jasmine Tong’s mind.

“There’s nothing to be afraid of, it’s just that I think it’s funny that you’re doing this Albert Ou may not be here, so you should die for it.” Jasmine Tong turned around and prepared to leave.

“He will come, and knowing him as I do, I told him I needed a million dollars to release him, and he knows I’m in it for the money, so he won’t even call the police, because the million dollars is a mere drop in the bucket for him.”

The cold lord’s eyebrows gently raised, “A million he’ll be able to raise soon, plus seeing as I’m asking for so little, he’ll think I don’t have many people and relax even more, plus he’s a vampire so he won’t need help.”

“Owl you,”

“Mandy, why are you still stubbornly stubborn to this day? Wait a little while and you’ll know the truth of the matter” another man’s voice came over.

Jasmine Tong could identify the man as her uncle Huo Yulong by his voice.

“Uncle, you two really are,”

Leng Lords walked up to Jasmine Tong and plucked something off of her neck and hung it around Jasmine Tong’s neck.

“Darling, this is a wolf’s tooth, exactly like the one I gave you before, it’s the best weapon against vampires, plunge the tooth into the vampire’s heart and they’ll never come back.”

Jasmine Tong stared out at this wolf tooth on her neck.

Leng Lords put his hands on Jasmine Tong’s shoulders.

“Since you trust him so much, it’s all the more reason for you to see more clearly that he’s coming soon, so just hide in the shadows and watch now.”

Jasmine Tong’s head was already a mess.

Chapter 391

The sound of a car engine was heard not far away, especially notable in this empty environment.

Huo Yulong took Jasmine Tong to the dark side.

For some reason, Jasmine Tong always felt like a walking corpse, feeling as if she had lost the ability to think.

Albert Ou got out of the car with the leather case containing a million dollars, as a full moon hung high above the sea level.

Albert Ou's throat felt just a little parched as he tried to restrain himself, his blue eyes glowing like two blue rays in the night.

When Jasmine Tong saw those two points of blue light, she was too surprised to speak.

She knew that Albert Ou's eyes were blue, but she also knew that even if they were blue, like a wolf's eyes flashing in the dark, that was definitely abnormal.

"Little Man, you see clearly," Huo Yulong said softly in Jasmine Tong's ear.

Jasmine Tong didn't answer.

The Cold Lords walked out and stood in front of Albert Ou.

"Finally showing your true colors."

Albert Ou's pupils slowly shrank, and those blue eyes were like two ghosts in the darkness.

"It's you Jasmine."

"I'm sorry, but the reason I asked you out today was to finish you off, vampire."

The cold lord bit down very, very hard on the last three words.

Albert Ou was not afraid in the slightest, the two of them had already fought each other last time, not to mention that now that it was the night of the full moon, his energy would be much stronger than usual, and the Leng Lords would be even less of a match for him.

"Even you want to finish me off. I think you're overreacting."

Albert Ou tossed the suitcase he was holding aside.

“That will have to be tried.” The cold lord drew his own dagger, which glowed coldly under the moonlight.

Albert Ou recognized that this was the dagger that had injured him last time, it should have been stained with wolf blood, otherwise it wouldn't have hurt him.

“Come on, Cold Lords, I'd like to see how you want to finish me off” Albert Ou loosened a few of his buttons.

The left corner of the cold lord's lips rose high.

“Aren't you afraid that I'll tell me Jasmine.”

“There's a way to heaven you don't go, and there's a way to hell you break in. If you die today, no one will ever know the secret, and it's just as well to replenish my body's blood.”

Albert Ou looked fierce.

This scene all fell in Jasmine Tong's eyes, she had never thought that Albert Ou was such a fierce character.

She felt for a moment that it wasn't Albert Ou.

“Well, let's see if it's me for the people or you, the vampire, who gets away with it today.”

The Cold Lords rushed towards Albert Ou with their daggers.

On the night of the full moon, Albert Ou always had a deep desire for humans, and he was frantic to feed on human blood.

The two men fought hard.

Jasmine Tong looked at the two people in front of her, and Albert Ou could jump up as high as a man's height

That's definitely not something humans can do.

Both of them seem to be able to guess each other's thoughts with every move they make, as if you can't hurt me and I can't hurt you.

It was hard to tell up from down for a while, but suddenly Ouzeno seemed to have the upper hand, and the Cold Lords retreated one after another.

Albert Ou was already very annoyed at the fact that the Leng Lords could always guess his moves, and when he had the upper hand, he certainly took advantage of the situation.

But just at this time, Albert Ou soared into the air and stepped over towards the cold owl.

It was too late, too fast, the cold owl quickly dodged, Albert Ou stepped on the ground, and suddenly he felt his feet were soft.

Just at that moment, as he tried to close his feet, Hwoarang quickly pulled the rope at hand

All that could be heard was a loud bang, and most of Albert Ou's legs fell into the hole, suddenly making him unable to move.

Cold Lords immediately moved forward and clamped down on Albert Ou's neck with their arms, while Huo Yulong grabbed one of Albert Ou's arms.

With one leg and one arm clamped down, Albert Ou was left with only the other leg and one arm to resist.

But the Leng Lords still felt very strenuous, and he raised his eyes to look at the moon.

The moon was slowly rising at the moment, and as it did, the intensity of the moonlight increased, and the blue glow in Albert Ou's eyes became more intense

The cold lord felt his hands becoming more and more strained, and Huo Yulong naturally was as well.

"No good, his energy is slowly getting stronger, we're no match for him."

"Let go now if you know you're not my match, maybe I'll even net you and leave you all dead."

The sound Albert Ou made from his throat was a little hard.

"Mandy, come help," Huo Yulong shouted towards the darkness.

Hearing Jasmine Tong's name, Albert Ou suddenly stopped resisting.

Jasmine Tong slowly stepped out from behind the large rock and walked step by step towards the three men.

"Jasmine" at that moment Albert Ou knew he was exposed.

Jasmine Tong's eyes were filled with incredulity, how could she believe that the man she spent her nights with, the man she loved so much, was a vampire?

"Mandy, stab that wolf's tooth into his heart and you'll rid us humans of this scourge."

Huo Yulong shouted towards Jasmine Tong.

Jasmine Tong touched the wolf's tooth on her chest and picked it up to look at it.

Seeing Jasmine Tong holding a wolf's tooth, Albert Ou finally believed that his mother's prophecy was true.

She was really trying to kill him.

His eyes glowed with a ghostly blue light that mirrored the color of the moonlight.

Albert Ou looked at Jasmine Tong, that was the woman he loved so much, the woman he protected and loved with all his might.

Now, she is walking towards herself with a weapon that could kill her.

The Leng Lords looked at Jasmine Tong said nothing, this matter is very cruel to any person.

"Mandy, what are you waiting for? Hurry up and kill him, he's a vampire, you can't be together, keeping him here will only cause more trouble"

Huo Yulong roared and urged Jasmine Tong.

"He's a vampire, kill him."

"No, that's not it, he's his own man."

There are two fights going on in Jasmine Tong's head, one has her kill Albert Ou and the other is trying to stop her.

To kill or not to kill?

Jasmine Tong was stuck in a tangle of thoughts.

As the moon rose higher and higher, the energy in Albert Ou's body grew stronger, as did his thirst for human blood.

"Little Man, don't hesitate any longer, if you hesitate any longer, all three of us will die" Huo Yulong once again roared towards Tong Little Man.

Jasmine Tong looked at the wolf teeth in front of her, gripped them tightly with her right hand, and held them up.

Perhaps it's time to put an end to all of this.

Chapter 392

The light in Jasmine Tong Albert Ou's eyes suddenly dimmed as he looked at her.

The woman he loves is going to kill him. Why doesn't he have the strength to fight back?

He may have been gambling that a miracle would come at the last minute.

Or maybe it's already a death wish.

Jasmine Tong's eyes filled with tears as she suddenly raised her wolf's teeth, not stabbing at Albert Ou's heart, but aimed at her own throat

"Let him go," Jasmine Tong's voice was very calm.

All three men were terrified.

Albert Ou was even more shocked and silent.

"Mandy, are you crazy he's a vampire ah" Huo Yulong where did he expect his niece to be so stubborn.

"I told you to let him go."

Jasmine Tong's voice was trembling, but you could tell she was trying to keep herself calm.

"Manny you're confused" Huo Yu Long tried to try to convince Jasmine Tong.

As they panicked, the moon's light shone on Albert Ou.

Albert Ou tried to free himself from the cold owl, the thirst in his throat causing him to bite Huo Yulong's arm.

"A scream echoed down the beach."

"Don't," Tong screamed.

Fresh human blood reverberated in Albert Ou's throat, and the taste of this donated blood greatly stimulated the animal in his body.

On the night of the full moon, once he had tasted human blood, he could no longer control it and would continue to do so until he drained the human of his blood

But in that instant he stopped, kicked Huo Yulong away, and ran quickly towards his car.

Jasmine Tong looked at Huo Yulong and immediately quickly caught up with Albert Ou.

Albert Ou got into the car, ready to drive it immediately, he was leaving town.

Just as the car was about to start, Jasmine Tong got into the passenger seat

In that moment, the two of them stared at each other, but they didn't know what they could say.

Albert Ou quickly turned his head around, his breathing had begun to slowly become faster, the smell of Jasmine Tong's blood greatly appealing to him.

He stepped on the gas pedal and the car whooshed and leaped out.

On the way, neither of them spoke to the other.

Albert Ou immediately wiped the blood from his mouth clean, he didn't want to appear like this in front of Jasmine Tong.

The car drove back to the Crystal Garden, and getting out of the car, Albert Ou ignored Jasmine Tong and strode towards the room.

Because Albert Ou had gone out on the night of the full moon, Wu Shuo had been so worried that he had been pacing back and forth in front of the villa.

Seeing Albert Ou and Jasmine Tong return together, his heart dropped.

But Albert Ou pushed Wu Xiu away and went straight upstairs.

Jasmine Tong followed closely behind him, Jasmine Tong didn't know why she was following him, she just really wanted to talk to Albert Ou, wanted to hear his explanation.

At the door to the room, Albert Ou entered the room and Jasmine Tong was just about to walk in when Albert Ou slapped her on the shoulder and pushed her right out the door.

The slap was not light, and Jasmine Tong was pushed right into the wall of the corridor.

If it wasn't for the wall, she'd have been blown away.

Jasmine Tong covered her shoulders and leaned against the wall.

Everything can finally be explained, except that when it's understood, Jasmine Tong finds it better not to know the truth.

There was a low growl from the room, a growl that seemed to reveal hidden pain.

Wu Xiu gently walked over and helped Jasmine Tong up.

"Ma'am, are you okay?"

Jasmine Tong shook her head as if she had lost her soul.

"Leave him alone, there's nothing any of us can do for him."

Wu Xiu brought Jasmine Tong downstairs.

Jasmine Tong sat on the sofa and still hadn't returned to her senses, and Wu Xiu brought her a cup of hot tea.

“Ma’am, since you saw it all, there’s nothing to hide.”

“Is he really a vampire,” Jasmine Tong’s voice was so low that even she seemed to have some difficulty hearing herself.

Even though she already knew the answer, she still wanted to ask.

“He’s not just a vampire, his mother was a human when she gave birth to him, and his father was a real vampire with half vampire blood in his veins.”

Jasmine Tong tilted her head towards Wu Xiu, there was still such a thing in this world that vampires could produce offspring from humans!

“So, he has the heartbeat of a human, but not the body temperature of a human.”

Jasmine Tong suddenly understood.

“But it’s because of the combination of vampire and human that brewed him as a contradiction. Legend has it that in order to stop vampires and humans from falling in love, they keep their offspring in a state of sealing, which is extremely painful, and every full moon night, they want to ingest human blood just like vampires do.”

At this point Wu Xiu couldn’t help but touch his hairless head.

“The young master has actually been suffering, he has no way of living in a vampire society because he can’t compete with vampires and he can easily expose himself by living in human society, and if he does, the consequences are dire.”

Jasmine Tong held her head in her hands, not knowing what she could say.

“Ma’am, since you both love each other so much, you shouldn’t care who he is if he wouldn’t have run out on a full moon night to save you.”

In the end, it’s all about her.

“He’s going to be in a lot of pain in the morning, because it takes a lot of energy not to inhale human blood, and he needs your comfort.”

Wu Xiu stood up, “It’s already late, let me arrange a room for you to rest.”

Since there were no maids present, Wu Xiu had to personally arrange a room for Jasmine Tong, which was in the second floor guest room.

“Get some rest, ma’am, it’s a brand new day tomorrow morning, and I hope you’ll have a good talk with the young master.”

Wu Xiu silently exited the room after saying that.

Jasmine Tong has no desire to sleep she sits on the bed with her mind wandering.

The fact that Albert Ou was a vampire was a little hard for her to handle.

Seriously, she didn’t know how to deal with it all.

The east was white with fish bellies, and before you knew it Jasmine Tong had been sitting on the bed for several hours, and it was dawn.

The moon had turned into a small white patch, the light was gone, and soon its glow would be hidden by the sun.

Jasmine Tong got up and walked out, going straight to the kitchen.

She remembered what Wu Xiu had once said, no matter what, he had gone out last night to save himself, and she always had to prepare some food for him to replenish his energy.

With Jasmine Tong’s skills, she quickly made breakfast, and after it was done, she went upstairs to Albert Ou’s room.

The room also opened just at that moment.

[Her Bossy Yet Naive CEO Chapter 393 - 395](#)

Chapter 393

Jasmine Tong was shocked, and as soon as she raised her eyes, she saw Albert Ou’s cold face.

At that moment, what reverberated in her mind was the way Albert Ou had madly bitten Huo Yulong last night.

It would be a lie to say she wasn't afraid, she was just a girl who hadn't experienced the world after all.

But the man in front of her is the man she loves very much ah is the man with whom she spends her days and nights, but also deeply loves her man.

What does she have to be afraid of?

Thinking of this, Jasmine Tong couldn't help but relax her guard and tried to squeeze out a smile.

But Albert Ou still saw the hint of fear in Jasmine Tong's eyes.

That was the last thing he wanted.

"I did,"

"Roll." Without waiting for Jasmine Tong to finish her sentence, Albert Ou opened his mouth to say the word which made Jasmine Tong a little overwhelmed.

"What" Jasmine Tong even had some doubts that she had heard wrong.

"I told you to f*ck off, don't you understand me" Albert Ou was as full of coldness as he was full of spoiling in the first place.

It was as if he didn't know Jasmine Tong at the moment.

"Shouldn't we have a talk" Jasmine Tong tried to restrain herself.

"What's there to talk about you don't you already know, now that you know, why don't you get out of here, you're not afraid that I'll eat you and drink your blood."

Albert Ou was very scary at that moment of grimace.

"Do you have to?"

“What else would it take to treat you like you did before? Do you think it’s possible? I’m tired of playing with it anyway, it’s no fun, and since you found out it’s good that I can find my next target.”

Jasmine Tong blinked her eyes and tears fell without a fight.

“Well, Albert Ou, since you’ve said that, I have nothing to say.”

Jasmine Tong quickly turned away towards the downstairs and ran downstairs.

Albert Ou’s eyes followed him until she ran out the villa’s front door.

The light in his eyes finally dimmed, and two clear tears slowly flowed out of the corners of his eyes.

He lifted his hand to touch his face and looked at his own hand.

He’s crying.

It was like the first time he’d ever shed a tear.

But after Manny left, and I don’t know how long it took, Albert Ou finally went downstairs.

Wu Xiu didn’t expect Jasmine Tong to get up so early, nor did he know what had happened to the two of them, but when he saw Albert Ou coming down, he rushed up to her.

“Young Master, the wife is really diligent, up so early to make you breakfast, hey, where’s the wife she doesn’t join you for breakfast?”

Albert Ou ignored Wu Xiu and went straight to the restaurant, where the breakfast prepared by Jasmine Tong was already laid out on the table.

He sat down, he was all too familiar with these breakfasts, but at this moment he couldn’t take a bite.

The phone rang urgently, a call from Russel Cheng.

“Mr. Ou, my phone was hacked yesterday, I think it was a message to my wife, is she still okay?”

Albert Ou hung up the phone directly.

In fact, Cold Lords and Huo Yulong knew it would be hard for the two of them to kill him with the full moon's ability.

So their real goal is actually just to lure themselves into the bait and let Jasmine Tong know who they really are.

He was surprised why the cold owl would know himself so well, as if he were the other half.

Jasmine Tong returns to Rainbow City, and Aunt Fang and Pearblossom see her disoriented and unsure of what happened.

Jasmine Tong went straight back into the bedroom and lay on the bed with tears falling down.

Why is the world so cruel to her? She fell in love with a man so easily, so easily want to be quiet and live the rest of her life, but that man, and she is not the same kind.

The company has been in the process of developing the new product for the past two years.

The call came through quickly.

"Baron, how's uncle?"

"Nothing too big, got a little blood sucked by Albert Ou, the wound isn't too big, it's packed now."The Cold Lords answered truthfully.

"That's good."

"Are you still going to stay by his side? You know, last night he hurt your uncle and the next time he hurts it could be you."

"Baron, can I ask you for one thing?"

"You said."

"You and uncle should not interfere in my matter with Albert Ou anymore, and since I already know his true identity, you have achieved your goal."

The cold owl was suddenly silent at the end of the phone, and he didn't quite understand Jasmine Tong's meaning.

"You are also expected to keep this matter confidential."

"Are you trying to shield him?"

"Just think of it as me begging you guys, okay? He's the man I love so much in the end, and as for the two of us, I wish I could leave it to the two of us to settle the matter, as for what choice to make, that's my business, I hope you and uncle don't interfere anymore."

"But you know you're dangerous like this I can't let you stay with him, nor can I allow this scourge to continue in our society, he'll hurt more people" the Cold Lords silence finally spoke.

"Who did he hurt being the president of the Dark Empire, he's been here for many years, have you ever heard of who he sucked blood from, you know so little about him, it's a complicated matter and I don't want to tell you too much about it"

"The Leng Lords probably thought Jasmine Tong had gone crazy.

"Baron, there's a lot of things I don't want to explain to you, and I don't want to bullshit you anymore, I just want to tell you that you and uncle ruined everything, you took everything from me, and you're the cruelest people"

Jasmine Tong's voice was choked with tears.

The Leng 梟 suddenly doesn't know what he can say, he's obviously helping her!

"We're obviously helping you, you two aren't going to be together, long term pain is better than short term pain."

"Stop thinking, you think you're helping me, you think you're doing me a favor, but if it wasn't for you, he and I might have been able to live like this for the rest of our lives, but nothing is possible now."

Jasmine Tong cried bitterly, she had never been so sad as she was now, it was as if her dreams had been completely shattered at that moment.

“You you can forget about him and start over” the cold owl’s voice was a little light, as if he was doubting what he was saying.

“It’s probably only a cold-blooded person in this world who would say something like that, but if it was that easy to forget someone, the world probably wouldn’t be sad.”

Jasmine Tong wiped her own tears.

“I’m telling you, Leng Lords if you ever do anything against him again, I’ll hate you for the rest of my life.”

Chapter 394

The company has been in the process of developing the new product for the past two years.

“Don’t think anymore.”

“You’ve ruined everything for me.”

“I will hate you if you are doing anything against Albert Ou.”

Jasmine Tong’s words have been reverberating in the ears of the Cold Lords.

“The baron, whose phone is it,” Huo Yulong asked when he saw the cold baron was slow to move.

Huo Yulong was lying on a hospital bed, his right hand wrapped in a thick gauze.

Because there wasn’t a lot of blood loss, and there was no need for a transfusion, except that when they went into the hospital yesterday, the doctor asked about it, and they could only say that they were stonewalled by a wild animal bite.

The cold lord returned to put his phone in his pocket.

“It was Manny on the phone, she said this is the end of the matter, don’t let us get involved, she’ll take care of it herself.”

The cold lord’s voice was somewhat low.

“What can she handle? How can she fight a vampire in a girl’s house? When I’m better, we’ll think of another strategy.”

Huo Yulong was still angry.

Leng Lords walked to the window eyes gazed out of the window, dark pupils unfathomable.

He finally spoke slowly after a long silence.

“Godfather, are we really doing the right thing?”

Leng Lords has never been a firm person, he never doubted his choice, but because of Jasmine Tong’s few words, he started to doubt himself.

“Lords, what exactly did Mandy say to you how can you doubt whether what we ourselves did was right or wrong? of course it was right Albert Ou is a vampire and his coming to human society was the biggest mistake”

The cold lord’s eyes flashed with a puzzled light.

“But Albert Ou loves Mandy he’s a very smart man, we’re obviously full of loopholes but he still fell for it, isn’t what we’re exploiting that she loves Mandy so much that if he didn’t love Mandy, we wouldn’t have gotten away with it.”

“That’s true, but you can’t assume that, after all, they’re not from the same world.”

Huo Yulong’s voice also weakened.

“I’ve always had a point of confusion, he and Manny have been under the same roof, why is Manny unaware of it Manny has also been telling me that Albert Ou has a heartbeat, I thought back carefully and when I clamped down on him yesterday, he did have a heartbeat.”

The cold lord shrank his pupils slightly as if he had found a lot of doubts.

“That doesn’t seem to be the same as the information.”

“So maybe Mandy’s right, and if we hadn’t torn that fact hard in front of Mandy, they might actually be able to live their lives.”

“For life.”

“Godfather, Mandy is an adult, and since she already knows who Albert Ou is, I’m sure she’ll make the choice he thinks is right, so let’s not interfere.”

The cold lord turned his head to look at Huo Yulong’s eyes as if he was requesting.

“Mandy is exactly the same as my sister was back then, too stubborn I’ll never allow her to make the same mistakes as my sister.”

“Then you’re not afraid she’ll hate you?”

Leng Lords words seemed to poke Huo Yulong’s mind, causing Huo Yulong to be stunned.

“I think if Mandy’s mother were alive and time could do it all over again, and you had stopped her from leaving, she might have lived her life in peace, but she would have hated you.”

Huo Yulong fell into silence with his head hanging low.

Still on this side of Rainbow City, Jasmine Tong had been waiting, and Albert Ou might come back and have a chat with her sometime when he figured it out.

The day passed and he did not return.

Two days passed and he still hadn’t returned.

And so a week went by without even noticing.

Jasmine Tong even sent him WeChat and made phone calls, WeChat all stonewalled and the phone calls never got through.

Jasmine Tong eventually couldn’t settle down and went straight to the Dark Empire, thinking to herself that no matter what, Albert Ou would never leave his company alone.

But she runs into an anxious-looking Russel Cheng at the office.

“Ma’am, I was just about to go to you, O has not been in the office for a week, I don’t know what happened to him, he won’t answer when I call her”

Without waiting for Jasmine Tong to speak, Russel Cheng instead spoke first.

“He hasn’t been here for a week.”

“Yeah, a lot of this company is waiting for him to take care of things, and without him the whole company would collapse.”

It turns out that she also did not come to the company, Jasmine Tong not only a little disappointed.

“Madam, if you see Mr. Ou, please ask him to come to the office at once, you are the only one who can persuade him now.”

Jasmine Tong very reluctantly tugged at the corners of her mouth, she actually wanted to say there was nothing she could do about it.

“If I see him, I’ll be sure to pass it on for him.”

Jasmine Tong hung her head and silently turned away.

Will he just disappear from here?

Will he leave the human race?

Will she never see him again?

At that moment Jasmine Tong was panicked, she was worried that she would never see Albert Ou again.

After receiving a call from Xu Xingru halfway, Jasmine Tong went directly to Star King International.

Xu Xingru was shocked when she saw Jasmine Tong. Her face was full of haggardness, dark circles and heavy bags under her eyes, and her face seemed to have lost a circle of weight.

“Mandy, what’s going on with you how long has it been since we’ve seen each other how come you’re haggard like this”

“Sister Xingru, what do you want from me” Jasmine Tong very stiffly changed the subject away.

“That drama I told you about last time, the one with the big girl, I’ve already negotiated with the other side and we’ll be on set next week.”

“Oh,” Jasmine Tong couldn’t mention any interest at all.

“Manny, shouldn’t you tell me what happened I don’t think you’re in good spirits, it’s hard to make the director happy if you come into the cast like this.”

“Sister Starru, I may not be able to film for a while.”

Seeing Jasmine Tong like this, and knowing that Jasmine Tong was in love, Xu Xingru naturally thought that it should be a love affair, maybe a breakup or something else.

“I knew I shouldn’t have let you fall in love in the first place, once an actress starts dating it’s hard for her to get her mind all on her career”

Xu Xingru’s words were also slightly angry, and Jasmine Tong did not retort.

Looking at Jasmine Tong’s decrepit appearance, Xu Xingru couldn’t blame her anymore.

“I’ll tell you what, I’m talking to the other side and pushing your time back a bit, you hurry up and settle the matter in hand, you haven’t faced the public in a long time, it’s been dangerous lately, don’t bury your own future.”

“I know.”

As soon as the voice fell, a cell phone suddenly came ringing from Jasmine Tong’s pocket.

She saw the number displayed on her phone screen and blanched

Chapter 395

z.y. Hospital

Jasmine Tong rushed into the hospital in a feverish rush and raced down the corridors of the hospital.

“Where’s Leigh? How’s Leigh?” she asked breathlessly as she grabbed a nurse by the shirt.

“Ma’am, calm down, we’re being rescued right now, Dean Zhou is inside”

Jasmine Tong breathed heavily.

“How did this happen? How did this happen? Wasn't it fine a while ago?”

At the door, there were a few of Yarwen Tong's classmates, who were also very surprised when they saw Jasmine Tong flying over.

Rumor has it that Yarwen Tong's sister is Jasmine Tong, but Yarwen Tong has always denied it, so it's true.

“Manny-san, I'm sorry, we shouldn't have dragged him to the basketball game.” A boy in a basketball uniform was sweating and apologetic as well.

“Sister Mandy is sorry” the rest of the people also apologized towards Jasmine Tong.

“He plays basketball with you guys.”

“Yeah, I knew he wasn't feeling too well and didn't really want to call him, he's usually not too willing to participate with us, but this time, I don't know what happened, but all of a sudden he said he wanted to join us.”

“Tong also said he was jealous that we could play basketball together, he just wanted to be active and nothing more, so we agreed.”

“At first it was fine, after a while of activity, everyone was sweating, I asked him if he wanted to take a break he himself played very happy, and did not want to rest, who knows on” the boy who spoke did not continue to say.

Jasmine Tong finally understood the context.

“It's okay, you're not to blame for this, you can go back.”

Just at that moment, the emergency room door opened and the doctor pushed Yarwen Tong out.

“Excuse me, excuse me the patient is not well and needs to be sent to the cpu immediately, please.”

Jasmine Tong saw Yarwen Tong's pale face.

Zhou Liesheng also came out of the emergency room, and Jasmine Tong immediately walked forward and grabbed Zhou Liesheng's arm.

“Dean Zhou, how is Xiaolei’s condition?”

“It’s not in good shape and needs to be watched in the cpu for a while.”

“So when will he wake up?”

“That, ma’am, you should know better than to say.”

Jasmine Tong’s eyes slowly fell lonely.

Zhou Li Cheng looked this way and that way in the corridor.

“Madam, why haven’t you seen Mr. Ou?”

“Oh he’s been busy lately.”

Although Zhou Lisheng was a little confused, he ultimately did not ask.

“I’ll get busy then, I’ll have them let you know if there’s any news from the cpu.” After saying that Zhou Li Cheng left.

Jasmine Tong told those students of Yarwen Tong to go back to school, and she stayed in the hospital alone.

The nurses here still put her in her old room, where the conditions were better and she could get a good night’s sleep.

The ICU is not for everyone, there are set visiting hours.

A day and a night passed like this, no progress on Yarwen Tong’s side, and the doctor didn’t say yes or no.

It was time for another turn of the day’s visit, and Jasmine Tong went to the ICU, as Yarwen Tong had been in charge of Zhou Li Cheng.

Yarwen Tong didn’t make any progress for a day and a night, and Jasmine Tong couldn’t help but feel anxious.

The liquid in the infusion bottle was slowly being injected into Yarwen Tong’s body, and those high-end instruments had been emitting sounds of different frequencies.

Jasmine Tong was very familiar with all of this, after all, Yarwen Tong had been in the intensive care unit many times over the past few years.

But Jasmine Tong also knew what this meant.

“Dean Zhou, the last few times Little Lei has woken up and recovered very quickly, so why hasn’t there been any progress this time after a day and a night?”

Because she was in a hurry, Jasmine Tong’s tone wasn’t very good either.

“Madam don’t worry, you know Little Lei’s situation better than anyone.”

Jasmine Tong shook her head vigorously.

“No, I’m not sure, all I know is that the first few times he woke up fast, this time there was no progress”

Jasmine Tong bit her lips so tightly that they were already oozing blood.

Of course she knows everything. She just doesn’t want to accept the truth.

“Madam, calm down, will you? Why hasn’t Mr. Ou come yet?”

With Zhou Licheng’s understanding of him, Yarwen Tong was hospitalized, it was impossible for him not to come over, even if he was busy.

Zhou Licheng really wanted to tell Jasmine Tong that if Albert Ou didn’t come, Yarwen Tong was doomed to not wake up this time.

“I told you he’s been busy.”

Albert Ou’s affair was equally exhausting for Jasmine Tong, and over this past day and night, Zhou Licheng had asked her several times about why Albert Ou hadn’t come.

Jasmine Tong looked fiercely at Zhou Li Cheng.

“Dean Zhou, you’re not going to treat Little Lei properly because Albert Ou didn’t come over, there’s nothing wrong with him being your boss, but you’re a doctor, it’s your duty to heal and save people”

“Ma’am, I think you misunderstand, I’m not saying that if Ou doesn’t come, he won’t treat Little Lei properly, but”

Zhou Li Cheng almost said something.

“Only what?”

“It’s nothing, ma’am, you can stay here with him for a while longer, I’m going out.”

Zhou Liesheng’s flickering words made Jasmine Tong realize the end and she directly blocked Zhou Liesheng’s path.

“You can’t leave until you get your story straight.”

Yarwen Tong’s condition made Jasmine Tong almost lose her mind.

Such a somewhat out of control Jasmine Tong also really surprised Zhou Licheng.

“Ma’am, what are you doing?”

Jasmine Tong also realized that she had overreacted, and her knees slowly bent and went straight to the ground, scaring Zhou Liesheng even more.

“President Zhou, I’m sorry, I shouldn’t have said this to you, I beg you, save Little Lei, he’s still so young, he’s still a child, he can’t die like this” Jasmine Tong begged bitterly.

In her eyes, only Zhou Licheng could save Yarwen Tong in this world, and since Yarwen Tong took over into Zhou Licheng’s hands, Yarwen Tong’s condition began to slowly improve.

“Madam, you quickly get up, quickly get up ah, I can’t afford it” Zhou Lixin immediately helped Jasmine Tong up.

“Ma’am, it’s not that I won’t save him, but I can’t right now.”

“But didn’t you also save him from life and death the last few times you must have a way, Dean Zhou you must have a way, I beg of you”

“The first few times that was with General Manager Ou” Zhou Licheng accidentally spoke out.

“What does it matter if he’s here or not to Lei?”

Zhou Licheng wanted to stop talking.

Suddenly Jasmine Tong also realized something, and she immediately grabbed Zhou Licheng’s sleeve.

“Does it have something to do with who he is” Jasmine Tong began to make probes and didn’t dare to make it too full of words.
