

Her Bossy Yet Naive CEO Chapter 441 - 455

Chapter 441

“What the hell happened” Jasmine Tong was even more anxious, if even the Leng Lords find it tricky, it must be something big.

“It says it’s an emergency, but it doesn’t say exactly what kind of accident, the local authorities want us to go there right away, we’ve already booked our flights and I’m leaving right away.”

The cold lord’s eyebrows were deeply locked, and he seemed to have a heavy heart.

“What is it about the local government that has even alerted the local government?”

“Mandy, wait here for my news, I’ll be the first to let you know if I hear anything.”

“I’ll go with you.”

“Do you have a passport?”

In the end, Jasmine Tong still did not go with the cold owl, because she does not have a passport, can not leave the country, but the cold owl can not wait for a moment.

Jasmine Tong had been waiting for news at home, and she had been silently praying that Albert Ou would be okay.

She worried while still comforting herself with the fact that Albert Ou was a vampire, his powers were far above those of humans, and the usual trivial things couldn’t possibly affect him.

But even though she thought so, Jasmine Tong was still almost sleepless for three days.

On the fourth day, the Cold Lords finally returned.

Jasmine Tong couldn't even bother to put on her slippers before she hurriedly ran down the stairs.

"Baron, what the hell is going on?"

The cold lord just hung his head and didn't speak.

"Out of what happened you quickly say ah" Jasmine Tong saw the cold owl this look, probably also guessed not what good.

"Where's Albert Ou he didn't come back with you? He's hurt isn't he in the hospital right now I'm going to the hospital right now"

The first thing you need to do is to take a look at the newest models.

"No need to go to the hospital, he's not at the hospital."

"Then where is he? Speak up and don't keep me in suspense."

Leng Lords silently walked to the sofa and sat down, Jasmine Tong immediately followed.

"You tell me,"

"Can we talk about this somewhere where no one is around?"

The first thing you need to do is to take a look at the newest addition to the list of the most important things you can do.

"You can talk now,"

"Mandy, I wish you would calm down a little."

"I can't calm down, do you know how I've been for the last three days you'd better tell me quickly and stop selling yourself short"

Jasmine Tong felt like she was going crazy.

"Albert Ou he was attacked by a pack of white wolves in the snowy mountains and was killed."

The cold lord was trying to slow down his speech, he knew it was cruel, but it was the truth.

“No that’s absolutely impossible, you’re lying to me you’ve got to be kidding me.”

The first thing you need to do is to take a look at the new product.

“Mandy, calm down what I’m saying is true.”

“Not really he’s not going to die he’s not human, how could he die he must have accidentally gone somewhere, you go and send someone to find him at once”

Jasmine Tong shook her head desperately.

“No one can hurt him, but you know, the necklace I gave you before and a kind of comb made of wolf’s teeth can hurt him, but because the white wolf is the vampire’s natural enemy.”

The cold lord stated slowly.

Jasmine Tong listened quietly, her eyes dazed.

“Albert Ou went to the snowy mountains that happen to be inhabited by white wolves, and he just happened to run into one, and if there was only one maybe he could have escaped, but he ran into a pack, so”

“Stop saying that I’m not listening, it’s not true, you’re telling a story” Jasmine Tong covered her ears, she didn’t want to continue listening because this was all nonsense.

“Mandy, calm down, I’m telling the truth.”

“You’re lying to me, you won’t go to him, I’ll go to him myself he’ll never die.”

Tong Koman, unsure of what he could do, circled back and forth in his study.

“I’m going to find him, I’m going to be able to find him he’s not going to die.”

She mouthed the words and then headed towards the door to get out, just as she reached it her legs fell to the ground.

“Little Man” shouted the Cold Lords, immediately running over and picking her up.

The cold lord sent the doctor out of the bedroom, the doctor had been hired from Z.Y Hospital.

“Mrs. is fine, but she hasn’t been resting well for the past few days, she’s had a severe lack of sleep, plus she may have fainted from the stimulus, so she’ll be fine with some rest.”

The doctor reports to the Cold Lords.

“Okay, I got it.”

After sending the doctor cold owl back to the bedroom, Jasmine Tong has slowly opened her eyes, staring at the ceiling in fascination.

She had a cell phone in her hand, which she kept to her ear, and the sound of it continued to come through.

“I’m sorry, the number you have dialed cannot be reached at this time.”

When you see Jasmine Tong like this, the Leng Lords also can’t bear to see her, she went to the bed and sat down.

“No need to call again, you can’t get through, he lost his phone in the snowy mountains and we haven’t found it.”

Two lines of tears slowly flowed down the corners of Jasmine Tong’s eyes.

“I thought I’d wake up and I’d be fine, I thought it was a dream, I didn’t think it was real.”

“Mandy, now that it’s done, you accept reality.”

Leng Lords really can’t think of anything to comfort Jasmine Tong.

“What about him?”

“His wolves tore him up so badly that his body is intact.”

Jasmine Tong closed her eyes and let the tears flow freely, “The person is dead, there’s not even a corpse then how are we going to give him a funeral”

“You know Albert Ou isn’t human, and the funeral is better left alone, the fewer people who know about it the better.”

Jasmine Tong only felt the pain in her heart, as if something kept running over her heart over and over again.

She cried out eventually, "Can't I even give him a funeral?"

"Mandy, vampires have their way if they die, they were human in their previous lives too, and have died once, so there is no funeral or grave if they become vampires and die again, that would just imprison their souls."

Jasmine Tong bawled her eyes out.

What surprised the Leng Lords was that when Yarwen Tong died, Jasmine Tong just silently shed tears, never had such a big cry.

No funerals, no bodies, no graves.

It was as if Albert Ou's death had nothing to do with the world and only had to do with Jasmine Tong.

Two days later, the lawyer arrived in Rainbow City with Albert Ou's former will.

At this time, Jasmine Tong was shaggy, hadn't freshened up for two days, and her eyes were always red and puffy.

"Mandy, so the will was written a long time ago, aren't you going to listen to it?"

"What's there to hear." Jasmine Tong just sat on the balcony with her knees in her lap.

"Maybe he left you something in his will."

Chapter 442

Hearing the cold owl say so, Jasmine Tong finally raised her head, went to the bathroom to clean up a little bit themselves, changed clothes to the study.

A lawyer in a sharp suit could not bear to see Jasmine Tong in this state.

"Madam, Mr. Ou once left a will, a will that takes effect when he is confirmed dead or missing for more than five days, and now Mr. Ou has been missing for more than five days, so it is necessary for me to give you this will."

Because of Albert Ou's special status, it was always said externally that Albert Ou had disappeared in the snowy mountains, not that he had died.

"What did he say in his will" Tong looked expectantly at the lawyer.

The lawyer looked at the thick will, "Madam, let me put it to you this way in simple terms, Mr. Ou left all the movable as well as immovable property in his name to you, naming you as the sole heir with perpetual effect."

"And?" apparently that wasn't what Jasmine Tong wanted to know.

"And" the lawyer turned over the will, "without all the movable and immovable property in Ou's name this is marked in it, which means that everything Ou owns is now yours."

"Didn't he leave any words for me?"

"This one doesn't."

Jasmine Tong sighed deeply, since she had left a previous will, and then also definitely didn't know that she would die one day, so naturally she wouldn't say anything to her.

She stood up slowly to get out, and the lawyer hurriedly stopped her.

"Ma'am, you are needed to sign the will."

"What do I need all this money for when the people are gone?"

The lawyer rushes to the cold lord for help.

"Mandy, just sign it, don't embarrass the lawyer, there might be a lot of things to do next, all of this is Albert Ou's heart and soul, surely you don't want his life's work to be lost like this,"

Jasmine Tong looked at the will handed to her by the lawyer and signed it.

"Okay, ma'am, I'll leave you then, I'm sorry for your loss, maybe there's a turnaround."

The lawyer consoled Jasmine Tong and left with the will.

Leng Lords gently patted on Jasmine Tong's shoulder, "Don't be too sad, people can't come back to life after death, this may be the will of God."

Jasmine Tong slowly raised her eyes to look at the Leng Lords, which were indifferent.

"God's will you tell me it's God's will."

"Manny you don't."

"Then I ask you what else can I do before I met her, I thought Little Lei was my only hope to survive, then Little Lei left and he was all I had, now he's left me too, what do you want me to do"

Tears fell the moment Jasmine Tong opened her mouth.

"He's my only hope in this world, and why is God so cruel to me when he won't even give me that little hope?"

"You sober up, he is not human at all, you are of two worlds, it is impossible to be together "The Leng Lords grabbed Jasmine Tong's shoulders and shook them hard.

"So what? We're just going to be together don't tell me he's a sealed offspring, but I'm going to be with him even if he's a real vampire."

Jasmine Tong's rant made the Cold Lords completely dumbfounded.

"I thought for the umpteenth time that I was about to go to hell, he pulled me up from the pit of hell, why wouldn't he let me love him why wouldn't he let us be together."

Jasmine Tong turned her head to look at the chair where Albert Ou had been sitting.

The way he buried himself in documents, the way he sat there eating dessert, the way he read a book, the way he flirted with her unkindly, all of them were displayed in front of Jasmine Tong.

"Albert Ou didn't you say you'd be with me forever? Didn't you promise me that you'd take time out of your year to travel with me every year? You promised me so many things, you go and cash in ah what kind of man are you to just walk away now."

Jasmine Tong roared at the chair as if Albert Ou was actually there.

“You’re a liar and a big liar and a big bastard, Albert Ou.”

Jasmine Tong roared hoarsely and threw all the books on the desk onto the floor.

The cold lord didn’t stop her, just watched quietly from the side, she needed to vent.

What the Leng Lords didn’t expect was that when Yarwen Tong died, they didn’t see Jasmine Tong so crazy.

Jasmine Tong took down all the books from the shelves like a madwoman and threw them to the floor, as long as it was something she could see, no one would be spared!

“Do you think you’re noble enough to leave me all your money and I’ll be happy? I’m telling you, you’ve got the wrong plan.”

“Albert Ou, I hate you you lying bastard, I’ll never forgive you for the rest of my life.”

“”

Jasmine Tong cursed as she destroyed this study until she was exhausted and finally stopped.

The study was also a mess at this time.

Jasmine Tong crouched right next to that chair and cried bitterly.

“I won’t forgive you until you can come back,” she was still muttering to herself.

The cold lord’s phone rang and he had to go out to answer it.

The call was from the office and there was a lot of stuff he needed to take care of.

The cold lord had to go downstairs, “You can keep an eye on her and don’t let her out of your sight, I’ll be right back.”

After instructing Aunt Fang and Pearblossom, the Leng Lords left Rainbow City.

Aunt Fang and Pear Flower went upstairs together and looked at the mess in the study, so they prepared to go in and clean up.

“Ma’am, don’t be like that, the gentleman just disappeared, he might be able to get it back.” The pear was wide open.

“Yes, ma’am, don’t feel too bad, Mr. Lucky has his own way.”

“Get out.” Jasmine Tong said slowly with her eyes unseeing.

“Ma’am,”

“I’ll let you out” Jasmine Tong followed with a roar.

Aunt Fang hurriedly pulled the pear blossom out of the way.

“It’s better to leave your wife alone.”

Pearly nodded, there was no other way now.

Jasmine Tong didn’t know how long she had been squatting next to the chair, but she stood up slowly when she saw the mess of the study.

Picked up the books one at a time off the floor and put them back where they belonged.

After a long time of packing up, the study was finally back to its original state.

“I’ve cleaned up your study, come back, will you, I won’t scold you, you’re not a liar, you’ll make good on your promise, won’t you.”

But the only thing that responded to her was air, and nothing more.

The whole company knows that Albert Ou has been missing for five whole days, and that the will has gone into effect, and that the entire Dark Empire is now under Jasmine Tong’s name.

Albert Ou had already explained before, the company’s all matters are handed over to the Cold Lords to deal with.

The cold lord was in his office dealing with an emergency.

“Mr. Leng, something has happened over at Star King International.”

Chapter 443

“What’s going on “The Cold Lords are now so busy.

Before this, Leng Lords had always felt that Albert Ou was nothing special, but now when he actually sat in this seat, he only secretly admired Albert Ou.

Being able to keep a company of this size running properly is really not something that ordinary people can do.

“It was something that happened to General Manager Quan, General Manager Quan had sex with a small artist from the company and made someone’s belly big, that artist made a scene in the Quan family, and the old man of the Quan family drove General Manager Quan overseas in a fit of anger, and now the whole company knows about it, so it’s good that the artist isn’t very famous.”

For a person like Leng Lords who has been walking the streets, this kind of thing is simply polluting his ears.

“How could Albert Ou be with someone like John Quan” the Leng Lords couldn’t help but mutter.

“Now that Star King International doesn’t have a single mainstay, Mr. Leng, you need to get an idea of who to send over there as soon as possible.”Russel Cheng said.

“Now that the head office side really can’t pull out any manpower, is there anyone under John who could be used before to bring him up.”

“There is down to the fact that Mr. Quan’s deputy was promoted by Mr. Quan and is said to be good.”

“That’s him, and now the Star King International photos are all left in his hands, so there’s no need to report them.”

“Okay.”

For the dark empire headquarters, the cold owl is not able to take care of the matter, the star emperor international side of the matter can only be slowed down.

After dealing with the company's affairs, it is already midnight, the cold owl immediately returned to the rainbow city, he is still worried about Jasmine Tong.

As he instructed, Aunt Fang and Pearly took turns watching Jasmine Tong.

"How is Little Man?" the Leng Lords asked Aunt Fang.

Aunt Fang sighed first, "It's the same old story, she doesn't eat or drink, one keeps whining there, either that or she keeps crying, can't be persuaded no matter what, it's hard to get her to drink two bites of porridge at night."

"Now what?"

"Still in the bedroom, always holding Mr. Pillow. Mr. Leng, do something about it, Madam can't go on like this."

"You go rest, I'm here." After saying that the cold lord went upstairs.

The door is open, through a crack, the cold owl through the door, see Jasmine Tong holding a professional pillow sitting on the bed dazed.

He pushed the door open and walked in, Jasmine Tong was shocked and looked up at him sharply.

"Are you back for dinner yet?"

"Eaten." Leng Lords also did not expect Jasmine Tong to naturally talk to him, he went to the bed and sat down, just when he was about to open his mouth.

Jasmine Tong jumped right over and hugged him tightly.

"It's so good to have you back, I knew you wouldn't miss a beat, you'll be back."

Leng Lords stunned also hugged Jasmine Tong.

"I had a fight with you the other day and drove you to the guest room to sleep, in fact, I know you can't mess around outside, you won't betray me, but I'm

just headstrong ah you don't worry, I'll never drive you to the guest room to sleep again."

Only then did Leng Lords realize that Jasmine Tong was probably in a trance and thought of herself as Albert Ou.

His hand slowly loosened, but who knew that Jasmine Tong actually grabbed his hand directly and hugged her waist again.

"Don't let go aren't you still mad at me aren't you used to like hugging me the most then just keep hugging, don't let go ok I miss you so much, the last few days apart from you, I feel like centuries have passed."

Leng Lords had a headache and didn't know how to deal with the somewhat mentally disturbed Jasmine Tong.

"The last time we went on a trip, you bought me some pajamas that I never wore to show you, I wore them today, do you like them?"

"Like."

"I knew you'd like it, you stinky rascal, and I'll do whatever you tell me to do from now on, and I'll never confront you again."

Jasmine Tong released the Leng Lords to hold his face, "You are thin, tomorrow I'll make you something delicious to make up for it, okay?"

"Good."

Jasmine Tong finally smiled she closed her eyes as if she was slowly waiting for something.

The cold lord's heart is always struggling, he is a grown man, of course, know what the two couples will do at night, also know what Jasmine Tong is waiting for.

The Leng 梟 can't help but feel some heartache as he looks at the face of Jasmine Tong that has light tears.

In fact, at this time, he could have sex with Jasmine Tong instead of Albert Ou, and maybe wake up tomorrow morning and everything would be different.

But how he was willing to be a replacement for someone else's band.

Leng Lords quickly stood up and prepared to walk out, but Jasmine Tong grabbed his hand.

"Where are you going so late? Are you still mad at me?"

Leng Lords turned around and lifted Jasmine Tong's chin, "Jasmine Tong, look carefully, who am I"

Jasmine Tong couldn't help but shudder, and when she saw the Cold Lords, she quickly pushed him away and picked up the blanket beside her to shield herself.

"How are you,"

"It's always been me Albert Ou is dead, come to your senses you'll never see him again the only thing you can do now is pull yourself together and live your life."

The Leng Lords finished snatching out the door.

Jasmine Tong hugged the blanket and cried once again, what's wrong with her that she even misidentified Albert Ou?

It's only been a few days and she's mistaken him for someone else.

Leng Lords returned to the guest room, where he had to stay for the next few days because he didn't know what else would happen to Jasmine Tong.

With his hands cushioned behind his head and his clothes still on, he lay on the bed.

I don't know if what I'm doing is right or wrong, but looking at Jasmine Tong like this, I wonder when she'll be able to pull herself together.

Suddenly felt a footstep outside the door, the cold owl can't think much about immediately get up, the sound seems to come from the study side, like someone looking for something.

Leng Lords immediately went over and pushed open the door of the study room, and indeed saw Jasmine Tong inside.

She looked very anxious in there, and was searching through a book, looking through every drawer.

Jasmine Tong had changed out of the s*xy nightgown she was wearing.

“Mandy, what are you looking for?”

Jasmine Tong didn’t answer his question, but continued to rummage.

“Honey, I’m sorry, I’ll even admit that you’re wrong, don’t worry it won’t happen again, I’ll take your picture and look at it dozens, no, hundreds of times a day definitely won’t admit it again, definitely won’t I swear, don’t be mad at me.”

Jasmine Tong mouthed the words as she rummaged through it.

“Manny, what time is it and you’re not going to bed.”

Leng Lords walked over and grabbed Jasmine Tong’s wrist.

“No, I can’t sleep, I need to find a picture of him to sleep”

Jasmine Tong shrugged off the cold lord’s hand and continued to flip.

“Photo”

For a while, Jasmine Tong sat on her butt and cried once more with her hands on her head.

Her Bossy Yet Naive CEO Chapter 444 - 446

Chapter 444

“There’s nothing left, there’s nothing left, and you didn’t even leave me a picture.”

The Leng Lords have not been able to remember the number of times Jasmine Tong wailed as she hugged her knees.

“Why don’t we even have a picture together I’m always so busy working that I can’t believe I didn’t even take a picture with you”

Suddenly Jasmine Tong wiped her tears with the back of her hand and quickly stood up.

Before Leng Lords knew what had happened, Jasmine Tong pushed him away and ran out of the study and back into the bedroom.

Leng Lords immediately followed, and he found that Jasmine Tong came back to the room to look for the phone.

“No pictures, we still have chats, yes, chats.”

Jasmine Tong excitedly grabbed her phone and clicked on the chat with Albert Ou, but it was empty.

It’s a bolt from the blue for Jasmine Tong.

That was all that was left of her memory of her chat with Albert Ou.

“It wasn’t you who deleted our chat wasn’t it.”

Jasmine Tong held the phone and pointed at the Leng Lords and questioned them.

“Manny, can’t you just wake up? Where’s the strong one you used to be? How many times do I have to tell you before you believe he’s dead?”

Leng Lords didn’t know how many times he had to say it before Jasmine Tong woke up.

“I’m asking you if you deleted our chat.”

“What’s the use of having a chat when the person is dead?”

“I knew it was you wasn’t you who set this up from the first day you entered the Dark Empire, you were the one who had the conspiracy wasn’t you who killed him.”

Jasmine Tong rushed to the Leng Lords, “It must be you who killed him right you answer me”

“No,”

“Who else could it be if it wasn’t you didn’t you do whatever it takes to get me so you killed him that must have been it you wanted to make me forget about him so you even deleted the chat.”

Jasmine Tong shed tears as she clutched tightly at the Leng Lords’ collar.

“Manny, do you really think I’m that heartless and uncaring?”

It seems that Jasmine Tong can not hear the Leng Lords speak like.

“Don’t you just want to get me, you want to sleep with me right? Okay, come on, I’ll give you but you give him back to me, you give him back to me okay”

Jasmine Tong said as she loosened the collar of the Leng Lords and began to untie her own clothes.

“I’ll give it to you now and you can sleep as much as you want, but I beg you to give him back to me.”

Leng Lords immediately grabbed Jasmine Tong’s hand to stop her from continuing to undress.

“Jasmine Tong” the Leng Lords roared and picked up Jasmine Tong and threw her onto the bed, covering her with the blanket.

“Get a good night’s sleep, and you’ll be fine when you wake up tomorrow.”

“Wake up tomorrow and he’ll be back.”

The cold lord’s voice was also a little choked, “Yes, you be good and sleep now, he’ll be back tomorrow.”

“Okay, I’ll go to bed right away.” Jasmine Tong was a good boy, though, and immediately closed her eyes.

Leng Lords didn’t expect his words to work so well, but it was worth it to make her briefly subside and get a good night’s sleep.

Soon after, Jasmine Tong actually fell asleep.

Only then did the Leng Lords breathe a sigh of relief, turned off the lights and returned to the guest room.

Things were a lot trickier than he thought they would be.

When Yarwen Tong died, Jasmine Tong just kept silently shedding tears, although also will not eat or drink, but at least will not make a scene.

Looking at it now, it was as if her entire body was delirious, she didn't seem to be able to accept the fact that Albert Ou had died at all, and all she could think about was that Albert Ou would be able to come back.

Jasmine Tong seemed to have a long, long dream in which Albert Ou kept hugging her, and she just kept smiling and laughing like that.

When she opened her eyes, she had a smile on her face as well.

"Honey, you're back," Jasmine Tong sat up sharply.

But there was Aunt Fang standing at the door.

"Ma'am, get up and have something to eat, I made your favorite chicken porridge."

"Where's sir? Is he back?"

"Mr. and Mrs. He's not coming back."

"You nonsense he will come back" Jasmine Tong immediately set off the quilt out of bed, "the cold owl it, call the cold owl over to see me"

When he heard the sound over here, the Leng Lords rushed over.

Seeing the Leng Lords Jasmine Tong barefoot ran to him, "He did you not say, I sleep well he will come back? You said he will come back today others."

Leng Lords really didn't expect that Jasmine Tong would take her so obvious lie as true.

"Mandy, he's not coming back, and I'm telling you for the last time, you're dead to me, he's not coming back."

“No no no, he’ll be back, he’ll be back I’m going to bed, he was just hugging me.”

Tong’s mouth kept babbling and she lay back on the bed with her mouth agape.

“Mr. Leng, what should we do? What should we do, Mrs. Leng?”

“I should hire a psychiatrist for her.”

The psychiatrist came in quickly and he went into the bedroom and soon came back out again, and kept shaking his head the whole time.

“Doctor, how is she doing?”

“Mrs. O’Brien is in a very bad way, she completely ignores what I’m saying and just keeps saying she needs to sleep her husband will be home soon.”

“So there’s nothing we can do about it now?”

“She’s in a situation where she’s under tremendous mental stimulation, she doesn’t want to accept reality, she’s paralyzing herself all the time, it’s a very dangerous situation and she’s likely to go to extremes.”

“What extremes,”

“Suicide, Mrs. is now mildly suicidal, and on the surface it looks like she’s been living in a hallucination, but in reality she knows very well that once she’s in the hallucination and reality, there’s no way she can escape.”

The Cold Lords were at a loss for words, “Then there’s no way at all?”

“I’ve tried to communicate with her but she’s ignoring me, so don’t worry too much, maybe she can come out on her own, just keep a close eye on her for a while, it’s an acute period of major reactions and it’s anyone’s guess what will happen.”

“All right then.”

The Leng Lords moved all the work to Rainbow City to do, he can not leave Jasmine Tong for a moment, because of the real fear that Jasmine Tong will commit suicide.

But he just thought it was unlikely, in his mind, Yarwen Tong's death should be more painful to her than what happened to Albert Ou, after all, Yarwen Tong was her flesh and blood closest relative, and had been dependent on her since childhood.

Aye Valley

Murray pushed Albert Ou's room open and shook his head when he saw Albert Ou still wrapped up in his blanket.

"Ono, you've been sleeping for days, you can't keep sleeping like this."

Only then did Albert Ou slowly open his eyes.

Chapter 445

"Mom, I've been back for a few days."

"Ten days now. You just eat and sleep and eat every day, how can you go on like this your father and Yarwen will be back soon, you'd better think about how to talk to Yarwen."

Murray looked worriedly at her son, something she didn't want to do, but there was nothing she could do about it.

Originally, she didn't support what Ou Sheng did, but when she predicted that Jasmine Tong would kill Albert Ou, she decided to support her husband.

"It's been over ten days, she should be fine by now."

What Albert Ou was thinking was that when Yarwen Tong died, Jasmine Tong took almost a month to get through, and this time when he was in his place, ten days should have been enough.

"What did you say" Muranui didn't hear Albert Ou's words clearly.

"Didn't say anything." Albert Ou finally sat up, "When will my father and Little Lei be back"

"Almost there."

As they spoke the two men heard voices coming from downstairs.

"It should be back, so clean up right away and I'll be down in a minute."Muranui patted the back of Albert Ou's hand and went downstairs.

Ou Sheng walked in front, Yarwen Tong followed behind him.

Yarwen Tong wasn't dead, or rather he was dead in the human world, while he was still alive in the vampire world.

He still had the same clean smile, but his obsidian-like eyes had turned a transparent blue.

"Auntie, we're back" I could tell that Yarwen Tong was very happy.

To be reborn and not having to care if his heart was comfortable, Yarwen Tong was certainly happy.

He would never feel the pain of his heart again, because he no longer had a heartbeat.

"Good to be back, how was the trip?"

"Little Lei's self-control is much better than the others, so it's a few days earlier than scheduled."Osei was on hand to explain.

It had been a long time since he had seen his wife, and he came up for a hug.

Since Yarwen Tong had just turned into a vampire, he needed some time to distress himself with his new identity, and especially needed to adjust to the control of his blood.

"Dad, little Lei."Albert Ou was standing in the living room at some point.

O'Sheng took one look at him and walked in.

"What are you doing here brother-in-law" Yarwen Tong was very surprised.

"You've had a long journey, come in, have a drink of water and rest."Murray hurriedly rounded up for Albert Ou.

"Brother-in-law, where's my sister you left her at home alone."

Albert Ou turned around and went upstairs, Yarwen Tong immediately followed behind and kept walking into Albert Ou's room.

“You talk back, what the hell is going on you come over here, what about my sister are you staying a few days and going back, or”

“I’m not leaving.” Albert Ou said dejectedly as he sat on the bed.

“What do you mean, not going away forever? What about my sister what about my sister she knows about this?”

Yarwen Tong was even more anxious, the reason why he could live so comfortably in the vampire world was because he knew that Albert Ou was by Jasmine Tong’s side, he had nothing to worry about.

But now Albert Ou was telling him that he was going back to the vampire world and not leaving.

“That’s right, I’ll be here from now on, and your sister has someone else to look after.” Albert Ou rubbed his face.

“Are you kidding? And without you, it wouldn’t be crazy for him to love you so much and you just leave her behind.”

Yarwen Tong walked over and grabbed Albert Ou by the collar, picking him up right off the bed.

He was a vampire now, and naturally much stronger than Albert Ou.

“Little Lei, you’re really strong now.”

Yarwen Tong threw Albert Ou right into the wall, and Albert Ou slid back down the wall.

“How can you do this to my sister? Go back quickly.”

“I can’t go back.”

“Why can’t we go back?”

“Because of you.”

Yarwen Tong could not speak with his mouth open, and after a long silence, he asked, “What the hell is going on”

“I’m not a real vampire, I don’t have the power to turn you into a vampire, so I asked my father, my father’s condition was that he would help me and see if you could turn into a vampire, it was up to fate, but from here on out, I’m going back to the vampire world, that’s all.”

Albert Ou sat on the bed in frustration, his entire body completely devoid of energy.

Yarwen Tong also sat down, “how can this be so then what about my sister”

“Don’t worry, I left everything I had to her and found him a man, am I not particularly great” Albert Ou’s smile was all bitterness.

Yarwen Tong looked at Albert Ou’s appearance and was also a bit unable to bear it, “Brother-in-law, I’m sorry, if I knew it was like this, I wouldn’t have begged you in the first place.”

Albert Ou touched Yarwen Tong’s head, “It’s okay, I’m not all for you, I won’t be happy with your sister, and it’s good to be apart.”

“It’s a good thing,”

“I’m a sealed bond, common sense dictates that he and I are not supposed to have offspring, and even if we do, it’s all up in the air, and once your sister found out who I was, we made an agreement not to have children, but I know it’s too cruel for her.”

Yarwen Tong quietly listened and couldn’t interrupt.

“I can actually tell she wants to have a baby, she just doesn’t talk about it because she doesn’t want me to be sad, so it’s good that she can live like a normal person.”

It was like saying it to Yarwen Tong, but it was more like saying it to himself.

He’d been using those words to comfort himself.

“That my sister now,”

“I carefully laid everything out, she thought I was dead and believed that in time she would get better and then forget about me and start living again.”

Albert Ou said so on his lips, but in his heart he kept expecting Jasmine Tong not to forget about him.

“Do you think my sister can forget?”

“How could I forget, it was only a matter of time before I didn’t even leave her a picture and the chat was deleted clean.”

“But can you erase her memory?”

Albert Ou looked into Yarwen Tong’s eyes in silence.

Yarwen Tong suddenly grinned, “Hopefully, as you say, my sister will be able to live well again.”

Lunch was cooked by Muranyi herself, and Yarwen Tong was a bit speechless when he first took the first bite.

Albert Ou patted him on the back of the head, “You’ll get used to it.”

Luckily there was Yarwen Tong here, and he could find someone to talk to.

“Tomorrow, the Butters are coming over, so get ready.” Orson’s words were not tone-deaf.

“Well.” Albert Ou, though, promised to be very easy.

That was surprising to both Osei and Murray.

Chapter 446

Yarwen Tong didn’t know anything about Bute’s family and had never heard Ousheng mention it before, so he had a vague feeling that something wasn’t quite right, so he found Albert Ou immediately after lunch.

“What’s up with the Butts?”

Albert Ou’s face rippled with a carefree smile as he lightly patted Yarwen Tong’s shoulder.

“You’re going to have a sister-in-law from now on, so don’t ever call me brother-in-law again.”

“You’re getting married,” Yarwen Tong just reacted.

“Yeah, I’m getting married, Daisy from the Butts is very pretty, you’ll see her when she gets here, and she’s in exceptionally good shape you go about your business, I’m going to bed.”

Albert Ou fell back to sleep on the bed.

Yarwen Tong was also very worried as he looked at him like this.

As he walked downstairs, he saw Murray waiting for him in the living room.

“Lei, you know about Ono’s wedding.”

“He told me, but, auntie, don’t you think it’s cruel that he and my sister really love each other so much, and that’s what broke them up.”

Yarwen Tong didn’t know if this was right or wrong, because this was already a tedious matter.

“I think it’s cruel as much as you do, but we don’t have any other choice, and it’s good for your sister that she gets to live a normal life.”

“And what about having brother-in-law marry a woman he doesn’t love.”

Murray’s blue eyes showed sadness as he hung his head.

“It’s ultimately our fault, we shouldn’t have had him in the first place, and you know he’s not a real vampire, he’s no match for any vampire, and if he goes back to the vampire world, he’ll be run over in minutes, so we need to find him a strong family to back him up.”

“So you let him marry Daisy from some Bute family,” Yarwen Tong finally understood.

“Yes, the Bute family is a very prestigious family, and they can protect Ono all her life.”

“But can a marriage be happy without love?”

Yarwen Tong was young, but there were things he understood.

“Actually, Ono and Daisy know each other, they’ve known each other for quite some time, Daisy has always liked Ono, take your time, I’m sure they’ll get along.”

“I hope so.” Yarwen Tong didn’t want to say much, after all, he was able to be reborn thanks to Ou Sheng, and he didn’t want to interfere too much in their family’s affairs.

The next day, the Butts showed up in the Aye Valley as promised.

Yarwen Tong had to admit that the Bute family was really a powerful family, and it could be felt from the aura emanating from them.

The Butters were Western, blond and white, and the vampires with their trademark blue eyes were as beautiful as blue glaze on them.

The blue eyes and blonde hair complemented each other, and they looked much more appropriate than the yellow skin and dark hair.

Yarwen Tong also met the legendary Daisy, and Albert Ou arched Yarwen Tong’s arm at the side.

“Well, isn’t it beautiful and twice as fit, isn’t it?”

Although Yarwen Tong saw Albert Ou smiling, he vaguely felt that Albert Ou’s heart should be crying

Daisy was really beautiful, her long straight blonde hair pouring down, even more beautiful in the sunlight, and her blue eyes were hauntingly beautiful.

What a typical Western beauty.

Her body was also, as Albert Ou said, very good, with a perfect s-curve that showed off the beauty of the woman.

“Oh, dear Daisy, it’s been so long since we’ve seen each other.”

Albert Ou opened his arms to welcome Daisy, who immediately fell into Albert Ou’s arms.

“Darling, you’re still so handsome, even more so than when you were little God, you really are just as evil”

Daisy doesn't hide her love for Albert Ou in the slightest.

Looking at this scene, both the Bute family, Osei and Murray were very satisfied.

Aiya is bustling with activity because of the Bute family's arrival, and basically everyone is here for Albert Ou and Daisy's engagement party.

The Valley of Aye was Osei's territory, and many of the vampires in the area had been transformed by Osei or had been helped by him, so he was very prestigious in the area.

His son was engaged, so naturally everyone would come.

At the engagement banquet, Albert Ou got very drunk, he wasn't a very good drinker, he would not refuse anyone who came over to toast him, so he naturally got drunk.

"Ono, you've had too much to drink, go upstairs and get some rest" Murray looked at his son worriedly.

"I'm not drunk I'm really not drunk."

"Let me do it, Aunt, and I'll take him to rest." Daisy came over immediately.

"Well, you know his room, there are a lot of guests here, so just take him back to his room first."

Daisy nodded and held Albert Ou, bringing him back to his room.

Albert Ou was lying in bed still chanting, "I'm not drunk, I can still drink, come on, drink."

Daisy sat on the edge of the bed and stroked his face.

"You're really getting handsome, honey, you're so fascinating to me."

"Don't touch me, I'm married" Albert Ou opened Daisy's hand directly.

"Married," Daisy smiled shyly, "Yeah, we're getting married soon, just next month, in my mind, we're actually married."

Daisy leaned close to Albert Ou and placed her palm on his chest.

“What a powerful heartbeat you know when you were little I loved your heartbeat.”

Albert Ou picked up Daisy’s hand and slung it far away.

“Jasmine will be unhappy don’t touch me, no one can touch me, Jasmine will be unhappy if he finds out.”

In the meantime, Daisy knitted her brows, “Jasmine who she is.”

Naturally, Albert Ou wouldn’t answer, because he was already drunk.

“Whoever he is don’t worry, I’m not that careful of women, you’ve lived in human society for so many years, it’s inevitable to have a confidante or two, who called you a man, but you’ll only have me from now on.”

Daisy pressed her face against Albert Ou’s chest, listening to his powerful heartbeat.

This heartbeat so fascinated him, it made her want to stop.

“Jasmine” Albert Ou grabbed Daisy in his arms, “I’ve missed you so much, you know.”

The first time a man held her in his arms like that, innocent Daisy was a bit of a deer in the headlights too.

“You can’t believe you’re so impatient but it’s okay, I’m a very open person, and anyway, I’m getting married next month, but you have to be gentle with me because it’s my first time.”

Daisy straightened up, put her hands on Albert Ou’s buttons, and began to unbutton him one by one.

Her Bossy Yet Naive CEO Chapter 447 - 449

Chapter 447

Daisy had a girlish shyness on her face, she was just an eighteen year old girl before she turned into a vampire.

For things between men and women, and only after becoming a vampire.

Unbuttoning Albert Ou's button, revealing his solid chest.

Daisy touched it gently, "You have a great body."

"What are you doing?" came a discordant voice from the doorway.

Like a startled deer in the headlights, Daisy immediately sat up in bed.

Yarwen Tong immediately understood Daisy's intention when he saw that Albert Ou's clothes had been unbuttoned.

He rushed in and fell in front of Albert Ou.

"As a woman, shouldn't you know how to respect yourself?"

Daisy was a little shy at first, but seeing Yarwen Tong's rudeness, she raised her head.

"I think you're going a little too far, I'm his fiancée and anything that happens to us right now seems to be none of your business."

"Unmarried is not a wife."

"But we're getting married next month."

Daisy certainly didn't want to ruin a good thing just like that.

"But you're not married now, and you're not his wife."

"I really can't quite understand the point of you Orientals doing this sooner or later anyway, not to mention that I don't mind, so what do you, an outsider, have to mind."

Daisy looked Yarwen Tong up and down.

“Is your open mindedness in the West that you have no shame? sorry, we are orientalist and have no way of understanding, he is oriental too.”Yarwen Tong pointed at Albert Ou.

Daisy stared hard at Yarwen Tong and stomped out of Albert Ou’s room.

Albert Ou was still mumbling to himself as he lay in bed.

“Jasmine, I’m sorry, I’m sorry, go away don’t touch me, I’m married, my wife will be upset.”

Listening to these drunken words from Albert Ou, Yarwen Tong endured them while feeling a little sad at the same time.

When Albert Ou woke up the next morning, all he felt was a headache.

He sat up and immediately saw Yarwen Tong sitting in his room.

“What are you doing in my room?”

Albert Ou realized at this time that his shirt buttons were all open, and he immediately covered his then chest, looking like a chaste martyr.

“Last night,”

“You almost got f*cked last night.”

“I lost my virginity.”

Albert Ou’s face was somewhat twisted.

Yarwen Tong couldn’t help but laugh out loud, “You’re not a man with a yellow flower, what’s not losing your virginity”

“A man’s reputation is important too, if your sister...”

Albert Ou took off but stopped talking.

Yarwen Tong also knew what Albert Ou was thinking.

“Last night Daisy tried to take you back to your room and you were so drunk that you broke pieces, and if I hadn’t gotten there in time, maybe you two would have been that for real.”

“That I didn’t lose my virginity.” Albert Ou was still a little lucky.

“But, brother-in-law, you’re getting married next month, and after that you’ll be husband and wife, and actually Daisy’s right, it’s a matter of time.”

Albert Ou fiddled with his hair haphazardly, “Let’s talk about it after we get married.”

“You know what you kept saying yesterday when you were drunk.”

Albert Ou looked up at Yarwen Tong, dazed.

“You said don’t touch me, I’m a married man, my wife would be upset, I can’t be sorry for my wife.”

Naturally, Albert Ou didn’t know that he had said those words, and he still felt beautiful after hearing them.

“Brother-in-law, I’m not even in a position to judge this matter, and if you think it’s good for both parties, then go ahead, but even if you’re going to get married, forget about my sister first, otherwise it will be a disservice to you, and to Daisy.”

Yarwen Tong looked at Albert Ou’s disoriented appearance and turned around to walk out of the room.

The parties had already discussed the wedding in a month’s time, and the Butters were leaving.

Albert Ou also changed his clothes, and at the very least he, the future groomsman, was going to give one away to someone.

“Mr. Ou’Brien, we’ve discussed everything, and Daisy on our side is ready to be the bride.”

“Yes, Mr. Butt, we will spend a month preparing for the wedding, and it will be to Daisy’s satisfaction.”

Daisy walked up to Albert Ou, “Darling, in a month, I will be your bride.”

“Yeah, see you in a month.”

Daisy gave Yarwen Tong a sidelong glance before she left, the culprit who ruined her good fortune.

After sending the Butters off, Aiya began to prepare for Albert Ou and Daisy's wedding.

These days, the Cold Lords have been guarding Jasmine Tong's side.

The doctor says it's possible for Tong to get worse and worse, or maybe she'll figure it out on her own and get over Albert Ou's death.

In the past few days, Jasmine Tong's state is also getting worse and worse, wailing for a while, and then making a scene to find Albert Ou, and then blaming the cold owl.

It's 10 o'clock in the middle of the night when the cold owl is finished with his company in the study.

It was rare for the villa to be quiet, and Aunt Fanny waited downstairs.

"Where's Mandy? Is she making a scene?"

"Mrs. seems to be doing better, she hasn't made a scene for a few hours this evening and is now asleep in her bedroom."

"The first thing you need to do is to get a good idea of what you're looking for."

"Yes, Mr. Leng, it's rare that your wife isn't making a scene today, so you should go home and get a good night's sleep."

"Fine, you go get some rest too, or maybe she figured it out on her own, maybe she's tired, we'll all get some rest."

Aunt Fanny nodded her head in greeting and went back to her room.

Leng Lords are also a little tired of the company's things are just too much, although Albert Ou has already told him everything when he left, but it's still complicated when it comes to actually doing it.

That's him, and anyone else probably wouldn't have been able to do it long ago.

The cold lord returned to his guest room and lay down on his bed to get some rest.

But vaguely feel that there seems to be something not quite right, Jasmine Tong why suddenly stopped making noise?

Usually this kind of mental stimulation, isn't there some trigger to get her going again?

The more the Leng Lords think about it, the more they feel wrong, immediately get up and walk out of the guest room, it is better to go take a look.

He knocked on the bedroom door and no one answered, so he just pushed the door open and walked in, but there was no one on the bed.

"The Leng Lords shouted, at the same time as he shouted this, heard a crisp "da" sound, as if something fell on the ground.

It was coming from the bathroom.

The cold lords immediately rushed in, Jasmine Tong lying on the edge of the bath, wrist blood is dripping drop by drop into the bath.

Chapter 448

Leng Lords immediately sent Jasmine Tong to the hospital.

It's a good thing he found it in time, or else the consequences would have been disastrous.

Sitting on the bench outside the emergency room, for the first time in his life, the Cold Lords felt exhausted.

He used to live a free life, robbing graves when he wanted to and playing around when he didn't.

He had never been a free eagle and the sky was his direction, but now he felt lost.

The door to the emergency room opened and Zhou Lixin came out of it.

"Mr. Cold."

“How’s she doing?”

“Mrs. is fine, the good news is that the wound is not deep and was found in time, it’s of no consequence, she’ll be fine with a few days rest, the fainting wasn’t due to excessive bleeding, it was probably due to her poor mental state and some low blood sugar.”

“That’s good.” The Leng Lords hanging heart is finally put down, if Albert Ou knows about this matter, probably will come over to strangle him.

“But there’s one thing I want you to know, the wife is pregnant.”

The Leng Lords had just relaxed to hear the shocking news and looked sharply at Zhou Licheng.

“Pregnant.”

“Yes, she is indeed pregnant, just five weeks.”

The news was so sudden that Albert Ou had envisioned many possibilities with the Cold Lords when he left.

But the only thing I didn’t expect was that Jasmine Tong would get pregnant.

The Leng Lords looked at her, he still didn’t wake up, there are nurses here to look after him, the Leng Lords rushed to Zhou Licheng’s office.

“Dean Zhou, regarding Manny’s pregnancy, I need to reconfirm with you that you’re sure she’s really pregnant.”

“I’m pretty sure she’s five weeks pregnant, Mr. Cold, which is nothing unusual, I’ve seen her pregnant before, only that baby didn’t last.”

Zhou Li Cheng is still gentle and elegant.

“She can’t get pregnant, how can she carry Albert Ou’s child”

The Leng Lords feel that this is a fantasy.

Zhou Li Cheng was speechless, Albert Ou had told him everything before he left.

Albert Ou asks Zhou Li Cheng to listen to the cold baron in the future.

“This child can’t have absolutely no you should know what Albert Ou he is, so absolutely no.”

“So Mr. Leng, you want Mrs. to abort the baby.”

“It’s not that I wish it, it’s that this child must never be left in this world Albert Ou’s identity doomed this child everything is unknown I want you to find a way to remove this child by giving her an abortion without telling Mandy.”

Zhou Li Cheng thought and thought, “Don’t you want to tell your wife about the pregnancy?”

“Of course you can’t tell Mandy that she’s soft and one-track minded, she knows she’s pregnant, she’ll never let get her baby”

The Leng Lords know Jasmine Tong too well.

“Well, when the wife wakes up, I’ll have someone tell him that during the physical examination, a lump was found in her body that needs to be surgically removed as soon as possible.”

Zhou Licheng could only do what the Cold Lords wanted, and although this was a bit cruel, it seemed to be the only way.

“Well, you’ll have to hire the best doctor to operate on her, and you’ll have to hide it from her.”

“Don’t worry, I will.”

A night, the cold owl did not close his eyes, he sat in Jasmine Tong’s hospital room with a lot of thoughts.

The decision had been made, but his heart was flesh.

He just sat quietly all night, thinking about it, and he still couldn’t get the question out of his head.

A nurse came in and checked on some of Tong’s condition.

“Well,”

“Oh, it’s fine, the wound is nothing serious, I guess I’m too weak to wake up yet.”The nurse lowered her voice, afraid of waking up Jasmine Tong.

“Well, you keep an eye on him here, I’m going for a walk.”

The cold lord tidied up his clothes and walked out of the hospital room.

It was still early, but the hospital was already full of people.

All of these people were busy coming to see the doctor, and their faces were all sad.

Leng Lords walked aimlessly, unaware that he had reached the gynecology and obstetrics department.

Suddenly a cry of pain was heard, and a woman was seen slumped on the floor, the strength of the man next to her helping her up.

“Don’t get up like that. It’s cold on the floor.”

“My baby my baby is gone” the woman cried and covered her stomach.

The Leng Lords can see that the woman’s abdomen is slightly raised, should be pregnant.

After a while, out walks a doctor.

“You’re still young, you’ll have children later, after you get rid of this one, go back and recuperate, you might be pregnant soon, don’t be too concerned.”

“It’s my flesh and blood, my child God why are you doing this to me” the woman cried out as she cried out.

The cries were heartbreaking, and many of the onlookers were more than a little touched.

It took a while for the man to talk the woman out of it, because they had surgery to perform and they couldn’t delay.

Just to come to the gynecology and obstetrics department, the cold owl can also consult, this aspect he does not know in the end.

After identifying himself, he was received by Dr. Li, who was in charge of the obstetrics and gynecology department.

“Mr. Leng, if you have anything to ask, just say so.”

“What will this abortion do to a woman’s body?”

“Actually, in principle, there’s not much of an impact, the technology is so good now that people who’ve had abortions and gotten pregnant again abound, so it’s no big deal to have the surgery and recuperate your body.”

The cold lord nodded as he listened.

“But if this abortion is done too much, it can lead to habitual miscarriages and problems having children later.”

“It’s so just that couple is what’s going on,” the cold owl is very curious.

“You mean them ah, that patient she was in fetal arrest, which means the baby was in her belly and had to be surgically removed.”

Since this patient was Dr. Lee’s responsibility, she was hard pressed to say more.

“I actually advised them to abort the baby at the beginning because this patient was not very well and the pregnancy was an accident, she was on a lot of medication and all the indicators were not very good at the first birth control, but she insisted on having the baby herself and still”

“If you took a lot of medication during the pregnancy, the baby was deformed and the indicators weren’t very good, why didn’t you get it done in the first place.”

Dr. Li laughed gently, “Mr. Leng, you are a man, you may not understand, women are naturally maternal, how can they take away their own flesh and blood even if it is only one ten thousandth of normal, maybe they will want to take a chance.”

“That’s a life, and it’s a life that’s very close to you.”Dr. Lee added.

Chapter 449

But I think as a doctor, when you find out there’s something wrong with this child, you should try very hard to prevent the patient from having the baby, isn’t that right?”

“Mr. Leng, in theory, of course, but the child is not the doctor’s, even if it does come out as deformed, we doctors recommend it and never enforce it strongly, every parent has the right to have their child born, and no one else has the right to decide whether the child lives or dies.”

Words poke at the heart of the cold lord.

No one but the parents can decide whether a child lives or dies.

“Mr. Cold, if there’s nothing else, I’ll get busy.”

The cold lord walked aimlessly, the doctor’s words, and the couple’s weeping just now, kept echoing in his mind.

He had no hesitation about taking away Jasmine Tong’s child at first.

Two nurses passed him.

“The wife is so poor, she lost her first child somehow, and now she’s having a hard time conceiving a second one, and she’s taking it away again.”

“Did the Mrs. just really bear to get rid of it? There was a baby on it she didn’t know she was pregnant and it was miscarried when she found out.”

“It seems that he still doesn’t know he’s pregnant, it was Mr. Leng who decided to get rid of it, because Mr. Ou is missing, said missing, and hasn’t been found for so many days, so he must be dead, it’s hard to leave a legacy.”

Two nurses walked by the side of the Cold Lords, for Jasmine Tong’s previous pregnancy can disappear unknowingly.

Turns out she didn’t know she was pregnant the first time she got pregnant until she had a miscarriage.

In the ward, Jasmine Tong had woken up.

“Ma’am, would you like something to eat if you’re awake?”

The nurse helped Jasmine Tong up, “Madam, don’t feel too bad, it’s good that you found it in time yesterday, otherwise the consequences would have been unthinkable.”

“Why did you save me?”

“Ma’am, what are you talking about stupidly if Ou knew you were so unloving, he would be angry. Have some porridge.”

Jasmine Tong looked indifferent and sighed, “Nothing to eat, nothing to appetite.”

“Ma’am, just eat more or less I remember when you were in the hospital, every time you didn’t eat, Ou would blame us, and if Ou was there, he would have lost his temper too.”

“Serve it to me.”

Jasmine Tong knew that if she didn’t eat, the nurse would be there all the time to talk her out of it.

The nurse immediately brought the porridge in front of Jasmine Tong, who felt nauseous just after taking a spoonful.

She lifted the covers together and ran to the bathroom, vomiting.

Since she hadn’t eaten much, there was nothing to throw up in her stomach.

But that suddenly reminded her.

“Bring me my phone.”

The nurse immediately sent the phone to the bathroom, and Jasmine Tong looked at her records.

Since Albert Ou doesn’t like to wear condoms, if it’s a safe period, he won’t deliberately use contraception.

In order to be more accurate, Jasmine Tong downloaded software to record her period and recorded it properly every time.

“Master, your period has been delayed for a week, so remember to check your body if you’re not pregnant oh.”

You can open the software and get a hint.

The first thing you need to do is to get up and go out, just at this time the cold owl came back.

“Go to Dr. Chung right away and have her check me out, I might be pregnant.”

The nurse is aware of Jasmine Tong’s pregnancy, but because of the Leng Lords’ orders, she doesn’t dare to say anything.

The nurse looked at Jasmine Tong and then at the Leng Lords.

The cold lord waved his hand towards her, and the nurse immediately went out.

“What do you mean I have to take a test, I might be pregnant.”

“You did get pregnant.”

After the struggle, Leng Liao still decided to tell Jasmine Tong about the pregnancy and let Jasmine Tong decide on her own whether to keep the baby or not.

Jasmine Tong was surprised and happy, “Am I really pregnant is it true?”

The cold lord solemnly nodded his head, his face still very grim.

“Five weeks of gestation.”

Jasmine Tong immediately put her hand on her abdomen, so she really was pregnant.

She also finally had a long-awaited smile on her face.

“Mandy, this baby can’t stay.”

“Why can’t we keep this is my child and his.”

“But you should know that Albert Ou is not allowed to have children with you, and the offspring of the two of you is an unknown quantity.”

Jasmine Tong immediately took a few steps backwards, “So what even if I give birth to a monster, I recognize that this is our child and I won’t hurt him”

“Have you thought this through? What if he really is a monster? Would you, child? Would you let him live his life in pain?”

Although Leng Lords decided to leave the right to keep the child to Jasmine Tong, he still wanted to fight to get rid of the child.

“I know what you’re trying to say, it was with all of this in mind that we decided not to have children and to adopt one in the future, but now that he’s here, that means it’s God’s will, so why should I kill him.”

Jasmine Tong had been protecting her stomach, as if she was afraid that someone else could snatch it away.

“Mandy,”

“Don’t you say anything, I know everything if I didn’t conceive, I admit it, then now that I did, he’s a life, and whatever he is in the future, I will protect him for the rest of his life”

The Leng 梟 suddenly found know he was pregnant Jasmine Tong suddenly back to the original that Jasmine Tong.

The tone of her voice, the look in her eyes, was completely different from the other day.

“Mandy, have you ever thought about the future you are still so young, are you going to be widowed for Albert Ou? You will definitely have to marry someone in the future”

“Who says I’m getting married even without this child, I never wanted to get married.”

Jasmine Tong immediately retorted.

“You’re talking out of breath, you’re in your early twenties, etc.”

“I’m not talking in anger, I’m telling the truth, and if you’ve ever loved a man you’d know it, because it’s about loving one man and not another.”

“Why not?”

This was what Albert Ou had planned when he handed over the Dark Empire as well as Jasmine Tong to the Cold Lords.

He wished that after he left, he would let the Cold Lords accompany Jasmine Tong half out of the shadow of his own death and then be with the Cold Lords.

So of course the cold owl is very mindful of what Jasmine Tong just said.

“I only have one heart, all of it given to him, and there’s no more to give to anyone else.”

Jasmine Tong hung her head and gently stroked her stomach.

“Lords, maybe one day when you really love someone, you’ll understand what I’m talking about.”

Jasmine Tong smiled as she stroked her stomach.

Her Bossy Yet Naive CEO Chapter 450 - 452

Chapter 450

The Leng Lords did not convince Jasmine Tong to get rid of the baby after all.

I don’t know if it was the arrival of this child that gave Jasmine Tong the courage to live again.

She recovered quickly and was discharged home three days later.

But, freed from the effects of suicide, she enters the troubles of pregnancy.

She threw up so badly that she almost threw up whatever she ate because she couldn’t have an empty stomach and she had to force herself to eat something, even though she didn’t want to.

“Vomit” came the sound of Jasmine Tong vomiting again from the room.

The Leng Lords directly walked in with an orange in his hand, just entered the house and saw Jasmine Tong from the bathroom, face waxing yellow.

“Trying to talk me out of it again.”

When in the hospital, the Leng Lords were bitterly persuaded for three days, but also failed to persuade Jasmine Tong.

“Is it worth it to suffer so much?”

“It’s worth all the pain for our baby.”

Leng Lords handed over the orange to Jasmine Tong, who took it suspiciously.

“I’ve tasted it, it’s pretty sour.”

Jasmine Tong smiled and hurriedly peeled the orange, breaking off half of it and putting it in her mouth, sourness filling her mouth but making her feel much better.

Looking at Jasmine Tong smilingly eating a sour orange, the Leng Lords couldn’t help but say: “It’s that good.”

“Well, it’s pretty tasty, thanks.”

Jasmine Tong ate the orange and sat on the bed.

“I’ve asked the doctor, and vomiting during pregnancy is normal and lasts about three months, and you still have almost two months to go.”

Jasmine Tong ate the orange one petal at a time, “Yeah, I know.”

“Vomiting isn’t the worst part, the worst part is later in the pregnancy when you can’t even sleep at night because the uterus is pressing on your bladder, and you also have edema, back pain and difficulty walking.”

Jasmine Tong slowly ate the orange and listened to the cold owl speak.

“The most painful part is the childbirth, the doctors say that women give birth, all nine of them, and if you divide the human body into ten levels of pain, then the pain of a woman giving birth is ten levels.”

“Baron, you’ve suddenly changed your tactics and want me to know when to back off, right?”

In a few words, Jasmine Tong had finished eating that sour orange.

The Leng Lords smiled without speaking, his tone significantly weaker than the previous days.

“I know what you’re talking about, but it’s okay, I can handle it. Do you have any more oranges?”

The cold lord touched his pocket and pulled out an orange to hand to Jasmine Tong.

“Manny, you have to think about it, if there’s something wrong with this child, you’ll suffer for ten months.”

“Brother Baron, you actually know that there’s no way you can convince me that if you really want what’s best for me, then take care of the Dark Empire so that my future children and I will be well fed and clothed in the future.”

Jasmine Tong peeled open the orange and ate it again.

“Well, let’s just pretend we’re talking, I’m going back to the office.”

The Cold Lords turned and prepared to walk out of the bedroom.

“Where did you get this orange I asked Pearblossom to get some too.” Jasmine Tong asked.

“If you like it, I’ll just bring it back for you.”

When the cold lord finished sideways and walked to the door, he suddenly stopped again.

Jasmine Tong ignored it, still eating the oranges on her own, her appetite was so bad these days, it was rare to have something she could swallow.

“Manny actually Albert Ou he’s not dead.”

“Ah,” Jasmine Tong suddenly stopped eating the orange.

The Aie Valley is about to have a wedding, and this is the busiest time of the year, when all the people in the valley come to start helping the O’s with their wedding preparations.

The male lead, Albert Ou, however, has fallen on easy times.

He was lying on his bed holding his phone, which had all of Jasmine Tong's photos stored in it from their travels.

And some videos he recorded.

He had come back with these things on purpose, and he had brought back nothing but his phone.

And the phone would never get a signal, even if he did climb into a tree.

Albert Ou was worried that he would get soft and would be unable to resist contacting Jasmine Tong, cutting off his own backdoor and destroying the phone's communication function in the first place.

He even remembered the sequence of these photos so clearly that he couldn't remember how many times he'd seen them since his return this time.

The phone screen showed Jasmine Tong's enlarged face, and Albert Ou carefully leaned in to place a soft kiss on Jasmine Tong's lips.

"Knock knock."

Albert Ou immediately put the phone away, "Come in."

Yarwen Tong had a suit in his hand, "Auntie asked me to bring it to you and try it on, to see if it fits."

"There's nothing to try on, tell her it fits."

"You'd better give it a try, so you don't embarrass yourself at the wedding and everyone looks bad."

Only then did Albert Ou put the suit on, a white groom's suit that fit perfectly.

Albert Ou stood in front of the mirror and surveyed himself, imagining that there was Jasmine Tong standing at his side.

"Brother-in-law, what do you think my sister would think if she knew that you are now in your groom's outfit, preparing to marry another woman."

"She won't know."

“I’m talking about just in case, what do you think she’d think if she knew.”

Albert Ou shook his head, “I don’t know.”

“It’s easy to find out what she’s thinking, imagine now that my sister is getting married to a baron sister, what you’re thinking then is what my sister is thinking.”

Albert Ou’s face suddenly turned ugly, if it had just been cloudy, it would have been cloudy by now.

“Brother-in-law, don’t tell me it’s impossible, you put the baron next to my sister, don’t you want to entrust my sister to him so I believe that soon they will also get married, they will k!ss and sleep and have babies”

“Stop it” Albert Ou turned to look angrily at Yarwen Tong.

“But it’s the truth, I don’t talk about it, can you stand it my sister may not know you’re with another woman, but you know my sister and the baron will be together.”

Yarwen Tong silently walked out of the room after saying that, and Albert Ou stayed alone.

Albert Ou sat down on his butt and held his head on the bed.

He was a very possessive man, and had struggled a lot to keep the Cold Lords in the Dark Empire in the first place.

But just Yarwen Tong said right, if Jasmine Tong falls in love with the cold owl, the two of them will k!ss, will sleep, but also will have a baby.

Albert Ou picked up the phone and looked at Jasmine Tong on the phone screen and smiled bitterly.

“Jasmine, could you really love another man?”

“Jasmine, would you k!ss him and have sex with him?”

“Jasmine, will you ever forget me.”

The one thing that Albert Ou wanted Jasmine Tong to do the most before he came back was to forget himself, but after he came back, he found himself terrified, terrified that Jasmine Tong would forget him.

Chapter 451

On the Rainbow City side, the Leng Lords have told Jasmine Tong the complete story.

The entire process of Jasmine Tong is very calm, which greatly surprises the cold owl.

“That’s how it happened, Albert Ou didn’t die, it was all just an illusion created to fool you if I’m right, he should be in Aiya by now.”

The first thing you need to know is that you can’t be sure that you’re going to be able to do anything.

“I should have guessed it a long time ago,” Jasmine Tong suddenly looked up as if that had opened up.

“Guess what,”

“Guessing he might be leaving me after little Lei died he was a little weird, he didn’t want me to go on a movie and wanted me to stay home with him, but I didn’t agree to that, he actually just wanted to spend more time with me.”

Jasmine Tong regretted very much that she had been immersed in the pain of Yarwen Tong’s death during that time, but had neglected Albert Ou.

“He actually had a lot of holes in him, I just didn’t care, I thought.”

Jasmine Tong rubbed her temples in frustration, “I’m so stupid for not even seeing it”

“Of course you can’t see how he’s been thinking about how he could fool you for the last six months, including a business trip to the snowy mountains that he came up with later.”

“I’m so stupid how could I be so stupid that I didn’t see that he was leaving”

Now that Jasmine Tong thought about it, she felt that Albert Ou was really full of loopholes that she would have noticed with a little bit of attention.

“Albert Ou did think a lot about you, and while he kept me in the Dark Empire and gave me the position of president, I was signing a document a few days ago, only to find out that loans for projects over 50 million dollars require your personal signature to release the money, and he was worried about me embezzling your assets.”

The Leng Lords really feel that the man Albert Ou is too chicken thief, he can't trust anyone.

“This fool, but why didn't he tell me? If he had, we could have faced it together.”

“He didn't just grant his father's request because of Lei, he said he also wanted you to live a normal life and he couldn't give it to you.”

Jasmine Tong only felt sore, she wiped her own tears, “Does he think he's great? This just shows that he's stupid, so stupid”

Jasmine Tong rubbed away the tears on her face, “Brother Baron, can you reach him now?”

“I know you tried to contact him when you were pregnant, but his number was already empty, and I think he cut himself off when he left.”

It's true that the Cold Lords couldn't reach Albert Ou.

“More stupid.”

“Manny, what are you going to do actually Albert Ou has always wanted you to have a normal life, that's why he's willing to sacrifice himself.”

“I'm going to find him,” Tong's voice was full of power.

Hearing Jasmine Tong's words, the Leng Lords were too jaw-dropping to speak.

“This bastard, I'm going to find him and bring him back, there's no way he's going to abandon me, unless he's really dead.”

“Mandy, I'm telling you this in hopes that you'll come to your senses, but I'm noticing that you're getting less and less sober.”

Leng Lords is really intolerant of Jasmine Tong's pain, maybe he will go along with Albert Ou's wishes if he knows that Albert Ou is not dead, but what he didn't think of is

"Baron, you're wrong, I'm indeed more sober I'm not more sober than I am now I'm going to find him"

Jasmine Tong's eyes were filled with determination.

"I think you're really crazy, Albert Ou is somewhere now but where vampires congregate, you're going to get yourself killed."

"Give me another one of those necklaces you gave me earlier, and won't the vampires be afraid to come near me if I carry that with me."

In the face of Jasmine Tong's naivety, the Leng Lords don't know what to say.

"Darling, should I call you naive or should I call you stupid?"

"Did I say something wrong?"

"That's a white wolf's tusk, it does hurt vampires, but vampires can crush you in minutes as easy as squeezing an ant if they don't touch that thing, let alone enter a vampire's nest"

Anyway, the cold owl is feeling no chance of winning.

"Then I'm going too."

"And what about the child in your belly are you trying to take your own child to die, not to mention that place is so far away from us that I'm afraid you'll be hung up on the road before you even meet a vampire and your body won't be able to take it at all"

Jasmine Tong worriedly touched her stomach, which was indeed an obstacle.

If she hadn't been pregnant, she would have gone and died herself but now with a baby in her belly, she had to take care of it.

"Well, don't think about it, you know he's alive and he's doing well, that's all that matters, and he wants you to be doing well too, that's just the way it is."

The cold lord stood up from his seat, “Manny, you two are destined to be people from two worlds, and it’s not a bad thing to live well in your respective worlds.”

“I’ve lived in a world with him since I decided he was the man of my life, not to mention that we now have a child.”

Jasmine Tong also stood up quickly to get her suitcase out from under the bed.

The Leng Lords looked at Jasmine Tong in horror: “What are you doing?”

“Pack up and go to him you don’t have to talk me out of it, you spent three days and three nights not talking me out of getting rid of the baby and you can’t talk me out of it now either.”

As soon as Jasmine Tong opened her mouth, she stifled what the Cold Lords had to say.

The cold owl’s words were choked back in life.

“I know what he kept you with me for, I was a little suspicious the first time I saw you in the Dark Empire, but he fooled me.”

Jasmine Tong said as she packed her luggage, “He probably thought that besides him, you might be the one who loves me the most in this world so entrusting me to you is the best choice But he neglected that I only love him in this world.”

The cold owl just stood quietly watching Jasmine Tong pack her bags but was at a loss for words.

“Lords, I know what you have in mind for me, but I’m sorry I couldn’t love you, and I thank you for all you’ve done for me and him, and if I had the chance, I’d like to repay you.”

Naturally, Jasmine Tong’s words were a bit cruel, but she knew she had to say it.

“Baron, I want you to remain in the Dark Empire until I return, but if I don’t, everything in the company will be yours.”

Leng Lords suddenly came up and grabbed Jasmine Tong’s wrist.

“You really love him that much.”

“Yes, he’s the most important man in my life.” There wasn’t a flicker in Jasmine Tong’s eyes.

“Okay, I’ll help you.”

Chapter 452

When the Leng Lords made this decision, they also felt crazy.

He’s never been a spontaneous person, but every decision he makes is wise.

But when he made that decision, even he thought it was crazy.

“You’re really willing to help me “Jasmine Tong took hold of the Leng Lords’ wrist in return.

“I must be crazy to be saying this to you.”

“You’ve been insane since the moment you promised him you’d stay in the Dark Empire.”

Leng Lords tilted his head and looked at Jasmine Tong in puzzlement.

“Isn’t it true that you never come and go without a trace, you go wherever you want, and how is it possible that the last company trapped you alone”

“Well, I’ve kind of fallen for you two this time, I can’t get off the boat of thieves.”

Jasmine Tong laughed openly.

Seeing Jasmine Tong laugh, the Leng Lords also finally laughed out.

He still liked her the way she was.

“But don’t be happy too soon Mandy, even if I go with you, it’s going to be difficult.”

The cold lord’s face sank once more, and he was still able to remain calm.

“First of all, it would be hard to balance if I left the Dark Empire side, it’s your man’s life’s work, think about it.”

“It doesn’t matter, it’s just a little less money, it doesn’t matter if he’s that rich anyway, a little less money”

Hearing that the cold owl is going to accompany himself, Jasmine Tong’s whole person seems to be lit up as excited.

“I’ll use the next few days to get the company set up as best as I can, and besides, I don’t know exactly where Aigu is, I just know a general geographic location, so we’ll still have to find it then.”

Jasmine Tong kept nodding her head, but she actually didn’t think about it that much herself.

“If we do get to the vampire lair, I’m no match for a vampire, so we’ll have to be somewhat prepared in advance.”

Jasmine Tong tapped her temple with her finger bit by bit, “Baron, you said that the white wolf is the vampire’s natural enemy right?”

“That’s right, the only thing a vampire fears is a white wolf, and that’s the only thing a white wolf can do against them, along with their wolf blood, and their wolf teeth.”

“I should have some ideas then, we’ll both move separately, you take care of things at the office first.”

“Okay, I’ll be quick.”

The two people according to the agreement to separate action, the cold lord went to the dark empire, ready to deal with the company some things, such a large company for a period of time without a leader is very scary, he needs to minimize the loss.

And Jasmine Tong also went to the Crystal Garden and asked Wu Xiu to bring her to the Vault Mountain.

Ou Zeino will naturally explain to Wu Xiu before he leaves, so whatever Jasmine Tong says, Wu Xiu will naturally do.

“Butler Wu, what do we have to do to summon Wing here?”

Wu Xiu narrowed his eyes and smiled, “Madam, don’t worry, just leave it to me.”

Only Wu Shuo pulled out a silver whistle from his pocket and just casually blew on it.

“Is it that simple? Blow the whistle and out comes the wing.”

“Ma’am, you just wait.”

Although Jasmine Tong had doubts, she decided to trust Wu Xiu.

After a while there was suddenly some soporific sound in the grass.

Jasmine Tong fixed his eyes and a mass of white velvet caught his eye.

“WING it really is you” Jasmine Tong exclaimed excitedly.

The white wolf scampered up to Jasmine Tong and lay down nicely on the ground.

Jasmine Tong also squatted down and stroked the white wolf’s fur.

“Ma’am, here’s this whistle for you, even if the wing runs far away, if you blow the whistle and it hears you, it will come to you.”

Jasmine Tong took the whistle over, “It’s too good with this there’s no fear of it getting lost.”

To be on the safe side, Wu Shuo still put wing one in the cage.

“WING, it’s going to be hard on you, don’t worry, I’ll let you out.” Jasmine Tong stroked wing’s head to reassure it.

Back in the Crystal Garden, the maid brings milk tea to Jasmine Tong.

“By the way, Butler Wu, do you know about this place in Aiya?”

Wu Xiu smiled and shook his head, “Mr. Ou once saved my life, if it wasn’t for Mr. Ou back then, I might have died, that’s why I was willing to saddle up for his service, Young Master would go back every now and then, but he never said where exactly he went.”

Jasmine Tong was a little disappointed originally thought that she could get more information from Wu Xiu.

“Oh, I remember now, ma’am, just give me a moment.” Saying that Wu Xiu stood up and went upstairs.

Jasmine Tong sat on the couch and drank some milk tea, probably too excited for the past two days, so the pregnancy sickness was not that bad.

After a while Wu Xiu hurriedly ran down from upstairs, holding a yellowed booklet in his hand.

“Fortunately, I didn’t throw it away” Wu Xiu handed this booklet to Jasmine Tong.

“When the young master was young, the first time he went back to Aye Valley, he was worried he wouldn’t find it on his own, so he gave him a hand-drawn map, and this is it.”

Jasmine Tong immediately opened this booklet, and naturally she, a roadkill, could not read the map.

“Except that the map was hand-drawn by Mr. Ou, and it’s just a general location, not that detailed.”

“It doesn’t matter, it’s better than nothing, we’re still foggy on location and it’s much easier with this.”

After returning to Rainbow City, Jasmine Tong immediately handed over this hand-drawn map to Leng Lords.

The Cold Lords also finally had some idea about the Aye Valley.

A week later, the two people met again, and the cold owl also finally sorted out the company’s affairs.

Leng Lords spread out a map on the desk, with the hand-drawn map that Jasmine Tong gave him at hand.

“If I’m right, according to the directions on this hand-drawn map, Aiya should be in this place.” The Cold Lords pointed out in the upper right corner, “And here we are.” Fingers moved back to the lower left corner.

“So far? Exactly the farthest point.”

“If we’re going over there, there are two options we can take one is by land, but it’s a longer journey and by land, you’re pregnant now and I’m afraid you won’t be able to take it.”

“What about the second option?”

“By water, we can take a bus to the dock and then take a boat ride all the way from here to this place, from which we’ll be close enough to Aye Valley after we get off the boat.”

“To have to take a boat,” Jasmine Tong couldn’t help but remember the painful trip she had taken with Albert Ou.

“Why? It would be easier for you if you were on a boat all the time, but if you go by land and have to take a car and a plane, I’m afraid you won’t be able to handle it. And it’s faster by boat.”

“Well, take the boat, then, and by the way, there’s something else I need to tell you, and I’m taking it with me”

Her Bossy Yet Naive CEO Chapter 453 - 455

Chapter 453

The Cold Lords were also shocked when they saw the white wolf locked in the cage.

“It’s the one he’s been raising, don’t worry, they’re domesticated, they don’t just hurt people, and we’re much safer with it escorting us on this journey.” Jasmine Tong smiled at the white wolf in the cage.

“What I’m curious about is how Albert Ou has the White Wolf King’s pup I had spent a lot of time looking for this White Wolf King’s offspring but unfortunately never found it, it turns out that Albert Ou captured it.”

The Leng Lords carefully identified the markings on the white wolf's body, and Jasmine Tong also saw that the white wolf seemed to have no hostile intent towards the Leng Lords.

"Do you think it's really a white wolf? When he first told me it was a white wolf, I thought he was bragging."

"This is indeed a wolf king, and although he has been away from the pack for a long time, the wolf king's call is very distinctive and he can still command the world."

"Then we have even less to fear, let's leave tomorrow."

The Leng Lords also knew that Jasmine Tong couldn't wait any longer, so the next day they set out on a journey with White Wolf.

A day's car ride to the dock where they are about to board the ship, the cold owl has ordered people to get ready in advance.

It's a good thing that Albert Ou is a man who has personal everything, even the ships.

The Leng Lords and Jasmine Tong boarded the ship together, but just a few hours on board, the Leng Lords found that Jasmine Tong is not quite right, she has been hiding in the room did not come out.

The Leng Lords immediately went to search for Jasmine Tong's room, and a steady stream of vomiting sounds came out of Tong's bathroom.

"Manny, are you okay?" The Cold Lords knocked on the bathroom door.

"No puke."

It was a while before Jasmine Tong came out of the bathroom, her face already hard to see.

"I'm fine, it's just seasickness." Jasmine Tong said weakly against the wall.

"The first thing you need to know is that you're not going to be able to get a lot of money for your money, and you're not going to be able to do that.

"It's okay, I thought you said a boat ride was the fastest, not to mention that I'm not sure I can handle the bumps if I go by land."

Jasmine Tong gasped with every word.

“Do you want to puke to death on the boat? If you knew, I wouldn’t have brought you here.”

Leng Lords have regretted, if he knew Jasmine Tong was seasick, he would never have taken the risk.

“I knew you wouldn’t have brought me here if you knew I was seasick, that’s why I didn’t tell you, it’s too late to turn back now.”

Jasmine Tong’s smile had a victorious stance to it.

“Who says it’s too late to regret it, I want the captain to turn the helm right now, we’ve been gone a short time and it’s not too late to get back”

With that said, the Leng Lords hurriedly prepared to head out, Jasmine Tong hurriedly pulled him down.

“Don’t, Lords, we had a hard time getting out, and you even have to go back okay, I’ll be fine.”

“The first trimester of Manny’s pregnancy is the most dangerous time in case anything happens to you while we’re sailing down the center, and we don’t even have a doctor at sea.”

Leng Lords growled towards Jasmine Tong, he felt that Jasmine Tong’s behavior was too childish to think that much.

“I know, but I have no choice but to say I’ll let you go on your own, for one thing I can’t bear the thought that you had nothing to do with it and should never have gotten into this mess, and for another, I’m the only one who can call him back.”

Leng Lords stared at Jasmine Tong without looking away.

“I know my body, and if this baby is going to be aborted that easily, then I’ll admit it.”

“Have you thought about it we could be at sea for twenty days on this trip, are you sure you can handle it”

Once the bow is fired, there’s no turning back.

“I’ve thought about it, I’ve thought about it from the beginning, don’t worry, I’ll be fine.”

Despite Jasmine Tong’s debilitating weakness, she still refused to admit it.

The Leng 梟 is also really unable to stall Jasmine Tong, “That’s okay, seasickness, then, you lie down and rest will be better. Seasickness isn’t the same as car sickness, so if you lie down you’ll be fine.”

“Okay, I’m going to go lie down now.”

Jasmine Tong dawdled over to the edge of the bed and lay down on it.

But it’s 20 days. Do you think she’ll stay in bed for 20 days?

Everything is unknown for these twenty days.

Jasmine Tong lay on the bed looking at the ceiling, her hand unconsciously touching her stomach.

“Baby, if you can hear Mommy, you’ve got to make Mommy feel better, or how is Mommy going to meet Daddy?”

It was strange, but whenever it felt like there was a life beating in her stomach, Jasmine Tong felt much more at ease.

While the cold owl me was taking Jasmine Tong to the unknown Aiku, Aiku was making preparations for Albert Ou and Daisy’s wedding.

They are more wedding-oriented than human vampires, because their lives are infinitely long and their appearance stays until the day they are converted into vampires.

So a certain ritual in life becomes especially important to them.

And for other vampires, attending a wedding seems particularly rare.

The entire Aye Valley seemed to be boiling in anticipation of the unprecedented wedding.

Yarwen Tong was helping Ousheng mow the lawn in front of the villa.

“Little Lei, you still don’t know what you’re capable of lately?” asked Osei as he mowed the lawn.

“I don’t know, I don’t feel anything at all, I’ve paid attention to what you told me before, but I don’t really know what I’m capable of.”

“Some just will, don’t worry too much about it, and don’t worry, no one will hurt you in my place.” Ousheng looked at Yarwen Tong and continued mowing the lawn.

“But doesn’t every vampire have a special ability why I don’t.”

Yarwen Tong also couldn’t help but get curious, he had come into contact with many of the people of Aiya these days, and he had learned quite a bit about them, everyone had special abilities, but only he didn’t.

“Just wait, maybe you’ll find out later.”

“Well, then be sure to let me know if you find out, too.”

Orson didn’t answer but continued to mow the lawn.

After a moment, he then asked, “What’s going on with Ono these days?”

“The same old always holding the phone and looking at pictures and videos of my sister, uncle, do you really think that’s good for my brother-in-law?”

“It’s the only option.” Ousheng only said this and ignored Yarwen Tong.

“Vampires have such a long life and my brother-in-law has to be with a woman he doesn’t love, he’s so pathetic he may never see his smile again.”

Osei paused the movement of his hands and did not speak.

Chapter 454

With everyone’s hard work, the Aie Valley has been given a new look.

All the trees are hung with lights, and when tomorrow night comes, it will be like a fairy tale world.

The red cottage has been freshly refurbished, repainted to become brighter, and the house is brand new.

All the facilities for a lawn wedding are also being prepared.

Muranui led Albert Ou to a large room on the third floor, the entire room was in European style, and the white furniture was clean and tidy.

This is the largest room in the villa.

“Because Daisy is a westerner, although to respect their style, the place will be decorated festively for the wedding, after the wedding it will be back to the original, how about anything else you need to add?”

Since it was his son’s wedding room, Murray naturally needed to prepare for it.

“Nothing to add, it’s all the same anyway.”

Not marrying the woman he loved left him with another woman, and it made no difference to him whether the marital home was there or not.

“Your father and I have talked it over, and if you don’t want to live with us then, we’ve got another place for you, but a house your father fixed up a long time ago.”

“Well.” Albert Ou still couldn’t lift his spirits.

“Ono, don’t be like this, do you know I’m worried about you like this” Muranui stroked Albert Ou’s hair sadly.

“Mom, I’m so old, what’s there to worry about.”

“But you’re not happy at all, I can tell, Ono, and if there’s no way you can accept Daisy, I’ll go talk to your father.”

“No, maybe I’ll be fine when she gets here, I’m just a little lonely now, I won’t be lonely when I have her to keep me company, she’s pretty and has a nice body that’s right up my alley.”

Albert Ou smiled a silly smile towards Muranui.

Murray finally saw his son’s long-lost smile again, though it was a little far-fetched.

“Mom, I’m not going to talk to you, I’m going to find Little Lei.”The moment he turned around, the smile on Albert Ou’s face disappeared.

The moment Jasmine Tong’s feet stepped on the ground, she felt alive again.

The journey to the sea has gone through a whole thirty days, originally only twenty days, but because of Jasmine Tong’s body, the cold owl let the captain for stability do not drive too fast, plus the middle encountered several big storm, but also a deadly escape.

The Leng Lords handed over all the affairs of the ship to the captain, he alone with Jasmine Tong off the ship, while off the ship also wing.

In the past month on the ship, Jasmine Tong has lost a lot of weight, although she has been lying down, but the pregnancy and vomiting still continue, it is inevitable that her body will lose weight.

“Mandy, we need to find a place to rest and plan the rest of our trip.”

The cold lord said as he looked at the map.

“There’s no need for rest, we’ve been delayed too long on the ship, all the more reason to hurry on next.”

“Even if you can eat the baby in your belly can’t eat it let alone a wolf with us, we need to figure out a way to do it otherwise it’s too inviting.”

Under the repeated persuasion of the Cold Lords, Jasmine Tong finally agreed to take a break.

The two people found a hotel to stay, the cold owl also took Jasmine Tong to the local hospital to check the body, good Jasmine Tong no major hindrance.

In the evening, the Leng Lords brought their own prepared things to Jasmine Tong’s room.

The wing stays with Jasmine Tong all the time, and because of his professional training, he is quiet.

The cold lord pulled out a pair of scissors, and Jasmine Tong immediately protected the wing behind her.

“What are you doing?”

“Help it disguise itself.”

“Ah what do you mean”

“It’s so distinctive, a wolf in plain sight, that we’d be setting ourselves up for trouble by taking it on the road, so I’m going to turn it into Alaska now.”

The Cold Lords really did what they said they would do, using scissors and dye to quickly turn a white wolf into an Alaskan.

“It’s really similar hey”

“These are only superficial, at night, its eyes emit green light on all exposed,” the cold owl is still a little worried.

The white wolf, who had been transformed into Alaska, was clearly unhappy and lay on the ground without uttering a word.

Jasmine Tong immediately walked over to stroke its fur, “Wing, I’m so sorry, but in order for you to help us, not only do we have to make you travel long distances, but we also have to make you a dog for your hallowed wolf king.”

Wing seemed to understand human words as well as looking at Jasmine Tong with sad eyes.

“But if you don’t, you’ll be found out and we’ll both be in danger, no, three of us, and the baby in my belly, so I’ll give in to you.”

The look of sadness in the eyes of a good wing lying on the ground is gone.

“It seems to understand you and it likes you.”

Jasmine Tong raised her smile to look at the Leng Lords, “He also said the same thing, I touched it when I first saw wing, so maybe we’re more compatible.”

The two men rested in this place for three days, and bought what they needed to buy, and went on their way again.

It was only when she really stepped on land that she realized that the days on board were like heaven.

Because the ship has all the facilities, you can say that the food is ready to eat, but it's different on land.

The Leng Lords have been insisting on eating regularly every day, which is a big problem for people in a hurry.

The pace of their journey was still very slow, and what was expected to be a week had taken half a month.

That night they landed in a village.

Leng Lords brought in some food for Jasmine Tong and some meat for Wing.

"Mandy, if my estimation is correct, we'll be in the Aye Valley tomorrow."

"It's so good to finally get the real scriptures." Jasmine Tong folded her hands in front of her chest.

"Don't rejoice too soon, the real difficulties are only just beginning now, I have inquired of the villagers here and they have advised me not to go, the villagers see the great forest we are about to enter, called the Dark Forest, as a place where there is no return."

"Is it because there are vampires there?"

"I heard some stories they told me, and it seems to have something to do with vampires, and I don't think vampires will leave out the humans who fall into their mouths in shape, not only vampires, but there are many beasts in the forest."

"And the beasts. Then we should take the lions and tigers with us."

"You'd better forget it, it's already a blessing that the wolf was able to take it with him, in fact I figured that where the vampires are stationed, there must be a lot of fierce beasts surviving, otherwise the vampires wouldn't be able to survive. Otherwise, you wait outside the village for news from me, I'll go in and explore on my own, and if I can't come back, you'll immediately contact the Dark Empire to pick you up and take you back."

Chapter 455

Jasmine Tong shook her head very firmly, “No, I won’t agree to this, I’ll go with you, or you can stay and I’ll go in by myself, because this was never about you in the first place.”

“Mandy, I’m not discussing this with you right now, this is a big deal, this forest is scarier than we thought, no matter what we encounter, the chances of us surviving are slim”

Leng Lords wasn’t going to listen to Jasmine Tong this time.

“It’s better to have the two of us together and wing than to have you alone.”

“No, you’re wrong, I’m safer going in there alone, I grew up in the woods, I’ll take care of myself if I run into general safety, but you”

The Leng Lords couldn’t be clearer, meaning that Jasmine Tong will be a drag on his life.

“Don’t you worry, baron I’ll never drag you down don’t leave me alone, we’ve come all this way and you’re only leaving me now”

The cold lord gently rubbed his brow, “I’m not leaving you behind, but it’s just to be safe.”

“But think about it, it may not be safe for you to have me in this village, we don’t know anyone in this village, and I’m a girl, I’ll lose all my barriers if you leave.”

The company’s main business is to provide a wide range of products and services, and to provide a wide range of products and services to the public.

It was a strange country, and they didn’t know anything about the people here.

“Well, we’ll be ready to go into the forest at first light tomorrow morning.”

Only then did Jasmine Tong smile, “Then I’ll go to bed first, good night, baron.”

But before dawn, the cold lord quietly left the house, he did not wake up Jasmine Tong, nor did he take wing.

He had prepared beforehand, soaking his dagger in wolf's blood, and had brought his collar of wolf's teeth with him, and even his gun.

Darkness still hung over the forest, and all was quiet, a silence that was more like death.

The Leng Lords followed the direction the old man in the village gave him, touching into the forest step by step.

In fact no one from even the nearby villages had ever actually entered the territory, because everyone who had entered had died.

The old man in the village had gone in once, but he was lucky enough not to go deeper into the forest and barely managed to pick up his life.

There was suddenly a thin sound from behind, and the cold owl turned back, seeing a mass of white velvet not far away.

"Come out,"

Jasmine Tong showed her head from behind the tree trunk, she was holding WING in her hand, and she threw out her tongue towards the cold owl.

"I knew you'd leave while I was sleeping, baron, and as a man, you don't keep your word."

Jasmine Tong was the first to crusade.

"Mandy, I really don't want you to take the risk, I'm sure you can still handle people with your intelligence, it's safer to go into this forest together and you stay in the village."

"I know you do, so I slept lightly just to follow you, and now that we're in the forest, let's go."

The Leng Lords also took Jasmine Tong can not do anything, since they have come in, then they have to go all the way forward, there is no turning back.

And deep in the forest, everyone has awakened and is preparing for a big wedding.

Just after dawn, Albert Ou was called up and urged to change into his groom's clothes.

He reluctantly put on the white suit and began the pre-wedding rush.

Vampire weddings are at noon, and one is followed by an afternoon of hilarity and an evening party as well as a haunted bridal shower.

Orson and Murray are already busy greeting guests, and more people are coming from the Butts than from the previous engagement.

The Butts valued the marriage very much, and with Daisy being the youngest girl in the family and very much favored, the Butts came in large numbers.

The whole wedding was according to the Western form, after all, the Butts are a Western race.

Daisy was in her room doing her makeup, and some of her sisters were chattering away.

“Daisy, you are so blessed your groom is simply gorgeous” Vianne was making exclamations.

“Of course it was. When he was born, I knew he’d grow up to be handsome and I was right.”

Daisy’s eyebrows were up, all smugness in her eyes.

In the world of vampires, it’s also really rare to find an extremely beautiful man like Albert Ou.

“I do think, though, that the groom’s brother is quite handsome and clean looking, and I like him.”On the sidelines Lucy said.

“I’ve heard that’s the new vampire of the O’s, and he’s handsome as white as a sheet,” Vianne echoed.

“If you two are interested in him, I’ll be able to pull strings for you when I’m done with this wedding, though.”Daisy smiled.

“Well, then, we can say yes,” Lucy dangled.

Daisy had her makeup on and her wedding dress on, her pretty face was perfect with this bridal makeup as well.

The bralette even accentuated her figure to the fullest.

“God, Daisy, you’re just so beautiful, I want to get married.”Vianne was beginning to get envious.

“Don’t worry, it’ll be your turn soon.”

Just at this time, someone came knocking on the door, Lucy went to open the door and just happened to see Yarwen Tong.

Yarwen Tong was today’s best man, also dressed in a white suit, it was his first time wearing a suit, and he was a little uncomfortable.

But he looked even more handsome in a suit, especially this white one.

When Lucy saw Yarwen Tong, her eyes lit up with peach blossom.

“Can the wedding begin?”Yarwen Tong was polite and courteous.

“The bride is ready for the wedding to begin.”Lucy answered slightly sheepishly.

“Then let’s get started, it’s ready outside.”

To the stirring music of the wedding march, Daisy, dressed in a white dress, took Albert Ou’s arm and walked slowly down the red carpet.

This red carpet is a real red carpet topped with a thick layer of rose petals, and there are constantly colored petals falling from the sky.

All the guests rose to their feet and applauded.

Daisy was receiving blessings with a happy smile on her face, but Albert Ou was expressionless.

They finally made it to center stage, where the wedding was officiated by an uncle of the Bute family, who had been a church priest in his lifetime.

“Mr. Albert Ou, please look at your beautiful wife, will you tolerate her for all that she may be capricious, playful, and temperamental, will you tolerate her with your own life?”

“I do.”Albert Ou replied coldly.

“Miss Daisy, please look at your handsome and dashing husband, who will one day grow old and perhaps fall ill, and will you care for him for the rest of your life?”

“I do.”

Daisy also answered without hesitation.

“Okay, so I’m going to ask everyone here if anyone has an objection to the marriage or, for that matter, if anyone has an objection to the marriage.”

“I object.”
