

Her Bossy Yet Naive CEO Chapter 456 - 470

Chapter 456

A clear and firm voice reached the ears of the people.

Everyone looked over towards the source of the sound.

There was only a girl with a muddy face and spots of blood, and a man in a grey trench coat, with an Alaskan on their side eyeing them.

The moment he saw Jasmine Tong, an image popped up in Murray's mind.

Albert Ou on the stage was also shocked and unconsciously let go of Daisy's hand.

"Jasmine,"

His entire body was silly, completely unaware that Jasmine Tong would appear in this place, he even thought he was hallucinating, his arms and legs were numb and unable to move.

Everyone was in a fog, not knowing what was happening, including the priest on stage.

It was a routine procedure to ask if there was anyone on site who objected to the marriage, and usually no one did, the priest had officiated so many weddings that this was the first time I had heard of anyone on site who objected.

The cold lord scanned the circle, silently holding the dagger in place, full of vigilance, for in his eyes all these people were vampires.

Jasmine Tong also looked at these people, and when he saw Yarwen Tong beside Albert Ou, his eyes were a little surprised, but she quickly averted her eyes.

"This young lady, you say you are opposed to this marriage, can you give your reasons" the priest finally spoke.

“Of course, because Albert Ou is married and I’m the one who is his lawful wife and, I’m pregnant with his child.”

Jasmine Tong smiled and placed her hand on her belly.

The whole room was even more startled.

“Mr. Ou, what the hell is going on here is this your invited guest I want an explanation” the Butts are not sitting still anymore.

Osei took a step forward and Murray immediately grabbed his wrist.

Osei looked to his wife, and Murray sounded very sure of himself.

“She’s really pregnant, I’ve just seen it, you can’t stop her.”

Ousheng naturally understood what Muranyi meant, and it was possible that she had predicted the future of the girl in front of her and Albert Ou, and even their future children.

Suddenly someone in the crowd pointed to Alaska and said, “That one there isn’t a dog, it’s a wolf, it’s a white wolf.”

All the vampires on the scene were nervous, after all, the white wolf was their Achilles’ heel, and they feared the white wolf the most

“They are humans, I can smell their blood,” a vampire said suddenly pointing at Jasmine Tong and the Leng Lords.

“Mr. Ou, what on earth are you doing at your son’s wedding when the guests you invited to bring the white wolf are trying to slaughter us?”

All of these vampires panicked and blamed Ousheng.

Jasmine Tong and Leng Lords looked at each other.

Jasmine Tong gripped WING’s rope tightly in her hands.

“We are indeed humans, and we had to do this to save ourselves, and as long as you don’t hurt us, we won’t let it hurt you.”The cold lord swept the entire arena with his sharp gaze.

They were both wearing collars of wolf teeth, so naturally the vampires didn't dare approach.

Ousheng finally stepped forward, "This is a misunderstanding, I'm sorry for the shock, this is the end of today's wedding, we have some family business to attend to."

One by one, the guests looked at each other, having no idea what the pace was.

Albert Ou quickly arrived in front of Jasmine Tong, who had just been unresponsive.

"I thought I was dreaming. Jasmine, is that really you?"

"It's me."

Albert Ou hugged Jasmine Tong so tightly in his arms that it didn't feel like everything was real until he had her in his arms.

"Great, it's really you, Jasmine, it's really you."

Murray immediately invites a few of his friends to help calm the guests, and all of the guests in the Aye Valley go back to their homes, and the Butts are invited to another villa by Osei.

What was still a lively wedding turned into panic and then quiet.

Albert Ou ignored all of this and brought Jasmine Tong directly to his room.

He was so excited he didn't know what to do, staring at Jasmine Tong's face one by one.

Jasmine Tong's face was spotted with blood, and Albert Ou gently caressed it.

"Does it hurt? How did you get it?"

"The branch cut it, it's nothing serious."

Jasmine Tong is understating the situation, but God knows what he and the Cold Lords have gone through in the past three years.

Another deadly escape no longer adequately sums up their experience.

The two of you looked at me, I looked at you, and it was surprising there wasn't more to say, it had been over two months since we'd seen each other, and maybe there was too much to say to know what to say first.

"You're really pregnant," Albert Ou suddenly blurted out.

"Yeah, you're going to be a dad." Jasmine Tong's eyes couldn't help but moisten as she looked at Albert Ou.

"I'm going to be a father, I'm really going to be a father" Albert Ou's eyes were fixed on Jasmine Tong's belly and he reached out his hand to touch it, "But"

The smile on his face vanished in a flash.

When he first found out that Jasmine Tong was pregnant, his first reaction was naturally excitement, but when he thought of his own

Jasmine Tong took Albert Ou's hand and placed it on her abdomen, "It's been three months, I know what you're thinking, since he's here, let's just accept him and not think about anything else, okay?"

"Well, I didn't accept him" Albert Ou nodded vigorously like a child and once again hugged Jasmine Tong in his arms.

"Jasmine, I've missed you so much, especially especially."

"Me too,"

Jasmine Tong's tears once again poured out as she thought of this painful time she had experienced in the past.

These past two months had been like a life and death test, at first he thought Albert Ou was really dead and hated to follow Albert Ou together, then suddenly this child came.

It was only then that she began to hope for life, and then she knew that Albert Ou wasn't dead, and embarking on a quest to find him was another nine lives.

Luckily, she persevered.

Luckily, she's still alive.

Albert Ou gently kissed Jasmine Tong's eyes, kissing her tears.

He knew he was sorry for making Jasmine Tong shed tears again.

But as he kissed Jasmine Tong's tears one by one, he secretly vowed never to let Jasmine Tong shed tears again in his life.

"Jasmine, I'm sorry, it's my bad."

Albert Ou's lips fell to Jasmine Tong's lips, gently kissing her soft lips.

How many times, over the past two months, had he kissed her in his dreams, and now he was finally kissing her.

Jasmine Tong cried as she catered to Albert Ou's kisses, how could she not be dreaming of kissing him?

Albert Ou hugged Jasmine Tong tightly and hated to rub her into his body.

He kissed her frantically on the lips, unable to stop.

Chapter 457

Albert Ou was still vigorously sucking on Jasmine Tong's lips, as if he couldn't kiss her enough.

Jasmine Tong didn't refuse, just allowed him to kiss to match his movements.

"Sis," came the discordant voice from the door.

Jasmine Tong immediately stopped, and even though Albert Ou didn't want to stop, it was because Jasmine Tong had stopped that he left Jasmine Tong's lips in love.

"I knew it,"

Albert Ou looked very unconvinced.

"I'll have a word with him first."

Of course Jasmine Tong knew what Albert Ou was thinking, she had to reassure him first, after all, she and Yarwen Tong hadn't seen each other for a long time.

Albert Ou vigorously kissed Jasmine Tong on the lips, which opened the door.

Yarwen Tong immediately rushed in excitedly, "Sister, that's great, I thought I'd never see you again"

Albert Ou looked at Jasmine Tong's eyes, which kept falling on Yarwen Tong, and knew that he couldn't fight it, and he left the room very knowingly.

The cold lord is sitting in the living room, wing nicely crouched at his feet, some of the dye has faded, like a quadruplet.

"I said Leng Lords, I left how to explain to you you even brought Man Man over you know how dangerous here there is also, here so far, how do you bring her over she is also pregnant, do you not know?"

Albert Ou began to rise to the occasion, and to the Cold Lords was a reproach.

In response to his accusations, the cold lord just slowly leaned back on the couch and crossed his legs.

"Manny's ignoring you, so don't take it out on me if you're not angry."

All of this has been seen through by the Cold Lords.

"I I'm asking you something, you answer me, how did you get here."

"It took a whole month to do the boat ride over here, and then a half month to walk here."

"What do you even take Man Man on the boat, Man Man seasick do you know" Albert Ou was even more anxious to jump to his feet.

"I didn't find out she was seasick until I took her on the boat, and a boat ride is the safest because she's pregnant, and imagine how hard it would have been if we had gone by land."

Leng Lords really didn't want to theorize with the man in front of him, but he was also really bored, so let's fight with him.

"You shouldn't have brought her here, she's pregnant, you'll pay me back if anything happens to the baby in her belly"

The cold lord opened his arms and shrugged his shoulders, "I'm happy to help."

“You “Albert Ou was really angry with the cold owl.

He circled the couch twice and returned to the cold owl.

“You’ve got a lot of nerve, didn’t I tell you to live well with Jasmine when she’s better? It’s too risky for you to bring her here like this.”

O Zeno still refuses to stop, he should thank the Leng Lords for bringing Jasmine Tong here, but when he thinks of all the suffering Jasmine Tong has endured, and the dangers, he can’t thank them.

“Albert Ou, if I were you, I’d only ask now not why I brought Mandy here, but to question what happened with Mandy during your absence.”

The cold lord raised his chin towards Albert Ou, looking very proud.

Albert Ou’s eyes suddenly widened, and a possessive man like him smelled the hostility in the cold lord.

“What the hell happened to you guys?”

“What happened to us, didn’t it go according to your script? I remember you begging me to stay and take care of Mandy, and you’re the one who told me to stay with Mandy and have a baby with her.”

The Leng Lords found that it is quite fun to tease Albert Ou, but the key is that the ultra-high IQ Albert Ou will fall for this kind of trick.

Downstairs was a lip-sync battle, but upstairs was a much cozier picture.

Jasmine Tong gently lifted her hand to Yarwen Tong’s face, his skin was cold, then slowly shifted to his heart.

No heartbeat.

Yarwen Tong directly held Jasmine Tong’s hand, “Sister, I’m sorry, I actually should have told you.”

“Then why didn’t you tell me, do you know I was upset”

“Because Uncle said that once I transformed into a vampire, I couldn’t have contact with the people I was before, so as to protect myself, and for you it’s better to think I’m dead, when in fact I am.”

Yarwen Tong still just smiled sunny.

“Sis, I’m just living in a different way now.”

“So are you adjusting to your new identity?”

Yarwen Tong’s transformation into a vampire, Jasmine Tong was also pleased, after all the suffering Yarwen Tong had endured in life, turning into a vampire, at least he could still see the world.

“Well, in the beginning, I couldn’t always control my desire to bite, and my uncle took me far away to control it, but it’s much better now, and I couldn’t tell you at first for fear of hurting you.”

Jasmine Tong nodded happily, “That’s good, it’s good that you’re happy.”

“Sis, I’m much stronger than I used to be, I can disappear in an instant, I can even kill a lion with my bare hands and never have to worry about my heart hurting again.”

Yarwen Tong appeared very excited and immediately reported his condition to Jasmine Tong.

“It’s just that” Yarwen Tong hung his head, “we still can’t see each other very often, or maybe we won’t be able to, Uncle said that humans have human lives and vampires should have vampire lives. If I continue to dwell with the living, it is we who will ultimately suffer.”

“Xiaolei, I can only see that you’re already happy, you’ll have a whole new life ahead of you, just live it well and don’t miss me.”

When Jasmine Tong and Yarwen Tong walked down from upstairs, Albert Ou and Leng Lords in the living room were still at war

They’ve even begun to debate whose baby is in Jasmine Tong’s womb.

“I tell you Cold Lords, if I knew, ask the child in my belly is yours, I would kill you” Albert Ou yelled at the Cold Lords.

“That’s very strange, you’re the one who told me to stay with Manny so that we could have a child, and now if the child you’re thinking about is mine, you’re going to kill me, you’re contradicting yourself, aren’t you?”

The Cold Lords were still very relaxed and watched as Albert Ou kept jumping to his feet.

“I that wasn’t no way I didn’t think you were so shameless to even take advantage of a weakness, wasn’t it you forced Jasmine’s you tell me, it must have been you who forced Jasmine’s Jasmine couldn’t have done such a thing”

Albert Ou looked like he had to track down the truth.

“If you believe in Little Man so much, then why do you question whose child is in her belly? “The Leng Lords feel even more ridiculous.

“I” Albert Ou also felt a bit incoherent.

Leng Lords saw Jasmine Tong come down, immediately said: “Jasmine Tong, do you know that this man is now suspecting that the child in your belly is mine.”

Chapter 458

From the just Leng Lords and Albert Ou’s dialogue, Jasmine Tong probably also guessed one or two.

“I didn’t “As soon as Albert Ou heard the cold owl, even with Jasmine Tong said so, immediately wimped out.

He could confront the Leng Lords, but this must not be known to Jasmine Tong.

“Brother-in-law, you’re being ridiculous, if my sister and the baron really have something, then why did she go through all the trouble to come here to find you”

Even Yarwen Tong couldn’t look at it.

Jasmine Tong, on the other hand, was much more calm.

“Jasmine, you have to believe me, I have absolutely no doubts, I was just arguing with him, he was the one who kept leading me to misunderstand that the baby in your belly was his”

“So you believe it” Jasmine Tong held her shoulders in a posture of scrutiny.

“Of course I don’t believe it,” Albert Ou immediately declared his loyalty.

“Since you don’t believe it, then what did you just do with so much theory with me” the cold lord immediately made up for it.

“The first thing you need to do is to take a look at the newest products that you can find.

“What do I have to do with what you two have to do with what I seem to have sent Manny over here, how much Manny has suffered in the past month and a half, and you still suspect Manny”

“You you you” Albert Ou was really going to be pissed off at the cold owl.

As they were arguing, Osei and Murray returned.

Albert Ou immediately came to Jasmine Tong and whispered, “My parents are back, save face for me.”

After saying that he immediately took Jasmine Tong’s hand and walked over to Ousheng and Muranyi, “Dad, Mom, introduce me, this is my wife Jasmine Tong.”

The moment Jasmine Tong saw Muranyi, she felt a thunderbolt from the clear sky.

Her idol is her mother-in-law.

And a very young mother-in-law.

Murray quit the entertainment industry back then in his early thirties and disappeared from the scene.

There was a lot of speculation, with some saying that Murray was married to a wealthy businessman, others saying that Murray had become a monk, and others even saying that Murray had committed suicide.

But all of this is speculation, and nothing is conclusive.

When Murray stood in front of Jasmine Tong, Jasmine Tong knew everything when she saw her still youthful face and those blue eyes.

Muranui was supposed to have fallen in love with a vampire back then, then got pregnant with Albert Ou at night and died tragically during childbirth, which is why he was converted into a vampire by Osei.

“Isn’t it silly that your idol has suddenly become your mother-in-law, and so young.”

Albert Ou could see through Jasmine Tong’s thoughts at a glance, after all, Jasmine Tong had told her more than once before that Muranyi was her idol.

Facing her idol, Jasmine Tong was still a little nervous.

“Mom, Jasmine is a fan of yours.”

Murray gently took Jasmine Tong’s hand, “We’ve met.”

“Ah” Jasmine Tong was stunned, completely unseen ah

“I forgot to tell you, my mom is a prophet, she has predicted things about you, do you remember the last time you had an accident at the airport is what my mom told me, because she predicted it, that’s why I went to save you.”

Albert Ou hastily explained for me Murray.

“More than that one time, I predicted several times about you.” Muranyi’s gaze was fixed on Jasmine Tong’s stomach, “Take care of the baby, it’s going to be a tough one.”

Jasmine Tong nodded shyly, “I will.”

“Ono, we’re all tired, take Manny to rest, she’s had a hard drive.”

Instead, Orson said nothing and went straight upstairs to their bedroom, with Murray following close behind.

That was a bit embarrassing for Jasmine Tong.

“You don’t have to pay any attention to my dad, I put that man that way, he’s an old man, he’s lived for hundreds of years.”

“He doesn’t seem to like me very much.”

“I like you don’t I, my mom likes you just fine, my mom likes you, he’ll like you, he’s a wife and a man”

Albert Ou didn’t hesitate to tear down his father.

In the bedroom, Osheng was sitting on the bed looking a bit pale, and Murray walked over to sit beside him.

“You really saw it,”

“I saw, not to justify Ono, but I really saw that we couldn’t stop them, so now we have to figure out how to appease the Butts.”

Murray also looked a bit worried, after all, the already promised wedding is now fizzled, the Bute family is a prestigious family, how can they be so good-natured to stop?

“Yui, you mean to say that Ono will be with this girl.”

Still in disbelief, Ousheng stared into Murray’s eyes, as if he wanted a real look.

He knew his wife, who had always loved her son, and she was the only one who knew about such things as prophecy.

“Sure, and they’ll have two kids, don’t you believe me.”

“But didn’t you say the girl would kill Ono in the first place?”

“No, I’m just saying it’s possible, because in the picture I predicted, the girl did hold her wolf teeth against Ono, and there’s nothing behind it, so I don’t think she killed Ono, especially since she’s pregnant now.”

“So what if she’s pregnant? What if she tries to kill him later?”

“No way, I’m a woman too, children are the death of women, if it wasn’t for the fact that I was pregnant with Ono in the first place, I’m afraid I wouldn’t be so dead set on following you.”

Muranui looked at Osei with deep affection, “Let’s make them happy, it’s a bit more painful for Ono, but it’s the best ending.”

“I need to figure out how to deal with the Butts.”

“Well, think about it then, there are still guests, I’ll go take care of them.”

Once again, Muranyi went downstairs, Albert Ou and Jasmine Tong had gone back to the bedroom, and Leng Lords and Yarwen Tong were sitting on the sofa.

“Lei, you should stay away from wing, it doesn’t know you, you’re a vampire now, what if it bites you.”

The Cold Lords still had the WING bolted up.

“Baron, it’s been a long journey for you guys,”

“I’m fine, mainly because your sister threw up all the way, she’s in the early stages of pregnancy and it’s the right time to throw up, I’ve seen her suffer so much, I can’t just take advantage of Albert Ou.”

The left corner of the cold lord’s lips rose lightly, filled with bad intentions.

“So you’re deliberately provoking my brother-in-law you’re too high on that one I guess he’s explaining to my sister right now.”

Both of them were very much looking forward to how Albert Ou would explain to Jasmine Tong.

“Mr. Cold.” Murray stood behind the couch.

The Cold Lords immediately stood up and nodded down towards Muranyi.

“It’s been a long journey, so I’ll take you to the guest room now to get some rest.”

“Then it’s a problem for Mrs. Ou.”

Muranyi took the Cold Lords to the guest room, “Just give you the luxury of staying here for now.”

“Mrs. Ou is welcome.”

“Then you should rest.” The moment Murray turned around he saw the mark on the cold owl’s neck.

Her Bossy Yet Naive CEO Chapter 459 - 461

Chapter 459

It was a red mark in the shape of what looked like a blazing fire.

The cold lord turned around to find Murray staring at him.

“Mrs. O, is there anything else?”

“It’s okay.” Murray expressed an apologetic smile and immediately left the room.

The other room is really not what the Leng Lords and Yarwen Tong expected.

Albert Ou is trying desperately to explain.

“Jasmine, you must believe me, how can I suspect that the child in your belly is not mine? You risked so much of your life to find me, I also suspect that the child in your belly Leng Liao he just wants to stir up trouble.”

Jasmine Tong sat Albert Ou on the bed acting like I’ll just watch you not talk.

“Jasmine, you don’t really believe the words of the Cold Lords,”

“I heard you guys talking about it when I went down there, and I have no reason not to believe him.” Jasmine Tong’s tone was flat.

“How can you believe he doesn’t trust me? I’m your husband.”

Albert Ou was in a hurry, had the two of them built up such trust so quickly?

“But I heard it myself, I don’t believe him or you, I only believe my own ears.” Tong shrugged his shoulders.

“That’s why he’s biased to steer me in that direction, he’s doing it on purpose, he’s just trying to stir things up, I’ve just told you how I’m going to explain it before you believe me.”

Albert Ou was close to kneeling down to Jasmine Tong, so hard to be together just because of this problem.

“He leads you on and you fall into his trap? Are you that smart to fall into his trap? Unless you have a trick up your sleeve.”

“I really didn’t, I’m going to unjustly die Cold Lords what exactly is his intention he brought you here, isn’t it just hoping that you will be disillusioned with me so that you can be completely possessed.”

Jasmine Tong couldn’t help but roll her eyes skyward, “Why don’t you go write a novel.”

“How do I”

“You have such a vivid imagination.”

“Jasmine you have to trust me.”

“Okay, okay, I know what’s going on myself.”

“You know what’s going on.” Why doesn’t Albert Ou believe that?

“You this person is too suspicious you encounter emotional problems IQ serious down the line baron brother is deliberately angry with you, because I have suffered so much all the way, he just does not want to too cheap you just you really on his when.”

Albert Ou immediately leaned in front of Jasmine Tong, “Then you shouldn’t be angry since you know.”

“I won’t really be mad at you for this, but I will be mad at you for something else, and we’ll talk about how to be mad when we get home.”

Jasmine Tong had some sense, the situation over here must be very complicated at this time, those vampires were not easy to mess with one by one, he might have to go through a lot of trouble if he wanted to take Albert Ou away.

Albert Ou clearly felt that Jasmine Tong was preparing to settle scores later, so he had to put out the fire while he could.

“Jasmine, I knew you’d be the best, and I’m sure you won’t be mad at me.”

“Don’t give me that sh!t.”

“Well, you’ve walked all the way, get some sleep, I’ll be watching over you.”

The first thing you need to do is to take a look at the newest addition to the list, which will be the first thing you need to do.

“Then if I fall asleep, you’re not allowed to leave.”

Albert Ou clearly felt Jasmine Tong’s grip on his hand tremble.

He immediately covered Jasmine Tong’s hand with his other hand as well, “Don’t worry, I’ll be right by the bedside watching over you, and I won’t leave a step.”

“Do you know how sad I feel these days every time I open my eyes and see you’re not there?”

“Not anymore, I’ll just keep grabbing your hand and sleeping with you, okay?”

Only then did Jasmine Tong lay down on the bed at ease, and Albert Ou went to fetch a bit of the potion.

“I’ll take care of the cut on your face first.”

The wound on his face wasn’t serious, it was just a cut from a tree branch and it was shallow.

“No need for medication, it’s okay for this little injury, I’m pregnant and I can’t just use medication.”

Albert Ou looked at the potion in his hand and couldn’t take it, so he put the potion back in.

Jasmine Tong rolled over and found that something hiccupped her and she touched Albert Ou’s phone with her hand.

Pressing a button, the screen lit up and the screensaver was her photo, which Tong remembered from a trip out.

The phone was Albert Ou’s previous phone, and the lock code was Jasmine Tong’s birthday, so Tong unlocked it all at once.

What shocked her was that there was nothing on this phone, just an album full of photos and videos of her.

No wonder he had to take so many pictures of her during the trip, he had prepared for that.

Jasmine Tong only felt a bitterness, he must have also been tossing and turning in the night, thinking about her over and over again.

Albert Ou came over and hurriedly took the phone away, "Stop looking at it and go to sleep."

Jasmine Tong closed her eyes and gripped Albert Ou's hand tightly.

Albert Ou really didn't let go and just kept sitting on the bed quietly watching Jasmine Tong.

If he moved his hand just a little bit, he could clearly see Jasmine Tong's brow furrowed.

He must have been so scared that he wouldn't see himself when he woke up.

Then how did Jasmine Tong get over the past days and nights?

Thinking about it, Albert Ou only felt heartbroken.

On the other hand, Osei and Murray were already beginning to discuss their strategies.

"Honey, what are you going to plan to tell the Butters."

"I can only be honest, let's just say that Ono is actually married, it was nothing, but suddenly there was a child and this wedding had to be called off, I will apologize to the Bute family."

There wasn't much for O'Sheng to do now, after all, this scene was happening at the wedding and there was no room for them to lie.

"But I don't think the Bute family's character will just let it go, will he retaliate against us Ono and Manny will be in any danger" Muranyi was still a little worried.

"This is my place, and the Bute family is powerful, but we're all skilled here too, so they should take care of that."

“But what if they get annoyed? We in Ae Valley have always been peace-loving, and while people are willing to help us, we can’t let them get into a war.”

Murray had been trying to be prophetic about it, but she had never been able to predict it.

“No, they would never dare to do anything.”

“Why? You’re so confident that the Butts are notoriously bad bullies, so we must be careful.”

“Why do you think they let Ono and Daisy get married really just because Daisy likes Ono.”

Chapter 460

Muranui suddenly came to a realization when she heard the words, at first they were just trying to find a family for Albert Ou that could shelter him.

They have their own agenda in this marriage, and the Butts?

“Legend has it that a vampire also possesses a special ability the day he or she transforms into a vampire, but there are other vampires who have never had this ability, and such vampires seem the weakest, but they are actually the strongest, as their ability is only revealed in special circumstances.”

Murray listened carefully to his husband’s words.

“And that ability is devastating and very scary.”

“Ono just never had any special powers, but just because he’s sealed and not a full-blown vampire doesn’t mean he’s that type.”

“But even sealed vampires have special abilities, and the Bute family wants to marry us, partly for my abilities, partly for yours, and partly because they’re betting that Ono is that type.”

Only then did Osei tell Muranyi the true nature of the marriage.

“But it’s a gamble, in case Ono isn’t.”

“It’s because he might be that the Butts are afraid to do anything about it. They’re worried that none of them will be able to escape if Ono’s ability is triggered.”

It dawned on Murray, “Then it seems like they shouldn’t be making trouble.”

“So you just leave it to me, and I’ll take care of it.”

That’s when Murray smiled his long-awaited smile, “So I’m going to cook now, we have daughters-in-law and we’re going to be grandparents.”

Ousheng looked at Muranyi with a dotting gaze, “You’re the youngest grandmother I’ve ever seen.”

“You’re also the youngest grandfather I’ve ever met.”

At dinner, Muranyi asked Yarwen Tong to call Albert Ou and Jasmine Tong as well as the Cold Lords.

Yarwen Tong called the Leng Lords before going to Albert Ou’s room.

“Sister, brother-in-law, dinner’s ready.”

Jasmine Tong was still asleep, still holding onto Albert Ou’s hand.

Albert Ou didn’t dare to answer, worried that he would disturb Jasmine Tong, but he couldn’t bear to let go of his hand.

“Brother-in-law, what are you two doing talking ah, dinner la” Yarwen Tong held back a smile, always felt that they did not do good in the room.

Albert Ou answered or didn’t answer, and the end result was that Jasmine Tong woke up.

The moment she opened her eyes and saw Albert Ou right in front of her, Jasmine Tong’s heart was finally at ease.

“Is it Xiaolei calling us for dinner? Why don’t you say something?”

“I was afraid I’d wake you.”

Jasmine Tong sat up and saw the two men still clasping hands together.

“Don’t you ever leave?”

“Of course, I want you to see me as soon as you open your eyes.”

“Alright, let’s go eat.”

In the restaurant, the cold lord was already seated, and Murray handed him the dishes.

“Mr. Leng, where are you from?” Murray began to chat carelessly with the cold lord.

“Mrs. Ou is asking about my hometown” out of courtesy Cold Lords or conversation.

“Yeah, where’s home,”

“Home in S. City.”

“Oh, and how old are you this year,”

Although it felt like Murray was checking the account, he had to answer out of courtesy.

“I’m not really sure myself.”

“Why isn’t it clear how you can even know how big you are?”

“I’m an orphan.”

The Cold Lords didn’t want to mention it.

“Sorry, just a casual question.” Murray apologized hastily.

“It’s okay.”

Muranyi was about to ask something else when she heard Albert Ou and Jasmine Tong descend the stairs.

All were seated.

Albert Ou scanned the table and immediately said to Jasmine Tong without mercy, "My mom's cooking is terrible, and I guarantee that after you eat this once, you'll never want to eat her cooking for the rest of your life."

Yarwen Tong didn't hold back for a moment and puffed out a laugh.

Murray was more or less embarrassed at being exposed so ruthlessly by his son.

"Ahem," Ousheng immediately coughed.

Albert Ou looked at him, "It's no use coughing, I'm telling the truth."

"Eat your rice there's no such nonsense" Ou Sheng hated it when someone said his wife's cooking was not good.

"My mom's cooking is just as good as my dad's, but his comments don't count, he's emotionally supportive." Albert Ou continued to give Jasmine Tong an introduction.

"Don't be disgruntled, Dad, but I'll tell you what, you'll know what a real meal is when you have Manny cook you a meal tomorrow."

Speaking of Jasmine Tong's culinary skills, Albert Ou was proud of that.

"Don't you have emotional support for your comment," Osei immediately retorted.

"My wife's cooking that is recognized as delicious, your wife's cooking only you find it delicious" Albert Ou finally dared to call out to Ousheng.

"My wife's cooking is only good enough for me."

Ousheng remained expressionless as he said this.

This is the first time Jasmine Tong has seen how a man can love his wife.

"Sis, you know I didn't know until I came over here that the Ou family's love for their wives is genetic."

Yarwen Tong immediately interjected.

"Who inherited him" Albert Ou was completely unconvinced.

“OK, this rice is still eaten or not la” Murray looked away from the matter is seriously eating the cold owl.

I have to admit that the Leng Lords were really polite, and although the meal was awful, he didn't say a word.

Jasmine Tong ate down the first bite of rice, really as Albert Ou said, once in this life never want to eat a second time.

But she had to hold back from saying it.

“Mom, Jasmine is pregnant, how can you make such a terrible meal for someone to eat?”

As soon as Albert Ou saw Jasmine Tong's expression, he began to accuse.

“You kid is not finished,” Ou Sheng this spoiled wife devil has been on line.

“Of course it's not over, it's okay to abuse me on a regular basis now even your grandchildren what if our baby doesn't grow up well.”

Jasmine Tong immediately kicked Albert Ou under the table, of course she knew that Albert Ou was doing it for her own good, but it was too wrong to accuse her mother like that.

“Why are you kicking me? I'm telling the truth.”

“Eat it or get out.”

Ou Sheng really couldn't stand it any longer, picking on his wife so much in front of him!

Murray and Jasmine Tong looked at each other, both of them deeply frustrated.

It didn't matter to the parties, these two men strangled.

The meal had been ending in a brawl.

As soon as he finished eating, Albert Ou eagerly dragged Jasmine Tong back to his room.

O'Sheng slanted a glance at them, “Is it that urgent?”

“You had more than your share back then, and your son hasn’t inherited it all from you.”Murray said.

“Did I back then?” Orsheng’s voice weakened significantly.

Chapter 461

Back in the bedroom, it was finally just the two of them again.

Albert Ou sat on the bed and kept staring at Jasmine Tong.

Until looking at Jasmine Tong’s heart hairy.

She turned her face the other way, knowing she had a cut on her face and the month and a half of hard work and running, she couldn’t care less about skin care.

“Don’t look, it’s getting ugly.”

“Who says,” Albert Ou gently slammed Jasmine Tong’s face back again, “that you’re prettier than ever.”

“There are several cuts on my face, and my skin is rougher than ever, so I still look good.”

“It’s nice, it’s just nice, I can’t get enough of it.”

Jasmine Tong pursed her lips and laughed out, “The mouth is even sweeter than before shouldn’t it be from practicing with the bride”

“Bride” Albert Ou didn’t realize for a moment that Jasmine Tong was talking about Daisy.

“That’s the bride today, she’s quite pretty and has a nice figure, I guess it’s to your taste.”

“What bride is in my eyes and heart is only your bride, don’t talk about her now”

Albert Ou held Jasmine Tong on his lap, encircling her entire body in his arms.

In this orientation, when he dropped his eyes, he could see the springtime inside through Tong’s collar.

Albert Ou hadn't intended to do anything, but just a glance made him swallow a bit.

Jasmine Tong noticed Albert Ou staring at her chest and immediately covered her collar.

"I knew it wouldn't be good for you to carry me here."

"I accidentally saw you take you into my arms to be closer to you, I wasn't looking at you"

"I don't believe you."

"Jasmine, is it pregnant so I can't touch you."

Jasmine Tong wrapped her hands around Albert Ou's neck and hung her head shyly.

"God is so good to you, you can't touch it for the first three months for sure, but it's okay to be careful when you're three months stable."

"Really," Albert Ou immediately got excited.

"Look at you, and you're saying that's all you're thinking about if you just weren't."

"I don't have any, it's just that I'm just saying up and asking casually" Albert Ou leaned into Jasmine Tong's ear, "I only have such thoughts about you."

Although Jasmine Tong was provoked by the words, she was still feeling beautiful.

"By the way, why is the bed in your room so small" When she first came in, Jasmine Tong had a bit of a question she wanted to ask, when she was tired and didn't ask it.

Albert Ou's room wasn't as big as the one he had in the Crystal Garden and over at Rainbow City, and it was much smaller than the one over there, especially the bed.

Albert Ou liked big beds, Jasmine Tong knew that, but this bed in the room was only one and a half meters wide.

“A vampire’s bed is not for sleeping, and those that do don’t even need a bed, generally speaking, are because “

Albert Ou said ambiguously in Jasmine Tong’s ear, “Make love.”

Said Jasmine Tong a moment of shyness.

“I can sleep or not sleep every day, and even if I do sleep it’s only for three or four hours, so the bed isn’t that important. It’s since I’ve been with you that I’ve gotten into the habit of sleeping long hours every day.”

Albert Ou’s eyes rolled around unkindly, “If you’re too small to toss this bed, then we’ll go upstairs, where my mother prepared the wedding room for me. That bed is bigger.”

“f*ck you for letting me sleep in your marital room with someone else.”

Jasmine Tong had had a hard time forgetting about it, and now he was bringing it up again.

“No, no, I’m just teasing you. When we get married in the future, I’ll get you a bigger and better marital home.”

Albert Ou hurriedly changed his words and kissed Jasmine Tong on the cheek in passing.

The two of them looked deep into each other’s eyes and couldn’t help but start kissing as they watched, everything seemed so logical.

It’s been too long since we’ve seen each other, too much to say, and instead there’s nothing to say now.

Albert Ou slowly fought on Jasmine Tong’s lips, and although he was in a hurry, his movements were very gentle.

His palm slowly fell on Jasmine Tong’s buttons, undoing them one by one.

“Ono,” came Muranyi’s voice from outside the door.

Jasmine Tong pushed Albert Ou away in a panic and hurriedly began to fasten her own buttons

“My own mother really knows how to pick her own time.” Albert Ou was furious.

Tonto buttoned herself up tonight and touched her somewhat pert face.

“It’s your fault. It’s only a few minutes ago.”

“Blame me, blame me” Albert Ou got up and opened the door lazily.

Murray was standing just outside the door.

“What’s the matter, Mom will spoil it for me” the rest of that statement was clearly accusatory.

“I knew you don’t do good things don’t you know Manny is pregnant and you don’t know how to control yourself do you see you have the look of a father”

Murray had a good count with a straight face.

She took a glance at Jasmine Tong’s reddened face, and her anger was unbearable.

I thought it was still early in the day, and the two of them weren’t going to be able to, but they definitely needed to talk, but I didn’t expect it to be so soon.

“How come I don’t look like a father anymore I certainly know Jasmine is pregnant.”

“You know you still”

Some of the words Murray was too embarrassed to say, “Let Manny sleep upstairs tonight, you can sleep in this room by yourself, come on, Manny, I’ll take you upstairs.”

Murray said and took Jasmine Tong’s hand to prepare to go upstairs.

“What are you doing” Albert Ou hurriedly pulled Jasmine Tong back and firmly fixed her in his arms, “We two can’t sleep together yet”

“Didn’t say you can’t sleep together, Manny is pregnant, you should at least refrain from this toil and run for so long, I’ve spoken to Dr. Hao, go to his house tomorrow and check it out, you’re not allowed to do anything until you’re sure there’s nothing wrong with the baby”

“Then you can’t keep us apart. I’m going to sleep with Jasmine today.”

“You” Muranyi was going to be mad at Albert Ou.

“I’ll bear with you,” Albert Ou shouted helplessly.

Jasmine Tong, who couldn’t interrupt at the side, lowered her head and held back a laugh.

“Then you guys go sleep upstairs too, your room is too small.”

“Don’t go ok ok ok, just leave it alone.”

Said Albert Ou stiffly pushing Murray out.

Albert Ou immediately locked his door.

Jasmine Tong finally couldn’t help but laugh out loud.

“What’s so funny you’re laughing? My mom’s getting naggy with menopause.”

“I think it’s fine.”

Murray went back to his bedroom also ready to rest, sitting on his bed suddenly preoccupied.

Ou Sheng came over and saw that she wasn’t quite right and asked, “What are you thinking about?”

“Do you remember our son?”

“Son didn’t you just come back from his room?”

“No, I’m talking about the other one.”

Her Bossy Yet Naive CEO Chapter 462 - 464

Chapter 462

When it came to their other son, Ousheng was also in a bit of a trance, and that memory seemed to have been slowly sealed away in the river of memories.

“Okay, it’s been so many years, let’s just forget about it and go to bed early, I have to deal with the Bute family tomorrow.”

Murray lay down without saying anything more, she knew that Ousheng probably didn’t have time to pay attention to this right now, it was better to wait until the Bute family was settled.

The next morning, Osei went to another villa very early in the morning to negotiate the wedding with the Butters.

Everything was under Ousheng’s control, and the Bute family didn’t dare do anything in Ousheng’s territory, and with their fears, that was all they could swallow.

The Butts left Aye Valley with a tearful Daisy and the affair was over.

Muranyi brought Jasmine Tong and Albert Ou to Dr. Hao’s house.

Dr. Hao was a brilliant doctor when he was still human, but was later transformed into a vampire by Orson when he was dying.

She loves medicine and hasn’t stopped her medical research since turning into a vampire, and has all kinds of medical equipment at home.

Dr. Hao was a very kind middle-aged woman who had already seen Jasmine Tong at the wedding yesterday and was not a stranger to her.

“Come in with me.” Dr. Hao brought Jasmine Tong directly to the examination room.

“I’m going too” Albert Ou was unsure to follow.

“What are you doing alone man” Murray hurriedly pulled Albert Ou.

“What can’t I woman see besides, I have to meet my baby for the first time”

“Let him in, he’s not in the way.”Dr. Hao saw that the couple was very much in love and allowed Albert Ou to go in.

Albert Ou immediately went into the examination room with Jasmine Tong, leaving Muranyi alone.

According to Dr. Hao’s request, Jasmine Tong lay down on the lab bed and undressed herself.

Dr. Hao started to do an ultrasound on Jasmine Tong, and Albert Ou kept holding Tong’s hand.

“The baby is healthy, just a little on the small side, you’re too skinny, you should beef up your nutrition a little more.”

Dr. Hao spoke to Jasmine Tong as he looked at the computer display.

“My morning sickness was so bad, I was throwing up everything I ate, and instead of gaining weight, I was losing it.”Jasmine Tong has also been looking forward to putting on some weight.

“It’s okay, there are a lot of pregnant women in their first trimester.”

Albert Ou kept his eyes on the screen.

“Where’s our baby?”

Dr. Hao pointed at the screen and said, “This is, it’s just three months now, you can’t see anything, the older the month, the clearer it will be, the equipment on my side isn’t very advanced, so it’s not very clear.”

“Is our baby that big like a bean sprout” Albert Ou quirked an eyebrow at the tiny bit on the screen.

“What bean sprouts have seen any father say his child is a bean sprout.”Jasmine Tong was really crying and laughing at Albert Ou’s words.

“Okay, you can get up now, it’s nothing serious.”Dr. Hao hurriedly handed over a tissue, and Albert Ou took it, carefully wiping the coupler off Jasmine Tong’s stomach.

After leaving the house, Dr. Hao told Muranyi about the situation again, and then Muranyi was relieved.

On the way back.

“Mandy, today at noon you cook, I’ll give you a hand and help you get it all ready, you just palm a spoon, I can’t cook into your mouth, but you need to strengthen your nutrition more now.”

When Mo Lan Yi said this, she was a little embarrassed, after all, Jasmine Tong is pregnant, she, the mother-in-law, is supposed to take care of it, but her cooking skills are really not good.

“How can you let Jasmine cook knowing that Jasmine is pregnant” Albert Ou was the first to object.

“That or you do,”

“I don’t know.”

“So who in our family can cook?”

Albert Ou was choked up by his own mother, unable to speak.

“Mom, it’s okay, I’ll do it, I’m not that squeamish right now, it’s just cooking.”

Jasmine Tong hurriedly rounded up.

“Still Manny knows how to do things and I don’t know what life you were blessed with” Murray glanced at his son.

“Hehe” Albert Ou kissed Jasmine Tong on the cheek without any consideration.

Jasmine Tong wiped her face shyly and lowered her head, knowing that Muranyi could be on the side.

She hurriedly gave him a wink, but Albert Ou was all carefree.

“It’s okay, my dad and my mom kiss a lot in front of me too.”

This time it’s Murray’s turn to be embarrassed about what kind of son he’s raising.

Once home, Jasmine Tong went into the kitchen and Murray followed her in, helping out along the way.

Albert Ou wanted to follow Jasmine Tong, but Muranui was too disruptive for him and pushed him straight out of the kitchen.

Jasmine Tong skillfully prepared the lunch, and Murray watched that with astonishment.

“Manny, who did you learn all this from that’s caught up with the top chefs.”

“I’ve been learning to cook since I was ten years old, and I’ve been practicing for years, so familiarity makes perfection.”

I don’t know how many lifetimes my little Nao has been blessed with, he’s so bad-tempered, moody and playful, you have to control him a bit from now on. If he bullies you, just tell me and I’ll take care of him for you.”

Jasmine Tong smiled coyly.

“By the way, Manny, are Mr. Cold and you guys friends?”

Murray began to cautiously test it.

“You mean the baron, we’re good friends, he’s entrusted me to the baron and the baron has taken care of me along the way.”

“I think he’s all powerful, and it wasn’t easy to bring you here, and it’s even harder to get into Aye Valley.”

“Yeah, the baron is pretty good, he’s an orphan, he’s been through more.”

Jasmine Tong was talking to Muranyi as she cooked the food.

“I can’t even tell by his accent where he’s from, he says he’s from S City, but I don’t sound like it either.”

Muranyi helped Jasmine Tong wash the dishes.

“He doesn’t actually know where he’s from, he was abandoned in the forest as a child and then, lived with wolves for a while before my uncle found him and took him out of the forest.”

Jasmine Tong is in Murray and naturally does not need to have reservations.

“Ah so that’s what happened.” Murray was thoughtful.

“But, Mom, this is a private matter to the baron, after all, and you must not bring it up in front of him, lest you cause him grief.”

“Not this one, naturally, Mandy, do you know what forest he grew up in?”

The first thing you need to do is to get your own copy of the book.

“Oh, don’t get me wrong, I’m just curious, I’m just asking.”

Chapter 463

Jasmine Tong echoed the awkward smile.

“I’m not really sure which forest it is, and the baron never told me.”

Murray didn’t ask any further questions.

Lunch was a rich meal and everyone was impressed with Tong’s cooking.

Albert Ou was incomparably proud, and he himself was even more hearty, after all, it had been a long time since he had eaten Jasmine Tong’s cooking.

The Leng Lords put their chopsticks on the table as soon as they finished their lunch.

“Mandy, I have gotten you safely to Albert Ou, my mission is complete, it’s time to leave.” Leng Lords gazed at Jasmine Tong.

“Hey, it’s rude to stare at my wife like that” Albert Ou doesn’t care if he leaves or stays, staring at his wife like that just won’t do.

“Are you leaving, Baron?”

After spending time with Albert Ou, Jasmine Tong had learned to automatically shield herself from some of his actions and prophecies.

“Yes, I’m leaving.”

“No” Murray snapped and put his chopsticks on the table.

All eyes brushed over towards her.

Even Ousheng thought his wife was strange.

To them, the Cold Lords were dispensable here, not to mention that the Cold Lords were human, and it would always be dangerous to be in a place where vampires were stationed, and it was understandable that he wanted to leave.

Murray also suddenly realized that he had spoken too strongly.

She immediately picked up her chopsticks again to cover up her panic, “No, I don’t mean anything else, I just think that Little Man is pregnant now, I’m afraid they will have to leave even if they stay here for a few days, the road back is also very long, and only Little Wild is afraid that he won’t be able to handle it, so I’m asking Mr. Leng to help people to the end and send the Buddha to the west.”

“What do you mean Dad, Mom, are you chasing us away” Albert Ou snapped.

“Your mother is right, the Bute family is a treacherous and treacherous family, Jairus, and they will not let up this time when they are so humiliated on our turf, so you will have to leave here after a few days of rest.”

Osei agreed with his wife’s words.

“Yes, Mr. Leng, thanks to you for protecting Little Man on this journey, but Little Man’s month is getting bigger and bigger, and her body is becoming more and more inconvenient, so if you’re there to protect her, the way back will be safer.”

“I’m not going to be the one to say anything about it.

He’s his rival.

The cold lord’s eyes flickered a bit, and he actually didn’t want to stay here anymore.

“Baron, just stay and go with my sister and brother-in-law when the time comes.”Yarwen Tong also joined together to retain the Cold Lords.

“All right then.”Leng Lords reluctantly agreed, in fact he was also worried about Jasmine Tong.

Muranyi was finally relieved, and Ousheng looked at Muranyi, always thinking she was weird.

After lunch, Muranyi called Jasmine Tong and Albert Ou into their bedroom.

There was some gravity in both Orson and Murray's expressions.

"Are you guys going to have a three-chamber trial? Jasmine has to take a nap, so if you have something to say, say it now."

Albert Ou's attitude was so bad that Jasmine Tong shook her head at him one by one and made eyes at him.

Ousheng nodded down towards Muranyi, and Muranyi spoke up.

"Ono, we've never told you that you actually have a twin brother."

"What the hell twin brothers" Albert Ou's jaw almost dropped to the floor in surprise

Jasmine Tong was even more taken aback.

"It's true, I was pregnant with twins back then, but because you have vampire blood and I'm just a normal human, it was exceptionally hard and the delivery was even worse."

The mention of that previous incident made Ou Sheng's face ugly, and he was the last person to bring up this past.

"I really used up all my energy when I had you two brothers, maybe because I didn't pay too much attention to the timing of the pregnancy, maybe because your brothers' energy was too strong for me to give you more on my own, so."

Murray's voice got a little choked up at that point.

Osei gently took Muranyi's shoulders, "I'd better tell you."

Osei then began to continue on with what Murray said.

"Our other son was just born out of breath, and according to vampire custom, there is no such thing as burial, and all dead vampires are placed on top of a mountain to absorb the essence of the sun and moon, which is said to allow for reincarnation, though that may be a superstition."

Albert Ou and Jasmine Tong looked at each other, both of them feeling very incredulous.

Especially Jasmine Tong, who had a vague suspicion of something.

“However, I still followed vampire custom and placed your dead brother on the highest point of the Savara Forest, hoping he would have a good afterlife.”

“You guys just threw him away then why didn’t you tell me before and now what are you doing bringing up this past” Albert Ou was full of questions.

“Ono, because we now realize he may not be dead.”Muranyi looked at Albert Ou tenderly.

“Didn’t die how could it be even if he wasn’t dead at the time, with all those fierce beasts out in the forest and a small baby, he’d have to die without dying.”

Suddenly I hear that I have a brother, perhaps because I didn’t grow up with him and he doesn’t have any feelings.

“There’s a real chance it didn’t die.”This time it was Jasmine Tong who spoke.

Albert Ou was surprised and looked at Jasmine Tong, “How do you know”

“Maybe that boy didn’t deserve to die, so he was raised by a wolf in the forest.”

“Are you pregnant, your brain is not normal” Albert Ou touched Jasmine Tong’s brain.

Jasmine Tong hurriedly took his hand away, “No joke with you baron brother is raised in the forest by wolves.”

Hearing these words, Albert Ou was even more shocked

Albert Ou’s gaze swept over everyone, and when Jasmine Tong said this, Muranyi and Ousheng were all looking at her.

“So you are now suspecting that the Cold Lords are my dead twin brother.”

The clever Albert Ou also guessed it at once.

After a few seconds of silence, Albert Ou suddenly laughed, “No way that guy of his is lying eight out of ten sentences, don’t believe him about being raised by wolves, he’s definitely lying to you”

Albert Ou ruffled Jasmine Tong’s long hair.

“The baron wouldn’t lie to me about such a thing, he always wore gloves because he used to crawl, he’s been walking in the forest for a long time and his hands are covered in scars, and he was brought out of the forest by my uncle, who mentioned it.”

Jasmine Tong knew that Albert Ou would not believe in such a story, so she could only come up with more arguments.

Chapter 464

“That that’s not possible, it’s just a fantasy.”

Albert Ou absolutely did not believe his scenario and shook his twin brother

“But you look so much alike, haven’t you noticed?”

A long time ago, Jasmine Tong was aware of this, but at the time, she thought she might be too fond of Albert Ou, so she looked like Albert Ou to everyone.

In particular, the cold owl’s evil smile and Albert Ou as one, now finally found the answer.

“Yesterday when I took him to the guest room to rest, I noticed a birthmark on his neck, that’s why I was suspicious, plus Mandy said he grew up in the woods.”

Murray hastened to add.

“Mom, you are too naive, just based on a birthmark to identify him as your son What a joke, you only have one son in the worst case, after listening to you guys, more filial piety.”

Albert Ou would never die believing it.

“A birthmark alone certainly doesn’t identify it, and there are other clues indicating that it can’t be determined.Both of your brothers have a red mole on their buttocks, and that brother of yours I wore a piece of jade on his body when he died.”

“I don’t even have a red mole on my ass you see you can’t even remember that, that birthmark is even less of a mark.”

Albert Ou threw his hands up like he was playing a trick.

“You do have a red mole, on the left.” Jasmine Tong said to Albert Ou.

Albert Ou was petrified, because he himself didn’t even know he had a red mole, but the words came out of Jasmine Tong’s mouth

“So you’re observing me so closely, when did you spy on me”

Jasmine Tong hated to bite off her tongue, why be nosy?

In front of Ousheng and Muranyi, could this man speak with a bit of scruples.

“You see blush is it when making out you peeked at me or did you peek at my shower” Albert Ou was unforgiving, for discussing the twins, he was more interested in discussing it with Jasmine Tong.

Jasmine Tong reached out and twisted Albert Ou’s arm.

“Ono be serious,” Osei spoke.

“Mandy, can you help us try out Mr. Leng, which forest he grew up in,” Murray threw a distress signal to Jasmine Tong.

“Well, I’ll ask him later.”

“It’s not quite certain, so don’t go into so much detail with him, just ask which forest it is, so there’s no misunderstanding.”

Jasmine Tong agreed.

The evening was approaching and the Aie Valley was colorful at dusk, the grass thick with leaves and soft to step on.

The Leng Lords standing against the setting sun as a statue, the setting sun’s rays reflect to his black pupils.

Jasmine Tong quietly walked over, “It’s so beautiful here at dusk.”

“Yeah, it’s beautiful.” The cold owl didn’t look at Jasmine Tong, still staring at the round of the sun about to set.

“Baron, thank you for being willing to stay and help us.”

“I’m not doing this to help you, but to help you.”

Jasmine Tong pursed her lips and laughed softly, it was like Albert Ou, she had become more certain of the relationship between the Cold Lords and Albert Ou.

“Then I thank you all the more for that, you seem to like twilight sunsets.”

“When I was a child, the forest I lived in was similar to this one, and there would be such a beautiful sunset every evening.”

Jasmine Tong secretly pleased that the cold owl himself mentioned, she came before not knowing any ask it.

“Where is the forest you live in?”

Leng Lords slowly turned his head, his gaze falling on Jasmine Tong.

Under the concealment of the colored glow, Jasmine Tong did not blush badly.

“I’m just asking, but I’m out on this trip anyway, so if it happens to be closer to the forest you used to live in, we’ll just go over there on our way back.”

“Savara Forest.” The Cold Lords are unguarded in front of Jasmine Tong, “As for the location, if we take land, we’ll pass through on the way back, and I haven’t been back in a long time.”

“If you want to go back, then we’ll take land when we get back.”

“Do you think Albert Ou would agree?”

Jasmine Tong had accomplished her mission and stayed with the Cold Lords for a while longer, and after the evening dinner, she told the news to everyone in a hurry.

“So it seems likely that that baron is brother-in-law’s twin brother,” Yarwen Tong spoke up before anyone else.

“Yes. I was the one who put him on the highest point of the Savara Forest in the first place.” Osei hastened to add.

No one was more excited than Murray, “That’s wonderful, thank God my son is alive.”

“Your son was already alive,” said Albert Ou as he pointed a finger at himself.

“Dad, Mom, so are we going to have a showdown with the barons now? “No one paid any attention to Albert Ou, just pretended he didn’t exist, including Jasmine Tong.

“Which side are you on you’re my wife, you should be on my side” Albert Ou hurriedly pulled Jasmine Tong to his side and gripped her hand tightly.

“Of course I’m on your side, now I’m helping you find your brother.”

“I don’t need any brother on the cold owl that way, he deserves to be my brother? he is definitely not twins with me my face value is so high, and then look at how he can be a twin.”

The entire crowd was very speechless at Albert Ou’s statement.

“Mandy, why don’t you go test the waters again.”Murray was happy, but it was a big deal, after all, and he had to think twice before he did it.

“Test what test? Don’t always send my wife out to do that.”

Seeing Jasmine Tong and the Leng Lords watching the sunset together, Albert Ou is already full of fire, but also to test the

“I will personally prove that the Cold Lords can never be my brothers.”

Albert Ou immediately snatched the door, leaving the house bewildered.

What the hell is he so mad about?

Isn’t it good to have a brother?

The cold lord came back from outside and went back to his room to shower and sleep.

As soon as I walked into the bathroom, I suddenly felt someone kick the door open, and when I came out of the bathroom, I saw Albert Ou coming with an angry face and locking the door.

“You have business.”

Albert Ou up and down carefully sizing up the cold owl, looking at the cold owl some hair.

How can this man be his brother?

“Please get out if you’re okay, I need to rest.”

“Take your clothes off.”

The Leng Lords eyes widened in vain, did he hear it right?

“I told you to take off your clothes, can’t you hear me?”

“Albert Ou, I can’t believe you have this kind of fetish you’re not afraid I’ll tell Mandy.”

“What do you think I’m trying to do? How can you bend me with your face value? Hurry up and take off your clothes.”

“Boring.”

“Are you taking it off or not” Albert Ou started rolling up his sleeves.

Her Bossy Yet Naive CEO Chapter 465 - 467

Chapter 465

“I’m not taking it off. What’s wrong with you?”

There are limits to the Cold Lords’ tolerance of Albert Ou.

“No take off, I’ll help you take off” Albert Ou jumped straight at the cold owl.

The two men twisted into a ball.

The others heard the noise in the room and rushed out, but the door was locked and they couldn’t get in.

“This Ono is crazy to know that he has a brother isn’t good enough? they aren’t fighting are they” Murray stood at the door anxiously, it was her two sons.

One of her sons passed away, making her really sad for a while, then she brought Albert Ou back to the Mo family and saw so many children at home.

However, now that her two sons are actually fighting, she is

“Mom, you don’t have to worry, I guess he’s gone to verify if the baron is his brother or not.” Jasmine Tong hurriedly reassured Muranyi.

“Verify what he will verify.”

“Uh this, didn’t you say that both of their brothers have a red mole on their bodies” because of the part where that red mole was located, Jasmine Tong was too embarrassed to say it.

When Jasmine Tong said that, Murray instead relaxed.

“It would be nice if it were.”

“Let’s go back to the room and wait, we should have the results in a minute.” Jasmine Tong talked everyone out of it.

In the room, two men were fighting.

Leng Lords felt Albert Ou was completely baffled, “Albert Ou, you have a problem,” he growled.

“Tell you to take off you take off, which has so much nonsense” Albert Ou has been committed to stripping down the cold owl’s pants.

The Leng Lords were naturally no match for Albert Ou, after all, Albert Ou’s body still had vampire blood flowing through it, and in a short while, the Leng Lords were completely defeated.

Albert Ou also pulled down the cold owl’s pants in a smooth manner.

When he saw the scene in front of him, he was completely stupid.

Leng Lords hurriedly put on his own pants, “Albert Ou, you’re in the head, if not for Jasmine Tong’s face, I’ve turned against you.”

Albert Ou, however, wilted a bit, and didn't react at all to the cold lord's anger, but left the cold lord's room ashen and returned to his bedroom.

Jasmine Tong was in the bedroom, seeing Albert Ou return and hastily standing up.

"See?"

Albert Ou's expression was immediately unnatural, and he grinned to reveal two rows of white teeth.

"You're all wrong he doesn't have a red mole at all I told you so, I have such a high face value, that's just anyone can be a twin with me?"

Albert Ou was smug but didn't dare to look into Jasmine Tong's eyes.

"From the moment you walked through the door, I figured you'd seen the red mole, and now that you've said that, I'm even more sure."

Jasmine Tong shook her head despicably.

"Am I that bad of an actor?"

"You're a good actor, I know you too well."

Albert Ou pulled Jasmine Tong to sit on the bed and put his hands on her shoulders, his expression very serious.

"Jasmine, are you my wife?"

"What's this talk, do you think I'm not" Jasmine Tong pointed to herself and then to her stomach.

"If you're my wife, keep my secret, lie with me, and don't break me."

This is what makes Jasmine Tong unimaginable, "Why ah have a brother is not good? after you brothers can support each other, to relieve parents of a pile of heartache, the baron brother has finally found his parents, so why hide such a good thing".

"Not good, not good at all. It's the worst thing in the world."

Albert Ou was like an enemy.

“Can’t understand you.”

“You don’t need to understand just do what I say, I’ll tell Mom and Dad the news in a minute, you don’t talk for a while”

Jasmine Tong cupped Albert Ou’s face and was just about to open her mouth when Albert Ou growled, “If you’re my wife, you must listen to me.”

There was a knock at the door as soon as the words were out of my mouth.

In the end, Muranyi still couldn’t settle down and immediately came over to ask, and Albert Ou hurriedly gave Jasmine Tong a wink before going to open the door.

“Ono, how’s it going?”

“Haha you all guessed wrong he doesn’t have any red moles on him at all I but took his pants down to look at one carefully he’s not my brother, how can he be a brother to me with that kind of face”

Looking at Albert Ou’s wild appearance, Muranui hurriedly looked at Jasmine Tong.

Jasmine Tong cautiously waved her hand towards Murray, and Murray understood at once.

“Ono, why are you lying? Isn’t it good to have a brother?”

Albert Ou blinked a few times quickly, “I didn’t lie mom, I know you wish your son was still alive, but facts are facts ah accept reality, it’s enough that you have a son anyway”

Murray and Osei left their room without saying anything.

Albert Ou felt strange and turned around to look at Jasmine Tong, “How was my acting just now.”

Jasmine Tong smiled and gave a thumbs up towards Albert Ou.

“That shouldn’t be a problem. You didn’t betray me, did you?”

Jasmine Tong immediately waved her hand, “Absolutely not.”

“Oh, what the heck anyway, it’s already like this” Albert Ou walked over and locked the door back to Jasmine Tong, “The baby is healthy, so am I okay”

“I knew you’d miss that, so be careful.”

“It won’t hurt you, just let me know if you’re uncomfortable.” Albert Ou kissed Jasmine Tong’s lips in a fiery manner without waiting for a response.

The sweet taste, the softness of the touch lit his fire at once.

This night, they lingered, reliving the good old days.

The next day, everyone was summoned to the living room, and the Cold Lords thought they were having a family meeting, but Murray was going to avoid it, but Murray forced him to stay.

Albert Ou is a bit crushed, he clearly said no yesterday, but Murray still told the cold owl about it.

The Cold Lords remained expressionless after hearing the cause and effect.

Everyone is waiting for him to speak, especially Murray, who can’t wait to claim her son.

“Mr. and Mrs. Ou, I am grateful that you can tell me this, but I think you are mistaken, I am not your son.”

“Look he’s said no that’s definitely not it I already verified it yesterday” the first one to jump up and speak was Albert Ou.

“I’ve never seen that piece of jade you’re talking about.”

“And if he were a vampire, his eyes would be blue but his eyes are black” Albert Ou once again came up with the argument.

“So, I’m sorry to disappoint you.”

Chapter 466

Leng Lords politely retreated from the living room and walked out of the villa.

Leaving these people silent and unsure of how to deal with the situation, Albert Ou was the only one who was happy.

“See, I told you, there’s no way he was,” Albert Ou continued proudly.

Jasmine Tong can’t stand it now, “You clearly saw that red mole yesterday, but you said you didn’t have it, I really don’t know what your intentions are”

Albert Ou squeezed his eyes towards Jasmine Tong vigorously.

“You squeeze your eyes out, and I say the same.”

“Didn’t we agree to unify the camp? Why did you betray me?”

Albert Ou could tolerate anyone’s betrayal, but not Jasmine Tong’s, and angrily went straight up the stairs.

“Mom, I actually don’t think jade can mean anything, after all, in the forest, when the baron was still a baby, it was normal to lose it.” Jasmine Tong hastily widened Muranyi.

“I know, I can just tell by his words that he doesn’t want to acknowledge us, even if it’s true.”

That’s what makes Murray sad.

“There’s another doubt, actually brother-in-law is right ah, if the baron and brother-in-law are twins, then the baron is also the offspring of a human and a vampire, he should also have blue eyes blue blood ah”

Yarwen Tong offered a new perspective.

“Most likely, he’s already unsealed.” Ousheng, who had been silent, spoke.

“Dad, can you really lift the seal? “Knowing this news, Jasmine Tong was both surprised and happy, if that was the case, then Albert Ou could also lift the seal.

“There have always been legends of this, but no vampire has ever found such an example, after all, there aren’t many sealed bonds like Ono’s, and naturally the ones that are unsealed are few and far between, but the legends are well founded, and unsealed bonds are essentially indistinguishable from humans.”

At this moment, the Leng Lords were sitting on a dirt slope near the villa, one leg straight and one leg bent, looking at the piece of jade in their neck.

He did have a piece of jade, and when Murray mentioned it, he already knew that he was indeed their son.

Just for some reason, he refused to do so.

Jasmine Tong climbed up the dirt slope, sensing someone coming, and the cold lord immediately stuffed his jade back.

The jade was something he wore all the time, and he had protected it since he was still walking on all fours.

“What’s a pregnant woman doing up this high?”

“How can I find you without climbing this high?”

Leng Lords reached out to pull Jasmine Tong, and Jasmine Tong sat next to Leng Lords.

“Brother Lords, why don’t you meet them” Jasmine Tong looked at the red string in the Leng Lords neck.

“Because they got it wrong.”

“You know best if they’re wrong or not, what’s the point,”

The cold lord hung his head and laughed bitterly, “Still, you saw through it.”

He took the jade from his neck again, it was a crystal clear piece of jade, and at a glance it was of excellent quality.

“This piece of jade has been with me since I was born, and I don’t know why I always had special feelings for it, even when I met that group of tomb robbers later and they asked me to visit their graves for them, I didn’t refuse, but I only got annoyed when they tried to take my jade away.”

Jasmine Tong quietly listened to the words of the Leng Lords, she knows that the Leng Lords are also people with stories.

“Then I met my godfather, who, as you know, is in the jewelry business, and he told me that my piece of jade was worth a lot of money and that I should keep it and maybe find out if my parents had left it to me.”

“Then why don’t you admit it?”

“Do you think I should confess? “The smile on the cold lord’s face was puzzling.

“Shouldn’t they? They thought you were dead in the first place, that’s why they sent you to the forest for a vampire funeral, who knew you were still alive, it’s not their fault.”

“I understand, it’s just that in all these years, I’ve never wanted to find my parents, and I’m used to being alone, and I don’t want to suddenly have anyone close to me, just like Albert Ou is used to being alone, and I don’t want to share my parents with anyone.”

The first thing you need to know is that you can’t afford to lose your money.

It is true that twins are telepathic to each other.

She couldn’t have thought of anything that the cold lord had thought of.

“Baron, I can understand how you feel, but you know my mom has always wanted to recognize you, it’s something they’ve been looking forward to for years, they have no intention of asking you to do anything for them, and they won’t restrain you.”

“Let me think about it.”

Jasmine Tong didn’t bother the Leng Lords, but left the time and space for him to make his own decision.

The cold owl has been sitting on the dirt slope like that, not even eating dinner.

The family didn’t seem to have much appetite, and Jasmine Tong cooked a table of dishes that only Albert Ou ate with relish.

After dinner everyone was in the living room and the door opened.

Everyone looked towards the door, and the cold lord was standing in the doorway like that, with the piece of jade in his neck exposed, which couldn’t be more obvious.

Everyone saw the jade.

With that hint of a smile on his face, the cold lord seemed a little embarrassed, and he immediately went upstairs after standing at the door for a few seconds.

“Didn’t you say you’ve never seen Jade before?” Albert Ou yelled at the Cold Lords.

The first thing you need to know is that you’re going to be able to find a way to get the most out of your money.

“Mom, the baron admitted it” Jasmine Tong immediately excitedly told the good news to Muranyi, “He showed the jade to everyone means he admitted it.”

“Great really great” Murray couldn’t get enough of the excitement.

“The lord is a person who is used to being alone, and is always a bit subtle in his expression of feelings, which is still very similar to their brothers.”

“Am I being subtle in expressing my feelings?” Albert Ou’s face stunk as much as it could, feeling completely betrayed by his own wife

He went furiously upstairs to his room.

Jasmine Tong threw her tongue out at Muranyi, “I might have to go coax him.”

“What’s there to coax out of a grown man like him, you’re just too spoiled, Manny, you’ll be bullied later.”

“No, I’ll go check on him.” Jasmine Tong also hurried upstairs, the consequences of this master’s anger were also serious.

In the bedroom, Albert Ou was sulking on the bed.

“You should be happy to have a brother. Why are you always mad?”

Albert Ou hurriedly turned his back on Jasmine Tong.

“How could I not lose my temper at the death of my own wife? I tell you, Jasmine Tong, I never thought you would betray me.”

“I didn’t think you’d be so childish.”

Chapter 467

“I’m childish, and you call me childish.”

Albert Ou rose up from the bed like a fraudulent corpse, already furious because of Jasmine Tong’s betrayal, and was about to vomit blood.

“Isn’t it? Well, well, I think it’s nice that you have a twin brother.”

“Nice piece of sh!t,” Albert Ou was about to freak out.

Jasmine Tong really didn’t know how Albert Ou could react so badly to it

Is it really like what Leng Lao said about not wanting to share his parents with others?

“Honey what exactly is on your mind, can you tell me” Jasmine Tong’s tone softened.

“I don’t have anything on my mind, I’m just fuzzy” Albert Ou sat cross-legged on the bed.

“Then why are you fuming?”

“You know very well why I’m festering. We agreed on a united front, but you sold me out. I’m your own husband.”

“Then it’s okay for me to apologize, I’m sorry to you along with the baby, I’m sorry husband, I’m sorry baby daddy, we shouldn’t have betrayed you.”

Jasmine Tong bowed deeply towards Albert Ou.

Seeing Jasmine Tong’s sincere attitude and moving their baby again, O Zeno wimped out.

“Next time,” he said as he held Jasmine Tong in his arms, spoiling Jasmine Tong’s stomach, “Knowing that you are pregnant, don’t just bend over, what if it hurts the baby in your belly”

Lying in Albert Ou’s arms, Jasmine Tong looked at Albert Ou with eyes wide open, “Why wouldn’t you want a brother?”

“It’s uncomfortable inside even though my mom’s a terrible cook and my dad beats me up all the time, but, all of a sudden, I’m telling you that someone’s going to break up with half of them and I’m just uncomfortable like it’s something that’s been taken away from me.”

“The baron really got it right.”

Tong finds Albert Ou’s possessiveness not only in himself, but also in his parents’ possessiveness of everything.

“He guessed something.”

“Honey, let’s have two babies someday.”

The sudden change of subject of “Why two?” made Albert Ou a little uncomfortable.

“Because I think there are so many problems with only children, they’re selfish, they don’t know how to share, they always take things for themselves, it’s better to have two.”

Albert Ou reacted by raising his hand, high and dropping it gently.

“You’re saying I’m selfish, don’t know how to share, and like to keep things for myself.”

“It’s good that you know it yourself and you want me to say it ah you see I don’t feel that way because I grew up with Little Lei.”

“Jasmine Tong as my wife always speaks for others and doesn’t know how to comfort me, what kind of wife are you.”

Albert Ou was really full of complaints, and in Jasmine Tong’s eyes, he was a child who was a temper tantrummer.

Jasmine Tong hugged Albert Ou, “Actually you didn’t share your parents with anyone else, instead the world has one more person who loves and cares for you, besides”

Jasmine Tong straightened up and leaned in front of Albert Ou’s ear, “You never need to share your wife with anyone, because she will always belong to you alone.”

These words at once brought Albert Ou to his senses, and Albert Ou finally gained a bit of comfort.

“Then I shall now enjoy my one wife.”

Albert Ou had a bad smile on his face, “You’ve been getting too close to him lately, but I can see it clearly, don’t do that again, keep your distance from him”

Jasmine Tong is helpless this man will never forget to be jealous of any time

In the morning Murray woke up and dragged Jasmine Tong into the kitchen, and Murray was so happy to know that his other son was still alive that he hadn’t slept all night.

“Manny, you’re good at cooking, teach me how to cook two dishes, it’s hard to claim my son back.”

“Well, what do you want to learn to cook.”

“Easier, I used to follow the tutorial, but unfortunately I couldn’t do it right anyhow.”

Murray was also very frustrated that her cooking hadn’t improved at all over the years.

Jasmine Tong began to teach Muranyi how to cook with her hands, and Muranyi carefully memorized every step of the way.

“Mandy, I probably should, so you go rest and I’ll do it myself.”

“Come on, Mom” Jasmine Tong left the kitchen, and as soon as she reached the living room, she saw Albert Ou running over in flames.

“Where’s Mom?”

“In the kitchen learning how to cook.”

Albert Ou couldn’t help but snort, “I don’t even get this kind of treatment, I learned to cook for him right away when I knew he was back”

“It’s not like he’s the only one who gets to eat it, you can eat it too.”

Jasmine Tong discovered that Albert Ou was really a big jealous jar.

“When we get home, you’re going to cook for me and only me.”

“Ummmm, I’ll make you food, just for you, okay?”

“Hey, it’s okay.” Albert Ou leaned in to kiss Jasmine Tong’s face and then got into the kitchen.

“Mamma Mamma, I need to talk to you.”

“I’m busy, I don’t have time to pay attention to you” Muranyi concentrated on cooking without even raising her eyes to look at Albert Ou.

“People haven’t even called you a mom yet and you’re already so biased now that you won’t even look at me?”

Albert Ou was straight in front of Murray.

Muranyi thought that a child of Albert Ou’s age wouldn’t have this kind of kid-rivalry problem.

But she really overestimated her own son.

“I’ll take a look at you. You’re going to be a father and you’re still so childish.”

“Mom, I’m asking you, so he and I are twins, there’s always an order to our births, right who’s the older brother and who’s the younger”

Murray had really overlooked the issue when they all thought the cold owl was dead at birth, so they didn’t want to talk about the child as if it was just one.

“He’s the older brother, you’re the younger brother, he was born first, I had a difficult delivery, it took a long time to have the first one, and it was much smoother when I had you.”

This was even more of a death blow for Albert Ou.

Not only do you have to share your parents with someone, but you have to call that person your brother, jokingly.

“Mom, can we talk about this, don’t tell him about it, just tell him I was born first and he was born later, okay”

“Ono, are you free? “For the first time, Murray thought why his son was so annoying.

“You promise me, I will not bother you right away you see come to this family there must be first come first served bar I came first I am naturally the older brother, he is the younger brother can not follow the birth order”

Murray had a headache, “Okay, I promise you, get out of here.”

“Then we have a deal,”

Her Bossy Yet Naive CEO Chapter 468 - 470

Chapter 468

The atmosphere at the dinner table was unprecedentedly cordial.

The Leng Lords have had no parents since he was a child, and although he hasn't opened his mouth to call them parents, he has recognized the relationship, and Muranyi and Ousheng have been satisfied.

Murray added some of his stir-fried green pepper shredded pork and vinegared cabbage to each of the cold owl's bowls.

“It's a dish that Manny and I just learned to make, so try it.”

The cold lord looked a little unnatural, but still politely ate Muranga's food.

When Albert Ou looked unhappy, Jasmine Tong immediately put a piece of sweet and sour pork ribs in Albert Ou's bowl.

“Your favorite sweet and sour ribs, made especially for you today.” Jasmine Tong told Albert Ou carefully.

Albert Ou's expression finally has some ease, anyway he has a wife, after all, the cold owl he still dominates.

“By the way, that baron and brother-in-law, who is the brother and who is the brother” Yarwen Tong sent out a question.

It was only a matter of time before this issue was brought to the table.

Albert Ou coughed squarely in his seat, a big brother's faction, just ready to teach the Cold Lords a good lesson as a big brother.

"The cold owl was born first naturally, and Ono is the younger brother."

The rice in Jasmine Tong's mouth almost spewed out, she knew that Albert Ou's fiery desire to speak to Muranyi alone must be a conspiracy, so here it was.

Hearing Muranyi's words, Albert Ou's strength weakened.

"Mom, that's what you told me today, I thought you said I was my brother," Albert Ou was weakly ready to redeem himself.

"That's what you said yourself, not me, brother is brother, brother is brother in the order of birth, can I still remember this wrong, what's there to argue about, eat your food"

Albert Ou felt like he was getting 10,000 points of violence and felt like the world was disliking him.

"Mom, you are so inadequate, we've been friends for over 20 years, I'm cutting you off from today"

"Extinct is extinct, I'm afraid you'll come and eat the food." Murray went back to adding dishes to the cold lords.

"This rice can't be eaten" Albert Ou just slammed his chopsticks down on the table.

"A brother is just a brother, it's good to have another brother, he'll take care of you and let you be, I wished I had a brother to help me fight when I was a kid."

Jasmine Tong began to comfort Albert Ou again.

"I don't need it,"

Jasmine Tong took Albert Ou's hand and covered her stomach, "Pay attention to the fetus."

Albert Ou touched Jasmine Tong's stomach and picked up the chopsticks again to continue eating.

"Baron, you don't have any vampire traits on you now, which means the seal has been lifted, so do you know how?"

This was the topic that Jasmine Tong cared about, she no longer wanted Albert Ou to endure the pain of a full moon night.

"I don't remember that at all."The Cold Lords smiled apologetically.

"Then do you remember when you were ostracized from the wolves" inquired the less-talkative Osei.

The cold owl didn't quite understand the phrase "ostracized".

"If I'm right, the reason the wolves accepted you is because your eyes also glow when night comes, vampire eyes are somewhat luminous at night, it's this trait of yours that made the wolves accept you, if the seal is lifted, the glow will definitely be gone and the wolves will naturally reject you."

O'Sheng analyzed this, and he'd been thinking about it these days.

Leng Lords carefully recalled everything that happened when he was a child.

"That does change a bit, I remember crawling through the forest on all fours when I started remembering, I wouldn't leave any scars on my body, but then it was different, there was a time when I was always bloody."

It was a history that the Cold Lords were very reluctant to recall.

Because of all the scars on his hands, he had been wearing black gloves up to now, with only a small finger showing.

He also never wore summer clothes and always wore a trench coat to cover his entire body, because he had so many scars.

"Think carefully about what happened to bring about these changes."Osei continued to guide.

"I remember a group of grave robbers entered the forest and found me, they found me agile and wanted me to explore the tomb, so I followed them down

the tomb, that big tomb was heavily organised, I was good and dodged in time, those people went and died several times.”

Everyone, including Albert Ou, was listening to the words of the Cold Lords.

“We went around in there for a long time and didn’t really get into the tomb, but it turned out that there was a lake in the big tomb, and if we traveled across it, we could actually get into the tomb on the other side, and they let me go first.”

“But as soon as I entered the lake, I felt like I was on fire all over, and they all freaked out and exited the graveyard in such a hurry that I passed out, and then I don’t remember how I got out of there.”

“Anyway I went back into the woods and it just felt like everything was different, I even had a wolf growl at me when I first came out, but I didn’t pay much attention at the time.”

“It’s supposed to be that lake that lifted the seal on you can’t be wrong, I’ve heard such legends before, I just don’t know where that lake is.”Ossing said with conviction.

“That means we can remove the seal on our bodies if we go back to the Sala Forest and find that lake” Jasmine Tong looked excitedly at Albert Ou.

“You can try it, and maybe you can lift it.It’s just that the Savara forest is so treacherous and foggy that I’m not sure I can still find it.”

“Then we’ll give it a try, and if it lifts the seal on our bodies, that’s great.”

Of all of them, Jasmine Tong was the most excited.

“Baron, didn’t you say that if we take land on the way back, we can go through the Savara Forest, so that we can pass right by?”

“You can’t walk on land, how can you walk on land with a big belly” Albert Ou’s frown was deep, he no longer wanted to put Jasmine Tong through the slightest hardship in shock.

“It’s not in the way.”

“Why don’t you get in the way, we’ll talk about this later, when you have the baby.”

Albert Ou's attitude had never been more resolute.

"Let's all eat first, we'll discuss this matter later." Murray hastened to ease the embarrassment.

But after the meal, Albert Ou and Jasmine Tong even quarreled.

"Honey, if there's a way, but this thing should never be delayed, we'll just go by land, or at worst go slower, and we'll be fine."

"When I say no, I mean no, you've got a big belly in your eyes, do you know how far this trip is?"

"But I don't want you to suffer, I'm having a baby, what if there's another full moon?"

"How could I hurt my own baby?"

"What if,"

Chapter 469

"You don't believe me you're totally for the fact that the baby hasn't even been born yet and he's already higher than me."

Albert Ou has been feeling really wimpy lately, suddenly having another brother to share his parents with, and even this unborn child is trying to steal his wife from him

"It's not a matter of status or lack of status, it's a fact."

"You dislike me."

"I don't dislike you."

"You just said that, you're just disliking me Jasmine Tong, you actually dislike me"

Albert Ou was really angry this time.

"You two stop arguing, you've been together for so long, what's the point of arguing I think Manny is right, since we already know the way to lift the seal, it's better to lift it as soon as possible."

Murray also stepped forward to speak.

“Ono, this is good for you, and good for the child in the future when the child is born.”

Everyone said so, so Albert Ou had to compromise, why wouldn't he want to remove the seal sooner.

“You and I will get Mann home first, and then we'll go.” Albert Ou's words were directed at the cold owl.

“No, if you're going, come along or forget it.” Jasmine Tong's words weren't anything too drastic in tone, but you could tell that she had made a lot of determination.

“Are you kidding me you're a pregnant woman running around what do you know about how dangerous that place is?”

I don't know what's going on, but Albert Ou is the one who has a bar with Jasmine Tong.

“Yes, Mandy, I can take you back by boat and then we'll be on our way to the Savara Forest, and there won't be much of a delay for half a month at most.” The Cold Lords hurriedly helped out on the side.

“Mandy, you're more than three months old now, seeing your belly getting bigger every day, you really can't afford to be tossed around, it's better to listen to everyone, go home and nurse your baby first, and let Ono and the Cold Lords go to the Savara Forest with you.”

Jasmine Tong looked at the expressions on everyone's faces that were hard to fathom, “I still say the same thing, if you're going to go together, forget it if you're not.”

After saying Jasmine Tong went straight upstairs back to her room.

The remaining everyone looked at each other, not knowing what Jasmine Tong was thinking, it was reasonable to say that she should be very considerate of the child in her belly.

But she also knew full well that going to the Savara Forest was definitely dangerous.

Albert Ou hurriedly chased after him, "Jasmine, why are you so disobedient? You told me to remove the seal earlier, that's fine, I'll listen to you, but you don't have to follow ah"

Jasmine Tong tidied up the room without saying a word.

"How to talk ah how must follow it I know you can not leave me, but at most a month apart, I promise I will come back as soon as possible."

It was as if Jasmine Tong hadn't heard anything and just ignored him.

Albert Ou went forward and grabbed Jasmine Tong's hand, "Is there any listening to me, now is not the time for a temper tantrum I swear, I will come back to accompany you as soon as possible, also promise to come back safely, okay?"

Jasmine Tong's expression was as treacherous as the lake.

"You've already lied to me once, and I'm not going to trust you again."

Her tone was as flat as her expression.

Albert Ou couldn't say a word as he looked at Jasmine Tong's face.

"Some things are in the past and I don't want to talk about them, but that doesn't mean I don't mind, you remember what you promised me you'd make time every year to vacation with me, you said you'd be with me forever, but you broke your promise."

Jasmine Tong's eyes were red, and the memories of the time Albert Ou had left came rolling back once more.

No one knew how tormented she was during that time.

Albert Ou's head slowly dropped and his hands loosened.

"I didn't want to mention it, but since it's already been said, it's simply better to say it all, and if you do meet with an accident and die, that's fine. But you prefer to lie to me."

Albert Ou stood there feeling stiff and unable to move a muscle.

“Do you think you’ve arranged it well don’t you think you’ve left me all your possessions and I can live out my life in peace do you think you’ve let the barons take care of me and I can forget about you do you think so what makes you think so”

Jasmine Tong couldn’t help the soreness in her eyes, and tears eventually fell.

“You think you’re great yourself, but in my eyes you’re a liar and a bastard and I’ll never forgive you I didn’t know you were alive yet, I really thought you were dead, and that’s when I was thinking I was going to die too, and maybe I could catch up with you.”

Jasmine Tong quickly wiped away the tears on her face with her hands.

“I don’t want to talk about it, I’ll say the same thing, if we’re going, we’ll go together, if we’re not, so be it.”

Tong turned around to continue cleaning up the house.

Albert Ou only felt his heart tingling, he didn’t even dare to look at Jasmine Tong, so he silently exited the room.

It wasn’t until this moment that he realized that this incident had left a deep imprint on Jasmine Tong’s heart and had caused him to lose Jasmine Tong’s trust.

Albert Ou sat on the roof thinking about how terrible it was to lose trust, especially Tong’s trust.

He still remembers when Qin Jianliang lived in the Crystal Garden, Jasmine Tong was so certain: he is my husband, I don’t believe he believes in anyone.

But now, that trust has crumbled.

“So there you are.”Leng Lords also came up and sat next to Albert Ou.

“Did something happen to Mann after I left.”

“She killed herself.”

Albert Ou wasn’t surprised at all, as he had heard it from Jasmine Tong’s tone.

“It also took her to the hospital in time for me to find out she was pregnant and nothing serious.”

“Why didn’t you tell me this when you came?”

“I was going to say it, but seeing as you haven’t seen each other for so long, it’s better to lighten the mood a bit, in fact, after you left, Manny’s been in particularly bad shape, it’s not like you said she’d be better in ten days and a half or even a month, I even got the psychiatrist up.”

Albert Ou realized at this point that he had underestimated Jasmine Tong’s love for him.

Knowing that Yarwen Tong died almost a month ago, Jasmine Tong cheered up.

So he rightfully thought that Jasmine Tong should have cheered up a little faster if it was himself, after all, he felt that Yarwen Tong was a little more important to Jasmine Tong.

“Mandy couldn’t hold on any longer, that’s why she chose to kill herself, it’s all in the past, you treat her well from now on.”

“She doesn’t trust me now, and she says she’ll never forgive me or trust me again.”

Albert Ou looked at the sky sadly.

“She’s just talking out of breath, trust will build up later, you don’t have to take it personally.”

“I decided to take her with me.”

Chapter 470

“Are you crazy you let her a pregnant woman go back and forth what you can’t compromise just because she said something like that.”

Albert Ou stood up from the roof.

“She’s my woman, she can do what she wants, I’ve got her covered.”

“You’re insane, you’re unbelievable, you let her go exploring the forest with you pregnant, even if you don’t care about her, you should care about the baby she’s carrying.”

“I’d love to” Albert Ou slapped his butt and went straight off the roof and rushed back into the bedroom like a rocket.

Jasmine Tong had cleaned up the house.

“Jasmine, I’ve decided I’m going to take you with me wherever I go and we’ll never be apart again.”

Albert Ou grabbed Jasmine Tong’s hand with a wide open smile on his face.

“You’ve really decided,”

“Really decided I’m not going to let anything happen to you, and I’m going to get back the trust I lost from you, little by little.”

Jasmine Tong was relieved, having thought it would take a lot more work.

Everyone was very surprised when they were asked to tell everyone the news.

“Mandy, did you follow him when he went crazy? You’re a stable child, and you can’t joke about the baby in this belly” Muranyi also thought these two were crazy.

“Sister, you always have to take care of my little nephew, he already had a miscarriage before, can’t you still want to pooh” Yarwen Tong immediately shut up.

Osei didn’t say anything, but Albert Ou looked a lot like his former self this way.

“You’re both insane” the cold lord was too weak to spit, after all he knew what was going on in between.

“You can go if you like, but if you don’t, I’m not tying you to my woman, I’m protecting myself, I don’t need you.”

Albert Ou immediately choked with the Cold Lords.

“You don’t talk to your big brother like that.” Jasmine Tong hurriedly counted down.

Hearing this title, both Albert Ou and Leng Lords were somewhat appalled.

“Since when did he become a big brother?”

“Just yesterday.”

The cold lord cleared his throat, “Since I’m your big brother, you should listen to me, let’s send Manny back first, then we’ll go to the Savara Forest.”

“You pull it down, I won’t listen to you even if you’re my big brother, I won’t listen to anything Mom and Dad say”

“What a nut,”

Leng Lords are also surprised that they have a brother like this.

It’s all arm screwing, but not at all, and the thighs are helpless.

Despite the opposition of the whole family, Albert Ou still, decided to take Jasmine Tong to the Savara Forest.

So there was no time to lose, they had to get on the road right away, after all, Jasmine Tong’s stomach wouldn’t wait, it would get bigger when it was supposed to.

She went to Dr. Hao’s place to get the necessary nutrition and medicine, and also asked Dr. Hao to write a list of notes to give to Jasmine Tong.

Stepping out into the morning sun, they were on their way.

Because the Bute family might come over to take revenge at any time, Ousheng and Muranyi couldn’t leave this place, Yarwen Tong had wanted to follow them, but was also left behind by Albert Ou.

The group of three plus a white wolf headed to the Savara Forest.

If they wanted to go to the Savara Forest, they would have to go by land, again very slowly because of Jasmine Tong.

It was dark and they found a hotel to stay in, as they couldn't travel to remote areas yet to ensure adequate food supplies.

It says it's a hotel, but it's actually a privately owned and operated lodge.

Poor condition can be.

"You guys take a break, I'll go find something to eat." Leng Lords walked out of the hotel after saying that.

Jasmine Tong thought that she was only three months pregnant and should be fine, but she was wrong, a pregnancy is a pregnancy, even if her belly wasn't protruding yet.

A longer drive would make her tired, especially with a sore back.

Although there is no longer a reaction to pregnancy sickness, there is still little appetite.

"Tired?"

"Not tired, just a little backache."

"I'll rub it for you then." Albert Ou sat behind Jasmine Tong and gently pressed her waist.

Albert Ou was both heartbroken and self-condemned, knowing it was so hard, thinking that even if he lost Jasmine Tong's trust, he would be determined to send Jasmine Tong home first.

"Jasmine, why don't we take you back first, we'll go to the nearest airport and I'll have them transfer my private jet, it's a good thing you're not in the month and the plane is still available."

"It's not in the way."

"What's not in the way I'm now repenting my guts out the only prerequisite for my decision in the future is to keep you safe, not to put you at risk and suffer a little bit."

"I'm not that squeamish, you see it's not fine now actually I think it's quite nice, our baby, when he was still in my tummy followed us to so many places and saw so much of the sights, it's kind of a trip for the three of us as a family."

Jasmine Tong touched her belly with a smile.

“It’s this time, you’re still so optimistic, and still travel he doesn’t even know if he has eyes,” said Albert Ou, pointing at Jasmine Tong’s stomach.

“Don’t back out now that we’ve made it this far, I just want to be with you, in fact, when we get to the Savara Forest, big brother says it’s not that far to home, and we’ll take a plane home when we get there.”

Albert Ou has always been swift in his actions, but he hesitates whenever he encounters Jasmine Tong’s problems.

“I don’t really know if this is right or wrong.”

“Yes, yes, it must be right, you have to believe in yourself.”

Jasmine Tong lay in Albert Ou’s arms in a pleasing manner.

They stopped and went, it was an incredibly arduous journey, but it was a good thing Tong’s month wasn’t so big.

It had been more than a month’s walk, which brought us to the Savara Forest.

The terrain of the Savara Forest is very dangerous, and there are also many poisonous plants in it, so it’s not unusual for fierce animals to appear.

The first night they slept comfortably and ate a beautiful meal to refresh themselves, and on the next morning they finally entered the Savara Forest.

As soon as he entered the Savara Forest, the Cold Lords began marking the trees, the terrain was complicated and he wasn’t sure if he could go in.

“I say, do you remember the way or not? We seem to have been going in circles.”

Albert Ou helped Jasmine Tong once again discover the markings the Cold Lords had made on the tree.

The cold owl looked at the mark also very puzzled.

“Strange, why can’t we just get out of here.”

“Brother, take it easy and think about it.”

Wing, who had been following them, was a bit impatient.
