

Chapter 46

Jasmine Tong was also really drunk.

Why are there so many thick-skinned people these days?

She had nothing to do with her being sent to the hospital, but she still had the nerve to lick her face and ask for a bonus.

“Hey give or take ah words do not count is not” Lin Lan Lan saw Jasmine Tong did not speak, anxious to stare straight.

Jasmine Tong snorted, “No give, no”

“You don’t keep your word” Lin Lan Lan forked her waist and looked like she wanted to eat Jasmine Tong alive.

“So what if you don’t count” Jasmine Tong picked up a comb and sat at the dressing table to brush her hair.

“I’ll go tell Mr.”

Upon hearing this, Jasmine Tong felt even more amused, “Fine, then you go.”

“You” Lin Lan Lan, of course, did not dare to go and tell Albert Ou, she was just scaring Jasmine Tong, she did not expect that this Jasmine Tong was not even immoral

When did she become so powerful that she doesn’t want to get her own way?

Lin Lan Lan calmed down and laughed coldly, “Look at your own slutty look in the middle of the night, showering and doing skin care, you’re not ready to hook up with Mr. in bed”

Jasmine Tong wasn’t angry at all, “Yes and so what he is my husband, we got a license.”

“You” Lin Lan Lan was so angry that she couldn’t speak and immediately turned to leave.

hum

Wait and see, Jasmine Tong.

Jasmine Tong was silently relieved, why was this little country girl so powerful?

She cleaned herself up and went straight to bed, knowing her husband was coming home, she deliberately took a book to read and waited for him.

But who knows, first class doesn’t come, second class doesn’t come.

Jasmine Tong yawned, also really sleepy, and has to defend herself tomorrow, at nine o’clock in the morning.

Thinking like this, Jasmine Tong was ready to sleep.

She turned off the light and drifted off to sleep in her bed.

Maybe it’s because she’s prepared for that man, but Jasmine Tong can’t even sleep a little.

Tossing and turning couldn’t sleep.

As she rolled back and forth, she suddenly heard the door open and a black silhouette immediately flashed through it.

Jasmine Tong tensed and gripped the blanket.

He’s here.

Albert Ou had told Lin Lan Lan to pull the electric switch and the whole villa went dark.

He had thought that Jasmine Tong was already asleep and deliberately waited until so late, so as usual he just lifted Jasmine Tong’s blanket as soon as he came over.

Hot, wet k!sses and bodies pressed up together.

Just as he kissed Jasmine Tong's lips, Jasmine Tong suddenly responded to his kisses

This was a great surprise to Albert Ou.

Unlike her previous indifference when she was awake, or her physical instincts when she was asleep.

It's active.

He could feel her shaking a little, and the kisses were a little clumsy, but he could feel her awake

Very sober.

Very proactive.

The energy in Albert Ou's body was suddenly stirred to its peak

first time

That's a first.

What kind of man likes to be bossy, anyway?

It's the kind of thing that's interesting when a man and a woman have sex.

In fact, since the last time she was hospitalized, Jasmine Tong has thought of this.

Knowing that her husband wasn't cold-bloodedly treating her like an inflatable doll, she thought about repairing the relationship.

Albert Ou smoothly rushed Jasmine Tong's teeth with aggressive kisses and quickly invaded the city.

Somehow, in the past, he had always liked to get to the point quickly, but now he was addicted to the kiss and couldn't get out of it.

Jasmine Tong only felt hot and dry, her whole body crispy and numb, like tiny electric currents electrocuting her body at once.

It's crispy and itchy.

She could feel the goosebumps on her skin.

It was a night destined to be charming and beautiful.

Albert Ou hadn't had a night that was truly satisfying since the first time he'd broken the rules until now.

So, he wants the awesome.

Over and over and over again.

Jasmine Tong's body was as soft and bony as a bone, and she was soon unable to resist Albert Ou's attack.

"I have a graduation defense tomorrow. I can't be late for nine o'clock."

Jasmine Tong murmured in Albert Ou's ear as she panted.

She was trying to tell him to abstain a little.

However, Albert Ou was so excited today, where would he be willing to abstain a little bit?

continue

Until, for the last time.

Albert Ou was contentedly lying on the bed, Jasmine Tong really had little strength and had passed out.

In the darkness, he could clearly see her sweaty little face, her butterfly-winged lashes, her fragrant flower petal lips.

Yes, today's Jasmine Tong carried a faint fragrance that he hadn't even smelled before.

Albert Ou gently carved a kiss on her cheek and got dressed.

Somehow, unlike the usual rush to leave, he'd rather stay in this room for a while longer.

So, he walked over to the dressing table and picked up the skin care products Jasmine Tong used to look at.

Aaan.

The name of this skincare product.

He picked it up and sniffed it, so the smell on Jasmine Tong's body came from here.

A faint smile surfaced on his face, his pale blue pupils shining with warmth.

Albert Ou took one last look at Jasmine Tong and walked out of the bedroom, he still didn't want to leave, always wanting to get to know the woman a little better.

So he went back into the study.

There was Tong's computer in the study.

Boot up, password.

Albert Ou knows nothing about Jasmine Tong, how could he know her boot code?

However, such a small problem is a small case for a genius who develops game programs. In three seconds, he cracked the boot password of Jasmine Tong's computer.

Quickly opened Jasmine Tong's Internet history for the past month.

Oddly enough, there was only one site left except for the one where she wrote her paper to look up information.

When the page opened, the corner of Albert Ou's lips lifted in an evil curve.

"It's kind of fun."

Albert Ou still had to go back to rest, and after checking Jasmine Tong's computer, he left.

Jasmine Tong's sleep was very, very heavy this sleep.

She set her alarm for six o'clock, got up, washed, and made it to school, which might take some time, and she never liked to be late.

But as a result, the alarm went off several times and she didn't wake up.

I don't know if it was because she was hiding this graduation defense thing in her mind, but she opened her eyes sharply and looked at the time again

8:30.

Oh, no.

I'm late.

Even if she takes a taxi to school, it takes almost an hour.

Jasmine Tong quickly woke up, put on the formal dress she needed to wear for her graduation defense, briefly wiped her face, and left the house.

She can't get to school at 9 o'clock even if she takes a cab now.

What's more, many cabs and buses are not happy to go this way because of the low occupancy of Rainbow City.

She'll have to walk another 10 minutes to get a cab.

Oh, no.

It's over.

Chapter 47

Jasmine Tong ran out the door as fast as she could with her messy hair and her own flash drive.

Can't be late.

We must not be late.

But we'll be late now.

Wearing a formal dress is naturally a matter of wearing high heels, Jasmine Tong stepped on her heels and began to run wildly.

All bad thoughts in my head.

The ZU Film School attaches great importance to the graduation defense, unlike other art colleges, once you are famous and signed by the company, it's just a cloud.

However, the Z University Film School, which has always been known for its rigor, would never tolerate such things.

There had been a star who was already a hit at graduation who couldn't make the schedule and didn't show up for his graduation defense.

As a result, the school just won't give the diploma, and even put the star's name on the school's blacklist, and asked the star to repeat a year to defend again according to the school's system, otherwise everything is free.

Z University Film School has trained countless stars and produced many famous directors and screenwriters, which has a terrible effect on stars once they are blacklisted.

The star later had to go soft, and that's what the school did.

The graduation defense has always been rigorous and highly valued by the school management, once missed, the consequence is to repeat the year.

Jasmine Tong can't afford to re-do it. She can't afford to delay.

Thinking of this, Jasmine Tong was even more madly anxious.

It was at this moment that a familiar car pulled up at her feet.

Blue Ferrari Rafael

Jasmine Tong's eyes lit up and she quickly opened the passenger door and sat on it.

"Get me to school, I'm late for my graduation defense today."

At the moment, she couldn't care less why Albert Ou was here, he had appeared several times out of nowhere for no reason.

At this time, Jasmine Tong was suddenly grateful for Albert Ou's sudden appearance like this.

“Don’t worry, I’m here” Albert Ou kicked the throttle, and the Ferrari rushed out with a buzz.

Jasmine Tong was shocked.

Albert Ou drove the car fast, it was almost past rush hour at this time, and the road wasn’t jammed.

Jasmine Tong looked at the clock, there were still twenty minutes left.

I’m afraid it’s still too late.

Albert Ou aimed a glance at Jasmine Tong, “Don’t worry, Young Master won’t let you be late.”

Jasmine Tong looked up at the cynical smile on Albert Ou’s face and suddenly felt very lukewarm.

With one hand on the steering wheel, Albert Ou opened a drawer in the front of the car with one hand and took out a handful of drawers.

“Your old man had better take care of that chicken coop on your head.”

Albert Ou opened the visor in front of the passenger side, which had a mirror inside it.

The first time I saw it, I thought it was a chicken coop, but it was a dog coop.

She immediately began brushing her hair.

Albert Ou pointed to the drawer he had just opened, “There are cosmetics left by my clients, your old man still has time to primp.”

If she’s up early, makeup is a must, as a sign of respect for the school.

She quickly got out her makeup and put on a foundation and some lipstick.

Although, Albert Ou drove fast, it was a very steady drive.

Jasmine Tong put on her makeup and took a look at herself in the mirror, expressing her satisfaction.

It was at this point that the car came to a steady stop.

She fixed her eyes and there it was.

be suddenly dumbstruck

The one-hour drive took Albert Ou 20 minutes.

What the hell kind of speed is this?

“You’ve got one minute to walk in, so get out of here.”

“Then I’m leaving” Jasmine Tong quickly got out of the car.

Today she was dressed in a formal dress and high heels, very different from her usual self, like a workplace elite.

Albert Ou looked at Jasmine Tong’s back, opened the window and shouted, “Jasmine Tong, come on.”

Jasmine Tong was startled.

The feet immediately stopped in place.

refueling

For the second time in her life, she heard someone yell cheer at her.

Ever since she was a child, whether it was an exam, or a job application, or anything else, she was never the one to face it and fight alone.

No one cheered her on.

The only time her mother told her that was when she was five years old and competing in her first cheerleading competition.

Jasmine, take it easy, come on.

Jasmine Tong couldn’t help but blush, and instead of looking back, she raised her hand to wave and quickly rushed back into the auditorium for her graduation defense.

Watching Jasmine Tong disappear from his field of vision.

Albert Ou silently withdraws his gaze and hangs his head to look at the

“It’s just a change of style, it’s just make-up in front of you, what are you excited about? I just fed you last night, calm down a little, okay”

Jasmine Tong arrives at the graduation defense site, and her mentor is finally relieved to see her.

The order of the graduation defense was a lottery system, and she didn’t come, so naturally she drew the remaining one, number 35.

Good, it’s still early and she has time to get ready.

Calming her frightened little heart, she took out the paper thesis she had prepared in her bag.

All went well with the defense today.

After the end of the defense, Jasmine Tong finally relieved, although the graduation defense is not at that time to get results, but as long as there are no major mistakes, basically through, is to see the final teacher to give the score.

For Tong Koman, passing is fine.

After the graduation defense, there were still some things to do at school, and by the time the work was done it was already seven o’clock in the evening.

Jasmine Tong walked out of the school humming a little song, only to see people coming and going who seemed to be talking about something.

“Wow, that man is so handsome.”

“Seems to be a mix.”

“The Ferrari is so cool.”

The blue Ferrari.

It’s so cool.

Not yet.

Jasmine Tong immediately ran to the front of the Ferrari, where Albert Ou was sitting in the driver’s seat playing a game on his phone.

She knocked on the glass window, "You're still here."

"f*ck" Albert Ou threw the phone right to the side, "you're finally out."

"You've been waiting for me all day" Jasmine Tong asked in amazement.

"Sending Buddha to the West, how about it, isn't it very touching then, do you want to sleep with me?"

Jasmine Tong reached out her hand to knock on Albert Ou's head, "I *fcking treat you like a brother, you fcking keep trying to sleep with me*"

Albert Ou chirped, "Get in the car and buy me dinner."

Hmm.

When a man picks up a woman, it's always, "Get in the car, I'll buy you dinner.

Why is this man upside down?

But Jasmine Tong got into the car anyway.

"What are the plans for tomorrow" Albert Ou asked casually.

Jasmine Tong slapped her head, "I forgot that I have to go to Rameen Tong and Ellen Ron's engagement ceremony tomorrow Clothes I haven't prepared yet bad, bad."

"Oh hey little girl, good luck, it just so happens that I have a tux to give to my client, you can take it out and wear it first."

Albert Ou pointed to the gift box on the back seat.

Jasmine Tong's gaze immediately became sharp, staring straight at Albert Ou.

Chapter 48

Albert Ou turned his face and saw her like this again.

“Why do you look handsome little master is also the same ah see more charges ah”

“You didn’t give it to me on purpose” Jasmine Tong doesn’t believe in such a coincidence.

“Hey, hey,” Albert Ou smiled wickedly.

“Just know,”

“It’s not worth much, it’s a high copy, but don’t worry, this one’s not a bad copy, it’s almost fake.”

Jasmine Tong’s heart was still warm even though she could see through Albert Ou’s thoughts.

This man, good for himself, but also to take care of his own self-esteem, unspoken, it was this that made her feel warm inside.

“Sorry to break it to you, but I’ll figure it out.”

To attend Rameen Tong’s engagement ceremony, she can’t dress too shabbily, after all, as Ellen Ron, all the stars and bigwigs will all be there.

Originally, she didn’t even want to go, but she couldn’t get through on the home side either.

Yarwen Tong is definitely not allowed to go, only she can go by herself.

“What’s broke, I’ve said it’s not worth much, how much can a high-fashion dress be worth you just wear it, you don’t want it, I have no one to send ah, one of my customers can’t come to see this high-fashion dress, and two, just your identity, heh”

“What do you mean, what’s wrong with my body?”

Jasmine Tong glanced at Albert Ou.

Albert Ou gave her a look that told her to feel it for herself.

That’s like saying, “Don’t you know how much meat you have?”

Jasmine Tong sighed in frustration, “Alright, Auntie give you face, take it”

Originally, Albert Ou had sent Jasmine Tong to the dilapidated community before, and asked her to treat the guests, which must be done by her personally.

But who knows, Jasmine Tong had just gotten off the bus and Albert Ou was about to get off when he received a call.

“Young Master, I saw the sky, there will be a full moon tonight, you should hurry back” on the phone, Wu Xiu’s voice was very anxious.

Albert Ou raised his eyes to the sky.

Right now, the moon is partially hidden by a cloud in the sky, but that cloud is slowly moving, and it’s a very sunny day and the full moon will appear soon.

“Okay, I got it.” Albert Ou hung up the phone.

Delaying Albert Ou’s exit, Jasmine Tong waited quietly holding the gift box.

Albert Ou got out of the car, “I just got a call, I have a client named tonight, let’s do it another time.”

“Oh,”

A hint of disappointment flashed across Jasmine Tong’s face.

Yeah, occasionally, she’d forget that Albert Ou was a duck.

It’s a duck that pleases women in bed.

“How do you know that the young master is going out with another woman, you don’t feel good” Albert Ou raised his eyebrows.

“Nonsense I’m glad I don’t have to cook for you today.”

“Then you owe it to another day.”

“Will you be at the engagement tomorrow?”

Albert Ou solemnly placed his head, “Don’t worry, I personally received the invitation, I can’t go and wait for the young master to dress up to give you a long face”

“Good.”

Albert Ou got back into the car and left in love.

Leaving Jasmine Tong, his face immediately turned ugly.

Keep the gas pedal to the floor until you're back in the Crystal Garden.

It was a castle-like place near the sea, with no beginning or end in sight, and a dense line of trees sprang up inside the high walls.

Lover's Beach was originally a very famous attraction in Slivestopol, but unfortunately this is the edge of Lover's Beach, which is outside of the attraction.

This imposing palace is built in the romantic Mediterranean architectural style, with unadorned lines, rounded arches, blue and white, and a romantic atmosphere everywhere.

In fact, people do not know the real name of the palace, but think that it is quite imposing, every brick and tile are incredibly expensive, so it was named: Crystal Garden.

In fact, the name of the palace is known only to its current owner.

Albert Ou is the owner of this palace.

Once inside, the butler, Wu Xiu, a balding man who looked amiable, greeted him.

“Young Master, you're back.”

The moment he saw Albert Ou return, Wu Shuo finally breathed a sigh of relief.

“Well.” Albert Ou looks unhappy.

How can he be happy about interrupting his date?

“I've arranged for the maids, no one will disturb the young master, so the young master should hurry back to his room.”

Albert Ou went straight up the stairs to a room at the top of the stairs and walked in.

Wu Xiu locked the door from the outside, this room had an outside lock that couldn't be opened from the inside.

Just as all these preparations were made, the clouds parted and the full moon hung in the sky.

Wu Xiu sighed and silently left the place.

Thinking that Albert Ou would have to abstain from this torture every day, every full moon night from now on, he, the old butler, was distressed.

Yes, Albert Ou wasn't very human, he was a half-human, half-vampire.

Half of his blood is from the vampire family.

His mother was a human when she conceived him, and his mother was a vampire, and no one knew he was even in this world.

Legend has it that the union of a human and a vampire is subject to a curse, and that this union will be a sealed one.

Albert Ou just confirms it all.

Every full moon, like a true vampire, he would howl and go crazy trying to ingest human blood.

He hated the moon, most of all the full moon.

A combination.

He was a collection of human and vampire, with vampire blood and a human heartbeat, but no human body heat.

A normal human needs eight hours of sleep, and he'll be full of energy in four hours.

And those glazed blue eyes weren't because he was a combination, but because he was a hybrid.

He had grown up in human society and looked indistinguishable from a human, which was what his parents meant, after all, he had vampire blood in his veins, yet any vampire could easily kill him and he would be safer in human society.

From the time he was born, his mother and father had been looking for a way to lift the seal.

It's just a shame it was never found.

On the other hand, Jasmine Tong was trying on the clothes Albert Ou had given her in her room.

Jasmine Tong doesn't have much research on brand names, only knowing that the brand of this dress is called angel, a well-known international brand.

High-fashion is high-fashion, and in short, this dress looked better than any of hers.

A bright moon rose outside the window.

Jasmine Tong walked over to the bed, what a beautiful moon!

The moon hung in the sky like a huge silver disk, and the clouds around it were misty.

Tong's head remembered that line.

I wish for longevity and a thousand miles.

Good omen.

Chapter 49

As the moon slowly retreated down the valley and the sun crept up the hillside, a new day came.

The breeze blew the blue curtains over the man.

Pale blue eyes as bright as glazed glass were now plated with a layer of scarlet, his hair was a little messy, and his face had a deeply tired expression.

But even this mess could not affect the man's exuberant beauty.

The difficult night was finally over.

There was the sound of a lock being unlocked.

The door opened.

Wu Xiu walked in, holding an opaque cup with no visible liquid inside and a straw on it.

"Young Master, are you feeling better?" Wu Shuo walked to Albert Ou's side.

Albert Ou stood up silently, "Yeah."

"Drink some, it'll make you feel better."

Albert Ou took that cup from Wu Shuo's hand, the warm liquid entering his body was indeed better.

A cup of liquid quickly entered Albert Ou's body and he threw it away, the cup landing in the trash can.

"Prepare the car."

"Young Master, why don't you rest at home today?" Wu Xiu tried cautiously.

"I'm going to an engagement tonight, so help me get dressed."

"Yes."

Albert Ou walked out of the room with long legs straight out.

Wu Xiu silently sighed, knowing that Albert Ou was in a bad mood and didn't dare to stop him.

After the full moon passed, Albert Ou was in a very bad mood indeed, he was a bond, a sealed bond.

The vampire family couldn't accept him, and human society had to hide it everywhere.

I wonder when this damn seal will be lifted.

Albert Ou had been in a bad mood all day today at the office, cursing out almost everyone who came to his office.

His gloomy face made everyone in the company tremble, not even daring to breathe.

The conference room.

Everyone in the game development department had their hearts in their throats, and it was common knowledge that Albert Ou was in a bad mood today.

However, this meeting had to be held again today.

Dark Empire started out as a game, and in recent years, the gaming industry has become increasingly competitive.

The Dark Empire, however, is always in the running, and whether it's a big game, a small game, or a small game on a cell phone, the games developed by the Dark Empire are all within the top 10 of the charts.

Especially with the large games developed by the Dark Empire, if a gamer hasn't played them, that person has arguably never played the game at all.

"A month ago, what did I ask for" Albert Ou's deep, dark voice was like something out of hell.

The game development department was hand-picked by Albert Ou himself, knowing that the core of the department was Albert Ou himself, who was the game development genius.

So, for this department, he is extremely demanding.

They all privately called Albert Ou Daemon King.

He is indeed a fiend.

No one spoke.

"Thud" Albert Ou's hand pounded on the table and a hole smashed in the table top.

"Are you deaf or are you talking" Albert Ou's dark voice came once more.

Obviously it wasn't grumpy yelling and it wasn't very loud, but it was incredibly scary.

Several people swallowed a mouthful of saliva, and the law couldn't do anything about it, and as long as everyone stayed quiet, Ou couldn't do anything about it.

Just at that moment, Albert Ou's phone rang.

In the quiet conference room, the cell phone was ringing very harshly.

Oh, my God.

Who dares to call the Devil?

Amitabha, goodness, goodness.

Hopefully, after Daemon answers the phone, he can divert attention a bit.

But what did they see?

Albert Ou's lips actually loosened slightly, and then, raised a smile

I'll go.

What the hell?

Some even rubbed their eyes, wondering if they were blind.

Albert Ou answered the phone, "Hey, why do you miss me when you haven't seen me in a day?"

When she heard this, she really wanted to throw the phone into the toilet immediately.

"Will you be serious?"

"I'm decent."

"You left in such a hurry last night, I forgot to tell you where the engagement ceremony was, at the Imperial Hotel, where do we meet or should I just go to the Imperial Hotel and we'll see you at the door."

Jasmine Tong finished her sentence in one breath, paying no attention to Albert Ou's "very serious" set.

"I'll pick you up at your house."

"That's the same old place, I'll hang up, you're busy."

Jasmine Tong didn't give Albert Ou the chance to continue to be "serious", and hung up the phone directly.

Albert Ou's smile grew wide, and he stared at the phone screen even though the call had been disconnected.

It was a direct hit with everyone in the meeting.

Albert Ou came back to his senses and just stood up, "Meeting adjourned."

After that, he walked straight out of the conference room.

Can't wait to meet her already.

But, he neglected to ask the question, when did he want to see her so badly.

One by one, the development department staff in the conference room finally dared to speak after Albert Ou's departure.

"Ou always isn't in love."

"Is that the future boss's wife on the phone?"

"Are we going to hug the boss's wife's thighs from now on?"

After making the call, Jasmine Tong was stunned at the location on the invitation.

Empire Hotel.

"Jasmine, when I marry you, how about the most luxurious hotel in all of Slivestopol, the Imperial Hotel?"

"Jasmine, I'm going to make you the happiest bride in the world."

At the age of eighteen, the vow made by the man was finally fulfilled, but to another girl.

How ironic.

Jasmine Tong returned to Rainbow City, looked at the time, and began to put on her makeup and change her clothes.

Her stepmother, Duthie, had already called her twice, nothing more than to knock her, don't lose your cool at the engagement ceremony, and be honest.

Even her own father called her, too, and said not to disgrace the Tong family.

(onom.) gentle laughter

It's been commonplace for a long time, and because it's hurt, it doesn't hurt anymore.

Albert Ou also left work earlier than usual and returned to the Crystal Garden, where Wu Xiu had already prepared clothes for him.

g.s high-tailored suits.

Changing into the suit, Albert Ou looked at himself in the mirror, this mesmerizing face as well as figure was even more charming against the well-cut black suit.

"Jasmine, I'm going to make you look good today."

Albert Ou snapped his fingers and tied his tie.

Pink ties.

Such a slutty color on Albert Ou's body was not offensive in the slightest, and gave the man a hint of affability.

Albert Ou took another look in the mirror to make sure everything was in order and then he was ready to go out.

Wu Xiu quickly ran in, "Young master young master young master"

Shouting three times in a row for young master, the balding man couldn't seem to contain his excitement.

“Say.” Albert Ou said coldly.

“Look who’s out there.”

Chapter 50

In the meantime, Albert Ou heard a gentle voice come through.

“Ono,”

And then, a graceful woman slowly approached.

“Mom,” Albert Ou was startled.

The woman looked to be in her mid-thirties, with well-kept skin, a particularly good temperament, and a slim figure, but she didn’t look weak.

Those blue eyes were clear to the end and soul-catching.

Murray.

“Madam and Young Master haven’t seen each other for a long time, so let’s catch up today, and shout directly at me if you have any orders.” After Wu Xiu said that, he just left, and closed the door for them on the way.

“Ono, how are you doing? Are you eating well and sleeping well?”

Muranui reached out and gently stroked Albert Ou’s hair.

“Mom, I’m twenty-five years old.” Albert Ou warned.

Murray was stunned at first, then smiled meekly, “Oh yeah, my son is twenty-five this year, and I’ll be sixty by the count.”

Her eyes glittered with melancholy.

She was accidentally pregnant with Albert Ou, a human pregnant with a vampire’s son that was supposed to be taken out, but she refused to die back then.

You can only give birth to the baby.

However, she was just an ordinary human, and when Albert Ou was in her belly, she grew fast, drew a lot of nutrients, and her energy was too strong for her to fight.

So much so that when it came time to give birth, little lives were lost.

Luckily, Albert Ou's father, Ousheng, turned her into a vampire in time.

Yes, she's a vampire now.

The vampire would stay on that last day when she was still human and never change after that, so she would still look like she was in her thirties.

"Mom, what do you want from me" Albert Ou consciously looked at his watch, luckily there was still time.

He sat down on the couch in the bedroom, and Murray sat down too.

"I can't come to you if I'm fine."

"It's not that."

Murray surveyed his son and couldn't help but curl his lip and smile, "Handsome again, dear."

Albert Ou smiled towards Muranyi, "That's right, my mother has good genes."

"By the way, where's that girl I told you to marry."

"Oh she doesn't live over here, I'm worried she'll find out who I am and put her up somewhere else."

"Still, my son is smart and thoughtful."

Mentioning this, Albert Ou asked, "Mom, why do you want me to marry her? Is it possible that she can really help me remove the seal."

Murray took a deep breath, then shook his head, "She's right, but exactly how she's going to get you unsealed, Mom doesn't know, Mom hasn't foretold it yet."

Every vampire has her own special abilities, and the day Muranyi transformed into a vampire, she had her special abilities.

Foreseeing the future.

Only, her ability to foresee the future is not mature enough to see some piece of it.

“How could she, a little girl, help me remove the seal.” Albert Ou muttered.

He didn't believe it all.

“Well, honey, tell me about you lately, we haven't seen each other in a long time.”

“Well, when I get back, I'm going to use the bathroom.” After that, Albert Ou immediately went to the bathroom.

In the bathroom, he quickly sent a tweet to Jasmine Tong.

“I have some things I can't get through at the moment, so if I don't hear from you at 7:30, you can go to the Imperial Hotel and wait for me.”

After sending the tweets, Albert Ou pressed the flush toilet, which put the phone away and walked out.

By the way, it had been over a year since their mother and son had seen each other, and there was no way Albert Ou would leave without his mother.

Luckily, there's still time.

Jasmine Tong was basically all packed by the time she received Albert Ou's tweets.

Something came up.

Why does this man fail at such a critical moment?

It was a good thing there was still time and she wasn't in much of a hurry, so she went to her study and turned on her computer, her latest serialized novel seemed to be popular, so she'd write a little more, the manuscript was still objective.

I don't know how quickly time flies, Jasmine Tong looked at the time, but it was 7:20.

The man hasn't come yet.

Well, then she'd just have to go first.

Jasmine Tong immediately left the door and took a taxi straight to the Imperial Hotel.

At this moment in the Imperial Hotel, the red carpet was plopped all the way down to the road on either side of the door, and the road was lined with smoking luxury cars.

If you didn't know, you'd think this was a luxury car show.

With the prestige of the Ron family and his position as CEO of New International, everyone who can come today is a big shot.

I'm afraid those who don't have enough curry won't even get an invitation.

The Imperial Hotel has been contracted by the Ron family today, and the banquet hall and hotel rooms belong to the Ron family today.

The red carpet was sprinkled with rose petals, and the scent of roses filled the air.

Jasmine Tong had been looking around, but hadn't seen Albert Ou appear yet.

Although the place is full of luxury cars, Albert Ou's Ferrari Raphael is also very eye-catching and can be seen almost immediately.

Jasmine Tong looked around but still couldn't see the sapphire blue Ferrari.

"Is this man okay?"

Eight o'clock and eight o'clock was the official start time for the engagement ceremony.

It's still a while away.

The red carpet at the entrance was constantly filled with people walking in, a person of distinguished status, wearing gold and silver, these people's worth at the same time highlighting the strength of the Ron family.

Suddenly a group of little girls came over laughing and talking, Jasmine Tong ignored them, still constantly looking around.

“Jasmine” the girls stopped and were shouted by the one in the middle of the cluster.

Jasmine Tong set her eyes on it.

Tong Qian Qian.

Her cousin.

“Cousin.” Jasmine Tong called out.

“What are you standing here for? “Tong Qian Qian has a look of contempt, “Can’t you see that there are some big curios coming in and out of here? “Who are you standing here to embarrass?”

As soon as Tong Qian Qian’s voice trailed off, there was a sharp-eyed Meng Ziling in the group of little girls clustered around her.

“Qian Qian, look at her to see if she is wearing this dress is not angel’s upcoming new dress ah” Meng Ziling said, the group of girls’ eyes all looked over towards the dress on Jasmine Tong.

Girls at this age love to research brands of clothes, who’s new and who’s popping out, they’re fine.

“I heard that angel’s new dress is already booked out before it even hits the market, it’s a limited edition” said a girl in a hurry.

“This dress seems like it’s really a new dress that’s about to go on sale hey, I’ve seen it on TV,” Meng Ziling exclaimed.

The first thing that I want to do is to get rid of my cousin, who has already been swept out of the house, and doesn’t have a man of her dreams like our family’s Meng Meng, she’s so poor that eating is a problem, how can she afford to buy Angel’s clothes, not to mention the ones that aren’t on the market that she can’t afford even if they were already several years ago”
