

Her Bossy Yet Naive CEO Chapter 471 - 485

Chapter 471

There seemed to be something ahead that kept tempting it.

Jasmine Tong leaned down and stroked wing's fur, the white fur on its body had been stained with dirt from following them these days, and it was quite a mess.

"WING, be quiet, we'll be walking out soon, and when we do, we can go home."

Cold Lords Morning draped his eyes over the WING, "This is its home."

Albert Ou and Jasmine Tong both looked at the Leng Lords together.

"I came back once about seven or eight years ago, and I knew then that the Wolf King was missing a son, and I was brought up by the old Wolf King, and this is just the new Wolf King's son."

"How do you know? They all look the same."

"Knowing is knowing, you must have bought this one,"

"Bought it from a hunter, when it was a pup."

"That's right, the hunter caught a cub from the Savannah forest and wanted to sell it for a good price, and it just happened to be sold to you, so we might as well follow it."

The cold lord's eyes stared straight at WING.

"Are you kidding me it got out of here when it was a pup, it could have walked out."

"It's a good thing you still raised it, so ignorant of it, some things are born with it."

Cold Lords crouched down and touched WING to untie it.

The wing then immediately moved forward, the three of them following behind.

I don't know if it's because it's been with humans for a long time, but wing has also become human. It walks slowly and will look back at Jasmine Tong from time to time.

Under wing's guidance, they finally entered the depths of the Savara Forest, and after coming in, the Cold Lords were just like fish in water, after all, he grew up here.

This forest is a completely unexplored wild forest, which is full of thorns and overgrown with weeds, and it is very difficult for Jasmine Tong to walk.

After a long day's trek, they arrived at the cave entrance to the great tomb at dark.

Because it was getting late, you could only enter the tomb the next day after resting.

This night, the Cold Lords immediately contacted the Dark Empire, asking them to prepare a round-trip flight to the nearest airport as soon as they got out of the forest.

This night that was promised to be a night of rejuvenation, but no one slept.

The month-long trek has finally made it to the final step, and this is definitely the most stressful time.

As soon as the sky was white as a fish's belly, the three men got up at the same time, ate something and prepared to enter the catacombs.

"Mandy, stay here, just the two of us go in, this big tomb is full of traps, to put it bluntly, the two of us might not be able to take care of ourselves, and there should still be a lot of corpses in here."

That made Jasmine Tong break out in a cold sweat.

"Why are you talking so horribly you scared her" protects his wife Albert Ou hastily hugged Jasmine Tong.

The cold owl is helpless ah, not to say a little bit of horror, Jasmine Tong will obey you.

“Jasmine, just wait for us out here, we’ll be back soon, you’ve got a lot of dirty stuff, what if I scare you”

“The ninety-nine and eighty-one are here, just one last shiver, but you let me out there? Am I afraid of some bones? Go on, don’t waste any time.”

Jasmine Tong, however, stepped in front of her.

Both men were helpless with her, so they had to follow her and shield her behind them.

The Cold Lords are right, this big tomb is probably detected by many grave robbers who want to come here to dig for treasure, after all, there is no one here.

But there are so many traps here that many people have lost their lives.

Bone white on the way.

But it went surprisingly well, as wave after wave of tomb robbers arrived and opened up the place, the mechanisms all disposable and ineffective.

So they were very fortunate to have seen the lake located in the tomb.

None of us had any idea that there was such beautiful scenery in the darkness of the curtain.

The small lake was almost transparent and rippling, and there was some grass growing around it, as if it were a hot spring, and it seemed to give off some heat.

“Am I just going to jump off” Albert Ou twisted his head to look at the cold owl.

“You go in and try it.”

After all, the Cold Lords were still young at that time, and he himself wasn’t quite sure.

“Wait a minute” Jasmine Tong pulled Albert Ou’s arm with both hands.

The first time I saw the lake, I thought it was beautiful and scenic, but the second time I saw it, it was eerie and scary.

It was very odd to have such a lake in such a dark underground place.

The more beautiful something is, the more dangerous it tends to be.

“How deep is this lake in such an underground, there’s even a lake, this is so strange, this lake shouldn’t be raising some kind of monster I’m a little scared.”

You could see the fear and anxiety in Jasmine Tong’s eyes.

“Jasmine, just wait for me on the shore, nothing will happen, if there are any monsters, I’ll run out right away, I’m not a normal human yet, the energy is still there.”

Albert Ou hurriedly reassured Jasmine Tong, touching her stomach along the way.

“Brother, is it really going to be okay?”

The cold lord pulled out his pistol to load the bullets and also rechecked his dagger.

“Don’t worry, if there’s any danger, I’ll help him.”

“Who wants you to help” Albert Ou is still used to choking with the cold owl, who let him be his big brother?

“It’s better for you to be vigilant, and if you notice anything strange, call out to me right away.”

Albert Ou touched Jasmine Tong’s head and kissed her on the forehead.

“Wait for me.”

After that he leapt into the lake.

Jasmine Tong put her hand to her chest and folded her hands in slow prayer.

Albert Ou walked step by step towards the depths of the lake.

“It’s pretty hot, like a hot spring” Albert Ou turned to Jasmine Tong and smiled.

Jasmine Tong, however, felt unsure if it was the fog or something that was making her eyes grow fuzzy.

She rubbed her eyes and the lake suddenly changed color to blue like the sky.

Albert Ou reached the depths of the lake and something, unknown to him, bit him and he began to struggle hard.

“Honey come back soon and don’t go any further.”

The cold lord’s reaction was still quick, and he quickly drew his gun to shoot towards the bottom of the lake.

The sound of gunfire echoed through the catacombs.

“Honey don’t.”

The lake suddenly turned red, like blood.

The first thing that you need to do is to make sure that you’re in the right place.

“Don’t do that. Come back soon.”

The first thing you need to do is to take a look at the newest addition to the list, which will be the first thing you need to do.

She just watched the two of them vanish before her eyes.

Jasmine Tong fainted with a thud.

Chapter 472

Everything was so quiet in the room that I couldn’t hear anything but the faint sound of breathing on the bed.

Jasmine Tong slowly opened her eyes, everything was like a dream.

Everything in front of her was very familiar, but everything in her mind made her panic and she sat up sharply.

“Ma’am, you’re awake.”

The moment she saw Pear Blossom, Jasmine Tong was even more overwhelmed.

“Pear Blossom,”

“Ma’am, I’m going to miss you so much, you’ve been on this trip for over three months.”

Pearly’s voice was aggrieved.

“Where is the gentleman? Is something wrong? Where is he?”

“Ma’am, don’t worry, sir is fine, there’s too much backlog in the company, sir is busy with papers in the study right now”

“You’re serious, you didn’t lie to me” Jasmine Tong gripped Pearly’s hand tightly.

“How could I lie to you, ma’am, you’ve been sleeping for a long, long time, and in between the doctor came and checked you out, and the little baby is fine, but you’re just so weak.”

Pearblossom told Jasmine Tong exactly what had happened.

“How long have I been asleep?”

“I’ve been sleeping since I got back, almost a day and a night” Pears rubbed her head in careful recollection.

The bedroom door opened and the Cold Lords walked in.

“Hey, wake up, Auntie Fang made you some soup do you want some?”

“Brother, where is he I obviously saw you guys in trouble he was dragged into the water by something and you went down to retrieve him and got dragged into the water too, what the hell is going on”

Jasmine Tong’s memory was still stuck at that time, and she didn’t know if she was dreaming, or if she was real.

“Mr. Leng, is Mrs. Leng talking nonsense? “Pearblossom looked at the Leng Lords with puzzlement.

"You go out and prepare some food for your wife, I'll watch her." The cold lord walked over to the bed and sat on the spot where that pear had just been.

The pear was really confused too, so she shook her head and went out.

"Brother, what the hell is going on here? Did my eyes deceive me?"

"Your eyes did deceive you, the great tomb is always out of sight, and there are many complicated devices arranged around it, the gas is one of them, for I have been down to the tomb before, and the gas in it is harmless to me, but you are hallucinating for the first time, and being pregnant and so nervous."

"Hallucinations then so everything I saw was fake."

"Yes, it was indeed a hallucination, that gas is hallucinogenic, a lot of those people who died out there died because of hallucinations, it was the fear inside that killed them, think about it, you used to open your eyes when we were on the plane later."

Jasmine Tong rubbed her temples as she carefully recalled that it did seem like that was the case.

She didn't remember much anymore, just the vague feeling that someone had carried her out of the forest, then onto a plane, and then remembered nothing.

"You were so weak that the doctor said there was some bleeding and gave you medication to keep you in bed, but it's nothing serious."

"Where's he? You're not lying to me, are you? Is he really okay? If he's not, why isn't he at the bedside watching over me?"

In the past, Albert Ou would have been by her bedside without fail, but now after so long, she hadn't even seen him.

It was so strange that Jasmine Tong had to get attention.

"He's really fine, don't you even believe what my brother says? There's so much going on at the company, he's busy dealing with it."

"No way, you've got to be lying, no matter how busy things get with work, he's going to visit me first."

That was something Jasmine Tong never doubted.

“Well,”

Jasmine Tong lifted the quilt to get out of bed, and the Leng Lords immediately stopped her.

“He’s really fine what do you need me to tell you to believe it the doctor said you have to be on bed rest right now.”

“I had to see him to believe it.”

Leng Lords couldn’t resist Jasmine Tong, so he had to bring her to the study.

The study opened a crack, and through the crack, Albert Ou was really working on the paperwork at the desk.

The mountains of papers were about to bury Albert Ou.

Jasmine Tong’s heart didn’t fall until the moment she saw Albert Ou.

“Look and see, I’m not lying to you, he’s fine, he’s just too busy, so hurry back and lie down.”

The cold lord hurriedly urged her on.

Only then was Jasmine Tong satisfied to go back into the bedroom and lie down again, she certainly didn’t want anything to happen to her child.

“The doctor, however, said to be on complete bed rest for the next few days, so you mustn’t try to be a hero.”

Jasmine Tong’s face hadn’t regained its previous color, but the smile was still pretty.

“I would, except is his seal lifted?”

This is the real concern of Jasmine Tong, if not lifted this trip will be in vain.

“The seal is lifted, but Albert Ou’s state “The Cold Lords don’t know where to begin.

“What’s the problem?” asked Jasmine Tong with a tilt of her head.

"There's no problem, maybe he's not quite used to his body yet, and he's not mentally converted yet, so it'll probably take a while for him to get used to it, and you shouldn't be too anxious."

Hearing the Leng Lords say Jasmine Tong only put his mind at ease, "This is natural, fine, let him slowly get used to it."

Pear Flower prepared a nourishing soup and some food for Jasmine Tong.

When you are in a good mood, your appetite won't be too bad.

Watching Jasmine Tong eat with relish, the cold lord left the bedroom.

Albert Ou in the study was still desperately buried in his work.

The Leng Lords didn't knock on the door and just came in.

Hearing footsteps Albert Ou didn't look up, "Did I say no one was allowed in without my permission"

"It's me."

Only when he heard the voice of the Cold Lords did Albert Ou raise his head.

"How's Jasmine doing? Has he woken up yet?"

"If you care so much about her, why aren't you bedside guarding her these jobs are really that important to you, I've never seen you work so hard before."

"I asked you to answer my question where's the bullsh!t about what's going on with Jasmine."

"It was a relief to come over and take a look at you, and she was surprised to hear that if it had been before you would have been at her bedside, so she didn't believe me to death and had to take a look for herself to be relieved."

Hearing all this Albert Ou felt sour, "You must instruct her well, the doctor said that she should complete her bed rest, eat well and sleep well for a few days."

"Why don't you go talk to yourself?"

"I told you to go ahead and tell me I'm busy, can't you see?"

Albert Ou went back to working on the paperwork with his head down.

“Mandy won’t dislike you.” The Leng Lords feel that this brother is really a strange one.

Chapter 473

“Nonsense, of course she won’t dislike me, in her mind I’m the most perfect man in the world without one.”

Albert Ou’s momentum was very strong.

“In that case, when you’re still worried about something.”

“Where am I worried, I’m not worried at all, I’m just too busy, can’t you see? blind eyes? say enough and get the hell out of here.”

Albert Ou gave the eviction order.

The sneer wailed and walked out.

After three months of traveling, Jasmine Tong is finally back in her home.

Everything was fine, Jasmine Tong was in a happy mood, and with the nourishment from Aunt Fang’s soup, Jasmine Tong quickly regained her previous color.

It’s just that this belly still hasn’t seen much improvement because it hasn’t been well fed for the past few months.

What made Jasmine Tong strange was that she hadn’t seen Albert Ou for three days in a row.

To obey the doctor, she remained bedridden and did not go out, and every night she had fallen asleep before Albert Ou returned, and when she woke up in the morning, Albert Ou was gone.

At first she just thought that Albert Ou might be too busy to bother him.

But then I thought about it, and more and more it didn’t feel right.

On the fourth day, the Cold Lords came over to tell him that he had to go to the hospital for a checkup today, as ordered by the doctor.

Because there had been some bleeding and it was not appropriate to move around, I did not go to the hospital for any further detailed examination.

“I’m suffocating, and it’s a good time to go outside and get some air. Brother, how come you’re the one to tell me that he’s not going?”

“He’s still busy, so I’ll go with you.” The cold lord didn’t know what to say about Albert Ou.

“All right then.” The first thing you need to do is to take a look at the newest products that are available.

Normally, Albert Ou wouldn’t give Leng Lords this kind of opportunity, what’s wrong with him?

Jasmine Tong was received by Zhong Yu Ling of Z.Y Hospital, who performed a series of examinations on Jasmine Tong.

“Mrs. O, everything’s fine except that you’re not up to your weight, and you’re going to have to make up for it.”

“I will, I’ve started watching my diet lately, and I’ve gained a pound in just a few days, so I think I’ll put on weight.”

Jasmine Tong smiled towards Zhong Yu Ling.

“But while you’re mending your body, you also have to be careful not to mend too much, lest the baby is too big to give birth later, and now that the crisis is over, you can go for a walk, wait a little bit better, do yoga, a little bit of exercise is good too.”

Jasmine Tong wrote down the doctor’s words line by line.

The check all went well, the cold owl accompanied Jasmine Tong back again.

“Is he still busy? I’ll go check on him.”

“Mandy, I’d advise you not to go, lest you scare him, but wait until he figures it out and comes to you.”

“Will I scare him? What do you mean think brother, are you playing riddles with me?”

The more Jasmine Tong heard, the more confused she became, “Just because you say so, I must go and see.”

Leng Lords also did not stop Jasmine Tong, he knew that he could not stop him.

Jasmine Tong came straight to the study and opened the door and walked in, “Honey.”

Albert Ou panicked and quickly put on his sunglasses, “You you you why are you here on my side, I’ll be with you when I’m done.”

“Why are you wearing sunglasses in the house in broad daylight?”

“I’m a little myopic these days, and these aren’t sunglasses, they’re nearsighted.”

“You take me as a fool to wear what sunglasses to take off” Jasmine Tong walked over to reach out to pick, Albert Ou immediately flashed away.

“I told you I’ve been busy lately, so get out of here, I don’t have time for you.”

Albert Ou’s eyes dodged, not daring to look directly at Jasmine Tong.

“Why are you hiding from me what happened you’re strange these days” Jasmine Tong forked her waist and looked like she wanted to rise to the occasion.

You don’t even have to go with me for a checkup. What kind of father does that?

“I’m not hiding from you I’ve just been too busy lately.”

“Lie and I’ll give you one more chance or I’ll get really pissed off and suffer the consequences.”

When Jasmine Tong just said the words “take the consequences yourself”, Albert Ou was a little scared.

Jasmine Tong turned around quickly with a huff and Albert Ou rushed forward to grab her arm, “Don’t be angry.”

“Tell me I can’t be mad, tell me what’s wrong.”

Jasmine Tong raised her eyes to look at Albert Ou, who was wearing sunglasses in broad daylight, not knowing what he was smoking.

“Tell me to say yes, but you have to promise me one thing.”

“And you’re making a deal with me.”

“Anyway, you have to promise me, or I won’t say a word” Albert Ou was also eating up the scales.

“Okay I’ll promise you anything, okay?”

“You have to promise me that you won’t leave, or get angry, or laugh at me.”

Jasmine Tong raised her hand in a swearing gesture, “I swear, I won’t leave, I won’t be angry, I won’t laugh at you.”

Albert Ou thought for a long moment before slowly taking off his sunglasses.

They were eyes like obsidian, deep and bright and glittering.

Jasmine Tong was also stunned when she looked into those eyes, and Albert Ou’s trademark blue eyes were gone.

“Don’t stare at me like that I know I’m not as handsome or attractive as I used to be” Albert Ou immediately covered his eyes with his hand.

Jasmine Tong puffed out a laugh and covered her mouth.

“You said you wouldn’t laugh, and you swore you would.”

Jasmine Tong immediately tensed up, “I’m not laughing because of your eyes, but because you as a person make me feel funny.”

“What do you find so funny about me, it’s just that I’m not as handsome as I used to be Jasmine Tong, I didn’t think you were this kind of person who only cares about appearances.”

Jasmine Tong hadn’t spoken yet Albert Ou jumped to his feet first.

“Am I only concerned about appearances or are you only concerned about appearances ah isn’t it just that those blue eyes were gone before and now they look good with black eyes too ah I didn’t say anything”

Jasmine Tong rolled her eyes, this man is too good at it, right?

“Nice, you said black eyes were nice too but you used to like my blue eyes and said my blue eyes were like a seductress.”

“Hubby,” Jasmine Tong put her hands on Albert Ou’s shoulders and said meaningfully: “I don’t like you just because your eyes are blue, we Orientals should have black eyes, so that they look more compatible, I like you, that’s why I like your eyes, not you. It’s the eyes that like you, understand?”

Pondering over Jasmine Tong’s words, Or Albert Ou felt like the whole world was sunny.

“Jasmine, you’re getting really sour now when it comes to love words, who did you learn from to say more”

Jasmine stroked her forehead, if you know, then don’t say anything, let him go his own twisted.

Albert Ou didn’t know what came to mind, and his face darkened once more.

Her Bossy Yet Naive CEO Chapter 474 - 476

Chapter 474

“Jasmine, are you sure you won’t dislike me?”

“Dislike you what went from blue eyes to black eyes, I’ll dislike you you’re just as handsome, if not more so, than ever.”

Jasmine Tong felt that discussing these issues was simply a waste of time, it was better to quickly dispel this idea of his.

“I’ve been unsealed, there’s no more vampire blood, I’m a normal person now, not just with my eyes, and in bed from now on I’m not as powerful as I used to be, you don’t mind”

The proof of a man’s strength, apart from his appearance and wealth, that’s all that’s left is his ability in bed.

“Amitabha, goodness, goodness, the little girl is begging for it.”

“You really don’t mind if the face value doesn’t mind, and you don’t mind if I’m not as strong or as durable as I used to be in bed, and you won’t mind if you’re getting to be like a tiger”

Albert Ou speaks ever so bluntly.

“On a different note, the two of us are better matched later, though not as long-lasting as before, so maybe we’ll work together better and better.”

Albert Ou immediately narrowed his eyes and laughed, “Hahahaha, talk about your heart, you actually care a lot about my performance in bed, it’s okay, I’ll work on it later”

“What’s the thing ah obviously you started this topic” Jasmine Tong immediately blushed shamefacedly, she didn’t even want to discuss this with Albert Ou before.

“Look at you, you’re blushing, so you don’t have to hide it.”

“Knock, knock, knock.”

The two men argued and looked over towards the door in unison.

The Cold Lords leaned against the door, “Seeing as you two are arguing again, it looks like everything is fine.”

Albert Ou immediately tightened Jasmine Tong in his arms, “Of course we’re fine, we were fine, we’re fine”

Jasmine Tong really couldn’t help but leave Albert Ou out, who had just been worried that he would be disliked.

“Now that you’re all right, it’s time for me to go.”

“You have to go so fast” Jasmine Tong knew that the Leng Lords must not be able to stay, but didn’t think he would go so fast.

“I’ve always wanted to go to W to detect a large tomb, and I’ve been delayed in going, but now I finally have the time to go there.”

The Cold Lords still smiled evilly.

“Is it fun to deal with dead people all day?”

“To each his own, I’ll be ready to leave in a couple of days, so I’ll let you know.” The Leng Lords no longer bothered them after greeting.

“Brother is leaving, aren’t you going to keep him” Jasmine Tong tilted her head up to look into Albert Ou’s eyes.

“What’s the point of keeping him? I wish he’d leave.”

Jasmine Tong also didn’t continue to advise Albert Ou, it was already a big improvement that the two of them could talk properly, after all, they weren’t brothers who had grown up together.

The night before the cold owl left, Jasmine Tong personally cooked a table of food, surprisingly, Albert Ou did not even object.

The atmosphere at the table was somewhat enigmatically awkward, and Albert Ou just ate his food without saying a word.

Still, Jasmine Tong lifted the juice.

“Brother, I can’t drink, so I’ll take the juice in lieu of a drink and toast to you for all you’ve done for me on this journey and to a safe journey.”

The Leng Lords lifted the wine glass and Jasmine Tong clinked the glass, and the moment the glass clinked the glass, suddenly another glass inserted itself.

Albert Ou clinked glasses with them and drank them down, then bowed his head and continued eating his food.

Leng Lords and Jasmine Tong looked at each other and also laughed.

“Brother, if you get tired of drifting around out there, come back here, and always keep your room.”

“Here ah here is too small, I want to live, but not this way, I want to live over in the crystal garden.” The cold lord said as he glanced twice towards Albert Ou.

Albert Ou just eats the food and doesn’t talk.

“Yeah, it’s okay to live over there.” Jasmine Tong sort of said it for Albert Ou.

This evening Albert Ou had been saying very little, but had been drinking.

Jasmine Tong couldn't remember exactly what time she had eaten, only that it was very late and she was really sleepy, so she went back to her room to sleep.

The cold lord left and didn't want to alarm them, so he packed his things ahead of time and left the house early, and just after closing his own door, he saw Albert Ou standing in the hallway.

"And talk to me."

"Or you don't leave, what's the fun of dealing with dead people all day you stay and help me run the company, I'll give you half the shares. Didn't you do pretty well at the company before?"

Albert Ou can see that he is not here during this time the cold owl has arranged the company's affairs very well.

"I said we'll each have our own, I'm a wild man, so I'll see you later."

The cold lord's luggage is very simple, just a backpack.

"So when are you going to be back?"

"Let me know when you and Mandy get married, and I'll be back for your wedding reception."

"You won't be back even when your nephew is born and I don't know when Jasmine and I are going to get married."

"How do you know it's a nephew and not a niece?"

"I just know how."

"Well, then I'll be back when Manny has the baby."

"Don't forget to prepare red envelopes, you can only have one nephew, the red envelopes are too small for you to hold, we don't want anything for the dead."

Leng Lords suddenly held up his arms to measure Albert Ou, "How are you so thick-skinned and rude?"

“You’re my brother and you’re welcome.”

Hearing Albert Ou’s words, the cold lord was really crying, “Well, I’m all set to leave, let you call me.”

“Let’s get out of here before we miss our flight.” Albert Ou changed the subject very stiffly.

The Leng Lords take their own brother really can’t do anything about it.

“I won’t give you a ride, I sent a driver to wait for you downstairs, I’m afraid Mann will wake up and ask for me.”

Albert Ou turned around and went back into the bedroom.

The Cold Lords just left.

Albert Ou carefully lay back under the covers, Jasmine Tong was still awake.

“Brother’s gone.”

“Well, go away.”

“You know you could have kept him, why didn’t you?”

“Don’t you have to be cruel to keep an eagle in a cage, and he’ll be back when the baby is born.”

Albert Ou doted on Jasmine Tong’s belly, “How long before the baby is born.”

“Are you looking forward to the baby or to my brother’s return?”

“Whoever expects him to come back, he’d better not.”

“A mouthful.” Tong Koman muttered.

“Ask you when the baby is due.”

“It’s about five months away.”

“Five months,” Albert Ou’s eyes were far-reaching and thoughtful.

After the departure of the cold owl, Jasmine Tong's shooting of Only Niang officially met with the audience, while the online also has Rameen's post-victory.

Chapter 475

Slivestopol TV had already signed up for the exclusive rights to air Vee Niang before, so Vee Niang would have to air on Slivestopol TV.

Although Jeong Hou Chuan did not sign a contract with Slivestopol TV, it also signed a contract with S City and A City, which are comparable to Slivestopol in terms of strength.

Moreover, the two TV stations were full of confidence in the post-Christian legend and started various promotions as early as a month before the broadcast.

The post-Christian biography has already aired two TV stations leading the ratings, leaving Slivestopol's TV stations far behind.

Jasmine Tong, who is the foremost actor, has completely disappeared these past few months and hasn't even posted a blog, let alone promoted a TV series.

The production was again short of funds, with most of the money spent on post-production, and the promotional efforts didn't keep up, which led to very little attention for Only Mother.

Slivestopol TV has always been very accurate in selecting TV dramas, and this time it broke a record for lowest ratings.

Jasmine Tong is nursing a baby at home and is also anxious to see Only Niang, a well-produced drama, being left far behind.

A TV show airs two episodes a day, and it's almost over in a month, so the promotion has to keep up or it's really over.

Rameen Tong's side was already celebrating.

"Two TV stations are leading in the ratings, and I'm finally at peace with that." Roehen drew a cross on his chest.

“Brother Chen, I told you that you’re just too nervous, it’s impossible for this TV series not to be a hit, like the one Jasmine Tong made, the Only Niang can’t be spelled out enough.”

Rameen Tong had always been a chestnut.

This time, Rochen was really sweating.

“Rameen, even if the ratings are repeatedly led, we can’t take it lightly, there has been news on the forum recently questioning your acting skills, luckily I found it in time and immediately deleted the post.”

“Such trifles are not enough to fear.”

“You don’t take it improperly, in case someone backfires, we also have to deal with the countermeasures, I gave you a full schedule of announcements, all to match, the promotion of this play, which will also have some parts that test the acting skills, it has been discussed in advance, you just do it.”

Rochen’s set-up was quite discreet, and over the years, he had accumulated quite a few connections, and he was familiar with some of the hosts and directors on the variety show.

It couldn’t be easier to highlight Rameen Tong’s acting skills.

“Very well, then I’ll make an effort to overwhelm Tong’s Manny.”

“By the way, speaking of Jasmine Tong, it seems like she hasn’t shown her face in months, even when Only Niang started airing, I haven’t seen her post a tweet, it’s so weird”

Rochen is a very cautious man.

“I’m not sure, but it looks like we’ll have to look into it.”

Jasmine Tong has not shown her face, and also made Rameen Tong somewhat unsettled in her heart.

Russel Cheng came back to Rainbow City with a pile of documents, and happened to run into Jasmine Tong coming out of her bedroom.

“Hello ma’am, you look much better.”

“Every day at home eat sleep sleep eat gas can be bad” see Russel Cheng’s bosom holding the pile of documents, Jasmine Tong and out of the knitted brows, “how so much this has been busy for a few days, is not finished.”

“Yeah, O’s been gone for so long, there’s quite a backlog, especially on the branch side, I’ve been picking up and sending them over, and these can’t be delayed.”

Albert Ou heard the two men talking in the study and hurried out.

“Russel Cheng you bastard, if you don’t hurry up and come in to work, what are you chatting about outside.”

Has his charisma dropped so fast since the seal was lifted? Even his secretary doesn’t care about him anymore.

“Oh, ma’am, I’m going to get busy then.”

Russel Cheng immediately grayed and prepared to enter the study.

“Shouldn’t you be answering my questions before you talk to her? How come you’re a secretary who can’t even prioritize now?”

“What are you losing your temper for? I just had a few more words with Secretary Cheng, I still have things to find him, so wait a moment”

In the face of Albert Ou’s nonsensical tantrum, Jasmine Tong had nothing to be angry about.

“Madam, what do you want from me” Russel Cheng directly ignored Albert Ou and spoke to Jasmine Tong respectfully.

“I was going to ask if you had any major games coming out lately, or which endorsement deal is expiring.”

“Well, since Mr. Ou is not here, all we have listed are small games, but Miss Qin Liyuan’s endorsement contract is about to expire, so I can still check the rest for you.”

The two men thoroughly annoyed Albert Ou with their one-to-one conversation.

“Russel Cheng, who the hell are you to be the secretary I paid you to come here to chat? Don’t forget who pays your salary.”

Albert Ou snarled again.

Russel Cheng scratched his head in embarrassment, “The one who pays my salary now is the wife.”

The expression on Albert Ou’s face immediately became wooden, and seeing his funny expression, Jasmine Tong also laughed.

“Albert Ou-no, Albert Ou-no, I never thought you’d have this day too. Ahem.”

Jasmine Tong cleared her throat and held her arms up to her head, a picture of superiority.

“Here’s a grand introduction to you, the chairman of the Dark Empire Group, Miss Jasmine Tong, is me.”

Jasmine Tong patted herself on the chest with pride.

Albert Ou was instantly petrified, “It’s not like that is it I said in my will that if I die, all of it is yours, but now I’m alive again”

“It’s been so long, the legal transition has taken place, all your movable and immovable property has all been here for a change of ownership, and even though you’re back now, you still have nothing.”

Jasmine Tong put her hand on Albert Ou’s shoulder, “So from now on, please Mr. Ou put yourself in a good position watch out for me docking your salary.”

thunder from a clear sky (idiom); thunder from a clear sky

Albert Ou has his hands on his head, which means he’s got nothing.

“Mr. Ou, you have a few documents here that were called back by the finance department, I forgot to tell you that you had set the rule that all projects over fifty million dollars need to be signed by your wife.”

Russel Cheng made up for it once more.

This is before Albert Ou in order to prevent the cold owl in the company hands and feet, this set the rules, did not expect the self-rewarding consequences.

Albert Ou exhaled and returned to his study, looking at the piles of papers.

“No more, it’s not even mine to do anyway.”

He simply put it down.

“The company will never tolerate the existence of someone who has done nothing for the company, and if you don’t do these things, then I’ll have to fire you.”

“Jasmine Tong, say it again, you’re firing me.”

Chapter 476

Russel Cheng watched these two fight and kept holding back a laugh.

“What are you laughing at?”

Naturally, Albert Ou didn’t dare to do anything to Jasmine Tong, and then he took the fire out on Russel Cheng.

“Mr. and Mrs. O’Brien, I’ve noticed that you’re getting closer now.”

“We’re having a fight and she’s firing me and you’re telling me we’re getting close, your eyes are growing into the back of your head.”

“It seems to me that the two of you fighting is probably how you usually get along, and because you have no worries about each other, you can say whatever you want and argue as much as you want, and you never worry about breaking up.”

These words immediately raised Albert Ou’s eyebrows, he and Jasmine Tong’s relationship was getting better and better

Seems like it.

Albert Ou fortunately got up straight away and walked out of the study.

“It’s none of my business if this company is dead or alive anyway, it’s not like I own it, you can fire me if you want, I don’t give a sh!t about this sh!t.”

Albert Ou swaggered towards the bedroom.

If you want to argue, just argue to the end, Jasmine Tong won't do anything to herself anyway.

Russel Cheng really regretted what he just said, there's still a lot of work today, if Albert Ou really puts down his hand...

Russel Cheng immediately asked Jasmine Tong for help.

I saw Jasmine Tong say four words calmly, "I'm pregnant."

Albert Ou stopped as if he had been electrocuted and quickly turned back to his study in ashes.

So-called second wimps, probably.

Russel Cheng gave a thumbs up to Jasmine Tong, then carried the file into the study and left after some explanation.

Jasmine Tong walked into the study with a cup of honey grapefruit tea.

"It's dry these days, so be careful not to catch fire."

Albert Ou is working hard, so much work can't go to Jasmine Tong, she's pregnant.

"Jasmine, did you just ask Russel Cheng about his endorsement, did you have any ideas?"

"Only Niang's ratings are too low right now, the initial publicity hasn't kept up, and I don't think there's any funding left, so it's up to me, and I thought I'd just send out a tweet, which probably won't have much effect, but if I can get an endorsement from the Dark Empire, this movement won't be small, and the effect will be much better."

"There's no need to steal other people's endorsements or new endorsements, the game that Lone endorses is selling very well and he's at number two on the charts himself, so just add one more endorsement for the game."

"Yeah why didn't I think to forget about this Black Earth kid"

Jasmine Tong had a flash of wisdom

It had been a long time since she had contacted Mo Yiang, and she could often see Mo Yiang in the news with her.

Of all the male celebrities, he's still the hottest number one.

If we can get Mo Yiang on board, the publicity will be doubled.

And in Only Niang, Mo Yiang also makes a cameo appearance as his first love.

Everything was in order.

I'm so impressed that Albert Ou, who doesn't hang out in the industry, has such a unique perspective.

"Hey, I'll take care of this, but I have two conditions."

Albert Ou held out two fingers and waved them in front of Jasmine Tong's eyes.

"Cut, you're making a deal with your wife."

"You're still having your husband do the hard work for you."

"Okay, what are your terms."

The only thing that can be done is to wear some s*xy clothes and take the initiative in bed.

"The first condition, if you do this spokesperson definitely have to make a commercial, after making this commercial, you will quit the entertainment industry for me, take care of your baby at home, and don't think or do anything outside."

Albert Ou's expression suddenly became serious.

Jasmine Tong really didn't expect Albert Ou to be in condition for this.

When she came back, she kept her mind on her stomach and didn't think too much about it.

Looks like it's time to think about it.

“I promise you on this condition, after filming this commercial, I’ll rest at home and nurse my baby, but I’m only withdrawing from the entertainment industry for a while, and I’ll still make a comeback after giving birth.”

“The comeback is for later, and I have a second condition.”

Albert Ou rubbed his hands together in front of Jasmine Tong, “Jasmine, can you return the company to me ah I’m so ashamed of it.”

“Who let you cheat me in the first place, this condition is absolutely not promised I tell you, you now eat my drink I live my, better be honest, provoke me, pocket money do not give you.”

Jasmine Tong had finally found a way to contain Albert Ou.

“Don’t be a bully, it’s still my idea to help you think of something you won’t do if you don’t agree to my terms.”

“Then I’ll go straight to the head of the company, and everyone listens to me now anyway.”

Albert Ou was literally spitting blood.

Jasmine Tong hurriedly stroked his hair, “Be good yo don’t be grumpy, pay attention to the fetus.”

Albert Ou lost his temper at once, and his wild lion was considered to have been completely tamed by Jasmine Tong.

Soon, Jasmine Tong reshoots an ad with Mo Yiang.

Because Tong was pregnant, the ad was very simple and it was done in less than half a day.

The news of Jasmine Tong’s pregnancy hadn’t been told to the Mo family yet, but Mo Yiang understood immediately when he saw that Jasmine Tong always touched her stomach from time to time and her waist was thicker.

“Am I going to be an uncle?”

“Black Earth, please get your seniority straightened out, okay? You’re a big brother. Where are you going to be an uncle?”

“You’re really pregnant” Mo Yiang was surprised and happy.

Jasmine Tong smiled sweetly and touched her belly, “Congratulations, oh you’re going to be a big brother again.”

“Holy sh!t this this” Mo Yiang became incoherent.

“This what this this quickly think of a red packet for your little brother.”

“Then you’re going to quit the entertainment industry and with my uncle’s temper, I’m sure he won’t let you keep working.”

Mo Yiang instead poked Jasmine Tong’s heart with one sentence.

“It’s time for me to think about this.”

“I have work to do, I’ll see you some other time.”

After the two of them separated, Jasmine Tong came to Star Huang International, it was time to talk to Xu Xingru.

Albert Ou had previously instructed that Jasmine Tong must be followed by a bodyguard when she came out.

This time out was no exception, and both Lu Wei Ran and Xu Fang had been following closely.

“Mrs. Careful” up the stairs, Xu Fang immediately went to the front to help Jasmine Tong.

“Thanks, the month is short, but my legs are getting worse.” Jasmine Tong teased herself.

Lu Wei Ran sensed in that instant that Jasmine Tong should be pregnant.

Although the clothes she wore were confusing, you could tell her waist was a bit thicker when you got close enough.

After seeing how nervous Xu Fang was, Lu Weiran became even more sure of it

Once she gives birth to the child, Mrs. Au’s position will be secure.

Her Bossy Yet Naive CEO Chapter 477 - 479

Chapter 477

Xu Xingru didn't expect that after not seeing Jasmine Tong for several months, a drastic change would have taken place when she saw her again.

Also Xu Xingru's unique vision, seeing that Jasmine Tong was wearing such loose clothing, she immediately noticed something.

"Manny, it's been a long time. You didn't come to the office to tell me you're pregnant, did you?"

Xu Xingru purposely lowered her voice.

Even though this is your own company, the less people know about this kind of information, the better.

Even if you're an artist in the same company, there's competition there.

Jasmine Tong didn't expect to be seen through by Xu Xingru at a glance.

She looked down to take stock of her body, "Am I that obvious now?"

"You're really pregnant,"

Getting the exact news, Xu Xingru was still very shocked.

"I'm so sorry, Sister Starru, but the pregnancy was an accident."

Xu Xingru only felt a headache, once Jasmine Tong got pregnant, she would definitely have to say goodbye to the entertainment industry for a while.

She had a hard time bringing out someone who was on the verge of dominating the showbiz, but she was pregnant at this time.

"Mandy, so you're now unmarried and pregnant?"

"No, I'm already registered, I just didn't have a wedding."

Only then did Xu Xingru slowly relax, “It’s good that it’s not.”

If you’re really unmarried and pregnant, it’s probably going to be difficult to come back later.

“Sister Xingru, I’m just here to talk to you now, it’s been more than four months, and my belly will only get bigger and bigger, and I won’t be able to cover it then, so I can’t film during this time.”

Jasmine Tong knows that Xu Xingru has put a lot of hard work into herself, and it’s quite hard to say goodbye to the entertainment industry for the time being at this time.

“Naturally I understand that, but what are your plans now, are you going to retire and stay home and raise a child, or are you just going to come home and have a baby”

“I’m definitely still coming back, and I should be looking for a comeback after I give birth, so I’m asking you what I’m going to do now.”

“It’s the best way to announce the fact that you’re married and be honest with everyone, and to check in with everyone when you’re born so you can still keep your heat up.”

Although Xu Xingru felt that even so, Jasmine Tong’s popularity would gradually decline, but this was already the best way.

“But, Sister Starru, I don’t want to go public, my husband and I agreed that I can’t go public until I get my Grand Slam, and then we’ll have a wedding.”

“If that’s the case, it’s the only way to say you’ve gone away to study, and let’s just say you’ve been doing a lot of filming and you’re feeling emptied out and you want to go recharge your batteries.”

Xu Xingru didn’t want to make things difficult for Jasmine Tong either.

Without waiting for Jasmine Tong to speak, Xu Xingru continued, “But you should consider carefully, this is very dangerous, first of all, you’ve only been in the entertainment industry for a year or so, most of the people who go charging are some actresses in their thirties, once you say you’re going charging yourself, there will be a lot of speculation in the outside world.”

Jasmine Tong bit her own lip and didn't know what she could say.

"There have been instances in the past where you come back when you've given birth, and people will do the math and guess that you've actually gone off to have a baby, and then a label like unmarried and pregnant will be put on you, and the point is that you're so young."

"Leave it to God, I really don't want to go public, it might affect me more if I do."

Xu Xingru didn't pursue the question further, "That's fine, when you've thought about it, I'll send you a model, and you can edit it yourself and send a tweet."

"Thank you, Starru-san, be sure to wait for me to return."

Xu Xingru smiled shallowly, "Okay, I'll wait for you."

Jasmine Tong left Star Huang International, and somehow, Xu Xingru suddenly felt very desolate in her heart.

She'd never felt this way about an artist before.

Well, we'll just have to wait for her to come back.

The news of Jasmine Tong joining the Sacred Sword and Mo Yiang endorsing the Sacred Sword together quickly spread.

With the help of Mo Yiang's huge fan base, the news was quickly topped up with a hot search.

Jasmine Tong took the opportunity to immediately post on Weibo, posting stills of her with Mo Yiang.

"My first boyfriend is coming off the line. Come see Vera."

It's a bit too hardcore of a propaganda technique, but it's effective.

The next day Only Niang's ratings went up substantially, and although it was still being pressed by Jeong Hou Chuan, it was a big improvement.

Surprisingly, the Vaisonian reviews are super high.

Tightly plotted and superbly acted, all greatly appreciated.

Fans began to engage in a lively discussion.

“It’s amazing that a grown man like me could fall in love with this show.”

“I watched it for my beloved leang. I fell in love after just one episode. My parents watched it together.”

“It’s just so good to see Mandy’s acting skills on fire, so many old actors in it, what a surprise, what a surprise.”

However, the other side of the post-Christian biography is poorly reviewed.

“Could Rameen Tong’s acting be any more awkward? The entire cast of the show is not online and drunk.”

“The adaptation of the plot is no one else’s, the novel is so good, the TV show sucks.”

“The TV show is so crudely produced, what’s the editing out of it?”

On one of the rating sites, Vee Niang reached a 9.5 rating, while the post-Jung Hou Chuan was a shockingly low 5.3 rating

As the number of bad reviews grew, many fans of the post Jeanne pass on abandoned the drama and went to see Only Niang instead.

In particular, the original fans simply could not accept such a post-Christian biography, especially questioning the acting skills of the protagonist Rameen.

Vee Nyang jumped to the top of the charts a week after the ratings were promoted in Jasmine Tong.

Jasmine Tong was finally relieved to see the ratings coming up.

Mission accomplished, she was finally able to nurse her baby at home.

When Albert Ou came out of the bathroom, Jasmine Tong was sitting on the bed reading a book she had bought specifically about pregnancy and childcare.

“Jasmine, it’s time for bed.”

“Read the whole chapter.” Jasmine Tong didn’t even lift her head, keeping her eyes on her book.

Albert Ou burrowed under the covers in frustration and turned around looking unhappy.

It’s not even born and she’s already not looking at herself.

If this is to be born, what place does he have in this family?

Jasmine Tong put the book on the bedside table after reading a chapter and turned off the light by the way.

“It’s a very useful book, you’ll have to read it later if you have time.”

“I don’t have time.” Albert Ou has a bad attitude.

“Then forget it.” Jasmine Tong didn’t press the issue, after all, she knew that Albert Ou was busy.

Jasmine Tong closed her eyes and prepared to sleep.

“Poke and prod.”

Feeling Albert Ou poking his arm, Jasmine Tong opened her eyes again.

“Something’s up,”

Chapter 478

Albert Ou was silent for a few seconds, “It’s okay to sleep.”

Jasmine Tong continued to close her eyes again.

After a while, it’s “poke and prod” again.

Jasmine Tong opened her eyes once more, “What the hell are you doing”

“It’s okay, you go back to sleep.” Albert Ou turned his back on Jasmine Tong.

After a few more moments, Albert Ou turned around and was just about to extend his fingers when Jasmine Tong grabbed him.

“What the hell are you doing “It turned out that Jasmine Tong wasn’t sleeping, but had been staring at him.

“Me me me manman, I want you ok?”

The man’s voice was low and dark, very s*xy.

“It’ll be okay if we make out now,” Albert Ou continued to pursue the question.

“Why didn’t you follow me the last time I went to check on you?”

“I’m not afraid that you’ll dislike my face value, I’m not even following you, I’ve already explained to the doctor over there, the results of the test will be the first to notify me, whether it’s okay or not.”

Albert Ou endured a lot, they hadn’t made out in many days since the seal had been lifted.

Mainly because Jasmine Tong had been in need of bed rest since her return, and he didn’t dare to make a fuss.

“Then be careful.”

Having gotten the gold medal token arrow Albert Ou was naturally elated.

“Don’t worry, I’ll be very careful you’ll let me know if you’re uncomfortable.”

Albert Ou hurriedly leaned in and touched Jasmine Tong’s belly, “Baby, daddy is going to make out with mommy for a while, so you be good and sleep.”

“Why are you saying all this” Jasmine Tong looked at Albert Ou strangely.

“He’s in there. Shouldn’t I say hello to him so he can sleep and not disturb us?”

Jasmine Tong’s heart was a bit messy, she originally thought it was nothing, but when Albert Ou said that, she really felt that there was a child in her stomach that was watching them all the time.

But soon Albert Ou’s superb k!ssing skills make Jasmine Tong lose it.

Soon the two bodies were entwined together.

Because of the effects of Jasmine Tong's pregnancy, the position Albert Ou takes is too restrictive.

Albert Ou's movements were light and gentle, afraid of accidentally hurting Jasmine Tong.

"How is your size still"

Jasmine Tong's eyebrows furrowed into a frown, hadn't the seal been lifted and wasn't she already a normal person why was Albert Ou's size still so unimaginable?

"I'm hurting you."

"No, it's how your size isn't small at all."

"Hehehe who said lifting the seal would make it smaller you steal it."

Albert Ou chatted with Jasmine Tong as he moved carefully.

"Who's stealing the fun, huh?"

"So what if you're the richest woman now, Jasmine, you're still not being slept with by me yet."

Albert Ou said breathlessly.

"You you you're still on your knees before me."

Albert Ou looked at his posture not wanting to talk anymore.

It never came down until the end of the month, when Wee Niang had her grand finale, and since Wee Niang's ratings hit number one, it never came down until the day of the grand finale.

The first time I was in the room was when I was in the room with my wife, and I was in the room with my wife.

This made Rameen Tong furious.

All of this was expected by Rochen, poor acting was hard, and if it was set off, the consequences were unthinkable.

He's trying hard enough, and it doesn't make much sense with his efforts.

"Damn it again Jasmine Tong hasn't shown up for so long, and when she did, she got the Dark Empire's endorsement how did her life go so well"

Rameen Tong felt her body trembling and wanted to just strangle Jasmine Tong.

"Her life will continue to be so good."

Rochen looked much calmer than Rameen Tong.

"How can you say such things, Minister?"

"I'm telling the truth, her acting skills have been recognized by the public, Only Niang's ratings are so high, there can only be more people looking for her to make movies in the future, she's also being looked at by various endorsers, our contract with Cherry Blossom Love is about to expire, and I've already found out that Cherry Blossom Love is preparing to invite Jasmine Tong, and already doesn't plan to renew our contract."

Hearing this, Rameen Tong was even more furious.

"She's even trying to steal my endorsement."

"She didn't take it away, you lost it yourself, don't you realize this by now? If you were better at acting and worked harder at it all, you wouldn't have had to make this posthumous biography of Jeong Hou."

Rosen finally can't stand Rameen Tong

"Aren't you still blaming me for your incompetence? If you'd covered up the voices questioning my acting, the ratings wouldn't have dropped so fast."

Rameen Tong in turn accused Rochen.

Luo Chen didn't seem surprised at all, he sort of understood that in Rameen Tong's eyes, all the faults were someone else's.

"Ranamon, I think you should have a clear idea of yourself."

Rameen Tong hated to hear such words.

“Chen, if I were you, I’d talk to me about a big production right away, the IP is hot right now, take advantage of this trend and take two films right away to make me shame.”

But Roehen shook his head in great disappointment.

“I’m sorry, I can’t do it, I’ve tried very hard to get an appointment with you, but no one wants to invite you to play a female lead except for the movies and TV shows our company invests in, and the only ones who want to invite you to play a female lead are some web series, or they’ll have to play supporting roles.”

“Supporting roles in webisodes what are you kidding me I only starred in the first one you a female number two, the rest are all female number one, now you’re making me play supporting roles and webisodes, only 18 line stars do webisodes”

Rameen Tong thought this was ridiculous.

“Then I’m sorry, but if you’re capable of talking yourself out of it, then talk yourself out of it.”

“What do you mean,”

“If you’d listen to me and go to further training for a while, or hone your acting skills through a few supporting roles, I might, perhaps, be willing to fight you to the death, but it seems you have no intention of doing so, and I think I’ll resign.”

Roehen has never been as determined as he is at this moment, he has brought many stars with him, and Rameen Tong’s appearance has finally made him realize his problem.

An actor is ultimately going to speak with his acting and his work, the rest is just an aid.

“Quit your job well, I’ll see which company is still willing to pay you so well” Rameen Tong was still on top of the world.

Roehen resolutely left.

Rameen Tong didn’t think that Roehen was really gone.

“What a loser. I can’t live for him?”

Rameen Tong cursed as she prepared to leave, and just as she was about to enter the car, she suddenly saw a familiar figure.

Chapter 479

Rameen Tong got into the car, and with her in the car was Huang Can.

“Wait, don’t drive yet.”

Rameen kept her gaze outside.

The Eisin International building is located downtown next to a shopping street that houses a bookstore.

Because of the explosive ratings for V only Niang, it also led to a second sale of the V only Niang novel.

The bookstore even put posters of Jasmine Tong’s stills all over the front of the bookstore for publicity purposes.

A tall woman angrily ripped a poster off the front of the bookstore, tore it to shreds, and threw it to the ground to stomp on it a few times.

“Huang Chan, look at the woman who tore up Jasmine Tong’s poster, does she look familiar?”

Huang Can looked out the window at the woman and thought carefully.

“I remember now, that’s Jasmine Tong’s assistant she’s very good.”

“So it really was her.” Rameen Tong’s pupils were scattered with an evil light.

“But she’s Jasmine Tong’s assistant, why would she tear up Jasmine Tong’s poster? Look at her like she hates Jasmine Tong.”

Huang Can was a little unreadable.

“Okay, drive.” Rameen Tong said towards the driver in front of him.

“There is no love in this world without a cause, and there is no hate without a cause.”

With a proud smile on her face, Rameen Tong thought she probably already knew how to deal with Jasmine Tong.

Vicky drew a period.

Jasmine Tong has also finally released her tweet.

“I’m very happy that people can like Only Niang, and it’s not in vain that I’ve put in so much effort, I’m just a newcomer in this circle, receiving this work of Only Niang has taken too much of my effort, I’ve brought out all my watchwords, and at the same time I feel exhausted.”

“I know people must expect me to come up with better work, but I’m sorry that Vikram has shown me my weaknesses, I need to recharge my batteries to learn, and I’m going to be away from everyone for a while.”

“I’m sure when I come back, I’ll bring you more and better works, so you’ll have to wait for me.”

Tong recalls each of her works in nine photos.

The tweet immediately went viral.

Some fans were very supportive of Tong’s approach, and they felt that it was Tong’s responsibility to her work and her fans that she was charging.

However, more fans are very confused as to why the trendy Tong is going for a charge

She’s just graduated from college a year ago and hasn’t done much work, so why does she need a recharge?

It’s strange that an actress doesn’t study for three to five years, not to mention that Jasmine Tong’s acting is impeccable.

For a while, a lot of speculation gathered dust.

More speculation is that Tong has said she has a boyfriend before, and now she’s suddenly going to charge, most likely unmarried and pregnant.

Since Jasmine Tong has not responded to this, it is left to guessing.

Jasmine Tong could only spit out her tongue as she looked at her phone.

“You’re too good at guessing.”

She uninstalled her Twitter feed, it was going to be a real break for a while.

The news that Rameen Tong had temporarily said goodbye to the entertainment industry to recharge her batteries had naturally reached Rameen Tong’s ears as well.

In her eyes, what Jasmine Tong did was simply the way of an idiot

Rameen Tong felt that the heavens had finally opened her eyes and her chance had come.

She is leaving no stone unturned in hiring a navy to say that Jasmine Tong was pregnant and went off to have a baby unwed.

It’s hard to turn the tables on Jasmine Tong, who is pregnant without being married, but is also hiding lies from her fans.

In the café, Rameen Tong had ordered dessert and coffee and was waiting for someone to arrive.

Lu Wei Ran was also shocked to receive Rameen Tong’s invitation, but she ended up coming.

“What does Miss Tong want with me?”

Lu Weiran despises this person Rameen Tong in his heart of hearts.

“Miss Lu, have a cup of coffee first to warm up, it’s too cold outside.”

Lu Wei Ran watched warily as his coffee didn’t move.

“Miss Tong had better get to the point and not beat around the bush.”

“Miss Lu is really fast-talking, I know that Miss Lu is a special forces born, good skills, I happen to lack a bodyguard on my side who can be an assistant, how much money Jasmine Tong will give you to open, I will give you with double the money, how about”

Lu Wei Ran laughed when he heard Rameen Tong was going to dig herself up.

“You’re asking me to help you deal with Jasmine Tong,”

“Miss Lu is really smart, then I won’t beat around the bush, Miss Lu, I know you must not like Jasmine Tong either, she’s a person who looks gentle and virtuous on the surface, but in reality her heart is deeper than anyone else.”

“That’s right.” The words spoke directly to Lu Wei Ran’s heart.

“I’d like to pry with you about what Tong’s talking about going to study for I know she’s definitely not studying.”

Lu Wei Ran pondered carefully for a moment.

If she told Rameen that Jasmine Tong was pregnant, Rameen would definitely pursue Jasmine Tong’s child and even if she didn’t say anything, Rameen would definitely do everything possible to investigate.

By then, she would definitely know that Jasmine Tong had married Albert Ou.

At that time, Rameen Tong would definitely not dare to touch Jasmine Tong again.

“You really guessed wrong about that, she did go to study, it fits her personality, she’s a very strong person.”

Rameen Tong was really taken aback, “Really went to study.”

“Yes, I don’t have to lie to you.”

Rameen Tong thought about it carefully, and it was in line with Jasmine Tong’s personality.

“You should have been more afraid of her, her acting skills were already miles away from yours, and you’re even less of a match for her this time as you continue to learn to recharge your batteries, and will surely crush you and steal all your roles by the minute when you return.”

Lu Wei Ran hastily added.

No need for Lu Wei Ran to remind, Rameen Tong naturally knew.

In that case, Jasmine Tong is even more terrifying.

“Isn’t she afraid of her popularity slipping?”

“There’s nothing to be afraid of she’s such a good actress, several films have been booked with her and there are even very famous directors waiting for her to come back with good books, so she has the capital. It will only be more popular then.”

Lu Wei Ran looked at Jasmine Tong’s panicked eyes, “Why don’t you go study as well”

Rameen Tong felt mocked, Roehen was gone, and she had lost her very good PR.

When Jasmine Tong returned from her studies, her position was obvious.

“Miss Lu, let’s open the skylight and say it clearly, I am bound to deal with Jasmine Tong, with her and without me. If you can help me, it will be no less good.”

“Yeah? Well then I’d like to hear what kind of benefits you’re prepared to give me.”

As soon as Rameen Tong saw that Lu Wei Ran had such an intention, she immediately hooked her finger towards her.

Her Bossy Yet Naive CEO Chapter 480 - 482

Chapter 480

In the blink of an eye, Jasmine Tong’s belly was already seven months old.

The last two months or so since I’ve been home have been rushed and rhythmic.

Because Albert Ou had been away from the Dark Empire for several months, although the arrangements due to the Cold Lords didn’t cause much damage, it had also hurt the Dark Empire a bit.

Every day since Albert Ou’s return has been very busy.

He's been haunted by the need to work from home, but there's a lot of things that can't be done at home.

Under Jasmine Tong's repeated persuasion, he decided to wait for eight months, when she was about to give birth, and then go home to accompany her while working.

Although Albert Ou is not at home, he has too many ways to monitor Jasmine Tong. There are cameras all over the house and Jasmine Tong is under surveillance 24 hours a day.

As Jasmine Tong's month got bigger and bigger, Albert Ou became more and more cautious.

After her belly grew noticeably larger, Jasmine Tong never left the house.

It's suffocating.

Jasmine Tong paced back and forth across the room with her seven-month-old belly.

"Ma'am, you've been walking for half an hour and need to rest, as per sir's orders." Pearblossom warned in an aside.

Jasmine Tong slanted a glance at Pearblossom, Pearblossom was really a supporter of Albert Ou, and carried out the orders given by Albert Ou meticulously.

"Ma'am, just rest for a while, it's seven months, and you'll be born in two more months."

"I won't last two months if I keep this up, I'll either die from you nagging me, or I'll die of boredom here."

Jasmine Tong pointed at this side of the world, she used to think that this villa in Rainbow City was pretty big, but now it simply seemed to be too small.

"Hold on, ma'am, it's for your own good, sir."

Jasmine Tong grunted and didn't say anything, simply all irritated to death

A few days ago, I was able to tease and chat with Mo Yiang on WeChat, but Albert Ou knew about it.

Albert Ou rushed straight to Mo Yiang's crew and cursed him out, and to this day Mo Yiang doesn't even dare to say a word to himself!

The doorbell rang.

Jasmine Tong immediately looked towards the door, "Go open the door and see if someone has come to see me."

The pear lazily went to the door as she said, "But sir said that Mrs. won't see visitors for a while."

Opening the door, it was Lu Wei Ran.

Lu Wei Ran held a bouquet of flowers in his arms, "Is the wife here I came to see the wife."

"Madam this time."

"In in in" without waiting for Pearly to finish her sentence, Jasmine Tong hurriedly poked her head out and greeted Lu Wei Ran in the door.

Not to mention Lu Weiran, even if it was a stranger, Jasmine Tong could pull a conversation together for half an hour.

She's about to suffocate here.

The pear was also helpless, so she had to pour water for Lu Wei Ran.

"Miss Lu, the gentleman said that the wife can't chat for more than half an hour."

Lu Weiran is really a little embarrassed, this just sat down, the bottom is not yet hot, and then began to drive people!

"Don't listen to her nonsense, you can sit as long as you want."

"Ma'am, sir is doing you a favor too, how have you been looking lately your belly is growing again."

"Forget it, it's been annoying lately, and I haven't taken a half step out of this doorway in a month and three days."

Jasmine Tong looked pitifully at Lu Wei Ran.

“Sir is probably thinking from the safety aspect as well, but pregnant women should still get out and take a walk to get some fresh air, and a walk will be good for future births.”

“You see you think so too, I think so too, I’ve taken a lot of books and looked up a lot of information for him, but he just won’t listen it’s really sad.”

Jasmine Tong leaned against the couch with a lifeless expression.

“Ma’am, do you talk to your husband about this issue always bored at home, it affects your mood, and your mood is also important during pregnancy.”

Lu Wei Ran was always generous and decent, and couldn’t pick out any faults.

“I’ve talked about it several times, but to no avail.”

Lu Wei Ran looked at the time, “Madam, I still have to go to the temple fair today, so I may not be able to chat with you.”

“Temple Fair” Jasmine Tong immediately straightened up and looked at Lu Wei Ran, “Is there still a temple fair over here?”

“This is the mountain where I took you to prescribe Chinese medicine last time, there’s a minority there, they have a temple fair this time of year.”

“I’ve never even seen a minority fair.”

Jasmine Tong’s eyes immediately glowed.

“A village will come out, perform ah, do some special snacks and so on, but also pray together, said lively and lively, said not lively and not lively, not many people know.”

Jasmine Tong pondered and suddenly patted her thigh, “You take me with you.”

“Isn’t this gentleman forbidden to go out?”

“What the hell, I’m suffocating.”

On the side of the pear blossom heard Jasmine Tong to go out suddenly anxious, “Madam, but sir said you must never go out.”

"If I don't go out I'm really going to suffocate Pearblossom, if you're doing me a favor don't stop me this isn't there Weiran isn't she my bodyguard, of course she'll protect me, besides, we're going to a minority stronghold, it's not like there's anyone where there's any danger"

Jasmine Tong looked at Lu Wei Ran again, "Wait for me, I'll change my clothes."

Saying Jasmine Tong went upstairs, Pearblossom was just about to make a phone call, Jasmine Tong immediately turned around and snapped, "Pearblossom, if you dare to make a phone call, I'll really turn against you."

Frightened, Pearblossom immediately put her phone away.

Even though she has to listen to Albert Ou, who doesn't know that Albert Ou is still very used to Jasmine Tong, and Jasmine Tong can fire her for any reason.

Jasmine Tong quickly changed her clothes and followed Lu Weiran and was ready to go out.

"Ma'am, are you sure you want to go or don't, wait for the gentleman to come back and let him go with you."

"Can I still go out when he comes back? Don't worry, it'll be fine."

Lu Wei Ran then rushed aside and said, "Don't worry, Pearblossom, I'll take care of my wife."

Pear Blossom is anxious, Jasmine Tong has been seven months, but now there can't be any slip-ups.

"Ma'am, let me come with you."

Unfortunately, she had to come up with the idea.

"Well, you're about to go crazy at home with me too, so let's go out today."

Lu Wei Ran didn't say anything, so the three of them got into the car together and headed straight to their destination.

Along the way, Jasmine Tong and Lu Weiran were laughing, and she was finally out and in a good mood.

At first Pearblossom was a bit reserved, but then she slowly let go.

The fortress at the foot of the mountain was indeed holding a temple fair, and it was very crowded.

The two of them came to a handicraft stall and started choosing handicrafts.

Lu Wei Ran looked at the back of the two men thoughtfully.

Chapter 481

“Madam, I have heard that the guru in this temple on the hillside is very spiritual today, would you like to go up there and pray that today is the first day of the year, it is a good day to pray.”

Immediately upon hearing this, Pearblossom replied, “I’d rather not, ma’am, you’re seven months old, and it’s really inconvenient to go up the mountain.”

“It’s not too far up the hill, it’s only about ten minutes from here.”

“That’s good, it’s perfect, I can pray for the baby in my belly.” Jasmine Tong said as she stroked her round belly.

Of course, “Madam” Pear Blossom wanted to stop Jasmine Tong.

“Pearblossom, since we’re out here, let’s have fun once and for all, I don’t know if we’ll ever have another chance like this again, let’s go, Weiran.”

Jasmine Tong was happy to go, and Pearly had no choice but to follow behind.

The road up the mountain was indeed, as Lu Weiran said, very easy to follow and not steep.

Maybe Pear was too nervous about Jasmine Tong, but she slipped on her feet and fell right down.

“Pearblossom, are you okay?”

Jasmine Tong squatted down holding her stomach.

Pearly touched her foot, “It might have been twisted a little, it should be fine.”

“Let’s see.” Lu Wei Ran touched the pear’s foot and spun around, “No bones were broken, just a slight sprain.”

“Then I’m relieved. How far are we, Vijnan?”

“It’s not far, just past the road ahead.”

“Pearblossom, why don’t you wait for us here for a little while, and I’ll go over there with Wei Ran and be right back, and then take you to the doctor, okay?”

Pearblossom looked at Jasmine Tong, “Madam, do you really want to go but I really don’t trust you.”

“Of course, it’s hard to get out once.”

“Well, you go on, Miss Lu, and take care of Mrs. for me, please.”

“It’s natural, I’m my wife’s bodyguard and assistant, it’s my duty to look after her.” Lu Wei Ran helped Jasmine Tong up.

“I’ll be back soon, Pearblossom, and I’ll help you with a marriage proposal in passing.” Jasmine Tong winked playfully at Pearblossom.

Pearblossom immediately hung her head in shyness.

Lu Wei Ran assisted Jasmine Tong step by step towards the front.

But it wasn’t across that road like Lu Wei Ran said it would be.

“Wiran, I thought you said you’d be here after this road, why aren’t you here yet?”

“Maybe I’m misremembering, there’s another intersection coming up.” Lu Wei Ran hurriedly explained.

Jasmine Tong was indeed a little tired, though she didn’t feel it, but in the end, she was carrying a seven-month-old belly and couldn’t be convinced.

After another intersection, the temple was still a long way off.

“Wiran, aren’t we there yet? Are you remembering the wrong way?”

Lu Wei Ran suddenly stopped walking, and the smile on his face was no longer sunny.

“Here it is.”

“Here we are” Jasmine Tong looked around, there was no sign of a temple at all, “but there’s no temple around here either.”

“I’m saying it’s time for you to die.” A wicked grin hit the corner of Lu Wei Ran’s mouth.

Jasmine Tong suddenly had a bad feeling that a few people in the woods had popped up.

“What are you doing” Jasmine Tong took two steps backwards in a hurry.

“To hell with you, you’ve taken Mrs. O’s place and enjoyed it for so long, it’s time to give way.”

Lu Wei Ran laughed coldly, “Jasmine Tong, your good days are over.”

“I have no quarrel with you, why are you doing this to me”

“No hard feelings that’s just what you think, I’m not going to lie to you, from the beginning I came to you with a purpose, I want what’s mine back.”

Lu Weiran made an “on” gesture, and those people have walked towards Jasmine Tong.

Tong turned and ran, stroking her stomach as she did so.

“Pearblossom, go get someone” she shouted as she ran, not knowing if Pearblossom could hear her.

“There’s no need to rush, let her run, she won’t get far with her big belly, follow slowly behind.”

Lu Wei Ran was nonchalant.

The way back was blocked by them, Jasmine Tong could only run up the hill.

She never would have imagined that she was hiding such a terrifying character beside her.

At that time she was scared, after all she had a baby on the way in her belly.

She really should have listened to Albert Ou and stayed out.

The road up the mountain had taken a lot of strength from Jasmine Tong, and because of her big belly she couldn't run fast either, so it was better to walk rather than run.

Pearblossom was waiting down there when she suddenly heard something, they had been gone for a long time, why hadn't they come back?

She was unsure after all, and struggled to her feet.

Suddenly an old man walking upwards with a load passed by.

"Master, how far is the temple on the hill from here?"

"There's no temple on this hill."

"There is no temple how can this be possible think again, it is said that there is also a particularly spiritual guru, today is the first day of the month, it is a good day to pray"

"Gee, girl, I've lived here for decades and I've never heard of a temple on a mountain, let alone a particularly spiritual master, but there is a temple on that mountain a dozen kilometers from here."

Hearing the boss say that, Pear Blossom became anxious

This is bad. Something's wrong.

She immediately took out her cell phone to call Albert Ou, but the signal in this mountain was too bad to make a call.

"Sir, something has happened to my wife, can you help me please?"

"What's the matter with you, little girl,"

"Someone lied to my wife that there was a temple on the mountain and would take him there to pray, but you just said there is no temple on this mountain, so I suspect my wife is about to be kidnapped."

The old man was also terrified when he heard, "We don't have any temples on this mountain, but it's also a great place to live, and the people are simple, how can this happen to us? Girl you wait, I'll go and call someone right away."

"Well, thank you, mister,"

Pear finally saw a glimmer of hope, and she began to follow the direction Jasmine Tong had left.

Jasmine Tong really couldn't walk anymore, and there was no road on this mountain.

The people behind him were still approaching.

"I'm begging you, don't hurt my children, I'll give you anything you want."

Because there was no escaping Jasmine Tong had to beg these people.

"Jasmine Tong, don't struggle anymore, you won't be able to escape me, and I will never let you go."

Lu Wei Ran looked at Jasmine Tong's stomach, "Then I'll start with your stomach first."

"No, don't, never."

Jasmine Tong looked at Lu Wei Ran in horror and slowly backed away.

Lu Wei Ran took a stick from the hand of the man on his side and held it up high.

"Don't hurt my children don't hurt my children."

"A scream ripped through the sky."

Chapter 482

z.y. Hospital

People were coming in and out of the operating room.

Albert Ou put anxiously waiting outside the door.

Just one more month, he'll be busy for the last month and then he can stay at home with Jasmine Tong to give birth.

But it just happened to happen at the right time.

Luckily, the villagers arrived in time to take Jasmine Tong, who was covered in blood, to the hospital.

Albert Ou didn't see Jasmine Tong's appearance when she was taken to the hospital, but he was apprehensive when he saw all the blood on Pear Blossom's body.

Pear Blossom was also badly injured, as she had gone earlier, before the villagers had arrived, and she had been protecting Jasmine Tong.

"It's been in for hours, why aren't they out yet" Albert Ou's patience was gradually running out.

It's an ordeal for him.

"Mr. Ou, please take it easy, the wife is not doing well."

The nurse rushed to reassure.

"What do you mean, not too good? I'm telling you, if anything happens to her, you're all going to be buried with me."

Albert Ou's yell startled the nurse, "We'll do our best, Ou."

After saying that the nurse hurriedly ran away, Albert Ou looked so scary that he was going to eat people

Albert Ou punches the wall.

He should just ignore all the companies and dark empires and stay home with Jasmine Tong the whole time.

Without Tong Siu Man, what's the point of having this sh!tty company?

It's his fault. It's all his fault.

After another long wait, the nurse's side tells Albert Ou that Pear is out of danger and is fine.

But there was still no news from Jasmine Tong's side.

The long wait was causing Albert Ou to grow increasingly panicked, and several times he was ready to rush into the operating room, but he was stopped.

He sat on the bench with his head in his hands.

Why is that?

Russel Cheng hurriedly ran over, "Mr. Ou, the man has been captured."

Only then did Albert Ou raise his head, his eyes flashing with a fierce look.

This time he was really careless, he knew there was something wrong with Lu Weiran, he thought Jasmine Tong would be fine if he stayed home all the time, but who knew that Lu Weiran would come to his door!

You should have dealt with Lu Weiran earlier.

"Show her to me and ask me properly who ordered her to do it."

"Yes, Mr. Ou, I've arranged for my men to do it."

"If anything happens to Jasmine, I'll always have to arrange a funeral with him."

Russel Cheng didn't say anything, he knew that at the moment Albert Ou hated Lu Weiran very much.

Albert Ou could never have imagined that the wait would be long into the early hours of the next day.

The doctor was also exhausted and couldn't stop the sweat from trickling down when he took off the mask.

"Mr. Ou, we need to talk to you about Mrs. Ou's situation."

"Say what? Say let me go see her."

It's been resuscitated all night, and since they haven't had any death rumors, they should be fine.

Albert Ou rushed straight in, but what he saw was

Jasmine Tong lay on the bed, her eyes tightly closed, with various tubes inserted all over her body and an oxygen mask.

Many of the instruments next to it also flashed red or green lights and made rhythmic dripping noises.

At the moment she was like a robot.

“What do you mean” Albert Ou pointed to the hospital bed as Tong looked at the doctor.

“O, please calm down and let’s talk in the office, okay?”

“I want you to set me straight right now, right now.”

Albert Ou’s patience is running out, how could he go to the office? He won’t leave Jasmine Tong for a second.

“The wife is in a bad way, she suffered a major head injury and is now in a severe coma.”

The doctor had no choice but to talk to him here.

“What’s a severe coma I just want to know when she’s going to wake up.”

“This Ou, it’s really hard to say. Some patients are in a severe coma and may be fine for a day or two, others take a week, and still others may never wake up again.”

“What are you talking about, never waking up again?”

Albert Ou grabbed the doctor by the collar.

“O, calm down, I’m telling the truth.”

“Bullsh!t fact, if Jasmine doesn’t wake up, I’ll be the first to kill you.”

“O, we really will do our best, it’s just that the wife is in a really bad way, she is seven months pregnant and we would like your opinion now, do we need to take the baby out now?”

Children, yes, he forgot, Jasmine Tong is seven months pregnant, they have children.

“How’s the baby” Albert Ou tried to restrain himself.

“The baby is doing much better than the adults, there was some bleeding at first, but with the medication the bleeding has disappeared and there is no risk of miscarriage at the moment.”

That’s okay.

“She’s probably been very careful, all the time, to protect the baby in her belly, O. It’s hard for us to make up our minds about some things because the wife is a special patient.”

“Cut the crap and say what needs to be said,” roared Albert Ou.

“The baby in Mrs.’s belly is seven months old and is fully formed enough to perform a C-section, however, Mrs. is in a severe coma and cannot be anesthetized if the operation is performed, the anesthetic will only exacerbate Mrs.’s symptoms and she may not wake up again.”

“Is there anything else to say?”

“A strong awakening can be applied in a case like the wife’s, and this method may be able to wake her up, but if the strong awakening is done, the child must be taken out first.”

There are some decisions doctors need to communicate with their patients as well.

Albert Ou was in a dilemma, how to choose the wrong one.

“Is there no other way?”

“If you don’t resort to strong arousal, you have to wait for your wife to recover on her own, and the child’s words can remain in the mother’s body, in fact we are suggesting that the child should stay in the mother’s body for enough days, and the dear child, though formed, may not be viable.”

Once again, the doctor’s words stormed Albert Ou.

He didn’t really know what to do.

Jasmine Tong was taken to the ICU, and Albert Ou sat by the bedside watching her.

“Jasmine, what do you think I should do I really don’t know what to do this boy is the one you fought so hard to keep, surely you don’t want anything to happen to him, do you?”

“But I don’t want anything to happen to you either, you’ve got to wake up, don’t leave me alone, Jasmine, I’m begging you, okay”

Albert Ou dropped tears once more, and that panicked feeling came back.

Why did he feel it so strongly this time?

So strong that he always felt like Jasmine Tong was going to leave him in the next second.

“Jasmine, don’t you ever leave me, don’t you ever leave me.”

Her Bossy Yet Naive CEO Chapter 483 - 485

Chapter 483

And so the day went on, with Tong still asleep, and the doctor examined Tong, as well as the Glass score.

Albert Ou sat in the office of the specialist’s consultation with deep locks.

The best doctors in the entire Z.Y. Hospital are all here, including Director Zhou Licheng.

Zhou Licheng had gone through this series of changes in the Ou family, thought they could live a happy little life from now on, but never thought that they would meet with this calamity.

“Mr. Ou., we ran a series of tests on Mrs. O., as well as a Glass score, and Mrs. O. scored a three.”

“What concept” Albert Ou’s voice was deep with a hint of huskiness, and medical things he didn’t understand.

But when they heard the score, everyone in the room took a breath of fresh air.

“The Glasgow Coma Score is a medical method for commenting on the degree of coma, it”

“Talk to me about the results.” Without waiting for the doctor’s explanation, Albert Ou interrupted him.

Medical stuff he didn’t want to know about, he just wanted to know when his wife would wake up.

“Let’s put it this way, Ou, the concept of three is the lowest score, the most severe level of unconsciousness, and if the wife doesn’t wake up in three months, that means she’s a vegetable.”

The doctor’s voice was very, very soft, afraid that an accident would irritate Albert Ou, but he had to tell Albert Ou the truth.

Albert Ou only felt as if his heart had been hollowed out.

“Is there a medical case of getting three points and waking up.”

“Yes, but very, very rarely.”

Albert Ou closed his eyes, finally relieved, as long as the others could wake up, then there was still hope for Jasmine Tong.

“This is a golden moment to promote reawakening, I would recommend a caesarean section of the fetus without anesthesia, the wife is not responding to pain, I don’t think it would be too much of a problem even without anesthesia, it would be a good idea if the wife could wake up from the pain of the operation”

“I don’t agree that a day in the mother’s womb is equivalent to a week outside I have examined my wife and she is no longer showing any symptoms of bleeding, it is safer for the fetus to stay in the womb than to be taken out, even if a caesarean section is carried out, there is no guarantee that a seven-

month-old child will live, and even if it does, it is not good to know what the consequences will be later.”

Zhong Yu Ling immediately raised an objection.

“What’s more, the wife is desperately trying to keep this baby, this baby in her womb will make her stronger, make her consciousness clearer, and maybe she’ll wake up.”

She added.

“Mrs. Glass scores too low to do anything about it, there’s no chance of waking up, and if she does it’s a miracle something has to be done.”

Doctors who advocate C-sections argue strongly.

They all actually have a point, but each has a different perspective.

“Okay, you guys stop arguing, we’d better listen to the family’s opinion, Ou, what do you think” Zhou Li Cheng stopped the doctors from arguing further.

Albert Ou’s eyes were still devoid of light.

He stood up silently and walked right out without saying anything.

Back in the ICU, looking at Jasmine Tong still in bed, he wished so much that the moment he came in, Jasmine Tong had been on her feet.

Unfortunately, no.

“Jasmine, the doctors are fighting over you, what do you think I should do?”

Albert Ou looked at Jasmine Tong, who had been sleeping, as if his heart had been crushed by something over and over again.

“The doctor says your score is too low, it’s the lowest score, you were always the top student in school, how can you tolerate only getting a three? three is the lowest score.”

Albert Ou held Jasmine Tong’s hand, her hand was warm and soft.

“Jasmine, you have to get top marks, okay?”

Albert Ou carved a kiss on Jasmine Tong's hand.

"The doctors wanted to take the baby out first, no anaesthetic for the procedure, and they said you can't feel any pain at all right now, and it doesn't matter if it's not quite anaesthetic, if you can feel it, it's just as well to wake up. But, I'm hurting, Jasmine."

Either way it turned out, Albert Ou felt the pain that was piercing his heart.

Whether she felt it or not, his heart would ache.

"Dr. Chung said that although the baby is formed at seven months, it may not survive, and even if it does, there is a chance that something could go wrong."

"Jasmine, wake up, wake up and tell me what to do, okay there are many things waiting for you to do it, there are many orders in the company that need your signature, I also have no money, you have to give me pocket money ah"

Albert Ou burst out laughing, "I'm ridiculous, if you woke up, you wouldn't have to do this multiple choice question."

He was the only one in the ward with Jasmine Tong, and the nurses were outside the door, unwilling to come in and disturb him.

Listening to Albert Ou's words, the nurses couldn't help but tear up.

"Jasmine, I know I've always been a selfish person, if it was you, you would have done everything you could to keep the baby, but I can't, if the baby is kept and you're not there, how am I going to bring it up on my own, I can't, I really can't, I have a bad temper, I get angry at every turn, and like you said, the baby will be mentally challenged."

"Jasmine, I'm not going to let the doctor take the baby out, let him stay with you ok let him stay with you in the belly, live, you all live, can't live, let him stay with you and I'll be there for you."

"Jasmine, I don't know, do you agree with me doing this, but I'm going to do it because I can't do it without you, and you have to wake up."

Albert Ou took a deep breath, tears falling onto the back of Jasmine Tong's hand.

He eventually told his doctor about his options, opting for conservative treatment and no cesarean section.

A week passed and nothing changed.

Once more Glass scores, still at three, and once more the doctor persuades Albert Ou.

Albert Ou still stands by his choice.

He just wants to gamble.

Bet Tong can't bear to leave him, bet Tong can't bear to leave her child.

A month passed and Jasmine Tong was moved to a general ward, her body no longer needing to be filled with tubes, but she still wasn't awake or responsive.

The doctor was feeding her nutrients daily to meet the needs of the fetus, but she was still asleep.

Because a month had passed, the golden hour was over and the doctor had stopped trying to persuade Albert Ou.

But Albert Ou was stuck in a tangle day by day, wondering if he'd picked the wrong one.

The basement of Crystal Gardens.

Lu Wei Ran already had countless wounds on her body and she was lying on the ground dying.

Chapter 484

The last month of torture had worn her down.

Lu Weiran had never expected her plan to be so seamless that she had missed the fact that the people of this mountain stronghold were so simple and simple that they would risk everything for strangers.

Although she escaped quickly, Albert Ou captured her back.

A basin of cold water was poured over her, and the nerves that had been numbed by the icy stimulus were revived quickly.

“I want to see Mr. Ou.”

In the end, Lu Weiran was a special forces soldier, and his body was so good that even though he had already been tortured, he was still able to tough it out to the end.

“The person in charge of guarding Lu Weiran naturally didn’t take her words seriously.

“I’m telling you, if you don’t let me call Ou, you’ll regret it and Ou will kill you.”

“Haha, you woman is beaten silly right Ou would kill me for you”

“Of course Ou is ignoring me now because he doesn’t know the truth of the matter I want to see Ou and I want to tell him the truth of the matter”

Lu Wei Ran gritted his teeth, his mouth all tasting of blood.

“I’d like to hear what the truth is,” an indifferent voice came from outside.

All the bodyguards all stood up and curtsied respectfully, “Hello, Ou.”

The moment Lu Weiran saw Albert Ou, his smile finally blossomed as well.

There had been no strength left in her, but the moment she saw hope, she shakily climbed up.

“Ou,”

The bodyguard immediately brought a chair for Albert Ou, who sat down and just crossed his legs.

His face was still gloomy, and he didn’t look good, and in the hospital, Jasmine Tong was still in bed, so he couldn’t eat or sleep well, so he naturally didn’t look much better.

“Go ahead.” Albert Ou’s voice was as eerie as if it came from hell.

“Mr. Ou, do you remember the first time you met with Jasmine Tong?”

The words took Albert Ou's mind, back almost two years ago.

It was a love letter bar, and he still remembered the first time he saw Jasmine Tong, who was like a frightened white rabbit at that time.

His lips couldn't help but turn up, and it seemed as if the past scene had happened yesterday.

He never knew he was such a nostalgic person.

"Mr. Ou, the person that Quan arranged for you at that time was me, it wasn't Jasmine Tong at all, she's a scheming bitch who stole my position she deliberately arranged a meeting with you, although I don't know how she knew you were there, but she did steal mine"

Lu Wei Ran was very eager, she had endured this for a long time, she wanted too much to get back everything that was hers.

If she had been able to go to the love letter bar earlier, and had been able to successfully sleep with Albert Ou, she would be Mrs. Ou today.

"So it's you,"

Albert Ou also seemed to vaguely remember that John had said that the woman he'd found for him was a special forces soldier, for fear of Albert Ou, the half-human, half-vampire was too physically powerful for the average woman to handle.

"It's me Ou, it's really me" Lu Wei Ran hurriedly tidied his messy hair and wiped the blood from his face.

"So you set out to design Jasmine at every turn because John approached you in the first place."

"Mr. Ou, Jasmine Tong she is a scheming bitch, she intentionally planned all of this you should never fall for her trick"

Albert Ou hooked his finger towards Lu Wei Ran, "Come here."

Lu Wei Ran was overjoyed and hurriedly crawled over to Albert Ou's side.

She was all smiles and ready to take on anything that belonged to her.

Unexpectedly, Albert Ou slapped her neck and choked her.

“Uh,”

“You don’t even look at what you are, even if that day, it wasn’t Jasmine I saw, but you, I wouldn’t have f*cked you because I thought you were dirty.”

Lu Wei Ran had little strength left, she was still trying to struggle, but it was to no avail, and what she could watch her face turned purple, but Albert Ou let go of her hand.

“It’s too cheap to strangle you like that I’m going to save your life to torture you slowly.”

Albert Ou lands a leg kick that knocks Lu Wei Ran off balance.

Lu Wei Ran coughed violently a few times, one hand extended towards Albert Ou.

“Mr. Ou, please believe me, I’m telling the truth.”

“I don’t doubt that what you say is a lie, it’s just that that probably doesn’t quite understand that Jasmine and I were married a long, long time ago, it’s just that I never met her, and even if I hadn’t met him that day, we would have done so sooner or later, and we’ve always been married, and you, today, were the one who actually slept with me that day, and are at best a whore in my eyes”

Every word of Albert Ou’s hit Lu Wei Ran’s heart hard.

There was something terrifying about her widening her eyes.

“No, that’s not possible,”

“Do you want me to go to the Civil Affairs Bureau and check the registration records of the two of us to show you ah what are you that you even dream of becoming Mrs. Ou.”

Lu Wei Ran seemed to sense his crisis coming.

“Mr. Ou, I was ordered to do all this by Rameen Tong.”

Lu Wei Ran had actually said this many times to the bodyguards.

Long before she worked with Rameen Tong, she had already thought of a way out for herself.

When the time comes, she will pretend that she knows nothing, and put all the blame on Rameen Tong, anyway, Rameen Tong and Jasmine Tong have been at odds with each other, and it's reasonable to blame it on Rameen Tong.

Albert Ou suddenly laughed coldly, "Sure enough, someone from a special forces background, all the back roads have been thought of."

"Mr. Ou, please believe me, I'm really not being used, it's Rameen Tong, it's really Rameen Tong"

"You told them before that Rameen Tong ordered you to do this, I let them check it out, I was convinced of what you said, after all Rameen Tong and Man Man have always had a problem, it's just a pity that I caught the man who acted with you that day and also tortured him to get a confession, guess what they said"

Lu Wei Ran suddenly felt that he might have fallen into a trap.

"They said they were the ones you found, and you also told them that if they did get caught, they would say that Rameen Tong had ordered them, you were quite thoughtful, but unfortunately Rameen Tong has been abroad for the past few days and hasn't come back at all."

"No it's not, it's a trap she dug, really she's the one who set everything up all the plans."

Lu Wei Ran shook her head desperately, it seemed that she had really fallen into Rameen Tong's trap.

She wanted to make Rameen Tong take the blame, but was smart enough to get back at her.

"If she did do something wrong to Jasmine, I will pursue it to the end, but you, I will not let go"

Albert Ou wanted to rip Lu Weiran apart!

Chapter 485

Lu Wei Ran sat on the cold ground in dismay, this time she was completely planted

“I’ll tell you what, if Man-Man is safe, I might let you live, but if anything happens to Man-Man, you”

Albert Ou didn’t say anything further, and the consequences of that can be imagined.

He got up and walked out of this shady place.

The bodyguards sent Albert Ou away, and Lu Wei Ran immediately grabbed a bodyguard’s shirt.

“Is Jasmine Tong not dead?”

“Of course it’s not dead.”

“What about her baby? Is the baby still there?”

“The baby’s fine, it’s just that now that the wife is in a coma, if she’s gone, you think you’ll still be here.”

“Hahaha good, good, it’s been a month since she’s been in a coma she’s definitely not going to wake up, and she’ll never get what I can’t have hahaha.”

Lu Wei Ran’s laughter was a bit maniacal.

Albert Ou was back in the hospital, and Moichiro was standing in the doorway.

“Uncle, you’re back I wanted to go in and see Manny, they wouldn’t let me in.”

The bouncer at the door was always on guard, and Albert Ou had orders that no one was to visit without his orders.

“Go in.” There was some frustration in Albert Ou’s voice.

“Jasmine, lone is here to see you.” Albert Ou shouted as soon as he entered the room, and it sounded as if nothing was wrong with Jasmine Tong.

When Mo Yiang saw Jasmine Tong on the hospital bed, he was also shocked.

She just lay there so quietly that if he didn't still feel her breathing, he almost thought she was dead.

Some time ago, Jasmine Tong was able to fight with him on WeChat, fighting with pictures, and the two of them even videoed it.

For that, Albert Ou gave him a good lecture.

But now she's just lying on the bed and not moving.

Mo Yiang felt like he had something stuck in his throat and couldn't say anything.

"Uncle, what did the doctor say?"

"If you don't wake up in three months, you're a vegetable."

Albert Ou's expression was calm though, and he pulled Jasmine Tong's blanket upwards.

Mo Yiang had also checked with his friends, the first month was the best stage for awakening, the longer it took, the lower the chances of awakening.

And now, that golden hour is over.

Mo Yiang moved himself to a chair and sat down.

"You talk to her, she's probably tired of hearing me talk every day."

The doctor said that he should always talk to his patients so that Jasmine Tong could wake up sooner.

Albert Ou was always tirelessly nagging in Jasmine Tong's ear, but Jasmine Tong had no reaction to his words.

"Mandy, I downloaded a lot of new emoticons a while ago, I was going to give them to you for relieving your boredom when you're done having babies and sitting on the moon, they're all especially fun, don't you want to see them?"

Mo Yiang was full of thoughts, wanting to say too much and not knowing where to begin.

“Manny, we’ve known each other for almost six years now, since freshman year, and we’ve been looking at each other like we don’t like each other, and you think I’m the young master, the star, always putting on a stinker, and I think you’re the one always looking at people like you’re the superior student.”

“But you don’t know, I actually admire you for getting first place in every subject because you’re a girl and I can’t bear to lose to a girl, so I’m always against you.”

Albert Ou sat holding Jasmine Tong’s hand in a harrumph, not knowing if he was listening to Mo Yiang or not.

“I didn’t think we’d become particularly good friends, and I don’t know when I started liking you.”

There was a noticeable pause in the movement of Albert Ou’s hand.

Mo Yiang seemed to be suddenly disrupted in his own thoughts.

“That, Uncle, this, I”

“Go on.”

Mo Yiang was shocked that Albert Ou didn’t even scold him or lose his temper.

“Well, I’ll go on then, Mandy, I know you’ve always thought of me as a good buddy, but I liked you a long time ago, until later, when I tried to confess to you and found out that you’ve become my little aunt.”

“I was actually particularly fuming and angry, and I kept thinking about how to get you back from my little uncle, but then I found out that you were particularly happy with my little uncle, and then you got pregnant, and it was like all of a sudden I got over it.”

“I’m looking forward to this little brother or sister, even though there are quite a few younger siblings in the house. Mandy, I think it’s good that we’re like this, wake up, I’m done dwelling on it, I’ll continue to fight with you, and I swear I don’t want you to play games with me anymore.”

Mo Yiang hung his head, tears in his eyes.

He wished so much that life could go back to the way it was, that he could get back on track.

“How come she didn’t react at all after all I said?”

“Go back.”

“I’ll be off then, Uncle, so if she wakes up, you remember to tell me.”

“Good.”

Mo Yiang walked out reluctantly, not far away, and suddenly heard voices coming from inside.

“Jasmine, there are still many people in this world who miss you. If you go away, how sad everyone will be. Wake up. Wake up, will you?”

Mo Yiang looked in through the window, and Albert Ou was kneeling beside Jasmine Tong’s bed.

He had never seen his youngest uncle look like this before.

“Jasmine, did I do something wrong should I have chosen in the first place, get rid of the baby first Jasmine, it’s my fault, it’s my fault, you wake up and scold me and beat me all right, please wake up okay”

“I lost the bet, I shouldn’t have gambled with your life Jasmine, count me in I’m begging you I’m begging you, Jasmine, wake up, wake up.”

Albert Ou is like a child crying like a child who has done something wrong.

Mo Yiang stood outside, his eyes sore, and tears fell as well.

Of course he knew the choices Albert Ou had made when Jasmine Tong had just been in trouble.

While he waited here, he also heard the nurses talk about how Jasmine Tong might have woken up if Albert Ou had chosen to remove the baby first.

He’s the one who’s carrying a lot of pressure, and no one knows how much pressure and panic he’s under.

“Manny, you have to wake up or what about my little uncle?”

Mo Yiang bit his teeth and left quickly.

Albert Ou was still on his knees, slumped over and sobbing.

“Jasmine, if you will wake up, I’ll do anything, I’ll give you anything, I’ll do whatever you say from now on, I’ll do what I say, wake up ok?”

His voice was hoarse but he still repeated the words.

Jasmine Tong, on the other hand, didn’t react at all and remained still, her eyes closed, still breathing evenly.

The belly wasn’t much different than it had been for over seven months; after all, she was now surviving only on imported nutrients.
