

Her Bossy Yet Naive CEO Chapter 486 - 500

Chapter 486

Almost another month passed.

Jasmine Tong still hadn't woken up, and everyone thought that she shouldn't wake up.

If I could have woken up, I'm afraid I would have woken up long ago.

More and more people came to see her, the Huo's brought Huo Sijie and Huo Siya, the Mohicans.

Everyone would sit on the edge of the bed and talk to Jasmine Tong for a while, but Jasmine Tong didn't react to anyone's words.

Albert Ou even got Yarwen Tong to come here, and Yarwen Tong spent the morning talking by Jasmine Tong's bedside, but Jasmine Tong still didn't respond.

Murray was also distraught at the sight of his fading son.

"Ono, don't worry too much about your own health either, if you collapse, who will take care of Mandy"

"I know." So even if he didn't have the slightest appetite, he would still force himself to eat something.

"Ono, I didn't even tell you before, but the first time I saw Mandy at your and Daisy's wedding, I had a prophecy."

"What prophecy" Muranyi's words finally got Albert Ou a little interested.

"You and Mandy will have two children and they will grow up safe and sound, so don't worry, Mandy will wake up and be fine with each other."

Originally, Muranui wasn't going to tell Albert Ou this prophecy of hers, all she was thinking was, let the young couple experience it by themselves, there would be no surprise if they all told.

But now that Albert Ou was completely unhinged, Murray had to tell him.

Albert Ou tugged at the corner of his mouth without speaking.

Before he had met Jasmine Tong, he had never doubted his mother's prophecy.

But since she met Jasmine Tong, she feels that life is full of unknowns.

Even the prophecies have lost their validity.

He thought maybe Murray was saying that to cheer him up, with very little credibility.

"Ono, it will all pass, you have to pull yourself together."

"Well, I will."

The three of them were vampires, too easily exposed after spending so much time in the human world.

Especially since Murray used to be a public figure who was a superstar.

Yarwen Tong, who had recently died, was also a frequent visitor to this hospital, so it was not good for anyone to see.

They didn't take long to leave.

It's time to give Jasmine Tong another checkup, and in the month when she's about to give birth, it's basically a weekly checkup, but because Jasmine Tong is special, Zhong Yu Ling comes over every three days.

Every inspection was done by Zhong Yu Ling himself.

"The child is relatively thin, but, there are no defects and all indicators are still normal."

Zhong Yu Ling said as he examined it.

"These days, her stomach is always moving." Albert Ou said.

"It's normal, the last month the fetus will be moving a lot, the little guy is very active and when he comes out he must be a boisterous little guy."

Zhong Yu Ling smiled softly, welcoming a new life was a good thing, but for Jasmine Tong and Albert Ou, it seemed like a life or death test.

“Mr. Ou, Mrs. Ou’s due date is about ten days away, you must pay special attention these days, and I’ll order the nurse side as well.”

Albert Ou, however, couldn’t muster any interest, “How do you expect her to have a baby in this state.”

He was getting more and more convinced that he had made the wrong choice in the first place.

If you had listened to the doctor and taken the baby out first, you might have had a chance of survival for both the baby and Jasmine Tong.

“Mr. Ou, give Mrs. Ou three more days, and if he doesn’t revive within three days, he’ll need to perform a cesarean section on her.”

Zhong Yu Ling had always insisted that she couldn’t take the baby out earlier, and had actually been hoping that Jasmine Tong would wake up before the baby was born.

But Jasmine Tong never woke up.

This is the worst possible outcome.

“Is it impossible to get anesthesia for a C-section?”

“I’ll talk to my wife’s primary care physician, and the anesthesiologist, about a strategy.”

“Then you give me the results as soon as possible.”

“Mr. Ou, don’t be too sad, it’s still three days, isn’t it, maybe Mrs. feel the little baby is coming out, she will wake up happier, at least the little baby can still come into this world healthy and sound, I think that’s what Mrs. want to see.”

A grin hung on Albert Ou’s lips.

He knew best how much Jasmine Tong cared about children, she had always wanted to have babies.

If she hadn't been protecting her belly when there was danger, I'm afraid these injuries wouldn't have fallen on her head.

The end result was that the baby was dropped, but she wouldn't be lying here.

"I know, you get out."

Zhong Yu Ling walked straight out and left after a few words of instruction with the nurses.

"Jasmine, did you hear what Dr. Chung said she is the doctor you trust the most, she only gave you three days, if you don't wake up in three days you will have to have a C-section."

Albert Ou took a deep breath, "To cut you in the belly, do you know how ugly that is going to be later when we make out, I'm going to have to face your scars and I'm going to dislike you, so wake up."

Every day he prayed for Jasmine Tong to wake up, starting with a snarling prayer, then begging, and now as if it were a family affair without any tone.

Albert Ou touched Jasmine Tong's high bulging belly, "Jasmine, the baby is going to be born, don't you want to see what he looks like? If you do, wake up quickly and we'll raise the baby together, three days, I'll give you three days or I'll take the baby away so you'll never see him again."

A day passed, and Jasmine Tong made no move.

Two days passed, Jasmine Tong still did not move.

Three days are up.

Zhong Yu Ling had a consultation with the doctor to make a plan for Jasmine Tong's surgery, and confirmed it with Albert Ou.

In the evening, Albert Ou rubbed Jasmine Tong's body as usual, there was originally a senior caregiver who did this.

But Albert Ou insisted on doing it himself, how could Jasmine Tong's body be tainted by others.

“Jasmine, it’s a challenge for me every time I rub you down, looking at your body and not being able to touch it, do you know how tormented I am? If you’re distressed I’ll wake up soon.”

Albert Ou helped Jasmine Tong wipe herself down and lay down on the bed.

“You’re going to be operated on tomorrow, are you scared? I know you’re definitely not, but I’m so scared Jasmine, I’m really scared, I’m scared that you’ll be in pain, but they say you can’t feel any pain at all right now, but I’m still in pain, Jasmine, I’m not going into the operating room with you tomorrow, I’m afraid I’m going to beat the doctor up.”

Albert Ou reached out to embrace Jasmine Tong in his arms.

“Sleep well, good night, it’s our last night and tomorrow we’ll be a family of three.”

Chapter 487

The night is quiet.

All that could be heard in the room was the even breathing.

A delicate little hand groped for the big one next to it.

“Pain,”

“Jasmine, stop it.” The sleeping Albert Ou subconsciously turned around and placed his hand on Jasmine Tong’s stomach.

He snapped his eyes open.

“Whoosh!” he sat up, Tong’s breathing was noticeably more rapid than before, and he touched his hand down.

wet

Albert Ou quickly turned on the light and found Jasmine Tong frowning tightly, seemingly in great pain.

“It hurts,” she mouthed a vague sound.

For a moment, Albert Ou suspected that he was dreaming, and he rubbed his eyes and realized that everything was real

“There’s no one here if you come, so come on.”

Albert Ou shouted towards the door and even rang the bedside bell.

Because Jasmine Tong is due to give birth in a few days, tomorrow was also supposed to be the scheduled surgery time.

Zhong Yu Ling has been staying in the hospital for the past few days so as to deal with the unexpected situation.

Hearing voices over here, she came on fire.

“The amniotic fluid has broken, the baby will be born soon, take it to the delivery room right away.”

Zhong Yu Ling immediately gave instructions, and the nurses sent Jasmine Tong to the delivery room with seven hands and eight feet.

Albert Ou went along with it.

Jasmine Tong was in unusual pain.

“Ou, it’s a normal contraction, and it’s already painful.” Zhong Yu Ling hurriedly pacified Albert Ou on the side.

“Jasmine, I’m here” Albert Ou grabbed Tong’s hand and found that Tong was very strong, or maybe it was too painful too.

“Honey I’m hurting.”

Beads of sweat slid down from Jasmine Tong’s forehead.

“Isn’t there any way to stop the pain?” shouted Albert Ou towards Zhong Yu Ling.

“If it’s a normal delivery, although you can use painless delivery, but painless delivery requires anesthesia, Mrs. Weak, there is just waking up, it’s better not to have anesthesia.”

Zhong Yu Ling turned on the music, the soothing music coming over hoping to reduce Jasmine Tong's pain.

"Ma'am, you need to keep your spirits up and you'll push when I tell you to."

Zhong Yu Ling said in Jasmine Tong's ear.

Jasmine Tong nodded her head with difficulty.

"Go prepare honey water for your wife, make it thicker" Zhong Yu Ling was still making all the preparations for the birth.

Albert Ou wiped Jasmine Tong's sweat with a tissue, "Jasmine, hold on, it'll be fine in a little while, it won't hurt anymore."

Jasmine Tong opened her eyes to see a smile tugging at the corner of Albert Ou's mouth.

"Honey, are you okay?"

"Well, I'll be fine with anything, as long as you wake up. Don't talk, save your strength for the baby, I'll be there all the time."

When the pain reached its limit, Jasmine Tong still couldn't help but scream out.

"Okay, you can have the baby, ma'am, you have to listen to me, but when I say push, you have to push, but when I say rest, you go rest and breathe deeply, okay?"

Tong's legs are set up, the whole cloth blocked, and Albert Ou stays on Tong's side, cheering her on.

"Ma'am, push."

Jasmine Tong's veins bulged, as if she was trying to exert all her strength.

But Albert Ou couldn't help much and hated to help her push.

Every second was torturous, and Albert Ou looked out the window, it was getting light.

“Does it take all night to give birth to a baby? It’s almost dawn. Is the baby born or not?”

Looking at Jasmine Tong’s unbearable pain, Albert Ou’s heart was breaking.

“Mr. Ou, please be patient, giving birth to a baby in one night is considered fast, and some mothers may not be able to give birth for three days.”

The nurse next to him and Albert Ou explained.

“Out,”

As soon as the nurse’s words fell, Zhong Yu Ling shouted excitedly.

“Jasmine, do you hear me? The baby is born, our baby is born.”

But in the next second Yu Ling frowned.

“The baby’s not well. Put him in the incubator right away.”

The midwife immediately took the newborn baby to the incubator.

“Jasmine, Jasmine” Albert Ou noticed Jasmine Tong slowly closing her eyes once again.

Zhong Yu Ling immediately came over to check it out.

“I think I’m too tired, it’s okay, let your wife rest.”

When everything was taken care of here, Jasmine Tong was sent back to her ward.

Zhong Yu Ling rushed to see the child again.

When Albert Ou saw Jasmine Tong on the hospital bed, his eyes closed once again, and he suspected that what he had just seen was a dream.

Is she really awake?

She’s back in exactly the same state as before, will she ever wake up again?

At dawn, all the doctors heard about the night’s events and immediately came over to examine Jasmine Tong.

Albert Ou could only wait in silence for the final result.

The attending doctor gave Jasmine Tong a final evaluation.

“Don’t talk crap to me, just tell me the result.”

“Mrs. O’Brien, Mrs. O’Brien isn’t doing too well, but she’s not too bad either.”

“What do you mean, not good or bad that’s good or bad”

Albert Ou was once again testy.

He hadn’t lost his temper in months.

“From last night, when Mrs. suddenly woke up, you could tell that she could have woken up, but maybe she was just trying to give birth to the baby.”

“What do you mean? That means there’s a chance she could pass out again, just like before.”

“In principle, yes.”

“But she just woke up and the baby was born, so how can it be the same as it was.”

Albert Ou didn’t believe a word of it.

“It’s really possible that the pain before the delivery spurred her on and that’s why she woke up, but now that the baby has been born and she has nothing to hold on to, people’s consciousness drops and that’s not conducive to her waking up again.”

The doctor, of course, hoped to bring good news to Albert Ou, but he didn’t have any good news by the results of the examination.

Albert Ou’s spirits dropped back down, giving him hope and despair.

He stepped back into the hospital room and looked at Jasmine Tong who was sleeping very deeply.

“Jasmine, they say you woke up to have a baby. But I don’t believe it.”

“Jasmine, you’ve got to wake up and show them, you’re not just doing it for the baby, you’re doing it for me aren’t you”

“Jasmine, I know you love me and you can’t bear to leave me.”

Albert Ou held Jasmine Tong’s hand, and her hand was again as weak as before, leaving him in a trance, feeling as if Jasmine Tong’s strength was all fake just now in the delivery room.

“Jasmine, if you woke up just to give birth to the baby, if you never wake up again, I’ll be mad at you, I’ll hate you, I’ll hate you.”

Once again, he was in despair.

Chapter 488

The sun was shining in the warmth of the nursery.

In the small incubator, the little baby is sleeping sweetly.

Zhong Yu Ling came over to check it out and nodded with a smile.

“Everything’s fine.”

Because Jasmine Tong had been lying in a hospital bed for the last two months, the little one hadn’t absorbed much nutrition.

He even weighed less than four pounds when he was born, and because of his weakness, he will need to spend some time in an incubator.

When the baby was born, Albert Ou only came over to look at it before returning to the hospital room.

It’s a beautiful, sunny day today, one of those rare winter days.

Albert Ou opened the curtains to let the sunlight shine on Jasmine Tong.

For three days, the doctor’s answer remained the same.

It’s possible that Jasmine Tong may or may not wake up.

That’s the same as not saying it.

Albert Ou stood in front of the window, looking up at the sunlight, which stung his eyes a little as he squinted them shut.

Jasmine Tong seemed to feel the intense sunlight as well, and she slowly opened her eyes.

“Honey,”

Hearing this feeble voice from behind him, Albert Ou felt as if he had been struck.

He turned around slowly, moving as if he were conducting a slow motion replay.

Seeing Jasmine Tong’s eyes open, he quickly ran over and rang the bell.

He was afraid to speak, and didn’t know what to say, but just wanted to wait for the doctor to come and check on her.

He was really worried that it was all like a dream again.

The doctor soon came and saw an open-eyed Jasmine Tong and immediately examined her.

Jasmine Tong kept blinking at the gathered doctors, allowing them to manipulate her body.

Answering the retarded question about the doctor’s outstretched finger.

“Mr. Ou, Mrs. Ou has really woken up this time.”

The attending doctor also seemed very excited and rushed to report to Albert Ou.

Jasmine Tong’s eyes fell on Albert Ou, and she was just about to smile slightly towards him when she did.

Albert Ou quickly ran to the bathroom.

Jasmine Tong’s half smile froze on his face, what’s wrong with him?

Albert Ou stood in front of the mirror in the bathroom and suddenly burst out laughing as he looked at his tearful self in front of the mirror.

She's awake. She's really awake.

He quickly turned on the faucet, washed his face, scrubbed haphazardly, and ran back out.

The doctors walked out in a very knowing manner and instructed Albert Ou not to say too much.

The two of you looked at me, I looked at you, and no one spoke.

Over the past two months, Albert Ou had said all he had to say.

"Who are you" Jasmine Tong finally opened her mouth.

Just this opening was 10,000 points of violence for Albert Ou.

Albert Ou stared at Jasmine Tong, "Jasmine, don't you remember me? I'm your man your husband ah."

Albert Ou had a bad feeling about this, and the doctor repeatedly emphasized that the worst part of Tong's injury was her head.

Maybe she's hurt her head and doesn't remember him?

"My husband is not as ugly as you look at you, with sunken eye sockets, dark circles so deep, and a beard, and long hair."

Jasmine Tong looked at Albert Ou heartbroken.

Since Jasmine Tong has been in the hospital, where does Albert Ou care about image, you can't remember the last time you shaved, and your hair is even more unkempt.

"You won't recognize me if I turn into this, I'll change right back."

"Honey, where's the baby?"

"The baby is fine, Dr. Chung is taking care of him, but he's so small he's still confined to his incubator."

"Is it a boy or a girl" Jasmine Tong was so exhausted after giving birth that she fainted without even knowing if it was a boy or a girl.

“It’s the son, the son we all want.”

Albert Ou leaned close to Jasmine Tong’s ear as if telling a secret.

The corners of Jasmine Tong’s lips rose lightly revealing a happy smile.

“Jasmine, stop talking, the doctor said you just woke up, you can’t talk too much, get some rest.”

“And one last thing, I just woke up, why did you ignore me and run to the bathroom?”

Jasmine Tong was still puzzled.

“I drank too much water, had to pee, and went to the bathroom to use the toilet, hehe”

Albert Ou finally smiled his signature mischievous smile again, showing off those white teeth.

“I’m tired after a little sleep, I’ll sleep for a while.”

Hearing that Jasmine Tong was going to sleep, Albert Ou got a little nervous.

“Don’t worry, I’ll wake up.”

“You go to sleep, and when you wake up, your handsome husband will be back.”

Jasmine Tong fell asleep shortly afterwards.

Albert Ou hurriedly used the time to freshen up and get a haircut as well.

Still as handsome as ever.

He also made a trip to the nursery, and Zhong Yu Ling and the nurses were shocked to see Albert Ou.

Everyone is a little used to the scruffy Albert Ou these days, but suddenly he’s back to being the handsome Albert Ou again.

“Mr. Ou is still as handsome as ever.”

“It’s good to be happy.”

Albert Ou came to his son’s incubator, where the little one was sleeping soundly.

The little mouth still moves every now and then.

“How’s it going?”

“Everything checks out fine for the little guy now, but he’s still weak and too skinny to stay in the incubator for a while, but he can eat and sleep, so I think he’ll be out in a little while.”

Zhong Yu Ling was very pleased with the result.

Albert Ou took out his phone and snapped a few pictures, it was hard to imagine that the pinkish little guy was related to him by blood.

He’s his own son, he and Jasmine Tong’s son.

“Mr. Ou, you can tell Mrs. Ou, don’t worry about the young master’s side, I will take care of it, Mrs. Ou is very weak right now, and there is no hurry to feed her.”

“Hard work.”

Since the little one was still lying in the incubator and couldn’t be taken out to be held, Albert Ou just took a picture and went back.

By the time she returned, Jasmine Tong was awake and the nurse was giving her food.

“I’m feeling much better, you can take me to see the baby born I’ve never even seen before.”

“No hurry, you’re weak and sick right now, you’re not afraid to pass it on to the baby I have pictures you want to see”

Albert Ou rushed to sit on the edge of the bed and took the phone out.

“Show me,”

Albert Ou hastily carried the phone behind his back, "Give it a kiss and show it."

"Why are you still so childish" Jasmine Tong immediately kissed Albert Ou on the cheek and snatched Albert Ou's phone.

"The baby looks like you, with this nose and eyes." Jasmine Tong looked at her baby and tears almost fell.

"Where do I look so handsome how come I don't see the wrinkles, it's all going to be ugly."

Jasmine Tong couldn't help but cast a glance at Albert Ou.

"Who says their son is ugly?"

Her Bossy Yet Naive CEO Chapter 489 - 491

Chapter 489

"Not ugly, not ugly." Albert Ou hastily changed his mind, and Jasmine Tong said whatever he wanted anyway.

Because she had just given birth and had just woken up, Jasmine Tong's body was really too weak.

It just so happened that this was the time to sit on the moon, and with Zhong Yu Ling's careful seasoning, in a month's time, Jasmine Tong's body was much tougher than before.

The little baby also finally left the incubator and returned to Jasmine Tong's embrace.

After another half month, Jasmine Tong underwent a series of physical examinations, and after everything was normal, Albert Ou took Jasmine Tong and the baby home.

Only this time, instead of returning to Rainbow City, they returned to the Crystal Garden, and Aunt Fanny and Pearly came back with them.

It was obvious that there was only one more little baby, but Albert Ou clearly felt that the house was making trouble, and also returned to this side in order to give Jasmine Tong a good body conditioning.

As soon as Albert Ou entered, he saw Jasmine Tong holding the baby in her arms and nursing her.

“What are you doing?”

“I’m breastfeeding ah Dr. Chung said after I went home, I can try to feed the baby, although hospitalized with a lot of medicine, but the past so long, the body has been metabolized, Dr. Chung said I can breastfeed, the baby is better to breastfeed.”

Jasmine Tong looked at the baby in her arms as she spoke, not to mention how happy she was.

“What are you people doing around here while the wife is nursing? Get out of here.”

The maid in charge of the waiting staff hurriedly exited the room.

Jasmine Tong looked up at him, still can’t change her old habits!

Albert Ou looked fixedly at Jasmine Tong, lifting up her clothes to reveal the fluorescent white of her breasts, which were much larger after giving birth than before.

His Adam’s apple rolled up and down and he couldn’t help but swallow a little.

The last time I made out with Jasmine Tong was, well, too long ago to remember.

Jasmine Tong noticed that Albert Ou was staring at her chest and immediately turned sideways.

“Rascal,”

“Seeing your own wife is also called a rascal” Albert Ou sat next to Jasmine Tong very unconvincingly.

“I don’t even get that treatment, turtledove,” Albert Ou muttered quietly.

lit. dove's nest and occupy the magpie's nest (idiom); fig. to rob a brothel of a bird

Jasmine Tong's face couldn't help but blush, his metaphors were always so strange

"You're a father now, can you stop fussing with your son."

"You think he'd still be here if I was bothering with him" Albert Ou couldn't help but snort.

While the baby was still in the incubator, he was able to talk to Jasmine Tong a little more.

Since the baby returned to Jasmine Tong's arms from the incubator, Jasmine Tong's eyes never left the baby, and naturally, she never looked at him for more than a few moments.

Naturally, he's uncomfortable, but he's breastfeeding again, so he'll probably have no place in the baby's life.

Jasmine Tong found the baby in her arms asleep with milk, and hurriedly put him down gently and covered him with the blanket.

"I have something for you."

"What's the matter" Albert Ou immediately came to life, rare to be named by his own wife-lord.

"I heard you were keeping an eye on me while I was at the hospital, and it's been over a month since I had my baby, so now that there's nothing else to do, you can go back to work."

Albert Ou's face darkened inch by inch as he listened to Jasmine Tong's words.

"You're blowing me up."

"It's not that I care about you, you haven't bothered with the company for so long, it's time to get back to it."

“Jasmine Tong, you haven’t looked me in the eye for three months, and now how long have you been together and you’re annoying me, and you’re driving me to the office”

“Keep your voice down, the baby is sleeping” Jasmine Tong immediately stopped Albert Ou.

“I’m done” Albert Ou said and left the bedroom angrily.

Watching the back of Albert Ou leaving, Jasmine Tong felt baffled, what’s wrong with this man?

Why are you in such a hurry to get him back to the office?

Looks like he’s going to be asleep for the next three months, these two have a long temper I wonder how those doctors and nurses escaped his devastation.

Albert Ou harbored a lot of anger and pouted for half a day not to appear in front of Jasmine Tong.

But he always had to go to bed at night and had to go back to the bedroom.

A maid was making the bed in the bedroom, and the little one was lying on it playing.

Jasmine Tong should go to the bathroom and take a shower.

“Where’s my pillow you guys have the audacity to throw my pillow out” Albert Ou immediately started to get angry as soon as there was no pillow of his own on the bed

“No, sir, that’s what the wife ordered.”

“Madam ordered it. It’s impossible. She can’t sleep at night without me. It must be you.”

He’s got nothing to be angry about.

As I was saying, Jasmine Tong came out of the bathroom, wrapped in a thick bathrobe.

The maids finally breathed a sigh of relief, “Sir, if you don’t believe me, you can just ask your wife.”

Albert Ou immediately turned to Jasmine Tong, “They said you were the one who told them to take out my pillow.”

“Yeah.” Jasmine Tong answered cleanly.

Albert Ou felt a bit hung up on his face, and he just said Jasmine Tong left him unable to sleep.

“Why?”

“The baby is going to be up at night, and I’ll disturb you if I stay up with the baby, so go sleep in another room for now.”

Albert Ou stared at Jasmine Tong fiercely, wishing to poke holes in Jasmine Tong’s body, this woman actually pushed him out cruelly.

He already feels like he’s losing his place in the family, but now he can’t even enter the bedroom.

“Jasmine Tong, count you cruel” Albert Ou viciously left this sentence and immediately walked out.

Jasmine Tong is a foggy, she is not for his own good, these days he is to take care of her, and probably did not sleep well, the baby night and disturbance, not want to let him sleep for a while, how ruthless it

“Somehow” Jasmine Tong also ignored it and went straight to bed to prepare for sleep.

For days, Albert Ou didn’t sleep in the same room as Jasmine Tong, he didn’t go to the office during the day, and he rarely came to Jasmine Tong’s room.

Jasmine Tong’s mind was all on the baby and didn’t pay much attention to Albert Ou.

The little baby was back, there were more visitors in the house, and the Fowlers came several times, and the Mohicans took their turn.

The Crystal Garden is much more crowded than before.

On this day, Jasmine Tong was putting the baby to sleep in her room when she suddenly felt someone outside the door.

She looked up several times without realizing who it was.

“Baby, are you going to sleep or not?”

The little guy looked at Jasmine Tong with wide eyes and smiled, not sleepy at all.

This little guy is also abrasive enough.

Jasmine Tong put the baby to bed and quietly got out of bed.

The figure in the doorway was still shaking.

I thought to myself that Albert Ou was probably suffocating these days.

Jasmine Tong gently walked to the door and opened it directly.

The man who saw the doorway froze.

Chapter 490

“Why are you sneaking around in front of my room?”

Mo Yiang scratched his head with an embarrassed smile.

“Okay, come on in,” Tong came back into the room, “Baby, your big brother is here to see you.”

Hearing this “big brother”, Mo Yiang is actually very angry.

He had never thought that Jasmine Tong’s child would call himself brother.

Since Jasmine Tong gave birth, Mo Yiang hasn’t even come over to visit her.

It wasn’t that he didn’t want to come, but he was afraid to come.

I remember when Jasmine Tong was unconscious, he said all his heartfelt words in front of Albert Ou.

He was really worried that Jasmine Tong would know these words and that he and Jasmine Tong wouldn’t be friends.

But it seems now that it didn’t.

“Let’s see if my son is handsome.”

The little guy who used to have wrinkled skin is now white and adorable.

Jasmine Tong flauntedly said to Mo Yiang.

“Look at your own son of course the more handsome you look, what kind of person would think their son is ugly.”

“Yes, your little uncle, when the baby was first born, said how it was so ugly.”

“My youngest uncle,” laughed Mo Yiang.

“You’re too much for me, you haven’t visited me for so long, are you that busy with work?”

“Mostly it’s not very brave.”

“I can eat people or babies can eat people oh, I forgot, your little uncle can eat people.”

Jasmine Tong answered to herself, to the point of giving Mo Yiang relief.

Mo Yiang looked at the swaddled baby, pink and inviting.

“Can I touch it?”

“Sure,”

Mo Yiang reached out a finger and touched the baby’s little face, “It’s so soft.”

Jasmine Tong looked at Mo Yiang’s delighted expression, “Do you like it?”

Mo Yiang smiled stupidly, “Like.”

“Then have one, too.”

“Who am I having a baby with?” Mo Yiang gave Jasmine Tong a blank look.

“Find a girlfriend to have it, my cousin’s wife even told me about it last time she came over, he doesn’t want you to be like the other stars, not married at 30 or 40.”

“Geez, come on, just stop talking to me like I’m an elder, I’m tired of it already”

“I’ll leave you alone, it’s good to get a girlfriend early, so if you have the right one, let’s talk first.”

Mo Yiang’s scalp went numb when he heard the topic.

“Why haven’t you seen my little uncle?”

Jasmine Tong couldn’t help but sigh at the mention of Albert Ou.

“Don’t mention him, he’s annoying with me these days, I don’t know what he’s smoking, I told him to go to the office and he threw a tantrum, I told him to go sleep in another room so I wouldn’t disturb him, and he threw a tantrum too, I don’t know what’s wrong with him.”

“I know.”

Jasmine Tong immediately turned to look at Mo Yiang, “You know,”

“While you were unconscious, I saw my little uncle crying.”

“How can crying be possible?”

In Jasmine Tong’s eyes, Ou Zeno is a man who is not afraid of anything, and shedding tears is not his thing.

“It’s true, he’s actually extremely stressed.”

Mo Yiang told Jasmine Tong exactly what he knew.

The expression on Jasmine Tong’s face slowly changed.

“My youngest uncle especially regrets every decision he made, regrets not being home with you all the time for the sake of the company, regrets that the doctor told him to take the baby out first and he didn’t agree to it, he actually blames himself very much, thank goodness you’re awake.”

“So it’s true, I guess I was wrong about him.”

“You guys talk it out.”

“Well.”

“I’ll leave then, I’ll see you some other time.”

“You take it slow on the road.”

Mo Yiang took another look at his little brother, “By the way, what’s your baby’s name?”

“Ah name doesn’t really seem to have a name hey”

Jasmine Tong just remembered to forget such an important matter.

“No name till now, think quickly.” Mo Yiang smiled as he reached the door, but suddenly stopped in his tracks.

Jasmine Tong saw Mo Yiang stop, “Is there anything else?”

“I think forget it, it’s nothing, you take care of yourself.”

Mo Yiang still didn’t say anything.

He wanted to tell Jasmine Tong about the latest situation of Star International, but seeing how happy she is, he really didn’t want to bother her anymore.

It is expected that Jasmine Tong will quit the entertainment industry completely for the sake of her baby.

Mo Yiang walked into the living room where Albert Ou was sitting.

“Finished,”

“Finished, Uncle, and thank you for not telling Manny what I said before.”

Of course, Albert Ou wouldn’t tell his wife that a man misses her.

“Just because I don’t say it now doesn’t mean I won’t say it later, be honest later.”

Mo Yiang only felt a chill down his back, and now his grip was considered to be thoroughly in Albert Ou’s hands.

In the evening, Albert Ou was going to sleep in his guest room as usual.

The maid, however, hastily called out to him, "Sir, the wife calls for you to come over."

Albert Ou was immediately pleased, it seems that Jasmine Tong missed him.

He cleared his throat to calm down, "Tell the wife I'm busy and I'll be back later."

Let her think for a while. He's a disgraceful man.

But in the end, he couldn't resist missing Jasmine Tong and ran to her room shortly afterwards.

"What can I do for you?" and he carried some of it deliberately.

"I thought you said you were busy."

"Busy finish."

"Will you stay close to me?"

Jasmine Tong saw him standing in the doorway all the time very dissatisfied.

Albert Ou had to fart his way to the bed, but he saw no little baby on the bed.

"Where's the son?"

"You still know you have a son ah several days have not come to see his son," Jasmine Tong can not help but complain.

How could Albert Ou have gone days without seeing it, when the maids were out with the baby, he would sneak a hug.

Jasmine Tong suddenly held Albert Ou's hand, "Honey, I'm sorry."

"What's a good apology for?"

"I was the one who worried you, I was the one who was too headstrong to go out, I was the one who was too foolish to take anyone's word for it, or else I wouldn't have suffered this calamity."

Albert Ou immediately took Jasmine Tong into his arms.

“It’s not your fault, it’s all over.”

The memories were too painful, and he didn’t want to remember them, nor did he want her to.

“Yeah, it’s over, so why can’t you just let it all go?”

“What’s wrong with me?”

“Why don’t you ever go to the office?”

“Don’t want to go if you don’t want to, what’s the point of making so much money I can’t spend all the money I earn in several lifetimes” Albert Ou was very energetic.

“You’re blaming yourself all the time, aren’t you?”

Chapter 491

“Why am I blaming myself you think too much.”

Albert Ou immediately turned his head to the side, he would never admit it

Jasmine Tong clasped Albert Ou’s hand in both hands.

“All that’s gone, all that was just an accident, and I hope you don’t blame me, and I certainly don’t blame you.”

Albert Ou’s expression was clearly a bit unnatural, “Why so incendiary all of a sudden”

“Just go back to work tomorrow, I have a maid on my side to take care of it, so it won’t be a problem.”

“Go back to what can run and run, if it can’t run, it won’t run, and I make enough money for us anyway.”

“We’re spendy enough, but what about the others?”

“Other people, what does that have to do with anyone else?”

“Of course it matters, there are so many employees up and down the company, if the company does go out of business, we can be well fed and

clothed, but what about those employees, some of them have a newborn baby like we do, or there are kids in college, the expenses at home are huge, how do you let them live”

“I don’t owe them anything” Albert Ou was naturally unhappy to hear this.

“Of course we don’t owe them anything, but, now that the company is established, we have to take responsibility for it, and the more capable we are, the greater the responsibility, right?”

Jasmine Tong softly reasoned with Albert Ou, “Maybe in the beginning, you built the Dark Empire just to play a game, but now, it’s not only your company, it’s also everyone’s company.”

“Okay, okay, I’ll listen to you, I’ll go to work tomorrow” Albert Ou was getting a little impatient.

Jasmine Tong leaned in front of Albert Ou and placed a soft kiss on his lips.

“I knew I couldn’t be wrong about anyone, but my husband is actually a man with a heart of gold.”

“Nonsense, I’ve only got you in mind.”

“A confession of disagreement,” but Jasmine Tong’s heart is still beautiful, “right, today Black Earth came over, he reminded me, our baby does not have a name yet, has been baby baby call, do not have a name, you as a father, give a name it.”

“You did let me name it.”

“What’s so surprising about that? You’re the father of a child, it’s normal to be called a name.”

“I’ll have to think about that.”

“There’s another thing I want to discuss with you, the baby and I have been in the hospital, the baby’s full moon is also in the hospital, other people’s children, they have to have a full moon when they are born, but our full moon has already passed, how about we just have a hundred days of it also doesn’t need to be too grand, just call all the relatives and friends over, and have a lot of fun together.”

“Whatever you say,”

Albert Ou was still looking spoiled.

Jasmine Tong got tired of being in Albert Ou’s arms, “Honey, it’s so good, luckily I woke up, otherwise it would be so sad to leave you alone in this world”

Albert Ou heard a sour note, yeah, it was lucky that Jasmine Tong had woken up, otherwise he really didn’t know how he was going to live the rest of his life.

“Come on, go to bed, the baby’s not here and you’ll finally not have to get up five or six times during the night.”

Albert Ou stroked Jasmine Tong’s head.

“How did you know I’d be up five or six times during the night?”

“I’ve got clairvoyant ears. Go to sleep.”

In the bed Albert Ou tightly hugged Jasmine Tong, Jasmine Tong heart a warm, this man certainly can not sleep at night, has been listening to the wall roots it.

The next day Albert Ou went straight to the Dark Empire.

Jasmine Tong is still at home with her children, and she has learned much, much more these days, and is under the care of a nutritionist.

Time flies and in the blink of an eye, the little baby is a hundred days old.

It was the busiest day in the Crystal Garden.

The Huo couple as well as the Mo family all came, even the Leng Lords also came over, Mo Yiang is put down the work in hand to run over.

The cold lord held the baby in his arms, the baby seemed to know that it was his uncle, a strong smile towards the cold lord, not at all recognize the birth.

“The baby loves his uncle, unlike a certain dad who cries when the baby comes over.”

Jasmine Tong glanced meaningfully at Albert Ou.

“It’s because I’m better looking than him and he’s jealous, that’s why he cries when I go over there.”

Albert Ou also expressed how strange it was that when the baby stayed in the incubator it wasn’t so obvious that the baby was crying whenever he was near the baby after he came out of the incubator.

“So little kid, know what is called handsome, it’s obvious that your expression is fierce and frightened him” Jasmine Tong mercilessly exposed Albert Ou.

“You two are still so fond of quarreling ah” the cold owl with a child in his arms looked at the two of them.

“Brother, why don’t you name the baby, and so far the baby doesn’t have a name.”

“Jasmine Tong, I thought you said I was to pick the baby’s name.”

Albert Ou was fuming.

“I meant for you to name the baby, but it’s been over two months, and I don’t think you’re going to get your name.”

“My son’s name is of course mine to take” Albert Ou immediately snatched the baby from the Cold Lords’ arms.

All I heard was a “wow” sound and the baby started to wail.

“What are you crying for? Am I your father or am I just laughing at other people and crying at me? What have I done to you?”

Jasmine Tong hurriedly hugged the baby back, “Is there a real father like you baby good, not crying ah, your father is pumping today.”

“Who’s pumping?”

“That’s you.”

The two people quarreled again, and the cold lord really couldn’t do anything about it.

In the evening, when everyone had dispersed, Molanyi, Ou Sheng and Yarwen Tong came over.

They didn't stay long enough to see the baby and leave.

After the baby's 100th day the days are quiet again, and we're looking at the New Year.

The family is preparing for New Year's Eve, the baby is asleep, Jasmine Tong has the baby watched, and she walks out alone.

The house was a happy place and everyone was busy.

The maid brought a cup of milk tea over for Jasmine Tong, who sat on the sofa with the hot milk tea in her hands, a different kind of cozy.

She picked up her phone and turned on the news.

She honestly hadn't seen any entertainment news in a long time because all her thoughts were on the baby, and even when she looked at her phone, it was mostly parenting websites.

"Star King International faces another collapse."

When she saw the title, Jasmine Tong was shocked.

Star King International is going out of business.

How is this possible? Even if Albert Ou didn't go to work for a few months, isn't Star King International supporting him?

What's more, Star King International has quite a few big-name artists under its umbrella, so how could it possibly go out of business?

Her Bossy Yet Naive CEO Chapter 492 - 494

Chapter 492

Jasmine Tong read many similar news items in one breath, including the current entertainment news.

She had to go see the baby because someone upstairs called out to her.

She realized she'd been out of the entertainment business for more than half a year, and she'd almost forgotten she was still an actress.

She still had dreams left unfulfilled.

That night Jasmine Tong called Xu Xingru and invited her to come over tomorrow.

Xu Xingru came over the next day, and was shocked when she learned that Jasmine Tong's husband was the all-powerful Albert Ou.

Xu Xingru also brought a gift for the baby.

Jasmine Tong handed the child over to the maid, and she and Xu Xingru came to the small living room.

The small living room is convenient for two people to talk and there are no maids walking around.

"Sister Starru, I saw on the news yesterday that Star King International is facing another collapse, is this true?"

Xu Xingru took a sip of tea and slowly exhaled, "It's hard to explain, although it's a bit of an exaggeration, but it's also true."

"How come? When I left, Star King International was as good as new, and it's only been half a year."

"In the entertainment industry, a month ago someone can be a big hit, a month later she may have no one to talk to, artist-based entertainment companies naturally also have this characteristic, after you left, Quan went abroad without knowing what happened, the vice president was promoted, this vice president is completely no good, investment, watching people, are too bad."

Jasmine Tong touched her chin, "How did it turn out like this?"

"The loss of personnel is great, this vice president, by virtue of his status, and several artists, who sleep with him, he will promote whoever, but those artists who rely on the body, I think you should also know what level, the company so, lost a lot of talent, and some of the company's old artists because they can not get resources, but also have signed with other companies."

“When Qin turned around and went out to set up a studio on his own, although he maintained a cooperative relationship with the company, he couldn’t bring much benefit to the company anymore, and now it’s just Mo Yiang who is holding up the company.”

This was something Jasmine Tong hadn’t expected at all.

“Mandy, there’s something else I’ve been meaning to tell you for a long time, but I haven’t been able to reach you.”

“What is it, Sister Xingru” Jasmine Tong suddenly felt that this matter seemed to be very important.

“Rameen Tong has completely replaced you, she went abroad for a month to further her studies, and when she came back the much criticized acting problem has improved a lot, the new movie has just been released for three days and the box office has already exceeded 500 million, she won a post-acting trophy at the same time.”

Rameen Tong’s change still surprised Jasmine very much.

“And that’s not all, she’s taken almost all of your resources, all of the endorsements that expired from our partnership are all in her pocket, and I heard that Teenage Time is signing with her as well, our Teenage Time contract just happens to expire this month.”

“There was a director who was willing to wait for you to come back to film, but I don’t know what Rameen Tong used to even convince these directors.”

Xu Xingru was also very helpless because Jasmine Tong’s return was uncertain, and she couldn’t promise anything to anyone, so she could only watch as all of this was snatched away.

“Mandy, I always have a feeling that Rameen Tong seems to be seemingly working against you, she’s trying to take away your endorsements when she could have had better options, like the ones under you, some of which are obviously bad, and she’s taking them all together”

Xu Xingru had never quite figured it out.

“She’s trying to completely block my path.”

Rameen Tong's intention, how could Jasmine Tong not understand it?

"It can't be helped, I've tried to get these new guys under my belt to grab them, but they're so low on the curb, they're just not competitive."

"Sister Starru, it's been really hard for you during my absence, and I'm sorry that I've caused you so much trouble."

"It doesn't matter, everyone has their own choice, I heard that Mr. Ou is going to strategically give up Star King International, Jasmine Tong, if Mr. Ou really wants to give up, you have to tell me in advance, I don't mind, I have to find a good way out for the few newcomers under my hand. Consider me a backdoor."

"Don't worry, Sister Starru, he won't give up, and he doesn't have the qualifications."

"Well,"

"Oh, nothing." Jasmine Tong laughed awkwardly, it was better to save face for Albert Ou.

All the power of life and death was now actually in her own hands, depending on whether she used it or not.

In half a year, Star International is facing closure again. It's her mother's house!

The first company she signed up with.

How could she allow this to happen?

Jasmine Tong's heart suddenly thumped, as if she thought of something.

"Sister Xingru, when did Rameen Tong go abroad to study?"

Xu Xingru carefully thought back, "Probably after you first didn't leave the entertainment industry for more than two months."

In other words, Rameen Tong was abroad when Jasmine Tong's accident happened.

After Jasmine Tong woke up, she also asked Albert Oui about it. Albert Oui said that Lu Weiran did everything, and that Lu Weiran even tried to frame Rameen Tong.

Lu Weiran really wanted to frame Rameen Tong.

Why does Jasmine Tong think that this matter is vaguely related to Rameen Tong?

“Manny, what’s wrong with you,”

“It’s nothing, just remembering something.”

“Manny, I’ll leave you alone then, I’m so happy for you, seeing how happy you are.”

Jasmine Tong dropped her head to smile beautifully, she was indeed happy now.

Xu Xingru left, and she didn’t mention the comeback to Jasmine Tong.

Because the moment she knew that Jasmine Tong’s husband was Albert Ou, she had probably guessed that Jasmine Tong wouldn’t be coming back.

Who would come back after marrying such an important character, not to mention the fact that she had a son.

Only if Jasmine Tong doesn’t come back, her life might be even more difficult.

After sending away Xu Xingru, Jasmine Tong found Wu Xiu.

“Housekeeper Wu, I heard that Mr. Lu Wei Ran is being held here, can you take me to see it?”

“This ma’am, look what she’s doing she did get locked up here, in the basement at first, then the gentleman was afraid of disturbing you, so he threw her in that house out there, ma’am it’s better not to go.”

“Butler Wu, are you afraid of Mr. Blame down? It’s okay, there are so many bodyguards, I’ll just stay away from her.”

“All right then.”Wu Xiu still agreed.

When Jasmine Tong saw Lu Weiran, she was about to be unrecognizable.

Lu Wei Ran looked indifferent, locked into a dark place, her body full of scars, she even had some trance.

“Ma’am, you stay back, don’t let her hurt you.”

Chapter 493

“Do you think she can hurt me in this state?”

Lu Weiran’s disheveled hair fell down, covering almost her entire face, and it was hard for Jasmine Tong to connect the woman in front of her with the competent woman with a ponytail.

To think how awesome it was when she led her to the mountain

“Mrs. Jasmine Tong” Lu Wei Ran seemed to sense something immediately raised his head and flicked the hair from his face.

“It’s really you, you’ve finally come” Lu Wei Ran crawled over to Jasmine Tong and the bodyguards kicked her away.

“You were waiting for me.”

Lu Wei Ran covered his chest and coughed violently twice.

“Ma’am, please let me go I was really ordered to do this.”

Lu Wei Ran immediately began to bump her head, she very hard one after another to the floor, making a muffled sound.

“Okay, don’t knock it, just say what you have to say.”

The bodyguard immediately patted a chair for Jasmine Tong, who sat down.

Lu Wei Ran kneeled on the ground, “I was really ordered to do this, please believe me, okay?”

She had never been so respectful to Jasmine Tong, she had suffered so much here, it had been almost half a year and she really couldn’t get through it.

She had thought about killing herself, but Albert Ou had orders that she would never be allowed to die.

So she's been living a life worse than death.

"Tell me everything by whom you were ordered."

"It was Rameen Tong, she saw me tear up your poster and tried to use me, I knew she was trying to use me, but I wanted you dead too at the time, so I cooperated with her, I was thinking that when this was done, I could put all the blame on Rameen Tong, but who knows."

"She's thinking the same thing you are, isn't she."

"Yes it turns out that she had already thought of a plan to get out of it, and deliberately ran away to a foreign country so as to get rid of the relationship and even set up a conversation with the man of action this woman is so despicable."

Thinking of Rameen Tong, Lu Wei Ran hated it so much that she even swore secretly that if she could get out of here one day, she would never let Rameen Tong go.

"You call her despicable, aren't you and she the same, both just trying to borrow someone's hand to kill, except she succeeded and you didn't."

"No, I never meant to kill you my plan was to get rid of your child, the one who wanted to kill you was Rameen Tong"

Lu Wei Ran shouted that name through gritted teeth.

Jasmine Tong carefully recalled the situation that day, Lu Weiran indeed always wanted to make a move on her stomach.

"I really just wanted to get your child, I have no money or power, how could I dare to kill someone? If it wasn't for Rameen Tong, I wouldn't have even dared to carry out this plan but I found out that the people I was with kept wanting your life, they should have gotten orders from Rameen Tong."

Jasmine Tong only felt a blockage in her chest, so her sister has always wanted to kill her!

I can't believe you're so ruthless.

“Also, I’ve been in contact with her a couple of times while she’s been making plans and I’ve found out that she’s tried to hurt you more than once, have you ever been taken away in the mountains and lost in the mountains and beaten at the airport”

Jasmine Tong looked at Lu Wei Ran in horror, the first time she was killed in the mountains, she thought it was an accident, the second time at the airport, even Albert Ou didn’t find out who it was.

“You’re saying she did all of this.”

“She did it all, I’m not going to lie to you, and the gossip about you, all of it, all of it I found out about when I was in contact with her.”

Jasmine Tong could understand Rameen Tong repeatedly smearing herself, but she couldn’t understand if she wanted to kill herself.

She clenched her fists. She should have thought of that a long time ago.

If we had known earlier that Rameen Tong was running to have her killed, perhaps, Yarwen Tong wouldn’t have died!

Tong left the area angrily, “Don’t hit her again, and if the gentleman asks, tell him it was my order.”

Lu Wei Ran hurriedly kowtowed towards Jasmine Tong, “Thank you, Madam.”

Jasmine Tong couldn’t regain consciousness for a long time, never thought Rameen Tong would be as ruthless as this

We’re half sisters and you’ve done this to us!

Albert Ou pushed the door open and saw Jasmine Tong sitting on the bed unmoving.

As soon as he returned he heard about Jasmine Tong’s visit to see Lu Wei Ran.

“I want to go to a movie.” Jasmine Tong raised her eyes to look at Albert Ou.

Albert Ou had expected Jasmine Tong to discuss the matter of Lu Wei Ran with him.

I didn't expect to open my mouth to go to a movie.

"Why do you think you're going to a movie?"

Jasmine Tong laughed softly, "Don't forget, I said I was going to get the Grand Slam, there's still a trophy left to finish, I have to get on with it."

Albert Ou is a little guilty when it comes to this topic.

"Jasmine, there's something I want to tell you, but will you promise not to throw me out"

"What have you been doing behind my back again?"

"Promise me first, or I won't tell you" Albert Ou got cocky

"I promise not to throw you out, and say, my heart really can withstand anything right now."

"Actually, you've already got the slam, I did the dirty work, when you said you got the slam, we'd get married, but I was going back to Aie Valley, it's not that I didn't want to give you a wedding, if I had a wedding then I'd leave and you'd be a widow, how awful to say it, so I just hehe"

Albert Ou hurriedly explained the situation to Jasmine Tong one by one.

"How dare you do it?"

"It's not all about you anyway."

Jasmine Tong hastily exhaled a breath, "Okay, I forgive you."

"So are you free to stop filming anyway, you've got the grand slam and we can always have a wedding."

Albert Ou held Jasmine Tong in his arms with one arm.

"If you don't get that trophy, you just don't get the Grand Slam, although you tamper with it, that doesn't count, and I have another purpose for my comeback."

"What are you doing" Albert Ou began to freak out.

“Star King International is my mother’s house, I can’t see it go down the drain like this and I want what’s mine back.”

Jasmine Tong’s eyes were deep.

“Jasmine, isn’t it related to Lu Weiran, I heard you went to see her” Albert Ou vaguely felt that it was inseparable from Lu Weiran.

“Lu Weiran is just a gun, she is being used, the real murderer is Rameen Tong she tried to put me to death several times I said before that I would tear up the cards in her hand one by one if not for all that has happened, and I wouldn’t have let her exploit the loophole.”

Jasmine Tong won’t let her go this time

“Jasmine, I’ll support you in anything you do, but let me take care of this, okay?”

Chapter 494

He really didn’t want any more harm to come to her.

He was really scared.

“I know what you’re worried about, but I have to do this personally, if you’re not sure, then secretly send some extra men to protect me, don’t worry, I won’t act without permission, I’ve already suffered once, I won’t suffer a second time.”

Albert Ou knew that there was no way he could persuade Jasmine Tong no matter what.

And just let her be.

When Xu Xingru received notice that Jasmine Tong was making a comeback, she was genuinely shocked.

But come to think of it, it fits Jasmine Tong’s personality.

Xu Xingru began to prepare some things for Jasmine Tong’s comeback.

And Jasmine Tong was getting ready, she had been in the hospital for three whole months, and had been recuperating after the baby was born, and after more than half a year of pampering, her strength had seriously declined.

Luckily, there is a gym right in the Crystal Garden, so Jasmine Tong hired a professional fitness trainer to start her physical recovery training.

In the meantime, you'll be able to find the best way to get the most out of your money.

Out of nowhere, the publicity team won some sort of posthumous trophy, which the publicity team froze to promote as an international posthumous trophy, but in reality is nothing more than a second-rate award.

Rameen Tong's endorsements in hand are already top-tier international brands, and the number of scripts in hand is countless.

If you ask who is the most popular person in the entertainment industry today, that person must be Rameen Tong.

The only one who can compete with her is Qin Yianran, but after all, Qin is a few years older than her, and his popularity has only picked up due to the previous popularity of Star Huang International.

It's not even a match for Rameen Tong now.

on set (of a movie)

All the staff is ready and waiting for the actress Rameen Tong to make her entrance.

But it's been an hour and the heroine hasn't made her debut yet.

This can make the director anxious, usually, Rameen Tong late half an hour an hour is a common thing, but today this scene can not, is a big scene, everyone is waiting for her alone, just the set alone spent a lot of money.

Huang Can came over in a leisurely manner, "The director is telling you ah, our Miss Rameen is not feeling well today, so she's not coming to shoot."

"Said not to come is not to come today this set, a scene is 300,000 ah, everyone is waiting for her alone, trouble she has a little respect for the spirit of work, OK"

The director is known to have a temper, but I can't take it anymore today.

"is not 300,000 is not the worst let Rameen sister compensate you ah professionalism our Rameen sister has been sick for several days, these days are filming to come, today is just can not hold up."

The director was furious. Two days ago, he saw Rameen Tong alive and kicking, but he was sick for several days.

"This is what you said, this set is responsible for the loss of Rameen Tong" director this time is also eaten by the iron will and Rameen Tong.

Huang Can went straight back to the hotel without paying attention to the director.

Rameen Tong is eating hot pot in the hotel, and the heat keeps the whole room warm.

It was simply too cold today, and she really didn't want to go in the morning, so she just asked Huang Chan to take the day off from the drama.

"Miss Rameen, this director is so insensitive, he said that he spent 300,000 on today's set and he wants you to pay for it."Huang Can said with a flared mouth.

"I'd like to see if he has the skills to make me pay."

I'm not going to put the director in her eyes, but this movie is entirely funded by Eason International, and she can replace the director completely with one word.

Today's Rameen Tong is not what it used to be, she is firmly seated in the position of First Sister, and no one dares to compete with her.

Because of her rising popularity, her skincare products are selling better than ever, and the LOVE clothing brand was all shut down due to previous alleged plagiarism, so she had to strategically give up and focus entirely on COLOUR.

Today, she wants money and power.

Even her mother-in-law had to give her a few points.

“Sister Rameen, I’ve noticed over the past few days that there seems to be some movement on Xu Xingru’s Weibo, and it’s about Jasmine Tong.”Huang Can also sat at the table.

“Said what?”

“It’s all catchy talk, some people speculate that it’s like Jasmine Tong is coming back and it’s not even on the hot seat.”

Rameen Tong smiled coldly, “Even if she does make a comeback, she won’t be able to stir up any waterworks. Not to mention, where is she going to make a comeback.”

Rameen Tong’s use of Lu Wei Ran is a brilliant move, and it is said that Jasmine Tong is covered in blood, and even if she is not dead, she is probably crippled.

Although we didn’t get the news of Jasmine Tong’s death, she didn’t come out for half a year, so it’s clear that even if she doesn’t die, she’s still badly hurt.

So she wasn’t at all worried about Jasmine Tong’s comeback.

“That’s right, even if she comes back, all the resources are now in our hands, she has nothing and even Star King International will soon go out of business.”

“The president is discussing a price to take in the Star King.”

Huang Can was also very excited to hear this news.

“If the Star Emperor is taken by us, then Jasmine Tong’s contract will be in our hands, and then it won’t be whatever we say it is.”

Rameen Tong hooked her lips, Jasmine Tong, who told you to fight with me?

Star International President’s Office

“Mo, see if I can be red or not,” a petite woman’s voice.

“That depends on how good you are how red you are” came the man’s voice.

“Gee, Mo, you’re just badass.”

“If you’re always this shy, I can’t guarantee you’ll get a blush. That’s right. Keep taking it off.”

“”

“Mr. Mok, don’t be so impatient. Be gentle.”

“You’re quite capable for a little goblin.”

“Mr. Mo, you’re quite good at it. Hurry up, hurry up.”

“Don’t worry, this will feed you and make sure you can’t get out of bed tomorrow.”

The panting voice kept coming out of the office, and the people passing by all covered their ears and blushed and left immediately.

That’s been the norm in this office for a while now.

Jasmine Tong walked over wearing sunglasses, followed by Xu Xingru and a few bodyguards.

A secretary-like person directly bumped into Jasmine Tong.

“Are you blind?” The bodyguard immediately blocked in front of Jasmine Tong.

“Excuse me,” the secretary hastily apologized.

“Never mind, she didn’t mean it.”

The secretary heard something familiar and quietly looked up to see the woman in front of her wearing sunglasses, but she just couldn’t remember who it was.

“I see you just came from the CEO’s office, why are you so flustered?”

“That you go to know, inside inside is” female secretary really can’t say, panicked and ran away.

When Jasmine Tong heard the voices coming from inside, she also blushed.

Her Bossy Yet Naive CEO Chapter 495 - 497

Chapter 495

No one's expressions were very natural.

"Ma'am, do you want to go in now, or wait for them."

"Since you're in the company, doing this kind of thing in plain sight, kicking in doors."

Tong Koman calls the shots.

The bodyguards got their orders and kicked the door down together.

I heard a bang.

The people inside were clearly shocked.

Jasmine Tong could imagine what the scene was like inside, and she didn't go in right away.

"Who are you guys? This is the president's office, and it's also for you to barge in whenever you want, so get the hell out of here."

The petite woman rushed to hide in the man's arms.

"Get dressed at once. Mrs. O'Hara wants to see you."

"Mrs. O, where's Mrs. O?"

"Where did you say Mrs. O."

The man panicked. Could it be that he is the wife of the Dark Empire's Albert Ou?

They say that Albert Ou is married, but no one has ever met his wife.

The man didn't dare to slow down at all and immediately got dressed.

“Mr. Mo, what about the matter we just agreed on?” the woman didn’t let go, she had a hard time climbing into Mr. Mo’s bed, how could she just let it go like that?

“Go away, can’t you see I’m busy with business? Talk later,” the man pushed a woman.

The woman had to put her clothes on first and leave the office.

Only then did Jasmine Tong and Xu Xingru walk in.

“You’re Morwen,”

“Yes yes yes” Mo Wen immediately bowed and nodded, Jasmine Tong didn’t take off her sunglasses, and he didn’t know that Jasmine Tong was the only person in front of him.

“Long human-like dog, did not expect to be a clothed beast, I do not know how many little girls have been spoiled by you, this president you do not have to be.”

“Mrs. O, I think we’ve had a bit of a misunderstanding.”

“I saw with my own eyes you even said it was a misunderstanding the entire Star King International was messed up by you, is this also a misunderstanding I didn’t sue you is good, immediately take your stuff and get out, don’t appear in front of me.”

“Didn’t you hear what he said? Get out of here right now,” one of the bodyguards immediately snapped, “or we’ll be damned.”

Morwen saw the battle and ran away.

“I didn’t expect the top management of Star King International to be corrupt to this extent.” Jasmine Tong sighed deeply.

“Manny, are you going to serve as president” Xu Xingru asked, “If you don’t serve as president, then tell Mr. Ou to immediately transfer someone from within the group. The dragons can’t be headless.”

“I know that, but the Dark Empire is also in extraordinary hours right now, and I really can’t spare the manpower.”

Jasmine Tong lifted her head and fixed her gaze on Xu Xingru.

“Sister Starru, why don’t you be the president?”

“Me you’re kidding me I’m just an agent, I’m fine with you letting me bring in artists, the position of president, no.”

“Sister Starru, you’ll be fine, I know you’re a very talented person and have a very unique vision, just give it a try, just as a favor to me.”

“It really doesn’t make sense, I haven’t even touched it.”

“One back to back?, I really can’t find anyone right now, Star King International absolutely can’t collapse Sister Star Rou, count me as begging you, just help me with this.”

“All right then, but if you find the right person, make sure you replace me, I really haven’t done that and I’m really afraid of screwing you over.” Xu Xingru was also very difficult to deal with.

“How else to smash now isn’t that the worst?”

Yes, Star King is now facing a new round of closures, and several companies have reportedly started wanting to come in and negotiate Star King’s price.

There has been no worse moment.

“Mandy, thank you for trusting me so much, I’ll do my best.”

Xu Xingru very solemnly nodded her head.

“Our contract with Girl’s Hour is up this weekend, and I asked around and they were ready to sign with Rameen Tong the next day.”

“So let’s start by getting our endorsement back.”

Jasmine Tong had made up her mind.

It was Monday, and the day Rameen Tong and Maiden Time were to sign a contract.

Everyone knows that Girl Time is the single most important endorsement that Tong holds in her hands.

Even the ad campaign shot by Jasmine Tong has got people talking.

If even this endorsement is gone, then Tong's comeback is definitely hopeless, and those fans who were expecting Tong's comeback are completely desperate.

On this day, Rameen Tong wore a pink dress and even tied her hair up in a pillow, which was girly and complemented the Girl Time brand.

It is said that pink is also the favorite color of Rameen, which shows how much importance Maiden Time attaches to her.

The top management of Girls' Hour, Mr. Zhang, came early and shook hands with Rameen, all in the camera of the reporters.

The launch has finally begun.

"Mr. Zhang, we all know that Maiden Time has been working with Jasmine Tong before, and the contract just expired yesterday, is it not going to renew Jasmine Tong's contract?"

The reporter's first question is very nerve-wracking.

Mentioning Jasmine Tong in front of Rameen, this reporter is also bold enough.

"Oh, here's the thing, we've always had a good relationship with Manny, but as you know, since Manny announced that he was out charging, he hasn't made any public appearances and given the growth of the brand, we had to look for a new partner."

"In other words, did you choose Rameen Tong because Jasmine Tong wasn't there?"

The reporter's question was thrown out once more, and Rameen Tong's face immediately changed.

Zhang also felt that this reporter had too much nerve, always giving him problems.

"Miss Rameen Tong is a very good actress and her personal qualities fit our brand identity, which is why we chose Miss Rameen Tong."

At this time, Mr. Zhang was naturally unwilling to offend Rameen Tong.

“Zhang, but if Jasmine Tong comes back, will you continue to choose to work with Jasmine Tong?”

Rameen Tong’s face was not to mention how ugly it was, but it was inconvenient for her to speak at this time.

She had secretly made a note of the reporter, and it seemed that this reporter was not going to be able to make it in this circle.

“We’re certainly willing to work with Manny, and I’m here to promise that if Manny comes back, we’ll have a new partnership with her.”

Mr. Zhang also likes Jasmine Tong very much, after all, during the period of working with her, Jasmine Tong is very cooperative, and sales have always been high.

“Then I’ll thank Mr. Zhang for lifting me up.”A voice suddenly came from outside the arena.

Everyone was startled and searched for the source of the sound.

Everyone was stunned when they saw Tong Siu Man.

Especially Rameen Tong.

Chapter 496

Is Jasmine Tong really Jasmine Tong?

Everyone flickered at first, wondering if the woman in front of them was really Jasmine Tong.

“It really is Jasmine Tong,” someone suddenly shouted, and countless flashbulbs were all aimed at Jasmine Tong.

Tong wore a pair of light blue ripped jeans and a light blue loose shirt with a high ponytail tied up.

It looks relaxed and natural, and also has a very youthful look to it.

This is the same feeling that Jasmine Tong usually gives everyone.

Like the girl next door, it's real and natural and not pretentious.

She seems prettier than ever, she used to be too skinny, with a sharp chin and narrow face that always gave her a malnourished look, but now with slightly more baby fat, she looks very full and her face value has skyrocketed!

Jasmine Tong probably belongs to the class of actresses who are fat and whose face value is online.

Zhang was also taken aback when he saw Jasmine Tong.

"Mandy, is that really you? Oh my God, what a surprise."

Jasmine Tong walked over to Zhang in a taciturn manner and shook his hand cordially.

"Mr. Zhang, long time no see."

"Yeah, it's been a long time, I even sent someone to the office to find out about you, but no one knew, so that's why"

This is a bit of an awkward situation.

Mr. Zhang's words also made Rameen Tong's face somewhat unbearable.

In other words, because Jasmine Tong couldn't be reached, this endorsement was given to Rameen.

Jin Wei walked next to Mr. Zhang, "Mr. Zhang, our press conference is still going on, is the signing ceremony ready to begin"

Jin Wei is Rameen Tong's new manager after Rochen left.

"That's something I think the signing can be discussed another day."

For Rameen Tong's character, Mr. Zhang had also heard about it.

Rameen Tong's playing a big game, who in the circle didn't know about it, a little bit of inquiry would reveal a lot of information.

What's more, if Jasmine Tong came back, the popularity and conversation would naturally go up another notch, and he would be even less likely to choose Rameen Tong.

“Mr. Zhang, I don’t think that’s appropriate.”

Everyone was surprised to hear Jasmine Tong start to speak, everyone thought Jin Wei and Rameen Tong would argue, but did not expect Jasmine Tong to stand out first.

“I just came to see the press conference today, and I have no other intentions, if Mr. Zhang cancels the cooperation with Miss Rameen Tong, the outside world will definitely say that I’ve spoiled the situation, Mr. Zhang might as well give me some face, since it’s all been agreed upon, let’s sign the contract.”

Rameen Tong’s face became even more unpleasant, she really wanted to go up and tear this hypocritical mask of Jasmine Tong.

But in front of so many people, she couldn’t say a single word.

Otherwise, it’s exactly what Jasmine Tong wants.

“Well Mandy, since you’ve said that, we’ve been working together for so long, I’ll give you this face, and we’ll sign this contract today.”

Mr. Zhang immediately took the contract and signed it, and Rameen Tong had to humiliatingly sign it.

“Mandy, why don’t we go to the back and have a chat, our group is launching a new brand, I don’t know if you’re interested”

“Of course we have that, let’s go talk in the back.”

Originally there was some content behind the press conference, but Mr. Zhang had been completely overwhelmed and really wanted to sign with Jasmine Tong immediately.

Zhang and Jasmine Tong immediately went backstage, the original protagonist Rameen Tong’s anger stomped.

With a market share of almost 50 percent, Girls’ Time and Elegant Time are trusted brands.

But a new brand is being developed within the group, and that’s what Zhang and Tong are talking about, which will be launched soon.

The parties quickly reached an agreement.

After the talk, Jasmine Tong and Xu Xingru came out and a car was waiting for them outside.

Because she knew Jasmine Tong's identity, Xu Xingru also began to become nervous.

"Mandy, let's not confront her."

"It's okay, it's okay to meet her."

Jasmine Tong walked directly towards Rameen's car, and Rameen stepped out of it.

"You sure know how to pick a time to show up."

Jasmine Tong smiled brightly, "Thanks to you, I'm still alive, I'm sure you're shocked."

Rameen Tong's eyes were a bit dodgy, "I don't know what you're talking about, what does it matter to me if you're dead or alive"

"If it's okay, why are you nervous?"

"Who says I'm nervous I'm telling you Jasmine Tong all your endorsements are in my hands all your resources are also all in my hands I advise you not to play any tricks or you'll die a miserable death"

Rameen Tong tilted her head up like she was on top of the world.

"In that case, what are you afraid of?"

"Afraid it's a joke, I'm afraid of nothing."

"If you weren't afraid, why did you wait so long to warn me then?"

Rameen Tong was choked by Jasmine Tong and had nothing to say.

"Since you warned me too, let me warn you too, this is just the beginning, what I have lost, I will all get back one by one, including what you hold most dear."

Jasmine Tong gave Rameen Tong a contemptuous glance and got into their own car with Xu Xingru.

Rameen Tong stood there, stunned for a long time.

Why would Jasmine Tong have such a big heart when she clearly has nothing left?

And the things she said she treasured most, did she also want to take back Ellen Ron?

“Ranamon, get in the car, we’re leaving.”

Jin Wei called out to Rameen Tong.

That’s when Rameen Tong got back to the car.

“Miss Rameen, we actually have nothing to be afraid of at all, isn’t the endorsement of Girl Time still in our hands?”

Huang Can was also very proud of himself.

Rameen Tong reached out her hand directly to slap Huang Can.

“What do you know that’s something she Jasmine Tong doesn’t want, she gave me the endorsement of Girl Time in front of all the reporters, can’t you see that?”

Huang Can covered his face, his eyes filled with tears.

“I’m sorry, Rameen-san.”

She didn’t do anything wrong. She’s the one getting beaten up.

“Drive,”

In the other car, Xu Xingru was also a bit confused about Jasmine Tong’s approach.

“Mandy, it’s actually pretty obvious what Zhang means today, we could have snatched the contract over, and didn’t we come over to snatch the contract in the first place, why did you end up letting her have it again”

“Sister Xingru, I know Rameen Tong too well, she loves to pretend to be miserable and sell out, if we really snatch this endorsement today, she might say something about us.”

Xu Xingru thought carefully about the many times Rameen Tong had gotten through the crisis by pretending to be miserable and selling misery.

“Manny, that’s a really clever move on your part so as to block Rameen Tong’s back way and tell her to have a hard time”

Chapter 497

Jasmine Tong would smile, “Yeah, if I really stole her endorsement, the outside world’s opinion of me probably wouldn’t be too good, so I fell down to a good name and got another contract, we don’t lose anything at all.”

Xu Xingru couldn’t help but give a thumbs up towards Jasmine Tong.

“Manny, you’re really getting smarter and smarter, learning to survive in the entertainment industry.”

“I was just too stupid to fall for it once and for all, and I won’t do it again.”

Xu Xingru looked at the way Jasmine Tong was talking, feeling like Jasmine Tong had taken off her bones.

In fact, she is still the same naive and romantic Jasmine Tong, but she is more confident than before.

That’s right. That’s the way it should be.

She’s a capital girl, she used to just have too much low self-esteem, so she always felt like something was wrong.

Now she was the best she could be.

“By the way, how much money does Sister Star Rou have on the books of Star King International right now”

Xu Xingru couldn’t help but hang her head in shame at this question as well.

“I was just about to tell you, I checked the accounts of Star King International over the past few days and the total on the books is only ten million.”

Hearing this number, Jasmine Tong was also shocked.

“With a company this big, with only \$10 million on the books, what did the previous people do”

“Just like Mo, what do you think he can do every day to eat and drink and have fun, so many a\$\$holes together, the company’s money all hit the water.”

Jasmine Tong bit her lip and thought carefully, “Ten million is too little.”

“What do you want?”

“I want to remake the post Jeanne’s biography.”

Xu Xingru was also shocked when she heard this.

I didn’t expect that Jasmine Tong would choose to re-shoot the post-publishing story which is really a real fight with Rameen Tong.

The post-Jung Hou Legend is really ruined by Rameen Tong, and the online has been crushed by Jasmine Tong’s Only Niang strength.

“You’re making a comeback now, to have a work is certain, but, Jeanne d’Arc is too long, it takes months to film, plus the production cycle, it’s really too slow to come out, and Jeanne d’Arc has just been filmed, it hasn’t been too long, if you remake it, I guess other companies won’t be willing to do it, then only our company will film it ourselves, but our company doesn’t have that much money.”

Xu Xingru reasoned and analyzed.

“It does take longer from filming to going online, and my heat can be maintained in other ways, but this film, if it’s up, can bring all of our company up.”

This is Jasmine Tong’s real purpose, her own popularity back isn’t what matters, what matters is to save Star King International.

The most important thing to do to save Star Kings International is to get its artists on fire.

“If the Queen Jean biography is done well, the characters in it could be on fire, but right now we’re short of funds and it’s too risky.”

Both men sat in the car keeping silent both thinking.

The question of how to do the most with the least is always a vexing proposition.

“Sister Xingru, I still have some money from that previous bakery, probably a few million, Stone’s books should also be able to take out tens of millions of dollars, the contract I just signed Mr. Zhang agreed with me is five million, I can pull him to invest, at least ten million, so make it up, do you think it will work?”

For the money side of things Jasmine Tong is not much of a concept, or to consult Xu Xingru.

“Together with the 10 million from the company, we can probably raise 40 million, and I’ll think of a way to pull a little investment, all of them are the company’s own artists, and it’s possible to save some of them if the film fees can be lowered.”

“Then I’ll start raising the money right away.”

“Manny, you can actually go directly to Mr. Ou” Xu Xingru really didn’t want to say this out loud.

But isn’t that the quickest and easiest way to find Albert Ou?

“He’s my last trump card, so how can I just use it casually, not to mention that I would never ask for his help if I could fix it myself.”

Xu Xingru looked at Jasmine Tong’s playful appearance and couldn’t help but smile.

She was also shocked at first when she found out that Jasmine Tong’s husband was Albert Ou, and she was wondering how Jasmine Tong had managed to subdue the richest man.

By now she should have found the answer.

“We’re short of a leading man now that Black Earth is down, and our own home artist can do it without spending a penny.”

“But Mo Yiang never takes on Qing Gong dramas, he’s said it more than once before.”

“I don’t do palace dramas.”

This is the first time Jasmine Tong has heard that she and Mo Yiang have known each other for so long without even knowing.

The news of Jasmine Tong's comeback has stirred up a thousand waves.

The microblogging hot search instantly rushed to the first place and even grabbed the headlines of the major media.

"Mandy's back at last. I'm overjoyed."

"I knew Manny would be back, our Manny has matured a lot more oh."

"Manny is really getting better and better, not only did he not get angry when someone stole his endorsement, but he spoke up for the other side and gave Manny some credit."

"Has anyone noticed that our little Manny is pretty again?"

It is also about the "new height of beauty," which has quietly made its way to the top of the search engine.

It was a big deal for Rameen Tong to sign a contract with Girls' Time, but in the end, Jasmine Tong stole all the limelight.

She hasn't been able to say anything.

It was also really lame this time.

Looking at that hot search on Weibo about her newfound beauty, Jasmine Tong's heart was also full of beauty.

"What are you giggling about" Albert Ou came out of the bathroom and saw Jasmine Tong had been staring at her phone giggling.

"Honey, have you noticed how pretty I've become?"

At the end of the day, all a woman cares about is being pretty or not.

"Fat." Albert Ou didn't hesitate to reveal it.

"Where do you get off talking like that?"

Jasmine Tong looked down at herself, she was indeed fatter than before.

Having been raised at home, and then having started breastfeeding, the upper circumference surged and became even fuller.

“But everyone says I’ve put on weight and look better than before.”

“And do you think the old sow looks good?”

“How dare you compare me to an old sow, what’s wrong with you man today?”

Jasmine Tong threw the phone to the side angrily, “Can you die if you praise me a little?”

“Beautiful, beautiful, more beautiful than ever, okay?”

This perfunctory tone of Albert Ou’s made Jasmine Tong even more furious.

“Come over here and speak from the heart” Jasmine Tong sat directly on Albert Ou’s waist and choked him.

“I’m speaking from the heart.”

“But all I hear is sloppy, sloppy, or sloppy.”

Jasmine Tong leaned over.

Albert Ou’s gaze immediately looked directly at Jasmine Tong’s chest.

Since she is still breastfeeding, her clothes are very loose fitting.

So this glance at Albert Ou saw the bottom.

Her Bossy Yet Naive CEO Chapter 498 - 500

Chapter 498

Albert Ou couldn’t help but swallow a bit of saliva, his eyes staring straight at Jasmine Tong’s chest.

When Jasmine Tong noticed, she hurriedly sat upright and covered her chest.

“Where are the eyes of the stinky rascal looking,” Jasmine Tong muttered blushing.

“The baby can eat, I can’t even look at it now can I?”

It doesn’t matter, Jasmine Tong’s face became even redder.

“What are you talking about?”

Albert Ou rolled over and pressed Jasmine Tong underneath him.

“What are you doing” Jasmine Tong looked at Albert Ou nervously.

Albert Ou’s breathing began to quicken, his intentions couldn’t have been more obvious.

Jasmine Tong hurriedly pressed against Albert Ou’s chest.

“The doctor says we can’t be in the same room right now.”

Albert Ou swallowed hard and hurriedly got up to go to the bathroom.

Jasmine Tong sat up and sighed.

She had just lied, the doctor hadn’t said anything like that, but she just didn’t think she could.

After being in a coma for almost three months and having a baby, she was a complete failure in bed, although in other ways, she beat herself and became confident.

Albert Ou had often disliked her for her poor stamina before, and her body was greatly diminished after being in bed for so long and from nurturing her body for so long.

What’s more, people say that women will have more difficulty satisfying men in bed after giving birth.

The first bedtime after giving birth made Jasmine Tong very nervous, and it was a coincidence that Albert Ou had such great physical needs.

Albert Ou came back, “Go to sleep.”

He didn't seem angry, but because he wasn't, Jasmine Tong blamed herself even more.

He had actually had very little bedtime between the two of them before he had passed out, so that made it more than half a year since Albert Ou had touched her.

He's also getting better at withholding restraint.

"Honey, good night." Jasmine Tong moved towards Albert Ou and snuggled into his side.

"Good night." Albert Ou didn't say much.

The evening passed.

Diamond Hill Villas

Jasmine Tong got out of the car and headed straight to Mo Yiang's villa, he hadn't even been home lately and had been in this villa of his.

The doorbell rang three times before Mo Yiang lazily came down and opened the door.

When Jasmine Tong explained her intentions, Mo Yiang immediately cut off three words back: "Impossible."

"Why not?"

"Because it's impossible, so it's impossible, who doesn't know, I never take purist dramas you if you want to save money, I have a little bit of savings in my hand, I can finance you a little bit, then hire the other actors in the company."

Mo Yiang is downright generous.

"Weak question, how much savings do you have in your hand?"

Jasmine Tong is in gossip mode.

"My mom says I'm old enough to dictate my own income, and I've probably got about \$10 million left over from the past year besides what I spent."

Mo Yiang replied as he played the game.

The first thing you need to do is to take a look at the newest products that you can find.

“But I’d still like to discuss this male number one with you, you’re the only one in the company who can pick up the slack, this drama is all the company’s little flowers except for me, none of them have any flow, and I’ve just come back and my popularity is not what it used to be, so I’m counting on you.”

Jasmine Tong immediately stood behind Mo Yiang and gave him a shoulder rub.

“I’ve told you, I’m not going to do a Qing Gong drama, so find someone else.” Mo Yiang’s voice was lazy.

There’s a big stance that Jasmine Tong’s side of the story is broken, and he won’t shoot.

“I’m not sure if I’ve ever been in a position to do that, but I’m not sure if I’ve ever been in a position to do that, and I’m not sure if I’ve ever been in a position to do that.

“No chance.”

No matter what Jasmine Tong said, Mo Yiang looked like I’m not going to go with whatever you say.

“Hey I’m Black Earth, you’ve grown so good at it I’ve said so much, you girl can’t listen to a word, do you want me to call your little uncle over to talk to you”

Jasmine Tong had no choice but to move Albert Ou out of the way, and this was her last resort.

“Not even if I don’t go.”

Not expecting to move Albert Ou out, Mo Yiang became even more agitated and resolute.

That’s what made Jasmine Tong wonder.

“Hiss” Jasmine Tong had a chest pain.

“What’s wrong with you? I’m telling you, don’t pretend with me. Bitterness doesn’t work with me.”

“f*ck your bitterness, I should get back to breastfeeding my little brother.”

Jasmine Tong this expression became a little twisted, “Being a woman is so troublesome, I’m just a big cow right now”

Mo Yiang laughed uproariously, “Please ask this cow of yours to go out, your son is calling you home to feed her.”

Jasmine Tong could only return home as an angry man.

But who is the main character of the Legend of Sadao?

Newcomers in the company definitely can’t, must find a little more popular, if you hire outside, the film fee is a big expense.

This has made Jasmine Tong very sad.

This evening Albert Ou came back early, and as soon as he entered the door, he saw Jasmine Tong’s sad face.

“I saw you frown when I walked in the door, you didn’t want to see me back that badly.”

“No, I’m thinking about it. Why isn’t your great nephew doing a Qing Gong drama?”

Jasmine Tong raised her head and asked Albert Ou, they could be said to have grown up together, so they would know each other better, right?

“Is it necessary to shave your head in a purgatorial drama?”

“Yeah, it’s actually possible to not shave your head, but it’s a hassle to make it look half bald, so if you’re doing a Qing Gong drama, it’s easier for the male actors to shave their heads, and your hair grows quickly anyway.”

“Then of course he won’t shoot.”

“Why of course I won’t shoot.”

“How could he shave his head when he has a scar on his head, the one place he dislikes himself the most.”

This matter as Mo Yiang’s best friend, Jasmine Tong really does not know, it seems that this scar, Mo Yiang is really very mindful of it.

So that’s why.

“You want him to do a Qing Gong drama.”

“He’s the best person for the job, I’m wearing my mouth out today and he just won’t agree, he’d rather invest in me.”

“I’ll take care of this.”

“You have an idea,”

“Unring the bell.”

Albert Ou’s words made Jasmine Tong a little confused, could it be that the scar on Mo Yiang’s head was caused by Albert Ou?

“That scar of his.”

“I hit it,”

Jasmine Tong was shocked, and really had guessed it herself.

“That’s a hell of a thing to do,”

The next afternoon, Jasmine Tong received a call from Mo Yiang, who agreed to play the role.

Only Jasmine Tong was very curious about how Albert Ou convinced Mo Yiang.

Chapter 499

Jasmine Tong quickly came to an agreement with the post Jeanne Transcendental copyright owner please Miracle, Inc.

Word quickly spread that the Queen of Jeong was going to be remade.

We didn't expect that Jasmine Tong would make such a big move just after her comeback, since she wants to remake the post-Christian biography.

Who doesn't know that Rameen Tong's post-chaste biography has just been filmed for just over half a year.

Isn't it an open challenge to Rameen to remake her so quickly?

However, many netizens have expressed their support, especially fans of the original post-apocalyptic saga, because the previous version really didn't satisfy them, and they want to make a drama that is as good as the original.

Tong also released a tweet to this effect, answering netizens' questions.

First, I decided to do the remake not because I was against a certain actor, but because I am also a fan of Jeong Hou Legend, and it is every actor's dream as a fan to be able to film their favorite protagonist.

Secondly, I didn't just remake the previous version because I didn't think it was well filmed, they were really good, and I saw the whole thing through myself. I really liked it too much myself and wanted to just have a good time.

Thirdly, I would appreciate your support, again.

Jasmine Tong's long tweet gained a lot of goodwill at once.

This made everyone even more convinced that Jasmine Tong was just trying to fulfill her dream, not against Rameen Tong, and gained another wave of goodwill.

But Rameen's nose is getting crooked.

"Saying what isn't against me is clearly against me."

Rameen Raymondtded loudly in the room.

She knew in her own mind that the only reason a TV show was getting a remake so soon was because the previous version was poorly filmed.

If the previous version is done well and becomes a classic, it makes the later ones consider it even if they want a remake, because if it's not done well, they become a target.

The fact that Jasmine Tong is doing a remake so openly is clearly a slap in her face!

“Rameen, actually it’s nothing bad, think about it she starts filming now, it will take a few months to film it, plus post editing, if it goes online it will be at least next fall, it won’t have much impact on us, some TV stations will even follow the trend and take what we have filmed before and air it again.”

Jin Wei hurriedly began to analyze the pros and cons for Rameen Tong.

“I will never allow her to get more limelight than me she wants a comeback, dream on and investigate her scandal right now.”

Jin Wei frowned, “She hasn’t been out for over half a year, where’s the scandal”

“No really won’t get fake? This kind of thing still needs me to teach you not to mention that she didn’t come out for more than half a year, what did she go to do for more than half a year, what we say is what.”

Jin Wei understood, “I’ll get right on it.”

Jasmine Tong also didn’t expect that the post-chaste biography would start filming so soon.

It’s all home-grown actors anyway, and with Star King International having so few resources lately, everyone’s free, and the schedule is straightforwardly finalized.

Mo Yiang helplessly really shaved his head, the male god shaved a bald head is also irredeemably handsome, directly on the hot search first place.

Jasmine Tong looked at the scar, it should have been from when he was very young, so it wasn’t very obvious by now.

“Black Earth, what exactly did your little uncle tell you about the benefits he promised you that made you so quick to agree”

Jasmine Tong was still very curious and kept chasing after Mo Yiang.

“You’ve asked me 800 times, get sick of it.”

Mo Yiang is still very wimpy, and the good news is that his fans are accepting of his bald look.

“Yeah, I’ve asked the question 800 times and you still won’t tell me, you’re really calm too, you’ll tell me and I won’t ask”

Jasmine Tong stroked Mo Yiang’s big bald head, “If you don’t say anything, I’ll expose this scar of yours specifically to you”

“You two are enough ah bullying can someone else your husband came to our house with a brick, had to let me smash his head, get a scar identical to mine out I’m afraid of you okay.”

Mo Yiang’s angry face is really painful.

Jasmine Tong was stunned for a few seconds, holding her belly and laughing.

“My God, only your brother-in-law could have done this.”

That’s a good husband for her.

Taking a brick to his great-nephew’s house and asking him to chop his head off is also desperate.

“And you’re laughing.”

“But, Black Earth, you can’t cheat on the ten million you promised me you’d invest.”

“When did I promise to invest more than ten million for you” Mo Yiang glared at Jasmine Tong.

“Just the day I came to you, you said you’d invest in me.”

“You get over it, I was like, I’m not going to play the part, but I can invest in you now that I’m in it, so there’s no investment, ok”

“The reason you agreed to act is because of your uncle, but you promised to invest I ah I don’t care, this investment, you have to vote.”

Jasmine Tong left with a melon in her mouth.

Mo Yiang’s lungs were about to explode.

“I owe you both.”

During the filming of Jasmine Tong’s post-Christian biography, Russel Cheng came over.

“Ma’am, didn’t you ask me to investigate COLOUR a long time ago but because so much has happened, I wasn’t able to report back to you and now I’m re-investigating some of the information.”

“Come on, tell me, is their product really that good?”

For this skincare brand founded by Rameen Tong, Jasmine Tong was a hundred times less convinced that it would be that good.

But she couldn’t even find anyone from some online forums to say that the brand was bad.

Russel Cheng shook his head first, then handed over a pile of information to Jasmine Tong.

“That’s why I asked an expert to appraise their product.”

“I don’t know much about any of this stuff, so talk to me.” Jasmine Tong looked at the densely packed words and symbols.

“Simply put, the reason why COLOUR is perceived by everyone as being very good and very effective is because it’s laced with a lot of offending chemicals.”

“Offending chemical substance”

“For example, some of the heavy metal substances, and some of the hormones, some of the heavy metal substances can make the skin fair and delicate in a short period of time, and the hormones can reduce pores, reduce acne and all kinds of other amazing effects.”

“But I’ve heard that they can’t just be added to skin care products.”

“Yes, the state is all about it.”

Chapter 500

“We have strict regulations in our country regarding the addition of such substances, especially for heavy metals and hormones, hormones are easy to

become dependent on, and once you get away from this skin care product, your skin will have immediate problems, which is why their users continue to increase.”

“Won’t it be harmful if used long term?”

“Of course it’s harmful, otherwise the state wouldn’t need to go to such lengths to impose restrictions, and naturally, needless to say, heavy metals, and hormones, which are the equivalent of medicating people all the time, can cause skin inflammation in the long run.”

Jasmine Tong mulled it over, “There should be a problem before it’s too late, why did they not even receive a single bad review?”

“There is, all of them are PR’d by them, and COLOUR has a dedicated PR team that will come to your door immediately to offer compensation and even threaten to intimidate you if someone reports a skin problem.”

“No wonder, Rameen dreamed up a really thoughtful question. The mind is all spent on these crooked ways.”

“If Madam wants to deal with her, very simply, summon those who have had skin problems to complain to the relevant authorities and immediately someone will look into their factory.” Russel Cheng suggested.

“No need, I don’t believe she has such a good PR team, one two ten eight, she can still handle it, if, like you said, she really added so many things, it would definitely erupt into a massive incident, why do we need to get involved in this muddle”

Jasmine Tong is now so focused on wanting to make a drama that she doesn’t want to pay attention to these things for now.

“Madam is quite right, so we’ll wait.”

“Let’s see what happens.”

It’s already in the waning moon, and everyone has already smelled the Spring Festival faintly.

Many celebrities have taken a break, but there are some who can’t sit still, like Rameen Tong.

Originally, she was going to have a good rest for the Spring Festival this year, but Jasmine Tong's comeback suddenly disrupted her plans.

She will never allow herself to lose to Jasmine Tong, so even though the Chinese New Year is approaching, she still has one announcement after another.

This is the first time I've ever been in a position where I've had a chance to do this.

This is a comedy film, perfect for the Chinese New Year, and Rameen Tong is making her first comedy film.

Since it was close to Chinese New Year, the launch site was decorated in a very festive way.

People are living a little more lightly than they used to, and it is a comedy movie after all.

Rameen Tong is still beautiful, she wore a red cheongsam and a playful headband and all the cameras were on her as soon as she appeared on stage.

"Rameen Tong, you big liar."

A growling voice came from outside the arena.

"Rameen Tong, aren't you afraid of going to hell for making black-hearted money?"

"Rameen Tong, give me back my face."

Several women had broken into the scene, and their faces were very horrific, with either a large pimple or a patch of red blood that looked horrible.

A woman at the head of the group pulled out a skincare set straight from the box, and anyone who used it knew it was a classic COLOUR set.

"Take a look, this is Rameen Tong's skincare brand, a lot of people use it, but did you know that many of the substances in it are over the limit, especially heavy metals and hormones, no wonder it works so well."

“I just stopped using it for a week and this is what my face looks like,” another woman said, pointing to her face, which was densely covered in acne all over.

“I was also told by my doctor that my face would need to be treated for a long period of time before I could recover.”

“I had an expert friend make an appraisal, and a lot of things in this skincare product have gone beyond the national standards, and long-term use will not only create dependency, but also break out the skin.”

“Rameen Tong, you give us our money back and pay for our faces.”

Several of the women were very loud, one shouting vigorously.

The scene was out of control at one point.

Rameen Tong on stage was also flabbergasted, and she didn't expect this to happen during the press conference.

“What's security security doing blowing these troublemakers out of the building”

A staff member immediately came to stop it.

A media reporter immediately filmed the scene.

The organizers felt the impact was bad and had to end the presentation early.

Backstage Rameen Tong was also furious.

“PR team how do I not already said that there are any problems to be compensated how all of a sudden to do this kind of thing.”

I can't believe it made it to the press conference.

Rameen Tong immediately called the head of COLOUR and told them to settle these women as soon as possible.

I didn't realize that things were just the beginning.

By the end of the night, the matter began to fester.

A video of the disturbance was posted online at the press conference, which led to more complaints.

“I had a lot of problems with that skincare product, and then it was the COLOUR that gave me a huge settlement, so I didn’t say anything.”

“Every time I stopped using it for a week, my face would have problems, and I thought it was because this skincare product was really good, but it had hormones.”

There are also some experts on the web who have interpreted these substances, saying that they damage the body, the skin and so on.

Overnight, it seemed as if COLOUR had become a target, and everyone condemned and spat on it.

The night was destined to be a sleepless one for COLOUR, with complaint calls going out the window and many people saying they wanted a refund.

The next morning all the stores were flooded with customers who said they wanted to return the goods and ask for compensation.

There’s never been such a class action before.

Stores are closing their doors.

On the set, Jasmine Tong and Mo Yiang will soon be doing a new shoot.

Because of the upcoming New Year, Jasmine Tong hopes to speed up the progress a bit, these two days even more overtime.

Xu Xingru arrived on the set early in the morning.

“Mandy, did you orchestrate the COLOUR incident?”

So concentrated and erupting so quickly, Xu Xingru had good reason to suspect that this incident was orchestrated by someone.

“No. What happened?”

“That’s odd, haven’t you been watching the news COLOUR has been a big deal overnight”

“That’s not surprising at all, Sister Starru, I’ve known for a long time that they add a lot of illegal additions, and it’s only a matter of time before something happens. I just didn’t expect it to come so quickly.” Jasmine Tong was still somewhat surprised.

“It’s good that you didn’t plan it, but this matter will have nothing to do with us, just watch how Rameen Tong will face it. It is said that the relevant departments are also going to intervene, this matter has become too big.”

“Sister Xingru, how do you think Rameen Tong will publicize this?”

“The fact that she’s been able to stay out of trouble and not be investigated must have something to do with the authorities, the worst that can happen is that she’ll spend more money.”

Jasmine Tong pondered the matter with her chin.
