

Her Bossy Yet Naive CEO Chapter 501 - 515

Chapter 501

In a luxurious hotel, in a top-class private room, the head of COLOUR is hosting a dinner for the relevant department personnel.

Naturally, Rameen Tong will not appear on such an occasion, and she will leave all public relations to the person in charge of COLOUR.

“Meng, you don’t have to be too nervous, we’re just performing official duties this time and going through the motions, the procedure still needs to go through the motions.”

“Aigoo, I’m so relieved when you say that, then let’s eat the food, but today’s food is specially prepared by me.”

The waiter came up with a gold plate with a lid on it.

“You are a guest, you taste first.”

The visitor lifted the lid and looked at it, first stunned, then laughed and put it back on.

“Mr. Meng is so kind.”

“As long as you like it, come on, pack up this dish and bring it back to Chief Zhao to enjoy it.”

Immediately someone came up and loaded up all the contents of that golden plate.

The meal was a hearty one.

Meng also asked someone to personally escort Chief Zhao to the car.

Chief Zhao was already a little tipsy.

“Chief, isn’t there an explanation from above, this matter must be investigated and dealt with severely, why are you still”

“Yarwen, don’t worry, I have a sense of propriety, I didn’t bring out anything he gave me, I could have done anything before, but this time the top has given a death order, we have to learn to be flexible ah”

“So that’s how it is, but this time I’m very strange, the top wasn’t even this strict in the past, so why did they give a death order this time Moreover, isn’t our director very close to the officials”

“That means some people don’t even dare to offend the director, so I’m going to take a nap.”

Chief Zhao slapped his stomach and passed out.

After sending Chief Zhao away, Meng was relieved and hurriedly called Rameen Tong to report the situation.

Since they had accepted the gift, they would definitely do something, not to mention the fact that Chief Zhao had said it was just a formality.

To no one’s surprise, two days later, the QA side immediately gave the public a report.

This report was based on a sample of Colour’s other cosmetic products that were tested and the results showed severe levels of heavy metals and hormones, which exceeded the national limit by as much as ten times.

This has caused even more public outrage.

Everyone started to crusade against Colour, started to crusade against Rameen Tong!

I can’t tell you how awful everyone’s talking.

The colour incident is different from the previous love incident, which was only copied by the designer, Rameen Tong just pretended not to know.

But this skincare brand is different, Rameen Tong has always claimed to be natural and cruelty-free, and she has always stated that she has been using this brand, even inviting many celebrities to stand up for her.

She had even gone to the factory to film the cleanliness and hygiene of the plant and the natural ingredients used to make it, so it all seemed fake.

“Rameen Tong is simply too bad that this kind of thing is even said so well she definitely doesn’t use it herself”

“Liar, liar, liar, liar, liar, liar, liar, liar, liar.”

“Bad acting, bad character... Rameen Tong, refund your money.”

Because of the intervention of the quality control department, Colour had to close down its business and remove all its products from the shelves.

“What the hell is wrong with you guys didn’t you tell me it was just a formality?”

Rameen Tong pushed all the announcements to the coloured headquarters.

“Mr. Tong, that Zhao Section Chief did say that, we didn’t know that he actually said one thing to his face and another behind his back,” Meng also felt oddly aggrieved.

“What do I do now? What do I do?”

Rameen Tong is rushing back and forth in her office, and it’s not just about a skincare company; it’s also about her acting career.

“Rameen, all we can do now is minimize the damage, COLOUR, you definitely can’t have it, we must apologize now and make restitution right away and still save some of your image, otherwise”

Jin Wei had always been very submissive to Rameen Tong, but this time this was no choice.

Naturally, Rameen Tong knew.

If the QC hadn’t posted that report, things might have been salvageable, but there’s nothing to salvage now.

She couldn’t tweet an apology in the evening, saying she didn’t know about it, putting all the blame on the coloured head and saying she would compensate everyone.

She even released a video in which she cried completely plainly, said she was sorry to everyone that she was guilty, and said that she would never get involved in business again and would do her job as an actress in the future.

Even though Rameen Tong still had some announcements to make, Jin Wei put them all off, thinking that it would be better for Rameen Tong to take a break for a while.

It's just as well that it's almost New Year's Eve.

She who had become a wealthy woman with her own skincare brand was suddenly left with nothing.

But of course she's not happy.

"Rameen, in fact, this is quite good, didn't you say before that you would take a good rest for the New Year just to take advantage of this gap, and then struggle again next year."

This was the only way Jin Wei could comfort Rameen Tong.

Rameen Tong held a warm bag in her arms as if she wanted to crush it.

"This incident came so suddenly, I think it was orchestrated by someone with malicious intent. Have you investigated the people who caused trouble at the launch the other day?"

How could Rameen let this go like this?

She could rest, but she wouldn't allow it, and while she was resting, someone in the limelight

"I carefully investigated those people, and they all posted tweets afterwards, and two of them, who seemed to be fans of Jasmine Tong, had a lot of news about Jasmine Tong on their tweets."

"Jasmine Tong I knew it would be Jasmine Tong's she is just deliberately working against me, he said that the last endorsement was just the beginning, I didn't expect her to make a second move soon."

Rameen Tong angrily threw the warm bag in her arms to the ground

"Have you prepared what I asked you to prepare last time or not?"

"Preparations are ready, but I just don't think it's the right time to send them."

“Of course it’s time, I won’t make it through the year and she’ll never make it through”

Jasmine Tong’s side is also on vacation.

She bought New Year’s gifts for the crew all out of her own pocket, and then went home happy.

Hugging and kissing his own son non-stop.

“Baby, did you miss Mommy, Mommy missed you so much.”

The set wasn’t too far from home though, and she could make a round trip every day if she wanted to come back, it would just be a little harder.

But even if you leave for a day, you still miss your son.

On the 27th day of the lunar month, Albert Ou was also officially on holiday.

Chapter 502

Ron family (household)

Every New Year’s Eve, Ellen Ron and Rameen both had to return to Ron’s house.

Since Rameen Tong has been doing well in business and her fame has been rising, her status in the Ron family has naturally been increasing day by day.

This year, however, was completely different.

Preparing gifts for the family at festivals, this kind of thing has never been Rameen Tong’s task.

Rameen Tong was also very generous in the Ron household, always picking out expensive gifts to give.

Naturally, this time will not be an exception, the nutritional products she bought for Lin Qingfeng are worth a lot, the purple sand pots she bought for her father-in-law are the best of the best, and the cosmetics she bought for her sister-in-law are international luxury brands.

“Mom, I’ve been so busy lately, I really haven’t had the time to prepare, and these gifts are a little out of reach.”

Rameen Tong knew that her gift was very expensive, but she was still very modest.

Lin Qingfeng just scowled and Ron Yu was on the side.

“Dream, I know you’ve been busy lately, so I haven’t bothered you, but there’s one thing I’m going to have to say about you.”

Belinda skimmed the side of her mouth.

“Your skin care products, mixed with all that mess, why didn’t you tell us, but Belinda uses it all the time, and so do I. I’ve been trying to sell it to my friends all the time, and it’s a disaster”

Lin Qingfeng originally took pride in Rameen for her family, and some of Colour’s series sets were limited edition sales, and many of her friends asked her to buy them.

As a result of such a big incident, she naturally couldn’t hang up her face.

Even many of her friends have cut off contact with her, and some others are in the way and can’t say anything, but the words are not without some complaints.

“That’s right, sister-in-law you earn this black money okay but you know what I have been using but you should have told me a long time ago ah, others you do not say, even I you do not say it?”

Ron Yu was also in a state of distress.

“In case Belinda is disfigured, can you afford the responsibility” Lin Qingfeng looked at her daughter with a heartache.

Belinda’s face also started to break out in small pimples after she stopped using her skin care products, but it wasn’t particularly serious, so the doctor conducted a checkup and said it would go away in a while.

“Mom, it’s not as bad as the internet says it is, it’s just a little more of some chemicals, how could it disfigure your face?”

I don't know how to explain this matter, after all, the report of the quality inspection department is posted there, she can't deny it.

Ellen Ron ignored them and went straight to find his own father for tea.

"That's easy for you to say, it's just YUKI's luck, anyone else wouldn't be so lucky, but we wouldn't dare to use what you gave us."

Rameen Tong could only listen, even if a bellyful of anger couldn't get out.

Because of the effects of this incident, neither Lin Qingfeng nor Ron Yu gave her a good look, and she was suffocating in this house.

After dinner, Lin Qingfeng dragged Rameen Tong directly into the small living room, where they were the only two people in the room.

"Mom, what did you want to see me about?"

Despite Rameen Tong's strong opinion of Lin Qingfeng, she still spoke to her in a pleasant manner.

"It's been almost two years since you and Ellen got married, how come you're still not pregnant."

Lin Qingfeng had no scruples whatsoever.

Previously, Rameen Tong was a VIP in the Ron family, she was expensive and famous.

Naturally, the Ron family will hold her and protect her.

Plus, before the crisis that hit Eixin International, it was Rameen Tong who took out a lot of money to avert the crisis.

Even Lin Qingfeng had to see her face.

But now Lin Qingfeng didn't need to worry so much because the current Rameen Tong was not as good as before.

"Mom, Ellen and I are still very young and our careers are more important, so, not yet."

This was one of the biggest headaches for Rameen Tong.

“Career is more important, look at the mess you’ve made of your career now, even our officer’s family has lost adults with it, and you have the nerve to talk about career in front of me.”

“Mom,”

“You’ve been married for almost two years. It’s time for you to have children. As a woman, you should stay at home and teach your husband and children. Don’t go out and make a fool of yourself.”

Lin Qingfeng’s words were as bad as they were going to sound, but Rameen Tong hardened not daring to refute a single word.

“I’m telling you, you’ll have to hurry up with the baby-making thing if you can’t conceive again.”

Lin Qingfeng slapped the table directly.

“Mom, I’ll try, but if there’s nothing else I’ll go home.” Rameen Tong stood up humiliatingly and walked out.

She hated it in her heart, this was not the time for them to be sticking up for themselves, her career had just hit a crisis and they immediately turned their backs on her.

But at this point, she could only fight her way out of it.

“Jasmine Tong you wait for me, all this you brought me today, I will return it double”

The Crystal Garden was a buzz now.

In the blink of an eye, the baby is over four months old.

On the day of the New Year, Albert Ou took Jasmine Tong and the baby to Mojia as usual.

They came back without an overnight stay because they were worried that the baby would be fussy in a different environment.

In the evening the family watched the fireworks in front of the window, the little one is not so happy.

Fire trees bloomed in the sky.

Albert Ou held Jasmine Tong in his arms, and Jasmine Tong held the baby.

“Honey, I feel like I’m the happiest person in the world.”

“You’re not.”

“How am I not,”

“Because I’m the happiest person in the world, and you’re second best at best.”

Albert Ou carved a deep kiss on Jasmine Tong’s forehead.

“Jasmine, thank you for always being there for me and for giving me a son.”

All of this was something Albert Ou had never dared to think about before.

He thought he was a sealed half-human, half-vampire, who had spent his life in torment after all.

But not before he lifted the seal, had a brother, a woman he loved, and a love child.

“Then let’s have another one.”

“What you still want to have another one, are you out of your mind” Albert Ou knocked Jasmine Tong’s head.

Having this son, Jasmine Tong has been through the hell, and she still wants to have him.

Jasmine Tong threw up her tongue and didn’t speak again, this topic should be discussed later.

It’s just that what Jasmine Tong didn’t expect was that the joy of this Spring Festival would come to an abrupt end on this day.

On the second day of the Lunar New Year, Jasmine Tong went home to her mother’s house, but overnight she became the subject of a scandal.

No one expected that it was on the night of the first day of the year that the news broke out collectively

Chapter 503

“Jasmine Tong has a child out of wedlock.”

“Jasmine Tong had plastic surgery.”

“Jasmine Tong is the real heartthrob.”

Basically all the gossip revolves around these three elements.

At first it was said that Tong was not married and had a child, when Tong announced that she was leaving the entertainment industry for a period of time, there was speculation that Tong might be pregnant, and there was no evidence at the time, people were just speculating.

It is also a good idea to take a picture of a woman holding a baby in her arms, which is very blurry and only shows a back and side view, but it is very similar to her.

It is the first time in the history of the country that the government of the People's Republic of China (PRC) has made a commitment to the development of the country's economy.

In the end, it's saying that Jasmine Tong is a scheming bitch.

It barely took Rameen Tong's COLOUR to shut down and reorganize, all the stores were closed and the factories were shut down, so there was almost no difference between shutting down and reorganizing and closing down.

The culprits were the women who caused the trouble at the press conference, and when they were traced, it was discovered that most of them were fans of Jasmine Tong.

In other words, Jasmine Tong let her fans go to the press conference to cause trouble, which led to Rameen's COLOUR incident.

There are also people who brought out the incident of Rameen Tong signing a contract with Girl's Hour, and some people analyzed that Jasmine Tong did it all on purpose because she got another contract with Girl's Hour.

In other words, Jasmine Tong is actually very scheming.

Because it was New Year's Eve, the media did not notice this in the slightest, and all press releases were what users saw and heard, which added to the authenticity.

That's why it caused such a big stir.

The internet was spiteful.

An actress in her early 20s who is pregnant and unmarried and lying to her fans that she's gone to study to recharge her batteries is not even tolerable for her fans

It's also the case that she is not as innocent as she seems.

Each one of these news items alone is a fatal blow to Jasmine Tong.

She just came back. She's not as popular as she used to be. She's got nothing to show for it.

It happens to be New Year's time again, and the company's PR team is still on holiday, who would have thought something would happen at this time?

Xu Xingru, who was still back home, saw the news and immediately called Jasmine Tong.

"Sister Xingru, what to do" Jasmine Tong was also about to explode when she saw the news.

It's New Year's Eve.

"This event happened so suddenly, someone must have planned it maliciously."

"In addition to Rameen Tong can also be who those pictures holding children is not me at all, but look at the body shape see side face, and I am very similar, we are also reasonable, plastic surgery of those evidence must be fabricated.As for the Rameen Tong thing, I don't know what's going on."

"I checked that one out, and it's a coincidence that some of those women do have fans of yours, so we'll just have to accept our bad luck.This event is very bad for you."

Xu Xingru doesn't say, Jasmine Tong also understands.

If she is still the same Jasmine Tong who has won two trophies, or the same Jasmine Tong who comes out with new works every now and then, this will not affect her much at all.

But it's really different now.

"Mandy, I'll tell you what, I'll send out a letter from my attorney to stop the slander against you, and I reserve the right to pursue the case, because it's in the New Year and there's no telling how far this can fester, so let's not say too much."

"Well, you'll see."

I'm not going to be able to do anything about it," he said.

And the person who started it on the other side can be happy.

On the second day of the Chinese New Year, Ellen Ron and Rameen Tong returned to the Tong family.

Looking at the gradually fermenting news, Rameen Tong was all the more happy.

Since it was during the New Year, the price was too high if you purchased a navy, but she had spent a lot of money to create this event.

Ellen Ron accompanied Marven Tong to drink with him, while Rameen Tong and Simin Du were talking about their family life together.

"Montmorency, I see you don't look too well, are you not feeling well?"

"Quickly don't mention it, these few days, it's about to be suffocating in the Ron family" Rameen Tong couldn't help but start complaining.

When you get to your own mother's house, you can finally unburden your heart.

"That's how these guys are. When you're in power, they can't wait to wag their tails behind you like a dog, and when you're out of power, they can't wait to step on you with the others."

Simin Du pulled Rameen Tong's hand and patted it, "Meng Meng ah, don't take these things to heart, don't worry, there is still your mother's family to back you up."

"It's just because I have a mother-in-law now, otherwise, what might my mother-in-law say about me she's now pushing me to have a baby again."

Rameen Tong's head was spinning at the thought of it.

"But ah, Meng Meng, your mother-in-law is right about this, you should indeed have a child with Ellen, think about it, you've been married for almost two years, it's time to have a child."

Rameen Tong looked very impatient, "Oh mom, why are you bothering me with this too"

"Mom is telling the truth, only if you give birth to a boy and a girl can you solidify your position in the Ron family and keep a hold on Ah Ellen ah, Ah Ellen has so many women around him, maybe a third child will come out."

Rameen Tong also felt that Simin Du's words were reasonable.

"Meng Meng, tell me, how often do you and Ellen" Simin Du asked cautiously.

Although she was her own mother, Rameen Tong was still a little shy.

"Mom, why are you asking that?"

"I'm your own mother tell me what's wrong and when was the last time."

"I don't remember." Rameen Tong wasn't confused, but she really didn't remember.

"Look at you, you know how to fight for your career, you can't even manage your own man, Ellen is the time of great physiological needs, 80% of the outside already have someone, not to seize the moment, have a child, solidify your position as the main family."

Rameen Tong immediately became nervous, "Mom, I you said that there shouldn't really be someone outside of Ellen,"

“That’s not good, a man like him, every one of them is looking forward to it, the red flag at home and the banner outside, just like your father, it’s not the same not to mention Ellen, successful career and handsome.”

Duthie said shoving a small clear bottle into Rameen Tong’s hand.

“The last time Mrs. Chow went to Thailand to bring back essential oils for her daughter, I asked her for a little bit of them too, and they were said to be very effective. You go try.”

Her Bossy Yet Naive CEO Chapter 504 - 506

Chapter 504

Rameen Tong held this small, transparent bottle in her hand.

On the second day of the Chinese New Year, she and Ellen Ron stayed overnight at Tong’s house.

Rameen Tong carefully tried to fathom her mother’s words, although she also rejected the idea of having a child at this time, she wanted to stand firm in her position as the young lady of the Ron family, so she should consider having a child now.

The love is gone, the COLOUR is gone, and she’s just still relying on her mother’s family, and she still has some standing in the entertainment industry.

So she needs a child now.

“Brother Ellen, my mom’s friend gave her a bottle of essential oil, she said she brought it from Thailand, let me give you a massage tonight, it’s a rare New Year’s Eve where you can rest and relax.”

“Yeah.” Ellen Ron didn’t refuse either.

He had always been neither cold nor hot towards Rameen Tong.

Ellen Ron took off his clothes and lay down on the bed, Rameen Tong took the essential oil out and applied it to his back and began to give him a gentle massage.

That gentle force, coupled with the effect of the essential oil, Ellen Ron soon couldn't take it anymore and pulled Rameen Tong directly into his arms.

Rameen Tong was pleasantly surprised, even if she wasn't pregnant, it would be nice to promote the relationship between the two of them.

New Year's Eve, Jasmine Tong's scandal is still festering.

Xu Xingru sent a lawyer's letter in the first place, yet it was to no avail and instead made the netizens think that these were all true.

Jasmine Tong was indeed pregnant and gave birth, sooner or later the matter would have to be made public, and if they made up lies because they wanted to resolve this incident, they would be beating themselves up by the time the results were announced.

One can't publish, two can't explain, and this is a really tricky thing.

The more and more stories about Jasmine Tong's unmarried child are spreading on the internet, the more people are making up stories, even making up noses.

It is also said that Jasmine Tong gave birth to a son to some rich businessman and was dumped by him.

Jasmine Tong was browsing through them, but her phone was snatched away by Albert Ou.

"I'm not even as good as your phone right now if I've been holding it all day, not to mention my son."

Albert Ou hated to transform into a cell phone and stay in Jasmine Tong's hands.

"I'm bored."

"Can I help you?" Albert Ou had heard something about the incident.

"Not yet, but if I can't get through a little storm like this, then I've lived in vain."

Albert Ou sighed and held Jasmine Tong's face, "I used to say that you don't need to be strong in front of me, but now it seems that you're still so strong."

"I don't need to be strong in front of you, of course I don't need to be strong, I was hurt out there, you came back to comfort me."

Jasmine Tong hugged Albert Ou's waist.

"Is that all I'm good for now?"

"Of course not, you have a big role to play."

Albert Ou stroked Jasmine Tong's long, soft hair.

"The Dark Empire here will have an annual meeting after New Year's Eve."

Jasmineton lifted her head and looked up at Albert Ou.

The Dark Empire's annual meeting as the number one group was highly anticipated.

Every time before, the annual meeting was held before the year, but this year, there were too many things going on, and Albert Ou was too busy trying to make the Dark Empire lively again to care about the annual meeting or not.

"So are all of our Star King International artists allowed to show their faces?"

"Star King International is now owned by the Dark Empire and is considered an employee of the company, so of course it can be."

Albert Ou replied with a stern face.

"That's just great thank you oh honey"

Jasmine Tong hugged Albert Ou's neck in a very intimate manner.

"It's not like I'm doing this for you, the Dark Empire was pushed out of the top ten in the world a while ago and I need an annual meeting to bring back fame now."

The previous Dark Empire was almost half a year without a leader, and its credibility was greatly diminished, many people even estimated that the Dark Empire might be facing a bankruptcy crisis.

This resulted in many of the collaborations being cancelled.

Even Albert Ou's ranking of the world's richest people has disappeared.

"All right, I get it, it's a double whammy."

She has to believe him even if he says it's not for her.

Although holding an annual meeting could pull the anger of the Dark Empire a bit, the Dark Empire had always been very extravagant at annual meetings, which was another very large expense.

"Don't you worry, honey, I can keep the pay of these little flowers under my hands to a minimum."

Albert Ou snorted, "I'm not paying for it anyway."

Tong Siu Man was startled. Yes, she paid for everything herself.

She's the big boss behind the Dark Empire.

After the New Year, Jasmine Tong did not respond to the gossip, but instead kept a low profile and started filming.

Faced with Tong's non-response, netizens even blew up.

"Jasmine Tong shouldn't have really given birth to a child to make a comeback,"

"Is it really true that she was dumped by a rich businessman and now she has to go out to earn money for her kids?"

"I originally thought Jasmine Tong was quite innocent, but I didn't expect her private life to be so chaotic."

Many netizens even began to spit on Jasmine Tong, feeling that she had cheated on their relationship.

Xu Xingru had to come to the set once again to discuss strategies with Jasmine Tong.

"Sister Xingru, why don't I just explain it on Twitter can't keep everyone guessing all the time, it's always going to get worse."

“Unless you tell everyone outright that you’re really pregnant and have a baby, you’d better not explain.”

“But what’s happening is I’m really worried about affecting the post Jeanne’s passages because of myself, and this is a chance for the little flowers to turn over a new leaf.”

It doesn’t matter if Jasmine Tong stinks, she can quit the entertainment industry and stay at home with her husband and children, but I’m afraid these little flowers won’t have a chance.

“If you explain now, when the time comes for you to disclose that you’ve already had a child, won’t that be a slap on your own face? It will affect you even worse then, and it might even spill over to Ou.”

“So there’s nothing we can do about it now?”

“The only way to do it now is to let time slowly wash this thing away, and we feel like it’s different without responding to it, so we keep not responding to it, and as time goes on, people don’t care.”

“That’s for now.”

There’s no other good way to do it anyway.

But Jasmine Tong worries that netizens are able to forget certain things over time, but certain people are not.

After the New Year, Rameen Tong side is also ready to start work, the Spring Festival release of that film, the box office is not very good.

She has to come up with better work or she will only be crushed by Jasmine Tong.

“Has Jasmine Tong’s side yet to respond to those scandals during the New Year?”

“Not yet, there’s been no movement after Xu Xingru sent a legal letter, I think they want everyone to slowly fade away from this matter.”

Rameen Tong smiled evilly, “Then we’ll just let everyone keep remembering this incident.”

Chapter 505

Jasmine Tong and Xu Xingru both agreed that they hoped time would slowly wash away the messy news.

But who knows, as time went on, instead of people forgetting about it, the speculation got worse.

On WeChat and even many public media outlets publish information about the biological father of Jasmine Tong's child.

There was also speculation that Tong's child could be Mo Yiang's, and there was even public speculation through time as to whose child Tong's was.

It seems that everyone thinks that Tong did indeed go to have a baby during the time she was away, and the fact that she never responded to it makes it even more of a sitting duck.

On the Wild Goose City set, there were even people squatting on Jasmine Tong all the time trying to catch some trace of her.

Jasmine Tong clearly felt like a thief these days, as she was still breastfeeding and needed to be milked every morning before having her maid bring her home, and she clearly needed to be more careful these days.

But sooner or later, something like this is going to pop up.

Jasmine Tong was also worn out, she had expected that Rameen Tong would never let this news sink in.

Along with the news of Jasmine Tong, Rameen Tong has started work at another location.

During the break, Jin Wei came running in a flourish.

"Wren's dream is great news."

"What's the big fuss" Rameen Tong is clearly out of place these days.

It's just that the online abuse of Jasmine Tong can make her feel better.

Jin Wei handed Rameen Tong a permuted invitation and a paper contract to her.

“Invitations to what part of the world?”

“The Dark Empire is hosting their annual conference and they’ve invited you to attend and perform at the conference, that’s the contract.”

Jin Wei was simply thrilled with the news.

“Inviting me to the annual meeting would be a business show. How much did they offer?”

“Rameen, this is not a question of money do you know how many people squeeze their scalp to attend the annual meeting of the Dark Empire it if the shooting of the Dark Empire this big tree, the future of soaring days are still to come”

“You elaborate.”

Rameen Tong had no contact with the Dark Empire, only knowing that the group was once the world’s number one group, and that it was in the game.

“This annual meeting of the dark empire has been released to the wind, to the entire network of global live broadcast, the stars invited are naturally big names, if you have the opportunity to get into good relations with the senior management of the dark empire, then in the future all your endorsements do not have to worry about, although they are doing the game to start, but its branches are countless more branches include a lot of fields.”

“It’s a good opportunity, but Star King International is owned by the Dark Empire, wouldn’t they take care of their own artists”

“Star King International is only a company under the Dark Empire, a small can’t be too small, they never choose spokesmen who are famous and prestigious, Star King International is now all small shrimps, and it has never been heard that the Dark Empire wants to support Star King International”

Rameen Tong suddenly hooked her lips and smiled, the Dark Empire had invited her to the annual meeting, which showed that it still valued her.

“Is Jasmine Tong going or not?”

“She is an artist of Star King International, even if she goes, it’s an obligatory performance, there’s no way to compare with the VIP treatment like yours,

your appearance fee is one million, I've asked around, some people are still willing to attend with zero appearance fee, our one million is already considered the top level"

This made Rameen Tong even prouder.

"Then we're off."

"Well, you'll sign the contract and then I'll go talk to the other side about performing at the annual meeting."

Rameen Tong was quick to sign it.

And on Jasmine Tong's side Xu Xingru also sent an invitation.

Looking at the permuted invitation in her hand, Jasmine Tong really couldn't laugh or cry.

"What is this man up to?"

"Yeah, the boss's wife is going to the annual meeting and she even needs an invitation" Xu Xingru couldn't help but steal a smile.

"Has everyone else?"

"I've heard it seems like all of them, all of our company's little flowers have received them, and, public or private, the head of the Dark Empire over there also said that the appearance fee is definitely paid."

"So I have an appearance fee too" Jasmine Tong was even more cryptic.

"I guess there is that, I'm not really sure, because it's my own company, and I haven't read the contract in detail, I've been really busy lately."

Xu Xingru still trusted Albert Ou.

"By the way, I heard Rameen Tong was invited to this annual meeting."

"Ah," Jasmine Tong was taken aback.

"What the hell is this guy doing ah invite her to do what this is not for nothing to her to do publicity it also give her appearance fee money more burn it"

Jasmine Tong really can't understand.

"I'm not really sure, but it's said that Rameen Tong is enjoying the highest level of treatment on the Dark Empire side, and even you are being compared to her. Perhaps Ou wasn't in charge of the project and was invited by the other principals."

Jasmine Tong just tossed the invitation aside.

It's a really bad deal to make.

It's a huge amount of money, and many celebrities want to get in, but they invited Rameen Tong!

And VIP treatment.

Jasmine Tong originally wanted to call Albert Ou and ask him to intervene in the matter.

But on second thought, it was probably Albert Ou's men who had run this thing, and if Albert Ou were to get involved, it would definitely cause a lot of trouble again.

Better yet, she should have greeted Albert Ou beforehand.

Because of the Dark Empire's annual meeting, Jasmine Tong's news was finally suppressed.

The news was all about the Dark Empire's annual meeting, and even the entertainment section was all about a certain star confirming his or her participation in the annual meeting, as well as a certain star bringing a show to the meeting.

Every annual meeting of the Dark Empire is highly anticipated, this one especially.

The entire Dark Empire was busy with this annual meeting.

Surprisingly the main person in charge of this annual meeting was Albert Ou himself.

"Did you send the invitation to Rameen Tong?"

“It’s been sent out, as well as the contract, which they’ve signed, and they’re now negotiating with the person in charge of the show.”

“Tell them the more difficult the performance is, the appearance fee can be added separately, the length of the appearance can be extended appropriately, and it’s all up to them.”

Russel Cheng is very confused, shouldn’t this be the treatment only Jasmine Tong can enjoy?

“Okay, I’ll get in touch with them.”

“Also, does the appearance fee need to be paid in advance.”

“The contract is to pay 50 in advance and the rest after the annual meeting is over.”

“Jasmine Tong’s appearance fee to me on this card.” Albert Ou placed a bank card on the table.

Chapter 506

Russel Cheng looked at this handed over bank card and suddenly understood Albert Ou’s intentions.

Originally, none of the artists from Star King International needed to pay any fees, after all, they were also employees of the company.

But this time Albert Ou must insist, and say that it’s not easy for everyone, one size fits all.

“What are you waiting for? Take it over there.”

Albert Ou seemed to see right through the heart and snapped hastily.

“Yes yes yes.” Russel Cheng hurriedly took the bank card over.

“You are not to tell your wife about this, and if you reveal a word about it, you understand the consequences.”

And finally, Albert Ou made a point of threatening.

“I understand.” Russel Cheng immediately went down with his bank card.

It was announced externally that Jasmine Tong is zero appearance fee, but there is really two million dollars in the company's books, when did their Ou learn to make false accounts?

It really makes Russel Cheng laugh and cry, it seems that all men in the family are the same, even if they were once the richest man, they need to hide some private money in front of their own wives.

On the set of Goose Town

All of the artists who remained in Star King International, but who had a bit of talent, were brought by Jasmine Tong to the Jeong Hou Legend crew.

So for this appearance at the Dark Empire Annual Meeting, the little flowers have gathered to make arrangements for the show.

After filming, it was also tough for everyone to prepare for the show.

What exactly the show was has not been discussed yet, and today was the first time everyone got together and everyone gathered in the conference room of the hotel.

Xiong Jinjin, Bai Mu, and Tian Zilin are all very talented actors who stayed at Star International.

Jasmine Tong also valued them and gave them important roles in the post-Christian legend.

Xiong Jinjin and Bai Mucheng were both college students who had just graduated last year and were very new to everything, not to mention how excited they were to hear that they were going to the Dark Empire's annual meeting.

Only Tian Zilin is sitting on the side with little spirit, she is 28 years old, a few years older than Jasmine Tong, but she has made so many films, but none of them have caught fire.

"Sister Zilin, you're so knowledgeable, come up with some ideas, this annual meeting is so important, we can't lose face" Xiong Jinjin greeted Tian Zilin.

Tian Zilin shook her head, the expression on her face very helpless.

“I advise you all ah, it’s better not to waste your time, this annual meeting is said to be a show for us to perform, but in reality it’s not yet a foil for Jasmine Tong.”

“No way I think Sister Manny is quite nice ah” said Bai Mu frowning.

“What you see is just a superficial phenomenon, Jasmine Tong has disappeared from the entertainment industry for so long, she now desperately needs a chance to snatch back her previous popularity, this annual meeting is a very good opportunity for her to show her face, how could she give it to us”

Tian Zilin is a bit older in the end and will just see things more thoroughly.

“That’s right.”Xiong Jinjin also agreed with Tian Zilin’s words.

“Let’s take the Queen of Jeong, she plays the female number one, pulling us all in as cushions, it’s nice to say that we’re given the opportunity, but in reality it’s just using free labor, the drama will be on fire, but it’s also sure to fire her as the number one female, which has nothing to do with us.”

Tian Zilin’s words immediately caused everyone to wilt, all of them listless.

“Sorry I’m late, everyone is filming during the day and we have to come over to rehearse at night, I’ve prepared a little dessert for you, but eat a little less, be careful of gaining weight”

With the sound of Tong’s voice, Tong walked in, along with some of the staff putting dessert and drinks on the table.

Tian Zilin immediately tugged at the corner of her mouth and smiled towards Jasmine Tong, although she didn’t like Jasmine Tong, she couldn’t offend Jasmine Tong yet.

“What’s wrong with all of you isn’t it too tiring to film during the day or let’s change it.”

Jasmine Tong quickly noticed that the atmosphere in the house was not quite right.

“Manny-san, no, we just don’t know what we’re going to perform at the annual meeting.”

The little cutie bai mu hurriedly began to round up.

“Since you guys don’t have any ideas, I’ll tell you what I think, we’re attending the annual meeting to promote our drama, so the costumes are the costumes from our drama, the characters are the characters from the drama, and I want to make it into a musical.”

All of them listened quietly as Jasmine Tong spoke.

“With a bit of humor, you can sing and dance, Zirin, you sing well, you’ll be the lead singer, Jinjin and Sebastian, you two dance well, how about leading the dance.”

When everyone listened to Jasmine Tong’s arrangement, they were all dumbfounded one by one.

“Sister Manny, what about you” Bai Mucheng asked hurriedly.

We all know that no one in this room can compare to Jasmine Tong, whether singing or dancing.

“I’m not participating.”

Everyone was shocked that she didn’t attend such an important occasion.

Make sure there’s no brain damage.

“I have a solo, and I’m the only one who doesn’t have any backup dancers, so I’m done singing, and my most important task now is to come and choreograph this cabaret for you.”

Hearing Jasmine Tong’s words, everyone felt incredulous.

The annual meeting is not a concert, naturally, the more lively the better, some dynamic dance or skit can cause a great impact, only the solo this does not excite any sparks.

Jasmine Tong is so willing to give this show away, she’s the biggest trump card here.

“What’s wrong with all of you this time you’re playing the lead role, we don’t have a lot of time, if you’re feeling tired we’ll start tomorrow, this appearance is important to you and I want you all to pay a little attention.”

Jasmine Tong looked at everyone's listlessness and thought they weren't paying enough attention.

"We're not tired, we'll start rehearsing now" Kum Kum immediately echoed.

Others have said they can rehearse immediately.

What followed was a tight rehearsal.

"Alright, that's it for today's rehearsal, just getting everyone acquainted, we'll officially start tomorrow then we can't slack off anymore"

As it was the first night, she practiced for just over an hour and let everyone go home to rest.

One by one, they were in great spirits.

Jasmine Tong took a look at Tian Zilin.

"Violettine, can you stay for a moment?"

Tian Zilin was directly shocked, could it be that Jasmine Tong heard what she said before.

Honestly Jasmine Tong's arrangement like this really scared Tian Zilin.

"I don't have anything important to do, so if you're too tired, you can go home and rest, but tomorrow is just as good."

"No, it's fine, Manny, just tell me what you need to know." Tian Zilin naturally didn't dare to slow down.

Her Bossy Yet Naive CEO Chapter 507 - 509

Chapter 507

There was still some of that tension in Tian Zilin.

"I might be a little more direct in my words, I hope you don't mind, Jinjin and Sebastian are still young and there will be plenty of opportunities later on, but

you're 28 this year and if you're not a hit, it might be hard to get a chance later on."

Tian Zilin lowered her head in guilt, Jasmine Tong was telling the truth.

Every year, a large number of actors graduate from school, with a crop of little flowers, and she does get a bit awkward at the age of 28.

"You've been in many roles before, and your acting skills are not bad, but you just lacked that little bit of luck, and Sakura mistakenly came to me wanting to cast me in the female role, but I highly recommended you."

Tian Zilin was even more shocked to see Jasmine Tong, a TV series that she loved so much, and the news that this TV series was going to be remade, she herself knew.

At first, she had secretly asked Xu Xingru to help her ask, but as a result Jasmine Tong came back, and she knew that even if the company got this resource, it would definitely give priority to Jasmine Tong.

"Zilin, making a remake of a drama is actually extremely difficult, especially like you, there's nothing you can get your hands on before, so this drama is too much of a challenge for you, but you can only give it a go now, that's why I'm giving you this female number one, I hope you won't let me down."

"Mandy you,"

This is because she knows more or less about this play, this play is a big production, Jasmine Tong now too much in need of a chance to turn around, such a good opportunity placed in front of him, she did not even want to give back to his own.

"What's wrong, is it too difficult? but Zilin, you're 28, not 18, you have to take a gamble and win it."

Jasmine Tong knew that giving such a challenging role to Tian Zilin was too stressful for her.

"Don't worry, I'll do my best. I'm sure I'll screw up."

"I believe in your ability to cheer up, you'll be auditioning over at the crew in two days, so take advantage of the opportunity."

“I will,”

Tian Zilin is already teary-eyed, she’s been filming since before she even graduated, and in the eight years since then, she’s never played a female character.

Not to mention how happy she is to have the number one woman here.

But she couldn’t understand why Jasmine Tong didn’t act herself.

“Mandy, you’re actually quite suitable for the role of Sakura, so why don’t you play it yourself.”

“I’m-I’m just concentrating on the post-Chronicle of Jeanne, and I’m still going to be a little busy, so I’m afraid if you take the role of Sakura, you’ll have two crews going back and forth.”

“I’m fine with that.”

“That’s good, go home and get some rest and get ready.”

Tian Zilin left the conference room after thanking Jasmine Tong repeatedly.

No, Jasmine Tong said she was busy.

But she’s only got this one drama, and not many dates, so why would she be busy?

Tian Zilin didn’t think much of it and went back to her room, this one night she changed all her opinions about Jasmine Tong.

The one thing the entire entertainment industry seems to be busy and focused on is the Dark Empire’s annual convention

The invited celebrities all want to make a splash at the annual event, and everyone is holding back big ideas.

Rameen even took a leave of absence from the cast in order to be able to rehearse properly.

In the rehearsal room she was having a good leg press, the last time she was at the New Year’s Eve concert her basic skills were completely crushed by Jasmine Tong, this time she couldn’t lose again.

This Dark Empire's annual meeting, she must be the brightest star of the night, stealing all the glory!

"Rameen" Jin Wei's resonant voice echoed through the empty rehearsal room.

"What are you making such a fuss about again? "For this hurried agent, Rameen Tong occasionally felt very noisy.

"If I told you, you wouldn't have said I was making a fuss."

"Well, get on with it then, I've got a busy rehearsal."

It's rare for Rameen Tong to be so focused, after all, this is a global live broadcast!

"I've already heard back from the group in charge of the Dark Empire's annual conference, arranging your penultimate performance."

Jin Wei foolishly held out two fingers

Rameen Tong knitted her brows, "Only the penultimate"

"The grand finale is the top brass of the Dark Empire we couldn't possibly arrange to be the last one, so of all the stars, you're the grand finale ah."

Once Jin Wei explained this, Rameen Tong immediately understood.

But somehow she felt a little out of place, wasn't this annual meeting going a little too well?

"Jin Wei, don't you think there's something wrong with it? Why is the Dark Empire treating us so well? They don't hold their own artists, but they hold me, do you think that's normal?"

After two brand crises, Rameen has become particularly cautious in what she does.

"I was thinking the same thing as you, so I made a special inquiry, and it is said that one of the people in charge of the annual meeting of the Dark Empire this time is a fan of yours, so they took special care of you."

“Oh, the Dark Empire still has my fans,” which made Rameen Tong a bit complacent.

“In addition, although Star King International is owned by the Dark Empire, but Star King International is not well-managed, the Dark Empire did not put this company in the eye, this time they are all treated equally, Star King International those artists can even only produce one group show yet”

With Jin Wei explaining like this, Rameen Tong was much more relieved.

“Rameen, just put your heart in your stomach, I’ve asked around for you, there’s absolutely no problem, we’re really lucky this time, so make sure to grab this opportunity, maybe you’ll be able to walk on the international stage from this time on”

Rameen Tong’s eyes lightly picked up, “Is there any movement on Jasmine Tong’s side?”

“I’ve heard she’s been busy filming the post Jeanne’s biography and I haven’t heard anything about her preparing for the annual meeting or anything like that, like they have a group show. I’m not really sure about the specifics.”

“Group show this is not very funny did not expect the famous Queen Jasmine Tong to be reduced to performing with others, it is ridiculous.”

Rameen Tong couldn’t help but laugh maniacally.

“Yeah, she’s nowhere near your position, and that will be in the past, she’s been off for so long, she’s not as popular as she used to be, not to mention there’s still so much gossip.”

“Jasmine Tong, Jasmine Tong, I never thought you’d have a day, so I’ll let you watch my performance at the annual meeting.”

Rameen Tong looked like she was on the verge of winning.

The news that the Dark Empire was hosting an annual conference had been dominating entertainment news headlines for half a month.

Now, this globally anticipated annual conference is finally getting underway.

The annual meeting is held in the largest gymnasium in the city of Z. This gymnasium can hold 300,000 people.

Chapter 508

As we all know, the Dark Empire has branches all over the world and naturally has numerous employees.

The 300,000 employees who can attend the annual meeting are all the best of the best, and there are even some who are drawn by lottery because there is really no way for everyone to attend.

The entire venue was also set up in a way that complemented the Dark Empire's high and mighty style.

The whole back office is the busiest at this time.

Employees who came to the annual meeting were admitted, and the performers were admitted through the back door.

Jasmine Tong and a bunch of little flowers from the company came in a bus with a large number of people plus their equipment, so an ordinary car wouldn't fit.

Also arriving was Rameen Tong's luxury car.

Just Rameen Tong stepped out of her luxurious nanny car with high heels and burst out laughing when she saw Jasmine Tong getting off a bus.

"I when who is so magnanimous driving such a big car just came, my God, what brand is this, how I have never seen a shadow queen in the end is a shadow queen ah, riding in a car are so unusual"

Upon meeting, Rameen was a bit of a sarcastic and sarcastic person.

At the side, Jin Wei and Huang Can couldn't help but laugh out loud as well.

"That's right, first time I've ever seen someone actually come in a bus."

Jasmine Tong didn't want to pay any attention to her and greeted these little flowers to start preparing for their entrance.

One by one, the little flowers also glanced at Rameen Tong.

"Ms. Tong is busy, is Ms. Tong here?" some suit-wearing staff member yelled with a hard tug on his voice.

“Here Miss Tong is here” Jin Wei hurriedly raised her hand and waved it.

The staff immediately came this way.

“Rameen sister, this same surname Tong, treatment is not the same ah, some people come over in a bus, some people have to have someone special to pick it up” Jin Wei this natural words very clear.

The staff walked up to Jin Wei, “Which one is Miss Tong?”

“This is Miss Rameen Tong, who won the post-graduation trophy not long ago.” Jin Wei naturally wanted to show off.

“Miss Rameen Tong oh, sorry for the mistake, I meant Miss Jasmine Tong.”

Rameen Tong and Jin Wei’s faces went white.

“We’re here,” Bai Mu immediately beckoned, “Sister Manny is here.”

The staff headed back to Tong Koman’s side.

“Is it Miss Jasmine Tong?” the staff towards Jasmine Tong bent over that attitude respectfully.

“Hi, I’m Jasmine Tong.”

“Well, come this way with me, the rooms are all set up for you.”

The staff leads the way.

Rameen Tong’s face was so green with anger!

Bai Mu immediately cleared his throat, “ouch hey, also surnamed Tong, how the treatment is so different”

That’s exactly what Goldwyn said.

Jin Wei hurriedly put her head down, now that was a loss to the adults.

Then they watched as Jasmine Tong sauntered in from backstage with the little flowers.

“Miss Rameen, after all, they are Star King International, so they have to take care of it more or less.” Jin Wei was afraid that Rameen Tong would get mad at this time.

“But what do we do now” Rameen Tong tried to suppress her fire.

“Someone should pick us up and take us in, so why don’t we wait here?”

Rameen Tong also felt that if no one picked them up, that would be too disgraceful and she would have to wait here.

The staff took Jasmine Tong to the largest dressing room.

“Miss Tong this dressing room is bigger, it’s specially prepared for you, if you need anything you can just shout at me.”

“Thanks, there shouldn’t be anything else we need, so go ahead and get busy.”

“Then I’ll go ahead and get busy.” The staff left.

“Sister Manny, it’s still your face ah look at that Rameen Tong arrogant to death, isn’t it just because she has a rich husband? If she didn’t have that husband, I wouldn’t believe that she could be famous.”

Baimu said with a pout.

“Sebastian, she was able to marry a rich husband, that’s considered her skill, in the entertainment industry, you have to learn to restrain your edge, don’t just say whatever you want, understand?”

Bai Mu hurriedly spat out his tongue, “I know, Sister Manny, next time I’ll be sure to keep my mouth shut”

“You’re still young and have a lot to learn rather than talking so much, you should listen and watch and learn.”

“Got it.”

“Alright, our show is rather backward, there’s still plenty of time, so let’s rehearse one more time and then make up” Jasmine Tong shouted towards everyone and ushered them together.

And Rameen Tong and her team were still standing outside, waiting.

It's just New Year's. It snowed two days ago. It's really cold.

Rameen Tong was wearing so little again, and after a while it got so cold that she felt her senses going numb, so she had to go to the car to hide for a while.

Cars came and went, and she even saw a lot of familiar faces and stars.

Still no sign of the person who came to pick them up.

"You this car is how the ah has been parked here obstructing traffic," a staff member came over and knocked on the car window.

"We'll be driving away in a minute."The driver hurriedly replied.

"Then get the hell out of here, either in or out, find a place to park that's convenient for you and convenient for everyone else."

The driver immediately said towards the back of Rameen Tong, "Miss Tong, what do we do now, it's not a good idea to always park the car here."

Rameen Tong was livid, her body just warmed over for a moment.

"How do you do your business, Kimvi? Why hasn't anyone come to get us yet."

"I don't know ah, what the hell is going on with the person in charge of this Dark Empire ah I just called and no one answered, I guess it's too busy, or we'll go in by ourselves"

Jin Wei also felt oddly aggrieved, thinking that when she had approached the person in charge of the Dark Empire side, they had respected her very much.

Rameen Tong had no choice but to get out of the car with a gray head, even though it was humiliating.

"It's a good thing we're leaning back," Jin Wei hastily added, hoping Rameen Tong would be in a better mood.

They're here, but which dressing room do they go to? There's always a staff member with them, right?

“Miss Rameen, I’ll go ask a staff member right away, they should have arranged for our separate rooms.”

Jin Wei immediately ran away.

Rameen Tong and Huang Can, as well as Rameen Tong’s backup dancers, all waited in the empty backstage area.

All the people coming and going around looked at them, especially some of the artists who were even holding back laughs.

This is too awkward of a scene.

“Hey, who is this? Isn’t this Rameen? Why are you standing here? Why don’t you go to the dressing room?”

Rameen Tong saw a familiar face as soon as she looked up.

Chapter 509

Guan Ai.

In the last year, Guan Ai’s popularity has skyrocketed, and she belongs to the same artists as Rameen, who is a member of Yi Xin International.

It’s also because Rameen Tong is the boss lady of Artsin International and has access to all the best resources to keep Guan Ai’s momentum down.

Originally Rameen Tong is not willing to have someone to share with her, but she can’t be the only artist, the more popular the artist, the more prosperous Yi Xin International.

She, the boss lady, will have to make some sacrifices.

Guan Ai despises Rameen Tong, always thinking that she has fallen in love with her rich husband, otherwise she wouldn’t be in the position she is now.

She is not worried that Rameen will give her small shoes to wear, because she is the most popular star in Eason International besides Rameen.

Guan Ai had also been invited by the Dark Empire this time.

“The boss lady is standing here doing what how not to go to the dressing room it” Guan Ai see Rameen Tong naturally can not help but have a confrontation.

“Our Miss Rameen is not an ordinary star, there is a need for a special staff with a special dressing room” Huang Can hurriedly stepped forward.

“Oh yeah? Then I’d like to see what kind of dressing room the Dark Empire has equipped for this boss lady of ours” Guan Ai looked like she was watching the fun.

A staff member came over just at this time.

“You’re just in time, we’ve all been waiting here for half a day and we haven’t seen you come over to be received, it’s so disgraceful” Jin Wei good and accusing.

The staff did not feel guilty in the least.

“I’m so sorry, but there’s so much going on today and our staff is so busy.”

“Then hurry up and get us separate dressing rooms.”

“I’m so sorry about that, you’re really late, the separate dressing rooms have been allotted, only the public dressing rooms are still there, and there’s probably a little room left, so hurry up, or there might not even be a public dressing room later.”

“Hahaha” guan Ai ton laughed, “what independent dressing room ah original people did not prepare for you guys alone ah, really laughing at the individual”

Rameen Tong’s face was white and red for a while, but she fell in front of Guan Ai.

“We Rameen sister but the finale performance, such an important performance, you even arranged for us to go to the palace dressing room has no mistake” Jin Wei of course is not convinced.

“Just because you guys are the finale, you’re not in a hurry ah, the others’ shows are in the front and need to rehearse makeup in advance, your shows are in the back, so go wait in the public makeup room first, I’ll let you know if there’s a separate makeup room to vacate.”

“Haha, that’s hilarious ah Rameen, I suggest you guys don’t go there early, hurry to the work dressing room or you won’t even have a chair in the public dressing room”

Guan Ai wore a mocking smile, the tone of his voice making Rameen Tong very uncomfortable.

“I’m going to call your manager right away, that’s not what I said in the beginning, but I can tell you that your manager is a fan of our Wren’s dream sister, and then you watch your job.”

Jin Wei immediately took out her phone and prepared to make a call.

The staff, however, was not timid in the least, but said respectfully, “Then you contact the person in charge, I’ll go and get busy.”

Even after three consecutive phone calls, Jinvy couldn’t get through, and finally got through when she called the fourth.

“Hello, hello, I’m Miss Rameen Tong’s agent, I’d like to ask about that separate dressing room, that’s not what we said in the first place.”

Rameen Tong and Huang Chan both looked anxiously at Jin Wei, and it was all they could do to save face with this call.

The smile on Jin Wei’s face stiffened little by little, then disappeared.

Slightly embarrassed, she shoved the phone back into her pocket.

“How so?”

“He said everything was according to the staff,” Kimvi’s voice was timid.

“Hahaha” Guan Ai’s trademark laughter came again

“Don’t you see what kind of status people have in the Dark Empire, thinking that you can flaunt yourself anywhere just because you’re with a rich husband? What a joke.”

Guan Ai twisted her waist and left with her assistant.

Rameen Tong’s face has been disgraced!

But what about turning around and leaving? They signed a contract.

If you break the contract, you'll have to pay a large sum of money.

And the dressing rooms, the performance order and so on, these details are not written into the contract at all, after all, these things will be arranged according to the scene.

"Miss Rameen what do we do now" asked Huang Can carefully as he looked at the performers coming and going.

"What else to do but go to the public dressing room," growled Rameen Tong.

"Rameen sister, you shouldn't be angry too maybe the Dark Empire is inexperienced this time and didn't arrange for such a big live broadcast for the first time, it's good that our show is the finale, we'll make all those people shut up then"

Jin Wei rushed to calm Rameen Tong.

The only way to shut these people up is to rely on their own finale.

There are too many people in the public dressing room.

Rameen Tong could only take his men and hide in a corner with his ashes, and had a hard time finding a place to get down.

"I just watched them rehearse." A girl's voice suddenly came from the dressing room.

"Which dressing room is Tong Siu Man in?"

"It's right next door, in the biggest freestanding dressing room, that's where they've heard the company has high hopes for their show."

The largest freestanding dressing room

This hurts Rameen's heart.

It's amazing that Tong can have her own separate dressing room with those little flowers that have no reputation for being the biggest!

“Miss Rameen, after all, people must be from Star Emperor International Star Emperor International is under the Dark Empire they must have been greeted well in advance backing up against the tree to take the shade well”

Jin Wei hurriedly explained to Rameen Tong that she was genuinely worried about Rameen Tong getting mad in such a situation.

“Sister Rameen, I’ve already asked around about our program being the second to last, Jasmine Tong and the others that program is in our top few, they still can’t spell us.”

In the noisy public dressing room, Rameen Tong’s mind was also a mess, where she didn’t care about that.

“You keep an eye on things, and we’ll be there as soon as a separate dressing room is vacated.”

“I’ll keep an eye on it, just bear with me for a while.”

Rameen Tong took several deep breaths, which calmed her down.

The Dark Empire’s much-anticipated annual meeting had finally begun.

Her Bossy Yet Naive CEO Chapter 510 - 512

Chapter 510

Tong had originally had a solo show and she had changed her dress.

It was a white dress, the soft fabric pouring down, simple, minimalist, and dreamy.

It was also a very simple song, a total of three or four minutes of performance, without any backup dancers, and she didn’t have much preparation.

All her thoughts were focused on these little flowers, and naturally she had no time to prepare for her own show.

Coming up soon, she took a deep breath, after all, it was live all over the world.

She's Mrs. O., and if she announces her identity in the future and someone digs up this performance, it would be bad if the performance is a mess.

"Miss Tong, you've moved this show backwards." The staff immediately came running to inform.

"Moving backwards I don't have much character in this show, it's better to put it in the front."

"It's an arrangement from above, I'm not sure, but maybe it's just that there are too many song shows and you want to spread it out a bit."

"What about my first few gigs" Jasmine Tong thought to herself that it would be over sooner rather than later.

"I'll let you know later how many specific performances, just wait for my news in the dressing room, okay" the staff's attitude towards Jasmine Tong was so respectful.

"Well, you'll have to let me know in advance, it's better to set it up early so you don't have to rush into it."

"I will, that's settled then, I'll get to work." The staff member left after giving his account.

Jasmine Tong's heart had been hanging in the air.

An hour or so later, she still hadn't been told she was going to play, but it was time for the little flowers to get ready to play.

"Darlings, don't be nervous, we had a great rehearsal, if you forget the words, just make up your own, I'm sure you can do it."

Before the little flowers left, Jasmine Tong did not forget to cheer them up.

"I also need you to cheer me up ah" Mo Yiang looks aggrieved face.

Jasmine Tong hadn't looked at him since he arrived here.

He also made a mistake during rehearsal, and Jasmine Tong split his head and scolded him.

“What kind of a scene has our movie star never seen before? This little scene is nothing to you.”

Jasmine Tong couldn't help but give Mo Yiang a blank look.

“That's right I've never seen what kind of scene ah your little flowers are in my hands, don't worry, I'll bring them out.”

Mo Yiang said with a pat on his chest in assurance.

The first time I was in a position to do so was when I was in the middle of a fight.

Mo Yiang winked at Jasmine Tong, gave her a reassuring look, and brought the little flowers onto the stage.

Jasmine Tong was more nervous than she was about to go on stage.

She couldn't leave the dressing room when they performed because her own show could be called at any time and she was afraid to leave the dressing room.

But, basically, every few seconds, the audience would erupt in laughter or applause.

Jasmine Tong's hanging heart is finally on the ground, which means the show is very effective

It's worth all the rehearsals between scenes.

The show was originally set to be eight minutes, as the process was always interrupted by applause from the audience, as well as some improvised parts that extended right up to ten minutes.

The curtain call was met with sustained applause from the audience, and the cast stood on stage for the entire three minutes of the curtain call.

It shows the impact of the show.

“Ah nervous to death, scared me to death” Shiromu was the first to run back.

“We did it, did you hear the applause, Sister Manny” said Xiong Jin Jin running back excitedly.

You were all talking about how nervous you were on stage.

One is so excited.

“By the way, Manny-san, have you been notified of when your show will be on yet?”

“No, I’ve been waiting, and if I’d known that, I would have just gone to see you guys perform.” Jasmine Tong also felt somewhat sorry for her.

Mo Yiang suddenly wondered about it and felt something was wrong.

“The show’s over, you guys go ahead and continue the show.”

“Yes, yes, Manny-san, we’ll hear you sing later.”

The little flowers ran excitedly to the front, where there was also an area for them to watch the show alone, but it was just more crowded.

Many of the people in the public dressing room had already started removing their makeup after the show.

Rameen and her team waited left and right for the good news from the staff.

“Miss Tong, there’s a separate dressing room now, so you can go over there.”

Everyone immediately took their things and prepared to move locations.

This dressing room is a little too small, even though it’s a separate room.

It didn’t really matter to them whether they moved locations or not, because everyone had already put on their makeup and it was just a matter of finding a quiet place to wait for the show.

Rameen Tong was still frowning tightly.

“I just heard someone say that Jasmine Tong and the others had a very good effect on that show, didn’t they,”

“Yes, it seems to say that the audience was particularly responsive, and it was eight minutes, but it was delayed for several minutes, but Tong didn’t play.”

“She’s not on the field,” that was quite curious to Rameen Tong.

“I don’t know why she’s not on the show, it’s like she was never part of it from the first choreography.”

“Kind of funny, what the hell is she doing not showing up in person for such an important occasion.”

“Who knows,”

“Okay, forget her, let’s hurry up and check again, we’re about to go on the field, so everyone get your spirits up”

Rameen gives the orders, she will never allow Tong to overtake her show

This show was a choreographed dance, for which she didn’t even film, and turned down several announcements.

Everyone is eager to try it out, after all, it’s a live broadcast on the entire global network!

“Well, we’re going to go to the waiting room now.”After Rameen Tong had repaired her makeup, she was ready to lead the group outside.

A staff member just happened to be blocking them at the door.

“Miss Tong, I’m so sorry, but because of the length of the show, we had to take the pain of cutting your show”

But everyone was shocked when the staff said this

“Cut it off, what do you mean?”

“Cutting it off means you don’t have to go back on it, literally.”The staff only found it amusing.

“We’ve been preparing for this for so long, and you guys just say cut it off” Rameen Tong had already endured all night, but this time she finally couldn’t take it anymore and pointed at the staff and yelled at them.

“There’s nothing we can do about that, so I hope you understand.”

Chapter 511

“I can’t understand that I’ve already endured a night where the promised separate dressing room wasn’t there, the promised dedicated staff reception wasn’t there so hard to vacate a separate dressing room just minutes after I came in and you tell me the show was cut.”

Rameen Tong had been holding back her anger for this show, but now she’s telling her that the show has been cut.

“Miss Tong, I’m so sorry, we’re responsible for the whole party, the program is really too long for you to be on, if there’s a chance in the future, we’d still like to work with you.”

The suit-wearing staff were very good-natured.

Rameen Tong growled at the staff.

“But we really have no choice, it’s the last show soon, how about this, we’ll invite you first at the next annual meeting, okay”

Anyone can hear that this is nothing more than perfunctory rhetoric.

The next annual meeting will be a year away.

“You’re breaking a contract, get your chief over here, I want to talk to him personally.”

Rameen Tong held her arms in an effort to look calm.

Kinvay pulled her dress on.

“Why are you pulling me?”

The expression on Jin Wei’s face was somewhat puzzling, and she shook her head towards Rameen Tong.

“If Miss Tong thinks we’ve broken the contract, then just go to court and sue us, and there’s no need for the person in charge to meet with you, I’m just here to let you know, not to discuss it with you.”

The staff didn't want to waste any more time with Rameen Tong, so they just left.

"Kim Wai, what's wrong with breaking the contract with the Dark Empire if you show us the contract?"

She's really pissed off this time.

She has given so much for this show and has already been promoted on multiple platforms on Weibo, so if she doesn't end up on stage by the end of the day, won't she be a laughing stock?

"Miss Rameen, we do have a clause in our contract that if the show is not able to go on stage because of the time limit, the other party is not in breach of contract."

Jin Wei said it very quietly, sounding like she was about to cry.

"What are you talking about, how dare you sign such a tyrannical clause."

Rameen Tong looked at Jin Wei incredulously.

"I wasn't thinking that much ah, I heard that the other person is a fan of yours, even if you cut another show, it's not like you can cut your show, so I"

Rameen Tong rounded her arm and smacked Jin Wei hard across the face.

"Who gave you the nerve,"

"Miss Rameen, I'm sorry, I didn't expect it to be like this ah really sorry"

Jin Wei's tears were barreling down.

Rameen Tong clenched her fist and tried to throw it out, but was unable to do so.

This one was a real plant.

She's kind of seen it all, so I guess this one was a set up from start to finish.

Jasmine Tong, who else can it be but Jasmine Tong?

In the other dressing room, Jasmine Tong was still waiting anxiously.

She looked at the clock, this annual meeting was going to be over, her show wasn't going to be cut, right?

Just as I was thinking about it, the staff came rushing over.

"Miss Tong, it's your turn."

"Ah well, I'll be right there."

That was a surprise.

Led by the staff, Jasmine Tong rushed to the back of the stage to prepare for her performance.

"Miss Tong, wait a moment while I tell you to get on the field."

Jasmine Tong took a deep breath and got a little nervous about actually going on the field.

Standing here you can hear the sounds ahead.

"It's been eight years since the Dark Empire came to this point, and this is his eighth birthday."

Moderator's voice.

Eight years.

Jasmine Tong smiled happily, this was a group founded by Albert Ou, unexpectedly, it had already gone through eight years of ups and downs.

It's his heart and soul.

"Everyone knows our founder, Albert Ou-san, who has never been a quiet, introverted person."

Jasmine Tong couldn't help but laugh when she heard this.

Low-key restraint Why does she feel that these four words have nothing to do with Albert Ou anyway?

"He founded the Dark Empire Group at 18, he's a gaming genius, and he's the youngest person to be the richest man in the world."

It was followed by a series of complimentary phrases.

The first time I was in the backstage, I couldn't help but notice that this man was praising himself like this.

I thought you just said you'd keep a low profile.

"In the past eight years, none of us have seen what Albert Ou-san really looks like, and he has never appeared in public before, so today is a special day, and that's why our Albert Ou-san has been very generous and decided to officially meet you all today"

It was a boisterous sound offstage.

Jasmine Tong hadn't reacted yet, and was still smirking hard.

"Our final program will be a round of applause from the founder and current president of the Dark Empire, Mr. Albert Ou."

The applause was so loud it looked like it was about to take the roof off this gym.

Only then did Jasmine Tong react

The last show was Albert Ou Noe, so what is she doing standing here?

Does that mean she's going with Albert Ou?

Oh, God, no.

When the applause quieted, all the lights in the stadium clicked off and the stage was dark.

A beam of light chased down and landed on the left side of the stage.

A white piano was placed there, and in front of it sat a man.

He was dressed in a white suit, meticulously tousled hair, fine features, obsidian eyes.

Like a finely crafted man.

Without so many introductions at the beginning, everyone would have thought that the hopelessly handsome and irrepressible piano player had been hired from nowhere.

This man is the founder of the Dark Empire, Albert Ou Noe, who never shows his face.

Because Albert Ou has never shown his face over the years, there has been a lot of speculation about him.

Some say he's a very ugly man, so he never shows his face. Others say he was disfigured in a fire and, therefore, never showed his face.

Saying all sorts of things until today, when everyone finally knew what he looked like.

It turns out he's not an ugly man, but a one-of-a-kind beauty.

If you look at the entertainment industry, you can't even find a celebrity who can have his exuberant beauty!

Albert Ou's slender fingers fell on the black and white keys of the piano, and the melodious sound of the piano rang out.

He even plays the piano.

He's rich, handsome and multi-talented.

"Miss Tong, it's your turn."

Chapter 512

The staff gently reminds.

"Uh oh, well" Jasmine Tong had been completely confused.

He's working with Albert Ou Noe for the finale.

Why is her heart beating so fast?

The song that Tong sings is an original song that people are not familiar with.

The song was discovered on the internet by accident, and is a lyrical style, very soft.

“I’ll just stand at the window, wishing on the moon outside and saying your name over and over again in silence.”

Jasmine Tong is finally on stage

Again only a simple beam of white light hit her.

This ethereal voice immediately drew applause.

It’s Jasmine Tong!

The grand finale is a joint performance by the sister of Star King International and the president of the Dark Empire.

It seems reasonable, the Dark Empire is not willing to cheap other artists, looking for Star Huang International naturally no one to say, since Qin Yanyan went out independently to set up a studio, Star Huang International also no newcomers emerged, the biggest star is Jasmine Tong.

The backstage was preparing to leave, Rameen Tong heard Jasmine Tong’s voice and ran to the front desk to see

When she found out that the grand finale was to be performed by the Dark Empire’s CEO partner, Jasmine Tong, she was so angry that her nose was turned sideways.

She’s being played. She’s being played all over the place.

“Tong Koman, we’ll see.”

Rameen Tong didn’t stay any longer, after the performance later, she would still run into many people, she didn’t even have the chance to appear, she would definitely be laughed to death, so now she had no choice but to flee in shame.

Mo Yiang, who watched the performance, was also ruthlessly stuffed with dog food.

No wonder Jasmine Tong’s show has been postponed, it’s the last straw.

Others might just see a very sweet and romantic show, but only he can see the mystery.

There were sparks in their eyes when they touched.

The on-stage show continues.

Jasmine Tong was dressed in white, which seemed to glow white under the lights, and Albert Ou was dressed in a white suit, which complemented Jasmine Tong's white suit.

He played the piano meticulously, looking up at her every now and then.

After all, this was a public place and it was broadcast live across the globe, so I don't know how many eyes were watching them.

Tong didn't dare to do anything too intimate, and the closest they got was Tong's arrival at the piano.

At that moment, Jasmine Tong was a little floored.

She was suddenly looking forward to the moment when they would announce their relationship one day.

At that point, she would be able to stand squarely in front of him and not have to pay attention to the stares of others.

The scene was brought into a quiet world by Albert Ou's piano and Jasmine Tong's heavenly voice.

Everyone listened quietly and waved their glow sticks to the rhythm.

One song over.

Albert Ou stood up and walked over to Jasmine Tong.

Jasmine Tong, as if she were a deer in the headlights, still lifted her hand gently, Albert Ou took her hand, and the two of them took the curtain.

A thunderous applause erupted from the stage.

The last part of the speech was Albert Ou's speech at the annual meeting, which brought the meeting to a successful conclusion.

Back home, Jasmine Tong stood in front of the window, carefully recalling the scene at the annual meeting today, the corners of her lips couldn't help but raise high.

For all the time she and Albert Ou had been together, and frankly, the constant barrage she'd been going through, there had been very few moments of that kind of warmth and romance.

"What are you thinking about?"

Albert Ou came over and gently took Jasmine Tong into his arms.

"Thinking about you, I never thought you'd play the piano, I didn't even know that before."

Jasmine Tong was still very happy.

"Well, your man can do a lot of things."

Albert Ou can't mention how proud he is.

"So you tell me what else you know."

"I'll also" Albert Ou leaned close to Jasmine Tong's ear, "make you unable to get out of bed."

A sore ear, coupled with this ambiguous words, make Jasmine Tong face red.

"What are you talking about? I'm going to see my son."

Jasmine Tong said and prepared to go out.

Albert Ou didn't say anything, nor did he catch up, he had been abstinent for too long, but he wasn't willing to force Jasmine Tong after all.

Walking to the door Jasmine Tong suddenly stopped.

"I've asked my doctor about that, and I'm fine enough to live a normal married life."

Jasmine Tong said it with her back turned to Albert Ou, but she had actually asked a long time ago, she just never told Albert Ou.

She hadn't expected Albert Ou to be so tolerant, and would never touch her until she got the gold token arrow.

After saying that, Jasmine Tong immediately opened the door and went out.

In the other room, the baby happened to be awake, and Jasmine Tong hurriedly nursed the baby, after which she returned to the bedroom.

As soon as I opened the door, the room was pitch black.

She was about to touch the switch when she was suddenly picked up by a man high in her arms.

Who else could it be but Albert Ou?

Albert Ou carried Jasmine Tong directly to the big bed and gently put her down.

Quiet nights, dark rooms, listening to each other's heartbeats.

"Jasmine, you actually want it too, don't you."

"I didn't" Jasmine Tong denied incessantly.

"So why are you running to ask the doctor about this when you actually already want it" Albert Ou's voice was bad.

"I haven't put up with too much for you to think you have."

"I understand, I understand it all, a woman, well, she should be a little more reserved, right I know you want it badly, I'll come and satisfy you right away you're at that age too."

"Where did I" Jasmine Tong was simply furious with him.

Albert Ou didn't say another word, instead responding to her with a gentle k!ss.

The room clouded over, and the only thing that could be heard was the rapid breathing and rapid heartbeat.

"Honey, I've actually been afraid that if I have a baby, I won't be able to satisfy you and you won't abandon me"

It's easier to spit out your heart in the darkness around you, Tong said as he breathed heavily.

Albert Ou bullied his way up.

"What are you doing? Come again."

He's already done it twice. Doesn't he ever get tired?

"I thought you said you were worried I'd dislike you, let me prove right now whether I will or not."

Jasmine Tong wanted to cry, could she take back what she had said?

Like a beast that could never be satisfied, Albert Ou greedily sucked on Jasmine Tong's lips and kissed her entire body.

His body had been so abstinent for so long, it was like he was trying to make up for all the previous ones.

Jasmine Tong is miserable.

So it seems like a sexless marriage is good, and he shouldn't feel bad about keeping the abstinent man abstinent for the rest of his life.

The night couldn't have been more beautiful.

The next day's entertainment news all revolved around the Dark Empire's annual meeting.

Except that the news is a little unexpected.

Her Bossy Yet Naive CEO Chapter 513 - 515

Chapter 513

Basically, all the news headlines were about that program that Star Royal International Mo Yi Aang led the Little Flowers to form.

There are no words for the finale of Albert Ou and Jasmine Tong.

Also, it's very big news that Albert Ou has finally appeared in the public eye

This time, Star King International's artistes are taking the limelight.

What's also different is that Rameen Tong, who had announced before the annual meeting that she would be the grand finale and give a spectacular performance, didn't even show up.

It's been all over the news.

Early in the morning when I saw the news, Rameen Tong began to storm out.

"How dare you play tricks on me, do you think I'm a vegetarian Rameen Tong?"

Rameen Tong was pacing back and forth in her room, she had suffered a great loss this time, she had delayed a lot of progress and put off many announcements for this program

"Tweet right now and tell them that the Dark Empire has gone back on their word and I want everyone to see them for what they are."

Jin Wei looked a bit embarrassed, "Miss Rameen, I'm afraid this is not good."

"What's wrong with that, we're just being realistic."

"Once we release our tweets, the Dark Empire could have put out the contract, after all, that's how we signed the contract, and they might even bite us back and say we don't have professionalism."

Kim Vee is also considered a very experienced agent.

"You stupid pig, it's your fault for signing such a contract."

Rameen Tong immediately shouted at Jin Wei

Jin Wei could only break her teeth and swallow in her stomach, who had taken the job in the first place.

"So what do you suggest we do now?"

“Do as I say, do nothing, and if a journalist asks about it, say it’s a consideration for the length of the show, unfortunately, at least we’ll have a good reputation to fall back on.”

Jin Wei’s voice was very low, worried that the way she handled the situation would provoke Rameen Tong to throw a tantrum

Rameen Tong was literally so angry that she was about to explode, but it was all she could do.

This time, she’ll just have to suffer this time, who asked her to pin her hopes on the Dark Empire?

Rameen Tong’s eyes were fixed on the mobile screen news.

This is a news story about Dark Empire President Albert Ou, with his picture on it.

Rameen Tong vaguely felt that this man looked very familiar, as if she had seen him somewhere before.

“Albert Ou looks so handsome” Huang Can couldn’t help but let out an exclamation, taking a glance at Rameen Tong and hastily covering her mouth.

“Huang Chan, think about it, has this guy we’ve seen somewhere before why do I think he looks so familiar”

“I just think he’s so handsome, I look familiar to handsome men.”

“Think about it.”

Huang Can really couldn’t think of anything.

Rameen Tong heart thumped, suddenly thought of something.

“Why wasn’t the finale performance of Albert Ou and Jasmine Tong released?”

Jin Wei thought about it and replied, “Maybe it’s because Albert Ou is in such a position that he doesn’t want to have any scandal with a celebrity, and he also hates media reporters writing nonsense, so he’s not allowed to release it.”

Rameen Tong felt that Jin Wei's analysis was reasonable, and that she was probably overthinking it.

She suddenly felt that this man was a lot like the duck that Jasmine Tong had once been with.

But she quickly dismissed that thought, and while she couldn't quite remember what the duck looked like, she remembered that the duck was a half-breed with blue eyes, while Albert Ou had black eyes.

The Dark Empire's annual conference has grabbed a wave of powder for Star Royal International's little flowers, and everyone is starting to pay attention to this post-Christian biography that Tong is remaking.

Already journalists are starting to arrive for interviews and visits.

Xu Xingru came to update Jasmine Tong on the company's situation.

"Sister Xingru, you don't actually need to follow me every now and then, come over here to report, you're the president of the company now, just make up your own mind on what to do, I'm your subordinate, not your boss."

Jasmine Tong was still very trustworthy of Xu Xingru.

"Maybe I'm an insecure person, too, if I don't read to you about these things."

Xu Xingru smiled helplessly, not reporting back to the boss's wife and feeling somewhat unsure.

"By the way, Manny, you played Rameen Tong well this time, is that what you meant?"

"The person who can make people dumb and have bitterness with such tactics, who else can there be but our Hall's Head Ou, who hasn't even discussed this matter with me."

"But this is so wonderfully done that it's strange that Rameen Tong has suffered a great loss and has to smile at the reporters and maintain her professionalism."

Naturally, Jasmine Tong also watched the news and knew about Rameen Tong.

“Little Man, you should be more careful lately, Rameen Tong will definitely put this on you, and might start holding back some big tricks again.”

“I’m defending her.” Jasmine Tong smiled faintly, but there was a faint sadness in her eyes.

Xu Xingru seemed to have seen through Jasmine Tong’s mind.

“You once said you were going to rip off Rameen Tong’s trump cards one by one, you took away LOVE, you took away COLOUR, and now Rameen Tong’s popularity is slipping, I think she only has one last trump card left.”

“Yes, it’s the only one left.”

“So you’re wondering how you’re going to get rid of this last trump card?”

Jasmine Tong’s lips wore a bitter smile.

“Sister Xingru, you go and get busy, you still have to take care of things in the company.”

Xu Xingru knew that Jasmine Tong was reluctant to talk, so she didn’t force her way back to Star King International.

Because of the influence of yesterday’s annual meeting, Star King International’s artists shine, everyone knows that New King International is a company of the Dark Empire, so it seems that the Dark Empire is afraid that the Dark Empire will support Star King International, which also brings a lot of new life to Star King International.

Jasmine Tong sat on the hotel bed, thoughtful.

Rameen Tong has one last trump card left, and that trump card is the Tong family, Tong Kee Liquor.

In fact, she had already asked Russel Cheng to investigate Tong Ji’s employment for her.

Tongji looks like a glamorous wine company, but it has just as many problems as Colour.

Nothing is worse than false advertising, and exaggerated propaganda from micro-businesses.

And, since the concept of wellness wine caught fire, they've been in short supply and the quality of their wine has begun to suffer.

But Jasmine Tong knew that once the Tong Kee Liquor was touched, then the family would be finished.

After all, it was his own father, and although he hadn't fulfilled his duty as a father, but pushing his father into a corner like this, Jasmine Tong's heart hadn't been so ruthless.

How is she going to do this.

Rameen Tong was not someone who could be defeated so easily, she would not let up as long as she still had an ace in the hole, and after taking a big loss this time, she would definitely find another chance to fight back.

Chapter 514

surname Tong

Tong Kee is doing surprisingly well indeed, they took the fastest time to market and were once the top seller in the last six months.

Today, Marven Tong is not what it used to be, and he is now a CEO worth billions of dollars.

Simin Du has now crossed over into the ranks of wealthy wives, and many people are rushing up to fawn over her, giving her countless gifts every day.

Today is the weekend, Marven Tong did not go to the office, lately too busy, by Simin Du a good scolding, he finally can have a day to stay at home.

Marven Tong put a bank card on the coffee table.

"You take the money out and deposit it in your passbook."

The previous Dossier was still gleaming at the sight of Marven Tong bringing money to the house, but this time he lazily picked up his bank card.

"How much is it this time? Didn't I tell you to save a little more and then give it to me so I don't have to run to the bank all the time."

Marven Tong held out three fingers as he smoked his cigarette.

“Three million ah three million is worth it to get it back to me” Dossier put the bank card on the coffee table again, “it’s not even worth the trip.”

“Add another zero.”

Duthie’s eyes widened dramatically, “Thirty million.”

Marven Tong smoked his cigarette with relish.

“More than last time.”

Once again, Duthie picked up the bank card and kissed it hard

“Old man, you’re really good. We’re rich. But last time, Dream said we should put our money in the bank. The interest rate is much better than the bank, don’t you think?”

“Bank I’m not even happy to save, but also take for financial management, I tell you, this money is still safe in my pocket if not because we have too much money, I will not put it in the bank you less listen to the dream.”

“Oh, well, I’ll just save it all up. Old man, our family’s money now adds up to a few hundred million oh”

Dushman could laugh in his sleep.

“And that’s just our family, you know how much our family company is worth and how much our shares are worth.”

Duthie shook her head, she was a woman, how could she know this?

“Women ah is hair long insight short, our company if sold, this money spent several lifetimes.”

The two men were talking when suddenly Marven Tong’s phone rang.

Marven Tong very impatiently picked it up, “Hey, didn’t I say I was off today? No important things, don’t call”

Dossier was snickering, “Getting more and more composed, see what you can do”

“What do you say again” Marven Tong immediately sat up straighter, startling Dusyman.

“Okay, okay, I’ll be at the office right away.”

“What’s the hurry?”

“Something big has happened” Marven Tong hurriedly began to dress, “something has happened to our family’s wine drinking”

Marven Tong immediately rushed to the office in a feverish rush.

It turns out that someone who drank Tong Kee Liquor fainted and was sent to the hospital to be rescued in time, and is now in intensive care, not out of danger yet.

I didn’t realize that the family had a relative who was a journalist, so they just sent out a press release and it was a big deal.

Tong Kee Liquor immediately held a meeting to prepare for a discussion on the matter.

“Mr. Tong, this matter has a very serious impact on our company’s reputation and we must handle it properly”

“No matter what the family wants, no matter how much they want, we’ll compensate them for whatever they have.”

Everyone was talking about it.

Marven Tong’s head was spinning as he listened, the first time he had ever encountered such a thing.

In the end, it was unanimously decided to pacify the family properly and pay as much as they should.

“Mr. Tong, our sales have skyrocketed recently and there is shoddy workmanship in the production line, I think we do have some problems with our wine and it’s time to straighten it out.”

Jiang Manager in charge of the production department said hastily.

“Wine is not an ordinary commodity, it itself has some damage to the human body, we are even more strict quality control,” added Manager Jiang.

Marven Tong was also in a cold sweat because of this.

“What do you have to offer?”

“Why don’t I stop the production line first, strengthen the hygiene of the production line as well as the various steps of wine making again, and then our raw materials, we need to straighten up a bit and bring up the quality, as the saying goes, sharpening knives does not delay the work of chopping wood.”

Marven Tong is very timid, and this accident scared him to death.

“Okay, okay, let’s do what you say, stop the work and then do the reorganization.”

At this point, the manager of the sales department immediately protested.

“Tong, we must not stop work, we have some pre-sold out wine on this side, and some that need to be completed overtime, if we stop work, who will be responsible for the damage caused.”

“Tong, if we don’t stop work to straighten things out, we’ll still have to pay compensation in case something like this happens again, and if things get too big, that’s not something that can be solved by stopping work.”

Manager Jiang hurriedly retorted.

“Stop work as I say, this must never happen again.”

Meeting adjourned.

Manager Jiang returned to his office and made a phone call.

“Miss Tong, I’ve done what you said, and I guess Mr. Tong is scared enough to have agreed to my solution for a work stoppage and rectification.”

“That’s fine, please, Manager Jiang.”

“Miss Tong, you’re too kind, this is what I should do, I’ve long wanted to straighten up the production line, Tong Kee Liquor will really be finished if it continues like this.”

After hanging up the phone, the Jiang manager immediately began a plan to stop the work and rectify the situation.

Word soon came from the hospital side that the patient had regained consciousness and was out of harm’s way.

But the compensation they demanded was astronomical. They asked for three million dollars.

Rameen Tong originally did not know about this incident, and Dusyman was scared enough at home to call her in a hurry, and she only returned home in her busy schedule.

Marven Tong returned dejectedly.

“How’s it going, old man? Is anyone dead yet?”

Marven Tong shook his head and said, “He’s not dead, he’s been resuscitated, but he wants three million dollars in compensation.”

“Three million ah more is a little more, but the breakage of money to avoid disaster, this kind of thing can’t happen again.”

Duthie was also finally relieved.

“It’s going to be three million Dad, you promised.”

“Of course I’m going to say yes to people promising to take it private, thank goodness already.”

“Dad, you are so careless, this is obviously blackmailing money ah, and once we compensate, it will also prove that there is something wrong with our family’s wine, how can a person eat grains and cereals and not get sick? Maybe he himself ate the wrong thing, that’s why he was in the hospital, how can we blame our wine?”

Once Marven Tong thought about it, he also felt that Rameen Tong’s words made sense.

“You’re so confused, we mustn’t pay this compensation and unravel their schemes.”

Chapter 515

“Montmorency, what do you think we should do about compensating this thing I’ve already promised people, I can’t go back on my word.”

Marven Tong hadn’t seen much of the world, supporting a company on his own, but also relying on the people underneath him, so it was natural to panic when things came up.

“Dad, you just verbally agreed, didn’t you, without signing any agreements or anything like that?”

“That’s not a signed agreement, just a verbal promise and some supplements over there.”

“That’s fine, it’s just a verbal promise as to whether we’ve agreed or not, it’s all up to us, they can say whatever they like. They can get reporters to expose this and so can I.”

Rameen Tong’s eyes showed pride.

“Leave this to me, Dad, you don’t have to worry about it, besides I always felt there was something strange about this, I’m afraid someone is deliberately messing with it.”

“Deliberate Trickster” Marven Tong and Dusyman spoke in unison.

“Can’t be, Montmorency, your father and I are very cautious in what we do and have never offended anyone, how could it be that someone is deliberately trying to mess with us” Dusyman thought of himself as being very close to each of his wives.

“It’s not a good thing to say, but I’ll look into it.” Rameen Tong seemed to have an idea.

“One more thing, Dad, I thought the company was going to be shut down for consolidation, and who came up with this idea of shutting down for consolidation.”

“It’s Manager Jiang from the production department, and I’m also worried about something like this happening again, so I want to stop work for a bit.”Marven Tong was also very frustrated that this was a decision that had to be made.

“The manager of the sales department told me that we still have a lot of pre-sold out wine that we haven’t made yet, and if we stop work, the loss would be too great and the outside world would really think we have a problem, so we are determined not to stop work.”

Rameen Tong’s attitude was very resolute.

“What can we do about that not stopping work, I’m afraid there will be another accident on this production.”

“You can just ask them to check the various steps while you’re producing, so nothing is delayed.”

“Then let’s do what you say.”Marven Tong Ben has no idea what to do, the company is basically all listening to Rameen Tong.

Rameen Tong would have been busy, but she no longer had LOVE and COLOUR, and now Tong Kee Liquor was her last resort and the root of her in-laws.

Therefore, she must not let any problems arise in Tongji Liquor.

She put off a lot of things and put her mind to Tong Kee Liquor.

Two days later, she investigated.

“Dad, Mom, I’ve investigated very clearly, this incident was created by Jasmine Tong and Manager Jiang, inside and out.”

Marven Tong and Tu Si Min were both shocked when they heard “Jasmine Tong”‘s name.

“Montmorency, you can’t be mistaken although we have no contact with Little Man now, but she is my daughter in the end, how could she do such a thing”

“How could she not have done such a thing to show me that she could do anything.”

Dushman slapped his thighs in righteous indignation.

“You forget, it was Jasmine Tong who smashed our house to pieces in the first place, it was Jasmine Tong who did the mess at Meng Meng’s wedding, it was also her she what else can’t she do”

“But why would she do that” Marven Tong couldn’t figure that one out.

“It’s not all for the family shares, for your property look at this good daughter you raised didn’t bring the slightest benefit to the family, but also a strong desire to scourge the family, I see if this family is not defeated, she will not rest”

Duthie’s voice rose above the noise.

Marven Tong was also furious, “This unfilial daughter didn’t expect that she would even do such a thing”

Rameen Tong however looked much more calm than these two.

“I’ve fired that manager Jiang, as for this thing he did, the company will not pursue it, there is no point in pursuing it, the media over there I have sent someone to write a release, let’s say that the family themselves ate bad things and want to blackmail us a sum of money.”

Rameen Tong had expected that Jasmine Tong would definitely make a move against Tong Ji Liquor, so it was easy to find out.

“Look at our family Mengmeng, so considerate which is like your daughter surnamed Tong I tell you, if you dare to give a penny of Jasmine Tong’s property, I’ll die with you.”

Duthie hastily borrowed the question.

“She’s trying to bankrupt me and I’m giving her back her property and this time I’m not going to spare her.”

Rameen Tong was finally slightly relieved, fortunately she was more vigilant, otherwise she really was exploited by Jasmine Tong.

But then she had some doubts, if Jasmine Tong really wanted to make a move against Tong Kee Liquor, why would she choose such a way?

And we have to reorganize the line.

What the hell is she up to?

On the set of Goose Town

Jasmine Tong is waiting for the filming, and is very anxious to get back here after the New Year's arrangements.

"Sister Manny, there's a gentleman named Jiang outside who says he wants to see you." A staff member came running to report.

"Surname Jiang" Jasmine Tong carefully recalled that she did not have a friend surnamed Jiang ah.

"Yes, he said he wanted to see you on urgent business."

"Oh, I remember, you can have him over."

The staff immediately ran back, and after a while, the manager of the river came rushing over.

"Manager Jiang, how did you find your way here?"

"I called you several times and couldn't get through to you, so I had to come here to find you."

"I've been a bit busy the last few days and I've been leaving my phone at the hotel, is something wrong?"

Jasmine Tong put the script to one side.

"I was sacked." Manager Jiang's expression was a bit ugly.

"You've been sacked how is that possible? Didn't my father say he'd listen to you and reorganize the production line?"

"I don't know what's going on, but I just heard that Miss Rameen Tong came over the past few days and the compensation promised to the family wasn't given, and then I was fired."

Jasmine Tong suddenly realized something, "I see, it should be Rameen who knows that you and I have been in contact and must have said that we are working together inside and out."

"But it's true that this man drank our wine and was hospitalized, and that's a fact ah the production line does need to be straightened out, if this continues it's only a matter of time before something big happens."

Manager Jiang is also dedicated to Tongji Liquor.

"It was careless of me, I should have thought of that."

Jasmine Tong sighed uneasily, she should have thought long ago that Tong Kee Liquor was already Rameen Tong's last trump card, and Rameen Tong would fight to the death to keep this trump card.

"Manager Jiang, I'm really sorry for causing you to lose your job, they didn't give you a hard time,"

"That's not true, and I've been paid as usual, probably because I know too much about the production line and I'm worried I'll leak it."
