

Her Bossy Yet Naive CEO Chapter 531 - 545

Chapter 531

“What if I prefer to go with you?”

Ellen Ron turned around to look at Rameen Tong, Rameen Tong had always been very obedient and understanding.

“What’s wrong with you,”

“It’s nothing, maybe when you’re pregnant, you think about things more, you don’t sleep well at night lately, and you always dream you’ll abandon me.” Rameen Tong said as she carefully stared at Ellen Ron.

Ellen Ron’s eyes were a bit dodgy, “The child is there, don’t think nonsense.”

“Yeah, that’s what I’ve been consoling myself with, we both have kids, how could you abandon me you’re not that kind of man.”

“I’m packing my bags to catch my flight, so take care of yourself in the meantime, and if you don’t want to go home, go back to Tong’s.”

Ellen Ron hurriedly changed the subject and went back to packing his own luggage.

Rameen Tong also had nothing to say, she also knew that Ellen Ron would never take himself on a business trip.

Not before, and even less so now that she’s pregnant.

But a business trip for Ellen Ron is a good opportunity.

Ellen Ron packed up his luggage, sent Rameen Tong back to the Tong family, and took a plane out of here.

It was on this night that a breaking news story hit.

Kim Vee posted a tweet.

“Some people don’t be too shameless, take advantage of people pregnant seduce other people’s husband, you still need some face you like luxury, like money doesn’t matter, but trouble you don’t always find those married man Jasmine Tong.”

As the agent of Rameen Tong, Jin Wei’s microblogging is also very high in attention, after all, she is often the first to post some news about Rameen Tong.

The tweet was posted and immediately deleted in a matter of minutes.

But a few minutes is enough time for many people to take screenshots and spread the word.

It’s only been one night and Twitter is exploding.

Kim Vee’s tweets state the obvious

Everyone knows that Rameen Tong is now pregnant, and she has specifically ate Jasmine Tong, which means that Jasmine Tong seduced Ellen Ron.

“Oh my god, the annual show is here, Jasmine Tong is seducing her own brother-in-law, this can’t be true”

“It was said some time ago that Jasmine Tong’s unmarried child was still undecided, and Jasmine Tong started seducing Ellen Ron again so soon.”

“Didn’t Master Xu say that Jasmine Tong’s character was fine? What the hell is this all about ah”

The people who eat melons say they’re confused, they don’t know what’s going on, they can’t tell what’s real from what’s not.

Originally it was just because of a tweet from Jin Wei, but the next day this continued to fester.

Some passersby snapped photos of Jasmine Tong and Ellen Ron having coffee.

These people claim to have gone to Goose Town to squat on their favorite celebrities and found out the hard news.

“So everyone knows about this, but I don’t have to hide it, I just have the pictures and the truth.”

Another Weibo user also posted a direct photo of Jasmine Tong and Ellen Ron cuddling together.

It was the last time Ellen Ron got drunk with the intention of misbehaving with Jasmine Tong.

In an instant, the city was full of storm.

This topic has really exploded on Twitter.

Jin Wei was looking at the comments and Rameen Tong was reading them too, and when she saw everyone scolding Jasmine Tong, she finally felt some sense of accomplishment.

“Sister Rameen, isn’t it too risky for us to do this.”

“How can you succeed without taking a little risk?”

There was nothing she could do about it, it was her last resort.

“If the president comes back and sees all this news, will it be bad for us.”

“So now we’re going to set up a nice conversation, and when he asks I’m going to tell him that you accidentally found something and tried to hold it up for me, and when I found out you quickly deleted the tweet, and there were a lot of pictures sent out by passersby, and the rest is none of our business.”

Jin Wei is still a little reassured, “Miss Rameen, can we really trip up Jasmine Tong like this I’m always a little uneasy.”

“I’m pregnant now, don’t care how it was before, she’s still stuck with my husband, she just has a hundred mouths to say it all, bring me the news again about these unmarried children she had before, seducing some rich businessman, I don’t believe she’ll be able to wash her hands of it this time.”

“But this won’t do you any good either” Jin Wei really couldn’t understand why Rameen Tong was doing this.

“How is there no benefit Jasmine Tong once she falls, the world of this entertainment industry is mine, Brother Ellen is someone who wants to save

face, for the sake of the company, for the sake of the Ron family's face, he will also absolutely not have any dealings with Jasmine Tong anymore."

It dawned on Jin Wei that although this was a risky move, if she won, it would be a happy ending for all.

"No matter how much it costs, go buy me a large number of navy, smear Jasmine Tong as black as possible, I want to make her never white again"

Rameen Tong's eyes were fierce.

"But Rameen sister has another problem, we just got some pictures of the president and Jasmine Tong's meal and coffee, no real hammer ah, those pictures of the meal, although the scale is a little bigger, but after all, it's nothing."

"Whoever said I don't have a stone hammer go ahead and do it, I'll get it out when it's due."

Luckily, she'd saved her hand before.

Jasmine Tong had just returned home from filming and was trying to have a couple of clear days when this news came in overwhelmingly.

Jasmine Tong was really shocked by this news.

Because Jasmine Tong had returned in the past two days, the company wasn't as busy, and Albert Ou had been home.

"Who do you think it is that would write such a story?"

In the face of these gossips about Jasmine Tong, Albert Ou is much more calm.

"Who else could it be?"

"Rameen Tong can't be her, what good would it do her to expose my affair with Ellen Ron, she knows that she stole Ellen Ron from me and used extraordinary means, if I bite her back, she won't be able to take it."

Jasmine Tong didn't suspect that Rameen Tong was responsible.

"The dog will bite the rabbit in a hurry." Albert Ou wasn't impressed.

“What do you mean,”

“In the two months you’ve been filming, she’s contacted the Shisha camp, but unfortunately the Shisha camp has been incorporated by me and can’t do anything anymore, and she’s been sending paparazzi to follow you and try to dig up some breaking news out of it, but she hasn’t stopped these two months.”

It’s all in Albert Ou’s hands.

“You’re pregnant, and you don’t want to stop, you don’t even want to save for the baby in your belly?”

“She wouldn’t think so if you think so, bad guys are always bad guys, and it’s not that easy to make a bad guy completely out of a bad guy.”

Jasmine Tong carefully tried to figure out these actions of Rameen Tong, “But she’s not stupid ah, it’s obvious that there’s no actual hammer.”

Here Jasmine Tong suddenly remembered something like

“No, she has,”

Chapter 532

The news of Jasmine Tong seducing Ellen Ron hung on the Weibo hot search list for three days and nights.

People seem to be very interested in this.

But the person in question never came out in the open.

I don’t know how many people are staring at the microblogs of Rameen Tong Jasmine Tong and related people, once there are any traces, they will immediately pick it up.

Because this is a tricky matter, Jasmine Tong’s side really didn’t know how to respond, so she kept silent.

On the other side Rameen Tong participated in a charity event, which was to sponsor poor children to go to school.

Naturally, Rameen Tong, who is pregnant, participated in this kind of love activity and was praised for it.

As for her news, she looked glum and didn't respond when asked by media reporters, making the incident even more strange for everyone.

The Internet began to bash Jasmine Tong one-sidedly.

After all, everyone thinks the already pregnant Rameen Tong is a weakling and deserves sympathy.

She's pregnant and also attends charity events, and is even a kind-hearted woman.

Jasmine Tong hid in her house and never left.

Jasmine Tong's heart was always on edge because she knew what Rameen Tong held in her hands, which was why she was so afraid.

After spending two days at home with Jasmine Tong, Albert Ou had to return to work.

When she came back at night, Jasmine Tong was always distracted.

"What's wrong, is the baby pissing you off again see if I don't beat him up."

Ever since Jasmine Tong returned, the baby's status in Albert Ou's heart has plummeted.

"He's still so young, he can't take a beating from you."

"I don't care. Bullying my woman isn't okay, not even my son, whoever he is."

Albert Ou's voice was still overbearing.

"Your son isn't bullying me, okay, okay, go to bed."

Jasmine Tong turned around to go back to the bedroom, and Albert Ou walked up to her and just picked her up.

"Fine, just what I need, back to bed." Albert Ou winked with a bad smile.

“Hey what I mean by sleep is sleep, not the sleep you’re talking about”
Jasmine Tong hurriedly protested.

“When I say sleep I also mean sleep, I don’t know which sleep Mrs. is talking about.”

“You badass big badass.”

The two of them playfully went back to the bedroom, and Albert Ou hurriedly put Jasmine Tong on the bed.

He’d been abstinent for the past two months, and he’d take this opportunity to make up for it.

But Jasmine Tong was clearly not in the mood for it, and her mind was a mess.

Albert Ou squeezed her cheek when she didn’t respond.

“I can’t even concentrate on sex.”

“It’s bothering you, so talk with me, okay, don’t do it.”

“I’ll talk with you first, then you do it with me.”

Jasmine Tong rolled her eyes towards the ceiling, having done it for days on end, the man wasn’t bothered either

“What if she does pop that video out ah I think with her personality, as you said, she’s dog-tired, she’ll pop it. I won’t be able to wash it off even if I jump into the Yellow River.”

“Instead of you worrying that you can’t get clean even if you jump into the Yellow River, you should worry about me.”

“Worried about you for what?”

“What do you mean you’re worried about me? I haven’t seen that video, and I don’t know how big the scale is.”

Albert Ou got angry at the mention of it.

Jasmine Tong had already given Albert Ou a precautionary shot in advance and explained that process to him.

But Albert Ou had never seen that video in the end.

Jasmine Tong glared at Albert Ou, "Didn't I explain everything to you?"

"There's no use explaining it. The truth is the truth. When she gets that video out, you'll see what I'll do to you."

Jasmine Tong suddenly felt trapped in her abdomen.

"Jasmine, just keep your heart in your stomach, you have your man to fear for everything."

It's because he's here that she's scared.

"Concentrate during sex. If you're distracted, I'll take care of you."

Albert Ou kissed deeply towards Jasmine Tong's lips.

He would never let his woman get into trouble.

The first thing you need to do is to take a look at this.

Things are still festering, and Jasmine Tong's Weibo has fallen victim to people who are abusing her.

The cursing was particularly nasty.

Jasmine Tong had to shut down her Twitter comments.

Because she knew that Rameen Tong was keeping a backhand, Jasmine didn't dare to respond to any topic, because any response from her would be meaningless and would instead allow Rameen Tong to grab hold of it.

Things continued to fester for a week, and the heat from the melon eaters slowly dropped.

At first, some people suspected that this was nothing more than speculation, but there were also those hardcore fans of Jasmine Tong who believed that there was no real hammer at all, and that it was completely Rameen who was maliciously smearing.

And so the much-anticipated hammer has finally arrived.

That's a very clear video.

On the video is Jasmine Tong and Ellen Ron, with Ellen Ron pressing Jasmine Tong down and kissing her hard.

Jasmine Tong's face was very red, and Ellen Ron also looked very impatient.

And there's even a shooting time on this video.

Everyone immediately recognized that the time shown on the video was the day Rameen Tong and Ellen Ron got engaged!

It turns out they've been having an affair for a long time.

This all blew up.

"It's disgusting that Pinky-turned-Man Tong would do such a thing."

"Jasmine Tong, in vain we trusted you so much and I've been cheating on our feelings."

"I'm so disappointed that the bitch even made a sign for herself, no wonder there's been no response it turns out that she really doesn't like you anymore."

"Jasmine Tong, get out of the entertainment industry, it's a dirty place."

There was a lot of abuse, and many people even came to the entrance of Star King International to cause trouble.

It's also because I don't know where Jasmine Tong's house is if I did, I'm sure it would have been blocked at the door.

Because the video is so clear, there is no room for any sophistry, Jasmine Tong's reputation is considered completely stinky.

"Jasmine Tong you fight with me I'll let you die without a funeral so you can never hold your head up again in this life."

Rameen Tong caressed her stomach and tilted her head back to laugh.

She's finally done it. She's finally done it.

This risk was not in vain.

Because the impact of the news was so great, Ellen Ron also learned of this incident during his business trip and immediately ended his trip and returned home.

"Rameen Tong, are you crazy" Ellen Ron growled loudly towards Rameen Tong.

Rameen Tong's tears instantly fell, "Brother Ellen, what's wrong with you? Why did you get mad at me as soon as you came back? What did I do wrong"

"What do you think you've done wrong? Didn't you create this news incident? What do you want?"

"Wrongfully accusing Brother Ellen, you're going to wrongfully accuse me how could I do such a thing"

Chapter 533

"Who else could it be if not you?"

When he saw the news, the only suspect in Ellen Ron's mind was Rameen Tong.

She's the only one who wants to kill Jasmine Tong.

"At first it was Jin Wei who found out that you and she had secretly gone to dinner and she held it out for me, then I explained to Jin Wei that you couldn't have done anything behind my back and Jin Wei immediately deleted the tweet, who knew that a stone had been thrown up and some passersby also knew about it, and that's how the news got up."

Rameen Tong said as she dropped the golden beans.

"Why would I make such news I already have your child in my belly and I'm saying you're having an affair with another woman, what do I figure ah I don't like my sister and I'd hate for her to be wrapped up in scandal, but if that cost you, how could I do it"

Rameen Tong sobbed hard.

Ellen Ron calmed down and analyzed it carefully, but it was really like this.

I'm afraid that more than anyone else, Rameen Tong doesn't want this relationship to be exposed, after all, once it is exposed, Jasmine Tong and her childhood friend's story will be dug up.

Then who is it?

"I trusted you so much, even when I saw the pictures of you together, I didn't even ask about it because I trusted my husband to be a man with a roof over his head and even though you had an affair, you wouldn't mess around if I was pregnant, but I didn't expect you to suspect me"

Rameen Tong cried even harder, touching her stomach as she cried.

Ellen Ron also knew that it was a bit too much to ask such a question right after his return.

He immediately sat in front of Rameen Tong, gently caressing her back, in the end the mother of his own child.

"Well, don't cry, I'm just not thinking straight."

Rameen Tong pounced on Ellen Ron's suspicions, "Do you think I'm not sad after such news I'm pregnant, my husband and another woman spread scandal, can I look good on my face?"

"I did have dinner and coffee with her, but it was all a coincidence, just old friends catching up, nothing more."

Ellen Ron explained with a light touch.

"I believe you, you don't have to explain."

"But you didn't do this, who else would it be and that video from when we got engaged." Ellen Ron knitted his eyebrows, very unhappy.

He can't allow Jasmine Tong to get caught up in this kind of scandal

"I don't know, but I said the hotel waiter just happened to take a picture of it and gave it up through this."

The clarity of that video is so high that it would be unrealistic to deny that it was yourself.

“Brother Ellen, Jin Wei said, that video is the actual hammer, because the clarity is relatively high, there is no room for denial, the best way now is to remain silent, the more we say, the more wrong we are, and now the netizens are all staring at it.”

Ellen Ron also knew that it was the worst way to resolve such incidents, and if he said the wrong thing, he would be grabbed instead.

So, there had been no response from Jasmine Tong’s side, and since the other side hadn’t even responded, it would be inappropriate for him to respond instead.

Remaining silent is the best solution.

“That will have to do.”

I don’t know how long this storm will last.

Rameen Tong was finally relieved of this breath, and after this hurdle of Ellen Ron, the rest would be easier.

“Brother Ellen, I went for a checkup a while ago, I’ll get you the film.”

Rameen Tong hastily changed the subject and took out a bunch of b-rolls.

“The baby is healthy, and the doctor said he’ll be able to take four-dimensional pictures in a little while, and then I hope dad will come with me because he can see the baby.”

Looking at the ultrasound list, the corners of Ellen Ron’s lips rose slightly.

It was a pity that this child was in Rameen Tong’s womb, it would have been so much better if it was in Jasmine Tong’s womb!

There was a pig-killing shout from the Crystal Garden.

“Jasmine Tong, you stop right now stop right now” shouted Albert Ou as he chased after her.

“I’m stupid, I’ll stop” Jasmine Tong was running ahead.

“Someone stop Madam for me” Albert Ou was also worried about Jasmine Tong’s fall and didn’t dare to chase after her too closely.

“I’ll see which one of you dares.”

The maids watched the two men, one running after the other, laughing from time to time.

Since Jasmine Tong lived in this villa, the entire villa seemed to be alive, and the servants were no longer as trembling as before, they could talk and laugh and felt much more relaxed.

“Jasmine Tong, you’ve turned against God you.”

“I’ve told you about that video in advance, I’ve been vaccinated, what more do you want?”

I knew the man would go crazy if he saw the video, and she even described it in advance, but Albert Ou still went crazy when he saw it.

“You made a video like that with another man, and you’re still denying it and coming over here to admit your mistake and get punished I might be able to spare you.”

“I don’t want you won’t spare me I don’t know you yet”

Jasmine Tong said as she unknowingly ran into a dead corner.

We’re in trouble. We can’t get away.

Jasmine Tong was about to turn around when Albert Ou had already blocked her path.

“Look where you’re going.”

“You don’t do anything I’m still feeding your son I’m telling you ah, if you break me, your son will have no milk.”

Tonto stalked out.

“That’s just as well I’ve been wanting to wean him off the turtledove for too long that’s me.”

Jasmine Tong's face reddened with shame, if this was heard by others

"Can't you keep your voice down so people can hear you?"

"You were the one who started this conversation."

"Ah,"

Albert Ou directly picked up Jasmine Tong by beating her across the room,
"See how I'll deal with you tonight."

Right in front of everyone's eyes, Albert Ou swaggered Jasmine Tong back into the bedroom and crushed her hard underneath him.

"Honey just take it easy, we didn't have anything happen in the end."

"It's not like you were just yelling at me while running and being righteous
hmm"

Jasmine Tong a grieving face, are like this, she can only beg for mercy, to not be afraid is not going to live tonight.

"Nothing happened, but he touched you, he was on top of you, you were in physical contact."

Albert Ou stared a pair of black eyes red, and whenever he thought of that video, the fire in his chest rubbed outward.

"I really,"

Jasmine Tong didn't know how it could be explained.

"One minute and twenty-six seconds, he also touched your chest one minute and thirty-six seconds, he kissed your face two minutes and thirteen seconds, he touched your waist."

Jasmine Tong gazed at Albert Ou in amazement, remembering so clearly!

How many times have I seen this?

"I'm asking you if you've ever been in close proximity together or not."

Her Bossy Yet Naive CEO Chapter 534 - 536

Chapter 534

“What’s a close encounter?”

Jasmine Tong blinked a pair of large, animated eyes at Albert Ou.

“Have you touched here” Albert Ou’s hand stayed on Jasmine Tong’s chest, “here” he moved his hand to his waist again and then all the way down.

Jasmine Tong sort of knows, using jealousy to take advantage of it

“I’ve told you all about how I’ve been with him for so long that I’ve more or less run into him, but I really haven’t slept with him.”

As soon as Jasmine Tong’s voice trailed off, Albert Ou’s kisses covered it deeply.

He’s going crazy with jealousy.

In fact, he knew all the answers, he was just angry.

“Jasmine Tong, why didn’t you meet me earlier?”

That way, she’d belong to him completely and not let another man take advantage of her.

“Then why didn’t you meet me sooner,” retorted Jasmine Tong.

Albert Ou choked, “Blame me, I’m to blame.”

Instead of talking, he’s putting all his emotions into action.

This night is considered to be a thorough tossing and turning of Jasmine Tong, the next day froze to get out of bed.

Jasmine Tong scolded Albert Ou in her heart for the eight hundredth time

Originally, both Ellen Ron and Jasmine Tong were hoping that time would wash away everything, but the news still continued to fester on the internet.

Someone was even silently calculating how many days Jasmine Tong had ignored the news.

Jasmine Tong simply ignored all of this, it was just as well she didn't want to go out, it was going to be hot outside in the summer, she stayed at home with the baby and occasionally cooked and made desserts for Albert Ou.

It's been more than half a month since the news started when Kim Vee posted her blog, and counting.

Over here, Rameen Tong had begun to lose her composure.

"Jin Wei, go find out what Star King International is planning to do."

The next step in the plan is to step on Jasmine Tong to her death.

"I've asked around and there's no movement on the Star King International side."

"No movement is impossible, Jasmine Tong is now considered the first sister of Star King International, there's no way Star King International won't protect her."

Rameen Tong felt something strange about this matter anyway.

"Perhaps Star King International felt that it could no longer keep Jasmine Tong, so it gave up after the last annual meeting, Star King International's reputation has grown, and there are quite a few opportunities for little newcomers, so it's better to vigorously support newcomers than to waste time on Jasmine Tong"

Rameen Tong felt that Jin Wei's analysis was reasonable.

"Then this will be miserable for Jasmine Tong, I don't want my sister to end up in this situation, Jin Wei, you go and collect her."

Rameen Tong acted as if she had won a great victory.

"Take her" Jin Wei was a little confused about Rameen Tong's intentions.

"Just go and talk to her about coming to Artsin International, if she comes, then it won't be easy for me to fix her up, and if she doesn't come, I'll be able to leave a good name, sisters, as a favor to her."

Rameen Tong covered her mouth and laughed, this ploy was wonderful.

“Then I’ll get in touch right away.”

“Also, go investigate where Jasmine Tong lives, then reveal where she lives and ask a group of media to make trouble, I’ll see how she still turns over this time”

Rameen Tong’s eyes were squinting and biting her teeth, looking hideously terrifying.

“Sister Rameen, this Jasmine Tong’s address, I’ve sent people to find out, but none of them have found out, and I guess no one else knows either.”Although Jin Wei thought it was a bit too much, she had to do it.

“Don’t even know an address.”

“Yes, by the way, the last time her brother died, didn’t she have a hearth at her own home then your father or mother should know about it, why don’t you ask them about it”

“Fine, I’m going to go to Tong Kee Liquor later.”

Rameen Tong didn’t stay in the company for long before taking a bus to Tong Kee Liquor.

Despite her big belly, she was very attentive to the Tong Kee Liquor business, after all, this was her last trump card, and she had to clutch it to death.

After she began her tenure as president, sales of Tong Kee Wines rose steadily.

More recently, she has introduced an exclusive custom-made Tongji wine, which is specifically for weddings or corporate parties and the like, and the results have been excellent.

When the sales manager saw Rameen coming, he immediately came to report the good news.

“My lady, the good news is that the only daughter of the CEO of the Chong Shan Group is getting married, and we’ve contracted all the wine for the wedding banquet.”

“Chong Shan Group”

Hearing the name, Rameen Tong also couldn't help but laugh, “Chong Shan Group is also considered the leading group in the industry, such a large group, the CEO should have booked quite a few bars to marry his daughter”

“Who says it isn't? The CEO of this Chong Shan Group is famous for his generosity, the wedding banquet is said to have a hundred tables, and the standard of one case of wine per table is one hundred cases, and that side has said to let us prepare twenty more cases, even if the rest is all theirs.”

Because it's an exclusive custom, even the packaging is different, so the price of Tongji's exclusive custom wine is twice as expensive as usual!

More importantly, the Chongshan Group is a big group and a big enterprise, so it is a good opportunity to promote Tongji Liquor after the wedding banquet.

It's a really big deal.

“Go and get the design department to design the wine packaging properly, print the wedding photos of the couple, go for a fresh and romantic style, this batch of wine must be done properly.”

“Yes, no problem, I'll get right on it” and the sales manager left on his ass.

Just after reporting the big news here, someone from the production side came.

The manager of the production department has been replaced by a new person.

“Mr. Tong, the grain we acquired this time was of poor quality and had problems with the fermentation process, so we may need to stop a few production lines temporarily.”

The new production manager is an honest newcomer, Tim Zhao, who doesn't know how to beat around the bush when it comes to talking and doing things.

“What's wrong with the new food?”

Just after hearing the good news, another bad news, Rameen Tong's mood naturally is not much better.

“It’s supposed to be aged grain that’s a little moldy.”

“moldy cleaning, disinfection can not do it you do not understand the brewing ah, brewing is to have the process of fermentation,” Rameen Tong a pass to count.

“But it’s true that the grain is not up to standard.”

“How do you people so stupid ah not up to the standard will not deal with their own it so small things also come to me to report on my daily work a lot, if the grain is moldy also come to me, then I help you every day to pack the grain well.”

“I’ll get right on it.”When the production manager saw Rameen Tong’s attitude, he didn’t dare to offend her, as the work was not easy to come by, so he hurriedly withdrew.

Chapter 535

After Rameen Tong scolded away the production manager, Marven Tong came into the office.

“Montmorency, you’re getting a little inconvenienced, you don’t need to come over if you don’t have anything important to do.”

Although Marven Tong also wanted to fall into leisure, but in the end, he still felt sorry for his daughter.

“It’s nothing important, I’m suffocating at home, by the way, Dad, do you know where Jasmine Tong lives?”

“Lived in a villa in Rainbow City, before anyway, not really sure now, why do you ask.”

“It’s nothing, someone was just asking around and she’s even living in the villa.”

Rameen was also aware of Jasmine Tong’s financial situation.

“Is that place in Rainbow City also called a villa? That place has a nice location and nice houses, but it’s said to be haunted, and the prices have fallen to no end, so who lives there.”

“So that’s what it’s all about, it’s nothing, so I’ll go home.”

Crystal Garden

There was a lot of laughter in the living room.

The baby was born with congenital deficiencies, but was able to eat and sleep after birth, and is now catching up.

In the living room, the baby is lying on the floor crawling back and forth, already can crawl his little butt wiggle, very cute.

Since it was too hot today and there wasn’t much going on at the office, Albert Ou didn’t go to the office.

He sat on the couch playing on his phone, looking at his son who was on the floor from time to time.

Butler Wu came over and whispered a few words in Albert Ou’s ear.

Albert Ou immediately narrowed his eyes.

“It’s true,”

“A thousand times true, the call came from Rainbow City asking what to do now.”

Jasmine Tong saw Housekeeper Wu and Albert Ou talking and asked the maid to watch the baby, so she came over.

“What’s going on?”

“A bunch of reporters ran to our former home in Rainbow City to cause trouble.”

Because Albert Ou thought that Rainbow City over there had all the memories of him and Jasmine Tong, and occasionally might even have a world for two, so he kept a maid on guard.

“It’s too much to actually come into the house and cause trouble.”

“It’s not thanks to that sister of yours, otherwise who knows where you live.”

Jasmine Tong also broke out in a cold sweat, “Luckily we moved, otherwise something big would have happened if we were still living there.”

“Tell the people over at Rainbow City to pull back all at every opportunity, and ignore any reporters if they run into them.”

Albert Ou said to Butler Wu.

But it can’t go on forever, this will have to be resolved sooner or later.

The way Rameen Tong meant it, she would never allow time to fade away, and she would keep reminding everyone of its existence, or else she would have lost her efforts.

It’s impossible for Jasmine Tong to hide at home for the rest of her life.

“Honey, what do you think we should do about this?”

Albert Ou slanted a glance at Jasmine Tong, “At this time thinking of having a husband cooler.”

It was hard for her to ask him for help once, but he didn’t even bother.

After almost another week or so of Tong’s being at home like this, there was good news.

For her performance in Sparrow Nirvana, she was nominated for a Golden Wolf Award for Best Actress.

Sparrow Nirvana is a film that hasn’t even been released yet and was sent to the awards screenings as soon as post-production came out.

It’s not unusual for awards to abound before they’re even released.

This news came in, linked to the previous news about Jasmine Tong, and pushed right back into the hotseat.

“Why does Jasmine Tong always like to shoot the TV series or movies that Rameen has made ah she can’t be intentionally trying to take her place”

“Jasmine Tong isn’t too shameless to chew what’s left of people she this scheming bitch is just to prove that she’s a better actress than Rameen Tong, it was filmed to Ellen Ron right”

“No response after all this time, eighty percent these two are just having an affair.”

It was a good thing that she was nominated for Best Actress, but I didn't expect all the abuse she got in return.

Because along with the unreasonable abuse, Jasmine Tong's good mood was all washed away.

The awards ceremony is next week, and to achieve her grand slam is just one last trophy, and if she wins, her life will be complete, but she's not happy at all.

For fear of exposing Jasmine Tong's address, Xu Xingru didn't come over, and the dresses to be worn for the ceremony were made by stone and sent over.

“Jasmine, come see the dress you're going to wear.”

Jasmine Tong couldn't bring herself to be excited, but Albert Ou was in high spirits.

Tong came over with the baby in her arms, and when she saw the dress, a mouthful of old blood nearly spilled out.

It's a gorgeous red dress with tails.

“I've told them to try to choose the low key one how come I got this one over I'll be scolded if I wear this on the red carpet.”

She's in the limelight right now, and she wouldn't want to go to this event if she didn't have to attend it.

I'm notorious for wearing a flirtatious dress, and I'll be labeled as a slut!

“Honey, contact the studio for me and tell them to come over with a different dress, right now this dress is absolutely not going to work.”

“I think it's pretty good, it's pretty good why don't you try it, let me see it first.”

Albert Ou looked excited, “When we get married, I'll make you a more voluptuous one than this.”

“This is a no-no. If I walk down the aisle in this, someone will throw rotten eggs at me.”

These days, anything can happen.

“But I’ll make you wear it even more so. I’ll see who dares to throw rotten eggs at my Albert Ou’s wife. I’ll be the judge of that.”

Jasmine Tong stared at Albert Ou, this man is not trying to fix himself, right?

“I really can’t, I have to wear something discreet.”

Albert Ou cupped Jasmine Tong’s chin, “My Albert Ou woman doesn’t need to be low-key.”

“It’s two different things.”

“If you dress that low, some of those reporters will write again, saying you’re guilty.”

Jasmine Tong was dumbfounded and felt that Albert Ou had a point.

“Listen to me, this is the one. It’ll look great when you wear it to your award.”

“Did you just know I’d win an award? What if I didn’t? Our wedding might have to be postponed for another year for both of us.”

The Golden Wolf Awards only come around once a year, and this time we have to wait another year if we don’t win, and the wedding is even further off in the distance.

“I have faith in my woman that she will win this time, and if she doesn’t, watch me come back and not spank you.”

“If it wasn’t for you, I’d have won the award, okay? It’s all your fault.”

Jasmine Tong felt angry when she remembered these things, and the good prize flew away.

Just at that moment, I heard a pop.

Chapter 536

Jasmine Tong and Albert Ou were stunned.

I saw the baby's chubby little hand on the back of Albert Ou's hand.

"Ahhhh," he babbled, that expression looking very dissatisfied with Albert Ou.

"Hahahaha" after ten seconds of stunned silence, Jasmine Tong finally laughed out, "My son avenged me to see how you will still bully me in the future"

"You little brat, it's backwards, don't you dare hit me."

The baby didn't seem to be afraid and stared at Albert Ou with one pair of eyes as he made his way to the ground.

Father and son, you stare at me and I stare at you, as if there must be a winner.

Jasmine Tong thought to herself, these two fathers and sons will have a lot of trouble in the future.

The news that Jasmine Tong has been nominated for the Golden Wolf Award for Best Actress has naturally reached Rameen Tong's side.

"Even the heavens are helping me. Now Jasmine Tong must come out."

Rameen Tong had finally caught on.

"Miss Rameen, the last time you gave me the address, the reporters went there and completely pounced, that house is not even occupied, now Jasmine Tong is going to the awards ceremony, I'm afraid there's no way to hide."

"You go to the Golden Wolf Award organizer's side to get Jasmine Tong's itinerary for me, then send all of Tong's itinerary to the media reporters, then I'll see how she can hide."

Rameen Tong looked like he was on the verge of winning.

When the time comes on the red carpet, if Tong says one wrong thing, she'll have reporters stare at it hard and infinitely magnify it.

This time, I'm afraid Jasmine Tong can't escape with her wings.

The week is fast approaching, and the Golden Wolf Awards are close at hand.

The closer the time got to Jasmine Tong, the more nervous she became, she had never been so nervous about attending that awards ceremony.

She could even imagine how the media were attacking her at length, and even more so when she looked at the red dress, her head was spinning.

But Albert Ou has a point, if you wear something too low key, you'll only make those media feel guilty, in that case, let's be high profile.

The day had finally arrived.

The Golden Wolf Awards are highly anticipated every year.

This year it seems that the awards ceremony was made even more remarkable because of certain news items.

Media reporters are already in place on both sides of the red carpet.

"I heard that Jasmine Tong will definitely come today."

"I heard that too, so I've been squatting here today, looking for the best spot."

"Really curious what dress she'll be wearing over here today."

The reporters were discussing one thing at a time, and the only focus of the discussion was Jasmine Tong.

All the celebrities on the red carpet were competing for attention, however no one was interested, the biggest interest was still Jasmine Tong.

Jasmine Tong hasn't shown her face during the month of news.

"Here it comes" suddenly a reporter shouted and all the reporters perked up and readied their equipment.

The organizers have arranged for Jasmine Tong to make the finale.

In a fiery red gown, she walked the red carpet, glowing and resplendent.

“I’ll be damned Jasmine Tong this is too high-profile, she’s even wearing a red”

“That’s right, it’s shameless for a bitch like her to be so high profile.”

The reporters even started whining as they took pictures.

Jasmine Tong was completely unaffected, striding down the red carpet, waving and smiling, just like she usually does.

The reporter was about to rush up to conduct an interview, but then, not knowing what was going on, staff suddenly appeared on both sides and kept stopping him from coming forward.

After the red carpet, it’s time for the open interview area. Jasmine Tong can escape the red carpet, can she still escape the interview area?

As is customary, Tong will sign autographs and take photos at the end of the red carpet, where there will be a short interview.

“Jasmine Tong, are you trying to declare war on your own sister by dressing so high-profile today?”

“Jasmine Tong, you’re not planning to serve one husband with your own sister’s two daughters, are you?”

“Jasmine Tong can you talk about your child which is said to be some rich businessman’s, are you planning to raise the child yourself”

“Jasmine Tong, what does it feel like to be underneath your own brother-in-law, don’t you even think about the fact that your sister was underneath him once?”

Everyone laughed when this reporter’s question was asked.

Don’t mention how embarrassed Jasmine Tong was.

“Jasmine Tong, we’ve asked so many questions, what does it mean to look down on us reporters when you don’t answer a single one of them, right?”

“It’s just that it’s too much of a big deal, what kind of person do you think you are, not just a whore who seduces someone with a married man?”

The reporters had a problem with Jasmine Tong not answering questions.

“Taking advantage of your own sister’s pregnancy to seduce your own brother-in-law, you can do this kind of thing Jasmine Tong, can you have some shame?”

It’s one thing to watch your own TV on the internet for these invective words, but it’s another thing to be called out on it to your face.

Jasmine Tong’s chest felt like it had been violently attacked.

When she came here, Xu Xingru had warned her not to say a word no matter what the reporters said.

She really couldn’t help but talk back.

A staff member came immediately at this time and escorted her into the venue.

She’s really losing it. She’s going crazy.

But are you ready to go inside?

There’s no more reporters, but there are still a lot of stars in the venue.

“This Jasmine Tong is really something, seducing her own sister’s brother-in-law while she’s pregnant, and this is the kind of person who gets nominated.”

“That’s right, this organizer doesn’t know what’s going on, but someone so lowly is making her a finalist too.”

The stars were all dressed up and talking along.

It’s been a long time since she’s attended such an event, and Tong noticed a lot of new faces on the scene.

She’s been away from the entertainment industry for far too long, and that’s the way it is in the entertainment industry, you can have someone take your place if you don’t come out for a month or two, not to mention she’s been away for almost a year.

Jasmine Tong didn’t pile on either, as no one paid any attention to her at all either, even her old acquaintances were avoiding her.

An actress in a white dress walked towards her.

The first thing that happened was that a man was willing to pay attention to her.

It's been a long time since I've spoken of Qin suddenly.

She left Star King International, created her own studio, signed some new talent, and produced a flower or two.

Today she is radiant and seems even more beautiful than before.

"It's been a long time since I've seen you, suddenly, sister."

"Yeah, it's been a long time, they say the road is long and the days are long, and the fox tail is finally showing."

The way Qin turned around and ordered her around made Jasmine Tong very uncomfortable.

Her Bossy Yet Naive CEO Chapter 537 - 539

Chapter 537

"What do you mean by that?"

Jasmine Tong had thought that Qin Tianlian had come over to express friendship with her, not realizing that she was the same as the others.

She had almost forgotten that Qin Jianlian was her rival.

"Jasmine Tong, I knew you were a two-faced woman at first, and now it does seem so."

Qin turned his eyes upward all the time, seemingly completely ignoring Jasmine Tong.

Back then, she won the Golden Wolf Award for Best Actress over Jasmine Tong, and her career started to go smoothly.

In terms of current popularity, Jasmine Tong is indeed not comparable to her.

“I didn’t think you knew some of the ins and outs, and I don’t think you’d think the same as everyone else.”

Jasmine Tong feels that others don’t know, but Qin Tianliang is aware that she is with Albert Ou, who has Albert Ou would still go and hook up with Ron Bie.

“It’s because I know something of the inside story that I’m more certain of the true nature of your bad woman. You’re so ungrateful.”

While Qin is busy with her own career, she doesn’t pay attention to the news about Albert Ou and Jasmine Tong, and with John Quan out of the country, she knows nothing about their situation.

After this incident came out, his first reaction was that Albert Ou had found out Jasmine Tong’s true face and dumped her, which was why she had gone to hook up with Ellen Ron.

“The Lord has finally opened his eyes.”

“I’m not going to bother theorizing with you about that.” Jasmine Tong really didn’t want to argue with Qin Liyuan.

“I’m telling you, Asawa he’s going to be mine sooner or later.” After saying this, Qin turned around and left Jasmine Tong.

Jasmine Tong, that’s an uncomfortable, his own matter has not yet been settled here and then came a rival.

“Look guys, look, even Qin Lianyan ignored Jasmine Tong yeah”

“I heard that when Jasmine Tong was just starting out, but Qin Qianlian was always promoting her.”

“It’s not that I’ve heard ah, it’s true that Qin Yangyan was very much promoting Jasmine Tong, but unfortunately Jasmine Tong was ungrateful and stepped on Qin Yangyan and even squeezed him out of Star Huang International This woman ah, is simply too bad.”

“Oh my god so he’s not only seducing a married man ah isn’t that the entertainment industry’s stinker?”

“A stinker like that should be thrown out.”

No one paid attention to themselves anyway, so Jasmine Tong sat alone in that corner.

This year’s Golden Wolf Awards were pretty dismal for Star King International.

There were no more finalists, other than her, who were even invited to perform.

Mo Yi-Ang switched the runway and started attacking the TV drama circle, and no works were nominated this year.

Jasmine Tong is all alone and looks pitiful indeed.

But just because she is the only seedling of Star King International, she should show her posture even more!

No matter if she won the award this year or not, she represents Star International, and Star International has special feelings for her, she absolutely cannot let the Star National Drama go downhill.

The awards ceremony started soon after and all the guests were seated.

Qin Liyuan was also nominated for the Best Actress award, and she and Jasmine Tong were particularly close to each other.

Before that, Chin Wai Yuen won the best actress award over Tong Siu Man. This year, she won the best actress award.

“It’s a bit of a déjà vu image.”Chin said with his head turned up high.

“Just say what you want to say, there’s no need to beat around the bush.”

Because that’s how the position was arranged, Jasmine Tong couldn’t get away.

“Remember back then, we did the same thing and were also double finalists for the Golden Wolf Award, only that time it was me who had the last laugh.”

Qin turned around and raised his eyebrows.

“Then suddenly, sister, I don’t know if you’ve heard of the phrase “the wheel of feng shui” last time it was you, but this time it won’t be you.”

Jasmine Tong also showed the same courage.

Since she had declared war on her, there was no need for her to dodge it.

“You just came back, took such a short time to make a movie, and the movie hasn’t even been released yet, and you want to compete with me with something like this?” joking.”

The film that Qin Yianran was shortlisted for was a box office hit of 2 billion, a box office champion, and also had excellent word of mouth, receiving praise from both inside and outside the industry.

And Tong’s movie, which people don’t even know what it’s like, hasn’t been released yet after all.

“It’s pointless for us to play all the tricks here, who wins and who loses, it’s the organisers who make the final decision.”

“Jasmine Tong, it seems you’re bound to win, how about we make a bet?”

“What’s the bet?”

“If the best actress award is mine this time, you will get out of the entertainment industry immediately and never appear again and you will never be allowed near Azawa again.”

Jasmine Tong sucked in a breath of cold air, the stakes were too high.

Honestly award or not, she wasn’t too sure.

Besides, there are times when such things require a certain amount of luck.

“What’s wrong don’t dare bet with me do you fear you’ll lose it’s okay, I didn’t say you had to bet.”

“And what if I win?”

“If you win, then speak for yourself.”

“If I win, please stay away from my husband.”

Jasmine Tong's gaze was burning as she looked at Qin Liyuan.

When Qin turned around, he couldn't help but scoff, "At this time of the year, you're still calling him your husband, how shameless are you?"

"You bet or you don't bet."

"Well, since you're partial to bumping into a gun, I'll take the gamble."

"It's a deal."

Jasmine Tong is pretty much out of the question.

"Jasmine Tong, Jasmine Tong, how horny you are, isn't there any way for Azawa to satisfy you and go out and find another man?"

Jasmine Tong snorted, "Say whatever you want."

"It can't be that Asawa found out what you really are and has already abandoned you that's why you're betting against me."

When Qin turned around, he was always eager to test Jasmine Tong.

This thought was also seen through by Jasmine Tong, and the more she asked, the less she said.

"Then suddenly sister, you seem to want to know about my progress with him hey, if you want to know, then just ask me, why beat around the bush like that?"

Qin turned a bit embarrassed, "I'm not interested in your business."

"Yeah? Well if you're not interested then don't ask a single question, lest I misunderstand something."

Qin Yangyan slanted his eyes to stare at Jasmine Tong, count you cruel.

Before you know it, the ceremony has reached the much-anticipated moment: the winner of the Golden Wolf Award for Best Actress.

Jasmine Tong straightened her back, Qin Qianliang's smile blossomed, and the camera has been pulled over towards this side.

“We are about to reveal the winner of the Golden Wolf Award for Best Actress this year’s ceremony is very similar to previous years, for example, Qin Yianran and Jasmine Tong both nominated, last time Qin Yianran took away the trophy of the Queen of the film so this year we will wait and see.”

Chapter 538

It has reached its most tense moment.

On the surface, Jasmine Tong looked the same as usual, but in reality, her heart was already in her throat.

If she loses, she’ll really lose badly.

When Qin turned around and took a contemptuous glance at Jasmine Tong, she was bound to win this award.

She doesn’t believe she can’t beat Jasmine Tong

“The winner of the Golden Wolf Award for Best Actress is Jasmine Tong.”

At that moment the whole room was silent.

No one seems to be responding.

This time, although Jasmine Tong was shortlisted, no one put her on the shortlist, after all, she has such a bad reputation lately, how could she win?

After ten seconds of silence in the arena, there was finally a sparse sound and the salute bloomed from the air.

Next to him, Qin turned around with an expression already petrified.

She thinks the same way as everyone else: the character-oriented Golden Wolf Award would never go to a scandal-ridden Jasmine Tong.

But it just happened, like a dream.

Tong stood up in a red dress and thanked the camera.

She carried her skirt, tilted her head up, and stepped onto the stage.

No one knew that she was actually sweating all over her nervous hands, and she had never wanted the award as badly as she did now.

What she didn't know, however, was that the surprise was still to come.

"Next we have the guest of honor for this award, Mr. Albert Ou, President of the Dark Empire Group."

"Wow,"

Everyone's mouths were almost in an o-shape.

Albert Ou, the president of the Dark Empire, has come to present the award.

Oh, God.

Is this for real? You're not dreaming, are you?

Some time ago, at the annual meeting held by the Dark Empire Group, Albert Ou made his first appearance.

Almost overnight, he became a national idol, the perfect husband candidate for all the girls.

Jasmine Tong was also shocked to hear Albert Ou's name, but when she went out, Albert Ou was still honestly at home with the kids in his light housecoat.

Why all of a sudden?

The golden door opened and Albert Ou, dressed in a black stiff suit, walked in.

He had a charming smile, and all the best phrases to describe a man could not be applied to him.

All the women are bouncing around.

That's awesome.

That's cool.

When Albert Ou stood next to Jasmine Tong, everyone noticed that Albert Ou's tie and Tong's dress were the same color

It's a coincidence. This has to be a coincidence.

The microphone was given to Albert Ou.

"Mr. Ou, we know you've always been reluctant to make public appearances, so what brings you here this time" the host's voice was shaky.

This was the first time she had ever been exposed to a god-like figure, and although she was being ridiculously funny, everyone could hear that she was timid.

"I am honored to be a part of this award ceremony and to be the guest of honor at this award ceremony."

Albert Ou's answer was very official.

Jasmine Tong couldn't even help but want to laugh, but she had to hold it in, hold it in, and hold it in again

"Mr. Ou, can you talk to us a little more? It's so hard to meet you in the flesh."

"I'm here today to present an award to my wife, I don't want to steal my wife's shine, so let's all pay more attention to our new queen, Miss Jasmine Tong."

"Give my wife an award."

Although Albert Ou spoke fast, everyone heard the words

He said he's giving an award to his wife. Is his wife Jasmine Tong?

There was dead silence. Everyone was stunned.

Even the hosts didn't know what they could say.

"O, Mr. Ou, what did you just say, giving your wife an award, your wife can't be Miss Jasmine Tong."

"Yes, my wife is Miss Jasmine Tong, and we've been married for almost three years now."

"Ah,"

Everyone was dumb, petrified, stunned.

How is that possible?

Offstage, Qin turned suddenly, that face was not to mention how ugly it was.

He had thought that these two had gone their separate ways, but he hadn't expected them to start showing their love publicly

She clenched her fists, her face was livid, and it felt like her heart was being ripped apart

Publicly, the relationship is finally out in the open.

"Didn't you just tell me to say more then okay, I'll say more then."

Albert Ou cleared his throat and continued.

"I'm so thankful to the judges of the Golden Wolf Award, which was finally given to my wife this year, otherwise our relationship would have remained hidden, my wife hadn't officially graduated from college when we got married, and she's a deadbeat, she always said she'd get some kind of grand slam or she'd never make our relationship public."

Albert Ou's words explain everything straight away

The host took a long time to respond.

"Miss Jasmine Tong, oh no, it should be Mrs. O, this really surprises us."

Jasmine Tong pursed her lips and smiled, "I'm also surprised, before I came to the award ceremony, Mr. Ou was still at home with his children, I had no idea he would come to give me an award today."

"What so you guys already have kids" the host was even more surprised.

"Yes, thanks to those who have been supporting me, I can finally be very honest here and tell you that I am married and have a child, and I also want to say I'm sorry that I said earlier that I was going to study and recharge my batteries, but in reality it was because I was pregnant and I did go and have a baby."

The audience felt like they'd been hit by a 10,000-point barrage.

It's okay that the national husband was taken away, but the national husband is already a father!

It's shocking. It's a wave of news.

When Qin turned around and heard the news that they had given birth to a child, he felt like thunder from a clear sky

That's great, they're already in love, so even if they don't have a relationship, they're probably not going to part, right?

"There's been a lot of news about me and I haven't even bothered to clear the air, I hope people can forgive me because I love my acting career and I don't want to rely on my husband, I want to rely on my own abilities, so after talking to my husband, I decided to hide the relationship and the fact that I'm having a baby."

Jasmine Tong bowed deeply.

Albert Ou immediately embraced Jasmine Tong in his arms.

"If people want to blame me, then blame me, I didn't protect my wife and let her get caught up in the scandal, but not anymore."

Albert Ou was smiling the entire time, but when he said those words, the smile disappeared.

It was as if he was warning everyone that Albert Ou's woman was not to be violated by anyone.

At first there was sparse applause, and then the applause literally took the arena by storm!

When Qin turned around, he had to follow the applause.

Chapter 539

The stage is already beginning to boil.

Qin turned to stare at a man and a woman on stage, fire blazing in his eyes.

“Hey hey, did you know that Albert Ou has come down from his position as the richest man, and not only that, but his place on the rich list has disappeared as well.”

“Isn’t that because the Dark Empire is not doing well these days?”

“Even if it’s really mismanaged and a skinny camel is bigger than a horse, it’s not like his place on the rich list is disappearing.”

“So what’s the reason,”

“I have a friend in the dark empire, and it is said that Albert Ou especially favored his wife by transferring all the property in his name to her that’s why his place on the rich list disappeared, and the dark empire was poorly run because he didn’t have time to manage it and take care of his wife to go”

“Oh my god this Jasmine Tong saved the galaxy in her last life, right?”

“Looks like people are close.”

Listening to the people behind him discussing, Qin suddenly felt even more unpleasant.

Jasmine Tong, who was on stage, began her acceptance speech.

“Today I want to give a special thank you to my husband for supporting me in every decision I make, for spoiling me, for accommodating me, for everything he has done for me, it’s been a hard time for you, I’m going to take some time off and stay home with you and my son, that’s it”

Jasmine Tong bowed deeply once more.

sons

Tong’s acceptance speech reveals the gender of her child

She’s given Albert Ou a son, so her position as Mrs. Ou is secure.

The next part of the award ceremony, everyone lost interest, all immersed in the fact that Albert Ou had been married to Jasmine Tong for three years and had a child.

The awards ceremony was followed by an interview session.

The media reporters directly surrounded Jasmine Tong and Albert Ou.

Albert Ou obviously disliked this interview style, but he repeatedly endured it for the sake of Jasmine Tong.

“Mr. Ou, I heard that you transferred all the property in your name to Mrs. Ou, is this true?” the reporters were naturally very well informed.

“I’m happy to do it, it’s none of your business” Albert Ou was very dismissive, he hated having his personal affairs discussed.

Jasmine Tong stood to the side very awkwardly.

“And don’t always Mrs. Ou, Mrs. Ou is called, my wife has a name, her name is Jasmine Tong.”

A warmth flowed through Jasmine Tong’s heart, and that was the problem she was most worried about.

Her greatest fear was that one day everyone would know that she was Mrs. Ou and she would be without a name of her own.

Albert Ou’s angry rebuke scared all the reporters, and everyone dared not make a fuss.

“Manny, have you ever thought about having a second child?” a reporter began to turn the conversation to Jasmine Tong.

“Ah that hasn’t crossed my mind at the moment, maybe I’ll make plans in a while.”

Jasmine Tong hadn’t even thought about it, but she didn’t expect this to start rushing her second child.

“No, you’re still a woman. You’ve never had a child before. You know it’s hard for women to have children. Try having one yourself.”

The one who asked the question was a female reporter, Albert Ou, who immediately yelled at the woman when she heard the question.

The female reporter was so scared that she was going to cry.

Jasmine Tong is embarrassed by this, Albert Ou is really making too much of a fuss over this

Because Albert Ou always had an angry look on his face, and it was as if he would play with anyone who tried to bully his wife.

No one was afraid to ask questions, so the interview ended early.

The two men got in the car for the ride home.

Albert Ou sat upright, experiencing such a scene for the first time.

“Did I just misbehave?”

Albert Ou stared straight ahead, not seeming to want to face the subject.

Jasmine Tong couldn't help but laugh out loud, so this man also has a lack of self-confidence ah

“What are you laughing at?”

“No la, behaved very well, always acting like a mother hen defending her chickens, scared the reporters so much that the interview ended early so we could get home so early.”

“What hen protects her brood, it's clearly a rooster protecting a hen,” corrected Albert Ou.

“You're the chicken,”

“You were the one who said it first.”

“Okay, okay, I was the one who said it first, I was wrong.” Jasmine Tong immediately snuggled into Albert Ou's arms.

It's finally out in the open.

“Are we ready to start preparing for the wedding” Jasmine Tong said sweetly in Albert Ou's arms.

“What? Can't wait to marry me.”

“Yeah, can't wait.”

As soon as he got home, Albert Ou pulled Jasmine Tong's hand and kept running upstairs until he reached the bedroom before stopping.

"What's the run for?" panted Jasmine Tong looking at Albert Ou.

"I thought you said you couldn't wait I couldn't keep you waiting too long" Albert Ou said taking Jasmine Tong into his arms and kissing her.

"Where did I say that?" Jasmine Tong really wanted to cry.

This night, Albert Ou didn't get his wish after all, because the maid came over before he had even taken Jasmine Tong's clothes off.

It's time to breastfeed the baby.

Jasmine Tong had to go to the nursery to nurse the baby to sleep.

Watching the baby eat soundly, Jasmine Tong was also heartened.

"Baby, Mommy's going to give you a little sister."

The baby ate while watching Jasmine Tong dance around.

"I want a little sister too, don't I?"

If the reporter hadn't asked the question today, Jasmine Tong would never have thought about it.

One son, one daughter, one lifetime.

It's so beautiful.

A little while later, Albert Ou came over as well.

"Has the little one had enough?"

"Quiet, you're fast asleep."

Albert Ou immediately lowered his voice, "just will go against me you say he is not doing it on purpose."

"On purpose what on purpose he's still so young, what do you know?"

“Hurry up and put him to bed, there’s work to be done.”

Of course Jasmine Tong knew what was the main thing in Albert Ou’s mouth.

“Honey, let’s have another baby and I’ll give you a little lover, okay.”

“What little lover”

“People say a daughter is daddy’s mistress from his last life, I’ll give you a daughter.”

“Jasmine Tong, you really have forgotten the pain a few months ago, you just went around from the ghost gate, and now you still want to have a baby, you’re brain-dead right not to have, determined not to have this one, it’s enough, children are annoying”

Jasmine Tong threw up her tongue and didn’t continue this topic.

As soon as the baby fell asleep, Albert Ou dragged Jasmine Tong back to the bedroom to continue his business.

While they’re busy with their own business, the internet conversation about them has been steadily climbing and is about to blow up

Her Bossy Yet Naive CEO Chapter 540 - 542

Chapter 540

Hsu Xingru: My goodness has finally come out in the open, and I just found out not too long ago that the female artist I’ve been leading for so long is my boss’s wife!

Yao Xiangyun: Cousin-in-law, when will you bring your little nephew back for a visit?

Huo’s Jewelry: congratulations, congratulations Miss, bring your aunt back some day to see.

STONE STUDIO: Boss, where are our wedding candies?

Meng Jiajia: Oh my, it's so sweet that it's embarrassing for us old married couples.

A group of Star King International's little flowers even lined up in formation and shouted in unison: boss lady.

Nothing is more amusing than Mo Yiang's tweets.

Mo Yiang: why should it be made public why should it be made public have you consulted my great nephew's opinion?

Jasmine Tong and Mo Yiang's scandal also broke up, and people paid attention to understand why these two people are so close, and it turns out that people were originally a family.

All of the comments at the bottom were comforting to Mo Yiang.

"Yi Aang don't cry back and ask your little aunt to buy you some candy."

"lone, next time, when you have a girlfriend, won't it be nice if you show your love publicly too?"

"Oneon, you and us."

When this news came out, no one was more shocked than Ellen Ron and Rameen Tong's couple.

This time Rameen's work did not make the cut, and because she was pregnant and at home, the organizers did not invite her to the ceremony.

But she still watched the broadcast at home.

When she found out that Jasmine Tong and Albert Ou are married and have a child, she was first shocked and then jealous.

Naked jealousy.

Why did Jasmine Tong marry Albert Ou

She thought that she was already a winner in life by marrying a man like Ellen Ron, but naturally Albert Ou and Ellen Ron were not on the same level!

She's going crazy with jealousy.

There was all her favorite fruit on the table. She threw it all on the floor.

No wonder the Shikshasa camp disappeared no wonder the Shikshasa camp failed again and again no wonder Jasmine Tong always had someone to protect her.

She's got a very powerful benefactor behind her.

And it was even more incredible that Ellen Ron knew the news.

He had wanted to get Jasmine Tong back, but hadn't thought that people already had a better one.

His Merman is long gone.

He finally understood what Jasmine Tong's line about never being able to go back meant.

After all this, everything will be a new beginning.

Those scandals about Jasmine Tong and Ellen Ron were no longer self-evident and didn't need any explanation.

Although Ellen Ron was also a respectable figure, it was really nothing compared to Albert Ou.

Already with Albert Ou, how could Jasmine Tong still be entangled with Ellen Ron.

As for the video that everyone says is Stonehammer, people are starting to wonder about the authenticity of the video.

This night, Rameen dreamed of staying up all night.

She couldn't figure out how Jasmine Tong could have hooked up with Ou Ze wild, and even gave birth to a son so quickly, securing her position as Mrs. Ou's wife.

She basically didn't fall asleep until almost dawn, and it was almost noon before she was woken up by her phone ringing.

Confused, I picked up the phone and answered it.

“Hey, who is it?”

“Meng Meng, where are you? Something bad’s happened. Come over quickly.”

“What’s happened” Rameen Tong was a little impatient.

“Something happened to our family’s wine drinking at the wedding banquet of the daughter of that Chongshan Group CEO, something happened to you come to the hospital quickly.”

Rameen Tong woke up with a start and sat up, she quickly got dressed and hurried to the hospital.

The hospital was in chaos now, with many people still wearing saffron on their heads and dressed fresh.

This one looks like it’s running from a wedding reception.

Rameen Tong went through the crowd and finally found Marven Tong.

“Dad, what the hell is going on here?”

“Montmorency, you’ve really come to the rescue this time, something big is going on.”

“Don’t worry, take your time.”

“Isn’t today the wedding of the daughter of the boss of Chong Shan result in collective poisoning, the group of people all sent to the hospital one has died, there are two living in the intensive care unit.”

Marven Tong was so anxious that he jumped to his feet.

“That’s not necessarily just drinking our wine ah could be their wedding banquet, there is something wrong with the food.”

Rameen Tong is used to shirking her responsibilities.

“But,”

Just at this moment, a sudden yell was heard

“Marven Tong test results have come back all the meals are fine, only your family’s wine is problematic you’ll be waiting to go to jail.”

It was Lu Shan, the CEO of the Chong Shan Group, who spoke.

“Mr. Lu, let’s have a talk, let’s come together and discuss this, don’t worry, I won’t charge for this batch of wine, and I’ll be the one to pay for all the compensation here.” Rameen Tong immediately went up, smiling and talking to Lu Shan.

“Do you think I’m poor money I only have such a precious daughter her wedding even died, relatives and friends all in the hospital, you let me face where to put my daughter’s wedding ruined, all because of your family this matter I will never let go of it.”

Lu Shan looked furious.

“Lu, take it easy, the bride and groom are fine.”

Lu Shan, a man who was still very smart, was worried about drinking too much himself at the wedding banquet, and he had many good friends, so his toast was replaced with plain water, and so was the bride and groom’s.

So they’re all fine, it’s these relatives and friends who are not fine.

“I’m glad they’re okay, otherwise I’d be looking for a life for you.”

Lu Shan waved his arm and immediately left.

Rameen Tong’s big belly was not good enough to catch up with her.

“Mengmeng, what should we do? I’m going to die of worry. Lu Shan isn’t a man to be trifled with.”

Marven Tong was so old, tears were streaming down his face.

The last time he drank someone into the hospital, he’d been terrified, and with so many people in the hospital this time, you can imagine he was about to be scared to death.

“Dad, let’s not worry about it just yet, let’s go home and figure it out.”

As soon as Rameen Tong and Marven Tong returned to the Tong house, Marven Tong's phone rang sharply.

"Chairman it's bad, our factory has been closed down on the company's side, and several people have been arrested."

"What speed surprisingly fast."

The doorbell rang as soon as the words were out of my mouth.

The maid goes to the door, "Who do you want?"

"Marven Tong is living here bar Tong Kee liquor industry had a major accident, trouble with us."

"Ah I don't I don't go isn't going to jail ah" Marven Tong was so scared that he fell on his ass.

"Dad, no, they're just taking you to ask questions, they're not going to put you in jail, don't worry, I'll get you out."

"You're Rameen Tong right you need to come with us as well."

Chapter 541

The uniformed policeman is not smiling, and does not show any mercy just because Rameen Tong is a big star.

Rameen Tong looked at these cops in horror, "No you can't arrest me I'm not committing a crime"

"You, as the president of Tongji Liquor, should have cooperated with us to investigate this matter, this is a first-class major accident, the city attaches great importance to it, we must investigate it clearly, please cooperate with us."

"Don't you know me?"

Things on their own turn, Rameen Tong also scared enough.

The police seemed very helpless, "Miss Rameen Tong, you are a public figure, you should set a good example, I hope you will cooperate with us."

“No I don’t want to go to the police station I’m right, I’m pregnant I’m a pregnant woman” Rameen Tong panicked and backed up in a hurry.

“Oh geez, you guys, please, my daughter is really pregnant, how can you catch a pregnant woman”, Duthie rushed out to organize.

If Marven Tong and Rameen Tong are both arrested, she’ll be at a loss!

The cops looked at each other, and pregnant women do get preferential treatment.

“Well then, let’s take Marven Tong away first today, Miss Rameen Tong, I hope you stay at home and don’t go anywhere, but if we need to investigate, there’s still always the possibility of finding you.”

The policeman said these words and left with Marven Tong.

“Dad, don’t worry, I’ll figure it out.”

Marven Tong was tearfully taken to the police car.

Duthie watched as her old man was taken away, stunned that there was nothing she could do about it, her legs went limp and she just sat on the floor.

“Montmorency, Montmorency, what do you think we should do? What should we do?”

“Mom, you get up first don’t be like this I will find a way to get my dad out” Rameen Tong one hand on her waist one hand pulling the ground Dusmin.

Duthie also saw that her daughter was having trouble moving, which is why she got up.

“You have to save your father, you have to.”

Simin Du gripped Rameen Tong’s hand tightly, as if grasping for a lifeline.

In fact, Rameen Tong is their family’s lifeline!

“I will, definitely.”

In fact, Rameen Tong’s heart was also bottomless.

Even Tong Fook was arrested, the factory and the company were all shut down. This is a serious matter.

The incident quickly became major news.

Everyone knows that Tong Kee Liquor is run by Rameen Tong's mother's family, and since Rameen Tong is a member of the circle, the entertainment news is reporting the news as a front page story.

There was a lot of noise.

Rameen Tong went out several times and was almost attacked by reporters, so scared that she didn't even dare to go out the door and had to hide in her and Ellen Ron's house.

She could only beg for Ellen Ron's help.

Rameen Tong where to sit a vigorous pacing back and forth in the room.

The door opened and she immediately looked alertly at the door, it was Ellen Ron and she immediately strode over to him

"How's brother Ellen?"

Ellen Ron shook his head, his face very ugly as he slowly changed his slippers and took off his jacket and hung it on the hanger.

"What do you mean by shaking your head? Just tell me, don't make me anxious."

Ellen Ron walked to the sofa and sat down, "The CEO of the Chong Shan Group, Lu Shan, is not a small person, he used to be a soldier and later retired from business, he has plenty of backers behind him, even the mayor is an iron buddy with him, it's not easy to say what happened this time."

"Ah so what should we do my dad is still in there now" Rameen Tong was in a hurry tears were falling.

"Lu Shan is a man who wants to save face, this matter has disgraced him, plus those who drink and are poisoned are his friends and family, he will not let up, the top has given a death order, this matter must be investigated to the end."

“Then there’s no room to turn around at all? “Rameen Tong grabbed Ellen Ron’s arm, “Brother Ellen, my mother still has some savings there, and I have some here, no matter how much it costs.”

Ellen Ron looked at Rameen Tong with a deep gaze, he really didn’t want to interfere with these matters, if it wasn’t for the fact that Rameen Tong was carrying his flesh and blood in her belly, and Lin Qingfeng was worried that she might be in trouble, he wouldn’t have made so many trips.

“I’ve consulted my lawyer, I can get bail, after all, your father is old, let’s get the man out first, then find a chance to see if we can meet with Lu Shan and plead for mercy.”

Ellen Ron sighed, this was a tricky matter.

“But,”

“But what,”

“Lu Shan is arrogant and arrogant, and the Chong Shan Group is doing so well, and he’s so well connected, I’m afraid there’s too little we can promise him, and he won’t go away because of that, but I think there’s one person who should be able to make him give some face.”

“Who”

“Albert Ou.”

When Ellen Ron said the name, Rameen Tong’s eyes almost stared out of their sockets!

If you go to beg Albert Ou, it’s just like begging Jasmine Tong.

She had to beg Jasmine Tong for a joke.

“My sister hates me so much, she definitely won’t want to help, she’s dying for something to happen to the family, she’s the one who messed up the last time”

Ellen Ron had expected this to be the case.

“I don’t know anyone from the Dark Empire well, and I haven’t met Albert Ou either, I knew John Quan before and was able to contact him through him, but

John Quan left the country and I haven't heard from him for a long time, so let's contact Lu Shan first, I'm tired and I'm going to sleep for a while."

After saying that, Ellen Ron went straight to the bedroom.

What he meant by these words was that if they couldn't reach Lu Shan's side, then I'm sorry, but they'd have to figure it out on their own.

Rameen Tong was in a state of panic, and now could only hope that Lu Shan's side was willing to make peace.

The news was the first to break, but Tong didn't have much time to focus on that as she had been at home with her son.

It was hard to take a break, but she preferred to leave time for her son and Albert Ou.

So at home, she often forgets where her phone is.

"Hey, hey, hey son is asleep and you're giving him milk" came that grumpy voice overhead.

Jasmine Tong looked down to see that the baby was already sleeping heavily, and she immediately put him down.

"Waste I warn you oh Jasmine, this habit should never be given to him, when he's dependent, he'll be out oohing and aahing little girls at seventeen or eighteen."

Jasmine Tong's face was black. What's going on here?

"Don't be ridiculous. It's in a child's nature to be dependent on breast milk."

"So men like it too."

Lately he's been really vocal about the whole breastfeeding thing.

Tong dared not even let him see when she breastfed him.

Chapter 542

"What do you want from me?" Jasmine Tong tucked the baby in and looked up at Albert Ou.

“I’m asking you, what’s a showboat?”

Jasmine Tong blinked a few times to look at the serious-looking Albert Ou.

Since the two went public with their relationship, Albert Ou seemed to be hooked on Weibo, he didn’t have a blog before and knew they were being talked about online, he immediately registered for it.

In one night, she had 10 million followers, making Jasmine Tong crazy with jealousy.

On Twitter, he doesn’t allow anyone to speak ill of him, and if anyone, who doesn’t like them both or speak ill of himself, he publicly dislikes people.

Strangely enough, it didn’t cause any disgust among netizens, but instead made people think he was cute, and gave him a nickname: OU怼怼.

“Showing love is literally just the two of us being very much in love, and then we have to show it to someone else, and it’s called showing love.”

Jasmine Tong patiently explained to Albert Ou.

Since Albert Ou started hanging out on Weibo, Jasmine Tong has also discovered Albert Ou’s shortcoming: he doesn’t understand the internet and feels like a Martian.

“This bastard actually said show love split fast I thought it was some profound phrase but it turns out to be literal”

Albert Ou said as he opened up Twitter and started replying to the netizen’s words.

Jasmine Tong watched Albert Ou play with his phone, and then remembered that he had thrown his phone somewhere.

“Honey, have you seen my phone?”

“No, who knows where it got lost.”

Albert Ou played with his phone with his head down.

“I’ll look for it then.”

Jasmine Tong got out of bed and prepared to go in search of her phone.

“Get back here,”

“Why can’t I find my phone, I’ll go look for it.”

“What phone are you looking for? Come over here and show me some love first.”

Albert Ou grabbed Jasmine Tong back, “Didn’t they say we’re showing love? Then I’ll show them and let the dog food hold them up”

Jasmine Tong finds an additional Internet addict in her house.

“Let me find my phone first, okay?”

“Find the phone, you started to play with the phone again you this low family, every day you know how to play with the phone, really do not know on the cervical spine bad modern people should put down the phone, more spiritual communication, of course, you are willing to physically communicate I do not mind.”

Jasmine Tong forked her waist and looked at Albert Ou for tears.

And I don’t know who’s a lowlife or who plays on their phone every day.

“What? You want to communicate physically?”

Albert Ou said and went to take off Jasmine Tong’s clothes.

Jasmine Tong hastily stepped back, “Stop it, it’s broad daylight, my son is still sleeping.”

“It’s okay if you don’t make a scene, but then you have to promise me that you won’t play with your phone and stay with me”

“Alright, no cell phones, keep you company.”

“That’s more like it. Come on, take some showy pictures.”

Albert Ou is really addicted to showing his affection, and he shows it in a variety of ways.

Netizens are never tired of watching him, and his casual tweets can top hot searches.

During her lunch break, Jasmine Tong fell asleep with her baby.

Albert Ou was not in the habit of taking a lunch break, so he walked out of the study, took out Jasmine Tong's phone from the drawer, looked at it, and turned it off and locked it.

He had already sent a message to Xu Xingru, so if Jasmine Tong had an event she had to attend, just contact him directly.

Xu Xingru was now the CEO of Star King International, so naturally she had the right to be in direct contact with Albert Ou.

Wu Xiu walked into the study, "Young Master, you wanted to see me."

"Order all the servants to go on, no one is allowed to talk about the Tong Kee wine business, not even in private."

Albert Ou's eyes were back to their old coldness.

"Yes, I will order it."

"If the wife is looking for her phone and asks, all just say you don't know."

"Yes."

"There's nothing more to do, so get out."

Wu Xiu nodded and exited the study room.

Jasmine Tong's heart was too soft, and if she knew about this, she definitely wouldn't stand idly by.

Albert Ou had long wanted to teach the Tong family a lesson, but couldn't let go of this good opportunity.

After Rameen Tong posted a large amount of bail, Marven Tong was finally brought out under the operation of Ellen Ron.

Although he had only been inside for three days, Marven Tong seemed to have aged a lot all of a sudden.

There was significantly more white hair than before, and his face had lost a bit of weight, which was a far cry from his formerly spirited demeanor.

Rameen Tong brought Marven Tong, who was in a trance, back to the Tong family.

It was only three days, but Marven Tong felt like three years had passed, and as soon as he got home, he sat his butt on the couch and started bawling.

“Old man, you’ve finally come back” This cry doesn’t matter, causing Dusyman to tear up as well.

Rameen Tong was also saddened by what she was watching, “Okay, okay, Dad, Mom, you all stop crying, it’s out, isn’t it”

Marven Tong a grown man cried like a child.

“Old man, don’t cry. Our Meng Meng is still pregnant.”

It was only then that Marven Tong stopped crying and sobbed a few times.

“Dream on, Dad won’t be going back in this time out.”

He was genuinely cowardly, terrified by the frame inside.

“Dad, don’t worry, you have me and Ellen, we won’t let anything happen to you, Dad, go to your room and get some sleep first.”

“Hey, good,”

Marven Tong wiped his tears and turned to Simin Du, “The money I let you save before, take it all out and break the bank to avoid disaster. Let’s not spend a penny where it’s due.”

“I know, I’ve taken it out” although it hurt more than cutting, but people are more important than money, that’s something that Dusyman understands.

Dushman helped Marven Tong upstairs, arranged for him to sleep, and returned to the living room.

Rameen Tong caressed her forehead, looking exhausted.

“Montmorency, there’s something you haven’t said, isn’t there?”

Duthie noticed it at once.

“Mom, if I tell you, don’t ever be afraid.”

“Go ahead, we’re already like this, and there’s nothing to be afraid of.” Dushman grabbed Rameen Tong’s hand.

“I’ve spent a lot of money, I’ve made a lot of connections, and so has Ellen, but, on the land side, they just won’t meet.”

Rameen Tong had to tell Dushman the cruel truth.

“Then what?”

“The fact that Lu Shan is not willing to meet us shows that he is not willing to reconcile, and he will continue to put pressure on the top, and I’m afraid the company and the factory side will not be saved.”

“Then your father won’t be sentenced right he can’t afford this kind of ordeal ah, this old bone of his, you’ve just seen it, it’s been like this for three days in, you let him go in again, won’t that kill him?”

“I know, and I’ll figure it out.”

“Meng Meng, two days ago Mrs. Zhang told me that Jasmine Tong married the CEO of some empire.”

Her Bossy Yet Naive CEO Chapter 543 - 545

Chapter 543

Rameen Tong’s face immediately darkened upon hearing this.

“It’s the president of the Dark Empire, Albert Ou.”

“That’s right, that’s the name, Mrs. Zhang said, your Jasmine Tong is so capable and has found such a powerful husband, this Albert Ou, who is said to be very powerful, do you think it will help if we go begging him?”

Rameen Tong turned her head sharply to look at her mother, "Mom, how can you be so spineless do you forget what we did to Jasmine Tong how could she help us"

"It's no longer bone-headed or not, as long as I can save your dad, I'll go with my old face intact, whether she beats me or yells at me, I'll admit it, she can't help us, but your dad is her dad after all, she can't see death and not save him,"

"You're on your own if you want to go, but I'm not going anyway."

Rameen Tong won't whisper to beg Jasmine Tong, much less want to see her as a rich wife.

"I'll go, I'll go with your father, I can't believe that she'll see death."

Rameen Tong didn't have a theory with Simin Du, maybe the soft-hearted Jasmine Tong will really exert a helping hand, then all the problems will be solved.

Marven Tong slept this sleep straight through to the next day, and when he woke up he was also confused.

Dusyman stayed by his side and was finally relieved to see him awake.

"Old man, you're finally awake, you're about to scare me to death," said Dusyman as she stroked her chest, wondering how many times she had gone to touch Marven Tong's nose, then if he was still breathing.

"I'm really getting old."

"O old man, get up quickly and eat something, we are going out later to see your son-in-law and grandson."

Marven Tong didn't react for a moment, "It's great that Meng Meng is carrying a son then, the officials won't say anything about it."

"What are you babbling about? You don't even know if the baby is a boy or a girl."

"Then you just said that whatever son-in-law and grandson you're going to see asked Ellen to just come over here."

“No Ellen, it’s your other son-in-law.”

“The other one,”

“Your daughter Jasmine Tong flew to the top of the branch as a phoenix she’s now a gorgeous wife, married to the one-handed Albert Ou, and gave birth to a son.”

“Oh, and this,”

Marven Tong had been so busy with his company lately that he hadn’t noticed the news.

“A thousand times true this Albert Ou you’ve always heard of him it is said that he is so powerful that he can do anything, let’s go and beg him. You’ll definitely stay out of jail.”

Marven Tong’s eyes immediately glowed when he heard this, and he finally came to his senses.

“Well then, let’s get out of here.”

Marven Tong and Simin Du, who were both asking around left and right, finally found out where Albert Ou lived, and they came to the Crystal Garden.

The gatekeeper saw two strangers.

“What the hell are you two doing? Get out of here.”

“We’re here to find someone, does Tong Koman live here?”

The gatekeeper frowned and looked the two strangers up and down.

“Who are you two and how do you know about our wife?”

“I’m her dad I called her but her phone was off. Let us in quickly.”

Marven Tong is used to yelling at people in the company, he has never taken these people seriously.

The gatekeeper immediately spoke to the inside on the intercom.

Albert Ou has been home for the past few days, and he and Jasmine Tong are playing with the baby in the nursery.

Wu Xiu stood in the doorway and gave him a wink.

“Jasmine, you stay with the little brat and play first, I’ll be right back.” Albert Ou got up and went out after touching Jasmine Tong’s head.

Jasmine Tong looked at him, and then at the strange looking Wu Xiu.

“Awww” the baby shouted, he was trying to get the toy and his own hands were too short to reach it.

“Alright, alright, look at your quick temper, you’re too much like your father” Jasmine Tong hurriedly took the toy to the baby.

“Make sure it’s both of them.”

“They themselves say they are the wife’s father, so there should be no mistake.”

Albert Ou glanced at Jasmine Tong with the corner of his eye, “I’m going down to meet him and watch over Madam.”

Albert Ou went straight down the stairs.

Marven Tong and Dossier had entered the living room, and both of them had become foolish at the sight of such a bright and spacious living room.

At first, Marven Tong thought he was already very rich, but compared to Albert Ou, his money was nothing compared to that.

“Old man, my mother, this house is really too big how much did this cost ah the decoration is too luxurious, like a palace”

“This Albert Ou was once the richest man in the world, and it’s said that he once spent hundreds of millions of dollars building this house.”

“My mother ah our family that little savings, not enough for him to build a house it Jasmine Tong how so blessed, married to such a rich old man, anyway, you can talk a little later, that’s your own daughter previous things are not to bother about, we have Jasmine Tong, the next life also do not worry about food and drink.”

Originally, Dushman just wanted Jasmine Tong's help, whatever it takes to keep Marven Tong out of jail.

But who wouldn't be impressed by such a rich house?

People are greedy.

Marven Tong and Simin Du's thoughts were the same, no matter how much Jasmine Tong was his own daughter, the worst case scenario was that he would pull down this old face.

So what if there is no Tong Kee Liquor, he still has Jasmine Tong as his daughter and Albert Ou Ye as his son-in-law.

He could live like an old man if he got involved with them.

Albert Ou was standing on the stairs watching the two men and was having that greedy look at his house.

Albert Ou couldn't help but snicker a bit as he coughed lightly.

Marven Tong immediately saw him and rushed to meet him.

"Your son-in-law is a real piece of work."

Marven Tong stretched out his hand, ready to shake hands with Albert Ou.

Albert Ou didn't even look at him, walking straight towards the couch, sitting down and crossing his legs.

Marven Tong pounced, hastily pulling Dushman over to the couch and sat down.

"Did I tell you to sit down?"

Marven Tong and Duthie hastened to their feet again.

"Son-in-law, ah, you see this Manny is also really, she has been married this matter, have not even told the family, causing us to be unaware of your existence, only today to come to the door."

"Yeah, yeah, this kid Manny, it's fine to hide it from others, even from your own family." Dushman echoed.

“Did you come to my door today to speak ill of my wife?” spoke Albert Ou coldly.

“No, no, no, we didn’t mean it,” Marven Tong hastily denied.

“So what are you guys doing here?”

Albert Ou raised an eyebrow, full of disdain.

Chapter 544

“Our son-in-law, we are all family, a family does not speak two words, I’ll say it straight, I don’t know if you heard, I that Tong Ji wine business was closed down, I was also sued, was thinking of asking you to give help?”

Marven Tong explained his intentions.

“Yes, son-in-law, we all know you’re good at what you do, and there’s nothing in this world you can’t do, so please help us out. If our Tong family is rich, wouldn’t Little Man’s face be glorious?”

Duthie followed up with another.

The maids in the room, including Albert Ou, all laughed.

The laughter was very uncomfortable for Marven Tong and Duthie, they didn’t know what everyone was laughing at.

“Do you know what they’re laughing at?”

Both Marven Tong and Duskman laughed awkwardly.

“They are laughing at you two, my wife’s face still need you to add color to her? District a Tongji wine industry, and how much color can be added to her you can know, even the floor under your feet on this floor, are her.”

Marven Tong and Duthie looked at their feet in unison, if even a single floor in this house belonged to Jasmine Tong, then wouldn’t everything be hers!

“Aigoo, my Little Man is so good, you are so good to her” Marven Tong immediately smiled and narrowed his eyes.

If Albert Ou thinks so highly of Jasmine Tong, then it seems that their trip today will not be in vain.

“She’s my wife, of course I’m nice to her.”

“Is it possible for the son-in-law to drop in on our wine business for Manny’s sake?”

Albert Ou smiled without saying anything.

Neither Marven Tong nor Duskman quite understood what that meant.

“Son-in-law, give us a quick word, will you help us with this matter?”

“Old man, look at what you’re saying, the son-in-law is so good to our daughter, he’ll definitely do it for us.”

Albert Ou was looking very comfortable with his legs crossed.

“This matter isn’t even a matter to me, I’m an old acquaintance with the CEO of the Chong Shan Group, he’s always wanted to climb up with the Dark Empire, and as long as I say the word, he won’t dare to make a scene.”

“Ouch yo, that’s really great, thank you so much son-in-law” Marven Tong finally breathed a sigh of relief.

“Wait, I haven’t finished my sentence, I mean he wouldn’t dare to make a scene if I said so, but I can make it to the end if I just say so.”

Marven Tong’s smile froze on his face, and he and Dusyman looked at each other.

“Son-in-law, I’m a little confused by that.”

“Who are you calling son-in-law one mouthful at a time? Have I admitted that I’m your Tong family’s son-in-law aren’t you already, kicked Jasmine out of the house already? She’s not your daughter, so how can I be your son-in-law?”

“Look at what you’re saying, wasn’t that because of a little misunderstanding in the beginning? What father disowns his daughter I was just talking out of anger at first where would I really disown her.”

Marven Tong hastily groveled and explained.

“Misunderstanding turned out to be a misunderstanding about Xiaolei’s death. The next time I go with Mann to burn paper for him, I’ll turn around and tell him that his father said his death was a mistake.”

Marven Tong’s face immediately turned ugly, “Little Lei has passed away, so don’t bother him, the living still have to live well don’t they”

“He is indeed dead, have you ever visited his grave Oh, I forgot, you said that he could not enter his ancestral tomb until he was married, you don’t even know where his grave is, I suppose.”

Marven Tong tugged at the corners of his mouth, and his face became even more ugly.

“Son-in-law, we’re wrong about this, we’ll definitely go and burn more burnt paper for Little Lei.”

“Yes, before it was all our fault for not being sensible, but in the end we are a family ah” Simin Du also hurried to help Marven Tong speak.

It was good that she didn’t say anything, but when she did Albert Ou turned his attention to her.

“A family is a family. Your children are well fed, well dressed and well used, but Jasmine and Xiaolei don’t even get a good meal, and they even get beaten up all the time, is that what you call a family?”

Albert Ou was finally able to settle a score with them.

“Uh son-in-law, it’s all my fault, it’s all my bad I apologize to Mandy”

Duthie is also putting this old bone out there.

“Mandy is also what you call him, he’s called Mandy, at the very least, he’s Mandy’s real father, I can’t change that, but what about you, who are you to call my wife by her first name”

Albert Ou’s eyes glared at him, and Duthie’s legs weakened in fear

“I’m sorry Mrs. Ou I’m sorry Mrs. Ou I’m an a\$\$hole, I’m not a human being begging Mrs. Ou to forgive me.”

Duthie smacked herself twice as she said it.

Marven Tong was sighing.

“Hey, let me ask you, how many times have you beaten Manny since he was a kid.”

Albert Ou asked with interest.

“I was young and inconsiderate at that time, I was wrong, I’m sorry Mrs. O’Brien” Dulcemin gave herself two more slaps.

“Can a sentence of youth and ignorance be written off? You are businessmen, I am businessmen, and we businessmen are concerned about fair trade.”

Albert Ou leaned back against the couch smugly.

“Let’s just say that any number of times you say you’ve hit her is any number of times, go ahead.”

Duthie was even more embarrassed, where she remembered so clearly.

“Go ahead and say more, I wouldn’t blame you for saying less, I just want the number.”

“It’s been so long, I can’t remember.”

“Is it too long, or is it too many times?”

“More than a hundred times this one,” said Dulcemia stiffly.

She knew that Albert Ou wouldn’t stop until she gave a number to him, but if she said too little, Albert Ou wouldn’t believe it, and Jasmine Tong must have spoken to him.

“A hundred times is fine, even if you do a hundred times, I don’t want to be difficult, let her father hit you as many times as you’ve hit her, you must have hit her more than once, so it’s not a disadvantage to count. I never do business at a loss, but this time, for the sake of my wife, I’m losing money for once.”

Albert Ou raised his chin and the maid immediately brought the feather duster over.

“As I said, I’ve already lost money, so, Mr. Tong, if you do it too lightly, I’ll lose even more, and I’ll have to be allowed to take back the sale.”

Marven Tong and Tu Si Min were immediately silly, how did they know that Albert Ou meant it?

Albert Ou would like to see how low they could go.

He wants to get back everything this woman did to Jasmine Tong

“Madam” the maid suddenly called out.

Albert Ou immediately looked over towards the stairway.

Jasmine Tong just stood there with the baby in her arms.

Chapter 545

Albert Ou was also stunned, but in the end, because of the presence of an outsider, he didn’t dare to attack, sitting upright and not uttering a word.

Marven Tong and Dusman were unsure of what to do when they saw Jasmine Tong arrive and immediately saw hope.

The two men rushed to Jasmine Tong in a hurry.

“Aigoo, this is my great grandson, right white chubby and really cute” Marven Tong smiled playfully.

“That’s too pretty to look at, follow the baby daddy, come and let Granny hug you.”Duthie held out her hand, ready to pick up the child.

The baby reached out first and slapped Duthie’s hand, turning her face to lie in Tong’s arms.

“Look at my grandson recognizing birth.”Duthie could only put her hand back awkwardly.

“Carry the young master back.”Jasmine Tong just handed the baby over to Pearblossom next to her, and Pearblossom took the baby and went back upstairs.

Jasmine Tong looked at Albert Ou, who was sitting on the couch, and Albert Ou hastily averted his eyes.

She took another look at Marven Tong and Duthie, walking right past them to the couch.

“Honey.”

“Ah” Albert Ou is trembling in his heart, his strings will soon be tense

Don’t lose your temper.

“Didn’t you say the other day that you wanted to eat hemp potato bread I want to eat it today too, do you want me to make it now just in time.”

Jasmine Tong smiled brightly.

I’m surprised I didn’t get scolded.

Not only are they not scolded, but they’re delicious.

Albert Ou even suspected that he was dreaming, and it took a few seconds for him to realize it

“Yeah, put some more walnuts in there for me.”

“I know, I can’t forget, then I’ll go” said Jasmine Tong, and went happily to the kitchen.

Both Marven Tong and Duthie stood there all dumbfounded.

Jasmine treats them like air

Albert Ou was back to that cold and arrogant look.

“Have you two thought this through?”

“I’m an old man, where can I stand a beating you’re not just a bully,”

Duthie had a pitiful look on her face.

“Even at such a young age back then, Jasmine couldn’t help but fight, so aren’t you a blatant bully,” Albert Ou retorted.

“You,” Duthie was unable to continue her retort.

“Don’t waste my time, my time is precious.”

“Albert Ou you don’t bully me too much I’m your father-in-law, you can’t do this to me” Marven Tong directly blocked in front of Dusmin.

“Father-in-law just now my wife came over, did she ever call out to you then again, it was you who disowned her at first, and now that you know she’s soared to the top, you come over to recognize your daughter with a serene face.”

Albert Ou lost his voice and laughed.

Simin Du hurriedly pulled Marven Tong, “Old man, you can’t argue with him ah otherwise let’s go and beg Little Man”

“It’s fine to go and beg my wife if she agrees, but I’ll do it, but if she doesn’t, but there’s nothing I can do about it.”

Marven Tong and Dossier immediately ran their asses to the kitchen.

In the kitchen, Jasmine Tong and a few maids had already started preparing to make bread.

“Jasmine Tong, you can save your father only you can save him” Simin Du ran over, not caring that Jasmine Tong’s hands were full of flour, and grabbed her hand.

Jasmine Tong pulled her hand right out, “save him from what happened.”

Jasmine Tong has been kept in the dark about this matter.

“It’s like this, the family started doing private custom wine, the daughter of the CEO of that Chong Shan Group got married and there was an accident at the wedding banquet, someone died, someone else was in intensive care, the company and the factory were all shut down and your father was arrested, it was hard to get out”

The whole time it was Dusyman talking, Marven Tong stood off to the side, sighing remorsefully the whole time.

“I told you a long time ago that there was something wrong with the wine and that you should straighten it out, but you wouldn’t listen.”

Why didn't I think it would be such a big accident and someone would die?

"Mandy, you must save your dad, he can't go to jail, he can if the company is gone, but your dad definitely can't go to jail, only you can save him."

Dusyman begged bitterly.

"What do you want me to do to save people from drinking themselves to death, and so many others in the hospital, what do you want me to do to make black sound white sorry I can't do that."

Jasmine Tong turned her head to the side with a cold face.

"Oh Manny, don't you dare die without saving us, we're counting on you."

"If I were you instead of constantly walking around now, you'd go see the people who drank something wrong, to make amends, to appease, to atone."

"Oh Manny, please, save your father."

"Stop begging me, go back to your homes and wait for the court to pass sentence."

Jasmine Tong breathed a slow sigh of relief.

"Even my wife disagrees, so you can go back." There was Albert Ou's voice from behind him.

Jasmine Tong aimed a glance at Albert Ou and continued making her bread.

"I can give you one more chance, and if you'll get down on your knees and apologize to my wife for what you've done in the past, I'll be willing to help you set this right."

Albert Ou spoke up once more.

Hearing this, Jasmine Tong's hand movement visibly stopped, hesitated for a few seconds, and then continued doing it.

Marven Tong and Duthie looked at each other with astonishment in their eyes.

"Son-in-law, this isn't appropriate, we're elders no matter what, whoever asks us to serve tea and pour water, but this kneeling."

Duthie looked at Albert Ou mournfully.

“You know you’re an elder ah, but you’ve lived for so many years, do you have the appearance of an elder, can you afford to be an elder?”

“Yes, yes, you’re right, I can’t afford this elder, it’s all my bad past is my fault, Jasmine Tong, just forgive me, okay” Simin Du turned to Jasmine again.

“What did you just call her?”

“Oh, no, Mrs. O., please forgive me, your lordship, just this once.”

Once again, Duthie whispered.

“I thought I just said I was going to kneel.”

Dushman looked at Albert Ou and then at Jasmine Tong, whose knees had clearly bent.

Kneeling to a junior, or a junior you once despised the most.

Duthie can’t get comfortable with this.

She couldn’t quite make up her mind.

“Why don’t you leave if you don’t want to, I’m not forcing you to, someone, send the guests away” Albert Ou immediately gave the order to expel the guests.

“No, no, I do, I do, don’t kick us out.”

Duthie was in a hurry to stop it, she looked unnatural, even trembling a little.

After all, it’s the first time we’ve done this kind of thing.

She was a well-bred woman once. Why did she kneel before anyone?

Marven Tong stood off to the side, not even daring to look up.
