

## Her Bossy Yet Naive CEO Chapter 546 - 560

### Chapter 546

Jasmine Tong was also stunned, in the past, that high and mighty stepmother, that stepmother who never put her in her eyes, that stepmother who always harshly scolded and scolded her, is she really going to kneel to herself?

“Enough,”

Just at the split second when Dushman was about to kneel down, Marven Tong suddenly shouted.

Everyone looked at Marven Tong.

“Jasmine Tong you this adversary you think you climb a high branch into the phoenix, you can freely trample on us do I tell you, I am your father this is no way to change the fact that you even let me kneel you, not afraid of heaven’s lightning strike?”

Marven Tong reached out and pulled Duthie up, “I can sort of see that you have no intention of helping just to look at me and try to humiliate us”

“Old man, stop it.”

“I’m just saying that even if you did kneel, they wouldn’t help let’s go.”

Marven Tong dragged Dusyman away in a rage.

Albert Ou couldn’t help but snicker as he watched the back of the two men leaving.

“Can’t be a lost dog anymore and still have such a backbone I don’t know where that confidence comes from.”

As soon as Ou Zeno finished speaking, there was a bang, and then Jasmine Tong left the kitchen after him.

“Hey, you’re not making bread I’m waiting for bread what’s going on?”

“Do it yourself if you want to do it” Jasmine Tong shrugged that off and went upstairs in a huff.

“Oh no,” Albert Ou hurried after him.

Jasmine Tong went straight to the nursery, where Pear and a few maids were sitting on the floor playing with the baby.

They first came when they saw Jasmine Tong leave, and then Albert Ou came after them.

The pear was still very interesting and just told everyone to leave.

The only people left in the nursery were Albert Ou and Jasmine Tong, and the baby.

“Wasn’t it good just now? How come you lost your temper so quickly? You women are becoming too fast.”

“Where’s my phone? Give me back my phone.”

Jasmine Tong sort of understood that it was no wonder that Albert Ou hadn’t been going to work for the past few days and had been asking her to accompany her, and she hadn’t been able to find her phone.

“I that you.”

“If you lie to me again, I don’t promise I’ll do anything drastic.”

“It’s in my drawer,” Albert Ou replied immediately and crisply, not daring to conceal a single word.

“I knew you did it.”

“Hey,”

“And laugh.”

Albert Ou immediately closed his mouth, not daring to be playful anymore.

Jasmine Tong ignored him and began to play with the baby.

The baby seemed to be able to sense that his parents were fighting, and gleefully smiled at Albert Ou.

After the fight, he'll own his mother.

"just isn't it also good it we are not in the living room with a good it how do you say turn the other cheek ah."

Albert Ou carefully pulled Jasmine Tong's clothes, and Jasmine Tong glared directly at him.

"If I hadn't been trying to save your face, I would have turned the tables on you in front of them."

Albert Ou sucked in a breath of cold air, he was wondering how Jasmine Tong didn't even lose her temper, so this woman has learned to give face to herself.

Not bad, progress.

"Also, you went a little too far, and while I know you did it for me, it's a little too insulting to have something like an elder kneeling to a younger one, and I don't want to blame you, and I know that you did it to them because I had been wronged a lot before."

Jasmine Tong said that she was no longer angry.

"I'm glad you know, then why are you angry."

"I'm angry because you kept it from me why would you keep it from me because I'm soft and would have helped when I found out about it, right?"

"Don't you know it all, we're really getting to be two of a kind."

Albert Ou leaned in ready to kiss Jasmine Tong, and Jasmine Tong directly pressed his face to the side.

"And hippie serious talk."

"Yes," Albert Ou immediately sat down and cleared his throat along with it.

"Honey, is this a very serious matter?"

“The city’s number one accident, you say it’s serious dead, three in intensive care, and dozens more, all lying in the hospital.”

“I didn’t realize how much had happened.”

Jasmine Tong is also sobbing, already knew there were problems with the company, but did not expect such a big thing to happen.

“As far as I know, it’s because their grain got moldy and something happened during the fermentation process, which led to this incident, the blame lies with them.”

“The moldy grain is even used” Jasmine Tong slapped her head, “my grandfather’s words, my father has forgotten all about it.”

“It’s their own mismanagement, it’s nothing to do with you, instead you made a scene that time before, you cowed the man and did straighten out the factory, no other major problems other than moldy food.”

“Will he be sentenced?”

Albert Ou shook his head, “It’s hard to say about this, the CEO of Chong Shan has deep connections and has been putting pressure on the top for a heavier sentence, it’s possible that he will be sentenced, but it’s not certain.”

Jasmine Tong hung her head and sighed deeply, “No wonder they’re so anxious, my stepmother would actually want to kneel down for me, it’s something I never expected, she actually wanted to for my father”

This indeed did not occur to Jasmine Tong.

“My father is still the same, lazy, cowardly, money-grubbing, and particularly spineless, but if it weren’t for his incompetence, Tong Kee wouldn’t be in this mess. But it really makes me a little jealous that he’s so protective of Duthie, considering how poor my mother is.”

“They’ve been an old married couple for so many years, it’s only natural to patronize her.”

“So emotion is something that takes any amount of time to measure, too, right?”

Jasmine Tong looked at Albert Ou with deep affection.

“No we’ve been together for a short time but our feelings are deep” Albert Ou hastily retorted, “Why are you so sentimental”

“Maybe it’s too much to experience.”

“Softened up.”

Jasmine Tong hesitated and then continued, “It’s good to teach them a lesson, so let them learn a lesson before something even bigger happens in the future.”

That’s what she said, but it was still on her mind.

Tong Fook is old, if he has to go to jail...

It was obvious to her this time that Marven Tong had aged quite a bit.

“So you’re not mad at me if I can get on with my bread.”

“You can’t eat without doing the punishment.”

“If you don’t do it, then you let me k!ss it.”As he said that, Albert Ou leaned in front of Jasmine Tong on Jasmine Tong’s face and k!ssed her hard.

When he opened his eyes.

Chapter 547

A little fat paw.

I saw the baby’s hand firmly on Jasmine Tong’s face.

Albert Ou k!ssed the baby’s fat little paws.

“Hahaha ouch, but really my own son” Jasmine Tong is going to be baby laughing to death.

“Don’t you dare get in my way, you little brat.”

Albert Ou was about to k!ss Tong’s other side, but the baby put his other little paw on Tong’s face as well.

The look on his face was like: my place is my domain.

Albert Ou stared hard at his son, it was a clear sign that he was against him.

“Hahaha” Jasmine Tong looked at these two fathers and sons and was simply happy to death.

“Boing” Albert Ou kissed Jasmine Tong’s forehead directly when the brat wasn’t paying attention.

“Heh heh heh stinker, you’re still young to be fighting with me.”

“The baby went right up to Albert Ou’s face with a slap on the face.

Albert Ou’s eyes snapped open, “Little brat, how dare you hit me to see if I won’t beat you today”

Jasmine Tong hurriedly picked up the baby and scattered her legs, “Baby, we’re going to run, ignore daddy”

“Stop Jasmine Tong, don’t protect your son from me.”

Dad chased after him, mom ran with her son in her arms, and the nursery echoed with laughter.

It’s a lot of laughter, but it’s not going to be easy on the other side.

Rameen Tong and Rameen Qi had been waiting at home, but they saw Marvin Tong and Dosmin slump back.

As soon as she looked at this scene, Rameen Tong knew it was hopeless.

Rameen Tong was also furious when Simin Du told her what happened at the Ou house.

“It’s simply too much not to help then not to help, why do you still want to humiliate people” Rameen Tong angry at the same time, more jealous, jealous of the fact that Jasmine Tong even married better than you.

“Meng Meng ah, is there any news from Ellen’s side” asked Duthie as she cried.

“Ellen is still helping with questions, no news yet.” Rameen Tong could only regretfully say.

Dossier patted her thighs in disappointment, "If you knew I'd just kneel to her, it's just kneeling, what's the big deal"

"Nonsense, what kind of senior kneels to a junior"

"That's right, Mom, he's clearly humiliating you, and even if you did kneel, he'd have another reason not to help us." Rameen Tong hurriedly reassured Duskman.

"What are we going to do now? We can't just stand by and watch your father go to jail, your father is so old, if anything happens to him, I won't be alive."

Duthie said and began to bawl her eyes out.

"Mom, don't be so pessimistic yet, it's not like you have to go to jail. I'll go home tonight and discuss it with Ellen again."

Duthie nodded as she wiped her tears.

In the evening Rameen Tong went home, and waited until 11 o'clock, when Ellen Ron returned.

Ellen Ron drank wine and was a little tipsy with a mouth full of wine.

"Brother Ellen, why are you drinking so much wine?"

Rameen Tong said as she helped Ellen Ron with his clothes.

"It's not all because of your family" Ellen Ron whined and went straight to the bedroom, lying on the bed and didn't move.

Rameen Tong could not say anything, she was nearly four months pregnant and could already see her bulging belly, but she still helped Ellen Ron take off her shoes and cover up the blanket.

"Brother Ellen, how's it going, can you reach someone?"

Because she was anxious, Rameen Tong couldn't wait for one night, even if Ellen Ron was drunk, she still asked the question.

"Not good Lu is too powerful for anyone to help."

Rameen Tong's heart was bleak, "Then there's no other way?"

“I didn’t know you’d have to give me the ten million you took from me last time if you’re going to keep doing things.”

Ellen Ron spoke with his eyes closed, and after pulling the blanket down, he fell asleep.

Because begging around definitely required spending money, Rameen Tong was unwilling to let Ellen Ron spend money and gave it to him every time.

It wasn’t until Ellen Ron said this coldly that she realized that Ellen Ron didn’t even want to meddle in their family’s sh!t, and he definitely wouldn’t take a penny out of his own wallet.

Sitting on the bed, Rameen Tong felt her heart turn cold little by little.

I heard that Albert Ou transferred all his property to Jasmine Tong’s name.

I heard that even the Dark Empire is Jasmine Tong’s.

Why can Jasmine Tong find such a man who can give his all for her.

And the man who helps his own family and takes his own money.

she hates

I hate how Jasmine Tong is so lucky

“Just you wait, once I get over this hurdle I won’t let you be so proud of me.”

Rameen Tong’s clenched fists were so tight that her nails sunk into her flesh.

She got up early the next day and went to the bank with all of her bank cards.

Without LOVE and COLOUR, she equated to losing a large part of her finances, and after her pregnancy, she hadn’t been filming or taking on any activities, so naturally, she had no income.

Plus, she was a person who had always spent a lot of money, and after spending so much money on this event, there was nothing left over long ago.

She took out the balance of all her cards and barely scraped together a few hundred thousand dollars to return to Tong’s house.

After the night, the faces of the Tong family were all tired.

“Mom, how much money do you have left over here?” “Ellen said that the money he gave him last time has been used up and he still needs some more.”

Rameen Tong was too embarrassed to ask, nor did she want to tell them they were making no progress.

Duthie was reluctant, but there was nothing she could do about it.

She went back into the bedroom and came back down a moment later with a passbook in her hand.

“Meng Meng, this is the last bit of savings at home, there is still 3 million left, you tell Ellen, I hope he will take a snack, we really don't have any money.”

“Mom, Ellen has been working hard, he drank with someone yesterday and even drank too much, just for the sake of our family, and he's under a lot of stress.” Rameen Tong hurriedly argued on behalf of Ellen Ron.

Raymond, who was sitting on the side playing with his phone, turned his eyes around, “Dad, Mom, Sis, I have a particularly good classmate who seems to say that his uncle is the CEO of this whatever Chong Shan Group.”

Everyone looked at Raymond together.

“Really, Kiki?”

“Of course it's true la, just my classmate, who came to our house before, you remember the one who looks white and clean.” Raymond described as he spoke.

“There seems to be such a person, he's really Lu's nephew” Dusyman was a little skeptical.

“I only found out about him the other day when I was on the phone with him, he's particularly close to me, so let's get him to help”

“If there really is such a person, that's something to try.” Rameen analyzed, “This kind of kinship is easier to talk to.”

“Don't worry, I'll take care of it.”

## Chapter 548

Raymond looked like he had a chest.

“Kiki, this is a big deal for our family, you can’t afford to be sloppy.”

Rameen Tong still knew her brother.

“Sis, look at you, I’m so old, I don’t know if this is a big deal.”

Rameen Tong took out her bank card, “In this card, I don’t have much money, you need to spend money on inviting classmates to dinner, buying things for other people’s homes and so on, you keep this money.”

Rameen Tong took Simin Du’s bankbook over again, “Mom, you can put this bankbook away, I’ll ask around on Ellen’s side, if I must have the money.”

“Good.” Duthie hastily put the bankbook away.

Rameen Tong knows that Ellen Ron’s side can’t hold too much hope, she is also worried that the money will be taken out and floated.

They’ll be penniless then, and they’ll be really desperate.

It’s better to leave a little money behind.

And so a week passed.

The day of court is not many days away.

Rameen Tong had been at home, and because the company was busy, Ellen Ron didn’t run this matter for her at all.

She could only nurse the baby in peace at home, but the closer the day of the trial approached, the more unsettled she felt.

Had to come to the Tong’s house once more.

“Mom, where’s Kiki?”

“He’s not back yet, what’s the matter you looking for him” Dusky looked a lot better than the other day.

“The court date is coming up, what about that classmate he was looking for and you haven’t been in touch with me, I’m in a hurry aren’t I?”

“Oh my, Mengmeng your brother has made a difference this time, but it’s a big deal for our family”

Duthie’s face was beaming with pride.

“Really? Already got in touch with General Manager Lu” Rameen Tong was overjoyed.

“Kiki said he treated the student to a nice meal and then met with the student’s family, who said they would definitely help him contact Lu, but people can’t do this favor for free, so I gave him my bankbook.”

“Mom you said you gave your bankbook to Qiqi too” Rameen Tong changed her face when she heard this.

“Yeah, the favor always costs money, you can’t let someone help for free.”

Duthie had her hands full, taking it for granted.

“Mom, why don’t you talk to me about it? don’t you know what kind of person Kiki is? he’s got money in his hands and he’s not doing his job, he’s not even sure where it’s going to go.”

Simin Du immediately pulled her face down, “Mengmeng, you’ve helped the family a lot these past few years, and it’s true that Qiqi was disobedient before, but he’s grown up now, and this time our family is such a big deal, is he still spending money indiscriminately?”

“That’s not what I meant, I just thought,”

“Okay you don’t say, I knew it, you despise this brother of yours in your heart, but don’t forget, he and you are dragon and phoenix, you are so smart, he is also stupid nowhere he really grew up this time, and this time to our family’s great achievement, after that you can no longer use the old look at him, you only have such a brother, he went out, you can only refer to him.”

Dusyman took a good count.

The Tong family prefers boys to girls, and so does Dusyman.

Rameen Tong also knew she couldn't say it.

"Montmorency, just keep your heart in your stomach, this time we've had such a big thing happen to our family, Kiki wouldn't dare to make a mistake."

"Let's hope, let's hope he does grow up this time."

Rameen Tong didn't want to continue to say anything, but things were already like this anyway, so she could only pin all her hopes on Rameen Qi.

However, after a few more days, tomorrow was the day of the trial, and Rameen still hadn't received any news from home.

She was just about to call home when the call came in from Dusyman.

"Montmorency, did Kiki come to your place?"

"No. He's never been on my side of the fence before."

"He hasn't been in the house for three days and I don't know where he's gone, he's not going to be in trouble out there," Duthie sounded very anxious.

"What the hell is going on since we haven't seen each other for three days" Rameen Tong suddenly had an ominous premonition.

"The last time he came home, it was still the middle of the night, he said he was going out tomorrow, that he was accompanying Lu on a business trip, but, he hasn't come back for three days, I called him and he hasn't been able to get through, so something can't be wrong."

Rameen Tong closed her eyes in pain, what was to come was still to come.

"Mom, if I told you that Lu left the country five days ago, would you believe me?"

Because Rameen Tong had also been trying to contact Lu by herself, she knew more about Lu's situation.

"What are you talking about Lu left the country five days ago how is that possible, Kiki clearly said that he was still playing tennis with Lu"

“This Lu is always a retired soldier, he retired because he injured his leg and fell disabled, you can’t tell when you walk but you can tell when you run, how can he still play a sport like tennis.”

“Ah dream, is it true what you said? Nachi lied again this brat, he’s never been a saving grace since he grew up he’s taken all the family’s lap money”

Rameen Tong felt bad when she knew that Duthie had given Rameen Qi her bankbook, but she thought to herself that her brother was as old as she was, and with so much going on at home, he should have matured.

But I never thought it would turn out this way.

“Montmorency, what should I do? Do something!”

“I don’t have a choice, I don’t have a penny right now, and neither does my family, so what to think”

“You still have Ellen ah Meng Meng, you are the daughter-in-law of the Ron family this matter the Ron family can’t just stand by and watch”

A bitter smile hung on the corner of Rameen Tong’s mouth, if it wasn’t for the fact that she still had the flesh and bones of the Ron family in her stomach, she would have been no longer the daughter-in-law of the Ron family by now.

“Mom, you should stop worrying and wait for the sentencing tomorrow.”

After saying the last sentence, Rameen Tong hung up the phone.

It’s also like she’s talking to herself, waiting for tomorrow’s sentencing.

On this side of the Crystal Garden, Jasmine Tong was also a bit distracted.

“Honey, what do you think of this case?”

“In recent times, this side of the country has paid a lot of attention to food safety issues, that his order, but any crime regarding food must be severely punished, if it’s clothing or other industries okay, this time I’m afraid it’s more dangerous.”

“So my dad is really going to jail?”

“He’s the chairman of the board and the representative of the corporation, and he’s the most responsible, and I expect he’ll be sentenced.”

Still, Albert Ou answered truthfully, “What’s the matter, a soft heart.”

“My dad is not well and I don’t know if he can stand jail time.”

## **Her Bossy Yet Naive CEO Chapter 549 - 551**

Chapter 549

Jasmine Tong’s heart has become increasingly unsettled over the past two days.

Albert Ou took Jasmine Tong’s hand and held her in his arms.

“Don’t worry, I’ve already called Lu Shan of the Chong Shan Group and his side has agreed that there will be no more pressure and that understanding and forgiveness will be of great benefit for the trial, even if the sentence is a year or two at most.”

Jasmine Tong looked at Albert Ou in surprise, so she didn’t say anything, but he would go and help her.

“How come you didn’t even tell me?”

“I knew you’d be soft.” Albert Ou smoothly hooked the tip of Jasmine Tong’s nose, “To save you regret, I’ll do it for you in advance.”

Jasmine Tong hugged Albert Ou’s neck, “Honey, thank you.”

“If you really want to thank me, then do it right with me for once.”

Albert Ou directly carried Jasmine Tong to the bed and put her down, “Do you know that you’ve been absent-minded these past few days, making love to me”

“Do I?”

“Of course I have, and if I do that again, I’ll keep tossing you out of bed so that you’ll be in bed every day and see if you have the energy to think about anything else.”

Albert Ou domineeringly squeezed Jasmine Tong’s chin and took her lips in his mouth.

The next day was the day of sentencing, and Lu Shan came all the way back from out of town.

Tong Fook, as well as all the principals of Tong Kee Liquor, appeared in court.

Surprisingly, Lu Shan, who had previously shouted that he was determined to bring Tong Kee Liquor to its knees, changed his tune in court, saying he had forgiven Marven Tong and reached a settlement out of court.

The judge’s pronouncement will naturally use the plaintiff’s side as a reference and will be lenient.

In the end, Marven Tong was sentenced to one year in prison, suspended for one year, and fined \$3 million, and Rameen Tong was also fined \$2 million.

Tong Kee Liquor was seized and the company and factory were nationalized.

This has been the best possible ending.

Back home, Marven Tong sat on the sofa and couldn’t help but cry old tears.

“I didn’t think I’d ever come home again, oooh,” he cried, covering his face.

Duthie also breathed a sigh of relief, “It’s good to be home, it’s good to be home.”

Rameen Tong was also doubly pleased with her big belly.

“Old man, the heavens have finally opened their eyes, but how did that Lu Shan start putting in a good word for us? Could it really be Kiki”

Duthie was a little puzzled.

“Mom, why are you still so naive? Qiqi doesn’t know any of Lu’s relatives at all, I asked around later and Lu does have a younger brother, but he’s been abroad and has never come back.”

“So where did Kiki go? “Duthie had just breathed a sigh of relief, and this was starting to get urgent again.

“Where can he go, eat, drink and be merry, isn’t that how it’s always been since he was a kid? When he’s spent all his money, he’ll be back for sure.”

For that indisputable brother of hers, Rameen Tong is really not willing to say anything more.

“Meng Meng ah, this time thanks to you, let that Lu Shan loose, otherwise this old life of mine, is considered to be on the line” Marven Tong said slowly.

“I,”

In fact, Rameen Tong didn’t know why Lu Shan had suddenly changed his mind.

“It’s all the right thing to do for the family, Dad, Mom, the fine will be due in a few days, let’s figure out how to pay it first, I already took out all my savings last time, do you have any more here?”

Marven Tong looked over at Duthie, who had always been the one to collect the money at home.

“The last passbook was also given to Chickie, and I really don’t have it here.”

Duthie is really remorseful and thought her son had grown up, but he cheated her out of the money that still saved her life.

“Adding up to a total of \$5 million in fines, where are we going to find \$5 million.”

Five million is not a big amount of money for Rameen Tong in the past, but now she is penniless.

“Montmorency, what happens if we don’t pay this fine?”

“If you can’t pay the fine, you’ll go to jail for a few more years.”

“Ah or jail.”

“Mengmeng ah, otherwise, go and ask the Ron family for it no matter what, you are also the daughter-in-law of the Ron family, there is still their Ron family’s flesh and blood in your belly, they can’t just sit back and do nothing.”

Duthie was careful to conduct her probing.

Rameen Tong hung her head and said nothing, and finally exhaled deeply, “I’ll try.”

The day to pay the fine, which will arrive in the blink of an eye, Rameen Tong really didn’t know how to talk to Ellen Ron.

She’d never wanted to be low, and now there was nothing left, and there was whispering and begging.

“Brother Ellen that,” she really didn’t know how to say it, but tomorrow was the deadline to pay the fine, and if she didn’t, she would go to jail.

Ellen Ron’s face was still cold.

“I’ve already paid the fine for you.”

Rameen Tong was overjoyed and didn’t know what to say.

“Brother Ellen, thank you so much, I really didn’t know”

“Stop it, Mom told us to go back for a quick trip.”

Rameen Tong hadn’t even had time to say a few words of thanks before Ellen Ron rushed her back to the Diamond Mountain official’s house.

Lin Qingfeng sat on the sofa like an old Buddha.

Rameen Tong knew that she had no capital now and could only be nice to Lin Qingfeng.

“Mom, I’m home, how have you been”

Lin Qingfeng sneered first, then aimed a glance at Rameen Tong.

“With such a daughter-in-law and such an in-laws, how can I? I’m about to get so angry I’ll carry my back.”

Lin Qingfeng spoke rudely.

“Mom, I’m so sorry for worrying you.” Rameen Tong didn’t dare to contradict Lin Qingfeng even though she was angry.

“You said that our Ron family this is what evil thing ah even married you such a thing into your mother’s family such a big thing, drink dead people, this person but a big loss, causing us to follow your family together with humiliation.”

Rameen Tong lowered her head very low, and she knew she had no face to see.

“I’ll tell you the family paid you a total of five million which is not a small amount, your fine Ron can pay, then your mother’s share, but we have to get it back.”

“Mom, don’t worry, I’ll pay you back when our family has the money, I really thank you so much this time.”

It was obvious that she was about to explode with anger, but she still had to keep her voice down and keep smiling.

“I tell you, with interest, I won’t want a penny less also you, honestly stay at home to raise the fetus, don’t run around anymore, if anything happens to this child in your belly, I won’t spare you.”

“Yes, Mom, you’ll do what you say.”

“Alright, that’s it, just know it in your own mind” Lin Qingfeng didn’t bother to look at Rameen Tong before going straight upstairs.

Ellen Ron looked at Rameen Tong, “Go in the bedroom, I have something to say to you.”

Chapter 550

Rameen Tong returned with trepidation to their bedroom with Ellen Ron.

She was really worried that Ellen Ron would divorce himself, but she knew it was unlikely, after all, she still had a child in her belly.

It’s a good thing she’s pregnant, or it would be all over.

Ellen Ron took out a bank card and placed it on the table.

“I’ll give you \$50,000 a month for your living expenses from now on, and it will be regularly credited to this card, so be a little more restrained and take care of your baby.”

Ellen Ron’s tone was not to mention how indifferent it was.

“Brother Ellen, are you mad at me sorry, I really didn’t know things would come to this, I’m really sorry.”

“I have work to do at the office, so I’m going back to the office.”

Ellen Ron didn’t want to listen to Rameen Tong at all and walked out of the bedroom directly.

Rameen Tong held that bank card in her hand, but her heart was dripping blood.

What should she do?

On the Crystal Garden side, Jasmine Tong, who had taken quite a long break, had a work schedule again, as the post-Christine biography would soon be online and Sparrow Nirvana would soon be released.

But there’s still one thing that’s reassuring.

Last night, Albert Ou came back early, knowing that Jasmine Tong was waiting for news about him.

“How are things going with the fine?”

“Don’t worry about it, someone else has already taken care of it.”

“Ellen Ron,”

Albert Ou nodded his head, it was indeed Ellen Ron.

“Oh, he’s got a bit of a conscience, so what’s the state of the Tong family now?”

“They spent a lot of money on various connections, and Raymond reportedly cheated the family out of their last bank book as well.”

“This kid has been out of tune since he was a kid, and he’s even capable of doing something like this at a critical moment.”

Jasmine Tong slapped the table angrily.

“The Tong family is now desperate, their villa was a loan in the first place, and they haven’t been able to repay the loan for a while, so the bank will probably take the house back soon. However, Marven Tong was sentenced to one year, with one year’s probation for execution, and as long as he honestly doesn’t commit any crimes during this year, I guess this year’s jail time will be spared.”

Jasmine Tong’s hanging heart was finally put to rest.

“It’s also a little lesson to them that making money with a bad conscience won’t end well, I guess, Rameen Tong’s life won’t be easy, and I hope she can really repent.”

“Well, this is over, so stop worrying so much and do what you have to do.”

Albert Ou yawned, he had been working a lot lately for the Tong family, and now he could finally put his heart at ease.

“If you’re sleepy, go to bed.”

“You won’t sleep with me.”

“You can sleep if I stay with you.”

“Then you have to stay with me too, go, go to bed.”

“I won’t go, I’ve got work to do.”

Albert Ou knitted his eyebrows and looked at Jasmine Tong, “What wild man do you talk to at night without sleeping”

“Talking about what a wild man your son doesn’t even have a name right now, I’m going to have a good look in the dictionary tonight and give him a name.”

Albert Ou couldn’t bear to let Jasmine Tong stay up all night flipping points by herself, but also both of them soaked in the study and started flipping through the dictionary to name names.

But until midnight, they had no idea.

Albert Ou likes the name, Jasmine Tong doesn't like it, Jasmine Tong likes it, and Albert Ou doesn't like it.

In the end, we ran from the study to the bedroom and had to stop with the naming.

The days will go on as usual.

Albert Ou went back to work as usual at the office.

Xu Xingru sent over Jasmine Tong's work schedule, Jasmine Tong looked at a few eyes, she does not have many days of rest, immediately is to start publicity work.

But she's always been a little unsettled about this.

After much deliberation and already having discussed with Albert Ou, Jasmine Tong came to the Tong house.

The original Albert Ou wanted to accompany Jasmine Tong to come over, but Jasmine Tong felt that with Albert Ou's temper, the Tong family would not be any better to her, and Albert Ou's temper would be a fight.

So she brought enough bodyguards to Tong's house by herself.

At this time, the bank had just come by and given them a deadline, and if they couldn't pay the mortgage, the bank would have to take the house back.

The maids had all been dismissed, and the moment she saw Jasmine Tong, she perked up as she opened the door herself.

"Come on down old man, it's great that Mandy is here and we don't have to move."

Jasmine Tong shook her head when she heard Duthie's words, and Duthie was still thinking about pie in the sky.

Marven Tong hurriedly ran down from upstairs and was stunned when he saw Jasmine Tong.

Simin Du even went to serve tea and water to Jasmine Tong.

“What are you still doing here, looking at jokes” the last time at Albert Ou’s house, Marven Tong suffered anger still remember.

“Old man, don’t say that” Simin Du hurriedly gave Marven Tong a wink.

Jasmine Tong didn’t want to talk nonsense with them either, she directly pulled out a bank card from her bag and put it on the coffee table.

“I know you’re having a hard time right now, and this is the last thing I can do to help you get through the present first.”

Simin Du’s eyes widened when she saw the bank card and she hurriedly held it in her hand.

“Mandy, I knew you were a good kid and wouldn’t see death.”

Marven Tong’s color also turned a bit better, “Still, you have a bit of a conscience.”

“You have suffered a big loss this time, but also need to find a lesson, a gentleman loves money, take what you want, want to make money can be, the key is to earn clean and clear money, Tong Kee this time the reason why the fall so much heel, is because you are too greedy, the money earned is not clean.”

Things are already like this, Jasmine Tong is not going to hold back his mouth.

“You’re here to teach me a lesson” Marven Tong was very unhappy at Jasmine Tong’s words.

“Mandy’s right, your father and I will definitely remember this lesson” said Dushman as he patted Marven Tong’s thigh and told him to stop talking.

Jasmine Tong ignored Simin Du’s words, “That’s right, I’m here to teach you a lesson, this incident also gives you a warning, don’t forget your roots, don’t forget what grandpa once told you to say to put it bluntly, if you remember grandpa’s words, you won’t end up in this situation today”

“Bastard’s turn to teach me a lesson, you’re not qualified enough” Marven Tong slapped the coffee table, shaking the teacups on the coffee table trembling chaotically.

“Old man I’m going to say something to you, how can you talk to her like that when Pony is kind enough to send them money”

“What’s wrong with me talking to her like that she’s my daughter, I’m her oldest son don’t tell me she’s married to Albert Ou, I’m married to the oldest son of the Heavenly King.”

Jasmine Tong was very helpless.

“Mandy, ignore your dad, don’t worry, we will do a good job, to our family’s winery new dry up, how much money in this card ah enough to open a winery enough”

Chapter 551

The bank card of Jasmine Tong, who is Albert Ou-land’s wife, must have millions of dollars.

With the money, she can pay back the bank loan and open a store, and Dushman beautifully feels like she’s the boss lady again.

“There’s not a lot of money on this card, only \$100,000.”

Jasmine Tong said very calmly.

She also had a discussion with Albert Ou about how much money to give to the Tong family.

She didn’t want to be the Tong family’s purse strings, and she didn’t want them to make the same mistakes, not that she couldn’t spare a large sum of money, but she knew Marven Tong and Dosmin too well.

What’s more, from then on, she didn’t want to have any dealings with the Tong family.

After all, Yarwen Tong’s death and the shadow of her childhood were still on her mind.

That’s why she chose the figure of 100,000.

“What did you say, how much” Dusky suspected something was wrong with her ears.

Even Marven Tong looked at Jasmine Tong incredulously.

“100,000, only 100,000, what with reopening the store you don’t want to think about it.”

“100,000” Dossier looked at this bank card in her hand and threw it right back on the coffee table, “Are you passing up a baker’s dozen?”

“Oh, who’s so generous that they have to pay 100,000 to get rid of the beggars.”

“Jasmine Tong Albert Ou is so rich, you even gave us 100,000 yuan you are here to laugh at us if not, then you are too stingy.”

Duthie sat on her butt next to Marven Tong.

“Jasmine Tong, what do you want” Marven Tong roared.

“What’s wrong with \$100,000, for a lot of people who work hard for an entire year and probably don’t make \$100,000, shouldn’t you be happy that you don’t have to do anything to get \$100,000?”

“Celebrate we are really lucky,” Dushman slanted a cold eye at Jasmine Tong.

“I know the bank will be taking the house back soon, and the \$100,000 will be enough to find you a, a little nicer place to rent a two-bedroom house, and enough to live in for a while, and that’s enough time for you two to go out and get a job, and stop thinking about getting something for nothing, there’s never anything in this world that you don’t work for.”

Throughout, Jasmine Tong’s words were very calm.

“Old man, listen to what your own daughter is saying, his family is so rich, he’s giving us \$100,000 to go out and rent an apartment because I have to go out and get a job, ouch hey, it’s just laughable.”

“My family is very rich, and I can tell you in vain that my husband has transferred all his property into my name, and I am worth more than you can imagine, but I am sorry to say that this money did not come from a great wind, but my husband has bought it with his heart and his ingenuity, and it has nothing to do with you.”

Jasmine Tong had expected that this would be the scenario, so she was not angry or annoyed, this was patient reasoning.

“Dad, such a big thing happened in the family, haven’t you learned your lesson why it’s all messed up isn’t it because you’re incompetent, you were lazy and wantonly lavish when you were a child, you lost your ancestral crafts, do you hardly want to be a lifelong worm and depend on others?”

“Adversary, you even lectured me, even though I’m a worm, lazy and wantonly lavish.”

Marven Tong heard how Jasmine Tong said immediately anxious eyes.

“Isn’t it true that you don’t know how to run a business at all, and you made the company so big, and now you’ve fallen on your face and it’s all because of you, because you’re greedy, because you’re incompetent.”

“Shut up you dare to say such treacherous things you get out of here, I don’t have a daughter like you.”

“Dad, do you know what your biggest flaw is? Your biggest flaw is that you are obviously a very incompetent man, but you still want face, backbone, dignity, and are still so arrogant and cocky because of these shortcomings of yours, has killed my mother and caused the Tong family to go bankrupt, do you not realize it?”

Jasmine Tong also shouted towards Marven Tong, she really wished she could scold him awake

“Get the hell out of here, right now.”

How can Marven Tong tolerate others talking about him this way, and even his own daughter?

“Dad, come to your senses, you’ve never had a real sense of yourself you’re not young anymore, don’t be childish like a child ok”

Marven Tong was so angry that he couldn’t speak and sat on the couch gasping for air.

“Yo, first time I’ve seen it, when a daughter’s lesson, her own father, we’ve eaten more salt than you’ve eaten rice, and here we are licking our chops to teach your old man a lesson.”

Duthie smirked a bit, “Well, Mrs. Ou, you just said that your father and I should go out and look for a job, so I’d like to ask you, what kind of job do you think people like us can find”

“You two aren’t young, and you don’t have much education or work experience, my dad’s not too well, so it’s okay to find a job as a gatekeeper, sending out newspaper letters and such, and as for you, you can do cleaning work.”

“Hahahahaha” Simin Du covered her mouth and laughed, “old man, did you hear no your own daughter, let you go to the gate, let me go to sweep the floor for someone this is what your own daughter said, what a laugh”

“If you listen to me, at least this life will still be livable.”

Jasmine Tong found that even after all this, these two people were still stubborn.

“How our family lives this life will not bother you, Mrs. Ou, no matter what, your father is also your real father, I am a stepmother, but I have always raised you, since you want to cut us off, then fine, take the money”

Dusyman held out his hand and looked at Jasmine Tong with a chomping at the mouth.

“You have the nerve to ask me for money” Jasmine Tong really found it funny.

“Of course, your father gave birth to you, you have the obligation to support him, even if your father lived to 80 years old there are still more than 20 years, this year, less than 200,000 to count, that is 4 million, since childhood, you and your brother, eat at home to live at home, as well as on the student hospitalization, Lin Lin totaled a million, a total of 5 million.”

Dushman spread his palms towards Jasmine Tong.

“I think you’re really whimsical.”

When Jasmine Tong saw how stubborn these two were, she didn't want to waste any more time and she stood up.

"I've said everything I need to say, listen or not, you guys do whatever you want, as for asking me for money, I'm sorry, my mom and Xiaolei's two lives, I haven't asked you to settle the score yet."

After saying Jasmine Tong prepared to walk out.

"You're not leaving here until you pay."

Duthie looked around and picked up the fruit knife from the table.

## **Her Bossy Yet Naive CEO Chapter 552 - 554**

Chapter 552

Duthie held up a fruit knife and swung it at Jasmine Tong.

The bouncer immediately stepped forward and kicked her in the face as he lifted a foot.

"Ouch y'all can't even hit people."

Tong turned to look at her, utterly desperate.

"I was hoping to see how you were doing, and if you were doing well, I would have no problem coming to support you, but it looks like you don't need to, because you don't need it."

Jasmine Tong was already disappointed in these two and didn't want to dwell on it.

Duthie picked up the fruit knife from the floor and slashed it towards her wrist.

"Jasmine Tong killed someone, come and see, Jasmine Tong killed someone. If you don't leave the money today, I'll sue you for murder."

Duthie wasn't that bold in the end, the cut she made on her hand was very light, it only bled slightly and didn't hurt the blood vessels at all.

"Then sue me and let's go." Jasmine Tong turned to leave.

A bodyguard looked at the funny woman and pointed to a button on her chest.

"It's a convenient pinhole camcorder, so if you want to sue, go ahead."

Dusyman immediately looked ashen.

"Stop right there" Marven Tong suddenly roared.

Jasmine Tong stopped, but didn't turn around.

"You're an ungrateful daughter, you've been blaming your father for what's wrong, you yourself have such a big thing going on at home, you could have helped, but you stood by and watched, the fine of 5 million, for you it's just a hair's breadth of rain, but you don't show up with a penny, and you even used 100,000 to humiliate me, that's what a daughter should do?"

Marven Tong pointed at Jasmine Tong and yelled at her

Jasmine Tong turned around with her expression still calm, "How do you know I've been standing by idly if my husband hadn't agreed to Lu Shan's terms, how could he have spoken up for you in court"

Marven Tong was fiercely startled, no wonder Lu Shan had suddenly become so kind.

"If Lu Shan hadn't put in a good word for you, do you think your sentence would have been so light? As for the five million fine, my husband was prepared to pay it for you, but he went a step too late."

Jasmine Tong slowed down and continued, "I didn't purposely arrange it before to get someone drunk and put them in the hospital, but I knew about it and wanted to use it to get you guys to straighten out the factory, and you ended up smearing me instead."

Marven Tong's entire body was completely stunned.

“Dad, in your mind, I’ve never been much use as a daughter, I’m the bad guy, I can’t see you guys being good, but have you ever thought about what good it does me if you’re not good, and you’re not here crying for money”

After Jasmine Tong said these words, she never looked back.

Marven Tong stood there as if he had lost his soul, carefully recalling Jasmine Tong’s words.

Duthie got up from the ground, “Old man, did she take that bank card”

As she asked, she looked around and found the bank card hastily in her hand.

“Thank God there’s still \$100,000 left or we’d really be drinking the wind.”

“Tomorrow we move, and then you and I both get jobs.”

Marven Tong’s words were a little light.

“What are you talking about, old man?”

“I said move tomorrow and get a job” Marven Tong yelled towards the ceiling and hurried upstairs.

Duthie looked at Marven Tong stupidly a little puzzled.

After finishing this last thing, Jasmine Tong began her work.

She participated in almost all of the promotional work for the launch of the post-Christian legend and the release of Sparrow Nirvana.

The story of Empress Dowager has finally opened its curtain in great anticipation, and both the setting and the makeup of the actors have been greatly restored to the original.

The first episode just aired and was well received.

Although the actors are all less familiar flowers, the acting is all online.

“It’s a few notches above Rameen Tong’s version.”

“This is the real Queen Jeanne’s biography.”

“The original party said they loved it.”

The network has been widely praised and has helped the TV series climb steadily in the ratings.

What’s more, people also seem to be paying more attention to the fact that the little flowers, who don’t seem to have much of a reputation, are quietly getting married.

Even they couldn’t believe how fast their followers had risen.

Soon the little flowers were inviting invitations.

Sparrow Nirvana hit a record 200 million at the box office on its first day of release.

This film has not yet been released, it has already let Jasmine Tong to get the trophy after the film, people’s expectations are naturally very high, but did not expect to enter the theater to see, really did not let everyone down.

In the cinema, two black figures stood in the crowd.

The shorter one looked around from time to time and the taller one stayed focused on the queue for tickets.

After getting their movie tickets, the two men hurried to the screening room.

They were the only two people in the last row.

The movie opens and the lights go down.

Jasmine Tong finally took off her hat and mask, “It’s suffocating me.”

Albert Ou also took off his hat and mask.

“I’ve told you to wrap it up, and you won’t listen” Albert Ou frowned very unhappily.

“There’s no movie atmosphere if you wrap it up, and I need to know what people are saying about me ah.”

Tonto lowered her voice and brought out the popcorn that had been prepared in advance.

“Come on, we’re watching a movie.”

Tong said as she put the popcorn in her own mouth and took two more in Albert Ou’s mouth.

They started watching the movie in earnest.

This movie is very true to life and highly recreates the life of a cheerleader.

“Did you train like this when you were little?”

“Well of course the first three classes were all about crying going into class, our teacher at the time was extremely strict and only allowed us to cry for three classes, and if we still cried in the fourth, she was rude.”

“How rude.”

“Beat it she had a whip herself, hands, arms, backs, waists, buttocks, thighs, calves, all beaten.”

“Perverted teacher” Albert Ou couldn’t help but spit out his arms to hold Jasmine Tong in his arms, his heart aching immensely.

“It’s really kinky now that I think about it, but we didn’t even think about it that much, we thought about how to train well without getting beaten up every day.”

Remembering the events of her childhood, Jasmine Tong had a smile on her face.

“Do you like cheerleading much?”

“It wasn’t much of a favorite at the time because my mom liked it, so she wanted me to take it, and my teacher said I was talented, probably genetically, and that it was the only way I could get applause and confidence on the cheerleading stage, so it just grew.”

Jasmine Tong pursed her lips and smiled, “My biggest dream at the time was to be able to go to the United States for the tournament.”

## Chapter 553

“Unfortunately, during training, I injured my leg and the doctor said I’ll never be able to dance like I did before.”

Jasmine Tong sniffed her nose, “Making this movie is a dream come true for me.”

“What dreams are left unfulfilled?”

Jasmine Tong turned her head to look at Albert Ou with a shallow smile, “What, are you going to help me fulfill my dream?”

“Well, if you say so.”

“Fine, but you seem to be the only one who can fulfill my dream.”

Jasmine Tong leaned on Albert Ou’s shoulder.

“What is it?” he got even more excited when he heard that he was the only one who could round Albert Ou.

Jasmine Tong leaned into Albert Ou’s ear, “With you, together, forever.”

A smile blossomed on Albert Ou’s face little by little.

Albert Ou directly k!ssed Jasmine Tong’s mouth.

“What are you doing this is a cinema” Jasmine Tong hurriedly pushed Albert Ou away.

“Aren’t movie theaters just for k!ssing?”

This answer made Jasmine Tong laugh and cry.

“It would have to be a romance movie,”

“If you have love in your heart, what love movie do you watch?”

Albert Ou doesn’t care about that.

It was hard to get out with Jasmine Tong, who now belonged to him alone.

Jasmine Tong found that she couldn't indulge Albert Ou.

Because after kissing, Albert Ou became restless.

"Don't watch the movie, let's go out and get a room."

Jasmine Tong almost spewed out a mouthful of old blood.

"You behave yourself."

"I can't settle, it's your fault for seducing me all the time, I can't stand it now."

"Whoever seduced you, just watch the movie properly and finish it."

Jasmine Tong is really impressed by Albert Ou, she can feel something in the cinema.

A movie finally ended, Albert Ou pulled Jasmine Tong and ran outside, before they ran out, they saw a large group of reporters pouring in

"It's Jasmine Tong and Albert Ou, they're out."

A journalist shouted and all the reporters surrounded them.

"Did Mr. Ou come specially to watch a movie with Manny today?"

"Mr. Ou watched the movie, can you comment on a few things?"

"Are you two out for a duo?"

The reporters' guns were all aimed at Albert Ou and Jasmine Tong.

The two men never expected the reporter to recognize them.

The cinema staff, who had also bought tickets in Europe, had recognized them and secretly phoned a journalist they knew, who had been squatting here.

Albert Ou was very annoyed, he wanted to take Jasmine Tong to a room, but he was stopped by these people.

"Mandy, TV shows and movies have great word of mouth, what's next for you."

“Manny, will you quit the entertainment industry and stay home with your husband and kids, or do you have other plans?”

“Mandy, talk to us about your plan.”

The reporters began to turn their attention to Jasmine Tong, with all the attention focused on her plans.

Now that Jasmine Tong has completed her grand slam in the entertainment industry and has achieved fame and fortune, she has married such a rich husband and has a son.

I think she'll retire from the entertainment industry and enjoy life.

“Who told you to bring the young master here?”

Albert Ou bellowed towards the near distance.

“Ah is the little baby here? Where is it?”

All the reporters followed Albert Ou's finger.

Albert Ou ran backwards with Jasmine Tong in tow, and by the time the reporter turned around, the two of them had disappeared around the corner.

Albert Ou pulled Jasmine Tong out of the movie theater by running all the way out of the safe exit of the movie theater.

The two men finally stopped when they made sure there were no more reporters following them.

They looked at each other breathlessly and laughed out loud.

“Honey, I'm glad you're smart.”

Jasmine Tong gave a thumbs up to Albert Ou, otherwise the two of them really wouldn't know how to go today.

“Gotta go, get a room.”

Albert Ou pulled Jasmine Tong and continued walking.

“Ah still need to get a room.”

Jasmine Tong is really laughing and crying, this man still can't forget ah

The two of them found a hotel nearby and checked right in.

As soon as he entered the room, Albert Ou couldn't wait to press Jasmine Tong onto the bed.

"Mandy, can you tell us a little bit about what you're planning next?"

"Manny, are you going to quit the entertainment industry?"

The reporters' words echoed in Jasmine Tong's ears.

Albert Ou noticed that Jasmine Tong had remained motionless, and he was suddenly out of interest on his own.

"Will you cooperate? Don't act like a dead fish."

Jasmine Tong held Albert Ou's face in her hands.

"I'm thinking about things."

"Thinking about things while you're having sex with me better have something to do with me, or I'll eat you today."

"The reporters just asked me what's next for me and if I'm going to quit the entertainment industry, so it seems like it's time to think about that."

"What's there to think about is quitting of course, didn't you say that if you got a grand slam you've achieved your dream, what's the point of staying in the entertainment industry if your dream has come true"

Jasmine Tong opened her mouth and couldn't say a word, which seemed to be what Albert Ou thought.

"But but but, I'm saying achieve a grand slam and announce the relationship and get married, I'm not saying I'm quitting the entertainment industry."

This time it was Albert Ou's turn to be speechless.

The two of you looked at me, I looked at you, and the atmosphere was suddenly a little awkward.

Jasmine Tong knew that Albert Ou was already busy managing such a large group in itself, and if she herself was still in the entertainment industry, the two of them would get together less and less.

What's more, now that there's a son, there's even less time to allocate to Albert Ou.

When she didn't have a son before, she was filming all day, and the two of them, even for a month or two, had to rely on phone calls and videos to relieve the pain of missing each other.

"We'll discuss this later, aren't we going to do it then go on."

Jasmine Tong had to ease this embarrassment for now.

Albert Ou fell over to the side.

"Not interested anymore."

Jasmine Tong knew that Albert Ou was certainly unhappy in her heart.

He wished she had more time to spend with him, preferably 24 hours a day.

He had a hard time adjusting to his son taking part of Tong's time away from him, and had a hard time surviving until Tong achieved the grand slam of the entertainment industry.

But then it turns out that everything is the same as before, if not worse.

Jasmine Tong thought, flipping over and riding Albert Ou's body.

"I'm interested now, if you're not interested, let me be on top of it today finally turned over serf put singing Lord today to strong you haha."

Jasmine Tong started to undress Albert Ou with an act of ease.

Albert Ou rolled over hard, and Jasmine Tong got to the bottom once more.

"If you still want to turn over a serf and sing a song, I'll be the one to make you strong."

## Chapter 554

It was another night of passion.

The two men were spending time in a strange hotel.

Albert Ou woke up early, saw Jasmine Tong beside him still asleep, took her in his arms, and went back to sleep.

After the seal was lifted, he wasn't much different from humans anymore, and he slept a lot longer than before.

When you're with Jasmine Tong, you especially like to sleep.

Jasmine Tong was exhausted from last night's tossing and turning, and only slowly opened her eyes at ten o'clock.

But the first question that comes to mind is still: Do you really want to quit the entertainment industry?

It's not that she can't let go of the entertainment industry or her career, or that she can't let go of performing.

"Is there a feeling" came a deep, husky man's voice.

Who else could it be but Albert Ou?

"What does it feel like?"

"The feeling of stealing an affair" Albert Ou leaned in to lie on Jasmine Tong's body.

"What kind of analogy are you making?"

"Don't you get a kick out of being in a strange hotel, sneaking around and worrying about being found out by your own family's wife or husband?"

Albert Ou beamed with joy and a bad smile on his face.

"So you're enjoying the feeling that you'll be bringing other women out to your room in the future and then the thought of worrying about me finding out is particularly exciting."

Jasmine Tong said as she poked at Albert Ou's chest.

"I'm not going to, I just love taking you out to a room and the thought of leaving that brat at home without him still turns me on to have sex at home which is still different than having sex outside."

It was as if Albert Ou had discovered a new world.

"Why don't we do it again, it's been a long trip."

Albert Ou said leaning over to kiss Jasmine Tong.

"You still want to come? You didn't do enough last night."

"Of course not last night when you were screaming at the top of your lungs that you were tired and I felt sorry for you, that's why I stopped."

"Honey, it's not a vampire anymore, it's a normal person now, and you're not afraid of losing your kidneys if you're like this."

"Then you'll fill me in on it all later."

Albert Ou held Jasmine Tong in his arms and rolled into bed without a word.

But just do it once.

"Oh, don't torture me, the bed and pillows in here are killing me."

Jasmine Tong rubbed her stiff neck.

"I'm not comfortable sleeping ah I'm not comfortable sleeping either, otherwise I'll open a hotel, you can have any kind of bed you want, any kind of pillow you want, we'll open the hotel all over the world, and after that we can go wherever we want to get a room."

Albert Ou was excited about his idea, but Jasmine Tong became more and more despondent.

Is this some kind of worldwide sex drag?

The two of them return home, but they don't know that they've been blocked by reporters in a movie theater for sneaking out to a room and kissing, and that the whole world knows about it.

“The Manno’s show their love.”

“Mr. and Mrs. Manno are secretly living as a couple, leaving the young master to get a room.”

Seeing these news headlines, Jasmine Tong has been completely helpless.

The point is that Albert Ou also used his Twitter to retweet the news.

“The situation is true” he retweeted while also being drunk and making appraisals.

Jasmine Tong has been making a name for herself, and even those 18-string young stars in Star International have also made their mark.

Star King International finally emerged from bankruptcy and began to grow in popularity.

Rameen Tong is sitting at home watching the news, not to mention how lame it is.

These days, she had been placed on this side of Diamond Hill, looking up to her own mother-in-law, Lin Qingfeng.

People have to bow their heads under the eaves, and as she lowers her brow to please her mother-in-law, there are people who say her mother-in-law’s snide remarks, and even her own sister-in-law gives her face from time to time.

The household servants didn’t treat her well either.

Today it happened that Lin Qingfeng went out, Rameen finally found a chance to go out, so she went back to her mother’s house.

Her mother’s house is no longer the Tong family’s large villa, but a rented two-bedroom in an old neighborhood.

Rameen Tong also found this place while calling Simin Du.

The furniture in this house was all old and the rooms were narrow, Rameen Tong frowned as soon as she entered.

“Mom, how did you find such a sh!tty place?”

“Come on don’t mention it, it’s not all because of your father, sit down tonight, don’t stand around all the time, you’ve got a big belly now.”

Simin Du hurriedly moved a chair for Rameen Tong.

Marven Tong was sitting in the sun on a rocking chair in the back room with a newspaper in his hand.

“Mom, I’ve been having a hard time lately, and I know you’re having a hard time, so I’ll bring you some money.”

Rameen Tong pulled out a wad of RMB from her bag, “This is 10,000 yuan, you guys take it first, I don’t have any financial resources right now either, this money is still from Ellen.”

Simin Du was naturally excited to see the money, but she pushed it straight into Rameen Tong’s arms again.

“Now that you have a big belly, you’ll have plenty of money to use for yourself down the road.”

“It’s okay, I’m getting food and clothing from my superior now, so you can take it first.”

Rameen Tong shoved the money directly into Duthie’s hand.

Simin Du looked at the money in her hand, and then at the somewhat haggard Rameen Tong.

“My dear daughter, it’s so hard for you. It’s Mom and Dad who are sorry.”

“Mom, what are you talking about?”

“Look at you, old man, what a good kid you are, and look at the daughter you’re raising, she’s so rich, she’s only worth 100,000.”

Rameen Tong subconsciously frowned, “Jasmine Tong is here.”

“Get over it.”

Simin Du told Rameen all about the events before and after Jasmine Tong’s arrival.

“She gave \$100,000 and told you and Dad to get a job and that she helped reduce your sentence.”

“Yeah, that’s what she said.”

Rameen Tong immediately laughed, “Sister really knows how to lie.”

“What?”

“She has so much money of her own that she’s giving you \$100,000 Albert Ou has transferred all her assets to her name and she’s now in the list of the richest people in the world.”

Hearing this, even Marven Tong straightened up.

“She also said she’d let you guys get jobs when she knew you and Dad weren’t feeling well, so she was clearly humiliating you and making things difficult for you on purpose.”

“Also, what she said herself to help get your sentence reduced, that’s obviously what I did, I’ve been in contact before, and Lu’s relationship with the person, spent a lot of money, which only got through, how did it become her help it Also said not in time to pay the fine, pay the fine for such a long time, why didn’t he go early to pay biased to rush Ah Ellen already paid, he only went to pay”

Rameen shook her head as she said, “Sister is really good at this lying”

## **Her Bossy Yet Naive CEO Chapter 555 - 557**

Chapter 555

“Montmorency, is what you’re saying true?” asked Marven Tong somewhat incredulously.

“Dad, heaven and earth, how many things have I done for the family, if my sister is really good for the family, I beg to differ do I have to lie about it with this?”

Rameen Tong wiped her tears as she spoke.

“The old man you look at the good daughter you raised I knew she was not so kind if she wanted to help, would have helped, why sneak around this matter are over, before coming to put the boot in.”

Marven Tong stomped his foot in anger, “This adversary.”

“Come on, Dad, Mom, don’t worry about it, our family is definitely still going to live this life, and my sister doesn’t care about you.”

“Old man, listen to this, listen to this, this is your own daughter it Meng Meng, you must not have a good time in your mother-in-law’s house either, what kind of person is that mother-in-law of yours, I know best, this time their family took so much money for us, she will definitely not give you a good face.”

Simin Du touched Rameen Tong’s hair sadly.

“Mom” Rameen Tong actually lost her voice for a moment and threw herself into Dusmin’s arms and wailed.

“Be good, don’t cry, it’s all my fault that your father and I are incapable ah, and even you suffer together” said Dusyman can’t help but shed tears.

“Daughter probably in the in-laws how much anger it also try to come together to help us again look at your daughter, his own food and drink to live a good life, even his own relatives do not care”.

Duthie cursed as she cried.

Marven Tong also just sighed hard, not knowing what to say.

Rameen Tong had cried enough and took a tissue and wiped her tears, “Okay, let’s not talk about it, life will always get better, Dad, Mom, I can’t stay much longer, if my mother-in-law comes back and can’t see me, she’ll be counting me again when she goes back, I’m leaving first.”

“Mengmeng ah, you shouldn’t be too aggrieved, anyway, you’re now carrying the flesh and blood of the Ron family, and your mother-in-law doesn’t look at the monk’s face to see the Buddha’s face, you shouldn’t be too rebellious.”

“Don’t worry, Mom, I won’t get in the way, you two take care of yourselves, and I’ll figure out what to do about the job, find it or not.”

Rameen Tong finished her instructions and hurried back home.

It was good that Lin Qingfeng hadn't returned yet, and Rameen was relieved.

She sat on her bed and racked her brain thinking that she must not allow herself to continue like this, that she could be kicked out of the house by her superior at any moment when she gave birth to this child

We can't just sit here and do nothing.

This evening, Ellen Ron came back late, he was busy with work and many social engagements, Rameen Tong usually did not wait for him.

Because she had been thinking hard, Rameen Tong hadn't fallen asleep yet, which was why she waited for Ellen Ron.

"Brother Ellen why did you drink so much wine?"

As soon as she entered the door, Rameen Tong smelled the smell of alcohol on Ellen Ron's body.

"Get out of the way."

When Ellen Ron stumbled, he plunged towards the bed and collapsed onto it, loosening his tie.

"Brother Ellen, are you okay? Do you want me to call the maid to get you a sobering pill?"

During this time, Rameen Tong was almost obedient to Ellen Ron.

Ellen Ron slowly opened his eyes and stared at Rameen Tong for a long time.

"Jasmine,"

Rameen Tong stepped back hastily when she heard the name, "I'm not."

Ellen Ron sat up straight away and pulled Rameen Tong back, "Jasmine, why why why do you want to marry someone why do you want to marry someone"

Hearing Ellen Ron's drunken words, Rameen Tong was at a bit of a loss for words.

“Why, why the hell is this why didn’t you wait for me I could have married you, I regret it, I really regret it, give me another chance ok”

Ellen Ron forcefully embraced Rameen Tong in his arms, Rameen Tong had been protecting her stomach.

“I’m not Jasmine Tong you see clearly I’m your wife, Rameen Tong.”

“Jasmine, I’m sorry, I really didn’t mean it and I didn’t want it to happen, will you marry me and we’ll start over”

Ellen Ron overbearingly kissed Rameen Tong.

Rameen Tong was worried about hurting the child in her belly and stopped struggling, allowing Ellen Ron to kiss her.

But she couldn’t stop the tears from trickling down.

So this is where Ellen Ron’s knot that hasn’t been quite right lately is, because Jasmine Tong got married.

He’s never loved himself. He’s always loved Jasmine Tong.

in what way?

Ellen Ron shouted Jasmine Tong’s name while having sex with Rameen Tong.

When Ellen Ron drifted off to sleep, Rameen Tong leaned against the bed with a head of messy hair and cried out.

She clenched her fists, feeling the hatred spreading through her.

“I’m the one who’s your wife, I’m the one who’s I’m Rameen Tong not Jasmine.”

She let out a low growl, but unfortunately Ellen Ron had fallen asleep and couldn’t hear what she was saying.

“Jasmine Tong why do you always want to go against me I will not let up you wait and wait”

Jasmine Tong and Albert Ou have not been in good shape for the past two days, and since they went out to watch movies and get a room outside, they look like everything is fine, but in reality, they both know what's going on.

There seemed to be something between the two men, and neither was willing to poke at it first.

Albert Ou still has to work and work and go home and babysit for the next two days.

Tong has an occasional schedule of a few hours of work, and goes home immediately after work as well.

This evening Albert Ou had an important meeting to attend in the evening, and it was eleven o'clock when he returned.

Jasmine Tong deliberately waited for him to return, and Albert Ou gently opened the door and was shocked to find Jasmine Tong sitting on the bed reading a book.

"Still awake."

"Yeah, I slept a lot during the day and wasn't too sleepy, so I waited for you to come."

"I'm going to take a shower, it's getting late, hurry to bed." Albert Ou didn't say much and just got into the bathroom.

Jasmine Tong didn't sleep in the slightest, so she simply kept waiting, but usually Albert Ou's shower was fast, especially if she knew she was waiting for him, she could usually take care of it for ten minutes, but today she didn't even come out for half an hour.

"This guy,"

Jasmine Tong lifted the covers off the bed and walked to the bathroom, pushing the door right in.

Once inside, I saw Albert Ou sitting naked on the tub.

Albert Ou was probably thinking about things and didn't expect Jasmine Tong to come in out of the blue, startling him

The two men stared at each other, and for a moment the atmosphere was extremely awkward.

“That, and I this,”

Albert Ou didn't know how he was going to explain the whole sitting on the edge of the bathtub staring thing.

He suddenly sunk his face, “I'm in the shower, what are you doing in here”

Jasmine Tong blinked and blushed a little as she entered the room with a nice picture of a beautiful man out of the shower.

Chapter 556

“Oh I saw you never come out, I thought what was wrong with you, get cleaned up and go to bed when you're done, don't catch a cold.”

Jasmine Tong hurriedly exited the bathroom and stole a glance at Albert Ou on her way out.

Her husband looks even better without his clothes on.

Albert Ou wiped himself helplessly out the door, and as soon as he got under the covers, Jasmine Tong leaned in.

Jasmine Tong couldn't help but blush at the thought of the way Albert Ou had just sat naked on the bathtub.

“Honey,” she called out coquettishly.

Because of the close proximity, this voice was all crispy in Albert Ou's ears, plus Jasmine Tong's warm and hot body.

Albert Ou felt hot and he pushed Jasmine Tong.

“It's the middle of the night. Go to sleep. What's the fuss?”

“Cuddle to sleep.” Jasmine Tong piled right into Albert Ou's arms.

“What's the hug for” Albert Ou directly pushed Jasmine Tong away.

“Just hug” Jasmine Tong leaned in once more.

“How are you going how not to know a bit of compassion for their husbands I work so late, has been very tired of your day to day solicitations, not afraid to empty my body.”

Albert Ou really couldn't help but rage.

Jasmine Tong sat up and stared straight at Albert Ou.

Who's always wanting more than they can handle?

Two days ago, you said you weren't afraid of your own body.

“Albert Ou, sit your ass up I want to talk to you.” Tonto Mann plopped his legs together, hugged his arms, and changed his tone.

“What's the point, don't you know I'm tired? Sleepy.”

“You're hiding from me, right fine, you can hide from the first day of the week, not the fifteenth.” Jasmine Tong simply didn't sleep either and just sat cross-legged looking at Albert Ou.

Albert Ou closed his eyes and pretended to sleep, and this stalled for a few minutes.

“I'm telling you, this isn't the only room I can sleep in, I'm going to count to three, and if you don't get up, I'm going to go sleep with my son.”

Jasmine Tong had to use her own killer weapon.

As a result, even before Jasmine Tong counted, Albert Ou sat up with a whoosh.

“It's late at night, let no one sleep, want to have sex is not to satisfy you.”

Said Albert Ou as he prepared to pounce on Jasmine Tong.

“Who wants to do it with you” Jasmine Tong ducked down.

“Then what do you want to do” Albert Ou had nothing good to say.

“Why are you hiding from me?”

“Who’s hiding from you I’m tired from having a meeting so late” Albert Ou twisted his head and didn’t look at Jasmine Tong.

“You’re clearly avoiding me and making excuses.”

Jasmine Tong scrutinized Albert Ou.

“Alright you can do what you want to do I didn’t say I was going to stop you if you want to make a movie.”

Albert Ou waved his hand and yelled out quite loudly.

After hearing Albert Ou’s words, Jasmine Tong was stunned.

In fact, Albert Ou already had an answer, he just wanted to keep putting it off, and if he said it a day later, Jasmine Tong might have to stay at home for another day.

Jasmine Tong couldn’t help but wet her eyes, her man, who habitually stooped to fulfill his wife.

Albert Ou saw that Jasmine Tong had been silent, which turned his head around, and as a result, when he looked at Jasmine Tong, Jasmine Tong’s eyes were red and filled with tears.

He immediately grabbed Jasmine Tong in his arms.

“Okay, okay, it’s my fault, I shouldn’t have yelled at you, if you want to make a movie, go ahead and make a movie, I won’t stop you, do whatever you want to do, I’ll support you, no more crying.”

Albert Ou heartily wiped Jasmine Tong’s tears.

Jasmine Tong looked at Albert Ou, distressed and amused, this man probably thought he had spoken too harshly, so he quickly admitted his mistake.

“Don’t cry, Jasmine, it’s my fault, okay you scold me or hit me a couple of times.”

Jasmine Tong, however, cupped Albert Ou’s face with both hands and pecked him hard on the lips, blinding Albert Ou directly.

Seeing Albert Ou’s confused face, Jasmine Tong laughed out loud.

“It’s the middle of the night, you’re crying and laughing, what do you want”

“I’m sorry, honey, I shouldn’t be torturing you like this, I know you don’t want me to go out and film, and I want to be at home with you, but I just can’t leave my career behind.”

Albert Ou sighed and smoothed down Jasmine Tong’s long hair.

“I promise you, I’ll only do one movie a year and spend all the rest of the time at home with you and the baby, okay”

“Seriously then what if you’re looking at two really good scripts a year at the same time.”

Albert Ou doesn’t believe in Jasmine Tong’s words.

“Well,”

“So you’re talking for nothing” Albert Ou poked Jasmine Tong’s head.

“I’ll try to adjust ah you do not worry, I promise you, only one film a year, even if you like two very good scripts, will only choose one of them, okay”.

“Whatever.”

He can’t stop her anyway, he’ll agree to whatever decision she makes anyway, he’s the one who spoils her.

“Two conditions, no intimate scenes, including kissing scenes, bed scenes, and all physical contact scenes. Second condition, no slacking for me in bed.”

Albert Ou also hurriedly looked for an opportunity to make a condition.

“Okay, okay, all agreed, then we’re in agreement, let’s sleep.”

Finally, with this matter out of the way, Jasmine Tong also had a good night’s sleep.

“Sleep” As soon as Jasmine Tong lay down, Albert Ou pressed on, “You provoked me up in the middle of the night, and now you want to sleep there’s no door.”

“Honey, it’s late, and you have work tomorrow.”

“What are you doing? I’ll take you down first.”

“Honey, there’s no rush for this.”

“How not to rush you every time you shoot, I can’t touch your body for two or three months, I’m not doing anything right now, it’s just grabbing all the time to do you one less time.”

“Ah I’m not ready to go out and shoot yet.”

“Can’t I get an advance?”

At that moment, just outside the corner of the Crystal Garden wall, a black figure shifted.

He’s been swinging around the area for days now, and today he had a chance to get ready to do it.

It was now time for a change of guard, and the black figure took advantage of a brief vacant guard post to jump straight down from the wall, groping and preparing to enter the villa.

Almost everyone was asleep, and only a few lights were on in the villa at the moment, the rest of the place had fallen into darkness.

The Shadow was still slowly groping forward.

“What man,”

Suddenly someone snapped.

The Shadow saw that something was wrong and quickly prepared to retreat, but it was easy for him to come in, but not so easy for him to go out!

Security rushed forward and grabbed him in three pieces.

“Let go of me quickly let go of me I tell you, you’ll regret it if you don’t let go of me”

Chapter 557

The room was charming.

“Honey, I’m so sleepy. That’s enough for today.”

“I was just promised to be more diligent, and you’re going back on your word so soon.”

Albert Ou’s voice was also a little ragged.

“Or tomorrow.”

There was a rush of footsteps, followed by a sharp knock on the door.

“Sir, there’s a thief in the house.”

The two men who were fighting on the bed snapped awake.

“f\*cking hell,” Albert Ou couldn’t help but curse.

“What do you want from me if you’re a thief?”

“Sir, they say they know the wife and want to see her.”

Jasmine Tong and Albert Ou looked at each other.

“Wait,”

In the living room, several security guards were guarding a thief who was crouched on the floor, looking up at the men.

“I can tell you that when your wives come later, they’ll fire you all.”

“Crouch still,” a security guard snapped and squeezed the thief’s head.

Albert Ou and Jasmine Tong came down from the stairs together, Albert Ou’s face disgruntled, Jasmine Tong’s face still slightly red.

When she saw the thief on the ground, Jasmine Tong was also shocked.

“Rameench”

Raymond looked up and saw Jasmine Tong come over like a savior, “Sis.”

Hearing this “sister”, Jasmine Tong almost got goosebumps, he had never called her that since childhood.

“All out of the way this is my sister know” Raymond stood up and glared at the security personnel next to her.

Raymond swaggered towards Jasmine Tong, and Albert Ou hurriedly blocked Jasmine Tong’s way.

Seeing Albert Ou, Raymond immediately nodded and bowed, “Brother-in-law.”

“Wait, don’t scream.”

“Why are you here?” questioned Jasmine Tong with a cold face.

“I’m coming to you, aren’t I huh” Raymond scratched the back of his head.

“Find out what I’m doing when something so big happened at home and you’re not coming home to see what’s going on” Jasmine Tong only felt ridiculous for her half-brother.

“Of course I came to find you to help with the family business only you, you must be very rich now that you live in such a big villa I’ve heard all about it, you’re married to a mega-rich man.”

Raymond with a flattering smile, “brother I’m in a bit of trouble, I need some money to spend, you see you this as a sister can’t see death, right”

As he said that, Raymond extended his hand towards Jasmine Tong.

“Looking for me for money Raymond, the family is in such a big trouble, but you rolled away the family’s life-saving money, and now you’re back, you don’t care about the family, but you come to me for money, are you still human?”

“That’s your fault I asked you for money to help the family ah, I did not roll the money away, I was paid to do things, the results did not do it just, can not blame me, right?”

“Just take this lie and lie to your mother, you can’t lie to me, I advise you to hurry home, you’re not young, it’s time to mature up, don’t always eat, drink and be merry, let two old people worry about you all day long”

The more Jasmine Tong looked at Raymond, the more displeased she became, “Blast him out the next time you see him, don’t come over to report, just blast him away.”

Out of sight, out of mind.

“Jasmine Tong is this how you treat your own brother? You’re too heartless, right? Your family is so rich, what’s wrong with asking you for some money?”

Raymond stalked and roared.

“My family is rich, but I’d rather spend it on rescuing stray cats and dogs than giving it to people like you.”

The security guards heard Jasmine Tong speak and were not rude.

Jasmine Tong couldn’t stop herself from sighing and shaking her head, “Why are they all like this.”

“There’s no need to pity such people, they’re self-inflicted.” Albert Ou hugged Jasmine Tong’s shoulders and the two of them went upstairs together.

“By the way, I’m thinking of going shopping for the next two days to buy some clothes for the baby.”

“I’m busy for a few days, so I might not be able to go with you.”

“No need for your company, you’re busy.”

“Then you take a few more men with you and be careful.”

Raymond listened to the two men’s conversation.

“Walk or don’t walk or we’ll throw you out,” the security guard snapped.

“Can’t I just leave” Raymond took one last look at the luxurious villa and walked out the door herself.

He walked a long way to find a place where he could get a taxi, but he was so penniless that no one would give him a ride, so he had to keep walking, and it was almost dawn before he found his house, which he found sealed, and he hurriedly called Duthie.

“Oh, you this dead child you die where you go ah how do you just come back” Simin Du as soon as she saw Raymond, the tears can not stop downward drop

“Mom, I’m exhausted. Can you get me something to eat?”

“How did you get into this mess?” cursed Dushman as he went to the kitchen to find food for Raymond.

Raymond had been walking for so long that he was already hungry, and Dusyman cooked him a bowl of noodles, which he immediately ate to the bone.

Marven Tong also got up, saw Rameen Qi, and cursed.

But now that he was safely back, neither of them had anything more to say, so they had to stop.

After eating the noodles, Raymond was energized.

“Dad, Mom, do you know I went to Jasmine Tong’s house, do you know that their house that is simply too luxurious just look at the outside is too big to find the edge, inside, my God that is simply like a palace castle ah”

Raymond said as he gestured.

Marven Tong and Dusyman, who had already been to the Crystal Garden, didn’t find it unusual.

“What were you doing at her place?”

“Forget it, I was going to ask her for help, but who knows, she’s six-faced and just blew me off and you don’t know how bad she talks.”

“What did she say?”

“I’m not going to be able to do anything about it,” he said.

“Did she really say that about us being worse than dogs and cats” Duthie slapped the table, that was so angry.

“There are worse ones I won’t learn from you, lest you get angry Jasmine Tong’s family is so rich, we can’t let go of this good opportunity.”

The first thing you need to do is to take a look at the house you’re renting, “She’s rich and powerful, and she lets us live in this shabby cave.

“Hurry up and forget about it, this Jasmine Tong’s heart, ah, has been eaten by a dog.”

“Dad, Mom, you can’t get discouraged, we have to do something.”

## **Her Bossy Yet Naive CEO Chapter 558 - 560**

Chapter 558

Banner International Shopping Center

This is the most luxurious shopping mall in the entire city of Z. The goods sold are all international brands, because of the high prices, so there are not many customers, especially today is a Monday, the mall will be even more quiet.

Albert Ou had planned to clear the site, and this international shopping center also had shares of the Dark Empire in it, but Jasmine Tong thought that would be too much trouble, and if she needed to clear the site for a future visit to a supermarket or mall, then she wouldn’t have to go out in the future.

Because Albert Ou was too busy to go, he gave Jasmine Tong the most complete set of elite bodyguards, followed by three cars, which was a huge amount of money.

When the luxurious car parked in front of the mall, it attracted many people to look at the side, which kind of rich wife is this?

Jasmine Tong, wearing sunglasses and a mask, felt the wrong atmosphere as soon as she got out of the car, but still had no choice but to take Pear and the baby upstairs.

When they came to the mother and baby store, the bodyguards followed.

The first thing you need to do is to pick out some clothes for the baby, and some essential items, and then turn around and see a few grown men keeping watch like statues.

“You guys go for a walk outside, you don’t have to follow me all the time.”

“Ma’am, Ou has always told us to follow Ma’am every inch of the way.” The lead bodyguard was very cautious.

“O’s orders, you listen to them, I won’t listen to what I say I need to buy some personal items, you’re not comfortable here, so get out.”

The bodyguards looked at each other, one of them also feeling oddly embarrassed.

“Gee, the mall is so clean today, I’ll be fine in the store, you guys will just patrol back and forth on this floor to see what’s going on. If anything happens, I’ll just call out to you guys.”

When they heard Jasmine Tong’s words, the bodyguards didn’t force them to stay, they all knew that Albert Ou was a very jealous man, and they could probably guess what Jasmine Tong was buying, if Albert Ou knew that they were peeking, how could they still live?

The bouncers immediately split into three groups and began patrolling the floor.

Jasmine Tong was relieved at last.

“Madam, what are you going to buy” Pearblossom was also very curious and had the young master in her arms.

Jasmine Tong leaned into Pearly’s ear, “Nursing underwear ah.”

Pears burst out laughing.

“And laugh when you get married too.”

The two of them were laughing as they carried the baby to a lingerie store.

The shopkeeper immediately brought out the most comfortable breastfeeding underwear here, Jasmine Tong tried it on and it was good, immediately bought three pieces.

“Ma’am, our store has recently added some new s\*xy lingerie, men will get nosebleeds looking at it, would you like to take a look?”

The shopping guide lady was very kind.

“This woman has a child, in the eyes of men, the charm value is going down, as well as picking a few s\*xy underwear, regulate the mood of the couple, can enhance the relationship between husband and wife, oh, women can not put all the thought on the child.”

Charisma will drop.

Albert Ou wants her but diligently these days, and as long as the baby sleeps on time, he won't leave her alone.

But, once in a while, wearing s\*xy lingerie to show Albert Ou is just a bit of coaxing.

Jasmine Tong chose two more s\*xy lingerie under the guidance of the shopping guide.

The company has been in the process of developing the new product for the past two years, and the company is now in the process of developing the new product.

“Oh, Pearblossom, I forgot to buy the baby's hip cream.”

“Then let's go back to the mom-and-pop store.”

“Had to go back there too, baby's been getting a little red in the butt lately.”

The two men said they went back to the mother-and-baby store, where the mother-and-baby clerk was pleasantly surprised.

“Ma'am, can I get you anything else?”

“Butt cream for babies.”

“Oh, please come with me.”The shopping guide brought Jasmine Tong to pick out a hip cream.

The little baby was honest all the way through and finally broke out into nature, tugging hard at Tong's chest, “Mama.”

“Baby, be good, it'll be over soon.”Tong's baby was soothed as she picked.

“Mom,”

“Ma’am, is young master hungry or shall I feed him” said Pearblossom as she pulled out the milk bottle from the bag she had brought with her, “Well, the temperature is just right.”

But the baby pushed the bottle away, her mouth still puckered, and her little hand tugged at Tong’s chest.

It’s been ten months since the baby was born, and it’s supposed to be weaned from breast milk, but he seems to have always been very reluctant to eat milk powder, and as long as he can see Jasmine Tong, he will never eat milk powder.

“What if he doesn’t drink?”

“Ma’am, your baby hasn’t been weaned from breast milk yet, I guess the little one wants to breastfeed, so he’s not eating formula.”

“Oh, baby, mommy will feed you at home, first drink this, OK” Jasmine Tong herself to take the bottle to feed, the baby still angry and pushed away.

“Why are you as hard to deal with as your dad? You’re not going to let Mommy breastfeed you at the mall.”

The baby seemed to feel that Jasmine Tong was reprimanding her, but she couldn’t get any milk, so she wailed.

“All right, all right, no more crying.”

“Ma’am, our home store prepares a mother and baby room that is available for mothers who are still breastfeeding, like Ma’am.”The shopping guide was kindly introduced.

“Really? That’s great, take me with you, I’m afraid the baby won’t stop eating milk.”

“Okay, you come with me.”The shopping guide immediately took Jasmine Tong and Pearly out of the maternity store.

“Baby, don’t cry oh mama will feed you right away.”

Only then did the baby stop crying, sobbing on Jasmine Tong’s chest as if she was very frustrated.

“You’re still aggravated, and if your daddy finds out, he’ll have to beat your little butt.”

The three of them laughed together.

It was a long walk and we still hadn’t reached the mother and baby room.

“Where’s the mother and baby room? Why isn’t it here yet?”

“It’s downstairs now, and when we opened the store, we didn’t think of doing a mother and baby room, and there was no more room on this floor, so we chose downstairs.”The shopping guide hurried to explain.

“Oh,”

Jasmine Tong didn’t think much of it, but followed along with Pearly.

It wasn’t until she went downstairs and into a room that Jasmine Tong was finally able to nurse her baby.

“Ma’am, the bathroom is next door, so you guys go ahead and I’ll be back.”The shopping guide explained and left.

The little guy is eating, drinking and dancing around happily.

“The little villain will torment me” Jasmine Tong squeezed the baby’s face and handed him over to Pearblossom, “Pearblossom, you watch him first, I’m going to the bathroom.”

“Yes, ma’am.”

Jasmine Tong had just gone to the bathroom when she heard a scream outside.

Chapter 559

Jasmine Tong recognized it as Pearly’s voice and she quickly got up and ran out.

“What’s going on?”

There’s still people out there.

Jasmine Tong panicked and chased after her the way she came, only to find Pear Blossom on the ground, grimacing and covering her feet, as well as blood flowing downwards from her head.

“What’s wrong with Pearblossom?”

“Madam hurry, chase, the young master has been snatched” said Pearly, pointing to the stairway.

Jasmine Tong couldn’t care less, and followed the direction of Pear Blossom’s finger to chase after her, but where was the shadow of anyone else?

And there are a lot of turn-offs this side of the stairway, so you can go directly out of the mall, or to other floors, the mall is so big!

It just so happened that Jasmine Tong ran into the patrolling bodyguards.

“Ma’am, what’s wrong?”

“The young master has been taken, you must seal off the mall.”

“Yes” where the bodyguards dared to slack off and quickly launched into action.

Tong returned to where she had just encountered Pearblossom and found her passed out, and she immediately called for an ambulance.

She had never been more terrified than she was now, and could only silently pray that the child-snatching perp hadn’t had time to run out of the mall, after all, if he hadn’t run out of the mall in such a short time, they could search this mall back and forth.

Jasmine Tong still made a phone call to Albert Ou.

Albert Ou soon arrived with a large number of people and surrounded the mall, and even the few customers in the mall were all trapped inside.

Pears was taken to the hospital, where they said that the coma was only temporarily caused by a severe brain injury.

“It’s going to be okay.” Albert Ou held Jasmine Tong in his arms and gently stroked her back.

“Baby, our baby” Jasmine Tong cried out the moment she saw Albert Ou.

I don’t know when she started, but she was still the strong and determined Jasmine Tong, only in front of Albert Ou, she was the weak, needlessly strong Jasmine.

“It’s going to be fine, the bodyguards told me it’s going to be quick, that man can’t escape don’t worry.”

Jasmine Tong’s heart relaxed a little after hearing Albert Ou say that.

Hearing Pear Blossom shout, she rushed out in almost seconds, and her chase was only a few minutes before she encountered the bodyguards, the Ou family’s bodyguards were always the best of the best, doing things super fast, and within a few minutes they had blocked several exits of the mall.

Before Jasmine Tong came to the mall, the bodyguards had also surveyed the terrain of the place.

In other words, it only took ten minutes from the accident to blocking the exit, but from the accident site to the nearest exit, even a strong man couldn’t run out in ten minutes.

“Let us out of here. You’ve gone too far.”

“It’s just that we’re here to walk around the mall and you’ve lost the baby, so what does that have to do with us?”

“We have work to do delaying our own, can you afford the responsibility?”

At the entrance, many shoppers who had come to the mall began to shout.

Naturally, they were very dissatisfied because of the restrictions on their movement.

The mall staff came to communicate in a hurry, but those who were able to come to this mall were people of great worth, and none of them could afford to be offended.

“My mother’s asthma is acting up and we have to leave now” a young man assisted a woman in her fifties who was out of breath.

“Quickly go tell Mr. Ou that my side can’t hold up,” the person in charge said hurriedly to the assistant beside him.

At this moment, Jasmine Tong and Albert Ou are in an office, and everyone has gone to search the whole mall, because the mall is huge and there are many warehouses underneath it, so it’s really not easy to search, and it may take a lot of time.

They’re still anxiously waiting.

“O’s customers trapped in the mall are now very upset, what do you think should be done about it”

The assistant in charge came rushing in.

“Just give them as much money as they want.”

Albert Ou is wildly unpredictable.

“But one customer had an asthma attack, and it really wasn’t a matter of paying for it.”

Jasmine Tong stood up, the mall has been on lockdown for three hours since the accident, “Honey, why don’t we let these people go, there’s no way the murderer could have carried our son out the front door”

Albert Ou began to rack his brain for thought.

“It wouldn’t be good to make a scene, it wouldn’t be good for you or me or the reputation of the Dark Empire, after all, people’s lives are at stake, we can’t just rely on our own money and put someone else’s life on the line for our own son,”

“Release the man and I’ll go with you.”

Albert Ou lifted his leg and walked out.

Jasmine Tong did not follow, but continued to wait in the office, believing that Albert Ou had his own way.

Russel Cheng also followed Albert Ou’s side.

“Mr. Ou, the bodyguards said that they haven’t even found the young master yet and they didn’t hear any cries, what should we do now”

“Immediately release the people in the mall, open only one exit route, and conduct an interrogation one by one, especially those pushing baby strollers and holding children.”

Albert Ou’s gaze shone with an icy light, daring to touch his son, the son that Jasmine Tong almost fought for her life to give birth to!

Whoever touches his son, he dares them to die.

The exits were open and the bouncers were called back to conduct a one-by-one interrogation, which naturally drew customers, but getting out was a blessing in disguise for them, muttering a few words at best.

Customers grumbled and cursed and muttered and discussed as they lined up to be cross-checked.

“This Dark Empire’s CEO is just a bully Jasmine Tong lost her son herself, what does it have to do with us.”

“That’s right, when I get out, I have to write a few tweets scolding her.”

Albert Ou personally guarded the doorway, gazing over the crowd.

Suddenly, a woman pushing a stroller caught his eye, a woman wearing a cap that didn’t match the clothes she was wearing very well.

Her stroller was also down to cover up the inside.

She looked around every now and then as she pushed the cart, furtive and very suspicious.

Albert Ou called Russel Cheng over and whispered in his ear for a while, Russel Cheng immediately walked over and the woman lowered her head even lower.

“Ma’am, the baby and the old man can go first, I’ll take you to the front to be cross-examined, and then you can go.”

“No, no, I’m not in a hurry, I’d rather be with the others.”The woman looked a little alarmed.

Albert Ou only felt more suspicious and immediately lifted his leg up to the front.

Chapter 560

“What happened” Albert Ou’s eyes were fixed on the stroller that had lowered its cover.

“O, I told the lady to go first, but she didn’t agree.”

“Yeah? If she really doesn’t want to go, then why force it?”

Albert Ou said as he stepped forward with an arrow and lifted the cover from the stroller.

There’s a sleeping baby girl in there.

The baby girl had a pacifier in her mouth, her skin was pink and she was sleeping soundly.

It’s not his and Tong’s son.

“Sir, aren’t you going too far if you wake up my child and frighten it, can you afford the responsibility? Your child is a child and my child is not a child? How can you hurt other children because of the loss of your own child?”

The woman, who was a little shy just a moment ago, became indignant when she found out that Albert Ou had forcibly lifted the cover of the stroller and made an accusation.

In the meantime, Albert Ou’s brow was tightly knit, but it wasn’t.

Then why was she sneaking around like that?

It’s because he’s so nervous that he thinks she’s sneaking around.

“May I go now, please?” the woman snapped again.

Albert Ou had to nod his head with an apology.

“Ma’am, I’m so sorry, but we’re in a bit of a hurry, Ou.” Russel Cheng hurriedly compensated and left with the woman.

There was no sign of anyone suspicious until all the customers in the mall left.

Albert Ou miscalculated.

He thought the killer would take advantage of the opportunity to escape, but there was no killer among the customers.

What went wrong?

“Mr. Ou is not well, there is a new discovery” a bodyguard rushed over hurriedly.

Albert Ou followed the bodyguard to the mall near a side door, where he found a window open, a stool underneath, and a child’s shoe on the floor.

The bodyguard picks up the shoes and brings them to Albert Ou, who recognizes them as the baby’s shoes.

He clutched his shoes tightly, furiously

He must have taken advantage of the time when he was questioning customers to deploy some of his bodyguards to question them, so the bodyguards guarding the door didn’t have as much manpower and the killer escaped in the chaos.

I can’t believe he fell for it.

“Mr. Ou, it looks like the murderer has escaped, do we need to continue searching here?” asked Russel Cheng.

Albert Ou thought carefully for half a minute, “No need, go to the streets around here and pull up all the surveillance footage.”

“Okay.”

The murderer got away, how is he going to explain to Jasmine Tong?

Albert Ou stuffed his shoes into his pocket and prepared to return to his office to find Jasmine Tong.

I didn’t expect Jasmine Tong to run out in a hurry.

“This side is evacuated. Did they find the baby?”

Albert Ou grabbed Jasmine Tong's shoulders and smoothed her hair.

"The baby wasn't found."

The flicker of hope that Jasmine Tong had just sparked was dashed.

"The murderer got away during the cross-examination, but don't worry, I've sent someone to investigate the street surveillance, I'll catch him, so go home first, okay?"

Jasmine Tong didn't know what she should say or do, and she felt bad about it.

The longer the baby is in the wrong hands, the more worried she'll be.

"Honey,"

"I know, I'll find it." Albert Ou knew what Jasmine Tong wanted to say.

"Then I'll go to the hospital and check on Pearblossom first."

Albert Ou sent someone to take Jasmine Tong to Z.Y Hospital, and Jasmine Tong knew that she couldn't help by staying, but instead, because she was there, she made Albert Ou still have to take care of her side, so she chose to leave.

When Tong arrived at the hospital, Pearblossom was awake and the doctor said she had a head injury and a mild concussion, but it wasn't serious.

"I'm sorry, ma'am, but I didn't take care of the young master." The pear blossoms started crying as soon as they saw Jasmine Tong.

"Silly girl, it's not your fault, it would have been the same for anyone else." Jasmine Tong drew a tissue and wiped Pear Blossom's tears, "Okay, don't cry."

"Madam, has the young master been found?"

Jasmine Tong shook her head with a bitter smile, "Pearblossom, did you get a good look at that man?"

“No, he was wearing a cap that was pressed down so low you couldn’t see his face, and he was wearing a sweatshirt, a very bright blue, and he had sneakers on.” Pearblossom recalled carefully.

“It’s a young man,”

“Dresses like a young man, but I don’t see him very quick on his feet, and a little hunched over, and he moves like an old man of forty or fifty anyhow.”

“Forty-five year old man are you sure?”

“Because I didn’t see his face and wasn’t sure, but I don’t think he was agile at all, and I think I could have caught up with him if I hadn’t fallen to the ground. He also hit me over the head with a vase in a hurry, I think he was afraid I’d catch up with him.”

“If it’s a young, strong lad, you won’t be able to catch up.”

“But, ma’am, he didn’t have more than a block of speed, and I feel like I can catch up” said Pearly with great certainty.

“That’s odd.”

There are too many doubts.

If he was prepared beforehand, he should have worn something discreet, don’t they usually wear black for bad deeds but why did he wear something so bright?

If it was an older man, and why was he dressed like a young man who generally did this kind of thing, he would have been less suspicious by showing up in his direct natural color.

“How many people are on the other side?”

“I’ve only seen one, I’m not sure if there’s anyone elsewhere to meet this bad guy.”

“Just look at this one.”

“Yes, I saw one.”

“Did you hear anything?”

“No. He came over and took the young master right out of my hands, without a word.”

Once again, Jasmine Tong was in thought.

“Madam, if you’re kidnapping the young master, then you should be after money” Pearblossom carefully conducted her probing.

“I guess so, you don’t have to worry about it, the family has money anyway, and the other guy will just give it to him even if he’s a lion.”

Jasmine Tong’s words were like comforting pear blossoms, but they were more like comforting herself.

To rob the son of the European family, it must be for the money, in that case, just pay the money, and the other party will definitely call.

It’s probably for the best.

As long as the child is okay.

“Ma’am, you don’t need to guard me at the hospital, you’d better go home in case the kidnappers call home, so you can deal with it in advance.”

“That’s right, I’ll be going home then, so you rest and don’t worry.”

That night, Jasmine Tong finally received a call from the kidnappers.
