

## Chapter 56

Watching Jasmine Tong force a smile, coupled with a face full of injuries.

And the broken belt.

Albert Ou somehow felt uncomfortable.

“What’s going on?”

Jasmine Tong pursed her lips and smiled, “Did you bring my clothes for me?”

Albert Ou immediately handed the paper bag in his hand to Jasmine Tong.

“You go out, I’ll change.”

Albert Ou’s lips moved, but in the end nothing came out, and he turned and walked out of the bedroom, taking the door with him on the way.

He stood in front of the living room window, only to feel a blockage in the pit of his chest.

She’s been beaten.

Who did it?

Who the f\*ck touches her?

Albert Ou’s arm swung, and the greenery placed on the windowsill fell to the ground with a bang.

He stood with his fists in his lap, veins bulging.

a good while

Jasmine Tong finally dawdled to get her clothes on, the effects of the drug slowly fading and she was gaining strength.

Seeing the green plants that fell to pieces underneath Albert Ou's feet, Jasmine Tong's face didn't have a single expression, "Let's go."

"Who fought" Albert Ou's blue eyes burst with a fierce light that seemed like it would swallow the whole person up.

"My stepmother, and my half-brother." Jasmine Tong's face still had a smile on it.

"Where are they? I'll help you teach them a lesson. I'll make sure they get on their knees and beg for it."

Albert Ou is really pissed off this time.

Jasmine Tong, however, still smiled cloudily, a smile that Albert Ou couldn't fathom.

This was like the usual Jasmine Tong as two people.

Is this still Jasmine Tong?

"I was counted out today by Rameen Tong and then beaten up by my stepmother and that brother, so if you beat them back, wouldn't it be too cheap."

“”

"Asawa, if you consider me a friend, then remember what I said, and one day I'll get it back in another way."

Jasmine Tong's gaze was steadfast, and in that instant, Albert Ou finally knew what was different about Jasmine Tong.

Airfield.

In the past, she always felt weak, but now he saw a full-fledged Jasmine Tong.

He no longer thought of her as a weak woman; on the contrary, her eyes were full of determination, full of stubbornness.

Other ways, yes, she had other ways.

“In what way, tell me and I’ll help you.” Albert Ou inquired.

But Jasmine Tong shook her head, “I’ll do it my own way.”

Albert Ou also seemed to understand at this moment.

The best way to defeat an enemy is to outpace them and trample them underfoot.

I’ll help you.

He whispered in his mind.

“Let’s go.” Jasmine Tong walked towards the door, as she was in severe pain and her steps were not very steady.

Albert Ou immediately stepped forward and steadied her, but Jasmine Tong pushed him away.

If she can’t take this much pain, how will she get it back in her own way?

“Why don’t I take you to the hospital.”

How can you not go to the hospital when you’re in such bad shape?

Jasmine Tong shook her head, “It’s okay, a small injury.”

Albert Ou walked behind Jasmine Tong and sent a message when she wasn’t looking.

“Buy the best trauma medicine immediately and send it to the villa in Rainbow City.”

Delivered to Russel Cheng.

Albert Ou dropped Jasmine Tong off near Rainbow City, and Jasmine Tong got out of the car and turned around and smiled at Albert Ou.

“Asawa, I have very few friends, and I’m afraid I don’t have many who treat me as well as you do, thank you.”

She meant it when she said “thank you”.

The five years she was with Ellen Ron, she was practically tied to him and really didn't have any friends.

After breaking up with Ellen Ron, she was too busy making money to have time to make friends.

"You're welcome." Hearing this, Albert Ou suddenly felt even more uncomfortable.

If she knew she was her husband, would she still say thank you as genuinely as she does now.

Jasmine Tong didn't say anything further, but left towards her home.

Upon entering the house, Lin Lan Lan carried one plastic bag at a time and threw it directly at Jasmine Tong.

"Sir said you'll inevitably get hurt filming, so he sent you some medicine."

Jasmine Tong opened the plastic bag to see are to treat trauma, this husband to send the medicine delivery is too timely.

"Thanks."

Afterwards, he carried the plastic bag straight up the stairs.

Lin Lan Lan's face showed joy.

In the middle of the night, Russel Cheng comes over to deliver the medicine, and Lin Lan Lan is jealous in her heart

Since when has this man been so interested in this woman?

So she opened those medicines one by one before Jasmine Tong came back and added some chili noodles to them, and it just so happened that one of them was a red ointment that wasn't even noticeable.

By the time Jasmine Tong is drugged, the pain will be excruciating and will make the wounds worse, and she will surely have a grudge against Mr.

If he comes back, she won't serve him well, and he'll be angry.

Mister sees he's married and raising a wolf, so they might go their separate ways.

This little plan of Lin Lan Lan's is a crackling one!

Just waiting for the effect of her little bit of pepperoni.

Jasmine Tong went upstairs, went into her bedroom, opened the plastic bag, looked at the instructions for those medications, and began to administer them to herself.

Just as soon as the ointment made contact with her wound.

She suddenly felt something was wrong.

It seemed that she had been victimized so many times that she had to grow a pair of eyes.

This Lin Lan Lan's black can be said to be white, last time in the hospital, it was clearly her husband who saved herself, but she said she saved herself.

This time her husband will buy her medicine and she will behave herself.

No, it's not that simple.

Jasmine Tong opens a bottle of medicine and carefully compares the characteristics of the drug on the instructions.

"This product is a red paste with an aromatic odor, and it is normal to feel a slight tingling sensation when applying to the affected area."

aromatic

Jasmine Tong held it close to her nose and sniffed, smelling of chili noodles

Jasmine Tong, who is a good cook, can naturally smell it.

Luckily she sniffed.

One bottle of medication was problematic to be safe, and she didn't dare use the rest and just threw it in the trash.

Luckily, she used to encounter some bruising problems when she was running the show, and she had her own medicine ready.

Having disinfected herself and drugged herself, Jasmine Tong was tired, so she went straight to bed.

Albert Ou never left, sitting in the car smoking a cigarette, those eyes growing more seductive and charming in the moonlight.

Several cigarette butts were dropped on the ground next to the car.

As the last cigarette was smoked, he came quietly to the villa.

Lin Lan Lan had already gone to bed, he went straight upstairs and gently pushed open Jasmine Tong's bedroom door.

Jasmine Tong was sleeping heavily.

She's always been a heavy sleeper.

On the bedside table was the medicine Jasmine Tong used, Albert Ou looked at it and lifted Tong's blanket.

Because Raymond had been hitting her back, her back hurt the most.

But she can't even reach the back.

She had to take the sleeping position of lying down, with no clothes on.

Albert Ou picked up the medicine on the bedside table and began to administer it to Jasmine Tong.

## **Chapter 57**

When the cool ointment came in contact with her wound, the sleeping Jasmine Tong still couldn't help but suck in a breath of cold air, her eyebrows furrowed tightly.

Albert Ou looked at her, and the movement of his hand lightened considerably.

In the darkness, he could see the wounds on her back, and in the old days, the smooth, white skin had been replaced by an alternating line of lash marks.

He tried to restrain the anger in his chest before reluctantly helping Jasmine Tong with the medicine.

## Diamond Hill

This is a well-known gathering place for the rich and powerful in Slivestopol, where there is no shortage of stars, rich and famous people living here.

The best villa in the Diamond Hill neighbourhood, Villa 8, is owned by the Ron family.

Although it was already midnight, the superior's house was still brilliantly lit, and the living room was even more tense.

This villa on Diamond Hill was the Ron family's old residence, they were the first to move in here, but it was far away from where Ellen Ron worked, which was the Eason International Entertainment Agency, so Ellen Ron had his own extra villa, and now it was Ellen Ron and Rameen Tong who lived there together.

Ron Rui sat in the center of the sofa, Lin Qingfeng sat on his left side, Rameen Tong sat on a separate single sofa, while Ellen Ron sat opposite Rameen Tong on a separate single sofa.

Ron Yu, on the other hand, sat on the side, watching the show as if it were a good one.

Rameen Tong's eyes were red and puffy, obviously having cried for a long time.

After hearing what Lin Qingfeng had said tonight, Ron Rui became furious, and although he hadn't seen it with his own eyes, he probably knew what was going on.

"Ellen, tell me exactly what's going on today" Ron Rui scolded angrily.

As soon as Ellen Ron was about to open his mouth, Rameen Tong snatched it first.

“Uncle, if you want to scold, then scold me, it’s all my fault, I shouldn’t have taken my sister’s word for it, I didn’t want her to come today, she said she would never cause any trouble, she just wanted to let this go, where did I think my sister’s intention was”

Rameen Tong is really hard to say, hung her head, and squeezed out two more tears.

“I say how can you still blame Ellen it’s all because of that dead girl who messed up she just wants our Ron family to be ruined”

Lin Qingfeng naturally favored his own son.

“Flies don’t bite seamless eggs” Ron Rui glared angrily.

Ron Yu “puffed out” and laughed, “Dad, that’s not an appropriate analogy, you’re saying my brother is an egg haha”

“Belinda” Lin Qingfeng slanted a glance at Ron Belinda.

Rameen Tong raised her head and continued, “Uncle, it’s really not about Ellen, it’s my sister, my sister seduced Ellen, she said she would get back at me”

“Yes, you can see the dream, why can’t you understand it” Lin Qingfeng patted Ron Rui’s leg, “Okay, Master, don’t be angry, this is not the fault of our Ellen, it’s all that dead girl’s fault.”

The expression on Ron Rui’s face softened a little, if it was just Lin Qingfeng’s side of the story, he probably wouldn’t have let it go like that.

But with Rameen Tong’s words, he would have to reconsider.

“Ellen, you’re not so young, today is the engagement ceremony with Meng Meng, this is considered to be half a foot in the marriage, in the future you have to be more stable in your work, especially some naughty women, all of them cut off the relationship cleanly”

Ron Rui still knew something about his son.

“Got it, Dad.”

“Okay, it’s getting late, so don’t leave tonight, you guys rest over here.” Ron Rui got up and went straight upstairs.

Lin Qingfeng immediately got up and walked next to Rameen Tong, “Meng Meng, you should go upstairs and rest first, it’s been hard for you today.”

Rameen Tong shook her head, “I don’t feel aggrieved, auntie.”

Lin Qingfeng looked at Ron Yu, “Little Yu, take your sister-in-law to the guest room to rest.”

The first thing that you need to do is to make sure that you have a good understanding of what is going on.

Rameen Tong immediately hung her head shyly.

Lin Qingfeng slapped his head, “Look at my brain, both of them are engaged, also, then take your sister-in-law to your brother’s room.”

“Got it” Ron Yu immediately pulled up Rameen Tong’s hand to go upstairs.

Lin Qingfeng took a glance at Ellen Ron, “Ellen, wait for me here.”

After saying that, Lin Qingfeng also went upstairs and came back down after a while, holding an antique wooden box in her hand and placed it in Ellen Ron’s hand.

“In the end, today’s incident is an aggravation for Montmorency, so later on you give this to her and tell her it’s a gift for the engagement ceremony.”

“Mom, it’s not,”

Ellen Ron recognized the box, inside was a jade bracelet, it was an ancestral treasure of the Ron family, kept by each daughter-in-law.

It has been passed down for more than a dozen generations, and this jade bracelet is not simply precious jade or an antique, it is completely unavailable on the market and worth a fortune.

“There’s nothing wrong with it, Meng Meng’s performance today surprised me, she, ah, is devoted to our family, today do things also very considerate of the

overall situation, much stronger than that Jasmine Tong this daughter-in-law, Mom recognized.”

“”

Ellen Ron was in a trance.

“You go back to bed.” Lin Qingfeng touched Ellen Ron’s head, his eyes full of love for his son.

Ellen Ron held a wooden box in his hand, feeling heavy, but he still went upstairs as Lin Qingfeng wanted.

Rameen Tong had removed her makeup, but her red, puffy eyes still couldn’t resist the signs of crying.

“Brother Ellen, get some rest early.”

Ellen Ron sat on the bed and handed the wooden box to Rameen Tong, “This is my mother’s gift to you for the engagement ceremony.”

Rameen opened the wooden box and was dumbfounded when she saw that jade bracelet.

“Brother Ellen, isn’t this too expensive.”

“Just let you take it.”

A cloud of suspicion flashed across Ellen Ron’s face, “Meng Meng, did you do what happened today”

Rameen Tong looked at Ellen Ron in panic, “Brother Ellen, why do you think so is it that sister called and said something to you”

“No, I guessed.”

“Brother Ellen my feelings for you heaven and earth can’t care about you so much, even if I were to design something to frame my sister, I couldn’t send her to your bed ah I finally understand, so my sister’s purpose in designing this good show is here she wants to divide you and me”

Said Rameen Tong, once again, tears came to her eyes.

“Okay, okay, stop crying, I’m just saying that.”

Eventually, Ellen Ron knitted his brows.

On second thought, Ellen Ron felt that Rameen Tong had a point, how could she send her rival to her man’s bed?

Is it really Jasmine Tong?

It’s also possible that Jasmine Tong didn’t intend to sleep with herself, and that she designed all of this just to see her own joke.

(onom.) gentle laughter

This woman.

## **Chapter 58**

Rameen Tong sobbed, then took Ellen Ron’s arm.

“Brother Ellen, you must believe me, I love you, but I will never do anything that is harmful to you.”

Looking at Rameen Tong’s pitiful little face, Ellen Ron’s heart softened.

He lifted his hand to gently wipe the tears on Rameen Tong’s face, “Go to sleep, this matter is over, and no one should ever mention it again.”

Rameen Tong gently leaned against Ellen Ron’s chest and wrapped her arms around his waist.

“Brother Ellen, would you not want my sister to go to so much trouble, I’m really scared that one day even you won’t want me.”

She spoke with tears in her voice, and anyone who heard her couldn’t help but be touched.

Ellen Ron gently touched her head, “It’s already engaged, why are you still thinking nonsense”

“Good, I’m relieved to have that from Brother Ellen, let’s go to sleep.”

“Well.”

To be honest, the reason why Ellen Ron would move away from Rameen Tong is really because of her sensible and well-behaved nature, which can be coaxed by just a few words when she is upset.

Most importantly, she listened to him very well. When he told her to go east, she never dared to go west.

And Tong Siu Man is so stubborn that he can't even handle a man.

What she had decided, he could not change.

“By the way, that endorsement company for Sakura Nozomi has already taken over, haven't you always liked that brand and let you be the spokesperson this time.”

When something like this happened today, although Ellen Ron felt that it was intentionally designed by Jasmine Tong, he was also responsible after all.

If he didn't still have feelings for Jasmine Tong, he wouldn't have fallen for it, and no one is more aggrieved by this than Rameen Tong.

It's hard for her to see her fiancé in bed with another woman, and she has to go and force a smile on the guests.

“Really?”

The first thing that you need to do is to take a look at a few of the products that are available in the marketplace, and you will find that they are available in the marketplace.

Although not as good as the top international brands, Cherry Blossom Love is considered one of the top cosmetic brands.

In past years, the spokesperson for Sakura no Lover was also very well-known.

Cherry blossom love especially good at advertising, every year's advertising shot is extremely shocking, now the popular actress Tang Shiyao when it was a little-known actor, received the endorsement of the cherry blossom love, an advertisement will let her soar to the sky.

So, Cherry Blossom Love is an endorsement that many female celebrities are grabbing for, especially the young flowers who are on the rise in their careers.

“I’ll sign the contract in a few days.”

“Great brother Ellen you are simply too good to me” Rameen Tong hugged Ellen Ron, like a gentle kitten.

Ellen Ron didn’t say anything, there was only so much he could do for her.

Tonight was their engagement night, with one foot already in the marriage hall, and there was no shortage of things to do in the evening.

After a cloud of rain, Ellen Ron had fallen asleep.

Rameen Tong was lying in bed, but she was so excited that she couldn’t sleep.

She wanted her mother to give Jasmine Tong a lesson so that she would not dare to hit on Ellen Ron again, and also wanted the Ron family to put an end to Ellen Ron’s dealings with Jasmine Tong.

This also essentially severed the relationship between the two, sparing her the worry.

I didn’t expect to get so much out of it.

Lin Qingfeng had given her the ancestral bracelet, which meant that her position as the future young lady of the Ron family was secure.

Having gotten an endorsement from Sakura Love, her career is expected to skyrocket.

Don’t be so proud of yourself.

Tong Siu Man, you fight with me.

Oh, in your dreams.

Rainbow City

The next day, Jasmine Tong was woken up by her cell phone ringing. The person who called her was a crew member who told her that she didn’t need to return to the crew for the time being because of scheduling issues with the other actors, and that she could continue to be on vacation, and that she would be notified again of the exact time she would return to the crew.

Jasmine Tong smiled shallowly, the heavens were still not thin to her.

Although the injuries on the body will be so bad that you won't be able to see anything in the costume, there's no way to film with your face swollen like this.

For actors, the face is more important than anything else.

It's a good thing the crew continues to give her time off, or she really wouldn't know how to explain it.

Jasmine Tong suddenly frowned, something was wrong

She quickly got out of bed and ran to the bathroom, turning around in the mirror.

There are traces of drug use on his back.

Last night, because she wasn't able to reach her back, she only put ointment on the places she could get it, and now those places she couldn't reach were drugged as well

She was back in her room, and the ointment on the nightstand was much less.

It was indeed someone who had drugged her.

Lin Lan Lan?

It's impossible.

How could she be so nice to herself when she remembered that she put cayenne pepper in her medication

That leaves only one person left, your own husband.

Jasmine Tong chose a loose and comfortable dress from her closet and went downstairs after a quick wash.

Lin Lan Lan is up and in the kitchen making breakfast.

Since the last time Jasmine Tong was hospitalized with a high fever, Lin Lanlan has started to cook for her instead, though she doesn't do so with much dedication.

Seeing Jasmine Tong get up, Lin Lanlan glanced at her.

“Go wait outside early in the morning, I have to serve you” Lin Lan Lan muttered as she stirred the porridge in the pot.

“Did the gentleman come back last night,” asked Jasmine Tong.

When Lin Lan Lan heard this, she immediately turned around, “Jasmine Tong, are you crazy from thinking about men Mr. So busy, how could you come back”

“Oh.” Jasmine Tong turned around and prepared to leave without saying anything.

“Hey you get back here. How’s your wound?”

She’d put pepper spray in her ointment, and by all rights she should be in excruciating pain.

Jasmine Tong turned around and curled her lips, “Thanks to you, it’s so good, I’ve been at home for the past few days and I’m doing better three meals a day.”

After saying that, Jasmine Tong turned around and went to the living room.

“Hey you” Lin Lan Lan stomped her foot in anger, that look really treats her like a hostess

bah!

But why didn’t her pepperoni work?

I don’t think so.

Jasmine Tong sat on the couch in the living room, she was sure her husband must have been home last night, or she wouldn’t have been able to find another person to drug herself.

The man was probably too late to tell himself, and didn’t tell Lin Lan Lan that he was going to sleep on his own, but found that he was all bruised.

Instead of forcing himself to sleep, he drugged himself.

This was very satisfying to Jasmine Tong.

She picked up her phone and sent him a message.

dark empire (i.e. empire of darkness)

At this moment, in the president's office, Albert Ou was in a furious rage.

## **Chapter 59**

Russel Cheng lowered his head and didn't even dare to breathe.

Albert Ou's face was livid, and the floor was full of information, spilling over page after page.

Every time he thought of Jasmine Tong's appearance last night, Albert Ou felt his chest burning

Especially the broken belt that beat her until it broke.

Who do you think his woman is?

"I asked you to find an agent why it's so hard to find one you f\*cking don't want to do it" Albert Ou slapped the table raw.

"Mr. Ou, Star King's current agents are leaving in large numbers, it's true that there are no particularly good ones, besides, your request is really"

Not a man.

Women need to be mature and stable, with a normal sexual orientation.

To be more than ten years older than Jasmine Tong.

The ones with strong business skills are going to be able to make Jasmine Tong popular within a year.

The brokerage industry is inherently male and female, and the first request negates a large number of agents.

This agent wants more than that.

For Star King, whose original agent had already left in large numbers, finding someone like that was even harder than it had been.

“What’s wrong with my request” Albert Ou snapped, “3 billion, is it so hard to find her an agent”

Russel Cheng suddenly had a bright idea, “Mr. Ou, there’s someone who might be able to.”

“Who”

Russel Cheng immediately came up and pulled out those papers from the floor for a while.

Xu Xingru.

Russel Cheng was just about to hand over Xu Xingru’s information to O Zeno when O Zeno got a gloomy face.

“Give me the word don’t show me no mood.”

He was now manic as if he wanted to kill.

“Yes, Mr. Ou, the person I’m thinking of is Xu Xingru, she has held up several movie stars and actresses, she has also discovered the kings of the singing world, her business ability is unparalleled, she is thirty years old this year, she is a thunderous female manager.”

Russel Cheng reported one by one.

Albert Ou’s blue eyes turned, which sounded fine.

“It’s just that, Mr. Ou, Yixin International is spending a lot of money to prepare to poach Xu Xingru over, and it’s said that they have a very important newcomer who wants Xu Xingru to be her manager.”

“No matter how much money it costs, it’s tying up this woman to be Jasmine Tong’s agent who dares to steal from me, lend him ten guts.”

Albert Ou said through gritted teeth.

The thought that the CEO of Yixin International was Ellen Ron, and Ellen Ron was Jasmine Tong’s ex-boyfriend, Albert Ou hated it with a passion.

“Yes,”

Albert Ou wanted to say something else, but his phone suddenly rang, and he immediately picked it up, seeing the WeChat sent by Jasmine Tong.

“Were you the one who came last night and drugged me?”

Albert Ou immediately replied to the message, “Does it still hurt?”

“Much better, get to work, I won’t bother you.”

Russel Cheng quietly raised his head.

Nima

What did he see?

The big boss who just looked like he was about to eat someone’s face was stained with a spring-like smile.

So affectionate, so gentle and watery.

He rubbed his eyes, thinking he was being tortured by Albert Ou and hallucinating

Albert Ou was still carefully sending messages.

“Ask the babysitter to make you anything you want to eat, and rest at home for the next few days.”

“Well, it’s hot, so watch out for the heat and drink plenty of water.”

Seeing Jasmine Tong’s words of advice, Albert Ou was even more delighted and reached out to pick up the cup on the table.

Hmm.

Empty.

He was about to go pour water, and his face sank when he saw Russel Cheng standing in front of him like a log.

“Why are you still here?”

“I’ll leave immediately” Russel Cheng immediately turned around and left this place of wrongdoing.

That must have been the lady boss just now.

He has never seen anyone who has the ability to make a big boss smile instantly, looks like he’ll have to hug the boss’s wife in the future.

Jasmine Tong stared at those words on the screen, although she had never met this man, she always felt that he was a gentle man.

They say that the older a man gets, the more he will love a woman, and it seems that this is indeed true for a man of forty.

Although there is a big age difference, but Jasmine Tong feels that as long as he treats himself well, what’s wrong with that?

Jasmine Tong touched her belly, it would have been nice if she could have gotten pregnant earlier.

She had been at home for five days and the swelling on her face had faded and her injuries were healing quickly from the ointment she kept applying.

For five days, she ate well, slept well, never had it been so easy, and it seemed to be a blessing in disguise.

The crew called and asked her to arrange to return to the set as soon as possible.

Jasmine Tong was also almost rested and immediately packed her things to go back.

Lin Lan Lan was also finally relieved that Jasmine Tong was really leaving, these days Secretary Russel Cheng called every day one phone call over to ask about Jasmine Tong’s affairs, she could not dare to slow down a bit.

Jasmine Tong had just left the house and was about to take a cab when the familiar sapphire blue Ferrari pulled up at her feet.

“Looks like a good recovery.”Albert Ou’s face rippled with a bright smile.

I don't know if she had gotten used to the man's sudden appearance, but Jasmine Tong had already seen it and opened the door directly to get into the car.

In the meantime, Albert Ou said, "Who told you to come up here?"

"I let me come up yah don't you come to pick me up for the sake of you being so attentive, I'll forgive you for always having something to do around my house."

Jasmine Tong buckled her seat belt and looked to Albert Ou, "Let's go."

Albert Ou was also speechless and drove Jasmine Tong directly to Goose City.

When she reached the door, Jasmine Tong was just about to get off when a small white vial appeared in front of her.

"What's that?"

"Scar removal medicine, it's said to be particularly effective at removing scars, and it's guaranteed to make your skin even smoother and more delicate than before, I don't know if it's true or not, so take it and try it for me."

Jasmine Tong looked at Albert Ou, her lips gently rising.

The man had obviously gotten her a dress specifically for her to wear, and said that the client happened to drop it off, and that he had gotten her scar removal medication specifically for her, yet he said he didn't believe her and asked her to try it for him.

This man.

Jasmine Tong didn't want to break him to his face and directly took the pill bottle over.

"Well, I'll try it for you, and I'll let you know how it works." As she said that, Jasmine Tong stuffed the pill bottle into her bag.

She didn't get out of the car immediately, but put one arm around Albert Ou's shoulder.

“I say brother, you always use such roundabout euphemisms, be careful not to get a wife in the future.”

She hooked her lips and smiled, slapped Albert Ou twice on the shoulder and got right out of the car.

Albert Ou looked at her departing back with a bad smile on his face.

He's not worried.

He already has a wife, and she's you, you idiot.

Back on the set, Jasmine Tong started shooting again in full swing.

Only, Rameen Tong's side got a shocking news.

## **Chapter 60**

“What are you saying Xu Xingru has been dug up by the Star Emperor”

Rameen Tong looked at her assistant, Huang Can, in shock.

Huang Can seems to understand Rameen Tong's temper, knowing that this matter will definitely shock Rameen Tong, she immediately lowered her voice, afraid of what she might say to anger Rameen Tong.

“Yes, the head of the company has given the message.”

“Is the news accurate? Don't be a gossip.”

“The news is very accurate, it is said that Xu Xingru has renewed her contract with Star King, she was previously Star King's agent, but because Star King has been rather tired lately, the contract has been dragging on, and now it is a definite signing.”

Huang Can said as he carefully observed Rameen Tong's face.

Since her debut, Rameen Tong has been ordering the company's manager to contact Xu Xingru, saying that no matter how much the offer is, she must be hired.

Xu Xingru had made so many stars before that Star King International was devastated, and the artists under her were retired due to marriage and children, she was basically on hiatus.

It doesn't matter how many entertainment companies are scrambling to scoop her up and the bids are going up and down.

Rameen Tong knew from the beginning that Xu Xingru was not easy to dig over, so she told the company manager in advance that she would pay whatever amount of money to get it.

The company is also aware of Rameen Tong's identity, and will certainly do its best to do the things she explains.

Originally, she thought that this matter was already done, as she had also talked to Xu Xingru privately, and Xu Xingru said that she would consider it and give a reply in a few days.

But as a result, Xu Xingru went back to Star King International.

"This Xu Xingru's brain has a pit isn't Star King International are going to be yellow what is she going back for"

Rameen Tong clenched her fist, wishing she could immediately pull out Xu Xingru and beat her up.

"It's okay, Miss Rameen, the company will definitely arrange for a better agent to take you on, don't worry."

Naturally, Rameen Tong wouldn't doubt this, but she wanted Xu Xingru even more!

Whether a good artist can become a hit or not, apart from their own potential and opportunities, the most important thing is the agent.

One of the two most famous agents in today's entertainment industry is Xu Yueru, who is beside Qin Tianran, and the other is Xu Xingru, who are still sisters.

Naturally, Xu Yueru, who was beside Qin Yan, couldn't move, and the only one who could move was Xu Xingru, who didn't have an artist under her hand.

That's great. It's all gone.

"What do you think the Star Emperor offered Xu Xingru for her to change her mind in just a few days."

Rameen's dream was unthinkable, really unthinkable.

She herself is Ellen Ron's fiancée, the engagement ceremony stayed on the hot list for seven days, and even grabbed major news headlines.

With this, Xu Xingru didn't need to work very hard to make herself popular, plus a high salary and lure.

I can't believe she chose to go back to Star King's bankrupt company.

"I heard that Xu Xingru used to bring a new young star, who is said to be the one the Star King will be pushing for this year."

"A young star just starting out" Rameen Tong smacked it carefully.

"Sister Rameen, this Jasmine Tong has just signed with Star Emperor, it can't be that Xu Xingru is the one who brought her," Huang Can asked carefully.

Rameen Tong glanced at Huang Can, "How is it possible Jasmine Tong could have such good luck, if Xu Xingru really agrees, then unless Xu Xingru's brain has been kicked by a donkey"

"Also right."

As the two of them were chatting, Rameen Tong's phone rang and she suddenly picked it up.

It was a message from Ellen Ron.

"The agent hired for you is Rochen, so I'll see you guys again when you're done with this movie."

Seeing the content on the screen, Rameen Tong felt her heart was about to beat out.

Rason (name)

Ellen Ron even hired Rosen to be her manager.

Apart from Sunjoo, the most famous agent in the entertainment industry is Roehen.

Rosen's fame predates Shuangru's, and he has brought out countless famous film and TV stars, only to later retire from the entertainment industry.

More importantly, Roehen is also Xu Xingru's master

Back then, Xu Xingru was working for Roehen as his assistant

Now Rameen Tong was relieved.

"This Xu Xingru ah, what an unfortunate coincidence, whoever you brought with you, sorry, is going to be trampled underfoot by me who called you insensitive"

Rameen Tong laughed disdainfully.

The filming of Huma World is in full swing and now is the most intense time for filming.

Rameen Tong's scenes have also been more focused recently, and she doesn't have time to antagonize Jasmine Tong.

Plus, she thinks she has the secret weapon that can make Jasmine Tong quit the entertainment industry permanently, and she also thinks it's pointless to fight with Jasmine Tong over her heart.

This made Jasmine Tong very satisfied.

Despite the delay, Jasmine Tong quickly got into the swing of things as soon as she returned and the shoot went smoothly.

After almost a month of intensive filming, Jasmine Tong is finally going to kill it.

It was supposed to be killed tonight, but as a result, director Lin Chuan, who has always been strict, was not satisfied with one scene and decided to re-shoot it tomorrow, so the killing of Jasmine Tong was postponed.

At night, Jasmine lay in bed tossing and turning.

Maybe it's because Rose is her first major role, and it's surprisingly hard to say goodbye soon.

"Ding" the phone suddenly rang, startling her.

Jasmine Tong touched his phone from the nightstand.

A wee message.

The Earl of Plankton: Little Man Man, there's a surprise for you tomorrow.

Jasmine Tong saw the words on the screen and was black-faced.

What's wrong with this man?

"Brother, it's one o'clock in the morning on my side."

Plankton Earl: Oh oh oh, I forgot we're jet-lagged, go to sleep, baby, I'll send you a lullaby.

Immediately afterwards Jasmine Tong received a voice from the Plankton Count.

It really is a lullaby.

She tossed the phone aside for a moment and rolled over to get ready for bed.

The next morning, Jasmine Tong woke up early to greet her last killing scene.

Change your costume, put on your makeup, and greet every member of the staff seriously.

This scene is opposite Rameen Tong.

Previously, because the two didn't have the right time, they were looking for doubles to shoot each of them, but this time it was really two people going at it.

Jasmine Tong and Rameen don't have a lot of rivalry in the scene, and she doesn't want to get overly involved.

pass over and over again

There was loud applause, and Rameen immediately greeted Huang Can giving out gifts to the staff.

It turns out that today is also the killing scene for Rameen Tong.

They even both killed it at the same time.

Jasmine Tong was suddenly at a bit of a loss for words, Rameen Tong had carefully prepared gifts for the staff but not herself, the contrast was too obvious.

Director Lin Chuan personally gave flowers to the two men, which was an unwritten rule of the crew.

Suddenly someone outside came running.

“May I ask which one of you is Miss Tong who has a gift for you outside.”
