

## Her Bossy Yet Naive CEO Chapter 561 - 575

### Chapter 561

When that deep voice with a smoking voice reached Jasmine Tong's ears through the earpiece.

It's all clear.

Jasmine Tong's most unexpected event still happened.

"Jasmine Tong, prepare a hundred million to my account right away, and I'll return the child to you."

This voice is all too familiar to Jasmine Tong, Marven Tong.

"Dad, you actually kidnapped your own grandson you're ridiculous do you realize you're still a prisoner on probation and if I reveal it directly to the police you'll go to jail right away."

Hearing Marven Tong's voice, Jasmine was unbelievable for the first moment, and shaking with anger in the next.

"Dear grandson huh, you remember me as your father at this time I was kicked out of my house and forced to rent a house outside, and you lied about how you had already helped us, since you don't care about the father-daughter relationship, why should I"

Jasmine Tong felt herself trembling all over.

She really didn't expect Marven Tong to be so confused.

What she had intended was to make Marven Tong and Dusyman suffer and learn a lesson, and if they truly reformed, then she would lend a helping hand.

But I didn't expect Marven Tong to do something like kidnapping.

"What lies, I don't even know what you're talking about hurry up and get my son back, I'll consider not calling the police and you won't have to go to jail otherwise"

“Jasmine Tong, I’m telling you, if you really lost your conscience, then go ahead and call the police, I have your son anyway, at worst I’ll die with him I’ve lived for so many years, I’ll take my grandson with me when I die, haha, no loss”

“You,”

When she heard Marven Tong say the words “to die together”, Jasmine Tong almost bit her tongue.

“Where are you now you give me the baby first and we’ll talk.”

“You’re thinking of giving you the baby, can I still get a penny from you Jasmine Tong, I’ll send you the account, you’ll put the money into my account, I’ll contact you after I receive the arrival information.”

“Dad, will you come to your senses?”

“I’m sober if you didn’t treat me like this in the first place, I wouldn’t be desperate enough to kidnap my own grandson this is all your own doing you better not call the police or else you’ll be in for it”

toot toot

The phone hung up.

“Hey, Dad you,” Jasmine Tong slammed the phone right down towards the couch, “pissed off at me.”

She covered her face, feeling shivers all over her body.

Jasmine Tong tried to take deep breaths to calm herself down, if the baby was really in Marven Tong’s hands, then things would be easier instead.

Marven Tong was not an ordinary kidnapper, at least not until he was forced to, he could not kill his own grandson, all he wanted was money.

Jasmine Tong picked the phone back up and called Albert Ou.

More than half an hour later, Albert Ou returned home.

Jasmine Tong told Albert Ou all about the call.

“Honey, what do we do now?”

Jasmine Tong was so distraught that she could only turn to Albert Ou for help.

Albert Ou held Jasmine Tong in his arms and stroked her.

“He just wants a hundred million, we’ll just give it to him, and if we don’t, he’ll definitely find another chance to do it later, so it’s better to give it to him now and put it all out in the open if he wants the money later.”

Albert Ou’s tone was deep, but his eyes shone with something different.

Jasmine Tong didn’t expect Albert Ou to agree so readily, perhaps he had done more thinking after being a parent.

“All right then.”

“I’m transferring him to the account right now, and by the way, did anything seem odd to you when you were just on the phone.”

Albert Ou suddenly asked.

Jasmine Tong thought back carefully for a while before replying, “It’s quiet, but there’s been a murmur on the phone, so maybe he has a bad signal there.”

“There’s a murmur” Albert Ou thought carefully, then touched Jasmine Tong’s head, “Don’t worry, leave everything to me, I’ll bring your son back to you, hmm”

Jasmine Tong managed to squeeze out a smile.

Half an hour later, the transfer was completed.

“Jasmine, you call him now and tell him that the money has been called.”

Jasmine Tong immediately took out her cell phone to call Marven Tong, the phone took a long time to connect, Jasmine Tong pressed the speakerphone.

“Hey Dad, the money’s been called, when are you going to give me back my son”

“You’re not playing any tricks on me if you’re calling, I’m not even getting a text here.”

“Maybe there’s a delay in the bank’s text message, but I’ve got the money on my end.”

“Well, you mustn’t play games, I’ll contact you twenty-four hours after I get the text message to return the child to your location.”

“Twenty-four hours.”

Before Jasmine Tong finished her words, Marven Tong’s side hung up the phone.

“He even said twenty-four hours” Jasmine Tong looked up at Albert Ou in puzzlement.

“Usually a transfer of such a large amount can be cancelled from the bank’s side in twenty-four hours, and he’s alert and smart.”

Albert Ou kept listening to the phone.

“But baby.”

Jasmine Tong is worried about her own son.

“It should be fine, and since he’s so smart, he should know that I’ll never let him get away with anything that happens to my son, and he’ll take extra care of it.”

Albert Ou said so, but Jasmine Tong felt that it was reasonable, but her own son was still unsettled without her.

Soon, Jasmine Tong’s side received a message from Marven Tong, who said he had received the money.

“Jasmine, he’ll contact you in twenty-four hours to pick up the baby, it’s been most of the day, you haven’t eaten anything, so eat something.”

“I’m not hungry, I don’t have much of an appetite.”

“How is that going to work baby is still breastfeeding, where is the breast milk if you don’t eat, he’s going to need it first thing when he gets back, hmm”

Albert Ou stroked Jasmine Tong’s hair, “I’ll eat some with you and then you go rest, okay”

Jasmine Tong didn't want Albert Ou to worry about her either, so she agreed.

It was clear that she couldn't eat anything, but she forced herself to eat something, knowing that the baby would need milk first thing when she got home.

If she doesn't eat, how will she be able to supply the milk?

Albert Ou stayed in the bedroom with Jasmine Tong for a while until she fell asleep, then he tucked her in and walked out of the bedroom.

Russel Cheng was already waiting for him outside the door.

"Mr. Ou, I've set up as you instructed."

"Very well" Albert Ou clenched his fist, wishing he could break the man into pieces

"Also, the money we called in has been transferred from an account."

"I've already guessed that my son, the one that Mann fought so hard to give birth to, will be called by anyone who touches him, dead or alive."

Chapter 562

Jasmine Tong woke up at first light this sleep.

In the end, missing her son, she woke up with a start from her dream, the bed was empty.

Jasmine Tong touched it, it was cold.

I don't know if Albert Ou didn't come back all night or if he got up early and left.

The door opened and Albert Ou walked in, a black and blue under his eyes.

"Awake so early."

"Well, honey, I'm worried about the baby, I don't know if he's getting enough to eat, it's slowly getting cold, will he freeze without someone he knows around, will he cry?"

“Kids aren’t adults, a little food and drink is all that matters.” Albert Ou walked over to the bed and sat down, “All the money from the accounts has been withdrawn, I’m sure it won’t take him more than twenty-four hours to contact you.”

Jasmine Tong touched Albert Ou’s face, “Did you not sleep all night?”

“Sleeping, just up early, sleep some more.”

“Why don’t you get some more sleep, I’ll wait for the call and make you something to eat on the way.”

Jasmine Tong just wanted to find herself something to do to distract herself.

“Fine, you go ahead.”

Albert Ou carved a kiss on Jasmine Tong’s forehead.

As soon as Jasmine Tong made the breakfast ready, she received a call from Marven Tong, and as expected from Albert Ou, since the money was withdrawn, he didn’t have to worry about this side withdrawing the money back, and he didn’t have to wait 24 hours.

“You can just meet me over on Tin Yan Street in an hour.” Marven Tong said over the phone.

“How’s my boy?”

“Well,”

Marven Tong wasn’t willing to talk to Jasmine Tong much.

Albert Ou and Jasmine Tong didn’t even eat breakfast before heading straight to what Marven Tong called Tianren Street to wait.

Tianren Street is a very busy area, and there is a snack street right next door, where people come and go all the time.

Albert Ou and Jasmine Tong arrived together in a car.

Through the car window, Jasmine Tong looked out, “Why in such a place”

“If things go south, he’ll be able to escape, there are so many people here, he’ll be hard to find if he just gets into one, your father is very smart.”

Albert Ou also headed towards the window and forgot about the past.

“Confused all his life, the only thing so smart about kidnapping his own grandson.” Jasmine Tong couldn’t help but feel chilled.

“Don’t take it to heart, don’t you always say that a man does what he does and holds his head up to God? He’ll be punished for what he’s done.”

Albert Ou appeared very calm and hugged Jasmine Tong in his arms.

“Honey, will you blame me?” Jasmine Tong tilted her head up to look at Albert Ou.

“Blame you why blame you”

“If I hadn’t come from a family with a dad like that, this wouldn’t have happened to our son.”

Jasmine Tong lowered her eyelids slightly, her family of origin had brought her so much hurt, and there would probably be more in the future.

Because they have children, they have to make one compromise at a time.

I wonder how long this damage will last.

“How come? You’re you, they’re them, they did what they did, why should I blame you for not thinking about it.”

Albert Ou affectionately rubbed Jasmine Tong’s face, all eyes full of affection.

“If I’m going to blame you, it’s going to be because you neglected me for your son.” Albert Ou hastily added this sentence.

He was the constant reminder to Jasmine Tong to focus a little more on himself.

Jasmine Tong leaned into Albert Ou’s bosom, “Did you forget what I said last time? always jealous of your son, then after that one or two more children, how do you do”

“Where’s the one or two”

“Just in case we’re going to have kids later.”

“There will be no such eventuality, one son is enough.”

Albert Ou’s attitude was strong and Jasmine Tong threw up her tongue, she shouldn’t have brought up the subject.

The two men, and the bodyguards accompanying them, had been waiting for over an hour, but still hadn’t seen Marven Tong.

Jasmine Tong looked at the time and couldn’t sit still for a bit.

“Why aren’t you here? Is there an accident?”

The more time passed, the more unsettled Jasmine Tong’s heart became.

“Let’s wait and see, who knows what trick he’s pulling, maybe he’ll be around until we’re sure we haven’t called the police before he comes out.”

Albert Ou turned his attention to the street outside.

“Maybe.” Jasmine Tong had to continue to wait.

After about another ten minutes, Albert Ou’s phone rang.

“O, it’s done.”

“Okay, I got it.”

“What’s done” because it was so close, Jasmine Tong could hear the contents of Albert Ou’s phone clearly.

Only then did Albert Ou dare to look at Jasmine Tong squarely, but he didn’t say anything and instead said to the driver, “Go to the SPARKLE International Mall.”

“Okay, Ou.” The driver immediately started the engine and drove the car away.

“Why go there and not wait for my dad? What the hell is going on” Jasmine Tong just realized that something was not quite right.

Albert Ou bit his teeth or didn't say anything.

"Jasmine, you'll see when we get there."

"You're hiding something from me" Jasmine Tong looked at Albert Ou very confused.

"I'll explain it to you slowly later." Albert Ou held Jasmine Tong's hand tightly, as if he was worried that she would escape.

Jasmine Tong didn't ask any further questions, she knew that Albert Ou must have his own plan, but didn't we agree to meet at Tianren Street?

The car arrived at SPARKLE after half an hour on the road, with several police cars flashing their lights and a crowd of onlookers.

Albert Ou got out of the car with Jasmine Tong, and immediately a policeman came forward with a child in his arms.

Jasmine Tong hurried forward to pick up the child, and she breathed a sigh of relief when she was sure it was her son.

"Thank God,"

The baby was sleeping in Jasmine Tong's arms.

"The little baby is very obedient and has been sleeping." The cop smiled and answered.

Albert Ou frowned, "Send Z.Y. Hospital immediately and give young master a full body checkup."

"Well, it's more comfortable for him to spend the night away from his family for the first time and check with an outsider, so I'll follow him to the hospital."

Jasmine Tong only has her own son in her heart and has long forgotten about Marven Tong.

As she was holding her son in her arms to get in the car and head to the hospital, she suddenly heard a roar.

"Jasmine Tong you this unfilial daughter you will not call the police do not you do not keep your word you this is to send your own father to jail ah everyone

come and see ah is this snake scorpion hearted woman, she personally sent her own father to jail to see how cruel her heart.”

Marven Tong had handcuffs on his hands and was yelling at the sky.

Chapter 563

Only then did Jasmine Tong realize that Marven Tong had been arrested.

It just occurred to me that Marven Tong is still on probation, and committing a crime during this period is severely punished.

“Cut the crap and go,” the cop urged.

“Jasmine Tong, you lose all your conscience will not have a good end you even arrested your own father, your conscience was eaten by dogs” Marven Tong is still loudly reviled towards the sky.

Hearing her own father spit at her, Jasmine Tong only felt as if her heart had been hollowed out.

Urged by the driver, Jasmine Tong got into the car with the baby in her arms.

She was in a trance the whole way, looking at the baby in her arms, who seemed to be sleeping so sweetly, and she pressed her face against the baby’s face, feeling his presence.

The baby was taken to the hospital for various tests, and since there was still time to wait for the results of some of the tests, Jasmine Tong went home.

By the time we got home, it was dark.

The baby slept for a while longer before waking up, probably because the police still needed to investigate some things and Albert Ou hadn’t returned yet.

Aunt Fang came forward and brought a bowl of silver-ear congee to Jasmine Tong, “Madam, you haven’t eaten for most of the day, have some silver-ear congee.”

Only then did Jasmine Tong regain her senses and looked up at Aunt Fang.

“Aunt Fanny, thank you.”

"You're too kind, ma'am, it's what I'm supposed to do, I'll look after the young master." Aunt Fanny walked over to the crib, "That's a good night's sleep."

"Yeah, I don't know what happened, but I was so naughty at home and now I'm so good."

Jasmine Tong had just taken two mouthfuls of silver ear porridge when she heard Aunt Fang shout in surprise, "Wake up, young master is awake."

She hurriedly put down the silver ear porridge and came to the crib, "Baby, it's mommy, do you miss mommy hungry, do you want milk?"

In the past, the little baby always blinked its big eyes twice and then started to make a fuss, but today it was exceptionally quiet, and it took a long time before it opened its arms towards Jasmine Tong.

Jasmine Tong hastily picked him up, "Must be hungry."

She lifted her shirt and began to nurse the little baby, who was unresponsive.

"Ma'am, no one is born to be a parent, you've been great, what happened was an accident, don't take it personally, and the good news is that the young master is now back safely."

Aunt Fanny said comfortingly.

Jasmine Tong tugged at the corners of her lips, probably because Aunt Fang had seen Young Master return, and Jasmine Tong didn't look very happy.

"Aunt Fanny, my father was arrested, and he said that I had lost my conscience, that my conscience had been eaten by dogs. That I'm a snake-oil woman." Jasmine Tong's mouth had a faint bitterness to it.

"He said such a thing, that's what's sad he kidnapped his own grandson ah since childhood, he as a father, also not good for you, before that also in front of the media to smear you, now he lost, in turn asked you to help him, on what basis."

Aunt Fanny seemed angry too, she had always been a peaceful person.

"Ma'am, you are just too good natured and kind hearted, but kindness should be to another good person, not to an evil person, with all due respect to your father he deserved it, he drank to death and caused so many people to be

hospitalized with poison, I don't know how many people were ruined, he should have gone to jail to atone for his sins."

Jasmine Tong took a deep breath of relief and nodded, "You're right, maybe I was doing it wrong from the beginning."

"Ma'am, I'm not supposed to say anything, but if the gentleman hadn't helped them in the first place, he'd probably be in jail right now, he'd be in jail and the kidnapping wouldn't have happened today."

When Aunt Fang said this, she spoke much more softly, fearing that she might hurt Jasmine Tong.

"Yeah, it's actually my fault for being so soft, if I'd been tougher, a lot of this probably wouldn't have happened."

"And don't blame yourself, the wife is a good person, that's why."

"Aunt Fanny, thank you for telling me all that."

"What's polite about a nice guy like your wife really isn't very many."

After the two of them chatted for a while longer, Albert Ou pushed the door open and walked in, Aunt Fang looked at Jasmine Tong and then at Albert Ou and hurriedly stood up.

"Ma'am, sir, I'll be out then." Aunt Fang said and hastily exited the bedroom.

Albert Ou went to sit on the edge of the bed, Jasmine Tong was still nursing, and neither of them had finished.

Albert Ou immediately saw the silver ear porridge on the table that hadn't moved a few bites.

When Jasmine saw that the baby was not eating milk, she put him back in his crib.

"Why don't you eat something cold? I'll have it warmed up." Albert Ou was about to go to serve the silver ear porridge when Jasmine Tong spoke up.

"No, not very hungry, I'll eat later when I'm hungry."

Albert Ou stood up and walked over to the crib and took Jasmine Tong in his arms.

“I’m sorry, Jasmine.”

The baby in the crib didn’t cry or fuss, just looked at Jasmine Tong stupidly.

“Sorry for what?”

“I should have told you beforehand, I shouldn’t have lied to you, I shouldn’t have made the decision to go after Marven Tong on my own, I put your father in jail myself.”

Albert Ou had made up his mind to do this from the start.

Jasmine Tong straightened up and looked at Albert Ou, “It’s because I’m too soft-hearted and you were worried that if you did that, I would stop you, that’s why you didn’t tell me, right?”

Albert Ou didn’t say anything, which was a tacit acknowledgement that he knew Jasmine Tong too well and he knew that she would never agree, so he deceived her.

“You did a good job, and if you hadn’t been so good at advocating, I might still be stubborn.”

Hearing Jasmine Tong’s words, Albert Ou was startled, is he right?

Jasmine Tong didn’t even get angry.

When he made this plan, he was prepared to be scolded and even get cold feet, but Jasmine Tong even said that he was doing well

“Jasmine you don’t say the opposite, I know it’s wrong.”

“I didn’t say it backwards, I meant it, honey, you’re so smart and so good, but you have a wife as stupid as me.”

Jasmine Tong gently leaned against Albert Ou’s chest, and Albert Ou realized that Jasmine Tong wasn’t speaking backwards.

“By the way, how did you know my dad hadn’t been out at the mall?”

“He called you has been bad signal, there is always a murmur, which means that the place he is in must be very well hidden, I carefully calculated the time, such a short time, with his skills it is impossible to escape from the mall, the reason for creating the illusion is to confuse the public so, I pretend to evacuate everyone, let him relax, wait for an appointment, and then wait for the rabbit.”

“Good thing you’re smart.”

Albert Ou looked deep into Jasmine Tong’s eyes and he pressed on Jasmine Tong’s shoulder.

“Jasmine, there’s something I want to tell you, so don’t be afraid.”

## **Her Bossy Yet Naive CEO Chapter 564 - 566**

Chapter 564

Jasmine Tong’s eyes flashed with a hint of fear.

What else is going on?

It must be no small thing for Albert Ou to be afraid to speak up.

“There’s something else you’re hiding from me” Jasmine Tong grabbed Albert Ou’s arm back.

“Don’t you be afraid it’s not a big deal.”

“Then speak up,”

Albert Ou sat on the bed and let Jasmine Tong sit on his lap, and he encircled her entire body in his arms.

“Jasmine, don’t worry about it, it’s not a big deal.”

“You’re killing me. What’s going on?”

“It’s the baby I got a call from the hospital while I was at the police station and they said they detected a toxic substance in the baby’s body.”

Jasmine Tong’s eyes widened and her heart thumped.

“But don’t worry, the baby doesn’t have a lot of toxic substances in his body, just let him slowly metabolize it, it won’t be a problem.”

Jasmine Tong’s heart widened a bit at this.

“I spoke to the police about it and they found a white pill on Marven Tong, I immediately took the pill to the hospital for testing and the doctor said the poison in this pill was the same as the one in the baby’s body.”

“What will be the consequences of this drug?” Jasmine Tong had prepared herself mentally in advance.

“Doctors say it’s a chronic poison that makes you drowsy when you take it, and with the amount of white pills, the body can’t metabolize the toxicity in more than three pills, and over time, you can become demented, and with more pills, it can lead directly to death.”

Jasmine Tong couldn’t help but break out in a cold sweat

Her daddy, she just felt a little guilty, and her daddy wants the baby to die.

“But don’t worry, I’ve asked the doctor explicitly and they said that the baby should only take one tablet, not much, no medication is needed, just let your body metabolize it out slowly, it won’t affect anything, just that he might be more sleepy these days.”

Jasmine Tong looked uneasily towards the crib, the baby was asleep again.

No wonder she found the baby so well-behaved when there was indeed something wrong with it.

Albert Ou hurriedly held up Jasmine Tong’s face, “It’s fine, it’s fine, our baby has inherited my best genes, even if he gets a little dumber, he’s still smarter than others.”

“What time is it, you’re joking.”

“No joke, it’s true, what’s the point of having him so smart it’s not good to discipline him later.” Albert Ou smiled mischievously towards Jasmine Tong.

“Honey, I can go see him tomorrow, can’t I?”

Albert Ou understood who Jasmine Tong was talking about, “Are you sure you want to see him.”

“I’m pretty sure I know he’s going to yell at me for cursing and I’m going to go.”

“Okay, I’ll arrange it.”

“It’s been a long day, get some rest early.”

“Well, seeing as the baby hasn’t been feeling too well the last few days, I’m going to allow him to sleep in our room today, am I a very generous father.”

Jasmine Tong couldn’t help but laugh out loud, generosity was just for today.

The next day Jasmine Tong made arrangements for the baby and went to the police station with Albert Ou, because the case was still under investigation, so Marvin Tong was temporarily detained in the police station and was not sent to prison.

When Marvin Tong walked into the room in handcuffs, the moment he saw Jasmine Tong, he cursed again.

“Jasmine Tong, you even have the face to come see me you heartless snake woman this unfilial daughter if you still have a little conscience, let me out.”

“No shouting,” snapped the officer next to him.

Jasmine Tong sat steady as a rock, her face was icy cold.

“Dad, I still call you Dad, I dare you to say yes when I call you that.”

Marvin Tong smirked and sat in a chair, flanked by two officers.

“If you’re the one who got me out, then hurry, if not, then don’t waste my time.”

“I’m afraid you’ll have little time to yourself from today, so what’s the delay”

Marven Tong seemed to understand something after hearing Jasmine Tong's words, "You really saw death and didn't save Jasmine Tong, you're still not human"

"You ask me if I'm a human being are you a human being you want to kill your own grandson are you a human being" Jasmine Tong's emotions are also a bit agitated

"I wasn't trying to kill him I just"

At this point, Marven Tong's voice suddenly lowered a lot, "Just gave him a little sleeping pill, I also knew that it was not good for the baby, so I also broke a piece of sleeping pill in half and gave him half a piece at a time, and that's all I gave him in total"

Jasmine Tong listened to Marven Tong's words thoughtfully, she was silent for a moment and asked, "Who gave you the medicine"

Marven Tong hesitated for a moment and immediately turned his head to the side, "I brought this on myself and had nothing to do with anyone."

"No one has anything to do with you. It's Rameen Tong, isn't it?"

Marven Tong looked fiercely at Jasmine Tong, "No you don't slander the dream"

"Smear well, I'll tell you what kind of woman the good daughter you've been harboring is, she planned to make Little Lei sick twice, and even Little Lei's death."

Jasmine Tong growls out at Marven Tong

"No way Dream Dream isn't like that."

How could Marven Tong believe that his baby daughter was a person so vicious that she could murder her own brother?

"How come she didn't try to get me killed in the wolf's mouth the first time, try to rape and kill me first the second time, and try to kill me the third time while I was pregnant, causing me to be a vegetable for three months and have a hard time picking up my life."

Jasmine Tong was a bit agitated and began to tremble all over.

“I’m telling you, Marven Tong I’ve never had a clear conscience towards you and the Tong family.”

Jasmine Tong’s voice broke.

Marven Tong was completely sedated.

Yes, she made such a heavy vow, who would swear on their own life and that of their son if they didn’t really have a clear conscience?

“When you said I was heartless and you and Rameen Tong slandered me in front of the media together, did you ever ask your own conscience when you said I was a snake and your good daughter tried to kill me?”

Jasmine Tong closed her eyes in pain and tried to take deep breaths to calm herself down.

“No, that’s not how it works.”

“She says a few words that I’ve done something bad and you believe it outright, I say she’s done something bad and it’s justified and you don’t believe a word of it, the same body has your blood in it, how is it that the difference is so great?”

Chapter 565

Marven Tong dropped his head, his head still shaking like a rattle.

Jasmine Tong also calmed down.

“The bottom line is my son, you can come at me, she can too, but the only thing that is not allowed to hurt my son is you wait for the law to take its course, I won’t care anymore.”

Jasmine Tong took a deep breath and stood up.

“Mandy it’s daddy’s fault, daddy is sorry, forgive me, help me, I don’t want to go to jail I really don’t want to go to jail ah”

Marven Tong seemed to sense what he would be facing and dropped to his knees in an emotional state.

“Mandy, it’s my fault, I’ll behave myself when I get out, I won’t bother you again, please save me, please save dad”

“Behave yourself,” the officer hurriedly grabbed Marven Tong.

Jasmine Tong only felt ridiculous hearing those words, she would never be soft again as her softness had almost killed her son, she would never be soft again.

Jasmine Tong left the room without even looking at Marven Tong.

Albert Ou was waiting for her outside, holding her hand and walking out of the police station together.

Back at home, Jasmine Tong is still a little unhappy, and Albert Ou doesn’t know how to comfort her.

“Honey, I want to talk to you.” While Albert Ou was trying to comfort Jasmine Tong, Jasmine Tong spoke before him.

The two men came together in the study.

Albert Ou snatched the chair in front of the desk and took Jasmine Tong in his arms, letting her sit on his lap.

“I’m not going to run.”

Albert Ou’s move directly disrupted Jasmine Tong’s thoughts.

“This way it’s closer to you, easier to touch you.” Albert Ou smiled badly.

Jasmine Tong knew that Albert Ou was like this because he didn’t want to be too heavy, and didn’t switch positions.

“That poison wasn’t my father’s intention, it was Rameen Tong.”

“I actually guessed a little, your dad just wants the money, he doesn’t have to get our son killed, it wouldn’t do him any good.”

“Rameen Tong lied to him and said it was a sleeping pill, but my father had some conscience and knew that even if it was a sleeping pill, it was not good for a child to take it, so he broke one piece into two and fed it to the baby twice.”

Albert Ou trailed off, "Count him as having a little bit of conscience."

"Rameen Tong is very jealous, and she thinks that if I didn't have this son, you would surely dislike me too, with the aim of wanting to see me good."

"What does our relationship have to do with our son?"

"Of course there is, ordinary people think, you are a mansion, the most important thing in a mansion is the heir, so, I have a son, it is the same as holding the seat of Mrs. Ou, everyone thinks like that, but who knows our family is special."

Albert Ou was silent, how could his feelings for Jasmine Tong be hurt by a child.

Even if there is no child, he, Albert Ou, will spend the rest of his life with Jasmine Tong.

"All the plans are from Rameen Tong's hand."

"Jasmine, are you sure if Rameen Tong is the mastermind?"

Albert Ou didn't finish his sentence, Rameen Tong was the mastermind, so she would also face jail time.

"There will be no mistake, my dad confused all his life, he is not that smart to do such a detailed plan, but also dressed like a young man, but also make the illusion that has escaped from the mall, and even have to twenty-four hours before he is willing to release, these my dad could not possibly do, I but listened to the former employee said, my dad this person can not even account for"

Albert Ou also found it strange to hear Jasmine Tong's narrative.

"My dad didn't get a single helper, it was just to get the family off the hook, he knew if he failed he would go to jail, he didn't want to get anyone involved so he had to do it alone, it was great."

Jasmine Tong couldn't help but feel bitter.

Also being his children, he would do anything for Rameen Tong and Rameen Qi, but for himself and Yarwen Tong, he was not willing to give a single bit.

“Well, don’t take it personally, there’s no need to get involved with such people, I’ll put pressure on the police to ask questions out of Marven Tong’s mouth.”

But Jasmine Tong shook her head bitterly, “He won’t say anything, I asked him if the medicine was from Rameen Tong, he hastily denied it, he already knows his end, he definitely won’t give them up.”

“If he doesn’t give up and take all the blame alone, then we don’t have the evidence to arrest him.”

“I’ve already made one mistake of weakness and almost took my own son, how can I allow the real killer who hurt my son to go free?”

Jasmine Tong’s eyes burst with hatred.

“If it wasn’t for Rameen Tong pregnancy, I was soft to let her go now all things will not have care whether she is pregnant or not, I will not let her go I have made inquiries, even if she is pregnant, if confirmed guilty, will wait for her to give birth to the child immediately imprisoned her child if she follows such a mother, will not end well”

Albert Ou lovingly smoothed Jasmine Tong’s long hair, “It’s good that you figured it out.”

“She’s doing a perfect job, but people do what they do, and when they do something bad, I don’t believe she’s not afraid of ghosts knocking on her door.”

Jasmine Tong leaned in front of Albert Ou’s ear for a good whisper.

Albert Ou frowned and extended his fingers to scratch Jasmine Tong’s nose.

“They say that the most vicious woman is a woman, and I don’t think that’s true at all.”

“What’s the most poisonous woman’s heart” Jasmine Tong pounded on Albert Ou’s chest.

“How not poisonous I’m about to die of poison, hurry up and give me the antidote fast fast fast fast” Albert Ou said pulling Jasmine Tong into his arms and kissing him.

“Geez, get to the point, stop it.”

As the two of them were playing around, Wu Xiu’s voice came from outside the door.

“Monsieur, Madame, Madame Duchess at the door begs to see you.”

“Madame Du,”

“Desmond, my stepmother, I knew she’d be here.”

The first thing you need to do is to get to know your family,” she said.

“Yes, just her.”

“Rameen Tong really didn’t dare to come, and was too embarrassed to come, so she was told to wait in the living room.”

Albert Ou found it very boring, “That old woman is boring as hell, and you’re really going to see”

“Why not?”

Jasmine Tong went back to her bedroom to change her clothes and went straight downstairs to the living room.

When she saw Jasmine Tong come down, she hurriedly stood up and kneeled down in front of her with a “pounce”.

“Oh Manny you have to save your dad I’m begging you, please save him, no matter what, he’s still your dad.”

Duthie was in tears, wailing so pitifully.

“Why didn’t Rameen Tong come with you?”

Chapter 566

“You know that one about Dream, she’s pregnant, she’s not in a good shape.”

Simin Du knelt on the ground and mentioned Rameen Tong, her expression clearly unnatural.

“Heh isn’t very concerned about his father? Just being pregnant and coming to my place to plead for your father won’t do it.”

“It’s not that, it’s that Dream is not feeling well and the doctor told her to stay at home on bed rest, she had to come and I was the one who didn’t want to call her.”

Duthie said as she patted her chest.

“She’s afraid to come, isn’t she?”

However Jasmine Tong had seen through everything, “You get up and talk.”

Duthie hurriedly stood up and Jasmine Tong went to sit down in front of the sofa, and Duthie hurried after her.

“Mandy, he’s your father no matter what, you can’t send your father to jail you just let him off the hook for this one.”

Jasmine Tong sipped the tea brought over by the maid and snickered.

“I can’t send my own father to prison, do you think you’re right in saying that I’m the one who sent him to prison, I forced him to kidnap my own son.”

Duthie was speechless, not knowing how to respond, and she smacked herself hard in the face

“It’s us that’s wrong we’re sorry please let him go this time, Mandy, please.”

“Well, I’ll give you a chance, and if you can convince your own daughter to come to me and admit to me that she was wrong and that she did all of this, then I’m willing to help you this once.”

Duthie went weak in the knees in shock and almost fell to the ground.

One is her husband and the other is her pregnant daughter.

“Jasmine Tong you, don’t you think this is despicable?”

“Any one of those things your daughter did is ten times more despicable than me, and compared to her, I’m not even close.”

“So, you’re refusing to help” Dushman also understood from Jasmine Tong’s words.

“I told you that if your daughter would just come to me and admit to me that she did all of this, then I would be willing to help you for once, and don’t worry, I won’t do anything to her as long as she admits her mistake.”

Duthie’s brain was brainstorming.

“Are you serious? You can help if the dream comes.”

“Yes, what I said is true, everyone here can vouch for me, I would never do anything to her if she would come, and I would definitely help you.”

Jasmine Tong’s eyes were filled with determination and her tone was very decisive.

Duthie gritted her teeth, “I’ll go home then.”

She turned and walked away.

“Remember, this is your only chance.”Tonto said towards her back.

Duthie stopped for a few seconds and went back out again.

Albert Ou came over and sat next to Jasmine Tong, “You think Rameen Tong will come”

Jasmine Tong laughed faintly, “No, even if Duthie wanted to rescue my father to beg Rameen, Rameen would find a thousand and one reasons not to come.”

“So what’s your plan,”

“Proceed as planned.”

Albert Ou gave Jasmine Tong a glance, “Then why did you tell her that you’ll let them go as long as Rameen Tong comes.”

Jasmine Tong smiled wistfully towards Albert Ou, “Don’t do anything wrong, don’t be afraid of the ghost knocking at your door, this is just the first step I’m taking.”

Dushman quickly returns home to her son, Raymond, who has long since escaped after Marven Tong was taken to prison.

She didn't even have time to think before she went straight to Diamond Hill to find Rameen Tong.

The first thing you need to do is to get your own personalized product that you can use to make your own personalized product.

Rameen Tong, in order to please her mother-in-law, also ate and drank all of it bit by bit.

So, a four month pregnant belly looks a lot bigger than the same four months.

Seeing Simin Du come to her home to find herself, Rameen Tong also broke out in a cold sweat and hurriedly dragged Simin Du to her room.

"Mom, how did you find your way here, why didn't you call me luckily my mother-in-law isn't home today."

From time to time, Lin Qingfeng would belittle the Tong family in front of Rameen Tong, and Rameen Tong naturally didn't want to upset Lin Qingfeng because of Simin Du's appearance.

"Meng Meng, I can't care anymore, I went to beg Jasmine Tong, she said if you're willing to go to her and admit your mistake, she'll let us off the hook and can also get your father out, Meng Meng, just go there."

Simin Du grabbed Rameen Tong's hand and burst into tears.

She was a person with little mastery, usually cursing and scolding, but when it came to big things, she was a mess.

"Mom, what did you say?"

"I mean for you to go over to Tong's and admit your mistake with Tong."

Rameen Tong scrambled to shake off Dushman's hand, "How could that be"

Tell her to go to admit her fault to Jasmine Tong as a joke

She would rather die now than bow to Jasmine Tong

“Mengmeng, I know you don’t want to go, you don’t want to see Jasmine Tong, and neither does Mom, but she’s the only one who can save your dad now, so just save your dad for Mom’s sake, okay”

Duthie pleaded with her daughter, tear after tear.

“Mom, it’s not that I don’t want to go, it’s that person Jasmine Tong is tricky and attacks in a calculating way, are you sure she won’t help us? Don’t set any traps for me,”

Duthie quirked an eyebrow, “No, Montmorency, she said it in front of many of the servants, if you go, she’ll be willing to help and she’ll never hold you responsible.”

“Oh, mother, do you believe this crap too? the maids are her own family, of course, and the master a nostril, to the time she turned her back on him, those maids will offend their own master?”

Duthie looked at her daughter with tears in her eyes, “That shouldn’t be,”

“Why not? She’s a woman who can do anything. Maybe she wants to lure me over, tell me to confess to something, and then give the recording to the police.

Rameen Tong sat on the bed holding her stomach.

“Ah that can do now ah dream dream, your father can’t go to jail ah, your father goes to jail then how can I live ah dream dream, think of something”

Dossier is jumping to her feet in a hurry, where has she been through all this before?

It feels like the sky is falling.

“Mom, you calm down a little bit, okay don’t be so anxious, Jasmine Tong’s son is nothing wrong isn’t it My dad is kidnapped, but they have chased the money back, even if the sentence will not be heavy, don’t worry, if my dad is really in jail, I will definitely raise you.”

Hearing Rameen Tong say this, Simin Du’s heart was a little more solid.

## Her Bossy Yet Naive CEO Chapter 567 - 569

### Chapter 567

“Mom, just think about it, my dad hasn’t been very good to you all these years, he can’t do anything right, he can’t do anything right, and he has such a bad temper, he just won’t go to jail, will he ever find a job to support you?”

Rameen Tong had no choice but to abandon the car and protect the marshal.

“The important thing is that Chickie and I are okay, and we’re still together as a family.”

Rameen Tong took Duthie’s hand and patted it gently, as if to reassure her.

In the end, it is an old companion who has lived with her for many years, although Marven Tong is really no good, but still, Dosmin is a little bit unbearable.

“Mom, it’s actually a good thing that my dad is in jail, so that we can use the power of public opinion to bash Jasmine Tong and send our own father to jail, and then maybe Jasmine Tong will be forced by public pressure to find a way to get my dad out.”

There was only a small glimmer of hope for Duthie, “Montmorency, this will work.”

“As long as we preempt the moral high ground and take the moral high ground, even if she has a backlash, people will be preoccupied with agreeing with us, and I’ll give it my best shot.”

“Well, well, dream on, then let’s get started right away.”

After calming Duthie down, Rameen Tong sent her away.

It was indeed time for her to make arrangements.

Lin Qingfeng came back from outside, Rameen immediately greeted, “Mom, you’re back recently the days are starting to turn cooler, and I said I’d send you a shirt.”

Lin Qingfeng just lightly glanced at Rameen Tong like, without speaking, directly into the living room.

The maid brought tea and Rameen Tong hurriedly received it, holding it in her own hand and handing it over to Lin Qingfeng.

“Mom, have some hot tea first, you’re tired from your journey.”

Lin Qingfeng took a small sip of tea, “I just passed by the office, Ellen is on a business trip and won’t be back for a week, told me to tell you.”

Rameen Tong heard this heart naturally uncomfortable, if Ellen Ron at home, Lin Qingfeng will still have concerns, this Ellen Ron business trip for a week, her days are not easy again.

“Brother Ellen didn’t even tell me, why did he suddenly leave”

“You also don’t think about it, can his business trip be a temporary arrangement? it must have been arranged long before, you, as his wife, don’t even know that he’s going on a business trip, you’re too unqualified as a wife.”

Lin Qingfeng opened her mouth and counted again, “Don’t think that just because you’re pregnant, you can slack off on your husband, we can stop asking you, but you yourself have to remember your duty”

“Mom, you’re right, I have indeed neglected Brother Ellen recently, and I will definitely change in the future.”

“I’m glad you know, I’m tired and I’m going upstairs to rest.” Lin Qingfeng put the teacup on the coffee table and went straight upstairs.

Rameen Tong also returned to her bedroom, and as soon as she entered, she took the pillow from her bed and slammed it on the bed

“Dead old woman, dead old woman, the day you come back.”

Now that she lived on this side of the old house, she also had to bow to Lin Qingfeng and had no choice but to take out her anger with a pillow.

She still had to pretend that nothing was wrong and learn to soothe herself and not get angry enough to hurt the baby in her belly, and if anything happened to the baby in her belly, she was really screwed.

In the evening, after eating dinner and watching TV for a while, Rameen Tong returned to her room, Lin Qingfeng set the time for her to go to bed and get up every day, saying that it was to keep a good routine for the baby in her belly.

Within a few days, Rameen Tong contacted a reporter she knew from before to give an interview to Duthie, and Duthie cried as she counted how unfilial Jasmine Tong was.

Of course, all the words were made up beforehand.

The first time I saw this, I thought it was a mistake.

For a while, the hot search of Jasmine Tong sending her own father to jail became the number one hot search on Weibo.

“Anyway, it’s too much to send your own father to prison.”

“Even if it means sending my stepmother to jail, I can understand that, but after all, it’s your own father, the one who bore you and raised you.”

“This woman isn’t too cruel, no wonder she was able to marry Albert Ou, this tactic is absolutely remarkable”

The internet is almost lopsidedly bashing Jasmine Tong.

In the video interview, Dossier cries as she speaks to the camera: “Manny, I’m sorry, we know it’s wrong, please let your dad out.

This cry has broken the hearts of thousands of netizens.

Seeing that everyone was scolding Jasmine Tong, Rameen Tong was relieved.

Anyway, although the kidnapping did not succeed, but now let Jasmine Tong deep entertainment vortex, Rameen Tong can be considered as a bad breath.

That night, Rameen Tong fell asleep beautifully after reading those online words that scolded Jasmine Tong.

The only sound in the quiet night was the sound of the wind coming from outside.

Rameen Tong suddenly felt a cold breeze blowing, she subconsciously pulled the blanket, but found that the blanket was pulled away again.

“Brother Ellen, give me some blankets.”

As she finished speaking, she opened her eyes fiercely, Ellen Ron was on a business trip!

There's no way there's anyone around her.

As soon as Rameen Tong opened her eyes, she saw a white figure standing in the middle of her room.

“Ah you, you, who are you,”

Rameen Tong had always been bold, and she was even more disbelieving when the ghosts and gods said so.

“Miss Tong, have you forgotten me so quickly?” a cold voice came over.

“Who the hell are you don't play God” Rameen Tong bellowed in a strong and angry voice.

“Miss Tong, do you remember who gave you a scapegoat? Obviously it was you who wanted to harm Jasmine Tong and ended up one out of the country, picking yourself cleanly.”

Rameen Tong stared at the eyes and took in a breath, Lu Wei Ran

Of course she remembered Lu Wei Ran.

“You, you're Lu Wei Ran how did you get to my house”

After that incident, she left herself clean and wouldn't care if Lu Wei Ran was dead or alive.

“Miss Tong, Ou's basement is so cold, and there are rats I'm so sore, so sore.”

“I don't know what you're talking about.”

“Albert Ou is a cruel man, he tells men to torment me and beat me every day, look at the wounds on my body, Miss Tong, no one will know if I die, can you burn some paper money for me?”

“Burning paper money you, you mean you’ve”

“Yeah, I had a hard time coming out to you, I’m so lonely under the ground, why don’t you come down here and keep me company” the white figure took two steps forward.

“Don’t you come over don’t come over” Rameen Tong hugged his pillow tightly.

“I’m so lonely, I only recognize you.”

“The wrongdoer has a debt to pay, it’s Albert Ou and Jasmine Tong who hurt you, go find them.”

“If you don’t put the blame on me, how could Albert Ou torture me like this, I’ve fallen for your trap you bad woman”

White shadows floated in.

“Don’t come near” Rameen Tong put the blanket over her body.

Chapter 568

Rameen Tong shivered with the blanket over her head, and only after a long time, when she noticed the sounds inside the room, did she get brave enough to carefully lift the blanket.

There was nothing in the room, it was empty and quiet.

She looked around and didn’t notice anything unusual, which was why she lay back down.

This night, when she closed her eyes, her mind was filled with Lu Weiran, and she didn’t sleep for almost the entire night.

The next morning, Rameen Tong woke up with a pair of dark circles under her eyes, and when she went out, she saw a maid cleaning up.

“Did you hear any strange noises last night” Rameen Tong asked as if nothing had happened.

“Strange noises no ah I slept so well last night, I slept through the night and heard nothing. Is something wrong, young lady?”

“It’s nothing, I may have misheard you.”

Rameen Tong went downstairs and asked a question of almost every maid she met, but everyone said they had slept well last night and had heard nothing.

Did you have a dream last night?

How come she’s the only one who heard all that noise?

Or a hallucination.

Rameen Tong’s heart was still big, and she guessed that she was probably pregnant and her hormones were not producing properly, so it was causing the hallucinations.

Because she hadn’t slept well last night, Rameen Tong was ready for bed early this evening.

As she slept through the night, a woman’s cry woke her once more.

“Miss Tong I died so miserably, I died so miserably, and you still have the heart to sleep here”

It’s that voice from last night again.

Rameen Tong woke up with a start, it was the same white shadow from last night

“Are you a human or a ghost don’t play God here, I’m calling the police” Rameen Tong shouted towards the white figure.

“Then you can call the police, just so I can tell them everything, all of it, about you.” The white figure kept its head hanging, its voice deep and terrible.

“I know you’re a human being come out here right now, what’s your agenda”

“What purpose could a dead man have for me, I’ve told you, I’m cold, I’m lonely, I’m scared, I wish you could come and keep me company.”

“It must be someone”, Rameen Tong kept mumbling. She hurriedly turned on the light.

The room lit up, but there was nothing left.

Rameen Tong got out of bed and found her window closed.

How is that possible?

Could there really be a ghost in this world?

She couldn’t help but be creeped out by the fact that the night was slept with the lights on.

For days, Rameen Tong saw that white figure every night.

Then she had to sleep with the light on all the time, but even with the light on she could hear the woman sobbing, crying and screaming all the time.

Rameen Tong was tortured and exhausted.

In the morning when she was having breakfast with Lin Qingfeng, Lin Qingfeng also noticed that something was wrong with Rameen Tong.

“What’s with your face lately? If you don’t feel well, go to the doctor quickly, don’t hurt my grandson.”

“Mom, I’m not sleeping well these days, I keep dreaming about my dad and how he’s having a hard time in jail and it’s affecting my sleep, that’s why I look bad.”Rameen Tong hurriedly explained.

“I’m telling you, you can’t go to jail, I’ll never agree to follow you to a place like that before my grandson is even born.”

Lin Qingfeng pulled her face away, very darkly.

“Mom, I know what you mean, I didn’t want to go, my mom recently moved to the country, where our old house used to be, I wanted to go over there to keep her company, the air is nice there, I might be able to sleep better for a change.”

Lin Qingfeng thought carefully, "It's fine for you to go, the weather is cold and the air in the city is slowly starting to drop again, let my grandson be a breath of fresh air or not, take two people with you."

"Okay, thanks Mom."

Rameen Tong was finally relieved that she could finally leave this place for a while, maybe it would be in the countryside and she wouldn't see the white figure again.

As soon as she said she would leave, Rameen Tong brought two servants with her and took a car to the countryside.

After Marven Tong was imprisoned, Simin Du ran out of money, and Raymond ran off somewhere, so she couldn't afford to rent an apartment and had to go back to the countryside.

Crystal Garden

"Sis,"

Jasmine Tong was watching entertainment news in her bedroom when she suddenly heard a high-pitched voice.

When she looked up, she saw Yarwen Tong standing on the window

"Quickly come in you climb so high, not afraid to fall down" Jasmine Tong hurriedly waved towards Yarwen Tong.

"I'm not an ordinary person anymore, what's this high I just jumped up like this" Yarwen Tong jumped down from the window with a proud face, "where's my little nephew, let me see my little nephew"

"Not two words have been spoken yet, and you're in a hurry to see your nephew."

"Hey, come on, show me."

There was nothing she could do about Jasmine Tong, who first went to the nursery and detached all the maids before letting Yarwen Tong in.

"Baby, open up who's come to see you, it's uncle."

Yarwen Tong excitedly rushed to the baby and picked him up, "Growing up so much, only a little bit at a hundred days."

"Of course, it would be bad if it didn't grow."

Yarwen Tong looked at his chubby white nephew with joy.

The baby didn't recognize Yarwen Tong at all when he saw her, and kept jumping towards his arms to hold him, then went to get his favorite toys.

Jasmine Tong went out for a trip, and when she came back, she saw Yarwen Tong lying on the floor, with the baby riding on his back, having a good time.

"Little Lei, don't spoil him too much, you'll spoil him like that."

"I only have this one nephew, if I don't spoil him who do I spoil, why don't you give me another one and I'll swap the two for spoils."

Jasmine Tong sighed, she was now starting to worry that there were too many people spoiling the baby and the baby would grow out of control.

The little guy played with his uncle for a few hours for the first time, which is when Jasmine Tong forced him to carry him to bed.

Even if the baby is asleep, Yarwen Tong is unwilling to leave for a moment.

"Xiaolei, why don't you ask what you're looking for."

Yarwen Tong's eyes stared straight at his nephew, "Ah, yes, what do you want with me"

"You still know I'm looking for you for something" Jasmine Tong couldn't help but roll her eyes, is there anyone else in his eyes besides his nephew?

"You have something to say ah" Yarwen Tong's eyes still did not leave his nephew.

"I'm asking you to do me a favor."

Jasmine Tong told Yarwen Tong about her plan.

"Sis, don't worry, I'll do a good job on this, I'll leave it up to me."

Yarwen Tong patted his chest with confidence.

## Chapter 569

The country house was a bit dilapidated, as it had been uninhabited for many years.

Duthie seemed to have aged a lot, with a lot more white hair.

“Meng Meng ah, I see you seem like you’re emaciated a lot, what’s wrong isn’t your mother-in-law treating you badly”

Rameen Tong very helplessly shook her head, “Although she somehow made me uncomfortable with her words, for the sake of the child in my belly, she was still very good to me, all kinds of supplements to eat, only”

“But what,”

“Last night, I would always see something unclean.”

Rameen Tong faced her mother, there was nothing to hide, and told Simin Du everything she had seen and heard.

“Oh, dreamy, this is a big deal.”

“Mom, don’t be ridiculous, I don’t believe there are ghosts in this world, maybe I’ve been too tired lately and I’m just hallucinating.” Rameen Tong tucked her hair behind her ear.

She was also very guilty when she said it.

“Mengmeng, mom until you go to college, don’t believe in these ghosts and gods, but some things you don’t believe in can’t be, I’m afraid that you have attracted something unclean, there is a goddess in our village, tomorrow I will go to her to burn you a pillar of incense to try.”

Rameen Tong nodded half-heartedly, “Okay then.”

After all, Simin Du is old, and grew up in the village, these gods and ghosts have seen a lot of things, she can not slow down at all.

After Rameen Tong spoke to her, she quickly went to the village goddess and returned mysteriously, giving Rameen Tong an amulet.

“Meng Meng ah, the goddess said that she was wrongfully killed and was not happy, so she wanted to pull a cushion, you say that this person is also really, she was wrongfully killed by whom to go to whom to go, how come she picked on you.”

Rameen Tong’s eyes were a little wandering, a lot of the things she had done hadn’t been told to her family, after all, the fewer people who knew about such things, the better .

“But the Goddess said that if you take this amulet, she won’t find you.”

That night Rameen Tong put the amulet under her pillow, and ended up really sleeping peacefully all night long.

For days, she was able to sleep peacefully and was in better spirits.

That evening, Rameen Tong saw Simin Du carrying a pile of paper money and some fruit offerings to go out.

“Mom, where are you going with this?”

“Go to our ancestral graves, burn paper and pay tribute to our ancestors, I don’t ask for anything else now, I just want your father to come out early.”

“Then I’ll go with you.”

“It’s not convenient for you to go to the grave with a big belly, that place is too bad luck, I’ll just go by myself.”

Dushman didn’t agree to Rameen Tong coming along.

But when Duthie came back from the grave, she kept muttering.

“Mom, what have you been saying all this time?”

“Nothing, nothing, nothing to do with you, go to bed early today.”Duthie smiled awkwardly and didn’t continue.

Just when Rameen Tong thought that with the amulet’s effect, she could sleep peacefully all the time, this night she felt a cold wind blowing in, blowing the window right open.

Rameen Tong had to put on her clothes and get ready to close the window, it was cold now after all.

As soon as she closed the window, she turned around and saw a figure standing in her room.

“Ah,” Rameen Tong screamed in shock.

“Sister Valmont, seeing me scares me.”

That voice is so familiar.

This is Yarwen Tong

“You you you” Rameen Tong’s fingers trembled as she pointed at Yarwen Tong, unable to say a single word.

“Miss Rameen, you’re so cruel, you’ve been a bully since you were little, but I didn’t expect that when you grew up, you still wouldn’t let me go.”

“I don’t know what you’re talking about.”

“If you don’t know, then who does? Wasn’t it you who kept stalking me? Wasn’t it you who got a bunch of punks to molest the girl I liked? Wasn’t it you who used this to make me sick?”

“No, it’s not like that, you misunderstood not me” Rameen Tong denied out of breath.

“Oh, am I mistaken? But I remember the last time, it was you too.”

“Xiaolei, no matter what I’m still your sister, how could I do such a thing? It really wasn’t me, you have to believe me”

Rameen Tong paled with fear as she moved step by step towards her bed, with her amulet right under her pillow

“But how do you want me to trust you? You can fool people, can’t you also fool ghosts? Sister Rameen, I’m so sad, I can’t even get into our family’s ancestral grave, will you help me?”

“How am I supposed to help you with that?”

“Please help me. Please help me. I’m so lonely.”

Rameen Tong moved step by step to her bed and immediately took her amulet out from under her pillow.

The room went quiet the moment she took her amulet out.

She looked up and around and there was nothing left.

The stone in Rameen Tong’s heart finally fell to the ground, and the next day she told Simin Du about it.

Duthie was terrified, “Montmorency, do you know what I saw yesterday when I went to my ancestral grave?”

Rameen Tong was a little puzzled.

“One more hole in the ancestral grave.”

“It was probably dug, then.”

“How is that possible Tong family to your father’s generation, he is the only man left, there is no one else in the family at all, people in the village are very taboo about such things, other people’s ancestral graves are never to be touched, how can anyone go to dig a pit next to an ancestral grave”

“That would be a child messing around” Rameen Tong did not think so.

“You’re too young to understand, ancestral graves are arranged by generation, the location of that pit is the location of your generation, I knew it was Yarwen Tong coming back”

Dusyman cursed angrily.

“Mom, don’t scare yourself, how is this possible?”

“Didn’t he go to you last night we have to think of something, at least go to his grave and burn the paper, it’s not going to work. Just do what Mom says, Mamoru.”

Rameen Tong didn’t listen to Simin Du’s words at first, she had a hard time getting a good night’s sleep in the countryside, so naturally she didn’t want to leave.

But for three days in a row, she saw Yarwen Tong in her room, and in the end she was the one who took out the amulet and ended up having to listen to Dusyman.

The two of them went back together, Simin Du and Rameen came to Yarwen Tong's grave to burn paper together, Rameen could not care about the child in her belly.

"Mom, why don't you go to the car, and I'll have a word with Little Lei."

"Well, you're all right with him, let him read some of your goodies."

Without saying anything, Simin Du went back to the car alone, leaving Rameen Tong alone.

## **Her Bossy Yet Naive CEO Chapter 570 - 572**

Chapter 570

Rameen Tong looked around at the empty space.

"Xiaolei, I'm sorry, I did harm you, I know I can't hide this from you, I already know I'm wrong, just let me go for once, for the sake of the child in my belly, okay"

Rameen Tong stroked her stomach with a haggard face.

"I'll definitely burn more paper money for you in the future, and if possible, I'll also help you move back to your ancestral grave, all I ask is that you let me go."

Rameen Tong bowed three times towards the tomb, which was only slowly left.

On the way back Rameen Tong and Dusyman didn't speak at first, and Dusyman hesitated for a long time before opening his mouth.

“Meng Meng, I asked someone to find out about your father’s case, if you spend some money, you should be able to get a reduced sentence, you know our family’s situation, it’s really no money, you see.”

Simin Du was very reluctant to open her mouth, and she also knew that Rameen Tong was having a bad time in the Ron household.

“Mom, I understand what you mean, Brother Ellen gives me a very limited amount of money every month to live on, and I’ve tried to be as frugal as possible.”

“Mom knows it’s hard for you, and I really don’t want to bother you unless I have to, but your dad”

“Don’t worry, Mom, I’ll figure something out.”

Rameen Tong was trying her best to reassure Dusyman.

Since she’s already back, Rameen Tong has no choice but to go back to the countryside with Duthie and send Duthie away to her superior.

Rameen Tong was returning with her own amulet, and was taking a lunch break this afternoon when she was suddenly awakened by her cell phone.

“Hello, may I ask if this is Miss Rameen Tong Tong?”

“I am, if you please,”

“Hello Miss Tong, this is Dream Age Skincare, we have an event here and I hope to invite you to attend.”

“I’m sorry, but I’m not scheduled to work anymore, and you should know I’m pregnant.”

Rameen Tong is still somewhat happy that she still has people to make invitations.

“Miss Tong, please listen to me explain, we are a brand that wants to invite a pregnant woman to an event to prove that our, skin care products are natural, even pregnant women can use them, you can rest assured that this event is just an interview-like format, you just need to sit and chat with the host, about an hour’s time, we are paid one million.”

One million an hour, which was a bit of a turn-on for Rameen Tong.

She is now in need of money, although Ellen Ron gives her 50,000 yuan a month for living expenses, but where is this money enough for her?

And there was nothing she could do about it if she wanted to.

If she can get the million dollars, she might be able to get her dad's sentence reduced.

"Miss Tong, if you think the pay is too low, we can still discuss it, just think of it as helping me okay we really can't find anyone suitable."

Again, the other side begged.

"I don't go out to events for the money, and your product has to be really good for me to be willing to stand for it."

"This is a must, we have a really good product and you can try it out."

"I'm pregnant and I'm really not well, so you have to make sure I'm safe."

"Don't worry about that, it will never take more than an hour from the start of the interview to the end, and we'll have your lines ready for you, and you'll be seated the whole time. All of this will be written into the articles."

"That's fine."

"Miss Tong, there is one more thing that I would like to ask your permission for, some time ago, I know that your father was imprisoned and it was Jasmine Tong's doing, I have great sympathy for you, so we can include some of these kinds of topics in the interview, and also to seek redress for your injustice, do you think it's okay?"

Of course, Rameen Tong knows that the other party is not seeking justice for her, but just wants to rub off the heat.

But they're rubbing it in like this, and as far as what they say, it's all up to her, and she's not losing anything.

"Well, I'm having trouble finding a voice in this matter, so I'm happy to cooperate if you'd like."

“That’s wonderful, Miss Tong, I’ll send you the exact time and place, we’ll see you then”

When they hung up the phone, Rameen Tong was overjoyed.

Now, 100,000 is a lot of money for her, not to mention a million.

Rameen didn’t tell her family that Lin Qingfeng doesn’t read the news much anyway, and that it was just attending a brand event, so the spread wouldn’t be too wide.

In the end, if Lin Qingfeng knew about it, at most she would be scolded by her, but the money was earned anyway, and it would be cut off first.

On the day of the event, Lin Qingfeng went out to play cards with some wives, Rameen went out the door on the back foot.

During her pregnancy, Lin Qingfeng did not allow Rameen to wear makeup, Rameen was always plain and her skin was getting worse, she had to wear foundation and slightly light makeup.

She also took her amulet with her for safety, in fact this amulet she kept with her at all times and would not leave her body.

Rameen checked the brand online beforehand, and the Dreamtime brand didn’t have much influence, but when she arrived at the site, she came to see many people.

That’s a bit beyond the pale.

But the site was well laid out, with the bleachers and media and public areas far apart.

The host was a very young girl, “Miss Tong, this is the topic of the interview we’re going to conduct later on you read it first.”

“Okay.”

“What you need to answer about the brand, you need to remember a little bit more clearly, just don’t get stuck then.”

“No problem.” Rameen Tong said as she looked at the questions on the paper and saw for herself that the interview began with those recent news about herself.

“At the outset we’ll use your news as a starting point, and then you can talk freely about it. Any more questions?”

“No more questions.”

“Well, just watch the event and I’ll call you later when it starts.” The host left afterwards, and Rameen Tong sat in the corner and started reciting those about the brand.

Within a few moments someone called out to her and the interview began.

“We have with us today Miss Rameen Tong Tong who has been upgraded to a hot mother, let’s give her a round of applause.”

As soon as Rameen appeared on stage, there was a burst of applause, and she greeted everyone with a full smile and affinity.

“Miss Tong, we know you haven’t been seen for a long time lately, and we also know that you’re pregnant now with a lot of things happening to you, and that your father, who was also jailed some time ago, can you talk to us for a minute?”

Rameen Tong immediately squeezed out two tears.

Chapter 571

It’s been a while since she left the entertainment industry, but Rameen Tong’s acting skills are still online.

“As a daughter, my own dad is in jail and can’t help, I really feel bad my dad isn’t well and I don’t know if he’ll be able to withstand jail.”

Rameen Tong said and cried bitterly.

The audience was very moved, and the host even handed out tissues to Rameen Tong.

“I’m sorry to make you all laugh, but I shouldn’t have brought my family’s business to this stage.”

“It’s all right, Miss Tong, we seem to have heard that this matter has something to do with your sister Jasmine Tong, and it’s a good time to take this opportunity to tell us what grievances you have.”

“Actually, I really don’t want to talk too much about it here, I just want to say to my sister here that no matter what the family has done wrong, we’re all still a family after all, Dad is getting older, he really can’t handle this, and if my sister can’t get over it, then I’m willing to take it all for my family.”

Rameen Tong said as she dropped her tears.

I have to admit that Rameen Tong’s words were very well spoken, she didn’t accuse Jasmine Tong, nor did she directly reply that it was all Jasmine Tong’s doing.

But from the side it verified that it was Jasmine Tong’s doing, Rameen Tong was begging Jasmine Tong to leave their father alone.

“Miss Tong, I believe that justice is in the heart of the people, those who have done bad things will be punished by the heavens themselves, do you think I’m right?”

Rameen Tong’s face flashed with embarrassment, “That’s right.”

“As the saying goes, if you don’t do anything wrong, you’re not afraid of the ghost knocking on your door, and those who have done something wrong will definitely not have it easy.”

Rameen Tong tugged at the corners of her mouth to force a smile.

“Okay, host, let’s not let our family’s business interfere with today’s event. That would make me feel bad.” Rameen Tong directly changed the subject.

“Okay, so let’s start today’s activities. Miss Tong, we all know you’re nursing your baby in peace, and it must be five months now.”

“Yes, it’s been five months.” Rameen Tong said as she stroked her stomach.

“Then why join us?”

“Originally I didn’t want to attend an event like this, and I had said I was going to leave the entertainment industry for a while and stay at home to nurse my

baby, but I thought the products here were so good that I couldn't wait to recommend them to everyone and to expectant mothers like me."

Rameen Tong got into work and immediately beamed with happiness.

"Oh, that's right, you see we had a lot of expectant mothers like you there too." A moderator pointed down to the audience as he said.

"Yes, I saw that too." Rameen Tong looked towards the audience.

Suddenly a face flashed over.

Lu Weiran (common name)

Rameen Tong winced, and when she looked over again, she noticed it was gone again.

"Miss Tong, I hear you've been using our products, yes?"

Rameen Tong searched carefully in the audience, was that Lu Weiran just now?

"Miss Tong, Miss Tong" the host called out several times in a row before Rameen Tong came back to her senses.

"Ah, I'm in."

"I hear you've been using our product, haven't you."

"Oh, yes, I do use our products all the time, I used to use very high end brands because during pregnancy, the skin is very fragile and some of the many big brands can be a bit allergic, but it's very good to use our products."

Rameen Tong was in a trance, forgetting all the lines she had just memorized in one fell swoop.

Her heartbeat was also suddenly racing, and she couldn't help but glance at the audience out of the corner of her eye.

There's that face again.

Lu Weiran's face

She's smiling at her.

Rameen Tong rubbed her eyes and looked over once more to see that it had disappeared once more.

"Miss Tong, are you okay?"

"I'm fine, I probably didn't get any rest yesterday, and with being pregnant, it's always hard to concentrate, I'm sorry." Rameen Tong's hands had been sweating coldly.

"So let's continue, our product is again natural and cruelty-free, especially gentle, especially for pregnant women."

The host is introduced.

Rameen Tong couldn't concentrate at all, and she couldn't help but look at the audience again.

What did she see this time?

Yarwen Tong (1941-), PRC actor

It's Yarwen Tong

Yarwen Tong was watching her smile and calling her sister

Rameen Tong always felt that she was mistaken, and then blinked nothing, it was the same audience.

What's going on here?

"Miss Tong, can you share with us how you feel about using this product Miss Tong," said the host, who found that Rameen Tong was once again distracted.

"That's certainly possible,"

Rameen Tong hastily took her eyes back and took a sip from the glass on the table to steady herself.

"I was taking it with a grain of salt at first, but after using it once, I didn't expect it to be extremely gentle, not irritating at all, and extremely moisturizing, and

my skin felt so smooth to the touch, so much better than the big-name stuff I was using.”

Rameen Tong calmly said the lines.

“Yes, our products are very moisturizing, and when the skin is dehydrated, it can have all sorts of problems, so when you think about solving your skin problems, you have to start with hydration and moisturization.”

When the host spoke, Rameen Tongmeng began to walk away.

She still couldn't help but look at the audience, seeing Lu Weiran at one moment and Yarwen Tong at another.

It felt like there were a lot of them in the audience.

Rameen Tong cautiously touched her pocket, where her amulet was.

“Miss Tong, I don't think you're in particularly good shape today.”

“I'm so sorry, pregnancy is always in bad shape, I hope you can understand.”

“It's okay, we understand, all expectant mothers are like this, how about we take a break, drink some water, have some dessert and then we'll talk some more”

“Fine.”

The host's ability to improvise is still very good.

“Then would the backstage staff please bring some water to Miss Tong and then there's dessert over, okay?”

The host said.

A staff member soon came up with a tray of food.

A few pieces of cake on the table, and a glass of water.

Rameen Tong's water had been drained before.

The staff took away Rameen Tong's cup.

“Miss Tong, the water is a little hot, be careful.”

“Our staff is very sweet,” the host quipped evenly.

“Yeah, it’s really sweet, thank you.”

Rameen Tong looked up and blossomed into a smile, but when she saw that face

She just dropped to the floor in shock.

Lu Weiran (common name)

Chapter 572

“Miss Tong, are you alright” Lu Wei Ran extended his hand towards Rameen Tong.

“Don’t you come over don’t come over hide away from me” Rameen Tong shouted in panic.

The people in the audience were really confused.

“Miss Tong, what’s wrong with you” Lu Wei Ran smiled darkly with his head down towards Rameen Tong.

“Don’t come over, don’t come over” Rameen Tong sat on the floor and moved backwards little by little.

“Miss Tong, it’s fine if you don’t let me go over there, but there’s always something that needs to be said, right?” Lu Wei Ran smiled towards Rameen Tong.

“Don’t you come over it’s me who’s sorry, it’s me who’s sorry, okay I shouldn’t have put the plot to kill Jasmine Tong on you, it’s me who’s wrong, I’m sorry, please, forgive me”

Rameen Tong directly knelt down on the ground and kowtowed towards Lu Wei Ran to acknowledge her mistake.

This kind of interview does not use a microphone, pocket-sized microphone will be pinned to the collar of the host and guests, so everyone heard what Rameen said.

kill Jasmine Tong

And you're blaming someone else for the conspiracy.

This is from Rameen Tong herself.

"Why do you want to kill Jasmine Tong" Lu Weiran spoke once again.

"I'm jealous of her, I stole Ellen from her, she and Ellen have been together for years, I stole Ellen from her, I thought Ellen would like me, but he's always had her in his heart I'm jealous, I hate her her career is also better developed than mine I just don't want her to live don't want her to live"

Rameen Tong's eyes were scarlet and fierce.

She hadn't been sleeping well these days, and even when neither Lu Weiran nor Yarwen Tong appeared, she would often have nightmares from time to time.

It's not exactly breaking news.

"Miss Tong, your wishful thinking is really good, you intended to kill Jasmine Tong, but you went straight abroad to pick yourself clean and ended up putting all the blame on me."

"I've apologized to you, stop pestering me, will you please let me go" Rameen Tong knelt on the ground and begged bitterly.

"Let me leave you alone, fine, then tell me all the bad things you've done and I'll consider never bothering you again," Lu Wei Ran raged.

"Okay, okay, I said I said, I sent someone to follow Yarwen Tong, I knew he had a girl he liked, so, I purposely found someone to flirt with the girl he liked and then made him sick, his death was really an accident, I just wanted him to get sick and be hospitalized because I knew Jasmine Tong cared about this brother the most, but I didn't think he would die ah"

Rameen Tong hugged her head, feeling the crowd see Yarwen Tong once again.

"Lei, I'm sorry, I really didn't mean it, I really just wanted to make him sick, I didn't want you to die."

“But Yarwen Tong is suffering from congenital heart disease, every time he has an attack he may never open his eyes again, don’t you even know that you induced him to have an attack twice.”

“I deserve to die I was really wrong, please let me go, I’ll be a good person from now on, please.”

Rameen Tong’s hair was messy and crying pear-shaped, and she could no longer care about her image.

“What about your father’s imprisonment and Jasmine Tong’s connection?”

“No, it was me who directed all the plans, I made my father go and kidnap Jasmine Tong’s son and gave her son drugs I wanted her son dead why should she be able to marry such a good man it was me, I made my father go to jail, my father took all the blame to protect me.”

Rameen Tong cried out through her throat, “I was wrong, let me go.”

She hurriedly pulled out her amulet from her pocket and placed it in her hand, chanting, “Amitabha, Amitabha.”

The audience in the audience and the media could hear it clearly.

Rameen Tong is such a horrible woman.

Not only did she steal her sister’s man, she repeatedly tried to kill her own sister.

In order to get back at his sister, he even went so far as to induce his brother, who has a congenital heart condition, to fall ill.

She even plotted to kidnap her sister’s son and put her own father in jail.

They may not have the same mother, but they’re sisters and brothers.

Even this is too cruel to treat strangers like this.

Just at this time, several policemen rushed into the scene and arrived in front of Rameen Tong.

“Rameen Tong we suspect you of being involved in several murders and are now officially arresting you, please cooperate with our investigation.”

The policeman showed the arrest warrant to Rameen Tong.

Rameen Tong lost her mind for a moment, “No, I’m not letting go of me I’m not going”

She suddenly rolled her eyes and fainted.

“The persona collapsed Rameen Tong interpretation of the strongest green tea whore.”

“The worst woman in history is out, and it’s none other than Rameen Tong.”

“In a twist of the century, Rameen Tong is the murderer.”

The next day, all the news was about Rameen Tong, and her performance at the event yesterday was recorded by the media.

Even some viewers have recorded videos and posted them all on the internet.

The evidence was overwhelming, everything was coming out of Rameen Tong’s mouth and could not be questioned by anyone.

Rameen’s global fan backers announced the dissolution of several other fan organizations, all of whom said they were wrong to idolize a scumbag

The Internet is full of abuse of Rameen Tong, about Rameen Tong’s hot search as many as a dozen, each one exploded.

Jasmine Tong sat in her bedroom in her own home looking over the comments, her mind as calm as water.

Finally the truth comes out.

She occasionally wondered if she hadn’t been so soft, if it would have hurt a lot less if she’d done it sooner.

Yarwen Tong walked in, with the baby in her arms.

“Sister, look how much the baby is sticking to me now” Yarwen Tong was like showing off.

“You spoil him so much, of course he sticks to you, but his father and I don’t always spoil him so much, we can take whatever we want, eat whatever we want, sleep whenever we want, and play until dawn.”

Jasmine Tong poked Yarwen Tong’s head, his own brother’s strength to spoil the baby is really spoiling the sky.

“Who let me have such a nephew, baby, right?”

The baby looked at his uncle and giggled and laughed.

“Xiaolei, when it’s done, it’s not convenient for you to stay here all the time, in case anyone sees you, it’s better to go back early.”

“Sister, that’s your fault for kicking me out after using me,” Yarwen Tong trailed off unconvinced.

“Sister didn’t mean that, but it’s very inconvenient for you to be here, even the servants in the house are talking about it, and you can always hear voices in the nursery, and I’ve been branching everyone out for too long, and they’ll get suspicious.”

## **Her Bossy Yet Naive CEO Chapter 573 - 575**

### Chapter 573

How could Jasmine Tong not want to stay with Yarwen Tong for a few more days, but this would not do.

Yarwen Tong’s current identity was too special, not to mention outside, even at home, it would be very dangerous for the servants to know.

So, Murray and Osei hardly come over either, just because they’re worried about being discovered.

“I know, I’ll be gone in a couple of days.”

Yarwen Tong got a little impatient and carried the baby back to the nursery.

To be on the safe side, Jasmine Tong had previously asked the servants not to come up on this floor, even cleaning was no longer necessary.

This floor is pretty safe.

Jasmine Tong sighed, Yarwen Tong has gone through so much and grown up, she does not want to keep forcing things, let him be, I believe he has a sense of proportion.

That afternoon, Jasmine Tong came to the basement.

Lu Wei Ran is still being held here, and she's only released when she's needed, and she's pretty cooperative.

"Hello Madam" the bodyguards in charge of guarding Lu Weiran saluted towards Jasmine Tong.

Lu Wei Ran heard the voice and immediately stood up and came to the door.

"Ma'am,"

Jasmine Tong ordered her bodyguard to open the door.

Lu Wei Ran was a lot thinner than before, she was lean before, now she was simply skin and bones and looked a bit scary, so Rameen Tong could only be bluffed.

"Willan, will you be my personal bodyguard from now on for the same salary as before."

Lu Weiran was completely stunned, before Jasmine Tong asked her to scare Rameen Tong, but she didn't mention any conditions.

She knew in her own heart that Albert Ou would never let her go, and she was unconvinced that she could not let Rameen Tong go while the one who started it was still at large.

So, I promised Jasmine Tong that if she brought down Rameen Tong, she'd have a cushion even if she died!

But I never thought that Jasmine Tong would even ask her to come back as a bodyguard.

“Ma’am, I’ve hurt you before, don’t you ever worry”

“It’s not a good idea to use someone, not to mention that you’re not the only bodyguard I have with me, but if you’re willing to come back, there’s going to be a lot of pressure, my husband is still looking for a female bodyguard for me, and if he finds one, and you don’t do a good job, you could lose the job at any moment.”

“I would like to very much.”

“There is another thing I want to tell you, your brother-in-law at home got married and gave you a little nephew, so you can come home and see that you are now a great success in the eyes of your family.”

Lu Wei Ran was even more sedated when he heard this.

family

Does she have a home?

“My family is also heavily patriarchal, I envy you, at least your parents are older and know their daughters are better than their sons and will value you more, but I’m different cherish it, not everyone can have a complete family.”

Jasmine Tong turned to leave after saying this, “I’ll give you a month off, and I hope you’ll work hard when you come back.”

Lu Weiran looked at Jasmine Tong’s back and his knees couldn’t help but slowly fall down.

“Thank you ma’am, don’t worry I’ll do my job properly.”

“I don’t believe in promises, I believe in action.” Jasmine Tong said the last words and left.

Lu Wei Ran streaked down, she finally knew why Jasmine Tong could be with Albert Ou.

Because she’s a really nice person.

hospitals

Rameen Tong was lying on the hospital bed with a dead heart.

She stared straight up at the ceiling with her eyes open and unblinking.

It's over. It's all over.

Because she is pregnant and has been pregnant for more than five months, plus she fainted yesterday and could only be brought to the hospital, the case about her is in progress and there are special police guards outside the door.

"Mr. Superior, your visitation time is only twenty minutes and the door must be open according to the rules."

"Yes, I understand."

There was a sudden sound from outside the door.

"Brother Ellen" Rameen Tong seemed to see hope again, she sat up abruptly and as soon as she got out of bed she saw Ellen Ron walk in, "Brother Ellen, you must save me, save me ah"

Ellen Ron's face did not have any expression, only helping Rameen Tong up from the ground.

"You don't,"

"Brother Ellen, no matter what, you must save me, save our child" Rameen Tong grabbed onto Ellen Ron's arm, Ellen Ron was her only hope now.

Ellen Ron gently took her hand away.

"I didn't expect you to be so vicious as this" Ellen Ron didn't even want to look at Rameen Tong.

"No, Brother Ellen, you have to trust me."

"All your own words of course I believe your words" Ellen Ron growled out.

Rameen Tong stepped back in fear.

"Rameen Tong, I know you're jealous and I know you've been working behind the scenes to sling mud at Jasmine, even buying navy to create scandal for her, but I really didn't think you'd even do something like kill someone."

Ellen Ron stared at Rameen Tong with clenched teeth.

Rameen Tong couldn't stop shaking her head, "Brother Ellen, will you give me a chance? I won't do it again, please, for the sake of the child"

"Whenever I think of the woman who sleeps next to my pillow is a woman who can hire a murderer, I feel chilled Rameen Tong, is there a day when I piss you off, you will kill me too."

"No, I love you, Brother Ellen, I love you, I'm not going to kill you, how could I"

Rameen Tong walked forward to try to grab Ellen Ron's arm but was directly shrugged off by Ellen Ron.

"You're a vicious woman, I'm not going to stay with you, get a divorce."

Hearing the word "divorce", Rameen Tong felt a thunderbolt from the clear sky.

Ellen Ron was her last straw. He wanted to divorce her!

"Brother Ellen, don't divorce you have to save me, you're the only one who can save me, think of our child, he'll be born in a few months"

Rameen Tong directly knelt on the ground hugging Ellen Ron's leg and cried out.

Ellen Ron lowered his head to look at Rameen Tong's stomach, "Your child will definitely inherit your essence as well, and with you as a murderer's mother, how much better do you think he'll be born."

Rameen Tong sat on the ground with her buttocks, not expecting Ellen Ron to say such words

"Rameen Tong, I can't save you, the other party is Albert Ou, do you think I have the ability to fight against him because of this child in your belly, you definitely won't be imprisoned immediately, if you insist on giving birth to the child, then I will also take in this child, only he will never know who his mother is, if you don't want to give birth, then forget it."

Ellen Ron pulled out the divorce agreement from his bag, "Sign it, I only have twenty minutes, I don't want to waste time with you."

## Chapter 574

When she saw the paper divorce agreement, Rameen Tong finally saw it clearly.

Ellen Ron had prepared everything, and today was the day he came to divorce her.

“No matter what Ellen Ron says, you and I are at least husband and wife, but you treat me like this” Rameen Tong gritted her teeth, disheartened.

“How a husband and wife you and I came to be, I’m sure you know better than I do, if you hadn’t drugged me, how could I have slept with you it’s all your own fault and no one else’s.”

Ellen Ron’s voice was still very cold.

“I gave you my first time, I gave you my best youth, I gave you everything I had when I needed you most, and you’re divorcing me.”

Rameen Tong’s tears fell down one by one.

“I told you, you’re to blame for this, if you hadn’t set out to sleep with me in the first place, none of this back there would have happened, and in the end you’re to blame.”

Ellen Ron suddenly sneered, “To think that at first, your mother thought that the Ron family was poor and had Man Man come to join the marriage, but then she found out that our Ron family was no match for your Tong family and regretted it, that’s why she came to set me up, and what you see in me is just my money.”

Rameen Tong remained paralyzed on the ground, “Brother Ellen, I love you so much.”

“Don’t say you love me, tarnish the word love, you don’t love me, you love my money, sign it.”

“No, I’m not signing it, I’m not signing it, I’m never signing it.” Rameen Tong held her head and shook it desperately.

“Even if you don’t sign, do you think I can’t divorce you? you’re a prisoner, I’ll find any reason to file a lawsuit against you, and then the divorce won’t be a matter of minutes, and then you’ll be a net positive if you’re good enough to sign, and I’ll save you the trouble, and will give your mother a sum of money, and then I’ll let her visit you in prison, and maybe even bring you some food.”

Rameen Tong looked at Ellen Ron in despair, she couldn’t see any emotion in his eyes.

Yes, Ellen Ron was right, she was now walled in.

She picked up the divorce papers on the floor and signed them formally.

“I hope you keep your word.”

Ellen Ron picked up the divorce agreement and read it, straightened up his clothes and left the place.

Rameen Tong sat on the floor unable to shed any tears.

She’s got nothing now.

One can only wait in silence for the law to be pronounced.

On his way to leave with the divorce papers, Ellen Ron came face to face with a woman.

It was obvious both men were a little surprised to meet here.

Jasmine Tong didn’t even look at Ellen Ron walked straight towards Rameen Tong’s hospital room, Ellen Ron stopped, turned around to take a look at Jasmine Tong, and left with a sigh.

“Mrs. Au.”The officer guarding Rameen Tong was respectful to Jasmine Tong.

“What was Mr. Ron doing here just now?”

“What can he do who can stand such a wife and still suffer, how can he allow such a young lady when the upper house is so prestigious, he is here to divorce.”

The “divorce” bit was a bit of a surprise to Jasmine Tong.

It's true that the Ron family is thin-hearted, and so is Ellen Ron, regardless of whether this is Ellen Ron's intention or not, Lin Qingfeng will definitely not tolerate Rameen Tong, just the child in her belly.

"I'll have a word with her."

"Yes, Mrs. O, go ahead, it's just that the door is going to be open, I'm so sorry, and we're following the rules and regulations."

"It's okay." Jasmine Tong stepped right into the hospital room.

Rameen Tong was still paralyzed on the floor, and when she saw Jasmine Tong come in, she hurriedly tidied her hair and held onto the edge of the bed and stood up.

She could embarrass herself in front of anyone but Jasmine Tong.

"What are you doing here?"

"Come and see you, come and see my good sister, the one who tried to kill me several times, and the one who tried to kill my son."

When Jasmine Tong learns that Rameen Dream wants to kill her son, Jasmine Tong loses all trace of pity for Rameen Dream.

"Seeing me like this, you're happy aren't you then you're just as happy as you can be" Rameen Tong took a glance at Jasmine Tong back on the bed and sat down, putting on a high and mighty appearance.

"You're not the least bit curious as to why you're the way you are."

Rameen Tong looked fiercely at Jasmine Tong and pointed at her, yelling angrily, "You did it all, didn't you?"

"Yes, I did." Jasmine Tong admitted it very frankly.

"So it's really you you're the most vicious" Rameen Tong growled.

"I'm no more evil than you are. I'm just showing the bad guys what I'm really made of. Where am I evil?"

Rameen Tong couldn't speak.

“Lu Wei Ran isn’t dead, she’s been at my house the whole time, I had her pretend to be a ghost to scare you, and Yarwen, I just found a boy who looks like him and put on makeup to scare you, if you don’t have a ghost in your heart, how could you be scared”

Jasmine Tong told the truth very frankly.

“You heard the officer, it’s all this woman playing tricks on me I’m not guilty I’m really not guilty.”

But the officer at the door just gave her a sidelong glance and didn’t say anything.

“You don’t need to waste your energy, do you think you are a criminal just by virtue of your crazy talk? don’t be naive, I have already submitted evidence of the fact that you committed the crime, the reason why I still want you to continue talking crazy in front of everyone is that I want everyone to see your true face, so that you will never be able to turn over a new leaf.”

“Jasmine Tong, you’re the bad woman who set me up” Rameen Tong’s hand pointing at Jasmine Tong was trembling.

“My heart is too soft so I let the people around me suffer persecution from you all the time, I thought I crossed the wooden bridge and you took your sunshine path and it would subside when you found out my husband is Albert Ou, I didn’t think you would even do it to my son you are so vicious you want to kill my son.”

Jasmine Tong covered her chest, unable to contain the pain she felt inside.

“I assure you, Rameen Tong, if you hadn’t done anything to my son, I could have put the past behind me for everything that came before, but, I’m sorry, but my son is my bottom line and if you touch it, I will never forgive you.”

“I just want to kill him how about he deserves to die as long as you die son, Albert Ou will definitely not want you hahaha I’m telling you, that poison is very powerful, your son might be demented by then Albert Ou will abandon you, haha”

Looking at Rameen Tong like this, Jasmine really didn’t regret doing this at all.

## Chapter 575

Rameen Tong laughed a little maniacally.

If she could hear that Jasmine Tong's son had turned out to be a fool or died, then she would have achieved her goal.

"I'm sorry to disappoint you, but my son is fine now."

The smile on Rameen Tong's face froze, "Impossible, it's absolutely impossible that medicine is very toxic but I got it by all means."

"That drug is indeed very toxic, but it's a drug that needs to accumulate to a certain amount before it can cause dementia or death in a child, and unfortunately, our dad has some conscience."

Rameen Tong quietly listened to Jasmine Tong's words.

"I'm sure you must have timed it at first, about 24 hours, and that one pill will probably give the kid four or five hours of sleep, and 24 hours works out to about three or four pills, and if he did take three or four pills, I'm afraid he's gone."

Jasmine Tong secretly admired the seamless design of every aspect of Rameen Tong.

"Even though you said it was a sleeping pill, Dad knew it wasn't a sleeping pill and it's not good for children, so he broke a pill in half and fed him just one pill in total, and now my son's body has metabolized the toxins."

"This fool," Rameen Tong growled with her head in her hands.

"Are you calling our dad a fool? How sad would it be if dad heard that he took all the blame for everything and his daughter called him a fool."

Jasmine Tong laughed bitterly, does this sister of his have a tiny bit of conscience or not.

"Even if he doesn't die this time, he'll die later, and I curse him and curse him for dying sooner."

Rameen Tong said viciously.

“You’re almost a mother, too, Rameen Tong, and you can say such vicious things nowadays.”

Jasmine Tong’s heart was cold, what mother would want to hear someone curse her own son?

“What can’t I say, I’m not cursing my own child, I’m just cursing you, so what if I curse you and wish your son an early death, curse you to be abandoned early and curse you to end up even more miserable than me”

Rameen Tong’s fierce face gnashed her teeth towards Jasmine Tong and said.

“That’s really disappointing.” A man’s voice came from the doorway.

As soon as Jasmine Tong turned her head, she saw Albert Ou.

Albert Ou walked up to Jasmine Tong and hugged her waist.

“I tell you, even if my son dies, even if Mann can never have a son again, I will never abandon her, she will always be the woman I love the most.”

Albert Ou raised an eyebrow towards Rameen Tong, “And you woman will just wait for the legal sentence, you’ll never be able to compare to Man Man.”

Everyone knows that Albert Ou is very fond of Jasmine Tong, especially after Albert Ou launched Weibo, where he often posts his and Tong’s daily life.

But it’s a different feeling to see it online than it is to see it in person.

Rameen Tong clenched her fist and gritted her teeth, why on what grounds can Jasmine Tong marry so well

“I don’t want to talk to you too much, you’re still young, but dad is old, if you have any conscience left, you’ll take the initiative to bring the crime down, so dad can still get two years less, but you’re different, you’re pregnant now, even if you’re sentenced, you won’t be admitted to prison immediately, and in the meantime if you behave well, you might be able to reduce your sentence.”

Jasmine Tong took one last look at Rameen Tong, “Take care of yourself.”

Albert Ou hugged Jasmine Tong’s shoulders and the two of them walked out together.

Rameen Tong sat on the bed, her eyes bursting with infinite hatred.

Is this the end of her? – No. She's not happy.

"Why did you suddenly come" Jasmine Tong looked up at Albert Ou, shouldn't he be in the office at this time of the day?

"You said you, you came here by yourself and didn't know to tell me beforehand so I could keep you company."

"What, afraid that I will suffer ah there are police at the door, she does not dare to do anything to me, not to mention that she is a pregnant woman."

"There's no cure for a pregnant woman's insanity. Next time, don't come alone."

The two men got into the car together.

"I heard you're releasing Lu Wei Ran and making her your personal bodyguard."

"Yeah, I gave her the day off so she could go back home and visit."

"I disagree," Albert Ou got out with a screwed-up brow.

If it wasn't for Lu Weiran, Jasmine Tong wouldn't have been lying in a hospital bed for three months in the first place.

This incident was over, but Albert Ou would never forget it.

It was the darkest and most painful time of his life, and he couldn't get it out of his mind.

"Why not agree, isn't it good to have a female bodyguard with me?"

After the kidnapping incident, Jasmine Tong has always wanted a female bodyguard who can protect her closely.

"It's not that having a female bodyguard isn't good, it's that she absolutely can't You want a female bodyguard, I'll go get you one."

"Honey, I know what you're worried about, but I wish I could give Willan a chance, but she's actually a good girl, and she's hurting me because she

misunderstood me and because she thought she could be Mrs. Ou in the first shade.”

Of course Albert Ou knew all this.

“She’s from a very difficult home and she was sent to the army because she’s sexist and her family doesn’t value her, don’t you think it’s a lot like me? In fact she’s even poorer than me.”

“Don’t you dare play the affection card with me she has hurt you and hurt you badly, that’s the only fact I know.”

A man like Albert Ou would never use a woman like that.

“But I’m sure she won’t hurt me anymore, and, you know what, I gave her family a sum of money in her name to help her brother get married, and the family has changed their opinion of her, and she’ll only protect me to the death now, and she’ll never hurt me again.”

“Are you sure?”

“I’m pretty sure.” Jasmine Tong said with great certainty, “I gave her a chance to be reborn, she won’t hurt me anymore, in fact she’s a good girl, she knows what she wants.”

“Well, then I’ll give her a trial period for a while, and if I’m not satisfied, I’ll replace her right away.”

Albert Ou couldn’t argue with Jasmine Tong either.

“Alright, let’s not discuss that, let’s discuss how Rameen Tong will be sentenced and my father, will he be re-sentenced because of Rameen Tong.”

“It’s hard to tell, the police are still investigating further, and I can’t figure out exactly what the verdict will be.”

“All right then.”

They will have to wait for the final verdict.

It was already dark when the two of them went home, and Jasmine Tong returned home, but couldn’t find Yarwen Tong.

It's driving her crazy.
