

Her Bossy Yet Naive CEO Chapter 591 - 605

Chapter 591

Hearing this reproachful voice from Jasmine Tong, Albert Ou's expression became even more odd.

"Get in the shower and I'll have the kitchen make you a bowl of ginger soup."

Jasmine Tong pushed Albert Ou to the bathroom.

"Tell you what, you take a bath and I'll bring you the ginger soup later."

Jasmine Tong said as she began to run the bath water for Albert Ou.

Albert Ou watched Jasmine Tong busy herself and slowly felt it.

"Jasmine, about me and Qin Yanyan" Albert Ou cautiously began to test the waters.

"I know all about it, and I'm not mad about it."

"You're not even mad about the kissing pictures, do you not care about me anymore" Albert Ou grabbed Jasmine Tong's arm.

Jasmine Tong really expressed that she was speechless, "Should I ignore you to be considered caring about you?"

"No you're not allowed to ignore me, I can explain it to you."

"Well, you'll explain it to me later, so take a shower." Jasmine Tong walked out of the bathroom after packing up somewhat impatiently.

She ordered the kitchen maid to make a bowl of ginger soup and brought it to the bathroom.

Albert Ou was soaking in the bathtub in a spirit of calm, both having been together for so long that it was less taboo.

"Drink the ginger soup, it's cold and you're just tossing it out there."

Albert Ou took the bowl over nicely, “My car broke down in the middle of nowhere, I was running back.”

Jasmine Tong close the hair of Albert Ou, “Why so anxious will not take a taxi back? How to also use the run”

“I was in too much of a hurry, I didn’t have my wallet, I left my phone in the car, and I ran all the way home before I remembered that I could call home, but I was so far gone by then that I really didn’t want to run back.”

“Pfft,” Jasmine Tong laughed out, never imagining that the always smart Albert Ou also had the time to be silly.

The smartest person in the world can sometimes look like a little fool when it comes to relationship problems.

“And you’re laughing” Albert Ou frowned as he drank the bowl of ginger soup clean, “Jasmine, you’re really not mad at me”

Jasmine Tong nodded and picked up the scrub towel, “Let me rub your back.”

“Then why was your phone off and you didn’t even tell me you were killing it?”

“It’s not all your fault that you had to video me while I was in the bath, and then after the video, your phone fell into the tub and you still can’t turn it on.”

Jasmine Tong reproachfully slapped Albert Ou on the back.

“So that’s how it was” scared him half to death.

“Originally killing today to hide it from you, I also intentionally lied to you and said it would take a few days to finish filming and I wanted to give you a surprise, but I didn’t expect our big president to just give me a big surprise.”

Jasmine Tong lengthened the tone of the word “big surprise”.

This kissing photo with another woman is indeed a surprise enough.

“I took a shower.”

“Ah what do you mean” Jasmine Tong didn’t quite understand Albert Ou’s words.

“When I got back that day, I took a shower and changed all the clothes I wore that day inside and out and then washed them for over an hour, as Brother can attest.”

The first thing you need to do is to take a look at the man in front of you, and you’ll be able to see that he’s really a headache.

“So why are you guys k!ssing?”

“There was no k!ssing it was her coming to k!ss me I just pushed it away, who knew the capture was so accurate just that one moment.”

Albert Ou is still a bit fuming. How come these paparazzi are so good at catching pictures?

“And she’s the one who offered to hug me, too.”

“Then why did you suddenly remember meeting her?”

If Jasmine Tong knows that what happened last time was done by Qin Jiangyan, will she resent Qin Jiangyan?

He had purposely waited until Jasmine Tong had gone off to film before starting to investigate the matter, in order not to want Jasmine Tong to know, because he had almost guessed it from the start.

Albert Ou suddenly stopped talking, Jasmine Tong felt very strange, and she seriously helped Albert Ou rub his back.

“It was Qin Yanran who forced Rameen Tong to commit suicide,” Jasmine Tong asked gently.

“You, how did you know?”

“Guess so, I’ve come to think that I don’t have that many enemies as a person, besides Rameen Tong, there’s only Qin Liyuan, and while I don’t want to think of her as an enemy, I know she’s the one who wants something to happen to me the most, because then she can get rid of me as a rival.”

Jasmine Tong sighed out quietly, “And when Rameen Tong was dying, she kept calling out for seven, and I didn’t think about it for a long time, until I remembered Qin Liyuan, and I started to think that it might not be seven that

she was talking about, but because she was dying, and her words weren't complete, what she was trying to say should have been Qin."

Jasmine Tong guessed it all.

Albert Ou really marveled at how much smarter his woman was than he thought she was.

"So you found the evidence."

"Well, it was found from Duthie, she did it very covertly, I found the traces through Rameen Tong's phone, that's why I went looking for her."

Jasmine Tong also guessed a general idea that Albert Ou was deliberately hiding something from her and that Albert Ou didn't intend to do anything to Qin Tianran.

"Jasmine" Albert Ou turned around to look at Jasmine Tong, "Do you blame me?"

"Why should you be blamed?"

"For hurting your real murderer, but I didn't punish her."

"You have your reasons,"

Seeing that Jasmine Tong understood him so well, Albert Ou felt more and more happy as he reached out his hand to caress Jasmine Tong's cheek.

"Have you seen the scar on Chin's hand?"

"I saw it once by accident, and it's not a good idea to ask about such things."

"That's what I bit, it's a tooth mark, once me, Qin Liyuan and John Quan went to climb a mountain and got trapped on the mountain, there were wolves on the mountain, in the fight with the wolves, I got injured and bled a lot, I was in danger, Qin Liyuan saved me, and that was the day she knew my true identity."

"And then there was another time," Jasmine Tong guessed.

"Yes. There was also the time when she and John gave me sleeping pills after giving Lei a blood transfusion, and then she saved me with her blood."

This time, Jasmine Tong had guessed it.

“She’s my savior, Jasmine, I couldn’t do anything to her, and I know anyone who hurt you, I should have let them die, but she”

“I understand, you don’t have to feel sorry for me, she’s your savior and that’s what I am.”

Jasmine Tong’s words were doubly comforting to Albert Ou, who reached out his hand to squeeze Jasmine Tong’s cheek.

“Why are my women so nice?”

“It’s good to know me, don’t go crazy at home like that from now on. Even brother is laughing at you.”

“He’s a single dog who has no right to laugh at me, Che.”

Albert Ou’s eyes rolled badly.

Chapter 592

He pulled Jasmine Tong hard, pulling her right into the bathtub.

“Oh my gosh you’re so annoying that you got me all wet” Jasmine Tong was just about to climb out when Albert Ou fished her back in.

“Wouldn’t that be nice? It’s been a long time since we did it in the tub.”

Albert Ou gathered Jasmine Tong in his arms tightly, “Missed you, wife.”

Hot k!sses stirred in the bubbling tub and the temperature was slowly rising.

The next morning, Jasmine Tong woke up feeling like she was falling apart.

The tub was so hard, it hurt her all over.

Just as Jasmine Tong silently cursed Albert Ou in her heart, that handsome face immediately zoomed in front of her eyes.

“Aren’t you going to get up yet? Lazy bones are up.”

Jasmine Tong squinted her eyes and slanted a glance at Albert Ou, "It's not all your fault, you're not allowed to be in the bathtub in pain from now on"

"Okay, okay, next time not in the bathtub, how about a dresser on the balcony, the pool is nice too, there's water there, and it's spacious"

"Stinky rascal" Jasmine Tong stretched out her palm to cover Albert Ou's mouth, letting him talk nonsense

"If you can't afford it, then I'll sleep with you for a while." Albert Ou got under the covers once more.

"Aren't you working today?"

"On not knowing you're about to kill it, I'll start work early and just be home for a few days."

Jasmine Tong blinked her big eyes a few times, "I want to go to Qin Tianran's house today."

Albert Ou's smile immediately froze on his face, "What are you going to her for in case she hurts you"

"No, she's not like that."

"Then I'll stay with you."

"No, I'll go myself, you'll be a pain in the ass instead, it's between us women."

Albert Ou didn't know what he could say, and he knew there was nothing he could do to stop Jasmine Tong.

"What are you doing?" When Jasmine Tong reacted, Albert Ou had already started to move his hands and feet under the blanket.

"Miss you."

Albert Ou rolled over and pressed Jasmine Tong underneath him.

"Wasn't it just last night"

"Last night was last night."

Jasmine Tong helplessly fell once again, so she didn't get up the entire morning, and didn't get up to eat until 1:00 p.m. She then cleaned up this before arriving at Qin Tianran's house.

When Qin turned around and still lived in the villa on the Diamond Hill side, Jasmine Tong rang the doorbell, but no one came to the door for a long time.

She stood at the door for a long time, guessing that Qin Liyuan was probably not at home, she should have made an appointment to come back beforehand, just as she was about to leave, the door opened

When Qin turned around and stood in the doorway in her pajamas, her hair was down, no makeup, her skin was in poor condition, not only no makeup, I don't think she even washed her face, there was also a smell of alcohol on her face.

Seeing this appearance of Qin Liyuan, Jasmine Tong was also shocked.

At all times, she looked glorious, but now

When Qin turned around and was shocked to find out it was Jasmine Tong, she thought it was the wine she had ordered that was delivered to her, and it was very inappropriate for her to see Jasmine Tong in such a state.

But there's no need to hide now that you've seen it.

"What are you doing here?"

"To talk to you, may I come in?"

"What makes you think that I have the heart to talk to you" Qin turned suddenly, though his face was haggard, he still looked high and mighty.

"With you being a movie queen now, and me now, and your scandal now in the limelight, with many paparazzi watching you, you can imagine the consequences if we get snogged now."

Qin was startled at first, then let the door open.

Jasmine Tong walked in, the room was also messy as can be, and it could be seen that Qin turned around and let off steam here.

The bottle fell over.

When Qin turned around and sat on the couch, he casually picked up a cigarette and lit it, taking two puffs.

“What do you want to talk to me about?”

“Since when did you start smoking” This made Jasmine Tong very surprised, she remembered that Qin Yangyan was a non-smoker before.

“Since I know you are with Azawa, what’s wrong I can’t get a man, can’t even smoke a cigarette? Jasmine Tong, isn’t it cool to see me like this if you’re here to show your victorious stance, then you can go.”

When Qin turned around and took a big gulp of smoke, he was very skillful and looked like he had been smoking for a while.

“I didn’t come to demonstrate to you, I came to thank you.”

“Thank me huh, don’t laugh.”

“It’s true, thank you for saving my husband twice before.”

Jasmine Tong’s words were sincere, she had indeed come to thank Qin Jianlian.

“You don’t need to thank me because I saved Ze, not you” Qin suddenly growled out irritably, she hated Jasmine Tong’s appearance in front of her as Mrs. Albert Ou

“I think you may not be able to appreciate it if you’re not married, but a husband and wife are meant to be one and the fact that you saved my husband is the same as saving me, and it’s only right that I thank you.”

“Jasmine Tong what makes you think I’ll tell you again, I don’t need your thanks, I’m saving Ze, not you” Qin suddenly roared towards Jasmine Tong.

“You still don’t want to accept the fact that we’re married.”

In the face of Qin’s unexpected roar, Jasmine Tong appeared calm.

“I’ll tell you, Jasmine Tong, what makes you think you can have such a good man as Ze,” Qin turned around and took off the red onyx on his hand, revealing the scar, “I would even give up my life for Ze, what have you done for him?”

Then Qin turned around and covered his chest as he said, "I love him so much, I can do without a child, but you you want to have a child again and again and again do you know how cruel you are Aze why do you have to pay so much for you what makes Aze love you so much"

Jasmine Tong took a deep breath, she was standing here listening to Qin Yanyan's accusations, she could also feel how much Qin Yanyan loved Albert Ou.

"If it had been me before, knowing you loved him so much, I might have let go, but I won't now, because I love him more than you do."

"What are you comparing me to" Qin turned to me with disdain, "You're capricious, selfish, and have repeatedly pushed Ah Ze into a corner"

"I'll admit that he's given much more than I have in this relationship with him, but you only see your own giving, you only see how much you love him, but you never see my giving and love."

"What have you ever done for him you just gave him a son and I can too Besides, you had to give birth to this son yourself you know full well that Asawa can't have children with humans"

Qin turned around and pointed at Jasmine Tong and roared.

Chapter 593

"As the saying goes, the bystanders were always thinking you were the one who loved him the most, so you never saw anyone else's love for him."

Jasmine Tong packed up a corner of the couch and sat down.

"You know so little about what happened between us, first at first I wanted to have children because I didn't know who he was, then I found out and we made a pact not to have any more children, then he found out he wasn't able to give me the life a normal man would give me so he chose to leave me and even lied to me that he was dead."

Qin turned out to be completely ignorant of these things.

"I found out I was pregnant myself during that time, the pregnancy was an accident and everyone advised me to abort the baby but I refused but our

child, at that time I thought he was dead so I felt it was a gift from God, even if he was a monster so what if he was a monster he had both our blood in his body.”

“Then I realized that he wasn’t dead, so I decided to go to Aie Valley to find him, and I was just a month old when I went there, and my baby was over three months old when I got there.”

“Are you kidding me you said you were pregnant going to Aie Valley you think I don’t know what Aie Valley is?”

When Qin turned around and sneered, she had heard John Quan talk about Aiya.

“Do I have to lie to you I did go pregnant, it was a hard process, I was dying of seasickness at sea, but just the thought that I could see him kept me alive, I stopped being pregnant and went to Aiya Valley, I even went to the Great Forest with him with my four month old belly and accompanied him to remove the seal.”

When Qin Yanran heard all this jealousy was going crazy, she actually accompanied him to lift the seal!

“Originally they wanted to wait until I gave birth to the child before removing the seal, but I didn’t agree, I didn’t want my man to suffer any more torture, not even for one more night.”

The months-long story, Jasmine Tong finished in a few sentences.

Qin Qianliang was a smart person, how could she not know the hardships of the journey, not to mention that Jasmine Tong was still pregnant.

If she’s not careful, the baby could be dropped and she could lose her own life.

When Qin turned around, he was a bit self-sighing, Jasmine Tong was so brave, thinking that when she handed her hand to Albert Ou, she was also scared to death at that time.

“Are you trying to prove that you are greater than me?”

“No, I’m just trying to tell you that there are a lot of things you don’t know, and you think that after all the sh!t we’ve been through, it’s going to be smooth sailing for the relationship, so you’re wrong.”

Qin turned around and frowned at Jasmine Tong.

“He doesn’t like food that’s too spicy, he can only have one chili pepper on a plate, he doesn’t like food that’s too sweet, he has to put the usual 13 amount of sugar in it for him to like it, he likes meat, he doesn’t like vegetables, and he throws tantrums when there’s no meat on the table for two meals in a row.”

Jasmine Tong went through Albert Ou’s various eating and living habits.

When Qin turned around and looked at Jasmine Tong with a jaw-dropping look, she didn’t know a thing about this.

I’m afraid it was only after two people had been together for a long time that they were able to silently remember these things.

“You don’t have to say it again you’re a star too, you have to film and take care of your son, where do you get the time to do that for him”

Qin turned around and immediately interrupted Jasmine Tong’s words.

“That’s where you’re wrong, as long as I’m home I’m in charge of every meal, bath water, making the bed, and preparing everything he needs, because no one knows better than I do, and I don’t feel comfortable leaving it to someone else.”

Jasmine Tong pursed her lips and smiled, “You could have gone to our house and asked our maids if they had ever been in our bedroom. I don’t really like people going into our bedroom because I feel like it’s a place that belongs to both of us, and he’s my man, and I do everything for him as it should be.”

Qin turned out to be silly, it wasn’t what she expected at all.

“You probably think in your eyes that I’m a rich wife who’s clothed and fed, but unfortunately I’m not, and I’ll do all the things a wife should do.”

Qin turned his head to the side stubbornly, “What exactly are you trying to convey?”

“What I’m trying to say is that even if two people go through great storms, even through life and death, their homecoming is going to be the chicken and egg of life, and there are a lot of couples who have gone through a lot of great things, but when life tends to calm down, two people separate.”

Jasmine Tong’s gaze landed on Qin Jianlian’s body.

“It’s true that you could die for him, you could even give up your life, you could always aggravate yourself, but can you do what I do?”

Then Qin turned around and couldn’t speak for a moment, yeah, could she do it?

She wasn’t sure she could do it herself, and since stepping into the circle with a few assistants around her, she had lost those life skills long ago.

Not to mention the frying and cooking, the smell of kitchen grease probably made her cringe.

She also learned to cook for a while, but gave up when she thought it was too much trouble.

“You keep saying you love him, and I think you do, but if you really let you live, you probably won’t be able to.”

“How do you know if you can’t get by without trying” Qin turned suddenly still talking.

“Yes, it’s true I don’t know, but you should be tired of hearing me say it, but do you know what I was thinking about when I was cooking for him?”

Qin turned around and looked at Jasmine Tong in puzzlement.

“I was thinking how happy he would be to gobble up the food I cooked for him, I don’t find it a bother, I find it syrupy, I want to cook for him for the rest of my life, you wanted to learn how to bake before, I guess you wanted to please him.”

There was no word or denial from Qin Yanyan.

“I know from the questions you ask me how impatient you are to do this, questions that won’t come up if you’re just a little patient.”

“Not everyone is good at doing these things” Chin turned suddenly and finally found the words to counter it

“You’re right, but he likes it, he’s enjoying what I’m doing for him, and he wouldn’t take it any other way. You’re a good woman, Miss Turnipseed, and you deserve a better life than to hang on to him.”

Qin turned around and hung his head in shame.

“I’ll admit, I’m not as good as you in these matters, but you’re not as good as you are you’re two-faced, it’s just that Asawa hasn’t found out yet.”

“Now that you’ve said that, let’s be open about it today.”

Her Bossy Yet Naive CEO Chapter 594 - 596

Chapter 594

“I really met him a year after we got married, when I was just getting ready for my debut, and I didn’t know who he was at first, and he hid his own true identity from me.”

Jasmine Tong wanted to clear up all the misunderstandings.

“You helped me a lot in that initial period and I was grateful to you, but I didn’t know about your relationship with him, and then I found out from Mo Yiang, I felt uncomfortable and intentionally distanced myself from you, but you didn’t know that I was still helping me.”

As if Qin turned around and lost his soul, he listened to Jasmine Tong speak.

“I actually wanted to tell you, but at that time, I was determined to divorce him, and since I had made up my mind to divorce, so what? So I chose, and didn’t tell you, and what you call me being very scheming was probably to say that I was trying to please you and get you to help me, while hiding the fact that I was with him.”

Jasmine Tong softly pursed her lips and smiled, "If I really want to rely on anyone, then I can go ahead and please him, it would be more useful to please him than you, right"

Qin suddenly grinned with a sudden, creepy grin that reverberated through the living room.

"I'm so stupid Qin Liyuan, you really are the stupidest woman in the world."

Qin turned around as if he had everything figured out.

"Jasmine Tong, I've lost to you, I've lost to you completely and utterly." This was a fact that Qin turned out to be very reluctant to admit.

"You didn't lose to me, you lost to yourself, in fact you should have thought about it a long time ago, if he really had you in his heart, he was with you when you first gave him the blood, plus your relationship with John Quan, you two together simply don't make it too easy, but he just wasn't with you, this is the time you should have seen it clearly."

Qin turned suddenly and allowed his tears to flow slowly.

"Yeah, I should have seen it a long time ago why couldn't I."

"You deserve a better life, you're so elegant, so easy going, and a movie queen, isn't it easy to find a good man?"

Qin turned around and smiled bitterly, "I'm already a third party now, who would still want me after such a scandal"

Now everyone knows that Qin Yanyan and Albert Ou are having an affair, and because of Albert Ou's status, even if someone likes Qin Yanyan, they would be in Albert Ou's way and wouldn't dare to get involved in the slightest.

"I've ruined myself with my own hands, I can't blame anyone else, so go away, and don't worry about me going to hurt you or rob him from you."

"I never had to worry because there was no way anyone could take him away from me." Jasmine Tong's tone was very definite.

Qin turned around and envied Jasmine Tong's tone.

“There is one more thing I need you to do before I leave, you need to groom yourself right now.”

Qin turned his eyes up to look at Jasmine Tong, “Do you have anything else?”

“You’ve harmed me, and I feel I have the right to ask you to do so.”

Qin turned around and didn’t say anything, but went upstairs trembling.

She changed a dress, washed her face, put on a light makeup, and went back downstairs.

“I did what you told me to do, so you can go now.”

Jasmine Tong nonchalantly pulled her phone out and found a corner in the living room where there was a bouquet of flowers and a nice background.

Jasmine Tong pulled Qin Yanyan’s hand over and held up her phone, and only then did Qin Yanyan realize that Jasmine Tong was going to take a selfie.

“Does it make sense for you to do that?”

“We won’t know if it makes sense to do it. Please smile.”

Although Qin Yangyan was a thousand times unwilling, he still cooperated with Jasmine Tong, and the two of them took a pretty joyful picture.

Tong didn’t leave until the photo shoot was complete.

After Jasmine Tong left, Qin turned around and plunged himself into the sofa, feeling cold on his body.

She’d lost Albert Ou after all.

Maybe Jasmine Tong is right and she should start a new life and find someone to really love.

A little while later, Twitter suddenly alerted her that someone had etched her.

When Qin turned around and opened his Weibo, he found that Jasmine Tong had just posted a Weibo status.

There were three photos posted on it, one of Jasmine Tong just taking a photo with herself, and the other two were the two photos of herself and Albert Ou being taken secretly that have been particularly popular on Weibo lately.

“I’m here to take the bramble, and with such a nice man around me, it’s natural to have a crisis, so I asked my good friend, suddenly, to help me test out my husband, and it led to this kind of ugly incident. As for kissing, well, it was meant to be a show, but I accidentally did kiss, my husband broke down, and we’re still in a cold war.”

“The vast number of netizens, I really know that I was wrong, I swear here that I will not do this kind of thing again, and besides, suddenly, sister, when you have a husband I want to kiss back oh”

Looking at Jasmine Tong’s Weibo, Qin Yuanlian was undoubtedly shocked

If Jasmine Tong dares to say that, isn’t she afraid of being scolded to death?

Using her own best friend to test her husband, suspecting that her husband is also hitting on her best friend, netizens will definitely attack Jasmine Tong collectively

Only this is very good for Qin Liyuan, she is merely also a victim, no one will suspect her of having an illicit relationship with Albert Ou anymore.

When Qin turned around and dried his tears, he immediately sent a WeChat to Jasmine Tong.

“Why would you do that don’t you know that while cyber-violence is great you’re going to be under mass attack.”

A message from Jasmine Tong came back quickly.

“I’m married, let them say whatever else they want, I wish I knew he wouldn’t leave me, you’re different, you’re not married and your reputation is important to you.”

“Why are you helping me so much?”

In Qin’s unexpected opinion, Jasmine Tong had absolutely no need to do so.

She could have just left everything alone and continued to live her life of ease, and by then her reputation would be stinky and she would be less likely to come compete with her for Albert Ou.

“When I first started out, I know you were truly helping me, I never doubted your intentions, and I believe you were always kind.”

Qin turned to look at the tweets sent by Jasmine Tong, tears once again wetting his eyes.

She was truly wrong.

As expected by Qin Liyuan, all netizens started to attack Jasmine Tong after she released her microblog.

“Jasmine Tong, you’re killing yourself your husband is so good to you and you’re still suspicious of him”

“Jasmine Tong’s strength to perform what is called a trick to die and also put his own friends on the line.”

“It’s so outrageous, having such a wonderful husband and not knowing how to cherish him, and then going to doubt.”

Chapter 595

Online curses against Jasmine Tong one after another, like a flood of beasts.

All of Tong’s comments were also full of curses.

Albert Ou quickly responded, retweeting Jasmine Tong’s tweet and commenting, “Big punishment tonight, huh?”

He even sent a few smug expressions.

A netizen at the bottom immediately commented, “Ou, isn’t that even upsetting to you?”

Albert Ou purposely carried this comment for a response: “Since there’s a third party in the family, married life has been seriously plagued, and some woman who only knows her son is taking this opportunity to take back the position that belongs to me.”

Albert Ou was praised for this comment.

A good rip-off ended with a handful of dog food being stuffed.

On this night, Albert Ou even tweeted about it.

The photo is of Jasmine Tong holding her son San San, whose face is in a mosaic, and the whole photo has been processed to look particularly warm and natural.

“Sometimes it feels like a dream, this woman was called a vegetable by the doctors for three months, she woke up suddenly the day before she gave birth, gave birth to San-San and passed out again, San-San was in an incubator for a month, this woman started breastfeeding again until she was finally weaned, every woman deserves the best love and affection.”

In the past, Albert Ou’s Twitter feed has always gone in the teasing style, and it’s rare for him to warm up for once.

He himself commented, “This kid, San San, has been a turtle’s nest for too long and has finally given way to my son.”

People read the blog and are sad and amused.

Really laughing and shedding tears.

And so the plot is reversed.

“Mandy was in a coma for three months before giving birth, and after such a big storm, women are already prone to depression when giving birth, so it’s completely understandable that she would do something like this.”

“Mandy is so great for insisting on breastfeeding for so long, it’s a mother’s love that woke her up.”

“Let’s stop yelling at Mandy, she’s a good woman, a good wife, a good mother.”

“I finally know why Albert Ou loves Jasmine Tong so much, I’ll eat this dog food”

Jasmine Tong put San San to bed and went back into the bedroom.

Albert Ou looked at the comments on Weibo and was relieved that he had started praising Jasmine Tong.

“Get over here,” Albert Ou turned pale and yelled at Jasmine Tong.

“What now” Jasmine Tong lifted the blanket and lay in.

“A great punishment awaits.”

“How can you take what you say on Twitter seriously?”

“You mean let me fool the netizens, I can’t do it I’m a man of my word.”

Albert Ou sturdily pressed Jasmine Tong underneath him.

“Well, my lord, how will you punish the little woman”

“Do you know where you went wrong?”

“The fault is that you shouldn’t throw mud on yourself.” Jasmine Tong yawned as she spoke.

“If you know it’s wrong, why do you still do this knowingly committing a crime” Albert Ou pinched Jasmine Tong’s face and used a little bit of force.

Jasmine Tong directly held Albert Ou’s face, “Because I know I have a good husband, he’s my Gestapo, and he’ll set things right for me.”

That made Albert Ou’s heart flutter.

“Do you think I won’t punish you tonight if you praise me like that?”

“Am I complimenting you? I seem to be just stating a fact.”

“You’re getting pretty good at boasting now.”

Albert Ou is already being praised for his beauty.

The matter soon died down.

Since Jasmine Tong had previously said that she would only do one film a year, she was able to stay home with her husband and children again after this film was finished.

These two days, Albert Ou didn't need to go to the office, and the two of them were tired of being at home every day.

Jasmine Tong also had a hard time enjoying leisure time, San San went to take a nap, and Albert Ou and Jasmine Tong sat on the couch watching TV.

The TV is showing a reality show about a celebrity, and little pink bubbles are spilling out of the screen.

Albert Ou doesn't care what's on TV, he only has eyes for his own woman anyway.

He encircled Jasmine Tong in his arms, tugging at her hair for a moment, then fiddling with her fingers.

The Cold Lords are also not in the habit of taking naps, so they are also watching TV.

"You be honest" Jasmine Tong quietly muttered, usually only the two of them in the bedroom, Albert Ou moved her hands and feet, she did not say anything, now it is the living room cold owl is still next to it

"It's your own house."

"Brother's still here, stop it." Albert Ou is shameless, Jasmine Tong doesn't want to follow him and be shameless.

Albert Ou didn't have a good look at the Leng Lords, "Hey, you're a person who's here for nothing, it's almost okay, isn't it time to get out"

Jasmine Tong immediately touched Albert Ou with her elbow, but he was his own brother, how could he talk like that?

The Leng Lords didn't look at Albert Ou, he thought he was willing to stay here? every day to look at these two people tired of each other, is also enough.

"Hey say what about you scrounging around my house every day and being a light bulb here, you're really enough you."

Leng Lords quickly stood up and went straight upstairs, ignoring Albert Ou at all.

As soon as the cold baron left, Albert Ou became even more unscrupulous.

“How can you talk to my brother like that?”

“How am I supposed to talk to him, I’m telling the truth scrounging around our house every day and being a light bulb.”

“Do you lack this much food and that much drink?”

“I’m lacking.”

“I think you’re missing the point,”

“Hey, where are you going?”

Jasmine Tong also went straight upstairs and was just about to go to the downstairs room to look for him when she saw the Leng Lords walk out.

The cold lord’s luggage was very simple, only one backpack.

“Brother, you’re,”

“Manny, I’ve been in your house for quite a while, so it’s time to go.”

“Brother, he talks like that, you don’t have to pay any attention to him, this is your home too, you can stay here as long as you want.” Jasmine Tong tried hard to stay.

Leng Lords grinned, “I really don’t know what kind of life is Little Wild’s good fortune to have married such a good wife like you, I didn’t leave because of those words of his, originally also planned to leave recently.”

“And where are you going to go?”

You’re not getting any younger. You can’t just float around like this.

“You’re forgetting what I do for a living... don’t worry, I’ll be fine.” Leng Lords patted Jasmine Tong’s head, “Seeing that you two are so affectionate, I guess I’ll be able to hear good news again when I return next time.”

Jasmine Tong blushed shyly, “The two of us are preparing for our wedding, brother, and you’ll have to come to our wedding then.”

“I’ll see what time it is for me then.”

“No, you have to promise me you’ll come.”

“All right, then, I promise.”

Chapter 596

The two men smiled at each other and nodded.

The cold lord then left, seemingly without any attachment.

I don’t know how the Leng Lords this go, Jasmine Tong feel heart empty, always feel the heart is not good.

And yet the culprit is acting like nothing happened.

“He’s gone.”

“Let’s go, you’re also really, that’s your own brother, why are you talking so badly” Jasmine Tong glared at Albert Ou, sometimes finding him cute for speaking directly, but sometimes he was really annoying.

Albert Ou pinched Jasmine Tong’s waist, “He’s gone, you still can’t bear to leave, can you?”

Jasmine Tong sniffed the sour smell again, “I’m not reluctant to leave, well, I won’t mention this to you, so as not to fight again.”

“There’s no tacit understanding at all, can’t you see that I said that on purpose,” Albert Ou pushed Jasmine Tong’s head.

“Deliberately then you also deliberately want to drive my brother away what you are trying to do.”

Jasmine Tong became even more curious.

“You didn’t think something was wrong with him?”

“Didn’t we discuss it the first day he first arrived? Right, the day of San San’s birthday, didn’t you and brother drink all the time? Did you get anything out of it?”

It was only then that Jasmine Tong brought the matter to mind.

“No,” Albert Ou was fuming at the mention of this, “that kid is so strict, he knew I was going to get him to say something, and before having a few drinks, he said he was drunk and went back to his room before I even asked.”

“Then it looks like my brother is really in some kind of trouble.”

“Women’s issues.” Albert Ou’s tone was very positive.

“I thought you didn’t ask why you were so sure it was a woman’s problem.”

Jasmine Tong really didn’t know where Albert Ou’s confidence came from.

Albert Ou pointed to his head, “Thinking up with this, he’s using our place as a safe haven, whatever problems he’s having, let him face them on his own, it’s about time he got a wife.”

The first thing you need to do is to take a look at the newest addition to the list.

“Well, in that case, I have nothing to worry about.”

“What are you worried about I’m always worried about other men, your man is here” Albert Ou got antsy.

“I’m not worried, I’m just worried about you, okay?”

Jasmine Tong rubbed her temples, I really don’t know when this man’s jealousy habit will be changed

He’s jealous of his son, his brother, his brother-in-law. What jealousy is there that he won’t eat?

Suburban house in the city

This area on the outskirts of the city is deserted, this kind of villa is hidden in the woods, without going deeper into the woods, there is really no way to discover that there is a villa here.

Everyone in the nearby village did know about it, but it was said that the villa belonged to a very rich old man who had an odd temper and never interacted with anyone, so no one came over.

Yet no one knew that the villa belonged to the Cold Lords.

Rather than belonging to the Cold Lords, it belongs to the Cold Lords' team, Team Tomb Raider, code name.

Everyone's spirits have been low lately, it's been a long time since the Cold Lords have been back, he's the leader of the team, and without him, everyone has nothing to do.

A fat man in the living room was sitting on the couch, everyone called him Big Strong, and next to him sat a monkey who was a full double his size.

The TV screen suddenly went dark and Bigger pressed the remote a few times with no response.

"sh!t, it's broken again, for the umpteenth time."

Monkey yawned and curled himself up in the couch, "If it's broken, it's broken, there aren't many stations anyway, it's no fun to look around"

Big immediately threw the remote control to the side, "That's right, it's no fun for the boss to be gone where do you think this boss went."

"The boss comes and goes without a trace, how the hell should I know where he goes?"

As I was saying that, the door suddenly opened.

The two of them looked over towards the door together, where the Cold Lords were standing.

"Boss," the two men shouted out in unison.

The Cold Lords walked in with a blank expression.

"Brothers, the boss is back and hurry out to meet the driver," the big strong voice roared everyone out.

The computer-savvy soldier wears a dark-rimmed glasses and looks refined.

And the rat who yawns all the time, the rat who is asleep for ten hours a day.

This team plus the Leng Lords, a total of only six people, all coincidentally, we only get together.

“The boss is back” everyone looked very excited.

“Well, how’s everyone doing while I’m gone?”

“Good sh!t life is no fun at all boss, how long has it been since we went down to the grave this hand is itchy” big Zhuang kept complaining.

“Boss, there is a county more than two hundred kilometers from here, I surveyed that there is a big tomb, should we go” said Bing Bing with a hand on his glasses.

“There’s no rush, let’s study it over the next two days.”The Cold Lords don’t look very spry either.

“The boss is back,” came a girl’s voice only to hear the sound of a few running goofs and thuds.

Everyone looked together at the second floor stairway.

A girl was standing there in bare feet.

Meng Rujiao, the only girl in the team, everyone called her Pepper.

She was in the shower just now when she heard the big guy shouting, so she immediately wiped the foam off her body and ran out without her clothes on.

There was wet hair and water dripping down my body constantly.

The split second that she locked eyes with the Leng Lords, she shyly lowered her head.

“Look at Pepper’s anxious shoes. Pepper’s going to miss the boss.”

“It’s just that Pepper misses the boss every day. Why isn’t he back yet?”

Big and Monkey were having fun.

“Don’t be ridiculous.”The cold lord said softly and headed straight upstairs, pausing as he passed Meng Rujiao, “Be careful of the cold.”

After saying that, the cold lord went back to his room.

“Boss is back, let’s celebrate today is there no wine at home go, buy wine and get some good food by the way”

The monkey shouted, and everyone seemed especially excited.

The whole villa quickly quieted down.

The Cold Lords lay in their own bed, a little tired from the drive.

The events of a month or so ago were still in their own trance.

Leng Lords remembered that incident as soon as he closed his eyes, he had thought that after this calm month or so, he should be fine when facing Meng Rujiao.

But still.

Meng Rujiao returned to her room and looked at her messy self in front of the mirror, covering her face in shame.

I have not seen you for more than a month, she is the ghostly appearance in front of the cold owl.

“The boss still cares about me.”Meng Rujiao said to herself in the mirror.

Her Bossy Yet Naive CEO Chapter 597 - 599

Chapter 597

In the evening a long time did not meet the brothers a few to drink, the cold owl back is a great joy, we all open to drink, not a while will sing and dance and said and haunted.

Meng Rujiao looked a bit out of place sitting in the middle of a bunch of men, but she was used to it, plus after being with everyone for several years, no one treated her like a little girl.

Having had too much wine, the Cold Lords stood up with their glasses and walked over to the window, opening it a little on the way.

The moon is shining tonight.

Meng Rujiao's small eyes, a strong glance towards the Cold Lords, was also a bit off today.

"Pepper, what's wrong with you today? How Niu Niu pinched like a pu\$\$y" the rat patted Meng Rujiao's shoulder.

"What's nonsense I'm already a little girl okay" Meng Rujiao that's not happy.

"Oh yo yo, it's a rare thing for our little pepper to finally admit she's a little girl," the rat joked.

Everyone laughed.

"I am already a girl" Meng Rujiao slapped her thigh, "Today I officially declare that you are not allowed to turn me into a man anymore, I am a woman"

"You still say you're a woman, which point do you look like a woman, your breasts are so flat, not as big as mine" Bigger than a little, but even more so, it drew laughter from everyone.

This laugh doesn't matter, Meng Rujiao is a bit angry.

"Don't be ridiculous, I'm still young and developing."

People don't usually think of her as a girl, and she speaks with no shame.

"Little pepper, why are you so strange today ah a strong look at the boss, are you looking at the boss" although Bing Bing is a nearsighted, but his eyes are more poisonous than anyone else.

"Damn soldier, you can see more clearly with your four eyes than we can with our two eyes."

"Who, who has a crush on the boss" Meng Rujiao's voice immediately lowered several octaves and her face turned red.

"You guys look at you guys, little pepper is even blushing was I right" said Bing Bing pointing at Meng Rujiao's face.

Everyone looked at Meng Ru's blushing, pert face.

"Pepper, if you really like the boss, then you take the boss you if you take the boss, then I'll admit you're a woman and still call you sister-in-law," the rat encouraged.

"Are you serious" Meng Rujiao suddenly got in the mood.

"Of course it's true, I swear by this drink" the rat took the glass of wine in front of him and drank it down.

Everyone was encouraging Meng Rujiao.

Meng Rujiao took a glance at the Leng Lords not far away, "I do like the boss."

"Then what are you waiting for? Hurry up and go. Pick up the day as well as the day on today's wedding night."

Meng Rujiao also drank a lot of wine and felt full of strength as she listened to everyone's words.

She thought carefully, picked up a glass and filled it with wine, standing up and walking towards the cold lord.

"I'm kidding, she actually went there," the rat whispered.

Everyone looked at them like they were in a show.

Meng Rujiao walked up to the Leng Lords, brave, "Boss, I like you for a long time, let me be your woman, if you are willing to drink this glass of wine, tonight we'll have a bridal chamber."

Her voice was imposing.

Leng Lords was stunned, he didn't expect Meng Rujiao to be so courageous

The two men stalled each other.

Meng Rujiao held her wine glass high in front of the Leng Lords, her eyes filled with anticipation.

In front of all the brothers, the cold owl felt very embarrassed.

Meng Rujiao was a girl after all, how sad she should be if she was rejected, but he didn't want to say yes.

Just as the two men were at a standoff, a sudden burst of thunderous laughter erupted.

"I was just kidding with her and she actually believed it hahaha, willing to bet and take the money."

Bing Bing, Monkey, and Big Bang very reluctantly took the bills out of their pockets and threw them on the table.

Rat picked up the money and counted it out, "Pepper thank you."

"Pepper, why are you so stupid to tell you to go and you just go, we all bet that you won't go," grumbled the big man.

"Can't you be a girl and be a little more reserved?" Bing Bing also boss reluctantly.

Meng Rujiao was stunned, so everyone was making fun of her.

She thought that people really saw what she was thinking, so they wanted to facilitate her and the Leng Lords good thing, but she didn't expect that

Meng Rujiao only felt her face was hot as if she had been slapped several times by someone.

"The glass fell to the floor with a crack.

As soon as Meng Rujiao turned her face, she hurriedly ran out.

Everyone was all dumbfounded, everyone usually liked to joke around, especially Meng Rujiao who was the only girl and naturally made more jokes about her.

"This little pepper is taking it seriously, it's just a joke." Bigger first opened his mouth.

"Have you guys so far to joke about it this can be used to joke about it go to me to chase her back, who made trouble to clean up"

Cold Lords snapped.

It was only then that everyone realized the seriousness of the problem and began to get up to go and retrieve Meng Rujiao.

“Could it be that Pepper really likes the boss,” the rat muttered cautiously.

“Never mind, you’ll only get me into trouble, I’ll go by myself.”

The Leng Lords went out alone, leaving everyone in the room looking at each other, at a loss for words.

They may have really gotten into trouble this time.

The woods are huge, but we’ve all been here for quite a few years and know the terrain very well.

Meng Rujiao was hiding under a big tree, tears falling down without a fight.

The last time she remembered she’d shed a tear was when her own father had sold her, and she hadn’t shed a tear in years.

Suddenly the sound of footsteps came, and Meng Rujiao hurriedly wiped the tears from her face.

The Cold Lords coughed softly, “Pepper,”

Meng Rujiao immediately smiled towards the Leng Lords, “Boss, I drank too much and came out for some air, it’s fine.”

Can’t the cold owl speak, Meng Rujiao went straight back to the villa.

Everyone had gone back to their rooms to rest, the villa was back to its former quietness, and Meng Rujiao was back in her room.

The next morning, Big and Bing started cleaning up the living room, which was a mess from yesterday’s drinking.

The rat is still asleep and the monkey is just getting up.

The cold owl got up and went downstairs to see everyone, “Last night’s matter, no one will be allowed to talk about it in the future.”

“Got it boss.” Everyone said in unison.

By the time Meng Rujiao came down, everyone was back to normal, joking as usual, as if nothing had happened last night.

Meng Rujiao had been all ready to continue making everyone laugh at her today.

But some things just happen, and it's impossible to pretend he doesn't exist.

Chapter 598

The soldiers detected that it was indeed a large tomb, and began to study it with the Cold Lords in the past few days.

They have to do a lot of preparation before each project.

Everyone seemed a little busy as it was time to prepare for the grave again, but we preferred it to be a full life.

Each person in the team has a different division of labor, and in the prep work, Meng Rujiao and Rat are the easiest, with little to do for the two of them.

Because he's going down to the grave in a few days, the rat sleeps longer and he needs to refresh himself.

This day Rat slept straight through until 11am, got up and went to the fridge to find some food, and saw Meng Rujiao sitting dazed in the tree outside the villa.

"Pepper," the rat shouted from under the tree.

The last incident was directed by Rat, and Rat has always felt a little guilty about Meng Rujiao.

Meng Rujiao shot a glance down at the rat, "Something wrong?"

"You come down here I want to talk to you."

Meng Rujiao didn't mean to go down, "You have something to say to me why do you want me to go down, you have the ability to come up ah."

The rat was a little afraid of heights, and although he was very nimble, he never dared to go up a tree.

He looked up to make up his mind, and it took a lot of effort to get up the tree.

Head kept tilting up, not daring to look down.

“Pepper, I’m sorry about the last time.”

Seeing the rat’s face made Meng Rujiao laugh.

“It’s only a tall tree. You won’t die even if you fall. Look at you.”

“I’m afraid of heights.”

“Then you grab my shoulders.”

The rat reached out to hold Meng Rujiao’s shoulders, and having a point of support made him much better.

“Seriously, Pepper, you really like the boss,” the rat had been very curious.

The team is full of grown men, only Bing Bing is the one with a wife, and they are all bachelors, and they are not at all sure about this relationship thing.

The only soldier with a wife has a very high IQ, but a very low EQ.

Meng Rujiao felt that the last incident had already exposed herself, and there was no point in continuing to hide it now.

“Yeah, I like the boss.” She admitted it very frankly.

“Holy sh!t” the rat hastily hugged the trunk again, which was a little more reliable than Monroe Jiao.

“So the last time the boss was gone for so long, it couldn’t have anything to do with you,”

“I don’t know if I have anything to do with it, but I had that with the boss.”

After all, Meng Rujiao was a little girl, and her face turned shyly red to the side.

“You and the boss” the rat immediately held out his hand in a gesture, and then immediately hugged the trunk after the gesture.

“Mmm,” Meng Rujiao nodded her head vigorously.

The rat felt like he had discovered a new continent, “How long you two ah, boss lasting not lasting”

The question of “how long” was a difficult one for Meng Rujiao, “less than a minute.”

Rat stared at Meng Rujiao with wide eyes, “Boss a minute less than my God”

“It’s only 30 seconds, I think.”

“Thirty seconds” the rat’s tone had changed.

“I suppose so, I don’t think it’s something that can be measured in time. How much time is normal,” Meng Rujiao blinked her big, innocent eyes.

The rat gulped, “I don’t know about others, but Bing Bing said he and his wife would be at least half an hour at a time. Boss these 30 seconds.”

“Half an hour. Don’t be ridiculous. k!ssing and receiving for half an hour, you’d have died already.”

“k!ssing” the rat frowned, “You said the boss k!ssed you for 30 seconds.”

“Yeah, or you think I’m talking about.”

“Didn’t you say you and the boss that one? Isn’t that two people?”

That’s when it dawned on the two men that they had misunderstood each other.

“Dead rat you’re blindly imagining something too dirty in your head” Meng Rujiao’s face immediately turned tomato-shaped.

Rat stroked his little heart, “That’s obviously you said that yourself, who let you say that is k!ssing ah scared me, the boss if really 30 seconds, then can not do the boss.”

Meng Rujiao blushed shamefacedly and didn’t dare to say a word, discussing this issue with a man was a real shame.

“Here’s the deal, Pepper, buddy was sorry the other day, tonight”

The rat whispered something in Meng Rujiao's ear, and Meng Rujiao nodded her head.

That night everything was as usual, and after midnight the villa was quiet and no sound could be heard, or rather nothing but the sound of snoring.

But this night was quiet as hell.

Everyone but the Cold Lords tiptoed out of their rooms and gathered in the living room.

"Why don't you guys turn on the lights," the soldier immediately turned the lights on.

The monkey immediately turned off the light again, "Bing Bing, are you stupid ah can you turn on the light at this time?"

"Oh,"

Meng Rujiao don't come down, and a couple of people are whispering in the living room.

"Brothers and sisters, Pepper really likes our boss, in fact, I think the boss if he started a family well, save him again like this time, a month out and not come back, I want to find someone who has no contact, what do you guys say"

Rat was the first to open his mouth, he was the culprit this time, and this time he was ready to wear the guilt.

"That's a good point."

"We helped the boss with his personal problems, and then it was our turn, hehehehe."The monkey covered his mouth and snickered.

"So let's help Pepper figure out how to take down the boss," the rat posed the crucial question.

"I think Pepper should just pursue the boss, just like in the TV show, and give the boss whatever the boss likes."Bigger started by offering his opinion.

"No, no, no, that's what men do, women chase men differently, I think it's better to lust after them."Monkey said.

“Is the boss a fool to still want to capture the boss is a smart man, dealing with him, this method will not work.”The rat followed by denying the monkey.

“You’re usually so devious, so tell me” everyone looked at the rat.

Rat’s small eyes swiveled around, “Bing Bing, you’re a married man, you have a wife, you speak about this from a man’s point of view, I think you’re the one who has the most to say about it.”

The rat kicked the ball to the soldier.

Everyone’s eyes all turned to Bing Bing.

“Yeah, Bing Bing, you’re married, you have the most say, you say”

Bing Bing helped himself to his glasses, “They say that men chase women and women chase men through the veil, I think, deal with the boss, we have to use simple and violent methods.”

“What’s the simple and brutal solution” asked Meng Rujiao curiously.

“Straight to bed with the boss.”

Chapter 599

As soon as Bing Bing’s words came out, the crowd sobbed, especially Meng Rujiao, whose liver immediately trembled.

“I think Bing Bing has a point, Bing Bing, tell me your reasoning.”Rat continued.

“This man and woman, ah, once they’ve slept together once, there’s a wonderful chemistry that happens, and they immediately become different after having zero contact with each other.”

As the only married man, Bing felt like he was getting so much attention for the first time, and began to strip down the story.

“That’s the way it is with me and my wife, and I think my wife slept with me and I was very reluctant at first, but then I fell in love with that feeling, and I can’t look at my wife enough to think she’s the most beautiful woman in the world.”

The sweet tone of the soldier's voice made everyone want to fall in love.

"If Pepper sleeps with the boss, Pepper, you're a woman, just be honest with the boss, I've given you my body, you're responsible for me, the boss will be with you for a long time, and the feelings will be there."

"Yeah, that's a good idea."

Everyone clapped their hands.

Although Meng Rujiao felt that this was a quick way to seek success, she felt that she couldn't do it.

"Gee, I can't do that. I don't know anything about that."

"What's there not to understand, you're not young, 20 this year, go look it up online yourself, take a look at it" big strong poked and prodded Meng Rujiao's head melon.

"But how am I supposed to sleep with the boss? The boss is so smart and so good, I can't beat him."Meng Rujiao was caught up in a new problem.

"I think, well, this needs to be done as soon as possible, we're going down to the grave in two days, and there's no telling when the tomb will come out, so we need to get this done before we get down there."

"That's right, or tomorrow, don't we always have to get together before we go downstairs, and tomorrow I'll put something in the boss's drink and keep it conducive to your good fortune."Monkey said.

"Don't bother so much, I have this."When the soldier spoke, everyone looked at him.

"My God Bing Bing, I can't believe you're so stuffy, you have all this stuff"

Soldier Bing scratched his head in embarrassment, "You have to understand, I'm a married man, hehehehe."

Everyone was on the same page and that was that.

This is a normal day, the day after tomorrow is the day of the next tomb, the cold owl began to check everyone's preparations before the tomb.

I don't know if it's because of other plans, but everyone is doing really well.

"Boss, you see we are ready in all aspects, the day after tomorrow we will go down to the grave, let's celebrate today" said Monkey and Cold Lords.

"You can celebrate, cook a few extra dishes, I'll cook them myself, and drink won't be necessary so you don't miss the drink."

"Uh boss, isn't it a bit boring if you don't drink and just eat food"

"The day after tomorrow is the day of the next grave, and if you drink too much you are liable to miss it, so be it."

The Cold Lords' decision could not be refuted by anyone.

The monkey himself went out to buy food, and the cold lord himself cooked in the afternoon.

Of all the people the cold owl's cooking is the best.

Bing Bing made a special trip home and brought all of his wife's jewelry, cosmetics, perfume, and other messy things, and gave them all to Meng Rujiao.

Meng Rujiao has never seen these things, she doesn't even know how to use these things, last night, the incident of Baidu man and woman has already made her exhausted.

When the Cold Lords came out of the kitchen, the soldiers called him away, saying that there was something that hadn't been cleared up yet.

Meng Rujiao eventually gave up on the various contraptions that Bing Bing had stolen from his own wife, and she put on Bing Bing's wife's clothes instead.

It was a beautiful floral dress, and Meng Rujiao was still wearing a dress for the first time, shaking her two long legs, always feeling a little odd.

Makeup she would not use, she just let her hair down, there were wildflowers in the woods she picked one and put it in her head.

"Wow, Pepper, I can't believe you've changed your clothes, just like a new person," Big Bang drooled.

“Yeah Pepper, I didn’t expect you to be quite feminine, is that what makes you a woman?”

“I’m already a woman,” said Meng Rujiao with a sip and a smile.

As I was saying, the Cold Lords and Bing Bing came down.

Seeing Meng Rujiao the cold owl was also shocked.

Meng Rujiao was usually like a tomboy, but her hair could tell that she was a woman from top to bottom nowhere.

She also dressed like a boy, and this was the first time I’d seen her in a dress.

Only, the cold lord quietly measured each person’s expression and found that there was something fishy about it.

“Boss, come on down, we’re eating.”

Monkey hastily greeted, squeezing his eyes towards everyone.

Everyone was sitting in their seats.

“Come on, I’ll share the chopsticks for everyone.” When the monkey took a pair of chopsticks and handed them to someone else, he would say “soup” with his mouth.

Everyone understood, because the Cold Lords had said no alcohol was allowed, and the original plan was to put the drug into the wine, and without the wine, the drug would have to be put somewhere else.

We all understand the monkey this is the medicine into the soup, the cold owl also likes soup most on weekdays.

“The first thing you need to do is to take a look at the newest version of the newest version.

“Well, they’re all brothers of their own, open up and eat, don’t be busy.” The Cold Lords give orders like.

“Come on everyone eat the food, the boss’s handiwork” the monkey began to serve the food.

The first thing you need to do is to take a look at the Leng 梟 and wait for him to drink the soup.

Especially for Meng Rujiao, this heart is about to raise its throat.

The Leng Lords ate the food vigorously, but didn't take a bite of soup.

Everyone can't eat. They're all waiting to find out when he's going to eat his soup.

Finally the Cold Lords took the bowl of soup up for a couple of sips.

"I'm going to go to the bathroom." After saying the cold owl got up and went to the bathroom.

That's a relief for everyone.

"There's drama,"

The Cold Lords came out of the bathroom, "I've already eaten, I don't have much of an appetite today, so take your time."

After saying that the cold lord went directly upstairs.

"Hurry up and keep up, Pepper is all yours tonight," urged Big Bang.

Meng Rujiao took a deep breath and hurriedly caught up with the Leng Lords.

Everyone else was rubbing their hands as if they were the ones who were about to do the big thing in life.

"Boss, I have something to tell you." Meng Rujiao knocked on the Leng Lords' door.

The cold lord looked her up and down, "Come in."

Her Bossy Yet Naive CEO Chapter 600 - 602

Chapter 600

Meng Rujiao walked into the cold lord's room and looked around.

"What do you want from me?" The Cold Lords remained aloof.

"Well I, that."

Meng Rujiao couldn't say anything as she rubbed her head and fidgeted.

She didn't even prepare a line for herself, didn't she say that the drug was powerful? As long as the cold owl eats it, it will soon react.

So Meng Rujiao felt no need for lines at all, just waiting for the cold owl to pounce on him himself.

"Get out if you're okay, I'm going to rest." The Leng Lords saw that Meng Rujiao had been silent and gave the order to expel him.

"No, I have something" Meng Rujiao immediately became anxious when she heard this.

"If you have something to say, say it quickly." The cold lord glanced at her as if he had already seen through her.

"My boss one actually."

Meng Rujiao fidgeted and couldn't say anything.

She's so anxious, why isn't his medicine working yet?

"What are you waiting for, Pepper?"

"I'm waiting for you," Meng Rujiao almost got out, "Nothing, nothing."

"You're waiting for my medicine to kick in,"

"Ah," Meng Rujiao blinked hard a few times.

"I knew something wasn't right from the moment you came downstairs today, and I didn't even have a soup like that to stop doing, so get out."

Meng Rujiao listened to the cold and icy tone of the Leng Lords.

It turns out that it's all within the control of the Cold Lords, who know everything.

Meng Rujiao hung her head in dismay, she was ready to turn around and leave without saying anything.

Somehow the moment she turned around, the Leng Lords suddenly felt some heartache.

Just in the next second, the Leng Lords suddenly felt their breathing and heartbeat suddenly accelerated, always feeling that there is a hot stream of body is restlessly ready to gush out.

He stumbled and immediately held onto the table.

The sound alarmed Meng Rujiao, who immediately turned around to look at the Leng Lords, "Boss, what's wrong with you."

"I'm fine, get out."

"The company's main business is the development of a new product line, which will be introduced to the market in the near future.

"Go away "The Leng Lords pushed Meng Rujiao away.

Meng Rujiao immediately stepped forward again, "You've always been like this, every time you get sick you don't go to see if you really have a fever, you must see a doctor"

The young woman's gentle little hand on his cheek made the flame in his heart burn brighter and brighter.

Leng Lords looked at Meng Rujiao and directly picked her up and put her on the bed.

Meng Rujiao was still a bit unresponsive, "Boss, what are you doing"

Meng Rujiao could only hear the rapidity of the Leng Lords breathing and the pair of burning eyes that seemed to swallow her up.

Oh, sh!t. I thought you said you didn't take your medication.

How could that be?

Meng Rujiao was still new to experiencing male and female affairs and couldn't help but get a little nervous.

In the living room, the brothers were still taking their time waiting for news.

The monkey came running out of the bathroom.

"Oh no, oh no, the boss threw up all the soup I found by the toilet" the monkey yelled hard.

Everyone but the soldier looked uneasily towards the upstairs.

Ten seconds of silence for Pepper.

"I told you this wouldn't work, the boss is so smart, can he just take the bait" said the big guy with a pat on the thigh and a hug on his head.

"You're just a horse's rear end."

"Good thing I had a second hand," said the soldier, stroking his chin.

We all looked at the soldier together.

"Before we ate, I said I had something to see the boss about, and we both had some tea in the room, and in the tea I also put a little medicine in there just in case we needed it." Soldier explained.

"By Bing Bing, you usually look so honest, I didn't think you'd be so useful at a critical moment."

"That's right, Bing Bing, didn't see it coming."

"Now we're all relieved, go back to sleep, don't bother them two, just the boss's skill, this is not a fight until dawn" the rat yawned.

So everyone went back to their rooms.

In Leng Liao's room

"Don't, don't let go of me" Meng Rujiao kept pounding her hands and feet.

This sobered up the Cold Lords quite a bit.

Half of Meng Rujiao's clothes had already been ripped off, but he suddenly closed his hand and walked straight into the bathroom, picking up the shower and spraying it towards his face.

The cold water hitting his face made him feel much more awake.

He went back into the bedroom and pulled Monroe up on the bed and pushed her straight out the door, locking his own.

Meng Rujiao only then realized what her true purpose was but now it was too late.

She had to go back to her room.

I don't know if it was because they missed this, but everyone was up at the same time, but when they found out from Meng Rujiao's mouth what happened last night, everyone stared hard at Meng Rujiao.

"Useless thing, thanks to all of us who helped you think of it."

"You're the one who deserves it. You're the one who's still trying to catch up with the boss."

You all talk about Meng Rujiao to no avail.

Meng Rujiao also hates herself for being so useless.

And yet the cold lord said nothing, as if nothing had happened last night.

After another day, it was time to go down to the grave and everyone picked up their spirits again.

Arrival site survey completed, all deployments in place.

"It's the same old rules, when you go down there, no one is to go alone, everything is at my command." The cold baron is still the one with the leadership style.

"Yes," everyone said in unison.

Everyone packed up and put on their gear and went down to the grave.

It's not the first time we've been down to the grave, and there's nothing new to see, so we're all very cautious and careful along the way.

The Cold Lords were always the first to go.

Finally into the crypt, this large tomb is very luxuriously decorated, with a lot of gold and silver treasures and antiques and curios, innumerable.

"We're rich," the big man couldn't help but exclaim.

Leng Lords were never greedy, and he educated his own men to be the same.

"It's the same old rules, each person can only take three things, be quick, I'm afraid there are still traps here, so be careful."

Once again, the Cold Lords gave orders, and everyone got orders to immediately start picking out what they liked.

Meng Rujiao seemed a little distracted, these things were commonplace and didn't appeal to her, or perhaps her heart wasn't in it.

She slipped around the crypt at random, looking here and touching there.

Suddenly I noticed a flower carved lifelike beneath the coffin.

She was curious, so she went over to touch it and suddenly heard a "da" sound.

The flowers suddenly rose out of the ground and slowly bloomed before her eyes.

Meng Rujiao laughed, but there was something so high-tech.

"Beware," the Cold Lords suddenly yelled.

Chapter 601

lit. ten thousand arrows in one volley

Just in the nick of time, the Leng Lords directly pressed Meng Rujiao underneath them.

At that moment, the two of them looked at each other.

Meng Rujiao was shocked and foolishly looked at the Leng Lords.

The company has been in the process of developing the new product for the past few years, and the company is now in the process of developing the new product.

“Don’t you want to die?” the Cold Lords bellowed with a glare.

The entire crypt began to shake, and dust continued to fall from above.

“No, the cemetery is collapsing,” said Soldier, holding his glasses on the bridge of his nose.

“Immediately retreat,” the Leng Lords ordered, we immediately ran towards the door.

Every time we went down to the tomb it was a nine-life experience, and before each time everyone was prepared to never come back up.

At the moment they had just exited from the tomb, there was a “boom” and the entire crypt collapsed.

“That was thrilling, glad we exited early” Monkey wiped the sweat from his brow.

“It looks like this crypt made a self-destruct mechanism, and now when someone is found to be raiding the tomb and runs into the mechanism, it will turn on the self-destruct mechanism, no wonder I didn’t even find anything before, it was done so stealthily.” Bing Bing is a technical control and starts analyzing as soon as it comes out.

“But we didn’t run into any traps, did you guys run into any traps?” the monkey asked, touching his head.

Every one of them was already familiar with the catacombs, and they were all familiar with the usual mechanisms.

The Leng Lords immediately rushed to Meng Rujiao, “so obvious organs can’t see it? What are you thinking about, everyone is going to be killed by you.”

Everyone looked at Meng Rujiao, but it turned out that Meng Rujiao had accidentally touched the mechanism.

The Leng Lords have always been merciless in scolding people.

The first thing you need to know is that you can't do anything wrong.

Everybody's nuts. What the hell is going on here?

"I know you care about me in your heart" Meng Rujiao closed her eyes, beautiful.

The Cold Lords also had a moment of hesitation.

"Boss, just admit it, you like me too, right?"

The cold lord pushed Meng Rujiao far away with one hand.

"Don't follow me with this crap, you touched the trap yourself and saw all your brothers die with you, give yourself a good calm introspection, pack your things, retreat"

The cold lord's face was still cold.

Meng Rujiao playfully threw out her tongue, still just beautiful.

On the way back, the Cold Lords didn't say a word.

Meng Rujiao, however, kept thinking back to the way the cold lord threw her underneath him.

"Pepper, what have you been smiling about" said Bigger and stronger looking at Meng Rujiao.

"You know, when I touched the mechanism just now, the boss said it was too late and just jumped me, so I think the boss has me in mind, don't you?"

"If it wasn't for the boss, you'd have been poked and prodded." Soldier said.

They are all brothers born and bred, and will not blame anyone for breaking the authorities and putting everyone in danger.

"I have an idea, don't we always have to have a celebration feast every time we return from tomb raiding" Meng Rujiao seemed to have an instant enlightenment.

“You’re not thinking of drugging the boss again, the boss is so smart, it’s impossible.” Soldier shook his head and said.

“No drugs, we don’t get drunk at every celebration, I’ll have my own ideas then.” Meng Rujiao looked like she had a chest.

There was indeed a celebration this night, though they had touched the mechanism and caused the tomb to be destroyed, and at least each of them had brought back one or two things that didn’t leave them pellets.

“Boss, we’ve survived another death today, here’s to you,” Big Zhuang was the first to lift the glass.

The Cold Lords also came to drink it all.

“Yeah, boss, already don’t know how many times this is the first time I’ve escaped death, but next time I won’t be so lucky, so I’m not going to get drunk today,” the monkey, who had three consecutive glasses of wine, didn’t change his face.

We all drink, usually this time the cold owl will not be so spoilsport, and everyone is a drunken party.

The cold lord wasn’t a good drinker, he was a little drunk without having too much to drink, but he was pretty sober.

“I’ve had too much to drink, you guys go on.” The cold lord swayed upstairs, stuck his head into his own room, and lay down on the bed and never wanted to get up again.

It was a solid night’s sleep.

Everyone got a little too drunk that night and didn’t get up the next morning.

It was about 10:00 am when the cold owl finally opened his eyes, and the moment he opened his eyes he felt a sharp pain in his head.

The cold lord rubbed his temples and sat up, suddenly realizing that there was another person by his bedside, startling him.

Meng Rujiao was sitting on his bed, covered with his blanket and wearing his hair.

“Pepper, what are you doing here?”

“If you ask me why I’m here I’ll have to ask you, boss, you’re not going to turn your back on me, are you” Meng Rujiao hung her head with a touch of shyness on her face.

“What’s the admission” the cold owl’s head is racing, what else actually happened last night.

“You see you’re just going to disown the two of us last night, last night” Meng Rujiao bit her own lip and laughed, “I don’t care, you’re responsible for me anyway.”

“You mean the two of us last night “The Cold Lords patted himself on the head, he was indeed drunk last night, and he really couldn’t remember what happened.

“Yeah, don’t you remember, the two of us had that last night, and you’re responsible for my body.”

Meng Rujiao boldly shouted towards the cold lord.

“Really? “The cold lord is not remembered at all.

“Of course it’s true, can’t I lie to you boss, I can’t believe you’re this kind of person, you’ve turned your back on what you’ve done and still won’t admit it.”

“There’s no way I can’t admit what I’ve done.”

“This is what you say, then you marry me and let me be your woman” Meng Rujiao took advantage of the victory.

“But it’s whether or not something like that happened last night that matters.”

“Of course it happened, can’t I lie to you, we’re all in the same bed, in one bed all night of course it happened la”

Meng Rujiao was anxious and hurried to explain.

“Lying in one bed all night, that’s what happened?”

“You’re drunk you don’t remember, but I remember it happened, it just happened I say it happened it just happened” Meng Rujiao argued reasonably.

“Then describe the process to me, so I can remember, I really don’t remember much.”

Leng Lords walked to the table and sat down, pouring himself a glass of water.

“That last night,”

Chapter 602

Meng Rujiao was trying to think of words, “Then I came over to see you about something and then you were drunk, weren’t you, and you just grabbed me on the bed and”

The Cold Lords calmly drank a glass of water, “Okay, don’t make it up.”

“I’m not making this up, it’s true.”

“Then explain to me why we’re still wearing the clothes on our bodies when we’ve even done that already.”

Meng Rujiao hurriedly looked down at her clothes, she was indeed wearing her clothes well.

“And what about me carrying you to bed in one hand, I was drunk and wobbly walking yesterday, let alone carrying you.”The Cold Lords continued.

“You” Meng Rujiao didn’t expect to be revealed so quickly.

“Get out.”

Meng Rujiao jumped right off the bed, “Boss, why don’t you just agree to let me be your woman I know you have me in your heart, and I have you in my heart, why not”

“You’re still a kid.”

“I’m 20 years old, I’m not a child. I’m 18. I’ve been an adult for two years. By law, a girl can get a marriage license when she’s 20.”

Meng Rujiao said with a stalk.

“I’ll let you out” the Cold Lords are even more impatient.

“Boss,”

“Say bullsh!t again, and believe me I can throw you out right now, how I brought you back.”

The cold lord dropped the teacup to the floor.

Meng Rujiao left her mouth and had to slink out.

Once again, she failed.

The cold owl looked at her back a glance memory as if it was pulled back seven years ago.

Seven years ago, they were a newly formed team.

The Leng Lords is on the street to see Meng Rujiao, that year Meng Rujiao only 13 years old, or a dirty little beggar.

At 13 years old, the little girl already knows how to look pretty, she can groom herself and her breasts are starting to develop slowly.

The first thing you need to do is to take a look at the new product.

Meng Rujiao stole his money and was caught by him, and the cold lord also felt sorry for the beggar, so he gave her the money, but she was like a follower and kept following her.

“Why do you keep following me?”

“I don’t have a home or a place to go, you’re a good man and I want to follow you.”Meng Rujiao spoke very bluntly.

“What makes you think I’m a good person just because I gave you money?”

“No, I can see that.”

“Look out huh.”The Cold Lords laughed, “My job is very dangerous, it’s not appropriate for you to follow me.”

“I’m not afraid of danger, my dad sold me several times, then I got into the circus, that’s what’s dangerous, I can’t finish my meals every day, I have to practice, I fall down and get beaten.”

“Circus “The Leng Lords listened carefully to Meng Rujiao’s story.

Meng Rujiao’s family lived in the countryside and there were too many children, so her own father sold her, and she was changed several times, peddling around in the hands of traffickers and into the circus.

Because she was old, all the circus kids started practicing when they were three, four, five years old, but she was ten years old when she entered the circus, and couldn’t practice well enough, and she was beaten and bruised.

Then she ran away from the circus and became a beggar.

“I’ll follow you, big brother, as long as you don’t beat me and let me eat whatever you want me to do.”

Meng Rujiao pulled the hand of the Leng Lords and begged bitterly.

“It’s not that I don’t want to take you, little brother,”

“I’m not a little brother ah, I’m a little sister, I’m a girl” Meng Rujiao blossomed with an innocent smile.

In that instant, the Leng Lords were stunned, she was a girl!

Leng Lords were suddenly in a tangle, he was naturally inconvenienced with a girl, but if people knew she was a girl, her situation would be a hundred times harder than it was now.

He could even imagine what it would be like to be a girl, out on the streets.

And she’s 13, once she develops and people find out she’s a girl.

In the end, the Cold Lords took her away and brought her back to live with the team.

He remembers when Meng Rujiao’s first menstrual period scared the hell out of herself and thought she was going to die.

She held him tightly and cried non-stop, and said that in her next life, she would marry him as her daughter-in-law.

The Leng 梟 only knew later, it was Meng Rujiao's first menstruation, these things and no one to teach her, the Leng 梟 is also a young man, to this kind of thing more or less shy, but he is her only dependence.

He bought books for her to read and even taught her how to use sanitary napkins.

The cold owl even gave her an online corset when she started to develop her breasts.

At the age of sixteen or seventeen, Meng Rujiao began to understand and stopped talking nonsense.

Until the day of her 20th birthday, everyone celebrated Meng Rujiao's birthday together.

Everyone was a little too drunk, and the Leng Lords and Meng Rujiao were the ones who kissed that day.

The Leng Lords didn't know what was wrong with them that day, only that they were a little dizzy from drinking.

Seven years have passed since then, and the tomboy who couldn't see a man or woman has come out of the woodwork.

The cold lord suddenly didn't know what to do with her.

The cold lord came to the room of Bing Bing, who is the team's technical control, proficient in computers, and also in charge of the accounts.

"Boss, you wanted to see me about something."

"Make a tally of all our accounts, and this time, I've found a buyer for the stuff that's ready for immediate action."

"Boss, there's no rush right, we're not waiting for the money."The soldier felt very baffled.

"I have an emergency, so do as I say."

“Oh,”

Bing Bing also didn't continue to say anything, but felt that the cold owl was strange.

A week later, all the money was aggregated, and the soldier had compiled a data sheet.

The Cold Lords took these and gathered everyone together.

“Here's all the money we have now, I'll divide it equally into five parts and each of you will take one to go.”

Everyone looked at each other, not knowing what was happening.

“What do you mean, boss?”

“In our line of work, it's nine lives every time, walking on the edge of a knife, you're all big and old, Bing Bing has been married for a few years, it's time to have children, you should live a normal life, so let's say goodbye.”

The Cold Lords spoke in a very relaxed tone.

Everyone got his point. It's a dissolution.

“Boss, are we disbanding?” asked Bigger.

“Sort of, we'll have a whole new life together, we've been brothers for so many years since we were born, so we'll meet again someday.”

After saying that the cold lord went straight upstairs.

Her Bossy Yet Naive CEO Chapter 603 - 605

Chapter 603

Leng Lords words instantly blinded everyone, from the beginning of their formation as a team, they never seemed to consider that they might disband one day.

Everyone hadn't converted for a moment.

After a few seconds of silence, the monkey suddenly spoke, "So do we mean to disband on the spot?"

"Could it be that you just realized what the boss meant" Bing Bing glanced at him.

"But why should we disband for good reasons, just because something happened this time down the tomb? But none of us were injured and we've encountered this situation before ah "Big Zhuang is a bit of a baffled monk.

"Maybe the boss is just being impulsive, maybe he'll figure it out tomorrow," the rat didn't think so.

"Not on impulse, the boss had this planned a few days ago." Soldier said looking very deep.

"What do we do" the rat finally felt a hint of panic.

Only Meng Rujiao had remained silent, and everyone had focused their attention on her.

"Pepper, are you pissing off the boss?"

"Yes, it must be you,"

Everyone felt that this matter had something to do with Meng Rujiao.

"What's it got to do with me, I just want to be with the boss, the boss just rejects me, no need to disband it."

"That's right, we can't just disband."

We all started a new round of brainstorming, but thinking hard, nothing can be figured out, no one can figure out why the Cold Lords want to disband.

This evening everyone went back to their rooms with only two questions in their heads.

Why disband if you do, you can do something about it.

It was a sleepless night.

When the sun rises, it's a brand new day.

Everyone gathered in the living room in unison, one panda-eye at a time.

"I thought about it all night last night and couldn't figure out why the boss disbanded." The big strong general patted himself on the head as he said.

"I can't figure it out either," the monkey's upper and lower eyelids were already fighting.

Meng Rujiao was even more depressed.

"Why don't we go talk to the boss," the rat suggested.

"Let's go, let's go together, let's talk it out, there's still the matter of Pepper, we're all born brothers, what can't we say right" Bing Bing straightened up, lofty.

"Okay, then you take the lead" everyone looked at the soldier in unison.

Bing Bing took a look at the cold baron's room a bit beaten back.

On a normal day, the Leng Lords are very strict with them, and to be honest everyone will be more or less afraid of the Leng Lords.

"Just go, what's there to be afraid of" Bing Bing walked in front of him and everyone followed behind him.

Several people stood together at the door of the Cold Lords, and Bing Bing knocked gently on the door.

There was no sound in it.

"Geez, will you use some force," said the big guy knocking hard on the door.

It turned out there was still no movement inside.

"The boss isn't awake yet, is he?"

"What time is it, the boss can't do it yet, besides, the boss sleeps very lightly, he should have woken up long ago with all this noise"

As he said that, the big man just pushed the door open, and it was empty.

The room was clean and tidy.

“Where did the boss go? “Meng Rujiao looked around for him.

“Okay, don’t even bother looking, the boss is gone.” Soldier picked up a piece of paper from the table, “You see, this is what the boss left.”

There were a few words written on the paper: starting today, go your separate ways and find something to do.

The Leng Lords have always come and gone without a shadow, so suddenly left, must also be unwilling and they face to face separately.

“It’s over, the boss is really gone, the boss doesn’t want us anymore” the big guy sat on his ass.

“Yeah, now the boss will never come back” the rat was also sad.

It was clear to everyone that the Cold Lords would not be coming back and they really disbanded.

“No, we can’t just disband” the monkey suddenly wiped a tear and stood up.

“The boss is gone and we can’t find him, so what else can we do if we don’t disband” the rat sighed forlornly.

“We need to get the boss back we definitely can’t just disband like this” the monkey was still very determined.

“That’s easy for you to say, where are we going to find it, even if we find the boss we’ll be willing to come back, he’s definitely eaten the scales this time and is determined to disband.”

The soldier who hadn’t spoken suddenly opened his mouth, “Maybe we can get it back.”

Everyone looked hopefully at the soldier, who led them all to their rooms.

He pulled out some papers from under his pillow, “Look at this.”

We picked up the newspaper and found that there was a cold owl in the paper.

He's in a suit and he's holding a bunch of green roses.

There's another woman.

"What's going on here?"

For the news of the entertainment industry, these people are not very interested, they are all big and coarse, the Internet is also to look at novels and so on, and then there is the study of antiques.

"This woman's name is Jasmine Tong, my wife told me that she's an actress, she's said to be quite famous, the boss must like this woman."

Meng Rujiao immediately snatched the newspaper away and looked at the woman in the paper, "It's not very good looking."

"I remember a time when the boss used to buy roses." The monkey recalled carefully.

"Green roses, the green roses say I love only you alone."

Hearing this, Meng Rujiao felt even more uncomfortable

"The boss shouldn't be disbanding for this woman,"

Everyone finally found the trail.

"I think it's possible that the boss is trying to disband us for this woman."

Everyone's eyes were fixed on Meng Rujiao.

"What are you all looking at me for? He didn't dissolve it for me, I don't think this woman is much of a woman, she doesn't have big breasts and she looks like that."

The first time I was in the hospital, I had to go to the hospital to find a doctor.

"So this arduous task will be entrusted to you yah" Da Zhuang slapped Meng Rujiao's shoulder fiercely.

"What daunting task,"

“The task of getting the boss back ah, if the boss is really for this woman, then you get the boss back, won’t the boss disband us.”

“That’s right, we should be able to find where the boss went based on this woman following the trail.”

“That’s right too” Meng Rujiao was getting excited again.

While they were discussing how to retrieve the Cold Lords, the Cold Lords had returned to the Crystal Garden.

The company has been in the process of developing the new product for the past two years.

“Brother, you’re back just in time, you came back just after we set the date for our wedding.”

Chapter 604

“The wedding date is set,” the Leng Lords is also quite surprised, he just left less than a month only.

“Yeah, it’s set, time is running out, brother just in time for you to come back, you can have your hands full.” Jasmine Tong said jokingly.

“It’s good to be busy. Where’s Ono?”

“He’s just been on a business trip for the past few days, the wedding date is set, there’s some things on the company side that he can’t get away from, and he’s got to catch up on work, so you’re tired, go upstairs and get some rest.”

The Leng Lords laughed lightly, full of fatigue, “Then I’m going upstairs to rest.”

Jasmine Tong also didn’t say anything, but she always felt that the Leng Lords were strange.

Albert Ou and Jasmine Tong’s wedding has been set for the 28th of next month.

Jasmine Tong stopped all the work she was doing and settled down to prepare to be a bride, and also began to prepare for her own wedding.

Three days after Leng Lords returned here, Meng Rujiao and the others found the place by following the vine.

Several people crouched in the corner.

“I’ve checked, and this is the place.” Bing Bing, the technical control, once again showed his powerful abilities.

“Pepper, we’ll leave it all to you.”

“Well, don’t worry guys, see God kill God, see ghost kill ghost, I will definitely bring the boss out” Meng Rujiao’s eyes were so determined.

“Keep your cell phone with you, and if you need anything, contact us.”

“Good,”

A few people put their hands together, and they united like never before.

On weekdays, as long as they weren’t going down to the grave, they were all fighting in the villa, but now they had surprisingly reached an unprecedented level of unity.

Meng Rujiao carried her own backpack to the gate, and the gatekeeper immediately stopped her.

“What the hell are you doing here?”

Meng Rujiao’s eyes barred and blinked.

“I’m looking for the Cold Lords.”

“Looking for Mr. Leng,” the gatekeepers looked at each other.

The Leng Lords is a VIP level person here, they can’t afford to slow down.

“Wait here for a moment, I’ll go give an announcement.”

A gatekeeper went inside.

Jasmine Tong is in the living room looking over the pictorials sent over by the wedding company, picking out her own hand bouquet.

Each bouquet was exquisite, and she couldn't really decide on her own.

"Ma'am, there's a little girl outside who says she's looking for Mr. Cold."

"Oh, let her in, then." The company has been in the process of developing the new product for the past two years.

"Yes, ma'am."

Since it is a friend of the cold owl, that Jasmine Tong can not slow down.

"Mother," Pear Blossom came over with San-San in her arms, "Madam, the young master is so naughty, I can't stop watching him for a while."

Jasmine Tong smiled and picked up San San, "San San, you've been mischievous again, and you've made your Auntie Pear Blossom angry again little villain."

San San giggled.

"Pearly, you go rest, I'll watch him."

As I was saying, someone brought Meng Rujiao in.

"Ma'am, she's the one looking for Mr. Cold."

Meng Rujiao immediately recognized that the woman in front of her was the same woman she had seen in the newspaper

But the fact that she was carrying a child in her arms surprised Meng Rujiao.

Mr. Leng, Mrs. Leng, the kids... do you think they've...

The first thing you need to do is to take a look at the newest products that are available.

Jasmine Tong also sized up the little girl in front of her, what a handsome little girl!

"May I ask who you are,"

"You are Jasmine Tong, right" Meng Rujiao's tone was not polite at all, where did she expect that the two of them would even have children now

“Yes, I’m Jasmine Tong.” Jasmine Tong replied hastily.

“Odd,”

Jasmine Tong didn’t quite understand what she meant.

Meng Rujiao pulled her voice although they have children, but she must not lose.

“My name is Meng Rujiao, did he tell you about me?”

Jasmine Tong blinked then shook her head.

How long has Meng Rujiao been a little disappointed, she thought she was at least a very important person in the heart of the Leng Lords.

But he never even mentioned it.

Meng Rujiao quickly steadied herself, “Of course he won’t mention it to you I’m telling you, my name is Meng Rujiao, I was brought up by my boss”

“Oh,” Jasmine Tong didn’t think that there was such a person in the world of the cold owl.

A keen sixth sense told Jasmine Tong that the Leng Lords’ recent abnormalities had a lot to do with this girl.

“Where’s the boss? Oh, the Cold Lords.”

“He’s out, Miss Mon right or you can take a short break, where you’re from.”

“I’ve come from far away” Meng Rujiao didn’t want to reveal too much.

“My wedding is next month, so if Miss Meng doesn’t have anything to work on, come along for a wedding reception and it just so happens that I’m short of a bridesmaid candidate here.” Jasmine Tong invited.

Meng Rujiao’s eyes went wide, “You guys aren’t married yet and have kids.”

“Yeah, been too busy to have a wedding, if that’s okay, Miss Mon.”

“Yes,” Meng Rujiao agreed in a hurry.

Jasmine Tong immediately ordered the maids to arrange a room for Meng Rujiao.

Where had Meng Rujiao seen such a large house, this one room was so luxurious that she was a little overwhelmed.

She immediately sent a message to her brothers.

“The boss and this woman even have kids already, they’re having a wedding next month, and this woman invited me to be a bridesmaid.”

Monkey: “You’ve met the best.”

Bing Bing: “I can’t believe there are women in the world with such a generous heart.”

Biggest: “Pepper you have to hold on ah better spoil their wedding and snatch the boss back.”

Rat: “As the saying goes, know yourself and know your enemy, then you will never be in danger, first go and see what that woman is all about”

“Okay, I’ll get the job done, this woman is not a good person at first glance.”

After sending the message Meng Rujiao lay down on the bed.

That woman heard that she had such a close relationship with the Leng Lords, but she didn’t even show a hint of expression.

That’s how scary she is.

I can’t believe their boss likes a woman like that.

Jasmine Tong knocked on the door, “Miss Meng, may I come in?”

“Come in.”Meng Rujiao hurriedly sat up and posed herself.

Jasmine Tong walked in with a plate of fruit and put the fruit plate on the table.

“Miss Meng, you’ve come a long way, if there’s anything you need, talk to the maid in time, or just come and talk to me.No need to be formal, just make this place your home.”

“This is Boss’s home, of course I’ll be rude Boss’s home is my home” said Meng Rujiao excitedly.

“Yes, this is his home, now that you’ve said that, I’m relieved.”

Chapter 605

Jasmine Tong saw that this girl was lively and cute and tongue-tied, but she also liked it very much.

“Miss Meng, from what you just said, you’ve known the Cold Lords for quite some time.”

The first thing you need to do is to get your hands on a new pair of shoes or boots.

“Counting seven years, I followed him when I was thirteen, and I’m twenty now.”

Speaking of age, Meng Rujiao felt proud of herself, looking like Jasmine Tong was a few years older than her.

“It’s nice to be 20, it’s exactly youthful.” Jasmine Tong took an apple and handed it to Meng Rujiao, “Miss Meng, can you tell me more about what happened between you?”

Meng Rujiao abdominal slander, this woman looks unruffled, but in fact has long been untenable, otherwise she would not come to get close to her.

“Well I had a poorer life, my own father sold me, and then I changed hands several times to the circus, I couldn’t stand it anymore, so I ran away and became a little beggar, and it was the boss who saved me.”

The first time I heard this, I couldn’t help but frown, this girl’s background is very poor, but I guess I didn’t go to school, and the cold owl together.

“The boss was so good to me, when I had my first period, I was so scared to death, I was bleeding so much, I thought I was going to die, I was in the boss’s arms and said if there is a next life I want to be his daughter-in-law”

Jasmine Tong laughed as she ate the apple, imagining that this scene was still quite funny.

“As it turned out, it was just a period, and the boss even took me down the street to buy a sanitary napkin and showed me how to use it, which was really sweet.”

The company’s main business is to provide a wide range of products and services to its customers.

“Then I started to develop, because I had eaten poorly and was malnourished and all the development was late, or my boss took me shopping for underwear, and at that time my boss picked out every piece of underwear for me.”

Meng Rujiao deliberately made it ambiguous as a way to test Jasmine Tong’s reaction.

“Then it looks like you guys are really close,” what else could Jasmine Tong say.

“Of course I’m the closest to the boss, I had a dream back then, I even snuck into the boss’s room and slept with him”

The company has been in the process of developing the new product for the past two years.

Meng Rujiao see Jasmine Tong is still a wave of calm expression, really a little annoyed, she said so ambiguous, how come this woman still does not react?

“Miss Meng, I can see that you are indeed very close, it’s late, I’m going to order the kitchen to make dinner, is there anything you would like to eat I’ll be sure to order.”

“I don’t need it, my oldest likes to eat what he likes to eat, I have the same taste as him.”

“Well, then, take a moment and I’ll go get ready.” Jasmine Tong said and walked out of Meng Rujiao’s room

Until dinner time, the Leng Lords did not return, so Jasmine Tong invited Meng Rujiao to eat dinner first.

As soon as the two men were seated, they heard the maid outside say, "Mr. Leng, you're back, Mrs. Leng is having dinner, why don't you join us?"

"I'm really kind of hungry." Leng Lords said and walked straight over to the restaurant.

Just walked to the door of the restaurant to see sitting inside the Meng Rujiao, the cold owl was directly terrified.

"What are you doing here?"

"I I that" Meng Rujiao timidly stood up for a moment unable to answer.

"Miss Meng is here to see you, sit with me, I cooked two dishes myself today."

Because Jasmine Tong is here, the Leng Lords can't say anything, so they have to sit down with a scalp.

The first thing you need to do is to take a look at the newest products that you can find.

"Boss, eat the food" said Meng Rujiao and gave the Leng Lords a piece of pork.

Leng Lords raised his eyes and looked at Meng Rujiao, who's smug little eyes were glancing at Jasmine Tong.

"Our oldest loves to eat five-legged meat." Meng Rujiao also did not forget to say something towards Jasmine Tong.

The Leng Lords suddenly understood that Meng Rujiao was treating Jasmine Tong as an imaginary enemy, and she might have misunderstood her relationship with Jasmine Tong.

That would be good to know.

Leng Lords immediately put a piece of fish meat in Jasmine Tong's bowl, "Jasmine Tong, eat more fish meat, high protein."

Meng Rujiao and Jasmine Tong were dumbfounded together.

Jasmine Tong looked at the Leng Lords with some surprise, and the Leng Lords kicked her feet under the table.

“Son of a good boy today,” the Leng Lords blossomed smiley face Jasmine Tong.

“Very naughty, I guess I miss my dad.” Jasmine Tong had to pick it up.

“Then I’ll go stay with him later.”

Meng Rujiao was on fire and was simply going mad!

After dinner, the Cold Lords said to Meng Rujiao, “Little Pepper, feel free to yourself, I’m going to check on my son.”

He said, pulling Jasmine Tong’s hand and went straight upstairs.

Meng Rujiao was even more furious and stomped her foot.

“Brother, what’s your situation ah people girls come all the way to you, you this”

It overwhelmed Jasmine Tong.

“Mandy, if you still think of me as your brother, you must do me this favor, it just so happens that Ono is away for a few days, she’s probably misunderstood our relationship, so let her misunderstand to the end.”

It’s the first time Jasmine Tong has seen a cold owl so panicked.

“Why do you want her to misunderstand us I think that girl seems to like you.”

“Oh my gosh you’ll just listen to me “The Leng Lords shrugged off Jasmine Tong’s hand and went straight to the nursery.

Jasmine Tong silently sighed, that’s eighty percent people don’t like this girl it, feelings this kind of thing is also can’t be forced.

Since the Leng Lords have said so, then she has no choice but to respond.

Meng Rujiao where willingly? Not a moment later, he came straight after me.

“I love kids too” Monroe smiled with narrowed eyes.

“Miss Meng, then you have time to come over and play, this is my son, named San San.” Jasmine Tong happily introduced.

The three people in the same space is particularly awkward, the Leng 梟 is a good father like to accompany San San to play with toys, good Leng 梟 on his nephew has been very good, but can not see any flaw.

It's just that Jasmine Tong is a little awkward, and it's weird to be stuck between these two.

"It's getting late, honey, let's go back to bed, my son will take the maid today, I don't want him to disturb us both."

On a normal day to see Ouze wild spoiled tantrum to see more, the cold owl also learned.

"Ah, well, I'll go get someone."

Jasmine Tong handed San San over to the maid, and the two went back to the bedroom hand in hand.

Meng Rujiao was devastated.
