

Her Bossy Yet Naive CEO Chapter 726 - 740

Chapter 726

Li Qinqin's few words made Li Hanjiang unable to say a single word.

He stared blankly at Li Qinqin's mouth as if it was filled with lead.

"You always say it's for my own good, this for me, that for me, but are you really doing it for me? if you're really doing it for me, why am I so unhappy why do I always want to run away from Dad, you're always working so hard, but do you know why I'm so rebellious and always have to be against you? because it's the only way you can pay more attention to me ah"

Li Qinqin had never said these heartfelt words to Li Hanjiang before, and her eyes had glistening tears in them.

"Why do I like Mo Yiang, because when I met him, I really met someone who really understands me, you all think I'm a bad kid, but he's the only one who believes I'm not really a bad kid, and he's the one who encouraged me to draw manga, and if it wasn't for him, I'd forget I could draw, and I'd still be a useful person."

The living room was so quiet that I was afraid a pin could be heard dropping on the floor.

Li Hanjiang also couldn't help but wet his eyes, since his former wife died, he had never talked to his own daughter, it was as if their two fathers and daughters had a heart to heart, no one would bring up the subject.

"Mr. Lai, Qin Qin is a good girl, although she has done many wrong things in the past, but I believe she is a kind and sensible child, after the foreign experience, she has grown up a lot and knows what she wants, as her father, you should let go."

Jasmine Tong hurriedly chimed in.

Li Hanjiang put his head down and said nothing and left straight away.

Watching his back as he left, Lai Qinqin also felt a little saddened.

“Chinchin, you’d better go home.”

Li Qinqin nodded and looked at Mo Yiang again, “If I can’t contact you in the next few days, I’ll be under house arrest by my father.”

Mo Yiang sent Li Qinqin out the door to catch up with Li Hanjiang’s car, and Li Hanjiang took Li Qinqin away with him.

The first thing I noticed was that the car was parked on the side of the road, but it looked so familiar.

Jasmine Tong sneered and walked over and directly opened the car door, Albert Ou was inside listening to music and playing games, playing that soundly.

“Yes, Mr. President, you’re quite free in the car by yourself.”

Albert Ou smiled wryly at her, having the feeling of having been caught doing something bad.

“I actually,”

“No need to explain you just keep playing here” Jasmine Tong “bang” closed the door of the car and walked back with big steps.

Albert Ou hurriedly got out of the car to catch up.

Mo Yiang couldn’t help but shake his head as he watched these two as well, it looked like a certain someone was having a hard time tonight.

As it was, Tong brought her two sons to the bedroom at night.

Albert Ou panicked at the sight of the frame.

“Jasmine, don’t go too far ah usually you sleep in the children’s room, what are you doing bringing them both over here today”

Jasmine Tong tossed a pillow to San San as she made the bed, “San San, give the pillow to daddy, daddy is going to sleep in the guest room today.”

Sanzo immediately held the pillow as if he had been ordered to bring it to Albert Ou.

Albert Ou stared hard at San San and walked to Jasmine Tong, “I can explain to you, just your kind of method simply won’t work, hide until when, so the best way to solve the problem is to face it you see so that not all problems are solved?”

Jasmine Tong later turned around and thought that it was indeed as Albert Ou said, but that wasn’t what she was angry about, but that Albert Ou was hiding and watching the show without saying a word.

Even if you want Mo Yiang and Li Qinqin to come out and face this, you can’t not discuss it with yourself, right?

“Seven, mommy hug and change.”

Xiao Qi immediately walked to Jasmine Tong with open arms, Jasmine Tong did not want to pay any attention to Albert Ou’s intention, and directly helped Xiao Qi change into her pajamas, Xiao Qi was also very excited to get into the quilt a strong smile.

Sanzo saw the situation and took Albert Ou’s pillow and threw it right out the door, then ran back with his butt in the air.

Jasmine Tong changed San San’s pajamas again, and the brothers assembled.

“Please close the door on your way out” Jasmine Tong also got under the covers.

“Are you really going to do that desperately” Albert Ou would have wanted to squeeze hard into the bed, although the bed was big enough for two people, but there was really no place to put your feet down when two little kids were fighting.

“It’s just one day today” Albert Ou had to go out the door in a greyish manner, closing the door for the mother and son on the way before picking up his pillow from the floor and walking towards the guest room.

On the other hand, Li Qinqin followed Li Hanjiang back to the Li family, but all the way until the whole night back home, Li Hanjiang did not say a word to Li Qinqin, which made Li Qinqin also very nervous, she even wondered if what she said was too much.

It's not easy for Li Hanjiang to work hard in the mall all these years, but it's all for the sake of his family, and her words deny him everything.

After dinner Lai Han Jiang went to the bedroom and didn't come out again.

Li Qinqin told Wen Lan everything that had happened today.

"Aunt Blue, I may have really upset my dad, so why don't you help me talk him down?"

Wen Lan pulled Lai Qinqin's hand and patted it gently.

"Qin Qin, you're right, your father will be fine, he's such a big man, he's lived most of his life, if he can't even figure this out, then he's living in vain, let him calm down first."

This night was not a good night for everyone, Li Qinqin slept in her own bed tossing and turning unable to sleep, the next day woke up to find the house and the usual two, Li Hanjiang went out early to the company, Wen Lan hurriedly urged Li Junjie to go to school.

After sending off John Lai, Wen Lan returned to the table before greeting Li Qinqin for breakfast.

But Li Qinqin has no appetite, Wen Lan suddenly remembered something like a trip out again before coming back, and put Li Qinqin's phone on the table.

Li Qinqin looked at her phone in puzzlement at Wenlan.

"Your dad he's fine, don't worry, you can take this phone back and use it."

"What's his attitude about my dad?"

A gentle smile appeared at the corner of Warm Blue's lips.

"Your dad was up almost all last night, he said he'd been thinking about what you said and asked if I'd gone too far myself, he said that on second thought he really shouldn't be opposed to you dating, he probably just didn't want you to leave him."

"Ah," Li Qinqin couldn't believe her ears.

“He himself also said that twenty is not young, and when you finish your studies, work stability is also twenty-three or twenty-four, by then who knows if there is a good one, and then fall in love for a few years, by then it will be too late to get married and have children.”

Chapter 727

Wen Lan’s words were very gentle, and she was originally an incredibly gentle woman as well.

Word by word, it spoke to Li Qinqin’s heart, causing her to shed tears.

“In fact, your father is a person who looks like a big old man, who only knows how to make money, but in fact he is also very emotional, he himself said that he might not be against you and Mo Yiang, but against the fact that you are dating and getting married to leave him, the thought of his daughter who he has raised for so many years to leave him, this is not good for his heart.”

Li Qinqin felt bad about it as well with her mouth open.

“Qinqin, your father is no longer opposed to you and Mo Yiang dating now, but he said he wants you to finish your studies in England and then come back to get married, preferably later, he wants to keep you for two more years.”

“Why is my dad so sentimental? Look at him, he’s so big and strong, and his words are so tear-jerking.”

Li Qinqin pouted and drew a tissue to wipe her tears.

“Aunt Blue, you tell my father I will study hard in England, and I won’t let dating keep me from studying, and as for getting married, I’d like to play for two more years, and even if I get married I’ll come back to see you often.”

Wenlan nodded gratefully.

After a few days, Li Qinqin’s vacation was over, so Li Hanjiang, Wen Lan and Mo Yiang came together to see her off.

Through these few days Li Hanjiang and Li Qinqin’s relationship has also eased a lot, in order to not let her dad get jealous, Li Qinqin has not paid much attention to Mo Yiang.

It wasn't until only Mo Yiang and Li Qinqin were left that Li Qinqin spoke to Mo Yiang.

Li Qinqin directly into Mo Yiang, "So sad to leave you ah, I just ignored you, you are not mad at me right"

Mo Yiang, however, didn't care at all.

"I did it on purpose, I was afraid my dad would be jealous, I really didn't think my dad would be jealous of his daughter at his age."

Mo Yiang stroked Li Qinqin's long hair, "You have to learn to take care of yourself when you go over there."

"Don't worry about that, I had a good life before, well it's mainly you."

Li Qinqin stretched out her finger to poke Mo Yiang's chest, "Remember to promise me that you can't be that close to an actress, especially don't start a scandal, your future father-in-law is always watching you."

Mo Yiang's smile was full of spoiling, "I know, I've said it a hundred times, let's go, don't miss your flight, let me know when you get there, I'll be joining the crew today, if I don't reply to you, don't think nonsense."

The two men reluctantly said goodbye, and Li Qinqin got on a plane to England.

Mo Yiang walked out of the airport just in time to see the plane take off, and he took a picture of it in passing.

"I wish you were flying back instead of flying away."

In this tweet, he incidentally also posted a photo of himself and Li Qinqin, before the news was still fermenting and the voices outside were rising and falling.

He hasn't responded, so let's make it official this time.

"To say two things here, first, I did fall in love, with Chinchin, and second, I believe that untrustworthy and presumptuous villains will get their just deserts.No more replies on this matter because my girlfriend is outside the circle and I don't want to be disturbed, thank you for your understanding."

This explanation of Mo Yiang's tweet cleared up all the news at once, and really gave a slap to the media who broke the news.

Especially the line, "I believe that untrustworthy and presumptuous villains will get what they deserve." Isn't that a clear indication that something is going on here?

The microblogging naturally caused a big stir after it was sent out, but Mo Yiang really didn't respond to any of it, and a few hours later he entered the set of the movie "Operation Raid" to shoot.

Things are basically resolved, but someone in the Crystal Garden is having a really hard time, and Albert Ou has been thrown out to sleep for three days by Jasmine Tong.

Albert Ou still has no intention of being recalled by Jasmine Tong, but his two sons are very happy these days, who doesn't want to sleep with his mommy, especially San San, who has to go to the guest room every day to show off to Albert Ou.

"Good night, Daddy, we're going to sleep with Mommy."

"f*ck off."

This conversation became a regular part of the nightly routine.

Tomorrow, Jasmine Tong will be entering the crew, Albert Ou had promised to allow her to make one film per year, and I don't know when she will be back.

Albert Ou is also pique, these three days except for the first day made a scene, but also thought to let Jasmine Tong to invite himself back.

result

But this is the last night Jasmine Tong is at home.

Albert Ou tossed and turned and couldn't sleep, so he got out of bed and went back to his bedroom, "Man"

As soon as he opened the bedroom door, a smell of roses came to his nose, and a heart-shaped red candle was lit in the place where he entered, and in the faint light of the fire, Albert Ou saw Jasmine Tong sitting on the bed, with rose petals all over the bed stimulating his visual nerves.

“What time is it? Come back, blow out the candles and go to sleep.”

Jasmine Tong had nothing good to say and just lay down and got under the covers.

Albert Ou took a closer look at the candles, some of them were already half-burned, showing that Jasmine Tong had been waiting for him for a long time.

He was really repentant to know that he had come back every night to make a scene and save the hours he had wasted.

Albert Ou quickly squatted on the floor and blew out all the candles, then with lightning speed he took off his pajamas and got under the covers.

“Why didn’t you call me?”

“No, I’m not telling you not to come back if you can” Jasmine Tong cupped Albert Ou’s face, “I’m leaving tomorrow, will you miss me”

“I don’t miss you,” Albert Ou buried his head in Jasmine Tong’s neck, “I’ll only miss you to death, Jasmine, you haven’t left yet, I’m already missing you, what to do”

“Then think about it.” Jasmine Tong hugged Albert Ou tightly, somehow the more time they spent together, the more painful it was to be apart.

Albert Ou has started to remove the pajamas from Jasmine Tong’s body and attack the city a little bit.

“One request, no strawberries on me.”

“Plant it where no one else can see it, plant it where you can see it when you look down, and let you think of me every day.”

Albert Ou’s words blew softly into Jasmine Tong’s ears, causing Jasmine Tong’s entire body to crisp up her bones.

After this night of warmth to the next time we see each other there’s no telling when it will be.

Neither of them spoke again, kissing slowly, feeling each other’s heartbeat and breathing.

I heard a squeaking sound, and the closet door seemed to be opened.

“Mommy, I want strawberries too.”

“Ah,” two people are going crazy.

Chapter 728

Jasmine Tong hurriedly took advantage of the fact that the lights hadn't been turned on to dress in a panic, and naturally, so did Albert Ou.

When the two of them were dressed, Albert Ou turned on the bedside lamp.

San San crawled into bed with a pout, “Where are the strawberries?”

“Sansan aren't you already asleep” Jasmine Tong was so afraid of this happening that she was very sure that her two sons were asleep before she dared to come back.

The little brat still ended up drilling the hole.

“I lied to you, hee hee.”

Albert Ou got off the bed and opened the closet, “You've been hiding in here.”

San San nodded mischievously.

“So you've been hiding in the closet every time you come over, no wonder you haven't been found” Jasmine Tong made a gesture to twist San San's ears, but in the end it was a little too hard to do so.

“Mommy, I still want to sleep with you, we don't want daddy ok” said San San as she threw Albert Ou's pillow under the bed

This little guy also seems to know that Daddy and Mommy have been fighting lately, and he's just in time to take advantage of the opportunity to dominate his own mommy and be more brazen.

“Little brat,” Albert Ou picked up his shirt and carried the little guy straight up into the air.

San San danced tooth and claw towards Jasmine Tong, “Mummy, help me.”

Jasmine Tong at this time but shook her head, “Mummy can’t save you, a child who doesn’t sleep well at night, mummy doesn’t like it, go back to sleep nicely.”

Albert Ou carried San San all the way back to the children’s room, almost waking up Seven, and only after three orders did this return to the bedroom.

But the two men were in total disarray and seemed to have a mental image.

“I thought I just heard something in the closet.”

Opened the closet to find that there was no Sansan inside.

“Will it be under the bed this time?”

It was empty under the bed.

All but one of the cabinets in the room where a small child could be hidden were opened and searched by the two men.

Until they got back to bed two people couldn’t help but lose interest and were still very tired.

“Honey, it’s late, let’s go to bed.”

“Son of a bitch, let’s see what I’ll do to him tomorrow.”

Albert Ou also turned around in a sweeping manner.

Jasmine Tong knew that as soon as she left, Albert Ou and her two sons must be rattled, especially San San, but this is good, she can’t see without her, let him teach her a lesson, it is indeed time for San San to be taught a lesson.

The night would have to end on such a sad note.

The next morning, as the alarm clock was set, Jasmine Tong woke up as soon as it went off, and would be entering the set today, probably leaving the house for a long time.

While Jasmine Tong was brushing her teeth in the bathroom, Albert Ou came into the bathroom with a gloomy face and hugged Jasmine Tong from behind, the face of lust making Jasmine Tong look very funny.

“Jasmine, how long are you going to be gone this time.”

“That’s hard to say” Jasmine Tong spat out the foam in her mouth and gargled, “I’ll try to get back early.”

“I’m already starting to miss you.” Albert Ou was glued to Jasmine Tong’s body like a child, greedily breathing in her scent.

“I’m telling you in advance, though, that this one is military, the process will be tougher, and I may have less time on video calls with you, so be prepared for that.”

It’s better not to lose your temper when the time comes.

Albert Ou didn’t say anything, but his hands were already getting restless.

Jasmine Tong rolled her eyes at Albert Ou in the mirror, “Why hands off.”

“Make out for a while” Albert Ou’s scorching k!ss with warm breath attacked Jasmine Tong’s neck, which was her most sensitive place.

Jasmine Tong pushed Albert Ou’s head, “Stop it, you’ll be late later.”

“It’s okay to be three or five minutes late.”

“Are you someone who can settle a fight in three to five minutes?”

“It seems I’m no less formidable in my wife’s mind.”

“Is that the point?”

The bathroom door was locked, and Tong was still taken down in the bathroom, but only because some kid ran over and banged on the door like crazy, causing someone to actually settle the fight in three to five minutes!

Jasmine Tong’s heart was broken, so she might as well not do it, and now Albert Ou’s shadow was even heavier.

Packed up and out, San San looked at Jasmine Tong with a bad smile.

“Mommy, have you two been sneaking strawberries in the bathroom again.”

Jasmine Tong touched San San's head, "Son, it looks like you're destined to get a beating, mommy is going to shoot a movie, can't help you, you remember to protect your head."

"Ah "San San still doesn't quite understand what Jasmine Tong is talking about.

Albert Ou had been the one who hadn't said a word in anger, and this was the scariest time for him.

After sending Jasmine Tong away, Albert Ou returned to the living room, and San San also knew that without Jasmine Tong, she would have no shelter, and escaped in a flash, taking refuge in Meng Rujiao's room.

Albert Ou ignored him and yelled the butler, Wu Xiu, over.

"I asked you to find a kindergarten for the young master, have you found it yet? The older you get, the more useless you really are, and you can't do such a thing."

Wu Xiu was also aggrieved, he was provoking whoever he was messing with, no need to ask to know that it must be the young master who had repeatedly badmouthed Albert Ou's good fortune.

"I've been looking, just,"

"What's so good about it is that we can just find a school that will do it. There's no such thing as long-windedness."

Albert Ou really doesn't want to see his son for a day.

Wu Xiu quickly helped San San choose a school and entered the kindergarten as an intern.

Albert Ou thought he would feel better after SanSan went to kindergarten, but he never imagined that he would have more things to do every day since SanSan went to kindergarten, that is, to wipe his own son's ass.

The first time San San attended kindergarten, she cried to seven kindergarten teachers, and the director herself came to her door crying and expressing her hope that San San would choose another kindergarten, or she would hang herself at Ou's house.

For this reason Albert Ou first hit San San, before it was just a scare, but this time it was a real move, spanking San San's little buttocks all red and swollen.

Albert Ou thought he'd be more careful, so he sent him to another kindergarten, but within a week, all the kindergarten teachers came over to complain about San-San's crime.

San-San naturally got a good beating again.

In one month, five kindergartens were changed.

All the kindergarten teachers say San-San is a real jerk.

Eventually Albert Ou sent him to an international kindergarten known for its strictness and military-style management.

Before leaving for kindergarten, Albert Ou sternly warned San San that if he was kicked out of kindergarten again this time, he would be kicked straight out of the house, and this time San San was quite honest, at least he wasn't ordered to leave.

When Albert Ou narrates this in the video with Jasmine Tong, Jasmine Tong is literally dying of laughter.

Her Bossy Yet Naive CEO Chapter 729 - 731

Chapter 729

"You're still laughing at me, I'm going f*cking crazy from your son's torture. Those kindergarten teachers had a snotty nose, and now they're dreaming of waking up."

"You should be thanking your son, if it wasn't for him you wouldn't be able to see so many beautiful young female teachers."

"You get the hell out of here."

San San and Xiao Qi heard Jasmine Tong's voice and hurriedly ran over.

“Mommy,”

One by one, they scrambled to talk to Jasmine Tong, and Albert Ou also knew that Jasmine Tong missed her son, so he gave up his phone and watched his wife being dominated by his two sons

Seven nicely cradled the phone in her arms as if she were hugging Mommy.

“Mommy, hug.”

“Wait for Mommy to come home and hug you, okay Seven be good.”

“Seven is good.”

“Mommy, when you come back get me a Transformer, and a TIE-DRAGON”
San San brought the phone over.

“Sansan, you’re getting into trouble every day, and you have the nerve to ask Mommy to buy you toys.”

This made Jasmine Tong deeply appreciate that this son is really deep in someone’s lineage.

“Then my dadby won’t buy it for me, so you’re the only one who will.”

“Why didn’t daddy buy it for you yet, Sansan, tell mommy if it hurts when daddy spanks your butt”

San San carefully recalled and replied, “It was okay.”

This answer directly made Jasmine Tong collapse, Albert Ou before when he said the first time to beat him, San San was really dropping tears, but did not think that the next day to forget.

“Don’t ever get into trouble again, will you?”

“Can” San-San’s slogan was always very loud.

Albert Ou quickly snatched the phone away, “You, take your brother to bed.”

Start abusing the power of a dad again.

Because of the recent frequent beatings, Jasmine Tong is not at home, San San is also very interesting, holding Xiao Qi's hand and left the bedroom, and on the way out did not forget to shout towards the phone, to Jasmine Tong to buy him toys.

As soon as the bears left, Albert Ou immediately turned off the lights leaving only a bedside lamp and got under the covers, now it was time for his nightly conversation with Jasmine Tong.

"Why are you turning off the lights, Black Brumaire."

"This has atmosphere, wife, do you wear camouflage clothing every day filming?" on screen Jasmine Tong wore a camouflage t-shirt, recently filmed to cultivate the atmosphere, everyone is so dressed.

"Yeah, nice looking?"

Someone squinted a little unkindly, "Look good, when will you be back"

"I don't know yet, shooting has been slow lately and I don't know when I'll be able to go back."

Hearing this Albert Ou's face immediately collapsed, it had been over a month and he still hadn't returned home.

"Honey, don't get upset, I'll try to go home early haha and be good and stay home with my son."

"Well, you get some rest early, good night."

Albert Ou also doesn't want Jasmine Tong to be too tired every day, even though the video is always attached to hang up early.

on set (of a movie)

The raid was indeed uneventful to film, and it can't be said that it was uneventful, only that it was too difficult to film, and the director was a man of excellence, demanding and striving to make every scene realistic.

This caused the actors to suffer and the shooting schedule was repeatedly dragged backwards.

"OK very good" the director said.

The actors immediately breathed a sigh of relief, the set was dusty at this time of year, but these days Jasmine Tong and everyone else was used to it.

They lazily crawled out of the dirt.

Jasmine Tong sneezed twice in a row, the staff immediately handed her tissues, her this eyelid also began to jump.

“Everybody come over here,” the director greeted.

Everyone thought the director might have a new request to focus on.

“It’s been hard on everyone these days, so we’re calling it a day, we’ve had a hard day of continuous night drama the last few days, so we can all get some extra sleep tomorrow, we’re taking a half day off, we’re all resting.”

“wow”

Everyone cheered up.

Since entering the crew, the holidays and so on that are not destined to be with them, this is the first time in a long time that they are going on holiday.

Mo Yiang also seemed very excited, because entering the crew is quite busy and tired, plus he is a foreign love, after entering the crew and Li Qinqin almost never contact, it seems that tonight should be able to chat for a while.

After closing everyone went back to the hotel together, Mo Yiang and Jasmine Tong walked together.

Jasmine Tong rolled her eyes.

Mo Yiang looked at her, “Sandy is squinting do you want me to take a look at it”

“No, I’ve been jumping on this eyelid.” Jasmine Tong bit her lip and looked at Mo Yiang, “You said the progress is so slow, why do you want to give us a holiday?”

“It’s not a good idea to take a half day off,” said Mo Yiang, who likes the idea.

“You’ve been in contact with the director for over a month, do you think he’s that human?”

“Hiss right, the director is inhumane, it’s not like he’s so understanding, then why do you think we’re on holiday”

“I have a bad feeling about this.”

Jasmine Tong had sensed the crisis coming.

“What a bad feeling ah, you women are just sentimental, nothing to look for you that there is still shampoo I brought to use up.” Mo Yiang didn’t think so.

“There, you come back with me to get it.”

The two people have gone to Jasmine Tong’s room while saying, Jasmine Tong was just about to take the room card to open the door, when suddenly the door opened a crack, but it was unlocked.

“You are also too careless, even the door without a lock is really wealthy, not afraid of losing things” Mo Yiang said and just pushed open the door.

Jasmine Tong scratched her head when she left the door was obviously locked ah

Mo Yiang said he went straight to the bathroom, only to hear a banging sound, which startled Jasmine Tong.

“The shampoo is in the bathroom cupboard, didn’t you find it?” shouted Jasmine Tong from outside.

“That that that” Mo Yiang took the shampoo and fled in a panic.

At the same time, there was also an Albert Ou Noe who had only a towel wrapped around his lower body.

“Little Uncle, you take your time washing, there’s no hurry, I’m leaving first ah” Mo Yiang fled in a hurry.

Jasmine Tong looked at Albert Ou, who had suddenly parachuted into her hotel room, and finally knew why her eyelids kept jumping.

“What are you doing here?”

“Can’t I come? “Albert Ou’s beautiful body was displayed before Jasmine Tong’s eyes.

“Can come can come, husband, quick hug” Jasmine Tong immediately pounced like a spoiled child, Albert Ou took her into his arms, his wife finally belonged to him again.

Albert Ou shrugged his nose, “Jasmine, what’s this smell on you that’s going to kill me.”

Chapter 730

The first thing you need to know is how to get rid of your husband.

The scenes filmed over the past few days have been hard fought and in very harsh conditions, and the director asked the main actors not to shower and not to wash their hair either.

The actors are barking up the wrong tree these days, but it’s good that they finished shooting this part today.

“You haven’t showered in a few days Hurry up and take a shower” Albert Ou disgustingly pushed Jasmine Tong to the bathroom.

It’s a good job to wash your hands of it.

Jasmine Tong had no choice but to do as she already wanted to take a shower anyway.

After taking a comfortable shower, Jasmine Tong also sped up her speed as she didn’t want to delay her reunion with Albert Ou.

It was only after washing that I realized I came in too soon and didn’t bring my pajamas.

“Honey, just get my pajamas over here in the closet.”Tonto shouted towards the outside.

Albert Ou opened the closet, Jasmine Tong’s pajamas were neatly arranged, and there was a set of camouflage clothes inside, he smiled unkindly and took the set of camouflage clothes out.

The bathroom door opened a crack and Albert Ou placed it directly on the cabinet in the bathroom doorway.

Jasmine Tong didn't care at first, and only when she was fully showered and ready to get dressed did she realize that Albert Ou had even brought her a camouflage uniform.

There are also some renditions of army life in the film, and naturally there are civilian clothes, and this camouflage suit is a cotton t-shirt plus a pair of loose pants.

Jasmine Tong put it on without thinking too much about it, blow-dried her hair and walked out of the bathroom.

"I asked you to get me pajamas, why are you getting me camouflage?"

Albert Ou looked up with his head down playing with his phone hearing this, "This is the first time I've seen you in such a nice dress."

"Looking good is probably not the same style as it used to be."

Jasmine Tong also felt valiant at first, but now it seems that's all.

Albert Ou had already prepared delicious food for Jasmine Tong, all brought over from home and ordered the home cook to prepare it and bring it over.

They ate dinner together, and it was as if they had all agreed that neither of them would mention the two sons in the family, and the subject was simply spoiling the mood.

"It's so full." Jasmine Tong stroked her round belly as she slipped around the room.

"Jasmine, I'm craving your spicy shrimp and sweet and sour pork ribs." Albert Ou said looking at Jasmine Tong fondly.

The original two people together for a long time, the most beautiful words of love is not what "I love you" "I miss you" and so on, but I miss your cooking.

Jasmine Tong was delighted in her heart, Albert Ou used to have a very light diet and didn't like anything sweet or spicy, but now she has been trained to like heavy tastes.

"When I get back, I'll make you whatever you want to eat."

Albert Ou raised an eyebrow unkindly, "You can make it for me right now."

“There’s no kitchen right now either, and I have to go grocery shopping, and there’s no market around here, so I want to eat that bad.”

“It doesn’t have to be that much trouble,” Albert Ou walked over to Jasmine Tong and picked her up, “I want to eat you right now.”

Although Jasmine Tong knew that Albert Ou came over to find her with no good intentions, she didn’t expect that he would be eager to see her right after dinner.

“Just had a full meal, in a minute, while I digest it.”

“I’ll help you digest it, they say it’s quicker when you move.”

Albert Ou carried Jasmine Tong onto the bed.

Because all of the good things about the two of them were ruined by that asshole devil at home during the trip, Jasmine Tong didn’t refuse because she knew that Albert Ou endured a lot.

Just as Albert Ou was about to step into the main topic, Jasmine Tong suddenly pressed against Albert Ou’s chest.

“Did you bring a condom?”

Albert Ou’s eyebrows knitted up, it was bad, he had been thinking about bringing Jasmine Tong more delicious food to mend her body and forgot about such an important matter.

“Don’t they pay for it in the hotel? Order a room service to send it over.”

“What are you kidding? This is the crew’s hotel, the whole crew including the whole hotel knows that I’m staying in this room, let them send condoms over, do I still want this face” Jasmine Tong stared fiercely at Albert Ou.

“Then say it’s from lone’s room.”

“You really know how to trap a great nephew, Li Hanjiang’s side has been watching him.”

“What about it” Albert Ou growled in a low rage, and blamed himself for forgetting something so important

Because the two of them had always agreed that they didn't want a baby anymore, contraception was a must.

It's always been Albert Ou who wears condoms, and Jasmine Tong has never taken the pill before, so naturally there's nothing to prepare for.

The two of you looked at me, I looked at you, and there was a standoff for several minutes.

"Jasmine, you're not ovulating today I don't think it's that coincidental."

"Auntie's been gone for a few days now, and ovulation should be coming up soon." Jasmine Tong replied thoughtfully.

"Didn't you say that the chances of getting pregnant during ovulation are only twenty to thirty percent every month? In that case, we're not that easy to hit, right? Not to mention that you're about to ovulate, not even close."

Albert Ou's big theory convinced Jasmine Tong.

"It's okay if you don't wear it, but just once, you have a movie tomorrow."

Albert Ou promised to be very cheerful, but he insisted on doing it twice, so he didn't have to wear a condom, and he had to enjoy it.

To Jasmine Tong's surprise, this guy left the lights on for the first time in history.

After doing it, Albert Ou said it was exciting to watch her in camouflage, the pervert.

The next morning, Jasmine Tong still hasn't escaped this guy's clutches, Jasmine Tong finally understands why the crew had to take a half day off.

By the time Albert Ou left the set at noon, Jasmine Tong went to the set on time in the afternoon.

As soon as he arrived, he ran into Mo Yiang, who saw Jasmine Tong and that was a bad smile.

"I didn't think you'd be able to make it this afternoon."

"Why can't you come?"

“You know in your heart with my little uncle’s physical strength last night and this morning hehehe, hard work ha, for our whole crew’s half-day vacation, you’re really tired alone.”

The first thing you need to do is to take a look at the newest addition to the list of the most important things you can do.

“Just so you know.”

“I’m particularly curious about the fact that my little uncle can’t stand it for more than a month you are considered an old married couple, can’t the need be that great” Mo Yiang continued to joke.

Jasmine Tong turned her head in a serious manner, “Yes, but I think your little uncle is quite happy, he can come when he wants to, but certain people can’t, they can only think in their hearts, out of sight and out of mind”

Mo Yiang just choked.

Chapter 731

The raid is still being filmed at a very slow pace.

Jasmine Tong was still very pressed for time and didn’t even have time to phone and video with her family, but it was good that San San kept getting into trouble so that Albert Ou had something to do every day and sometimes he didn’t miss his wife so much.

These days Jasmine Tong’s scenes are starting to count down, and after shooting around the clock, her body is severely overwhelmed.

Perhaps it was because she was really tired, or perhaps it had been a long time since she had experienced such an intense shoot, Jasmine Tong was a bit groggy these days.

As Jasmine Tong’s personal assistant, Lu Weiran also took care of her in every possible way, but despite this, Tong’s health was still deteriorating.

In the hotel room, Jasmine Tong leaned against the couch and closed her eyes.

Lu Wei Ran poured her a cup of hot water and touched her forehead.

“Sister Manny, it’s time to get the thermometer out.”

Jasmine Tong lazily opened her eyes and took out the thermometer clamped under her armpit and handed it to Lu Wei Ran.

Lu Wei Ran looked at it, “Okay, just thirty-seven degrees, mildly low fever.”

“Only thirty-seven degrees? “Jasmine Tong couldn’t believe it, “But why do I feel so sick in my body?”

“There’s enough time for the clip, there shouldn’t be any mistake, it’s not very hot to feel your forehead, it should just be a low fever, Manny-san, do you have any other symptoms?”

“It just feels like I don’t have much energy, my eyelids are always fighting, I always want to sleep, I don’t have much of an appetite, and I used to only have a fever above thirty-eight degrees.”

Jasmine Tong brought the thermometer over, it was indeed only thirty-seven degrees, she slowly breathed a sigh of relief, “Thirty-seven degrees is fine, the resistance will pass, you go buy me some cold medicine.”

“You should drink this soup and eat something first, you can’t eat on an empty stomach even if you take medicine.”

Lu Wei Ran brought the soup over to the table.

Jasmine Tong looked at the bowl of chicken soup and felt a bit nauseous, “I really can’t eat it, leave it there, I’m sure I’ll eat it later when I’m starving.”

“Well, I’ll go buy the medicine first.” Lu Weiran put the soup away and then prepared to go out, as soon as he reached the door he suddenly stopped, Lu Weiran turned around, “Sister Jasmine Tong, when was the last time you had your aunt.”

Jasmine Tong thought carefully and took out her phone to look at the calendar, “Also oh, if it’s according to normal, my aunt has been delayed for two days, but since I came here to film, I’m probably too tired, and my aunt hasn’t been on time for the past two months.”

Lu Wei Ran heard Jasmine Tong say that and came back, “Sister Jasmine Tong, you’re not pregnant, are you?”

“How can”

The last time Albert Ou came over, the two of them made out several times, and no measures were taken.

“Not so coincidental,”

She also looked up what the internet said afterwards, and Albert Ou was right, even if they had slept together during ovulation, the chance of getting pregnant was only twenty to thirty percent, which was still very low, not to mention the fact that the two of them hadn't even made out when they were ovulating.

The chances of getting pregnant are even lower.

“Where's the accuracy in that? Pregnancy isn't just a matter of being pregnant, it's a matter of not being pregnant.”

Jasmine Tong felt panicked, could it be that she is really pregnant?

“Let's just make sure we're not pregnant before we take the pill, it's not good for the baby in case we do get pregnant. I'm going to buy cold medicine and a pregnancy test on the way, so I'll test it first.”

After Lu Weiran went out the door, Jasmine Tong's heart can be seven up and down.

Ever since she reached an agreement with Albert Ou, Jasmine Tong has given up the idea of getting pregnant, but she never thought that God would open her eyes and give her another chance.

She was both hoping to get pregnant and hoping not to, and the ambivalence began to set in.

If she gets pregnant, then she'll hopefully have a daughter, but if she gets pregnant now, I don't know if Albert Ou will be able to handle it, and she's still filming, so I don't know if she'll be able to handle it.

Jasmine Tong paced back and forth across the room, literally dying of nervousness.

As if he could sense her anxiety, Lu Weiran soon returned and got the pregnancy test and eagerly went into the bathroom.

After a while Jasmine Tong dawdled and came out of the bathroom.

“Willan, show me the manual.”

“What? I thought two bars means pregnant and one bar means not pregnant?”

“That’s true, but this one of mine,” Jasmine Tong showed the pregnancy test to Lu Wei Ran, “is a deep one and a shallow one that can’t even be seen without a closer look.”

Lu Wei Ran saw that it was indeed as Jasmine Tong had said.

The instructions say that one deep and one shallow is considered pregnant, but comparing the instructions to the display, the other line is really too shallow.

The two men started looking for answers on the Internet again.

The results were also split into two schools of thought, with one school of thought saying that as long as you can see the bar, you are pregnant, shallow because it’s still short, and the other school of thought saying that pregnancy tests aren’t accurate, and that you can detect two bars, one deep and one shallow, even when you are about to have your period.

Now they’re both messed up. Is this pregnancy or not?

Jasmine Tong immediately called Zhong Yu Ling and asked about it, and Zhong Yu Ling also said that people do measure two bars one deep and one shallow before their period, or they may be pregnant, and they can’t be sure yet.

If you want to be sure now, you’ll have to go to the hospital for a blood test or wait a little longer and take another test, and if the other bar deepens and your period never comes, you’ll be sure of the pregnancy.

The company has been in the process of developing the new product for the past two years, and has been working on the new product for the past two years.

Because she also wasn’t sure if she was really pregnant, Tong didn’t take cold medicine or tell the crew, and many of the difficult scenes continued to be filmed.

After a week of this, Jasmine Tong still didn't get her expected period, and she tested again with a pregnancy test.

And at the same time Jasmine Tong and Mo Yiang killed at the same time.

Albert Ou called because he had an important meeting to attend and couldn't come to pick up Jasmine Tong in person.

"Honey, you don't have to come pick me up, I won't be home until evening."

Mo Yiang immediately looked at Jasmine Tong and they could leave now, arriving home at noon at most.

Hang up the phone Jasmine Tong towards Mo Yiang bad smile.

"How dare you lie to me Uncle Junior you have a hold on me."

Jasmine Tong patted Mo Yiang's shoulder, "Congratulations, you're going to be a big brother again."

Her Bossy Yet Naive CEO Chapter 732 - 734

Chapter 732

"Ha "Mo Yiang was a bit baffled at first, but seeing Jasmine Tong's joyous smile and carefully trying to figure out her words finally made sense, "You're pregnant."

Jasmine Tong pursed her lips and smiled sweetly.

"I'm going to such a big thing you don't even tell the crew you're crazy you're so dangerous action you do, you're not afraid of the baby in your stomach having a slip up."

Mo Yiang was scared to think about it, and broke out in a cold sweat, there was a lot of explosive scenes in it!

“I’ll just pay attention to myself, otherwise everyone will know and notice that I’m pregnant every day, how else can I shoot this movie, okay, I have to go to the hospital.”

Mo Yiang is really convinced of this woman, this if anything goes wrong, the entire crew will perish.

Jasmine Tong didn’t go home but ran to the hospital first, and Zhong Yu Ling took her blood for tests to confirm that she was indeed pregnant, but because it was still too short, the ultrasound couldn’t be taken yet.

But really confirmed the pregnancy, Jasmine Tong has been satisfied, Zhong Yu Ling explained her some precautions, Jasmine Tong only then returned home.

The main problem now was how to tell Albert Ou this news, and it couldn’t be delayed yet, because Albert Ou would definitely have to make out on the first day back, and now that the pregnancy was in its early stages, sharing a room was a must, Zhong Yu Ling had specifically reminded her.

The driver picked up SanSan at five o’clock, and as soon as SanSan heard that Jasmine Tong was back, she shouted “Mommy” as soon as she entered the house, all the way to the children’s room.

Jasmine Tong was sitting on a children’s climbing mat holding Seven, and San San rushed over to Jasmine Tong’s arms.

This made Jasmine Tong realize that her son was also the number one attention getter of her pregnancy.

“San-San, how old are you to let mommy hold you?”

Jasmine Tong gave San San a symbolic hug and put both Xiao Qi and San San on the ground as she hurriedly stood up.

“Mommy, did you get me a toy yet?”

Jasmine Tong slammed her head, she was so preoccupied with the fact that she was pregnant that she forgot to buy gifts for the kids, which she used to come back with.

“Sansan, Mommy asked you if you’ve been a very disobedient child lately without presents.” Jasmine Tong had to make excuses with a straight face.

San San Ton pointed to Seven, “Seven is very good, so does Seven have a present”

Most of the gifts bought for Seven were played out by San San anyway, and it was the same for anyone.

Jasmine Tong is really impressed with this smart son.

“Mommy’s taking Seven to the mall tomorrow to buy a present.”

Had a hard time getting my two sons over, just about to take a break and have a run to the mall tomorrow.

When Jasmine Tong came back, she was basically inseparable from her two sons, but she was wondering what to say to Albert Ou when he came back.

Albert Ou came back at dinner time, and the family had dinner together, along with the Cold Lords and Meng Rujiao, and it was a joyous affair.

After dinner, Albert Ou immediately used his authority to order his two sons to go back to the children’s room, where the maid was in charge of watching them, and since he had been beaten up a few times, Sansan had fallen in line with Albert Ou’s words.

After taking care of his two sons, Albert Ou immediately took Jasmine Tong back to his bedroom and locked the door to his room.

Standing in front of the window Albert Ou will gently take Jasmine Tong into his arms, from the last time we met and then three weeks more, already want to soon can not stand.

“Why have you lost weight” Albert Ou caressed Jasmine Tong’s face.

With her recent pregnancy always making her lethargic, Tong’s appetite is not too good, and with the heavy filming duties of the crew, she did lose weight.

“Where’s the weight loss I don’t feel?”

Albert Ou pinched Jasmine Tong’s waist, “I can feel a flesh or two off your body, it wasn’t like this the last time I went looking for you”

“Don’t exaggerate.”

“I don’t believe it.”

Albert Ou directly hit the horizontal and picked up Jasmine Tong, when she was held like this before, Jasmine Tong was not afraid at all, now that she knows there is a baby in her stomach, she held onto Albert Ou tightly, afraid that she would fall down.

“45.8 kilos, walked away with 47.5, last time I went to you it should have been 47, plus or minus 0.1 kilos.”

Jasmine Tong looked at Albert Ou with a puzzled face.

“I’ll just watch you talk nonsense with a straight face.”

“Why don’t you believe it” Albert Ou put Jasmine Tong directly on the scale, there was an electronic weight scale on the floor of the room.

Jasmine Tong stood up and looked down at the number on it: 45.8.

Then looked at Albert Ou with an incredulous face, “You’re blinded, aren’t you?”

Albert Ou slapped Jasmine Tong’s head, “Don’t believe pull down.”

After saying and holding Jasmine Tong off the scale, “No more skinny, order you two days to fall off the flesh to me back up.”

Jasmine Tong wrapped her arms around Albert Ou’s waist, “It’s impossible in two days, but in the near future, I might turn into a big fat man, just in case you’ll dislike me.”

“You’re the only one who’s fat. You’re either flat-chested or short. You’re short and flat-chested. Where are you going to be fat?”

A few words really hit Jasmine Tong and she wanted to find a crack to crawl into.

“There’s a way to do that.”

“What way,”

Jasmine Tong's eyes began to flicker with unease, really wondering how Albert Ou would act when he heard the news of her pregnancy.

Albert Ou saw that Jasmine Tong had not opened her mouth to pull her ready to go to bed, "Okay, whatever you fat or skinny, fat is good, touching soft."

"Hey hey hey" Jasmine Tong hurriedly shook off Albert Ou's hand.

"Why don't you hurry up when you get back?" He's been waiting a long time.

"Just now the words are not finished yet you are not asking me what my solution is my solution is for example to conceive a pregnancy ah, the stomach is not fat with an extra one" Jasmine Tong fiddled with her words.

Albert Ou didn't understand Jasmine Tong's meaning, "What do you call this method that works on others, it won't work on you."

Said Albert Ou and prepared to pull Jasmine Tong away.

Jasmine Tong stomped her foot in a hurry, "I mean I'm pregnant."

The air freezes at that moment.

When Albert Ou heard this, he turned his face to look at Jasmine Tong, who felt her heart was about to jump out of her throat.

"What did you just say?"

"I said" Jasmine Tong didn't even dare to look directly into Albert Ou's eyes, "I'm pregnant."

There was dead silence again as Jasmine Tong waited quietly for an answer, she really hoped that Albert Ou was as ecstatic as she was.

During this time, Albert Ou's mind flashed back to Jasmine Tong's coma in the hospital.

Albert Ou suddenly spoke up after a minute of stunned silence, "Knock it off."

Now it was Jasmine Tong who was stunned, she looked up at Albert Ou with incredulity in her eyes, "You say that again."

Chapter 733: Like a Dead Man

“I say about the baby.”

Albert Ou’s voice was significantly lighter.

Jasmine Tong raised her hand and slapped Albert Ou.

She thought of many possibilities, of how Albert Ou would be sad and torn and even angry, but she never imagined that Albert Ou’s first reaction to the news would be to let herself get rid of the baby.

Jasmine Tong didn’t say anything but just walked out of the room.

This night Jasmine Tong came to sleep in the children’s room with her two sons, and Albert Ou did not go to her.

Seven was sleeping nicely, and the energetic Sansan was still moving around a bit.

“Mommy, do you not want daddy anymore” San San is three years old, but he’s really a kid.

“Don’t be ridiculous, why wouldn’t mommy want daddy? Go to sleep.” Jasmine Tong covered Seven with a blanket and stroked San San’s head.

“Then why did you come into our room and sleep in our room Mommy, you don’t want daddy anymore, you want three three.”

“You’re so disobedient, what do I need you for” said Jasmine Tong as she stroked San San’s head, “San San, if mommy gives you another little brother or sister, do you like it?”

“Like, with siblings, you get an extra toy and then I get to grab it and play with it.”

The first thing that I want to do is to get rid of this problem.

“You’re the older brother, why do you always want to take your younger siblings’ toys?”

“They won’t play anyway, I’ll play for them ah, otherwise how wasteful ah, our family’s money is not a big wind.” San San blinked his big obsidian-like odd elf eyes.

“Stop talking nonsense and go to sleep. I must close my eyes on the count of three. One, two, three.”

San San immediately closed her eyes, but immediately opened them again to lean closer to Jasmine Tong and kissed her on the cheek, “Goodnight, Mommy.”

Now the little one was finally sleepy, and in a few moments he was breathing evenly.

But Jasmine Tong looked at her two sleeping sons but couldn’t sleep, she touched her flat belly, there was already a new life here.

She also really didn’t understand, if Albert Ou didn’t accept having another child because of the shadow from back then, there was nothing wrong with that, but now that he had a child, he, as the father of the child, wanted to abort their biological flesh and blood himself!

After staying up almost all night, Jasmine Tong got up in the morning with three or three disturbances, took care of the two children to dress and wash, and then followed them to breakfast.

The cold owl and Meng Rujiao also ate breakfast together, the atmosphere of the table is a bit strange, the cold owl and Meng Rujiao look in the past to eat also to get tired of the two people now even eat each other, who also ignore who.

“You two fought,” the cold owl cut to the chase.

“Uncle my mommy slept with us yesterday oh, she doesn’t want daddy anymore” shouted San San immediately excitedly.

Albert Ou glared at him Sanzo immediately bowed his head and started eating.

San San’s words let the Leng Lords and Meng Rujiao know that these two people were indeed fighting.

Albert Ou immediately left his seat without waiting for the Cold Lords to say anything, as if he was intentionally avoiding something.

Jasmine Tong immediately threw the spoon in her hand onto the plate.

“Manny, what’s going on with you two why are you fighting as soon as you get back?”

“I got pregnant and he told me to abort the baby.” Jasmine Tong replied lightly.

Leng Lords and Meng Rujiao look at each other, this is what is going on?

“Don’t worry, I’ll go get him, he’s probably on the wrong medication, the company’s been busy lately and it’s normal for his brain not to be online.”

The cold owl broadened a couple of sentences also went to the company.

This whole day Jasmine Tong was in a state of distraction, as she promised to buy gifts for her children, and she took Seven to the mall and also bought toys for San San.

dark empire (i.e. empire of darkness)

The Leng Lords finished the work in hand to prepare to go to talk to Albert Ou, knocked on the door no one to answer, he just pushed the door and walked in, just went in and smelled the strong smell of smoke.

“The first thing you need to know is how many cigarettes you’re smoking and how much smoke you’re getting.

Albert Ou just stood in front of the window with his back to the door, the cold owl came in, he completely ignored, still self-conscious to spit smoke rings.

The cold lord walked over to stand at his side.

“I can understand how you feel, after all, Manny did have some difficulties when she was pregnant back then, but it’s too much for you to just let Manny abort the baby.”

Albert Ou remained silent, inhaling and exhaling smoke hard.

“Everything is over now, it will be fine, besides, if you don’t want Manny to get pregnant, then you contracept ah now pregnant, who to blame”

Leng Lords said a lot but Albert Ou completely treated him like air, always did not say a word.

“The first thing you need to do is to take a look at the newest addition to the list.

“You can’t possibly understand what I was feeling, because it wasn’t your wife who was lying in bed like a corpse back then.”

Albert Ou’s words were eerie and terrible, as if they had been squeezed hard from his mouth.

This was also the first time the Cold Lords had heard such a description from Albert Ou’s mouth: like a dead man.

When Jasmine Tong was lying in her hospital bed in a deep coma, everyone refrained from mentioning the word “death” in front of O’Zehno, but O’Zehno knew clearly in his heart that Jasmine Tong was like a dead person at that time.

There is no difference between a vegetable and a dead person to speak of.

“It’s true that a lot of unpleasant things happened back then, but it’s all in the past now, so won’t you just protect Manny this time.”

“I can’t do it.”

Albert Ou twirled his cigarette out hard on the window sill and braced his hands against it, and the cold lord took aim with his eyes, the veins in his arms bruising.

He has never been a man who is not afraid of anything, he has never been arrogant, but he was honest enough to say “I can’t do it”.

“Didn’t I go to great lengths to protect her back then but it’s still the same I can’t even protect the woman I love the most, she got away with it last time and I don’t believe we can be that lucky every time.”

The trauma Jasmine Tong had caused Albert Ou when she almost never woke up was too great.

“I always thought back then that there was nothing in the world that I couldn’t do, but then I realized I was too damn arrogant and self-righteous to do that, and if it wasn’t for my ego, maybe Mann wouldn’t have suffered that calamity.”

Albert Ou’s words made the Leng Lords shut up completely, and he could probably understand why Albert Ou’s first reaction after learning that Jasmine Tong was pregnant was to ask her to abort the child.

The cold lord didn’t know what to say.

“Think about it, Manny wants this baby badly.”

Chapter 734

How could Albert Ou not know that Jasmine Tong wanted this child so badly, but he was truly afraid.

He had never been more afraid than he was now.

Last night he didn’t dare to close his eyes for the entire night, because when he did, it was Jasmine Tong lying in a hospital bed.

Once bitten by a snake, ten years in fear of a well rope.

Jasmine Tong decided to both calm down, and at night she went straight to sleep in the children’s room, and the next morning she reckoned that Albert Ou had already left, so she went back to the bedroom to get her things, but she found that the bedding in the room was neat and tidy, and there wasn’t even a single wrinkle in the sheets.

It’s like no one came back at all last night.

Albert Ou was never one to clean up his room, she was the one who came back yesterday to clean it up, and it was clear that Albert Ou didn’t come back last night.

Jasmine Tong could only console herself with the fact that she was probably too busy at work yesterday.

The cold owl returned at dinner time in the evening, but still no sign of Albert Ou.

The first thing you need to do is to get a good idea of what you're looking for and what you're looking for.

"Brother,"

"He didn't come back last night, and I don't think he's coming back tonight." Without waiting for Jasmine Tong to finish her question, the Leng Lords answered directly.

"Oh, I see."

"Busy work is one aspect of it, and you should know the rest." The Cold Lords paused then said, "I advised him that I was unable to understand him because it wasn't my wife who was lying in bed like a dead man back then."

Jasmine Tong was also frightened like a dead man when she heard that
That's a terrible thing to say.

"Those were his exact words, Mandy, and you may feel uncomfortable hearing them, and to be honest, I felt bad when I heard him say that, but when he said them I suddenly understood him."

Jasmine Tong hung her head with her eyes hooded over.

It turned out that back then, when I was lying unconscious in a hospital bed, it was like a dead man in Albert Ou's eyes.

For three months, I guess Albert Ou was afraid to sleep, afraid that if he couldn't hear his own breathing, he would really die.

The pain he had endured back then was far beyond what she could have imagined.

"Mandy, he also said he didn't believe you'd be so lucky next time, that he used to think there wasn't anything in the world he couldn't do until something like that happened to you, and that if it hadn't been for his ego, you might not have been in this mess."

The first thing you need to do is to get your hands on the right person.

"There are some things we haven't experienced, we can't put ourselves in each other's shoes, and I can't even imagine what I'd be like if Pepper was

lying in a hospital bed like you were back then. Such things are simply unimaginable.”

Leng Lords originally wanted to convince Albert Ou indeed did not expect to be convinced by Albert Ou.

“The psychological torture he suffered back then was indeed too great, and it’s understandable that he couldn’t come out of it, so it’s better for you two to communicate about the boy.”

Jasmine Tong hung her head and nodded, “Brother, please.”

“Don’t feel too bad about it, he might just be having second thoughts, after all, you’re pregnant now, so maybe you’ll accept it over time.”

“I understand.”

This night Albert Ou didn’t come back, Jasmine Tong didn’t go to the children’s room, and she lay alone in her bedroom tossing and turning.

The Cold Lords words repeated over and over in her mind.

Albert Ou once said that his greatest fear was that Jasmine Tong would shed tears and lose her temper, but he just didn’t say that, his greatest fear was that she would die.

Because they were young, the subject of death was always like a joke, but only Albert Ou had actually experienced that kind of life and death torture.

Jasmine Tong stroked her stomach in tears.

She thinks too simply, and she also thinks too powerfully of Albert Ou, who is actually a really easy man to hurt.

Originally Jasmine Tong thought that Albert Ou-go home for two days and nights is not enough?

Office of the President of the Dark Empire

The building was quiet late at night, even a little eerie.

The employees of the Dark Empire had always worked very hard, and often there would be people working overtime, and one of the lights in the building had gone out, leaving only the one in the president's office still lit.

Tong sighed as she looked up at the only office with lights on.

She was carrying a thermos in her hand, Albert Ou, a man who is sometimes like a woman, always doesn't eat or drink when he has something on his mind, Jasmine Tong specially made a few dishes of food to bring him over.

Taking the elevator up the stairs, the hallway was dark and scary, knowing that she had just asked security to come up with her, the sound of footsteps echoing down the hallway like a ghost movie.

Jasmine Tong quickly came to the door of the office, the door was ajar, and from the doorway she could feel the smell of smoke coming from inside, she couldn't help but cough twice.

Albert Ou was sitting at his desk smoking a cigarette, and when he heard the familiar voice he immediately got up and twirled the cigarette out, then turned on the air purification system in the room and also hurriedly opened the window.

Only then did Jasmine Tong push the door in, and the moment she saw Albert Ou, Jasmine Tong's tears nearly fell.

It's only been three days, three days, how did he get to this.

The beard should not have been shaved, the whole chin was a blackish blue, the under-eye even more so, the dark circles were heavy like a very sick patient, and the circles, I don't know if they were smoked or not, were covered with red blood.

How's that for a formidable CEO?

"What are you doing here" Albert Ou's voice was a little hoarse.

"Come and see, I made you something to eat." Tong went to the desk and opened the thermos and took out the food inside.

She hadn't even asked if he'd had dinner, and she didn't have to ask to know that he hadn't eaten properly for three days.

Albert Ou was good enough to just sit down and start eating.

Jasmine Tong didn't dare to look at him, slipped around the room, there were cigarette ashes everywhere, and a few piles on the windowsill and in the lounge, how many cigarettes did he smoke?

When Jasmine Tong returned to the office again after a while, Albert Ou had already finished eating, even if he had no appetite, Jasmine Tong's personal delivery of everything she made for him personally was all he could eat.

Jasmine Tong went to her desk and started to pack up the lunch boxes, packing up the tears that would fall down.

Albert Ou hurriedly got up and hugged her from behind, and Jasmine Tong simply cried out.

"Don't cry, Jasmine, don't cry, it's all my fault."

Jasmine Tong turned around and cupped Albert Ou's face with both hands, "Next time can you not be like this can you eat well and sleep well do you know I'm so sad to see you like this."

Her Bossy Yet Naive CEO Chapter 735 - 737

Chapter 735

Albert Ou hugged Jasmine Tong and smiled softly, still knowing that his heart ached for him, showing that his woman still loved him the most.

"Then it didn't hurt when you hit me you see my face still hurts now."

It's been three days. How strong can she be?

"How so," said Jasmine Tong as she sobbed.

"I don't believe you, see if there are still your fingerprints" Albert Ou deliberately pressed his face closer to Jasmine Tong.

Jasmine Tong carefully looked up and down and couldn't see where her fingerprints were.

"Don't blow me yet." Albert Ou's tone had that little bit of a petulant tone to it.

Jasmine Tong leaned close to Albert Ou's face, who suddenly moved, and Jasmine Tong's mouth kissed his face directly.

"It's been three days since I last saw you, so eager to kiss me," Albert Ou teased deliberately.

Jasmine Tong stretched out her fist and pounded on Albert Ou's chest, "Nasty."

Albert Ou gently wiped away Jasmine Tong's tears, "I'll give you a kiss, no more crying, okay"

Jasmine Tong tugged at the corners of her lips and nodded, "Then you promise me that you won't trample yourself like that in the future, and that you'll eat and sleep well no matter what time of day it is."

"Okay I promise."

Albert Ou doted on Jasmine Tong's head, he missed her after three days of not seeing her.

But they still hadn't solved the key problem, which Jasmine Tong knew she would have to face sooner or later.

"Honey, I've decided, in a few days you'll go to the hospital with me, after the operation you'll have to serve me well at home, it's your fault who didn't know to take a condom in the first place."

Jasmine Tong tried to make her tone sound less sad.

It's her own flesh and blood she's taking away, how could she not be distressed?

But she didn't want to make Albert Ou feel bad about himself, because then he wouldn't feel good either.

After Jasmine Tong's words, Albert Ou kept staring at her eyes, looking at Jasmine Tong, she touched her face, "What's wrong ah what are you looking at"

Albert Ou's hand caressed Jasmine Tong's face, and then trailed down her cheek all the way to her belly, where his hand stayed, making gentle circles.

"Let's keep him."

Jasmine Tong even suspected that her ears had misheard, and when she reacted she still shook her head.

She had been touched that Albert Ou had been able to have that slight hesitation for her.

"I'd rather not, I don't want you to live in a nightmare every day, I'll be sad."

"Jasmine, remember, even if I fall off a cliff and fall to pieces, if it's for you, I'll get back up."

Yes, no matter how scared, helpless and vulnerable he was, he could be strong and brave as long as it was for Jasmine Tong.

Jasmine Tong stared at Albert Ou's eyes, tears slowly flowing again.

"You said you wouldn't cry, so why are you crying again?"

Jasmine Tong snuggled into Albert Ou's arms and sobbed, in this relationship, she never gave as much as he did.

"Don't cry, it breaks my heart to cry, what if the baby is born crying like you later" Albert Ou's voice was still doting in tone.

"Honey, don't worry, I'm going to be safe with this pregnancy."

"Well."

The pregnancy fiasco is finally over, but the pregnancy has only just begun.

The first thing you need to do is to take a look at the newest version of this article.

Although Jasmine Tong felt it was completely unnecessary, she didn't say anything, he could do whatever he wanted, she wouldn't get in his way anymore.

The evening was utterly torturous for Albert Ou.

The two people were separated because of the previous film, and then came back and were separated for three days because of the pregnancy, and counted, Albert Ou hadn't touched Jasmine Tong for almost a month.

At this age, he is very energetic, but he can't even touch his beautiful wife lying on his side.

Albert Ou finally got up after staying up for three nights, "Jasmine."

Jasmine Tong wasn't asleep either, so she knew what he was going to do and just spoke up, "No."

"Can't I be lighter? I promise I'll be very, very, very light." Albert Ou's voice followed very, very softly.

Jasmine Tong didn't even dare to turn her back to Albert Ou for fear that Albert Ou wouldn't be able to control it and pounce directly on her.

"You do not also download the pregnancy app is not it said well, the first trimester is absolutely prohibited bedroom, very light, very light, very light also not" Jasmine Tong despite the embarrassment can also be decisively refused.

"But I read on the forum that a lot of people do it in the first trimester too, just be careful, I'll be very careful." Albert Ou's voice held too much suppressed emotion.

"What if it's not all about fear of what if something goes wrong" Jasmine Tong even plugged her ears, she also knew how tormented Albert Ou would be.

The last time she was pregnant, Jasmine Tong and Albert Ou weren't together in the first trimester, and it had been past the first trimester since the two had reunited, but in the later stages of the pregnancy, after what had happened, Albert Ou didn't have the heart to think about the bedroom.

It's understandable that he can't help it now.

Albert Ou sat up with a sigh of grief and turned his head to look at Jasmine Tong, who had been plugging her ears and still had her back to him, and tucked Jasmine Tong in.

Jasmine Tong was distraught and also wanted to stabilize her mood.

Albert Ou lifted the covers and got out of bed.

Jasmine Tong didn't know what he was going to do had been holding back pretending to sleep, and after a while Albert Ou crept out the door.

"Why is this man running out" Jasmine Tong didn't want to bother, maybe he was the only one to regulate himself in this kind of thing, maybe it would be good to get used to it.

But it's been a long day since Albert Ou came back, so Jasmine Tong couldn't sleep, so she got up and opened the curtains to take a look, and she saw something.

Albert Ou was running in the yard in a sports outfit.

Jasmine Tong covered her mouth and laughed, this man ah is always so energetic, go out for a run is fine, to release his energy, maybe not so much in bedtime needs.

She yawned and went out to tell the maid to prepare some supper for Albert Ou later, and she went back to bed.

This lasted for about three days, and Albert Ou went out for a run at night when he couldn't take it anymore, but running in the middle of the night like this also made Albert Ou look bad.

But this was good, Albert Ou could accompany Jasmine Tong to take a nap.

Chapter 736

The sun was just right, spilling in through the windows and onto the soft bed.

Jasmine Tong was the first to wake up, with Albert Ou sleeping on her side, and she leaned over to him and gently stroked his hair a few times.

"Don't get so close to me."

Jasmine Tong patted Albert Ou's shoulder in a daze, "You're not sleeping."

"Awake already, when have I ever taken a nap" Albert Ou opened his eyes and rubbed them.

"But you ran most of last night, aren't you sleepy now" Jasmine Tong looked at the crow's feet under Albert Ou's eyes was also a heartache, really worried that he was always so black and white body will not be able to eat.

Albert Ou gently pushed Jasmine Tong with his hand, "Don't get so close to me, don't you know that I can't stand it when you're close to me?"

Jasmine Tong trailed off and moved backwards, "Where is a wife like you who has to keep her distance once she's pregnant."

"Wasn't I afraid to get too close to you and want you?"

Such things as abstinence were simply too difficult for Albert Ou, and he couldn't stand the fact that he used to have intercourse too often, but now he suddenly stopped giving it a touch.

"Shouldn't have listened to you before, you wanted it, you should have been given it, you should have been allowed to practice abstinence" Jasmine Tong said as she poked Albert Ou's back.

Albert Ou turned around to stare at Jasmine Tong, "Do you have a conscience ah as my wife, bowing down to take pleasure is your obligation obligation to understand you should be able to let me touch a few more times before."

Jasmine Tong pouted and stroked the slight bags under Albert Ou's eyes.

"If you can't take it anymore, you might as well go find someone else."

"Really you do" Albert Ou was overjoyed and his eyes were glowing.

That was all Jasmine Tong said, but she didn't expect Albert Ou to really come to her senses and her face changed suddenly.

"It's my will, you go ahead."

Jasmine Tong said and turned around.

But in an instant some harsh man came to take off her pants, Jasmine Tong was taken aback and hastily pulled her own pants, "What are you doing?"

Albert Ou took away Jasmine Tong's hand and slapped her three times towards her buttocks.

Because he knew Jasmine Tong was pregnant, he was also very light on his hands.

"You're sick, you."

Albert Ou hugged Jasmine Tong in his arms, "Punish you, see if you still dare to say such things in the future"

"What did I say?"

"Let your husband go to another woman do you want to help me or harm me, well I touched someone else and you still let me touch" said Albert Ou began to giggle Jasmine Tong.

"Okay, stop it, I surrender surrender, wrong, wrong" Jasmine Tong hastily begged forgiveness and admitted her mistake.

Albert Ou hugged Jasmine Tong and gave her a light kiss on the cheek.

Jasmine Tong looked into those eyes of Albert Ou and kissed them softly, "Honey, I mean if, if you had the chance, would you touch another woman?"

"I can't guarantee that if someone drugged me."

"What if it's normal?"

"It won't."

"Why" Jasmine Tong blinked her eyes at Albert Ou, she wanted to know the answer.

"No desire."

"I don't believe it, how can that be? Aren't all women's bodies the same?"

Albert Ou white Jasmine Tong a glance, “There are a few women like you are airports, in case you have a daughter, and you are as flat chested how to marry, smashed in the hands.”

“Why are you so annoying?”

The afternoon was spent by the two men joking and joking around.

But not two days later Albert Ou had no desire to think about the bedroom, Jasmine Tong’s early pregnancy reaction began.

Jasmine Tong’s morning sickness came without warning, one day it was no problem, the next morning as soon as she opened her eyes, she went to the bathroom.

Not having the slightest appetite, not to mention the smell of meat, I was so nauseated that I almost threw up whatever I ate.

The dinner table was all clear soup and a smattering of vegetarian dishes all over the place.

Since she wasn’t sure what Jasmine Tong could eat and what she wanted to eat, Albert Ou simply had the kitchen make a big batch of it.

But the table together with the Leng Lords and Meng Rujiao eat together.

“Jasmine, I’ll get you whichever dish you want.” Albert Ou moved his chair to Jasmine Tong’s side.

Leng Lords and Meng Rujiao look at these two people is also strange funny, a few days ago did not want this child, these days began to be so nervous.

Jasmine Tong looked apologetic, “Honey, it’s not like I’m the only one eating, you at least have a few more meat dishes, Pepper is still breastfeeding, you need to strengthen your nutrition.”

“Who cares? You want to puke at the sight of meat. Can I get meat on the table?”

The first thing you need to do is to get rid of the problem.

Jasmine Tong scanned the table of food, completely unappetizing.

“Can’t eat, don’t want to eat anything.”

Jasmine Tong had been feeling nauseous and dry heaves, and seeing the food on the table really didn’t whet her appetite.

“Manny, you should eat more or less even if you don’t want to, after all, there’s still a baby in your belly, and you need to strengthen your nutrition during early pregnancy.”

The Cold Lords said as much.

“What to eat to give you a shot to induce vomiting, and then let you eat something you can eat? “Without waiting for Jasmine Tong to open her mouth, Albert Ou has already thunderstormed

The Leng Lords didn’t expect that their kind words would make Albert Ou’s hair explode.

“Jasmine, we’re going back to the room until you want to eat.” Albert Ou helped Jasmine Tong stand up, and Jasmine Tong was filled with guilt as the cold lord and Albert Ou went back to the bedroom together.

“This man is not sick” Leng Lords picked up chopsticks and prepared to eat.

“I think that’s quite right, what women hate to hear when they’re harmed is people saying how much they need to eat a little, even if they don’t want to, and they still have a baby in their bellies.”

Meng Rujiao said gloomily, “I think you’re a much more considerate brother than you are.”

“Why are you turning your elbows outward?”

“I’m right ah, I’m pregnant I hate when people want me to eat you know when a woman’s pregnancy vomiting is completely do not want to eat this time but also take into account the child in the stomach to eat, too painful okay” Meng Rujiao self-conscious to start eating.

The Leng Lords looked at Meng Rujiao this little girl is really getting more and more thoughtful.

“Next time you’re pregnant I won’t let you eat either ah I’m also spoiling you, I’ll let you eat when you want, so why didn’t you say so in the first place.”

“Some guy’s lusty at first.”

“Hey,”

Leng Lords really hate to bite off his own tongue, why should he talk too much?

Back in the room Jasmine Tong was lying on the bed, and Albert Ou was sitting on the edge of the bed.

“Honey, don’t be like that, or we can just have staggered meals, and you’re too disrespectful to speak to my brother, you always have to be concerned about others,”

Chapter 737

Although Jasmine Tong knew that Albert Ou was doing this for himself, this was too unkind.

“I’m not sure if you’ll be able to do that, but I’m not sure if you’ll be able to do that,” he said.

Jasmine Tong sighed and shook her head shaking her face against Albert Ou’s chest, “I don’t want to drink anything, the things I used to like to eat suddenly don’t even want to eat.”

“It’s normal for a pregnant woman’s tastes to change dramatically, so think now if you have something you slightly want to try that little bit, and I’ll send someone to prepare it right away.”

Jasmine Tong still shook her head, the mention of eating her made her a little nauseous.

“Well, I don’t want to, so I’ll eat when I want to.”

Jasmine Tong lay on the bed Albert Ou covered her with the blanket and just sat on the edge of the bed quietly watching her.

“Did you want to eat when you were pregnant last time “Albert Ou knew in her heart that it was not possible for Jasmine Tong to always not eat like this, even if it was not for the sake of the child in her belly, she still had to eat for herself.

“The last time I was pregnant wasn’t on the way to you? I was on a boat at the time, and I was seasick all the time, and I threw up a lot, but at the time it seemed like it was because I was seasick so I threw up a lot, and I was able to eat some when I was in good shape, probably because I was thinking about you all the time, and I didn’t care too much about what I ate every day.”

Albert Ou distressingly removed the messy hair on Jasmine Tong’s cheek, “Jasmine, so hard then.”

Jasmine Tong hurriedly reached out her hand to cover Albert Ou’s mouth, she knew what he wanted to say.

“No talking, no backing out since you decided to have him, what mother doesn’t want her own baby because of severe morning sickness.”

Albert Ou took away Jasmine Tong’s hand, “I’m still not heartbroken about you.”

“Don’t worry, I asked Dr. Zhong and she said that morning sickness won’t affect the baby’s health, and after these first three months it’ll be fine, I’ll be able to eat more and more and I’ll get fatter and fatter, so don’t you dare dislike me then.”

Jasmine Tong tried to look better or else Albert Ou would be worried, but how could Albert Ou not see that?

“You didn’t eat anything already, and you’re still talking all the time, so get some sleep, I’m here with you.”

Jasmine Tong closed her eyes and drifted off to sleep quickly, Albert Ou kept watch over her by the bedside and didn’t sleep long before she woke up, she could always hear the sound of a piano in her dreams, when she woke up she found that there was indeed the sound of a piano.

With Albert Ou away, Jasmine Tong got out of bed and walked out of the bedroom, following the sound of the piano all the way to the piano room, where it came from.

Jasmine Tong pushed open the door to find that the one playing the piano was Albert Ou.

She had always known that Albert Ou played the piano, but Albert Ou didn't seem to like it much and hardly ever played it, and this was one of the few times she had seen him play it.

His long, slender fingers jumped over the black and white keys.

"Wake up" Albert Ou stood up and Jasmine Tong walked over to the piano and sat on Albert Ou's side.

"I've been dreaming about hearing the piano, so you're really playing it."

"Like it?"

Jasmine Tong quirked her lips and smiled, "Like."

The sound of this piano could calm her mind.

"Then I'll teach you."

"Well, I've always wanted to learn before, I never had the chance, and the piano was too expensive and I couldn't afford it."

"Then why didn't you tell me you wanted to take piano lessons before?"

"Isn't that what I told you?"

Hands on, Albert Ou began to explain to Jasmine Tong about the piano, teaching her about the keys and how to play the piano.

Perhaps because of the distraction, Jasmine Tong was not so nauseous and wanted to vomit, and even drank a small bowl of rice porridge after playing the piano for a while, which was already a very big improvement for her.

For the rest of the day, Albert Ou's main focus was to try to distract Jasmine Tong, to try to discover what Jasmine Tong could eat without spitting out.

It's strange to say that the morning sickness came without warning, but it also went without warning.

The night before, obviously also vomited once, the next morning up Jasmine Tong suddenly had a long-awaited appetite.

As soon as he heard that Jasmine Tong wanted to eat, he was simply more excited than a chicken blood shot, and quickly got out of bed to get the kitchen ready to go, and when he returned to his room he was even more gentle and pleasant.

“Jasmine, don’t worry, it’ll be over in a minute, there’s all you want to eat.”

Jasmine Tong lifted the blanket to get out of bed, “It’s twelve weeks today, I’m going to take my weight.”

“Where’s the trouble, I’ll do it” Albert Ou picked Jasmine Tong up across the room, “44.3kg, lighter again.”

Jasmine Tong got on the electronic scale and the result was really 44.3, Albert Ou, the human body weight measurement device is really not a cover.

“Pre-pregnancy ended with not being able to get past 45 kilos, then it was time for me to gain some meat.” Jasmine Tong touched her belly, “Baby, you have to eat more oh.”

After a few more days, Albert Ou took Jasmine Tong to the hospital for a detailed examination.

Because during her pregnancy and vomiting, Zhong Yu Ling had always said that there was nothing that could be done about the pregnancy and vomiting, and Albert Ou had scolded her and even threatened to fire her, so Zhong Yu Ling still had heart palpitations.

But the good news is that Jasmine Tong is safely through the pre-pregnancy period and Albert Ou is no longer having seizures.

In the b-ultrasound room, Zhong Yu Ling personally performed the b-ultrasound on Jasmine Tong, and Albert Ou was also there, it was not the first time, so he naturally thought it was nothing unusual.

“Ma’am, the baby is healthy, and even though you’re suffering from severe morning sickness, the baby is growing fast.”

Jasmine Tong lay on the bed and squinted and smiled, “That’s good.”

“Heartless,” Albert Ou couldn’t help but sputter beside her.

Zhong Yu Ling and Jasmine Tong smiled at each other, and no one paid any attention to him.

“By the way, ma’am, the last time we determined the fetal buds and heartbeat, because you left in a hurry, you left before the list was even typed up, and I still have it, you see.”

Zhong Yu Ling showed a b-sheet to Jasmine Tong.

Black images, Jasmine Tong has seen a lot, “Thanks, but why don’t you feel the same.”

Zhong Yu Ling seemed to have guessed and asked, “What’s different, tell me.”

“I remember the first ultrasound when I was pregnant with San San, like a little eggplant, long and flat, how this is like” Jasmine Tong herself laughed, “like a hole in the womb.”

“So you’re probably going to get what you deserve, and all this suffering hasn’t been in vain.” Zhong Yu Ling smiled and winked at Jasmine Tong.

“Ha” Jasmine Tong looked at Zhong Yu Ling with joy, “Does that mean”

Zhong Yu Ling nodded, “Nine out of ten.”

Her Bossy Yet Naive CEO Chapter 738 - 740

Chapter 738

“What are you two playing at?” asked Albert Ou with a very unhappy knitted brow.

“I’ll talk to you at home.” Jasmine Tong said joyfully towards Albert Ou.

Albert Ou turned to Zhong Yu Ling, “I’m asking if it’s okay for you to be in the same room now.”

Jasmine Tong's face was completely red when she heard this question, how could such a question be asked so directly?

He's shameless, she's even more shameless.

Jasmine Tong vigorously made a wink towards Albert Ou, but Albert Ou completely ignored it.

Zhong Yu Ling also looked a little embarrassed, it was the first time someone had asked so bluntly.

"Mr. Ou, Mrs. Ou is stable now, she's fine, but she still needs a little attention, not too often." Zhong Yu Ling warned.

Albert Ou's eyes are happy. That's all that matters.

Jasmine Tong hurriedly got up and dressed and hurriedly walked out of the ultrasound room.

"Go slow don't you know you're pregnant? go so fast be careful of falling"
Albert Ou hurriedly chased after her.

Jasmine Tong never slowed down, it was always a big step forward.

"Do you hear me" Albert Ou took two quick steps to catch up with Jasmine Tong.

"Don't talk to you, you're boring me."

"What did I do to provoke you again? I didn't see you with such a temper when I was pregnant last time" Albert Ou lightly knocked Jasmine Tong's head.

"Why are you talking so directly you know that's embarrassing."

Albert Ou looked at Jasmine Tong's blushing face and burst out laughing, "shy and not a yellow-flowered lady's daughter, what is there to be shy of."

"Get out" Jasmine Tong pushed Albert Ou straight forward.

Albert Ou came forward and wrapped his arms around her waist, and the two of them went home together.

Aye Valley

The red house was peaceful and looked much the same as usual, the only difference being that it had been redecorated and was more welcoming and natural than before.

After returning from their travels, Ou Sheng and Yarwen Tong undertook this major project and felt as if their entire lives had begun anew.

Muranyi's cooking level is still not complimentary, and Yarwen Tong, who is not used to eating, took the initiative to assume the responsibility of cooking, as he had often watched Jasmine Tong cook before, and it didn't take him long to do a decent job.

After lunch, Murray suddenly didn't have to cook and was bored, so he volunteered to do the dishes every day.

Ousheng was sitting on the couch drinking after-dinner tea, Yarwen Tong was drowsy and ready to brew his mood for a nap.

Murray was heading out with his plate when the image in his mind suddenly flashed.

She then pursed her lips and smiled, saying towards the two fathers sitting on the couch, "Manny is pregnant, and it looks like we're adding to the family again."

"Really? That's really great I last time I went back my sister also told me that my brother-in-law didn't agree to have another one. "The happiest is Yarwen Tong.

"I already told you Manny would have two kids."Murray continued to walk forward with his plate, when suddenly the image in his mind flashed again.

"Bam!" the plate in his hand fell to the ground and shattered.

Ou Sheng immediately came forward, "Why so careless"

Yarwen Tong also stood up with concern.

Murray stared blankly ahead.

Orson held out his hand in front of her eyes, "What happened?"

“Something’s going to happen to Mandy.” Murray tried to shake his head, “I don’t know exactly what happened, all I saw was Manny running away with a big belly.”

For Mo Lan Yi’s prophecy, Yarwen Tong has also seen, Mo Lan Yi’s prophecy has always been very accurate, could it be that Jasmine Tong is really going to be in trouble?

“No, I’ll call and tell Ono right now” Murray hurriedly ran to the coffee table and grabbed his phone.

But Osei came over to stop her.

“Didn’t we say we’d never contact them again? It would only hurt them.” Orson’s eyes were calm and firm.

“But I really saw it, Manny and the baby in his belly are in danger, are we going to sit back and do nothing about it too” Murray panicked, even though he had agreed to cut off all contact with them, it was his son after all.

It would be fine if they were fine with each other, but she knew something would happen.

“They are destined to be tested in one way or another in human society, it’s only right that they suffer some trials, it can’t always be smooth sailing,” Osei took the phone from Muranyi’s hand.

“Honey, but I really”

“I know you saw it, Ono’s family is over a hundred million dollars, it’s a tree in itself, I guess it’s just kidnapping or something like that, Ono is so capable it must be able to be easily defused, besides you once predicted that Manny would have two children, that means that this child of Manny’s will definitely be born safely.”

Hearing Ou Sheng say that, Mo Lan Yi was slightly relieved, what she predicted usually didn’t change, she had predicted that Jasmine Tong would have two children before, even though Ou Zeno had repeatedly refused to have any more, Jasmine Tong was still pregnant.

But having said that, Murray didn’t want anything to happen to Jasmine Tong.

“Don’t worry, this child will be born safely, it’s just that the process will be a bit tumultuous and the test isn’t a bad thing for them.”

Osei took Murray back to the bedroom.

Yarwen Tong sat alone on the couch in the heart of the seven-eighth, after all, is his sister, although the results are good, but what he suffered halfway, he is not willing to see ah

He pulled out his phone from his pocket and was just about to call Jasmine Tong when Ousheng’s voice came from upstairs.

“You have to learn to follow the rules.”

Yarwen Tong raised his head to look at Ousheng, “I”

“I know you’re worried, and I’m just as worried, but worrying won’t help, even if you told them there would be danger, this danger can’t be avoided, and what was foretold will happen.”

Yarwen Tong nodded, “I know.”

“Good boy.”

Albert Ou and Jasmine Tong played the piano together for a while, sitting on the piano stool together, Albert Ou leaning towards Jasmine Tong vigorously, his hand always intentionally or unintentionally touching Jasmine Tong’s sensitive parts.

“Teacher Ou, is it possible for your old man’s hand to move somewhere” Jasmine Tong aimed at Albert Ou’s hand, which came around from the back and placed it on Jasmine Tong’s chest without any bias.

“I like putting it here, hehe.”

“Eating students’ tofu, if you were really a teacher, you would have been fired eight hundred times.” Jasmine Tong took Albert Ou’s hand away, “Go take a shower, I don’t think you’re in the mood to teach.”

Ever since Zhong Yu Ling said that sharing a room was allowed, this little heart of Albert Ou’s has been restless.

“Then I’m going to take a shower” Albert Ou said and kissed Jasmine Tong hard on her cheek, “See how I’m going to fix you tonight, little demon”

Chapter 739

Albert Ou was in a heavenly mood, humming a tune as he showered in the shower

I’m going to be a father again, and I can make out with Jasmine Tong again.

But he was also silently praying never to give Jasmine Tong any more torture, he really couldn’t afford it.

Albert Ou took a quick and painful shower and cleaned himself up to get out of the bathroom.

“Man Man, did you choose a nightgown I like ah” but went out to find that Jasmine Tong is not in the bedroom.

“Where have you been?”

The bedroom was empty and there was no sign of Jasmine Tong.

Albert Ou looked at the closet with a bad smile and crept over to it, then quickly pulled the door open, “Don’t hide.”

The clothes in the closet didn’t move, there was no sign of anyone.

“Come out, I can see you,” Albert Ou forked his waist sweeping the entire room, but still no response, “dead girl, how old are you and still play hide-and-seek, don’t you know how to be anxious? I tell you, if you come out now, I may treat you better later, you still want to tomorrow. Don’t want to get up.”

Albert Ou finished holding his breath and listened carefully to the movement in the room, but the response was still an empty room.

Tonto didn’t mean to come out.

He searched the entire room and didn’t find Jasmine Tong, making sure she wasn’t in the bedroom.

“Can go where it must go to the children’s room just know the heart only son” Albert Ou angrily low growl, heart naturally unhappy, while cursing the

preparation of a good moment to clean up the woman who only has a son in her eyes, while walking towards the children's room.

The maid happened to come out of the children's room, "Sir, the two young masters are asleep."

"Is the wife in there?"

"No."

"Okay, you go." Albert Ou gently pushed open the door to the children's room, but there was no Jasmine Tong in the children's room.

Are you still in the piano room?

Albert Ou thought so and went to the piano room, but the piano room is also empty, and the lid has been put down, everything is packed up, Jasmine Tong should have packed up the piano room and went out.

"Strange. Where is everyone? In the kitchen."

It makes sense that I'd be hungry at night and want something to eat to cope with my boundless energy.

Albert Ou went to the kitchen with this thought, but the maid on this side of the kitchen told Albert Ou that there was no sign of Jasmine Tong at all.

At this time, Albert Ou panicked and immediately gathered everyone to start looking for Jasmine Tong in the house.

"Better not let me catch you ah, or I'll see how I spank you tonight" Albert Ou stomped his foot angrily.

You're playing this game at a time like this?

I knew it would worry him.

Albert Ou realized for the first time that the house was too big, and that it was too much trouble to find people.

"You've all looked carefully for no cabinets or warehouses to spare."

Albert Ou stood pacing back and forth in the living room, he carefully thought about running upstairs to the room of the Cold Lords and Meng Rujiao.

The Leng Lords and Meng Rujiao are also in the energetic age, after the birth of the sweet, has been Meng Rujiao with, these days finally night sleep apart, the Leng Lords also do not seize the time.

The two of them were making out on the bed when they suddenly heard a bang and Albert Ou kicked in the door.

Meng Rujiao shrieked in fright and hurriedly took the blanket to cover her body, the cold lord immediately snapped: "Who"

In addition to the fact that the family can be in this house so openly into his cold owl room, in addition to the bastard, that is the bastard's father.

Albert Ou switched on the light, "Where's Jasmine?"

"You look for your own wife to find my room" was stirred good cold owl naturally can't suppress his fire.

Meng Rujiao was in a state of shock and hurriedly wrapped the blanket again, this is too embarrassing

"Did Jasmine come" Albert Ou looked around the room without finding anything.

"You come to my room in the middle of the night looking for your wife, are you sick?"

"I asked if you had seen Jasmine" Albert Ou's eyes were red and he looked towards Meng Rujiao, who had wrapped her body in a blanket and was still shaking a bit.

Albert Ou walked directly in front of Meng Rujiao, and the Cold Lords immediately stretched out their arms to block Meng Rujiao, "Don't you go too far."

"Jasmine's missing."

"What do you mean it's gone?"

Albert Ou just walked out of the room without saying so, and there was none here either, so that made sure she should be missing.

But it's strange that the Crystal Garden is so heavily guarded that it could take a living person away from here.

That's not possible.

The cold owl also did not dare to delay immediately dressed in the bedroom to find Albert Ou.

"What the hell's going on? How come it's gone?"

Albert Ou told the whole story to the Cold Lords.

"With so many of us guarding the place, even if someone were able to avoid the bouncer, there's no way they'd be able to take a big live person like Mandy out."

Ever since Jasmine Tong became pregnant, Albert Ou doesn't even let her go out, after all, the home is the safest, but what she didn't expect was precisely that something happened at home.

"Don't get too anxious, Manny might have an emergency out or be messing around with you." The Leng Lords hurriedly widened Albert Ou, fearing that he would tear the house down later.

"I'm sure you'll be able to tell me what's going on," he said.

Because it happened so suddenly and there were no clues to go on, both men were in trouble.

"Surveillance right, surveillance go get me all the security footage right away."

Albert Ou strode out to the control room and immediately had the staff pull up all the surveillance for an hour.

But after looking at the surveillance footage, there was nothing out of the ordinary.

The piano room captures Tong packing up the piano and walking out, and the hallway captures Tong going back to the bedroom, and that's the final image.

“Bedroom check the bedroom monitor immediately.”

But the staff didn't move, “Sir, your and your wife's bedrooms are not monitored.”

Albert Ou just realized that his and Jasmine Tong's bedroom was not monitored.

It's hard to do every night when you're doing things and still give others a live feed. So, Jasmine Tong is determined not to install surveillance in the bedroom.

Albert Ou is holding his head in his hands, there's no way to find out from the surveillance, the person can't just disappear into thin air, right?

It was at this time that the Cold Lords called him, “You'll come back to the bedroom right away.”

Chapter 740

Albert Ou couldn't find out anything in the surveillance room anyway, and hurried back to the bedroom.

“What are you calling me back for?”

As soon as Albert Ou entered the door, he saw Yarwen Tong, a long-lost face.

“Brother-in-law.”

“What are you doing here, Xiaolei?”

“Brother-in-law, is something wrong with my sister” Yarwen Tong looked panicked.

Albert Ou hung his head and said nothing.

Yarwen Tong, however, did not show any surprise, “As expected.”

“It really is which,”

“Mom predicted that something would happen to my sister, she said she saw her running away with a big belly and was going to tell you guys, but Dad said

that since he had cut you off, he couldn't contact you anymore and left you to deal with the crisis on your own, I didn't trust her and sneaked over here."

Yarwen Tong has also started calling them Mom and Dad instead since he's been with Ou Sheng and Mo Lan Yi.

Albert Ou suddenly thought of something like that.

"Why didn't I think of that vampire?"

"You mean it was a vampire who took Little Man" the cold lord asked hastily.

"Yes, and only a vampire can be fast enough to capture the footage even on surveillance, and only they can escape the tight security here and take people out."

Albert Ou pounded the table with his fist, "Who the f*ck is that?"

Yarwen Tong's eyes were suddenly fixed on the wall that guarded the window, "It's the Bute family."

"How did you know?"

Yarwen Tong pointed at the wall, and the Leng Lords and Albert Ou looked at each other, because there was nothing but a painting on that wall.

"Invisible text for vampires, I forgot you can't see it, it says they've taken my sister and want you to go to the Dark Mountain where the Butts live, out of date."

Yarwen Tong read the writing on the wall.

In the past, although Albert Ou wasn't exactly a vampire, he could see vampire invisible writing, but now that the seal has been lifted, he is no different from a normal human, and all of his previous abilities are gone.

"Why would the Butters leave invisible writing you can't even see, if I hadn't come here today it wouldn't have made a difference if they had or hadn't."

Albert Ou narrowed his pupils, "No, they don't know I've lifted the seal, so they still think I'm a half-human, half-vampire that can be seen."

"But why did they take Little Man? "The Cold Lords were puzzled.

“Do you remember the previous preparation for the marriage with the Bute family? the last incident was settled, but the Bute family lost face and has been holding their breath for a long time, so it seems this is their chance for revenge.”

“Whatever their reason or purpose, Manny is human, they won’t get far with Manny, we might be able to catch up if we try to go after them now.”

“But there are many ways to get to the Bute family’s Dark Mountain from here, whether they go by water or land, or by plane, we don’t know, how to chase them” Yarwen Tong offered a different view.

For a while everyone was in the middle of this conundrum.

“Gather everyone at once and go scout out every road we can take, Jasmine is so smart, he’ll leave us clues” said Albert Ou with a fist in his hand.

He mused over and over again that nothing should ever happen to him.

Jasmine Tong woke up with a familiar smell in her nose, a smell that seemed very long ago, so long ago that her taste buds could barely remember it.

She slowly opened her eyes to find herself in a strange room, her hands and feet unbound, she had just gone back to her bedroom last night when she was suddenly blindfolded and couldn’t remember anything when her eyes went black.

She’s been kidnapped.

This was Jasmine Tong’s first reaction, Albert Ou was so high, she was already a tree, it was good that it was her who was kidnapped and not her two sons.

Jasmine Tong touched her belly, and there was no sign of pregnancy without a close look at the abdomen.

She fumbled to her feet feeling a little wobbly, it took her a long time to get to her feet and she was just about to walk out to see what was going on when suddenly the door opened.

A blonde haired man walked in, “You’re awake.”

“Who are you” Jasmine Tong was full of caution.

“You don’t need to know who I am.”

“Then what have you got me here for for money.”

“Hahahahaha” the other laughed, “What do I need money for as a vampire”

That’s when Jasmine Tong realized that although this person had blonde hair, his blue eyes were also because he was a vampire, so it was fine if they wanted money, but they precisely didn’t want money.

“Mrs. Ou, we are all vampires on this ship, there is no way you, a human, or a woman can fight us, I hope you are smart, we want your Mr. Albert Ou.”

It turned out to be for Albert Ou.

“You mean we’re on a boat now” No wonder she always felt a little wobbly.

“That’s right, because you’re human and can’t get back to Mount Diablo as quickly as we can, so we’ll have to leave by boat, which is probably a long way away, so I hope you’re prepared for that.”

Jasmine Tong’s last trip to the vampire world was by boat.

“You can’t hurt me.”

“Don’t worry, we’re not going to hurt you as long as you fully cooperate with us, we want your husband, not you, and it wouldn’t do us any good to hurt you.”

“I’m so bored in here, I want to go for a walk.”

“Yes, feel free, your breakfast will be ready in a moment and I’ll have it brought to your room.”The other side made good time to open the door.

A salty sea breeze blew in, and Jasmine Tong walked out of the room, sure enough it was at sea.

The gang, perhaps realizing that she could never escape from the sea as a human, paid no attention to her at all.

Jasmine Tong looked at the endless sea, and then looked at the bottom of her feet, a little dizzy, for a boat ride, she is still from the bottom of her heart some fear.

She's pregnant now and it's destined that she can't do anything drastic, now that it's been one night, Albert Ou must be going crazy, does she know she's on the boat?

She needed to leave him some kind of signal to do so.

Jasmine Tong looked at the red rope on her wrist.

It was sent to the temple by Albert Ou to beg for it when she was suffering from pregnancy vomiting, and it was said to bless the child's safe birth, Jasmine Tong also thought Albert Ou was really naive to believe in such things at the time.

She stood on the deck and carefully removed the red rope and threw it casually into the sea.

Hopefully, Albert Ou will see it when he looks for her.

Jasmine Tong returned to her room as if nothing had happened, and breakfast was ready on the table, and it was plentiful.

She had to eat well, after all, it was two now.
