

Her Bossy Yet Naive CEO Chapter 741 - 755

Chapter 741

The breakfast at the table was sumptuous, except that since they were Westerners, it was according to Western custom.

It's a good thing that Jasmine Tong is used to eating everything, so she grabbed a piece of toast and ate it.

I don't know where Albert Ou has found it now, but hopefully his men will find the red rope soon so they can come after it, otherwise it won't be a needle in a haystack to find someone.

The door opened once more and Jasmine Tong was a little wary but still didn't stop chewing.

It was the man from just now.

"As expected of an Albert Ou woman, it's gotten to the point where she's even able to eat in a pinch."

"Or what about a hunger strike? Then it would be better to just jump into the sea and die." Jasmine Tong chewed hard on the bread in her mouth.

The man walked over to the table and sat down, sitting directly across from Jasmine Tong.

"Mrs. O., I'm very glad you're so cooperative."

"Do I have a choice, sir?"

"Just call me Sevin."

"Mr. Severn, I want to ask you, if you wanted to see my husband about something you could have just gone to him and arrested me for what."

Jasmine Tong asked curiously what the vampires were capturing her for and what exactly they were looking for Albert Ou.

"Mrs. O, I don't know if you remember us meeting." The man named Severn turned his face to look directly at Jasmine Tong.

Jasmine Tong stared intently at the face but there wasn't a single memory of it in her mind and she shook her head.

The smile on Severn's face was a little awkward, "I guess I'm not handsome enough to remember Mrs. O, but that's okay, I can remind you that we're at a wedding."

The wedding made Jasmine Tong even more baffled, because of her special identity, she and Albert Ou attended simply too few weddings, except for a few close friends in the circle, she has not attended anyone's wedding ah.

"Exactly an unfinished wedding, Mr. Ou is the groom, and Mrs. Ou you are here to steal the wedding."

Jasmine Tong looked at the man in front of her in surprise, could it be that they were

"That's right we are the Butters, it was my little sister Daisy who was going to marry Albert Ou back then, but it was quite impressive to see Mrs. Ou at the time, it's not simple that a human would dare to trespass on vampire territory."

The fact that they were the Butts made Jasmine Tong uncomfortable.

It can't be because of the marriage snatching that made them prepare for revenge, but it's too late for revenge.

"Why on earth did you want my husband to marry Daisy and why are you arresting him now?"

"Truth be told Mrs. O, your husband is no ordinary human, not an ordinary vampire exactly, every human possesses a superpower when they turn into a vampire, and legend has it that vampires who have never had a superpower have special abilities so powerful that they can destroy the entire world."

Jasmine Tong was overjoyed to hear Severn say that, and without waiting for Severn to finish his sentence she snatched him up and said, "Then you're disappointed, it's useless for you to capture him, he's already unsealed"

In the meantime, Severn first looked at it then smiled slightly, “unsealing you’re kidding me.”

“I’m not lying to you, he’s not half human and half vampire anymore, he’s a real human he was already only half vampire, we went to the Savara forest to help him unseal, not only does he not have the special abilities you said he had, he now has all the strength and speed he had before”

Jasmine Tong spoke very fast because she was in a hurry to explain, but even so Severn heard her very clearly.

It was something that Severn hadn’t expected.

“I ask you to trust me, how else will I get along with him if you think about it, he is truly unsealed”

“I can’t trust anything you say about that, I’m going to discuss it with my people.” Severn stood up and took two steps and then folded back, placing a red cord on the table, “I picked up what Mrs. O’s accidentally dropped for her, so Mrs. O’s take care of herself.”

When she saw the red string, Jasmine Tong was a bit desperate, the signal she left for Albert Ou was just picked up.

It seems that the gang wasn’t unsuspecting of her, but just that these vigils were keeping her from noticing.

But if these people knew that Albert Ou was really unsealed, then they shouldn’t be able to do anything to them, right?

Jasmine Tong could only silently pray that everything would go according to her hopes.

In the other room, several of the Butte clan were discussing something.

A man with pure white hair and sharp, indifferent eyes was the head of the Bute family named Viron, another man with white, almost transparent skin and blue eyes looked slightly younger, the third oldest of the Bute family named Bruce.

“Severn, such preposterous nonsense that you would even believe in unsealing, never heard of it it’s just a legend” old Davilon didn’t believe such words thinking it was nonsense.

“But it doesn’t look like the woman is lying, if there is no such thing as unsealing, how does she, a human, know about such things as unsealing” Severn kept thinking with his chin in his hand.

“Ousheng has been looking for a way to lift the seal, and I’ve heard that he’s made inquiries from many families, only no one knows anything at all about lifting the seal lifting the seal is nothing more than a legend.”

“In case he does unseal it, wouldn’t that be a waste of our efforts,” Severn asked rhetorically.

“According to me people are captured, whatever, we’re the ones responsible for bringing them back this time anyway, as long as Albert Ou is here, won’t everything be clear.” Bruce’s expression was relaxed and unruffled, not affected by this in the least.

“Bruce is right, we’ve got the people, we can’t let them go just because she says so, let’s take her back to the Dark Mountain and wait for Albert Ou to come over and we’ll know everything.”

Viron gave the order.

Severn nodded, there was no turning back from the bow, so that was all they could do.

“Severn, keep an eye on that woman, don’t let her leave any more marks, Albert Ou is very good at what he does, and if he catches up with us midway, we may not be his match.”

“Brother, you’re too much of a coward, Albert Ou is only half human and half vampire, he can still stand up to us three vampire jokes” Bruce scowled.

“He has special abilities, this woman is very important to him, in case his special abilities are triggered to save this woman, let alone the three of us, our entire clan is no match for him.”

“This special ability is so powerful.”

“The ability to destroy the world, don’t you think?”

Chapter 742

Bruce glanced down at his mouth apparently not quite believing it was true.

It’s all legend anyway, no one has ever seen it at all.

“It’s never wrong for us all to be vigilant, and when we get to Mount Diablo, we’ll be fine.”Viron said.

This side of the Crystal Garden is also grim as a substitute at the moment.

Since Jasmine Tong had disappeared, Albert Ou hadn’t closed his eyes, let alone eaten, and the men he had sent out had been trying to find out the other party’s route, but the results from all sides said they hadn’t tracked it.

The three of them stared out at the map in the conference room.

When it was time for lunch the maids brought in the food, and the cold lords sat at the table.

“Eat something, it’s not a good idea for you to eat or sleep so much, don’t forget you’re human now.”Leng Lords said as he picked up his chopsticks.

The only way to have the energy to deal with more complex situations is to eat.

But how could Albert Ou eat that?

The cold owl’s words he seems to have not heard as if he had been staring at the map in thought.

“Brother-in-law, you should eat something, eat something to get your mind going, your brain only turns faster, you’re not a vampire anymore, you have to eat.”Yarwen Tong was also on hand to say.

Albert Ou was still staring at the map.

Leng Lords gave Yarwen Tong a wink, they said how much is useless, this man only listened to Jasmine Tong, but Jasmine Tong is not here, only he can figure it out on his own.

There is no sound in the room, only the cold owl in the food, Yarwen Tong also can not eat, he is anxious.

“They took the water route.” Silence suddenly opened up in Albert Ou.

Yarwen Tong and the Leng Lords both raised their guard to look up at Albert Ou.

“How do you know it’s a waterway is Manny left a signal” the Cold Lords asked eagerly.

“No, these locations on the map,” Albert Ou pointed a finger, “I’ve sent people to check them all, and no suspicious people have passed through.”

“Is it possible that it would be quicker to walk by airplane, and I don’t think they want to delay too long.”

“Impossible, there is no signal detected in the air which means they are not on a plane, they are vampires who have trouble doing many things in human society, and they know that my plane must be state of the art, they can’t find anything better than my plane.”

Albert Ou stared at the only waterway entrance or exit, “The only other possibility is here, and it’s hard for Jasmine to give a signal at sea, and she’s probably locked up, much less give a signal.”

That would explain it all.

“Then I’ll go after it right now” Yarwen Tong leapt down from the window without saying a word.

“Let him go, he’s the only one who can catch up as fast as he can now.”

“But would he be a match for them? How many vampires are on the other side we don’t know, and besides vampires have superpowers.” The Cold Lords were inevitably worried.

“Lei is also a vampire, at least he can get around them, I’m going to deploy my ship right now, we’ll follow afterwards.” Albert Ou immediately made a phone call to Russel Cheng to prepare the boat and everything else before departure.

Since the other was a vampire, they couldn't let too many humans know about it, so it was up to the two of them.

Albert Ou looked at the food on the table and remembered Jasmine Tong's words.

"No matter what happens from now on, will you eat and sleep well."

He had just promised her something.

Albert Ou sat down at the table, "I'm going to eat now and get some sleep later, so you can get ready."

When you hear the words Leng Lords are stunned, this man even took the initiative to eat, it is really rare.

After dinner Albert Ou really went to the bedroom to sleep.

The Leng Lords also have to report to Meng Rujiao to subsequently rest and prepare for a fierce fight.

The not-so-obscure boat sailed on the endless ocean, a boat they had chosen because they feared the target was too big.

It was a good thing that these vampires were humane and prepared food for her at every meal, although it wasn't very rich, but it was enough to fill her stomach.

Suddenly there was a knock on the door, Jasmine Tong listened vigilantly walked to the door, opened the door, Yarwen Tong rushed in and hurriedly closed the door.

"Little Lei,"

"Hush sis, don't talk." Yarwen Tong looked out the window and hurriedly pulled Jasmine Tong to a hidden place in the room, "Sis, are you okay?"

"I'm fine, the vampires are fine, they didn't do anything to me, and they let me just walk around here, except they're very wary and I couldn't even leave a signal if I wanted to."

It had been a long time since I had seen Yarwen Tong, and Jasmine Tong looked a little excited.

“My brother-in-law has guessed they’ve taken the water route, and they’re probably coming over here soon.”

“Little Lei, how did you get here” Jasmine Tong stroked the familiar face of Yarwen Tong.

“It was Mom who predicted that something was going to happen to you, so I snuck over here, and something did happen to you, you’re pregnant, sis.”

Jasmine Tong touched her stomach, “Yeah, it’s been three months, but they don’t know about my pregnancy, so I think it’s better not to let them know, so as not to have another incident.”

Yarwen Tong stretched out his hand to touch Jasmine Tong’s stomach, “That’s great, I’m going to be an uncle again.”

The three brothers were playing poker in their room, and the long journey was an ordeal for them too, so they had only to play poker to pass the time.

Severn’s ears suddenly moved, being a vampire, he had the superpower to perceive what he wanted to perceive.

So when Jasmine Tong threw that red rope into the sea, he sensed it first.

“No, there’s an intruder on board.”Severn suddenly dropped the poker in his hand.

“It’s Albert Ou.”

“Not like, like our kind.”

“So what are you waiting for, go to the meeting” Bruce looked like he was in full combat mode.

The three brothers immediately headed over to the room where Jasmine Tong was being held.

While Jasmine Tong and Yarwen Tong were talking, they suddenly barged in.

Yarwen Tong immediately shielded Jasmine Tong behind him.

“I thought it was who it turned out to be, that new son of Ou Sheng, a little fledgling” Bruce did not take Yarwen Tong into account at all.

They always called the newborn vampires “chicks”, because although they were already fully vampires, they were not fully in control of their bodies, and their abilities were much inferior to those of the vampires who had been transformed for a long time.

Normally, it takes ten years of transforming into a vampire to fully adapt to the role of a vampire and make the most of your abilities.

“Just leave it to me.”

“Don’t,”

Bruce and Yarwen Tong get into a fight.

Chapter 743

Bruce’s power is all about strength, he can just shatter a rock with a fist, let alone anything else.

Yarwen Tong was no match for him at all, and after a few moves, he had lost.

Bruce punched Yarwen Tong’s chest and Yarwen Tong landed on the ground in an arc straight out of the air.

A mouthful of blue blood sprayed out of his mouth.

Jasmine Tong rushed forward to help Yarwen Tong, “Xiaolei, are you okay?”

“No, it’s fine.”Yarwen Tong covered his chest with a pained expression.

Bruce craned his neck and creaked as if he hadn’t had enough.

“No fun, it’s only a few hits and you can’t handle it, and you’ll really embarrass us vampires.”

Severn stopped Bruce, “Don’t waste your energy with him, he’s no match for us, let the sister and brother catch up here.”

The three of them saw that Yarwen Tong was badly hurt and knew that Yarwen Tong wouldn’t be able to do anything, so one by one they sailed away.

Jasmine Tong helped Yarwen Tong to lie down on the bed and let him rest.

“Are you really okay?” Jasmine Tong saw that Yarwen Tong’s expression had been very painful and asked worriedly.

“He broke my ribs.”

Jasmine Tong touched down in the direction of Yarwen Tong’s hand covering it, and sure enough, an obvious collapse occurred.

“What then?”

Yarwen Tong forced out a smile, “Sister, you don’t have to worry, I’m not human, I’m a vampire now, my ribs are broken, they will recover on their own, I’ll be fine in a few days.”

Jasmine Tong stroked Yarwen Tong’s hair sadly, “You rest for a while.”

“Sis, I’m useless, I couldn’t protect you before, and I still can’t protect you now.” Yarwen Tong’s eyes were filled with guilt.

There was a time when he thought he could protect his sister by becoming a vampire, but he hadn’t expected to lose the first time he was needed.

“You’ve been very brave saying silly things, you lie down and get some sleep, they shouldn’t come back.”

“Brother-in-law should be right behind us, he should be here soon.”

Jasmine Tong nodded with a pleased smile, and in a short while Yarwen Tong fell asleep, and vampires were especially prone to sleep when injured.

Of course Jasmine Tong knew that Albert Ou was coming, but even Yarwen Tong, who had become a vampire, had his ribs broken by those people under a few strokes, not to mention Albert Ou’s, who had already lifted the seal, even with the addition of the Leng Lords, that wouldn’t work, the Leng Lords were also unsealed, and he was vulnerable to the vampires.

Of course the three vampires weren’t afraid of Yarwen Tong, but they were really a little worried that Albert Ou would come over and had to start discussing what to do if he did.

Bruce was always reckless, “I really don’t believe that Albert Ou is that good, he’s half human, half vampire, he can’t be any better than me” he held his fist up proudly.

"We can't underestimate him, it's best not to confront him, we have to think of a way to make him know when to back off." Viron is still old in the end.

Severn also agrees deeply.

Suddenly Viron was smart, "I have an idea, you'll just have to listen to me when the time comes."

Albert Ou's boat caught up with him at the crack of dawn the next day, and he deployed the most advanced boat he had at his disposal, with a speed that was at the top of the world, and then chased it all the way over at full power.

Since more humans can't know about the existence of vampires, this is also for everyone's sake, so there are only two people on board, Albert Ou and Cold Lords, and the ship can be set up to pilot itself afterwards.

Albert Ou stood on the deck looking toward the ship ahead and he picked up the megaphone.

"Listen up up front, I don't care if you're a man or a ghost, give my wife back honestly or I'll be damned."

Although they hadn't brought anyone with them, they had set up the most advanced weaponry on the ship.

The three vampires on the ship, however, did not panic at all, and together they broke into Tong's room, where Viron rudely grabbed Tong.

"What are you doing?"

As soon as Tong was about to get up, Bruce restrained him.

Tong was taken out by Viron and Severn, Viron pushed hard and Tong knocked against the fence, so she reacted quickly to protect her stomach with one hand.

Severn took out a dagger, and Jasmine Tong saw the dagger bubbling with cold as soon as she raised her eyes.

"What do you want?"

“Don’t worry we’re not going to kill you, we’re just going to borrow your blood for a bit.”When Severn pushed a little harder, Jasmine Tong only felt the piercing pain and her arm was cut with a bright red gash.

Villan grabbed Jasmine Tong and made her lie down on the fence, blood dripping down Jasmine Tong’s arm and into the ocean.

“Almost there,” Severn asked Viron.

“Human blood is regenerative, and a little more is okay.”

Jasmine Tong struggled and watched as her blood flowed a little from her body into the sea, but she didn’t understand what they were trying to do.

It wasn’t until Viron yelled at her to stop that Severn released her and pushed her back into the bedroom.

Albert Ou and the Cold Lords didn’t know what was happening, they were still some distance away from the ship, and Albert Ou didn’t see anything with his binoculars.

“They don’t seem to be trying to slow down.”The Cold Lords stood at Albert Ou’s side.

“Yes, it didn’t slow down.”

“They can’t hear us shouting.”

“There’s no way you can’t hear it, vampires have sensitive ears, not to mention the fact that this megaphone of mine is perfectly capable of transmitting this far.”

“So what the hell is going on here,”

Albert Ou couldn’t really figure it out, they should have known of his strength, otherwise they wouldn’t have taken Jasmine Tong away in such a sneaky way, but since they had caught up with him, they should have shown something.

“No, look” the cold lord’s gaze was suddenly fixed on the sea and he pointed to the surface.

Albert Ou followed the cold owl's finger and saw that there were sharks near their ship.

And not just one or two, but swarms of sharks.

"There's more over there," the Cold Lords soon discovered that these sharks had also appeared directly in front of them and were chasing the boat ahead all the way forward.

"How come there are so many sharks" Albert Ou seemed to be talking to himself.

Albert Ou stared carefully at these sharks in the sea, they seemed to be very active, attracted by that gang of vampires

That's unlikely, I haven't heard of anyone in the Bute family with that kind of power.

"Ono, look closely, it's the blood that's drawing the sharks in" shouted the cold owl.

Her Bossy Yet Naive CEO Chapter 744 - 746

Chapter 744

Albert Ou took a closer look, didn't he?

You can't really tell until you look closely.

There were threads of blood all over the area where the sharks had gathered, but the blood was so faint that it quickly dissipated in the seawater.

"Blood."

Albert Ou quickly returned to the command room and lowered the ship's speed, feeling the cold lords coming in as the ship slowed down.

"You how,"

“There’s only one human on that ship, the blood must be Jasmine’s, they’re warning me that if I keep chasing after them like this, they’re going to do Jasmine a disservice.”

Albert Ou’s gaze is glazed over with an indignant light of hatred that can’t wait to devour the ship directly in front of him.

I can’t believe they poked him in the soft spot right away.

Leng Lords calm down and think that Albert Ou said reasonable, the other party is afraid to already know that Jasmine Tong is Albert Ou’s biggest weakness, they are not afraid of Albert Ou to catch up, as long as there is Jasmine Tong in, they can rest easy.

“We’re turning around now to go to the Savara Forest.”Leng Lords suddenly suggested.

Albert Ou looked to the Cold Lords in puzzlement, “What are you doing there”

“Get your wolf back, we don’t dare to chase forward now, they are bound to take Manny to the Dark Mountains, and then the two of us will be in the vampire’s lair, get your wolf back, it might be useful to us.”

Albert Ou nodded after careful deliberation, he just watched Jasmine Tong being taken away by them, but he couldn’t do anything about it.

Man-Man, you have to wait for me.

The boat in front got excited at first when it noticed that Albert Ou had lowered the boat speed.

“This woman sure is Albert Ou’s weakness ah just seeing a little blood is too much to bear” said Severn looking through binoculars at the ship that was getting further and further away from them.

“A grown man doing this for a woman, oh what a shame for us vampires”, Bruce mocked with a sarcastic tone.

From her window, Jasmine Tong also saw the sharks that swarmed Albert Ou’s boat as it got further and further away from them.

They're using their own blood to attract the shark to them so that Albert Ou can imagine that blood was used when he sees the shark, and the only human on the boat is Jasmine Tong.

The blood must have scared Albert Ou, that's why he slowed down, the gang seemed to have them figured out already.

One can only take one step at a time.

It didn't take long for Viron and Severn to notice that Albert Ou's ship had not only reduced speed but also turned around, catching the two men off guard.

"Why did he turn around, he didn't want his own wife."

"Impossible, he's definitely up to something, we must be vigilant and try to get back to Mount Diablo early enough to confront Albert Ou again."

Viron and Severn put the boat back up to full power, they were truly afraid of Albert Ou.

The first time I saw him was when he was in the hospital, he was in the middle of the night.

After half a month on the ship, they finally disembarked, and shortly after disembarking, they arrived at Mount Diablo.

It was a mountain range shrouded in black mist, and Yarwen Tong told Jasmine Tong that the Bute family of the Dark Mountain had always been known for their treachery.

Shrouded in black mist was a dark castle, so large that it was larger than a crystal garden by sight, like the castle where the old witch lived in those fairy tales.

As soon as he arrived at Mount Diablo, Yarwen Tong was locked up in a dungeon, while Jasmine Tong was sent to a room with guards outside.

Jasmine Tong was anxious, worried about Yarwen Tong's injuries on the one hand, and wondering how things were going on Albert Ou's side on the other.

This room is fully equipped, so it seems they really don't dare to neglect themselves.

The first time I was in a position to do so, I had a feeling that I would be able to do something about it," she said.

"Mr. Boot,"

Mr. Butt was obviously surprised, "Mrs. O. even remembered me."

Jasmine Tong turned her face to the side looking serious, "What exactly do you want after going to all this trouble to get me here"

"Mrs. O, welcome to our Mount Diablo as a guest."Mr. Butt did not answer Tong's question.

"Do you have such hospitality as a guest? Haven't you ever heard of a guest who doesn't want to come and has to be kidnapped to be a guest."Jasmine Tong was not polite in the least.

Mr. Butt sat across from Jasmine Tong self-consciously, "Albert Ou's wife is really something, it seems we really underestimated you, it's enough to see that you're not an ordinary person if you were able to break into the world of vampires in the first place."

"Mr. Butt, I think you should just say what you have to say without putting a high hat on me."

"Very well, Mrs. O., I like you so straightforward, in fact, you can rest assured that we will never hurt you, and if you will persuade your husband to marry my youngest daughter, Daisy, and serve our whole Butte family henceforth, I will send you back at once."

The first thing you need to do is to get a good deal of money from the people you're dealing with.

Mr. Butt saw Jasmine Tong smiled gently and immediately added: "If you want you can also stay here and share a husband with my youngest daughter Daisy, we have no problem with that."

Tong's Mandy laughed, a laugh that boggled Mr. Butt's mind.

"Mrs. O'Brien is not happy with this arrangement."

"I can't believe that you are so open-minded, two women serving a husband such things can accept, can't you want your daughter widowed? My husband

he only loves me alone, for other women from look at not even care to look at.”

Mr. Butt stroked his beard, “Mrs. Ou is too confident, what man does not want to be surrounded by beautiful women? Three wives and four concubines this kind of thing begging for it, not to mention my Daisy is also a beautiful woman.”

“Mr. Bute, I’m not going to lie to you, your son also revealed something to me, you want my husband to work for the Bute family only because you want to use his special abilities, but I’m sorry to say that just the last time I came over here, I had already helped him to remove the seal, he is now completely human and will not be of any help to you.”

Mr. Butt had naturally heard his sons discussing it before he entered the house, and he remained unperturbed.

“Do you think I’ll believe you when you say that, Mrs. O. You’re a lot more cunning than I thought, so let’s just wait quietly for your husband to come.”Mr. Butt got up and prepared to walk out.

“The Butts have been in great trouble.”

Chapter 745

Mr. Butt stopped and turned around when he heard Jasmine Tong’s words.

“Why do you say that Mrs. O. Even though we arrested you, we’ve been treating you well, you don’t have to curse us like that.”

“Are you an elder to be more confused than me my younger brother Yarwen Tong is now also my father Ou Sheng’s son, he is sneaking away to see me, my father will soon find out that he is missing, not to mention my husband will definitely tell father about this at the first time.”

Jasmine Tong was calm and very steady, “By then dad will definitely gather the forces of Aiya to come over and ask for someone, isn’t the Bute family still in great trouble”

Mr. Butt’s eyes glittered with something different.

In fact, Jasmine Tong is just a try, before the Albert Ou and Daisy wedding did not run, but the Bute family even so good-tempered to leave, should also be scrupulous Aiya's power.

"Mr. Bute and even the Bute family are ambitious, the reason you want to recruit my husband is because you want to unify the world of vampires, I'm sure you wouldn't do such a foolish thing as having a fire fight with Aiya before completing your great work and injuring yourselves."

Mr. Butt was a little anxious now, but after all, his sophistication didn't show it.

"You want to make a deal with me."

Jasmine Tong smiled wanly, "Let my brother go and have someone from Aiya Valley come and pick him up."

"Dreaming,"

"It doesn't matter if you don't do the same, I'm sure you'll still come begging for it when Aiya is forced to rob someone."

Mr. Butt mulled it over and continued, "They'll be good enough to pick people up."

"My father is a proponent of peace and is determined not to use force where he can, so if I come and contact them and ask them to just pick up the people, I'm sure there's no problem."

"Well, I'll believe you for once."

Soon Jasmine Tong spoke to Ousheng under the Bute family's surveillance, and the Bute family's condition was that Ousheng come alone to pick up Yarwen Tong, which Ousheng agreed to on the other end of the phone.

dungeons

The Dark Mountain was inherently dank and dank, and the castle's dungeons were even more so, so damp that droplets of water could be seen dripping down everywhere, and the dungeons were filled with a sense of terror, eerie and terrifying.

Yarwen Tong was dying in the dungeon, leaning against the damp wall, although vampires can survive in any kind of environment, but he was already

badly injured and needed energy to recover, such an environment only made it harder for him, not only did his injuries not recover, but they worsened.

The sound of high heels echoing through the dungeon was even more eerie.

Yarwen Tong heard the sound of the chain opening, he slowly opened his eyes, the familiar face unfolded before him.

It's Daisy.

They had a few encounters a few years ago, when Daisy was determined to make good things happen with Albert Ou, and was spoiled by Yarwen Tong.

"Tsk, tsk, so sad to see you look especially like a dog now." Daisy crouched down to look at Yarwen Tong.

Yarwen Tong hooked his lips and smiled, "That's also better than you."

"Better than me hahaha where do you get your confidence from?"

"At least I've never been abandoned, unlike some people who offer to throw themselves at me, but people don't even bother to touch a finger."

Daisy was enraged and grabbed Yarwen Tong's neck, "I still can't remember if you don't say it Yarwen Tong it's you it's because you ruined me and Albert Ou's good deed and made me the laughing stock of the family"

Yarwen Tong coughed twice, "Even without me that day, even if you stand naked in front of my brother-in-law someday, my brother-in-law won't care to touch a finger of yours."

"Nonsense" Daisy had always been very confident about her looks and her body.

"Because he only loves my sister, and all other women are transparent in his eyes."

"I don't believe it" Daisy let go of Tong, "What's so great about that human"

"Some people can't say where they're good, but there's just no substitute for anyone, Daisy, take my advice, don't be stubborn, the more you try to be with my brother-in-law, the more you'll humiliate yourself, and my brother-in-law won't be with you anyway."

Tong's words were a little less offensive, and he believed that Daisy was not evil by nature, but perhaps just pride.

"What do you know I fell in love with him when he was little, do you know how happy I was when my father told me to marry him? I searched all over the world to find my favorite wedding dress just so I could marry the man I love, but"

Daisy's heart was bleeding as she thought of the interrupted wedding.

Tong struggled to get himself closer to the wall so he could speak with a little more energy.

"I know how you feel."

"You don't understand how you can understand."

"Because I have someone I like, too."

Yarwen Tong's words did take Daisy by surprise, and for Yarwen Tong, Daisy knew more or less, it was said that he had always had heart problems when he was still human, and was only nineteen when he transformed into a vampire.

"You,"

"What's wrong with me? Can't I have someone I like?"

Yarwen Tong removed a collar from his neck, and inside the collar when he opened it, there was a picture, which was a miniature version, but clearly visible, with Yarwen Tong and Mo Yi Xin on it.

"I knew when I transformed into a vampire that she and I were never going to work again, and I wanted to keep something of her as a permanent reminder, but I realized there was nothing between us, so I drew this picture."

Daisy saw the painting from Yarwen Tong's hand, and it was a very realistic drawing.

"I can't believe you're good at drawing."

"I liked her when I was in college, but because I had a heart condition and didn't know when I was going to die, I was afraid to fall in love at all, never

even dared to tell her until I was on my deathbed that she had actually liked me all along.”

Every girl will be touched when she hears such a story, Daisy is no exception, in the end, she is just a girl in the beginning of love, not by nature is hard-hearted.

“Love but no love.”

“Loved but not loved.”

“I can relate to how you feel, the most painful thing in this life is to love but not to be loved.”

Daisy’s expression softened without the arrogant and domineering look she had earlier, “Actually, if you love her, you could try to turn her into a vampire as well so you can be together, or fall in love with a human like your father, Orson.”

Yarwen Tong pursed his lips in a disdainful smile.

“Before I answer your question, let me ask you a question, are you happy being a vampire, are you happy.”

Chapter 746

Daisy seemed to think the question was ridiculous.

“Of course, we vampires can be forever youthful, we have infinite power and a speed that no human can match, we can live forever, especially if we transform into vampires at your age and mine, and we can go on like this forever.”

The way Daisy spoke was browbeaten.

Yarwen Tong, however, felt ridiculous.

“It’s a natural law that humans live and die, and while no one wants to be an old person, there are advantages to being old, and each age of the human race has a special meaning to each day they are different.”

Daisy didn’t think the young man could say such things.

“But what about us? Is there a difference between the you of yesterday and the you of today or the you of ten years ago and the you of today? Our lives are meaningless.”

As much as Daisy hated to admit it, she had to think about Tong’s words, and he was right.

The castle was full of people, but they didn’t need to work, so every day was nothing, and the sisters just played cards and put on makeup and studied clothes and occasionally went around the world.

But their lives were too long, and her first few years of finding vampires new and starting to travel the world had only taken ten years to lose interest in various places, but ten years couldn’t be too short for the infinitely long life of a vampire.

“Every day of our lives is a repetition, my mother used to say that the one thing she regretted the most was falling in love with a vampire, and because of that she became a vampire, left her own parents and family, and had to be separated from her own son, and although she had permanent youth, she felt that this permanent youth was permanent sorrow.”

Daisy was completely silent, and Yarwen Tong saw that he seemed to have convinced Daisy to continue.

“I’ll answer your question now, I won’t let the person I love become a vampire, because that would be selfish love, the pain I’ve endured won’t keep her suffering, loving someone isn’t about selfish possession, it’s about seeing her happy, which you can’t give yourself, so let someone else give it.”

Daisy suddenly pursed her lips and smiled, “I really underestimated you, I never thought you’d be so good at talking, and all you’ve done is go around in a big circle to get me to leave Albert Ou alone.”

“You forcibly tying him up, even threatening me with dirty tricks, won’t make it easy for you, he’ll suffer and so will you.”

“Pain I love him so much, I won’t make him suffer, I grew up in the West, and our Western concept is that you have to get what you like.”

Daisy stood up, “See you later, kid.”

After saying that Daisy walked out of the dungeon on her heels and she went back to her room.

Daisy's room was like a princess's room, everything was pink, from the European-style pink round bed to the European-style pink closet, even the walls were wallpapered in pink.

She changed the layout of this room a year ago, and now she suddenly felt so out of place.

Remembering how excited she was as a child when she first turned into a vampire, she set about decorating her room to be her favorite in life.

But then always getting tired of staying in the same room, she couldn't remember how many times she'd changed the look of her room.

Although she understood Yarwen Tong's intentions, Yarwen Tong's words did speak to her heart.

"It looks like the house is going to look different again."

"Knock-knock,"

There was a knock on the door and Wee Ann came in playfully, "Dear Daisy, do you want to go play cards?"

"What's the point of losing every time you do" said Daisy as she sat down at the dresser which was covered in a vast array of cosmetics.

"Then why don't we take a walk to the lake."

"It's been gone for hundreds of years, and there's never been a change there."

Wee Ann seemed to be feeling a little discouraged too, "Daisy, how about the two of us go shopping, buy clothes, buy makeup, always find something to do, otherwise it's really boring"

"I don't want to go shopping, I can't even pile up my clothes, I throw away my makeup, Wee Ann, do you find our lives boring too"

Wei An pouted, "It's boring because you don't do anything with me because you're getting married, so you're not interested in anything, right?"

When the last wedding didn't happen, no one in the castle even dared to mention anything about "Albert Ou" or "the wedding" in front of Daisy.

Now everyone knows the family is going to get Albert Ou over to marry Daisy.

Daisy turned to look at Wee Ann, "Wee Ann, how many years have you been a vampire"

Wee Ann thought carefully, "three hundred years or four hundred years oh I forget, we're not going to die anyway, what's the point of remembering how old we are"

She shrugged her shoulders indifferently.

"Actually, I don't remember, but why didn't you get married all these years?"

"Do you think I don't want to? It's good to be married. Two people together is better than one. At least it won't be so boring."

Wei An sighed in frustration, "But who is as blessed as you are to be married off so easily"

"Do you think Albert Ou and I will be happy?"

"Why wouldn't our Daisy be so beautiful and graceful, it's ridiculous that he would give you up for a human last time I'm sure you'll be happy."

"But I've heard he loves his wife, and it's with his wife that Brother Veran and the others have restrained him, even if I'm with him, will he love me?"

Daisy couldn't help but worry.

"You've got a long time to make him fall in love with you, so your days won't be boring and I'll continue to be boring, oh poor thing."

Wee-Anne couldn't help but start sighing again.

The two sisters were suddenly in the middle of their own troubles.

That night Ou Sheng came to pick up Yarwen Tong alone, he is a man of his word, promised to come alone, he really did not bring anyone.

The Bute family also kept their word and pulled Yarwen Tong out of the dungeon.

Orson didn't leave immediately, "Mr. Butt, I need to see my daughter-in-law."

"I don't think it's so necessary Mr. Ou. We're going to be family soon, and I think you'll have plenty of time to see her."

"I won't leave until I see my daughter-in-law, and I told everyone in Aye Valley before I came that if I didn't return by midnight, they would attack Mount Diablo."

Mr. Butt had no choice but to call for Jasmine Tong to be invited out.

"Dad,"

Seeing Jasmine Tong unharmed, Ou Sheng a little bit more at ease, at least the son of the family will not be thunderous to sit still.

Her Bossy Yet Naïve CEO Chapter 747 - 749

Chapter 747

"Manny, did they hurt you."

Jasmine Tong hurriedly shook her head, "No, I'm fine."

"What do they want to do?"

"Daddy, it's the same as last time, wanting him to marry Daisy, or for me and Daisy to serve one woman, I told them he's unsealed, but they don't believe me."

Ousheng patted Jasmine Tong's shoulder, "Good boy, I've wronged you."

"All right, Mr. Ou., you have seen the man, and we have made the greatest concessions, and now you can leave," urged Mr. Butt, hastily.

O'Sheng looked at Mr. Bute, "Mr. Bute, need I say it again my son is not a vampire in the first place, he is now unsealed and has no way to help you unify the great cause, you should just die."

"I've heard the same thing too many times, a lie is meaningless if you tell it too many times, please, Mr. Ou." Mr. Butt doesn't give a damn about any words of unsealing.

Ou Sheng and Jasmine Tong exchanged glances with each other, and Ou Sheng left with Yarwen Tong.

By the time they made it back to Aiya, Albert Ou and the Cold Lords had already arrived, along with bringing WING with them.

When Ou Zeno saw that Ousheng had only brought back Yarwen Tong alone he burst into flames.

"Where's Man-Man? Why did you bring only Little Lei back?"

"Calm down if you can bring Manny back, would I not bring her back?"

Yarwen Tong covered his chest and looked at Albert Ou, "I'm sorry, brother-in-law, I'm useless."

Albert Ou looked at Yarwen Tong without saying anything and prepared to rush out the door.

"What are you going to do?"

"I don't need you, I'm going to go get Maman back myself" Albert Ou raged this way he was calm enough.

"Do you think you can single-handedly defeat the entire Bute family?"

The Cold Lords pulled Albert Ou back, "Where's your coolness all gone I thought we agreed to come back and discuss the strategy."

This man is like a time bomb.

Leng Lords forcibly pulled Albert Ou onto the sofa, and Mo Lan Yi hurriedly took Yarwen Tong back to his room and began to heal his wounds.

The three men looked a little out of place sitting on the living room couch.

“I saw Mandy.”

Albert Ou looked up sharply at Osei, “How is she”

“She’s fine, and the Butters are pretty nice to her.”

“I can’t believe you’re lying to me about how the Butters would treat her? They even threatened me with her blood to attract sharks and she’s still pregnant.”

Albert Ou roared his veins like he wanted to raise the roof.

“I’m not lying to you you going to Mount Diablo right now is a death sentence.”

Father and son have never seen eye to eye since childhood, and now they are even more confrontational when things go wrong.

Albert Ou leaned back on the couch to steady himself, “What do the Bute’s want?”

“They still want you and Daisy to marry and serve the Butts from then on, to help them accomplish their unification, plus they allow both Mandy and Daisy to serve one woman.”

Hearing this Albert Ou directly exploded, “f*ck it let me marry that woman die this heart is that all the women in the world are dead, I won’t marry her either.”

“Now is not the time to speak angrily” Faced with Albert Ou’s mania, even the Cold Lords couldn’t watch.

Albert Ou loosened his collar, it was just too suffocating

“Mandy has told them that you’ve lifted the seal, but they don’t believe it, and for now it’s a matter of convincing them that you’ve lifted the seal.”

I’m afraid there’s no better way than this, the Dark Mountain’s power is by no means something that can be shaken by Aiya, and the reason why the Dark Mountain doesn’t dare to use force with Aiya is just because it’s worried about damaging its own vitality.

Albert Ou and the Leng Lords are temporarily staying in Aie Valley, and everyone is thinking of a strategy to make Dark Mountain believe that Albert Ou has lifted the seal, and not to annoy them.

Muranyi was also trying everything to get Yarwen Tong to recover as soon as possible, one more person is one more strength.

Most of the vampires in the Aie Valley were sheltered by O'Sheng, and they were sternly waiting for something like this to happen.

Because the seal was lifted, Albert Ou was no longer able to jump into a tree in a single bound like before, and he was more likely to sit on the roof and stare.

He was going crazy thinking about Jasmine Tong.

There was the sound of footsteps on the roof.

"I knew I shouldn't have gotten Jasmine pregnant just so she could get rid of the baby" Albert Ou growled out irritably.

The cold lord sighed and shook his head and walked over to Albert Ou, "It's not directly related to the pregnancy."

"Why no you don't know Jasmine she'll do anything for the baby, if she didn't have the baby she might be able to defend herself"

If this one managed to survive, I'm afraid that Albert Ou will have an unshakeable shadow of something like childbirth from now on.

The Leng Lords fell into silence, he knew it was useless for him to say anything now.

"You go back." After a long silence Albert Ou's tone finally calmed down.

"Go back" the Leng Lords were startled, "What am I going back to do?"

"What the *fck are you doing staying here let alone I fcking* have two sons and you have a daughter too." Albert Ou still didn't have much to say, "There has to be a man in the house."

The Cold Lords accosted him.

"I'm serious with you, no kidding, I'm not sure if I'll make it back from this trip, you have to go back, how are we going to live if we both die in the Dark Mountains and leave the women and children at home"

The Cold Lords couldn't laugh because he realized that what Albert Ou said was true.

They're just humans. Just humans. No kidding about fighting vampires.

"Don't say demoralizing things."

"In case I get lucky and Mann survives, we still have to go back, and I don't want the company to be like last time."

The last time the Dark Empire experienced so many days of Albert Ou's absence, it was almost paralyzed, and it was Albert Ou who fought so hard to save it, and was constrained in every way.

"Okay, I'll go back." The Leng Lords finally agreed, he also has no choice, this is the best arrangement, not because they can't let go of sweetness and Meng Rujiao, Albert Ou's two sons also have to rely on him.

"If I really can't go back, I'll give you my two sons, and I'll allow you to beat them when they make a mistake."

Leng Lords some want to laugh at this time Albert Ou even said such words.

"I'm not going to show mercy, and I didn't give birth to it anyway."

"*fck you're so fcking willing to beat them up they're already pathetic without their parents*" Albert Ou flipped out then.

The cold lord stood up and looked at the sunset not far away, "If you're distressed, then come back alive."

Chapter 748

The cold lord didn't stay behind to make sure he was going back, he immediately moved to leave, leaving two wolf teeth for Albert Ou as he left.

Albert Ou didn't continue to sit idly by, and as soon as the Cold Lords left, he left for Mount Diablo, without even telling Ousheng and Muranyi.

Mr. Bute was also quite admiring when he saw Albert Ou coming alone.

In the parlor decorated with many famous paintings, Albert Ou was quite a bit of a man with his legs crossed.

Mr. Butt walked in, and Albert Ou didn't change his posture.

"Young man, I admire your guts to come to Mount Diablo single-handedly."

Albert Ou lit a cigarette as he crossed his legs.

"Tell me, what will it take to get my wife out of here?"

"It's simple: if you marry Daisy and swear your allegiance to us Butts, I'll let her go."

Albert Ou spat out a smoke ring with a smirk, "There's no way I'm leaving my wife."

"It's okay if you want, you can keep your wife living here, two women serving one husband, as I mentioned to her before."

"Yes," Albert Ou agreed very quickly, so quickly that Mr. Bute was actually confused.

"You agreed,"

"You can have two women at the same time, why wouldn't I?"

"Hahahahaha I knew no man under the heavens would be able to withstand such temptation, Mr. Ou, an oriental beauty and a western beauty, you're really gorgeous."

Mr. Butt reached out his hand and patted Albert Ou's shoulder.

"But I'll be scandalous," Albert Ou twirled his cigarette out on the table, "I'm sure my wife and my father have already told you that I've been unsealed, I'm now a complete human and I'm of no use to you."

Mr. Boot seems to have become immune to the words "unsealing" and does not believe in such nonsense.

"Whether you have any use for value time will give me the answer."

Albert Ou's face rippled with a wry smile, "We'll see, I want to meet my wife now."

“Naturally, that’s no problem, but can we talk about your marriage to Daisy first?” Mr. Boot doesn’t want to have a long dream, in case he goes back on his word.

“Tonight.”

“Tonight,”

“Aren’t you guys in a hurry? Then it’s better to pick up the day, just for tonight.”

“That’s a little too soon.”

Albert Ou, however, looked a bit impatient, “I’ve already had a wedding, it’s nothing more than a formality for others to see, everyone having a meal and a glass of wine together is considered a wedding.”

Mr. Butt obviously didn’t expect Albert Ou to say that, even if he didn’t care, Daisy would have cared, after all, Daisy was his youngest daughter and couldn’t afford to aggravate his daughter.

“It’s a bit urgent right now, and if you really don’t want to waste your time we’re fine with that, but when we’re done with our mission, the wedding should still be grand, and tonight is indeed a bit too soon, so why not tomorrow?”

Albert Ou didn’t continue to object, he was still in a hurry to see Jasmine Tong.

The maid took Albert Ou to Jasmine Tong’s room.

The first time I was in the room, I thought I’d see you.

The moment he saw Jasmine Tong, Albert Ou was simply thrilled, he walked over to her gently and gently grabbed her waist.

Jasmine Tong didn’t move to reach out and touch Albert Ou’s face, “I’m not dreaming,”

“It’s not a dream, it’s real, I’m here.”

Jasmine Tong quickly turned around when she saw Albert Ou really and truly standing in front of her, tears fell.

“Honey, you’re finally here.”

Jasmine Tong threw herself into Albert Ou’s arms enjoying his body heat, his scent, everything about him.

Albert Ou petted Jasmine Tong’s long hair, “I’m sorry, Jasmine, I’m late, did I freak out.”

“I’m fine, I’m really fine.”

Albert Ou dried Jasmine Tong’s tears, “Listen, Jasmine, they’ve been watching us, and I’ve promised Bute that it’s time for you to perform next as the queen of the movie.”

Because of Albert Ou’s request, the Bute family soon began to prepare for tomorrow’s wedding, which was not so much a wedding as just a dinner party hosted by a large family to welcome Albert Ou into the family.

There’s no way to procure too many things in such a short time.

Daisy was overwhelmed with excitement when she heard that Albert Ou had agreed to marry her, and she happily ran into the conference room where Mr. Bute was discussing something with his sons.

“Father, I’m so happy, he promised didn’t he, he really did.”

Veron couldn’t help but smile when he saw how excited his little sister was, “Yes, Daisy, you’re going to be a bride.”

“I’m going to get ready for the most beautiful wedding dress, I couldn’t be happier.”

“No need, Daisy, the wedding is tomorrow, it’s all simple, just a dinner for all, and the wedding dress, if you must wear it, is a good one to borrow.”Mr. Butt stopped her.

“Tomorrow why so soon this is my wedding and I want it to be the grandest wedding ever” Daisy was clearly upset.

“Now is not the time to have a wedding at all either, when we have completed the Bute family’s mission, we will give you and Albert Ou a wedding for the ages, and then it will not be too late for you to choose the wedding dress of your choice.”

The clouds on Daisy's face finally dissipated a bit when she heard Mr. Butt say that, and while she was a little unhappy not to be able to celebrate her wedding in time, she got a little excited again at the thought of a protracted wedding.

"Oh, Father, what about that woman" Daisy thought of Tonto.

"She'll stay here."

"What's the point of staying here as our maid? "Daisy was very puzzled.

"No, she owns Albert Ou at the same time as you, and she's still Albert Ou's wife."Mr. Butt replied gravely.

"No" Daisy flatly refused, "to allow me to share Albert Ou with a human, that's impossible that's an insult to me I don't agree with that, I absolutely do not"

Daisy was unaware of the Butters' plans from the start, and they were capable of making any compromise to bring Albert Ou in.

"You have to agree even if you don't, now get out right now, I want to discuss things with your brothers."Mr. Butt was already getting a little impatient.

"Father, this is absurd. This can't be," Daisy stepped forward. "How can I be with that woman?"

Mr. Boot slapped Daisy across the face with a loud pop.

"Get out of here. You're not allowed to object."

Chapter 749

Daisy stared blankly at Mr. Butt, her own father, whom she respected most, and he had beaten her.

Aren't you his favorite little girl?

She fled the place with her face covered in grief and anger.

Mr. Butt said nothing, but continued to discuss things with his sons.

Daisy ran to her room and lay down on the bed and "cried". Vampires have no tears, she cried only with her voice and no tears.

Her best sister, Wee Ann, came in knowing about it and gently stroked her back.

“My dear Daisy, just don’t be sad, you know how much we envy you.”

“Envy me what envy me for sharing a man with a human or for getting slapped by my father” Daisy couldn’t accept that.

“Listen honey, so what if you share a man with a human, you’re a vampire, can’t you compete with a human?”

Daisy straightened up and looked at Wee Ann.

“Look at you with such beauty and body, where does that human compare to you besides you’re a vampire, you have endless physical strength and stamina.”

Wee Ann leaned into Daisy’s ear, “Even for sex, she can’t beat you.”

At the mention of “making love”, Daisy perked up, “What are you talking about, Wee-Ann?”

“Am I not telling the truth Albert Ou he’s half human and half vampire, he’s about the same as you, how can he strike a balance with a human and it’s not the same with you, and that aspect is the most important for a couple, and over time he’s not all yours.”

Listening to Wian’s analysis, Daisy also felt that there was some truth to it, how could she lose to a human?

“I’m going to meet that woman and give her a run for her money.”

“Yeah, that’s what we’ve got in the Butte family, that’s what we’ve got in Daisy.”

Daisy immediately perked up and sat down at her dressing table to put on a fine beauty make up with the help of Wee Ann and then chose a beautiful dress.

The wrap-around skirt framed her figure in an incredibly graceful way.

She lifted her noble head and went towards Jasmine Tong’s room.

“It’s me, our wedding is tomorrow and I’ve come to ask if there’s anything else you need to prepare.”

Daisy deliberately did not look at Jasmine Tong with ambiguous eyes at Albert Ou.

“No need,”

“This is my room, get out of here please” Jasmine Tong was not polite at all and yelled towards Daisy.

Daisy thought Tong was simply a crazy woman, and she raised her eyebrows at Tong.

“What right do you have to let me out? This is your room no less, the whole castle is still owned by my Bute family.”

“Before even marrying my husband, you start flaunting yourself in front of me” Jasmine Tong held her arms and examined Daisy, “I don’t know how a woman can have such thick skin, when she was deadly serious about marrying someone she didn’t marry, and now she’s deadly serious about marrying”

Daisy’s face was a bit different, she must not lose to Jasmine Tong, absolutely not!

“You still have to make concessions all the same.”

Jasmine Tong laughed exaggeratedly, “Are my concessions the same as yours? Which onion are you, compared to me”

“Albert Ou, I can’t believe you fell in love with a shrew, how does a woman like that deserve you.”

Daisy refused to pay attention to Tong’s direct conversation to Tong.

“Heh he just likes shrews, he just likes me, how about”

Jasmine Tong said raising her hand to slap Albert Ou’s face, “Do you see if he has a temper?”

That slap in one go stunned Daisy.

In her mind, Yeow Sawano is a big man, but he let a woman slap him in front of others like this, and she didn't even react!

Is she wrong?

"Daisy, I'm telling you, Albert Ou is my man and I can fight and make as much noise as I want."

"Albert Ou, you're a man, and you let her get so wild."

"None of your business, get out of here" Albert Ou waved his hand impatiently.

Daisy quickly turned around and walked out, literally mad as hell.

Are these two sick people?

As soon as Daisy left, Jasmine Tong immediately came up to see Albert Ou's red, beaten face, "Does it hurt?"

"It hurts." Albert Ou looked aggravated, "Why are you so vigorous."

Jasmine Tong hastily cupped Albert Ou's face, "Forfeit it."

"Don't k!ss yet, it hurts so much" Albert Ou turned his beaten face towards Jasmine Tong, who hurriedly stood on her tiptoes to k!ss him.

"More k!sses."

"Lying again."

Albert Ou laughed hehehe, "Jasmine, worthy of being a movie queen, acting like a shrew, scared me to death I thought I really had such a wife"

Jasmine Tong touched her belly and sighed, "Honey, I'm going to show this belly in a little while, and I don't know when it's going to end."

Her Bossy Yet Naive CEO Chapter 750 - 752

Chapter 750

Jasmine Tong's belly will soon be four months old, it should be reasonably obvious, probably because she threw up too much before and lost a lot of weight, resulting in the pregnancy belly is still not obvious now.

But the paper can't wrap the fire, and sooner or later this stomach is going to be seen.

Albert Ou touched Jasmine Tong's stomach and took her into his arms, "Don't worry, I won't let you and the baby stay here for too long."

Jasmine Tong raised her smile to look at Albert Ou, "We'll be able to go back soon won't we, our family will be reunited then, San San and Xiao Qi are going to have sisters, and we'll be children too won't we"

"Yes" Albert Ou spoke firmly, he would never let Jasmine Tong down.

That night Albert Ou slept in Jasmine Tong's room, because the wedding banquet was the next day, and Daisy didn't bother, just waiting for the wedding banquet to pass and the two of them to become an official couple, she could be awesome.

The Bute family could be considered the largest of all vampire families, and this wedding banquet only invited the clan and no one else, and the Bute family alone had made the entire castle rejoice.

For all of us, this is not a simple wedding feast, this is exactly what the vows are before unifying the entire vampire world.

The real wedding banquet was at night, and Albert Ou had been bored with Jasmine Tong in his room for almost the entire day, and he ignored Daisy's calls for him to go out and greet the guests.

It wasn't until Mr. Butt himself came to tell him to say hello to the clan that he lazily went out.

Because of the short notice, the wedding reception wasn't overly lavish, but Daisy still wore her wedding dress and took Albert Ou's arm to complete the simple wedding ceremony with everyone's blessings.

Jasmine Tong didn't attend a person in the room listening to the lively sounds of a lot of people dropping their eyes to look at their slightly bulging belly.

"That's not true, baby, your daddy wouldn't marry another woman."

The wedding feast lasted until one o'clock in the morning, when the guests were all drunk and sent to their rooms one by one by the servants.

Daisy had been drinking a lot too, but today was her big wedding day and she didn't want to get drunk, so she kept it under control.

Albert Ou didn't drink much, and it was a bit of a downer that no one tried to persuade him.

Daisy was herded into Daisy's bedroom by her sisters, and even chose a red oriental style evening gown to accommodate Albert Ou, an orientalist.

The entire evening gown wrapped her body in it to make it even more graceful.

"Sisters, today is the day of our Daisy's wedding night, can't just let them go so easily," shouted Wei An in a high-pitched voice, drinking some wine people are also a little drunk.

"That's right, it's just a little while, we're going to toss and toss them," several little sisters were in high spirits.

That rather made Daisy blush a little.

"My good sisters, just leave me alone," said Daisy petulantly.

"Look guys, look guys, our Daisy is even blushing and can't wait to get into the bridal chamber with her own groom can't she hahahaha"

Everyone laughed and Daisy's face grew redder and redder.

"Speaking of which, our groomsmen have been mostly alcohol-free today, are they also looking forward to the wedding night."

The little sisters cheered again.

Daisy blushed and sat on the bed, this man apparently looks like Jasmine Tong as his only, but in front of his own beauty, he is not overwhelmed.

It's not even drinking wine, just waiting for the wedding night, so you can see that all men are the same.

"Why isn't the bridegroom coming?" asked Wei An suddenly.

Everyone slowly quieted down.

"Yeah, why isn't the groom here yet? What time is it?"

Daisy also realizes that Albert Ou was indeed supposed to be back, but he never came back.

"It can't be that this place is too big for our groomsmen to get lost," said Wee-Anne so and stood up, "I'll go outside and look for them."

Wei An said and walked straight out of the room, and happened to run into a maid, "Hey, have you seen the groom?"

The maid looked embarrassed, "I just saw that Mr. Ou seems to have gone towards Miss Tong's room."

Hearing this Wei An also felt stunned, the wedding night actually went to that woman's room!

That's a bit much. What are we going to tell Daisy when we get back?

Tiny Ann hesitated as she walked back to Daisy's room, and everyone looked at her expectantly as she walked into the room.

"Wee Anne, where's the groom?"

Daisy was even more full of anticipation.

Wee Ann looked embarrassed, "The groom he"

"Where did he go? "Daisy had sensed something was wrong.

"Daisy, you get some rest early tonight, sisters, it's getting late, let's all go back to bed" Wee Anne immediately gave her sisters a wink.

Everyone knows that Daisy and Jasmine Tong have Albert Ou at the same time, but it's hard to believe that Albert Ou doesn't even come over for the wedding night.

Tiny Ann quickly left with her sisters, leaving Daisy alone.

Daisy's eyes were filled with anger, no, it would be too much for Albert Ou to do that!

It's the first day of their marriage. He must come to his room.

If he doesn't come today, he'll be the laughing stock of the whole clan.

Thinking this Daisy immediately got up and went to Jasmine Tong's room.

The lights had been dimmed in Jasmine Tong's room, and Albert Ou got into bed, "Jasmine, let's begin."

The two men never even went out of their rooms during the day, in fact they were sleeping, just because they knew they wouldn't sleep too early at night, so they were saving their energy during the day.

Daisy went to the door of Tong's room and was just about to break in when she heard voices from inside.

"Uh-huh husband ah"

"Ummmmm honey why are you so annoying"

These percussive sounds coming from the room stimulated Daisy's eardrums.

He didn't come to share a room with himself on his wedding night, but he fooled around with Jasmine Tong in the room.

That's a bit much, isn't it?

Daisy was so annoyed that she pushed the door but didn't push it in, smashing it hard a few times.

"Albert Ou, come out here."

When the maids in the corridor saw Daisy, dressed in red, knocking on Jasmine Tong's door, they probably understood what was going on and walked past one by one with their heads bowed.

“Albert Ou, get your ass out here I’m going to count to three and if you don’t come out I’m going to break this door down” Daisy yelled hard from the doorway at the top of her voice.

“Coming, coming, coming,” came Albert Ou’s impatient voice from the room.

The door finally opened.

Chapter 751

Albert Ou was half naked and holding up his pants as he opened the door, and when he saw Daisy he was filled with contempt.

“What’s wrong with you? You’re disturbing people’s business in the middle of the night.”

Daisy looked through the door towards the inside, and in the bed Tong sat up, covering her naked body with the blanket, her face flushed.

Daisy wanted to rush up and tear Tong Siu Man to pieces.

But she had to be patient and say to Albert Ou, “Today is the first night of our new marriage, you should be with me.”

But Albert Ou snickered, “Which law says that the groom has to be with the bride on the wedding night, and besides, Jasmine is my wife.”

“But it’s our wedding day” Daisy tried to suppress her emotions and didn’t dare to sound too loud, she didn’t want anyone to know she was begging her husband to come back to her room on her wedding night.

“So what I’ll go to your room if I want to and not if I don’t, Mr. Butt said I had absolute freedom.”

“You Albert Ou, you don’t bully people too much.”

“Bullying huh, it was your father himself who said it, I have both Jasmine and you, I only have one body, I can’t be split in half, of course I can go to whoever’s room I want.”

Jasmine Tong in the room coughed, “Honey, are you still coming or not? If you don’t come, I’ll sleep.”

She opened her mouth and yawned, "I'm all sleepy."

"Don't get sleepy don't get sleepy I'll be right back little goblin see if you're still sleepy for a while" said Albert Ou as he squeezed his eyes towards Jasmine Tong.

Two guys flirting right in front of her.

Daisy couldn't take it anymore with her clenched fists, but she had to, or she'd be the laughing stock of everyone!

"You still have something to do don't stand here and hurry back I have work to do."

"Albert Ou, even if you do it today, do it with me" Daisy's voice was like squeezing out of her teeth, she had tried so hard to suppress her emotions.

Albert Ou heard this even more laugh out loud, "You are so many years without being touched by a man, right today it's hard to get married, you can do it with a man, so that's why if you really can't help it, I think those brothers of yours who are strong can, I'm very open, I don't mind, anyway you are not blood related"

"Albert Ou" Daisy was going mad with rage at hearing such words coming out of Albert Ou's mouth.

"You can't insult me like that."

"I'm not insulting you I think you westerners should be more enlightened than us easterners, or if you think it's unethical then go find soldiers, servants, all of them anyway my wife is waiting for me, closed."

Albert Ou said as he was about to close the door, but Daisy blocked the door and gently placed her hand on Albert Ou's wrist.

"Count me in for begging."

God knows how insulted Daisy was when she uttered those words, but she'd never whispered so low to anyone before.

"Today is our wedding night, if you don't come to my room, tomorrow I'll be the laughing stock of the whole clan, husband and wife, count me in for begging you, okay"

Albert Ou had never seen Daisy whisper like that before either, but he remained unmoved.

“That’s your business, it has nothing to do with me,” said Albert Ou and slammed the door.

Daisy stood in the doorway feeling as if her blood was flowing backwards all over her body.

She was so ruthlessly kept from her own husband, even when she begged him in a whisper that he wouldn’t be with her.

Once again there were sounds of pleasure in the room.

Daisy only felt even more ashamed, she originally thought she was as high as a princess, but she never imagined that in Albert Ou’s eyes she was not even as good as that human who was inferior to her.

Daisy fled the place with tears in her eyes.

The first time I saw this, I was so relieved that I finally stopped performing, I didn’t think I would leave the camera, but I also had to play the acting skills of the queen of the film, when I was really exhausted.

Jasmine Tong yawned to find Albert Ou staring straight at her.

When she saw the look in Daisy’s eyes, she immediately picked up the blanket and covered herself with it.

“What for?”

Albert Ou immediately averted his eyes, “You’re learning too much like that, Jasmine, I”

Jasmine Tong knew what was going on in this man’s head as soon as she looked at Albert Ou’s eyes, and it was no surprise that she hadn’t even let him touch her in her pre-pregnancy, so she could easily touch him and was caught here again.

It’s been three months since the count.

“Not if you want to.”

Albert Ou suddenly reached out his hand to push Jasmine Tong's head, "What are you thinking about what time is it now, go to sleep"

Jasmine Tong blinked a few times suspecting that she had misheard the words

The two of them lay down and Albert Ou circled Jasmine Tong in his arms, "Jasmine, I remember when we used to go to bed, you weren't like this ah, wasn't I able to satisfy you ah"

"Nonsense. What's this? It's an exaggerated showmanship, get it?"

"When we get home, I'll see if you're still so dramatic."It wasn't that Albert Ou didn't want to, it's just that the two of them were in danger now, where was the time to think about that?

This night Daisy didn't sleep a wink, every time she closed her eyes they were filled with the sight of Albert Ou and Jasmine Tong's bodies intertwined together.

She was jealous, she hated it.

The next day, as Daisy had predicted, she would be the laughing stock of the whole clan.

When she cried out in front of Jasmine Tong's room, she was watched by many servants. Overnight, the entire Bute family knew that Daisy had been neglected by Albert Ou on their wedding night.

Not to mention how humiliating it was for Daisy to walk down the hallway and see the maids looking at her in a strange way.

But that was only the beginning, for three days Albert Ou hadn't been in Daisy's room, and Daisy hadn't even seen Albert Ou.

Daisy has become a big joke to the Boothe family.

The Butters are beginning to discuss their big plan to unify the vampire world.

Once again Daisy stormed into the conference room, she took out a knife and put it directly to her neck and dropped to her knees.

“Father, I’ve never begged you for anything, and today I want an answer from you, either kill Jasmine Tong or break my engagement to Albert Ou.”

Mr. Bute is clearly very unhappy, and now he has only unification on his mind, and not even his formerly beloved youngest daughter can spoil his big plans.

Chapter 752

“Daisy, just how long are you going to play your childish games when you don’t have the skills to attract a man yourself and you come here to embarrass yourself.”

Mr. Butt was naturally very unhappy that Daisy had not been able to keep her husband on his wedding night, and his face was very unglamorous.

Now that she’d come back to her tantrum, she was even more upset.

“Father, even if I beg you, will you either let me kill Jasmine Tong with my own hands, or break my engagement to Albert Ou.”

Daisy hates Jasmine Tong with a passion, she can’t take her eyes off Jasmine Tong no matter how hard she tries, the only way she can think of is to kill her.

“Confused it was hard to get Albert Ou to work for the Bute family, how can you break off the engagement if you kill Jasmine Tong, Albert Ou is not willing to cooperate, what about the unification of the Bute family’s great cause.”

Mr. Butt was not stupid, he knew from the beginning how important Jasmine Tong was to Albert Ou, so he had already made up his mind that Jasmine Tong could not move, and he had to clamp her down here, or else all his previous efforts would be ruined.

“Father,”

“Say no more and get out of here. There’s time for that, and it’s better to think of how to please a man,” Mr. Bute gave the expulsion, and turning to the maids, “go and fetch Mr. Ou., and discuss the great matter with us.”

The maids left the conference room, but Daisy didn’t mean to leave.

“Father, Daisy never asked you for anything, even if you take pity on me, I don’t want to be the laughing stock of everyone, I’ve had enough of these days”

These three days had been worse than death for Daisy, her pride was like being dropped on the ground overnight and left to be trampled on.

If she wanted to get out of this situation, either Jasmine Tong would die, or she would die.

Mr. Butt apparently ignored her.

Albert Ou laughed out loud when he came over to find Daisy still kneeling on the floor.

“Did I come at a bad time?”

“You’ve come at a very good time, Mr. Ou. I think you as a man should learn to discipline your wife, and at least she shouldn’t come out and stir the pot when the men are discussing important matters.”

Albert Ou looked at Daisy mouth made a “tsk tsk” sound, “even your father has said I should discipline you, you do not get out of here do not see we want to discuss important matters?”

Daisy saw the anger in Albert Ou’s eyes, and she knew it wouldn’t help if she stayed like this, so she left in a huff.

As soon as Daisy left, Mr. Butt immediately beamed with joy, “Mr. Ou, we are now discussing the grand plan for the unification of the vampire world, I think.”

“Holy sh!t it’s such a big deal, I thought you guys were going to have a little drink and listen to some tunes, I’m so sorry, it’s too big for me to be a human involved in.”

Albert Ou scratched his head as if he hadn’t woken up much, “After battling with my wife for three nights in a row, my body can’t take it anymore, so I need to go back to sleep.”

He said and turned to leave the room.

“Stop” Mr. Butt had been very patient with Albert Ou, but he hadn’t expected him to be so far ahead of the game.

“Mr. Ou, I think you know what we brought you here for, don’t play dumb with us, if you can’t do that, then what’s the point of us wanting you” Mr. Butt’s brow was furrowed and his eyes were deep.

Albert Ou turned around with a silly smile, “Yeah, I’m also wondering what you want me for, I’m just a human, you unify the world of vampires, I’m so weak, I can’t run fast enough, I can’t jump high enough, and I’ll die if I go.”

“Albert Ou, don’t play dumb with us,” Viron snapped as well.

“I’m really not playing dumb with you guys, you know I’m tired of sleeping with my wife for years already, but I still don’t want to go to Daisy’s room.”

Albert Ou’s words changed, bluffing everyone present.

“Daisy has such a hot body and I’d love to taste it, but I’m just a human, I’m afraid I’m going to die, she’s so strong, what if she accidentally strangles me? Even if I don’t die, I can’t eat it with a broken arm or leg.”

Albert Ou’s tone was still very relaxed.

He walked right out the door when he saw the crowd looking stunned.

Bruce would have gone after him, but Mr. Butt stopped him.

“Father, this Albert Ou is indeed strange, I’ve been intentionally observing him for the last few days, and his walking gait speed is indeed no different from that of a human.”Severn said in an aside analysis.

“This can be disguised don’t trust him.”

“It’s true that this can be disguised, but what about the vampire’s instinctive reactions? he has none of them, and it would be impossible to disguise it so well.”

Mr. Butt was also pensive for a long time he came back to his senses.

“You guys keep an eye on him, either he’s telling the truth he’s really just a human now, or he’s been in human society too long and has gotten used to everything human.”

Daisy sat by the lake and stared at the view she had been looking at for many years, once this was a place she loved so much and now it could only be a

haven because there were no servants and she didn't have to hear the nonsense that was being said.

Tong stood a short distance away looking at her and called out, "Daisy I want to talk to you."

Daisy turned her head to look at Tonto and then turned her head back, "What can I have to talk to you about if you're here to show off how much you and Albert Ou love each other, it's not necessary, I've seen it all."

"If you've seen it all, then why can't you still know when to quit? In fact, you should have known he wouldn't love you when I stole him from your wedding back then."

Daisy picked up a pebble from the ground and threw it into the lake, knocking the swan out of the water.

"I love him and I'm going to have him."

"No, you never loved him, all you loved was your dignity, and because you didn't get him back then you might have been laughed at, that's why you wanted to get him, but you didn't really love him at all."

Tong took a deep breath and although she didn't like Daisy, she could see that Daisy wasn't evil by nature.

"Daisy, you're not right for him, he's really human, you should find a vampire and spend eternity with him, just as lovingly as I am with him."

"It's ridiculous that you think I would listen to you."

"It's pathetic enough that you've become a vampire, every day of your lives is a repetition and will be forever, if you can't find someone you love and who loves you to live with, how will you get through these long years? that's all I have to say, listen to me or not."

Jasmine Tong didn't want to say too much and was ready to leave afterwards.

Daisy picked up a pebble and threw it at Jasmine Tong's back.

Her Bossy Yet Naive CEO Chapter 753 - 755

Chapter 753

Daisy was a vampire, she had enough strength and speed to make the stone go right through Tong's body.

"Watch out,"

Albert Ou rushed over and grabbed Jasmine Tong in a hug and flashed towards one side.

The stone grazed past his shoulder.

Jasmine Tong looked at Albert Ou in shock, but Albert Ou only lightly knitted his brows.

"All right,"

Albert Ou held Jasmine Tong's face in a gentle tone.

"Are you all right?"

"I'm fine." Albert Ou grabbed Tong's waist and turned to Daisy, "You're f*cking crazy you."

"So what if I'm crazy?"

Albert Ou let go of Jasmine Tong and rushed to Daisy, grabbing her by the collar, "I tell you, Daisy next time, watch out I'll rest you."

Daisy, however, was undaunted, "Then you're going to rest me now."

Albert Ou let go of Daisy's collar with a sneer, "Do you think I don't want to? That father of yours imprisoned Jasmine here in order to make me submit, if Jasmine wasn't here, I'd have f*cking rested you long ago What do you think you are yourself"

"I'm the most favored daughter of the Bute family, you can't humiliate me like that."

“Daughter of the most favored, can’t you see how stupid this woman really is? In the eyes of that old man Bute, you are a pawn a pawn that will allow him to achieve the great work of vampire unification.”

“You’re lying,” Daisy said, “how could Daisy believe that to be true?”

“I’m not nonsense believe you know it yourself, from the moment that old man Bute transformed you into a vampire, you were such a pawn in his eyes you were the good looking one he picked out of many, from the moment he picked you, your fate was sealed.”

“No, it’s not true, you’re lying to me, you’re trying to drive a wedge between me and my father” Daisy looked grimly at Albert Ou.

“If your father really loved you, how could he have let you begrudgingly marry me now that you are the laughing stock of the entire family, and why did he ever come to your side to do you justice?”

Daisy stared dumbly at the grass, it was true that her father had been disappointing her lately, but would that wipe out all the years of his doting?

Albert Ou saw that Daisy had taken his words to heart and continued, “I’m not going to lie, your father told me in the conference room that but whenever you have something to displease me, you can be taught a lesson without having to worry about the Bute family, oh, he’s really open to anything to make me submit.”

Daisy’s mouth seemed to be mumbling to herself.

“No, it’s not, I’m the most beloved daughter of the Bute family, not like that.”

“So much for my words, so help yourself.” Albert Ou took one last look at Daisy and went back into the bedroom with Jasmine Tong.

It’s all controlled in Severn’s eyes.

It was only when she returned to the bedroom that Jasmine Tong realized that something was wrong with Albert Ou, and when Albert Ou took off his shirt, she realized that Albert Ou’s stone bruise was a bloody mess.

“Honey, how did this happen?”

Jasmine Tong couldn't imagine that a stone that hadn't hit could be so powerful.

"You're forgetting that Daisy is a vampire, she's more powerful than I was before, and if this stone had hit you right in the back, I'm afraid you would have fallen in front of me by now."

Albert Ou looked at Jasmine Tong with relief fortunately he was just in time.

"I'll get the medicine" Jasmine Tong immediately found the medicine box from the room to help Albert Ou with his wounds.

It was a real shock just now.

Jasmine Tong looked at Albert Ou's wound with distress, and Albert Ou turned her face towards him.

"k!ss me when your heart hurts."

Looking at Albert Ou's playful face, Jasmine Tong sometimes really couldn't do anything about him, and k!ssed him hard on the face several times.

"Seriously, is it true what you just said? Butt picked Daisy for the unification."

Jasmine Tong always thought this was ridiculous, could it be that Bute had a plan to unify the vampire clan many years ago?

"I'm just guessing, my dad told me that Burt was a prince in life, he died in a royal struggle, and then when Burt became a vampire, the vampires he transformed into were carefully chosen, so it's possible he was already working on this big plan."

"And a scary one at that."

"As for Daisy, you see, the daughters of Boot's daughters are all very mediocre, but they all have great skills, but Daisy, perhaps Boot realized that he wanted to achieve unity may also need a woman's beauty to serve him, so he chose Daisy. Do you know how Daisy died?"

"How did you die" Jasmine Tong suddenly had some fear for the answer.

"She was kidnapped, the mugger tried to assault her, she vowed to die and as a result the mugger accidentally strangled her to death."

Jasmine Tong sucked in a breath of cold air, Daisy was also a poor person in life, and should have been a kind girl as well.

“What’s strange is that Daisy’s family is so ordinary that the criminals kidnapped her and demanded ten million dollars outright and only gave her one day to do it or they would rip her off.”

“You mean Daisy most likely.”

When she realized this, Jasmine Tong felt a cold sweat, and if it was as she expected, it was simply terrifying.

“It was one of the servants here who told me that.”

“Wait, when have you ever talked to the maids here in such depth.”

Albert Ou’s eyebrows raised playfully, “Who is your husband so handsome and dashing, just throw a wink and every one of the maids here will have to contribute the secrets of this place to me”

Jasmine Tong examined Albert Ou with her arms folded, “It’s the pretty young maid, isn’t it.”

“Of course it is, old age,”

Albert Ou found Jasmine Tong’s eyes weren’t quite right in the middle of his sentence, and he immediately smiled foolishly, “Honey, don’t be angry, I’m not all for us to leave here earlier.”

“Next time,” Jasmine Tong glared at him and went to the bathroom.

“Hey, you’re jealous for just a moment do you think that’s appropriate Jasmine, do you not love me anymore”

Albert Ou started following behind Jasmine Tong like a follower again.

And in the secret conference room, Mr. Butt was again gathered with his sons.

Mr. Butt’s face was clearly sad instead of the smile he’d had the previous day.

“Severn, are you telling the truth?” the words of Mr. Butt were as eerie as they came from hell.

“A thousand times true, it was Albert Ou whom I saw with my own eyes who didn’t grab the stone and chose to dodge it instead.”

Chapter 754

“That’s odd, even though Albert Ou is only half human and half vampire, it shouldn’t be hard for him to grab the stone if he wants to, but why does he just dodge it” Viron questioned.

“Could it be that he’s deliberately trying to convince us that he’s not a vampire at all anymore,” Bruce offered his opinion.

“Unlikely, it happened very suddenly, Daisy also threw the stone in a rush, Albert Ou just happened to be over there, he loves his wife so much, his first reaction must not have been to miss anything, no room for him to think that much.”Severn went on to add.

“So in that case, it’s possible that he did unseal it.”

Everyone fell into silence, a fact that no one wanted to believe.

At this time Daisy sneaks into the Bute family’s study, which is Mr. Bute’s study, and Mr. Bute’s study is off-limits to anyone.

No one had dared to actually break into this forbidden area all these years either.

Remember that Daisy, relying on her father to love her the most, used to tell her sisters that she wouldn’t be punished if she went, but it turned out that Mr. Bute was furious before she actually entered the forbidden place.

So much so that no one dared enter the place afterwards.

She knew that Mr. Butt was discussing important matters with his brothers and wouldn’t come over to this side of the study, which is why she had the opportunity to do so.

Daisy entered the study quietly, with little effort, and it was lined with rustic shelves and a dizzying array of books.

Daisy took a quick glance at the shelves, found nothing in particular, and prepared to open Mr. Butt’s drawer.

It's just a shame the drawer is locked, but it's not hard for Daisy, who, being a vampire, has the ability to make just about anything disappear.

As Daisy's mind moved, the lock did disappear and Daisy opened the drawer, where a diary was kept.

She gently took the diary out.

The diary must be hundreds of years old and the paper is starting to fade, but the good news is that the writing on it is well preserved and legible.

It contained a record of every vampire that had been transformed by Mr. Butt, and they remembered their origins very well.

Viron was a brilliant doctor before his death.

Severn was a brave and resourceful general during his lifetime.

Bruce was a Hercules in his lifetime.

It took a long, long time for his name to appear in the diary, and in the middle section it was clear to Daisy that Mr. Butt was indeed looking, looking for a good-looking, pretty young girl.

"The first time I saw Daisy, the little girl, I knew she would be of use to me, at seventeen years of age she came out beautiful and generous, like a beautiful jewel, and with a graceful figure, I believe any man would be moved by such a woman."

"Daisy is a good girl, there are very few vehicles in the countryside where she is, the chances of a car accident are almost zero, the nearby river is too shallow and she can water, the chances of drowning are zero, there are no mountains nearby, the chances of falling off a cliff are zero. God, how am I going to get her"

"I'm bound to get Daisy, and I can't ruin her looks yet."

"It's a good thing I showed up just in time when those human wastes nearly defiled my beautiful maiden and ruined my day."

"Daisy, my beautiful daughter, welcome to the Butte family."

Daisy nearly fainted when she read this.

She remembers how thrilled she was when she awoke from her slumber to see the kindly smile of Mr. Bute, who said that she would be the princess of the Bute family, with the privilege of enjoying endless glory and eternal youthful beauty.

At that moment she thought she must have met God, but she didn't realize that Bute had arranged it all.

If she hadn't had Bute, she might have been with her real parents, she might have had a lover, and she might have had children of her own.

God, this is horrible.

The Terror of Butte.

"Boom."

The sudden noise startled Daisy, and she hastily put her diary back in its place and quietly left Bute's study again.

Albert Ou was on the floor in the hallway at the moment, and Bruce rolled up his sleeves and looked like he was going to do something big.

Mr. Butt was standing in the hallway, with Severn and Viron behind him.

"Come on vampire show me what you're made of" Bruce was born to fight and hadn't fought in a long time.

Albert Ou lay on the ground trying to raise his head, "I told you I've lifted the seal, I'm just a human."

Jasmine Tong ran out of the room and saw Albert Ou on the floor and prepared to run over to him, but was stopped by Severn.

"You guys stop fighting he's really human a very ordinary human, leave us alone."

Bruce grabs Albert Ou off the ground and throws a few hard punches towards his stomach.

Albert Ou spurted blood in Bruce's face.

"You see, his blood is red, he's really just a human stop fighting please." Jasmine Tong cried out like a broken throat.

Mr. Butt's heart finally lit up when he saw that Albert Ou was spraying red blood.

He knew, of course, that only human blood was red, and the fact that Albert Ou's vomit was red meant that he wasn't a vampire at all.

"Father, since this man can no longer be of use to us, why not end his wasting our time."

"Don't it isn't us wasting your time at all it's you who have got the wrong man we said it wasn't from the beginning" Tong Koman stood beside Mr. Bute, "Mr. Bute, let him go, please let him go."

Mr. Butt held out his hand toward his side, and Viron placed a pistol in his palm.

"You've been trying to convince us from the beginning that you're not a vampire, Albert Ou, and you have the audacity to come and play at our Bute family."

Mr. Butt said with a pistol.

"Mr. Butt, no, please don't do that, we don't mean to toy with you."

"Well, now that I'm convinced you're not a vampire, you've lost your value to me, and we Bute's never need anything that doesn't have value."

Mr. Butt raised his pistol and pointed it at Albert Ou's head.

"Don't, please, don't."

"Albert Ou, I'm giving you one last chance, do you have anything else to say?"

Albert Ou tried to open his swollen eyes to look at Jasmine Tong, he tried to squeeze out a smile, "Jasmine, close your eyes, don't look at me."

"No don't do this, please, leave him alone." Jasmine Tong's voice was hoarse no longer able to make a sound.

Chapter 755

Mr. Butt was now all serious and gloomy without his previous kindly appearance.

He put his finger on the trigger.

Jasmine Tong couldn't move at all with Severn in a tight grip, so she watched as Mr. Butt was about to pull the trigger!

"Da,"

Everyone froze, and in that instant Mr. Boot noticed that the gun in his hand was gone.

Daisy appeared on one side of the hallway.

"You're going to kill him."

Mr. Butt put his hand down, "Daisy, it's none of your business."

"He's my husband, and why it's none of my business," said Daisy, looking into the cold face of Mr. Bute.

"Don't you hate him? I'll help you finish him off now."

Daisy's lips flickered with an imperceptible smirk, yes, Mr. Bute had shown no mercy when she had begged and even forced her to die, and now that she had found Albert Ou useless, she was paying lip service to helping her finish him off.

"Father, don't bother, it's something I can take care of myself."

"Don't bother with that or let me get a taste of my fist, I promise I'll blow his brains out with this fist" Bruce held his own fist up to Albert Ou's head.

"Stop it, Bruce," Daisy snapped immediately, "you're being rude."

"Daisy, this man is a mere human being, he's of no use to us," Bruce explained hastily.

Daisy looked at the dying Albert Ou, who had always been handsome and dashing in his eyes, but now he looked like this.

At that moment Daisy looked at Albert Ou, who was about to be killed, and suddenly realized that she didn't love Albert Ou, because she couldn't feel any heartache.

"Father, it's true that Albert Ou is useless, but someone is useful have you forgotten that at that wedding we had before, this woman said she was pregnant that time Albert Ou hadn't been unsealed, then their child would have vampire blood."

Daisy said, pointing at Tong Koman.

Jasmine Tong didn't expect the worst to happen at this moment, but eventually their son was involved.

"No, I had a miscarriage, that baby was aborted, it wasn't born at all" Jasmine Tong immediately denied, she can't involve her son in this.

"Boy hahahahaha, it's really even God helping me."Mr. Butt laughed up at the ceiling, because he knew that in vampires children were the most powerful.

Especially children with human ancestry.

"If you're so anxious to deny it, it must have been born."Severn smiled and looked at Jasmine Tong.

"No, really no, please believe me, we don't have children yet."

Severn swung his fist out towards Jasmine Tong's stomach, and Jasmine Tong instinctively shielded her stomach.

"If I'm not mistaken, you've got one in your stomach right now."

Everyone's eyes all looked over towards Jasmine Tong's stomach, and it was really hard to tell without looking closely, her abdomen did show signs of a slight bulge.

"No, I'm not pregnant."Jasmine Tong shook her head like a rattle.

"From the moment I saw you on the ship, I could tell there was something wrong with you, an ordinary human being facing being kidnapped by a vampire and still eating food.

Mr. Butt smirked as he looked over Tong's belly.

“Very well,” he looked up at Albert Ou, “Albert Ou, I have your pregnant wife, I only have one condition, bring me your child, I can release your wife and your unborn child, and you, one life for three lives this is a good deal”

Jasmine Tong looked in horror at Albert Ou, who had been staring intently at Mr. Bute without speaking.

“Albert Ou, remember I give you ten days or your wife and your unborn child will die a horrible death. Throw him out.”

Bruce grabs Albert Ou with one hand and throws him right out of the castle, where Albert Ou is lying on the ground covered in blood, unable to move.

Jasmine Tong was imprisoned in a dungeon.

Daisy appeared outside the castle gates and she helped Albert Ou up and took him to a nearby forest, where she leaned him against a tree and found a spring and herbs to stuff into Albert Ou’s mouth.

“These things will help you recover a little faster.” Daisy sat on Albert Ou’s side of the table.

Albert Ou slowly opened his eyes to look at Daisy and he slapped her across the face with all the strength he could muster.

Daisy grabbed Albert Ou by the collar, “I was kind enough to save you and you hit me Albert Ou, do you believe that I could easily make you fall to pieces.”

“Save me you’re hurting my son.”

Daisy loosened Albert Ou’s collar, “You really do have a son, this is a good deal, trading your son for Jasmine Tong and your children, besides, without a son, isn’t there one more in Jasmine Tong’s belly?”

“You can never be a parent and understand that children are irreplaceable, that our son that Mann paid for with his life, I’d rather be dead.”

Albert Ou’s voice was very, very soft, and it was hard enough for him to speak.

Daisy was silent even at Albert Ou’s words, which she couldn’t possibly understand.

“It’s the way it is and there’s no other way out, Butt is ruthless and Tong Mann is in his hands, you have no choice.”

“Why are you helping me?”

“I’m not helping you, I’m badmouthing Bret you’re right, I’m a pawn in his game, and my death is all his doing” Daisy’s eyes were filled with hatred.

Albert Ou smiled faintly, he didn’t have the heart to care about these things, his most important thing right now was to solve his own problem.

“I’ll send you back to Aye Valley, at least you’ll have someone to talk to when you get there.”

Daisy sent Albert Ou back to Aiya, Yarwen Tong had recovered after a few days of recuperation, not expecting Albert Ou to be sent back covered in blood.

Seeing Daisy send Albert Ou back was also very strange for everyone.

Murray took Albert Ou to the bedroom to heal his wounds.

Late at night, Albert Ou lay alone on his bed staring out the window at the moon.

I wonder how Jasmine Tong is doing with the Bute family now.

He took his phone out from under his pillow and the call took a long time to come through.

“Hey, it’s me, you ask Russel Cheng to arrange my best private jet for you and bring San San over here, within a week, and fast.”
