

# The National Goddess Reborn 166-170

Chapter 166 Beaten Up Unilaterally by Her (3)

But what of that?

In the end, she still had to be obedient. At the thought of this, Yang Kai's eyes darkened. "You're not convinced?"

The aloof girl was standing straight. When she saw Yang Kai's gaze, she did not even frown. "I don't accept it!"

"Alright, then let's have a match. Then we'll talk about strength." Xu Mo sneered, her voice filled with provocation.

Yesterday, she did not expect someone to be so arrogant at the Imperial University.

Now that she was a specially-recruited student at the Imperial University, she would teach Nian Yue a lesson since she was not convinced!

She had come from a small city, yet she still dared to be so arrogant despite coming to Imperial University.

"Sure." Nian Yue agreed readily. "What are the rules?"

"Let's have a fight. We'll listen to whoever wins." Xu Mo sneered.

In her opinion, Nian Yue was just a pretty face.

She had trained for so many years, it was impossible that she could not even defeat a pretty face.

She must avenge what happened yesterday!

“Alright.” Nian Yue nodded and raised her eyebrows at Yang Kai. “Instructor Yang, do you have any objections?”

“Don’t kill anyone.” Yang Kai frowned.

He knew Xu Mo’s capabilities. Although she looked gentle and harmless, she was actually the best at assassination!

Nian Yue might not be her match!

“It can’t be that ruthless, right?” the other students said from the side.

Transfer students had always been arrogant in Imperial University.

Especially since General Yin had already reminded her that someone might die.

“If someone really dies, she asked for it. Instructor Yang took a fancy to Xu Mo, so how can she be someone ordinary?”.

Some students were already forming groups.

Those who could come to the Imperial University already knew the internal news.

Especially now that the competition was intense, it was another matter if they could be left behind.

The other students looked at Nian Yue with disapproval.

Only Wang Yang and Li Yi looked at Xu Mo with sympathy.

She was courting death!

Their boss had heaven-defying combat ability, and they could not even beat him.

Not to mention Xu Mo!

Nian Yue slowly walked out of the row and buttoned the top button. With one hand in her pocket, she said coldly, "I'll allow you three moves."

These words were cold and arrogant!

"Give way?" Xu Mo sneered. "No need!"

The previous time she was forced to drink water by Nian Yue, it was because she was not wearing appropriate clothes. She did not expect Nian Yue to hit her as soon as she said she would, which allowed Nian Yue to have her way!

"Okay." Nian Yue stretched her muscles and narrowed her eyes.

Xu Mo had already thrown a punch! Nian Yue dodged to the side and the two of them started fighting!

Xu Mo was very fast. One could tell from her movements that she had really practiced.

When the students at the side saw the two of them fighting, they could not take their eyes off the scene!

There was even some sympathy in their eyes as they looked at Nian Yue...

This was not the way to show off!

One look and you could tell that Xu Mo had trained in combat. Furthermore, she was a specially-recruited student!

No matter how good Nian Yue was, could she be better than the specially-recruited person?

On the other hand, Li Yi, Lin Nan, and the others yawned in boredom.

They did not understand why Boss was wasting her time on such a little white flower.

Boss still wanted to fight her over something that could be solved in three minutes.

At first, Xu Mo looked down on her, but as time passed, Nian Yue's punches became tighter and faster!

She could not quite withstand it!

She had underestimated her enemy!

Nian Yue was much better than she had imagined!

At the thought of this, Xu Mo did not dare to be careless anymore. She turned sideways and took out a small Swiss Army knife from her pants!

"She's breaking the rules!" Lin Nan was the first to jump out. "She's using a weapon!"

It was clearly a simple competition, yet she had brought a knife!

"There's no rule against using weapons in a competition..." Yang Kai glanced at him coldly.

“Damn...”

Wang Zhizhi, who was standing at the side, almost couldn't help but curse.

“Calm down,” Li Yi yawned from the side, not even looking up. “She broke the rules and will only be played even worse by Boss...” He had seen Nian Yue kill a sniper with one hand with his own eyes. To her, Xu Mo was nothing. The small Swiss Army knife glowed coldly in the sunlight.

Nian Yue narrowed her eyes and there was a hint of danger in them. It put her in a bad mood!

Xu Mo, who was standing at the side, had already rushed over with a small Swiss army knife, her target being her neck!

She wanted to kill!

This was originally a harmless competition. If someone really died...

Some of the students present did not dare to breathe too loudly, but some students were watching the show.

#### **Chapter 167 Beaten Up Unilaterally by Her (4)**

However, the second half of the competition had completely reversed!

In the first half of the competition, Xu Mo could still barely keep up with Nian Yue!

In the latter half of the game, she was completely beaten up by Nian Yue!

With a plop, the person who was in front of her just now was kicked a few meters away!

Xu Mo felt a pain in her wrist and the knife in her hand had already entered Nian Yue's hand.

Her arm was already behind her and Xu Mo was sprawled on the ground, looking disheveled.

The aloof girl had one knee on Xu Mo's body and her small Swiss Army knife glowing coldly in her hand.

"Do I have the right to do so now?" The girl opened her thin lips and her aura was revealed!

The students who had been watching almost had their jaws drop!

Her actions were so cool, she did not look like a new student.

No, she must have trained.

It was also different from Xu Mo's flowery style.

She had real talent!

"Stop!" Yang Kai walked over in large strides, his face dark.

It looked like he had underestimated Nian Yue. After all, she was someone that Yin Han had taken a fancy to.

Nian Yue then stood up slowly with the small Swiss Army knife in her hand.

Xu Mo got up from the ground in a sorry state. When the two of them were fighting just now, Nian Yue had pressed her to the ground. Her new camouflage uniform was already covered in a layer of dry grass, making her look extremely pathetic.

She did not expect Nian Yue, who looked sloppy, to be so decisive in her actions!

“Our Imperial University wouldn’t accept a person who beats someone to death before the assessment!” Yang Kai was so angry that his face was ashen.

At that moment, he could clearly see the murderous intent in Nian Yue’s eyes!

She really wanted to kill Xu Mo!

“I believe that other than looking at the results of academic classes, Imperial University has other strengths. Why did the Imperial University recruit a person who can be so ruthless to her own opponent?” Nian Yue had one hand in her pocket, her face cold. “Are you here for nothing?”

Xu Mo was the one who provoked her first and then wanted to kill Nian Yue. If Nian Yue had not reacted quickly, she would have been the one bleeding by now.

The students below laughed. Xu Mo’s face turned red.

“You violated the rules. I think you don’t want your rights anymore?!”

Yang Kai’s expression was extremely ugly!

Xu Mo being beaten up by Nian Yue was akin to Nian Yue slapping his face...

“Vice General Yang, aren’t you being biased!”

Yin Han walked over in large strides. He had changed into his military uniform and looked extremely stern. “As an instructor, you tacitly agreed to this matter. You’re the one who violated the rules, right?”

“And you, Xu Mo. You were specially invited by our Imperial University to take the test, not to freeload!” Yin Han was merciless in his attacks. “No one has the right! If you don’t want to stay, get lost!”

“She was specially recruited. She received full marks in all aspects!” Yang Kai’s face turned red from anger.

“With that, she can still be beaten to the ground by Nian Yue with a few moves?” Yin Han’s expression was dark. “All the teams have left, but your class is still here watching the show! All of you are to carry the weight to your destination! If you don’t get there before dark, you will be disqualified!”

When Yin Han said this, all the students’ expressions changed!

Initially, they thought that Yang Kai was already sick enough. They did not expect an even sicker commander to come!

“A friendly reminder: It’s still four hours before dark.”

## **Chapter 168 The Assessment (1)**

Almost as soon as Yin Han finished speaking, the group of students who were still in a daze carried the bags on the ground and ran!

The field that was filled with students just now was instantly left with a few people!

Someone was still waiting for Xu Mo. “Xu Mo, let’s go? We’re about ten kilometers away from the finishing line...”

The boy at the side reminded her.

Xu Mo grabbed her backpack from the ground and followed.

“Xu Mo, don’t be sad. You’re a specially-recruited student. You must be better than Nian Yue in every aspect,” someone comforted her.

“That’s right! She’s just a wild girl from the countryside! This time, it’s purely a coincidence!”

“Other than her face, how can she compare to

you?”

Nian Yue narrowed her eyes as she listened to the few of them prattling at the side. The small Swiss Army knife spun in her hand before she threw it in the direction of that person!

With a swoosh, her hair was cut all over the ground by the military knife!

The blade was stabbed into the tree!

The girl who had spoken earlier had already been shocked by Nian Yue’s series of actions!

Just a little more and that Swiss army knife would have pierced her ear!

It almost brushed past her ear!

“The next time you say bad things about me, it’s best to say it to my face,” the girl behind him said slowly. The girl’s face turned pale as she glared at Nian Yue. In the blink of an eye, only a few people were left on the spacious field.

“Boss, are we leaving?” Li Yi walked over and casually picked up his backpack.

The backpack weighed ten kilograms, which was nothing to people who often ran with weights.

“Yes.” Nian Yue nodded and casually picked up the bag on the ground. She threw the other to Wang Zhizhi. “Tell me if you can’t carry

it.”

Wang Zhizhi was the weakest among the group.

“Okay.” Wang Zhizhi nodded. Although ten kilograms was very heavy for her, she had to run as far as she could.

“Yin Han! Stop right there!”

Before Yin Han could board the helicopter, Yang Kai had already taken large strides to catch up with him.

Yin Han stopped and turned around. “Deputy Commander Yang, why aren’t you monitoring those new students now? Why are you looking for me?”

“Don’t play dumb!”

Yang Kai’s face darkened. “Did you specially recruit Nian Yue?!”

He remembered that Nian Yue had applied for another major from the start!

In the end, not only did Yin Han recruit Nian Yue, she even brought the special forces team over!

“It wasn’t me...”

Yin Han shrugged. “It was specially approved by the president...”

“Who are you trying to kid?”

“Do you think I would lie to you?” Yin Han glanced at him. “Nian Yue’s various statistics are higher than ours. The new students this year are much more capable than you expected.”

He had always been good at judging people. Furthermore, this time, the student recruitment event was not only limited to the country, but also open to many other countries.

This time, many international students came to the Imperial Capital thinking that they had special privileges.

Unfortunately, there was an unpredictable Nian Yue among the new students.

The recruitment assessment this time was much more interesting than before.

Yang Kai’s face turned ashen as he watched him leave!

At the same time, the group of students had already left the school gate and were heading towards their destination.

Behind Imperial University were mountains and there was a specific path to the assessment base.

Although this road had been cleared first, it was still not smooth.

Wang Zhizhi carried the bag and walked for half an hour before she lay on the ground, panting

“I can’t take it anymore, Yue Yue. What kind of heaven-defying physiques do they have...”

Wang Yang and Li Yi carried ten kilograms of weight and ran off as if they had nothing on them.

Even Lin Nan was better than her.

Nian Yue casually took the weight from her and placed it on the ground. She passed her a bottle of water. "Take a rest."

Then, she took out her phone and checked the surrounding map.

A drone flew overhead. In this newcomer assessment, the higher-ups used full surveillance.

Ever since they entered the Imperial University, the surveillance had begun.

It looked like Yin Han had already forgotten what happened to the drone that monitored her last time.

Nian Yue's lips curled up slightly as she waved the small Swiss Army knife in her hand...

Yin Han, who was sitting in front of the big screen watching the surveillance footage, retracted the drone with a headache when he saw the aloof girl's cynical attitude.

"General Yin, aren't we going to monitor them?" the technician asked curiously.

This assessment was all monitored to ensure the safety of the new students.

## **Chapter 169 The Assessment (2)**

"No need, I'm leaving."

Yin Han ordered.

Nian Yue was used to being unruly. She would destroy the drone later and he would have to clean up the mess.

The two of them rested for nearly twenty minutes before Nian Yue stood up. She casually took Wang Zhizhi's bag and carried it with her. "Let's go."

She lifted the 20-kilogram load as if it weighed nothing.

18

"Why don't you leave first? Yue Yue, I can't drag you down..." Wang Zhizhi got up from the ground.

Even ten kilograms tired her out. She had no reason to let Nian Yue carry double the weight.

"What did you say to me in the canteen yesterday?" Nian Yue raised her eyebrows and her cold eyes became more serious.

"But can I really..."

Wang Zhizhi's voice was filled with disappointment. Her grades were average to begin with, and she had to work hard in the second semester of high school to get into Imperial University.

"If I say you can, you can!" Nian Yue stretched out her hand. "Let's go."

There were still three hours before the finish line and the sky would turn dark soon.

The road would be even harder to walk after dark.

"Alright." Wang Zhizhi gritted her teeth and stood up, running towards her destination with Nian Yue.

The two of them hadn't gone far when Nian Yue's phone rang. It was Li Yi. "Boss, bad news. Lin Nan is missing!"

“Wasn’t he with you guys?” Nian Yue raised her eyebrows.

Lin Nan’s physique had always been good. In addition, she had given him high-level potions recently, so he improved quickly.

That was why she was at ease letting him follow Wang Yang and Li Yi.

“At first, we were together...”

Later on, because his and Wang Yang’s physiques were too good and they could run faster than him, the two of them decided to wait for Lin Nan further ahead.

However, Lin Nan was nowhere to be seen after half an hour.

Only then did the two of them realize that the situation was amiss.

“Send me your location.” Nian Yue instructed in a low voice. “Someone will be waiting for you there when you reach this place within twenty minutes.”

Nian Yue sent the destination to Wang Zhizhi. “I’m going to look for Lin Nan.”

“But you...”

Wang Zhizhi was still a little hesitant.

“What you have to do is to trust me.” Nian Yue patted her shoulder and walked in the opposite direction.

Wang Zhizhi looked at her as she left. Although she always looked sloppy, her back was straight. It would always make people have faith in her subconsciously.

Nian Yue was right. What she needed to do was to trust her.

At the same time

Lin Nan got up from the ground. He was in a sorry state and his face was pale. "This is everyone's first day reporting. I've never offended you, so why do you have to kill me?"

His calf was in so much pain that he could not even walk normally, let alone reach his destination.

The drone was hovering in the sky. Yin Han, who had been watching the screen, frowned when he saw this.

They had thought that the student recruitment exercise had been strict enough, but they did not expect someone to infiltrate.

"Should we send someone over?" The technician was worried.

It was obvious that these two people were going to beat him up.

"No need." Yin Han reached out to stop him.

Since he was following Nian Yue, other than the weak-looking Wang Zhizhi, the rest of the people should be quite capable.

Most importantly, even if he sent people now, they would not be able to rush over.

Lin Nan was still retreating. The two attackers were getting closer and closer.

“You fell behind!”

The leader sneered and waved the dagger in his hand, getting ready to attack!

“D\*mn!”

Lin Nan was about to curse!

Just because he wasn't as fast as Li Yi and Wang Yang, he had to be bullied like this?!

Was there any justice in this world!

“Don't worry, I won't kill you. At most, you won't be able to take the test...” The two of them looked at each other and were about to attack him!

“Seriously...”

Lin Nan wanted to run, but he was injured and fell to the ground before he could take two steps!

Seeing the figure behind him getting closer and closer, Lin Nan was so anxious that a layer of cold sweat appeared on his forehead!

However, the pain he imagined did not come.

Nian Yue kicked the two people who wanted to attack away. Before they could react, they were knocked out by her punch!

“Get up.” Nian Yue bent down and pulled her up?

“Sister Yue...”

When he saw Nian Yue, Lin Nan almost cried

out!

Nian Yue pulled him up and sized him up a few times before asking, “Are you alright?”

“My calf is injured, I don’t think I can make it in time.” Lin Nan sighed.

“That won’t happen.” Nian Yue narrowed her eyes and took out medical alcohol and bandages from her supplies bag. She raised her eyebrows and asked, “Can you handle it well?”

### **Chapter 170 The Assessment (3)**

“Sure.” Lin Nan nodded and found a seat to sit down. He had already started dealing with it quickly.

Thanks to his years of being the school tyrant, he had the experience of fighting at every turn. In just a few minutes, he had already treated the injury on his calf.

“Let’s go.” Nian Yue supported him and left.

“Sister Yue, put me down first. With this situation, we definitely won’t be able to get there before dark...” Lin Nan couldn’t help but

say.

“Do you think I want to carry you all the way?” Nian Yue raised her eyebrows.

“Isn’t it?”

“We...”

Nian Yue narrowed her eyes. “Take the shortcut!”

Thanks to Li Yi and Wang Yang, Wang Zhizhi and the two of them were the first to arrive at the assessment location.

The real test would start at eight tonight. The other classes had already arrived and were packing their things.

Wang Zhizhi squatted on the ground and rubbed her chin. “Why isn’t Yue Yue here yet? There’s still half an hour before the deadline.”

On the way, she tried to call Nian Yue.

However, the closer they got to the assessment location, the weaker the cell phone signal became.

Towards the end, there was no signal.

So much so that they could only wait here dryly.

“Aren’t you on good terms with Boss? Little girl?” Wang Yang walked over and squatted opposite her.

“Yes.” Wang Zhizhi nodded. “But I’m still worried...”

She trusted Nian Yue, but it did not mean that she trusted Lin Nan.

After all, Lin Nan looked much more unreliable than Nian Yue.

“What’s there to worry about?” Li Yi leaned against a tree, looking bored. “You have to believe our boss...”

At that time, he did not believe in Boss and was subdued?!

While the three of them were waiting, the others had already slowly arrived.

Xu Mo and the others arrived first. Seeing that Li Yi and Wang Yang had arrived before them, Xu Mo’s expression darkened.

She snorted and turned away, ignoring the men.

Li Yi and Wang Yang yawned and couldn’t be bothered with her.

More and more people arrived. Other than a few students, almost all the students from their class had arrived!

Seeing that it was getting closer and closer to the assessment time, Wang Zhizhi’s face became even more anxious.

Yin Han and Yang Kai had already arrived and the teams started gathering.

Yang Kai glanced at the team and did not see Nian Yue anywhere. He felt some disdain in his heart.

He had thought that the soldier Yin Han had taken a fancy to would be very capable. It turned out that she could not even complete the simplest load.

To think she still wanted to be the class monitor? She could dream on!

Yin Han looked at the time. There were still five minutes left.

He believed in Nian Yue's strength. Such a simple load was not difficult for her.

However, he was surprised that she could not complete a load in four hours!

The time was getting closer and closer. The teams from the other classes were already getting ready.

"Prepare to assemble!" Yang Kai ordered, and all the students had already begun to assemble.

Wang Zhizhi was still sitting on the ground and had no intention of getting up.

Even Wang Yang and Li Yi stood there doing their own things..

"Hey, aren't you two going over?" Wang Zhizhi looked up and asked.

"If the boss isn't here, what's the point of going over?" Li Yi smirked, his face full of cynicism.

"That's right. We came because of Boss." Wang Yang had a piece of grass in his mouth and looked rather bored.

"There are still three minutes left. Are you guys coming over or not?" Yang Kai shouted over.

Wang Yang was about to wave his hand when he saw a car rushing in!

It was a black jeep without a license plate!

The car door opened and Nian Yue got out of the car. Lin Nan was with her.

Nian Yue walked over. "We're not considered late, are we?"

"I told you to carry the weight, not to drive!" Yin Han's face darkened when he saw her driving over.

"Instructor Yang didn't say that weight requires walking, right?" Nian Yue raised her eyebrows and casually took the weight package from the side.

She was right. Yang Kai only said that they had to carry a load, not that they had to walk.

She had used this point to swagger over in her car.

"Since you're here, return to your team first!" Yin Han said from the side.

When he saw Nian Yue coming over, he subconsciously heaved a sigh of relief.

She drove over...

The other students looked at her with envy when she came in casually.

Yang Kai did say that they had to come over with weights, but he did not say that they could not use transportation.
