

The National Goddess Reborn 223-229

Chapter 223: The Surprise from the New Student's First Lesson

The mid-term exam was coming soon.

As this was the first examination for the new profession, it comprised actual combat and theory. The ranking of the examination would be determined by clearing the level.

There were a total of 50 checkpoints. There were theoretical and practical battles. The ones guarding the checkpoint were usually the esteemed old professors from the Imperial University and the people from the Imperial Army.

It was even more difficult than the freshmen examination.

After all, the teachers of the Imperial University wanted to see how much these students had improved after two months of training.

When Yin Han came over, the group of new students had already finished their preparations.

"Who do you think will be able to reach the 50th round this time?" The man next to her was wearing a pair of sunglasses, his eyes probing.

Wan Wei was usually very busy. He did not expect that he would come to see the midterm exam for the first year.

“Nian Yue...”

A teacher said.

After all, in just two months, no one could outshine the number one freshman.

Be it combat, shooting, or explosions, she came up tops.

As for the theoretical results, those who could become the nation’s top scorer in the college entrance examination would not be bad.

“Not necessarily...”

A teacher disagreed. “This round is very difficult. I’m afraid reaching the 20th round is the limit...”

As this was the first exam, both the military and the teachers at the Imperial University were very concerned.

Therefore, this round was almost difficult. Even the military instructor could not pass the 20th round.

“Don’t forget, the first place of the new students always surprises us,” a teacher said from the side.

She was clearly looking forward to the surprise that Nian Yue would bring.

“You can even play like this in the middle school examination?” When Lin Nan knew the rules, the corners of his lips could not help but twitch.

Then what had he been working so hard for?

“Don’t you find it exciting?” Li Yi’s lips twitched. “But fighting against people from the Imperial Capital Military District...”

“Don’t compete with me.” Wang Yang glanced at him. “Don’t interfere with the person I beat up...”

“Alright, I’ll let you win this time.”

Li Yi said slowly.

The people from the military districts who were guarding the checkpoint suddenly felt a chill on their backs.

“The total time is 12 hours, with a total of 50 rounds. During the stipulated time, the total score will be calculated based on the length of the cleared stage and the number of cleared stage. The further you go, the more difficult it will be. I hope you can do well. After all, I don’t like students who transfer majors...”

Yin Han’s voice sounded on the stage. His last sentence was exceptionally stern!

If one did not do well in the exams, was kicked out of the new profession and transferred to another profession, he would be looked down upon by his classmates.

Therefore, the students were all giving it their all this time.

Inside the office, a group of teachers surrounded the big screen and stared at it intently.

Soon, the first person on the screen appeared, followed by the second and third.

Li Yi, Wang Yang, Lin Nan...

Everyone was ranked in the top ten.

In the midterm, Li Yi and Wang Yang were the most outstanding. There was only a slight difference in the scores between the first and second place.

“Where’s Nian Yue?”

Some teachers could not find Nian Yue’s ranking even after searching for a long time.

“She should still be behind.”

A teacher replied, “But it has already been half an hour. She can’t possibly not pass even one stage, right?”

Nian Yue should be ranked first in the battle now, right?

The group of teachers looked forward to it, but they could not find Nian Yue’s name in the end.

At this moment, Nian Yue was indeed being pestered.

It was Bai Lin.

“Er... Yue Yue, I’m sorry. I came to join in the fun for no reason. I didn’t expect to meet you...” Bai Lin smiled in embarrassment. “But I can’t go easy on you...”

She was from the Imperial Capital Military District. When she knew that the Imperial University was having a mid-term exam, she volunteered to come over.

Being able to enter the Imperial Capital Military District proved that she was very strong. She had already defeated many students under her.

“It’s alright.” Nian Yue smirked and pulled the chair behind her. “You can deal with the students behind you first.”

She crossed her arms and looked like she was watching a show.

The test that Bai Lin was guarding was a comprehensive test. The questions were very difficult. The students could search on their phones or even ask for help outside the school.

However, since she dared to do so, it also meant that the question was indeed difficult.

Dozens of students arrived one after another, and two of them barely passed with ugly expressions.

There were a total of 50 levels, which took nearly half an hour.

“Yue Yue, don’t you want to draw a question? It’s already been a third of the time...” Bai Lin asked, dragging her chin.

Nian Yue seemed to be resting with her eyes closed. When she heard her words, she slowly opened her eyes. “Okay.”

She stood up, looking a little nonchalant, but her expression was much better.

At this stage, she started having insomnia again and could not sleep well at night.

She only slept at Bai Lin’s for two hours.

Nian Yue took the pen and started calculating on the draft paper.

Her handwriting was very similar to her son’s.

She only knew that it looked good, but she could not tell what it was written.

A minute later, Nian Yue passed her the answer.

“Can I?”

When Bai Lin saw the answer, she was a little speechless. “If you could do it so quickly, why did you stay here for so long?”

Now that more than three hours had passed, there were probably already a third of the students who cleared the level, right?

“No energy.” Nian Yue’s eyes were cold as she waved at Bai Lin before walking to the next level.

Bai Lin sighed. Her daughter-in-law was really willful...

But she liked it so much...

She was hopeless...

...

After lunch, the group of teachers from the Imperial University had given up.

If they could not see Nian Yue's ranking for the entire morning, they would really die in this exam.

There were already teachers secretly thinking of ways to pull Nian Yue into their class.

A teacher accidentally looked up and rubbed his eyes in disbelief when he saw the ranking.

He was not mistaken. He finally saw Nian Yue on the rankings.

Even if it was the last place.

"Nian Yue is on the rankings..." the teacher said shakily.

Hearing his voice, a group of teachers immediately surrounded him.

They were a little disappointed when they saw that it was the last place.

Now that a third of the examination time had passed, it would be a little difficult for her to dash to the front in the remaining time.

After all, the new students of Class A this year were pretty good overall.

However, in the following period of time, it completely refreshed the understanding of this group of teachers!

The originally last place seemed to have become a rocket, and her ranking rose rapidly!

Towards the end, the teachers did not even dare to blink!

Because in the blink of an eye, her funds had risen by several places!

Above 800...

Above 600...

Over 400...

...

Over 200...

Above a hundred...

100, 99...

Her ranking was still rising rapidly.

Other students had taken three to four hours to reach their current ranking, but now she had used half an hour to surpass them?

This group of teachers was a little mystified. To be precise, they could not accept it.

Chapter 224: The Real Skill

However, when Nian Yue reached the 50th place, she stopped moving.

The teachers seriously suspected that she had gone to sleep.

In reality, Nian Yue was lying on tree and calling Fu Xiuyuan.

“You saw my mother?” Fu Xiuyuan lowered his voice, his voice as cold as ever.

“Yeah.”

Nian Yue nodded. “Is she from the military?”

Bai Lin had a happy-go-lucky personality and did not seem like a teacher at the Imperial University.

After all, not many people at the Imperial University knew her.

On the other hand, some people from the military district bowed respectfully when they saw her.

“Yes.” Fu Xiuyuan nodded. “She’s on the same level as Yin Han. She’s just more inclined to research.”

Nian Yue could not imagine if Bai Lin would blow up the laboratory with her personality.

“Because she accidentally blew up the laboratory a few times, the people there were afraid that she would blow herself up one day, so they didn’t let her interfere with the research matters,” Fu Xiuyuan explained to her.

It was indeed Bai Lin's style.

Nian Yue reached out to touch her temples. The other end of the line was so quiet that one could only hear breathing.

After a long while, Fu Xiuyuan laughed.

She could even fall asleep after making a call. She was getting more and more willful.

Nian Yue did not know that because she was not focused, the teachers at the Imperial University had already exploded!

"Where did the first place student go?" A teacher looked anxious. "There are still four hours before the exam ends, and someone has already passed the 20th round..."

He was really afraid that Nian Yue would disappear for a while more and lose her first place.

And this person who could reach the twentieth level was coincidentally Li Yi. He stretched her body and glanced at the time.

There were still four hours before the exam ended. Where was Boss?

Wang Yang and Lin Nan were equally puzzled. They looked at the setting sun and asked, "Sister Yue won't screw up at the critical moment, will she?"

"No." Wang Yang shook his head. "Boss can beat the Year One students."

It was just that she had a lazy personality and did not have any obsession with being first.

When Nian Yue woke up faintly, she felt danger approaching her.

Her cold eyes turned cold in an instant. She flipped over and jumped down from the tree.

A thick tree branch instantly broke where she was lying!

There was a small circular hole at the spot where the crack was. It was caused by a bullet!

A sniper!

If she had been a second later, she would have died instantly!

Nian Yue narrowed her eyes and her aura instantly turned cold.

There was a red circle near her heart. Nian Yue raised her chin and there was a hint of indifference on her cold face.

She raised her hand slightly and a weak current slid across her palm. With her as the center, there was a layer of electricity in the trees a kilometer away.

This current was extremely weak. If one did not look carefully, one would not be able to tell at all.

The person hiding in the dark sneered. He aimed at her heart and pulled the trigger!

He had been waiting for this moment!

The corners of Nian Yue's lips curled up slightly. With a flip and leap, her body twisted into an extremely strange arc!

The bullet brushed past her fingertips and seemed to have stopped!

Then, she turned her head!

The bullet quickly continued in its trajectory!

Crack!

The trees that were hit by the bullets shattered!

The man widened his eyes in disbelief. When he unintentionally met those bottomless eyes, he ran without thinking!

The corners of Nian Yue's lips twitched. She had been idle for a few days. She did not expect someone to knock on her door at this time.

The aloof girl jumped down from the tree and chased after him!

The terrain here was complicated and almost all of it was forest.

That person should be very familiar with this place. After turning left and right, he disappeared without a trace.

Finally, he thought he had shaken off Nian Yue. The person subconsciously heaved a sigh of relief.

He did not expect the number one freshman to be so difficult to deal with.

The wind blew under his feet and he ran quickly.

“Bang!” That person felt his vision go dark and he hit a wall. Because the impact was too strong, that person took a few steps back.

A shadow loomed over him. The man raised his head subconsciously and saw that the girl had already stood in front of him.

It was still that peerless face, that side profile so beautiful that it was a little unreal.

Seeing that the situation was not right, the man got up from the ground and was about to take out his sniper rifle.

His arm was suddenly grabbed by someone whose cold face had a hint of indifference. “What lousy skills!”

The greatest insult to a sniper was that his technique was lousy!

The man's expression changed slightly. He took out a dagger and stabbed it at Nian Yue!

"Are you getting angry from embarrassment?" Nian Yue's lips curled up slightly as she grabbed his wrist.

That person had already expected her to react this way and raised his leg to kick her!

Nian Yue dodged and the two of them started fighting!

The sky had already darkened and the setting sun cast a golden glow over the entire forest.

Nian Yue was ruthless. That person realized that he was not her match and wanted to escape when he had the time!

"Move!"

With that, the person had already disappeared on the spot!

"Spatial displacement?" Nian Yue raised her eyebrows.

She had never seen this supernatural power since she came to this world.

However, did he think he could escape?

The corners of Nian Yue's lips twitched as her hands moved slightly. There was already a faint layer of blue light on the ground under her feet.

It was lightning!

This layer of light became more and more intense and larger. The entire sky was dyed blue!

That person had thought that he would definitely be able to escape!

However, when he bumped into an electric current, he realized that he was mistaken!

This was a lightning power!

The most powerful supernatural power in the natural world!

The person's expression instantly turned ugly. Tap, tap, tap. The person suddenly turned around and saw a girl with one hand in her pocket, her eyes filled with impatience.

“Still trying to run?”

There was already a layer of cold sweat on that person’s forehead. “This has nothing to do with me. I took their money to help them solve a problem...”

He had underestimated Nian Yue.

She was Nian Yue, the first among the new students.

“We’ll talk about this when you reach hell.” Nian Yue smirked and moved her wrist.

Seeing that the situation was amiss, the man wanted to continue running, but a gust of wind came from behind him, heading straight for his knee!

There was a cracking sound, the sound of bones breaking!

“Ah!!!”

Screams of pain pierced through the sky!

Nian Yue did not even look up. She took a look at the time before walking over slowly. She bent down and picked up that person.

Chapter 225: A Slash on the Body

She was so relaxed that she seemed to be picking up a chick.

The man had his kneecap broken by her and had fainted from the pain. He had no chance to resist.

The mid-term examination was still ongoing. After more than eight hours of examination, many students were already feeling weak. Seeing that their results were all good, they did not continue.

In the remaining four hours, Nian Yue was the only one taking her exams slowly.

The people guarding the last stage were from the Imperial Capital Military District. They were a little bored.

They had been waiting for almost a day and did not see anyone.

It looked like this group of first-year students was still too inexperienced.

However, even the people from the Imperial Capital Military District could not pass the 50th level.

They did not expect this group of Year One students to reach this stage after two months.

“I’m so bored.” Someone yawned. “Isn’t there a legend among the freshmen at the Imperial University this time? I thought she could reach the 50th round...”

“No matter how amazing the rumors are, she’s only a new student. We can barely pass half of this level. How capable can a student who only knows how to study be...”

“The number one freshman, I think I can see the number one freshman!”

Before their conversation could end, another person exclaimed!

The few of them looked over at the same time!

The aloof girl had one hand in her pocket and was holding an unconscious man.

When she saw them, she threw him onto the ground. “You guys better save him lest he dies.”

The few of them were shocked by her series of actions. Was this why she had only reached the 50th level?

In order to prevent accidents from happening to the students, there were doctors guarding every stage.

These doctors had already dragged the man away when she came over.

“So, what is this stage?” Nian Yue raised her eyebrows and there was still a hint of indifference in her eyes.

If they hadn’t seen Nian Yue just now, they would have thought that the students at the Imperial University were exaggerating her abilities.

But now that they saw her reach the 50th round, the group no longer dared to underestimate her.

“Comprehensive combat, explosive, shooting, and theory exams.” Someone told her the rules of the exam. “You need to reach full marks for these four subjects in half an hour. And the evaluation criteria is us.”

He pointed at the few people behind him.

“Sure.” Nian Yue agreed readily. “Let’s start.”

...

“Are the results of the exam out?” Before it was time to end, Yin Han had already rushed over.

He was just afraid that Nian Yue’s sloppy attitude would not allow her to do well.

“Not yet, but from the looks of it, Li Yi should be first, second would be Nian Yue...” A teacher stared at the big screen.” Li Yi is usually quite arrogant. Is he from the Li family? ”

Many of the students at Imperial University came from the capital. With their family background and strength, it was inevitable that they would be arrogant.

However, when Li Yi arrived at Imperial University, he had never revealed his identity.

Yin Han didn’t answer his question. He looked at the big screen and frowned.

Why did Nian Yue only get second place this time?

“You’re surprised too, right...” A teacher walked over.” The last stage is quite difficult. It’s normal that she can’t pass it. Li Yi is the only person who reached the 40th stage. He used much less time than Nian Yue...”

The final ranking of the exam was determined by the time one cleared the level.

Yin Han looked at the big screen and frowned.

No, he must have neglected something...

Something suddenly flashed across his mind. Yin Han suddenly said, “Bring out the surveillance footage of Nian Yue’s clearing path...”

The teacher quickly pulled out the surveillance camera and played it ten times faster.

...

When Nian Yue ended the 50th round, the exam ended.

At the last second, her ranking rose from second to first.

When the other people from the Imperial Capital Military District saw that she was leaving, their eyes lit up. “Your name is Nian Yue, right? Are you interested in coming to the military district to play?”

“Full marks for everything. You’re really...”

Even very few people in the Imperial Capital Military District were outstanding.

Not to mention that she was a young lady who had just turned eighteen.

With her results, she could easily defeat a group of people in the military.

“Don’t think about it. Those from the explosives department didn’t even manage to poach her.” Yin Han walked over in large strides, his face full of pride.

People would fight over his men no matter where they went.

He was extremely glad that he had listened to Nian Yue’s request back then.

Otherwise, with such monstrous strength, if she had gone to another camp, he would not have the confidence to defeat her.

“General Yin.”

“General Yin...”

...

When the others saw Yin Han, they greeted him.

“Your results are not bad. You didn’t embarrass me.” Yin Han coughed dryly.

Actually, most of the time, he and Nian Yue were more like equals. No, to be precise, Nian Yue was more like a superior.

He had only seen the pressure she exuded from one person.

“Not too bad.” Nian Yue smirked. With one hand in her pocket, she turned around and left.

She went to the military doctor’s office.

The man whose kneecap was broken by her had already woken up. When he saw her, his face was filled with fear. "Don't come over! I don't know anything!"

Nian Yue casually pulled a chair and sat in front of the bed. She was holding a small Swiss Army knife.

The silver blade glowed faintly under the light.

He had no doubt that Nian Yue would hold this dagger and stab it into his heart in the next second!

"I like people who talk little." Nian Yue raised her eyelids, her face filled with indifference. "Next, I'll ask you a question and you'll answer it. If you don't answer or answer wrongly, you'll get stabbed in the back."

"I told you I don't know... Ah!"

Before he could finish speaking, the sharp dagger had already stabbed into his chest!

Instantly, blood flowed!

That person's face was pale and his eyes were filled with fear!

At this moment, he realized that Nian Yue was not lying.

She had really attacked!

She did not show any mercy!

“Are you from the Imperial University?” Nian Yue raised her eyebrows. She pulled out the sharp dagger and spun it around in her hand.

The dagger was clearly filled with blood, but her hand was spotless.

“I...”

The person hesitated for a moment before shaking his head. “No... Ah!”

Almost as soon as he finished speaking!

The dagger was stabbed in again!

This time, it was his thigh!

“My patience is limited. If you answer wrongly, the next stab will be at your heart!”

Her aura suddenly turned cold!

“Kill me...”

The person was already drenched in cold sweat from the pain, as if he had just crawled out of water. “I can’t answer any of your questions...”

Instead of being tortured by her, it was better to kill him with one shot.

“I told you, I like people who talk less.” Nian Yue raised her eyebrows slightly. Her eyes swept across him as if she was thinking about where to stab next.

Chapter 226: He’s the One Who Wanted My Life

“Nian Yue!”

When Yin Han came over, he saw that the floor of the infirmary was already filled with blood. The aloof girl was sitting there slowly, holding a dagger.

“What’s going on?”

Yin Han felt his temples throbbing.

“Didn’t you see the surveillance cameras before you came over?” Nian Yue raised her eyebrows and stood up slowly.

“I will give you an explanation for this. Don’t let anyone die here,” Yin Han said, resigned to his fate.

Nian Yue was unpredictable. If she really killed someone, he would not be able to account to his superiors.

“I was just asking about something.”

She still had that sloppy attitude and did not intend to let him go.

“This is Imperial University, not a place for you to behave atrociously!”

Yang Kai arrived late. When he saw the ground full of blood, his face turned ashen.

Nian Yue was too bold!

This was the Imperial University, how dare she stab someone with a dagger!

What else could she not do? She leaned against the railing, her eyes still a little casual.

“Of course I know.” Nian Yue raised her eyebrows slightly. “He’s the one who acted wildly and wanted my life.”

Her voice was light as if she was talking about an extremely ordinary fact.

But it was also a slap in Yang Kai’s face. This was the Imperial University and should have been the safest place.

Yin Han rubbed his temples. He was afraid that Nian Yue would stab the dagger into Yang Kai the next second.

“Give him to me first. I’ll get the answer you want in two days at the latest.”

This was already the biggest compromise he had made. He promised to give Nian Yue an explanation.

Yang Kai snorted coldly and turned his face away.

Yin Han heaved a sigh of relief and quickly got the doctor to treat him, in case he died from blood loss before he could do the interrogation.

Yang Kai stayed where he was, his face dark.

After a long while, he took out her phone and made a call. "She has supernatural power. It's the lightning element..."

Nian Yue was usually sloppy and had almost never used her supernatural power.

It made him lower his guard. He never expected her supernatural power to be so strong.

It was an electrical system.

The most powerful supernatural power in the natural world.

"Her performance is not so simple ..."

The man on the other end of the line laughed. "There are other supernatural powers..."

“You mean, dual-elemental?” Yang Kai shook his head without thinking. “Impossible!”

He had never seen two supernatural powers appear in a person!

In essence, one’s body could not withstand it!

“Keep an eye on her.” The man’s voice on the other end of the line was a little hoarse. “If General Yin used her dual-elemental power and didn’t report to his superiors... General Yang, the rest of the world will be yours...”

Espers had always been the targets of the country’s surveillance. If they were not controlled well, it would cause unimaginable destruction to the country.

Therefore, the military had always been biased against Espers!

Either keep for their own use...

Or kill them all!

Given Nian Yue’s sloppy personality, he did not doubt at all that she was not very loyal to Yin Han.

Instead of saying that she was Yin Han's woman,

It would be better to say that Yin Han was being led by the nose by her!

...

Inside the school building, Nian Yue leaned against the marble pillar slowly. She looked a little nonchalant as she wore her clothes loosely.

There was a faint electric current at the tip of her fair and slender index finger.

The electricity was extremely small, but the faint crackling sounds still rushed into her ears.

"Dual-elemental supernatural power..." Nian Yue muttered, "Is it so rare?"

The corners of Nian Yue's lips twitched, and her expression was almost indiscernible.

Then, she left slowly.

“Yue Yue, were you in danger just now?”

When Wang Zhizhi saw her return, her face was filled with worry.

Ever since she came to the Imperial University, Nian Yue rarely used her supernatural power.

To be precise, supernatural powers were rarely used in competitions.

But today, she clearly saw the air warp and the faint blue glow of electricity.

Even if the school suppressed it immediately, she could not guarantee that someone with ill intentions would know about it.

“Yes, it should be someone outside of the university...”

Nian Yue rubbed her temples. “Did you find anything?”

For almost a month, Wang Zhizhi had been working hard to break through the first line of defense of Island H.

“I found someone...”

Wang Zhizhi turned on her computer and sent her a photo of the person. “He’s the main researcher in the country. There are several categories of Espers...”

Nian Yue clicked on the photo. It was an old man who looked to be in his sixties or seventies. His face was filled with kindness.

“Lin.”

Lin, Lin Lang, Lin Nan...

Why was it so familiar?

Nian Yue narrowed her eyes and looked at the photo more probingly.

“But this person retired more than twenty years ago, including his research materials. They were also destroyed in a fire twenty years ago.” Wang Zhizhi paused before continuing, “So, be it your supernatural power or Fu Xiuyuan’s, we can’t find anything...”

To be precise, he stopped after some clues.

There were too few clues to piece together a complete chain of clues.

“It’s not for nothing.” Nian Yue’s lips twitched.

At the very least, there was someone she could ask.

After the mid-term exam, Nian Yue had completely stabilized her position as the number one freshman.

Many people from the Imperial Capital Military District came to Yin Han to ask for her, but they were all reject by him.

What a joke. This was a talent that he had gotten after so much efforts. How could he let those people reap the fruits of his labor?

Another person who wanted her was blocked. Yin Han was still smiling when someone pushed open the door and rushed in. “Bad news! General Yin! The criminal has been rescued!”

“When did this happen?”

Yin Han hurriedly stood up. He had sent him straight to the capital’s prison. He had been taken away before he could interrogate him.

“Three minutes ago...”

Yin Han could no longer sit still and rushed to the scene.

The tightly guarded prison was as usual.

In the surveillance room, the chair was still fine. The prisoner seemed to have disappeared into thin air.

“He knows displacement...”

Yin Han looked at the empty prison and his temples hurt!

“What then?”

This was a crime scene and he could escape easily. Wouldn't it be easier for him to save the other criminals?

“Strictly control all the exits of the Imperial Capital. He's injured and can't run far!”

He had not come into contact with many supernatural powers, but he knew that every time someone used his supernatural power, it was extremely exhausting!

He was tortured by Nian Yue until he was on his last breath. After resting for a night, he could not have run far!

In the dark basement

The sound of someone being thrown to the ground was heard!

He heard the whine of a wild animal, as if something were licking its wound.

Chapter 227: Die Later, What's the Rush?

The person suddenly opened his eyes, only to meet a pair of green eyes!

There was fur...

There was a faint green light in the night!

A wolf?!

When the man realized that the creature in front of him was a wolf, he flipped over and got up from the ground!

“Howl!”

However, because he was too eager, the wolf tore off a piece of flesh from his leg!

The air was filled with the strong smell of blood. The man’s face darkened from the pain. He wanted to scream, but realized that he could not make a sound at all!

“Xiaobai, come back.”

Unknowingly, a noble man had already sat opposite him. He was holding a glass of red wine in his hand. The red wine was tender and alluring, and it was even redder than blood.

After finishing the flesh, Xiao Bai was still feeling a little unsatisfied.

However, she still ran in Mo Yi’s direction obediently and rubbed her head against his pants.

“Who are you?”

When the man saw Mo Yi, he broke out in cold sweat.

“Spatial displacement?” Mo Yi raised his eyebrows. He crossed his legs and looked extremely pleased.

“I don’t know what you mean...”

Mo Yi snapped his fingers and the room, which had been dark a moment ago, brightened.

When he saw Mo Yi’s appearance, the person’s face was filled with fear. “Mo Yi...”

The leader of the mercenary group, Mo Yi...

He could actually get him out of the prison without anyone noticing.

And the otherworldly power he used just now was the same as Nian Yue’s, an electric power!

When he thought of Nian Yue’s torture methods, that person subconsciously shivered and a layer of cold sweat formed on his back.

“Have you thought about what you want to say?” Mo Yi raised his eyebrows. His cynical attitude was similar to Nian Yue’s.

However, unlike Nian Yue, there was an inexplicable gloominess about him.

That person didn’t dare to continue thinking. A tragic look flashed across his eyes and he was about to bite his tongue to commit suicide!

“Die later, what’s the rush?” Moy smirked and raised his hand slightly. The man’s body froze before he felt like his body had been electrocuted!

His entire body felt numb!

Finally, the person could no longer hold it in and fainted!

When Nian Yue came out of the class, she saw Yin Han rushing out.

She vaguely heard about a criminal escaping.

The corners of Nian Yue’s lips twitched, but her face remained cold.

At this moment, her phone rang. It was a message.

She opened the message and saw a photo.

A man covered in blood was lying in a pool of blood. Because he had been tortured for too long, his face was almost indiscernible.

Needless to say, she knew that the man was the fugitive.

And the person who sent her this message was Mo Yi.

Why did he send her a message?

Did it mean that he had killed him?

“Nian Yue...”

Yin Han rushed over and looked at Nian Yue, hesitating to speak.

“There’s no need to look for him. He’s already dead.” Nian Yue’s lips twitched.

She ignored Yin Han’s shock and left.

“General Yin, do we still need to find the fugitive?”

A subordinate ran over and asked.

“I’m not looking for him anymore.” Yin Han waved his hand. “Let’s go back.”

There was no need for Nian Yue to lie to him. Since she said that he was dead, it meant that he was really dead.

They could not find out who exactly had infiltrated the Imperial University and wanted Nian Yue’s life.

Nian Yue didn’t really care about this matter. It was a pity that she had yet to figure out the supernatural power of spatial displacement.

For the next month, the days were as usual. There was nothing special.

Occasionally, Nian Yue would receive a call from Bai Lin asking her to accompany her to shop.

Normally, Nian Yue would reject her when she was busy and would go out with her occasionally.

Bai Lin had an active personality. Even when she met someone like Nian Yue who did not talk much, she could still talk non-stop.

Over time, Nian Yue was used to her noisy personality.

Fu Xiuyuan did not appear as often as he did in Year Three, but he would occasionally call to ask about her situation.

Nian Yue had already learned most of the lessons for graduation in university. The next three years of lessons were mainly about practice.

If the school allowed it, she might be able to graduate in a year.

Because she was talented, the teachers and instructors of the Imperial University were happy to teach her.

Even Xu Xiu often volunteered to teach her all the lessons he did not teach in Class B.

Wang Zhizhi was extremely good at logical thinking. Although explosive and computer science were vastly different, she was studious and quick-witted. In less than three months, she had become Xu Xiu's favorite student.

Li Yi, Lin Nan, and Wan Yang were very popular in Class A. They had fought a lot and developed camaraderie as they fought with a group of people.

Nian Yue's lightning power had already recovered to its peak back then, but her wood-elemental power still could not advance.

Compared to the body in the post-apocalyptic world, this body seemed to be more talented in lightning power.

At this moment, Manxi was looking at the data report and frowned. "How have you been feeling for the past two months?"

His various physical indicators were already on the verge of losing control.

But he acted like a normal person.

If not for the full-body examination, even she would not have been able to tell that his health was so bad.

“I won’t die.”

Fu Xiuyuan’s lips twitched, his face as cold as ever.

However, her face was extremely pale.

“Is the Energy Stone still not found?” Manxi sighed.

Energy Stones were rare to begin with. He had waited for more than twenty years and had encountered one.

But something happened along the way.

“Is there anything else?” Fu Xiuyuan raised his eyebrows.

“No.” Manxi shook her head. “You’d better take some time to go to Continent W. It should be good for your health.”

She had also unintentionally realized that the magnetic field in Continent W was different.

Every time Fu Xiuyuan went there to discuss business, his complexion would get much better.

Fu Xiuyuan paused and left.

Manxi looked at the complicated data report and frowned.

In the end, she called Bai Lin. "Auntie, this is Manxi..."

...

Imperial University

"You want me to go to Continent W?" Nian Yue raised her eyebrows.

She was currently in the school's office and looked a little unruly. Her eyes were cold.

"Right."

Yin Han nodded. "There will be an arms deal in Continent W soon. The Mitchell family is afraid that an accident will happen, so they hired you guys."

"Not interested." Nian Yue did not even look up.

Yin Han rubbed his temples and persuaded, "The commission is 100 million USD..."

Since there was so much commission, it could be seen how big this transaction would be.

"The time and place." Nian Yue relaxed.

No one would argue with money, and she was no exception.

Yin Han told her the time and place and did not forget to remind her, "You're representing the country..."

"I know." Nian Yue was a little impatient. "I want to apply for leave for them..."

Chapter 228: Going to Continent W

"You want to bring everyone over?" Yin Han was a little surprised.

To be honest, he did not think highly of Lin Nan and Wang Zhizhi.

Wang Hai and Li Yi had been trained by Nian Yue for more than half a year. Coupled with their rich combat experience, they were able to grow so quickly in just half a year.

One look and one could tell that Lin Nan was a rich boy. Although he knew a little kung fu, it was not worth mentioning on the battlefield.

“Zhizhi will stay.” Nian Yue rubbed her brows.

Wang Zhizhi could help them remotely. The situation in Continent W was unknown. Before she had the ability to protect herself, she would not bring her over.

“Sure.” Yin Han agreed readily. “This mission will determine the country’s international status. At the same time, it will also be a test of your studies for the next few months. By then, there will be people from the Imperial Capital Military District working with you.”

“Alright.” Nian Yue nodded. “Don’t be too lousy.”

Yin Han was about to heave a sigh of relief when he saw Nian Yue nod her head. However, when he heard Nian Yue’s words, Yin Han was so angry that he spat out a mouthful of blood.

Nian Yue was probably the only one who dared to openly despise the people from the Imperial Capital Military District!

As this mission was confidential, the few of them only announced that they had taken a long leave and went straight to Continent W the next morning.

Before she left, Nian Yue glanced at her phone and a deep look flashed past her eyes.

Then, she got onto the plane.

...

– In the study –

“Are you sure you don’t want to go to Continent W to recuperate for a while?”

Jiang Jincheng asked curiously, “If you don’t take care of your body, will Auntie make the Fu family cry?”

“What’s the big deal with Continent W lately?” Fu Xiuyuan rubbed his temples, looking dispirited.

“The Mitchell family will have an arms deal. This deal hasn’t even begun and has already been targeted by the military and the W Continent gang. Just in case, Mitchell hired the special forces...”

The special forces had only begun to stand out internationally last year. No one knew which country they were affiliated to, nor had anyone seen their true colors.

They only knew that they were a powerful group.

“Special forces?” Fu Xiuyuan raised his eyebrows. If he remembered correctly, Nian Yue helped Yin Han recruit people last year.

After the college entrance examination, she did not stay overseas at all.

“Yes.” Jiang Jincheng touched his chin. “I’m also curious. Which country are the special forces from? Why are they so strong?”

It had been a long time since he had seen someone so awesome.

“If you’re really that curious, why don’t you go over yourself?” Fu Xiuyuan raised his eyebrows.

“You agreed to go to Continent W?” Jiang Jincheng’s eyes lit up.

When he received Bai Lin's call, he agreed to the mission.

Seeing Fu Xiuyuan's firm attitude just now, he thought he needed more convincing.

He did not expect him to agree so easily.

"Mm." Fu Xiuyuan nodded, his eyes as deep as ever.

When Bai Lin found out about this, she almost cried from joy.

"This time, my son has been obedient..."

In the past, if she wanted Fu Xiuyuan to do something, she would have to act cute at the very least. If she cried a few more times, it would depend on his mood whether he agreed or not.

He did not expect him to agree so easily this time when Jiang Jincheng stepped in.

"Fu Heng, do you think the son will have a change of heart and have something going on with Jiang Jincheng?"

Bai Lin suddenly asked.

It had been a long time since she saw Fu Xiuyuan and Nian Yue together, and he was with Jiang Jincheng most of the time.

The two men were together every day...

The moment Bai Lin thought of this possibility, she felt like the sky was falling!

“If my son dares to fall in love with someone else, I will make him leave the family with nothing!”

“Xiuyuan inherited the deep affection of the Fu family and will not fall in love with another.” Fu Heng rubbed her hair and said helplessly.

Although he was already used to Bai Lin’s jumpy personality, this was the first time he saw her imagination run wild.

“But I’m still worried about my son...”

Bai Lin was frowning. She did not know how long she would take to recover.

“Continent W is good for his recovery. The longer he stays, the better. Besides, Xiuyuan is so old. Has he ever done anything ever to make you so worried? What you have to do is to trust him. He will definitely be fine.” Fu Heng held her shoulders and led her to the bed.

“Now, you should rest well...”

“Hey, why are you taking off your clothes in the middle of the day?!”

...

...

When Nian Yue arrived in Continent W, it was already 16 hours later.

It was late at night, and the airport was cold and cheerless. Occasionally, a few people would walk past.

A black limousine had stopped in front of the airport. Mike got out of the car when he saw the group.
“Yue, welcome to Continent W.”

This time it was Mitchell’s personal butler, Mike.

Yin Han only said that he would send the people from the special forces over. He didn't expect them to be a group of children who were not even twenty years old.

Especially Yue...

She looked like she was only 17 or 18 years old.

"Hello." Nian Yue nodded slightly. "I'm Yue."

Nianyue reached out and they shook hands. Mike exerted a little force where no one could see him.

Nian Yue smirked, her face as cold as ever. "Mr. Mike, it's time to exercise."

"Thank you for the warning."

Mike retracted his hand, his expression forced. He hid his hand behind his back quietly.

"You're welcome."

Nian Yue smiled and got the group of people into the car.

At the same time, a black car stopped beside them and a few people alighted.

“Brother Fu hasn’t been here for a long time, right?”

“I haven’t seen him in a long time. I wonder how long I can stay here...”

“You’re so happy. Aren’t you afraid that you’ll be tortured to death by him later?” Fu Ran said unhurriedly, his tone somewhat gloating.

“That’s better than him not caring about the matters here for a few years...” Fu Sheng sighed. If Fu Xiuyuan hadn’t come, he would have suspected that the few of them had been exiled by him. The group chatted as they entered the airport.

“You guys go back first.” Nian Yue rubbed her temples and walked into the airport.

“Boss, do you know anyone here?” Wang Yang asked.

Although they were speaking in Chinese, they could understand.

However, Continent W was a place filled with all sorts of people. It was normal to see a few Chinese people.

“I don’t know.” Lin Nan shook his head. “Sister Yue is quite mysterious sometimes.”

Fu Xiuyuan had just alighted from the plane, his face still showing an unhealthy paleness.

“Brother Fu, why didn’t you come over during the day...” Fu Sheng and the rest surrounded him.

Fu Xiuyuan usually came to Continent W to recuperate, and they knew that he was not well.

“Are the people here honest?” Fu Xiuyuan raised his eyebrows and asked.

He had not been here for a while, and it was hard to guarantee that some people would not be restless and have designs on the Fu family.

“The overall situation is not bad,” Fu Ran replied. “Mitchell will have an arms deal in the next few days. The mercenaries and Pandora have already arrived. There are also other forces...”

Chapter 229: Why Do You Have to be so Nice to Her?

Every year, there would be an arms deal in Continent W because of the lucrative business of arms. Almost every transaction would result in a large-scale robbery. This was also an important reason why Mitchell had hired so many people to protect him.

“Brother Fu?” Fu Sheng was still talking non-stop, but he couldn’t hear Fu Xiuyuan’s reply for a long time.

When he raised his head, he realized that Fu Xiuyuan seemed to be looking at something.

He looked up instinctively in his direction of sight.

The aloof girl had already walked over slowly.

Nian Yue raised her eyebrows and there seemed to be some surprise in her eyes. “Why are you here?”

This was Continent W, a 15-hour flight from Country Z.

“I came to settle something.” Fu Xiuyuan’s lips twitched, his jade-like face extremely pale.

“Are you not feeling well?” Nian Yue raised her eyebrows. When she finished speaking, she had already reached out to touch his forehead.

Her actions were extremely natural, as if she was doing something extremely normal.

The few people at the side had been shocked by her series of actions for a long time. Why didn't they know that Brother Fu was so easy to talk to?

"Mm." Fu Xiuyuan nodded, not dodging her movements at all.

"It's an old problem." Fu Xiuyuan coughed twice, his breathing a little unstable.

Nian Yue frowned and followed him to the back seat of the car.

Fu Ran was driving in front. He glanced at the rearview mirror and looked puzzled. "Brother Fu, where are we going?"

"The manor." Fu Xiuyuan rubbed his temples, his eyes a little deep.

Fu Ran wanted to ask more questions, but when he thought of Fu Xiuyuan's personality, he still drove back to the manor obediently.

The Fu family's manor was on an independent mountain. The entire manor spanned thousands of acres, and even at night, it was as bright as day.

The car drove for more than half an hour before reaching the innermost villa.

Fu Qi kept waiting at the door. When he saw Fu Xiuyuan coming in, he saw a seventeen-year-old girl next to him.

Fu Qi took one more look at her and quickly looked away.

“Brother Fu, the Mitchell family...”

“We’ll talk about it later.” Fu Xiuyuan waved his hand and brought Nian Yue into the villa.

“Who is this girl?” Fu Qi walked up to Fu Sheng and asked.

This manor was originally one of the Fu family’s underground businesses in Continent W. Other than Fu Xiuyuan, no one else had been here.

He had actually brought a young lady with him today.

“I’m not sure.” Fu Qi narrowed his eyes. “Don’t provoke her in the future.”

The young lady looked sloppy, but her aura was extremely strong.

None of them might be a match for her.

“Are you serious...”

Fu Qi looked at him in disbelief. “What if it’s an accompanying doctor? Is this something to make a fuss about?”

Fu Xiuyuan had come to Continent W to nurse his health, so it was normal for him to bring a family doctor with him.

“She’s not.” Fu Sheng could not be bothered to explain to him. “Has the exact time been set?”

“Yes, next Monday.”

Fu Qi straightened his face. “I heard that Mitchell invited the special forces...”

The special forces had only become active internationally in the past year. They had been missing for three months now.

However, regardless of whether the special forces were real or not, they couldn't lower their guard.

After all, the people from the special forces were neither good nor bad. No one knew what they would do next.

...

Nian Yue followed Fu Xiuyuan upstairs. Fu Xiuyuan poured her a glass of water and passed it to her. "Have you not eaten?"

His tone was casual and did not seem like a patient at all.

"Has Manxi come over this time?" Nian Yue took the water and raised her eyebrows as she asked.

Manxi should know the most about Fu Xiuyuan's situation.

"She can't enter here." Fu Xiuyuan's lips twitched. "What's the matter with you coming to Continent W?"

"Yes, I have something to do."

Nian Yue nodded. The special forces was originally a military secret. Other than Yin Han and the Mitchell family, almost no one knew their real identities.

“If you’re not busy, you can rest here.” Fu Xiuyuan grabbed her wrist and stuffed the cup into her hand.

Nian Yue realized that the real operation had not begun, and Fu Xiuyuan’s expression was not good.

“Sure.” Nian Yue nodded. “I’ll go back the day after tomorrow.”

She took out her phone and told Li Yi, then stood up. “Have a good rest.”

Almost as soon as she stood up, she felt her vision go dark. The man was already inches away from her. She could clearly smell the cold fragrance coming from his body. Nian Yue subconsciously raised her head and met those deep eyes.

She could clearly see her reflection in his eyes.

“You...”

The moment Nian Yue spoke, she felt her body tense up and she was being hugged tightly.

“Fu Xiuyuan?”

Nian Yue raised her eyebrows and a hint of nervousness flashed past her eyes.

The man only hugged her tightly. Nian Yue wanted to push him away, but in the end, she rubbed her temples. “Fu Sheng...”

Of the few of them, Fu Sheng had the most power in front of Fu Xiuyuan.

Fu Sheng pushed open the door and entered. When he saw the scene in the room, his expression was a little ugly. “Brother Fu must have gotten sick. Please help him in...”

Even though Fu Sheng’s expression was ugly, his voice was filled with respect from the start to the end.

Nian Yue’s expression could not be seen clearly. In the end, she still helped the person in.

“Sister Manxi didn’t come?” Fu Qi had a headache when he saw the scene in the house.

“Ah Qi...”

Fu Sheng looked a little disapproving. Fu Xiuyuan had never brought Manxi here before.

“Please take care of Brother Fu here first...” Fu Sheng said to Nian Yue before he left.

Because Fu Xiuyuan had not introduced Nian Yue to them, he did not know how to address her.

However, from the start to the end, she did not hold back at all.

When the few of them went out, Fu Qi was a little unhappy. “Brother Fu only knows her. Why are you so polite to her?”

Over the years, they had seen too many women who wanted to pounce on Fu Xiuyuan.

“She’s different.” Fu Sheng couldn’t be bothered to explain to him. “Did the Hacker Alliance find out anything?”

“No. That person is too cunning. He appeared near Jiang City No.1 Middle School once, but then he disappeared...”

He had been tracking it for a long time. The last time that hacker appeared was a year ago. It had only appeared once. He couldn't have washed his hands of it, right?

“Do you think Lu Yong was also investigating and Yin Han was also looking for them? Could the two of them have found any traces?”

“The possibility is not high.” Fu Sheng shook his head. “This time, the Mitchell Family is very powerful. I'm afraid that he will have other thoughts after finding out Boss's whereabouts...”

After all, two tigers could not share one mountain. As the largest arms dealer in Continent W, there were too many people watching them.

Fu Xiuyuan's situation was special now.

It was hard to guarantee that Mitchell would kick them when they were down.
