

The National Goddess Reborn 243-250

Chapter 243: But in This World, All Things are Facing the Sun

“How do you want to compete?” Nian Yue raised her eyebrows.

She took off her black jacket, revealing a white shirt underneath. She put away her cynical attitude and looked a little handsome.

“Then let’s see who kills the most?”

By the time Mo Yi finished speaking, there was already a pistol in his hand. He aimed at the nearest person and fired!

At the same time, the mercenaries who were hiding in the dark rushed out!

Then, they started shooting crazily at the banquet!

The banquet venue was in a mess!

Everyone wanted to race to escape!

However, the hall was already enveloped in a layer of blue light!

That light was a thick barrier!

Everyone was enveloped by the light like lambs waiting to be slaughtered!

“Five minutes. Your numbers determine your mission for the next month.”

Mo Yi gave the order cruelly!

Almost as soon as he finished speaking, the banquet hall was filled with fear!

Bullets flew and everyone who attended the banquet fell one after another!

All the bullets seemed to have eyes. They passed Nian Yue and none of them hit her!

“He must be crazy...”

Lin Nan, who had been standing at the side, couldn't help but speak when he saw the situation!

Mo Yi had always seemed like a lunatic to him.

He killed when he felt like it!

He had never cared about right or wrong!

“Yue, you’re soft-hearted...”

Mo Yi smirked. The pistol spun in his hand as he looked bored.

He walked up to Nian Yue and stood in front of her. When his eyes looked at her, there was a hint of gentleness.

The last time she saw Nian Yue, her hair was still very short.

In less than three months, her hair had already reached her shoulders.

She had a more cynical attitude. She looked more like a young lady.

“I have no grudge against these people. There’s no need for me to make a move.” Nian Yue’s lips twitched.

Her face was as cold as ever. “I’m not taking part in this competition.”

It was against her ethics to compete with Mo Yi in killing people.

Although she was a little cynical, she was not to the extent of being indiscriminate.

“Yue, you’re soft-hearted...”

Mo Yi sighed, but there seemed to be a hint of doting in his words that even he did not notice. He pointed casually. “Do you see that woman?”

The woman he was referring to was a Western woman in her forties. She was dressed in a noble evening gown and looked disheveled.

Her hair was in a mess and her body was drenched in blood. She was rushing out.

“She’s the wife of the Karl family. She relied on poison to make a name for herself. Do you think she deserves to die?”

Almost as soon as he finished speaking, the woman's head had been shot!

"And him..."

Mo Yi pointed at another man. "He's from the W Continent's Black Gang. He's a rapist and robber who commits all kinds of crimes..."

...

"This banquet looks glamorous, but it's already foul inside."

Mo Yi chuckled. "Like some people who glow. In fact, privately, they're maggots in the dark..."

His voice seemed to be mixed with a sigh.

"But in this world, everything faces the sun."

Nian Yue smirked. "Do you think so?"

Mo Yi thought of something and chuckled. "Yue, you're so pure and cute."

She looked cynical, but her heart was pure.

While the two of them were talking, the messy banquet had already been cleared!

The ground was filled with corpses!

Blood flowed like a river!

The mercenaries who had completed the mission were all hidden in the dark.

It was as if they had never appeared.

"I can take your life today..."

Mo Yi slowly retracted his gun. "You lost the competition to me..."

To be precise, Nian Yue did not attack at all.

“Your win rate is only 50%.” Nian Yue raised her eyebrows.

She was comparable to this man in strength. If Mo Yi really wanted her life, it would probably take a lot of effort.

“But you have a weak link, don’t you?”

Mo Yi smirked.

He was talking about Lin Nan.

Lin Nan’s strength was not even one-tenth of Nian Yue’s.

“But I’m in a good mood today...” Mo Yi’s eyes softened.” I just want one thing...”

Almost as soon as he finished speaking, he lowered his head and kissed her forehead.

“Are you tired of living?”

When he was only a centimeter away from her forehead, a small silver pistol was pressed against his temple!

At the same time

The snipers hiding in the dark had already aimed at her!

Mo Yi made a gesture and the red dots on Nian Yue disappeared in an instant.

The two of them were so close that he could smell her hair.

“Yue, you’re too insensitive.”

Mo Yi laughed and slowly straightened. “We will meet again soon.”

Almost as soon as he finished speaking, he snapped his fingers and the banquet was already pitch black!

There were footsteps in the darkness. Ten seconds later, the hall was lit up again.

Other than the corpses on the ground, there was no one else.

The speed at which this group of people retreated was shockingly terrifying.

“Sister Yue, let’s go?”

The scene was a mess. Mo Yi retreated quickly with his men.

If the two of them did not leave later, they might not be able to leave.

“Yes.” Nian Yue nodded and the two of them left quickly.

On the way back, Lin Nan was still confused.

“Sister Yue, was that man today a mercenary?”

He had seen Mo Yi at the Imperial University assessment once.

His instincts told him that this man was not to be trifled with.

However, Nian Yue could still keep a straight face when facing him and pointed the gun at his forehead.

As expected, his Sister Yue was pretty but wild. She did not explain!

“Yes.” Nian Yue nodded.

“But is he interested in you?” Lin Nan asked curiously.

He knew very well how popular Nian Yue was in No.1 Middle School.

Her desk was filled with love letters every day.

However, those boys only dared to give her love letters privately when Nian Yue was not around. No one dared to give them to her in front of her.

After all, Nian Yue could defeat the students of the comprehensive combat class!

“You’re mistaken.” Nian Yue did not even look up.

“But I clearly saw...”

Before Lin Nan could finish speaking, he saw Nian Yue pause. “Your combat results are not good...”

“What?”

She changed the topic too quickly for Lin Nan to react.

“I want to train you...”

Nian Yue raised her eyebrows slightly. Her jade-like face was as cold as ever.

“No, no, no...”

Lin Nan hurriedly begged for mercy, “I was wrong, Sister Yue. I won’t gossip about you anymore...”

He might have gotten a little carried away today for daring to gossip about his Sister Yue’s relationship issues.

However, Nian Yue stopped in her tracks and her aura turned cold in an instant.

“What’s the matter?”

Lin Nan sensed that something was amiss.

It was too quiet.

“I’m fine. Let’s go.”

Nian Yue smirked and left.

Chapter 244: Beat You Until You Can’t Get Up

Not long after she left, one could vaguely make out a slender figure of a man on the ground.

...

The news that the Parker family was targeted by the mercenaries because of the arms deal spread quickly to Mitchell’s ears.

This made him even more worried about the deal tomorrow. He made a few calls overnight and hired another group of people!

Li Yi and Wang Yang leaned against the door, watching Mitchell busy himself.

“It’s said that the richer one is, the more afraid he is of death. He really portrays it vividly...”

After all, in Li Yi’s eyes, this was just a slightly larger transaction.

Besides, with Nian Yue around, Mitchell would not lose a hair.

But Mitchell was terrified.

“If Boss finds out about him being like this, she might find it troublesome. Then, we can return early.”

Wang Yang yawned.

There were very few people in the special forces. Now Mitchell had hired another group.

He was afraid that they would not have a sense of accomplishment if the mission was completed too quickly.

The sound of a car rang out outside the manor. Li Yi and Wang Yang's eyes lit up as they rushed out!

"Boss, how was the scene? Was it exciting?"

Wang Yang was the first to run over, his face full of excitement!

Although Nian Yue did not say where she went, he had the feeling that Nian Yue must have been at the Parker Family's trading center.

How could their boss miss such a lively scene!

"It's not too bad." Nian Yue had one hand in her pocket. "The mercenaries and Pandora were all there. We saw a huge performance for free..."

Unfortunately, she only saw Pandora herself.

Pandora probably did not bring any core members.

“Pandora is here too?”

Li Yi raised her eyebrows.

Pandora was notorious internationally. It was expected that she would appear at the Parker family today.

And looking at Nian Yue’s leisurely attitude, she should not have fought with either side.

“Yes.” Nian Yue nodded. “The amount of firearms today probably won’t be able to satisfy her appetite. Everyone, buck up tomorrow!”

“Alright...”

Wang Yang agreed readily. “There’s a tough battle tomorrow. Shall we relax in advance?”

“Where do you want to go?”

Lin Nan was also energized.

“I heard that Mr. Mitchell has a private hot spring...” Wang Yang chuckled.” Mr. Mitchell, you don’t mind letting us use it, right? ”

“I don’t mind.”

Mitchell smiled thinly.

“Thank you, Mr. Mitchell.” After receiving Mitchell’s reply, Wang Yang, Li Yi, and Lin Nan rushed off.

“Boss, are you going?” Wang Yang asked with a smile.

“No.” Nian Yue waved her hand. “You’re not allowed to be late tomorrow.”

After receiving Nian Yue’s instructions, the group of people rushed down excitedly to prepare!

Nian Yue was a girl to begin with, so they did not dare to really bring her along.

The reason they asked Nian Yue was to get her permission.

Mitchell grimaced at the sight of the men running off in an instant.

The bodyguards they hired were always behind their employers and were always on call.

Why was this group so unrestrained?

“The special forces will not disappoint you.” Nian Yue raised her eyebrows.

She was giving Mitchell a guarantee.

Nian Yue was used to doing things without restraint. There were some guarantees that she was too lazy to make because she felt that there was no need to.

Furthermore, she had absolute confidence and confidence that she could do well.

So this was the first time she'd given Mitchell her word.

In the near future, everyone would realize that being able to receive Nian Yue's verbal guarantee was even harder than ascending to the heavens!

...

The next day

It was the day Mitchell and F officially traded.

Mitchell got up early in the morning and rushed to Mordor.

Mordor was at least four hours away from where they lived.

After a few days of rest, everyone in the special forces looked energetic.

To prevent any accidents on the road, Mitchell took a private jet.

“Those who are with you are from the special forces and other teams.”

Before Nian Yue could board the plane, she was stopped by a tall man in black.

The man was nearly two meters tall, and there were others behind him. Every one of them had a pistol.

On the other hand, Nian Yue had one hand in her pocket and her actions were relaxed as if she was on a vacation.

“An Oriental?”

That person sized her up a few times, the disdain in his eyes becoming more and more obvious.

Most of the people in the team were tall Westerners.

They were the only Easterners, and Nian Yue was the only girl in the group.

Because she had long hair, she did not seem to have such strong attacking power. When she retracted her sharpness, she looked like a girl-next-door.

It was obvious that the group of people had their eyes on her.

“Is there a problem?”

Nian Yue had one hand in her pocket and there was a hint of impatience in her eyes.

“I heard that the Easterners are petite and weak...”

“What can she do here? She’ll only drag us down!”

“How capable can a young lady be...”

...

The group of people laughed loudly. This group of people had nothing to do, so they naturally liked to pick on the weak.

Unfortunately, they met Nian Yue today.

The Nian Yue who used only three months to make a name for herself in the international special forces.

“Capability?” Nian Yue raised her eyebrows. “Won’t we know who’s more capable after a match?”

Almost as soon as she finished speaking, she had already reached the side of the man closest to her. She grabbed his arm and exerted strength!

There was a cracking sound!

The man who was clamoring just now screamed like a pig being slaughtered!

And this was only the beginning!

Nian Yue stretched her muscles and bones creaked. Her eyes were cold. "Attack together. It saves time and effort!"

She had never liked to waste her breath on things that could be resolved by violence.

Besides, it was the most effective method to beat someone into submission.

The few of them who were laughing at Nian Yue just now looked at one another and started fighting!

This time, Mitchell hired a lot of people.

There were almost all the best in every country.

This group of people represented different countries.

Nian Yue looked young and was an Asian. She was the first to be challenged.

After all, people liked to bully the weak.

However, three minutes later, the group of people who were provoking Nian Yue just now were all beaten to the ground!

“Today, the Easterner you look down on has beaten you until you can’t get up.”

Nian Yue squatted down slowly. There was still some coldness on her face. “Next time, remember to think before you boast.”

Her actions were cold and cool. The group of Westerners watching were already dumbfounded.

Were people from the East so powerful?

Chapter 245: Clash of the Bullets

When the group of people who were preparing to watch the show just now heard her words, they all gulped at the same time.

Their gaze on her became more curious.

She was quick and ruthless. If her appearance hadn't been that of a young lady, they would have suspected that Mitchell had invited the boss of the special forces.

The special forces had disappeared internationally for the past three months.

However, it only took three months for her to gain international status.

This time, they were also looking forward to meeting people from the special forces.

After all, no one had ever seen the real face of the special forces.

They only knew that the leader was extremely talented in commanding. No matter how difficult the task was, she could always complete it as soon as possible!

If they could meet someone from the special forces this time and rope him into their faction, the benefits they would gain in the future would be countless!

“Miss Nian...”

Mitchell felt a headache coming on.

If he had not been in contact with Yin Han, he would not have connected this girl to the leader of the special forces.

This was the first time he had been so aggrieved as an employer.

“Let’s go.”

Nian Yue gestured at Li Yi, and the others slowly followed.

To be honest, they were already used to people finding trouble with Nian Yue.

When Nian Yue had short hair, the students in school always subconsciously treated her as a beautiful youth. Seeing that she was popular with the girls, there were always boys who wanted to make their presence known to her.

When she had long hair, such situations would only happen more often.

To be honest, they were already used to it.

When a person was too outstanding, all sorts of people would pounce on them to make their presence known.

The group of people boarded the private jet. They were still 30 hours away from their destination.

Nian Yue leaned back in her seat and closed her eyes to take a nap.

While the group was on its way, Fu Sheng and the rest had already set off for Mordor.

Fu Qi was a little worried. "Will Miss Nian be going over today?"

"Yes." Fu Sheng nodded. "She's a person of her words."

Although Nian Yue looked sloppy, he knew her to be upright and kind.

This was his evaluation of Nian Yue.

"But Brother Fu..."

"What you have to do is trust her."

Fu Sheng's voice was firm. He had never trusted someone unconditionally like he did now.

Perhaps there was such a power in her that made people subconsciously submit to her.

...

The plane finally arrived at its destination after flying for four hours.

Mordor...

This was considered the most messy and extravagant place in Continent W.

Mitchell's transaction location was the palace, the largest gold mine in Continent W.

There was still half an hour before the real transaction time, and the palace was already under martial law.

Even the attendants were strictly screened.

The purpose was to reduce the risk of this transaction.

Nian Yue gestured to the group. They had already gone into hiding according to their original plan.

Nian Yue casually hid in a corner of the hall.

She had perfectly avoided all the surveillance cameras.

As a member of the special forces, besides having to meet the physical fitness standards, they also had to have one of the most basic skills.

She was like a top sniper who could find the best hiding spot anytime.

She was preparing for the final attack!

The situation in the hall instantly tensed up, and the other people hiding in the dark were also restless.

Nian Yue leaned against the wall and narrowed her eyes. When her eyes landed on the man who came in, there was a hint of probing in them.

The man at the door was dressed in black and had a half mask on his face. His eyes looked intelligent.

“F...”

Mitchell saw him and stood up first.

The two of them were old acquaintances and business partners for many years.

“Mr. Mitchell, there are more guards this year than there were last year...” F held out his hand and smirked.

His lips curled up slightly.

“After all, this year’s transaction is the largest in many years...” Mitchell smiled insincerely. A servant beside him handed over the contract.” Mr. F, you can take a look at the contract this time...”

Mitchell didn’t even look up. He took the lead and took out the same fountain pen and signed it.

“Looking forward to good collaboration, Mr. Mitchell!”

This was a process that was set every year. F was very willful in his actions. If he was in a good mood, he might negotiate.

If he was in a normal mood, he might not even take a look at the contract and just sign it.

After Mitchell figured out this rule, he had taken advantage of it.

However, reality told him that the price of using loopholes was huge.

He would never be able to bear it.

Therefore, in the later transactions, he never took advantage of any opportunities again. He would always take the price that the two of them agreed on.

“Likewise.”

They shook hands.

Nian Yue stared intently at the situation below the stage. She could already feel more and more people rushing in...

Their footsteps were messy and mixed with unity...

There were at least three groups with more than a thousand people.

And Mitchell had brought no more than twenty people.

Today, it was another battle where fewer people would win against more.

Nian Yue smirked and gestured to the person hiding in the dark!

At the same time, the sound of a bullet tore through the air!

And the ultimate goal of that bullet was precisely Mitchell!

Even though she knew that their cooperation today would not be peaceful, the moment she saw the bullet flying over, Mitchell still panicked!

Everyone hiding in the dark was stunned!

No one had expected the assassination to come so quickly!

And the bullet was so fast!

Even if these people used all their strength, they could not catch up to the speed of the bullets!

It was almost an instant. No, it couldn't be said to be an instant, because it couldn't even be considered an instant!

Another bullet had already pierced through the air!

The bullet was aimed at Mitchell!

At the same time, Mitchell was caught between two bullets!

And the targets of these two bullets were his head!

The head was the most vulnerable part of the human body!

This time, Mitchell would die!

This was what almost everyone present was thinking!

Seeing the bullet getting closer and closer, everyone held their breaths!

Mitchell widened his eyes in fear!

Such speed did not give him any time to react!

Bang! It was the sound of two bullets colliding!

The bullet that caught up later pushed the first bullet aside with great force when it was only two centimeters away from Mitchell!

The two bullets hit the nearest pillar!

The huge impact almost pierced through the pillar!

Everything happened in an instant!

The aloof girl had already flipped out of the shadows at the first opportunity. She grabbed Mitchell by the collar and threw him behind her.

“Watch him!”

Nian Yue ordered coldly. The silver pistol spun in her hand and she was ready to attack.

Chapter 246: The Appearance of Water Power

“Is she the leader of the special forces?”

The front door was kicked open from the outside. The alluring woman crossed her arms and scanned the hall. Soon, her eyes locked onto the girl in the middle of the hall.

“How big is she?” The woman sneered and looked at the center of the hall. Her pale green eyes were filled with interest when she looked at the girl.

“The king asked you to bring her back.”

The person at the side chimed in, the sniper rifle in his hand already aimed at the girl in the middle of the hall.

Their goal this time was very simple. Bring Nian Yue back!

At this moment, the hall was already in a mess!

The moment Nian Yue came down, Mitchell had already been taken away by others!

Only Nian Yue, the other members of the special forces, and F were left.

That man seemed to have expected everything.

He was wearing a mask and one could not see his true appearance, but the devilish aura that he exuded made one unable to help taking a few more glances.

Everyone seemed to have neglected his presence. No matter how messy the hall was, no bullets were shooting in his direction.

To be exact, no one dared to.

This group of people was afraid of him.

Nian Yue did not have any other thoughts on him. To her, he was just a stranger.

“Fire!”

Under Nian Yue’s orders, all the members of the special forces had already found their positions and officially started a new round of performance!

Yes, Nian Yue had defined it as a performance! And she was the commander of this performance!

This group of assassins probably never expected that while they treated Nian Yue as their prey, they were also her prey.

The scene was in chaos. Blood and slaughter followed.

In this chaotic gun battle, there was always a red dot that landed on her body.

Nian Yue’s reaction was too sharp. To be precise, she was too fast.

The sniper hiding in the dark could not aim accurately!

Nian Yue put away her gun and paused.

Her cold eyes were fixed on a dark corner!

When she met those light green eyes...

The corners of Nian Yue's lips curled up slightly as she aimed the gun at that woman!

There was a hail of bullets around her, but she stood in the middle of the hall with her back straight.

She did not look pathetic at all!

All she had was composure and overwhelming confidence!

The small silver pistol in her hand was like her most perfect weapon. It worked seamlessly with her.

"Sister Yue!"

Lin Nan's frightened voice came!

Nian Yue retracted her thoughts and realized that the ground had become sticky!

And these sticky things seemed to have a corrosive effect. The corpse lying on the ground was already beginning to melt!

As for the group of people who were originally fighting, they felt as if all their strength had been sucked dry when they came into contact with the sticky liquid on the ground!

All of them gave up resisting!

And what came into contact with the sticky liquid was already gradually corroding!

The corrosiveness of this liquid was comparable to sulfuric acid!

No, it should be said that it was more corrosive than sulfuric acid!

“Water-based supernatural power?”

A cold glint flashed across Nian Yue’s eyes!

The water power she had seen in the post-apocalyptic world of turning water into ice!

But in this world, there was actually someone who had developed this type of water-based superpower!

“Boss! What should we do?”

This was the first time Wang Yang had encountered such a situation. Because his body had come into contact with the liquid, his strength was gradually decreasing!

The boots under his feet were also gradually corroding...

In this group, the only person who was in a better situation was probably Li Yi!

His reaction was extremely fast. When the liquid appeared, he had already jumped to the second floor!

“The net is about to close...”

The woman hiding in the dark sighed with regret.

They had thought that the leader of the special forces was capable, but she was still defeated when she encountered a foreign ability!

She was really a little disappointed today!

There must be people from the special forces in this group.

Using someone from the special forces as fertilizer for the Water King was really exciting!

The moment she finished speaking, she suddenly felt the ground shake!

The originally flat ground gradually cracked open!

Under the crack, layer after layer of vines gradually grew and adhered to the ground!

A light blue glow was enveloping the outside of the vine. It was a lightning power!

“Dual wood and lightning...”

When the woman realized this, her face instantly turned ugly!

A wood-elemental power could make them suffer!

Not to mention, she had the support of her lightning power!

As expected, the sticky liquid on the ground had already turned into a pool of clean water!

“Retreat!”

With Nian Yue’s order, the few of them quickly retreated!

In an instant, there were only a few people left in the hall!

“All of them were killed?”

The hall was so clean that no corpses could be seen. If not for the scarlet blood on the ground, no one would have guessed that a massacre had just taken place here.

There were only four people from the special forces, right?

It only took four people to defeat them...

At the thought of this, the woman felt a chill down her spine.

“Let’s go!”

The woman left quickly!

The man who had been leaning on the railing and watching the show finally felt bored. A faint yellow flame had already appeared between his slender fingers.

“Bang!”

The moment everyone retreated, an explosion had already taken place on the first floor of the hotel!

At this moment, the hotel’s higher-ups finally arrived.

It was as if they were already used to the situation today.

Nian Yue brought her men back. In this operation, only Lin Nan was injured.

He was shot in the shoulder and his face was pale.

Wang Yang was applying medication on him, and there was a hint of coldness on Nian Yue's face. "Bear with it."

Lin Nan had been spoiled since he was young. Although he had learned a lot from her, it was still his first time participating in such an operation.

"Sister Yue, who are they?"

Lin Nan asked as he endured the pain.

He knew that Nian Yue had the ability to control objects, but what appeared today still exceeded his knowledge.

"It was the Water King..."

Li Yi said, "The Water King only appeared in recent years. It was even harder to deal with than mercenaries..."

Mercenaries were humans. As long as they were humans, they had weaknesses.

However, the Water King was different. Instead of saying that it was a chemical weapon, it was more accurate to say that it was a live weapon.

Nian Yue put on her earphones and sent Wang Zhizhi the situation today. “Has the database on Island H been cracked?”

“It’s been cracked.” Wang Zhizhi’s fingers tapped quickly on the computer. “Give me five minutes...”

Nian Yue had already given her the situation here just now and she was comparing it with various databases.

“This thing is called the Water King. Its main ingredient is water. There are corrosive chemicals in it...”

Wang Zhizhi pushed her glasses up the bridge of her nose and continued explaining, “Any living thing that it touches will immediately be paralyzed...”

Chapter 247: Water King

“This was originally extracted from an international laboratory and used on the spot. Because it violated ethics, it was banned internationally.”

Wang Zhizhi's voice came from the other end of the earpiece. "But what you guys saw today seems more like the Water King that has been enhanced by supernatural power..."

Without supernatural power, it could take the lives of many people in a short period of time.

With the enhancement of supernatural power, strength had increased by at least a hundred times!

Lin Nan and the others had encountered the Water King, but they were still able to escape unscathed. This was already an extraordinary feat!

"The Water King was originally developed by a famous biologist in China..." Wang Zhizhi was still typing on the keyboard." However, the biologist's information has not been updated for twenty years..."

To be able to develop a lethal chemical weapon like the Water King, this biologist had to be a top talent in the country.

It was interesting that there was no information for twenty years.

"Investigate this biologist," Nian Yue instructed.

This was despite the fact that this biologist didn't seem to have anything to do with her; she could have chosen not to bother.

However, she subconsciously felt that this piece of news would be useful one day.

"Sister Yue, what did Zhizhi say?"

Wang Yang was giving Lin Nan anesthesia, and he grimaced in pain.

"The Water King that is banned on the international battlefield..." Nian Yue's lips twitched. "It should be someone from the international alliance..."

The International Alliance is an international group of countries with a mandate for sanctions.

However, due to its development, Country Z had just joined the international alliance in the last few years.

Its status in the international alliance is not high.

"The International Alliance..."

Li Yi frowned. "But I think their target is Boss..."

When they were fighting in the hall, he could clearly see that the sniper had aimed at Nian Yue multiple times.

If not for Nian Yue's speed being fast enough, she would have already been killed by the gun!

"Yes." Nian Yue nodded and took the tweezers from Wang Yang's hand. "Give it to me."

Wang Yang was a man after all. It was inevitable that he would be rough when bandaging.

"You should learn from Sister Yue..." Lin Nan rolled his eyes at Wang Yang. Before he could complain, he felt a pain in his shoulder, so painful that he almost jumped up. "Ah! Sister Yue, you're murdering me for my riches!"

Nian Yue was fast and ruthless. The pain made his vision go dark and he almost fainted!

"You're not as rich as I am."

Nian Yue said in all seriousness and slowly applied the medication on him. In less than a minute, she had already applied the medication and bandaged his wound.

“I have no need to scheme for your wealth...”

Her shares in the Lin Group and the money she had invested in the stock market were worth at least a hundred million dollars.

Although she was right, Lin Nan felt that something was amiss.

“Since the deal between Mitchell and F has been completed, we can return,” Li Yi said.

This mission was not difficult for them.

He was worried about the people from the International Alliance.

They had come with ill intentions this time. Their main target was still Nian Yue.

“Yeah.”

Nian Yue nodded. “I’ll return tomorrow.”

Since Mitchell's deal was completed, there was no need for her to continue staying in Continent W.

A message came from Fu Sheng.

"Miss Nian, Brother Fu is back. I'm sorry to have worried you."

The other message was from Fu Xiuyuan.

"I've returned. Don't miss me."

As Nian Yue looked at the screen of her phone, the man who had made the deal with Mitchell suddenly appeared in her mind.

However, this thought only appeared in her mind for an instant.

She was a very focused person.

She wouldn't care too much about things that had nothing to do with her goal.

...

When Mitchell received Yin Han's call, he was still a little regretful. "What a pity. I still want to keep them for a while longer..."

Although he had heard of the reputation of the special forces, he was still shocked when he saw their strong combat power in person.

He was lucky to see the first half of the battle yesterday.

At that moment, he really appreciated the ability of the special forces.

Although there were only four of them, each of them was a natural commander!

Everyone was a perfect sniper!

Each was a perfect killing weapon!

He knew that every single elite soldier under Mo Yi would be able to fight one against a hundred!

After witnessing the strength of the special forces yesterday, he believed that the special forces would be on par with them one day!

It could even surpass them!

“We’ll have a chance to work together again in the future.” Yin Han laughed loudly, his face full of pride.

He knew that as long as he assigned Nian Yue a task, she would be able to ace it in the shortest time possible.

Mitchell was very efficient. He had already prepared a private jet the next day.

Before she left, Mitchell sent her to the airport himself.

“I hope our cooperation goes well next time.”

“I hope so.” Nian Yue’s lips twitched as she shook his hand. It was the perfect end to this collaboration.

They had disappeared from the Imperial University for nearly half a month.

Because of her status as the number one freshman, Nian Yue’s whereabouts had always been on the mind of the entire Imperial University.

Usually, she would appear in the eyes of these students, but this was the first time she had disappeared for half a month.

As a result, when she went to class on the first day of her return, the students of the other grades knew that she was here. Someone took a photo of Nian Yue's class and posted it on the forum.

The forum posts exploded!

Of course, as the person involved, Nian Yue did not know about this.

The aloof girl was sitting in the last row, her jade-like face as cold as ever as she typed on the keyboard of her phone.

On her phone was a piece of information that Wang Zhizhi had sent her. It was regarding the Water King and the international alliance.

Most of it was information about the International Alliance. There was very little about the Water King.

Even the biologist who invented the Water King was anonymous.

Nian Yue frowned and rubbed her brows with her slender and fair fingers.

When school was finally over, Nian Yue left the campus with one hand in her pocket.

Wang Zhizhi had already called her. “Yue Yue, there’s a gathering for the freshmen today. The people attending the gathering are all schoolmates from Jiang City No.1 Middle School. Are you going?”

She saw this message in the group chat today.

Jiang City No.1 Middle School had a lot of education resources. Many students from their cohort had managed to get into the Imperial University.

However, she knew that Nian Yue probably did not even read the group messages, so she specially reminded Nian Yue.

“You just came back and everyone wants to see you...” Wang Zhizhi whined.

Nian Yue had a good relationship with everyone in Class A of No.1 Middle School. Be it boys or girls, they all had a good impression of her.

Chapter 248: You Will be Struck by Lightning!

“Yes.” Nian Yue nodded. She casually took the keys and unlocked the black Maybach parked at the entrance.

There were eight “eights” on the license plate of this car.

She had a lazy personality and could not be bothered to buy a ready-made car. Hence, she used Fu Xiuyuan’s.

Wang Zhizhi sent her the location of the gathering. Nian Yue raised her eyebrows and went to the Imperial Palace Hotel.

The location of the Imperial Palace Hotel was excellent and was located in the business center of the Imperial Capital.

Those who could come here were either rich or noble.

The entrance of the palace was already filled with all kinds of luxury cars. Some cars could not even be seen with their plates.

However, when they saw the license plates, some people still backed away.

In a place like the Imperial Capital, where every inch of land was gold, there were people everywhere that they could not afford to offend.

The black Maybach stopped by the side of the road and Nian Yue got out of the car.

She was wearing a casual outfit, a white shirt and black pants. Even though she was just standing there, the aura she exuded still made people unable to help but look at her.

Nian Yue found the location according to the room Wang Zhizhi had given her. Before she entered, she heard the discussions inside.

“I heard that Nian Yue will be coming this time? Didn’t she just get into the Imperial University? Why is she so arrogant? She doesn’t even know how to talk...”

“Does she really think she’s invincible just because she’s the top student of Jiang City’s college entrance examination? Imperial University is a place with many hidden talents. Which one of the students here isn’t outstanding?”

“She’s just a country bumpkin who hasn’t seen the world...”

...

Their voices were neither loud nor soft and could be heard clearly by the door.

As if they thought Nian Yue would not come, the group of people's conversation became more and more unrestrained.

As it was a gathering of students from Jiang City No.1 Middle School, other than the students from Class A, it was inevitable that other students would come.

The door was pushed open and the aloof girl had one hand in her pocket, still playing with the small phone.

Her eyes were as cold as ever, but there was inevitably a hint of evil in them.

They had been discussing fervently just now.

"This face might be the reason behind the summer break program 'The Commander'!"

"That's right! There are so many beauties in the entertainment industry they could have hired, but why did they have to use someone who has never learned to perform..."

"They're all praising her skills. Who knows if she's better in bed?... Ah!!"

Before that person could finish speaking, she felt a chill on her head!

The aloof girl, who had just opened her bottle of beer, poured it on her head!

Her movements were a little sloppy, and there was even a hint of indifference on her face. "Has anyone ever taught you that gossiping behind other people's backs can cause you to be struck by lightning?"

When the girl heard her voice, her back froze!

The other girls who had been discussing fervently earlier all sat up straight when they saw her!

There was obvious fear on these girls' faces.

Nian Yue had a bad temper. If she was unhappy, she could even beat someone up.

After all, she could even beat up the person she had once pursued in No.1 Middle School.

Seeing that they were completely obedient, Nian Yue wiped her fingers slowly and found a seat to sit down.

Then, she took out her phone, put on her earphones, and started a game.

She had just opened the game interface when Yin Han called.

Her slender fingers did not even pause as she hung up the call.

Yin Han called Nian Yue happily, but before he could speak, he was ruthlessly hung up on.

Nian Yue was probably the only person in Yin Han's career who could ignore the leader's call.

Yin Han waited for another ten minutes before calling Nian Yue again.

This time, the call was quickly answered and she said, "Hello."

"Nian Yue, come to my office now."

He had not seen Nian Yue since she returned from Continent W for a day.

"I'm not free now."

“Where are you now?”

“The palace.” Nian Yue’s voice was a little lazy.

Yin Han’s lips twitched. “Then come over tomorrow...”

After completing this mission, he had to write a summary report to his superiors.

“Okay.” Nian Yue nodded and hung up.

Yin Han shook his head helplessly.

Nian Yue’s personality was really lovable and hateful.

There was a knock at the door and Yang Kai entered.

“General Yin, I heard that the International Alliance has interfered in this special battle mission.” Yang Kai walked in and gave a fake smile.

“What are you trying to say?” Yin Han frowned. He did not welcome Yang Kai’s arrival.

“Country Z has spent so much effort to squeeze into the international alliance. I believe the president doesn’t want everyone’s efforts to go down the drain because of a few people.”

Yang Kai sneered and reminded him coldly.

The International Alliance was an organization that all countries wanted to enter. As long as one entered the International Alliance, the status of the corresponding countries would also improve.

And this time, when the special forces fought with the International Alliance, if the other party were to make a big deal of it, all the higher-ups in the country would not have a good time.

Furthermore, when the president blamed them, no one could bear the responsibility.

“General Yang, you don’t have to worry about that.” Yin Han’s face darkened. “If you have time to focus on the special forces, why don’t you think about how to lead your troops...”

“General Yin, do your best.”

Yang Kai’s expression turned ugly from his retort and he left without looking back.

Yin Han sat in the office, his eyes deep.

Only the president and he knew about the mission in Continent W. How did Yang Kai know?

Furthermore, the identity of the special forces had always been a secret.

Whether it was domestically or overseas, no one knew who the special forces were, be it age, career, or gender!

This was also to protect their lives and their families.

Yin Han frowned. It looked like some secret organizations in the country had not done enough!

...

Nian Yue hung up the phone and slowly looked up.

A shadow loomed in front of her. When Wang Zhizhi saw her, her face was filled with excitement. "Yue Yue, you're here so early!"

She had yet to see her when she returned from her trip to Continent W.

“Fortunately, you’re the one who’s late.” Nian Yue’s lips twitched.

She had arrived at the appointed time at 7 pm.

She had called Yin Han after a game before Wang Zhizhi arrived.

“I was delayed by something on the way.” Wang Zhizhi smiled sheepishly and sat next to her.

“Is Lin Nan not coming today? I called him and he said he wants to do his homework.”

“Yes, and I do need to replenish my energy.” Nian Yue nodded. However, this replenishment was for her body.

Lin Nan had been shot in the shoulder and would not recover without half a month.

Chapter 249: Not as Simple as She Appears

There was a commotion at the entrance and students whispered, “So Qu Yi is really from the Qu family...”

Qu Yi had made a trip to Jiang City No.1 Middle School's arts festival.

At that time, there were still people guessing Qu Yi and Qu Jing's relationship. Now that they saw the two of them appearing at the same time, it was inevitable that they would gossip.

Qu Yi pushed open the door and walked in. Almost immediately, he saw the girl sitting coldly in the corner.

They hadn't seen each other for half a year. Her hair had grown to her shoulders, and although she hadn't tied it up, she couldn't hide the coldness she exuded.

A shadow loomed over her. Nian Yue looked up and saw who it was, but her eyes did not waver.

"Nian Yue, long time no see. Hope you are well."

Qu Yi came over and greeted her. Nian Yue's lips twitched. "You too."

She wasn't too familiar with Qu Yi. At most, when they were filming 'The Commander', the two of them had stayed in their own production team.

Not to mention, she had all her scenes together. When she was shooting, Qu Yi did not have much time on the set.

At most, they would just make up a few scenes.

The two of them greeted one another briefly. Qu Yi had already gone to the door to talk to Qu Jing.

“Brother, do you know her?”

Qu Jing took a sip of water and one could not tell if he was happy or angry from his voice.

“A very good seedling.” Qu Yi felt a little regretful. He had thought that Nian Yue would become famous in the entertainment circle after filming ‘The Commander’, but she had gone missing in the past half a year.

There was also no news about her on the internet.

“In this day and age, there’s no lack of talent.” Qu Jing sneered.

Towards Nian Yue, he could not say that he liked her. He even felt a little disgusted.

The reason was probably because Nian Yue was more popular than him and was admired and liked by the people around her.

“But she...”

Qu Yi rubbed her temples as if he hadn't thought of a suitable adjective. “has better talent.”

Not everyone could catch Shen Jinran's eye on their first shoot.

This meal was a little boring and Nian Yue almost did not touch her chopsticks.

She did not like crowds. When the meal ended and someone suggested going to a karaoke, Nian Yue went straight back to school.

The group of people parted at the entrance. Nian Yue casually took her car keys and drove away.

Qu Jing unintentionally caught a glimpse of the black Maybach and shock flashed across his eyes. “The military car plate?”

He knew better than anyone how strict the Imperial Capital Military District was.

No matter how rich Nian Yue was, it was impossible for her to get the military car plate.

Or was she from the military?

“That car seems to be from the Fu family,” Qu Yi said. “The Fu family and the Imperial Capital Military District. Your high school classmate is not as simple as she appears.”

This was the first time he felt that a person was unfathomable.

This was the person he had once looked down on.

“Brother!”

Qu Fu got down from the sports car and walked over in two or three steps. “Have you gone to the Fu family?”

“What’s the matter?”

“Xiuyuan has left Continent W and hasn’t returned today.” Qu Fu’s expression was not good. “I’m afraid something will happen to him.”

Although Fu Xiuyuan was often elusive, she could usually get a rough idea from Jiang Jincheng.

However, it was the first time she had been unable to find out anything for half a month.

“What did the Fu family say?” Qu Yi raised his eyebrows. His eyes were deep and unfathomable.

“I didn’t ask...”

Qu Fu did not look too good.

Her relationship with Jiang Jincheng was not bad, but her relationship with Fu Xiuyuan was really average.

That man was too cold.

“You can make a trip to the Imperial University tomorrow.” Qu Yi raised her eyebrows. “Someone will know.”

...

Yin Han's Office –

As it was night time, there were not many people in the office.

Nian Yue knocked on the door and walked in after hearing the noise.

Yin Han pointed to a seat for her. "Sit."

Nian Yue casually hooked a chair over and sat opposite Yin Han.

"Mitchell is pleased with this mission."

Yin Han coughed dryly and quickly got to the point.

He was clearly the leader, but when he talked to Nian Yue, he would always subconsciously feel that she was the big boss and he was the subordinate reporting work.

"Don't forget to transfer the money to my card." Nian Yue fixed her collar, her eyes looking a little casual.

“Of course.” Yin Han coughed dryly and his expression became more serious. “Did you guys encounter any special situations this time?”

“Water King.” Nian Yue looked up.

“What did you say?”

The sound of a fountain pen falling to the ground was heard.

Yin Han was shocked. He just felt that their mission wouldn't be too smooth.

They never expected to meet the Water King!

“Are you very shocked?” Nian Yue crossed her arms and looked more serious.

“Water King...”

Yin Han muttered, “This is prohibited...”

Something that went against ethics shouldn't have appeared.

It had been restricted for so many years...

“The one that surfaced this time was indeed the Water King. With the support of water-type supernatural power, its power is even greater than before,” Nian Yue said calmly. “Other than that, we also discovered something...”

“What?” Yin Han finally calmed himself down.

“The person who used the Water King is from the International Alliance.”

People from the International Alliance usually did not take action unless there was a major situation.

Mitchell and F’s deal did not meet the standards of making the International Alliance take action.

“I will report this to the president.”

Yin Han’s voice became more serious. “The special forces will not accept any missions for the time being. I suspect that your real identities have been leaked.”

The special forces were specially groomed by the country. Their identities would one day be made public.

But not now.

“General Yin’s confidentiality...”

Nian Yue stood up. She still looked a little wanton, but her aura became colder.

“I’m afraid Mr. President doesn’t know about this.”

This light sentence sent a chill down Yin Han’s spine.

During this period of time, Nian Yue had restrained her sharpness.

It gave him the illusion.

For a moment, he thought that the person in front of him was just an ordinary person.

But how could he have forgotten that she was Nian Yue?

The Nian Yue who dared to point a gun at Yang Kai without blinking!

She did not have any faith in this land. She only cared about the lives and safety of everyone in the special forces.

“I’ll give you a satisfactory answer within half a month.” Yin Han’s expression became more serious.

He had indeed neglected this matter.

At that time, he was the one who begged Nian Yue to accept the role in the special forces. She had fulfilled her promise and he should do the same.

The aloof girl had one hand in her pocket and the coldness in her eyes remained.

Hearing his promise, she did not even frown.

Then, she left.

The office returned to silence.

Yin Han heaved a sigh of relief. At that moment, he was actually afraid of Nian Yue.

He couldn't guarantee what she would do in the next second.

Chapter 250: I believe Teacher Su Will Not Disappoint Me

At the experimental base, Wang Zhizhi was calculating the ratio of explosives. The aloof girl was taking a book and flipping through a few pages with nothing to do.

Nian Yue was a little bored, even though her face was as cold as ever.

However, her tightly furrowed brows showed her impatience.

She was holding a book about the ratio of explosives. Nian Yue read a few pages and found it boring.

"We will consider letting Qu Fu pass for this competition..." The instructor's voice came from the door.

The door was pushed open from the outside. The person who came in with Old Man Xu was a pharmaceutical class teacher.

This time, there were no pharmaceutical classes open in the few classes in the new department.

However, due to the previous mid-term examination, some students did not pass the examination.

This time, the school decided to transfer these students to the pharmaceutical class.

The pharmaceutical class was not happy. They discussed it with the school and added the basic pharmaceutical class to the new course.

There was a potion competition in two months.

When Old Master Xu saw Nian Yue, his eyes lit up. "Nian Yue, have you thought it through this time?"

Even now, he had not given up on the idea of pulling Nian Yue to Class B.

"Not at the moment." Nian Yue raised her eyes and stood up.

Old Man Xu was not angry. He knew that she had a good relationship with Wang Zhizhi and would occasionally come to Class B.

As long as Nian Yue came to class, he would definitely approach her with questions. She had won his heart.

As a result, all the students in Class B knew that Old Master Xu was stubbornly trying to pull Nian Yue down from Class B.

Old Man Xu introduced her to the teacher next to him. "Teacher Su, this is Nian Yue from Class A. She's very talented in matching explosives."

When Teacher Su heard that, she raised her eyes and her face was filled with disdain.

She had heard of the reputation of being the number one freshman.

However, she was teaching the pharmaceutical class. She did not think highly of students who could only fight and not use their brains.

"Yes." Teacher Su nodded coldly, looking disinterested.

Her phone rang and when she saw who it was, the expression on Teacher Su's face immediately changed. "Qu Fu, wait for me downstairs..."

Teacher Su had already left the house.

Nian Yue's expression did not change and she looked a little casual.

"This is your pharmaceutical teacher. She will probably teach you the ratio of potions later on..." Old Man Xu explained to Nian Yue, "I guess I was too happy when I received a call from my beloved disciple."

"Are there many divine physicians in the Imperial Capital?" Nian Yue raised her eyebrows.

"As far as I know, there's only the Su family." Old Man Xu frowned. "Your Teacher Su is a member of the Su family. The school spent a lot of effort to invite her over for your potion class this time..."

The Su family was arrogant and could do whatever they wanted in the Imperial Capital.

Teacher Su herself was arrogant and had the right to be. Her medical skills were beyond comparison.

Who wouldn't be afflicted by illness? No matter how foolish people were, they would not offend the Su family.

"You have to study hard!" Old Man Xu patted Nian Yue's shoulder worriedly.

With her ability as the number one freshman, she would definitely be sent elsewhere in the future.

It would be inevitable for her to get injured. It was even more beneficial for her to take the medical course.

“Yes.” Nian Yue nodded with a hint of indifference on her face.

It was within her expectations that the school would open a basic medical course.

After all, as a soldier, one needed to have the most basic ability to protect and save himself.

However, were the pharmacists of the Su Family in the Imperial Capital really as amazing as they were said to be?

Nian Yue raised her hand slightly and there was already a faint green glow between her fair fingers.

She didn't sense any wood-elemental power in the capital.

And Teacher Su did not have any.

That divine doctor and pharmacist in the capital were even more interesting.

“Yue Yue...”

Wang Zhizhi walked over after setting the explosives and asked curiously, “Was that a pharmaceutical class teacher just now?”

She had heard that Class A was going to have an appropriate pharmaceutical class for the next two months.

However, the pharmaceutical class was only a trial phase.

“Yes.” Nian Yue had one hand in her pocket and there was a hint of evil in her eyes. “I hear there will be a potion competition in the capital?”

“I think so.”

Wang Zhizhi thought for a moment and said, “But most of the rankings have been taken over by the Su Family. I think there’s also someone called Qu Fu.”

Over the past few days, she had occasionally heard conversations between classmates and accidentally heard about the pharmaceutical class.

“Qu Fu?”

“Yes.” The two of them left the class. Wang Zhizhi explained, “She’s from the Qu family. She seems to be Teacher Su’s student and is very talented in pharmaceuticals.”

“There was also someone called Manxi who was equally talented.” Wang Zhizhi rubbed her chin. “Manxi also graduated from the Imperial University’s Pharmaceutical Class, but she hasn’t appeared much in the past few years.”

She found these things by flipping through documents when she had nothing to do.

“But if that Teacher Su knew your identity just now, she would probably be so shocked that her jaw would fall off, right?”

Others might not know, but she knew very well.

Other than her control skills, Nian Yue’s medical skills were also superb.

In her opinion, no matter how capable Manxi and Qu Fu were, they would not be able to treat uremia like Nian Yue.

Nian Yue's eyes were as cold as ever. The two of them stopped when they reached the corner.

From their seats, they could see the two people talking downstairs.

...

Qu Fu got out of the sports car. She was still wearing a pair of sunglasses and looked a little aloof.

When Teacher Su saw her, she was all smiles.

"Qu Fu, why didn't you inform your teacher before coming here?"

Qu Fu was the most talented student she had seen in the field of medicine in the past few years.

That was why she took her in as her last disciple.

However, as Qu Fu had other things to do, she had never been too concerned about the matter of potions.

However, this was the first time she had come to Imperial University personally.

“I suddenly thought of coming over.”

Qu Fu’s lips twitched, but there was not much warmth on her face.

“Does Teacher Su know about Xiuyuan?”

Qu Fu returned to the topic and asked.

The smile on Teacher Su’s face froze. “Why did you suddenly ask about him?”

Qu Fu did not answer her question directly and instead continued, “Does Sister Manxi have Xiuyuan’s physical statistics?”

She and Manxi were both teachers. She knew everything Manxi did after she graduated.

“Logically speaking, she should have.” Teacher Su nodded. “But I can’t get hold of it.”

To be more precise, besides Manxi, no one else had the qualifications to look at the data indicator.

It was the physical data of the man standing at the top of the pyramid.

They did not even have the right to look.

“I want to take a look at his physical statistics.” Qu Fu smirked. “I believe Teacher Su will not disappoint me.”
