

The National Goddess Reborn 251-260

Chapter 251: Break her Arm!

Teacher Su's face turned ugly for a moment, but she quickly reacted.

Qu Fu looked at her and nodded, her face as arrogant as ever.

"Then I'll wait for Teacher Su's good news." Qu Fu smirked and left in her high heels.

Teacher Su watched her leave with an ugly expression.

...

"Yue Yue..."

Wang Zhizhi took a few glances with Nian Yue, her eyes filled with doubt.

She was a normal person and could not hear the contents of the conversation.

"Let's go." Nian Yue had one hand in her pocket and there was a hint of indifference in her eyes.

There was a message on her phone. It was Fu Xiuyuan's physical data report that Manxi had sent her.

"You and Xiuyuan might have been targeted."

This was a message from Manxi.

Nian Yue had one hand in her pocket and there was a hint of coldness on her cold face. She was replying with her other hand.

"I'm going over."

Nian Yue had already taken her car keys and went straight to Manxi's place.

...

At the same time

In a dark basement

“Are they all at Imperial University?”

Li Zhizi held her chin and said with a teasing voice.

She still had those white scalpels in her hand and a corpse beside her.

Because his internal organs had been dug out, he was already dead.

“You have to know that she’s from Imperial University.”

The man next to her said in a hoarse voice, “The higher-ups were already angry when we let her leave Continent W unscathed. If we don’t bring her back soon, we won’t be able to escape the torture.”

They were from the International Alliance.

The international alliance has its own rules of operation.

Their primary goal this time was to bring Nian Yue back.

But in the battle a few days ago, they watched helplessly as she used her wood and lightning powers to lead a group of people to quickly retreat from their hands.

Two days later, they had already arrived in Country Z.

Li Zhizi was an important member of the international alliance.

The other party sent her out hoping that she could complete the mission in one go.

However, not only did she not complete the mission at the specified time, she had even released her.

Their losses were heavy.

“Of course I have to bring it.”

Li Zhizi slowly stood up from the ground. With a slight move of her hand, the white scalpel had already been stabbed into the wall!

“Country Z has a saying about catching easy prey.

Li Zhizi's lips curled up slightly, her face full of determination. "The game has just begun."

...

Nian Yue stopped the car and arrived at Manxi's research lab.

The aloof girl still walked slowly to the door and pushed it open.

Manxi was sitting at her desk, organizing documents.

Nian Yue walked over. "Why did you send me another set of information all of a sudden?"

She could almost memorize Fu Xiuyuan's physical statistics.

Manxi had no reason to send her another copy.

Hearing her words, Manxi turned around. Her face still had her usual gentle smile. "Nian Yue..."

Her black eyes were a little deep.

It was as deep as a whirlpool, as if one could sink into it in the next second.

“What’s your relationship with the Li Family?”

Manxi stood up slowly with a smile on her face, but it didn’t look real.

To be more precise, her eyes were a little unfocused.

She was being controlled!

The door was pushed open and Li Zhizi entered.

Behind her was the man.

The sound of footsteps came from the ground. Li Zhizi walked over in two or three steps and sat next to Manxi.

“Are you the leader of the special forces?”

Li Zhizhi's thin lips parted, but her voice was exactly the same as Manxi's!

Even more terrifying was her gentle and distant voice.

"International Union, Killer Li?"

Nian Yue opened her thin lips and her eyes were as cold as ever.

"Yes..."

Li Zhizi muttered.

Almost as soon as she nodded, she reacted!

"You weren't hypnotized?!"

Li Zhizi's face was ashen and she had a gun in her hand!

It was directed at Nian Yue!

"I never said that I was hypnotized." Nian Yue slowly stood up straight, but her hands were already moving quickly!

She grabbed Li Zhizi!

Li Zhizi turned around and walked past the desk!

Then, the two of them quickly tangled up!

This was the first time they had fought. She wanted to see how capable the legendary leader of the special forces was!

The two of them were extremely fast, so fast that only an afterimage could be seen from an outsider's point of view!

The speed at which the two of them exchanged blows made one think that they were moving at double the speed!

The man who had been hiding in the dark had already loaded the bullet!

Then, he aimed at Nian Yue!

In Continent W, they did not capture Nian Yue alive and missed such a good opportunity!

This time, he would not let it go!

At the same time, a group of people had already arrived outside the laboratory base!

There were orderly footsteps mixed in the mess!

It was someone from a certain organization!

Nian Yue's eyes were cold and her attacks became even more ruthless!

She rarely encountered enemies that she had to deal with with all her might. Mo Yi was one.

Now, Li Zhizi was not weak either!

More importantly, she had reinforcements!

And Nian Yue only had herself!

Nian Yue did not plan to drag this on any longer and prepared to end the battle quickly!

The door was kicked open from the outside again!

A man in black had already broken in!

All the men in black had already split into two groups!

One of the groups was hiding in the dark with the man, his black gun aimed at her!

They were waiting for a suitable opportunity!

It was an opportunity for Nian Yue to lower her guard!

By then, all the bullets would be able to go through her into a sieve!

The other faction had already joined the battle!

With reinforcements, it was obvious that Li Zhizhi did not have such a difficult time dealing with Nian Yue!

After a few moves, she had vaguely gained the upper hand!

Nian Yue was careless for a moment and Li Zhizhi took the opportunity to punch her chest!

Nian Yue took a few steps back before she stopped!

At the same time, the man hiding in the dark had finally found the right opportunity!

“Bang!” A gunshot was aimed at Nian Yue’s chest!

The sound of bullets piercing into flesh was too ear-piercing!

Nian Yue felt as if her internal organs were squeezed together and she was about to explode!

Blood started flowing out. Nian Yue held her chest with one hand and her eyes turned vicious!

She raised her other hand and a faint blue current appeared on the ground!

“Break her hand!”

Li Zhizi was frightened!

Nian Yue’s hand was the trigger for her supernatural power!

They had finally gained the upper hand. They could not let her use her supernatural power!

A man in black reacted quickly and grabbed her wrist!

Crack!

It was the sound of bones breaking!

Nian Yue’s face turned pale as she grunted!

The pain in her chest made her dizzy!

The figures in front of her gradually overlapped. Nian Yue endured the pain and steadied herself.

Chapter 252: You Won't Have an Easy Life if I Die

“You have quite the backbone!”

Li Zhizi sneered and aimed the black gun at Nian Yue again!

“It's a pity that your backbone is useless with me!”

The sound of a bullet being loaded rang out!

Nian Yue's vision turned dark, but she forced herself to stay awake and not faint!

“You won't have an easytime if I die.”

Her face was as cold as ever.

However, her eyes were terrifyingly bright!

No matter where she was, she seemed to always have a layer of light around her!

It was a ray of hope for the future!

Li Zhizi's hand that was holding the gun paused. She turned her head and aimed the bullet at the wall beside her!

This shot was too powerful!

The house above them was still shaking!

"Bring her out!"

Li Zhizi retracted her gun, her expression a little ugly.

"Why didn't you fire that shot just now!"

The man followed behind her, his expression ugly!

Li Zhizi's shot just now was not aimed at her vitals!

If it really hit Nian Yue, she would not lose her life!

“There’s no need to.”

Li Zhizi did not even turn around. “It’s enough to teach her a lesson!”

Furthermore, she had already shot Nian Yue twice!

And broke her wrist!

No matter how capable she was, she could not escape from her hands!

“What will happen to her?”

Someone asked about Manxi.

If it were anywhere else, they would never leave such a useless passerby alive.

But it was different now. This was the Imperial Capital.

“Throw her away!”

Li Zhizi instructed without turning around.

However, the helicopter had not arrived yet!

Suddenly, the sound of brakes could be heard at the entrance!

Soon, the black military vehicle stopped steadily at the entrance!

It had completely surrounded the experimental base!

In an instant, all the men in black had already assumed a fighting posture!

The door of the car parked at the entrance was opened!

A man in black alighted from the car!

The jade-like figure attracted everyone's attention just by standing there!

But when that figure saw the person covered in blood...

His aura suddenly turned cold!

His deep-set eyes were filled with blood!

"Kill without mercy."

The man opened his thin lips and spat out those words coldly!

The group of people following behind him had already rushed over!

The man in black had unfathomable eyes.

But at this moment, he was like a devil that ruled over everything in this world!

Under his feet, the places he passed turned into an ocean of blue flames!

The blue flames were getting bigger and bigger!

Trailing behind him, they instantly scattered in all directions!

Li Zhizi and the other man leading the group could not shake off the new arrival!

Fu Xiuyuan walked up to Nian Yue and stopped.

Nian Yue's face was extremely pale, but her eyes were terrifyingly clean!

Her heart had always been clean.

Her eyes were as bright as ever!

However, because she had lost too much blood, her eyes were a little unfocused.

"You're here?"

Nian Yue smirked. Her voice was extremely faint, so faint that one could only guess what she had said with her lips.

In the next second, she was already being carried up by Fu Xiuyuan!

When she smelled the familiar smell, Nian Yue's vision darkened and she fell into a deep sleep!

The aloof man had already reached the car in the blink of an eye!

In just a moment, he had already walked dozens of meters!

Wherever he went!

Not a blade of grass grew!

Faintly, the flames in those places were still increasing!

The fire burned for the entire night!

Even if the fire department came to put out the fire, it could not be doused!

– Outside the emergency room at the Imperial Capital Hospital –

The light in the operating theater had been on for two hours, but it showed no signs of being extinguished!

The color of the man's black clothes was deeper, and one could vaguely smell the strong smell of blood on him.

And this smell overwhelmed the scent of the hospital's disinfectant.

Jiang Jincheng frowned so hard that he could catch a fly with the creases on his forehead. "Who has the guts to even hurt Nian Yue!"

Nian Yue had an aloof personality and could not be bothered to vie for things.

"The International Alliance."

The man in black spat out those words coldly.

However, one could clearly feel his aura turn cold when he said those words!

It wasn't the coldness of a bad temper...

It was the kind of vengeance that wanted to destroy everything!

"Do these people want to die?!"

Jiang Jincheng's expression was extremely ugly!

The International Alliance had never interfered with the matters of the country!

Other than the fact that the country had entered the international alliance later, there was another important point!

Those people were afraid.

They were afraid of Fu Xiuyuan.

It was because he was a complete lunatic in the international alliance!

A lunatic with the ability to command geniuses!

But today, this group of people had specially come to find trouble!

The light outside the emergency room finally went on.

A doctor rushed out. "The patient has fallen into a severe coma because of excessive blood loss."

"There's not enough blood in the blood bank..."

Most importantly, Nian Yue's blood type was special. They could not find a suitable one at the moment.

"Use mine."

A cold man walked over slowly.

"Okay, come over and test your blood type with me."

"Doctor! Where's my student..."

Teacher Su looked anxious. She had arrived late!

Behind her was Qu Fu!

The two of them arrived at the hospital as soon as they found out that Manxi was injured. They didn't even take a sip of water.

Because the attending doctor had brought Fu Xiuyuan to have a blood test, Jiang Jincheng was the only one in the corridor.

The people at the Imperial University did not know about Nian Yue's injury.

Given how much the Imperial Capital treasured her, if they knew that she was injured, Yin Han would probably be the first to attack the International Alliance!

"In there."

Jiang Jincheng didn't even look up when he heard the sound.

“Where’s the doctor? Why didn’t the doctor go and save her the moment the accident happened?”
Teacher Su’s face was ashen.

She rushed to the scene as soon as she knew that something had happened!

She originally didn’t want to care about Manxi’s matter, but when she thought about getting Fu Xiuyuan’s physical indicators from her in the future, she had no choice but to come over!

When Jiang Jincheng heard that, he did not even have the desire to pay attention to her!

“Jincheng...”

Qu Fu walked over with an ugly expression. “Is Xiuyuan here too?”

On the way here, she had heard that the people who came for the operation this time were all the best orthopedists in the capital!

Other than Fu Xiuyuan, she could not think of anyone else who had such wealth and power to mobilize so many core physicians!

Chapter 253: Brain Dead (1)

“Manxi isn’t here.”

Jiang Jincheng couldn't even be bothered to look up. Like Fu Xiuyuan, he was very protective of his loved ones.

Nian Yue had suffered such a serious injury under his watch, and he was thinking about how he could help her get well again.

As for Qu Fu and Teacher Su, they were not within his concern!

"Who is inside?" Qu Fu's expression was a little ugly. In the end, she suppressed his anger and asked.

All these years, her relationship with Jiang Jincheng was not bad.

There was no need to end their friendship for an irrelevant person.

"Nian Yue." Jiang Jincheng smiled casually.

"It's her again!"

Teacher Su could not hold it in any longer. Her expression was ugly. "She's just a wild girl from the countryside! How can she compare to Manxi?"

Manxi was not only the last disciple of the Su family, she was also the private doctor of the Fu family!

Her status was countless times higher than these commoners!

These doctors were blind!

They actually went to save that wild girl first and left Manxi behind!

“If Teacher Su is worried, you can do it yourself.” Jiang Jincheng sneered.

“I repeat, Nian Yue is not a wild girl. Next time, if I hear you say this again...”

Jiang Jincheng retracted the playful and disrespectful smile on his face, and his expression became a little more serious. “The Jiang and Fu families would not be too happy!”

It was still a light sentence, but the threat in it was obvious!

Teacher Su’s expression was extremely ugly, but she could not say anything!

It was because Jiang Jincheng was right!

The Jiang family's status in the Imperial Capital was like the midday sun!

It was second only to the Fu family.

He wouldn't dare to provoke such a man even if she was given a hundred guts!

The door of the operating room was pushed open and the aloof man's expression was a little ugly.

In his arms was a young girl. She was wearing a hospital gown and her face was terrifyingly pale.

The doctor behind followed hurriedly. "Young Master Fu, your blood is useless for her..."

"I know." Fu Xiuyuan's expression was so dark that water could drip from it. "Prepare the private jet."

"How is Sister Nian Yue?"

When Jiang Jincheng saw him coming out, he ran over in a hurry. "She lost too much blood and might succumb to brain death."

This was the diagnosis given by the doctor here.

Nian Yue's blood was already different from that of ordinary people. With such a serious injury, her brain would not be able to supply her blood normally within a short period of time, resulting in brain death!

When Jiang Jincheng heard this news, he felt like he was struck by lightning!

"So where can we go?"

Jiang Jincheng asked with difficulty.

This was the result of Fu Xiuyuan mobilizing all the top experts in the Imperial Capital!

If they couldn't do anything about it...

He did not know who else could save Nian Yue.

“The Lin family.”

Fu Xiuyuan had already left when he finished speaking.

Her injuries were too severe. Even if she had a wood-elemental superpower to maintain her recovery, it would only consume her mental strength.

After she was injured, her wood power healed her for two hours, and her healing power became weaker and weaker.

She could not hold on for much longer.

“Brain death? How serious is the injury?” Teacher Su frowned.

She did not like Nian Yue, but she could not help but sigh when she saw the student who was declared brain dead.

Qu Fu looked at their backs as they left. His lips curled up slightly, but her eyes were unfathomable.

Brain death...

Was it caused by cerebral ischemia?

She was injured, but instead of going to look for her immediate family, Fu Xiuyuan wanted to go to the Lin family.

The relationship between these people was quite intriguing.

“Teacher Su, we came to the hospital today to see Senior Sister Manxi.”

Qu Fu smirked. “Teacher Su, remember not to put the cart before the horse.”

“I know, I know.” Teacher Su hurriedly nodded.

...

Imperial University

“I can’t contact Yue Yue.”

Wang Zhizhi tapped on her keyboard with a solemn expression.

When they parted ways with Nian Yue just now, the two of them were still making plans to go to the Imperial University cafeteria at eight o'clock.

However, it was already ten o'clock and she had yet to contact Nian Yue.

"Did she tell you where she was going?" Lin Nan's expression was grave.

"No." Wang Zhizhi shook her head. "I can't find any information on her location. I suspect that something has happened to Yue Yue!"

Because she often contacted Nian Yue, she could clearly pin down Nian Yue's location.

However, Nian Yue's location was blocked today. She could not track her no matter what method she used.

"Don't worry. General Yin may know something," Li Yi advised. "I'll go over."

Chapter 254: Brain Dead (2)

Yin Han had too many secrets. In order to prevent eavesdropping, he had a special supply of electricity.

As for outsiders, they blocked all signals.

It was not like this had never happened before.

However, for some reason, everyone felt flustered today.

...

Four hours later

L Base

This was a huge research base. The trees inside were lush. The sun shone down on them, making the scenery somewhat blurry.

“What are you doing here?”

Jiang Jincheng was a little puzzled.

It was obvious that this was a research base.

“Looking for someone.” Fu Xiuyuan didn’t even look up as the two of them alighted from the private jet.

He was still carrying her in his arms. The cold girl’s eyes were tightly shut at this moment. Because she had lost too much blood for too long, her face was so pale that it was translucent.

Fu Xiuyuan’s eyes were deep and his grip on her hand tightened subconsciously.

A faint blue flame appeared in his palm.

“You’ve used your supernatural power no less than three times on the way.” Jiang Jincheng couldn’t bear to see him like this. “You don’t have a healing power, so it’s useless to her.”

He knew that Fu Xiuyuan’s supernatural power would at most make Nian Yue feel less uncomfortable.

Such a serious gunshot wound would hurt like hell even with anesthesia.

Furthermore, Nian Yue was resistant to anesthesia.

The guard at the door had already rushed over when he saw someone coming over.

Seeing that it was Fu Xiuyuan, the man's expression turned a little grave. He opened the door to let them in.

Jiang Jincheng followed.

When he entered the base, Lin Lang was already waiting there.

The few of them went upstairs and Fu Xiuyuan placed her on the bed.

Lin Lang looked at the report and his expression turned a little ugly.

"She has lost too much blood and her brain can't supply enough blood. She has already had brain death for a short period of time."

Lin Lang's expression was grave. "I don't have a solution either."

"I'm not here to ask you for a solution." Fu Xiuyuan raised his eyebrows slightly, his eyes terrifyingly deep. "I'm here to ask you to save someone."

This was an undisguised order!

“She’s already brain dead...” Lin Lang wanted to explain further, but a black muzzle was already pointed at his head!

“If we can’t save her, you and the Lin family will be buried with her.”

The man’s expression was cold, but when he said this, his aura instantly turned cold!

Lin Lang was furious!

He had only worked on Nian Yue’s report by chance!

He did not expect to be in so much trouble with a gun pointed at him, no less!

“You have three seconds to think,” the cold man said lightly.

Lin Lang had no doubt that had he refused, he would not live to see the morning sun!

“Mr. Fu, I know you’re anxious...” Lin Lang’s forehead was already drenched in sweat.” But Nian Yue’s body is very different from those ordinary people. ”

“She has wood-elemental powers and will not be in danger for the time being.”

After Lin Lang said this, he clearly felt that the extremely oppressive aura had disappeared.

He subconsciously heaved a sigh of relief and continued, “Our priority now is to find the blood type that matches hers.”

Nian Yue was not Nian Chaoyu’s biological daughter. The blood of the Nian Family was useless to her.

“Because her wood power is deeply rooted, I need to find a direct relative who has the same wood power as her...”

Nian Yue’s body was very special.

The special thing was that her wood and lightning power had merged into one.

In other words, even her blood had dual wood and lightning powers.

Ordinary people’s blood, even if they had the same blood type as her, could not be used without supernatural power.

This was the most troublesome thing.

“I’ve tracked so many superpowers, but I’ve never seen one like her. Her superpower has fused with her body.”

Lin Lang’s back was already drenched in cold sweat.

“What if you can’t find it in a short time?” Fu Xiuyuan raised his eyebrows, his aura becoming even colder.

“She might... become a vegetable...”

Crack!

It was the sound of a bullet being loaded!

Lin Lang’s heart immediately jumped to his throat!

“Xiuyuan...”

Jiang Jincheng's expression changed too. He knew that Nian Yue's injury was extremely serious, but he did not expect it to be like this.

Chapter 255: Brain Dead (3)

"Lin Lang, hurry up and check for more information!"

Jiang Jincheng gave him a look!

Lin Lang didn't dare to delay any further! He left in a hurry.

Jiang Jincheng was not afraid of what Fu Xiuyuan would do. The main thing was that if he really killed Lin Lang, there would be no one to save Nian Yue.

"I'll check on the Li Family..."

Jiang Jincheng rubbed his temples. "Don't be rash. Sister Nian Yue's wood-elemental power would keep her safe."

The room fell silent once again. Fu Xiuyuan narrowed his eyes and retracted his aura.

He turned around and walked towards Nian Yue. Her face and her lips were pale. Her brows were tightly furrowed, as if she was enduring extreme pain.

Anesthesia was useless to her. No matter what medicine it was, it would be neutralized by her body.

The last time Fan Mei gave her a dose that could put an elephant down, she was unaffected.

Fu Xiuyuan grabbed her fair fingers and interlocked them, causing a faint blue glow to spread.

Nian Yue's brows relaxed, but her face was still terrifyingly pale.

...

– Inside the laboratory, Lin Lang was flipping through some documents when there was a knock at the door. Jiang Jincheng pushed the door open and entered.

“You should have other methods, right?”

Jiang Jincheng casually hooked a chair with his foot and sat opposite him.

“What do you mean?”

Lin Lang was still flipping through the information and didn't even raise his head.

“Nian Yue's constitution is not as troublesome as you say.”

He did not believe that Nian Yue had not been injured in the 18 years that she had lived.

Moreover, she used to live in the countryside with average medical conditions. If treatment was really so troublesome, she would have died a few times!

“It wasn't so much trouble before.”

Lin Lang put down the information. “But her supernatural power has awakened.”

Especially lightning. It was extremely destructive.

“There's another way...”

Lin Lang sighed. “Strip away the supernatural power in her body.”

“If she becomes a normal person, she only needs normal blood.”

“However, this is extremely dangerous. After all, this method has never been used before.”

...

It had only been a few years since he started tracking Espers.

Stripping the supernatural power of the supernatural power was only one of his ideas. It was still a long way from being implemented.

“Are you going to use your imagination to treat her illness?”

Jiang Jincheng sneered. “Do you think Xiuyuan hasn’t thought about it?”

Others might not know. However, he was well aware of Fu Xiuyuan’s attainment in medicine.

Even ten Parker’s wouldn’t be able to reach his current level. But because he had never studied supernatural power, he did not dare to try it on her.

Lin Lang scratched his head in frustration. "This is the best solution I can think of at the moment."

...

"Bring me the files on the Li Family's gene bank."

Jiang Jincheng stood in front of the window, his figure a little bleak.

It was very fast on the other side. In just a few minutes, the documents had been pulled out.

Jiang Jincheng glanced at it and passed the information to Lin Lang. "Compare it as soon as possible. Tell me which one fits."

Lin Lang took the information and quickly started typing on his computer.

A long string of codes had appeared on the computer screen and slid across it quickly.

Lin Lang watched intently.

Ten minutes later

“I can’t. Nothing fits.”

Lin Lang shook his head. “None of them have supernatural powers...”

Not only that, none of the blood types in the gene bank matched hers.

“Not even this?”

Jiang Jincheng rubbed his temples.

Could he have guessed wrongly?

Wasn’t Nian Yue from the Li Family?

But her mother was Li Shu!

Or was she not related to Li Shu by blood?

...

-At the Mercenary headquarters, a devilish man was sitting in a leather chair. He had a smile on his face and there was a faint electric current on his fingers.

However, the current became smaller and smaller until it disappeared.

“Commander, the people from the International Alliance have gone to Country Z...”

The shadow appeared silently. “They don’t seem to have given up on capturing Nian Yue...”

After all, the international alliance had missed the chance to capture her.

“The result?”

Mo Yi raised his eyebrows. There was less playfulness in his pale blue eyes.

To be precise, he was not interested without Nian Yue.

“Nian Yue is seriously injured and her whereabouts are unknown!”

Pa da!

The glass wine in his hand was crushed!

The broken glass was spread out in his palm and his palm was cut open, but he did not care!

“Who’s from the International Alliance?” Moy’s lips curled into a bloodthirsty smile.

“Li Zhizi.”

The Chief Elder of the International Alliance.

Only she could hurt Nian Yue.

“Let’s prepare a little gift for the international alliance.”

Moy smirked. A storm flashed across his light blue eyes!

Chapter 256: Out of Coma (1)

' I trust you will not be so weak, Yue.'

If you die, it will be so meaningless...

A light blue power flashed across his fingers. His light blue eyes were terrifyingly deep.

...

The curtains were blown by the wind and the door was opened with a click.

The shadow on the ground was that of a woman with a good figure.

The woman arrived in front of the bed and raised her hand slightly. A faint green light had already appeared at her fingertips.

Her slender fingers touched Nian Yue forehead.

After an unknown period of time, the pale green light in the air disappeared.

The woman seemed to sigh as she bent down to kiss her forehead.

“Yue Yue...”

The room returned to silence as if nothing had happened.

The man who was still on the phone in the corridor seemed to have sensed something.

He walked over as he hung up.

– Inside the ward –

The person who was lying on the bed had finally woken up.

Her eyes were clean.

Nian Yue sat up on the bed and casually removed the drip from the back of her hand.

She looked around and saw a breeze. Through the window, she could see the lush scenery outside.

Was this summer?

A hint of doubt flashed past Nian Yue's eyes.

It was winter in the capital.

She wasn't in the capital?

Nian Yue rubbed her temples and moved the wound on the back of her hand. Only then did she realize that the back of her hand was filled with needle holes.

It should have been used in a drip during her coma.

Nian Yue stretched her muscles and realized that it was empty in front of her.

At this moment, she realized that she was wearing a hospital gown.

She was not wearing a bra.

Nian Yue looked around and realized that this was only an ordinary ward. Other than the bed she was lying on and the bedside table, there was nothing else. There were no other clothes for her to change into.

Nian Yue no longer dwelled on this matter. She got down from the bed, opened the door and walked out.

The corridor was bright. A breeze blew, reducing the heat in the air.

Footsteps came from the end of the corridor.

A man in black had already walked over. When he saw her, a hint of surprise flashed past his eyes. "Are you still feeling unwell?"

"No."

Nian Yue shook her head. She was wearing a thin hospital gown. As she had slept for too long, her mind was still a little blurry.

She looked a little adorable.

He was used to her sloppy appearance and she looked too cute at this moment.

Fu Xiuyuan walked over and grabbed her wrist.

Her wrist was white and one could vaguely make out green veins.

“Where is this?” Nian Yue let him hold her hand and asked with a raise of her eyebrows.

“The Lin family.”

Fu Xiuyuan brought her back to the ward and took off his jacket for her. “You’ve been shot twice. Don’t catch a cold.”

His coat was still warm.

Nian Yue casually took it and draped it over herself. As it affected her wound, she frowned imperceptibly.

“Your body is too weak. Your wood-elemental power is temporarily useless.”

This was also the reason why her wound had yet to recover.

“Two shots?” Nian Yue rubbed her temples.

The scene before she fainted appeared in her mind.

Li Zhizi...

The International Alliance...

She was their target.

“Yes.” Fu Xiuyuan nodded and walked over to adjust her clothes. He took her hand. “There won’t be a second time.”

This was his promise.

Especially after learning that her supernatural powers were coveted by so many people.

“Your wood power needs some time to recover,” Fu Xiuyuan said. “Are you hungry?”

It had been two days since she fell unconscious.

Fu Xiuyuan didn't care about all this. He took the porridge from the bed and wanted to feed her. "Open your mouth."

Nian Yue looked at him curiously and decided to rely on herself. "Thank you, I'll do it myself."

She had hands and feet, so there was really no need to make things difficult for someone like Fu Xiuyuan.

"Your wound doesn't hurt anymore?" Fu Xiuyuan glanced at her chest.

She had been shot twice, and anesthesia was useless to her.

Even after taking the painkillers, it still hurt a lot when she moved.

However, she was used to tolerating pain. Other than not noticing when she got out of bed at the start, she did not notice that she had a wound and the pain made her frown.

Other times, she was like a normal person.

While Nian Yue was in a daze, Fu Xiuyuan had already passed the porridge to her.

It seemed to have just cooled down. It was warm, neither too cold nor too hot, and it tasted just right.

Nian Yue's deep eyes took a few more glances at him.

Chapter 257: Out of Coma (2)

The cold man's eyes were deep and he was concentrating on putting the porridge into her mouth.

Fu Xiuyuan only stood up slowly when the bowl of porridge was empty. He took a tissue and wiped his fingers.

"Your wound hasn't recovered yet, I don't suggest going out," Fu Xiuyuan said.

Her injuries were too serious and her wood-elemental power could not be used. Her injuries would not recover for half a month.

"I'm going to take a walk."

Nian Yue stretched her muscles. It seemed that she had been lying on the bed for too long, causing her limbs to be a little stiff.

Fu Xiuyuan did not stop her and just walked beside her as the two of them went downstairs.

“Is it someone from the International Alliance?”

Nian Yue asked when they reached downstairs.

Before she fainted, she could still clearly remember the way the man looked at her.

It was the excitement of a hunter seeing a prey!

“Yes.” Fu Xiuyuan nodded. “Your wood and lightning dual-elemental superpower is too rare. It will become a target for many people.”

Electric power was the most powerful and uncontrollable of all the supernatural powers.

Besides, she had added wood power.

Both of these supernatural powers would become targets of competition for ordinary people.

“Am I the only one with lightning power?” Nian Yue continued asking.

“Mo Yi.”

The leader of that mercenary group was a man who defied the heavens.

Because his way of doing things was too strange, ordinary people wanted to avoid him when they saw him.

How could anyone have the guts to snatch his power?

Nian Yue rubbed her temples, and her expression could not be seen clearly in her deep eyes.

When they reached the stone bench, Nian Yue sat there and raised her head to look at the blue sky.

“Is this the south?”

It was winter in the capital, and it was snowing heavily.

And looking at the buildings here, they did not look like they were overseas.

It felt like they were in the country.

“Yes.” Fu Xiuyuan nodded. “This is the Lin family’s experimental base in the south.”

Lin Lang was a scientist who specialized in supernatural power research in the country. Other than having an experimental base in the Imperial Capital, there was also one in the south.

However, very few people knew about this place.

“I seemed to have sensed a powerful wood-elemental superpower just now.” Nian Yue rubbed her temples. “Is the reason why I can wake up related to that superpower?”

She knew her injuries.

Brain death due to excessive blood loss.

Without the help of wood-elemental power, she might have become a vegetable.

“It’s hard to say.” Fu Xiuyuan shook his head. “Maybe it’s the result of the wood and lightning dual-element power in your body interacting.”

Nian Yue moved her fingers and there was a faint green color on her fair fingertips.

However, this color was extremely faint, so faint that it was almost transparent.

“Were you the F who negotiated with Mitchell?” Nian Yue suddenly asked.

Fu Xiuyuan knew that although she looked cavalier, she was very simple.

She was so pure that it could tempt one to sin.

Especially those eyes. They were as clear as a child’s.

“I haven’t seen you for a day and Yue Yue can’t recognize me?” Fu Xiuyuan raised his eyebrows.

There was a hint of playfulness in his deep-set eyes.

“F happened to appear during the time you disappeared.” Nian Yue looked at him steadily. “Most importantly, he also has a fire-elemental superpower.”

Even though his fire power was light yellow.

Fu Xiuyuan’s version was light blue.

She did not see F’s face, but she subconsciously felt that it was Fu Xiuyuan.

“Yes and no.”

Fu Xiuyuan smiled. “I was injured back then. How did you guess that I would go to that kind of place?”

“70% of the industrial chain in Continent W belongs to the Fu family. Other than arms, there’s no other way to earn money.”

Nian Yue analyzed.

Furthermore, that man did not make a move at the scene. It was obvious that the international alliance was afraid of him.

Even though he was injured.

No one dared to look for trouble with him.

“Yue Yue, you’re getting smarter.” Fu Xiuyuan’s lips twitched, and the smile on his face became more real.

He didn’t admit or deny it.

Nian Yue did not care.

Everyone had their own secrets, and she did not have the hobby of prying into other people’s secrets.

Fu Xiuyuan’s background was clear. There were some things that could not be known to others.

The two of them chatted casually. After a while, even though the two of them did not speak and just stood there quietly, they gave off the feeling that time was passing peacefully.

Chapter 258: Out of Coma (3)

On the second floor, Jiang Jincheng looked up from a pile of data analysis forms and saw the two people sitting on the stone chairs downstairs.

Lin Lang also happened to come out of his office.

“How did Nian Yue wake up?”

He was already prepared for the outcome of getting shot by Fu Xiuyuan due to Nian Yue not waking up.

“The sleeping beauty was woken up by the prince’s kiss, right?” Jiang Jincheng smiled.

“The two of them?”

Lin Lang touched his chin and disagreed. “Nian Yue doesn’t know what liking someone is, right?”

Although he did not have much contact with Nian Yue,

However, Nian Yue was the most straightforward and least emotional girl he had ever seen.

Fortunately, she did not talk much and could maintain her aloof personality.

“That’s not necessarily true.” Jiang Jincheng shook his head, feeling like his son had just grown up. “With a master to guide her, won’t she learn faster?”

If Fu Xiuyuan continued being single, he would suspect that Fu Xiuyuan was interested in him.

...

Nian Yue felt a chill after sitting outside for a while. However, the moment she stood up, her wound was affected.

“Does it still hurt?”

Fu Xiuyuan frowned slightly, but he still bent down and picked her up. “I’ll bring you back.”

His voice was cold, but there was a hint of forcefulness.

“Thank you.”

Nian Yue rubbed her temples.

Since she was injured in her chest, Fu Xiuyuan could not piggyback her. She accepted the way he cradled her with a clear conscience.

On the way back, the two of them did not talk much. However, Nian Yue still felt like time had passed peacefully.

In the post-apocalyptic world, she was ranked second only to one person and above all others. She only had companions who fought side by side with her and opponents who wanted to kill her at any time.

This was the first time she had experienced the feeling of being treasured. It was not bad.

“How long do I need to stay here?” Nian Yue raised her eyebrows and asked when they reached the ward.

“About half a month.” Fu Xiuyuan had just put her down.

Sunlight shone in from the window, giving him a golden glow.

He bent down halfway and the two of them were so close that Nian Yue could smell the unique cold fragrance coming from him.

Without a doubt, Fu Xiuyuan was devilishly handsome.

Nian Yue rarely paid attention to Fu Xiuyuan's looks. After all, in a place like the post-apocalyptic world, strength was everything.

Whether one was good-looking or not was useless.

But the man in front of her...

She had to admit that he was the most beautiful person she had ever seen.

Nian Yue's mind went blank as a shadow suddenly shrouded her eyes.

A warm touch came to her lips...

Nian Yue widened her eyes. A beautiful face was right in front of her.

In that instant...

The scene from before in the sea flashed past Nian Yue's mind.

Almost without thinking, she had already flipped over and pressed him under her.

“Sister Nian Yue...”

Jiang Jincheng pushed open the door of the ward excitedly. He reckoned that the two of them should be back for some time before he came over at this time.

But when he saw the scene inside...

Jiang Jincheng’s smiled and left. “Sorry to disturb you...”

Before he could close the door, he took out his phone and hurriedly took a few photos. After ensuring that the angle of the photos was good, he closed the door and went out satisfied.

“Tsk, tsk, tsk...”

As he flipped through the photos, Jiang Jincheng shook his head. “My Nian Yue is so tough...”

It looked like Fu Xiuyuan had taught her well.

Thinking of this, Jiang Jincheng sent the photos he took to Bai Lin with a suggestive message.

“Auntie! You’re about to have a grandson!”

When Bai Lin saw the photo, she almost jumped up. “Fu Heng! Your son is having an affair!”

“When did this happen?” Fu Heng rubbed his temples, feeling a headache coming on.

“Just now! Look...”

Bai Lin showed him the photo. “There isn’t a single good man in the Fu family! He hasn’t even found a wife and he’s already trying to cheat!”

“To think my daughter-in-law is so beautiful!”

Bai Lin started crying again. “What if she becomes someone else’s daughter-in-law...”

“If there’s really no other way, I’ll take Yue Yue as my goddaughter.”

Bai Lin was still sobbing. "I'll make my son look at his new sister every day. Let him regret..."

Fu Heng took her phone and enlarged the photo. "Take a look again..."

"Fu! I'm already so sad, and you still want me to see it!"

"This is Yue Yue..." Fu Heng passed the phone to her helplessly. "Here, take a closer look..."

He then took a tissue and wiped her tears.

Bai Lin stopped crying and took a few more glances before smiling. "Why didn't you say so earlier? You made me worry for nothing..."

Fu Heng was stunned.

Chapter 259: Do You Like Me? (1)

Of course, Nian Yue did not know about Jiang Jincheng's actions, which almost made Bai Lin cry her eyes out.

When she released Fu Xiuyuan, her eyes were still cold.

However, there was an inexplicable emotion in his deep eyes.

She crossed her arms and looked at Fu Xiuyuan. "Do you like me?"

This question was extraordinarily straightforward.

Nian Yue was a frank person and did not like to beat around the bush.

Instead of guessing, she would rather ask directly.

"What do you think?" Fu Xiuyuan asked instead of answering.

His eyes were terrifyingly deep.

"I don't hate you." Nian Yue rubbed her temples. "If you think the same way, I think we can try it out."

Her words were scarily blunt.

In her opinion, liking someone was a simple matter.

Since Fu Xiuyuan didn't reject it, he must have had this intention.

But she had forgotten that she was a girl.

When she said this, she sounded like a strong man.

“Heh...”

Fu Xiuyuan was probably amused by her.

He only knew that Nian Yue looked cold and did not talk much. She usually had an aloof personality.

However, after interacting with her for a long time, one would realize that her EQ was extremely low.

However, he found it cute.

“You're not willing?” Nian Yue raised her eyebrows.

“In that case, we should just...”

Nian Yue did not feel embarrassed about being rejected.

To her, it was a matter of mutual consent, and it wasn't necessary for Fu Xiuyuan to want her.

Even if he had a girlfriend in the future, they would still be friends.

Before she could finish speaking, her wrist was grabbed by Fu Xiuyuan.

Once again, she found herself facing those deep eyes that seemed to be able to suck people in.

“I'm willing.” Fu Xiuyuan's lips twitched. In an instant, his eyes were extremely bright.

Then he lowered his head and planted a kiss on her lips.

It was a light kiss.

But it was even more alluring than the kiss before.

Nian Yue narrowed her eyes. Why hadn't she realized before that this man in front of her seemed to be more delicious than before?

...

When Yin Han found out about Nian Yue's disappearance, he almost blew up the Imperial University!

This was a student that he had set his heart on. If other classes wanted to take her away, he would not be willing!

In the end, she disappeared the moment she came back from a mission!

He wanted to see who had the guts to kidnap his precious child!

"Give the order to the Hacker Alliance to check on Nian Yue's whereabouts!"

Yin Han took out his phone and ordered.

He usually did not use his connections with the Hacker Alliance casually.

This was a special situation.

“The possibility of them finding her is low. After all, even Zhizhi can’t find her.” Li Yi was a little frustrated.

When they were out on missions, Wang Zhizhi was in charge of checking up important information. He was absolutely assured of Wang Zhizhi’s ability.

This was also the reason why they were so frustrated when Wang Zhizhi could not find her.

If even Wang Zhizhi could not find her, it meant that the situation was really troublesome.

And Li Yi was right. The feedback from the Hacker Alliance was the same as what Wang Zhizhi had given her.

She couldn’t be found.

Nian Yue seemed to have disappeared from the face of the earth.

For two days, Nian Yue did not go to class.

She was the number one freshman, and her every move was watched. She would usually be seen in school even when she was not in class.

Even the last time, when she had taken half a month's leave, she had done it together with Li Yi and the others.

But this time, Nian Yue was not around.

Even though Li Yi had gone to class, his aura was that of someone who should not be provoked.

This further confirmed the fact that something might have happened to Nian Yue.

Even Yin Han, who was rarely seen, had come to the entrance of Class A.

He wanted to take a look at Nian Yue's location.

This time, everyone was even more certain that Nian Yue could not be found.

Xu Xiu, who was usually focused on studying explosives, went to Yin Han immediately when he heard the news!

“General Yin, I heard that Nian Yue has disappeared?”

Xu Xiu walked straight into Yin Han’s office.

“No...”

Yin Han laughed dryly and put down the report from the Hacker Alliance. “Shouldn’t Teacher Xu be in class now? Why do you have the time to come to me?”

Although Yin Han had a bad temper, he could differentiate between people.

Chapter 260: Do You Like Me? (2)

After all, Xu Xiu was a famous explosive expert and a professor at the Imperial University. He could one day depend on Xu Xiu’s help to get through a mission.

Therefore, he could not offend Teacher Xu Xiu no matter what.

“Without Nian Yue, it would be boring,” Xu Xiu casually replied.

He would only be able to find a confidante in Nian Yue during his class. He would also urge Nian Yue to fiddle with some explosives.

Without Nian Yue around, he did not even find class interesting.

“But Nian Yue isn’t from Class B...” Yin Han said helplessly.

Sure enough, although Nian Yue was a little messy, she was still a prized student in the eyes of these teachers.

After all, who wouldn’t love a capable and outstanding student like her?

“Don’t change the topic. Is Nian Yue sick?” Xu Xiu could not be bothered with him and changed the topic in the blink of an eye.

“Well...”

Yin Han rubbed his brows. “Nian Yue has something on and needs to take some time off.”

“Really?!”

Xu Xiu clearly did not believe him and his eyes were filled with questions.

Yin Han was still thinking of how to explain when he received a message on his phone.

It was from Nian Yue.

“It’s fine. I’ll be back in half a month.”

When Yin Han saw this news, he almost jumped up!

Suppressing his excitement, Yin Han was about to call her when he saw that Xu Xiu was still there.

Yin Han slowly put away his phone. “Teacher Xu, don’t worry. Nian Yue will definitely be back in half a month.”

Since Nian Yue had already sent him a message, he was not worried that Nian Yue would go back on her words.

With Yin Han’s promise, Xu Xiu left reluctantly.

Before he left, he threatened Yin Han.

“If Nian Yue doesn’t come back...”

The threat behind was obvious.

Yin Han laughed helplessly.

Who would have thought that this famous explosive expert with a strange temper would treat Nian Yue like a treasure?

If he remembered correctly, Nian Yue had blown up his laboratory base, right?

...

After staying up for two days, Wang Zhizhi finally received news from Nian Yue.

It had the same content as Yin Han.

“Stop looking. Yue Yue texted me back.” Wang Zhizhi’s eyes lit up.

The others hurriedly surrounded her. There was a red dot on Wang Zhizhi's computer, Nian Yue's exact location.

"This is..." Li Yi looked at the computer screen, her brows furrowed as if she was thinking about something. "The south?"

"Why is Boss in the south? Is she afraid of the cold here?"

"Who cares why she went south?" Li Yi glanced at him. "What matters is we've found her..."

That's right. They were not curious about Nian Yue's whereabouts. They were relieved to know that Nian Yue was safe.

...

Nian Yue had been loitering around the laboratory base for two days. Her injuries had improved a little. Although she did not hurt easily, she could not do any vigorous exercise.

Lin Lang had a lot of medical books here, especially those related to Chinese medicine.

In the post-apocalyptic world, there were no ancient things because civilization was too developed and technology was advanced.

Nian Yue casually took a few Chinese medicine books and read them with interest.

Lin Lang was doing an experiment in his white coat. He saw her sitting in front of the window. Warm sunlight shone in from the window, giving her face a golden glow. She looked like she had a soft girl who had lived a peaceful life.

“You’ve been watching me for three minutes.”

Nian Yue crossed her arms and raised her eyebrows. “Do you have something to ask me?”

Her relationship with Lin Lang was not bad.

Lin Lang had been the one who had helped her study her blood.

He was the one who had helped her this time.

Lin Lang put down the test tube in his hand and walked to the sink to wash his hands. Then, he sat opposite her. “Aren’t you curious about who saved you?”

According to his observation, Nian Yue was not someone who would take things lying down.

But she had been here for two days. Other than going out for a walk with Fu Xiuyuan at the start, she spent the rest of her time in the laboratory reading.

“Anyway, it wasn’t you.” Nian Yue rubbed her temples. “It should be someone with the same supernatural power as me.”

Her physique was too special.

If someone had dual-elemental supernatural powers like her, they should have information on that person.

“You’re smart.”

Lin Lang was generous with his compliments. “I have a bold guess...”
