

The National Goddess Reborn 84-89

Chapter 84 Since When has the Cheng Family Been so Amenable?

“Then what are you thinking?” Principal Wang had already guessed Principal Xu’s intentions, but he still asked with a smile.

“The Imperial University offers a guaranteed spot to the high school every year. No.1 Middle School has two this year. This time, I would like to enroll Nian Yue,” Principal Xu said with a smile.

“I’m afraid I can’t make the decision.” Principal Wang smiled bitterly. “Nian Yue has her own thoughts. I need to ask her first whether she wants to go or not.”

Nian Yue had been in school for more than two months and rarely listened to classes. However, she was extremely talented in physics.

The papers for the exam were quickly distributed. Everyone’s faces turned pale when they saw their scores.

They were all from the better classes in No.1 Middle School. When they saw their results, the corners of their lips couldn’t help but twitch.

They knew that the difficulty of the test this time was high, but they did not expect the entire class to be wiped out.

In the past, there were still those whose results could exceed 700.

But this time, there was not even one 700.

“No one in our class scored more than 700 points in this exam. There are two who scored higher than 650...” Duan Yu asked the subject representative to issue the answer sheet and continued, “One is Lin Nan, and the other is Nian Yue.”

Nian Yue was replying to a message with her head lowered. When she heard her name, she looked up. There was some clarity in her cold eyes.

“Nian Yue has improved since the last time. At the very least, she wrote an essay question and scored two more points than the last time...”

The students almost exploded.

“D*mn! Is my Sister Yue that awesome?! She scored full marks for physics this time?!”

“That can’t be. If she doesn’t write an essay in Chinese, she will lose more than 60 points...”

“Teacher, can we look at Nian Yue’s answer sheet? I want to learn...”

“Teacher, I want to see it too...”

The students in the class could not hide their enthusiasm. They thought that it was already amazing enough that she scored a little over 600 points in the previous monthly examination!

They did not expect her to score more than 600 points this time as well!

She had also scored full marks for physics!

“The answer sheet is with the principal. He’s studying the method of answering the questions. After studying and making copies, I’ll give each of you a copy,” Duan Yu looked at the group of students and said happily.

The class was still discussing. Nian Yue turned around and looked at her phone before typing a line.

“I’m not going.”

Then, she lay on the table and continued sleeping.

*

Teacher Li was teaching a class when a student knocked on the door. She was holding a stack of answer cards in her hand. “Teacher, these are physics answer cards that were specially printed. I’ll place them here.”

Mr. Li placed it on the table and continued his lesson.

After he finished his class, he picked up a card and took a look at it. Then, he realized that the multiple choice questions were all correct. The student had even scored full marks for the other questions.

He remembered that Qu Jing only scored a little over 80 points. Where did this standard answer paper come from?

Mr. Li looked at the answer cards at the back and realized that all the answer cards were almost the same.

A student reminded him, “Teacher, this should be Nian Yue’s answer sheet. I heard from her classmates that she scored full marks for physics this time. The principal printed her answer sheet.”

When Mr. Li heard this explanation, his face darkened.

He looked at the answer sheet in disbelief. Almost every question had a standard answer!

“Impossible!”

Mr. Li’s face turned ashen. If she had scored full marks for all the subjects except Chinese, it would have been a lie!

However, almost every answer on this physics answer card was written perfectly. How could Nian Yue have done it?

Teacher Li wanted to run to Class A to ask Nian Yue if she had copied the answer card.

However, this exam was taken from Imperial Capital No.1 Middle School. After the students finished their exam, they would hand over their answers immediately.

Furthermore, Nian Yue's solution was vastly different from the standard answer.

Thinking of this, Mr. Li stormed to Principal Wang's office angrily.

In the principal's office, Principal Wang looked at the message on his phone and felt a headache coming on.

There was a knock at the door. Principal Wang put away his phone and looked up. "Please come in."

Mr. Li came in with the answer sheet. When he saw Principal Wang, he said, "Principal, I suspect that Nian Yue cheated in the exam this time."

"Oh?" Principal Wang was not confused. "What do you mean?"

"This time, not a single student in the entire Jiang City scored full marks for physics. She's the only one. Isn't this clear enough?" Teacher Li said angrily. "Besides, Nian Yue has never paid attention in class. If such a

student scored full marks, I'm afraid others will laugh their heads off."

Because the teacher of Class A was pregnant, he would occasionally conduct classes for Class A. He had almost never seen Nian Yue pay attention in class.

She often slept at the table.

How could such a student have good results?

“Then do you suspect that the teacher who marked her paper was deliberately going easy on her?” Principal Wang continued to ask. This time, he was the one who marked Nian Yue’s paper. He had studied Nian Yue’s

solution for a long time. In the end, he had to admit that her solution was even simpler than the standard answer given by Imperial Capital No.1 Middle School.

“How can this be...”

Mr. Li laughed dryly. “I suspect that she already knows the answer...”

“This is the answer from the Imperial Capital.”

Principal Wang took out a piece of paper from the drawer. “It’s even more complicated than the solution Nian Yue wrote...”

Mr. Li took a few glances and realized that the steps were indeed much more difficult than what Nian Yue had written.

“But how could she...”

Mr. Li refused to believe the truth.

Ever since Nian Yue transferred schools to No.1 Middle School, he had looked down on her.

At that time, he did not know that Nian Yue was forced into the school by Nian Chaoyu. She only saw her middle school examination results.

The class he was teaching had never been comparable to Class A, and with Nian Yue butting in, the gap between them would only get wider.

When Duan Yu took her in, he was happy. He knew how sick the students of Class A were. He had thought that Nian Yue would lower the average score of Class A. However, he did not expect that after Nian Yue to score

full marks for everything except Chinese.

This was simply a slap in his face!

The student he did not want back then had become Class A's favorite!

"You should have seen this paper before."

Principal Wang took another paper. "This is the paper I gave her when she came to No.1 Middle School."

The test paper he gave Nian Yue was a competition question from the teachers in the capital. Nian Yue had only done the last big question.

But even for the last big question, she scored full marks.

At that time, Nian Yue's writing was extremely sloppy, as if she was a little impatient. She skipped the steps as much as she could.

If he had not studied it a few more times, he would not have been able to understand Nian Yue's train of thought.

When Teacher Li saw that paper, his face turned pale. "Didn't you accept her because she was enrolled by the Nian Family?"

"Nian Yan's results are not bad. Nian Yan could not even get into Class A." Principal Wang glanced at him. It was also this sentence that ruthlessly shattered all of Teacher Li's fantasies!

Nian Yan was guaranteed admission to the Imperial University because of her specialty. Such a student did not even enter Class A, but Nian Yue, who could only score a little over 200 points in the middle school

examination, entered Class A.

It was because Principal Wang knew that she had such abilities from the start.

Teacher Li broke out in cold sweat.

“Let me remind you.”

Principal Wang’s fingers tapped on the table unintentionally, but his words were merciless. “She touched the Cheng family twice, but she’s still fine. When did the Cheng family become so amenable?”

Be it Cheng Anran or Cheng Du, they were infamous for being difficult to deal with.

Every time something happened, the Cheng Family would cause a ruckus.

But these two times, the Cheng Family kept quiet.

Mr. Li’s face turned pale.

*

Nian Yue did not take her physics score to heart.

These questions were indeed very difficult for ordinary high school students because they involved a lot of concepts. Although they were not beyond the syllabus, they required complicated calculations.

She was able to do it because the mechanical map of the post-apocalyptic world was much more complicated.

When school was finally over, most of the Class A students had left. Nian Yue looked up from the desk, and the school blazer that was covering her fell to the ground because she sat up.

There was almost no one in the class. Lin Nan and Wang Zhizhi had something on, so she asked them to head back first.

Nian Yue picked up her blazer and prepared to leave with one hand in her pocket.

A message came from her phone. Wang Zhizhi sent her an address and asked her to go over.

Nian Yue replied with a message and walked to the black SUV. She opened the car door and drove straight to her destination.

Wang Zhizhi had asked her to go to the Queen's Bar.

The Queen's Bar was almost twenty minutes away from No.1 Middle School.

Nian Yue frowned tightly. Before she could think of a reason, she saw a car in the rearview mirror and narrowed her eyes.

There was a black car behind a taxi in the rearview mirror.

After passing the traffic light, the car arrived at a more remote road. The black car seemed to be accelerating.

Nian Yue's eyes were deep and her lips curled into a mocking smile. She stepped on the accelerator abruptly and the car seemed to fly along the road!

Other than the Fourth Ring Road, there were almost no cars on the road.

Seeing this, the other car gave chase!

The two cars had already increased their speed to the maximum and started racing across the road!

"Chase after her!"

The man in the black car ordered coldly.

However, the off-road car in front was even faster than them. It was clearly an ordinary off-road car, but under her hands, it seemed to have transformed into a sports car!.

Chapter 85 Assassination

Seeing the black car getting closer and closer, Nian Yue sneered. Suddenly, she turned the steering wheel. The car made a beautiful drift and turned around into the nearest small road!

There was almost no one on this road. The road was so narrow that only one car could pass through.

The black car behind them was chasing relentlessly. Nian Yue's lips curled into a mocking smile, but the car was driving faster and faster!

Nian Yue's car was driving Lu Yong's black off-road car. It had only been a month, but she was already getting better at using it!

The road in front became narrower and narrower. The people behind could not keep up with the car and their expressions turned uglier!

Someone even took out a pistol and aimed it at the car's tires!

Nian Yue suddenly turned the steering wheel and the car turned into another road!

With one hand on the steering wheel, Nian Yue had already assembled the gun with her other hand. Then, she suddenly opened the car door and jumped out!

The black car followed closely behind. The moment she jumped out of the car, it hit the black car!

The two cars collided, producing a huge impact that was deafening!

At the same time, the moment the two cars exploded, a group of men in black had already jumped out of the cars!

“Miss Nian, how have you been?”

The leader smirked coldly. Almost no one was holding a pistol in their hand. In an instant, Nian Yue was already surrounded by a group of people.

“What do you want?” Nian Yue raised her eyebrows, her face calm.

She did not have the slightest awareness of being surrounded by guns.

“To something from you.”

The leader of the men in black gave the two closest to her a look.

They both raised their pistols and approached her.

With one hand in her pocket, Nian Yue’s lips curled up into a mocking smile, looking very devilish.

The two of them approached her step by step and were about to grab her.

In the blink of an eye, the girl had already grabbed the person closest to her and used him to block her!

The sound of a bullet hitting a body lingered in her ears. Nian Yue sneered and exerted a little force with her palm.

All the bullets could no longer be fired.

The leader's face turned ashen as he looked at Nian Yue. "It looks like that thing is really in your hands!"

Then, he gestured to the people around her and a group of people rushed towards her!

Nian Yue's expression did not change much as she kicked the person closest to her!

The man was kicked several meters away!

The others rushed to catch up with her. Nian Yue's eyes were filled with impatience. She casually grabbed the person closest to her and grabbed his neck. Then, there was a cracking sound and the person's vision went

dark as he fell!

Five minutes later, almost everyone was lying awkwardly on the ground.

Only the girl in white and black pants remained standing.

"Who sent you?"

Nian Yue's eyes turned slightly cold as she raised her hand slightly. That person's pistol was already in her hand.

The girl took the pistol and spun it in her hand before pointing it at the man's forehead.

When that person saw that the situation was not right, he wanted to bite his tongue to commit suicide.

However, Nian Yue was a step ahead of him. She dislocated his chin and slashed the back of his neck.

The person wanted to say something else, but his vision went dark and he fainted.

Nian Yue walked in front of him and squatted down. She opened his clothes and took out a white piece of paper from his pocket. There was only a simple English word on it.

BLOOD.

Blood...

Did these people want her blood?

ian Yue raised her eyebrows slightly. She remembered that the first thing this person said when he saw her was that the thing was indeed in her.

The blood itself was a part of her body. There should be something else he wanted.

At the thought of this, Nian Yue immediately called someone. "I have something for you."

Lu Yong was very fast. When he drove over, he saw the men in black lying on the ground.

The girl in white and black pants was looking down at her phone.

"This is..."

Lu Yong looked at everything in front of him and was a little stunned.

"I found this on them." Nian Yue raised her eyebrows and passed the paper to Lu Yong.

Lu Yong received it. When he saw the symbol, his face instantly darkened.

"Bring them back." Nian Yue had one hand in her pocket and asked for his car keys. "Remember to only update me when you get the results. I have something else to do. I'll get going first."

ian Yue waved her hand at him, her face as cold as ever.

ff not for the smell of blood all over the ground, Lu Yong would not have been able to tell that she had just experienced a fierce battle.

ian Yue opened the car door and got into another SUV. She started the car and it shot out like an arrow!

All that was left was the car exhaust...

After Lu Yong made the call, he realized that the SUV that had exploded just now looked a little like his.

So, was his car one of the two that had exploded?

When he realized this, Lu Yong was dumbfounded!

Nian Yue was someone worth befriending, but she had been a little wasteful with cars.

He only hoped that the next car could last a little longer.

*

In the dimly lit internet cafe, Wang Zhizhi looked at her phone with a pale face.

Sitting opposite her was a middle-aged woman who looked to be in her forties. The woman was decked in jewelry and had exquisite makeup on her face. She looked like she had elegance in her every move.

Only the corners of her eyes were showing how unkind she was.

“Where’s your classmate?! Why isn’t she here yet?” Lady Wang’s face was filled with impatience. “Wang Zhizhi, do you think everyone is as free as you are?!”

“She might have been delayed on the road.” Wang Zhizhi lowered her head. “If there’s anything, just tell me... why are you looking for her?”

The previous time, Nian Yue had beaten Cheng Du up badly for her sake and had already caused quite a bit of trouble. She did not want to look for Nian Yue anymore.

“What’s the point of looking for you?” Madam Wang sneered. “If looking for you was useful, would the Cheng family have needed to look for me personally?! It’s all because of that classmate of yours. You’re so young

and ignorant, but you have quite a lot of ways to seduce people.”

“Lady Wang!”

Wang Zhizhi’s face turned pale. “Please watch your mouth!”.

Chapter 86 Nian Yue Flares Up

Wang Zhizhi had always been an inconspicuous existence in the Wang family. She usually avoided Madam Wang when she saw her, but today, she actually dared to rebut Lady Wang’s words.

Lady Wang laughed in exasperation. She crossed her legs and said with disdain, “You’re the illegitimate daughter of the Wang family. Aren’t you afraid that your short-lived mother won’t live past tomorrow?”

Lady Wang had been living a luxurious life since she was young and was used to being high and mighty.

After she married into the Wang family, almost everyone supported her. Her words exuded a sense of superiority.

“What happens to my mother has nothing to do with you.” Wang Zhizhi sighed. “But please don’t insult my classmate!”

“How dare you speak to me in such a tone!”

Lady Wang angrily threw the ashtray on the table at her!

“Without me, do you think you would have been able to live like this in Jiang City?!” Lady Wang exploded. “You’re just an illegitimate daughter. If the Cheng Family doesn’t mind, how long are you going to continue

bickering?!”

Wang Zhizhi took that hit forcefully, but the expression on her face became more and more determined. "He has done wrong and needs to be punished. Is he destined to be superior to others just because he's from the Cheng Family?"

In the past, she would not have dared to make a sound when she was bullied to such an extent.

However, Nian Yue was the one who told her that no one was born with a lower standard than others. Why did she have to be subjected to such bullying for no reason?!

Lady Wang was so angry that her face turned ashen. She took her bag and was about to smack Wang Zhizhi again!

At this moment, the door was pushed open and a young girl walked in.

She was not wearing her school uniform today. She wore a white shirt and a pair of black Doc Martin boots, looking cool and dashing.

A look of shock flashed across Madam Wang's face. She did not expect Nian Yue to have such a presence. With one hand in her pocket, Nian Yue walked in and sat beside Wang Zhizhi.

"Someone from the Wang Family?" Nian Yue raised her eyebrows and asked.

"I'm Zhizhi's auntie." Madam Wang retracted her sarcasm. When she faced Nian Yue, she still retained her last bit of arrogance in front of outsiders.

"Aunt Wang." Nian Yue's lips twitched with a smile.

Lady Wang was stunned by her smile. Why didn't she know that Wang Zhizhi had such an outstanding person with her?

Lady Wang's mind was already racing, but she did not show it on her face. "You're Zhizhi's classmate, right?"

"I'm Nian Yue." Nian Yue's lips twitched.

"It's like this. The last time Zhizhi had a conflict with that child from the Cheng family, you were there too," Lady Wang said slowly. "It's been so long since this incident happened, and Zhizhi hasn't been hurt. I think we

can let it go. You and Zhizhi can go to the Cheng family together to apologize..."

Lady Wang's thoughts were very simple. Wang Zhizhi had not been harmed in any way, and it would do the Wang family no good to fall out with the Cheng family at this time.

Furthermore, Nian Yue had also hit Cheng Du.

He had been hospitalized for half a month and had already received the punishment he deserved.

At this moment, she wanted to bring Wang Zhizhi and Nian Yue over to apologize to them and this matter was considered over.

Her thoughts were simple, Nian Yue was not to be trifled with.

"Apologize?" Nian Yue seemed to have thought of something. "Why?"

Her tone was serious as if she really did not understand.

"You hit someone from the Cheng Family and caused so much trouble in the hospital. It's only right that you apologize..." Lady Wang said without thinking.

"Heh..."

As if she had heard a funny joke, Nian Yue sneered ruthlessly.

“What are you laughing at?” Madam Wang was confused by her smile.

“I’m laughing at your naivety.” Nian Yue’s voice was light, but every word that came out of her mouth was like a needle, piercing deeply into one’s heart. “He deserved to be hit.”

She said it lightly as if she had no concerns.

“You...”

Lady Wang was rendered speechless by her. However, when she thought of the purpose of her visit, she still sneered. “You’re still young after all. You don’t know your own capabilities. You think you can be lawless just

because you know a little bit of martial arts. You don’t know that there are many people in this world who are better than you!”

“On account of your young age, I won’t lower myself to your level. Now, go to the hospital with Zhizhi to apologize. I’ll pretend this never happened.” Madam Wang’s voice was stern.

“I think you’ve forgotten something...” Nian Yue leaned back on the sofa slowly, her face full of unruly emotions. “If the Cheng family really wanted to do something to me, do you think I would have lived until now

unscathed?”

“Wang Zhizhi! Apologize to me!”

Lady Wang was shocked by her words and instantly targeted Wang Zhizhi!

“Impossible,” Nian Yue rejected without thinking.

“I don’t want to offend you. As Zhizhi’s guardian, I can still make the decision on this matter!” Lady Wang was so angry that her face was ashen. “Hurry up and come over!”

“Are you willing to apologize?” Nian Yue turned around and asked Wang Zhizhi.

“No.” Wang Zhizhi refused firmly. “His hospitalization is his punishment!”

“You!”

Lady Wang did not expect her attitude to be so firm. She was so angry that her forehead twitched as she instructed the bodyguard at the side, “Bring her away!”

She would do it by force!

“Let’s see who dares!”

The girl who had been sitting on the sofa suddenly turned solemn as she looked at Madam Wang. Her aura was too strong.

“Don’t be so shameless!” Madam Wang was furious. “I’ll bring Wang Zhizhi over. It’s not like you can stop me!”

“Is this how Lady Wang is raised? How can she say such vulgar words?” Nian Yue sneered. “The victim was Wang Zhizhi, and the perpetrator was of a certain standard. You’ve been so biased that you want Zhizhi to

apologize and forget her priorities. How did you survive after living for so many years?!”

“You...”

“Or is it that in your eyes, besides money, everything else can be moved aside? If she was your biological daughter, would you still be able to make her apologize without batting an eyelid?” Nian Yue’s voice was cold,

but her words hit the nail on the head.

Even Lady Wang could not respond to her retort.

“Madam...”

The other two bodyguards hurriedly went to help her. Madam Wang was so angry that her eyes turned black. She pointed at Nian Yue and could not speak for a long time.

“Let’s go!”

Lady Wang glared fiercely at Nian Yue and left angrily.

The room returned to silence. Wang Zhizhi wanted to say something but hesitated. “Nian Yue, I’m sorry...”

Ever since Nian Yue assaulted Cheng Du, Father Wang had already called her a few times, but she rejected all of them.

She did not expect Lady Wang to come personally today.

“You don’t have to apologize.” Nian Yue rubbed her temples. “Cheng Du deserves to be punished. You’re very brave.”

At the very least, she did not bow to Lady Wang’s pressure. This was a huge step for her.

“Yes.” This was the first time Nian Yue had praised her and she felt a little embarrassed.

“Let’s go back and have a good rest.” Nian Yue stood up and rubbed her hair.

Wang Zhizhi followed her out.

*

In an underground interrogation room, Lu Yong was sitting by the surveillance camera, looking at the big screen with a worried expression.

Nian Yue only told him to bring him over for interrogation, but that person's jaw had already been removed. He used all kinds of methods but could not make that person speak.

After being a soldier for so many years, this was the first time he had encountered a criminal who could not open his mouth.

"Officer Lu, Young Master Fu is here." Someone ran over to report.

Upon hearing this, the officer quivered and hurriedly stood up. As expected, he saw a man in black standing there for an unknown period of time.

Fu Xiuyuan was travel-worn, and his handsome face was as unfriendly as ever. When he walked in, even the air seemed to have turned a few degrees colder.

"Young Master Fu..."

When Officer Lu saw him, he consciously moved aside.

This man's aura was too strong, making people subconsciously obey.

"He's not dead yet?" Fu Xiuyuan raised his eyebrows, his eyes showing some impatience.

"No, Miss Nian said not to kill him..." Lu Yong reported in detail.

Even he himself probably did not realize that he had subconsciously addressed Nian Yue respectfully.

Fu Xiuyuan looked at the man coldly through the glass.

He had always been extremely cold, but his elegance could not be concealed.

The moment his eyes landed on the man, the man's face was filled with fear. However, he could not say a word. He could only scream non-stop, each time louder than the last.

"Open the door."

Fu Xiuyuan said coldly and walked in.

The man was tied to the chair. Because the light had been on for too long, his body was already drenched in cold sweat.

But the moment he saw Fu Xiuyuan, fear emanated from his bones.

"Mmm..."

The man kept shaking his head. He even wanted to break free from the restraints on his body and run out, but he was kicked in the calf by Lu Yong. "Behave yourself!"

"These should be Blood Wolf's men. We only found a piece of paper from him..." Lu Yong brought the piece of paper over. Fu Xiuyuan glanced at it, and his eyes instantly became as deep as ink.

He pinched his chin. With a forceful tug, there was a loud crack and the man's chin returned to its original position.

"I don't know anything..." The moment his chin was re-attached, the man hurriedly begged for mercy.

This man in front of him had a face as cold as jade and had an air of nobility. However, only those who had seen his methods knew what kind of person he was in private!

Chapter 87 A Bewitching Power

“Are you so stubborn?”

The corners of Fu Xiuyuan’s lips curled up slightly. He flipped the A4 paper in his hand a few times, and a faint yellow glow surrounded it before it was lit!

The fiery red flames made his face flicker, but his deep eyes were suffocating.

Fu Xiuyuan slowly walked closer to him, pinched his chin to open his mouth before stuffing the flame inside!

The man’s eyes were filled with fear. He hurriedly wanted to spit it out, but with Fu Xiuyuan grabbing his chin, he was not able to move at all!

The moment the flame entered his mouth, the man felt as if his body was being roasted over the fire!

It was boiling hot...

The sharp pain spread throughout his body, and the man’s face twisted in pain!

It hurt too much...

His entire body felt like it was being set on fire!

“Abhh...”

The man finally couldn’t take it anymore and screamed in pain!

His voice was filled with fear!

Lu Yong, who was watching from the side, was trembling with fear. He knew that Fu Xiuyuan was different from ordinary people, but this was the first time he saw Fu Xiuyuan interrogate someone. He couldn't help but

have goosebumps on his back.

"I'll tell you..."

The man rolled on the ground a few times. The pain was so intense that he could only breathe.

When the aloof and handsome man heard him, he took a wet tissue and wiped his fingers slowly, his eyes as deep as ever.

"From the Blood Wolf?" Fu Xiuyuan raised his eyebrows and asked.

When the man heard his question, a conflicted expression flashed across his face. In the end, he gritted his teeth and nodded. "Yes."

"Why did you look for her?" Fu Xiuyuan leaned on the table, no one could understand the deep meaning in his eyes.

"To take something from her..." the man said, panting.

"Blood?" Fu Xiuyuan continued asking.

"Yes..." The man nodded with difficulty.

Because he had been tortured for too long, his face was so twisted that it was almost impossible to see his expression.

"This is the first time I've seen someone trying to take blood..." Fu Xiuyuan thought of something and smiled.

His cold face became magnificent.

“Blood Wolf has been getting more and more unreasonable these few years. As long as they pay, they are willing to do all kinds of transactions.” Lu Yong said at the side, “It’s normal for them to want to take Miss Nian’s blood.”

After all, those people never took the normal path. Who knew whose business they took on?

“Keep an eye on him and don’t kill him,” Fu Xiuyuan instructed coldly, his slender figure already leaving.

However, there was a hint of bleakness in his figure.

*

Nian Yue parked the car by the side of the road. When she got down with her car keys, she saw a black Lamborghini parked downstairs. The car window was opened, revealing a cold profile.

His slender fingers were still holding a cigarette. The smoke made it difficult to see the person’s face.

His usually dark eyes were slightly closed, as if he had fallen asleep.

He was wearing a black windbreaker and a white shirt underneath. Because it was too hot, two of the buttons had been undone, revealing his exquisite collarbone.

This was the first time Nian Yue had observed this man.

When she first saw this man, his face was too striking and she could not help but take a few more glances.

After a long time, she was still drawn to this face.

Taking a look at the time, it was already 9 pm. Nian Yue recalled that he had said that he would be going back to the capital the previous time. Why was he here again?

She was about to walk over when she unintentionally met that pair of deep eyes. Nian Yue was stunned for a moment.

Fu Xiuyuan extinguished the cigarette in his hand and threw it into the ashtray before asking, "Have you eaten?"

His voice was mixed with fatigue.

Seeing that Nian Yue did not reply, Fu Xiuyuan continued, "Come on, I'll treat you to a meal."

Nian Yue was indeed a little hungry. She got into the front passenger seat.

The black Lamborghini drove along the road. There was still a little smoke in the car, but it was not choking.

Nian Yue leaned against the seat. She looked a little cold, but there was an arrogant laziness about her.

She supported her forehead with one hand. The cuffs of her black shirt were undone, revealing her slender and fair wrist. That wrist was too slender, as if it could be broken with a little force.

She was typing with one hand when Lu Yong sent her a message.

"Miss Nian, that person has confessed. He's sent by the Blood Wolf and wants to take your blood."

Blood Wolf?

Nian Yue thought about this word carefully. She had not investigated this organization much on the internet.

Blood Wolf's men usually operated around the borders. Why were there so many people here this time? Was it just to look for her?

Nian Yue rubbed her forehead and asked Fu Xiuyuan, "Do you have a computer?"

Cell phones in this era were just communication tools. There were many functions that she could not use.

“Take this.”

Fu Xiuyuan casually took a small notebook from the back seat. Nian Yue took it and turned on the computer, already typing on it.

The car stopped at the junction.

The aloof girl frowned slightly and was staring at the computer screen without blinking. Her jade-like side profile was pale.

Fu Xiuyuan’s eyes were deep. After a long while, the corners of his lips twitched and even the low pressure on his body disappeared.

When they arrived, Nian Yue had just found what she wanted when her slender and fair wrist was suddenly grabbed by someone. Nian Yue suddenly looked up and when she saw that it was Fu Xiuyuan, her expression

softened.

“We’re here. We’ll take a look later. Yes?”

The last word was mixed with gentleness and affection.

His palm was boiling hot and there was a layer of calluses on his fingers.

“Okay.” Nian Yue closed her computer and followed him out of the car.

In her previous life, she was focused on rising to the top. She did not have the spare time to think about affairs of the heart..

In just a moment, Nian Yue had already forgotten what she had felt just now.

The two of them came to the largest restaurant in Jiang City. Fu Xiuyuan had already reserved a spot while on the road. When they reached the restaurant, a waiter had already approached them to guide them to their seat.

When they reached the private room, Nian Yue sat beside Fu Xiuyuan.

Fu Xiuyuan took the menu and handed it to her. "What would you like to eat?"

Nian Yue did not stand on ceremony and ordered a few dishes. Fu Xiuyuan passed the menu to the waiter, who went away and served the food after a while.

Nian Yue's appetite was average. To her, the food in this world was only good for her stomach.

The private room was so quiet that only the sound of her moving her chopsticks could be heard. Nian Yue picked up a piece of fish in front of her and heard the man opposite her say, "Do you like fish?"

"It's not too bad." Nian Yue took a bite. She was picky and would only choose what she liked when she had a choice.

She had exerted too much energy today. Nian Yue only put down her chopsticks after eating three bowls of rice. When she raised her head, she saw that the man was playing with his small black phone, and his expression could not be seen.

"You fought with Blood Wolf's men today?" Fu Xiuyuan looked up and asked.

"Mm." Nian Yue nodded. Since Fu Xiuyuan had spoken, she had no intention of hiding anything. "Lu Yong said that you interrogated him?"

"Yes." Fu Xiuyuan nodded. "They're from the Blood Wolf. They want to take your blood..."

“The blood in my body...” Nian Yue rubbed her temples with a headache. “What’s the use of them taking my blood?”

“It should be related to your ability,” Fu Xiuyuan said calmly. “You’re an Esper. Maybe someone wants to study your ability and find a breakthrough to mass produce it.”

From his tone and accent, he seemed to have known about her supernatural powers for a long time.

“I’ve seen you use your powers during the banquet,” Fu Xiuyuan explained calmly.

“Aren’t you curious?” Nian Yue crossed her arms and her eyes turned cold.

At that time, she was only floating in the air. At that time, there were few people and the backyard was a blind spot for surveillance cameras. That was the reason why she dared to use that ability without any fear.

“LT have it too...”

Fu Xiuyuan raised his hand slightly. There was already a faint blue flame in his palm. That light blue flame had a faint yellow glow inside.

Nian Yue’s eyes became darker and darker as she stared at the flame.

In just a moment, Nian Yue’s eyes regained clarity.

“This is...”

She had never seen Fu Xiuyuan’s ability in the post-apocalyptic world.

Even when she came to this world, she did not sense any supernatural power from him.

“Controlling Power.”

“Manipulating people’s hearts...” Nian Yue’s eyes turned slightly cold. This kind of ability, be it in the post-apocalyptic world or the modern world, was well-regarded by the higher-ups.

Should she get him on her side or kill him...

It was only when she returned home that Fu Xiuyuan reached out to rub his temples, his eyes a little deep.

His phone rang. It was a call from Jiang Jincheng. “You asked me to check on Blood Wolf today... They seem to have come for a purpose.

“I know.”

“Blood Wolf has started transferring to another territory in the past two months. His first base is Jiang City. The ones who came to attack that girl today are only the tip of the iceberg. I’m afraid there will be more

later.” Jiang Jincheng’s voice was a little puzzled. “Tell me, Li Shu and Nian Chaoyu’s blood are both in the gene bank. Why do these people want her blood? Could it be that they’re afraid that she’ll mutate?”

Fu Xiuyuan’s eyes turned cold. “Let Liang Yue bring her people over these few days...”

“That girl hasn’t seen you for a long time...” Jiang Jincheng said, “She happens to be shooting in Jiang City these few days...”.

Chapter 88 Your People are not Good Enough!

The weather was getting colder and colder. It had been raining for the past few days, and the trees on the street had already turned from green to yellow and scattered all over the ground.

The students in the classroom were still sleeping. The aloof girl was leaning against the wall, resting with her eyes closed. The weather was a little cold, and she wore an extra jacket, making her face look even paler.

After about five minutes, those eyes suddenly opened.

Nian Yue took out her phone and glanced at the time.

A message popped up on the screen.

{Liang Yue Appears in Jiang City! The new drama will be filmed in Jiang City!}

Nian Yue was not interested and casually swiped the message.

Wang Zhizhi turned around and said, "Yue Yue, my mother said that she would like to invite you to my house for dinner today."

"Why?"

"My mother's health has been improving, and she's been fine for the past few days." Wang Zhizhi turned around and asked, "Besides, we wanted to thank you for your help the last time."

She was referring to the debt of 500,000 dollars.

"Okay." Nian Yue agreed readily. The three of them slowly packed their bags after school.

The Lin family's chauffeur had been waiting at the school gate for a long time. When he saw the trio coming out, he opened the car and said, "Miss Nian."

His tone was mixed with respect.

Nian Yue nodded and sat in the back seat with Wang Zhizhi.

Lin Nan sat in the front passenger seat and looked at the person in the rearview mirror. Nian Yue was leaning against the seat with her eyes closed. She had her arms crossed and her head straightened.

Although she was usually wild and unrestrained, the strict self-discipline in her bones would still surface from time to time.

Confusion flashed across Lin Nan's eyes. He did not know if it was his imagination, but he felt that Nian Yue was sometimes terrifyingly disciplined.

In the car, it was terrifyingly quiet. Wang Zhizhi was playing games with her head lowered and on silent mode.

With a clang, the car's tail was hit from behind. The driver suddenly stepped on the brakes, but due to the inertia, Wang Zhizhi hit the back of the driver's seat.

"Sorry, Miss Wang, I've given you a shock." The chauffeur looked apologetic as he opened the car door and got out.

Behind her was a white Lamborghini. The chauffeur went down to negotiate.

Liang Yue was messaging from the back seat. Because of the inertia of the car, her face did not look too good.

In front of them was a black Maybach, which Liang Yue saw immediately.

If it were an ordinary person, they might not even understand the model. 62S commanded the highest price in Jiang City. In the capital, however, it was not enough to catch one's eye.

The two drivers discussed for a long time. Liang Yue was a little impatient. When she looked up, she saw a young girl dressed in black getting out of the car in front.

She was wearing a black coat, and her hair was casually tied into a bun. Her well-defined fingers were holding the umbrella, and her expression could not be seen.

Only her eyes were extremely cold.

For a moment, she thought of that person.

Liang Yue felt frustrated for no reason.

Although she eventually made way, she could not hide the arrogance in her voice.

Lin Nan was in a hurry, so he didn't wait for the insurance company to arrive. He asked them to leave his contact details and drove away.

"Miss, Director Shen is calling to rush us," the chauffeur in front reminded her carefully.

"Mm." Liang Yue's voice was extremely faint. She was talented in acting and had acted in several movies even when she was still in high school. She had received awards for almost every movie.

This next shoot only involved a few stunts. They had agreed to find a substitute.

However, Director Shen liked to strive for perfection. The effect of having substitutes did not feel right. He told her a few times to come over and retake them.

Liang Yue pushed aside the matters at hand and came over.

Lin Nan was a little helpless when he got into the car. When he came back, he said to Nian Yue, "Did you see who was in the back seat just now?"

"Who?"

“Liang Yue.” Lin Nan rubbed his hair. “Two days ago, on social media, it was said that she was coming back to reshoot some scenes...”

“Mmm.” Nian Yue’s voice was not very warm.

“Don’t you girls all like her? Her acting is good, she’s beautiful... and she comes from a good family...” Lin Nan said, confused.

The situation in the entertainment circle had changed in the past two years.

Underdogs who went from rags to riches could no longer gain the favor of the public. Instead, they preferred to see rich kids with good family backgrounds do well in the entertainment circle.

“That’s right, Yue Yue. I saw Liang Yue’s screen saver on your phone a few days ago...” Wang Zhizhi was excited. “If only I could get her autograph...”

“That was the default screen saver.” Nian Yue’s voice was light.

She did not even know who Liang Yue was.

Lin Nan and Wang Zhizhi were still discussing Liang Yue. Nian Yue was not interested and turned on her phone to start a game.

The car arrived at Wang Zhizhi’s residential area. The three of them got out of the car and followed Wang Zhizhi upstairs.

The district that Madam Wang lived in was in the fourth ring of Jiang City. In the past few years, Jiang City had been developing its economy. The economic development zone was in the East District, but the West

District was extremely quiet.

Wang Zhizhi opened the door and the three of them entered. Madam Wang was busy in the kitchen. When she saw the three of them, she was very happy. "You guys are here... Go play in Zhizhi's room. I'll cook for you

first..."

The two of them greeted Madam Wang and entered Wang Zhizhi's room.

Wang Zhizhi had entered the top 20 of the class the last time and Lin Nan had taken the chance to tutor her.

On the other hand, Nian Yue was leaning on the sofa, slowly swiping her phone.

On the phone was the update Manager Zhao had sent over. As they had undergone a new test and draft, it would take at least three months before they could run another test.

However, the first batch of trial players would be produced next month.

Nian Yue replied with a few messages, increasing some values by a few points.

Manager Zhao sent a message with some disapproval.

"If we don't meet the physical indicator of playing games, rashly increasing the value might cause danger to the player."

Nian Yue's physical attributes were too outstanding. Their maximum value was not enough on Nian Yue. However, they were producing for ordinary players who were merely chasing joy and excitement.

"No."

These two words were mixed with an inexplicable confidence that made one subconsciously submit.

How could someone who could draw such a structure be an ordinary person?

Nian Yue kept her phone and walked to the window. The wind blew and there was a faint smell of blood.

Nian Yue narrowed her eyes and had one hand in her pocket. There was a hint of coldness on her face.

It looked like some people were already unable to hold it in.

Waiting for death was not her style.

It had only been three days, but those people were already beginning to stir.

Nian Yue narrowed her eyes and her aura turned cold.

Even the air dropped a few degrees.

Madam Wang knocked on the door and beckoned them to eat.

“Yue Yue, eat more. A girl can’t always lose weight.” Madam Wang put a few pieces of meat into her bowl.

“Thank you.” Nian Yue’s lips twitched and the coldness in her eyes faded.

After dinner, Lin Nan went to wash the dishes with Wang Zhizhi. Madam Wang sat on the sofa and chatted with Nian Yue.

“Auntie, look at me,” Nian Yue said. Her cold eyes seemed to have a mist as they guided people to do as she said subconsciously.

Madam Wang’s pupils dilated and she fell asleep.

Nian Yue raised her hand slightly and the various indicators of Madam Wang’s health appeared clearly in front of her eyes.

Her medicine had been activity and all her vital signs were back to normal.

Her phone rang with a simple address.

Nian Yue stood up and said to the people in the kitchen before leaving.

By the time Lin Nan and Wang Zhizhi came out, Nian Yue had already disappeared from the living room. Only Madam Wang opened her eyes groggily. “Has Yue Yue left?”

“Yes, she had something to do and left first,” Lin Nan nodded and replied.

After following Nian Yue for so long, he naturally knew Nian Yue’s habit of disappearing from time to time.

When Nian Yue reached downstairs, she casually hailed a taxi and was already heading towards her destination.

The driver wanted to stop her from going to such a remote place at this hour, but he accidentally saw the aloof girl leaning against the seat from the rearview mirror. Her face was extremely cold.

Subconsciously, the taxi driver didn't make a sound and drove towards her destination.

When the car reached the destination, Nian Yue got out of the car and saw the black Lamborghini.

Nian Yue unzipped her pants casually, revealing her camouflage shirt. With one hand in her pocket, she walked over.

"Why are you here?" Nian Yue raised her eyebrows.

When Fu Xiuyuan messaged her, she thought that he wouldn't come over.

"Come on in." Fu Xiuyuan's voice was light as he passed something to her. "This is the Blood Wolf's trajectory map. There are more sentries..."

Nian Yue received it. It was almost filled with sentries.

Initially, they thought that Blood Wolf had just arrived in Jiang City recently. However, when they saw the layout, it was obvious that he had been here for a long time.

Nian Yue opened the document beside her. There were only a few lines of words on it.

The leader of the Blood Wolf.

An overseas assassin.

He was good at close combat and concealment.

Nian Yue narrowed her eyes. Close combat?

After a long while, her lips curled up into a faint smile, but it was mixed with mockery.

When they arrived at the base, Nian Yue put down her phone. When she got out of the car, she saw that the officer was already waiting there.

This time, they were people brought over by Officer Lu. There were a few special forces following behind.

Coincidentally, there was Zheng Yuan, who had almost been shot by Nian Yue the previous time.

Upon seeing her, Zheng Yuan's expression immediately darkened. "Boss, why did you let her come over?"

This girl was lawless and unrestrained. He still remembered clearly the previous time he suffered a huge loss at her hands.

When the girl heard this, she finally looked up and glanced at him. That glance was very faint but it was extremely lethal.

"Miss Nian." Lu Yong walked over respectfully. "These few people were specially transferred from the team. Their combat ability and analytical ability are top-notch."

"Your people?" Nian Yue looked up and swept her cold gaze across the few of them. She spat out a few words calmly. "Not qualified."

These words were arrogant and arrogant!

These people were all transferred from the special forces in the Imperial Capital. They usually listened to the orders of the highest commander and were snapped up by others wherever they went.

However, in her eyes, they were not qualified enough..

Chapter 89 Meeting Mo Yi Again

Zheng Yuan was so angry that his face turned ashen. This person was really arrogant!

He had underestimated his enemy the previous time he was defeated by this girl. However, the people standing in front of her were the most elite troops in the country!

With just a few of them, any one of them could become a target that others would fight over!

“Lu Yong, bring these two in. There’s no need for anything else.” Nian Yue had one hand in her pocket. Her voice was light and she did not plan to waste any time on this matter. She turned to Fu Xiuyuan and said,

“Wait outside.”

After hearing her words, Lu Yong was the most incredulous. When had the man who stood at the top of the pyramid ever listened to orders?

However, Fu Xiuyuan nodded after hearing her words. “Okay.”

Lu Yong felt like his worldview had collapsed. But now was not the time to think about this.

“Let’s go.” Nian Yue had one hand in her pocket and walked in.

They reached the front of an old and abandoned warehouse. There were many sentries and the few of them followed Nian Yue in.

It was still the periphery and her surroundings were pitch black. The aloof girl had one hand in her pocket, as if the surroundings had no effect on her.

“Who are you guys going to catch this time?” Nian Yue raised her eyebrows and asked.

“Blood Wolf.” Lu Yong lowered his voice. “Jiang City hasn’t been peaceful these few days. An official died two days ago. He was killed by Blood Wolf.”

Since Blood Wolf could enter Jiang City, there would be many obstacles on the way.

However, he was able to enter unscathed and carry out a mission. This meant that there was someone protecting him.

“Listen to my orders.” Nian Yue narrowed her eyes. “The Blood Wolf is mine. As for the rest, do as you wish.”

Almost as soon as Nian Yue finished speaking, she flipped over and arrived at the warehouse. She casually took a stone from the side and threw it at the switch!

The dark warehouse instantly lit up!

“Doesn’t she know that it’s more convenient to operate in the dark?!” Zheng Yuan was furious, but when he saw the mechanism in front of him, his face turned pale. He could not say a word!

It was because there were many infrared lines at his feet!

If Nian Yue had not turned on the lights just now, they would have been discovered.

“Three people, one to each direction.” Nian Yue casually pointed in three directions. “Five minutes.”

Almost as soon as she finished speaking, she had already disappeared around the corner.

Since she had easily drawn the bomb map, Lu Yong knew that she was not simple.

Thinking of this, Lu Yong said to the other two, “She drew the layout of the bomb within five minutes last time. So, don’t doubt her!”

No one in their team could have such logical thinking!

The other two men’s eyes were filled with shock, but this was not the time to be shocked. The two of them had already quickly separated in following her orders.

Nian Yue narrowed her eyes. She could not be more familiar with the huge warehouse. She could evade the original control mechanism with every move.

Her memory was extremely good. During the time she was in the car, the map of the entire warehouse had already been deeply imprinted in her mind.

Nian Yue narrowed her eyes as she walked to the nearest door. She casually picked up the stone on the ground and threw it at the switch.

She was using all her skills. After the switch was hit by the stone, the thick metal door opened.

The moment the metal door opened, a cold palm attacked her!

Nian Yue narrowed her eyes and dodged that person’s attack. Then, she kicked him!

Her speed was fast and ruthless. The man was kicked ten meters away and fell to the ground. His vision went dark and he fainted!

Clap clap clap...

The sound of clapping came from inside. There was an inexplicable sense of danger approaching. Nian Yue subconsciously looked up.

Mo Yi!

The owner of the mercenary group!

“It’s been a long time since we’ve seen the young lady in her school uniform...” When Mo Yi saw her, his phoenix eyes narrowed slightly and a mesmerizing smile appeared on his face.

In the blink of an eye, he was already in front of Nian Yue. He reached out to grab her wrist. “Let me see if the young lady has improved.”

His attack was extremely fast. Just as he was about to touch Nian Yue’s wrist, Nian Yue flipped behind him and grabbed his wrist first!

Mo Yi did not lag behind either. His other hand quickly grabbed her wrist. Both of them were extremely fast and had great strength. Nian Yue had no doubt that he had used the strength to break her bones!

“Are you going to interfere too?” Nian Yue’s voice became colder.

“How do you think Blood Wolf managed to get to Jiang City?” Mo Yi narrowed his eyes. “I’ll protect whoever offers the highest price...”

Mercenary corps existed outside the various countries. Regardless of whether the employer was good or bad, as long as they could afford the price, they would definitely do it!

In their eyes, there was no good or bad, only the price!

“Who hired you?” Nian Yue’s eyes turned even colder.

She did not expect that Mo Yi would be involved in the matter regarding Blood Wolf.

Judging from his posture, he had been waiting here for a long time.

“If you want to know about this, I’m afraid you’ll have to wait a little longer... Or...” Mo Yi lowered his voice, and the gentleness in his tone could melt water.” You can follow me into the mercenary group, and the

position of the captain's wife is yours..."

His eyes were as cold as his voice was gentle.

Their faces were extremely close to one another. From the outside, it looked like they were a couple whispering to each other.

However, only Nian Yue knew the strength of the bloodthirsty aura he had about him.

"Ha..." Nian Yue's lips curled up slightly as she quickly released Mo Yi.

The two of them let go of each other almost at the same time. Nian Yue had one hand in her pocket and her eyes were filled with unruly emotions.

"That will depend on whether you have the ability or not."

By the time Nian Yue finished speaking, the two of them had already started fighting.

In the previous fight two months ago, both of them had used their superpowers. However, this time, Nian Yue could clearly feel that his superpower was stronger!

Until now, she still could not sense which power he had!

This man did not play by the rules. He was bloodthirsty and cold. His supernatural power was extremely high. To be able to become the regiment commander, he had many tricks up his sleeve!

Nian Yue would not be careless. The place where the two of them fought was barren!

The chandelier above him flickered and the things around him began to float. Nian Yue punched him. In the past month, she had been using the virtual system to improve her physical fitness. Compared to when she

first arrived, her physical fitness had already increased by more than one grade!

Mo Yi quickly dodged and turned around to kick her!

The two of them were extremely fast and ruthless.

Their fists collided and both of them took two steps back at the same time. The smile on Mo Yi's face did not stop. "Little girl, you've improved quite quickly."

Nian Yue stood still, but her hand did not stop moving. A small silver pistol was already in her hand, and she pointed it at Mo Yi. "I don't know if my improvement is fast or not, but I know that you will die very quickly!".
