

never divorce 1071

Chapter 1071: Lan Ruoshui's provocation 1

"Good News?" Ru Yu's interest was piqued. She couldn't help but look at her with a mocking gaze.

"What good news? Could it be that you and Jin Zhengnan have discussed that you're going to move back to your hometown to live as cowherd and weaver girls, so you're prepared to give all of Jin Zhengnan's assets in Seoul to me?"

An awkward expression immediately appeared on Lan Ruoshui's face. However, she, who had always been thick-skinned and prided herself on having a strong endurance, was now still pretending to smile at ru Yu. "Ru Yu, look at you. You're still as fond of telling jokes as before."

Ru Yu frowned. Was she telling jokes?

Meanwhile, Lan Ruoshui did not seem to understand ru Yu's expression. She took out a red invitation card from her SATCHEL. A beautifully designed invitation card was handed to ru Yu. "Ru Yu, Zhengnan and I are getting engaged on the 16th of this month. That's a week later, at the Chinese restaurant on the second floor of the Lily Hotel. Jenny and I hope that you can come to our engagement party. Your blessing will be our best gift."

Lan Ruoshui's voice was gentle and gentle with incomparable sincerity. The expression on her face was as innocent and innocent as before. It was as if there had never been anything between ru Yu and Jin Zhengnan. It was as if she and Jin Zhengnan were in a free relationship. Now, she was merely inviting her good friend to her engagement party.

Ru Yu looked at the big red invitation with a big double wedding on it. After a burst of pain in her heart, her heart rapidly surged with raging anger.

The fists under her sleeves, which had been tightly clenched, were now tightly clenched and controlled. She was really afraid that she would not be able to hold it in for a moment, and then she would punch this woman's head until it was bleeding.

She took a deep breath and forcefully suppressed the burning flame in her heart. Then, she gritted her teeth and spat out each word, "Miss Lan, I'm sorry. I've already said that you're not among my friends. I've never gone to a stranger's wedding banquet."

Lan Ruoshui's extremely awkward face turned red and white after ru Yu's words. However, the red and white exchange only lasted for a moment and returned to normal after a few seconds.

She still looked at ru Yu with an extremely pure and sincere gaze. Then, she said with an extremely gentle and sincere voice, "Ru Yu, we've known each other for a few years. During these few years, I've always treated you as my best friend. Friendship is great, but love is selfish. Now, you're the one who gave up on your own accord. Of course, I'm also very grateful for your help. Moreover, I hope that our friendship will not disappear because of other reasons. I hope that we can continue to be good friends, good friends for life."

Lan Ruoshui's words were extremely sincere, and her expression was filled with anticipation. She was a woman who did not care about past grudges and came to ask for forgiveness from her former good friend. Moreover.. Her words had always emphasized that she would not give up on her deep friendship with ru Yu for external reasons.

Ru Yu looked at the woman standing in front of her, looking at this woman whose face was filled with incomparable sincerity and innocence She really had the urge to reach out and tear this face apart to see what kind of true colors were underneath the skin.

Of course, she did not do this because she was a famous painter, che Ru Yu. Moreover, many people in this building knew her, especially the front desk and security guards. They were also looking in her direction from not far away.

Chapter 1072: a room full of white roses

In such a public place, she couldn't do anything that would be beneath her dignity just because of this woman who had a heart like a snake's, because it wasn't worth it at all.

Moreover, the purpose of this woman coming here was probably not only to show off the happiness that she had snatched from her, but also to challenge her patience, right Perhaps she wanted her to do something indecent in public.

Unfortunately, not only could she draw, but she could also see her purpose. Of course, she wouldn't let her get what she wanted, so she looked at the invitation in her hand Then she said coldly, "Miss Lan, now I'll give you two options. First, I'll accept your invitation and go to your engagement party. However, at the engagement party, I'll definitely go to the stage and announce to the guests the fact that you and Jin Zhengnan have been deceiving me for the past few years. "

Lan Ruoshui's face instantly turned the color of a pig's liver. She could not help but shout in a low voice, "Ru Yu, why are you doing this? If that's the case, won't you also be very embarrassed? "

"Second, you take this disgusting invitation of Yours and go back to where you came from. Don't appear in front of me. " Ru Yu directly ignored what Lan Ruoshui said. She was not embarrassed, she naturally knew what to do.

Lan Ruoshui looked at the face of Che Ruyu that she had already thrown caution to the wind. She finally bit her lips tightly and turned around. However, the moment she turned around, she turned around again, wanting to say something.

Unfortunately, ru Yu had already stepped into the elevator that was about to close again. When Lan Ruoshui turned around, the elevator door just closed. The words that she had not said could only roll back into her stomach.

Ru Yu stepped into the elevator and let out a long sigh of relief. Fortunately, there were only three people in the elevator. One of them was a delivery man. He had probably just arrived and there was still sweat on his forehead. The other one was reading a book with his head down. He probably did not have any gossipy cells.

She thought of Lan Ruoshui's pig-liver-colored face just now and her mood could not help but improve. Therefore, when the elevator door opened, she immediately walked towards her studio with a happy mood.

However, when she stepped into the studio and pushed open her office, she was completely stunned. This was because she never dreamed that her office would be filled with white roses at this time.

Oh my God, white roses were the most expensive of all roses. It was said that they were much more expensive than the golden-red champagne rose and the blue enchantress.

Ru Yu first thought of Lei Zhenyu, but she immediately denied it in her heart. Lei Zhenyu was a lawyer, and lawyers were usually more inflexible. One Nail and one eye. They did not understand romance at all.

Well, if it was not Lei Zhenyu, she really could not remember who it was because she and Jin Zhengnan were divorced. Besides Lei Zhenyu and Jin Zhengnan, no other man seemed to be particularly close to her.

She could not help but feel puzzled, so she slowly walked forward. Fortunately, there was a red card with two hearts leaning against each other in the pile of flowers. It was very eye-catching, so she immediately twirled it with her hand.

After reading the card, she could not help but pat her head. Zheng Junji, she remembered now. Wasn't he the man who lit a cigarette with a match that she met in the corridor outside the washroom when she attended minister Song's Mother's birthday party last night?

She did not remember telling him her name. At that time, he only asked if she wanted a cigarette, but she just turned around and walked away?

Chapter 1073, the faint blue color in her memory

Cui Jingying came over and looked at her troubled face. She smiled bitterly and said, "it was delivered early in the morning. I called you in the morning and turned off your phone. Now that you're here, let's see how to deal with all these flowers, shall we?"

"Get someone to send them to the flower shop. Sell them at a price lower than the price of the flower shop's stock. Then, you can treat the studio staff to a barbecue tonight with this money. Consider it my reward to everyone." Ru Yu calmly dealt with the flowers.

Cui Jingying accepted the order and immediately called two staff members to move the flowers out. Ru Yu looked at the restored studio and finally let out a long sigh. She walked in and flicked the red card with her finger. She threw it into the trash can.

She thought she should draw something this afternoon. However, she picked up the brush and looked at the blank canvas. She didn't know where to start for a long time. She randomly drew a few strokes, but she couldn't stand it anymore. She simply tore it off and rolled it into a ball before throwing it away.

After two hours of doing this, she finally threw the brush in her hand away. Then, she fell down on the sofa and narrowed her eyes slightly. The sparkling white match stick from last night, the faint blue

flame, and the red light that passed through her fingers.. As well as the white roses that filled the room today, she could not calm down at all.

She admitted that it was all because of that damned match, that damned faint blue flame, and that damned white rose that made people extremely angry just by looking at it. All of them had pulled her back to the past that she should not have recalled.

In the past four years, those bits and pieces of memories that could not be extinguished had actually already fused into her bone marrow. They had not really separated because of the divorce.

She knew that Zheng Junji was not the person who attracted her at all. Because the light in the corridor last night was particularly dim, she actually did not see Zheng Junji's appearance clearly.

However, the way he struck the match, the way he lit the cigarette, and especially the way he used his hands to hold the flame, they were all extremely similar to Jin Zhengnan.

She massaged her forehead with her hands. Jin Zhengnan, that damned, damned, and damned man, why was he still in her mind? Why couldn't he get rid of him no matter how hard she tried?

She didn't know how long she had been sitting on the SOFA, but the sound of a text message from her phone woke her up. She couldn't help but take out her phone from her bag and press the button: Ru Yu, do you want me to pick you up after work?

She quickly rejected the text message, saying that she wanted to go back to her father's place after work. No matter what, she still had to go back and inform Che Qixuan about her and Lei Zhenyu's marriage.

After replying to the message, she drank a mouthful of cold coffee and could no longer sit down. Hence, she took her bag and went downstairs, preparing to go back to her father's house as soon as possible.

However, when she walked out of the building and just arrived at the parking lot on the road, she was shocked to find that there was a Ferrari convertible sports car parked beside her car. Zheng Junji was leaning against the door of the sports car, wearing a simple casual shirt and a pair of fitted jeans. With a devilish smile on his face, he seemed to have become Leng Rong.

Even though the lights were dim last night and she could not see Zheng Junji clearly, when she saw this man today, she still knew that it was the same Zheng Junji from last night. However, looking at this Zheng Junji today, he seemed to be very young, probably not even twenty-five years old.

Ru Yu directly ignored his existence and directly used the key to open the car door to get into the car. Zheng Junji immediately ran over and grabbed her sleeve with his hand, shouting like a child, "ru Yu, I'll treat you to a meal."

Chapter 1074

"Sir, I don't think I'm familiar with you, right?" Ru Yu's tone was indifferent and distant. She was not familiar with the man whom she had only met once last night to the point of wanting to have dinner with him.

“I’m not familiar with him,” Zheng Junji was also very honest. Then, he glibly said, “isn’t there an old saying? Once unfamiliar, twice familiar. Last night was the first time we met. Today is the second time we’ve met. We’re familiar.”

Ru Yu held back the funny feeling in her heart. She had never been interested in glib-tongued men. Although this man looked very flirtatious, she was indeed not in the mood to tease him at this moment.

Just as she was about to refuse, she raised her head and saw a beautiful couple walking over from the entrance of the building. The man was naturally Jin Zhengnan, whom she used to be very familiar with, and the woman was Lan Ruoshui, who had come to talk about friendship with her in the afternoon.

Looking at the gentle smile on Jin Zhengnan’s face, watching him carefully support Lan Ruoshui who was wearing high heels with his hands, and reminding her in a low voice.. Then, they carefully walked towards ru Yu and the others with her.

“They are here to try on the wedding dress,” Zheng Junji explained to ru Yu in a low voice. “The everlasting wedding photography on the second floor of Yunheng building is the most famous one in Seoul, and it is also the everlasting flagship store.”

Only then did ru Yu understand why Jin Zhengnan and Lan Ruoshui appeared at the entrance of Yunheng building, where her studio was located. It was because Jin Zhengnan’s company was about three kilometers away from here.

She watched as Jin Zhengnan held Lan Ruoshui’s hand, watched as he carefully helped her hold the hem of the dress that was slightly mopping the floor, and watched as he gently reminded her —

This series of actions had never happened in the three years of marriage between her and Jin Zhengnan. She had never enjoyed it either.

How big was the difference between love and not love If ru Yu did not know it before, she would have completely understood it now.

Jin Zhengnan was a man who had a clear line between love and hate. It could be seen from his actions towards her and Lan Ruoshui. At this moment, the moment he looked up, he saw that her face was already as cold as ice.

The two of them walked past her car with incomparable gentleness. Lan Ruoshui seemed to have only noticed her when she walked to her car. She could not help but reveal a sweet smile and warmly greeted her, “ru Yu, what a coincidence. You’re off work so early?”

What Lan Ruoshui was implying was, ‘ru Yu, it’s not that we want to show off our love in front of you, but you’re the one who came down so early. We’re already very affectionate, there’s no need to show off.’

“Hehehe, what a coincidence.” The person who said this was not ru Yu, but Zheng Junji. He held ru Yu’s hand and walked towards his Ferrari Then, he said to Lan Ruoshui, “Miss Lan, could you please get out of the way? We’re driving to play golf. If you delay any longer, I’m afraid it’ll be too late.”

Ru Yu did not like to be vain. Moreover, she really did not care about a Ferrari. If she liked it, even if she wanted a private jet, Dongfang Mo would not hesitate to buy it for her.

However, right now, in front of this adulterous couple, a white horse suddenly appeared in front of her. It was willing to save her from an embarrassing situation. Of course, she would not be foolish enough to reject it.

Under Lan Ruoshui's red and white alternating awkward expression, she naturally enjoyed Zheng Junji's gentlemanly service. She elegantly got into the car and let Zheng Junji drive the convertible Ferrari out in an extremely wild manner.

Chapter 1075 White Horse 1

"Should we follow them?" Zheng Junji asked Ru Yu, who was sitting in the passenger seat, while driving. Seeing that she did not respond for a long time, he could not help but shake his hand in front of her. "What are you thinking about? I'm asking you a question. Should we follow them?"

Follow them Ru Yu was slightly stunned. She looked forward and realized that Zheng Junji's car was actually Jin Zhengnan's car.

She frowned slightly and said indifferently, "No, why do you follow them? I'm not that bored."

"I'll listen to you," Zheng Junji replied and quickly changed lanes. Then, he turned left at the intersection in front and drove in the opposite direction of Jin Zhengnan.

After passing through the streets and alleys, the car stopped in a remote box. The Alley was extremely quiet, and there were not many restaurants on the street. Both sides of the street were planted with poplar trees. In Midsummer, the green leaves of the poplar trees blocked the street lights. It made the alley seem particularly long.

When Ru Yu got out of the car, she was shocked to find that a Chinese restaurant called Kuan Narrow Alley was hiding behind the poplar trees. It was very quiet outside the door, but inside was another world of excitement.

Kuan Narrow Alley, if she remembered correctly, should be a food street in Chengdu. When she went to Chengdu before, she had also gone to Kuan Narrow Alley to eat the snacks there, especially the cold powder there.

In Seoul, South Korea, she occasionally went to eat Sichuan food with Yang Yuxin. However, because she had been to Chengdu, and because she had eaten authentic Sichuan food, she always felt that the taste of Seoul's Sichuan food was strange. It was always spicy, but she could not find a single tinge of numbness.

Many people mistakenly thought that Sichuan food was mainly spicy. In fact, this was a complete mistake. The biggest characteristic of Sichuan food was not how spicy it was, but how numb it was. It was the kind of numbness with a tinge of spicy inside, so it was called spicy. This was completely different from Hunan food, which was mainly spicy.

Ru Yu had always thought that to eat authentic Sichuan food, she had to go to Chengdu. But tonight, Zheng Junji brought her to this wide and narrow alley, and the taste was close to Chengdu's Sichuan

food, because almost every dish was spicy The numbness of the green pepper swirled in her mouth, so numbing that her tongue was a little stiff.

Chuanbei Liangfan, husband and wife lung slices, blood curd, beer duck, Bang Bang chicken... ..

It had been a long time since ru yu had such a satisfying meal. When she finished eating, she couldn't help crying and crying. She couldn't help but say that it was too delicious, and she had to give a little more tip.

Just then, the lady boss heard her and walked over. It turned out that the lady boss was a native of Chengdu. Ru Yu had been to Chengdu before, so she started chatting with the lady boss and talking about the streets and alleys of Chengdu. Ru Yu even learned the Chengdu dialect without making a sound This made the lady boss laugh out loud.

In the end, when she paid the bill, not only did the lady boss not ask for their tips, she even gave them a 20% discount. When she heard that ru Yu was a painter, she immediately said that she wanted to order a painting for her, drawing the wide and narrow alleys of old Chengdu.

When they walked out of the wide and narrow alley, it was still early. Zheng Junji suggested to go bowling. Ru Yu shook her head at his suggestion and said that she did not like bowling. If she really wanted to play for a while, then she would go and play snooker.

Zheng Junji heard that she liked playing snooker and immediately became happy. He said that he also liked playing snooker, but he had never played with a girl before. Tonight, he wanted to see how good her skills were.

Chapter 1076 "I'll pick you up and bring you back to live. "

Snooker played for an hour and a half. Ru Yu defeated Zheng Junji with a small victory of five against three. Zheng Junji cried out anxiously and could not help but shout, "no, I still have to come. I can't lose to a woman. This is too embarrassing. "

Ru Yu was a very punctual person. Once the time was up, she immediately stopped playing. She ignored Zheng Junji's cries and directly walked out of the door. Zheng Junji could only follow her out and said that he wanted to send her home.

This time, ru Yu refused righteously. She went to the roadside and hailed a taxi. She ignored Zheng Junji's nagging at the side and directly got into the car to let the driver quickly drive away.

The taxi stopped at the courtyard of the villa where Che Qixuan lived. Ru Yu paid the fare and got out of the car. Just as she was about to turn around, she realized that a car had stopped at the back of the taxi.

She felt that the car looked familiar. Just as she was puzzled, the driver's door had already been pushed open. Lei Zhenyu had already gotten out of the car and was walking towards her.

"Why are you looking for me?" Ru Yu asked in a low voice. Actually, she was a little tired today. She Ate Sichuan Food and played snooker with Zheng Junji. At this moment, she wanted to go back to take a bath and sleep.

“I will pick you up and you will stay there.” Lei Zhenyu’s voice was gentle, but there was a certain persistence in it. “I went downstairs to your studio in the afternoon, but you were not there. Then, I came here to wait for you.”

Lei Zhenyu’s words were extremely indifferent. Of course, he would not tell her that he went to the parking lot of Yunheng building where her studio was in the afternoon. When he drove into the parking lot, he just happened to see her sitting in another man’s convertible car, and that man.. Even if he was burned to ashes, he still knew him.

He did not allow ru Yu to fall into his hands, his former brother and later sworn enemy. Therefore, he had actually been following them all night.

“zhenyu-kun, we just agreed on a marriage,” ru Yu reminded him somewhat helplessly. She meant that they did not need to live together like other couples.

“I know.” Lei Zhenyu was not angry He just explained very seriously, “but our agreement says that apart from not having any substantive things, everything else has to be the same as normal couples. And normal couples usually live together. Of course, apart from those who are separated and preparing for divorce.”

Ru Yu was at a loss for words. It seemed that she had underestimated the seriousness of the lawyer and his ability to put words into words. Well, it seemed that the agreement did not state that she would not live together with him.

“This...” ru Yu hesitated for a moment, then said a little embarrassedly, “well, I haven’t told my father about our marriage yet. If I were to move in with you rashly, I’m afraid...”

“I was just about to tell you about this,” Lei Zhenyu took over ru Yu’s words Then, he said with a smile, “we have already processed the marriage certificate, but we haven’t met the parents of both parties yet. So, you see, if today is convenient, I’ll go in and pay a visit to father-in-law. The day after tomorrow is my father’s birthday. Coincidentally, I’ll bring you back as well, and then we’ll discuss our wedding.”

“Logically speaking, there’s nothing that can’t be done.” Ru Yu nodded Then, she said a little awkwardly, “but, it definitely can’t be done tonight. If you rashly go and call my father-in-law, you’ll scare him to the point of having a heart attack. A few days ago, Jin Zhengnan even called him father-in-law.”

“Then tomorrow night is fine.” Lei Zhenyu gave in and said in a low voice, “tomorrow night, I will visit him personally. See what gifts you want to prepare. Go Buy them tomorrow morning.”

Chapter 1077 romance after a divorce

Ru Yu quickly told Lei Zhenyu that gifts were not important and that he should go back as soon as possible. She still did not know if her father was at home. If he was not at home, he would not need to prepare tomorrow because he might go somewhere else.

After sending Lei Zhenyu off, ru Yu pushed open the courtyard door and walked in. She was still thinking that it was good that her father was at home. It was best that Leng Rong was not here. Otherwise, she would be in trouble.

The hall door was left ajar. She pushed it open and walked in. At a glance, she saw Che Qixuan feeding the fish in front of the bathtub, but Leng Rong did not see her. She could not help but let out a long sigh of relief.

"Ru Yu, you're divorced. Either you come home late, or you don't come home at all. What's going on?" Che Qixuan closed the bathtub lid and turned around to walk towards her daughter.

Ru Yu's heart could not help but thump. Her divorce was only three or four days. If she did not go home, it was all because of Leng Rong. It was not like he did not know. He asked the obvious question and simply did not answer.

"Daddy, that..." Ru Yu couldn't help but look upstairs, and then asked in a low voice, "Leng Rong, he's gone, right?"

"He's still not leaving. Could it be that he was beaten to death in Seoul?" Che Qixuan glared at her, and then asked in a bad mood, "tell me, who was the man who beat Leng Rong until his face was black and blue, and he vomited blood?"

Black and blue, and he vomited blood. Leng Rong. Ru Yu stared at Che Qixuan with wide eyes, and a proud look appeared on her face. "Daddy, Leng Rong was really beaten so badly, wasn't he?"

"Look at how heartless you are." Che Qixuan shook his head. Then, he sat down on the sofa and said, "tell me. You just got divorced and you're close to that man. Leng Rong was so jealous that he actually went to find him and beat him up. In the end, he was the one who suffered."

"A lawyer." Ru Yu also sat down on the single-seater sofa. Then, she covered her face with her hand and said, "the lawyer who represented me when I divorced Jin Zhengnan."

"Oh, then I guess Leng Rong misunderstood." Che Qixuan came to a realization. Then, he could not help but scold Leng Rong and said, "you little brat, you have the same personality as his father. You attacked him without understanding anything. If you want to divorce Jin Zhengnan, you should have more contact with the lawyer. He has such a bad temper. No girl deserves to like him."

When Ru Yu heard her father's words, she could not help but sweat. No girl liked Leng Rong. It was simply the women around Leng Rong who surrounded him, okay?

Forget it. She could not be bothered to argue with her father about Leng Rong, so she quickly changed the topic. "Oh right, Daddy, I have something to discuss with you..."

"Well, I have something to tell you too." Che Qixuan cut her off and looked at her. "By the way, Minister Song's mother, Old Madam Song, called today and asked what you think of her grandson, Song Bingjian."

"Song Bingjian?" Ru Yu frowned instinctively and searched in her mind. Then, she shook her head and looked at Che Qixuan. "Who is Song Bingjian? I don't think I know such a person."

"You don't know him?" Che Qixuan frowned as well and looked at her suspiciously. "But old Madam Song said on the phone today that you had a good chat with him last night, and you even laughed out loud."

“Last night?” Ru Yu was a little stunned and remembered that she did chat with a few people at Madam Song’s birthday party last night. If she laughed out loud, it should have been when a man told her that he had seen a polar bear when they were talking about Mount Fuji in Japan. At that time, she almost laughed herself to death.

Chapter 1078 I’m already married

She couldn’t help but sigh. Then, she looked at Che Qi Xuan and said, “Daddy, what old Madam Song means is...”

“Minister Song is the Minister of the Ministry of Culture. Old Madam Song likes you very much. Of course, she doesn’t know about your family background. She only likes you as a girl from an ordinary family. She thinks that although her grandson isn’t too outstanding, he’s more than enough for you.” Che Qi Xuan analyzed Old Madam Song’s words indifferently.

Ru Yu rolled her eyes when she heard this. Then, she looked at Che Qixuan and said, “Daddy, please tell old madam song that her grandson was one step too slow. Unfortunately, I got married yesterday morning.”

“What?” This time, it was Che Qixuan’s turn to be shocked. He widened his eyes and looked at ru Yu. He could not help but ask, “Yu Yu, are you asking me to deceive old Madam Song or is it true?”

“Of course it’s true,” ru Yu said seriously, “otherwise, why would Leng Rong go crazy and fight with her? It’s just that I didn’t expect a lawyer to have such good skills.”

“Yu Yu, why are you so confused?” Che Qixuan couldn’t help but growl at her. “How old are you?” “The last marriage with Jin Zhengnan was because of your stubbornness. In the end, you failed and kept it. This time, you’re even better. You actually acted first and reported it later. Moreover, you’ve only divorced Jin Zhengnan for a few days and already married a strange man. Do you still have a father like me in your eyes? Do you still have the Dongfang family?”

Che Qixuan was really angry. He was the one who watched little feather was born and raised by him. Back then, because he wanted to keep little feather by his side, Dongfang Mo had been angry with him for a long time.

When she was young, she still thought that she was smart and sensible. Although she was a little bold, she had never suffered any losses on her way to growing up. She had always grown up in a top-notch position.

Her studies were outstanding, her career was successful, and her life could be said to be full of success. Back then, he knew that she was in a relationship with Jin Zhengnan and married him. He also thought that Jin Zhengnan was a good person. He thought that little feather did not want to live in a rich family. She did not want to marry into a rich family and be bullied like her mother, so he also agreed that she should marry an ordinary person and live an ordinary life.

However, he did not expect that her ordinary married life would come to an end after only three years. These two days, he was wondering if he should tell Dongfang mo about little feather’s failed marriage. He did not expect that she would get married again.

Ru Yu looked at Che Qixuan's slightly angry face and could not help but lower her head. After a long while, she said, "Daddy, I know what I'm doing. I'm not confused. Don't worry, I won't let you worry. Moreover, from now on, no one can hurt me."

After saying that, Ru Yu actually walked upstairs. When she reached the stairs, she turned around and said to Che Qishuan, who was sitting on the sofa, "Daddy, you should rest early. Also, Lei Zhenyu said that he's coming to visit you. Do you think you're free tomorrow night?"

"Song Bingjian is Minister Song's son, and Minister Song controls the entire Ministry of Culture." Che Qishuan avoided her question and directly said another thing. "Yu Yu, you're now in the Korean Art Circle. You can't afford to offend the Minister of Culture. I believe that you have a way to skillfully reject Song Bingjian without offending Minister Song and Old Madam Song."

"Okay, I got it." Ru Yu sighed. "If Song Bingjian asks me out, then I'll meet him. Of course, it's the only one. I don't even remember what he looks like."

Chapter 1079 meeting the best man

Che Qixuan nodded. He stood up and followed Little Feather upstairs. In fact, Ru Yu was a person who knew how to do things properly, so he didn't want to get involved in her love affairs. If it wasn't for Minister Song's mother personally calling him this time.. He wouldn't have told Little Feather about this.

The next morning, Ru Yu received Song Bingjian's champagne rose in the studio. Of course, there was also an extremely beautiful card with a lot of perfume on it, inviting Ru Yu to dinner.

Thus, when she got off work in the afternoon, Ru Yu sent a text message to Lei Zhenyu, saying that she had an engagement tonight, and that he would visit her father another day.

Song Bingjian arranged to meet Ru Yu at a French restaurant. Ru Yu saw the man who had chatted with her last night again, the son of Minister Song.

Song Bingjian was born into a cultured family. His father was the minister of Culture, and it was said that his grandfather, who had passed away, was also the director of the Ministry of Culture. By right, he could be considered a person of knowledge and propriety, perhaps he paid too much attention to his appearance. Ru Yu always felt that he had something to do with oily hair and noodles.

Song Bingjian was indeed a very polite person, and he was extremely polite. He kept letting Ru Yu order the dishes. Ru Yu glanced at the exquisite menu and said indifferently, "whatever. I'm not picky about food. I'll just have some pasta."

Song Bingjian looked at her with slight surprise, and then quickly handed Ru Yu a 'spinach in autumn'. Then he said with an extremely ambiguous smile, "but I'm extremely picky about women."

Ru Yu had goosebumps all over her body when she heard this. If it was any other time, she might have just stood up and left. However, for the sake of his father, the Minister of Culture, she still sat down as per her own character. She pretended not to understand the meaning in his words.

Song Bingjian finished ordering his meal in an extremely elegant manner. At the same time, he told the waiter to hurry up. Then, he turned around and stared at Ru Yu with a gaze that he thought was extremely affectionate.

Ru Yu lowered her head and used a spoon to stir the coffee in the Coffee Cup in front of her. She did not raise her head to look at Song Bingjian. She did not want to see his terrifying spinach in autumn again.

“Ru Yu, I’ve been admiring you for a long time. Two years ago, when I first saw you, I was already very fond of you. At that time, when I heard that you were married, I was so heartbroken that my heart was broken. Now that you’re finally free, I’m really happy. If you don’t have any objections to me, can we settle the marriage earlier so that we don’t have to delay any further?”

Song Bingjian either did not speak and only stared at her affectionately or gave her spinach in autumn, or he would not stop until he was shocked to death.

Ru Yu was about to take the coffee that she was about to drink, but because of his words, she was so shocked that she shook a few times. The Coffee Cup did not fall, but the coffee in the cup splashed on her clothes.

Song Bingjian quickly took out a tissue and handed it to Ru Yu. As he watched her carefully wipe the coffee on her body with her hands, he teased, “although I know that you will be very happy if I propose to you, you don’t have to be so excited. Actually, I have some requirements for our marriage.”

Ru Yu was completely speechless at his self-opinionated self-talk. She simply pretended not to hear him and ignored him. She continued to lower her head and seriously cleaned the coffee on her clothes. In her heart, she kept sighing that it was a pity for her clothes. Chanel’s were worth hundreds of dollars.

Chapter 1080, I’ll be there in eight minutes

“regarding our marriage, I think it’s better to keep a low profile,” Song Bingjian continued to mutter to himself. “after all, you just got a divorce, and Jin Zhengnan and Lan Ruoshui are getting married in a big way, so...”

Therefore, she, the woman who had just been abandoned by Jin Zhengnan, the ex-wife who had just been kicked out by her mistress, should keep a low profile. Song Bingjian probably still subconsciously thought that marrying a second-hand woman like her was a little shameful. Therefore, she had to keep a low profile.

Ru Yu felt that Song Bingjian’s words and actions were very contradictory. Since Song Bingjian thought that marrying her was a shameful thing, why did he come and propose to her?

Could it be that the genes of men nowadays had mutated, and even shameful things had to be done?

Fortunately, the service had already served her spaghetti, and she was indeed hungry. Therefore, she quickly picked up her chopsticks and buried her head in her bowl of noodles. She completely ignored the man who was sitting opposite her and talking with his saliva flying everywhere. She completely chose to ignore him.

In fact, the Pasta in this French Western restaurant was quite good. Of course, it couldn't be compared to the local Italian restaurant. However, because the man opposite her was too confident and kept spitting, it affected her appetite, so.. She only ate one-third of it. It was really a sin to waste food.

"Ru Yu, it's still early. How about we go to the bar to drink and chat?" Song Bingjian followed ru Yu downstairs. In the elevator, he squeezed to ru Yu's side and handed her the 'Autumn Spinach'.

"I'm sorry, I even invited a friend to go to the beach for a barbecue tonight." Ru Yu's voice was indifferent and distant.

"You invited a friend?" Song Bingjian's face darkened. It was obvious that he was displeased. "Ru Yu, what friend did you invite?"

Ru Yu was finally defeated by his thick skin. Hence, she could not help but say with a cold face, "boyfriend."

Song Bingjian was stunned when he heard her words. Then, he laughed again and said confidently, "Ru Yu, don't lie to me. You've only been dumped by Jin Zhengnan for a few days. I'm afraid you haven't even come over with a broken heart yet. Where did you get a boyfriend?"

When I said this, a greasy face moved closer to ru Yu's ear and said ambiguously, "Ru Yu, let's go to the bar to drink and chat first, then... HMM..."

Song Bingjian's last long voice was like a fly that flew into her mouth. It almost made ru yu vomit the spaghetti she had just eaten. She hated how the elevator was too slow.

Fortunately, the elevator had just arrived when ru Yu's phone rang. It was Lei Zhenyu. She seemed to have grabbed onto a life-saving Straw. She took out her phone and pressed the answer button before she could hold it properly.

"Ru Yu," Lei Zhenyu's magnetic voice sounded. Song Bingjian's gaze swept across her body Ru Yu's voice was trembling due to her excitement. "I'm at the entrance of a French restaurant. Come and pick me up quickly. Didn't we agree to go to the beach for a barbecue? Have you bought the food for the Barbecue?"

"I'll be there in eight minutes." Lei Zhenyu understood and laughed. "Let's go buy it together."

Song Bingjian's expression was extremely ugly, but he was also very patient. He had been loitering at the entrance of the restaurant, pretending to call and send messages to check the time. In fact, he just wanted to see what kind of man would come to pick up ru Yu.

Lei Zhenyu arrived eight minutes later as expected. He drove a Bugatti Veyron and stopped in front of ru Yu. He got out of the car elegantly, and then helped ru yu open the car door and helped her into the car with his hands.
