Chapter 491-falling into a trap 5

“Haha,” Dongfang Mo could not help but laugh out loud. At the same time, his laughter interrupted Dongfang Mei’s words. He coldly said, “the face of the Dongfang family? I think that it was lost to some people more than 20 years ago, wasn’t it?”

Dongfang Mei was stunned when she heard this, followed by overwhelming anger. She could not help but raise her voice, “Ah Mo, what are you saying? Do you mean that you want to compare it to what happened to me back then?”

“I didn’t say that I want to compare it to what happened to Auntie,” Dongfang Mo laughed coldly. Then, he said plainly, “I just said that I want to marry Xi Muxue. This is not a shameful thing. Moreover, her name is not Xi Muxue now. She is called Yan ru...”

“No matter what her name is, she is still Xi Muxue. She was once your sister-in-law,” Dongfang Mei quickly interrupted Dongfang Mo’s words. Then, she said angrily, “In short, I absolutely will not allow such a ridiculous thing to happen in the Dongfang family. It means that elder brother is marrying his sister-in-law. If this gets out...”

“So what if it gets out?” Dongfang Mo obviously didn’t want to waste any more time with Dongfang Mei. He then said plainly, “during the Qing Dynasty, Dorgon even married the Royal sister-in-law, Xiaozhuang. Who can say who lost face?”

Dongfang Mei was stumped by the question. She suddenly didn’t know how to refute Dongfang Mo’s words.

Dongfang Jun, on the other hand, took over the conversation. He echoed Dongfang Mo’s words. “Big Brother’s words are absolutely right. What society is this now? What matters between men and women is mutual affection. As long as he and Miss Xi Muxue have no objections, anyone who objects will be invalid, not to mention...”

Dongfang Jun paused and then looked deeply at Yan ru. Then, he turned to look at Dongfang Mei and said, “mother, you’re right. Big Brother can arrange his own marriage however he wants. We should bless big brother. How can we just stop him?”

Dongfang Mei was silent for a moment when she heard her son’s words. Although she did not know what her son was up to, she knew that after five years of training, her son had long hidden himself well.

So.. She pretended to be extremely heartbroken and said, “Ah Mo, even though Ah Jun is right. Marriage is free now, but no matter how free a marriage is, it still has to follow the rules and etiquette. For you and the Xi sisters to be entangled like this, it’s not a very decent thing to do. Of course... “... “...”

Dongfang Mei paused for a moment. Then, she said lightly, “of course, Auntie is already old and her thoughts and ideas can’t keep up with the situation. Since you insist on marrying the second daughter of the Xi family, then the first daughter of the Xi family, which is your love... ... What should she do with her personal maid? Don’t tell me she still has to stay?”

"I've already considered this," Dongfang Mo continued. He continued, "Xi Muru is still my personal maid, but because I'm going to marry Yan ru, it's not good for her to live in one inch mo city, so I'll let her move out."

"Big Brother, this is your fault," Dongfang Jun continued. Then, he said righteously, "from your stubbornness, it can be seen that you were very fond of Miss Xi Muxue back then, which is why you agreed to the engagement with the Xi family. And all these years, you've been thinking about Miss Xi Muxue. Now that you've decided to marry Xi Muxue, why haven't you let Miss Xi Muru leave yet?"

Chapter 492: Escape as part of the plan 1

Dongfang Mo was stunned when he heard Dongfang Jun's words. Then, he immediately understood. Then, he said plainly, "actually, it's not that I don't want Fang Xi Musru to leave. It's that she signed a special agreement with me. And before this agreement expires, she can't leave, so..."

Dongfang Mo deliberately paused when he said this. Then, he raised his indifferent voice by two decibels and said, "today, I invited aunt Gu and third brother back. The main reason is to tell you guys about my marriage. Although you guys rarely come back to one inch Mo city to live now, and I don't hold any positions in the Dongfang Corporation anymore, we're still a family. We're all members of the Dongfang family."

When Dongfang Mei heard Dongfang Mo say this, she did not continue discussing this issue with him. Then, she stood up and said, "I haven't returned to one inch Mo city for a long time. I'll go back to my room to take a look first. Since you've already decided on ah Mo's marriage, then I won't say anything more. I only hope..."

Dongfang Mei paused when she said this. Then, she smiled and said, "I hope AH MO can take into account the Dongfang family's reputation. Six years ago, ah Yu and Xi Muxue held the wedding when he took your place. Of course, Xi Muxue was replaced by Xi Muru at that time, but that time, the names were both yours and Xi Muxue's."

"Then, auntie means..." Dongfang Mo continued without batting an eyelid. He looked at Dongfang Mei and quietly waited for her to continue.

"I'm not against your marriage to Xi Muxue," Dongfang Mei quickly expressed her stance. Then, she looked at Yan ru who was sitting not far away and said, "I only hope that you can consider what kind of feelings the guests will have if you and Xi Muxue hold another grand wedding."

"then..." Dongfang Mo hesitated for a moment, then looked at Dongfang Mei and said, "what Auntie means is, do you want me to say that this is my and Xi Muxue's six-year wedding celebration? But the six-year anniversary of our marriage has already passed?"

Yan Ru had been quietly listening to Dongfang Mo, Dongfang Mei, and Dongfang Jun discuss her and Dongfang Mo's marriage. From the beginning to the end, none of them had asked her if she was willing to marry Dongfang Mo. .

She stood up, turned around, and walked out of the hall. Just as she walked out of the hall, she was stopped by Dongfang Jun..

“Third Young Master Dongfang, why are you looking for me?” Yan Ru looked at Dongfang Jun calmly. Her tone was indifferent and distant, as if the person standing opposite her was just a passerby.

Of course, this was an expression that Yan ru was trying her best to control her emotions. This was because Dongfang Jun was really good to her in the past, especially during the three months when she was Dongfang Mo’s wife. Dongfang Jun had helped her a lot.

However, at that time, Dongfang Jun was helping Xi Muxue. Now, her identity was Xi Muxue, and Dongfang Jun and Xi Muxue did not seem to have any interactions.

“nothing much.” Dongfang Jun shook his head and then looked at Yan ru from head to toe Finally, he said lightly, “I’m just curious, why does my big brother like you so much “Twelve years ago, he insisted on getting married to you. Six years ago, he insisted on getting married to you. Now, after six years, he actually... “still wants to get married to you. ”

Yan Ru found Dongfang Jun’s words funny. In fact, she really wanted to know these questions.

What was the reason that Dongfang Mo came to the Xi family twelve years ago to get married to Xi Muxue At that time, Xi Muxue was only 14 years old?

Chapter 493 escape as part 2

This question was probably only known to Dongfang Mo and Xi Muxue.

However, she wasn’t Xi Muxue, so she didn’t know, so she had no way of answering Dongfang Jun’s question.

Hence.. She said calmly, “Third Master Dongfang, you’re probably asking the wrong person because I really want to know why Dongfang Mo wants to marry me now. It’s because my engagement with him originally ended when I married Dongfang Yu six years ago. ”

“Is that so?” Dongfang Jun glanced at her again Then, the corners of his mouth curled into a meaningful smile. “Then, Second Miss Xi, I remember that you used to learn singing and dancing. When did you change your interest to learn painting?”

Yan Ru was completely stunned. She had always thought that as long as she changed her appearance, no one would be able to recognize her as Xi Muru because there was already a Xi Muxue in one inch ink city.

However, never in her wildest dreams would she have thought that perhaps she had neglected what happened six years ago and had actually forgotten about this. Xi Muxue was a painter while Xi Muxue was a singer and dancer.

However, many years of experience had taught her the habit of remaining calm, so when Dongfang Jun asked her this question.. She still said calmly, “it happened after I was chased out of one inch ink city by Dongfang Yu. At that time, the Xi family was destroyed and I was wandering outside by myself. I had a chance to work in an art gallery and fell in love with painting. ”

Yan Ru's words were basically made up, but she managed to avoid Dongfang Jun's question. Just as Dongfang Jun was stunned, Dongfang Mo walked over and successfully stopped Dongfang Jun from continuing to ask her questions.

"What did you say to Ah Jun just now?" Dongfang Mo walked with her towards the Plum Garden and asked faintly.

"nothing," Yan ru answered faintly. Then, she seemed to have thought of something and could not help but ask, "Oh right, can I ask you a question?"

"Sure," Dongfang Mo answered very straightforwardly.

Yan Ru was slightly stunned. She hesitated for a moment before she said faintly, "I want to ask, why... do you still want to marry me? I'm a person..."

"I've already answered this question in Paris," Dongfang mo quickly interrupted Yan ru Then, he replied to her unhappily, "don't tell me you're suffering from Youth Amnesia "This is the last time I'll tell you because you said that the stupidest thing you've ever done in your life was to let Xi Musru marry me instead of you. The reason why I want to marry you is to make up for the biggest regret of your life. "

Dongfang Mo's shameless words immediately shocked Yan ru. She only came back to her senses after a long while. Then, she looked at him and said, "if that's the case... then can I propose a condition? Just one condition. "

"Sure," Dongfang Mo agreed without even thinking. Then, he asked again, "what condition?"

Yan Ru's hands secretly clenched into fists under her sleeves. Her thoughts instantly turned a thousand times before she finally said, "my condition is very simple. It's that I don't want to work with my sister Xi Mumu. "

Yan Ru's condition seemed very simple, but it was actually very sharp. It was much sharper than Dongfang Jun asking why Dongfang Mo did not let Xi Mumu go.

Of course, it was just that it was more tactful to say it in her way.

Dongfang Mo was instantly stunned, then he remained silent for a long time.

It seemed that this woman had become much smarter in the past five years. Today, when she mentioned this condition, it seemed simple, but it actually hit the nail on the head.

Chapter 494 escape as part 3 of the plan

Look, this was the Real Xi Mumu. She used to wear a mask and act docile and obedient, but she was as stubborn as a cat.

She was so smart. Not only did she let him chase away the so-called Xi Mumu from one inch ink city, she also didn't want Xi Mumu to be his mistress or anything like that.

She only said that she didn't want to work with her sister as a husband. To put it bluntly, she wanted him to choose between the two of them.

After a long while, Dongfang Mo looked at Yan ru and nodded. "Alright, I understand. Since I've decided to make up for your regret and since I've decided to marry you, then..."

Dongfang Mo paused for a moment before he said seriously, "as long as you marry me, then I'll let her go. I'll even cancel the agreement I signed with her. From now on, she'll be free. That should be enough, right?"

Yan Ru's heart skipped a beat. As long as she married him Does he mean that he really wants to marry Xi Muxue?

But whether it is or not, at least this is an opportunity, first let Xi mu like to leave one inch ink city, then she has a chance to plastic surgery, and only if she plastic surgery, she and she have a chance... ..

So, she quickly nodded and said: "Well, then let's get married, but I want to get a marriage certificate first, otherwise, I'm afraid that when..."

"Of course I want to apply for a marriage certificate with you," Dongfang Mo quickly cut off Yan ru's words Then, he looked at her meaningfully and said, "six years ago, it was because you weren't old enough. If you were, I would definitely get a marriage certificate with you, and this is also..."

Dongfang Mo did not finish his sentence. Actually, this was something that he regretted very much. If he had gotten a marriage certificate with Xi Mumu six years ago, then.. Today, he could have just directly brought her back.

There was no need to go through so much trouble.

When Yan ru saw that Dongfang Mo had agreed to get a marriage certificate with her, she was immediately happy. She could not help but say, "alright then, pick a date and let's go get a marriage certificate first..."

"Then let's pick a date then. Let's do it tomorrow." Dongfang MO quickly cut off Yan ru's words. In the blink of an eye, they had already arrived at the entrance of the Plum Garden He calmly said, "since we're going to get a marriage certificate tomorrow, then I won't bother you tonight. I hope that tomorrow night we can have our wedding night."

When Yan ru heard his words, she gnashed her teeth in hatred. This damned man, this man who was obsessed with his sperm, this f * Cking Devil. She would rather die than consummate her marriage with him. She only wanted to escape as quickly as possible.

Because Dongfang Mo had said that he wouldn't disturb her, he didn't follow her into the Plum Garden. Instead, he turned around and walked towards Mo Garden at the foot of the mountain.

That night, Yan ru tossed and turned in the room at the Plum Garden. The reason she had proposed to Dongfang Mo to get the marriage certificate today was because she had originally planned to ask her sister for Xi Muxue's identity card and household register in a few days.

Now, Dongfang Mo was extremely bitchy. He actually said that the wind was the rain. When she said that she wanted to get a marriage certificate, he immediately said that he would take her to get it tomorrow. This was obviously not giving her the chance to ask Xi Muru for her ID card.

What should she do What should she do?

In just one night, how was she going to inform Xi Muxue, who was now Xi Muru, to give her Xi Muxue's ID card and the Xi family's Household Register?

Chapter 495: Escape as plan 4

No matter how conflicted Yan ru was, no matter how much she tossed and turned throughout the night, she still did not manage to get Xi Muxue's ID card and household register until dawn.

A Min came up to call her and informed her to go to the ink garden for dinner. She said that Dongfang Mo was already waiting for her and told her to hurry down.

When she walked down the mountain to the ink garden, she was still thinking that if she saw Xi Muru during dinner later, she would give her a look. Then, she would take the opportunity to go to the WASHROOM, and Xi Muru would follow her to the washroom. She wanted her to quickly think of a way to give her identity card and household register to her.

MMM, this method was not bad. Besides, it was impossible for Dongfang Mo not to go upstairs after dinner. He always had the time to turn around and leave. Meanwhile, Xi Muxue's identity card and household register could just be casually placed in a gift box or a shopping bag for her.

However, the imagination was very full, but the reality was very bony!

When she arrived at Mo Garden, she realized that as long as Dongfang Mo was sitting alone in the dining room waiting for her, Xi Muru was nowhere to be seen.

"Where's my sister?" Yan Ru asked quietly as she sat down at the dining table. "Hasn't she woken up yet? Or is she not feeling well?"

"She went out early this morning," Dongfang Mo answered plainly. Then, without waiting for Yan ru to speak, he added, "I told her last night that I'm going to get a marriage certificate with you today. She probably... couldn't accept it, so she got angry."

Dongfang Mo's words were extremely calm, as if he and Xi Musru did not have much to do with each other.

Yan Ru's heart skipped a beat. Since Dongfang Mo had told Xi Mumu about this last night, why didn't Xi Mumu come to find her last night? Could it be that Xi Muxue, the current Xi Mumu, didn't want to marry Dongfang Mo?

Yan Ru was puzzled, but she didn't show it on her face. She just quietly accompanied Dongfang Mo to finish this seemingly delicious breakfast.

They went out in Dongfang Mo's car. This was also Yan ru's first time going out ten days after Dongfang Mo caught her from Paris. Of course, it was also her only chance to escape.

The car that Dongfang Mo was driving today was still the rolls-royce from five years ago. Today, Yan ru was very obedient and docile, just like how she had only married Dongfang Mo six years ago when she was 19 years old.

She had to go to the marriage registration office to get married, and she did not have any other documents on hand, including Yan ru's documents. All of them were still in that hotel in Paris.

Dongfang Mo had been driving silently, while Yan ru sat upright in the passenger seat. The two of them did not look like they were going to get married. Instead, they looked like they were going to attend a funeral.

Yan Ru's hands were clenched into fists in her sleeves. She turned to look at Dongfang Mo who was driving and said plainly, "I can't find my previous ID? How are you going to marry me like this?"

Dongfang Mo turned to look at her and said plainly, "it doesn't matter. I've already gotten your Yan ru's ID back from Paris, so I'll just marry you as yan RU."

Dongfang Mo's words seemed to be an understatement, but it made Yan ru so angry that she vomited blood. If Dongfang Mo wanted to marry her current identity, then wouldn't it mean that no matter if she was Xi Mumu or Xi Muxue, they would be inseparable from him in the future?

No, she definitely could not use the identity of Yan ru to marry Dongfang Mo, and it would be a marriage certificate!

Chapter 496: Escape as plan 5

Regardless of whether Yan ru was willing to get a marriage certificate with Dongfang Mo, Dongfang Mo pulled Yan ru directly to the marriage registration office. Obviously, he was a man of his word.

Yan Ru got off the car with Dongfang Mo. seeing the words 'marriage registration office' gave her a headache. Then, she looked at the people waiting in line to get a marriage certificate. She thought of taking advantage of the waiting time to see if she could find a chance to escape.

However, this fantasy of hers was quickly shattered by Dongfang Mo pulling her to look for the director of the Civil Affairs Bureau. This was because Dongfang Mo had never thought of waiting in line with her to get a marriage certificate.

Alright, Dongfang Mo was indeed an extraordinary b * stard. No, he should be a non-human. This was because humans knew the rules of first come, first served.

The director of the Civil Affairs Bureau seemed to be very familiar with Dongfang Mo. the two of them shook hands and exchanged pleasantries. Only Yan ru was anxious. Perhaps it was because she was anxious in her heart, or perhaps it was because she had drunk too much soy milk in the morning. She walked into the Office of the Director of the Civil Affairs Bureau She actually had to pee urgently.

"I want to go to the bathroom," Yan ru hurriedly said to Dongfang Mo. without waiting for him to answer, she immediately added, "I have to pee urgently!"

Dongfang MO's entire body stiffened, and his face was obviously filled with embarrassment. The director of the Civil Affairs Bureau quickly pointed at the door and said enthusiastically, "at the end of the corridor is the washroom. It is used by our cadres. You should hurry up and go."

Yan Ru immediately thanked the director of the Civil Affairs Bureau. She did not even bother to call out to Dongfang Mo, and immediately turned around and ran out of the door. She ran straight to the WASHROOM. She Really Needed to pee.

The washroom upstairs was indeed used by the cadres. Because it was very clean, Yan ru went in to solve her physiological problems before thinking about how she should escape.

The idea of escaping through the front door was shot to death before it even formed in her mind. Then, she quickly looked at this not-so-narrow washroom.

The washroom was at the end of the corridor, which was the place against the wall. Moreover, this washroom was backed by the wall behind it. Most importantly, the windows of the washroom were not equipped with guardrails This was because the windows of the washroom were reserved for people to escape in case of a fire.

Well, this was the second floor. The height from the ground was not very high. Moreover, this place was a washroom. Generally, there was a sewer pipe outside the washroom.

The moment Yan ru noticed that the window wasn't protected, her hands and feet were already faster than her brain as she quickly climbed up the toilet. Then, she stepped on the toilet and climbed up the window.

The second floor was indeed not high, and the sewer pipe was just outside. She couldn't help but shout in her heart, 'the heavens are really helping me. ' Then, she hugged the sewer pipe with both hands and quickly slid down.

This was the back of the entire building, and it was close to the backyard wall, so no one saw her at all. She quickly turned around and ran. At this moment, her only thought was to quickly escape from this place, quickly escape from Dongfang Mo's sight.

The backyard was not unobstructed, but there was a small courtyard wall, but it was surrounded by iron bars. This was not difficult for Yan ru. She used her hands to hold onto the iron bars and flipped over in two moves.

After she flipped over, it was a small alley. She jumped down and was discovered by an old woman. The old woman asked curiously, "Miss, why did you escape from inside? Isn't it the Civil Affairs Bureau inside?"

"someone wants to force me to marry him. I'm running away from the marriage!" Yan Ru said this and quickly ran to the other end of the alley.

Chapter 497 escape into the Tiger's Den 1

Yan Ru was running as fast as she could. However, she soon realized that her running was useless because she had actually run into a dead alley.

Oh my God, do you have to treat me so cruelly She had already jumped out of the window and jumped over the wall to escape. Why couldn't you give her a smooth way to escape?

She had no choice but to turn around and run back. However, she instantly noticed that Ji Feimo's car had flashed past the alley entrance. It was very obvious that he had already noticed that she had escaped.

Hence, she quickly looked around and realized that the old woman's door was open. She ran in and quickly ran to the back.

The old woman was shocked and quickly came over to ask her, "Miss, did someone really force you to marry him?"

Yan Ru quickly nodded and said softly, "later, if someone asks if you saw me, you must insist that you didn't see me. Otherwise, I will be captured and sent back to marry a devil."

"Ah, marry a demon?" The old woman's sense of justice immediately rose when she heard this. So, she said righteously, "Miss, you hide here. I definitely won't tell anyone, and I definitely won't allow strangers to enter my house."

Yan Ru quickly thanked the old woman. Then, under the old woman's guidance, she quickly hid in the old woman's closet.

Dongfang Mo and the Director of the Civil Affairs Bureau sat in the office drinking tea while waiting for Yan ru. They drank for ten minutes, and ten minutes passed. When Yan ru still had not returned, Dongfang Mo could not sit still.

So, he quickly said to the director of the Civil Affairs Bureau, "my wife has eaten something bad in the past two days. I wonder if she didn't bring any toilet paper. Why don't you ask a female staff member to deliver some toilet paper for her?"

The director of the Civil Affairs Bureau didn't doubt it and immediately called the cleaner outside the door. According to Ji Feimo's original words, he ordered the cleaner to quickly deliver some toilet paper to a woman named Miss Yan in the women's restroom.

The cleaner immediately carried out the order, but soon, in less than five minutes, she returned with a face full of regret with the toilet paper.

"The door of the ladies' room has been tightly shut. It's impossible to open it," the cleaner reported truthfully. "I knocked on the door for a long time, but there was no response from inside. I'm worried that Miss Yan might have fainted in the washroom."

This was definitely a problem that people could relate to. The director of the Civil Affairs Bureau quickly arranged for someone to pry open the door of the ladies' room, while Ji Feimo rushed to the door of the ladies' room first.

It was indeed impossible to push it open. He could not wait for the people arranged by the Director of the Civil Affairs Bureau to come because it would be a waste of time. Therefore, he raised his leg and kicked hard twice. The door of the WASHROOM was immediately knocked over by his big kick.

The door was kicked open, but unfortunately, the bathroom was empty. There was no one there, and of course, there was no sign of Yan Ru.

When the director of the Civil Affairs Bureau arrived, he already saw Dongfang Mo standing in the women's bathroom. The two blocks were opened wide, but there was no one there.

"could it be that Miss Yan did not enter the bathroom upstairs?" The director of the Civil Affairs Bureau asked in puzzlement. Then he asked the people next to him, "fifteen minutes ago, did you see anyone go downstairs?"

Everyone shook their heads, indicating that they did not. Moreover, everyone was working in the office. Who would pay attention to whether there was anyone going up or down the corridor?

The cleaner quickly assured him, "fifteen minutes ago, I happened to be dragging the floor of the stairs downstairs. I did not see anyone come down."

Chapter 498: Escape into the Tiger's Den 2

Ji Feimo stood in the middle of the women's restroom and looked around. Then, he noticed a footprint on the window. He immediately knew what was going on.

Yan Ru, Xi Muru, this D * Mn Woman. She actually dared to escape from the marriage, and she even escaped right under his nose. This was simply lawless.

Thus, he did not have time to explain to the director of the Civil Affairs Bureau. He immediately turned around and ran downstairs. As he ran, he called Ahao and asked him to quickly bring people to find Xi Muru's whereabouts.

Unfortunately, Dongfang Mo was in a hurry and said that Yan ru's name was Xi Musru. It was so that a Hao did not react, so he did not drive to the civil affairs bureau at all. Instead, he went straight to look for Xi Musru who had left early in the morning.

Hence, in the alley outside the civil affairs bureau, only Dongfang Mo was looking for her. His car could not drive in, so he could only walk in. Then, when he saw someone, he took out Yan ru's photo and asked if he saw such a person running in?

No, that was the answer of most people. Although this was a small alley, the people walking in the alley were usually migrants. The people who were in the alley more than ten minutes ago were long gone, and those who appeared now had just come out. Of course, he did not see Yan ru.

Finally, Dongfang Mo found a house with its door open. There was an old woman picking vegetables at the door, so he quickly walked up and asked very politely, "old woman, how long have you been sitting here?"

"about half an hour," the old woman answered truthfully.

"then... Old Lady, have you seen such a girl walking past here?" Dongfang Mo immediately took out Yan ru's photo and handed it to the old woman ...

"This girl?" The old woman carefully looked at the photo in Dongfang Mo's hand, and then said with certainty, "yes, she even asked me for directions?"

“Then where is she going now?” Dongfang Mo hurriedly asked.

“that way.” The old woman stood up. Then, she pointed to the left side of the alley and said, “because this is a dead end, there’s no way to get through. I told her to go that way. The market is just outside that way. After passing through the market, two small streets are the main road.”

“thank you.” Ji Feimo immediately turned around and ran towards his car at the end of the alley. He didn’t believe that Yan ru’s legs could outrun his car.

However, it was indeed a market from the front. This didn’t mean that cars couldn’t drive in the market. It was just that there were too many people in this place, so cars walking here were like crawling snails.

Ji Feimo was furious. At this moment, he wished that his car could grow two wings in an instant and fly over the heads of these people.

Fortunately, although it was slow, after twenty minutes, he finally drove his car out of the market. After passing two small streets, he finally arrived at the main road.

However, there was no sign of Yan ru on the main road. He was so angry that he almost vomited blood. He thought to himself, “it’s all that old woman’s fault. Why did she point out such a path for Yan ru? Isn’t it obvious that she is helping Yan ru?”

The old woman was helping Yan ru?

In a split second, Ji Fei Mo came to his senses. If that old woman was really helping Yan ru, of course, it was entirely possible. This was because people tended to sympathize with the weak. Yan Ru was running away while he was chasing her in his car.

Alright, he, Dongfang Mo, had never been deceived by anyone before. However, at this moment, he had a feeling that he had been deceived by that old woman.

Chapter 499: Escape into the Tiger’s Den 3

Yan Ru had been hiding in the closet behind the old woman the whole time. She heard the conversation between Dongfang Mo and the old woman clearly. After Dongfang Mo left for about five minutes, she immediately came out of the closet.

The old woman saw her and said with some confusion, “Miss, I just saw that the man was extraordinarily handsome. I don’t think he’s the one who forced me to get married, right?”

Yan Ru was slightly stunned, then quickly said, “old woman, the person who came to ask you is the friend of the person who forced me to get married to him, so he doesn’t look like a devil. The person who forced me to get married is the devil.”

“Oh.” The old granny didn’t know if yan ru’s words were true. Just as she was about to ask more questions, Yan ru spoke in front of her again, “granny, which direction did you ask him to go just now?”

“towards the market.” The old granny pointed with her finger, then said to yan RU, “hurry up and run towards the main entrance of the Civil Affairs Bureau. Only then will you have a chance to escape.”

Yan Ru nodded, then thanked the old granny. She turned around and ran towards the main entrance of the civil affairs bureau. Just as she reached the entrance, she saw the director of the Civil Affairs Bureau walking out from afar. She immediately ran towards a road at the side.

There were very few people on the main road and there was a lot of traffic in the middle. Yan Ru felt that running along the main road would definitely not work. Perhaps Dongfang Mo's subordinates, such as uncle Liu and a Hao, were driving their cars to look for her.

With this thought in mind, she immediately ran into the alley. There were few people in the alley and the most important thing was that there were almost no cars. This was because it was very difficult to drive out of the alley. Most people would not drive into the alley.

There were not many alleys and very soon, she ran into another commercial street. There were many cars on the commercial street. Yan Ru had a headache. She thought that she would be discovered sooner or later on this street.

Therefore, she couldn't help but run toward the shopping mall not far from the main street. She thought that it would be difficult for Dongfang Mo to find her once she entered the shopping mall, but when she reached the entrance of the shopping mall, she stopped when she saw the electronic camera.

There were surveillance equipment in the shopping mall. What if Dongfang Mo had a whim and investigated all the surveillance equipment in Binhai Then wouldn't she be exposed?

With this thought in mind, she immediately turned around and entered another alleyway. Then, she ran along this quiet and long alleyway. However, as she ran, she felt that the walls on both sides of this alleyway were somewhat familiar.

It was a little familiar, as if she had walked through this alley in her memory, but she could not remember when she had been to this shop for a while.

It was not until the words "dragon and Tiger Pavilion" appeared in her sight that she suddenly remembered. This alley was the alley behind the cloudy Sky Hotel, and the Dragon and Tiger pavilion and cloudy Sky Hotel were both opened by Leng Leiting.

Leng Leiting and Xi Muxue's enmity was huge. It seemed that Xi Muxue owed Leng Leiting a lot of money, and Leng Leiting was a loan shark. If Xi Muxue had not repaid the tens of millions back then, who knew how big the snowball would be now.

As Yan ru was running, she was still thinking about how big the debt Xi Muxue owed Leng Leiting back then was. However, she soon had an answer to this question.

This was because when she ran to the entrance of dragon and Tiger Pavilion, she was immediately discovered. When the two people saw her, they were obviously stunned. Then, when they saw her running madly, they immediately reacted and rushed over to grab her.

"Hey, what are you guys doing?" Yan Ru shouted loudly and struggled. Unfortunately, her struggle with the two men was the same as not struggling at all.

“What right do you have to arrest me?” Yan Ru yelled angrily at the two men who were controlling her arms. Her face was full of anger.

“because you’re Xi Muxue.” One of the men rolled his eyes at her. Obviously, he felt that her question was a little too idiotic.

“I’m not Xi Muxue.” Yan Ru almost instinctively rushed out. “You’ve arrested the wrong person.”

“Who arrested the wrong person?” The other man snorted coldly. “We’ve indeed arrested the wrong person before, but this time it’s definitely not wrong. Because you don’t have bangs on your forehead, we can directly see your smooth forehead. There’s no birthmark, so you’re not Xi Muxue.”

“Just because I’m not Xi Muxue doesn’t mean I’m Xi Muxue,” Yan ru continued to argue, then lowered her voice again. “Brothers, please let me go, okay? I’m really not Xi Muxue.”

When the two men heard her words, it was as if they had heard a joke. One of them looked at her and shook his head. “Xi Muxue, oh Xi Muxue, you really are a person. There’s a path to heaven, but you don’t want to walk it. There’s no door to hell, and you’ve been running away for so many years. Why did you come to the Dragon and Phoenix Pavilion’s entrance. Aren’t you courting death?”

“I’m really not Xi Muxue,” Yan ru cried out tearlessly.

Oh God, Oh God, why are you so blind?

She had finally escaped from the hands of that devil, Dongfang Mo, but who knew that in just two hours, she would fall into the hands of Leng Leiting again.

What did it mean to go from the Dragon’s den to the Tiger’s den. This time, Yan ru had truly experienced it!

No matter how much she said that she was not Xi Muxue, these two men ignored her. Seeing that she kept complaining, one of them could not help but growl, “Xi Muxue, if you continue to scream, I’ll stuff my smelly socks into your mouth. Let’s see if you’ll scream or not.”

Yan Ru immediately shut her mouth and did not say a word. How Stinky were the stinky socks. When the time came, she would not have escaped. Perhaps she would have died from the stinky socks?

Thus, she could only be brought into the Dragon and Tiger pavilion by the two men. On the way, when they met someone, everyone stared at her with wide eyes. Then, they gave the two men a thumbs up. Of course, it was to praise their ability to do things.

They could even catch Xi Muxue who had escaped for many years. This kind of ability was almost comparable to Sherlock Holmes. This time, Leng leiting would definitely reward the two of them greatly.

Leng Leiting received a call from his subordinates on his cruise ship. When he heard the news of Xi muxue being caught, he wondered if he had heard wrongly.

Hence, he quickly asked, “Is it really Xi Muxue? This time, don’t make a mistake. I’m not in the mood to catch the wrong person every time.”

Leng Leiting was indeed not in the mood to catch Xi muxue because he had caught the wrong person twice five years ago. In the past five years, he had caught Xi muxue twice, but in the end, it was Xi Musru. Moreover, every time he caught the wrong person, he had to apologize to Dongfang Mo. It was as if he had done something very wrong, which made him feel very embarrassed.

However, this time, his subordinate told him with certainty over the phone that he definitely did not make a mistake because Xi muxue did not have thick bangs on her forehead. Her entire forehead was exposed, and there were no birthmarks or scars. It was Xi Muxue herself.
