## **Chapter 531: Who Saved Yan RU 5**

Binhai, one inch ink city.

Dongfang Mo's face was gloomy. In front of him was a pile of photos, and in these photos, there were two people he was very familiar with.

A Hao stood to the side and reported to him in a low voice, "these are the photos taken in the past half a month about Yan ru and her family members."

Dongfang Mo had gone to investigate Yan ru's situation after returning from star-moon Island. In fact, it was not difficult for him to investigate a person, not to mention that he already had a lead on Yan ru.

Of course, he had started from the Paris Art Exhibition. He knew that she was in Korea and that her paintings were being sold in several galleries. Thus, he had people keep an eye on those galleries and waited for Yan ru to appear.

As expected, hard work paid off. Dongfang Mo's people had not waited for a few days at the two galleries in Korea before they found Yan ru's figure because Yan ru had drawn her.

Then, they followed Yan ru along the way and found out that she did not live alone in Korea. Instead, she lived with a young girl and a young man, and that young man was actually their boss, Dongfang Mo..

At that time, Dongfang Mo's subordinate was so scared that he almost fainted. He quickly reported the situation to his boss, Ahao. Ahao was also shocked. Then, he quickly asked his subordinate if he made a mistake because Dongfang Mo was in Binhai.

A Hao's subordinate quickly said that he didn't make a mistake. The person they saw was indeed Dongfang Mo. No, it was a man who looked exactly like Dongfang Mo. he lived with Yan ru.

Of course, in order to prove that what he said was true, a Hao's subordinate hid in the woods dozens of meters away from Yan Ru's house. Then, he used a high-resolution camera to take photos of them on the balcony.

These photos were placed in front of Dongfang Mo. there was a personal photo of Yan Ru, a personal photo of the little girl, and of course, a personal photo of Che Qixuan. At the same time, there was also a group photo of the three of them standing on the balcony chatting happily.

Ahao saw that Dongfang Mo didn't say anything Then, he carefully reported, "we've investigated it clearly. This person who looks exactly like you is called Che Qixuan. He and Yan ru got married five years ago, and this little girl is called Yan Feiyu. Her nickname is Yu Yu, and little feather is their child. "

Che Qixuan Dongfang Mo snorted in his heart. It seemed that he did not become a monk like he had said.

"What does this Che Qixuan do now?" Dongfang Mo asked without batting an eyelid.

“This... We haven’t found out yet.” A Hao wiped the sweat from his forehead with his hand. Then he said with a face full of guilt, “they only found him going in and out of Yan Ru’s house and found that the little girl called him Daddy. They haven’t found anything else. They said that this Che Qixuan doesn’t seem to have a job.”

“got it.” Dongfang mo rubbed his forehead with his hand, then waved his hand to signal a Hao to get off.

Car Qixuan What a good name He used to like cars so much that racing cars were his life. But in the end, he was ruined by racing cars.

Now, he no longer raced cars. He actually changed his car’s surname. From this, it could be seen that he still remembered the experience of racing cars.

However, if he didn’t play racing cars, then what did he play Diving?

After Yan ru disappeared from Dongfang Jun’s cruise ship, she returned safely to Korea. From this, it could be seen that Dongfang Yu, also known as Che Qixuan, was the one who saved her.

However, how did Yan ru meet Dongfang Yu five years ago?

### **Chapter 532 little feather disappeared**

When Yan ru returned to Korea, her days seemed to have returned to the past. Every morning, she would send little feather downstairs to take the kindergarten bus at the entrance of the community. Then, she would draw and read during the day, and in the afternoon, she would arrive punctually at the entrance of the community to pick up little feather from the kindergarten bus.

Her days seemed to have calmed down again. The ten days when she met Dongfang Mo in Paris and was brought back to one inch ink city by Dongfang Mo seemed to have passed like a dream.

Of course, she knew that it was not a dream, although she tried her best to treat it as a dream, a dream that she did not want to remember anymore.

She could not, because when she fell into Leng Leiting’s hands, she met a mother who was even closer to her than her own mother. Although mother Wang was not her real mother, in Yan Ru’s heart, mother Wang was better than her real mother.

Moreover, from the conversation with mother Wang, she vaguely felt that her father, Xi Yuancheng, did not seem to be dead. If her father was really not dead, where was he now Did her sister, Xi Muxue, know about it?

These questions were all a mystery. Although she did not care much about whether her father was still alive, she was very concerned about mother Wang. Right now, mother Wang had no one to rely on, and her son and daughter-in-law did not acknowledge her So, Yan ru wanted to bring mother Wang to her side.

When Yan ru told this idea to Che Qixuan, Che Qixuan immediately widened his eyes and stared at her. Then, he looked at her as if he was looking at a monster and said, "Yan ru, are you daydreaming? Do you think we're in China? If we want to bring someone to a city in our country, we just need to take a car?"

Yan Ru immediately fell silent. Of course, she knew that it wasn't easy to bring mother Wang to Korea, but she missed mother Wang too much. Moreover, she was raised by mother Wang since she was young. Now that mother Wang was old, she couldn't just ignore her.

Che Qixuan said that it would not be easy to bring mother Wang to Korea. At the very least, she could not do it at the moment because mother Wang would definitely attract the attention of Dongfang Mo and Dongfang Jun. once mother Wang disappeared.. It would definitely be investigated by Dongfang Mo and Dongfang Jun. by then, it was estimated that before mother Wang could be brought to Korea, Dongfang Mo and Dongfang Jun would be the first to come to Korea.

Yan Ru heard what Che Qixuan said and did not say anything more. She only said that she wanted to know about mother Wang's recent situation. Che Qixuan said that it would not be easy to find out. When there was news, he would tell her and tell her not to think too much. She could just bring little feather to draw in peace.

Hence, Yan ru really did not worry anymore because she knew that it was useless to worry. Moreover, her ability was limited. Even if she was worried about mother Wang, it was because she had the heart but not the strength.

Yan Ru thought that she would never see Dongfang Mo and Xi Muxue again in this lifetime. As long as she did not leave Korea, as long as she did not leave Incheon, her days would go on peacefully until little feather grew up. Until she grew old.

However, reality proved that her thoughts were too naive!

That afternoon, Yan ru spent the whole day drawing at home. It was a creative drawing. There was a large patch of plum blossoms in the drawing. The Sky was dancing with heavy snow, and underneath the heavy snow, there were large patches of red plum blossoms. They bloomed as brightly as sparks, as beautiful as blood.

She was very satisfied with this drawing. She let out a long sigh of relief. When she looked up, she realized that it was time to receive little feather, so she hurriedly ran downstairs.

### **Chapter 533 little feather disappeared**

When she arrived at the gate of the community, the security guard at the gate told her that little feather's kindergarten car had not arrived yet. She was not in a hurry because the kindergarten car would occasionally arrive late. After all, there would be traffic jams on the road sometimes.

Therefore, she waited at the gate of the community with peace of mind. However, half an hour later, the kindergarten car had not arrived yet. Therefore, she could not help but feel a little anxious. Then, she quickly called the kindergarten to ask if the school bus had arrived on time today.

The person who answered the phone was the security guard at the entrance. He did not ask Yan ru which child's parents in detail. He was very responsible and very formal at the same time. He told her that because the school was rehearsing this afternoon.. Therefore, the school bus left more than ten minutes later than usual.

Yan Ru hung up the phone. She thought that the school bus would leave more than ten minutes later. If there was another traffic jam on the road, then today might be even later. She could not be too anxious. She could wait a little longer. Perhaps it would arrive in a few minutes.

Yan Ru kept persuading herself to be patient and wait a few more minutes. However, after waiting for another half an hour, she still couldn't wait for little feather's school bus, so she couldn't help but call the school again.

This time, the security guard who answered the phone at the school said that the school bus that sent the children had already returned to the school. All the children had been sent, so how could they not have picked up the children?

Yan Ru immediately asked the security guard to ask the driver, and asked the driver and the driver to call her.

Soon, the car attendant called her and said that she didn't see Yan Feiyu in the car that sent the children home this afternoon, so she didn't drive to the B gate of her neighborhood because the other two children were getting up and down at the a gate.

Yan Ru quickly asked where Yan Feiyu went?

The car attendant didn't know either, but he told her not to be anxious. He said that he would help her ask Yan Feiyu's class teacher and get the class teacher to call her back later.

Yan Ru became more and more anxious. As she waited for the class teacher's call, she silently prayed that the class teacher or dance teacher would let her dance or draw something in school She hoped that she would be dancing ballet or drawing big frogs with other children at this time.

Yan Ru's prayers were not over yet. Little feather's class teacher quickly called her back. On the phone, the class teacher very politely told her that Yan Feiyu had been picked up by her father, Che Qixuan, after school That was why she did not take the school bus today. She thought that Yan Feiyu had already gone home.

Picked up by Che Qixuan?

Yan Ru hung up the class teacher's call and immediately called Che Qixuan. However, Che Qixuan's cell phone was turned off at this time, so she became irritated and could not help but call Pu Yongjun again, even though she rarely called Pu Yongjun.

Pu Yongjun's call was quickly picked up, but it rang for a long time before it was picked up. Without waiting for Pu Yongjun to speak, Yan ru immediately asked, "Yongjun, do you know where Che Qixuan took little feather? "

“Che Qixuan didn’t bring little feather?” Pu Yongjun immediately answered. Then she added, “Qixuan and I are busy at sea right now. We left early in the morning. Qixuan’s phone is out of battery, and there’s no place to charge the yacht. Isn’t little feather in kindergarten?”

“What?” Yan Ru was shocked and quickly asked, “didn’t he go to the kindergarten to pick up little feather this afternoon?”

### **Chapter 534: Little Feather is missing 3**

OF COURSE NOT!

Che Qixuan looked at Yan Ru, who was crying her eyes out, then sighed and said, “alright, Yan ru, it’s useless for you to cry now. I originally thought that you would be fine in Korea, but who knew...”

Who knew that Dongfang Mo would be so amazing, to actually understand all of Yan ru’s situation in less than half a month, and even little feather knew about it?

Alright, did he underestimate Dongfang Mo’s current ability, or did he underestimate Yan ru’s influence on Dongfang Mo?

No matter what he underestimated, little feather had disappeared. No, more accurately speaking, little feather had been scammed away by someone.

The worst thing was that his identity had been exposed and Dongfang Mo had found out about it. Presumably, Dongfang Mo must be hating him right now?

“Che Qixuan, what should we do now?” Yan Ru looked at Che Qixuan and asked while sobbing, “how can we get little feather back?”

Che Qixuan smiled when he heard Yan ru’s words. Then, he shook his head and said indifferently, “I don’t know what to do either. If little feather had been kidnapped or something, I would definitely go and save her. However, the situation now is... “little feather is in Dongfang Mo’s hands. I can’t show my face in front of Dongfang Mo at all, so I can’t do anything about it.”

Che Qixuan was telling the truth because eight years ago, he told Dongfang Mo that he was going to the Lianhua Temple in Las Vegas to become a monk. At that time, Dongfang Mo had even donated a large sum of money to the Lianhua Temple.

Now, he was in Korea. He had not become a monk at all. Of course, if this was all there was to it, Dongfang Mo might just get angry and let it go. At most, he would scold him.

But the key point was that he had actually married Dongfang Mo’s ex-wife and had a daughter. It would be strange if Dongfang Mo did not kill him for something like this.

This world was very big. There were many places he could go. Only Binhai in China could not go. Only one inch Mo city could not enter. Only the Dongfang family could not see a single person.

Yan Ru’s heart felt like it was being twisted by a knife when she heard this. Che Qixuan had no choice, which meant that he wasn’t willing to help her get little feather back.

Then she could only rely on herself, because the Park Yongjun siblings were with Che Qixuan, especially Pu Yongjun. He was definitely standing with Che Qixuan.

Thus, she could only look at Pu Zhihui. Based on her observations of Pu Zhihui, she knew that she was a hidden expert. If she appeared, there was more or less some hope.

However, just as her gaze shifted to Pu Zhihui's face, she did not have the time to speak. Pu Zhihui spoke first, "Yan Ru, don't look for me for this matter. Where is one inch Mo city? Do you think I'm an iron wall? I'm just a body of flesh and blood, okay. Moreover, your daughter has only returned to her biological father's side. Why are you in such a hurry?"

Yan Ru was stunned when she heard Pu Zhihui's words. Little feather had only returned to her biological father's side. Why was she in a hurry?

Look, this was a woman who had never been a mother. She would never know how much a mother cared for her child.

It was true that Dongfang Mo was little feather's father, but the key was that little feather did not know, and Dongfang Mo did not know either. How could they possibly get along as father and daughter?

Moreover, Dongfang Mo was a demon, yet he was so cruel to her, let alone little feather. Who knew how he would torture little feather?

### **Chapter 535: Little Feather is missing**

Just as Yan ru was worried about little feather, Dongfang Mo had already brought little feather to his private plane and was flying towards Binhai.

Dongfang Mo had arrived in Incheon, Korea, the day before yesterday. He had originally planned to look for Yan ru directly, but when he thought of that woman's stubbornness and willfulness, he thought that she would definitely not follow him obediently. In the end, he gave up on the idea of looking for her directly. Then, he changed the plan of pretending to be Che Qixuan.

This plan was very simple to implement. It was just to buy a set of clothes that Che Qixuan used to wear, and then get a haircut. This way, he could swagger to the kindergarten and pretend to be Che Qixuan to pick up little feather.

Because he looked exactly like Che Qixuan, if it wasn't for the people who lived around them all the time, they wouldn't be able to tell the two of them apart. So when he went to the kindergarten to pick up feather, it went very smoothly, not to mention the teachers and classmates. Even feather himself didn't doubt it.

So, he couldn't help but feel lucky that he had learned Korean for a few days. Although he didn't know how to speak complicated Korean, he still knew the simple language of daily communication.

So, when he showed up at the kindergarten as Che Qixuan and lied that he forgot to bring his pick-up card, the kindergarten teacher only asked him to sign his name, and then let him take feather away.

Little feather was very happy to see him, so he immediately jumped into his arms and shouted loudly, "Daddy, why did you think of picking me up today?"

He was stunned and almost didn't answer because he didn't expect little feather to ask him this question in his plan.

But he quickly answered, "because daddy misses Yu Yu Yu!"

This was the most tactful and easiest to deceive. When little feather heard his words, he didn't even doubt it and directly followed him out of the kindergarten.

Of course, he did not drive a car. One reason was that he did not have a car in Korea. The other reason was that according to the information he knew, car Qi Xuan almost did not drive a car in Korea. He usually took a bus or a taxi on the subway. Even if there were occasional cars that drove out.. He did not drive the car himself, but someone else did it for him.

Therefore, he took Yu Yu Yu's taxi and asked Yu Yu to take her to the Amusement Park to take a simulated helicopter?

Of course, Yu Yu was happy. She said that she liked to go to the amusement park the most. In the Amusement Park, she liked to take a helicopter the most. It was just that she did not know that there was a simulated helicopter in the amusement park.

Dongfang Mo quickly said that the simulation helicopter had only been transported to the amusement park yesterday. He had only heard about it this morning, so he had specially come to the kindergarten to pick her up after school to play.

Yu Yu was very happy when she heard this. She could not help but put her arms around Dongfang Mo's neck. Then, her pink little mouth kissed his cheek heavily. "Daddy is so good. Yu Yu loves DADDY THE MOST!"

Dongfang Mo's heart skipped a beat almost instinctively. Looking at the child beside him who was so pretty and pretty, for a second, he felt that this cute little angel-like girl was his daughter.

However, the moment this thought formed in his mind, he quickly rejected it. This was because Yan ru was three months pregnant when she went missing. If it was really that child, then little feather should be five years old soon.

### **Chapter 536: Little Feather is missing**

However, according to the information he received, little feather was only five years old next May. This did not match the month when Xi Mu Ru was pregnant with the child back then. It was a full five months younger.

According to little feather's age, this was not Xi Mu Ru's child back then!

However, if it was not his child, then whose child was little feather Was it Dongfang Yu's?

Impossible. He immediately denied it. Back then, Dongfang Yu was badly injured. The bloody mess there could not be repaired at all. It was precisely because of this reason that Dongfang Yu was sad and desperate and did not want to return to the Dongfang family that he became a monk.

Then, who was the father of this child of Yan Ru's?

Dongfang Mo's private plane was parked at a corner of the Amusement Park's lawn. As it was already evening, there were not many people in the amusement park, and because the soundproofing effect was good, it did not attract anyone's attention.

Dongfang Mo brought little feather to the private plane. Little feather was very happy to see the simulation helicopter. Without thinking much, he directly climbed up the soft ladder.

Thus, Dongfang Mo very smoothly coaxed little feather into his helicopter. Then, he quickly gestured for it to take off, while he accompanied little feather.

To be honest, Dongfang Mo wasn't a patient person, especially when it came to children. However, this time, he felt that children were actually quite fun.

When little feather saw that the simulation plane was moving, he couldn't help but laugh happily. As he laughed, he asked Dongfang Mo who was sitting next to him, "Daddy, can we bring mommy to play next time?"

"Sure," Dongfang Mo answered without thinking. Then, he said lightly, "I'm afraid your mommy doesn't want to play with us."

"How can that be?" Yu Yu was very dissatisfied with Dongfang Mo's answer. Then, she pouted her Little Pink Lips and said, "Daddy, have you forgotten that mommy likes to come to children's amusement parks the most? Every time Yu Yu sits on the merry-go-round, mommy has to sit with her."

Dongfang Mo was slightly stunned. Then, he quickly smiled awkwardly and quickly said, "I'm saying that I'm afraid that your mommy will be timid and won't dare to sit on this."

"My mommy is not timid. Daddy, have you forgotten? Mommy even went to South Africa's Oryx National Park with us to sketch," Yu Yu reminded this forgetful daddy again. Then, she walked to the window. As she looked out of the window, she said, "Daddy, why are you..."

Yu Yu stopped mid-sentence, because she realized that there was no amusement park outside the window. It was a vast expanse of whiteness, and nothing could be seen.

This was not a simulation helicopter, this was a real helicopter!

Although Yu Yu was still a child less than five years old, such a message was immediately transmitted in her mind. Therefore, after she was stunned for nearly a minute, she immediately turned around and glared at Dongfang Mo..

"Who are you?" Yu Yu's voice was immediately filled with doubt and vigilance.

Dongfang Mo frowned slightly, then looked at the little girl in front of him and said, "didn't you just call Me Daddy? Then I am you..."

“YOU ARE NOT MY DADDY!” Yu Yu quickly interrupted Dongfang Mo’s words, then glared at her angrily. “Who exactly are you? Why did you pretend to be my daddy? Why did you lie to me?”

### **Chapter 537 you are a big liar**

Dongfang Mo was slightly stunned when he heard Yu Yu’s words. Then, he said lightly, “I am Dongfang Mo. I am not sincere in wanting to deceive you. The main reason is that your mommy lied to me first, so there is no other way. I can only deceive you first and then let your mommy come to me obediently.”

“What did my mommy lie to you about?” Yu Yu did not believe Dongfang Mo even more. Without waiting for Dongfang Mo to reply, she shouted again, “that’s not right. My Mommy is the most honest person. She would never lie to others. You must be lying. You Liar, you must be lying.”

Dongfang Mo felt a headache coming on. Moreover, he could not explain the matter between him and Yan ru to little feather. Moreover, that woman Yan ru definitely did not tell this child about her background. Therefore, if he were to tell the truth now, this little girl would definitely not believe him.

Therefore, he said impatiently, “stop arguing. Can you be quiet for a while? It’s useless for you to argue on the plane now. Your Mommy can’t hear you, so it’s useless to argue?”

“Why did you change your appearance to look like my Daddy?” Yu Yu asked Dongfang Mo angrily. Her small hands were placed on her waist, and her pair of black pearl-like eyes stared at Dongfang Mo..

“when did I get plastic surgery? I was always like this.” Dongfang Mo was amused by Yu Yu’s expression, and he couldn’t help but retort, “your mommy got plastic surgery? If you say she’s a liar, then she’s a real liar.”

“nonsense, my mommy didn’t get plastic surgery.” Yu Yu saw Dongfang Mo slandering her mommy. She couldn’t help but raise her voice and shout, “although most Korean women get plastic surgery, my mommy definitely didn’t get plastic surgery. She was born to be so good-looking. She’s the most beautiful woman in the world.”

Dongfang Mo was not angry when he heard this. He nodded and echoed little feather’s words, “yes, yes, yes. Your Mommy is indeed the most beautiful woman in the world. However, she was even more beautiful before the plastic surgery. Now, after the plastic surgery, she is even uglier.”

When little feather heard Dongfang Mo’s words, he became even angrier. Hence, he stomped his feet and shouted, “you’re spouting nonsense. My Mommy did not undergo plastic surgery or plastic surgery. You just underwent plastic surgery and became like my Daddy? You Liar, you’re lying and pretending to be my daddy. When my daddy arrives, he will definitely not let you off.”

Dongfang Mo thought to himself, if your daddy really gets here, I’ll definitely strangle him to death. That damned Dongfang Yu, it’s fine if he doesn’t keep his word, but he’s even trying to cheat others. He met his sister-in-law five years ago, but he actually didn’t send her back to his brother.. And he even ran off to marry his sister-in-law. Is there still any rules in this world?

Little feather was still making a racket, but Dongfang Mo's patience had already run out. Thus, he simply walked to the side of the bed and lay down. He covered his ears with a pillow and ignored the little girl who kept shouting, "liar, big liar." He thought she was a mosquito buzzing in the air.

Little feather was just a child after all. She was very tired after making a racket, yelling, and yelling. However, Dongfang Mo was still lying on the bed like a dead man, so she was very angry and climbed onto the bed.

Seeing that Dongfang Mo covered his ears with a pillow and ignored her, she walked up angrily and bit down on Dongfang Mo's wrist without thinking.

"AIYA!" Dongfang Mo cried out in pain. Almost instinctively, he turned his hand back and pushed little feather, who was biting his wrist, down onto the bed.

### **Chapter 538-you are a liar**

"Dong!" The sound of feather's body falling to the ground could be heard clearly in the small space of the helicopter.

"Ah, IT HURTS!" Feather cried out loudly. Then, she used her hands to cover the back of her head and cried out loud.

"What's wrong, feather?" Dongfang Mo rolled over and got up from the bed. Then, he quickly bent down to pick up the little girl who was still lying on the ground. At the same time, he comforted her in a low voice, "feather, don't cry anymore. Where did you fall? Tell Daddy, daddy will help you find..."

Before Dongfang Mo could finish his words, little feather's small hands had already reached out with lightning speed towards his face. Because Dongfang Mo was fully focused on little feather's body, he did not guard against this move of hers. She actually caught him in the act.

"Hiss..." he instinctively let out a cry of pain and quickly turned his head away. He was still inevitably grabbed by little feather's small hands. Although there was no blood, there were still some marks left behind.

Little feather was a kindergarten child, so she did not have any fingernails. Although she used all her strength to grab Dongfang Mo's face, she did not hurt Dongfang Mo because she did not have any fingernails.

"So your face is real." Feather said angrily, "I thought you were wearing a layer of human skin on your face."

Dongfang Mo heard that she was very logical and could use force to deal with him, so he threw her onto the bed and said angrily, "of course my face is human skin. Could it be that your face is pig skin?"

"You are pig skin." Feather refuted him immediately, and then quickly shouted, "your face is horse skin, cow skin, tiger skin, lion skin, Wolf Skin, crocodile skin, or..."

Little feather mentioned every animal skin that she could think of, which made Dongfang Mo very angry. So, she reached out and grabbed the electrical tape in the office desk and said coldly to her, "if you dare to keep your skin down, I'll use the tape to seal your mouth shut, so that you won't have a mouth."

This threat was enough for little feather, who was not even five years old. Therefore, little feather, who had always been sharp-tongued, finally stopped talking about the skin.

However, the smart little feather immediately changed the topic. She looked at Dongfang Mo and asked crisply, "Daddy, when will my mommy come to pick me up?"

Dongfang Mo felt his heart skip a beat when he heard her call him 'daddy'. The anger in his stomach had also disappeared because of her call. Therefore, he put down the electrical tape in his hand and said unhappily, "how would I know? I'm not your mommy, right?"

"Why don't you lend me your phone to call me?" Little feather immediately changed the method. Then, he said softly, "Daddy, I'm worried that mommy is looking for me everywhere. I'll call her and tell her not to look for me. I'm here with you. Wouldn't it be much easier if she came here to look for me? Don't you think so?"

Dongfang Mo couldn't help but laugh when he heard little feather's words. Although this child was young, he was quite smart. He actually knew how to use tactful methods to gain his trust.

"Don't worry, your mommy already knows that I took you away." Dongfang Mo yawned and said to little feather, "what you need to do now is to sleep on the bed properly. Who knows, tomorrow morning, your mommy might rush over to look for you."

"I can't sleep alone." Little feather looked at Dongfang Mo pitifully and said, "usually, it's not my mommy who sleeps with me, it's my daddy who sleeps with me."

### **Chapter 539 you are a big liar**

Dongfang Mo was stunned for a moment, then he thought for a moment and said, "alright, then I'll sleep with you. I look exactly like your Daddy, just treat me as your Daddy."

"But you're not my daddy," little feather retorted immediately. "You're a liar, a big liar."

"A liar doesn't mean that you're a bad person, right?" Dongfang Mo's patience was almost worn out by little feather. He immediately laid down on the bed and said, "alright, if you want to sleep, then sleep. If you don't want to sleep, then forget it. In short, your mommy can't make it in time now, and you don't have the wings to fly to your mommy's side."

When little feather heard Dongfang Mo's words, she immediately started crying again. As she cried, she sobbed and shouted, "I want Mommy, I want Mommy, I want Daddy, I want Daddy..."

Dongfang Mo had to give in to this child. Although he was extremely sleepy, he couldn't fall asleep after being tormented by this child. Thus, he could only sit up again and look at this crying little girl. He patiently asked again, "are you hungry? Do you want to eat something?"

“Yes.” Little feather nodded her head heavily, then quickly shook her head. “No, I’m not hungry. Mommy said that you can’t eat the food of strangers. Strangers are bad people, and you’re the bad person.”

“How can I be a stranger?” Dongfang Mo explained as he took out food from the fridge for her. “Didn’t I tell you just now “Your Daddy and I are exactly the same person. Your daddy isn’t a bad person, so of course I’m not a bad person.”

“Is that so?” Feather looked at Dongfang Mo with a puzzled look, then shook his head and said, “I don’t believe you because you’ve already lied to me once. I don’t believe you anymore.”

“Alright, forget it if you don’t believe me.” Dongfang Mo took out the sandwich and milk, then put it into the microwave beside him and said, “I’m hungry. You can eat it or not, but I’m going to eat something anyway.”

Little Feather glared at him. Seeing him take out the heated sandwich from the microwave and the heated milk, she couldn’t help but drool when she saw him sitting by the coffee table and eating very savagely.

After all, he was not even five years old, not to mention that it had already been a few hours since school ended. Most importantly, she had just punched, kicked, yelled, and yelled at Dongfang Mo until she had used up all her energy. At this moment, her stomach was already rumbling with hunger.

In the end, she still couldn’t resist the temptation of delicious food. She climbed down from the bed and snatched the half-drunk milk from Dongfang Mo, bringing it to her mouth and drinking it immediately.

“Hey, this is what I drank before.” Dongfang Mo immediately glared at her and asked in a bad mood, “do you know how to be hygienic? You can’t eat things that others have eaten before. Didn’t your mommy teach you that?”

Little feather did not answer Dongfang Mo’s question. Instead, she reached out and snatched the half-eaten Sandwich from his hand. She stuffed it into her mouth and started eating again.

Of course, Mommy had taught her to be hygienic. Of course, she had told her that she could not eat things that others had eaten before because there would be germs.

However, her father had also taught her not to eat food given by strangers because she did not know whether the food given by strangers was poisonous or not?

However, she was very hungry now. If she did not eat, she was afraid that she would not have the strength to escape when the plane stopped, so she combined the two lessons that her father and her mother had taught her.

Eat food from strangers, but eat half of the food that he had already eaten, because no one would poison themselves. If he could eat, she could eat.

As for hygiene, she couldn’t care less at this moment. Saving her strength to prepare for an opportunity to escape was more important than anything else. She didn’t want to let her own mother come to her and fall into the hands of this swindler.

**Chapter 540 you are a big Liar 4**

It wasn't easy for Yan ru to go to Binhai because her identity card was in Dongfang Mo's hands. Although she went to the relevant department to report the lost and reissued documents after she returned to Korea, the procedure was very troublesome, so the reissued identity card hadn't been obtained yet.

Che Qixuan refused to go to Binhai. He said that he swore that he would never set foot in Binhai again, and he couldn't go against his oath.

Pu Yongjun couldn't go either. He seemed to have a very difficult task to complete in three days, so he and Che Qixuan had been working overtime for the past few days to do this task.

Thus, the matter of sending Yan ru to Binhai fell to Pu Zhihui again. Coincidentally, Pu Zhihui also had some free time in the past few days.

"Why am I so unlucky? It's always me who sends you to that damned place in Binhai?" Pu Zhihui sighed as she drove her yacht.

Yan Ru rolled her eyes at her words and said unhappily, "are you as unlucky as me? It wasn't easy for you to escape from that damned place. You changed your name and lived in an unfamiliar country for several years, and now you still have to obediently rush to that damned place?"

Pu Zhihui was slightly stunned when she heard her words. Then, she smiled bitterly and nodded. "That's true. Compared to you, it seems that I'm much luckier. I'll definitely not complain about life in the future. There are some things that I can't turn the situation around on my own. There's no other way but to accept my fate."

Yan Ru did not respond to Pu Zhihui's words. She knew that Pu Zhihui was talking about Che Qixuan because the former Pu Zhihui's entire heart was on Che Qixuan. However, not only was Che Qixuan unable to report her similar feelings, he had even gotten together with her brother.

Was there any love in this world that was more tragic than Pu Zhihui's? The man that she had fallen in love with was actually her brother's lover. And her brother was actually her love rival?

However, Yan ru did not have any more thoughts to consider these questions for Pu Zhihui, because her entire heart was on Little Feather.

She had always wondered if Little Feather would recognize Dongfang Mo when he saw him. Did she know that the man was not his father, but just a devil?

Little Feather had always been under the protection of her and Che Qixuan, and had almost never interacted with strangers alone. Therefore, when she fell into Dongfang Mo's hands this time, Yan ru was worried that she would be bullied.

"Don't look so sad," Pu Zhihui said in a bad mood. "after all, it was Little Feather's biological father who kidnapped her. Which father in the world would be willing to hurt his own daughter?"

Yan Ru could not help but smile bitterly when she heard Pu Zhihui's words. Then she said indifferently, "I was abandoned by my biological father less than three days after I was born. If it wasn't for my mother's kindness to throw me to the servants at home, I might not be in this world anymore."

Yan Ru paused for a moment and then sighed softly, “there are all kinds of people in this world, it’s just that you haven’t met them.”

“I know all kinds of people.” Pu Zhihui rolled her eyes and said, “but it doesn’t mean that everyone is like your father. It’s impossible that Qixuan Jun’s brother is the same as your father. Do you see how much Qixuan Jun likes little feather?”

“But the key is that he doesn’t know that little feather is his daughter.” Yan Ru sighed heavily and then added, “and little feather doesn’t know that Dongfang Mo is her biological father. Who knows how the two of them will fight.”
