Chapter 591 hard choices 5

Dongfang Yunxia paused for a moment, then said with deep feelings, “later, Dongfang Hotel gradually became a company, and then slowly changed careers, investing in hotels, investing in the electronics industry...”

“great-aunt, I have never forgotten these,” Dongfang Mo hurriedly took over the words of Dongfang Yunxia, then he looked at Dongfang Mei and said, “it’s just that this is an era of rapid change. Society is constantly improving, and the old-fashioned plans of the past will slowly fall behind. Ah Jun is young, and he has the drive of a newborn calf that is not afraid of tigers. I think the position of the CEO of the Dongfang Group is very good for him...” “... “...”

“Alright, I’m not here to discuss the issue of the position of the CEO of the Dongfang Group with you,” Dongfang Yunxia interrupted Dongfang Mo unhappily. Then, she glared at him and said, “on the way here, ah Mei told me that the funds of the Dongfang Group are in a crisis, and the turnover is very difficult. And as the former largest shareholder of the Dongfang Group, not only are you not extending a helping hand to the Dongfang Group, but you are also constantly urging for the remaining portion of your funds. Aren’t you clearly trying to let the Dongfang Group go bankrupt as soon as possible?”

“great-aunt, look at what you’re saying. I’m following the proper procedures.” Dongfang Mo felt that he could no longer explain things clearly to his 75-year-old great-aunt. Thus, he could only say concisely, “three years ago, when I withdrew my shares, I signed an agreement with Dongfang Group. Now, everything is carried out according to the agreement. As for whether Dongfang Group is going to close down or not, that’s really not my fault...”

“I know it’s not your fault.” Dongfang Yunxia once again snatched back Dongfang Mo’s words. Then, she sighed and said, “what I’m discussing with you now is not who is right and who is wrong. What I’m discussing is how to bring the Dongfang Group back to life. We are members of the Dongfang family. When I heard from Hawaii that the Dongfang Group was going to go bankrupt, I was so anxious that I couldn’t wait to come back and see if I could still do my part. Yet, you, not only did you not try your best, you actually went to force Ah Jun and the others. Tell me, do you think you are worthy of being a descendant of the Dongfang family?”

“Then what I mean is —” Dongfang Mo paused for a moment, and then asked in a deep voice, “do you want me to throw money into the Dongfang Group again?”

“What do you mean by throwing money?” Dongfang Yunxia was very unhappy when she heard this. “Ah Mo, the Dongfang Group was originally yours. Now you just need to put in the shares that you withdrew, and then you will still be the largest shareholder. Of course, according to the rules of the Dongfang Group, the largest shareholder must take on the position of president...”

“As long as big brother invests in the shares that he pushed out, as long as it can bring the Dongfang Group back to life, I will definitely give up the position of the CEO of the Dongfang Group to big brother,” Dongfang Jun quickly expressed his stance. His tone and attitude were extremely sincere.

“Yes, yes, yes, that’s what I mean as well, ” Dongfang Mei echoed her son’s words Then, she looked at Dongfang Mo and said, “Ah Mo, I know that when you were in a car accident five years ago, it was unreasonable for me to ask Ah Jun to come back as the CEO, but at that time, you had to go to the United States for surgery and take care of your body. You can’t manage the company... ”

“Alright, let’s not talk about the past anymore, ” Dongfang Yunxia interrupted Dongfang Mei Then, she looked at Dongfang Mo and said, “the key now is that we have to work together to think of a way to rebuild Dongfang group. We have to make Dongfang group the number one company in Binhai city once again and become one of the top 100 companies in the world. We can’t let outsiders laugh at US, right? ”

Chapter 592: Difficult Choice 7

Dongfang Mo went downstairs while Yan ru stayed in the room. Of course, she did not sleep because she had slept in the room for two days and had not dozed off at all.

Dongfang Mo had asked her if little feather was his. She sighed softly and looked at the child who was sleeping soundly on the bed. She could not help but feel uncomfortable in her heart.

Che Qixuan had left. She did not know if he would think of a way to bring her and little feather out. Moreover, one inch ink city was a wretched place. It seemed that it was difficult for outsiders to enter. That night when Che Qixuan came in, he had pretended to be Dongfang Mo and barged in.

The act of impersonation could only be done once. There would definitely not be such an opportunity in the future.

If Che Qixuan could not enter, then she would have to think of a way to escape with little feather. However, one inch ink city was heavily guarded. After the incident where little feather had dug out one inch ink city, she would probably want to dig out again It would probably not be an easy task.

How could she escape from Dongfang Mo’s hands again And where would she have to escape to not be found by Dongfang Mo?

This was a really difficult question. After racking her brain, she thought for an entire afternoon. When she reached the door, there was a knock. A Min was calling for her to go downstairs for dinner, but she could not think of anything.

The knock woke Yan ru up from her deep thoughts. Of course, it also woke little feather up from his sleep. The moment she turned her head, she saw that little feather had already gotten up from the bed.

“Yu Yu, have you slept enough? ” Yan Ru quickly walked over and hugged her daughter’s small body in her arms. She pressed her forehead against her forehead and asked softly, “How was today? After dinner, Mommy will take you to one inch ink city for a walk, okay? ”

“Okay. ” Little feather nodded and then asked softly, “Mommy, did you really know the big liar before? ”

Yan Ru was slightly stunned, and a trace of regret flashed through her heart. She actually wanted to say that she didn’t. She had never known Dongfang Mo before, and she didn’t know who he was.

But when she thought of the DNA test that Dongfang Mo had mentioned, she wavered again. Because once the DNA test was done, then the fact that little feather was Dongfang Mo's child couldn't be hidden. If that was the case, little feather would sooner or later know the fact that she was Dongfang Mo's child.

Hence, she sighed softly and nodded. "Yes. As early as six years ago, Mommy and he met. At that time..."

"At that time, did your sister marry him and then you came over to his house to play?" Little feather interrupted Yan ru's words. Seeing that Yan ru was stunned, she then added carefully, "it was that woman who looked exactly like you who told me."

Yan Ru did not expect that the fake Xi Muru and the Real Xi muxue would tell little feather this way. Meanwhile, little feather had also told her about how she had dug out that place over the past two days. She said that Xi Muxue had told her that that place could be dug out.

She still could not figure out what Xi Muxue was thinking about when she helped little feather escape from one inch ink city. However, thinking about how little feather was kidnapped after escaping made her doubt Xi Muxue for some reason.

"Yu Yu, the matter between Mommy and Dongfang Mo six years ago was a little complicated. I can't explain it to you all of a sudden, and there's no need for you to know," Yan ru carried her off the bed. Then, as she let her put on her shoes, she said to her, "when you grow up, Mommy will tell you slowly. Mommy wants to tell you another thing now..."

Chapter 593 difficult choice 8

"Ah Mo, is this the room you're staying in?" A CRISP WOMAN's voice rang out from the living room outside, interrupting Yan ru's conversation with little feather.

Yan Ru was slightly stunned. She reached out and held little feather's hand, who had already put on his shoes, as they walked out. Coincidentally, they met up with Fang Zining, and behind Fang zining stood Dongfang Mo..

"I don't live here," Dongfang Mo replied indifferently, then pointed to the side and said, "I sometimes live next door, and sometimes I live in the study on the fourth floor."

"Oh, I thought you lived here." Fang zining smiled, then looked at Yan ru and little feather and asked, "this is..."

"This is Yan ru. Next to her is her child, Yan Feiyu," Dongfang Mo answered naturally, then added, "Yan ru is an artist. Her paintings were once exhibited at the Paris International Art Exhibition."

"Oh, so you are an artist?" Fang zining's shocked expression was a little exaggerated. Then she turned to look at Dongfang Mo and called out coquettishly, "Ah Mo, then let artist Yan paint a portrait for me, okay?"

Dongfang Mo nodded indifferently. Then, he said to Fang Zining, "let's go upstairs. From now on, you'll live on the third floor. Aunt insists on staying in the Plum Garden. I can't do anything to her, so I can only let her be."

Fang zining nodded with a smile on her face. Then, she looked at Yan ru and said kindly, "Miss Yan, I'm new here. Please forgive me if I have any inadequacies in the future."

A faint smile tugged at Yan Ru's face. Then, she nodded and said, "this isn't my home, so you don't have any inadequacies with me."

Fang Zining was stunned. However, Dongfang Mo had already taken the lead and walked out of the door. She hurriedly followed after him. At this moment, she couldn't be bothered to bicker with YAN RU.

Even if Yan ru was a fool, she could tell that Fang zining was coming for Dongfang Mo. her heart skipped a beat. If Dongfang Mo wanted to marry this woman, Fang Zining.. Then she and little feather would definitely be able to escape from his control.

This was originally something that made people happy. However, for some reason, when she thought about how he was going to marry another woman from now on, and how he was going to do the things he had done with her with another woman from now on.. He was going to let another woman give birth to his child, and for some reason, she felt an inexplicable pain in her heart. She even felt a faint pain.

"Mommy, let's go down and eat. I'm already hungry." Little feather saw that Yan ru was in a daze and quickly pushed her with his hand.

"Oh," Yan ru responded. Only then did she react. She held little feather's hand and quickly walked out of the door.

Just as they walked down the first floor, they saw an old woman who looked to be in her sixties sitting in the living room. She was probably the great-aunt of Dongfang Mo that Ah Min had mentioned in the afternoon.

This woman was dressed luxuriously, her face was well-maintained, and her movements were extremely elegant. One look and one could tell that she was a pampered old lady. She must have been born into a rich family.

Of course, the Dongfang family was extremely rich. How poor could his relatives be Even someone like Zheng Yifan and his sister had a family fortune of several million yuan.

Dongfang Yunxia looked at Yan ru bringing a child down. She was obviously stunned because she did not expect Dongfang Mo to have a woman living in his house, and even more so, she did not expect to have a child.

"which family... Are you from?" Dongfang Yunxia did not dare to casually guess Yan ru's identity, so she asked in puzzlement, "Are you Yifan's lover?"

Chapter 594 difficult choice 9

Yifan Zheng Yifan?

Yan Ru was slightly stunned. She remembered that this was Dongfang Mo's great-aunt, which was also Zheng Yifan's great-aunt. Because Zheng Yifan's mother and Dongfang Mo's father were siblings, they both called this great-aunt their great-aunt.

"No, I'm not," Yan ru blurted out almost instinctively.

In the past, she had also wanted to be Zheng Yifan's lover. She had even thought of joining hands with Zheng Yifan and supporting each other for the rest of their lives. However, the heavens did not give her such a chance. In the end, she and Zheng Yifan were separated by Dongfang Mo..

"Then who are you?" Dongfang Yunxia heard from Yan ru that she was not Zheng Yifan's lover. She was even more confused. The news she received was that Dongfang Mo had not married since his divorce six years ago. How could there be women and children in one inch Mo city?

Moreover, even if Dongfang Mo was married, he should not have children. After all, he had already become a eunuch seven years ago?

"This is Ah Yu's child," Dongfang Mo, who had just walked down from upstairs, answered this question for Yan Ru. Then, he said indifferently, "Ah Yu was pregnant before he died, so this child is Ah Yu's posthumous child."

"Ah Yu's child?" Dongfang Yunxia was obviously stunned. Then, she stood up and walked a few steps towards Little Feather. She squatted down to look at her and could not help but laugh as she said, "not to mention, it does look a little similar to Ah Yu."

At this point, the great-aunt stood up and looked at Yan ru and asked, "then, are you married to Ah Yu?"

"She and Ah Yu are not married," Dongfang Mo answered before Yan ru could. Then, he explained indifferently, "Ah Yu originally planned to wait for her to give birth and get married two years later. However, before her child was born, Ah Yu left."

Dongfang Yunxia was stunned when she heard Dongfang Mo's words. Then, she looked at Dongfang Mo and asked, "but why didn't Ah Mei tell me about this?" She only said that Ah Yu left. Then, his marriage with Kuang Yingying was ruined. She also said that you originally wanted to marry Kuang Yingying. Later, because of your car accident five years ago, you went to the United States. Then, Mayor Kuang stepped down. Kuang Yingying fled abroad and broke off the engagement with you, right?"

Dongfang Mo nodded. "It's like this. However, Yan Ru's identity was a little special back then. In short, it's not wrong for the child to be a royal. The mother and daughter have been living abroad for the past five years. I only recently brought them back. After all, the child belongs to the Dongfang family. We can't just ignore it, right?"

"The child is indeed the Dongfang family's responsibility." Dongfang Yunxia nodded. Then, she gave Yan ru a meaningful look. Then, she asked casually, "are you going to... Watch over this child for the rest of your life?"

Yan Ru was stunned. She instinctively pulled Little Feather's hand in and looked at this great-aunt warily. Then, she nodded and said, "yes, the child was born to me. Of course, I have to guard this child for the rest of my life."

“although you have no status and status with Ah Yu, you are still a woman who values friendship and loyalty.” Dongfang Yunxia praised from the bottom of her heart. “Alright, since it’s Ah Yu’s woman and child, then I can rest assured. Since AH MO has already brought you and your daughter back, you can live in one inch ink city from now on. The Dongfang family is your mother and daughter’s home.”

Dongfang Yunxia said here to pause for a moment, then fixed his eyes on the small feather body, and slightly sighed: “It is a pity that it is a girl, if it is a boy that is even better.”

Chapter 595 difficult choice 10

Yan Ru had never thought that her status in one inch ink city would become so awkward. Dongfang Mo had originally wanted to marry her, but now she had become Dongfang Yu’s widow, and little feather had become Dongfang Yu’s posthumous child.

Little feather did not understand what was going on at all, so when he left, he asked Yan ru sullenly, “who is ah Yu? I am clearly daddy’s child, how did I become Ah Yu’s child?”

Ah Yu was Dongfang Yu, Dongfang Mo’s twin brother. Of course, the Real Dongfang Yu was Che Qixuan, and the ‘ah Yu’ that Dongfang Mo spoke of was actually referring to himself.

This relationship was extremely complicated, and Yan ru felt that she definitely couldn’t explain it clearly to little feather. Moreover, little feather still didn’t know that Che Qixuan’s other identity was Dongfang Yu.

So.. She softly said to little feather, “Ah Yu is a person that Dongfang Mo made up. He was used to deceive some old lady. “Don’t ask so many questions, kid. You just need to stay here peacefully. Anyway, it’s unlikely that you’ll be able to return to Korea in a day or two.”

“But I want to go to kindergarten.” Little feather was a kid after all, and he didn’t want to be entangled in such a complicated relationship So he said to Yan Ru, “Mommy, why don’t you go and tell that old grandma to allow me to go to kindergarten? I think that big Liar Dongfang Mo is a little afraid of that old grandma.”

Yan Ru was slightly stunned and didn’t say anything. She didn’t expect that even little feather could see that Dongfang Mo was afraid of this great grandma, Dongfang Yunxia.

Actually, Dongfang Mo wasn’t afraid of Dongfang Yunxia, but he was facing some things that he couldn’t clearly tell Dongfang Yunxia, the woman Yan ru was, that little feather was his child.

Dongfang Yunxia’s sudden return to Binhai was not because she was homesick, but because someone had deliberately leaked the news that the Dongfang Corporation was about to go bankrupt to her, and then found someone to instigate her to come back and intervene.

The Dongfang Corporation was an empty shell, and now it was burdened with a huge debt. Even if he invested all his assets, he would probably be able to barely maintain it at the very most. It would be very difficult for it to become bigger and stronger again.

Dongfang Jun, the puppet CEO, had already defeated the Dongfang Corporation in the past five years, and the most infuriating thing was that up until now, Dongfang Jun still did not know who had defeated him.

From the beginning, this was a trap, a trap set up by someone. Actually, five years ago, he had vaguely guessed that Nangong Xun Capturing Xi Muru and Kuang Yingying was just a pretense. It was just that at that time, he was indeed worried about Xi Muru. After all.. She was pregnant with his Dongfang Mo's child.

If he had not rushed to the Fourth Ring Island to save Xi Muru five years ago and let her be in Nangong Xun's hands, then his Dongfang Group would definitely not have fallen into Dongfang Jun's hands. Dongfang Group would not have reached this stage.

Three years ago, he thought that if he withdrew his shares, he might be able to save Dongfang Group because he predicted that Dongfang Group would go bankrupt at least five years later. At that time, he would withdraw all his shares and wait for Dongfang Group to go bankrupt to be auctioned off He would then spend money to buy back the brand of Dongfang Group.

However, who would have thought that in just three short years, Dongfang Group would not even be able to return his shares for the last time and would be on the verge of bankruptcy.

Originally, he had planned to continue to ignore the matter of Dongfang Group going bankrupt because he knew that if he interfered, he would only fall into a trap again. Therefore, he could not do anything other than urging for his remaining shares.

Chapter 596 difficult choice 11

But who would have thought that great-aunt would come back She had even threatened him with the shares she had given him. If he did not lend a helping hand to the Dongfang Group, then the shares she had given him would all be withdrawn because she wanted to invest the money into the Dongfang Group. She wanted to save the Dongfang Group.

This afternoon, he had painstakingly told great-aunt that even if she took back all the shares she had given him and invested them into the Dongfang Group, it would still be a drop in the bucket. It would not be of any use at all.

However, his great-aunt was getting old and her personality had become stubborn. She did not listen to Dongfang Mo's words. She only knew that she had to save the Dongfang Group and that she could not let the Dongfang Group collapse because the Dongfang family could not afford to lose face.

Dongfang Mo was extremely helpless. He then said that the Dongfang Group had returned his shares twice in total, which added up to a total of five billion. The third time, there was still five billion, but now, not a single cent was returned to him.

Five billion was simply not proportional to the huge amount of debt that the Dongfang Group currently owed. He made a preliminary estimate. If he wanted the Dongfang Group to operate normally, he would have to invest at least another 15 billion.

He only had five billion, so where could he find the remaining 10 billion This was the key question?

Great-aunt said that the Fang family was willing to invest 10 billion for the Dongfang Corporation. However, the Fang family had one condition, which was that he had to marry Fang Zining, because Fang Zining was the only daughter of the Fang family.

“Fang Zining was once your lover. Back then, you both loved each other very deeply,” great-aunt said earnestly. “If it was anyone else, I wouldn’t have agreed. But zining is different. Back then, she was young and impetuous, and because of a misunderstanding, she broke up with you. Now, she still loves you. I think this is an extremely good thing for you and for the Dongfang Corporation.”

“great-aunt, I’m very grateful that the Fang family wants to invest in the Dongfang Group, but I don’t approve of the idea of zining marrying me.”

Dongfang MO quickly said to Dongfang Yunxia, “I’m sure you’ve heard of it before, I actually...”

“Alright, it’s not good for me to get involved in that aspect. Besides, Zining doesn’t mind,” Dongfang Yunxia continued Dongfang Mo’s words Then, she sighed slightly and said, “this is the rarest and most valuable thing about zining. She said that she had broken up with you for so many years and had dated other men before, but in general, she still thinks that you’re the best. She’s only happy when she’s with you.”

Dongfang Mo was silent for a long time before he could not help but ask, “does great-aunt really want me to step into the Dongfang Group again?”

“You mean you don’t want the Dongfang Group anymore?” Dongfang Yunxia did not answer and asked instead. She did not wait for Dongfang Mo to answer Then, she quickly said, “If you don’t want the Dongfang Group, then don’t blame me for falling out with you. Ah Jun is so young and has been working hard for the Dongfang Group Day and night, but you are in your thirties. You are in the prime of your life, but you are preparing to retire.”

Dongfang Mo smiled bitterly at Dongfang Yunxia’s words. When had he ever prepared to retire He only had his own arrangements. Moreover, he wasn’t the only one in the Dongfang Corporation.

He didn’t know how to explain the current situation to his great-aunt. Moreover, his great-aunt suddenly had dealings with the Fang family, which made him afraid to confide in his great-aunt.

When the Dongfang Hotel was established, Dongfang Yunxia invested more than Dongfang Mo’s parents. She occupied six floors, while Dongfang Mo’s parents occupied only four floors. If Dongfang Yunxia asked Dongfang Mo to return the six floors to her now.. It was estimated that Dongfang Mo would not even have one inch of Mo city left.

Should he listen to his great-aunt’s words and enter the Dongfang Group again, marry Fang Zining, and ask the Fang family to invest 10 billion in the Dongfang Group, or should he sell one inch of Mo City and return all the shares that his great-aunt had given him back to her And then bring Yan ru and her daughter to find Dongfang Yu to live a normal life?

This was indeed a difficult choice question, and he did not know what to do or choose.

Chapter 597 whether I get married or not has nothing to do with you

Yan Ru thought that she and little feather would be imprisoned in one inch ink city by Dongfang Mo. However, she did not expect that because of the arrival of great-aunt Dongfang Mo, and because Dongfang Mo said that little feather was Dongfang Yu's child.. The identities of her and little feather had actually undergone a dramatic change.

First of all, great-aunt thought that she and little feather should not live in the ink garden. Because the ink garden was the main garden of the Dongfang family, it should be given to the master and mistress of the Dongfang family. However, she did not marry Dongfang Yu. It was obvious that she did not agree with the identity of the mistress of the Dongfang family.

The other reason was the unbreakable truth that a mother relied on her son to be expensive. Because of little feather, she could still stay in one inch ink city, but she would live in the bamboo garden next to it.

Yan Ru did not know whether to laugh or cry after hearing the great-aunt's analysis. She then said indifferently, "I think I should bring little feather to live in the plum garden halfway up the mountain. That place is quiet, but I like quiet. There are many troubles in a place with many people."

"This idea is not bad." The great-aunt immediately made the decision and agreed to Yan ru's casual request. At the same time, she gave her an appreciative look. She felt that although her status was low, she could still be considered educated and courteous.

Seeing that the great-aunt was happy, little feather hurriedly took two steps forward and came to Dongfang Yunxia. He said softly, "great-aunt, Yu Yu is going to be five soon. Yu Yu is going to kindergarten."

"You didn't go to kindergarten?" Dongfang Yunxia was obviously very surprised. Then, she turned to look at Yan ru and could not help but ask angrily, "how do you become a mother? The child is already so old. Why isn't she sent to kindergarten?"

Yan Ru quickly explained carefully, "originally, I did send the child to kindergarten. However, in the past few days, master Dongfang 'brought' Yu Yu and me to Binhai, so Yu Yu did not need to go to kindergarten."

Yan Ru emphasized the word 'received'. She originally wanted to say 'kidnapped', but she swallowed her words. This great aunt had come at the last minute, so it was still unclear whether she was a friend or foe. It was better for her not to offend Dongfang Mo too thoroughly first.

"If that's the case, then ah Mo, we can't delay the child's education. Why don't you help little feather find a kindergarten?" Dongfang Yunxia still liked little feather, so she told Dongfang Mo without thinking.

Dongfang Mo had been quietly watching everything from the side, while Fang Zining sat beside him. After being asked by Dongfang Yunxia, he was stunned for a moment before he reacted.

"Alright, I'll get uncle Liu to help arrange it." Dongfang Mo stood up as he spoke, then took out his phone and walked out to make a call. It was obvious that he was swift and decisive, arranging for Yu Yu to go to a kindergarten.

Yan Ru did not expect that Dongfang Yunxia's arrival would bring her such convenience. Not only did she not have to stay in Dongfang Mo's room at the black garden, little feather could go to a kindergarten, and even she could freely enter and leave one inch black city.

That afternoon, she moved to the Plum Garden. Actually, she did not move anything because she did not bring Dongmai with her to begin with. Moreover, Dongfang Mo was the one who brought little feather, so she did not have anything.

However, Dongfang Mo bought a lot of things for little feather, including clothes, daily necessities, and toys. However, little feather disdained the Toys Dongfang Mo bought and thought that he had insulted her intelligence She had stopped playing with such childish toys a long time ago, okay?

Chapter 598 whether I get married or not has nothing to do with you

Yan Ru's days seemed to have settled down in an instant. Every morning, uncle Liu would drive little feather to the kindergarten. Every evening, uncle Liu would drive to the kindergarten to fetch little feather back.

Meanwhile, she was at ease painting in the Plum Garden. Occasionally, she would go out to buy something, such as painting materials. It was not that she was not allowed to go out. Instead, uncle Liu would drive her to the Plum Garden in the name of protecting her safety.

Alright, Great Aunt Dongfang Yunxia did not say that she wanted to restrict her freedom, and Dongfang Mo did not say that he wanted to imprison her in front of Dongfang Yunxia. Instead, if she wanted to live in the plum garden, he would let her live in the Plum Garden He asked little feather to go to kindergarten if she wanted to, and he even said that she could go out at any time.

On the surface, it seemed that she was free in one inch ink city, but in reality, that was not the case. Because every step she took was followed and monitored by people. If she wanted to escape with little feather, it was simply impossible.

Well, the Devil Dongfang Mo didn't give her true freedom. The so-called freedom was just a change in the way the prison door was used, from visible to invisible.

After she moved to the Plum Garden, ten days passed in the blink of an eye. Dongfang Mo didn't come. A Min, who brought her food, told her that Dongfang Mo seemed to have accepted the Dongfang Group again, so he was very busy these days, leaving early and returning late every day However, that Miss Fang zining accompanied him to the Dongfang Mo group every day.

This was not unusual. Yan Ru had already heard from Dongfang Yunxia that Fang Zining's father was going to invest 10 billion yuan in Dongfang Mo's group. Therefore, it was normal for Fang Zining to follow Dongfang Mo to Dongfang Mo's group.

Dongfang Yunxia was quite fond of little feather. Every afternoon, when little feather returned from kindergarten, he would go to Mo park to play with Dongfang Yunxia for a while. This actually coaxed Dongfang Yunxia to be happy.

“that old lady is very cute, ” little feather always said to Yan Ru, “she likes Yu Yu very much. However, she always laments that Yu Yu is not a boy. I reckon that after that big liar Dongfang Mo and that Miss Fang have a boy, the old lady will not like Yu Yu anymore. ”

Yu Yu was a little depressed when she said this, and then asked Yan ru in a daze, “Mommy, if the big liar really wants to marry that Miss Fang, will you be happy? ”

Yan Ru was stunned instinctively, and her heart immediately thumped because she did not expect that little feather would ask her such a question.

Unhappy, of course, she was unhappy. No matter what, Dongfang Mo, that devil, was still her man, and in this world, which woman would be happy because her man was with another woman?

However, she did not say these words to little feather. Instead, she said these words to little feather, “that’s between him and Miss Fang. What does it have to do with us? How would I have time to care about the big liar? ”

After Yan ru said this, she realized that she had actually been influenced by little feather. Now, when it came to Dongfang Mo, he was actually called a big liar and a big liar.

“But, I don’t like the big liar marrying Miss Fang. ” Little feather supported his chin with his hands. He sat on the balcony of the second floor of the Plum Garden and looked at the distant green mountain.

“Yan ru was shocked, and then she asked without batting an eyelid, “why? Does the big liar marrying Miss Fang bother you? ”

Chapter 599 whether I get married or not has nothing to do with you

“because the big liar and daddy look exactly alike, ” little feather answered naturally, and then added, “I always think of the big liar as my daddy. ”

Yan Ru was sad when she heard this. She really wanted to tell little feather that he was your Daddy. In fact, Che Qixuan from Korea was your uncle.

Of course, she didn’t tell little feather that. She just said plainly, “Yu Yu, it’s not unusual for people to look alike in this world, and... ”

“I know that the liar and daddy are twin brothers, ” little feather continued Yan ru’s words and added, “I also know that the Xi Muru who used to live here is also a twin sister with you. ”

Yan Ru was at a loss for words. She did not know what to say. At this moment, there was a knock on the door. Obviously, someone was looking for her.

She immediately got up and walked through the bedroom, through the living room, to the door. When she opened the door, she saw Fang zining standing at the door with a smile on her face. She was holding a red card in her hand.

“Miss Fang, this is... ” Yan ru looked at her from head to toe. Then, a smile appeared on the corner of her mouth. “Do you want to see my painting? My painting is on the first floor. ”

"I'm not here to see your painting." Fang zining still had a confident smile on her face. Then, she handed the red card in her hand to Yan ru. Then, she said softly, "AH MO and I will be engaged in a week. At that time, you are welcome to attend our engagement party."

Yan Ru was slightly stunned as she took the red card with the Big Red "Xi" printed on it. When she opened it, she realized that it was an invitation card. Obviously, Fang Zining was here to provoke her.

Provoke her Thinking of this, Yan ru's heart skipped a beat. She didn't know Fang zining before, and it was said that Fang Zining was Dongfang Mo's first love. However, the two of them had broken up 14 years ago.

This also meant that Fang Zining hadn't contacted Dongfang Mo in 14 years. Since she suddenly came, how could she possibly know about her relationship with Dongfang Mo?

Yan Ru was puzzled and couldn't help but raise her head to look at Fang Zining. However, her eyes just happened to meet hers. Her heart tightened instinctively. Meng ran suddenly felt that Fang zining's eyes were very familiar, as if she had seen them somewhere before.

No, she and Fang Zining had never met before, and Fang Zining's overly beautiful face had never appeared in her memories. But why did she feel that her eyes were familiar?

Yan Ru was still puzzled when Fang Zining's voice came from the other side. "Aiya, Miss Yan, it's not easy for you to still have a child with you. Haven't you thought of finding a partner?"

"It's enough that I have a small feather," Yan ru quickly answered Fang Zining, but her expression instantly darkened because of her suggestion.

Fang Zining was stunned, then she smiled again and asked casually, "is that so?"

"Miss Fang, is there anything else?" Yan Ru's face turned colder, then she added, "If not, then I'm sorry, I have to go prepare dinner. My daughter just said that she was hungry."

Fang zining did not expect yan ru to chase her away, but she still said in a very gentlemanly manner, "since Miss Yan is busy, then I won't disturb you."

After saying that, she immediately turned and walked downstairs. Yan Ru looked at the swaying figure of alodosius's back and felt that this figure was somewhat familiar. It was as if she had seen it somewhere before, but she could not remember it for a while.

Chapter 600 "whether I get married or not has nothing to do with you. "

Binhai, in Zixia villa, five kilometers away from one inch Mo city.

The fake Xi Muru and the Real Xi muxue looked at themselves in the mirror. Looking at her smooth forehead that had finally recovered, she finally let out a long sigh of relief. She was finally herself again.

Five years ago, in order to make herself dress up as Xi Muru, she went to Korea for plastic surgery under the suggestion of Dongfang Mei and forced herself to have a birthmark on her forehead.

At that time, she thought that she could live in one inch ink city forever and spend her life with Dongfang Mo without any worries. Although Dongfang Mo was not good in that aspect, she was a smart woman. It was easy to find a man to take care of her hormones once in a while. It was not difficult at all.

However, this time, she did not need to go to Korea to get rid of the birthmark on her forehead. Fortunately, it was not a major surgery. She just needed to find a hospital in Binhai to get it done.

She had returned to her original appearance. In fact, she was just like the current Yan ru. She still had Xi Muxue's identity card in her hands. It was actually quite convenient for her to go abroad or something.

Ever since she moved to Zixia Villa, it had been twenty days in the blink of an eye. She stayed at home all day, playing games and chatting every morning. Occasionally, when she was hungry, she would call for fast food or something. She was too lazy to even go into the kitchen.

In fact, in the past five years, she had put in a lot of effort in the kitchen to get closer to Xi Muru. However, because Dongfang Mo was not here, she felt that she would lose her appetite if she ate the dishes alone.

People were always so strange. Six years ago, when Dongfang Mo wanted to marry her, she refused no matter what because at that time, she could not accept the fact that Dongfang Mo looked like that and that he was a eunuch.

Now, she had lived in Dongfang Mo's one inch Mo city for five years. Not only did Dongfang Mo return to his handsome appearance, she also knew that Dongfang Mo was not a eunuch at all. Even if he was, he was no longer a eunuch, so.. She wanted to marry him like crazy again.

Originally, her number one rival was Yan ru, her twin sister, Xi Muru. Her goal was to push her away. As long as she was not in front of Dongfang Mo, she would have the chance to marry Dongfang Mo. .

But who knew that a few days ago, she saw a piece of news on the Internet. Dongfang Mo's first love who broke up with him 14 years ago had returned. Furthermore, for his first love, Dongfang Mo actually took over the already empty Dongfang Corporation once again. Furthermore, he was going to marry his first love.

This situation gave her a huge shock. At the same time, it disrupted her original plan. Her heart immediately started to move. It seemed that this Fang zining was not an easy person to deal with. Furthermore, her father was going to invest 10 billion yuan in Dongfang Mo?

Fang Zining was going to get engaged to Dongfang Mo, and her sister Xi Muru was still living in one inch mo city. Although she really did not like her sister who was so stupid that she was cute, but.. She still did not want Xi Muru to be chased out of one inch Mo city by Fang zining.

It was very easy for her to pretend to be Xi Muru, so as long as there was a chance, she could switch identities with Xi Muru and then sneak into one inch mo city.

Therefore, it was very advantageous for Xi Muru to have a foothold in one inch Mo city. Since it was advantageous, she naturally had to think of ways to help her.
