Chapter 611: Who's sticking by whom 5

"Okay, I'll definitely buy the biggest and sweetest skewer for the old lady," little feather replied loudly and then pulled Yan ru's hand. "Mommy, let's go buy the candied haws."

Yan Ru nodded and softly told Dongfang Yunxia that she would take little feather out and let her enjoy it in this private room alone. The mother and daughter would come back after buying the candied haws.

After walking out of private room 199 and turning a corner, little feather immediately pulled Yan ru's hand and ran to the fire stairs at the side. As they ran, he shouted softly, "Mommy, this is a great opportunity to escape. Let's escape quickly. This old lady from the East would never dream that we don't want to live in one inch ink city at all."

Yan Ru couldn't help but laugh when she saw little feather's expression. She called out to her softly, "Yu Yu, we're going down the stairs. Don't be in such a hurry. Today, we came out with this great aunt. There shouldn't be anyone following us. As long as there's no one following us, we can successfully escape."

Yan Ru was like this. Even if she couldn't escape back to Incheon in Korea with Xi Muru's documents, she could at least escape to another city in China. Meanwhile, she and little feather could live in another city anonymously and then slowly look for an opportunity to contact Che Qixuan.

The elevator in the high-class clubhouse was very luxurious, so the guests usually took the elevator. No one took the stairs, so it was very quiet. The sound of Yan ru and little feather going down the stairs could be heard clearly.

When they went to the first floor of the capital city, Yan ru stopped with feather because they were going down to the underground floor. The underground floor of a building was usually a parking lot, and it was useless for them to go to the underground parking lot.

So, she pulled feather to the first floor, but when she walked out, she realized that this was not the first floor, because the first floor was the hall, and this was a quiet corridor. The doors of the rooms on both sides of the corridor had words like lavender, rose fragrance, and so on. Obviously, these rooms were all private rooms, and it was very likely that they were used to rest in private rooms.

This was either the second floor or the first floor of the basement, because some buildings would also use the first floor of the basement for commercial purposes. Yan Ru guessed in her heart. She held little feather's hand and quickly walked forward, hoping to quickly reach the door. She wanted to leave this place called Nishang as soon as possible.

However, just as she reached the corner in front, she suddenly heard the sound of a door. She was shocked and quickly hid behind it with little feather. Then, she stuck her head out to see if the person inside the door had come out.

It didn't matter if she didn't look, but when she did, she jumped in fright because the woman who came out of the room was actually Fang Zining. And behind her, there was a man who was about fifty years old.

And the most shocking thing was that the man held Fang Zining's arm. Seeing that she had stepped out of the door, he reluctantly pulled her arm with force, and Fang Zining's body fell back into the old man's arms uncontrollably.

Yan Ru thought that Fang zining would push the old man away with force, but who would have thought that Fang zining would actually put her arms around the old man's neck and cry out in a coquettish low voice, "Daddy, wasn't that enough? I really don't have time. "

The old man panted heavily as he dragged Fang zining into the room while using his hands to roll up Fang zining's clothes. He said in a low voice, "baby, it seems like the effects of the medicine haven't completely disappeared. Let's... fight again..."

Chapter 612: Who's sticking by whom

Yan Ru stood there in a daze, her whole body stiff. Just now, Fang Zining had called that old man Daddy, and the actions of that old man and Fang Zining were clearly... ..

Fang Zining was Dongfang Mo's first love. It was said that the two had broken up 14 years ago, and in these 14 years, according to Dongfang Yunxia, Fang Zining had never been able to forget Dongfang Mo, so she begged her father to come find Dongfang Mo. She even did not hesitate to invest 10 billion in Dongfang Group as a dowry to marry Dongfang Mo..

If Fang zining really loved Dongfang Mo so deeply, how could she be with another man?

If she had been with another man in the past, it was understandable. After all, she and Dongfang Mo had already broken up.

However, she and Dongfang Mo were going to be engaged tomorrow, and now she was actually... ..

Also, if she called this old man Daddy, did that mean that this old man was her father, Fang Jinxin Or was it because she recognized him as her godfather outside?

"Mommy, what are you looking at? Why aren't you leaving yet?" Little feather, who was hiding behind Yan ru, couldn't help but ask her when she saw her mommy stop and not leave.

"Oh, let's go buy some candied haws." Yan Ru finally came back to her senses. The door was already closed. Of course, this was a high-class club, so all the doors were soundproof. Therefore, she couldn't hear the sound coming from the door.

After passing through the corridor and arriving at the door, she realized that this was indeed the second floor. She took little feather down the elevator to the first floor and came to the lobby. When she walked to the small square outside the door, she saw people buying candied haws.

"Yu Yu, what kind of candied haws do you want to eat? Sweet or sour?" Yan Ru pointed at the candied haws and asked her little daughter beside her.

“Mommy, let’s leave quickly, ” little feather whispered to Yan ru. Then, he quickly turned around and looked around. “Mommy, there’s no one here right now. It’s the best time to escape. ”

Yan Ru shook her head and took out money to buy two candied haws. She handed one to little feather and held her hand as they walked towards the main door of Nishang.

“Mommy, what’s wrong? ” Little feather looked at his mother in confusion. He couldn’t help but ask in a low voice, “don’t you want to escape? Don’t you want to go back to Incheon, Korea? Don’t you want to be with Daddy? ”

“I do, ” Yan ru answered naturally Then, she lowered her head and said to her, “Yu Yu, it’s not that easy to escape. I keep feeling that JI FEIMO’s spies are watching us. I think we shouldn’t take too much of a risk. If we don’t escape, Ji Feimo will get angry and won’t even let you go to kindergarten. It’ll be troublesome. ”

“really? Why don’t I see them? ” Little feather looked around. Of course, there were people moving around, but she didn’t know which of them were Dongfang Mo’s spies.

“They are all scuba divers, ” Yan ru used an internet term and held little feather’s hand as they walked into Nichang’s hall.

She couldn’t just run away like this. She thought to herself that Fang zining definitely didn’t have good intentions when she found Dongfang Mo to get married. Moreover, this great aunt was probably in cahoots with Fang Zining. They definitely wanted to frame Dongfang Mo..

No, she had to remind Dongfang Mo not to trust this Fang zining too much, and even more so, not to blindly get engaged with her. Perhaps she had some sort of motive to get close to him.

Therefore, she could not run away now, because if she did, Dongfang Mo would definitely send people to chase after her. And once Dongfang Mo’s people were sent out, what if Fang Zining and that old man attacked Dongfang Mo How could he handle it alone?

She could not help him much, but at this time, she should not cause trouble for him, right?

Chapter 613: Who’s standing up for whom

At 22pm, Dongfang Mo finally got off work. He walked out of his office. Today, he had spent the whole afternoon working for the shareholders’ meeting. Then, he worked overtime at night. It was not easy for him to arrange his work for the next few days.

Similarly, the secretary team outside was also working overtime. They were also complaining incessantly. Ever since Dongfang Mo came back to take over the Dongfang Group, they had been working overtime every day for the past twenty days until 10pm. Sometimes, they even worked overtime until midnight.

Dongfang Mo was going crazy, and the employees were exhausted. They felt that if they continued to work overtime like this, they would all age a few years ahead of time.

Dongfang Mo walked out of the office and looked at the secretaries who were all suffering from panda eyes. He said indifferently, "it will be fine after this period of time. Of course, you'd better pray that Dongfang Group will come back to life. If it doesn't, then your staying up all night will have been in vain."

The secretaries did not say a word. In fact, they missed Dongfang Jun very much because Dongfang Jun rarely worked overtime, and he had to be gentle and considerate to others, unlike Dongfang Mo who always had a cold face.

However, they also admitted that working with Dongfang Jun was inefficient, which was why Dongfang Group had declined, and the motivation to work with Dongfang Mo was much higher.

Of course, Dongfang Mo was not in the mood to figure out what these secretaries were thinking. He only cared about his own matters, because taking over Dongfang Group in advance made him appear very passive.

"How's the situation?" As soon as he got into the car, he immediately asked a Hao in the driver's seat.

"The engagement ceremony is ready tomorrow," a HAO reported truthfully. "Also, Fang Jinxin came to Binhai today, and Fang Zining went to the airport to pick him up at noon."

Dongfang Mo nodded, indicating that he understood. Just as he was about to ask another question, the car had already arrived at the entrance of the Dongfang Corporation, and Fang Zining was looking at him with a smile.

He was slightly stunned, then quickly pushed open the car door and walked out. Then, he reached out his hand to touch the area below his nose and gently scolded, "Zining, it's already late at night and you're still not sleeping. Do you want to be a panda bride-to-be tomorrow?"

"Isn't my heart aching for you?" As Fang zining spoke, she handed over the insulated lunch box that she brought over and said in a low voice, "Ah Mo, you've been working overtime every day. Recently, you've lost weight. This is the turtle soup that I made for you in the afternoon. Have some to warm your stomach."

Dongfang Mo nodded and immediately took it. He stretched out his hand and pulled her towards the side of the car. Then, he said in a low voice, "don't come and wait for me at this late hour in the future. It's dangerous for a girl to stand by the side of the road. If you have the guts to not be afraid of trouble, why would I be worried?"

"I know," Fang zining replied coquettishly. She followed Dongfang Mo into the car and then urged him, "Ah Mo, hurry up and drink the soup. It won't taste good if it gets cold."

"Yes, sir," Dongfang Mo replied. He opened the insulated lunch box and Fang zining personally scooped up the soup to feed him. She even asked softly, "Is it good?"

"It's good, it's good," Dongfang Mo replied as he drank the soup. At the same time, he praised Fang Zining, "I remember that you used to say that the thing you hated the most was the kitchen. Why did you want to learn how to make soup?"

Fang Zining was stunned for a moment before her face turned red. She replied embarrassedly, "isn't it all because of you? There's an old Chinese saying that to capture a man's heart, you must first capture his stomach. Can I not walk into the kitchen?"

Dongfang Mo was stunned for a moment before he used his hand to stroke her head. He said apologetically, "Zining, you're thinking too much. Actually, as long as it's you, I'll take you even if you don't know how to cook soup. Because you're the one and only zining in my heart. You're the woman that I, Dongfang Mo, fell in love with for the first time."

Chapter 614: Who's sticking up for whom

Dongfang Mei looked at Dongfang Jun who was packing his luggage and could not help but call out to him, "Ah Jun, what are you doing?"

"Mom, what else can I do? Of course, I'm going back to America to continue my studies." Dongfang Jun did not even raise his head as he continued to pack his luggage.

"Go back to America to study? Don't you want Dongfang Group anymore?" Dongfang Mei could not help but raise her voice when she heard her son's words. "Can't you attend a little bit?"

"How can I still ask for it?" Dongfang Jun pushed the luggage bag in his hand away and said in a bad mood, "mom, five years ago, you called me back from the United States and made me the CEO of the Dongfang Group. Three years ago, you seized the Dongfang Group from big brother."

Dongfang Jun paused for a moment. Then, he sneered and said, "mom, you overestimated me. Of course, it's also because I overestimated my own ability. In the past few years, the Dongfang Group not only did not go to glory in my hands, but instead went to decline. I'm ashamed of the Dongfang family's descendants."

"You're not a descendant of the Dongfang family to begin with," Dongfang Mei roared angrily. "Ah Jun, can you just give up so easily? It's not your fault that the Dongfang Group has come this far. If it weren't for the fact that DFM and the Black Eagle group couldn't get their money back, the two of us wouldn't have fallen to the point of being kicked out by the Dongfang Group. Fortunately, your father... ". . ."

"My father?" Dongfang Jun really stopped his work and walked towards Dongfang Mei step by step. He asked a little excitedly, "mom, who is my father? All these years, you have never mentioned my father in front of me. Now, you are finally talking about him. Who is he? Is he still alive?"

Dongfang Mei saw his excited expression and felt a little regretful that she should not have said it at this moment. It was obvious that he was leaving and she could not think of any other way to keep her son.

"Your father is..." Dongfang Mei said and looked at Dongfang Jun carefully. Then, she said in a low voice, "your father is your second uncle." "SECOND UNCLE?" Dongfang Jun obviously did not react in time. Therefore, he asked mechanically, "which second uncle?"

"It's Dongfang Yingwu," Dongfang Mei finally said without hesitation.

Rumble. Dongfang Jun felt three thunderclaps above his head, directly burning him inside and outside. He stood there like a clay sculpture, unable to come back to his senses for a long time.

“Ah Jun, ” Dongfang Mei saw his silly look and quickly went forward to push him. “Ah Jun, are you okay? Ah Jun?”

“No, it’s not like that. ” Dongfang Jun finally came back to his senses. He looked at his mother with an unfamiliar Gaze and shook his head as he stepped out of the door He kept muttering, “No, it’s definitely not like that. Mom, are you mistaken? You must be mistaken. How can my father be Dongfang Yingwu? He’s your cousin?”

“Ah Jun, I’m not mistaken. I’m really not mistaken. Your second uncle is indeed your biological father. ” Dongfang Mei looked at her son Then, she said in a low voice, “Ah Jun, I know you can’t accept this for a moment, but the truth is that Dongfang Yingwu is your father...”

“No!” Dongfang Jun suddenly roared, then pointed at Dongfang Mei and cried out in pain, “mom, you must be confused. You must be confused. I can’t be Dongfang Yingwu’s son, I can’t be the product of the enzyme!”

After Dongfang Jun roared, he quickly ran out of the door. The sudden reality crushed him in an instant. He simply couldn’t accept such a background... ..

Chapter 615: Who’s sticking up for whom

“Squeak” after the car stepped on the emergency brake, the tires screeched against the road surface. Due to inertia, the car continued to slide forward by about a meter.

“What’s wrong?” Dongfang Mo, who was originally sitting in the back seat and enjoying Fang zining’s hand feeding him soup, instinctively leaned forward because of the emergency brake. The insulated lunch box in his hand became unstable and fell onto the car.

Fang zining’s entire body also leaned forward. She was blocked by the front seat and fell into Dongfang Mo’s arms.

“Oh my, what’s wrong?” Fang zining cried out in shock. Her arms were wrapped around Dongfang Mo’s neck because she was scared. Her entire body was trembling. It was obvious that she was shocked.

Dongfang Mo quickly patted her shoulder and comforted her softly. Then, he looked at the driver’s seat in front. A Hao was already pushing open the car door and getting out. It was obvious that he was going to observe the situation in front.

Dongfang Mo Patted Fang Zining’s back, but his eyes quickly looked forward. However, he saw a large container truck in front of the windshield. Because the container truck was extremely high, he could not see the situation in front of the container truck.

Soon, a Hao ran back Then, he opened the door and said to Dongfang Mo, “a small car in front of the container truck ran into a person who ran out from the ramp because the speed of the car was too fast, and it knocked that person flying. Now, the police have been called and are waiting for the ambulance to arrive.”

“Ah, it hit someone?” Dongfang Mo immediately pushed Fang Zining away from his arms and said as he pushed the door open, “I’ll go take a look.”

As Dongfang Mo spoke, he had already gotten out of the car and quickly walked forward with a Hao. Soon, they arrived in front of the small car. Immediately, they saw a blood stain of nearly one meter and the person lying on the ground motionless

Why did this person look familiar Dongfang Mo was the first to react. Then, he quickly rushed forward and used his hand to push the person's body. Only then did he see the person's face clearly.

Dongfang Jun was actually his third brother, Dongfang Jun!

Dongfang Mo was slightly stunned. Then, he shouted to Ahao who was not far away, "hurry over. Yes, Jun. he was hit. Did he call the ambulance?"

"I don't know," a Hao said truthfully. Then, he pointed at the car owner who was scared silly not far away and said, "he said he called just now. I don't know if he called."

"call the ambulance again and call the police at the same time." Dongfang Mo used his hand to probe Dongfang Jun's nose. There was still a little breath So, he said softly to him, "Ah Jun, you must hold on. The ambulance is coming soon. Big Brother is here. Don't worry, Big Brother will definitely save you. He will definitely not leave you alone."

Dongfang Mei ran out after Dongfang Jun, but she was a woman after all, and she was wearing high heels. Of course, she could not Outrun Dongfang Jun. when she chased him here, she saw Dongfang Jun lying in a pool of blood Dongfang Mo was squatting beside Dongfang Jun and talking to him.

"Dongfang Mo, it was you who hit my ah Jun with your car, wasn't it?" Dongfang Mei screamed and quickly rushed forward. Without thinking, she raised her palm and was about to slap Dongfang Mo's face.

Unfortunately, her movements were a little slow. A Hao grabbed her wrist with one hand Then, a Hao said in an extremely formulaic voice, "Aunt Gu, don't be so impulsive, okay? First understand the situation. Our car is the third car behind third young master's car. Even if we wanted to hit third young master, we wouldn't have a chance, right?"

Chapter 616 who's sticking by whom 10

Yan Ru and little feather accompanied Dongfang Yunxia to Niechang to eat the birthday cake. Although she and little feather did not eat much of the food, the birthday cake was indeed very delicious. It was authentic and there were many fruits inside The ice cream chocolate outside was really delicious, so she and little feather ate a lot.

On the way back, little feather even told her, "Mommy, you'll get fat after eating sweets. You ate so many cakes tonight. What if you get fat tomorrow and Daddy doesn't want you anymore?"

Yan Ru couldn't help but laugh when she heard little feather's words. She was about to say that she wouldn't gain weight tomorrow after eating today because there was a process for the body to absorb food. It wasn't that fast.

But before she could speak, she heard her great-aunt Dongfang Yunxia say, "Aiyo, little feather, your daddy hasn't wanted your mommy for many years. It doesn't matter how fat your mommy gets."

Little feather was a little depressed when he heard Dongfang Yunxia's words. He was about to retort, but he received his mommy's gaze in an instant. He immediately stopped chewing and pretended to be hurt.

Yan Ru did not reply. She only hugged the injured little feather tightly. The mother and daughter acted out a tragic scene in front of Dongfang Yunxia. It was as if they were talking about Daddy, but it also made them feel very uncomfortable.

Seeing this, Dongfang Yunxia did not speak anymore. She was afraid that she would agitate Yan ru, so she did not say anything throughout the journey. Ten minutes later, they returned to one inch ink city. Everyone secretly heaved a sigh of relief.

Of course, Yan ru brought little feather directly back to the Plum Garden. Little feather was really tired. After returning to her room, she asked Yan ru to help her shower and climbed into bed to sleep.

Yan Ru, on the other hand, could not fall asleep. She had been thinking about the incident she had seen at Nishang. Hence, she thought that she had to tell Dongfang Mo no matter what, because Dongfang Mo was going to marry Fang zining the next day.

Unfortunately, she had been waiting all this time until two o'clock in the morning. Finally, when she could not hold it in any longer, the moment she raised her head, Dongfang Mo's room on the second floor of the Black Garden was lit up.

Dongfang Mo had returned. He must have driven back when she was napping. She quickly walked down the mountain, thinking that she had to tell Dongfang Mo what she had seen tonight, to remind him that Fang Zining was not what he had seen She had to be careful.

The first floor of the MO garden was lit up with a weak light, and the hall door was not locked. Yan Ru walked up the stairs with ease, and soon arrived at the second floor's Dongfang Mo's door. She hesitated for a moment, then knocked on the door with her hand.

About ten seconds later, there was the sound of footsteps, followed by the sound of being pulled open, followed by a sentence, "who is it, so... ?"

Before Dongfang Mo could finish his sentence, he immediately saw Yan ru standing at the door. He was a little surprised, then asked indifferently and distantly, "what is it?"

"Dongfang Mo, let me tell you. Fang Zining is not what you think she is. She is not a good woman." Yan Ru did not want to stay in front of Dongfang Mo's door for too long Therefore, she hurriedly said, "tonight in Nishang, I saw her with an old man around fifty years old. They were hugging each other and she even called that old man..."

"That's my daddy." A crisp female voice suddenly came from behind Dongfang Mo. Then, Fang zining stood behind Dongfang Mo and wrapped her arms around Dongfang Mo's waist She leaned her face against Dongfang Mo's back and whispered, "Ah Mo, we westerners, fathers and daughters, when we meet, we have to hug and kiss. I don't think Miss Yan ru knows about this, so she thinks it's a little strange."

Chapter 617, the first time

Yan Ru stood there and looked at Fang Zining who was behind Dongfang Mo. her face was full of pride and her eyes were filled with disdain. It was as if she was a country Bumpkin who had not seen the world and did not know the etiquette of the West.

“It’s not like that,” Yan ru quickly said. Then she looked at Dongfang Mo and said, “the two of them are not the kind of hug that a western father and daughter meet. They are simply the kind of hug that a man and a woman have. Moreover, that man even said to Miss Fang...”

“ENOUGH!” Dongfang Mo coldly interrupted Yan ru’s words. Then, he said in a cold voice, “Miss Yan Ru, if there’s nothing else, hurry up and go back. It’s already so late. Zining and I also need to rest.” Yan Ru stood there in a daze Looking at Dongfang Mo’s cold and emotionless face and the proud and disdainful face behind Dongfang Mo, the enthusiasm that was originally filled with instantly turned cold.

What was wrong with her Did she suddenly become kind-hearted Dongfang Mo was such a capable person. When did he need her, Xi Muru, to intervene in his matters?

What did he mean by overestimating himself If Yan ru had never truly understood him before, then she had personally experienced it now.

She looked at the cold man in front of her with an incredulous gaze and quickly turned around. There was no longer a need for her to stay in front of him for another second, because staying in front of him for another second was an insult to her.

It was early in the morning and the temperature was very low. Even in the south, it was still winter, so it was actually still very cold. Especially since she was in a hurry to run out, so she forgot to put on a coat, so it was even colder.

However, at this moment, Yan ru could not feel the coldness in her body. She only felt an incomparable chill in her heart. Tonight, no, to be precise, last night, she had such a good opportunity to escape with little feather.. But she actually gave up because she saw Fang zining with an old man. She wholeheartedly thought that she would not let him be deceived, and she wholeheartedly thought that there were not many good people around him, and that she should help him.

Now that she thought about it, how childish and laughable her thoughts were. Presumably, her actions just now must have been like a clown in his eyes, right No, even worse than a clown.

Thinking about it, it made sense. Fang zining was Dongfang Mo’s first love 14 years ago. As for Xi Muru, in Dongfang Mo’s life, she was only a substitute wife six years ago. Five years ago, she was only a mistress who signed a contract with him Whether it was a substitute wife or a mistress, in Dongfang Mo’s heart, they definitely could not be compared to his first love.

Tomorrow, no, it was today. Dongfang Mo was going to be engaged to Fang zining. Yan Ru only liked that after the two of them got engaged, Fang zining would be able to keep an eye on Dongfang Mo at all times and follow him wherever he went. Dongfang Mo did not like her to begin with. Perhaps, just because he was happy.. She would be asked to leave with little feather.

Yan Ru continued to think as she walked. After walking for a long time, she finally returned to the Plum Garden. When she entered the room, she realized that little feather had woken up. She was packing her things.

“little feather, what are you doing?” Yan Ru was shocked. She did not care about the dew on her body. She quickly walked up and hugged the little girl who was frantically changing her clothes.

“Mommy, why are you back?” Little feather could not help but be surprised. Then, he stared at her with wide eyes. “Didn’t you run away just now?”

Yan Ru did not know whether to laugh or cry when she heard little feather’s words. She used her hand to pinch her pink cheeks and said, “fine, can mommy leave you and run away alone? Do you see how persistent mommy is?”

Chapter 618, first time crush 2

Mo Garden, second floor, Dongfang Mo’s room.

Dongfang Mo saw that Yan ru had already left, so he closed the door casually and pushed away the hands on his waist. Then, he asked lovingly, “are you hungry?”

“I’m hungry, how can I not be hungry?” Fang zining rolled her eyes at him Then, she said in a sweet voice, “I had dinner at 6 pm. Initially, I wanted to have supper with you, but then I met your third brother who got into a car accident. You only cared about your third brother and sent him to the hospital. You waited until he was out of danger before leaving. You didn’t care about his life or death at all... “. “... “...”

Dongfang Mo listened to her faint complaints and then laughed lightly He scratched her nose and said, “actually, when I came out of the hospital, I originally wanted to take you out for supper. But as you can see, because I carried my third brother, my clothes were stained with blood. If I go to the teahouse with you for supper, I think all the customers will be scared away.”

“I know, they didn’t blame you, did they?” Fang Zining whined again and then asked softly, “then, should we rest now or let aunt Liu wake up and make supper for us?”

“fine, it’s already so late, don’t disturb aunt Liu. I’ll bring you out to eat,” Dongfang Mo said as he walked towards the changing room. At the same time, he said, “Zining, wait for me downstairs. I’ll come down after I change.”

“Okay,” Fang zining replied. Then, she glanced at Dongfang Mo’s room and quickly grabbed something that was already on the bedside table and stuffed it into her bag. Then, she walked downstairs with a smile on her face.

By the time Dongfang Mo changed his clothes and came downstairs, Fang Zining was already waiting for him by his car. The morning dew was very heavy. Fang zining stood beside the car and shivered slightly. Dongfang Mo quickly took off his coat and put it on her A Hao had already run to the car at this time.

“Zining and I are going out for supper. I’m a little tired. Help me drive.” As Dongfang Mo spoke, he directly threw the car keys to a Hao, indicating for him to quickly get into the car.

Fang zining's expression changed slightly. She didn't expect that Dongfang Mo would actually ask a Hao to drive. She thought that it was just the two of them going out for supper.

Of course, Dongfang Mo didn't see Fang Zining's expression. He just helped her into the car very gently and sat in the back seat with her. He held her slightly cold hand in his palm and asked gently, "Zining, where do you want to go for supper?"

"Let's go to Nichang. I like the atmosphere there. Moreover, every private room there is very quiet, the environment is good, and the service is very thoughtful." Fang zining looked at him with a face full of deep affection.

Dongfang Mo nodded, and then shouted to a Hao in front, "go to Nichang."

"Yes," a Hao answered straightforwardly, and then the car quickly sped up. Dongfang Mo's sports car was like an Arrow leaving the bow in the early morning as it rushed towards Nichang.

Nichang was a high-class Leisure Club in Binhai. It was open 24 hours a day. Dongfang Mo and Fang Zining went directly to the VIP room. When they entered, the waiter with a smile on his face had already brought delicious snacks over.

It was obviously not Fang Zining's first time here, so she was very familiar with the menu. She quickly ordered a few signature dishes, then waved the waiter off, indicating for him to hurry up and serve the food.

"Zining, I'm a little sleepy. I remember that the coffee you made in the past was quite delicious. There are cutlery for making coffee here. While we're waiting for the meal, you can help make some more. Drink some coffee to wake up. Otherwise, I'm afraid that I'll fall asleep before I finish my supper," Dongfang Mo yawned exaggeratedly as he spoke.

Chapter 619, first time heart attack 3

Fang Zining went to the coffee shop in the private room to brew some coffee. Dongfang Mo sat on the Sofa alone and closed his eyes to rest. He was really tired. This kind of tiredness was not only physical, but also in his heart. His heart had never been so tired before.

Ever since his great-aunt forced him to take over the Dongfang Group again, more than twenty days had passed in the blink of an eye. He worked overtime every night and forced himself to do many things every day.

Of course, sometimes it was not necessary to work overtime because the company did not necessarily need it either. However, he still liked to sit in his office, even if it was in a daze.

Ever since Fang Zining came to one inch mo city, and ever since her great-aunt suggested that he and Fang Zining be married, Fang zining actually hoped that she could expose the last layer of their relationship with him. Her goal was to verify whether he was a eunuch or not.

For the past twenty days, he had been pretending to know what was going on, but tonight, he could no longer pretend.

Because Fang Zining had been with him the whole time. Even if Dongfang Jun was injured and sent to the hospital, he let her go home first, but she refused and insisted on accompanying him. In a beautiful way, she said that she would share happiness with him and share hardships with him.

That night, they sent Dongfang Jun to the hospital. Because Dongfang Jun's brain and legs were injured after he fainted, he underwent surgery. Dongfang Mei, who had always been a strong woman, seemed to become extremely dispirited at that moment. She kept mumbling something.

He comforted his aunt and waited for Dongfang Jun's surgery to be completed before he left. However, from the interaction between Fang Zining and Dongfang Mei, he did not find anything wrong with the two of them.

Dongfang Mei, also known as Dongfang Yingwu, should not have joined hands with Fang Jinxin. He was somewhat aware of this. Of course, it was a good thing that they did not join hands.

Perhaps it was because Dongfang Yingwu and Fang Jinxin were more conceited, and conceited people always disdained to cooperate with others. Perhaps it was because they did not join forces, or perhaps it was because they were not very familiar with each other in the past.

Fang Zining was still brewing coffee in the coffee room. The waiter had already served the food that Fang Zining had just ordered. Dongfang Mo, on the other hand, still closed his eyes and pretended to be asleep. Whether it was the waiter or Fang Zining, he did not open his eyes to take a look.

He knew that the drinks and coffee tonight would not be too simple. Fang zining probably could not wait any longer. Of course, he could not pretend that he did not understand anything. After all, he still had to give her a chance.

Since she thirsted for it, he could not let her down. However, in the past five years, or more accurately, in the past six years, ever since he married Xi Muru six years ago, he had inexplicably developed a Mysophobia Other than Xi Muru, he seemed to have no interest in other women, even if they were as beautiful as fairies.

Since this Fang zining liked that kind of thing so much, he obviously could not let her down, right? Tonight, no matter what, he would let her enjoy it to the end.

Fang Zining was making coffee in the coffee room. Actually, the real her wasn't very good at making coffee, because she used to be the mayor's daughter. At that time, she didn't like to do anything.

However, ever since she met Fang Jinxin, ever since her life began to change, ever since her identity became Fang Zining, she learned to make coffee for a few days, because the former Fang zining knew how to make coffee.

Chapter 620-first crush-4

As she was grinding the coffee beans, a blissful smile appeared on her lips. She believed that even if Dongfang Mo was Liu xiahui tonight, he would still have sex with her.

She had long known that Dongfang Mo was not a eunuch. To be more precise, she had long suspected that Dongfang Mo and Dongfang Yu were the same person. Otherwise, she would not have agreed to be engaged to Dongfang Mo five years ago.

However, five years ago, Dongfang Mo had actually gotten into a car accident with Nangong Xun on Fourth Ring Island because of Xi Muru. What made her the most upset was that her father had actually fallen from grace, forcing her to leave her hometown To live a life of exile.

She could understand why her father had fallen, but as a woman who was living on the streets of a foreign country, what else could she do?

Fortunately, all of this was over. Fortunately, she met a noble. Fortunately, she had a chance to marry Dongfang Mo again, even though she had changed her appearance and identity.

Although she never lacked men in her life, especially in the past five years, she could only be with a man called Daddy, but it didn't matter because daddy was good to her, and she liked this daddy very much.

Moreover, daddy had such a huge business, and his business now needed to find a collective to rely on. The Eastern Group was the best reliance, and Daddy could complement the development of the Eastern Group.

Of course, Daddy's business was very big, and she was now daddy's only daughter. These things would be left to her in the future. As for her, as a woman, she probably didn't have that much ability. Of course, she still had to give birth to a child to inherit such a large family business After all, she was the joint property mother of the Eastern Group and the Fang Group.

She was a 30-year-old woman, and she had played with many men in the past. However, her uterus had yet to bear a child. This did not mean that she would not bear a child, but it was because.. She had never felt that any man was enough for her to help him bear a child.

Her uterus could only house outstanding seeds. For other men, those who could only make her feel joy for a moment, she would usually ask them to use a small raincoat. She did not give them any chance to enter her fertile soil.

It had been more than twenty days since she returned to one inch Mo city. She had been putting on a dignified and virtuous performance. Of course, this was not only for Dongfang Mo to watch, but also for that great-aunt Dongfang Yunxia to watch.

The reason why she had to follow Dongfang Mo tonight was because today was her ovulation period. She went to the hospital in the afternoon for a b-scan. Her follicles had reached the maximum proportion. It was estimated that they would burst this afternoon or tonight.

Looking at the already fragrant coffee, she immediately turned off the fire and elegantly poured the coffee into the cup that had already been prepared. Of course, the cup had already prepared the additives.

Carrying the coffee to the dining room, Dongfang Mo, who had just closed his eyes to rest for a while, looked much more energetic. This made Fang Zining feel very gratified.

She had always had high expectations for men. If Dongfang Mo had always looked exhausted and exhausted, she might have been somewhat disappointed. Although her goal tonight was to win the bid, but.. She still hoped that when she won the bid, she would be able to enjoy the joy and g-spot of being one with him.

Dongfang Mo must be different from other men, this was what she was certain in her heart.

At the same time, it was definitely not something that Fang Jinxin, who was in his fifties, could compare to. After all, Dongfang Mo was 20 years younger, and a man in his thirties was in his prime. Not only did he have endless energy, he also had a wealth of experience.
