

Chapter 81, the mistress of the Dongfang family

"I think Second Miss Xi should understand that recently, because of the marriage between Nangong Xun and the Xi family, the Dongfang family has been implicated. Therefore, not only is Xi empire facing all sorts of difficulties, the Dongfang Corporation is also facing all sorts of difficulties," Dongfang Mo quickly cut Xi Muxue off. The old man's hoarse voice was so cold that there was no warmth in it. "I've long heard that second Miss Xi is extremely intelligent. She was born with wealth and fortune, and now she's become the second madam of the Dongfang family. Ah Yu has some bad habits, but of course, this is all because of his two years abroad. Now that Second Miss Xi has become Ah Yu's wife, she should be thinking about how to be a virtuous wife and not how much wealth she needs to move back to the Xi family, don't you think so?"

Xi Muxue's face flushed red when she heard Dongfang Mo's words. She was so embarrassed that she had no place to hide. Actually, she only wanted 20 million to suppress Mu Ru's 10 million, but now that Dongfang Mo had said it.. She had become an insensible and unvirtuous woman.

Dongfang Mo saw that Xi Muxue was silent. Then, he looked at Dongfang Mei and said, "Aunt Gu, I'm going to America for chemotherapy. It'll probably take a month or two. I'll leave this one inch mo city to you and Mu Ru. Mu Ru is young and doesn't know a lot of things. You have to put in more effort and teach her how to be the mistress of the Dongfang family."

"Yes," Dongfang Mei immediately agreed with a smile on her face. Then, she said with understanding, "Ah Mo has been married for a month. Normally, I should have given the position of mistress to Mu Ru a long time ago, but..."

"Hey, Aunt Gu, didn't I tell you? She's still young. Let's wait until she learns it first," Dongfang Mo quickly stopped Dongfang Mei's words. Then, he looked at Xi Muxue, who had her head lowered, and said, "also, while I'm away, the position of the CEO of the Dongfang Group will be temporarily replaced by Ah Yu. Ah Yu's personality is more casual, and he often can't control himself. Second Madam, you have to worry more."

"I understand." Xi Muxue still did not dare to raise her head, but when she answered, her voice was obviously filled with joy because she heard Dongfang Mo say that Dongfang Yu would temporarily replace him as the CEO of the Dongfang Corporation. Then.. This meant that the Dongfang Corporation would fall into Dongfang Yu's hands in the future and not Dongfang Jun's hands.

After Dongfang Mo had settled these matters, Uncle Liu pushed the cart out. The three women in the living room all had smiles on their faces, but in reality, they all had ulterior motives.

Mu Ru felt that she was the most unlucky because she had to learn to be the mistress of the Dongfang family. In Dongfang Mei's words, one inch Mo city would be under her control from now on.

However, she did not want to manage it. Moreover, she was just a student, and she did not have the ability to manage such a large courtyard. Moreover, there were so many servants and whatnot in the courtyard?

However, Dongfang Mei did not care whether she wanted to manage it or not. She just returned two ledgers, a book, and a book on how to be a good housekeeper to her. Then, she smiled and announced, "I'm going to Hong Kong and Macau to play for a few days. Mu Ru, I'll leave one inch mo city to you. "

Mu Ru really wanted to cry but had no tears. In such a large courtyard, Dongfang Yingwu had left and Dongfang Mo had left. Now, even Dongfang Mei had gone to Hong Kong and Macau, leaving only her and Xi Muxue, as well as her two brothers-in-law, Dongfang Yu and Dongfang Jun..

Chapter 82 — 19th birthday

Dongfang Mo walked back while Dongfang Yu went to work with a straight face. Every day, accompanied by Uncle Liu, he would leave early and return late, as if he was very busy. Mu Ru had not seen her for the past two days.

Mu Ru, on the other hand, was the mistress of one inch Mo city. It was as if she was holding a hot potato in her hand. On the first day Dongfang Mei left, she had already made a mess of herself, yet she had not managed to get anything done.

There were a lot of servants. In a while, they would ask if the plot of land over there was going to be turned over to plant lilies. In a while, they would ask if the things they bought last year were gone and if they needed to be replaced this year.

She did not know. She did not know anything because Dongfang Mei had never told her about this. The only thing she had told her was to let her manage one inch ink city temporarily, but she did not tell her how to manage it.

Just as she was in a flurry, Xi Muxue had come to make trouble for her. Just after lunch, Xi Muxue came downstairs in fashionable clothes. When she saw her, she shouted, "Xi Muxue, hurry up and give me 20,000 yuan. I WANT TO CELEBRATE MY BIRTHDAY! "

Mu Ru was stunned for a moment before she reacted. Today was Xi Muxue's birthday, which was also her birthday. It was their 19th birthday, but she often did not remember her own birthday. She only remembered the day three days later Because that was the day she was abandoned by her parents.

"I don't have money, " Mu Ru said truthfully. "Aunt Gu only told me to manage things like this and that. She didn't give me any money, so I didn't... "

"What? " Xi Muxue did not wait for mu ru to finish She immediately shouted unhappily, "how is that possible? This morning, I was still asking ah Yu about this birthday. Ah Yu said that the Dongfang family's rule is that on birthdays, you can pay the mistress 20,000 yuan for your birthday. Just let me ask you for it. "

"But I really don't have any. " Mu Ru heard her words and felt a headache coming on. Then, she looked at Mu Xue helplessly and said, "I'm sorry. Wait for aunt Gu to come back and let her make it up to you. I really can't do anything about it. "

"Wait for aunt Gu to come back? " Mu Xue's voice immediately raised a few decibels She shouted very unhappily, "wait for aunt Gu to come back. My birthday has already passed. What's the use of making it

up? You can wait for aunt Gu to come back for your birthday. Anyway, your birthday is only in three days. It won't be the same day as mine."

Mu Ru felt extremely sad when she heard what she said. She and Xi Muxue were twin sisters, but they never celebrated their birthdays on the same day. Of course, her parents had never thought that she would celebrate her birthday.

Mother Wang had always helped her celebrate her birthday. Of course, it was not today, but three days later, when her mother had thrown her to mother Wang. Mother Wang had said that that day was the day she was reborn.

She had been so busy today that she had naturally forgotten about this day. At the same time, she remembered that her birthday was three days later, so if Xi Muxue had not reminded her here, she would not have remembered her real birthday at all.

"Second sister-in-law, why are you arguing with First sister-in-law here?" Dongfang Jun walked in from outside the door. When he saw Xi muxue forcing Mu Ru, his face instantly darkened.

"where am I going to argue with her?" Xi muxue retorted impatiently Then, she looked at Dongfang Jun and said, "it's my birthday today. I only asked her for 20,000 yuan in birthday fees according to the Dongfang family's rules, but she said she didn't have it. She obviously doesn't want to give it to me."

Chapter 83 unless something was wrong

"So what if she doesn't give it to you?" Dongfang Jun quickly took over Xi Muxue's words. At the same time, he looked at her coldly and his lips curled into a mocking smile He said mockingly, "second sister-in-law, second miss of the Xi family, I want to remind you that the man you married is Dongfang Yu and not Dongfang Mo. you are the Second Madam of the Dongfang Family and not the first Madam. The Dongfang family's rules are based on the order of status. The second Madam's status will always be lower than the first madam because the position of the mistress can only be the first madam and not the Second Madam."

"You mean I'll never have the chance to be the mistress of one inch Mo city?" Xi muxue's heart skipped a beat when she heard Dongfang Jun's words Then, she could not help but blurt out, "even if big brother isn't around anymore, I won't be able to be the mistress?"

"What does big brother's absence have to do with whether you're the mistress or not?" Dongfang Jun felt that Xi Muxue's brain was not working properly Hence, he could not help but say mockingly, "second sister-in-law, you probably haven't read ancient books like Zhu Zi's family teachings, the three-character Classic, and Zeng Guang Xian Wen, right Don't you know that elder brother is like father and elder sister-in-law is like mother Even if big brother is no longer around, eldest sister-in-law will still be our sister-in-law. She will still be the mistress of the Dongfang family. If you want to be the mistress, then... "...". "..."

"Then what?" Mu Xue quickly asked when she saw Dongfang Jun stop.

"unless Mu Ru is also no longer around," Dongfang Jun said with a smile Then, he added, "of course, Mu Ru and second sister-in-law, you're twin sisters. Since you're the same age, then it depends on whether

you're older than Mu Ru. If Mu ru dies at the age of 80, and you're still alive and healthy, then you still have a chance to be the mistress of the Dongfang family."

Dongfang Jun's words were a complete joke. After he said that, he thought about how Xi Muxue had become the mistress of the Dongfang family only when she was in her eighties. He could not help but laugh out loud again.

Unfortunately, the speaker did not mean what he said. Dongfang Jun's mind was thinking about the ridiculous scene of Xi Muxue being the mistress of the Dongfang family. Meanwhile, Xi Muxue's mind was thinking about the miserable scene of her becoming the mistress of the Dongfang family only when she was in her eighties.

She had always been a high and mighty person since she was young. Ever since she was young, she had trampled Xi Muru under her feet and bullied her as a servant. In her heart, Xi Muru could only listen to her orders forever.

Back then, she refused to marry Dongfang Mo because he was a good-for-nothing, and Mu Xue was so beautiful, elegant, and elegant. How could she marry a good-for-nothing?

The matter of Xi Muru replacing her to marry the good-for-nothing Dongfang Mo was already over, but who knew that Nangong Xun would come and disrupt the situation. Then, the situation became out of control, so she was busy and quickly asked around in secret. Only then did she know that the reason why Dongfang Mo did not go for plastic surgery was because his skin was suffering from skin cancer and he could not get plastic surgery.

Thus, she set her sights on Dongfang Yu and found an opportunity to make the Dongfang family fall into a passive situation. At the same time, she took this opportunity to marry Dongfang Yu.

Of course, it was not that she did not know what kind of person Dongfang Yu was, but at the same time, she also knew that women did not love men who were not bad, so she did not have the time to care about Dongfang Yu's past bad deeds. She only thought about marrying him.. Once he had a wife, he would slowly stop looking for those women outside.

Chapter 84-19 Birthday 1

As for Dongfang Mo, it was said that his skin cancer was already very serious. This time, he had rushed to the United States probably because his skin cancer had already flared up. After Dongfang Mo's death, Dongfang Yu became the leader of the Dongfang Group, and her status naturally became more honorable. She would definitely be able to suppress Xi Muru.

But after hearing Dongfang Jun's explanation today, she realized that the Dongfang family actually had such a stinky rule. Even if Dongfang Mo died, as long as Xi Muru did not remarry and was still in one inch ink city, she would never have the chance to be the mistress of the Dongfang family.

What kind of stinky rule was this in the Dongfang family? Xi Muru was born to be an evil creature. She was born to be a servant. This country Bumpkin took her place to marry Dongfang Mo and even flew up to become a phoenix. He actually wanted to trample her under his feet for the rest of her life?

“Oh, if that’s the case, then it’s fine if sister-in-law doesn’t have any money here, ” Xi muxue suddenly became understanding. Then, her attitude became extremely friendly. “sister-in-law, I’m really sorry just now. My tone was a little harsh. Don’t be calculative with me. ”

Mu Ru listened to Mu Xue apologize to her. This was the first time in history. It could be described as unprecedented, so she quickly said, “it’s okay. I really don’t have it. I’ll definitely give it to you if I have it. ”

Xi muxue immediately walked upstairs with a smile on her face. As Mu ru looked at her back view, she felt a little nervous. She knew that if mu Xue suddenly became friendly to her, she would probably be thinking about how to trick her. Because it was always like this in the Xi family.

“Alright, Mu Ru, you don’t have to be so nervous. ” Dongfang Jun saw mu Ru’s nervous expression. He could not help but comfort her. “actually, the mistress of the Dongfang family isn’t that tired. Look at my mother. Isn’t she very free all day? Why are you making yourself so nervous? ”

Mu Ru scratched her head with her hand. She did not know either. She felt that there were too many things going on, but these things were very troublesome. The main reason was that she did not dare to make any decisions for fear of making a mistake.

Dongfang Jun was about to comfort Mu ru again when his phone rang. He smiled at Mu Ru, then took his phone and walked out while talking on the phone.

Mu Ru continued to busy herself with work that she did not understand or even had never come into contact with before. It was about five in the afternoon. She had just finished her work and was about to let out a long sigh when Xi Muxue came down from upstairs.

“Mu Ru, ” Xi muxue called out her name out of habit, then she thought of something and quickly changed her words. “sister-in-law, just now, my parents called and asked us to go home for our birthday tonight. They said that they are going to help us hold a grand party. ”

“Huh? ” Mu Ru was obviously stunned. She could not react in time. Mu Mu asked, “isn’t my birthday only three days later? For the past 18 years, I’ve been celebrating it three days later every year, right? ”

“Mom and Dad said that they owed you in the past and felt guilty. From this year onwards, your birthday will be changed to today. It’s October 19th. Celebrate my birthday with me on the same day, ” Xi muxue explained patiently to her. At the same time, she walked to her side. She said softly, “sister-in-law, you should come back with me. After all, this is father and mother’s goodwill, don’t you think so? ”

Mu Ru initially did not want to go back with her, but thinking that she might not be able to go back to see mother Wang in three days, she nodded and said softly, “alright then, I’ll go back with you. I’ll go back to see mother Wang. ”

Chapter 85 where did Mu ru go

Dongfang Yu came back from work a little late. When he walked into the hall, Dongfang Jun had already come out after dinner. When he saw him.. A mocking smile appeared on his face. “Aiyo, second brother, looks like this man is really different after getting married, Huh “For someone like you who idles around

all day and only knows how to eat, drink, and gamble, it hasn't even been half a month since you got married, yet you can actually dress like a king and go to work on Fridays. Moreover, you seem to be very active in work. These few days, you've left early and returned late. Looks like second sister-in-law has played a big role in this. It really is a man who looks at you in a new light after getting married. "

Dongfang Yu waved the car keys in his hand. Dongfang Jun's words did not make him angry. He only said indifferently, "third brother, why does it sound like you're envious of me? Why don't you hurry up and get married? In that case, you can go to work earlier and make me look at you in a New Light? "

"Go, who wants to get married?" Dongfang Jun said in a bad mood, "I still have to rely on the doctor. I don't have the good fortune like you. Ten years of lying in bed and you've already passed the ten years of cold window. You don't even need to read a book. How comfortable is that? "

"Does that mean that third brother is envious of my ten years?" Dongfang Yu's expression did not change, but his voice instantly turned several degrees colder. "Don't tell me third brother also wants to spend ten years in bed, right? "

"Who's envious of you?" Dongfang Jun heard his words and was furious. Without waiting for Dongfang Yu to reply, he continued coldly, "I'm not going to tell you anymore. I still have to rush to fetch mu-sister-in-law back. I don't have time to waste my saliva here with you. "

After saying this, Dongfang Jun and Dongfang Yu walked past each other and quickly headed towards their own car in the courtyard.

Dongfang Yu caught up to him and stopped him by his car. He frowned and asked nervously, "what did you say just now? PICK UP SISTER-IN-LAW? Where did she go? "

"I heard from mother Liu that today is sister-in-law and second Madam's 19th birthday. They drove back to their parents' house for their birthday this afternoon, " Dongfang Jun said as he reached out to pull the car door open. "It's almost 9 pm now. I think when I drive to the Xi family's house, the birthday dinner there will be almost over. "

"There's no need for you to go. " Dongfang Yu quickly stopped Dongfang Jun and added, "then I'll go to the Xi family to pick up Mu Xue and bring them both back at the same time. You'd better go and study your homework. "

"Hey, what do you mean by that?" Dongfang Jun was instantly unhappy and yelled at Dongfang Yu, "you go and pick up your wife, I'll go and pick up sister-in-law. We don't interfere with each other, so what right do you have to not let me go? "

"Mu Xue and sister-in-law are a family. I can drive alone to pick her up. There's no need to drive two cars. " Dongfang Yu waved his hand and quickly denied Dongfang Jun's words, then he walked to his own car.

When he reached the car, he pulled open the driver's door to get in. However, he saw that Xi Muxue's Maserati had already driven into the courtyard. Dongfang Yu was stunned, then he closed the car door and walked over.

He came to the door of the Maserati that Xi Muxue was driving. Just as he was about to reach out to open the door for Mu Ru, he realized that the front passenger seat was empty. There was no one there at all.

“WHERE’S SISTER-IN-LAW?” Dongfang Yu looked at Xi muxue who had already pushed open the driver’s door and got out. He was afraid that she would not be able to react in time, so he added, “where’s your sister, Mu Ru?”

Chapter 86: Xi Muru is missing

“sister? You mean Mu Ru? No, sister-in-law?” Xi muxue looked at Dongfang Yu in surprise. “I don’t know. Has She not returned yet?”

“What do you mean you don’t know?” Dongfang Jun had already walked over. He looked at Xi Muxue and said Snappily, “mother Liu said that sister-in-law went out with you in your car. Now that you’re back alone and she hasn’t returned, how can you not know?”

“I really don’t know.” Xi muxue looked innocent She spread her hands and explained, “it’s true that the two of US drove out together, but when we reached the city, she insisted on buying a gift for mother Wang when we passed by the Commercial Street. As you know, it’s not easy to park in the commercial street. Furthermore, I had to go to the pastry shop to pick up a two-tiered birthday cake that father had ordered for the two of us, so we parted ways.”

“Then, did she not come to the Xi family home tonight?” Dongfang Yu asked immediately. His face had darkened, and a bad feeling started to creep into his heart.

“No,” Xi Muxue’s face was already filled with anger She said unhappily, “Mu Ru, no, sister-in-law is really something. She said she was going to buy a gift for mother Wang and bought herself a ride back to the XI family home. So, I waited at the Xi family home with my parents until 7 pm. She still hasn’t come. I called her and her phone was turned off. I wondered if she remembered that the Dongfang family still had some unfinished business, so she didn’t come to the Xi family home and rushed straight back to the Dongfang family home. Could it be... ? “. “... “...”

Xi muxue paused as she looked at the two men in front of her. She asked carefully, “is sister-in-law Mu not back yet?”

“I won’t ask you if she’s back.” Dongfang Yu glared at Xi Muxue and quickly walked towards his car. As he walked, he asked, “which commercial street did she get off at? Where is the exact location?”

“Oh, at the intersection of Southwest Road,” Xi muxue answered quickly and added, “it happened to be a red light at that time. She opened the car door and got off while I was waiting for the red light.”

“got it,” Dongfang Yu said as he got into the car. He quickly started the car and was about to drive towards the door.

“Yu, it’s so late, where are you going?” Xi Muxue saw Dongfang Yu driving and immediately chased after him She shouted unhappily, “Yu, we’re still on our honeymoon. Even though I have to go to school because you have to work and the honeymoon will be on vacation, you still have to be careful of your

image, right Even if you don't care about the Xi family's reputation, could it be that the Dongfang family... "... "..."

"What nonsense is this?" Dongfang Yu could not help but shout, "I'm going to look for mu ru. She's still not back so late, I'm worried that something might have happened."

"What could have happened?" Xi muxue mumbled outside the window and shouted unhappily, "she's already so grown up, she has a lot of children..."

Unfortunately, before she could finish her sentence, Dongfang Yu's car had already sped towards the door. He had no intention of listening to her continue.

She was slightly stunned. She turned around and was about to speak to Dongfang Jun beside her when she realized that Dongfang Jun had already gotten into the car and was starting his own car quickly.

She was indeed confused. Was Xi Muru, that ugly freak, so likable in the Dongfang family Dongfang Yu was driving to look for her, and this Dongfang Jun seemed to be driving to look for her as well?

Chapter 87-19 Birthday 2

In the afternoon, Mu Ru sat in Xi muxue's Maserati and went out together. This was the first time in history that the two sisters sat in the same car.

Xi Muxue had already learned how to drive on her 16th birthday. At that time, she had asked her father, Xi Yuancheng, to buy her a car. A year ago, she had gotten her driver's license on her 18th birthday.

Ever since Xi Muxue got her driver's license, she had been driving to and from school every day, while Mu ru had taken a public car or rode a bicycle every day, so she had never sat in Xi Muxue's car before. Of course.. Xi Muxue had never invited her to take a ride before.

Xi Muxue was not in a particularly good mood today because she did not get the twenty thousand yuan birthday fee from the Dongfang family for her birthday, so she drove with a gloomy face and did not say a word to Mu Ru.

Of course, Mu Ru did not want to talk to her, so she kept her face turned out of the car window as she drove. She only wanted to get off when she backed into the business street because she wanted to buy a gift for mother Wang.

Initially, she had asked mother Wang to resign, but mother Wang had called a few days ago and said that Madam Xi had given her a raise. At the same time, the Xi family had gotten used to her cooking. After eating for twenty years, she had suddenly left. She was not used to finding new people, so she did not let her leave.

When she heard mother Wang say this, she did not say anything more. After all, mother Wang was a middle-aged woman who did not have much education. She was timid and timid, so she asked her to open a dry cleaning shop to do business. She was probably afraid that she would lose the 500,000 that mu ru had given her.

When she reached the intersection of the Commercial Street, she just happened to run into a red light for three minutes. She told Xi Muxue that she would go down and buy a gift for mother Wang. She told Xi Muxue to drive back first, and she could just hitch a ride back after she bought the gift.

After getting out of the car, she went straight to a large wholesale clothing market on the Commercial Street. Of course, there were also stores, but the clothes in the stores were expensive. Moreover, some of the clothing styles and fabrics were the same, so they could change the logo and hang it in the store. It would be several times or even ten times more expensive.

The large wholesale market on the shopping street was at the back, which was a relatively remote place. Usually, the people who came here were from the town. Of course, there were also the owners of the clothing business on the shopping street. They would wholesale and hang it in their own clothing store to sell.

Mu Ru walked around the wholesale market. Because she didn't have much money on her, she didn't even have enough money to buy a coat, so she bought a cotton-bottomed coat and a pair of gloves for mother Wang. Mother Wang's hands always cracked in the winter.

After buying these things, she naturally walked towards the bus stop outside the commercial street. It was still early, so she could take the bus back to the Xi family in time.

To get to the bus stop, she had to cross the overpass. Just as she was about to get to the overpass, she suddenly saw a Maserati parked beside her. She was wondering if it was Xi Muxue's car, but before she could fully figure it out.. The car door had already been pulled open from the inside. Then, a hand reached out and pulled her into the car.

"Hey, is that Mu Xue? Aren't you..." she opened her mouth instinctively to ask, but before she could finish her sentence, her mouth was already stuffed with a piece of cloth.

Before she could react, a black cloth bag fell from above her head. Then, everything was pitch black and she could not see anything clearly.

No matter how stupid she was, she understood that she had met a bad person. In this situation, she should have been kidnapped. However, she did not know why these people kidnapped her?

She did not know who this maserati belonged to, but based on the current situation, this car should not be Xi Muxue's because there was definitely more than one person in this car. There were at least two people in it.

Chapter 88,19th birthday 3

Mu Ru did not know how long the car had been driving for because after she was covered by the black cloth bag, she quickly smelled a strange smell and slowly fell asleep.

When she opened her heavy eyelids again, her eyes turned quickly. She scanned her surroundings and immediately came to a conclusion. This was an unfamiliar place, a place she had never been to before. This was because deep in her brain's memory, she did not have any impression of this place.

Of course, ever since she was young, she had lived in this world for 19 years. She had only stayed in four rooms. One of them was the Xi family and mother Wang's servant's room. She had lived there the longest, living there for more than 18 years.

The other room was her bedroom on the third floor of the Xi family. She had only stayed there for three months, and that was when Xi Yuancheng told her to move in after he found out that she had passed the city's best scholar exam.

The third room was her new room with Dongfang Mo, which was her room on the second floor of Mo Yuan in one inch ink city.

The fourth was also in one inch Mo city, but it was almost different from other places because there wasn't even a bed in that place. It was the confinement room in one inch Mo city.

And now she was in a room that was neither big nor small. To be precise, it should be a bedroom, because she was lying on the bed at the moment, and there was a dressing table in the room.

She panicked for no reason and only felt that something was very wrong. Just as she was about to get up, the door was pushed open from the outside, and a young man in a suit and tie walked in.

She could recognize this man at a glance because he was none other than Nangong Xun, who came to the Dongfang family's one inch ink city twenty days ago to ask Dongfang Mo for her. He was also her former husband's family.

Nangong Xun Why was he here Where was this place Nangong Xun's home?

Mu Ru was shocked and hurriedly got up from the bed. However, because she was a little fast and there was a tatami in front of the bed, she lost her footing and almost fell to the ground.

"Be careful." Nangong Xun quickly used his hand to support her, who was leaning forward. Then, he smiled and pulled her to the SOFA to sit down.

Mu Ru didn't dare to sit down and immediately stood up. She looked at Nangong Xun and nervously asked, "Mr. Nangong, did you bring me here?"

Actually, she wanted to say that you helped me kidnap and bring me here However, she changed the word 'kidnap' to 'carry' because she didn't want her words to be so harsh.

"I'm the one who kidnapped you," Nangong Xun was very honest. When he saw mu Ru's nervous expression, he said, "I'm the one who kidnapped you." Instead, he smiled and said, "don't be so nervous. Besides, didn't we have an engagement before? You were supposed to be my wife, so it's normal for you to come to my place."

"But, I'm already married to Dongfang Mo," Xi Muru quickly corrected his opinion She quickly said to him, "Mr. Nangong, I know that it's indeed wrong for our Xi family to unilaterally break off the engagement, but isn't this matter already over? My father already gave you two hundred million? Why do you still want..."

"I didn't ask for that 200 million," Nangong Xun quickly cut mu ru off Then, he said lightly, "Mu Ru, do you think I'm short of 200 million? Or do you think that I, Nangong Xun, am so poor that I want to sell my fiancée for 200 million to live?"

Chapter 89: I want to marry you tonight

Hearing Nangong Xun's words, Mu Ru became more and more anxious. She stared at Nangong Xun for a long time before asking, "then, what do you want?"

"Of course I want you." Nangong Xun's words were extremely firm. Looking at her expression, he chuckled and said, "Mu Ru, don't be so nervous. I'm not Dongfang Mo, so I shouldn't be as terrifying as Dongfang Mo, right?"

Mu Ru glanced at him. To be honest, Nangong Xun looked like a talented person. Compared to Dongfang Mo's face, which looked like a thousand-year-old calluses, he was hundreds of times more handsome.

However, for some reason, she was no longer afraid of Dongfang Mo now. Instead, she was inexplicably afraid of Nangong Xun. She had a feeling that Nangong Xun was not as simple as he looked.

"Mr. Nangong, Dongfang Mo and I are already married. This is a fact that can not be changed," Mu Ru said carefully as she moved behind the SOFA. Then, she quickly said, "So, you can't have me anymore. Please accept the two hundred million. The Xi family has let you down, and I have let you down. I apologize to you, please forgive me!"

Mu Ru stood up and bowed deeply to Nangong Xun. She kept repeating, "I'm sorry, I'm sorry, I'm sorry!"

"Alright, Mu Ru." Nangong Xun quickly reached out to help her up. Then, he smiled and said, "why are you apologizing to me?" "It's not your fault that you married Dongfang Mo. you weren't the one who wanted to marry Dongfang Mo back then. It was your father and sister who forced you to be a substitute to marry Dongfang Mo. so, it's not your fault. It's your father and Xi Muxue's fault."

Mu Ru was stunned when she heard Nangong Xun's words. Then, she quickly explained, "yes, I didn't ask to go in the beginning, but later, when you came to one inch Mo city to look for me, I didn't choose to go with you. In short, it was my fault, so..."

"That wasn't your fault either," Nangong Xun continued. He still had a smile on his face as he said, "Mu Ru, back then, when you were in that situation and in front of Dongfang Mo, you were scared out of your wits. Very soon, I was unable to take you away from a tyrannical man like Dongfang Mo. I don't blame you if you don't choose to leave with me. Even if you choose to leave with me, Dongfang Mo will definitely not let you leave. Moreover, he will torture you because of your choice. Therefore, I don't blame you at all. This is because you made these choices because you had no choice and didn't do it of your own free will."

"It's not like that." Mu Ru became even more anxious after hearing Nangong Xun's words, so she hurriedly explained, "actually..."

"Alright, Mu Ru, stop talking." Nangong Xun clearly didn't want to hear her continue. Then, he waved his hand and said, "your marriage with Dongfang Mo is not legal. You know this very well because you have not gotten a marriage certificate. Moreover, everyone knows that Dongfang Mo is just a eunuch, so you are still a green and white woman. Therefore, I have decided to marry you tonight and return to Singapore tomorrow. Girls in Singapore can register for marriage after they turn 18. We will go to the

marriage registration office tomorrow morning to get the marriage certificate. Then, we will be a legal couple. Dongfang Mo will not be able to take you back. ”

Chapter 90-the wedding will be held tonight

“What? ” When Mu ru heard Nangong Xun’s words, she was so shocked that she stared at him with her mouth agape. She wondered if she had heard wrongly, so she wiggled her lips and asked again, “Mr. Nangong, what did you say just now? ”

“I said that we will hold the wedding tonight. ” Nangong Xun couldn’t help but laugh when he saw her like that. He patted her face with his hand He gently said, “don’t worry, I won’t mistreat you. I have already prepared everything for the wedding. You have already slept for three hours. Later, I will get someone to come in and help you put on your makeup and change your wedding dress. Then, we will hold the wedding. ”

“No! ” Mu Ru rejected him without even thinking Then, she righteously said, “Nangong Xun, this definitely won’t work. Marriage is a major event in life, it’s not child’s play. Although we once had a marriage contract, after I married Dongfang Mo, the marriage contract was automatically canceled. Now that I’m already a married woman, how can I marry you again? ”

“Mu Ru, I just said it. I don’t want to repeat it a second time. I’ve always treated your marriage with Dongfang Mo as if it didn’t exist. ” Nangong Xun said a little impatiently, “moreover, are you willing to spend your life with Dongfang Mo “is a man like him worth you keeping him for your whole life? ”
“MuuRuu was asked byNangonggXunn She was stunned and didn’t know how to answer.

Nangong Xun didn’t wait for her answer Then, he quickly answered for her, “It’s not worth it, is it “A man like him, let’s not talk about his appearance. I know you won’t judge a person by his appearance, Mu Ru, but his body isn’t healthy either. There’s no doubt about that. Of course, you can say that you can endure it, but his heart is also very bad. Can you still endure this? ”

Mu Ru’s heart thumped. Could she still tolerate it?

No, she was very clear on this point. especially that night when Dongfang Mo used that ugly male simulator to do it with her. She was so disgusted that she almost vomited on the spot.

Now, whenever she lay on that big bed, the image of that ugly male simulator would always appear in her mind. She couldn’t help but feel disgusted. For the past two days, she was so disgusted that she even went to the bathroom to retch.

However, even so, she had already accepted her fate. She was Dongfang Mo’s wife, a wife that God had arranged for her. She didn’t want to escape, and she couldn’t escape either.

“I... ” Mu Ru clenched her fists and gritted her teeth. Finally, she mustered up all her courage and said, “I can endure it. Since I’m Dongfang Mo’s wife, I should bear everything that he has given me! ”

Nangong Xun was stunned when he heard Mu Ru’s words. He had never expected mu ru to say such words. At the same time, these words made him believe that he had not made a mistake Mu Ru was indeed a rare good woman.

“But, my heart will ache, ” Nangong Xun said again He held her hand and gently patted it. “Mu Ru, you should have been my wife. We met five years ago and were fated to be together. Five years ago, we were already married. So, I can’t let you suffer the pain that you shouldn’t have. I must pull you away from that devil, Dongfang Mo. ”

“Mr. Nangong, thank you for thinking so highly of Mu Ru. ” Xi Muru was touched when she heard his words Then, she said softly, “however, I’m afraid this is your wishful thinking. Dongfang Mo will definitely not let you marry his wife. ”
