

Night Stand 25

Falling in Love With A One-Night Stand

Chapter 25

Ada smiled softly. Her smile was only the nightmare in Matthew's memories. "Come on, give me your hands."

She reached out her hands. Her nails were painted with pink polish and decorated with diamonds, giving out a cold light, which seemed to be a daggers light in Matthew's eyes.

He trembled and put out his hands. Then she grabbed them and led him out of the room. "He's probably afraid that you won't have time to play with him after we get married."

Ada held Matthew's hand and stood in front of Wayne. She said with softness and affection, "I have explained to him that I'll shoot less movies and take care of him with you. We will take him

to the playgrounds. Then he finally calmed down."

Seeing that Matthew put his head down and control his temper, Wayne wasn't suspicious at all. He was relieved and became more certain that he needed to get married as soon as possible.

In the evening of Friday, Anna came home from work and habitually took the newspapers and the magazines she subscribed from the mailbox.

Tammy ran out of the bedroom and greeted Anna with a big hug.

"Blue Castle Bilingual Kindergarten?" Anna suddenly shouted in surprise and stared at a thick envelope between the newspapers and magazines.

"Mommy, what's wrong?" Feeling confused, Tammy moved closer. Anna quickly opened the envelope and poured out a pile of documents from it. "A letter of admission?" Anna shouted even louder than just now.

"What?" Tammy could only read few words, so she looked at Anna in more confusion, her delicate eyebrows frowning.

"Free tuition?" Anna almost broke the window with her scream. "Mommy!" Tammy dug her ear discontentedly, "You're scaring me! What's going on?"

Anna murmured in disbelief, "Why are you admitted by Blue Castle Kindergarten? Do you know Blue Castle?"

her head,

grew up in Birmingham and was familiar with all the well-known schools in the city. Blue Castle Kindergarten was the most expensive luxury school in Birmingham. It was like the Hermes bags in all the fashion industry. It was the

alone the cost of clothes, food and school activities. No one would dare to send

such a good kindergarten without
