

Night Stand 63

Falling in Love With A One-Night Stand

Chapter 63

Anna froze and couldn't say a word for a long time. After a while, she stammered, "I... I'm going to see Tammy."

Seeing her run upstairs in fluster, Wayne stroked the jade leisurely, with his serious expression slowly turning into a teasing smile.

Don't take the one-night stand seriously? It seems that you care more about it than me, thought.

he

At Serial International Airport.

"I've arrived here and I'm at the baggage reclaim now. Achoo!" Peace sent a voice message and sneezed. She sniffed and continued, "Let's talk later. I'll get my suitcase first."

On the carousel, her red suitcase was getting closer and closer to her.

When Peace put away her mobile phone and was about to get her suitcase, someone easily got the suitcase down the carousel for her.

"You're welcome." Before Peace could say thank you, she heard a familiar and annoying voice.

Peace swallowed back the words on the tip of her tongue and took a deep breath. Then she raised her head, squinted at the man in front of her, and said bluntly, "Did I ask you for help? Why are you always following me?"

Karl seemed to have been used to her bad attitude. He said calmly, "It's raining outside. Is anyone coming to pick you up? If not, I can give you a lift."

"No, thanks," Peace said as she glanced at him. Then she turned around and left with her suitcase.

Karl then followed her and said, "Miss Brooks, I think there's a misunderstanding between us and we need to have a talk. Do you know how much trouble I have suffered because of the matter at the airport before?"

Peace ignored him and walked towards the parking lot with her suitcase while talking on the phone.

"Hey, did you hear me?" Karl walked up to her, blocked her way, and showed her the screen of his phone, "Look at this."

"You are so annoying!" Peace said angrily. With one sweep of her hand, both of their phones dropped to the ground at the same time.

"I'm not interested in everything about you at all. Whether what happened before is a misunderstanding or not, we can't turn the clock back. I don't want to argue with you. And now, get out of my way"
