

Night Stand 91

Falling in Love With A One-Night Stand

Chapter 91

Anna had always hated the man who changed her life and took her child away from her six years ago. Therefore, since she knew that Wayne was that man, her good impression of him and her feelings for him faded away.

Seeing Anna's darkened face, Peace knew that she was serious and she also couldn't help frowning. After thinking for a while, she thought of something and her eyes brightened.

"Anna, there's another way to get your son back to you," she said. "What is it?" Anna asked. "Ask Jasper for help. You are still his nominal wife. How about asking him for help?" At the mention of Jasper, Anna was stunned and her expression froze.

After pondering for a while, she shook her head and said, "I'd better not do that. I don't want to bother him."

I've troubled him a lot when I was abroad in the past few years. Now that I've come back, / shouldn't bother him anymore.

Peace, who knew that she couldn't persuade Anna, signed and said helplessly, "All right."

Then she patted Anna on the shoulder and said, "Anna, no matter what happens, I'll be always with you. Let me know if you need my help."

Hearing this, Anna was moved and felt less depressed. She looked at Peace with gratitude and said with a smile, "Thank you, Peace. Don't worry about me. By the way, why did you share so many photos on social media platforms recently? Are you in love?"

At the mention of this, Peace looked away uneasily and said, "No, I'm not. Well, I just remembered that I have to send an email. I'm going back to my room."

After saying that, she walked back to her room quickly. Looking at her back, Anna smiled helplessly.

Three days later, Scott came back to Birmingham with Tammy. To avoid Scott's fans, they left the airport terminal through the VIP passage.

Anna went to pick them up and waited for them at the exit of the airport. "Mommy!" Tammy rushed to Anna happily as soon as she saw Anna.

"Did you have a good time, Tammy?" Anna asked with a smile. The moment she saw Tammy, her depression in the past few days faded away.

"Yes! I'm so happy!" Tammy said, then wrapped her arms around Anna's neck and kissed her on the cheek. "Mommy, why did you come back in advance? Did you make an appointment with Uncle Wayne and Matthew? You all left without me."

Hearing that, Anna was confused. "Did they also come back in advance?" "Here comes the car. Let's go," Scott cleared his throat and changed the topic.
