

Nine-Dragon 1231

Chapter 1231: Stage Three Mortal Fairy

The two Divine Laksana standing behind Su Yu's back were like two powerful bodyguards.

"I'm ready! Come on!" Su Yu said, staring coldly at the young versions of the three mighty primes.

Although the young primes were generated from the divine tribulation, they still had the characters of their real bodies.

Su Yu was not afraid of them at all. So, his contemptuous eyes and attitude offended their pride and honor.

The two young Demon Emperors and the young Death Deity looked at Su Yu with curious expressions.

Swish—

In the next moment, the three young primes dashed towards Su Yu, leaving magnificent trails in the sky. In the blink of an eye, all of them had appeared in front of Su Yu.

The former Demon Emperor's eyes shot out horrible and overbearing black thunder and lightning, which was created by combining demonic energy with lightning.

Seeing what was happening, Su Yu didn't step back but instead prepared a seal with his hands. The mountainous tree behind him then threw out two vines to attack the former Demon Emperor.

The sheer attack was launched by Su Yu according to his understanding of the Divine Path of the Ancient Tung Tree.

Bang!

The vines destroyed the demonic thunder and lightning flying out of the young former Demon Emperor's eyes before hitting him.

Then, the former Demon Emperor was immediately turned to ash by the divine strength from the Divine Laksana.

One of the young primes had been defeated.

The Demon Cloud City Master and Li Ying, who were standing at a distance, were shocked. The young current Demon Emperor and the young Death Deity were as well.

They were shocked because the former Demon Emperor was defeated in the first round.

Did it mean the guy who was going to cross his divine tribulation was as powerful as the current Demon Emperor, who was the number one expert in the Realm of Demons?

"Who... the hell is this guy?" Li Ying asked in a shaky voice. He hadn't expected to witness a legendary guy who was able to rival the current Demon Emperor with his own eyes!

“I... I will do my best to recruit this guy!” the Cloud City Demon Master murmured to himself. He knew the man in front of him would become a prime in the future. So, he had to recruit him to prevent other people from doing so first.

In the battlefield:

Chi!

The vines were still sweeping over the area rapidly.

Soon, two dull sounds were heard.

The current Demon Emperor and the Death Deity had also been hit by the vines, which stopped their attacks and forced them to show up.

While the vines had crushed the former Demon Emperor, the current Demon Emperor and Death Deity were not harmed at all. They stared coldly at Su Yu.

The current Demon Emperor was holding a black bone sword full of overbearing demonic energy.

In the hand of the Death Deity, a green dagger was glowing with a dreamy but fatal death aura.

Those two weapons were Emperor-based Saint Artifacts.

On the two vines that had been knocked back, two deep cuts could be seen clearly.

Su Yu’s powerful attack, which had been generated from all his comprehension of the wood element Divine Path, was not able to leave a scratch on the bodies of the two primes.

Because they were much more powerful than the former Demon Emperor!

With pride and arrogance in their eyes, the current Demon Emperor and the Death Deity dashed toward Su Yu again.

Su Yu felt his heart skip a bit in fear. He was like a small boat in the raging sea, about to be devoured at any moment.

However, his eyes remained steady, no matter how nervous he was.

“Defy!” Su Yu uttered the word calmly.

However, that simple word could help him defy injustice, the heavens, and fate!

The gigantic black-haired figure lowered its head and looked at the current Demon Emperor and the Death Deity coldly.

Puff! Puff—

Along with two dull sounds, the two young primes felt their attack be deflected by a horrible defying force that could rival the natural rules.

Su Yu’s lips were covered in blood, but his fighting spirit soared high.

The young Demon Emperor placed the black bone sword in front of his chest as he murmured something in ancient and obscure Demon language. Then, magnificent energy full of divine strength rushed out from the sword.

The light of Buddha covered the left side of the young Death Deity's body. However, the right side of his body was enveloped in a dark shadow created by the green dagger in his right hand. He was just like a combination of demon and Buddha.

Rumble—

Thunderous roars could be heard from the tribulation clouds as if the trumpet signifying the last battle had been blown.

Endless thunder and lightning shattered the earth. Then, fiery hot lava started to erupt.

The area was filled with lightning and lava at that moment.

Two... No, three young primes were about to start decisive combat between the heavens and the earth.

The fight had started!

With a cold light flashing in his eyes, the young Demon Emperor attacked with his bone sword, which would kill all creatures in its path.

Like a ghost monk in hell, the Death Deity dashed towards Su Yu with his lethal and horrible dagger in hand.

Now, Su Yu was wrapped in an endless defying force and magnificent strength.

The large tree behind his back threw out countless vines that even covered the sky, sweeping over a wide area.

There were many large, booming sounds as countless vines were cut down.

The two young primes were flying towards their target, destroying all barriers in their way like two sharp swords cutting a path.

After a short while, all of the vines had been destroyed. The primes appeared in front of Su Yu.

The black-haired giant behind Su Yu's back stared at the young Demon Emperor and the young Death Deity. Then, their body was wrapped up by an endless, defying strength.

However, the determined young primes continued to approach Su Yu, breaking the defying strength. They were like two small boats sailing against the current.

At that moment, Su Yu, who hadn't moved a bit from the very beginning, finally moved.

However, he didn't step back. Instead, he moved forward.

At the same time, his eyes shot out a magnificent, four-colored light.

Four kinds of amazing fluctuations went into the void.

Then, something gigantic appeared in the sky.

It was so tall that even the Giant of the Bitter Sea was shorter.

Like the one who created this world, this figure was standing on the ground while its head reached the heavens.

It was a fuzzy shadow of a human being who only had half of a body left.

The figure had a gigantic purple eye that covered an area of millions of square kilometers.

The color of its enormous body was a deep crimson.

Its sizeable left hand, which could cover the sky, was emerald.

It also had a large, pale left foot.

The horrible figure that had appeared looked as if it could devour worlds.

Four colors were shining on its body, fluctuating strangely.

When Su Yu stepped out, the giant figure did the same.

Instantly, it seemed as though four kinds of profound meanings were rotating at the same time. They seemed to ripple out when Su Yu stepped forward.

This was Su Yu's sheer attack generated from the Divine Nine-Dragon Cauldron, which contained his comprehension of the time, space, soul, and life forces.

In front of the powerful fluctuation, it was extremely difficult for the two young primes to walk forward.

However, Su Yu started to move towards the young primes by rapidly stepping across the fluctuations.

10,000 meters! 1,000 meters! 100 meters!

He was so close!

The three young primes were about to have an ultimate collision!

Ten meters!

One meter!!

Rumble—

A deafening thunder was created in the tribulation cloud. It was as if someone in the unseen world was roaring angrily. The entire Jingyu Realm was trembling under the thunder, and it killed countless weaker creatures.

The sudden and deafening bang was created by the ultimate collision of the three young primes.

Nobody saw the collision clearly; they could only see the consequences of it.

The bone sword that had been in the hand of the young Demon Emperor was crushed. He was looking at the broken sword with a puzzled expression.

The green dagger of the young Death Deity had disappeared. His body, which contained the strength of Buddha and demon, was a mess.

Also, a big hole had appeared on the chests of both of the young primes. Their hearts had disappeared without any trace.

No, their hearts had been vaporized by a magnificent strength.

Slowly, the two young primes, whose lips were covered in blood, disappeared into the void.

The young Demon Emperor was defeated! The young Death Deity was as well.

Now, only one young prime had been left standing!

He was the ultimate winner!

Witnessed by all deities in this world, an invincible champion who defeated the number one expert in the history of the Realms of Demon had come forth!

The Demon Cloud City Master, who was trembling in terror, murmured as he looked at Su Yu from afar. "I am not able to control this guy!" he said.

He knew the invincible champion standing before him wouldn't be controlled by anyone!

Even the current Demon Emperor was not able to control him!

The man's potential was so tremendous that the Demon Cloud City Master decided to keep his distance.

Li Ying was utterly shocked. His jealousy had disappeared in his heart and was now replaced with admiration and awe!

Li Ying was quite clear that he was not even qualified enough to envy the guy.

Because this guy would be a prime who could look down upon all of the powerful experts in the world in the future!

When all of the young primes created by the tribulation cloud were defeated, dull thunder could still be heard coming from it, as if it didn't want to accept its failure. However, the cloud dissipated slowly at last.

The divine tribulation was then finished.

The next moment, a strand of light descended from the dissipating tribulation cloud and disappeared into Su Yu's forehead.

Another dazzling light particle appeared in Su Yu's Dantian.

It was... a Celestial Energy Sphere!

It was the second Celestial Energy Sphere in Su Yu's body.

Nobody in the world had obtained two Celestial Energy Spheres before.

Su Yu looked at the dissipating tribulation clouds as a cold light flashed in his eyes. The divine tribulation and the invisible will shouldn't have appeared there at that moment.

"You are not able to kill me! I will walk up, step by step, and find you at last!" Su Yu swore to himself.

In an unseen world, a cold will knew it had to find another way to kill Su Yu. So, it knew it was time to go!

The divine tribulation disappeared.

The next moment, gentle light shone down from the sky and entered Su Yu's body.

The primordial spirit in his body, which was enhanced remarkably, became a young Su Yu. This little Su Yu was quite young, but he was determined just like the unyielding young man who was in the martial arts training institute of the Xianyu prefecture.

“A stage three Mortal Fairy?” Su Yu said, surprised. Normally, when the primordial spirit became a three-year-old child, Su Yu would reach stage one Mortal Fairy.

When the primordial spirit became an eight-year-old child, Su Yu would reach stage two Mortal Fairy.

Therefore, the current primordial spirit of Su Yu meant he had reached the level of stage three Mortal Fairy.

“Does it mean I reached stage three Mortal Fairy from the Peak All Creation directly?” he wondered.

He was not surprised because he used to reach the level of the All Creation from the fairy realm directly when he crossed his last divine tribulation.

So, it was not a big leap for Su Yu to reach an enhancement of three stages.

After all, the divine tribulation Su Yu crossed this time had been a stage one divine tribulation.

At that moment, the primordial spirit of Su Yu, which was in the form of a young Su Yu, was no longer formed by the force of All Creation but, instead, the strength of Mortal Fairy!

Two small light particles were flying around the primordial spirit.

At last, Su Yu was able to solidify its Celestial Energy Sphere!

After injecting the strength of Mortal Fairy into the Celestial Energy Spheres, divine strength would be created, which could then be used to solidify the Celestial Energy Spheres further.

“Heh! Heh! Finally, I have my own divine strength!” Su Yu murmured excitedly.

Chapter 1232: A Gift From an Enemy

Su Yu was quite happy about the change of his soul. His soul had reached the level of Peak Mortal Fairy, which was one stage higher than his previous stage.

Now, the fifth layer of the Heaven Son’s Insight appeared in his mind automatically, which was also the last layer of the records on the flagstone – the Soul Devouring Realm.

The fifth layer, which had been long expected, appeared at last.

Those who had reached the Soul Devouring Realm could strengthen their souls to the level of divine soul by devouring the souls of other creatures.

There were three layers altogether. Those who had reached the first layer could devour the souls of creatures whose stages were lower than deities, which meant even the soul of a Later Stage prospective deity could be devoured.

Su Yu’s pupils constricted abruptly. Devouring souls?

Isn’t that a skill that only belongs to the souls of deities?

A creature’s memory was stored in its soul. Those who devoured the souls of other beings at will would lose their memory and eventually become insane.

Only deities were able to wipe off the memories stored in a soul. Then, the deities could absorb the soul when it was cleansed.

However, Su Yu had also obtained that skill after reaching the Soul Devouring Realm.

Now, he had reached the first layer.

When he reached the second layer, he would be able to devour the souls of deities!

When he reached the third layer, he would be able to devour the souls of... Median Deities!

Su Yu didn't know what a Median Deity was, but he was sure that it must be more powerful than ordinary deities!

Yun Yazi's remnant soul was extremely powerful, which meant that his Soul Devouring Realm had reached a very high level!

While Su Yu was thinking everything over, his Heaven Son's Insight had reached the first small layer of the fifth layer from the fourth layer.

Su Yu then discovered that his soul could look through any other souls, and even check the memories hidden deep within.

Furthermore, Su Yu also felt that he was able to change their memories and create false ones at will. He could also erase the memories in a soul. When the soul was clean, he could devour it to enhance his own.

"Is this the Soul Devouring Realm?" he wondered. This new feeling cheered Su Yu up.

There were nine layers in the Heaven Son's Insight. Only five layers were recorded on the flagstone. If the fifth layer was this powerful, the effect of the next four layers would be unimaginable! Su Yu licked his lips. He had become much more interested in the subsequent four layers of this skill.

This diving tribulation had brought a lot of benefits to Su Yu!

He managed to obtain the second Celestial Energy Sphere and reached the Soul Devouring Realm, which helped him begin the process of cultivating a new Divine Path.

Su Yu thought this divine tribulation would cause anomalies between the heaven and the earth like those in the world of human beings, which might attract the attention of the royal family of the Realm of Demons.

However, Su Yu knew, according to the divine tribulation he had just crossed, that he worried too much. He knew the royal family of the Realm of Demons wouldn't be startled.

Frankly speaking, the benefits Su Yu had obtained through this divine tribulation had exceeded his expectations.

"Heh! Heh! I've crossed this divine tribulation. Now, it is time to punish the Demon Cloud City Master!" Su Yu said with a cold smile.

When the tribulation cloud disappeared, the Demon Cloud City Master and Li Ying dashed toward Seawatch City along with another two deities.

Terror was still reflected in their eyes.

“Do you know the guy who crossed the divine tribulation just now?” someone asked. As the Demon Cloud City Master and two other city masters approached Su Yu, they noticed a silver-haired young demon was looking at them, his hands resting behind his back.

Although they had witnessed the fight between Su Yu and the Book Deity, they hadn’t received any details because of the concealment of the Purple-Eyed Demonic God. Now, they even didn’t know Su Yu’s appearance and aura.

When they saw the young demon, whose bloodline was not pure, they were even more convinced that he could be a descendant of a declining deity.

However, they had no idea that a descendant of a deity could inherit such a powerful Divine Path.

The Demon Cloud City Master had given up his plan to recruit the young man. Now, he only wanted to become friends with him.

“Congratulations, young man! I believe you will become a prospective deity and a deity soon!” the Demon Cloud City Master said as he walked up in front of Su Yu and folded his hands. It seemed he was treating Su Yu as his peer!

Another two city masters had also witnessed the magnificent scene when Su Yu crossed his divine tribulation. So, they were not surprised by the Demon Cloud City Master’s reaction. They knew they should do their best to treat the young prime favorably.

“Hah! Hah! Congratulations, young friend!” one of the masters said.

“My young friend, nobody had crossed the divine tribulation like you before! All of us are totally impressed by your heroic posture!” said the other.

Su Yu touched his nose as he looked at the three city masters, puzzled.

The Demon Cloud City Master hadn’t received the reaction he had expected from Su Yu, so he paused for a moment before continuing to speak with a friendly smile. “Young friend, I guess you don’t have any elder family members in this world, right?” he asked.

Su Yu, who was from the Star River, didn’t have any elder family members in the Realm of Demons. So, he nodded his head without saying anything.

Hearing this, the eyes of the three city masters lit up. The man was a descendant of a declining deity, just as they had expected.

The Demon Cloud City Master felt relieved. Then, he said with a smile, “I am the master of the Demon Cloud City in the Jingyu Realm. I planned to provide some assistance to you when you crossed your divine tribulation. However, I didn’t expect you to be so powerful that you didn’t need any assistance at all! Anyway, if you need any help, I am willing to do my best!”

“That won’t be necessary,” Su Yu replied calmly.

After being arrogantly rejected by Su Yu, the Demon Cloud City Master was not annoyed. He continued to speak amicably. “Heh! Heh! My young friend, I don’t agree with what you said! There are a lot of deities in the Realm of Demons, which is a ruthless world. I bet a lot of people will envy

you because of your extraordinary gifts. You are in quite a dangerous situation since you have no protection from your elder family members. So, these two city masters and I are willing to provide you with all kinds of protection and resources before you reach the level of deity. We don't want to waste this precious opportunity to get to know you today!" he said.

"What the Demon Cloud City Master said is correct! My young friend, you should be cautious in this ruthless world!" the other two city masters added with a smile.

Su Yu stared at them without answering.

The Demon Cloud City Master and the other city masters were quite embarrassed and couldn't help but fume silently to themselves. "No wonder he is an extraordinary young prime!" they thought. "He is so arrogant that he refused the help offered to him by deities!"

However, instead of being annoyed by Su Yu, they ignored his arrogance.

They ignored it because they were focused on Su Yu's massive potential!

If Su Yu had been an ordinary demon, he would have been killed if he dared to act so rudely in front of those same deities.

"It seems he is maintaining vigilance in front of us!" the Demon Cloud City Master thought to himself.

He then made eye contact with the other two city masters. The three of them nodded their heads at the same time.

"Heh! Heh! My young friend, don't be afraid of us! We sincerely hope we can become friends with you!" the Demon Cloud City Master said. Then, he pulled a pink beast head from his sleeve and handed it to Su Yu reluctantly. "I obtained this copied Emperor-based Saint Artifact in a ruin. Please accept this little token and use it to protect yourself!"

The pink beast head appeared in front of Su Yu.

Although Su Yu was puzzled by the actions of the Demon Cloud City Master, he accepted the strange gift without any hesitation.

Only a fool would refuse a gift from his enemy!

Seeing this, the other two city masters gasped and began communicating with each other using telepathy.

"Wow! The Demon Cloud City Master had planned to leave that copied Emperor-based Saint Artifact to his elder son! Its name is the Pink Skull. It can be used to confuse the enemy's mind. Even we have to be careful in front of it! I didn't expect him to give it to this young man!" the one city master said.

"Gasp! This is really a lavish expenditure of the Demon Cloud City Master!" replied the other. "If I remember correctly, the Demon Cloud City Master doesn't want to leave it

to his elder son. He was going to use it as his secondary original life equipment! Wow, what a lavish expenditure!”

Chapter 1233: Frozen God Worm

The two city masters looked at each other, secretly frightened by the determination of the Demon Cloud City Master.

He was even willing to give away the second piece of god artifact, which showed how determined the Demon Cloud City Master was to win over Su Yu.

However, upon thinking further, the three young city masters would surely become a new generation of Kings in the future.

Now that he sought to provide assistance to this man while he was gaining power, it may well prove to be the icing on the cake in the future.

“It seems we can’t be stingy,” the Bo Ming City Master said bitterly. If the gift they gave was worse than the Pink Skull, it would be seen as too shabby, and it would difficult for them to get into Su Yu’s good favor.

So, either they had to give him something decent or not bother giving him anything at all.

But how could the two of them come up with something that could be compared with what the wealthy Demon Cloud City Master had given?

The Bo Ming City Master stepped forward, holding back the pain in his heart and smiling kindly. “My friend, to be able to meet you is fate, nothing else. This is the pure Divine God Source Origin that I have refined in one year of retreat. It is of great benefit to you after you absorb it. It can help you to stabilize your own Divine God Source Origin,” he said.

He took out the Divine God Source Origin sealed in divine power, which was more than ten times larger than the rice grain-sized Divine God Source Origin in Su Yu’s body.

If he combined them, Su Yu would be able to save on one year spent practicing.

Su Yu’s heart throbbed, but his face remained calm, and he took it without expression.

Nice, another enemy had given him an excellent gift.

“Oh, the two city masters truly care about Yu Demon. I am heartened by them, so I will give you something good to defend yourself,” the Abyss City Master said, smiling. He took out a piece of ice, his face displaying great pain. Frozen deep within the ice was a small worm.

Looking at the worm, the eyelids of the Demon Cloud City Master and the Bo Ming City Master jumped, revealing hints of shock.

The Bo Ming City Master spoke in tongues, saying, “The Abyss City Master just joked about the Demon Cloud City Master spending too much on his gift. This old guy is the one that is truly sacrificing! He’s even giving away a dead worm! That’s what he considers a lifeline for himself! ”

Of the three, the Abyss City Master was the most enthusiastic gift giver!

The Demon Cloud City Master's face sank, and his nostrils flared slightly as he snorted. It was a sign that perhaps he knew he had lost in this arbitrary contest.

"Oh? What's this?" Su Yu stared at the frozen black worm. His soul of the peak dust fairy felt a sense of anxiety. The Nine Dragons carved in the Divine also issued a warning alert.

Since entering the Xing River, even when fighting face to face with deities, the Nine Dragons carved in the Divine had not sent warning signals out.

The Abyss City Master kindly explained further. "This is ten-thousand-year-old mysterious ice that was washed up by the bitter sea. It seals an ancient worm, a dead soul insect that has disappeared from the demon world! Somehow, it is frozen in this mysterious ice. Although ten thousand years have passed, there is still a trace of its vitality in it. If it is released, it will be very easy to kill a god's soul with it," he told Su Yu.

Kill a god's soul? Su Yu's pupils shrunk slightly. This was really a great treasure, equivalent to a life-saving magic weapon.

If he had this item earlier, before the Book God struck, he could have used it against him and made him disappear forever.

"Thank you, Abyss City Master." Su Yu smiled, politely taking the gift.

The Abyss City Master trembled slightly, and his heart hurt. However, he glanced at the somber expression of the Demon Cloud City Master and the ugly expression of the Bo Ming City Master, and he felt somewhat relieved.

With a smile, the Abyss City Master presented the gift with both hands. "You may come to visit me in Abyss City and cultivate resources in the future. My Abyss City is willing to take on all the responsibility of doing so, and can also provide the most determined security protection. It means you will never have to face any danger," he said.

The Demon Cloud City Master snorted and looked at Su Yu. His eyes were glowing mildly. "Haha, I will open my door to you at any time as well. If you want, if there are any problems with your cultivation, I think I will be more than qualified to assist and provide some helpful pointers."

The Abyss City Master was ruthless, and the Demon Cloud City Master was even more so. They were now all claiming to be, in the name of a master, willing to help out an apprentice.

The Bo Ming City Master was not willing to fall behind. "Oh, Bo Ming City also welcomes you. Whatever the difficulties, Bo Ming City is willing to help; even if there is a god enemy that comes to your door, no matter who the other person is, I will settle it for you!" he said.

Hiss! He even promised to get into feuds with other gods!

The Bo Ming City Master had made the most significant promise!

The three city lords provided valuable things, with conditions that ordinary people would not have been able to resist, just to curry favor with Su Yu.

“Cough, the three city lords’ kind intentions, I will forever remember. All I want to do is establish a good friendship with the three city lords,” Su Yu said. His face was not red as he jumped in and collected the three treasures.

The three city lords waited for what they wanted.

“But there may be a little difficulty,” Su Yu continued.

Ah? The three city masters frowned. He had taken their things and benefited from them, but now claimed that there was some difficulty?

“Oh, what are the difficulties for you? Just tell us. I don’t think there is anything that can affect the friendship between us,” the Demon Cloud City Master said as he smiled kindly.

“Yes, my friend, say it!” the Bo Ming City Master and the Abyss City Master urged, also laughing and smiling.

“I’m afraid, after speaking my mind, the three city lords will be very unhappy,” Su Yu said.

As soon as the words left Su Yu’s mouth, the Demon Cloud City Master patted his chest boldly and said, “What nonsense! We are gods; what can we not tolerate?”

“Yes, nothing can affect the rare fate between us today.”

Whoosh ——

It was at that time that Li Ying, who had followed closely, finally caught up with the gods.

He was also very curious to find out what kind of character the man before them was.

After he appeared, he looked intently toward the youth who had been treated kindly and respectfully by the three city lords. He couldn’t help showing a respectful expression and smiling. “I’ve seen...” he began to say.

As Li Ying spoke, his eyes focused on the man.

Li Ying’s words stopped abruptly when Su Yu’s clear figure reflected in his pupils.

Confused, puzzled, and surprised, Li Yin blurted out, “Why, it is you, Yu Demon!”

Among the four people present, only he had fought against Su Yu, so he saw Su Yu’s true self with his own eyes.

Wait a minute!

The three city masters, with smiles on their faces like flowers in the snow, suddenly froze, and their shock was visible on their faces.

The Demon Cloud City Master shot a glance at Li Ying. “Who did you say he is?” he asked.

The other two gods also stared at Li Ying with eyes that seemed to want to swallow someone up.

Li Ying was afraid and slowly began to retreat, swallowing. "It's the Feather Demon, lord of Seawatch City!" he said.

Boom—

As if there were three strikes of the god's hammer, the words bombarded their hearts, making them instantly stiff.

The Abyss City Master felt cold seep up through his hands and feet. His lips froze, and he yelled, "What are you talking about? The Feather Demon is only the cultivation of Vientiane, how can he possibly have survived the calamity?"

Li Ying had been scolded by the gods and was now frightened. Nevertheless, he said, "No mistake! I saw him half a month ago. How could I be wrong about this? He is absolutely real. He is the object of our activities, the Seawatch City Master!"

The three city lords looked as though they could not accept what Li Ying was saying.

"Cough, my three city lords, this is what I wanted to say. There is going to be a little difficulty in our relationship together," Su Yu said, ultimately reminding them of what they had just lost and brought them firmly back to reality.

Chapter 1234: Beaten Back to a Rewrite

The three city lords finally reacted to what they heard, and their faces turned red!

Once made known, it was indeed hard to believe.

The three of them had given precious treasures to their enemy before the battle!

That was right. In fact, they did so with a smile on their faces. They tried to curry favor, were polite, and very respectfully gave their own precious treasures to him!

This ruthless and cruel reality seemed to be a shocking slap in their faces.

Throughout the universe, there was probably no bigger joke than they were at that moment.

"Yu Demon! You deceived us, but you also deceived the Lord's dead soul worm! Give it back to me!" the Abyss City Master said. He had suffered the most significant loss. He was now iron-faced, and his teeth were clenched.

"How did I deceive you?" Su Yu asked helplessly. "As soon as I finished with my tasks, you came and gave these gifts to me with your own hands. Though I did wonder if you had come to deal with me. In fact, I thought this was your tradition. I thought, before the crusade, you must send the enemy a large number of precious things."

The Abyss City Master trembled with anger, and every sentence Su Yu spoke stung his nerves.

The faces of the Demon Cloud City Master and the Bo Ming City Master did not look good either.

"Kill him!" the Bo Ming City Master screamed. He wanted to kill Su Yu, and regain the treasure!

The fierceness of the Demon Cloud City Master's eyes emerged, and the gentle color from earlier disappeared.

He suddenly realized that standing in front of him was not only their demon object, Yu Demon, but also the future World Supreme Leader!

Thinking about this, the Demon Cloud City Master was furious. He must not be allowed to live!

At that moment, the Demon Cloud City Master had even forgotten that his main goal at the moment was Her Royal Highness, the Ninth Princess!

The three gods were so angry that their thoughts could kill heavenly beings.

Su Yu, who had now gotten two Divine God Source Origins that were equal to half that of the gods, was not afraid.

"Kill me? Huh, are the three city lords trying to rebel against the demons? The royal ban prohibits all city lords from killing one another. Those who go against this will be killed without pardon!" Su Yu calmly said.

The three gods' anger was immediately quenched.

Killing him may have relieved them of their hatred, but it would have attracted the wrath of the royal family, and they could not escape death.

"We are still here to pay respects to the Seawatch City Master, and we are here upholding righteousness!" the Demon Cloud City Master yelled. "Li Ying!"

Li Ying came forward, staring at Su Yu coldly. He was full of murderous intentions.

The man in front of them was too scary; he must not be given a chance to gain any more power.

"Li Ying is here!" Li Ying operated his divine power, transmitting his voice to the entirety of Seawatch City, drawing the attention of all living beings. "The previous Seawatch City Lord, entrusted by the Demon Cloud City Master, the Bo Ming City Master, and the Abyss City Master, are here to declare the new crime of the new City Lord, Yu Demon!

"The new Yu Demon City Master has committed two major sins!

"The first sin, holding the Ninth Princess hostage and threatening important members of the imperial royal family.

"The second sin, conspiring to abscond the seat of the Seawatch City Master. My father fell, unfortunately, because of his scheme. According to common sense, as the heir, I should assume the title of Lord of the City, but he threatened his Highness and manipulated her to take the throne!

"The spirit of Yu Demon is extremely evil, and he has no respect for the royal family. I will wait for the Tri-City Alliance to come and help me correct what is wrong!"

With that, Li Ying stared at Su Yu, yelling, “Traitor and thief, why don’t you get down on your knees quickly?”

A string of sounds, full sentences, made their way through the sky. His message was conveyed to all living beings.

They were shocked and deeply confused. They looked to the new Seawatch City Lord, who had never said a word.

Su Yu waited for a moment, then said, “This is the reason for your crusade?”

Raising his hand, a dog was thrown out of Nine Jade Spiritual Pearl. It seemed confused.

“Her Royal Highness the Ninth Princess, your courtiers suspect that I hold you in captivity. You should go with them,” Su Yu said.

The dog’s sleepy eyes opened, her head shook like a rattle, and she remained around the Nine Jade Spiritual Pearl. “Everything is okay, so why should I go with them? I won’t go!” she said.

With that, the dog stared at the three masters of the Demon City. “Let’s all go wash up and sleep. The Princess is fine and is not being held hostage.”

Then, the furry animal drilled back into the Nine Jade Spiritual Pearl!

Su Yu stood up with his hands raised and said confidently, “It seems that your first major sin is not true.”

Su Yu glanced towards Li Ying, saying indifferently, “As for you, haha, which rule of the demon says that the children of the city master must inherit the position of the city master? When you are in trouble, you hide in the capital of the demon emperor. However, now that the crisis has been lifted, you are here, shamelessly returning to assume the position of city master. I would like to ask the people residing in Seawatch City. Is such a wandering and whimsical city master what you want?”

“All in all, the reasons for your crusade are not valid. Go back and rethink the crusade, and then we will talk about it!” Su Yu waved his sleeves, causing the creatures in Seawatch City to laugh.

Li Ying flushed red and yelled, “Who are you talking about?”

“You, of course!” Su Yu responded. “A so-called dignified descendant. When your father was in trouble, you did not even dare to make a single sound. When your father was dead, you did not dare to avenge him yourself and behaved instead like a slave, asking other city lords to drive this ahead for you. You even lead outsiders to attack your own city! Dogs have loyalty; you are not even as good as a dog! Saying that you act on a whim, I feel like I am even disrespecting the word!”

His voice shook all of Seawatch City. The creatures who did not like Li Ying in the first place were even more scornful now.

“The Lord of the City is right. You see what he looks like standing there in front of him. Does he not look like a slave?”

“Oh, this kind of weakling. He only knows how to hide behind the demon emperor. To think that he also wants to come back to wrestle for prestige. He is worse than a dog!”

Uh...

Li Ying's complexion turned from red to pale green, and he was utterly humiliated. “I act on a whim? Oh, a character like you that behaves like a rat in my hands, how dare you to say that I act on whims? If I am a whim, what are you?” he said.

As soon as this remark came out, the creatures in Seawatch City grew even more scornful.

“The son of the old city master is really a bully. A late-stage quasi-god bullied a Vientiane level creature. How dare he speak like that, thinking that he is so d*mn great!”

“Hey! Each subsequent generation is indeed not as good as the previous one!”

Hearing the irony, Li Ying sneered. “A group of ants indeed. All of you shut up! The demon world respects martial arts and is built on strength! Who is he, for he is so weak?” he said.

He turned his eyes and shot a mean look at Su Yu. Li Ying laughed. “No matter how amazing your potential, now, in my eyes, you are still an ant. How dare you call me whimsical; I have no aptitude for it!” he said.

Brush ——

Li Ying broke away from the three gods, teleported away, and yelled, “I represent myself, and I will give you some surprises to truly sober you up! How dare you imagine that you are above all beings, you are still too young!”

What Li Ying implied was that he was now attacking Su Yu for personal reasons that had nothing to do with the crusade.

Suddenly, at the moment of his attack, Su Yu's whole body flashed in all colors, and he moved away.

Li Ying was stunned and smirked. “Did you see?” he called. “This is your new city owner, a wretch that wastes time and effort! He only knows how to dodge and fly away! It is ridiculous that this wasteful creature has the nerve to evaluate others as waste!”

Su Yu looked indifferent. He was not angry at all, just like during the previous encounter.

He sighed softly and said, “You just said I'm avoiding you, but have you ever thought that, in fact, I just never considered you as an equal and didn't want to fight?”

Chapter 1235: Guest of the Imperial City

“I have no idea where your confidence came from!” Li Ying shot Su Yu a look of sympathy. “I watched your fight while negotiating the ordeal. You have the strength of a middle-stage Prospective Deity at most.

“You probably can’t survive more than one blow from my hands. Your preposterous confidence made me pity you indeed,” he said.

Swish!

With a flicker of his remnant shadow, Li Ying’s words still lingered in the air, but he had disappeared via teleportation.

When he emerged once again, his cold words resonated in Su Yu’s ears. “Because you wouldn’t even know how you die!” Li Ying said.

The divine energy of a late-stage Prospective Deity was gathered between his fingers. The purity of it was not far from that of the ordinary deities.

This time, Su Yu did not shy away via teleportation, but slowly extended his right palm, colliding with the finger powered by divine energy without even turning his head.

There weren’t any ear-shattering sounds. There was only a soft, dull noise that reverberated between the two of them.

Su Yu’s body wasn’t shattered by the late-stage Prospective Deity Li Ying as the outsiders had imagined.

The two of them maintained their positions as if they were frozen in place.

Only after a brief moment did Su Yu withdraw his right palm nonchalantly, and a black dragon glided past leisurely and flickered out of sight.

Sighing softly, Su Yu said, “Rest in peace, although, you don’t even have a clue how you died.”

Creak!

As his words ended, a patch of skin like a hard shell peeled off from Li Ying’s face, and a puff of eerie, cold, deathly scent leaked out from within.

The insides of his body had been destroyed by the deathly air, and so had his soul, leaving behind only an empty shell.

A late-stage Prospective Deity, destroyed by only a palm, just like that!!!

Everyone who had been watching was stupefied.

“What is the actual cultivation of Lord City Master?”

“He just made it into the Mortal Fairy realm, I think.”

“Ouch! What a domineering palm! Even if Li Ying had suffered a full-force slam from his peer, he should have the power to retaliate. He couldn’t possibly be killed. But even Li Ying couldn’t dodge the city master’s palm, killing him right then!”

The creatures of Seawatch City were shaken by the city master’s astonishing powers, and they gradually became excited.

The stronger their city master, the more prosperous he could help make Seawatch City.

“Hahaha! I heard that Lord City Master only had the cultivation of All Creations initially. I was startled; it turned out that our city master is a late-stage Prospective Deity who has hidden his expertise well!”

“Right, no wonder the Ninth Princess entrusted him with Seawatch City. It is because he has hidden powers. That is the only reasonable explanation!”

“Haha, how hilarious was Li Ying to have overestimated himself, raising all this clamor and scampering everywhere to hunt down our city master. In the end, he got killed with just one palm. In fact, he was the one that deserved our sympathy.”

Before the fight could even fully begin, Li Ying, who had been the instigator, had been slaughtered. The Demon Cloud City Master and the two others had gloomy looks on their faces.

They were the ones who had brought Li Ying back from the Demonic Emperor City, since he was the true heir, to overthrow the current leader of Seawatch City.

But it turned out that he had been killed with just one hit before the battle could even begin.

The three city masters saw the attack clearly. Li Ying’s death was worthwhile, yet he had died very unjustly.

It was worthwhile because the palm carried astonishing power, and was more than enough to finish off Li Ying.

He had died unjustly because if only he had been cautious and mindful, and not made direct contact with the palm, he wouldn’t have been killed so easily.

No matter what, Li Ying was dead.

But it was his death that had given them a new reason to launch an assault.

“Rebel, usurper!” The Demon Cloud City Master’s eyes were like bolts of lightning as he berated Su Yu in a raised voice. “You killed a deity’s descendant, and you deserve to die a horrible death for your crime. As deities of the Jingyu Realm, we will not sit back and watch an evil, cunning man like you inflict harm upon Seawatch City!”

He yelled so righteously and justly, yet invited verbal abuses and insults from Seawatch City.

“You’re twisting the truth! That scumbag Li Ying attempted to kill him but got killed instead. Did you expect our city master to stand still and wait until he had been beaten to death?”

“You were the ones who inflicted harm upon Seawatch City!”

“Right, get lost from here! The affairs of Seawatch City do not need your intervention!”

The creatures of Seawatch City understood it well; once Seawatch City was conquered, they would become puppets to those three city masters.

Their grunts and grudges were nothing in the eyes of the Demon Cloud City Master. He mocked them, saying, “You bunch of foolish people, I have come here to rescue you!”

As he spoke, he stared at Su Yu. “In the name of Her Highness, I hereby declare to the world that a war of justice is to be started against the Yu Demon!” the Demon Cloud City Master stated.

After exchanging a glance with the city masters beside him, the three of them shot glares at Su Yu all at once. Simultaneously, their divine energies surged and roiled, penetrating the heavens, killing Su Yu then and there.

The three of them understood that now that things had turned out this way, all they could do was obliterate Su Yu, the unrivaled master with terrifying potential.

Otherwise, what awaited them in the days to come would be endless nightmares.

The importance of killing Su Yu had far outweighed that of seizing Her Highness.

The three great deities struck at once, and among them was the powerful Demon Cloud City Master, who could even rival the All-Access Merchant God. It wasn't a force that Su Yu could stand against.

But even if he couldn't, someone else could.

Bang! Bang!

At that instant, the three of them attacked. Four beams of divine brilliance struck down abruptly, unleashing a totally unexpected fatal blow from behind!

They were the city master of the Luminous Moon City and three others.

The city master of the Luminous Moon City had not let Su Yu down indeed and had successfully invited the other three city masters.

They were lying in ambush at the borders of their own territory, all the while paying attention to the activity in Seawatch City, waiting for the best opportunity to start their raid.

For that, they had prepared their most adept, most deadly trump card.

The raid by the four of them had far exceeded the expectations of the Demon Cloud City Master and his partners.

They had thought that even if the Luminous Moon City Master and the three others dared not come forward and offered them aid, there was no way they would hinder them, would they?

But was that just hindrance? They had been lying in wait to plant a brutal, ruthless blow on their backs!

The Demon Cloud City Master was the first one to come to his senses. The divine energy he unleashed was withdrawn right away, as he growled in anger and directed it at the raiders behind him.

With a dull whimper, one of the ambushers was hit by the blow, recoiling, leaving behind a pool of divine blood on the ground. It was the Luminous Moon City Master whose mouth was full of blood.

However, a Blood Red Bone Needle on the Luminous Moon City Master's hand had successfully pierced through the palm of the Demon Cloud City Master as well, as a blood-red mark spread across his palm.

“Deity Destroying Poison?” The Demon Cloud City Master asked, exasperated. Yet he dared not be careless. He immediately commenced suppressing the acute poison.

The Luminous Moon City Master clasped at his chest and coughed out mouthfuls of divine blood, his face covered in a taunting sneer. “Haha, no wonder you’re the first-ranking city master of the Jingyu Realm. You could injure me even with the Deity Destroying Poison in you! However, you can’t escape your tragic fate today!”

Ahh!

Two shrieks of misery sounded one after another. The Abyss City Master and the Bo Ming City Master did not manage to react in time like the Demon Cloud City Master had, and their bodies shattered in the joint attack of the other three city masters. They were left with only their divine souls and had escaped without a trace.

The three of them were the Baiyue City Master, the Lingxin City Master, and the Fansai City Master.

They did not bother to chase after the two divine souls that had fled. Instead, they stood side by side with the Luminous Moon City Master, gazing at the Demon Cloud City Master from afar.

The divine souls that had lost their bodies were nothing for them to worry about.

The Demon Cloud City Master was a great disaster, and whom they should really be concerned with.

“Fansai City Master, you actually...” The Demon Cloud City Master had fury in his eyes. Before that, the Fansai City Master had been standing on his side!

The Fansai City Master said with indifference, “The Luminous City Master has promised me enough benefits. Yes, more than you ever did.”

No friends or enemies could last forever. The only invariant factor was benefits.

“Fine! Fine! None of you can leave today!” the Demon Cloud City Master bellowed in rage.

Boom!

Shocking demonic energy erupted from within his body with a tempestuous force. He fixed his enraged eyes on the Luminous Moon City Master. “Thinking of taming me with the mere Deity Destroying Poison? Go to Hell!” he said.

With a shift of thoughts, he transformed into a gargantuan demonic body that was ten-thousand feet tall.

The Luminous City Master and the three others had solemn and grave looks on their faces. Even though the Demon Cloud City Master had been poisoned, they did not dare to let down their guards down. They transformed their bodies into ten-thousand-feet-tall hideous demonic bodies as well.

Five monstrous creatures got into an earth-shattering major battle in the air above Seawatch City.

Every move of theirs destroyed an area of mountains and rivers, vaguely afflicting the laws of the Great Path. Because of that, a cavern world as sturdy as the Demonic Dimension had begun to show traces of cracking.

The Demon Cloud City Master was the first-ranking city master of the Jingyu Realm indeed. Even with the intense poison in his system and left with only 70 percent of his peak capacity, his combat power was still as astonishing as ever. Despite being under the siege of the four great city masters, he wasn't at a point of disadvantage.

But since the four great city master had joined hands today, they had the intention of killing the Demon Cloud City Master. Having been taken aback by the horrendous power of the Demon Cloud City Master, they grew even more staunch and determined in killing him.

If they let the Demon Cloud City Master go today, he would be the root of never-ending troubles and disasters in the future!

“Do not hold back your strength anymore!” the Luminous Moon City Master growled thunderously. He acted first by displaying his strongest demonic weapon, generating a forceful killing technique at the cost of consuming his own divine energy.

The three other city masters dared not delay a second longer, all of them putting their best feet forward.

The great war between them finally underwent a change.

The Demon Cloud City Master was bombarded by the four great city masters until his divine body was swaying, and numerous cracks and seams hundreds of feet in width appeared all over his body. Plenty of divine blood went fluttering in the air, looking exceptionally magnificent.

As time passed, the condition of the Demon Cloud City Master deteriorated, and his divine body was on the verge of crumbling.

However, the four great city masters weren't in great shape either!

The Fansai City Master had accidentally been shattered by the assault of the Demon Cloud City Master. Even his divine soul had gotten destroyed by the Demon Cloud City Master. The Fansai City Master had perished!

The Baiyue City Master and the Lingxin City Master were severely injured as well. It would take a few dozen years of rest before they could recover.

Even the Luminous Moon City Master sustained significant injuries.

And that was because he had been poisoned by the Demon Cloud City Master prior to the battle.

“He's about to lose it, let's charge together!” the Luminous Moon City Master bellowed.

The outcome was clear. The Demon Cloud City Master would meet his death that day, without a doubt.

The three great city masters pounced forward all at once, giving the Demon Cloud City Master a final blow.

With an anguished smile on his face, the Demon Cloud City Master stared at Su Yu in a fury. “Yu Demon! I will never forgive you!!” he said.

Although there was no evidence, it was obvious that Su Yu had caused the four great city masters to take his side so peculiarly.

He regretted not believing the Book Deity’s words. The brat before his eyes was a terrifying entity who should never have been given any opportunity.

He could turn the clouds over and summon a downpour with a mere flip of his hand and overturn the entire world with a single thought.

Swish!

The ten-thousand-feet-tall demonic body leaped into the air, preparing for an escape.

“Where are you going?” How could the Luminous City Master allow the Demon Cloud City Master to flee? With the two other city masters, they chased after him.

The Demon Cloud City Master was like an arrow at the end of its flight; he would never be able to escape the final attack of the three of them.

Boom! Boom! Boom!

However, right at that moment, a surge of deafening thunder rumbled at the edge of the sky.

An immense mass of demon clouds rode above Seawatch City like a tsunami, emitting a grave, murderous aura that foretold a brutal massacre.

Su Yu was moved by the violent air.

“The demon race!” Su Yu’s pupils flickered with an uncanny light. The violent air was filled with a scent that was unique to the demon race, which rampaged the galaxy.

Upon entering the Demonic Dimension, none of the demons whom he had seen and interacted with were the bloodthirsty demons in the galaxy.

Su Yu used to wonder if the demons in the galaxy had really come from the Demonic Dimension.

But the harsh, vicious scent emanating from the demon clouds made Su Yu’s eyes turn icy cold.

The Demonic Dimension was indeed the great emperor that manipulated the life and death of the creatures of the galaxy.

The final stroke of luck had been extinguished, and Su Yu’s eyes were filled with a merciless, malicious shade.

The savage air radiated in all directions, making many creatures recoil in shock and horror.

Even the faces of the Luminous Moon City Master and the two others turned awful, as they exclaimed in low voices, “Holy Magic Hall!”

Chapter 1236: Princess Yunxia

Su Yu’s mind raced. Holy Magic Hall? Where was that?

The demon clouds surged forward with an intense force, and a young demon showed himself. He looked to be in his thirties with a hideous, ferocious face—a purebred demon.

Unlike the ordinary purebred demons, the sharp horn on top of his head had streaks of blood red on it, and even his body surface was blood red.

A demon like that was very similar to the demonic body of the Glittering Jewel Demonic God.

A blood-red Demonic God?

Behind the youth stood a row of demons with blood-red bodies.

All of them gave off a savage, violent air. They were like beasts that would pounce forward and devour a human at any moment, which was deeply unnerving.

The Luminous Moon City Master and the two others slowed down their pace and did not dare to take another step forward. They watched as the Demon Cloud City Master entered the demon clouds.

The blood-red youth taking the lead had a cruel gleam in his eyes as he looked at the Luminous Moon City Master and his partners who had retreated. He seemed somewhat remorseful as he said, “What a pity.”

The Luminous Moon City Master shuddered, his face gloomy and fearful.

If they had been irrational and had rushed into the demon cloud just now, it would have been considered an attack against the Holy Magic Hall.

And the consequences that would have befallen them would be ending up as snacks to the monsters of the Holy Magic Hall!

Those words, what a pity, gave them shivers when they heard them.

“I’ve taken him away,” the Blood Red Demonic God said, completely disregarding the people at the scene.

His glance skipped the three city masters and fell upon Su Yu. “As for you...” he said.

His words were filled with hints of iciness. “Do follow me to the Holy Magic Hall, and wait for your verdict!”

On the demon cloud, the Demon Cloud City Master’s lips curled into a resentful smile.

The Holy Magic Hall was a paramount existence that overrode the nine worlds. Within it was the most powerful deities of the Demonic Dimension, all of them only abiding by the Demon Emperor’s commands.

They existed with the purpose of extending their influence and conquest on the outside and suppressing rebellions and insurgency on the inside. They formed an extremely horrifying, bloodthirsty team together.

Anyone whom they brought into the Holy Magic Hall never stood a chance of making it out alive unless the Demon Emperor gave his order.

Su Yu would never survive if he went in, and would most likely end up a meal to the monsters of the Holy Magic Hall.

If possible, the Demon Cloud City Master did not wish to involve his network of people from the Holy Magic Hall either, because it meant that he had to join the Holy Magic Hall himself!

But Su Yu had forced him into a corner, and he had no choice but to request aid from the Holy Magic Hall eventually.

“What is the reason?” Su Yu questioned calmly amidst the heavy silence.

“The reason is, I am the General of the Holy Magic Hall, and I have the right to interrogate you, little city master!” the Blood Red Demonic God stated coldly.

Su Yu was unmoved, and he said placidly, “In other words, you are acting on your own, not under the command of anyone?”

The Blood Red Demonic God squinted his eyes. He thought that the fellow could be easily threatened and hadn’t expected him to be such a calm, composed individual.

Without the order of the Demon Emperor, he had no right to capture a city master.

“Humph! Speak another word, and I’ll tear your mouth into pieces!” the Blood Red Demonic God snorted coldly. “Follow me. This is my last time saying it!”

This demon was extraordinarily domineering and arrogant.

None of the deities at the scene dared speak another word for Su Yu.

The Holy Magic Hall was undoubtedly a giant boulder that was weighing on everybody’s heart, leaving them breathless.

At that moment, the Nine Jade Spiritual Pearl flickered, and Puppy emerged. She stared at the Blood Red Demonic God with hints of dread glinting in her eyes as well.

“Outrageous! He’s a city master under my jurisdiction. You have to get my permission before harming or killing him!” The Ninth Princess yelled.

The Blood Red Demonic God stared at Puppy with great disdain. “Oh? Ninth Princess? You were worth nothing in the eyes of the Holy Magic Hall even at your best time, let alone now that you are severely wounded! There have been more than just a couple of Princes and Princesses who had died at the hands of the Holy Magic Hall!”

Puppy shrank back a little. She was quite afraid of the Holy Magic Hall.

It was a gruesome organization, ruling above all Princes and Princesses. If any of them had the intention of rebelling, the Holy Magic Hall had the right to step forth and slaughter the Princes and Princesses.

It was a knife blade that hovered around the necks of all creatures of the Demonic Dimension.

He stared at Su Yu in a disdainful manner. “If I want you to walk, there is no way you can roll, and if I want you to roll, there is no way you can crawl! Despite the vastness of the Demonic Dimension, there is no one whom I do not have control over. Not even the Demon Princess can save you, and no one can defy me!”

When he finished, all of a sudden, a surge of boundless fragrance wafted from all directions.

A chilly voice floated over, saying, "Is that so? Not even me?"

Swish!

Two waves of divine brilliance moved, revealing two figures.

One of them was the Purple-Eyed Demonic God, who had been gone for the Demon Imperial City for a month.

In front of him was a gorgeous woman with a cold, detached look on her face, clad in a fluttering, colorful dress. Her manners were just like a human's.

No, judging from her scent, she was a human.

Consort Yunxia?

Upon hearing that, the Blood Red Demonic God froze a little. "The first servant of the Consort, Cailin!"

The Consort's servant? Su Yu was surprised.

The insolent, condescending look was wiped from the Blood Red Demonic God's face and was replaced by somberness. "You really want to reign me in?" he asked.

Cailin looked dispassionate. "First, you have left the city without an order, and have detained a city master without permission. I will report this to the Consort so she can ask the Demon Emperor to deal with you!"

Upon hearing that, the Blood Red Demonic God trembled a little. As he stared at Cailin, the looks on his face were ever-changing.

"Secondly, it is not me who wants to get involved; it is the Consort!" she said.

The Blood Red Demonic God gasped in shock. "What? The Consort..."

Looking at Su Yu, the Blood Red Demonic God was in great shock and disbelief. Consort Yunxia had personally sent her first servant to take care of a little city master?

How noble and honorable was the Consort Yunxia?

The Blood Red Demonic God drew in a sharp, cold breath, terrified. "He... he knows Consort Yunxia personally?"

Even the Luminous Moon City Master and the others had their eyes wide open as if a lump was lodged in their throats and they could not speak.

If the Demon Emperor was the strongest and greatest of all, then Consort Yunxia was the most powerful hierarch.

The Demon Emperor was in isolation all year round, and the affairs of the Demonic Dimension, regardless of their importance, were under the control of Consort Yunxia.

Some secretly said that Consort Yunxia was the true Demon Emperor of the Demonic Dimension, a female Demon Emperor.

No one would have expected the Seawatch City Master, with an unremarkable background, had gained the recognition of Consort Yunxia.

Even Puppy's eyes went wide as saucers, genuinely shocked. She realized that she had never really known Su Yu. He had come from beyond the Demonic Dimension, how could he possibly know Consort Yunxia, the horrible woman?!

"Since you know, why haven't you made yourself scarce?" Cailin replied coldly.

The Blood Red Demonic God's cheeks writhed, and the look on his face stopped changing. Instead, he turned and yelled, "Let's go!"

He wasn't hesitant at all, and couldn't be less bothered about Su Yu.

It was obvious how much he feared Consort Yunxia.

The tension of a grand-scale battle suddenly disappeared.

Su Yu was in emotional turmoil. "It seems like the Rosy Clouds Fairy Concubine, who Senior Tian Jizi had been looking for, happened to be the Demon Emperor's consort."

From Tian Jizi's Last Testament, it was clear that he had felt affection for the Rosy Clouds Fairy Concubine. But if Tian Jizi knew that the woman he loved had become the Demon Emperor's woman, would he continue to let Su Yu deliver the word?

"Yu Demon, the Consort ordered you to head for the Demon Imperial City as soon as you can, she wants to meet you," Cailin said, becoming gentler.

Su Yu recollected his thoughts and nodded. "I understand. Once I settle the affairs of the Jingyu Realm, I will set off the Demon Imperial City," he said.

Cailin nodded lightly and shot him a cordial look. But when her glance swept across the Luminous Moon City Master and the two others, her eyes turned cold and detached again. "Before the Yu Demon heads for the Demon Imperial City, you'll be in charge of ensuring his safety!" she told them.

Upon finishing, she added, "This is the Consort's order."

The Luminous Moon City Master and his mates shuddered violently, then bowed. "We will comply with her command!"

The Consort had personally given them the order to protect Su Yu; it was clear how much she cared about him.

What was the relation between them?!

Why was Consort Yunxia, who was renowned for her iron fist, so protective over Su Yu?

After Cailin left, the Luminous Moon City Master and the two others walked up to Su Yu with fearful looks.

"Luminous Moon City Master, now that the latent crisis of the Jingyu Realm has been removed, you could announce your ruling over the Jingyu Realm on behalf of Her Highness," Su Yu said, keeping his promise.

The Luminous Moon City Master laughed bitterly. If the servant of Consort Yunxia hadn't shown up, not only would he have seized power over the Jingyu Realm, he would have eliminated Su Yu.

He had also witnessed the scene of him negotiating the ordeal just now.

If you could not befriend such people, you should not make them your enemies.

However, with the relationship that they currently had, it was difficult for them to become friends.

But right at this moment, how dare he?

He retrieved the edict and returned it with both hands. "I have sustained severe injuries, and I am afraid it is not convenient for me to manage the Jingyu Realm. You should be the one who gives commands on behalf of Her Highness, Seawatch City Master," he said.

"You take it," Su Yu said in an uncompromising tone.

His ambition lay not within the Jingyu Realm, but within the Holy Magic Hall.

That was the existence that posed a real threat to the creatures of the galaxy.

"You heard it too, Her Highness and I cannot stay in the Jingyu Realm for long, and the Jingyu Realm cannot remain without a ruler for a day. Before Her Highness recovers from her injuries, you will rule on her behalf," Su Yu said as if giving an order.

The Luminous Moon City Master showed absolutely no disagreement as he replied respectfully, saying, "Yes!"

Eventually, Su Yu looked over at the Purple-Eyed Demonic God. With cupped fists, he said, "All thanks to you, Purple-Eyed Demonic God, for delivering the letter to the Consort. Without you, the consequences would have been fatal."

Shock and doubt flickered across the eyes of the Purple-Eyed Demonic God. There were altogether nine servants at Consort Yunxia's side.

The nine servants always ran errands on her behalf, except for the first servant, who stayed by her side all year round and seldom took a step outside.

However, she broke her custom for Su Yu this time, which truly surprised the Purple-Eyed Demonic God.

It was unusual how highly Consort Yunxia regarded this man!

"It was you who has concealed your strength. I was just a runner," the Purple-Eyed Demonic God said thoughtfully.

Su Yu cupped his hands and made no explanation.

The upheaval of the Jingyu Realm had been appeased, yet the manipulator behind the scene, the Book Deity, was still at large!

With a flicker of his eyes, the Purple-Eyed Demonic God said, "My friend, shouldn't the Book Deity be dealt with as soon as possible? He has endless schemes up his sleeve and has wreaked enough havoc in the Jingyu Realm. It is not a small matter if we let him escape."

"There's no need to go, it is too late already," Su Yu said, shaking his head.

Based on Su Yu's understanding of the Book Deity, when he realized that something wasn't right, he would have escaped. There was no way he would have stayed a moment longer.

Nonetheless, the Purple-Eyed Demonic God still went forth to check.

In a secret chamber with the lingering scent of the Book Deity, his trace was indeed nowhere to be found. However, a messenger jade pendant had been left behind.

When the jade pendant was brought to Su Yu, he was slightly stunned. "The Book Deity left a message for me? It is so unlike him. This man is fond of stabbing people in the backs, and never easily gives away traces of himself," he said.

After a round of inspection and making sure that there weren't any traps on the jade pendant, Su Yu squeezed it into pieces.

"Hehe, foreigner, do you want the Book Deity? He is in my hands. Why don't we have a talk? No matter the outcome of our discussion, you get to decide what to do with his life," the message said.

Su Yu was startled. The Book Deity had been abducted!

The Purple-Eyed Demonic God scanned around with his purple eyes as if probing something. However, everything related to the Book Deity was blocked by a vortex of unfathomable depth.

"Friend, the abductor's identity is unknown, and their intention of seeing you is unclear either. It is better not to meet up with them," the Purple-Eyed Demonic God said.

A brief moment later, Su Yu squinted his eyes and stood up slowly.

"Their intention for meeting me is unclear indeed, but as for their identity, I can speculate." Su Yu's eyes shone with shrewdness. "Knowing that I am under the protection of the Consort, they still dare to ask me out for a meeting. This person surely has something important to speak to me about."

Three days later, Su Yu left Seawatch City on his own and came to the intersection border between the Jingyu Realm and the Jingxuan Realm.

This place had luxuriant forests of bamboo. A willowy girl in a purple dress was leaning against an emerald bamboo gracefully, her gorgeous shadow slightly slanted, clearly displaying her beautiful, enchanting figure.

She was holding a demonic book in hand, reading it with rapt attention.

All of a sudden, she lifted her delicate, pretty face, flashing a mischievous smile at the handsome demon who was walking up to her, his hands on his back, from the entrance of the bamboo forest. "We meet again, fellow from the Great Eastern Alliance," she said.

Chapter 1237: Elope With Me

The one walking toward her was, of course, Su Yu.

Looking at the delicate, exquisite girl before him who looked so unlike a demon, Su Yu said calmly, "All thanks to Sixth Princess, that we meet again in the Demonic Dimension."

The one who asked to meet up was none other than the Sixth Princess!!

"Hehe, you look so drop-dead gorgeous with the demon appearance, that even I'm going to fall for you." The Sixth Princess giggled.

Su Yu was unmoved; his facial expression unchanged.

"Hehe, you're upsetting me with that lack of facial expression," the Sixth Princess chuckled as she said.

Su Yu replied placidly, "I don't expect a woman who dispatched the Book Deity to capture me to admire me genuinely."

"I very much do!" she told him.

Smiling, the Sixth Princess said, "Considering how highly Consort Yunxia regards you, you can imagine how much I admire you."

Su Yu stared intently at the Sixth Princess. "You have come for Consort Yunxia!" he said.

Before that, the Sixth Princess was only interested in Su Yu because of his ability to demonize himself inversely.

But now, her real interest lied in Su Yu's relationship with Consort Yunxia.

"Well, you could say that, of course, but part of it is for your own good," the Sixth Princess said. She continued after a pause. "Have you any idea what kind of woman Consort Yunxia is?"

Su Yu had asked about her throughout the past three days.

She had come to the Demonic Dimension a hundred years ago and had gained the Demon Emperor's fancy. He then married her and made her the Consort afterward.

The Demon Emperor ardently loved her, and her status far overrode the rest of the Consorts, even the Queen.

All of the Demon Emperor's affairs were placed under her management, and she had also displayed her outstanding ability in her reign. Her style of ruling was domineering and harsh, taming the nine demon Princes and Princesses of the Demonic Dimension.

This woman also oppressed the city masters of various worlds until they could hardly breathe, and she had earned her respect from them.

Even a terrorists' organization like the Holy Magic Hall, which was teeming with monsters, was efficiently domesticated by Consort Yunxia.

Across the whole of Demonic Dimension, no one had the guts to disrespect her in any way.

"Decisive and competent, with sagacious and merciless style," Su Yu commended.

The Sixth Princess replied, “Yes, not much different from what I think. That is about all the information you could get about her?”

Oh? Su Yu raised his brows. It seemed that the Sixth Princess had something else to say.

“In the eyes of the creatures in the Demonic Dimension, she is a powerful empress. But in the eyes of Princes and Princesses like us, do you know what kind of a character she actually is?” The Sixth Princess sauntered forward, her slim figure sashaying elegantly amidst the bamboos.

Su Yu was undistracted by her alluring manner. He questioned her nonchalantly. “Does her personality have anything to do with me?”

“It does! Because, if you go this time, it is highly possible that you will never return again,” she said.

Yes! Su Yu’s eyes grew somber, but he was calm. “Are you threatening me?” he asked.

“I’m not threatening you; it is true that you won’t return! Consort Yunxia certainly has malicious intentions towards you,” the Sixth Princess enunciated her words with great clarity, and her violet eyes were intent and solemn.

Su Yu was silent.

He had never expected to gain Consort Yunxia’s favor just because he helped Tian Jizi deliver his message.

After all, he was nothing more than a mouthpiece that spoke on someone else’s behalf, which wasn’t worth mentioning.

However, Su Yu did not quite believe that Consort Yunxia would harm him.

“Perhaps you have no idea. Apart from the first servant, the second, third, and fourth servants have all come to the Jingyu Realm, including Cailin, who has just left. She hasn’t returned. Actually, she stays at the border of the Jingyu Realm with the rest of the servants!”

Cailin hadn’t left? Su Yu squinted his eyes.

“Hehe, what do you think those four servants have beleaguered the four corners of the Jingyu Realm for? I guess, they certainly haven’t stayed just to enjoy the scenery, right?” she continued.

All of a sudden, all of Su Yu’s guards were raised.

They were taking precautions in case Su Yu ran away.

If Consort Yunxia had only wanted to know what message Tian Jizi had brought for her, were these precautions a necessity?

She must have some other plans in mind!

Su Yu clenched his right palm into a fist as chills filled his heart.

Was it because of... the Milky Way Star Sand?!

Tian Jizi owned the Milky Way Star Sand, and it wasn't necessarily unbeknownst to Consort Yunxia!

Now that he had looked for her, as long as she wasn't brainless, she would have guessed if the Milky Way Star Sand was with Su Yu.

For safety's sake, she hadn't resorted to any violent means out of worry that Su Yu might find another spot to hide the Milky Way Star Sand. Instead, she had used a gentle way to make Su Yu lay down his guards.

This was very similar to the tactics that Consort Yunxia was accustomed to, as was recorded!

He thought about himself. If the Sixth Princess hadn't invited him to meet up and hadn't reminded him about the stealthy moves of the four servants, Su Yu wouldn't have been cautious about it.

"Seems like you finally came to your senses," the Sixth Princess giggled. "In fact, I'm very curious too. That woman sent her four most trusted servants to watch you. To be frank, apart from my big brother, you are the first one to receive such treatment!"

The eldest Prince had inherited the Demon Emperor's Divine Path, and would likely rise as a matchless master of the new generation, who would surpass his father in the future.

It wasn't surprising that the Consort would keep an eye on him, but it was very unusual that she would guard against an outsider like Su Yu, who had no influence over her status at all.

After a moment of silence, Su Yu said in a low voice, "As far as you Princes and Princesses are concerned, what kind of a person is she?"

"A usurper!" The Sixth Princess uttered the murderous word!

Su Yu chuckled. "With the formidable power of the Demon Emperor, who dares usurp his imperial position?" he asked.

"No, you have belittled the cruelty of this woman!" The Sixth Princess had hatred in her eyes, as well as terror. "She cannot lay a hand on Father indeed. However, it is a piece of cake for her to overthrow us Princes and Princesses!"

Su Yu's eyes turned, and he asked in shock, "You're saying that she wants to eliminate all you Princes and Princesses, and make the Demon Emperor's throne lose its heirs?"

"Exactly!" the Sixth Princess said. "That's what she's planning, and that's what she's been doing! During the century in which Father was in isolation, she laid out all her strategies and suppressed the nine Princes and Princesses.

"From the outside, the nine of us still hold ownership over the nine great lands, but you must have witnessed what happened to my ninth sister too. Did any city master stand up for her? No!" the Sixth Princess said.

“Because throughout the hundred years, Consort Yunxia has told all the city masters with her savage rule, that she is the absolute ruler of the Demonic Dimension and not the Princes and Princesses who own their respective territories.”

Su Yu nodded quietly. Puppy’s circumstances were enough evidence.

“She continuously deprived us of our power. Apart from the right to order the masters of each city, we do not have much influence over the city masters as Princes and Princesses. Hence, the city masters have no fear for us at all!

“If you think all of the tactics as mentioned earlier are mellow, then the new rule which she just announced will clarify your doubt!

“Why did the Demon Cloud City Master and even the Luminous Moon City Master and the rest have such courage to hold the Princess hostage and prepared to announce it to the world? Aren’t they afraid of rousing the wrath of the royal house? I suppose you must have been baffled about it before,” she said.

Su Yu nodded solemnly. Indeed, he had wondered about that exact thing before.

The reason he dared to hold Puppy hostage was because he hadn’t planned to stay in the Demonic Dimension for long. Once the matter got out of hand, he could flee.

But the Demon Cloud City Master and the others had their fundamentals in the Demonic Dimension, how could they not fear the wrath of the royal house?

“That is because she announced the rule that any city master is granted permission to vie for the ruler’s position in the name of encouraging the city masters to grind harder. In actuality, she has deprived the unique privilege of us, the Princes and Princesses.

“Hence, if a city master exposes the wrongdoings of another city master, the royal house will surely carry out an investigation. However, if the same thing happens between city masters and the Princes and Princesses, it is not against the rule, and the royal house will not intervene.

“That is why any random city master has the guts to dream of seizing the ruler in the hope of ordering his people!

“This rule is only known by city masters of the level of deities, as well as the royal heirs, it is understandable that you don’t know about it,” she continued.

Taking a deep breath, the Sixth Princess cast a deep gaze upon Su Yu with her cold violet eyes.

“This is how the royal heirs regard Consort Yunxia, a woman with wild ambitions, who intends to eradicate us all!”

Su Yu thought for a moment and said, “So far, she has only suppressed you, and hasn’t shown any intentions of eradicating you.”

“Haha, that is only because you have no clue about the existence of the Bitter Sea Sacrifice Offering!” the Sixth Princess said with horror in her eyes.

The Bitter Sea Sacrifice Offering? What was that?

“This is the new rule she secretly declared ten years ago. The Bitter Sea was steadily corroding the continent of the Demonic Dimension back then, so this woman conducted the Bitter Sea Sacrifice Offering every ten years, in the name of Father’s order, who was in isolation during the time.

“Every time, a Prince or Princess would be offered as a sacrifice to the Giant of the Bitter Sea, to alleviate the corrosion by the Bitter Sea.

“In the histories, there had been royal members who had been dragged into the Bitter Sea, preventing the corrosion, so her saying had a certain degree of logic in it. However, it hasn’t reached an extent where the Bitter Sea engulfs the continent of the Demonic Dimension. Other than to eliminate us, what could be her reason for offering the sacrifices now?” she said.

At the rate of once in a decade, all the Princes and Princesses would be obliterated in less than a century!

Initially, she weakened the influence of the royal heirs, making them lose the power to summon the deities to retaliate.

Finally, the scroll came to an end, and the dagger was revealed; she was so malicious that she offered them to the Giant of the Bitter Sea one by one!

A saying floated into Su Yu’s mind.

Most venomous was the heart of a woman!

Even Su Yu couldn’t help but shudder in fear. Was Consort Yunxia really such a vicious, evil woman?

“Why didn’t you complain to the Demon Emperor?” Su Yu asked.

The Sixth Princess laughed miserably. “The place where Father isolates himself prohibits visits from all people, even the royal heirs!”

“Then how can you explain the time when the Demon Emperor got involved, to rescue you and the Seventh Prince from the hands of the Death Deity?” he asked.

“That was Father’s projection that came, not his true self. It flashed out of existence in the blink of an eye, giving us no time to voice our complaints,” the Sixth Princess replied.

“Ten years is up, and the weakest among us royal heirs will be sent for the sacrificial offering. Whoever defies will be slaughtered by the Holy Magic Hall. The royal heirs

are no longer noble entities of great honor, but livestock that is kept in sties, totally defenseless and vulnerable!”

When he finished listening, Su Yu couldn't help but touch his nose.

This was the very first time in all eternity that Princes and Princesses had faced such a fate.

That was way too tragic!

“Why did you find me then? Just to remind me not to meet her?” Su Yu asked.

The Sixth Princess shook her head, her gaze pinned on Su Yu, full of earnest anticipation. “No, I hope you could do me a favor.”

“Want me to kill her?” Su Yu asked. If that was the case, he could only snort in contempt.

How could he possibly contend with the immensely influential Consort Yunxia?

“No!” The Sixth Princess shook her head and looked at Su Yu with an unwavering gaze. “Elope with me!”

What? Su Yu was stunned. Elope with the Demon Princess?

Chapter 1238: Preparing to Leave

“Did I misunderstand something?” Su Yu said suddenly.

The sixth princess shook her head: “No, you haven't misunderstood. My request is literal, take me to elope and leave the demon realm.”

Uh—

With such an abrupt turn of events, Su Yu was confused and did not know how to react.

After returning to his senses, Su Yu groaned and said, “Although you princes and princesses are oppressed, shouldn't it nevertheless be easy for you to escape from the demon world?”

The previous time, she and the seventh prince arrived in Xing River through the Nine Demons God Sealing Ring.

“It's not difficult to leave the Demon Realm, but it's extremely difficult to avoid being chased and killed by the Holy Magic Hall,” she said as she pointed to the blood dripping out of her. The blood of hers, compared to ordinary demons, has the smell of royalty. “No matter where I flee, the Holy Magic Hall can find me. The outcomes of the princes and princesses who escaped from the demon world in the past told me what will eventually happen.”

“So, if I take you and elope, the Holy Magic Hall can't find you?”

The sixth princess looked at Su Yu's right hand and replied, “Yes! You can reverse the demonization of All Access Merchant God, that means you must have separated him from my demon blood. If

you can also separate the breath of my demon royal family, then it will be very difficult for the Holy Magic Hall even to find me.”

No wonder the sixth princess and seventh prince, at first, would rather risk offending the god of death and insist on having Su Yu.

They probably speculated on the role the Milky Way Star Sand played.

Su Yu was lost in his thoughts. After this conversation, he realized that the seemingly prosperous inner world of the devil realm was, in fact, in danger.

The demon emperor was in retreat and did not appear, and Princess Yunxia held the power of the demon realm. She was now ready and looking to launch a war on the prince and princesses of the demon realm.

This was not something he had been able to foresee, and the situation far exceeded Su Yu’s expectations.

“How is it? As long as you are willing to help me, I am willing to make you a promise and be your companion. My beauty is first in the demon world. My strength is second only to the eldest prince. Staying with you, I can protect your growth until you become a god.” The sixth princess came over and leaned gently against Su Yu’s arms. A charming smile arose at the corner of her mouth.

Su Yu’s lightly lifted the dust fairy and shook it away. He then said lightly, “You don’t have to pretend and put on a smile whilst suppressing the disgust in your heart.”

The sixth princess had a rigid smile. Indeed, as a demon, she naturally despised the souls of the Xing River. For her to marry someone other than a demon, it would be something that she really hated.

“What is your decision?” The sixth princess looked at Su Yu’s eyes with anticipation.

“Sorry, I refuse.” Su Yu looked at the sixth princess. “Intuition tells me that you are not trustworthy.”

There are too many loopholes in the words of the sixth princess!

The simplest example is, why did her attitude change so much, before and after?

She also sent the book god to arrest him a few months ago, but now she goes all the way and would rather commit herself in marriage to Su Yu?

Something amiss must have happened in between.

“Farewell!” Su Yu turned, and Purple pupil city master and Lord of the Moon City suddenly appeared, escorting Su Yu as he took his leave.

As for the book god promised before, Su Yu did not ask further about it, but could already guess.

As she watched Su Yu leave, the sixth princess grinded her silver teeth, and a gloomy glow flashed in her eyes. Coldly, she said. “It seems your strategy is not working!”

Da da–

A middle-aged man who is pale is walking out of a bamboo leaf forest. If it is not the Book God, who can it be?

Where does he show any signs of being caught?

“He didn’t agree, and it is reasonable. Even if it was someone else, they would have also doubted the intentions of the sixth princess,” Book God explained.

The mastermind behind everything that was happening was indeed orchestrated by the Book God.

“Huh! If it wasn’t for Princess Yunxia getting involved and sent four maids to guard me, why should I take so much initiative! I should have just grabbed him directly, and took away the ability in his right palm!”

The words that she had just uttered, seven points were true, and three points were false.

The ambition of Princess Yunxia and the situation of the princes and princesses is not a lie.

The princes and princesses have reached the moment of life and death, and they have accumulated strength secretly in preparation for a coup d’état with her. It is to happen before the bitter sea.

She intends to launch a surprise attack to assassinate the ignorant. The most careless and innocent ninth princess has to be killed, in order to have a more powerful force in the coup.

In the eyes of an outsider, the sixth princess killed her fellow sister in order to fight for the throne. Only she knew that she was just trying to save her own life.

As for the sacrifice of her sister, what is the point of relationships between the members of the demon royal family anyway?

She adopted the strategy of Book God and wanted to include Su Yu in her own pocket. The purpose was to give herself a retreat and backup plan in case of anything. In case of a coup failure, she could use Su Yu’s ability to eliminate the power of the royal bloodline and avoid being tracked by the Holy Magic Hall.

Although she hated Su Yu’s firm will, she willingly compromised with him. Alas, the other side, was unmoved by her gesture.

The Book God was also feeling regret. If Su Yu fell for the sixth princess, he had a hundred ways to kill him silently.

“This matter needs long-term discussion.” The sixth princess exhaled a deep breath. “Once the coup is launched, it will be irretrievable. If it fails, only my escape to the Xing River will give me a glimmer of life. The royal breath in my blood is a big danger in the end!”

There was a hint of bitterness and helplessness, blooming in her lips.

Looking out from Seawatch Mansion.

For three days, Su Yu practiced silently, stabilizing the third realms of the dust fairy that he had just broken through.

After one day...

Purple pupil city master quietly came to Su Yu's retreat.

"How is it?" Su Yu opened his eyes and looked around.

Purple pupil city master's face was calm. "The sixth princess is right. You are really surrounded. The four maids of Princess Yunxia hold positions in the four directions of Seawatch city. It is almost impossible to escape without alarming them."

"In addition, it is true that the sacrifice of the bitter sea is going to happen! And, according to the last random selection of the sacrifice, it should be the sixth princess. It is no wonder that she is so eager to act, trying to annex the world of quiet rain, eager to master an increased strength. She is really in a hurry."

"Sure enough." Su Yu's heart was much heavier.

Although the sixth princess did not have good intentions for him, Princess Yunxia seemed to be headed for the Milky Way Star Sand.

"Tian Jizi, Tian Jizi, you really left me a big task to deal with!" Su Yu mumbled. If he still does not leave the words out, he would not be able to control the Milky Way Star Sand fully, and he would not be able to wake up the sleeping tree god.

If he talks about it, the Milky Way Star Sand will be taken away by Princess Yunxia, and he will not survive.

"The four maids are staring at here right now, and you can't delay too long. Otherwise, Princess Yunxia will lose her patience and will directly detain you to bring you to the Demon Emperor's Capital. At that time, everything is too late. My friend, you need to plan early."

Su Yu shimmered in a flash. "Going to the Demon Emperor now must be courting my own death. However, if I am late, it is also not possible. Time is urgent, and some plans need to be arranged in advance."

"The decree goes out, Her Royal Highness the ninth princess returns, and invites the princes and princesses to visit!" Su Yu decreed for a while. His eyes flashed, and he wrote eight letterheads, each with the jade seal of the ninth princess.

Purple pupil city master was slightly surprised. "Is the sixth princess also invited?"

"Yes, please!" Su Yu said.

Purple pupil city master realized that the situation was serious and extraordinary. He immediately held six letterheads and sent them around immediately.

After he left, Su Yu summoned Qian Jun forward.

"The early quasi-gods detained by Li Ying, did you find them?" Su Yu said.

Since the Magic Cloud Hall had calmed down, Qian Jun had been in charge of taking over the affairs of the Magic Cloud City. Looking for those loyal early quasi-gods was one of the assigned tasks.

“I live up to the expectations of you, sir, and I have found them.”

Su Yu bowed his head. “Well, they totaled 100 people, leaving 30 people to listen to your command. From now on, they will hide within the demon world and are never to be seen.”

“Ah! Lord, this is?” Qian Jun was surprised.

Su Yu said, “Maybe, I will soon leave the Demon Realm and return to Xing River. You lead them to stay in the Demon Realm, lurking around, and secretly exploring and finding out the news of the Demon Realm.”

The situation changed drastically, and Su Yu had to make contingency plans for it early.

“Sir, I am willing to leave the Demon Realm with you,” Qian Jun said. Su Yu had the willingness to rebuild him, and it is worthy for him following him.

“Oh, for the role of inquiring the news for me, even the gods can’t compare with you! In the demon world, there are not many people I can trust. You are one of them. This matter can only be left to you.” Su Yu patted him on the shoulder. “After I leave, the affairs of the devil realm will be taken care of by you.”

Qian Jun moved forward with a solemn look. “Yes, your subordinate will not fail in his mission.”

Not long after, he and Sha Er led thirty carefully selected quasi-gods and disappeared within Seawatch City.

Their movements, of course, can not be concealed from the eyes of the four god maids outside the city. However, a group of quasi-gods is comparable to ants in their eyes, which is not worth paying attention to, and thus they did not care.

Leaning on the seat of the Lord of the City, Su Yu was lost in his thought.

The dog didn’t know when to come out. She was lying at Su Yu’s feet, and the bright-eyed dog looked at Su Yu with curiosity.

Calming things down in the Jingyu Realm, Su Yu could have truly consecrated the emperor and became the actual master of the realm. Alas, he now faces the terrible existence of Princess Yunxia.

If it was as per normal, the dog would have already been gloating at him for a long time. However, now, she stared at Su Yu with a frown, and she can’t even laugh.

“Although this guy is abominable, what he is trying to do is not easy. First, a group of quasi-gods is chasing and blocking him, and then there is the attack of the Lord of the Demon Cloud City, and now it is followed by Princess Yunxia.” The dog thought to herself that although Su Yu was bad, he was not as malicious as she thought he was, or at least he was better than the Lord of the Clouds.

It would be a pity if he died like this.

As she thought and thought about it again, the dog opened its mouth and spat out a golden lance. The spear is full of golden cane, and the surface burns with a layer of golden flame. It is a very gentle flame and does not scourge the wielder.

“This is?” Su Yu looked down at it suspiciously.

“Golden flames forbidden wood.” The dog barked. “This is for you...for you to keep your life.”

Su Yu’s pupils shrunk slightly. This is from the first magic tree that was first used to restrain the giant of the bitter sea, golden flames forbidden wood?

There are only ten pieces in total, one for each of the nine princes and princesses, and one for the devil emperor.

This thing should be the most powerful thing that this dog has.

He didn’t take the spear, but Su Yu instead picked up the dog and put it on his thigh, his eyes were looking at it softly. “Dog, don’t you want me to die?”

The dog hesitated, nodded her head and hummed, “I do not think so! Huh, I will let you gloat first for now!”

“Oh, surely you have grown for me after some time, have you never ever given up on me, and instead, grown a deep love for me?”

The dog showed her teeth as if to say, shameless! She opened her mouth and swallowed the golden flames forbidden wood as if she regretted it.

She could only swallow half of it before it was forcefully taken out by Su Yu. “Dog, you have to be honest. You have to fulfill what you said you would do. How can you take back what you spit out? Let me keep it for you.”

He recklessly grabbed the golden flames forbidden wood over, and Su Yu stroked her head gently, soothing it.

Struggling to protest twice, the dog laid down obediently after, enjoying his stroking comfortably, groaned away.

She didn’t realize that she really became more and more like a little white dog.

Holding the golden flames forbidden wood, Su Yu’s eyes contained a bit of regret. “It’s a pity that there is only one spear. If there is enough golden flames forbidden wood, I may not be so passive about things as it is.”

The dog’s ears moved, hesitating for a while, and said, “The seeds of the golden flames forbidden wood are in the hands of the sixth princess.”

Ah? Su Yu was shocked.

Chapter 1239: Demon Realm’s Coup

The Demon Realm has only one seed of golden flames forbidden wood, and it is well known that it is in the hands of the Demon Emperor.

“It was when the sixth princess was born...The Demon Emperor gave the seed as a blessing to the sixth princess ...” This is a secret of the royal family, and it is really hard for outsiders to know.

The golden flames forbidden wood seeds, to think that they are actually on her! Su Yu was surprised!

The color of contemplation across his face is clear, and Su Yu’s eyes reveal a bright light. If the golden flames forbidden wood seeds can be planted and subsequently germinate, maybe the situation will be different.

Purple-Eyed Demonic God sent the letter to the hands of every prince and princess.

In official terms, the ninth princess escaped from the giant of the bitter sea and invited her brothers and sisters to come to the party and celebrate this. There is nothing wrong with this.

Although the four maids were wary, they couldn’t stop them.

The sixth princess who received the letterhead flashed with surprise. “Oh? Does it seem that Su Yu is unwilling to sit still? In addition to me, he had invited all my other brothers and sisters.”

The Book God frowned slightly. “Your Highness is going to go?”

“Of course!” The sixth princess smiled, revealing her white teeth that were as white as snow: “There will be another half a year to go before the sacrifice of the bitter sea. The chance for us to gather together will not be around for long anymore. Besides, Su Yu is the one to hold this party. Everyone else will come.”

“Why, don’t you want me to go?” The sixth princess turned and looked at the Book God.

There was a strange look in the eyes of the Book God before he replied, shaking his head and said, “No.”

No one knows how he thinks.

The rest of the princes and princesses received the letter, and the reply to the purple-eyed demonic god was affirmative.

Though there is only one exception.

“So, besides the seventh prince, are all the other princes and princesses willing to come?” Su Yu blinked after hearing the reply from Purple-Eyed Demonic God.

The seventh prince, is that the gentle and amazing prince who has stunning abilities?

Amongst the princes and princesses, although he is young, his strength is stable and usually in the top three, only under that of the eldest prince and sixth princess.

His refusal was rather unexpected.

Although, without him, it does not hinder the overall situation.

Half a month later, all seven princes and princesses came to Seawatch City to visit their ninth princess.

As the focus of attention today, the Ninth princess was released by Su Yu. She sat in the seat of the city, greeting the princes and princesses who came to visit.

It was only until lunch before everyone was transferred to another living room.

There is a prohibition set by the purpled-pupil demonic god around the living room, which can prevent any form of investigation or prying eyes from the gods.

Looking at this scene, the princes and princesses who came had a flashing look across their faces. They knew that the main event was coming!

The host was still the ninth princess, and she waited in the living room earlier for them to arrive.

Only, when the princes and princesses went in, they found that the ninth princess was no longer on the main seat, and a silver-haired demon was on the main seat instead.

The ninth princess who invited them, crouched under his feet like a spirit pet.

The princes and princesses did not know who Su Yu was, but they knew for a fact that he held down the ninth princess.

Some princes and princesses were indifferent to the situation, while others were uncomfortable with what they saw.

The daughter of the magnificent demon emperor, but under the pressure of Princess Yunxia, became a spiritual pet of another demon.

“You demon, you are appreciated by Princess Yunxia. We understand, but today is the day when us brothers and sisters are reunited. Could you please ask an outsider to move aside and go away?” the second princess said.

Su Yu glanced at her with a little appreciation. Among the nine princes and princesses, she was the only one who stood up for the dog.

“Hehe, Her Royal Highness the second, crossing the river only to tear up the bridge after would hurt the owner of the city. Anyway, I invite you here to give you a chance to discuss your life and death. Otherwise, if you must find a suitable excuse for this meeting, I’m afraid it would not be that easy.”

The second princess frowned. “You seem to know our situation! Are you not afraid that we will kill you?”

“Destroy my mouth, sure, but how is it helpful to your situation? Because I know your situation, I convene this meeting for you today and would like to help you,” Su Yu said slowly.

The second princess smiled, albeit mockingly. “Do you think that a small city lord is actually able to do that?”

“Well, my identity as a small city lord is certainly not enough. What if I have another identity?”

Huh? In the crowd, the sixth princess was surprised, and curiously looked at Su Yu.

“Another identity? Couldn’t it be that you are a person of the Holy Magic Hall?”

Su Yu smiled and shook his head. “If I am from the Holy Magic Hall, how can I be blamed in public by the Holy Magic Hall?”

“Then you are the Princess of Yunxia herself? There does not seem to be any reason for you to further emphasize our situation in private, right?” The second princess refuted, with hate in her eyes.

“Hahaha, Her Royal Highness, should I say that you are upright and rude, or that you are just so stupid? When you came, you should have seen the four maids of Princess Yunxia, keeping watch above the sea? You would think that they scrutinize my city because they are afraid that I am cold?”

The rest of the princes and princesses were silent. When they came, they saw the signs. The situation of this demon did not seem to be as good as rumored.

Princess Yunxia is watching him!

“What’s your identity then? Tell us now!” The second princess said with hands on her hips.

Su Yu narrowed his eyes. “My identity ... Hehe, Great Eastern Alliance, acting god, Feather God!”

As soon as this word came out, the audience was shocked.

The sixth princess was secretly surprised. She was the only person who knew Su Yu’s true identity, but did not know that Su Yu dared to announce it out to the imperial royal family!

“What? You are a foreigner! Mixed in my demon world, and also become a generation of city owners, what is the horror you seek to unleash?” The second princess immediately attacked and shot Su Yu whilst squinting her eyes.

“Oh, Her Majesty, the second princess, please be calm and don’t rush.” A flash of purple light stopped her.

“Purple-Eyed Demonic God, you, you, betrayed the demon world? Are you not afraid of the end, to be chased by the Holy Magic Hall?” the second princess screamed.

Purple-Eyed Demonic God smiled and replied, “So, dare I ask the second princess, who is loyal to the demon world, what is your eventual outcome?”

“I ...” The second princess was speechless. She stayed loyal but ended up being selected as a sacrifice for the next sacrifice of the Bitter Sea.

He looked at the rest of the princes and princesses. Although shocked, no one had a hostile reaction towards Su Yu.

Instead, many princes and princesses were more relieved.

As an outsider, Su Yu is even more unlikely to be in cahoots with Princess Yunxia.

They have a common enemy!

“It seems you understand.” Su Yu smiled and glanced at the princes and princesses present. “You launch a coup, and I will find you a way to escape!”

He was short and concise, getting a head start for the subject topic of today’s meeting.

“Can you prepare a backdoor for us?” The second princess said, looking at Su Yu up and down, with a look of disbelief. “Is it that you still have a large number of Great Eastern Alliance masters to cope with the situation?”

“I’m alone.”

“What! How dare you say and claim something so big, why do you expect that you can help us prepare for the future and our escape?” The second princess shook her head.

The other princes and princesses also looked calm and didn’t expect much.

They know very well that the key to constraining their escape is their natural royal breath. With this breath, wherever they escape, they cannot escape the Holy Magic Hall.

“Hehe.” Su Yu smiled lightly, holding the dog in his arms, and gently stroked her smooth fur with his right palm, stroking her head to her feet.

The dog started shivering, and her bright eyes shimmered.

But then, the dog suddenly exclaimed, “Ah! My royal ... breath!”

Yep! The exclamation attracted the attention of the princes and princesses.

Brush ——

Several princes and princesses stood up in horror, and their pupils opened wide. They clearly found that the royal breath exuded from the dog was completely eliminated, leaving nothing behind!

At first glance, the dog was just an ordinary demon, and they couldn’t feel any trace of its royal breath.

In this way, if they leave the Demon Realm, unless the Holy Magic Hall goes through all corners of Xing River, otherwise, they will not be found at all!

After a short pause, their eyes burned with excitement as they stared hard at Su Yu.

Of course, there was also a greedy look.

As soon as the purpled-pupil demonic god’s eyes came back to its senses, he calmly protected Su Yu behind him and said softly, “To do this now, is it a tad too early?”

However, his warning could not dispel the hot looks of excitement across the princes and princesses.

If the nightmare of the Bitter Sea entangles them, they will be terrified for decades. Any hopes that they will see that it will not be there would be merely desperation. Now, they finally do get a glimpse of hope, despite it coming from a small city lord?

Squinting to see that the princes and princesses have a tendency to run away and get out of control, Su Yu's eyes looked slightly disappointed. A group of weaklings...

“Sit down!”

But at this moment, a sound full of magnetism, not loud, came out from the mouth of a prince who never got up.

His facial features are fortitude, with clear and calm eyes, a calm temperament, giving a sense of reliability.

The words fell, and the imperial princes and princesses went really quiet, and they sat down again, full of extreme respect for the prince.

Su Yu saw this person. To command such majesty, it should be the rumored prince!

He has the most potential to surpass the existing contemporary demon emperor.

The eldest grandson raised his head, and a pair of deep and sharp eyes turned to Su Yu.

Suddenly, Su Yu's eyes felt a little stinging. His own eyes narrowed, and he secretly transferred a trace of Great Source Divine Origin to resolve the sting caused by his sharp eyes.

“You do have the ability to give us an escape route, so what do we need to pay?”

Su Yu smiled admiringly. “Finally met someone who knows what trading is!”

“I help you to dissolve the royal breath, and you help me escape from the demon world,” Su Yu said.

The eldest prince didn't think about it for a long time, and on behalf of the present princes and princesses, agreed. “Yes! If our coup is successful, you can stay and leave as you like, but if we fail, we will take you out of the realm together, on the condition that you help us dissolve the royal breath.”

“That is a deal!”

The eldest prince bowed his head, and with Su Yu looking at the moment, his eyes were intertwined, and Su Yu, the representative of the Great Eastern Alliance, reached a cooperation with the demon royal family.

Next, the two sides discussed the details.

Only if he escaped from the demon realm, Su Yu would then dissolve the royal breath of the princes and princesses. Thus, before leaving, he needs to send a member of the royal family to follow Su Yu at every step, both for monitoring and protecting him.

As for the candidate, the second princess volunteered and stared at Su Yu provocatively. “Leave it to me! I will never let this guy have the opportunity to sneak away and play tricks!”

The princes and princesses looked at each other as they were discussing. The words of the second princess were not definitive.

“Let the sixth princess do it!” The eldest prince said lightly.

The second princess refused to accept. “I can do the job!”

The eldest prince looked at her and shook his head. “You have a rash temperament, and you can’t hold back Su Yu, this demon.”

After only a brief confrontation, the great prince could already make out Su Yu’s temperament and concluded that he must be a strategist. Only a smarter person can truly look out for Su Yu.

Of the nine princes and princesses, the sixth princess is famous for her cleverness, and it is most appropriate to hand him to her.

“You can just tell me that I’m stupid!” The second princess shook her fist angrily.

The eldest prince, indifferent, looked towards the sixth princess. “Sixth Princess, what do you think?”

“Giggle, of course, the princess is willing!” The sixth princess turned her eyes brightly and smiled as if the flowers were blooming. With a cunning look, she imprinted her stare on Su Yu. “Heartless man, it seems you can’t shake me away after all.”

Chapter 1240: Dangerous Spirit Bug

Su Yu frowned slightly. To be honest, he was fearful of the conniving Sixth Princess.

Not only was she smart, but she was also extremely powerful!

Back then, when the All-Access Merchant God was in her hands, he stood no chance against her at all!

Based on raw combat power, she should be able to hold her ground against Dakini.

One would wonder if it is a blessing or a curse to have her by your side.

However, this was a decision among the royal family members. Su Yu had no choice but to accept. “Ok! The day of the coup will be when I march towards the Capital of the Demon Emperor.”

The only way to leave the Demon Realm was through the ancient sacrificial altar in the Capital of the Demon Emperor.

Eventually, they will meet in the Capital of the Demon Emperor.

After sending away the royal sons and daughters, only the Sixth Princess remained.

“Hehe, it seems that you are going to have to elope with all members of our royal family.” The Sixth Princess teased, smiling brightly with her radiant eyes brimming astutely.

Su Yu questioned her. "Are you sure that you will lose? I don't think so. Now that a coup has been decided, I don't believe that you will stand by and do nothing."

The Sixth Princess smiled and proclaimed, "Of course, there is a plan, but I will not tell you!"

Like a deer, she treaded lightly to the front of the puppy and touched her with a smile on her face. However, she was met with the puppy's snarling teeth instead.

A few months ago, the Sixth Princess wanted to put it to sleep forever.

Su Yu was generally not interested in what they were planning, but there was one thing that he wanted to find out.

"Sixth Princess, is the seed of Golden Flame Forbidden Wood in your hands?" Su Yu turned his head and asked her with a straight face.

The Sixth Princess was slightly stunned but rolled her eyes, she smiled and said, "Call me Jingxuan."

Su Yu replied, "This is not a trivial matter. I'm not kidding here..."

"I want to hear you call me Jingxuan."

"Sixth Princess, please be serious..."

"Call me Jingxuan!"

"Jing...Xuan, the seed of Golden Flame Forbidden Wood..."

"Hehe, of course, I have it! Do you want it?"

Su Yu was a little bit uncomfortable with this cranky princess, and said, "Yes! I would like to trade it for any other things that you desire..."

"I refuse!" The Sixth Princess put her hands behind their backs, smiled, and refused decisively.

This was all within Su Yu's expectations. After all, it is the seed of the first magic tree in the demon world. Only one left in the whole world. How could it be easily traded with something else?

"It's all right." The seed could only change certain passive components, and it would not have influence over the final showdown.

It would be great to have it, but it would be fine without it too.

"Come and take it yourself!" The Sixth Princess grinned with eyes full of mischief. "A seed that is about to die has no trade value. Come and take it yourself if you want it."

Eh? Su Yu lit up. The Sixth Princess was not so abominable after all.

"Where is it?"

"Here!" The Sixth Princess stuck out her chest and pointed to her pair of shapely breasts that were about the size of a fist.

On her snowy white neck, a thin red string seems to hang off it, extending into her breasts.

The seed was carried closely with her all along.

At this point, Su Yu was getting a headache caused by this woman. Was she teasing him again?

“If you don’t mind, I’ll proceed then.” Su Yu stepped closer. He held her shoulders with one hand, while stretching his other hand towards her neckline without hesitation.

The Sixth Princess originally planned to throw him off. She did not expect Su Yu to be so resolute.

She was taken aback, covering her breasts and backing away, ashamed and angry. “How dare you...”

“Did you not give me permission to take it?” Su Yu said flatly.

The Sixth Princess felt conflicted. She pulled out the pendant and threw it to Su Yu about a dozen feet away. She did not dare to go closer towards Su Yu, for fear that he would make advances towards her again.

After throwing the pendant, she stomped her foot and warned Su Yu while walking away. “I will keep an eye on you, don’t think you can get away with it!”

Upon grabbing the pendant, there was still the warmth from her body temperature and the delicate fragrance of a young lady.

After crushing the gold pendant, a faint golden yellow seed appeared.

The vitality fluctuating from within the seed was very weak. If you do not examine it carefully, you will hardly feel this vitality.

“It is already damaged to this extent?” Su Yu frowned. Then, his mind suddenly lit up, and decisively put the seed into Nine Jade Spiritual Pearl before burying it in the Supreme Growing Soil.

Observing silently for a while, Su Yu was slightly relieved that the vitality slowly returned, flowing through the seed gradually. It became more stable and showed signs of growth.

“Luckily, it is not too late. If delays for another day or two, even the Supreme Growing Soil will not be able to help.” Su Yu felt fortunate. Depending on the situation, the seed will be able to germinate in half a month. Then, it will depend on the properties of the Golden Flame and Forbidden Wood seed for it to ripen.

Su Yu instructed Sheng Ge to take care of the seed and not to let it be mistaken by the Chaos Multicolored Butterfly for food. Then, Su Yu returned to his flesh body.

At the moment he opened his eyes, a furry head was right in front of his face.

Su Yu was startled, and awkwardly rolled his body away.

“What are you doing?” Su Yu poked the puppy’s head in annoyance.

The puppy held its head with his two front paws, rubbed them, and hummed, “Nothing!”

It witnessed the Sixth Princess seducing Su Yu and even saw that Su Yu actually played along with the Sixth Princess. For some reason, the puppy felt that the Sixth Princess had taken something personal away from it.

This uncomfortable feeling was very strange to the puppy.

After waiting for Su Yu's soul to leave, it curiously came over to watch over Su Yu, only to be taken aback by Su Yu's reaction.

Glancing at the dog for a moment, Su Yu got up. Divine energy waves start to undulate in front of him.

"Yu Demon, why haven't you seen the princess? Half a month has passed already." Cai Lin's cold voice came suddenly. She still smiled with kindness, but compared to the previous time, she was a little more cautious.

The nine royal princes and princesses had gathered here, but the Sixth princess remained and did not leave, which made her really suspicious.

Su Yu asked, "Well, Senior Cai Lin went and resurrect so soon?"

He pretended not to know anything and realized he was surrounded at the same time.

Cai Lin smirked, the purple pupil demon had investigated about the existence of the four of them. How could they not notice it?

Looking at how Su Yu was acting innocent, Cai Lin sneered, it seemed that he had found out something and was being cautious about it!

"Well, the princess ordered you to meet her at the royal capital immediately," Cai Lin urged.

Su Yu's face was conflicted. "To tell senior the truth, there are some important things I have to deal with first, and I do not have the time to go to the royal capital yet."

"What important matters? The Jingyu Realm is calm, and the affairs are left to the Illuminating Moon City Master to handle. So if there is nothing important, you can leave with me now." Cai Lin's face was suddenly devoid of any friendliness.

Su Yu said, "I need to train! I just broke through the mortal fairy, and the realm is not stable enough. If I don't hurry up, I'm afraid that the realm will slip. It's about the younger generation's future. It's definitely not my intention to delay. Please forgive me."

Cai Lin laughed and looked to the demon world. If Princess Yunxia wanted to see someone, who dares to disobey?

Only this Su Yu from Xing River!

However, Princess Yunxia did seem apprehensive and specifically told her not to force him too much.

Although she was angry, Cai Lin felt inconvenient to continue forcing him. She asked expressionlessly, "How long?"

“Well, half a year.”

“Too long! The princess can’t wait that long!”

“Then three months.”

Cai Lin groaned for a moment and said, “Two months, no longer!”

“Ok!”

Cai Lin stared at Su Yu deeply. “I hope you look out for yourself!”

“Hmph! What a rude fellow!” Puppy glared at her as she departed.

Su Yu’s eyes turned to a cold gaze: “We have to tolerate the small stuff in order to serve the bigger cause. When the time comes, we will definitely get back at her.”

“You don’t run around. I need to retreat during this period.” Su Yu blinked slightly.

The nine princes and princesses are about to launch a coup that will alarm the demon world.

It was unclear how many city masters the nine princes and princesses had gathered for the coup, let alone knowing how many other forces that would be joining.

The only thing that can be sure of was that the demon world would be violently shaken!

Originally, Su Yu planned to create a turmoil in the demon world by himself, delaying the live spirit of Star River. Unexpectedly, the demon world was already brewing larger turbulence.

Once the coup begins, whether it succeeds or not, the Demon Realm would undergo an unprecedented upheaval.

Without internal stability, the Demon World would not invade the Great Eastern Alliance, hence buying more time for them.

Entering the hidden room, Su Yu began his retreat.

Consolidated as early as half a month ago, the treasures of Jingyu Realm were stabilized, but were not dealt with.

The Demon Cloud City Master presented the red powdered skull that could imitate the emperor-based saint artifact.

The Birming City Master presented the pure Celestial Energy Sphere.

There was also the Dead Soul Bug presented by the Abyss City Master!

All three are exquisite things, especially the pure Celestial Energy Sphere and the Dead Soul Bug.

Grabbing the Celestial Energy Sphere, Su Yu guided it slowly into his body. It was then very gently divided into two pieces and merged into the two divine paths of Su Yu, respectively.

Only the grain-sized and pure Celestial Energy Sphere could quickly grow five times, becoming a circling Star River the size of a finger.

The massive Mortal Fairy’s Strength was sucked in by two divine paths, releasing the divine power from within.

Normally Prospective Deities have only one divine source, but Su Yu had two, so he was able to release the divine power twice as fast.

Although not yet broken through to the realm of gods, the power in Su Yu's body had reached the level of ancient Prospective Deities.

Now, even without relying on any magical treasures, Su Yu could fight alone with an ancient Prospective Deity.

“Ha, the Birming City Master really treats me well, saving me over a year of training!”
Su Yu smiled.

Next is the Dead Soul Bug sent by the Abyss City Master, an ancient spirit worm sealed in the incredible ancient ice!

He clearly remembered that the Demon Cloud City Master and Birming City Master dreaded this bug.

Furthermore, when he first saw the bug, The Divine Nine-Dragon Cauldron issued a warning.

Even in the face of the gods, The Divine Nine-Dragon Cauldron had never issued such a warning before!

Su Yu's biggest treasure was this bug!

Holding onto the incredible ice, Su Yu thought to himself, just how powerful is this bug?

He suddenly had a thought. Su Yu detached a line of his soul and entered the incredible ice to test the bug.

But at this moment, The Divine Nine-Dragon Cauldron trembled fiercely, alerting Su Yu.

On his forehead, the dark shadow of the Evil God was also cast out, which hurriedly said, “Retreat your soul quickly!”

Both The Divine Nine-Dragon Cauldron and the Evil God warned at the same time. Su Yu was startled and immediately withdrew his soul.

As soon as it was retracted, Su Yu could sense the chilling aura emanating from the body of the Dead Soul Bug.

It felt as though a little white rabbit was being stared coldly at by a giant tiger.

Pfft!

Su Yu shuddered involuntarily, and thought to himself: “Just how dangerous is the Dead Soul Bug?”

After experiencing many mystic techniques and mysteries, none of them made Su Yu's soul feel so fearful.

The evil god heaved a sigh of relief, staring at the bug in the incredible ancient ice, his eyelids beating slightly. He subconsciously moved away from it and looked at Su Yu gravely. “You were too careless, almost threw your life away! Fortunately, you reacted quickly! Otherwise, even if your Master is here, he can't save you! ”
