Chapter 721: Zhenlong's Lonely King

"It's still not enough," Su Yu muttered.

Venerable Fu Gu was one of the Ten Great Bright Light Guards, and as such, he should be an extremely powerful existence, even among all of the Bright Light Guards. This meant that his power was greater than ordinary Divine Masters by a great deal.

It would be easy for the Eternal Stone King Armor to block a Fairy's strike, but it would be barely adequate to face such an almighty existence. Hence, he needed a more powerful defensive measure.

Su Yu's soul entered the Nine Jade Spiritual Pearl and went to the Incredible Feather Spiritual Pomegranate. A caterpillar was lazily lounging among its feather-like snow-white leaves.

After the Chaos Multicolored Butterfly consumed the Blood Emperor's blood essence, its body became bigger than before, and according to what Wu Aoyue had said, it should now be close to exuding silk.

However, when Su Yu arrived here, he found that it still hadn't started exuding silk, but was just lounging about lazily as usual! It was rumored that its silk was impenetrable, and it would be difficult for even All Creation Old Monsters to tear it apart. Clearly, it would be highly effective when used for Su Yu's defense!

Su Yu turned around expressionlessly. He knew that his soul was about to leave this place. However, he noticed something as he fixed his gaze on the leaf that was under the caterpillar.

He could faintly sense that there was an object there, but his naked eye couldn't see anything clearly. He pondered for a moment before he raised his hand and snapped off the green leaf, then let it fall upon his palm. He extended his left index finger and lifted up the caterpillar, then started to observe it closely.

The caterpillar, who had been enjoying the warm sun's rays lazily, slightly twisted its round and fat body around in displeasure before it accepted its fate and let itself be suspended upside down in the air. After he moved the caterpillar away, Su Yu turned over the green leaf in his palm and looked at its surface carefully. But, he didn't find anything unusual.

But, he knew deep down that the odd feeling that he had suddenly had was surely not just a figment of his imagination. "Why I can't perceive it?" Su Yu muttered, and after he pondered for a moment, a scarlet flame appeared in his palm, which burned the leaf into ashes before it was extinguished suddenly.

Su Yu immediately understood what had just happened. The scarlet flame was absorbed by some matter!

"There was really some object on the leaf! Moreover, after the leaf was burned, it stuck to my palm!" Su Yu exclaimed.

"There is only one way for me to verify it now." Su Yu murmured.

He then bit his tongue and spouted a mouthful of blood into his palm. After the blood filled his palm, a fine thread of blood appeared before him.

Su Yu then used his eye power to the extreme as he looked at the blood thread, and it was only then that he managed to see through its true nature. It was a colorless invisible thread, which was extremely thin and fine, and it almost didn't have any substance to it at all.

As such, it was difficult for a naked eye to see it. If the blood spouted on his palm hadn't exposed it, then Su Yu wouldn't have known that such an object was even in his palm!

He emitted a wisp of Vital Energy and tried to batter the fine thread with it. However, it didn't manage to even shake such an extremely fine thread.

After Su Yu reconstructed his Dantian, he gained six perfect Vital Energy Crystals, which meant that he had a pure Vital Energy. This wisp of Vital Energy could easily give rise to giant waves in the sea, yet it didn't even manage to affect the thread!

When the thread had suffered the flames' attack, it absorbed them by itself because of its special defensive power. Hence, it was obvious that this thread was the silk of the Chaos Multicolored Butterfly!

It was rumored that it was difficult for even an All Creation's power to damage the silk of a true Chaos Multicolored Butterfly, and although the silk before him belonged to a variant butterfly, which wasn't as powerful as a true one's, it still should possess a great defensive power. Thus, Su Yu collected the silk carefully, then swept over a corner of the valley with his flickering gaze.

He saw that a small and delicate girl was being suppressed by disastrous lightning. Her face was deathly pale, and her expression was dispirited and listless. He could also see that she had a feeble life force.

She had lost all of her past haughtiness, while suffering the disastrous lightning's torture, and even a part of her consciousness had been erased by the lightning.

Snap!

Su Yu snapped his fingers and scattered the disastrous lightning. Sheng Ge, who had just been freed from them, weakly fell on the ground.

"Are you still not willing to lower your head to me?" Su Yu asked calmly.

Sheng Ge's whole body shuddered, as Su Yu's voice was like the sound of a ferocious evil ghost to her, even though she was the true ghost here. She raised her head with great difficulty.

"Master, please spare me." Sheng Ge had been tortured to the point that she now feared him from the bottom of her heart.

Su Yu looked at her expressionlessly. "You should pray that I come back safe and sound, as if I die, then the Nine Jade Spiritual Pearl will disappear into oblivion and you will be sealed here forever."

Su Yu didn't wait for her reply before his soul returned to his body. When he opened his eyes slowly, he found that a woman was standing beside him quietly. She had a voluptuous body and a cold but pretty face.

"Young master, will you leave now? Please, bring me with you." Wu Aoyue looked at Su Yu, while begging to be able to follow him.

When she was first captured by him because of a misunderstanding, she had resented and hated him, but she had since let go of those emotions. Now, she felt grateful to him. She had even offered her body to him and had become his woman, which is why she wanted to accompany him, to fight the last battle with him, and to live with him.

As Su Yu turned to look at Wu Aoyue, warmth appeared in his cold gaze. However, he still shook his head and rejected her request.

“You should stay here. Then, regardless of whether I can return alive or not, you will still have hope and a future life. You will only face grave danger if you follow me.” Su Yu took a step forward as lightning surged around his body and he crossed 10 miles with just a single step.

He didn’t even give Wu Aoyue an opportunity to chase after him. After all, he had already let Qin Xianer down, and he didn’t want to disappoint Wu Aoyue as well.

“Alliance Master Su has shown himself.”

“Alliance Master Su, how are your injuries?”

Many people gazed up at Su Yu, all of them filled with concern, respect, and doubts.

They wondered what they would do now, as even a Level Nine Fairy had almost beaten Su Yu to death and crippled his cultivation! With such an existence eying them covetously, they could only hide themselves at the bottom of the Dragon Abyss.

Su Yu didn’t reply to their shouts, but raised his head and looked at the sky outside of the Dragon Abyss. The sky had an azure color to it, and it seemed like a bright mirror that had just been washed.

At this moment, all that Su Yu had in his eyes was the image of the faint smile that Qin Xianer had worn just before her death. Even though she loved Su Yu and was reluctant to part with him, she had still handed him over to Xia Jingyu and put an end to any entanglement between them before her death. As such, she didn’t leave behind any regrets or complaints.

Ripples rose in Su Yu’s heart, which was usually as calm as a lake. Su Yu stroked his chest, where he had felt a gripping pain ever since the moment Qin Xianer had died.

“I still have a matter to handle, as well as a battle to finish. I also have an emotional debt, so I must leave. Take care of yourselves.” Su Yu swept his gaze over all of the people in the Dragon Abyss.

He then cupped his fists and saluted them. The faces of Jiu Yuanzhou, Phoenix Cabinet’s Master, Fairy Feng, Zi Yunxiang, as well as Wu Aoyue, who had just overtook him, were all brimming with mixed emotions. They all knew that Su Yu was going to his death, yet no one tried to stop him.

“Su Yu, regardless of whether you can return alive or not, you will still live inside of the hearts of all of Zhenglong’s people. Take care of yourself.” Old Chen bowed to him as bitter tears fell from his eyes.

When such beautiful words echoed out, all of Zhenglong's people shouted in unison, "Alliance Master Su, take care of yourself!"

Their words of farewell reverberated throughout the Dragon Abyss and shook even the white clouds. It was a solemn and stirring scene.

Old Chen then lifted his robe with his aged hand and knelt on one leg in an extremely solemn way, while he kowtowed in a dignified manner and said, "Alliance Master, I, Chen Weizi, bid you farewell."

Luo Xiong wore a mournful expression as he held his weapon in his left hand and knelt on his right knee, then shouted at the top of his lungs, "Alliance Master, the annihilation team bids you farewell."

Swoosh! Swoosh! Swoosh!

The crowd followed after them and knelt down, while shouting in unison, "Alliance Master, the Heavenly Law Alliance bids you farewell."

Swoosh! Swoosh! Swoosh!

There were 100,000 people from all across the continent here, and even though they didn't belong to the Heavenly Law Alliance, they still knelt at this moment solemnly and respectfully, while emitting a roar-like shout, "Alliance Master, Zhenlong's people bid you farewell."

Their deafening shout was shocking, and their faces were filled with warm tears as they looked at their king. He was a lonely king, who had fought for their survival.

Su Yu swept over them with his gaze and nodded softly. He then flew away.

When he reached the Dragon Abyss' entrance, he touched the golden leaves with his hand as a surging killing intent appeared in his listless eyes.

"Seal, open up!" he shouted.

Swoosh!

The golden leaves started scattering around, while a surging killing intent soared into the sky.

Swoosh!

A white-haired person flew into the sky and stood calmly above the Dragon Abyss. His eyes were bloodshot and were filled with killing intent. They seemed like the eyes of a Devil God!

A vertical blood thread was between his eyebrows, and it seemed like a devilish blood seal. He had white hair and scarlet eyes, which really made him look like a Devil God!

Su Yu stood motionlessly and had an ice-cold gaze as he spoke calmly, "Come out and die."

His commanding words gave rise to numerous waves, which battered the reefs and splashed upon the surface of the snow-white water. At this moment, it seemed like there wasn't anyone above the desolate ocean apart from Su Yu.

"Do you need me to invite you here, Three Divine Masters?" Su Yu asked in an extremely apathetic voice.

Three Divine Masters? The pupils of the people in the Dragon Abyss contracted and despair welled up in their hearts upon hearing this. They knew that Alliance Master Su would surely die when facing just a single Divine Master, let alone three!

Bang!

The sound of waves scattering echoed out from the sea beneath him as three people flew from it and surrounded Su Yu. Two of them were middle-aged men, while the last one was a middle-aged woman.

They all had calm auras, while their gazes were austere. They also seemed quite disciplined.

They wore yellow suits of armor and had jade crowns on top of their heads. A scorching sun was carved on the men's jade crowns, while a bright moon was carved on the woman's jade crown.

The suns and moons atop their heads symbolized bright lights. They were the Bright Light Guards' symbols!

These were three Almighty Divine Masters, who had been dispatched here to kill Su Yu! This was extraordinary, as even in Jiuzhou, it would be nearly impossible to witness a group of Divine Masters joining hands to kill a Half Fairy!

Chapter 722: Fighting a Divine Master

"Su Yu, we have no grudges or rancor between us, and I even admire your temperament and talent." The first one to speak was the female Divine Master.

She was middle-aged and looked quite average, and she had phoenix eyes, which seemed quite judgmental. Although her words seemed like praise, she had uttered them in an arrogant tone.

"But, it's a pity that you chose to be our enemy, and that's the reason that you will lose your life today. After your reincarnation, you must be more sensible and clever in your next life," the female Divine Master said in a casual manner.

Su Yu calmly took a look at her, then looked at the other two Divine Masters and asked, "Do you two have something to say?"

The middle-aged man on his left side was a bearded man with a muscular body, who had bronze bell-like eyes. When he heard Su Yu's words, he just heartily laughed and said, "I really didn't think much of you, and I really didn't expect that you would still be this calm and unyielding, even at death's door. You have really forced me to improve my first impression of you."

He then shook his head and added, "But, I hate those who feign and pretend coolness. Did you assume that we would have a good impression of you because of your cool manner and let you off?"

The bearded man then laughed coldly, and even though he seemed crude and simple, he was quite shrewd. The other man present calmly looked at Su Yu as he shook his head.

He then said, "Ran Guan, don't look down upon this lad, as according to the intel we have, he's an extremely shrewd person, and he wouldn't try such a stupid thing as trying to leave a good impression on us so that we would spare him. It seems to me that he just wanted to ease the tension, so he let us recruit him."

It was surely impossible for them to let Su Yu off, but they could instead recruit him into their ranks. Hearing this, the female Divine Master curled up the corners of her mouth in a mocking sneer and said, “Shan Xiong may really be correct. Does this lad want us to recruit him? Humans will truly grasp onto anything when they are in desperate straits.”

She then added, “This lad has great talent and a decent temperament, and if he was trained by us, he may have a slight possibility of entering the Great Bright Guard’s ranks in the future.”

She shook her head and sighed. “But, it’s really a pity that you killed someone who you shouldn’t have, as no one can save you now. So, you better give up on such an idea and fight to the death like the cornered beast that you are. At the very least, you will then die with some dignity.”

Those three people were chatting with each other as if they could see through Su Yu’s thoughts and plans. All the while, Su Yu just calmly listened to them, without interrupting.

“Did you finish your chat?” Su Yu’s expression was still as calm as ever, and there wasn’t the slightest trace of emotion on his face.

The bearded man chuckled, “Team Leader Wu Yan, stop wasting your breath on him. He will surely shortly risk his life to go against us, so we should go ahead and get rid of him.”

The cultivation of the female Divine Master, Wu Yan, was at the same level as them, and they had all just advanced to the Divine Master Realm recently. But, her aura was still slightly more powerful than theirs. Thus, she had assumed the leader position.

“Let’s still wait a bit and just observe him first. Venerable Fu Gui ordered us to just corner him, without trying to kill him, so we should first inform him and await his instructions before making any big decisions.” Wu Yan shook her head.

Hearing her words, Ran Guan and Shan Xiong furrowed their brows. Venerable Fu Gui didn’t hesitate to use the Emperor Tower just to let them cross myriad spaces in order to come here to capture and kill this lad.

But, what bewildered them was that Venerable Fu Gui had even specially instructed them to not rashly fight Su Yu, but to instead promptly notify him if they found Su Yu. They all knew about Su Yu’s cultivation and various techniques and methods, and although they didn’t dare look down on him, they still felt that there was no need to make such fuss over him either!

So, the other two people just took a glance at each other, but didn’t reply. After all, the Bright Light Guard had a strict hierarchy, and each one of the Ten Great Bright Light Guards possessed a great authority over any Light Guards, so they didn’t dare disobey Venerable Fu Gui’s commands.

“Form a formation and encircle him, but don’t fight him. I already notified Venerable Fu Gui, so he will come here soon,” Wu Yan said.

The three of them then surrounded him from all directions. Although they didn’t use anything to trap Su Yu, their souls were closely locked on him. In this way, they could detect any slight movement that Su Yu made, and quickly respond.

Su Yu took a light breath and said, “It seems like you have finished chatting finally.”

Ran Guan glared at him. "Shut up! Just wait quietly for Venerable Fu Gui to come here to decide your fate. No matter what you say, you won't bewitch us."

Wu Yan furrowed her brows and sighed. "Since you will surely die, then why don't you try at least try to die with dignity? Don't resort to petty tricks before your death or vainly try to convince us to spare you, as that will only make us look down upon you."

Disdain flickered in Shan Xiong's eyes as he looked at Su Yu.

Su Yu shook his head, and a cold-glow started flickering in his eyes as he said, "It seems like you misunderstood me. I let you chat as you wanted, not to entreat you to spare me, but so that you could utter all of your last words. Since you've finished voicing them, let's fight!"

Su Yu's white hair started fluttering in the wind, while a faint blood-red radiance was emitted in the blood-red seal on his forehead. He looked at them coldly with his bloodshot eyes. At such a moment, Wu Yan's heart thumped, and she felt like she was facing an evil devil.

"Lad, stop putting on an act, if it wasn't because of Venerable Fu Gui's command to only trap you here, then I would have already erased you from this world!" Ran Guan sneered at him coldly.

Su Yu responded, "It seems like you have misunderstood me once again, as it's me who decided to fight, not you."

When he finished his words, he threw a yellow and blue bead from his sleeves, sending it straight towards the bearded man.

"Your mouth is really irritating, so I will start with you in this Divine Masters slaughtering battle," Su Yu said.

Ran Guan was so angered by him that he laughed. He couldn't believe that a Half Fairy Realm lad was telling a group of Divine Masters that he would kill them. It was so silly that he had uttered such ridiculous words, which would normally be uttered by only ignorant kids!

"Fine, it's you who first attacked us, and if we ended up killing you by mistake while we were defending ourselves, then we wouldn't really be disobeying his orders." Ran Guan sneered coldly.

As the ordinary looking bead flew at him, Ran Guan didn't evade it. Instead, he rushed at it. But, he still used his defense as a precaution.

"Unshakable Bright King Seal!" Ran Guan shouted in a low voice, while a Buddhist statue appeared behind him.

It was a lifelike and vivid statue of a large Diamond Buddha. The Diamond Buddha was putting his palms together as he emitted a golden halo, which stretched out ten meters around him.

"The middle-grade Legendary Technique, the Unshakable Bright King Seal's first level complete mastery! Ran Guan unexpectedly managed to quietly cultivate this technique to such level by himself!" Shan Xiong's pupils slightly contracted.

Wu Yan was also surprised by it, and her gaze became ice-cold, “This guy is deliberately using it in front of us. Is it because he’s dissatisfied with me?”

Most people would always try to hide their true powers, yet he had used his to deal with just an insignificant lad. As such, it was obvious that he just wanted to show off, as well as challenge Wu Yan.

Yet, such an action, in Su Yu’s eyes, seemed quite commendable, as one should always use his full powers while facing his enemies. Moreover, according to the intel that they had received about him, he possessed a kind of power that even caused Divine Masters to be somewhat wary of him.

“Even though you seem crude and simple, you are shrewd and prudent, so you should be capable of living longer than your two companions.” Su Yu’s gaze was calm and indifferent. “But, it’s a pity that you still underestimated this bead.”

Ran Guan laughed heartily. “What can such a small bead amount to?”

Although it seemed like he was looking down on Su Yu, he had still used most of his power against him, and his strike contained two-tenths of his power as a Divine Master. In fact, his strike contained boundless Vital Energy, and it affected the entire surroundings, as it tore apart a great expanse of space.

His strike’s might was almost equivalent to half of the might of the Dragon-Slayer Fairy Sword that was used by Gu Taixu, and even a top-grade spiritual artifact couldn’t block it, let alone a small bead. But, it was a pity that, although the bead wasn’t even a top-grade spiritual artifact, it was many times more terrifying than such an artifact.

Bang! Ahh!

An extremely miserable shriek suddenly echoed in this boundless ocean. Ran Guan, who possessed an astonishing imposing manner, intended to bombard the bead with his fists and send it flying away. But, when he came into contact with it, its terrifying power easily crushed his arms before it bombarded his chest and sent him flying away.

The golden phantom image flickered for just a moment before she couldn’t bear it any longer and burst open. The defense of a middle-grade Legendary Technique was just like a piece of frail paper in front of the bead.

When the bead was just about to utterly crush him, Ran Guan, who was overwhelmed with shock and horror, quickly shouted in a loud voice, “Extreme Phantom Wind Steps!”

Many fuzzy phantoms immediately appeared in the air. But, they all quickly retreated. The bead quickly crushed one phantom after another, yet in the end, it still couldn’t overtake Ran Guan’s main body. After losing its momentum, the bead fell toward the ground.

Su Yu raised his hand, and as the bead received his summons, it flew back into his palm. He knew that he mustn’t carelessly let the bead fall on the ground, as with its terrifying weight, the whole Dragon Abyss would be crushed by it and turned to rubble.

Ran Guan, who had managed to make a narrow escape, had beads of sweats on his forehead and his face was extremely pale. His eyes were also filled with fright. After all, if he had hesitated for even a moment, he might have been crushed to death by that terrifying bead!

“Lad, what is that object?” Wu Yan asked. It appeared that Ran Guan wasn’t the only person who was astonished by it, as even Wu Yan and Shan Xiong were also shocked.

They knew that Su Yu had some means of facing a Divine Master, yet they never expected that he would have such a terrifying bead! At that moment, they stopped taking him lightly. They also finally understood why Venerable Fu Gui had instructed them to just corner him, without trying to kill him.

Their indifferent and calm expressions became extremely grave. “Shan Xiong, let’s quickly go to Ran Guan’s side,” Wu Yan shouted after observing their current situation.

Ran Guan had already lost both of his arms, so he needed someone to protect him while he recovered from his injuries. They instantly traversed hundreds of miles, as if they were teleporting, to reach Ran Guan’s side and protect him.

“Ran Guan, quickly consume the Orchid Hill Heavenly Fragrance Pill to recover your arms,” Wu Yan instructed him in a loud voice.

Ran Guan’s face became distorted because of the pain, and while he clenched his teeth, he spouted a wisp of Vital Energy, which engulfed his index finger that had been cut off of his body. As the ring on his index finger flickered, a white jade bottle appeared out of it.

He opened the bottle with his Vital Energy, then took a pill from it and threw it into his mouth. Just after that, a blue radiance appeared and his arms, which had been destroyed, regenerated!

After his pain was relieved, Ran Guan let out a long breath before he raised his head and ferociously glared at Su Yu, like a man-eating tiger. “You are the first person who managed to inflict such heavy injuries on me. Not bad! I’ve decided that I...”

Before he managed to finish his words, he was interrupted by Su Yu, who spoke in a carefree manner, “Your decision won’t change your fate, as you will still be the first person to die.”

Chapter 723: Fighting Fu Gui

Su Yu’s words caused Wu Aoyue’s heart to thump once again, and she suddenly realized that when Ran Guang was healing himself, Su Yu had just stood quietly in his place, observing them calmly. So, she had to wonder...

Could it be that he didn’t do anything because he was waiting for Ran Guang to heal himself... And then... He was going to kill him?

Even Wu Aoyue couldn’t believe that she had just had such a ridiculous thought. The power of the pearl was just one of the reasons why Ran Guang had suffered such injuries. The main reason was that he was too careless.

Ran Guang was so infuriated that he laughed, while his pupils contracted slightly. He then began to ask, “Ignorant lad, do you think that I would fear you...”

Su Yu interrupted him calmly before Ran Guang could manage to finish his words, “Whether you fear me or not won’t change anything.”

As his words echoed out into the surroundings, the entire world's weather changed. The whole sky darkened as a large number of black clouds gathered. Then, a vast and mighty Heavenly Wrath started emitting from among the clouds.

“Heavenly Wrath?” all of the Divine Masters exclaimed in unison.

As they were still in a collective state of shock, an opening appeared among the black clouds, and an illusory giant eye was revealed. The eye seemed like a sun or a moon, and it floated proudly in the sky, overlooking the human world.

“Heavenly Eye?” the three people exclaimed in unison.

They were dumbstruck, and they felt as if they had just received an electric shock. The eye was filled with a terrifying Heavenly Wrath, and it was enough to cause even Divine Masters like them shiver with fear.

Their hearts were crazily thumping, as if they were warning them that if they made just a single rash movement, that eye could kill them easily! Such a scene didn't appear just here, as all of the people in the entire Zhenlong Continent also witnessed the Heavenly Eye atop the firmament.

The face of Venerable Fu Gui, who was rushing at them at high speed, became gloomy as he asked, “A Pure Divine Decree? Wasn't it already sealed by Gu Taixu? Why has it appeared once again?”

He then added, while horror appeared on his face, “It's awful! Wu Yan and the others will be in danger!”

At that moment, a tall man was standing at the precipice of a giant mountain's peak in the middle of the continent. His cold eyes flickered like lightning, and as he raised his head, he looked fixedly at the Heavenly Eye in the firmament.

He wore a faint smile on his face as he said, “We meet again, Pure Divine Decree.” After he spoke, he took a step forward and disappeared among the clouds, leaving a cold wind behind him.

Above the Dragon Abyss.

“Kill him!” As Su Yu gave the order solemnly, the entire world went into turmoil, as if such a sound was emitted by Heaven itself. It was mighty and imposing!

The Heavenly Eye blinked slightly as it started opening once again. Its seemingly casual blink caused the whole world to descend into silence.

Ran Guang, who was protected by Wu Yan and Shan Xiong behind them, became motionless, while a cracking sound was being transmitted from his body. As they detected something unusual, the two of them turned their heads back and were instantly petrified in their places.

This was because they saw that Ran Guang's eyes were lifeless, and he didn't even a trace of life force left! At that moment, his body started disintegrating, like burning wood being turned into ashes.

After his body disintegrated, it turned into particles, which fell into the Dragon Abyss. Just like that, an unrivaled Divine Master had died!

Wu Yan and Shan Xiong didn't dare move, as they could feel that the eye in the firmament was staring right at them. They felt like they were being engulfed by death itself, and that if they were to act rashly, they would suffer the same fate as Ran Guang!

A nervous gulping sound echoed from Shan Xiong's throat, while beads of sweat appeared on Wu Yan's forehead. The two Divine Masters didn't dare to even fight back now.

At first, they had looked down on Su Yu, yet now, they had lost even the will to fight back. Such a great change was really fascinating!

At the moment, Wu Yan's heart shuddered and throbbed unceasingly, while she bit her red lips and signs of an internal struggle appeared in her eyes. She clearly wanted to beg for mercy.

When Su Yu was in desperate straits, she had berated him righteously. Back then, she told him that, even if he was about to die, he should still try to die with dignity. But now that she was facing such a situation, she wanted to beg for mercy!

Thump! Thump!

A sound of footsteps echoed from behind them, causing Wu Yan's heart to thump even more intensely. As her heart rose up to her throat, she didn't dare move.

It was only when the footsteps got nearer to them that Su Yu's indifferent voice echoed out, "Do you want to live or die?"

If it was before, they would have felt like his question was just a joke that could be uttered by just a naive child, as how ridicule was it for a Half Fairy to ask Divine Masters whether they wanted to live or die? But, as for now, things were entirely different!

"I want to live! We said it a moment ago... There are no grievances between us, so please spare us." Shan Xiong's face was pale.

When Su Yu averted his gaze from him, Shan Xiong immediately felt like the pressure upon him lessened. It appeared that Su Yu decided to let him off. Shan Xiong felt his whole body went soft, while a faint pain transmitted from his heart because it had been throbbing so intensely just a moment ago.

"What about you?" Su Yu's gaze fell on Wu Yan.

Wu Yan bit her lips. She wanted to reject his offer, but when she actually spoke, she accepted it. "I want to live," Wu Yan said.

Su Yu's face was still expressionless, as if subduing two Almighty Divine Masters wasn't something worth rejoicing about. "Fine, when I ask you to do something later, you must follow my orders obediently, and if you dare fight back, then you will die on the spot!" Su Yu instructed them indifferently.

Their bodies were drenched in sweat, as if they had just passed by the gates of hell, and they both nodded hurriedly. Even though they were really Divine Masters, in the face of death, they were still no different than mere mortals.

"You should go now," Su Yu said.

Their pupils contracted upon hearing his words, and their expressions became extremely unsightly as they hesitated. However, when they raised their heads and looked at the Heavenly Eye that was hidden among the clouds, they nodded bitterly and agreed to follow his orders. After all, they knew that just a mere thought from Su Yu could kill them instantly.

Swoosh!

After the time that it would take to brew a half cup of tea, a thin man, who had hollow eyes that had two burning ghost flames within them, flew over. The man's whole body gave one an extremely sinister feeling. He was Venerable Fu Gui, one of the Ten Bright Light Guards.

There were countless Bright Light Guards in the central prefecture, but there were just of the Ten Great Light Guards (hence the name). Each of them was a peerless expert, chosen from among the Bright Light Guards, and their talent, experience, and gifts were all among the top. It could be deduced from the fact that Venerable Fu Gui was chosen to be assigned the task of looking for Shen Yichen that he had some extraordinary gifts.

“My lord!” Wu Yan and Shan Xiong said in unison.

Both of them had bloodstains at the corner of their mouths, and their eyes were filled with fright and dread. They moved around Su Yu, then flew back to Venerable Fu Gui's side.

Venerable Fu Gui, whose expression was somewhat gloomy, looked at their states and said, “I told you to just surround him, not try to kill him! Who authorized you to attack him of your own accord?”

Wu Yan's expression became unsightly as she spoke bitterly, “We really did follow your orders, but this kid provoked us! Ran Guang was so infuriated that he attacked him and started the fight.”

Ran Guang? Venerable Fu Gui became somewhat confused after he heard this piece of news.. Since he was the one who had summoned those three people, then he obviously knew what kind of people they were!

Although Ran Guang seemed hot-headed, he was actually an extremely prudent person. So, one had to wonder how it was possible for him to attack him rashly?

However, as he thought back on the careless looks that they revealed when he ordered them just to surround Su Yu and not kill him, he understood everything. Ran Guang had still ended up underestimating his opponent in the end.

As Venerable Fu Gui surveyed his surroundings, he looked at the Heavenly Eye in the firmament. His face became gloomy as he asked, “Then... Doesn't this mean that Ran Guang is dead?”

Wu Yan blamed herself. “My lord, it's because I didn't protect him properly.”

Venerable Fu Gui averted his gaze from the eye and shook his head slowly. “I don't blame you for it, as this lad's Pure Divine Decree could carry punishments on behalf of Heaven, and even if I had been here, I still wouldn't have been able to save him.”

Wu Yan's and Shan Xiong's faces fell when they heard such words, and they glanced at each other quietly. Since even Venerable Fu Gui couldn't save them, then they could only obey Su Yu's orders for now.

Venerable Fu Gui raised his eyes, which had Ghost Fire in them, and looked at Su Yu with a cold stare. “You are shocking me more and more. After your Dantian was destroyed, not only didn’t you lose your cultivation, you became even stronger than before! I can’t even discern whether your cultivation is at Half Realm or Fairy Realm now.”

He had assumed that even if Su Yu showed himself, he wouldn’t be a problem to them because his cultivation base was crippled. No one expected that Su Yu would get another lucky chance after the destruction of his Dantian! Moreover, after he showed himself, Su Yu had even killed a Divine Master!

Su Yu’s gaze was apathetic. “Since you still have an opportunity left before you, then tell me where Xia Jingyu took Qin Xianer’s corpse.”

When Su Yu mentioned Xia Jingyu’s name, killing intent appeared in Su Yu’s eyes. Although Qin Xianer didn’t die at Xia Jingyu’s hands, many accidents had occurred as a result of her betrayal.

Other people still believed that Xia Jingyu was controlled by Hong Luan, while Su Yu, who had Soul Eyes, knew that Hong Luan didn’t control Xia Jingyu’s soul at all. Instead,

everything was done by Xia Jingyu herself!

“I already extracted her bloodline power, so just a pile of bones is left of her. If you can resurrect even those bones, then I can be merciful for once and return them to you.” Venerable Fu Gui laughed sinisterly.

However, Su Yu’s gaze was still calm and apathetic. “Since you already replied, then I’ll send you off,” Su Yu said indifferently. His voice was thunderous, and seemed like it possessed a heavenly might.

The dark clouds in the sky scattered and revealed the Heavenly Eye, which blinked as it looked at Venerable Fu Gui. At that moment, a blood-curdling screech echoed out, as if something had just been killed.

However, Venerable Fu Gui was still standing in his place safely, while a large amount of black powder sprinkled down from his sleeves. “Hehe, this Pure Divine Decree is really powerful, and it would be quite useful for dealing with other Divine Masters! But, it’s a pity that it just so happens that I’m the bane of its existence!”

As Venerable Fu Gui sneered, he waved his sleeves, and ten ferocious Ghost Heads flew out of them. The Ghost Heads had hideous-looking features and long fangs, and their eyes had an ominous glint. Moreover, each of them was at the Level Nine Fairy Realm!

When Venerable Fu Gui was on the brink of death a moment ago, he let a Ghost Head take the Heavenly Eye’s killing strike for him. “Eat him!” Venerable Fu Gui commanded the Ghost Heads, while he retreated slightly. He wanted to maintain a distance from Su Yu in case Su Yu had any other strange techniques that he might want to use.

Su Yu’s gaze was calm. In fact, he looked as if he wasn’t baffled by the failure of the Heavenly Eye at all.

As a soft chuckle echoed through the air, a scene that caused horror to appear on Venerable Fu Gui’s face occurred. Wu Yan and Shan Xiong suddenly attacked him with their strongest techniques!

“Bloodthirsty Thorns!” Wu Yan yelled as she thrust out her palm, which contained a profound power. It was a mysterious power that could only be used by Divine Masters.

At the same time, Shan Xiong also thrust his palm at Venerable Fu Gui’s back, while yelling, “Heaven Burning Sun Destroying Palm!”

Shan Xiong’s palm contained powerful Vital Energy, and it seemed capable of toppling mountains and overturning seas as it battered Venerable Fu Gui’s back. As for Wu Yan’s palm strike, it injected a mysterious power into Venerable Fu Gui’s body.

Venerable Fu Gui had been ambushed by his own people suddenly! He had been still caught off guard by them and had suffered two sneak-attacks!

Chapter 724: A Divine Seal’s Power

Splutter!

Venerable Fu Gui fell back, as he spouted a mouthful of blood and he ended up rolling around several times in a distressed state because of their strikes. His yellow robe’s hood was torn apart by Shan Xiong’s strike, which caused his hair to hang loosely over his shoulders.

“You are really daring,” Venerable Fu Gui shouted angrily in a deep voice. He wasn’t angry because they had injured him, but because they had betrayed him.

He slightly shook his robe and stood up straight. It was obvious that he didn’t suffer any grave injuries from Shan Xiong’s all-out strike.

“Shan Xiong, I am the one who taught you such a palm technique, yet you still dare to use it against me?” Venerable Fu Gui wiped the blood at the corners of his mouth.

However, when he just finished his words, he spouted another mouthful of blood, and a thorn could be faintly seen within the blood.

“Bloodthirsty Thorns?” Venerable Fu Gui’s expression became grave as killing intent appeared in his eyes. “Wu Yan, you just advanced to Divine Master Realm a month ago, yet you have already managed to control your Divine Seal this quickly? Not bad...”

As he spoke, he spouted another mouthful of blood, which had another thorn in it. The Divine Seal was a seal that was born when someone advanced to the Divine Master Realm. Each seal contained different abilities, and their might also varied.

One of the reasons why Divine Masters were many times more powerful than Fairy Realm experts was that they possessed a more vigorous Vital Energy, yet the most important reason was that they possessed a Divine Seal. Many Divine Masters would need a long time to condense their Divine Seal after reaching the Divine Master Realm.

Shan Xiong didn’t manage to comprehend his own in an entire year, yet Wu Yan had managed to go so in just one month. She was clearly more powerful than Shan Xiong because she had been able to comprehend her seal.

Most of the injuries that Venerable Fu Gui suffered were inflicted upon him by Wu Yan, and although Shan Xiong's strike seemed powerful, it didn't manage to inflict any significant injuries upon Venerable Fu Gui.

Wu Yan's pupils slightly contracted and fright welled up in her heart. She wanted to explain everything to him, yet Su Yu, as well as the Heaven Eye, was right beside them, so she could only clench her teeth and persevere. "Sir, I'm sorry, but we were all forced to do this, so don't blame us."

Venerable Fu Gui laughed sinisterly. "Why would I blame you? By attacking me, you just gave me a good excuse for refining you into Ghost Heads! So, why would I blame you?"

When they heard him, their expressions gravely changed and their faces became extremely pale. The Ghost Heads that he mentioned were like the ones that he had just released. He actually used his enemies' heads to make them!

Such a technique was forbidden in the central prefecture, so he wouldn't dare to brazenly hunt and kill Divine Masters for it, but as this was just in Jiuzhou, and now, they were in Zhenlong, all bets were off!

They were extremely frightened when they thought of such a fact, and when they sensed how infuriated Venerable Fu Gui was, they turned and fled in different directions.

"Hehehe..." Venerable Fu Gui laughed evilly as he waved his sleeves and released two other Ghost Heads.

Those two Ghost Heads were much bigger than ordinary Ghost Heads, and they emitted an aura that surpassed even the Fairy Realm. They were at the Divine Master Realm!

"Flying Ghost Heads?" The two of them couldn't help but exclaim in fright when they saw them.

All of the Ghost Heads at the Divine Master Realm were called Flying Ghost Heads, and not only were they more powerful than ordinary ones, but they were even more ferocious and vicious! It would be impossible for them to confront Flying Ghost Heads with their current cultivations.

Shan Xiong was soon overtaken by a Flying Ghost Head, and it immediately bit his armor. As it cheerfully whistled, the Flying Ghost Head forcefully tore apart half of Shan Xiong's chest.

As Shan Xiong cried out, he was deprived of any power to flee, as he was torn into shreds by the Flying Ghost Head. He died in an extremely horrifying way! Such a scene made Wu Yan's scalp go numb, and as she clenched her teeth, she forcefully increased her speed by three folds.

Venerable Fu Gui was slightly astonished. "The second level of a Legendary Cultivation Technique? Hehe, you still hid such a thing? But, it's a pity that, since I want your head, then nothing will stop me!"

The Flying Ghost Head whistled as it swiftly chased after Wu Yan, overtook her, then bit her. Wu Yan was overwhelmed with horror, and she cried out in a sharp voice, "Su Yu, save me!"

"No one can save you, as he can't even protect himself now!" Venerable Fu Gui sneered.

However, when he just spoke, an arc of lightning flickered around Wu Yan's body. Then, the Flying Ghost Head, which was chasing after her, miserably screeched for just a single moment before its body disappeared, leaving only black smoke behind.

Sizzle!

At the same moment, a ferocious beast, whose body was flickering with lightning, appeared. Lightning was flickering from its nostrils while it was breathing, and a single wisp of it which fell down on the sea and caused the water to turn into a sea of flames. All of the water then instantly evaporated.

Venerable Fu Gui's smile and expression stiffened as dread appeared on his face. "A lightning spirit!"

Lightning spirits were beings that were born among the lightning, and they all possessed terrifying and powerful lightning bolts within them. It was even rumored that the lightning, which descended upon the cultivator while he was advancing through a Great Realm, was controlled by a lightning spirit. Lightning spirits were the bane of all evil and dark beings' existences!

Venerable Fu Gui decisively waved his hand and ordered the other Flying Ghost Head to fly back to him. However, when it started to move, the lightning spirit looked at it, and as it snorted, it crossed a large distance and bit the Flying Ghost Head, then started to eat it! The lightning spirit loathed and hated all dark beings, and even if it wasn't ordered to do so by Su Yu, it would still assault and attack them!

"Lad, I want you to have a painful death." Venerable Fu Gui flew into a rage as he viciously glared at Su Yu, who was holding a multi-colored jade seal.

There weren't any Ghost Heads in Su Yu's surroundings, as all of them had been turned into ashes by the lightning spirit. Su Yu wore a calm and apathetic expression on his face as he said, "You should worry about yourself first."

As he spoke, he poured his Vital Energy into the seal and let it shine with resplendent rays. The ferocious lightning spirit started struggling, while viciously glaring at Su Yu and baring its teeth at him. It was obvious that it was defying him.

But, the Five Elemental Strong Thunder Seal was a prototype fairy artifact, and it would be difficult for it to defy its control. As it roared loudly, the lightning spirit unwillingly yielded. It then looked towards Venerable Fu Gui and pounced at him.

Venerable Fu Gui's eyelids shivered, and he quickly evaded it, as he didn't dare to confront such a terrifying being head-on. However, he was still somewhat late, and his sleeves were bitten by the lightning spirit, which let its lightning flames quickly spread to his yellow robe's sleeve.

All of the evil ghosts, which he had just raised in his sleeves, screeched miserably for just an instant, as they were all instantly burned by the lightning flames.

"Ahh! Beast!" Venerable Fu Gui was startled, and he angrily roared as he cut off his sleeves and freed himself.

When he observed his sleeves, he saw that they only had ashes left in them, and that all of the ghosts, as well as the other objects which were in his sleeves, had been burnt into ashes. Half of

what he had spent his whole life collecting and making had just been destroyed in the blink of an eye!

“Evil beast, I will kill you.” Venerable Fu Gui roared angrily, while two eerie ghost flames flickered in his eyes for a moment. They then shot out of them and flew towards the lightning beast.

The ferocious lightning beast hesitated for moment, while wariness appeared in its eyes, but then pounced at the flames. The two ghost flames possessed an extremely sinister and eerie aura, and they unexpectedly managed to confront the lightning beast for a moment.

Venerable Fu Gui took avail of this opportunity to direct his anger at Su Yu, and as he clenched his teeth, his eyes, which had just lost the ghost flames’ radiance, were wholly black. “I want you dead!” he bellowed.

Swoosh!

As Venerable Fu Gui possessed a great movement technique, if there wasn’t anyone around to help Su Yu, then he shouldn’t be able to contend with him. Even as he approached within ten meters of Su Yu, Su Yu still hadn’t detected his presence.

“Bast*rd, die!” Venerable Fu Gui waved his palm at Su Yu’s chest and intended to gouge his heart out of it.

At such a moment, Su Yu calmly turned and said, “I have been waiting for you for a long while.”

As he spoke, a resplendent radiance, which illuminated the whole world, shot out of his left eye, and a purple dragon, which couldn’t be seen by the naked eye, appeared around Venerable Fu Gui, then revolved around him.

“Time Stop!” As the purple dragon revolved around him, Venerable Fu Gui was deprived of his ability to move. It was as if time had frozen! He was currently overwhelmed with shock and horror.

After all, time was the universal, constant rule, and it was a rule that maintained an unending existence. For this reason, he could not fathom how it could not be controlled by a human!

Even though there were people who possessed this kind of time innate talent, none of them had ever managed to stop the flow of time, not like what happened to him just now! His mind was blown...

This lad unexpectedly has such a terrifying and horrifying magical ability!

His eyes, which were filled with fright, helplessly looked on as Su Yu strode forward to him. Then, Su Yu took a thread of thin silk from his sleeves, which couldn’t be discerned by the naked eye. He then twined it around Venerable Fu Gui’s neck.

Although Venerable Fu Gui’s time was frozen, since he was flying forward before it was stopped, he still continued flying forward at an extremely swift speed, even now.

Splutter!

The sound of blood spluttering around echoed in Venerable Fu Gui's ears, and that was the last sound that he ever heard in his life. This was because his head was already cut off by that thread of fine silk!

One of the prestigious Ten Great Bright Light Guards was unexpectedly beheaded in such a way! It was only at this moment that the Time Stop ability effect came to an end.

At that moment, a headless corpse fell from the air and landed in the ocean, while its head just slowly floated down and a transparent phantom flew out of it. However, this phantom couldn't be seen by the naked eye, but could only be seen by Divine Masters or souls.

Moreover, the transparent phantom had exactly the same appearance as Venerable Fu Gui! Divine Masters possessed a magical ability, which rendered them capable of letting their soul leave their bodies, so even though Venerable Fu Gui's body was killed, his soul was still alive.

"Su Yu." Venerable Fu Gui crazily roared as intense hatred welled in his heart. "I will make you regret this."

After he spoke, he flew toward the Dragon Abyss, which was sealed by the Heavenly Orchid Silver Sword Bamboo's golden leaves. Such a seal could prevent anyone from entering, but souls could pass through any objects, and although Venerable Fu Gui's soul alone wasn't as powerful as his body, it still could cause an utter disaster there, as almost all of the people in the Dragon Abyss had a low cultivation base.

There were, however, many people within the Dragon Abyss who were acquaintances of Su Yu. As such, he wanted to protect the people here.

"Hahaha, Su Yu, just watch as I kill all of your people, and even your father-in-law! I will let you live your whole life in grief for destroying my body!" Venerable Fu Gui laughed viciously.

Since he was now just a soul body, Su Yu was unable to harm him, so he could only look on helplessly as he slaughtered all of his relatives and friends. However, Su Yu suddenly spoke at this moment, "You have just a soul body left, yet instead of hiding, you still want to harm people?"

He then added, "I didn't want to bother with chasing after your remnant soul at first, but since you have courted death by your rash words, then I will help you to attain it!" As Su spoke, his eyes took a silvery gray color and two revolving vortexes appeared in them.

Chapter 725: Soul Space

"Soul space!" As Su Yu shouted softly, an intense devouring power erupted out of the vortex in his silvery gray eyes.

Venerable Fu Gui, who was about to pass through the golden leaves seal, was blown back by it, like a fallen leaf that was fluttering in the wind.

"Ah! What is this?" Venerable Fu Gui was shocked, as even though he had a powerful soul, he was gradually sucked in by it. The hatred and rancor in his eyes turned into panic at that moment.

“I’ll send you to hel*!” Su Yu shouted coldly as his silvery gray eyes became even more dazzling.

As a swooshing sound echoed through the air, Venerable Fu Gui’s soul was compressed by it, becoming only as big as a small spark of fire. It was then absorbed by the whirling vortex.

“Su Yu! Don’t get delighted yet, as you and all of the Zhenlong Continent’s people will still die! No one can escape!” Before being absorbed, the desperate Venerable Fu Gui shouted at Su Yu angrily.

However, Su Yu’s face was still calm and indifferent as he said, “You don’t need to care about that. Just rest in peace.”

Swoosh!

Then, Venerable Fu Gui’s soul was completely absorbed, and it fell into a space that was forged by Su Yu’s soul. It was a boundless, empty space, which had no one else in it and was deathly still.

“A space forged by his soul? How is this possible? Even All Creation Old Monsters cannot achieve such a thing, let alone a mere Half Fairy!” Venerable Fu Gui was stunned.

A hoarse and evil voice suddenly transmitted out of this silent world, “Hehe, a newcomer? I also had the same questions as you in the past.” A drop of blood slowly flew over at him from the darkness.

“Who’s there?” Venerable Fu Gui’s hair stood on end, as such an evil aura frightened him.

The drop of blood floated quietly in front of Venerable Fu Gui. “I’m obviously your predecessor. We are all sealed in that lad’s soul space.”

Venerable Fu Gui’s pupils contracted, and as he looked at the drop of blood, his gaze fluctuated. It was only after a long while that his expression become calm once again.

He then asked, “Sir, do you also have a great feud with the lad?”

The drop of blood chuckled. “A great feud? I guess that could be considered the case, as I did almost possess the lad’s body.”

Hearing this, Venerable Fu Gui relaxed slightly, while his gaze flickered. “Sir, since you have been trapped here for a long time without managing to escape, why don’t we join hands and look for a way out together?”

The drop of blood replied meaningfully, “A way out? Even if you found one, so what? What do you plan to do?”

Hatred appeared in Venerable Fu Gui’s eyes as he answered, “I will obviously go to look for a new body, then start cultivating once again before going back to burn that lad into ashes!”

The drop of blood didn’t reply, and Venerable Fu Gui, who assumed that it had been slightly convinced by him, continued on, “If you are willing to join hands with me, then after completing this matter, you will surely get many benefits. After all, I’m one of the central prefecture’s Bright

Light Guards, and my backer is the central prefecture's king, so I can easily look for a body for you. So, why don't you join hands with me?"

Even after hearing about such benefits, the drop of blood was hesitating. Meanwhile, expectation appeared in Venerable Fu Gui's eyes. After all, regardless of how fiendish the drop of blood was, it should still know that they must cooperate in order to face their common enemy.

However, the drop of blood chuckled at the next moment, clearly declining his offer.

Hearing its careless chuckle, Venerable Fu Gui's expression became slightly gloomy as he asked the drop of blood, "Don't you want to take revenge? I don't believe that you don't resent that lad for trapping you here. Moreover, I already promised to give you a new body, and it would be, at the very least, a Fairy Realm body. In fact, it may even be possible for me to get you a Divine Master Realm Body."

"Hehe, hate him? That lad's teacher is quite extraordinary, and even if I wanted to hate him, I should first see whether I had enough courage to do so," the drop of blood said. "Moreover, you are incapable of giving me a body that is satisfactory, as only that lad's teacher could help me in that way."

Venerable Fu Gui was shocked as he wondered... A teacher? Does that lad still have a profound and mysterious teacher?

Since he failed to ally himself with the drop of blood, Venerable Fu Gui could only settle for the next best thing. "Since that's the case, then I won't insist on it. Instead, I will look for a way to leave this place in the next few days. So, even if you aren't willing to help me, please don't try to obstruct me, as after I find it, you can also leave this place."

Hearing his plan, the drop of blood emitted a strange and frightening laughter. It then asked, "Leave? Why would I want to leave this place? After all, it is protected by a powerful old man, and I can still get a new body in the future. Moreover, other soul tonics may arrive here at any time, so why would I want to leave?"

Soul tonics? Venerable Fu Gui was frightened, and he instantly wondered... Does this drop of blood consider me as just a tonic?

"Sir, what do you mean? Do you assume that bullying me is quite easy?" Venerable Fu Gui put on a strong front, although his heart was engulfed by fear.

The drop of blood chuckled. "What do I mean? My soul suffered a great loss before, so now it's in need of nourishment. And... It just so happened that you fell here. Hence, it would be really unacceptable if I don't eat you and make up for some of my losses."

"You wouldn't dare!" Venerable Fu Gui shouted sharply before he turned around and fled. After all, the drop of blood was too evil and strange, and he didn't dare fight it!

The drop of blood chuckled, then yelled, "Stop!"

Venerable Fu Gui was shocked to find that his body was confined! He was incapable of even budging an inch once the drop of blood had bellowed the single word. His soul body also started

crumbling at an extremely swift speed before it turned into sparkling specks, which fused with the drop of blood.

“Ah! Don’t...” Venerable Fu Gui emitted an extremely frightened cry before his shout suddenly came to an end. As his soul body thoroughly crumbled, it disappeared from the world forever.

“An early stage Divine Master... He’s still just so-so...” the drop of blood spoke calmly, as its body’s blood-red color became more bright and recovered some of its luster.

“I wonder whether that lad can take it on? Early stage Divine Masters should be his upper limit, and if someone even more powerful comes here, then he will surely die. Then, if he died, leaving aside the body that was promised by that old man, I may even be trapped for eternity in this soul space.” The drop of blood was worried, so it soon became lost in its thoughts.

In the outside world, the people in the Dragon Abyss flew into an uproar. They assumed that Su Yu went had gone to a fight, one in which he would surely die, like a moth flying into a flame.

None of them had expected that Su Yu, who had reconstructed his Dantian, would become this powerful! He could even kill gods and buddhas they blocked his path!

Even Divine Masters and one of the ten Great Bright Light Guards died at his hands!

All of the people were shocked, including Elder Jiu, who wondered aloud “Is he really a human?”

After all, a Half Fairy, who swept his gaze over everything before him and killed even Divine Masters, was quite an incredulous matter! If he hadn’t witnessed it with his own eyes, then he would need to deliberate for a long time regarding the truth of it!

Wu Yan, who stood behind Su Yu, had come here to take Su Yu’s life at first. But now, she didn’t dare budge even by an inch, as she was extremely frightened. After all, even someone as powerful as Venerable Fu Gui was killed by this lad, and not only didn’t his body manage to escape, but even his soul didn’t manage to survive.

As she looked at Su Yu, Wu Yan felt like he was a Devil God, who could slaughter Divine Masters with just a single thought. It would be difficult for her to forget this scene for the rest of her life.

However, Su Yu wasn’t at all delighted to have managed to kill the Divine Masters. He tapped the silk softly and shook off the blood that had been smeared on it. As he did so, it sprinkled amid the setting sun’s rays.

“Xianer,” he murmured, as Qin Xianer was the sole thought left in Su Yu’s heart. In fact, he felt that this couldn’t really be considered a victory since he didn’t get to see Qin Xianer after killing Venerable Fu Gui.

He closed his eyes slowly and surveyed the world with the Heavenly Eye in the firmament. All of Zhenlong’s living beings felt a Heavenly Wrath sweep over their bodies at such a moment, and nothing, from lowly ants and moths to Fairy experts, could hide from it.

He could clearly sense that she wasn't in the ocean, nor in the sunken northern continent, neither was she in the central, western, southern or eastern continents. Xia Jingyu had brought Qin Xianer with her, and had disappeared thoroughly.

"Xia Jingyu!" As Su Yu opened his eyes, he shouted out.

His voice contained a legendary sound wave cultivation technique's power, and it shook the whole world. Everything from the ocean to the outside of the firmament was swept by this sound wave, and even people in the distant northern continent could hear his shout, which caused all of the people to descend into a panic and become restless.

They all wondered... Whose shout just shook the whole world?

Su Yu suddenly looked at the deepest part of the firmament that was above the ocean, a cold glint, as well as excitement, appearing in his eyes. He then said, "Stay here, if you dare to do anything, then you will die."

Su Yu didn't turn his head back, and as his clothes flickered, he disappeared. His words were obviously directed at Wu Yan, who was behind him, and not only wasn't she displeased by such a threatening order, but she actually felt more relaxed after receiving it.

After all, it meant that Su Yu wasn't going to take her life in the end. With his power, it would have been easy for him to take her life in just the twinkling of an eye.

Wu Yan complied hurriedly, as she didn't dare defy him. At this moment, Su Yu had already reached the deepest part of the ocean, and when he stopped in his tracks, he was unexpectedly in the Shenyue Island's sky space. Specifically, it was the exact place where Su Yu had started his journey, and it was also where Su Yu had gotten acquainted with Xia Jingyu and Qin Xianer.

Su Yu's gaze was ice-cold as he followed the trace of the aura that he had detected. After chasing after it swiftly, he finally landed on the ground. He was slightly startled, as that aura had unexpectedly come from the rear courtyard of the Duke of Xianyu's manor.

The manor had a garden that was filled with pear trees. As it was autumn, the trees should have been withered, but instead, the snow-white pear flowers were all flourishing and filled with pretty flowers. Such a scene was indeed picturesque. However, the most beautiful flower in the garden was none other than the woman within it.

She seemed like a fairy, as she had otherworldly bearings and clearly wasn't a part of the mortal world. Her back was so familiar, and this place was such a familiar place to Su Yu, yet the people had changed.

"You came." She turned around as she spoke, revealing her calm face, which was extremely beautiful.

Then, she slightly raised her dress and sat down gracefully before started to drink by herself. The food that was next to the wine was faintly steaming, as if it had just been cooked.

She had already mastered the Path Divine Decree, which is why she already knew that Su Yu would come here at this very moment. She also already knew the fate of Venerable Fu Gui, as well as the three Divine Masters who were summoned by him.

A warm emotion flickered in Su Yu's eyes for a moment before it was replaced by a coldness. He then said, "Things have remained the same here, but the people have changed."

Xia Jingyu curled her lips slightly, revealing a mesmerizing smile. Before the setting sun's rays, she seemed as beautiful as the red cloud at the end of the sky.

"That's right. Things have remained the same, but the people have changed, and neither you or I can go back to the past." Xia Jingyu smiled warmly. It was a smile that was filled with an inexplicable loneliness.

Su Yu didn't reply, and as he strode forward, he looked at her apathetically, as if he was just looking at a stranger. He then said, "Give me back Qin Xianer's body."

"Hehe..." Xia Jingyu chuckled lazily as she drank a cup.

Then, as her snow-white cheeks became somewhat flushed, she said, "You are incapable of harming me! Most likely because you are guilt-ridden and pity me."

Su Yu stood before the stone table and replied calmly, "Neither of those things are true."

Xia Jingyu raised her eyes and looked at Su Yu, while revealing a mocking smile. "Then what is the truth?"

"It's because I still love you." Su Yu's eyes were as calm as a lake's water as he replied softly.

Chapter 726: The Arrival of the Blood Emperor

Xia Jingyu's hand trembled slightly when she heard Su Yu's words, and a drop of wine fell on the table, and left a mark on it, similar to tear stains.

"I'm really happy that you still care about me even at such a moment." Xia Jingyu revealed a faint smile, which turned ice-cold just after, "But it's a pity that it's already too late, Xianer was already burned by me into ashes, and even if you have the Fate Altering Pill, you still can't save her."

Madness and sinisterness appeared on Xia Jingyu's face, "She shouldn't dream about getting what I didn't manage to get even after offering my everything for it, hahaha..."

Xia Jingyu threw her head back, and laughed heartily, her laughter was filled with madness, viciousness, and sadness.

She was burned to ashes?

Thump!

Su Yu stumbled back by two steps, as his calm eyes fluctuated intensely, what he didn't want most to happen still happened in the end, Xianer was utterly annihilated by Xia Jingyu.

"Are you just lying to me?" Su Yu lowered his head, and his fuzzy vision couldn't discern what was before him, and whether it was pears, flowers, or just snow.

A faint chillness spread out of his heart, as his thirty meters surroundings temperature dropped drastically, and snowflakes appeared in it, and fluttered along with the pear tree flowers here.

His Icy Heart Core shattered, and his heart was also shattered.

Xia Jingyu looked at the setting sun, as well as the rising moon, as she spoke slowly, "I can lie even to heaven, yet I would never lie to you."

"You don't need to look for Xianer anymore, as I already turned her to ashes, and buried her for forever." Xia Jingyu looked at Su Yu, as she spoke calmly, "Now, do you regret it? It's as I said to you, I will let you regret it for your whole life."

Su Yu felt intense pain from his chest, as if something in it was just shattered, and sceneries of Xianer's everything filled his mind, her mischievous smile, and her willful and lovable nature.

He came here too late, he would never meet that lovable girl once again, as she was now in the world of dead forever.

Grief and sadness welled up in his heart, and it affected the surrounding, and dissolved the snow, and melted the flowers in it.

He couldn't hear any sound now, and he could just felt intense pain, his last hope was thoroughly shattered, and what remained was just boundless coldness.

"Xia Jingyu." Su Yu raised his head, his tone was apathetic and indifferent, and although his eyes were filled with tears stain, yet they still seemed like a dead person's eyes, as they were utterly lusterless.

"Since you can see through the future, then can you see your own future?" Su Yu said, and talked her like as if she was just a stranger to him.

Xia Jingyu didn't fear him, and she was still composed and calm, as she revealed a bitter smile, "I can obviously see it, and I knew that I will shortly die, die in your hands."

Since she knew she would end up dead, then why did she still destroy Xianer?

When people were on the brink of death, they would become more virtuous, yet she instead used such ways to let Su Yu regret his actions for his whole life.

"Since you know it, then, just die." As Su Yu looked at Xia Jingyu, the Heaven Eye, which was above the nine firmaments, which was staring at Su Yu, closed itself, before it snapped open once again.

Even a Divine Master could be destroyed by it, let alone Xia Jingyu.

Xia Jingyu smiled faintly, and revealed a mocking smile, "I will really die in your hands, but I never once said that I will die before you."

As she spoke, an exquisite phantom appeared at the top of her head.

It was Hong Luan's remnant soul.

She was now holding the Emperor Tower, while her face was filled with cruelty, and she threw her head back, and laughed heartily, as she looked at Su Yu, "Even someone like you will have such a

day? In that time, Xia Jingyu was willing to even marry the central prefecture king to save your life, how moving and touching? But today, she betrayed you, and forced you to try killing her with your own hands.”

“Your heart is really pained now, isn’t it?” Hong Luan laughed viciously and madly, “Great, this is your fate, but such pain is still too easy for you, and it’s still not enough.”

“Isn’t the Zhenlong Continent your homeland? Then if I let you witness its destruction, then you will surely be extremely pained.” Hong Luan almost went mad, and she raised the Emperor Tower, and threw it away.

The Emperor Tower instantly became ten meters-long, and flew in front of the Heaven Eye.

The great destructive power caused by the Heaven eye’s blinking was forcefully obstructed by it, and it couldn’t damage it.

Hong Luan’s eyes became filled with madness and craziness, “I will sacrifice this remnant soul to leave you with a nice surprise, so prepare yourself for it, All of your Zhenlong Continent’s experts would be exterminated.”

As she spoke, she flew up to the sky, and rammed herself against the Emperor Tower, her soul was instantly shattered because of such collision, and it turned into countless light specks, which were absorbed by the tower.

The dim and lusterless Emperor Tower, which lost its teleportation power, started once again shining in resplendent rays, and a teleportation gate was once again opened by it.

Rumble!

When it was opened, the whole Zhenlong World along with its continents, oceans, sky, trembled and its Spiritual Energy went out of control, while lava rushed out of the deepest part of the ground, and burned countless forests and mountains, and countless black spatial fissure appeared in all corners of the world.

It seemed like the whole Zhenlong World would shortly collapse, such a terrifying phenomenon, such sudden disaster, caused all living being in the continent to descend into panic and fright.

Such a phenomenon appeared only once in the past, it was when Su Yu was at the bottom of the Dragon Abyss, and was fighting the Blood Emperor, which tried to come to this world.

But this time’s phenomenon was ten folds greater than the previous time’s, and it seemed like there was some existence descending upon the Zhenlong World, it was an existence which this world couldn’t bear or sustain its presence here.

The face of Jiu Yuanzhou, who was in the Dragon Abyss, became extremely pale, and his whole body shuddered, “Blood...Emperor.”

Su Yu raised his head, and looked calmly at the revolving Emperor Tower, “Is it the Blood Emperor’s main body?”

Xia Jingyu chuckled calmly, while the flowers surrounding her were all shattered and turned to countless fluttering petals, while in face of such terrifying pressure.

Xia Jingyu, who stood among them, drank all of the wind in her cup in one go, “This is the scenery, which I witnessed, the destruction of the whole world, and the death of all people, without a single exception.”

“You, me, sky, earth, ants, common people, and all living beings would turn into just ashes after the arrival of the Blood Emperor, that’s what I saw, I saw the end of the world.”

It seemed like she already saw the end of the world early on, and she saw just a single scenery, a scenery of destruction and desolation.

All living beings would be exterminated by the Blood Emperor’s palm seal, and all struggle would be meaningless.

Would all people die? Su Yu didn’t doubt such a thing, as the Blood Emperor was really capable of exterminating all people, and it was his main body, which was coming to this world now.

Hong Luan used her remnant soul’s power to activate the Emperor Tower to its fullest, and let an All Creation Realm Old Monster’s main body arrive here.

So it was like this? Su Yu looked up to the sky, and revealed a faint smile on his apathetic face, but it was an extremely bitter smile, “Xianer, in the end, I would still descend to look for you.”

Since the Blood Emperor would come here, then even if he saved Xianer with the Fate Altering Pill, it would still be useless, as they would all die in the end.

Bang! Bang! Bang!

An extremely giant spatial fissure suddenly appeared in the sky, and it streaked for ten thousand miles in the sky. It was like the sky was a mirror, and a fissure, which streaked across it from its middle appeared on it.

The flames in the deepest part of the ground rushed out of it, and the ocean, and the whole continent was instantly engulfed by blazing lava, and all weak living beings were instantly killed.

The Zhenlong Continent was about to be destroyed by the blazing sea of flames, it was about to be destroyed like the world, which was destroyed by the Blood Emperor’s palm strike in the past.

“Hehe, it’s really still the same, it’s still an extremely weak world, which couldn’t bear the slightest wave.” A mocking voice reverberated through the whole world, and it reverberated in all living beings’ ears.

An upright and tall man came out of the Emperor Tower’s vortex, he wore a blood-red cape, and a blood-red armor, and he had a long hair, which was draped loosely over his back, and was fluttering in the wind.

It seemed like his eyes had revolving stars, sun, and moon, they seemed boundless and distant, and it seemed like all phenomena of nature, and all creations were contained within them.

A faintly visible illusory crown was floating above his head, and the suns, moons, stars, and a boundless universe picture was depicted on it.

It was like his upright and tall body was a heavenly pillar supporting a whole world, and his appearance caused the Zhenlong World to be torn apart, and countless giant spatial fissures appeared in it, and they were continuously spreading further on it, and destroying the whole world.

All Creation, this was an All Creation's expert, an expert, which could cause the Zhenlong Continent's destruction without even moving a single finger.

He was the Blood Emperor, his eyes seemed like they continued a starry sky, and he seemed like he carried a whole starry river on him, as he stepped upon this world.

Just a single glance from him could exterminate myriad creatures.

The Blood Emperor wore a thoughtful look, and a faint smile, as he observed Zhenlong, and everything his eyes swept from mountains, grass, fishes, birds, and beasts, were all burnt to nothingness.

Just by sweeping the whole world with his eyes, a fourth of the world destroyed, and billions living beings were killed.

This was the power of just his gaze alone, his main body was thousands folds more powerful than his phantom image, which was passing through the world's bridge in the past.

After he scanned his surrounding with his gaze, it fell on the end on the Heaven Eye above him, even the sky was shattered by his gaze, yet the Heaven Eye still continued floating there.

"I hate being overlooked by anything," the Blood Emperor said calmly.

Bang!

When his words just echoed, blood splattered out of the Heaven Eye, as it immediately burst open, and exploded.

Su Yu groaned in pain, as blood seeped out of his right eye, just several words from him destroyed his Heaven Eye.

After the Blood Emperor averted his gaze from it, he looked toward Su Yu.

Su Yu felt like he was bombarded by a whole world at such moment, and blood seeped out of the corners of his mouth, as he was sent flying by a hundred miles, and he destroyed many mountains in his way.

"I didn't expect that we will meet once again," the Blood Emperor spoke calmly with a seemingly slightly cold tone.

At that time in the Dragon Abyss's teleportation formation, he sacrificed a fairy artifact to teleport to this world, yet while he was still in his way to here, he was sneak-attacked by Su Yu, which used a treacherous scheme to cut off one of his hands and legs.

So how could he forget such humiliation? And because of it the first matter he would do after coming here would be none other than killing Su Yu.

The gaze of Su Yu, who was heavily injured by him, was still calm and indifferent, as his heart already died, and he didn't care about life or death anymore.

“Well? Your bore my gaze without dying?” The Blood Emperor exclaimed in surprise, his gaze could destroy a fourth of a whole world, yet it still couldn’t kill a Half Fairy Realm lad.

He squinted his eyes, as he exclaimed once again in surprise, “This silk is the...Chaos Multicolored Butterfly’s silk?”

A silk, which couldn’t be seen by naked eye, fell off Su Yu’s chest, it was this silk, which saved his life. And not only did the Blood Emperor manage to notice it, he even identified it.

“The silk of the Ancient Spiritual Worm, Chaos Multicolored Butterfly, lad, after the Ghost World’s Great Emperor’s Underworld Pearl matter, you surprised me once again.” The Blood Emperor spoke calmly, and the gaze in which he looked at Su Yu was distant, and he looked at him as if he was just an ant, “So, I’m even more obliged to kill you.”

Chapter 727: Summoning a True Devil

After the Blood Emperor spoke, he took another look at him, and Su Yu instantly suffered a destructive power assault. However, Su Yu didn’t just wait for death this time, and as he raised his eyes, the vertical blood thread between his eyebrows opened, while a third eye appeared there.

The eye had a silver eyeball, which seemed like a bottomless pit, and the destructive might that was emitted by the Blood Emperor’s gaze was absorbed by it completely. Su Yu wasn’t harmed by it at all!

“What’s this?” Shock appeared on the Blood Emperor’s face, and as he looked at Su Yu’s third eye, it gave him an inexplicably odd feeling.

Su Yu didn’t reply, and as he stood up and strode toward the Blood Emperor, fresh blood seeped out of the corners of his mouth, while his eyes were calm and lusterless. He then said, “Killing me won’t be that easy.”

The Blood Emperor was stunned for just a moment before he recovered his usual cold look and said, “It turns out that you are a person whose heart has already died. That’s really boring.”

After he spoke, he waved his sleeves at Su Yu, causing the surroundings to crumble and space to turn into a pitch-black void. It was at this moment that an extremely terrifying mountain peak, which seemed like a giant spear, fell from the sky and shot toward them from outside the firmament.

At that moment, the space crumbled, mountain and rivers were destroyed, and the whole Zhenlong World shook violently. This strike’s might wasn’t any weaker than the Blood Emperor’s!

Upon seeing this, the Blood Emperor raised his brows and used the strike that had been directed at Su Yu to block the ancient mountain peak that was charging at him. When the two of them collided, they didn’t make any noise, and while the giant ancient mountain peak was shattered, a twenty-mile-long spear was revealed within it.

“The fairy artifact... The God Slaughtering Spear?” The Blood Emperor’s gaze became grave as dread appeared in his eyes. It seemed like he was familiar this spear.

Su Yu looked at the shattered mountain peak. If his memory served him well, then this should be the Empire of Darkness' giant mountain peak, which had nine layers of space within it.

Moreover, a fairy artifact was unexpectedly hidden within the mountain peak. As the fairy artifact charged at the Blood Emperor, his expression became gloomy and he thrust his palm out at it, while yelling, "Draconic Eight Trigrams Palm!"

The Blood Emperor had just used his All Creation's power to use a fairy cultivation technique! At that moment, there was a tall, black-clothed person behind the twenty-mile-long God Slaughtering Spear, which was at the end of the sky.

The person shouted softly, "Blue Dragon's Eyes Speck!"

At that moment, the fairy artifact and the fairy cultivation technique collided, causing the whole Zhenlong World to shake. In fact, it felt as if it would shortly crumble!

Such a terrifying might, which was great enough to destroy the whole world, dazzled all of Zhenlong's living beings' eyes. They all knew that Zhenlong's last days had arrived.

Cough! Cough!

When the two collided, the Blood Emperor just stood in his place motionlessly, while the land beneath him disappeared. Now, only a pitch-black boundless void remained.

At the moment, the tall, black-clothed person, who was behind the twenty-mile-long God Slaughtering Spear, was now coughing heavily. He had lost and was injured.

"Jiuzhou's Emperor's past divine weapon, the God Slaughtering Spear," the Blood Emperor murmured as he looked at the twenty-mile-long spear.

Flames of greed burned in his eyes as he said, "This spear's name alone was able to shake all of Jiuzhou! It's a pity that a Divine Master Realm junior like you can't wield even a hundredth of its might. Do you still dream about using it to deal with me?"

After hearing this, Su Yu looked at the tall man, and although he had never seen him before, he knew that the only person who had a Divine Master Realm cultivation in the entire Zhenlong Continent was the past number one expert in Zhenlong, the King of Darkness!

This king had stayed in secluded cultivation for several hundreds of years, and today was the first day that he had ever stepped out. Who would have expected that an Almighty Divine Master would be born in the Zhenlong Continent? After all, it barely had a few Fairies!

With such a fairy artifact in his hands, he became more powerful by many folds. However, it was a pity that he could barely use such power to face an All Creation Old Monster.

"Traitor! You finally came! From the moment I discovered that Gu Taixu's clone was hiding in the Zhenlong Continent, I started waiting for your arrival. Today, it's time for you to die!" the King of Darkness said with a deafening voice.

In the past, he had gone to the northern continent as the King of Darkness to annihilate all of his enemies troops. But he had suddenly retreated thereafter, then went into secluded cultivation for several hundreds of years.

This matter bewildered the whole world and was never understood before now. Apparently, when he went to exterminate the Yue Clan, he discovered that Yue Zhong was one of the central prefecture's guards.

After he fought him, he managed to escape after sustaining heavy injuries. Later on, he even discovered some traces of Gu Taixu's activities there!

In short, he discovered the central prefecture's plot, went into secluded cultivation to prepare for an imminent conspiracy. This cultivation then continued until today.

“In the past, Lord Shen treated you like his own child, and from the moment you left the Fairy Mountain, he put his whole heart into training you. However, you betrayed him after that vile man betrayed him, as you felt that his situation was far from good. You even attacked your past fellow apprentice, Tian Jizi, who also came from the Fairy Mountain. You left him on the brink of death! You are really worse than a beast!” Such words were heard in all corners of the entire Zhenlong realm, and all living beings heard them clearly.

Su Yu knew many details about this matter. It turned out that the Blood Emperor was one of Shen Yichen's people, and he also came from the Fairy Mountain, like Tian Jizi. Tian Jizi had already said that he belonged to the same faction as the Blood Emperor. Although the Blood Emperor was extremely powerful, in the end, he was just a treacherous person, who even sold out his own teacher!

The Blood Emperor's expression was calm, and mockery appeared on his face as he said, “A fine bird chooses a robust tree to build its nest. It was obvious that he would end up killed because he didn't manage to adapt to new circumstances.”

He then added, “As for you, many years have already passed, yet you are still loyal to that fallen king. Your loyalty is laudable, but it's a pity that he's already crippled. Otherwise, he wouldn't have handed over his fairy artifact for your use.”

At that moment, killing intent filled his eyes as he said, “Fine... I will first kill you and that old b*stard, then destroy the whole Zhenlong Continent!”

After he spoke, the Blood Emperor attacked once again, while the King of Darkness held his spear and confronted him head-on. As the two of them fought, they destroyed many parts of this world, turning many areas into fragmented spaces. This was an epic battle, which lasted for two whole hours.

Even though the King of Darkness, who held the God Slaughtering Spear, possessed an astonishing fighting prowess, he was still not an All Creation Old Monster. Hence, it was difficult for him to manage to last for two hours.

In the end, his Vital Energy was consumed completely, and he was sent flying by a slap from the Blood Emperor. As he flew, he shattered many parts of the world's space, then fell in the direction of Shen Yue Island.

Su Yu took a step forward calmly and caught the King of Darkness. Su Yu groaned softly at that moment, as his body was almost shattered by bearing the impact force of All Creation Power that was left in the King of Darkness' body.

When he took a look at the King of Darkness, he saw that his body was badly mutilated, and even his soul was heavily injured. It was clear that the Blood Emperor's days were numbered. In fact, he most likely wouldn't live more than ten years.

Cough!

The King of Darkness coughed heavily, while spitting out fresh blood. His hand, which still held the God Slaughtering Spear, was shaking unceasingly. He had clearly reached his limit.

Although the King of Darkness was in a distressed state, he was still as elegant and graceful as before. He was looking at Su Yu, and although it was their first time meeting each other, they both knew who each other was.

At this moment, a gaze that possessed an intensely destructive power swept over both of them, and the King of Darkness raised his spear and blocked it. The Blood Emperor looked at them coldly. Even though he had just gone through a long battle, he still didn't suffer any injuries. He had just consumed a part of his power.

"This should come to end now. It would ideal to send you both to the underworld at the same time," the Blood Emperor said calmly, while he started weaving hands signs with both of his palms in order to use the Draconic Eight Trigrams Palm once again, thus killing both Su Yu and the King of Darkness.

However, the King of Darkness laughed heartily at this moment. He then said, "Blood Emperor, it's really wishful thinking for you to hope for things to end this easily."

Swoosh!

The King of Darkness, who didn't have any of his Spiritual Energy or fighting power left, threw a black jade box out of his sleeve at this moment. This jade box was exactly the same as the one that was once held so tightly by the First World Senior.

"Floating Life Door!" the Blood Emperor exclaimed. Immediately, his facial expression became gloomy and he retreated in panic.

The King of Darkness stood with great difficulty, and he laughed heartily as his hair fluttered around. He then said, "You wouldn't have expected it, but I also managed to comprehend the Floating Life Door after going into secluded cultivation for several hundreds of years."

"King of Darkness, you old traitor! Your master used the Floating Life Door in the past to summon an Otherworldly Devil in order to injure Lord Shen. This opened up great doors of opportunity for you. Now, I will repay you in the same way!" the Blood Emperor yelled back.

Hearing this, the King of Darkness took a thin paper, which had many extremely strange letters written on it. These letters all had hideous-looking shapes and emitted a terrifying killing intent and a demonic aura.

He then said, “The Floating Life Door is the Devil Clan’s teleportation gate, and if one can read the words that were left in the Devil Box, then he can summon the clone of a devil, which would stay here for seven minutes. I copied the words in the Devil Box, then studied them for several hundreds of years before managing to interpret a small part of them.”

Horror appeared on the Blood Emperor’s face when he heard this, and panic appeared in his eyes as he said, “You’re playing with fire. Once the Devil comes here, it won’t let anyone go! It will slaughter all living beings, and once it flies out of control, it will also kill you!”

The King of Darkness laughed heartily when he heard this, “Hehe, is it possible for you to let us off if I don’t summon the devil?”

The Blood Emperor shook his head, then said, “This will come to end now. King of Darkness, you must face your death.”

“Ling Li Ma? Mao Fa Hong...” The King of Darkness began to utter extremely strange words, which were harsh to the ear and contained intense killing intent.

Horror filled the Blood Emperor’s face as he yelled, “Stop!”

However, it was already too late, as the black jade box had already started opening slowly. After it opened all the way, a twenty-mile-long black light beam shot out of it and soared into the sky.

An ominous aura was emitted from the black light beam, and Su Yu was quite familiar with it. It was the same one that was possessed by the thread of a Devil’s hair, which he had fought in the Mysterious Heavenly Divine Pavilion! However, the aura of the thread of a Devil’s hair, which was powerful enough to devour even Divine Masters, didn’t rival even a hundredth of the one before him now.

When the light beam disappeared, a twenty-mile-long Devil appeared out of thin air. He stepped on the land, while his head reached the dome of the sky, and his scarlet eyes, which flickered like a sun and moon, overlooked the world.

At this moment, a demonic energy engulfed the whole world. After the twenty-mile-long Devil swept the surroundings with his gaze, it locked its gaze on the All Creation Old Monster, who possessed the highest cultivation here.

It then emitted a horrendous sound. It seemed like it was laughing, but in an eerie cackling kind of way.

Bang!

Suddenly, the twenty-mile-long Devil waved its leg, which flickered like a black flash of lightning, and kicked the King of Darkness! Fear appeared on the Blood Emperor’s face, but he still managed to summon up the courage to clench his teeth and use the Draconic Eight Trigrams Palm to face it head-on.

Bang!

When they collided, horror appeared on the Blood Emperor’s face, as when his palm struck the Devil’s leg, he felt like it was just a pebble that was falling in a boundless ocean. More specifically, he felt like he collided against ten thousand stars when he came into contact with that leg!

Splutter!

The Blood Emperor, who hadn't suffered any injuries until now, spouted a mouthful of blood when he suffered such a strike, and he was sent flying a thousand miles. It was obvious at just a glance who was the strongest of the two.

The Blood Emperor's expression became extremely gloomy as he said, "You are seeking death."

"Even a trifling clone of a Devil dares to be this arrogant?" The Blood Emperor took a golden wooden fish out of his sleeve as he shook his head.

The wooden fish had been severely damaged and was quite aged, but it was still brimming with an intense Buddhist power. In fact, if one had just a single look at it, he would feel his heart becoming clearer and would have an impulse to worship it.

Chapter 728: Undying Resolve

The King of Darkness' eyes became dazed for a moment, and he was almost captivated by the magical treasure. But, he still managed to get ahold of himself in the end.

He then asked in surprise, "Is this a Buddhist Supreme Treasure?"

The Blood Emperor replied, "In the past, it would have been impossible for anyone to face such a devil, but after the past's accident, the central prefecture's king started to research devils. As such, he has already found a way to suppress them, which is the Buddhist power."

He then added, "The Buddhist power can be used to briefly suppress a devil for about the time that it would take to brew a half cup of tea."

As the Blood Emperor spoke, he struck the wooden fish, and a sonorous Buddhist sound echoed from it, reverberating throughout the whole world. At the same time, a twenty-mile-long Golden Buddha's phantom image appeared.

As it was illuminated by its golden radiance, fright appeared on the devil's hideous face. At the moment, it could only emit its whole body's Demonic Energy to resist the Buddhist Radiance, and it was no longer able to pursue the Blood Emperor.

Such a scene caused the King of Darkness' heart to sink, as the Floating Life Door was all that he had prepared to use against the Blood Emperor. Yet, he had unexpectedly found a way of dealing with it! If the Jiuzhou Emperor had known of such a method in the past, then he wouldn't be reduced to this current state!

"It's done for..." The King of Darkness chuckled bitterly. "Even though hundreds of years have passed, I'm still incapable of protecting Lord Shen."

He could only look on helplessly as the wooden fish that was being wielded by the Blood Emperor suppressed the devil.

Time passed slowly, yet the devil was still incapable of breaking free from the Buddhist Radiance's suppression. After a few minutes had passed, the devil emitted a resentful roar as it turned into a black light beam and disappeared.

At this moment, the Blood Emperor stopped using his magical treasure. His face was somewhat pale, and it was obvious that using the wooden fish had put a huge strain on him. The wooden fish had also suffered greatly, as it was now filled with fissures and seemed like it soon shatter.

The Blood Emperor took a deep breath and his expression became extremely gloomy. “Good. I really was looking down upon you. If I hadn’t prepared so thoroughly, your scheme may have really prevailed!”

The Blood Emperor’s eyes were brimming with killing intent as he looked coldly at the King of Darkness. The King of Darkness’ eyes were filled with despair as he chuckled bitterly and said, “I have really failed Lord Shen, as not only didn’t I manage to fulfill his long-cherished wish, but I even failed to get revenge. I really should die for such a failure.”

The past Jiuzhou Emperor had already lost his former status long ago, yet there were still such people, who were this loyal and devoted to him! The King of Darkness’ moral integrity was really admirable.

“Die!” The Blood Emperor strode forward, and even though he took just a single step, it seemed like the whole world revolved him at such a moment.

As he instantly appeared just before them, he extended one of his fingers toward the region that was between the King of Darkness’ eyebrows. At such a moment, it seemed like the whole could be destroyed by just a mere wave of his finger, and it was impossible for the King of Darkness, who had already consumed all of his Spiritual Energy, to resist him.

“I hate this!” The King of Darkness, who was at death’s door, shouted angrily, “I hate the fact that I’m too powerless to kill even a lowly traitor like you!”

His eyes, which were filled with radiance, had a raging flame burning within them, and even though he knew that he would die soon, he still looked fixedly at the Blood Emperor and declared, “Blood Emperor, even if I turn into a ghost, I will still not let you off!”

The Blood Emperor sneered coldly. “Then, just turn into a ghost already!”

As he spoke, he tried to poke the King of Darkness with his finger. The King of Darkness’ closed his eyes in despair, as many bitter emotions welled up in his heart.

All of the people within the Dragon Abyss and all living beings in the continent quieted at this very moment. They had assumed that after the King of Darkness came, he would save them. They never expected that someone like him could be defeated!

However, when The Blood Emperor’s finger had almost reached the King of Darkness, a whistling wind blew at him. The Blood Emperor’s pupils contracted as he looked towards it and took back his hand.

His expression became immediately gloomy as he asked, “How dare you attack me?”

A yellow and blue bead revolved in the air, then flew back to Su Yu’s hand. “What? You expected me to just wait for death?” Su Yu spoke calmly, his gaze still as calm and indifferent as ever.

The Blood Emperor snorted coldly. “In that case, I will let you die first!”

Swoosh!

He waved his finger at Su Yu, and as Su Yu didn’t have any fairy artifacts, he knew that he would surely die if his finger touched him. But, Su Yu still didn’t try evading it, but just opened his mouth and uttered a few cryptic and incomprehensible words...

“Qing, Ling, Tian, Nai, Gai, Si...”

Such words contained a raging killing intent, as well as an intense Demonic Nature. They were clearly an incantation! When he uttered them, Su Yu’s soul rumbled slightly, and a palm seal, which had slept in his mind for a long time, slowly floated out of it.

“A Floating Life Door?” The Blood Emperor was shocked. “How’s this possible, why do you have a Floating Life Door?”

Su Yu had gotten this Floating Life Doors from an ancient ruin within the Twilight Mountains.

The King of Darkness was also startled when he saw it. “What? This is Venerable Wu Xin’s Floating Life Door!”

In the past, when the Jiuzhou Emperor created another new continent and was close to death, he took out the remaining four Floating Life Doors that he had and passed them to his Four Great Guards. These guards were the King of Darkness, the First World Senior, Abyss of Wutong’s Master, and the Twilight Mountains’ Venerable Wu Xin.

Besides the King of Darkness and the First World Senior, who passed down their Floating Life Doors, the Floating Life Doors of the other two people disappeared after their deaths.

It wasn’t like the King of Darkness didn’t go to the Twilight Mountains to look for it, but when he went there, what he found was just a pile of rubble. So, he had to wonder...

Why did this object land in Su Yu’s hands? And... Why was it within his soul? He really hid his cards deeply!

What astonished him even more was that the words that Su Yu had uttered just now were part of a cryptic language, which was completely different than the one that had been used by the King of Darkness.

“Did you also study the language written on it?” The Blood Emperor sucked in a breath of cold air, as he was greatly astonished.

Regardless if it was the King of Darkness or the central prefecture’s king, they had all expended a great amount of effort and had wasted dozens of years to achieve such a thing. So, it was perplexing as to how Su Yu had managed to comprehend it.

Su Yu nodded calmly. “It is the Devil Clan’s language.”

After he had learned how to use the Floating Life Door, Su Yu had observed the palm seal in his mind. He ended up discovering something that he had overlooked in the past.

He assumed that what was depicted on it was just some meaningless patterns, but after he observed them more carefully, he found out that it was the Devil Clan’s language! The Devil Clan’s language was also among the Clans Languages knowledge that Yun Yazi had given him, which was why he had been able to read a part of the Floating Life Door’s words easily.

When he recited the incantation, the palm seal emitted an extremely dazzling radiance as it flew out and bombarded the sky. As it went, it left a black fissure on the sky.

“Hehe...” Horrifying laughter transmitted out of the black fissure. It was yet another devil!

Su Yu looked calmly at the Blood Emperor and asked, “Since you are already prepared for facing devils, then why don’t you try fighting this one? I really want to see who can persist longer, your wooden fish or this devil!”

The Blood Emperor was infuriated by Su Yu’s words, which caused him to hate Su Yu even more. But, he didn’t dare to tarry at such a moment, and although he wanted to kill Su Yu, he could only ignore him now. He then used the wooden fish once again to summon the Giant Golden Buddha.

Bang!

It was only at this moment that the devil reached this world. It was a huge, and it emitted a terrifying Demonic Energy. As it appeared, it laughed nastily and looked menacingly at the Giant Buddha.

The Blood Emperor unceasingly poured his All Creation’s power into the wooden fish to activate it, while he looked at the devil nervously. As time passed, beads of sweat appeared on his forehead, as he had consumed a great amount of his All Creation’s power.

A few breaths’ time passed as the Giant Buddha and the devil confronted each other like before. However, this time, the Buddha Radiance was becoming weaker, as many fissures appeared on the wooden fish. In the end, it ended up being overwhelmed by the devil.

The Blood Emperor was overwhelmed with shock, and his expression became gloomy. But, he knew that fortunately, after the time it would take to brew a half cup of tea, this would shortly pass. But before it passed, the wooden fish burst open as a faint explosion echoed throughout the air.

The Buddhist Image disappeared, while the Otherworldly Devil waved his hand at the Blood Emperor and tried to grab him while laughing nastily. It seemed like he was infuriated by the Blood Emperor’s actions.

The Blood Emperor’s scalp became as he turned around and fled. But, the devil’s hand was quite swift, and when the devil found that he couldn’t catch him, he snorted angrily and swatted at him instead.

Bang!

The Blood Emperor was swatted into the deepest part of the continent, and the whole continent vibrated at such a moment. The Blood Emperor burst into shreds, his body unexpectedly destroyed by just a single strike of that devil!

After the Otherworldly Devil killed the Blood Emperor, he turned his gaze toward Su Yu and the King of Darkness. After he licked his lips, he pounced toward them.

However, after only a few seconds, while roaring resentfully, the devil turned into a light beam and flew into the void! The whole world descended into silence at this moment, and just the sound of boiling magma remained within it. No one could believe that the Blood Emperor, who was a great All Creation Old Monster, had really been killed!

Many people felt like they were in a dream, as it was really unbelievable. Even the King of Darkness found it hard to accept such a fact. The Blood Emperor had been killed, and the Zhenlong people were now safe.

The King of Darkness' gaze flickered with a resplendent glow. "Let's go have a look at him and verify whether he's really dead or not. After all, this old traitor is cunning and deceitful..."

Su Yu nodded and went with him to the place where the Blood Emperor was killed. There, they found only a mass of meat paste. He clearly couldn't be more dead! Even his soul had disappeared!

After they confirmed this, both of them let out breaths of relief and finally relaxed.

"Lord Shen, the Blood Emperor is already dead," the King of Darkness murmured as he knelt toward the northern continent. His eyes were filled with tears, as he had finally gotten rid of the weight that had burdened his heart for such a long time.

"Su Yu, what will you do now?" The King of Darkness looked at Su Yu.

As Su Yu gazed at the shattered sky and ground, he shook his head blankly and said, "I don't know." His heart had already died, and no matter how great and vast the world was, he didn't have any more interest in it.

"Why don't you follow me and Lord Shen? You can cultivate in seclusion with us." The King of Darkness' eyes were filled with concern. "You shouldn't waste your great talent."

However, just as he finished speaking, a faint noise fell on their ears. The meat paste beside them had started to wiggle around! It then gathered together to form the Blood Emperor's body once more!

A mocking and cold chuckle transmitted from that body. "Hehe, that old bast*rd Shen Yichen is really still alive."

The sneering sound, which suddenly echoed out, made the King of Darkness' whole body shudder. He looked in disbelief at the Blood Emperor, while his pupils contracted till they became as thin as needles.

He then exclaimed, "The Undying Silver Body! You... You unexpectedly managed to successfully cultivate it?"

The Undying Silver Body was a heaven-defying technique, which could allow one to reform his body. It was a technique that had been cultivated only by the Jiuzhou Emperor.

No one else had managed to cultivate it in the central prefecture. Yet, the Blood Emperor had unexpectedly managed to cultivate it!

The Blood Emperor's body recovered in the twinkling of an eye, and as he opened his eyes, a resplendent glow shone out of them. He then thrust his fists Su Yu and the King of Darkness at the same time. It was impossible for them to evade his attack, as he had attacked them suddenly and at such a close distance.

“Be careful.” The King of Darkness’ expression changed gravely, and he raised his God Slaughtering Spear to protect Su Yu, who was behind him.

However, he could not manage to block the All Creation’s expert’s attack at such a close distance...

Bang!

As if they had just been bombarded by a meteor, the two of them were sent flying away, and the King of Darkness’ face became deathly pale, while despair filled it. He swept Su Yu with his gaze and clenched his teeth, then patted his shoulder and imbued Su Yu with a wisp of his Vital Energy, which he had just managed to recover.

He then shouted loudly, “Hide! Cover up your aura and avoid this disaster that will befall the entire continent!”

While he spoke, his God Slaughtering Spear quickly shrank down and became as big as a palm. He then put it in Su Yu’s pocket.

“The God Slaughtering Spear has an independent space within it, which can hide all auras. You won’t be discovered by him if you hide within it.” the King of Darkness spoke quickly, while he spouted a mouthful of blood.

“The Zhenlong Continent has only you left within it, so if you manage to survive, don’t forget to avenge us!” The King of Darkness chuckled bitterly, while he pushed Su Yu away.

Su Yu, who was still flying after suffering a strike from the Blood Emperor’s, began to fly at an even quicker speed, like a fireball, and he soon crossed a large distance.

“You still dare to cause trouble, even as you face death.” The Blood Emperor waved his hand at the King of Darkness, causing his body to become even more drenched in blood. This nearly killed him right then and there!

But, as he still needed to interrogate the King of Darkness by torture, he didn’t kill him, but let him fall on the land while he looked toward the flying Su Yu.

But, just as he was about to move, a sweet-sounding voice echoed from behind him, “Senior, let me take his life.”

When the Blood Emperor looked toward its source, he saw Xia Jingyu. He furrowed his brows slightly before he nodded and said, “Fine, Hong Luan’s remnant soul has already informed me of your matter, and after this affair comes to an end, come back with me to the central prefecture and I will recommend that you see the king. As for Su Yu, I will let you take care of him. That way, you can take the credit for it in front of the king.”

He then added, “However, you mustn’t face him alone, so you should come with me to take his head.” After saying that, the Blood Emperor waved his sleeves and took the lead.

Xia Jingyu revealed a bright smile and saluted him gracefully as she said, “Many thanks, senior.” She then followed behind him.

After the time it would take to brew a half cup of tea, the Blood Emperor landed in a desolate forest that was filled with mountains. Nearby, there was a giant pit, which seemed to have been left by a giant fireball.

The pit was extremely deep, and it seemed like it reached some ancient ruins underground. Those were the ruins under the Twilight Mountains.

Xia Jingyu revealed a playful smile as she murmured, "Is he here? In the past, he saved me here, and now I will kill him here, hehe."

She then followed behind the Blood Emperor and jumped into the pit. The underground ruins' expanse wasn't vast, and Su Yu, who had fallen into them, was now leaning against a giant boulder, surrounded by boiling magma.

After he sensed the arrival of the Blood Emperor and Xia Jingyu, he opened his eyes, which were as calm as a lake. He then asked, "Did you come to take my life?"

Xia Jingyu replied calmly, "Yes."

Su Yu didn't try to resist them, and it was already too late for him to try to hide within the God Slaughtering Spear's space."

The Blood Emperor clasped his hands behind his back as a cold look appeared on his face. "A trifling Half Fairy Realm lad like you unexpectedly forced me to use the Undying Silver Body Technique. You are the first person who ever managed to achieve such a thing. So, you should be proud of it and die peacefully."

The Blood Emperor had become extremely wary of Su Yu after his many encounters with him. So, he attacked him ruthlessly by just pointing his finger at Su Yu's chest, while carefully staying some distance from him.

His finger's strike contained a powerful Sword Energy, which Su Yu couldn't block at all.

Su Yu's gaze was still calm and indifferent, even at such a moment, and he just closed his eyes slowly and took a last look at Xia Jingyu, while muttering in a soft voice, "Farewell, my beloved..."

The terrifying finger strike streaked across the air and went after Su Yu's chest, but even after a long while, Su Yu still didn't feel the pain that he was expecting. Instead, he felt a warm liquid falling on his face.

When he opened his eyes, a beautiful woman was standing before him. She had a familiar aura, which he would never forget in his whole life. She had a bloody stain on her back, which was gradually enlarging.

Her legs shuddered slightly as she fell into Su Yu's embrace. Her mouth, which was filled with blood, as well as her face, which wore an apologetic expression, instantly appeared before Su Yu's eyes.

"Xia Jingyu?" Su Yu was confused and bewildered...

Why has Xia Jingyu, who obviously hates me and had just now wanted to kill me, just saved me at such a moment? She just died for me!

Why?

“Brother... Su Yu... I’m sorry.” The life force of Xia Jingyu, whose chest was thoroughly penetrated, was quickly flowing out of her, and she could only speak in a quiet whisper.

Then, unable to speak further, she raised her palm with great difficulty and held Su Yu’s palm. Both of them possessed the same Divine Decree, and by holding their palms together, they could transmit their thoughts to each other.

“Brother Su Yu, I’m sorry for deceiving you.” Xia Jingyu’s will was quickly becoming weaker, and her once ice-cold eyes were now filled with warmth. They were also brimming with tears.

“I hid Xianer’s body in the Duke of Xianyu’s Manor properly, in the place where your relationship started. I didn’t destroy her body.” Her words left Su Yu’s mind reeling... She didn’t destroy it! Xia Jingyu didn’t destroy it!

“Brother Su Yu... I didn’t betray you.” Xia Jingyu’s gaze was becoming more dim, and her will was becoming weaker. She was only several breaths away from death.

Su Yu’s pupils contracted and his heart became flurried, while his apathetic eyes were filled with nervousness.

Will Xia Jingyu die? He thought that he hated her, but only now, when she was at death’s door, did he discover how flurried his heart became because of her.

“Where’s your Fate Altering Pill? Quickly, take it out!” Su Yu said. Both he and Xia Jingyu had a Fate Altering Pill.

Xia Jingyu just smiled sadly. “Brother Su Yu, I’m really happy that you still care about me, but I already fed it to Xianer.”

She fed it to Xianer? Su Yu suddenly recalled the Duke of Xianyu Manor’s scenery, remembering how it was filled with flowers and lush vegetation. It was obviously late autumn, so he had to wonder...

Why were the pear trees thriving at such a time?

Such scenery, which was brimming with life, could only be caused by the life force that was emitted by the Fate Altering Pill! The Fate Altering Pill was clearly there, as it must have been digested by Xianer at such a time! It was because of this that the courtyard was brimming with life force and so so lush!

“Since you already gave it to Xianer, then what about you?” Su Yu asked, while his gaze started becoming more fuzzy. He already understood Xia Jingyu’s intention.

Xia Jingyu smiled sweetly. “I don’t need it, so just leave it for Xianer. It’s my gift for both of you... For your wedding. It’s just that I presented it to you late, so please forgive me for that.”

“Why did you do all of this?” Su Yu asked.

Xia Jingyu closed her eyes, which had already lost their luster. “I foresaw the world’s end and Zhenlong’s fate... All of the people will die, and their fates can’t be altered. But, those two Fate Altering Pills, which can revive the dead, can also change fate, and those who possess them can survive such a disaster! It’s because of this that I now leave one for Xianer and one for you, so that you can live with Xianer and grow old together.”

Her eyes fluttered. “It was only because I wanted to get rid of Hong Luan’s supervision and prevent her from seeing my intentions that I treated you coldly just now, so please forgive me... Cough! Cough!... It was really painful for me to treat you in such a way. You must hate me now...”

Xia Jingyu closed her eyes, while her remnant will continued communicating with him. Warm tears streaked down Su Yu’s face, while his hands started trembling.

Xia Jingyu was still the same Xia Jingyu, after all. She was willing to even sacrifice herself to help him and Xianer!

“I don’t hate you! I never once hated you... And... I still love you...” Su Yu spoke in a trembling voice.

“I am happy to hear that.” Xia Jingyu curled up the corners of her mouth slightly and revealed a serene smile before she collapsed in Su Yu’s embrace.

“I wish that you two will... Live... Happily... Together.” This was the last thought that she transmitted in her life, and her small hand, which held Su Yu’s palm, weakly fell down by her side.

She had sacrificed her life to help Xianer, even though she loved Su Yu and desired to live together with him herself.

“Jingyu.” Su Yu embraced her body, which was gradually becoming colder.

He then turned his palm over and took an exquisite tower, which had a Fate Altering Pill that was brimming with life force within it. It was a pill that could revive people who had just died recently.

Chapter 729: World Destruction

The Fate Altering Resurrection Pill could resurrect the dead and overturn Yin and Yang Laws order. In fact, it was the only Heaven-defying pill capable of altering one’s fated death.

Xia Jingyu left the pill for Qin Xianer in order to help her and Su Yu. After all, Xia Jingyu obviously loved Su Yu too, which is why Qin Xianer had entrusted him to her before her death, then chosen to sacrifice herself.

It was just like how she had sacrificed herself several times before to help Su Yu and Qin Xianer. Her final act had proven that she was still as kind hearted as ever.

Su Yu’s heart was filled with grief and shock. He had misunderstood Xia Jingyu. She was obviously not a heartless or treacherous woman.

Her heart must have been quite pained, especially since Su Yu had stated that he would kill her with his own hands. In the end, she really died like she had foreseen... In Su Yu’s arms. When she was on the brink of death, she was laying in Su Yu’s embrace, and she died peacefully there.

After Su Yu crushed the exquisite tower, the Fate Altering Pill flew out, while emitting a splendid multi-colored divine light. As its light shone upon Xia Jingyu, the wound that had penetrated her body started to heal at a noticeable speed, and the blood that had flowed out of her returned to her body.

The pill was really miraculous, as in just one breath's time, Xia Jingyu's body had recovered to its previous state! In that moment, she once again was alive and beautiful!

However, her eyes were still closed. They didn't even move slightly.

When Su Yu observed her with his Soul Eyes, he didn't detect her soul's aura at all, and the inside of her body was empty and silent. Although her body had recovered because of the pill's life force, her soul had already disappeared from this world, having turned into a crystalline energy, which then dissipated.

As such, it would be impossible to revive her by using the life force that emitted by the pill alone. Instead, she must consume the pill itself.

"It won't matter if I managed to alter fate and come back from death, as if you don't exist in this world, then even if my fate was altered, so what? In the end, I would just be like a walking corpse." Su Yu looked at Xia Jingyu's serene yet dormant face, affection appearing in his eyes.

Su Yu then placed the pill in Xia Jingyu's mouth. He knew that her fate could be changed if she consumed this pill.

In his mind, as long as Xia Jingyu and Qin Xianer could live on, it didn't matter if he couldn't escape from death in the end. It was at this moment that a thunderous snorting sound rang out near his ears.

"Xia Jingyu, I planned to recommend you to the central prefecture's king to become his concubine. I did this because you possessed an Ancient Spirit Body. But, you unexpectedly played with me and Hong Luan." The Blood Emperor's expression was gloomy as he spoke towards Xia Jingyu unmoving body.

Xia Jingyu had really put on a good act, and neither him or Hong Luan had guarded themselves against her. Moreover, they didn't even know that Qin Xianer had consumed the other Fate Altering Pill in secret.

"Su Yu, you have been stupid! Did you really assume that a mere pill could save them from death? She could block the first deadly strike for you, but can she block the second one?" the Blood Emperor asked, turning his attention to Su Yu.

While he was speaking, he looked at the Fate Altering Pill in Su Yu's hand fixedly, greed filling his eyes. "Wouldn't it be a waste to give such a pill to a person who's already doomed? Why don't you give to me?"

He then waved his hand at the pill and used his All Creation's power to try to snatch it away forcibly. However, Su Yu was already on his guard against him, and when he made his move to steal the pill, lightning flickered around Su Yu's body.

At that moment, Su Yu used his Lightning Body to teleport away, while yelling, “Don’t even think about it!”

After all, that pill was his sole hope for saving Xia Jingyu, so Su Yu would never let him snatch it away! If he took it, then Xia Jingyu would really die for sure!

Sizzle!

As his body was engulfed in lightning, Su Yu crossed space and teleported away. He needed to have just another second in order for him to have enough time to feed the pill to Xia Jingyu. Then, after she consumed it, the Blood Emperor couldn’t turn the dissolved pill back into medicinal energy again.

However, what Su Yu was facing now wasn’t a Fairy, nor a Divine Master, but was a supreme All Creation Old Monster! A cold grin appeared at the corners of the Blood Emperor’s mouth as he asked incredulously, “You are using spatial power in front of an All Creation Old Monster? How ignorant! It’s really laughable!”

After speaking, the Blood Emperor didn’t make any great movements, but just casually waved his sleeves, which caused the surroundings to crumble. At that moment, a large pitch-black void appeared, while wisps of a terrifying space current whistled through the black abyss.

Su Yu, who had just tried to teleport away, could only stop his teleportation because the spatial power was too chaotic. Thus, he had to return to his former place.

Splutter!

Since his technique was broken off mid-teleport, Su Yu had suffered an intense backlash, which had shaken his body’s internal blood energy channels. At the moment, he opened his mouth and sputtered out a mouthful of blood. The golden internal blood energy channels that were inside of his body then intensely expanded and shrank down continuously.

“Well? It appears that you weren’t torn apart by the space power, even though your teleportation failed. Moreover, it seems like your fleshly body is quite special,” the Blood Emperor spoke calmly as he looked at the golden internal blood energy channels that had just emerged on the surface of Su Yu’s body.

Since his teleportation had failed, Su Yu waved his sleeves decisively, causing something to fly out of them. It was the Underworld Pearl!

This was Su Yu’s only remaining treasure, and it was the one which the Blood Emperor dreaded the most! Upon seeing it, the Blood Emperor’s expression became solemn and he immediately turned around to evade it.

Su Yu took this opportunity to soar into the sky, and after he passed through the underground channel, he fled toward the outside at full speed. What Su Yu wanted wasn’t to escape, but to just gain enough time to allow Xia Jingyu to consume the pill. After all, he knew that he wouldn’t be capable of helping Xia Jingyu, who had already lost her soul, to consume it while he was engaged in battle.

At such a juncture, Su Yu was even willing to give up the Underworld Pearl. This wasn’t surprising, as he would give up anything for Xia Jingyu.

Delight appeared in the Blood Emperor's eyes upon realizing this. He knew that, if he could take such an object for himself, it would surely become one of his most powerful magical treasures.

However, the Blood Emperor didn't take it immediately for two reasons. The first reason was that it was extremely heavy, and even someone like him didn't dare to touch it rashly without making proper preparations beforehand. After all, the memory of the destruction of his arms and legs by this pearl in the past fight was still vivid in his mind.

The second reason was that what he cared about most now was the Fate Altering Pill, as getting such a heaven-defying divine pill was tantamount to getting another life. If he wasted time on the Underworld Pearl, thus leaving Su Yu with enough time to take a breather, then the pill would surely be fed to Xia Jingyu!

For these reasons, the Blood Emperor didn't give a second thought to it before he chased after Su Yu. Although strictly speaking, he didn't really chase after him, but teleported toward him.

It was only with great difficulty that Su Yu managed to finally pass through the tunnel and reach the outside world. When he got there, he was greeted by the sight of a person, who was wearing a blood-red suit of armor. It was the Blood Emperor!

"Kid, where are you running to?" the Blood Emperor asked as he thrust his palm at him.

Su Yu's pupils contracted, but he didn't panic, as he was already prepared for this circumstance. At that moment, he emitted a scarlet radiance out of his right eye as he shouted, "Spatial cyclone!"

Then, a spatial cyclone appeared before Su Yu suddenly. In the past war, within the Hundred Territories Alliance's domain, he had used a spatial cyclone to help Zi Dong escape.

Su Yu's had two spatial abilities, which were spatial teleportation and the spatial cyclone. The first was used for short-distance teleportation to a precise place, while the other was used for long-distance teleportation to a random place.

Since the Blood Emperor had already shattered the space within a hundred-meters, Su Yu knew that he couldn't complete short-distance teleportations. So, he could only carry long-distance teleportations. Once the spatial cyclone appeared, Su Yu entered it.

Upon seeing him, the Blood Emperor's palm strike landed on thin air and surprise appeared on his face as he screamed, "This is awful!"

However, there wasn't panic on the Blood Emperor's face. Instead, a cold expression appeared on it as he yelled, "You are courting death!" As his words echoed throughout the space, he disappeared.

Su Yu, who was in the spatial cyclone, felt like he had gone through countless teleportations by the time he finally reached his destination. Once he got there, he discovered that he was among the boundless nine firmaments.

When he lowered his head and took a look around, he saw an extremely blue planet, which was very similar to Earth. He also saw that there was a palm-shaped continent on this planet.

"The Zhenlong World!" Su Yu recognized it with a single glance, as he had once seen a similar scene as he was teleporting from the Mysterious Heavenly Divine Pavilion to the Zhenlong Continent.

The Zhenlong World was actually a planet, and although Su Yu wasn't new to such a notion, he did wonder what it was like.

"I unexpectedly teleported to outer space?" Su Yu was surprised, and it seemed to him like the spatial cyclone had experienced a fundamental change after being sealed for so long.

In the past, Zi Dong had been teleported only as far as the northern continent. But now, Su Yu had been teleported directly to outer space!

Since he was pressed for time now, Su Yu didn't give any more thought to it, but directly placed the Fate Altering Pill in Xia Jingyu's mouth. However, a burst of spatial power appeared at that exact moment. As it had appeared quite suddenly, it caught Su Yu off guard.

Then, an extremely powerful space power shook Su Yu, causing him to let go of Xia Jingyu's body, who had been in his embrace. After that, a giant hand reached out of the spatial storm and held Xia Jingyu. At the same time, a person clothed in a blood-red armor, strode out of the spatial storm!

"Hehe..." after the Blood Emperor showed himself, Su Yu saw that he held Xia Jingyu's neck!

Then, a cruel and cold smile appeared on the Blood Emperor's face as he said, "I already told you that using spatial power in the face of an All Creation Old Monsters is ignorant and laughable!"

Su Yu finally stepped out of the spatial storm and stabilized himself with great difficulty. Then, as he looked at Xia Jingyu, held captive by the Blood Emperor, his pupils contracted and his heart thumped fiercely.

"Let go of her! I can give you anything you want besides the Fate Altering Pill," Su Yu shouted as his eyes remained fixed on Xia Jingyu's body.

He knew that if her body was destroyed, then he would never see her again. He could not bear that, as she was his only true love! If even Qin Xianer's death could make Su Yu's heart become cold and callous, then he could only imagine how Xia Jingyu death would affect him!

The Blood Emperor revealed a sinister faint smile as he said, "I only want the Fate Altering Pill! As for other things that belong to you, I will take them for myself, one by one, including your life!"

Su Yu knew that he wasn't even qualified to negotiate because his opponent had absolute martial power. So, he felt a bit defeated at the moment, yet he was determined to not give up.

"Lad... Bid her farewell! Haha!" The Blood Emperor laughed cruelly as a fire started burning between his fingers. Then, Xia Jingyu's body was instantly engulfed by the raging flames.

"No!" Su Yu flew into a rage, as he felt like his heart was being torn apart viciously.

Completely disregarded the spatial power's menacing force, Su Yu pounced at the Blood Emperor. The Blood Emperor sneered coldly, and opened his palm, causing Xia Jingyu to fall down like a splendid shooting star.

As she fell down toward the planet beneath them, the intense friction that was caused in the atmosphere caused the flames that surrounded her to become even more intense. Due to this, her beautiful body gradually melted among the raging flames.

Seeing this, Su Yu's gaze became lusterless, and he looked as if he had just sustained a destructive blow. His eyes were bloodshot and seemed wholly scarlet.

He roared crazily and threw himself toward the falling Xia Jingyu, chasing after her at full speed. As he watched him, the Blood Emperor sneered coldly and pointed his finger at him, shooting a wisp of spatial power that landed right in front of Su Yu's body before it exploded.

At this point, Su Yu went crazy and lost all reason. He turned and charged right at the spatial explosion!

Bang!

As he made contact with it, his right arm was shattered and his left arm disintegrated. His chest was also torn apart, and some cracks even appeared on his head.

His whole body had disintegrated partially, and the pain that this brought reached such an inhuman level that ordinary people wouldn't be capable of bearing it. They would probably just have fainted on the spot! But, as Su Yu was only thinking of Xia Jingyu, he didn't feel any pain at all.

The Fate Altering Pill in his palm emitted a multi-colored radiance, and a boundless life force surged out of it. The life force then entered Su Yu's disintegrated body, healing it quickly. Its effects were almost comparable to the Blood Emperor's Undying Silver Body.

Upon seeing this, the Blood Emperor snorted coldly. He then pointed at Su Yu several times, while many bursts of spatial power erupted in front of Su Yu.

But, Su Yu was still safe and sound. At this moment, even though his body was being unceasingly destroyed among the explosions, it was also being reborn among them at the same time. This cyclical process repeated itself over and over again.

Su Yu's exploded blood smeared the starry sky with a reddish color, like scarlet. The vibrant color seemed quite conspicuous amid such a boundless darkness.

Su Yu disregarded everything and continued chasing after Xia Jingyu. Although the distance between them was just about three thousand meters, it seemed endless, as if they were situated at two opposite ends of the galaxy!

Su Yu felt like he had been chasing after her for several years, and he had to cross several dimensions before he gradually got closer to her in the end. Now, he was a mere three meters away from his beloved!

Su Yu flew over to Xia Jingyu and embraced her, while the flames spread that were surrounded her spread to his body and burned his own flesh before swallowing up his disintegrated body.

At that moment, their bodies fused together, then turned into a giant fireball, which fell down toward the Zhenlong Continent.

Bang!

As if a star had just died here, the intense collision gave rise to a boundless storm of dust, which engulfed the whole continent. Then, a giant pothole, which was as big as the northern continent, appeared on the main continent.

A blood-red magma surged out of the deepest part of the hole, burning everything around it. In the deepest part of the hole, above a giant boulder that was floating on the magma, Su Yu called out to Xia Jingyu.

“Jingyu...” Su Yu’s voice was hoarse and his eyes were scarlet.

At that moment, a Vital Energy surged out of his body like a tide, extinguishing the flames on Xia Jingyu’s body. Since he had the Fate Altering Pill, as long as Xia Jingyu’s body wasn’t completely destroyed, he could still bring her back from the brink of death!

“It isn’t too late!” Su Yu exclaimed, while his despondent heart recovered its previous hope.

He quickly placed the Fate Altering Pill in Xia Jingyu’s mouth. After the pill entered her body, her burn injuries started to heal. Now, it was just a matter of time before she would completely come back to life!

“Stop! You little b*stard!” the Blood Emperor shouted.

He had just teleported here, but it was already too late. Upon realizing this, he flew into a rage, and as he shouted, he strode forward and wanted to grab Xia Jingyu. “I will have that Fate Altering Pill, even if I need to cut open her belly to get it!”

However, just when he started to move toward her, Xia Jingyu’s body started melting! Soon, her whole body started becoming transparent. It then started to dissipate and transform into sparkling specks of light, which soon disappeared among the world!

She had obviously already consumed the Fate Altering Pill. Yet, not only did she not come back to life, but even her body had now perished!

“Ah! Jingyu!” Su Yu shouted angrily as he poured his Vital Energy into her.

He felt helpless, as he wanted to stop this process, but he saw that it wasn’t of any use. Xia Jingyu was still melting, right before his eyes!

Thump!

At that moment, the Fate Altering Pill, which Xia Jingyu hadn’t even been able to digest yet, tumbled out of her body, rolling to a stop right in front of Su Yu’s knee.

“What did you do to her?” Su Yu yelled at the Blood Emperor in an accusatory tone, while his scarlet eyes flickered like lightning.

He looked like a wild beast that had lost its mind. When Su Yu glared at the Blood Emperor, even someone as great as the Blood Emperor felt his heart palpitating, as Su Yu’s gaze at the moment did not even look human!

However, when the Blood Emperor finally returned to his senses after such a shock, he became overjoyed and sneered at Su Yu as he replied, “It isn’t related to me! Her body melted because the

poison in her erupted out suddenly. She must have consumed a deadly poison earlier in order to prevent you from using the Fate Altering Pill on her after her death!”

He then added, disdain dripping from his voice, “She’s really a foolish woman!”

Upon hearing this, Su Yu’s heart was shaken. It took a long while before he finally managed to return to his senses. When he did, he was soon lost in deep thought, wondering... When could she have consumed such a deadly poison?

Chapter 730: Space-Time Reverse Flow

Su Yu suddenly recalled that when Xia Jingyu was within the Duke of Xianyu’s manor, among the pear flowers and beneath the moon, she drank wine. So, he had to wonder...

Did she consume the deadly poison at that time? She should have known early on that Su Yu would try to use the Fate Altering Pill to revive her, so she must have consumed an elixir that let her body disappear in anticipation of that day!

“Even after her death, she still continued considering my well-being...” Su Yu murmured as his eyes became vacant and grief welled up in his heart. He was touched by her actions.

“But, I still don’t want such an outcome,” he murmured as a resplendent glow shot out of his eyes.

Sizzle!

At that moment, a dazzling Milky Way appeared on his right palm, and it emitted a resplendent starlight.

The Blood Emperor was startled and amazed by it. “What kind of object is this?” Even an All Creation expert like him couldn’t recognize what it was.

Su Yu placed his right palm, which flickered in starlight, on Xia Jingyu’s belly. The starlight went through Xia Jingyu’s whole body before returning to Su Yu’s palm, and when it dissipated, a dark purple powder was revealed on Su Yu’s palm. It was the deadly poison, which he had just extracted from Xia Jingyu’s body!

Xia Jingyu’s transparent body started to quickly recover and become tangible once again. In the end, her body was preserved!

“Lad, I will take care of this treasure for you.” The Blood Emperor’s pupils contracted, and although he couldn’t recognize what it was, he could clearly see how amazing it was just from the fact that it had managed to instantly purify the poison within Xia Jingyu’s body!

Su Yu turned a deaf ear to his words as he held Xia Jingyu and quickly stuffed the Fate Altering Pill into her mouth.

“B*stard! Do you think that you or she stand a chance with me here?” The Blood Emperor laughed cruelly as he looked at Xia Jingyu. “Do you think it will so easy for you to get rid of the flames on her body?”

What does he mean? Su Yu's heart thumped intensely upon hearing his words. He didn't understand his meaning.

Sizzle!

Suddenly, a faint noise transmitted to Su Yu's ears. It was the sound of some flames burning.

At that moment, he felt that Xia Jingyu's body was blazing hot, and she had also become lighter. His eyes were filled with alarm as he lowered his head slowly and looked at her in disbelief.

In that instant, Xia Jingyu's, which was in his embrace, was burned into ashes, which then fluttered in the air and fell into the magma. She was dead.

He had just lost a fairy-like woman, who had risked her life for him many times over. As he realized that her beautiful silhouette was erased from his life forever, an intense pain welled up in his heart.

Thump!

A faint sound echoed as a black book flew out of his pocket and floated in front of him. It was the low-grade divine artifact, the Starry Sky Heavenly Book.

It was a divine artifact that could store a great amount of memories. It had belonged to Xia Jingyu, who had then entrusted it to Xianer to give to Su Yu when she had suffered dangers in the Dragon Abyss.

This book had a wisp of her will on it, and if it was forcefully opened, it would be destroyed. Only after Xia Jingyu died could it be opened. Now, since both Xia Jingyu's body and soul were exterminated and she was thoroughly erased from this world, the book opened by itself!

Su Yu's fuzzy gaze looked at the Starry Sky Heavenly Book, which had just flown by itself and opened itself! At that moment, a fluorescent light shot out of it and formed a screen before him. It was a projection of the memories within the book!

The person who appeared in the screen was none other than Xia Jingyu! Seeing this, the absent-minded Su Yu came back to his senses. As he held the Starry Sky Heavenly Book in his hands, he looked up at her image excitedly.

The book had recorded Xia Jingyu's life, not missing a single detail of it. She had recorded all of the places she had ever passed by, as well as all of the objects that she had ever seen, like mountains, noisy places bustling with people, and all kind of martial techniques!

Practically everything was within this book! It was almost as if she was touring and exploring the world for another person, then recording all of her experiences in this one book.

Su Yu's mind was shaken greatly as he recalled a promise that he had almost forgotten. Before Xia Jingyu left Shenyue Island, she had agreed to explore the flourishing Zhenlong Continent for him, using her eyes to observe it for him.

Clearly, she didn't forget that promise, and she had used the Starry Sky Heavenly Book to record everything that she saw.

The sceneries on the screen continued fluctuating till they reached their last scene, which was at the Dragon Abyss. Xia Jingyu was holding the Starry Sky Heavenly Book, while sitting alone on a stone and looking into the distance.

She revealed a faint smile. Then, as if she was able to see to the other side of the screen, and seeing Su Yu, who was now observing her, she turned towards his direction with an affectionate gaze and said, “Brother Su Yu, when you see this recording, I will no longer be alive. I simply hope that I managed to die in your embrace.”

As she spoke, her cheeks became flushed. She seemed especially beautiful at such a moment.

She clenched her teeth, then said, “Brother Su Yu, I don’t know whether I informed you about my feelings for you before I died or not, but in any case, the fact is that I have always loved you.”

She then asked, while regret appeared on her face, “My words should have scared you... Did they? I’m probably too selfish, as even though I know that you have Xianer, I most likely still troubled you with dealing with the knowing of my own love for you.”

After she pondered for a moment, Xia Jingyu shook her head. She then forced herself to continue, “In any case, I’m already dead, so you don’t need to care about it any longer.”

Her smile was bitter and lonely as she said, “Brother Su Yu, farewell. As these will probably be the last words that I will ever say to you, please don’t be aggrieved by my death. It’s only because of you that my world became more colorful and filled with expectations. I lived contentedly and didn’t have any regrets.”

Xia Jingyu then stood up and said, “I will express my good wishes for you one last time. I hope that you and Xianer can grow old together. Farewell, my beloved brother Su Yu.”

As her voice slowly faded away, the Starry Sky Heavenly Book’s fluorescent light disappeared. It then closed itself and fell on Su Yu’s palm.

Su Yu tried to grab the disappearing woman in the screen subconsciously, but what he managed to grab was just an illusory image. Su Yu’s gaze became fuzzy as tears fell from his eyes onto the book, thoroughly drenching it.

“Petty and low beings always love to comfort each other with those so-called emotions, without knowing that such things are just a waste of time!” The Blood Emperor spoke coldly as he raised his palm and sucked the Fate Altering Pill toward him.

However, just when the pill just started flying, it was grabbed by a palm! Su Yu had stored away the Starry Sky Heavenly Book in the Nine Jade Spiritual Pearl before he raised his head and looked at the remaining ashes on his palm, he then took back the Fate Altering Pill!

His white hair hung loosely and covered his face, covering his current expression, which was filled with hatred and killing intent. “I want you to die!” Su Yu yelled.

A Half Fairy Realm lad like him wanting to take the life of an All Creation Old Monster would seem like just a joke to most anyone, but the Blood Emperor still felt restless and nervous for an instant when he heard his words. In fact, he felt his heart becoming quite heavy.

He had already cultivated for innumerable years, and his Divine Decree had already fused with the world, so he could faintly sense ominous occurrences before they happened. As such, the heavy feeling which he had a moment ago was an ominous premonition! He knew that he mustn’t stay in the Zhenlong Continent for much longer!

“I should first kill you before considering it.” The Blood Emperor’s gaze became grave. He knew that his power was capable of killing Su Yu on the spot.

However, Su Yu raised his head, opened his mouth, and swallowed down the Fate Altering Pill at that very moment! This pill contained tremendous life force, and it was like the deadliest of poisons to living people. So, if Su Yu ate it, he would surely die!

“Lad... You...” The Blood Emperor was startled and angered, as he felt like Su Yu had truly gone crazy.

His hatred raged on even more as he saw the pill’s medicinal power begin to spread throughout Su Yu’s body. This made him become ever more wary of Su Yu.

After all, the most terrifying people in the world weren’t peerlessly powerful enemies, but madmen! This was especially true if it was a madman who didn’t even care about his life!

After the Blood Emperor lost the pill, the restless feeling in his heart became even more intense. Although he knew he must quickly leave this place, that fact that he still hadn’t finished his mission of killing Shen Yichen weighed on him.

“I don’t have enough time left, so I should just destroy this world another time, along with Shen Yichen.” After the Blood Emperor spoke, he teleported instantly to the starry sky and looked at the blue planet before him.

He then took a deep breath, and as a dragon’s roar echoed from his body, a boundless All Creation’s power surged out of him. A dazzling moonlight appeared on his left palm, while peerless sun’s rays appeared on his right palm.

His palms held the sun and the moon, and they controlled the greatest Yin and Yan objects in existence. At the same time, a crown, which contained a sun, moon, and stars appeared above his head.

His upright and tall body seemed like the body of a heavenly god, and a dazzling radiance shone out of his palms, illuminating the dark outer space around him. A dazzling radiance of a moon and sun appeared here, and it seemed like they wanted to rival the real moon and sun!

“Heaven Extinguishing Divine Palm,” the Blood Emperor shouted.

A long time ago, the Zhenlong Continent had suffered a great disaster, which had left giant palm prints on it until this day. The palm print that destroyed the Zhenlong Continent was the last move of the Heaven Extinguishing Divine Palm Technique. It was the Bright Light Divine Palm, and such a palm had now appeared once again!

In the past, the Jiuzhou Emperor had recreated the continent and saved this world. But, there was no one here to save it today.

“Disappear!” As the Blood Emperor waved his palm down at it, a palm seal, which flickered with the moon’s and sun’s radiances, traversed the starry sky and flew toward a blue planet. As it made its way, it turned all of the meteorites in its path into ashes.

Each corner of the Zhenlong Continent was engulfed by this dazzling radiance. It was a radiance that announced the end of the world!

As the palm seal fell down, everything from the ocean to the southern continent was stamped down and engulfed by it.

Bang!

Then, a destructive power swept over the whole world, and everything that it passed was shattered into nothingness. In that moment, the whole Zhenlong Continent instantly disappeared, and Wu Yan, the King of Darkness, and the people within the Dragon Abyss were all exterminated along with the world, as the whole blue planet turned into nothingness and was erased from the starry sky. The whole world descended into silence at such a moment, as all of the experts within the continents were instantly exterminated.

The Blood Emperor took back his palm and said, "Those lowly beings should all be exterminated now."

However, just after he finished speaking, his pupils contracted. He saw that there was something within the silent ruin that was left in the outer space. There appeared to be two powerful life forces emanating from there!

When he looked closer, he found that there were two intact bodies there, which were floating within the silent starry sky. One of them was a lovely woman, who seemed like she was sleeping peacefully. Her whole body was filled with a great life force, and all of her injuries that had been by such a destructive power had all been instantly healed.

The other figure was a white-haired youth, who stood calmly among the ruins, while his scarlet eyes emitted a terrifying killing intent. His body was brimming with a terrifying life force, which even the menacing destructive power couldn't affect.

The Fate Altering Pill was really capable of enabling them to survive such a world-destroying disaster! It was just like Xia Jingyu had said!

However, he didn't want just himself alone to be saved. As he lowered his head and looked at the ashes on his palm, he laughed. Even though his world was destroyed and his surroundings had descended into eternal silence, he still laughed loudly.

His laughter reverberated in the starry sky. It was a laughter that was filled with sadness, yet also with decisiveness.

He shouted crazily, "Jingyu, as you sacrificed yourself for me, then why don't I will return the favor. I never once believed in fate throughout my whole life. In fact, I always defied fate as I proceeded forward, and this time, I will even upturn the wheel of fate for you!"

A burst of frantic laughter reverberated in the starry sky as the glow within the Blood Emperor's eyes fluctuated. His restless feeling also became even more intense.

"It isn't up to Heaven whether someone should die or not, and it's also not up to fate, it's up to just me alone." Su Yu pointed his finger at heaven as he shouted loudly.

He had a pair of crimson eyes, one of which shone with a violet light, while the other shone with a scarlet light. Their radiances illuminated the starry sky. He was about to use both his time and space powers at the same moment...

“Wheel of Life and Death, Space-Time Reverse Flow,” Su Yu shouted in a loud voice, while the expansive starry sky was covered by his time-space power. He was causing everything to return to a past space-time node!

“How’s is this possible? Time and space were forever going forward without stopping, so how could they flow backwards?” the Blood Emperor wondered aloud, as he didn’t believe his eyes!

However, in the next moment, he became petrified and froze in his place. As a scarlet and purple radiance engulfed the space in which the world had just been destroyed world, everything started returning to its previous state!

The Zhenlong Continent returned from ruins to its previous state. The explosions also disappeared as the stars became intact and complete once again. Also, many experts who had just died, like Wu Yan, the King of Darkness, and Jiu Yuanzhou, returned to their previous states pre-death!

The Bright Light Divine Palm, which had caused all of this devastation, started swiftly retreating. In that moment, everything returned to its previous state.

Actually, it wasn’t returning to its previous space, as it was space-time, which was flowing backwards. So, he actually ended up returning to the past, before the destruction of the world ever first occurred!

However, it still didn’t stop even at such a moment, as time was still flowing backwards! Su Yu wanted to return to the moment before Xia Jingyu’s death!
