

No Chance 112

Chapter 112 Dazed

Time was slipping away.

Elisa and the others were on their respective tasks.

They had been following up with each other in their group chat.

Rachel: I found Hayden. Managed to speak to him and told him everything. He is happy and asked me if Sheen would like to go out with him!

Sheena: Appreciated that! I have made peace with my family too. My dad is very pleased that I have finally agreed to the marriage. My mother is kinder to me now than before. I hope the changes in them are genuine...

Rachel: Don't be sad! Sometimes things don't work out the way you think they would. Perhaps your parents are victims of the circumstances too. Stop thinking too much! We just need to focus on our tasks. We are progressing in the right direction. No?

Sheena: Okay, then.

Elisa: I have met Renee. I'm anticipating her message to meet up tonight.

Sheena: I'm a little worried. Is she really going to find you? After all, she is the key to our success.

Elisa: Don't worry, she will find me. Her pride won't allow her to be taken advantage of. I didn't know her, but I know her better now. She would rather die than give in. I gave her a choice, it's all up to her now.
