

No Chance 1218

CHAPTER 1218 SEE WHAT I'LL DO TO HER!

"I understand." Elisa sighed lightly. She naturally understood her best friend's thoughts but said, "You and Vincent... should talk if you have the time."

That's right... The man was Vincent. It was something that particularly repulsed Rachel.

Rachel immediately retorted, "What is there to talk about?! It's come to this, and I don't want to talk to him! It was my first time! D*mn! I gave it away to a scum!"

Rachel's voice sounded slightly despairing. She complained again, "Other people's first time may be beautiful, but I only freaking remember my backache! It's my fault! I was too careless! I really want to kill her!"

She wanted to kill her cousin, who had set her up.

But... Rachel didn't say that she secretly felt slightly glad yet afraid that it was Vincent who had entered that day.

What if...

It had been an old man who had come in...

Elisa sighed softly. At this time, she didn't know how to console Rachel. Rachel had also gone through her saddest phase. Elisa felt slightly regretful. She had been swamped recently, so she hadn't been in much contact with Rachel, and she didn't notice something wrong with Rachel.

Otherwise, she could have at least kept Rachel company when Rachel was at her lowest.

Elisa looked at Rachel sitting on the chair and holding her cell phone with a complicated expression. Elisa held Rachel's hand. "Calm down. Since it has happened, you have to face it."

Comforting words were useless. Elisa hoped that Rachel could recover and not let her imagination run wild.

Rachel waved casually. "Ah, I'm still a dignified woman. I don't care. When I meet someone who loves me in the future, I'm sure he won't care! Whatever!"

She seemed like she didn't care and was at ease.

But Elisa knew that she felt restless. If she really didn't care, how would she not have fooled around with men all these years? Rachel was clearly a beautiful girl and had many pursuers over the years. She would have done it with a young man earlier if she didn't care.

There was no need for her to be like that.

By doing so, Rachel only wanted Elisa not to worry.

Elisa didn't say anything and nodded. "I will investigate this for you."

Rachel pursed her lips. "It's fine. Vincent knows what to do. If his enemies want to use me to threaten me, they're too dumb. As for my end, I'll deal with my cousin!"

"Hmm?" Elisa looked at her. "What do you plan to do?"

"I can't sue her even if there is evidence, can I? I don't want to do it, even if it's just for my reputation. Furthermore, I'm still a respectable lady. I don't care! But since she dares to do such a thing to me, I need to get back at her! Otherwise, I can't take it!"

Elisa's gaze froze. "Be careful. Since she has plotted against you, it's only natural for her to be devious. Don't be at a disadvantage. Tell me if you want to deal with her."

Rachel suddenly smiled. She patted Elisa with her right hand and said confidently, "It's alright. I know about my cousin's family situation. She can't beat me. Don't worry! See what I'll do to her in the end!"
