Chapter 147 A Sudden Drop in Rank

Julia was elated. It made her so happy that she jumped with joy.

At the time, she and Jerry had witnessed what happened. Thus, Julia smiled and said, "Did you see that? My granddaughter-in-law still likes my grandson! Since she does not allow Linda to marry Gareth, I shall give her a hand!"

Jerry was conflicted because he knew his mother was deliberately deluding herself.

Jerry understood Elisa had done that because she could not stand watching Linda and Gareth's betrayal. It was only an act of revenge, and she had long ceased to love Gareth.

However, Julia was in such a good mood that she could not stop smiling. Thus, Jerry did not break the truth to her.

Julia did not hesitate to express her support for Elisa at the banquet.

Jerry understood his mother did not want Elisa to be at the receiving end of others' prejudices.. She also did not want anyone to look down on Elisa after her divorce, so she showed that the Wickam family would always stand on Elisa's side.
