Chapter 78 How Could You Make Up Such Rumors?

Shirley Lowe opened her mouth wide in disbelief. She was gawking at the two people sitting adjacent to each other on the second floor.

“Oh my God! Isn’t that Gareth’s father and Elisa? Why...are they here together?!”

Here, everyone knew the names of the rich. Mr. Wickam was not an exception.

Linda Benett had an irritated look. Mr. Wickam had always favored Elisa, therefore he must be trying to persuade her back into marriage!

These two had a difficult time getting divorced, and she could not under any circumstances allow them to reconcile!

Shirley looked at her and questioned, “Linda, what are you doing?”

Benett smiled, “Uncle Wickam always made Elisa his favorite. There can only be one reason why he is out with her, he must be trying to persuade them back into a marriage. I’ll have Garry look at these pictures to understand how much his father wants them back
