No Way Back Chapter 131-Peter was afraid that Jane would say something else that would provoke Dwayne.

Even if...

Dwayne was already very agitated by now.

"That won't do. This kind of \*\*\*is meaningless to me. The so-called world championship is a

complete joke. He's just a punching bag that I can't even take seriously. This thing is making my hands \*\*\*."

When Jane finished speaking, she threw Dwayne's championship belt on the ground

And then, she rained several kicks on it.

One kick after another.

She stomped hard on the champion's belt.

The "WWE carving was made of gold.

There were also diamonds engraved on the belt.

She stomped and destroyed them all.

And then, Jane threw that "honor" into the trash can in front of everyone.

Everyone was speechless.

It was so silent that a pin drop could be heard.

Holy \*\*\*\*\*!

\*\*\*!

Jane's move was so ruthless.

The whole thing was heart-wrenching to watch.

There was no better way to humiliate Dwayne than that.

Peter wanted to cover Dwayne's eyes.

*He did not want Dwayne to see what was happening.*

*But it was too late.*

*Even now, Peter did not dare to look at Dwayne's expression.*

*How pale he must look.*

That was the championship belt that Dwayne was most proud of.

Peter had seen how precious this "honor" was to Dwayne.

Now that Jane had defeated him, his "honor" was trampled on. Not even a \*\*\*was left. She had thrown it all into the trash can...

"Oh, gosh. I'm sweating. How troublesome. I'm going to take a shower."

Jane did not show the slightest hint of emotion.

She could not even be bothered to look at Dwayne and the others.

She walked straight into the ladies' bathroom and planned to wash up, change her clothes, and leave.

In any case, she had had enough fun today.

*Jane left.*

Doug then swallowed a mouthful of saliva. "So... what should we do now?"

"Dwayne, I'll take you back first. Come, get up."

Peter wanted to pull Dwayne up.

Dwayne was now like a shell whose soul had been \*\*\*\*dry.

Peter and Doug propped Dwayne up and left.

No matter what Peter and Dwayne said....

Dwayne did not respond.

His face was ashen.

This time, Jane had beaten him up badly. He had \*\*\* the world around him and retreated into himself.

After pulling Dwayne into Peter's car, Doug brought over Dwayne's backpack, clothes, equipment, and

*so on.*

"Thank you. As for the belt that Jane threw into the trash can, please keep it for me first. I'll come back to get it later."

Even though Peter knew that after this incident, the championship belt no longer meant "honor" to Dwayne but a massive humiliation, he could not just leave it in the trash can.

*"I know."*

*Peter left.*

But he had forgotten something important.

The people in the gym had recorded the entire fight between Jane and Dwayne.

Seeing that the dust had settled, they secretly uploaded the video to Moments and tagged the boxing interest group members.

It set off a storm.

Almost everyone in the boxing circle knew about Dwayne, the youngest-ever WWE Champion of Cruksia.

After seeing Jane nearly beat Dwayne to a pulp and make him unable to fight back, everyone was filled with respect and curiosity for Jane, calling her the "Queen of Fighters".

This time, Jane had gone viral.

The dust had not settled completely.

Jane returned to her apartment.

She was about to swipe her access card and enter.

But at that moment...

A figure appeared in front of Jane.

"Jane, I have something to tell you."

*It was Anna.*

Jane's eyes were glum. "Seriously. You don't know when to quit unless I do this the hard way. Wasn't it enough that I scolded you last time? Have you come knocking on my door so I can scold you again?"

Something was wrong. The Fowler family must have wanted to retaliate against her.

Jane had wanted to cut ties with the Fowler family and focus on finding a way to treat Yale. She was also thinking of her mentor.

She wanted to use her ability to pave her future and serve her country.

But in the end...

No matter where she went, the Fowlers followed her like \*\*\*ghosts..

They refused to let go of Jane.

Jane, I know you \*\*\*me, but... I'm here about Luna. Name your price. As long as you don't post that video of Luna, I'll do my best to fulfill your wish."

*Anna was going all out this time.*

*She had expected Jane's cold expression.*

*Anna was used to Jane's sarcasm, after all, even though she would rather die than get used to such a thing.*

*Jane could not be bothered with Anna and was about to open the door,*

*But Anna panicked and quickly blocked the door.*

*Jane mercilessly swung the door toward Anna.*

*It happened to hit Anna's hand.*

*"Ah!"*

*Anna's hand was caught on the door. She covered her hand in pain and kept \*\*\*\*in the air.*

*In an instant, her hand was covered in bruises.*

*"I didn't do it on purpose. You came up all of a sudden."*

*Jane said calmly.*

*And yet...*

*She did do it on purpose.*

*Why did Anna have to be so annoying?*

*Because of the Fowler family, Jane's plan was not even half completed.*

*At the very least, she had to get back some interest.*

*Anna endured the pain in her fingers and broke out in a cold sweat. She stared at Jane and put on a humble expression.*

*"Jane... I'm serious. Name your price. As long as you say it, I'll make it happen immediately. Destroy the video, and I'll leave. You'll never see me again."*

*"Oh. That's touching. Anna, oh, Anna. Those who don't know any better would think Luna is your biological daughter. After Luna's accident, her biological mother disappeared without a trace. When you, her best friend, stood up for her, you even let me hurt you. You don't even dare to scold me like you used to. Why are you so submissive now? What a joke. Say... Could you possibly have cheated on Jack. and had an affair with Raymond? And that Luna is your biological daughter? If that's the case, it's quite interesting."*

*Jane had caught on to Anna's secret.*

*Anna was furious.*

*"You! Jane, I know you \*\*\*me. It doesn't matter how you humiliate me, but you can't distort the truth and \*\*\*\*\* nonsense. I would never betray Jack. I watched Luna grow up. You're the one who put her in this situation. It doesn't matter how much I don't want to admit that you're my biological daughter. If I hadn't insisted on looking for you back then, none of this would have happened. I'm doing this for my best friend. I want to atone for what I've done."*

*"Atonement?"*

*Jane seemed to have heard something funny.*

*Her lips curled into a cold smile.*

*"Okay. Atone for your best friend and her child. Did you realize you've never said such things to me, your biological daughter? You've condoned everyone's abuse, disregard, double standards, and discrimination toward me. You've done all kinds of bad things, But instead, you're willing to do anything*

*for someone else's daughter. If I have no talent, you won't even look at me. If the same thing happened*

*to me and I suffered the same thing as she did, would you go this far for me?"*

*7-*

*No Way Back Chapter 132-After Jane questioned her, Anna was stunned.*

*She was right.*

*If Jane was treated the same way, what would Anna do?*

*Would she beg for Jane the same way she begged for Luna and Diane, not caring if she was injured?*

*Or would she blame Jane for being incompetent, causing trouble for herself, and asking her to clean up the mess?*

*"I... Of course, I would. After all, you're my biological daughter."*

*Perhaps Jane's eyes were too discerning.*

*The cold light emitted from her eyes seemed to be able to see through people's hearts.*

*Anna did not even dare to look Jane in the eye.*

*She seemed to be lacking in confidence.*

*"Why can't you look at me and say it? You've laid down your dignity for your best friend's daughter and begged the person you \*\*\*the most. You didn't back down even though you were hurt. But why? When it comes to pleading for your biological daughter, you seem unwilling and not determined at all. Anna, that's enough. Quit this 'good mother' act. I feel like throwing up whenever I see you."*

*Anna secretly clenched her fists.*

*\*\*\*with Jane's merciless accusations, Anna was powerless to refute her.*

*It was not only that she could not win against Jane.*

*But Anna was also uncertain.*

*If Jane were to face such a thing, would Anna step forward as she did today?*

*"Jane, we've already cut ties. I've done everything I can for you. My conscience is clear. It doesn't matter whether you \*\*\*me or not. This is just a deal. If you have any requests, tell me."*

*Anna's heart was a mess.*

*She did not want to continue talking to Jane.*

*Even she knew that she should not have appeared here today.*

*In a moment of weakness, she had agreed to Diane. She was only embarrassing herself now. Jane's eyes were cold as she smiled and said, "A clear conscience... Okay, Anna, if you want me to delete the video, sure. But are you sure you can fulfill my conditions?"*

At first, Anna did not have any hope.

But after hearing Jane's words, she could not help but be stunned.

Then, she said, "Tell me. As long as it's in my power, I will do it."

"No need to be so excited. You only have to agree to do it. You don't have to spend much effort, time, or money. So, Anna, kneel."

Anna could not believe what she was hearing.

"Why? Didn't you say you would do anything in your power? Anna, you said that you were the one who brought me, the root of the trouble, into the picture. You said you would atone for everything and fulfill all my conditions. So, kneel... It's such a simple condition. Once you bend your knees and kneel on the ground, won't you get what you want?"

*Jane said sarcastically.*

She raised her chin. Her eyes were filled with disdain.

Anna came back to her senses.

Her entire body was trembling.

"Jane! Don't push your luck.

"Who's the one pushing her luck? Do you think I want to see your \*\*\*\*\*face? You come looking for me every day and pretend to be my mother. You look like you're pleading, but the truth is you're giving orders from above. How \*\*\*. Since you can't do it, get lost.

My only condition is that you take Luna's place. Kneel, bark like a dog, and let me get it on film."

Since Anna liked to sacrifice herself for others...

Didn't she want to protect Luna and put on airs in front of Jane?

Jane wanted to see how far Anna would go.

Anna gritted her teeth in anger. "Jane! You never intended to let Luna off at all. You only wanted to humiliate me."

"You're the one who came to humiliate me. Do you think that everyone wants to lick your boots? Put away your haughty thoughts, Anna. Don't you remember that I know Andy and Hugh Croft, and I can. get them to help me deal with your family? Do you think I lack money or power? Don't underestimate

*me."*

After saying that, Jane pushed Anna hard.

Anna staggered and was caught off guard. Fortunately, she managed to steady herself.

Jane swiped her card, closed the door, and went upstairs.

She could not be bothered to waste any more time with Anna.

Anna did not have the chance to speak, but Jane was already upstairs.

She recalled Jane's words.

Her face turned ashen.

*She was right.*

Jane could make connections with Andy and Hugh.

How could she be short of money?

It was impossible to rope Jane in from this angle unless she could appease Jane.

It was just like what Jane said. She wanted Anna to kneel and bark like a dog...

*No... That's impossible.*

Anna would never do such a humiliating thing.

Anna could not call Diane.

She could only send Diane a message.

*"I failed, Diane. I'm sorry. About this matter... You'd better think of a way yourself."*

Anna could not tell Jane what to do.

She could not even protect herself.

The pain she felt from getting caught on the door was still coursing through her body.

*At that moment...*

*Jack called.*

*Anna took a deep breath and took her phone from her bag with her unhurt hand. She pretended to be calm, "Jack? What's wrong?"*

*"Oh, no. Honey, come back quickly. Something happened to Dwayne!"*

*Anna's face instantly turned pale. "What... What did you say? Alright, I'll go back immediately."*

*Anna rushed back to the mountaintop villa.*

*"Jack, how's it going?"*

*Jack sighed heavily. "Dwayne locked himself in his room. No matter how many times I called him, he wouldn't respond. Peter has already gone to persuade him..."*

*Peter came down from upstairs.*

*Meeting Jack and Anna's expectant gazes, Peter shook his head. "Dad, Mom. Dwayne might be in a bad mood. Let him calm down first and stop bothering him."*

*"What on earth happened? Wasn't he fine when we went out today..."*

*"You guys should look at this video."*

*Jack showed the video to Anna.*

*Anna took the phone, looking confused.*

*After watching the content, her expression instantly darkened.*

*"This is... Jane?"*

*"No... That's impossible. Something must have gone wrong with this video."*

*"Dwayne is the champion of the WWE World Championship. How could Jane beat him up so badly?" "Mom... It's true. I was there at the time. Dwayne insisted on fighting against Jane. This video was not tampered with from the beginning to the end. Dwayne did lose to Jane. That's why Dwayne is so... sad*

*now."*

*Actually....*

*Peter had wanted to use the word "self-isolating" to describe how Dwayne was at that moment.*

*It was the perfect word.*

*Jane had beat him up so horribly that he retreated into his shell.*

*After all, boxing was an ability that Dwayne was once so proud of.*

*Now, in front of Jane, whom he had once ignored and looked down on, he was beaten into a pulp.*

*Such a blow to his dignity was much more serious than what had happened to Peter back then.*

*No Way Back Chapter 133-"Damn it. Why is it Jane again... Why would Dwayne fight Jane for no reason?"*

*Jack lost his temper again, even though he repeatedly warned himself not to be angry.*

*This was to prevent him from rushing over to settle scores with Jane like last time, only to reveal a great weakness of his own.*

*"Dad, this has nothing to do with Jane. It was Dwayne who had insisted on competing with Jane. Jane didn't want to care about us at first. But Dwayne insisted, and then... he ended up like this."*

*Seeing that the Fowlers were about to misunderstand Jane again, Peter quickly explained.*

*"Peter... Why... are you speaking up for Jane?"*

*Anna looked at Peter in surprise.*

*She remembered that Peter \*\*\* Jane.*

*“I’m telling the truth, Mom. We can’t misunderstand Jane anymore. We owe her enough.*

*“We didn’t do a single thing that we promised Jane. She has our family blood. She’s my biological sister and your biological daughter.*

*“But other than aggression, pain, rejection, and confrontation, we didn’t give her anything else.”*

*Anna and Jack were stunned.*

*They looked at Peter in surprise.*

*Peter was still panting.*

*His face flushed red.*

*Peter had bottled these words in his heart for a long time.*

*At first, Peter knew that even if he told Jack and Anna, they would not be moved.*

*They would only think that there was something wrong with him.*

*They could not understand the pain of being misunderstood and abandoned by one’s family.*

*Jane had endured so much.*

*The terrifying thing was that they, the family members who had lost their sister for nineteen years, were used to it.*

*They subjected Jane to all kinds of emotional abuse.*

*Just thinking about it made Peter overwhelmed with guilt. It was like a tidal wave, suffocating him. How could a demon like him face the world?*

*“Peter is right.”*

*At that moment...*

*Henry’s voice was heard.*

*He was no longer as calm and steady as before or proud and confident.*

*Henry had dark circles under his eyes. He could not hide the fatigue in his expression.*

Even his thin lips were slightly pale..

It was obvious that he wanted to avoid the guilt he felt toward Jane. He wanted to drown his sorrow and throw himself into his work to numb himself.

Jack suddenly stood up. "Henry, you're back... The video of Dwayne..."

"I've already taken care of it. It's still under control and hasn't spread too far. Fortunately, I discovered it

in time. There shouldn't be any unnecessary trouble."

*"That's good..."*

Jack heaved a sigh of relief.

But afterward, he felt that something was wrong.

*"Henry, you just..."*

"I agree with Peter, Dad, Mom. We were indeed... too abusive toward Jane. Peter and I already know that we made a mistake. However, I wonder if Jane will still be willing to give us a chance to repent?" Henry laughed at himself.

Henry, oh, Henry, what time was it now?

How could he shamelessly think that Jane would give him a chance?

Did he think he could try his best to make up for it and make his family realize their mistakes?

Would Jane change her mind then?

Henry did not understand Jane.

But he knew the personality of queens.

For those who had given up and hurt the Queen, there would be a light punishment if the Queen did not take revenge.

Forgiveness was even more ridiculous.

Jack and Anna were speechless.

"Wait. My mind is a little confused now. Don't speak first."

Jack rubbed his temples.

What day was it today?

Where did Jane get the ability to beat Dwayne into a pulp?

Peter had been acting strangely recently, too. Whenever the Fowlers spoke ill of Jane, Peter would do his best to retort.

Henry had always \*\*Jane. She felt that Jane had caused Jack, the Fowler family, and the Fowler Corporation to suffer public humiliation. Didn't he want to get rid of them?

Sometimes, Jack wanted to persuade Henry not to \*\*\*Jane too much. After all, she was Henry's. biological sister and the Fowler family's blood flowed in her body.

Even though Jack wanted nothing more than to sever ties with Jane, the little bit of fatherly affection that remained in his heart was still causing a stir.

*In the end...*

Ever since Henry was discharged from the hospital, he seemed to have become a different person. He worked even harder.

He seemed to be running away from something.

And now, he was saying such things to Jack?

*Gosh.*

Anna gasped in pain.

Jack came to his senses and noticed the injury on Anna's hand. He immediately said, "Anna, what happened..."

"I'm fine. Someone accidentally clipped my hand. I wanted to get someone to deal with it, but I didn't expect Dwayne to suddenly appear..."

Anna did not dare to tell her family that Jane had injured her.

Because of Luna's matter, Diane repeatedly reminded Anna not to expose it.

"This is bad. Peter, quickly bring the first aid kit over. I'll apply medicine for your mother!"

*"Okay."*

The Fowler family's one true favorite was injured. This made them anxious.

He instantly forgot about Jane.

Anna saw her family's concerned expressions and could not help but open her mouth, wanting to say something.

But in the end, she could not say anything.

*Actually...*

Anna watched his three sons become like this because of Jane.

*In her heart...*

She felt a little guilty.

Because of what Jane had asked her to do.

At that time, Anna had been furious.

She did not think twice about it.

Now, Peter and the others had all changed their attitude toward Jane.

*And Anna could not help but recall what Jane had said.*

*Since Anna could bow and \*\*\*like that for Luna...*

*If Jane had not revealed how capable she was, she would still be the same as when she first came to the Fowler family.*

*After everything Jane would suffer, would Anna stand up for her?*

*At that time, Anna replied that he would.*

*But she had said it without any conviction.*

*Actually...*

*Anna did not know the answer, either.*

*Anna had proclaimed herself as a mother who had found her missing biological daughter. She had been missing for nineteen years. Did her actions reflect her image?*

*Anna was at wit's end.*

*The next day...*

*Jane returned to University of Oricle.*

*Jane could be said to be a public figure at the university.*

*She had many fans.*

*The National University Painting Competition champion would also be put on the recommendation list to try for the world championship.*

*She became viral on Tik Tok because of a painting.*

*She had once rescued a father and daughter before their car was about to explode.*

*She even broke Peter's record.*

*All sorts of achievements made Jane increasingly famous.*

*Currently, Jane's popularity had exploded.*

*Jane even had an official fanbase page on Twitter,*

*Many people rushed to take a photo with Jane and asked for her autograph.*

*Jane did not like such a chaotic environment. She pulled Lila aside and slipped away. They were so fast that no one could keep up.*

*The security guards helped to stop the crowd, too.*

*This was a university.*

*It was not a meet-and-greet venue.*

*Only by threatening them with "credits" did the fans let her go.*

*Behind Jane...*

*Not far away, Madelyn saw what was happening. She was jealous.*

*She secretly clenched her fists, nails digging into flesh.*

*Even the pain could not bring her back to her senses.*

*Damn!*

*Damn it!*

*No Way Back Chapter 134-Madelyn did not come home yesterday.*

*She went on a vacation with Layne at the bathhouse resort.*

*Layne had invited her personally.*

*To avoid Madelyn feeling awkward, he specially brought a few friends along.*

*He arranged a separate room for Madelyn.*

*Of course, Madelyn knew Layne's \*\*\*thoughts about her.*

*Pretending to hesitate at first, she then "barely agreed to the trip under the constant persuasion of Layne's friend.*

*In the past, Madelyn would have rejected him decisively.*

*Because Madelyn had to maintain her "true, kind, and beautiful" persona.*

*Going to the bathhouse resort with Layne would be overtly suggestive, even if others were with them*

*However, the storm Jane had caused was too massive*

*Everything around Madelyn was subtly influenced by what Jane did.*

*Therefore, Madelyn panicked and planned to lead Layne on a little.*

*And Madelyn had no idea about what happened yesterday.*

*If only she knew...*

*Madelyn would be even more devastated.*

*At that moment...*

*Madelyn's phone rang.*

*Seeing that it was a call from "that person", Madelyn's expression changed. She quickly went to a quieter place to answer the call.*

*"Hello? Did you find any clues about Jane?"*

*Recently, Madelyn had been frustrated with Jane and often called the harassment-slash-intelligence organization.*

*She urged them to find incriminating evidence on Jane and to do it soon.*

*After all, Madelyn had spent a lot of money on it.*

*That intelligence organization was also well-known.*

*But after receiving Madelyn's call several times, they were quite annoyed and angry.*

*They firmly expressed that they would not accept her commission.*

*Now, it was Madelyn's turn to panic. Quickly, she begged and pretended to sound pitiful so that the other party would not reject her request and return her money.*

*The money was a small matter. But if she did not quickly find Jane's weakness, she might be in deep. trouble*

*Unexpectedly, they took the initiative to call Madelyn today.*

*"We can't dig up any more information about Jane."*

*"What?"*

*Madelyn did not expect such an answer.*

*They might as well have rejected her request and refunded her, then. At least she would not have*

*wasted her money.*

*"But... We found some clues about the painting that Jane made public during the competition."*

*"At a charity dinner overseas a few years ago, we found a painting that was auctioned off for 2 million dollars. It was donated to charity. It's very similar to the style of painting she made public."*

*"The author of that painting is called-X. However, we can't find the artist anymore. A few years ago, he occasionally appeared at famous comic book conventions abroad. The paintings he drew were all featured and made into art installations at those conventions."*

*A similar style....*

Madelyn pursed her lips.

She could create a hashtag called [Jane Plagiarized].

“I understand. Let me see that painting.”

“There’s one more thing... The inspiration for Jane’s painting composition clashed with that of M.Y.S., who won the Picasso Painting Competition twice in a row recently. M.Y.S. is also known as the most talented and unparalleled painter among the younger generation. At the moment, we only investigated these two important pieces of information.”

*M.Y.S?*

Madelyn could not help but gasp.

Nowadays, if those who \*\*\*\*painting did not know the existence of a big shot like M.Y.S, it would be equivalent to saying that they had no idea who Van Gogh or Picasso was

But no one knew M.Y.S’s real name, and very few people had even seen M.Y.S. However, M.Y.S had reached the peak the moment he debuted.

He won the Van Gogh Newcomer’s Outstanding Award.

And he won the Picasso World Championship the following year.

It had been five years since M.Y.S debuted.

Not long ago, he won the Picasso World Championship again.

That was two consecutive championships.

The Picasso World Championship was held every three years.

One could say that M.Y.S was the defending champion.

This was unprecedented. Nothing like this ever happened in the history of the Picasso World. Championship.

No one expected M.Y.S to be able to defend the title twice in a row.

This time, talent had won over all the rules and prejudices.

After seeing M.Y.S’s work, the judges unanimously voted for M.Y.S.

They could no longer accommodate the other contestants.

Some people were born dazzling and were destined to shine as brightly as stars in the sky.

Whereas the rest of the generation, born with the bright star, was destined to be reduced to accompaniment.

Although Madelyn was upset...

But after seeing M.Y.S's work, she was completely devastated.

And she was willing to yield.

She was no match for him.

Just like the original painting Jane had shown at the National University Competition. It dazzled everyone.

All the contestants were overshadowed.

Although Madelyn's aspiration was not to become a painter, she wanted to enter the entertainment industry and become the best actress.

However, after knowing about M.Y.S.'s glorious achievements and seeing his paintings, Madelyn could be said to be his fan.

It was human nature to admire the powerful and talented.

"These two pieces of information are excellent. Send me the specific details. I want to check it myself." Madelyn was overjoyed.

If she could catch Jane red-handed...

M.Y.S. had a huge number of fans worldwide.

Jane would be destroyed.

Especially on an international stage like the World Series, which brought honor to the country.

If Jane had such a huge scandal....

Jane would be destroyed, once and for all.

Jane had no idea about Madelyn's scheme.

When she returned to the apartment, she was completely exhausted.

*She could not help but sigh.*

*“Being too famous is not a good thing...”*

*The next time she went to school, Jane decided to put on makeup and conceal herself.*

*Otherwise, she would be surrounded by people asking for autographs and photos.*

*At that moment...*

*Her phone vibrated.*

*Lila sent her a message.*

*[Janie, you're so famous now. My friends and family are asking me for your contact information and your autograph.]*

*Jane replied with a sad emoji. [This isn't what I want.]*

*Lila said, [There, there. Anyway, it's just a temporary thing. Just ignore them. It will pass quickly.] That was human nature.*

*Indeed, it felt good when she first became popular.*

*However, when Jane ignored them and did not boost her popularity, her popularity rose to another level.*

*But soon, she would be replaced by new hashtags, and other internet celebrities would divert*

*everyone's attention.*

*Netizens' memories were similar to those of goldfish.*

*All of them lasted three seconds.*

*Jane continued chatting with Lila for a while.*

*At that moment...*

*Hugh sent a message to Jane.*

*Hugh said, [I'll be back in Stormton City at seven o'clock tomorrow night.]*

*Hugh's flight had been scheduled for nine in the evening.*

*However, because his private jet still needed maintenance, the pilot would only take off when they were fully prepared.*

*Otherwise... If something did happen, they would die tens of thousands of meters above the ground.*

*But he desperately wanted to fly back to Stormton City to see Jane again.*

*Therefore, Hugh chose not to fly in his private jet.*

*Instead, he went to the airport to catch a plane.*

*Only then could he return to Stormton City sooner.*

*Jane said, [Okay, I'll send you the location when the time comes. I'll invite you over for a meal and bring some friends over. Hahaha.]*

*Seeing this, Hugh smiled.*

*But immediately, he felt a little unhappy.*

*It was Jane's treat.*

*But Connor and Robert, those two brats, would get to enjoy a free meal, too.*

*Hmph.*

*No Way Back Chapter 135- The next day.*

*At 7 p.m. at the airport.*

*Connor and Robert purposely made a trip to the airport to pick up Hugh.*

*Even though they were in the VIP lounge and the people who are surrounding Connor and Robert could not recognize them, they could still tell that they were extraordinary men.*

*Dressed in casual clothes, both Connor and Robert had good deportment and exuded an aura that made others feel a tad intimidated.*

*Not to mention that those who could afford to wait at the VIP lounge in Stormton City were mostly well-off and came from wealthy families.*

*Naturally, they could recognize that Connor and Robert were the legitimate heirs of the Luther Group and Shane Group respectively.*

*Connor however, was slightly different as compared to Robert.*

*Connor was carrying a backpack.*

*It seemed to be quite heavy.*

*"Gosh, is that Connor and Robert? I had once met them at a banquet that I had attended."*

*"The temperament that they are exuding... It's hard to imagine that they are only in their twenties! It would seem that they are even more charismatic and assertive than some CEOs who are in their forties or fifties!"*

*"They are so tall and handsome! It's almost as if they are perfect! Oh man, I really want to approach them and try to fight for a chance for my daughter to get to know them!"*

*"Come on, I'm sure they have seen all kinds of women. Why would they fall for a daughter from a poor and humble family?"*

*"If I can muster up the courage to strike up a conversation with them, I might be able to let them remember me! It would be good if my company would get the chance to be able to work with the Luther Group or the Shane Group in the future!"*

*"Speaking of which, are the two of them that close to each other? Who are they waiting for?"*

*Amidst the whispers, Connor seemed to have spotted a familiar figure.*

*Connor ran over excitedly and waved his hands in the air, just like a child.*

*"Hugh, over here! Over here!"*

*"Hugh?" Everyone thought to themselves as they looked curiously in the direction where Connor was waving at.*

*They saw a man who was 6 feet 3 inches tall and was dressed in a custom-made suit. With one hand in his pocket, the man was extremely handsome. There was an oppressive and cold aura that surrounded him, which made him seem to be other-worldly. His facial features were perfectly sculpted and it was flawless to the naked eye.*

*His obsidian-like eyes were like a bottomless black hole, and his gaze was as though it could pull one's soul in. Raising his sharp eyebrows and pursing his lips, the man exuded a nobility aura that was innate to him.*

*Just by looking at him, one would immediately understand that such an existence lived in a completely different world as compared to ordinary people like them.*

*He was just like a god from the heavens. Someone whom one could only look up to, respect, and obey*

*without hesitation.*

*Everyone could not help but hold their breath.*

The entire VIP lounge was deathly quiet.

One could have even heard a pin drop.

When Hugh approached Connor and finally stopped before him.

Connor finally put down his backpack.

Under everyone's watchful eyes, Connor took out a durian and a keyboard.

Connor then placed both items on the ground.

Everyone was at a loss for words as they thought to themselves.

"What was going on?"

"Was Connor going to demonstrate a new technique of using the keyboard to crack the durian open?"

"There, Hugh. I didn't forget what I had promised you.

"Look here, this is the keyboard and a durian. Choose one and I'll kneel on it for you.

"Let's just take it as the earlier matter did not happen, okay? Is that okay?"

Connor begged with teary eyes as he pouted.

Even though Hugh had decided to let Connor off for the moment because of Jane, Connor knew Hugh well.

Connor did not have to rush to take a plane to fly to where Hugh was in order to apologize in person for what had happened.

However, as a close friend of Hugh, there was no way that Connor did not know that Hugh was actually a very petty man.

Especially when it came to the woman Hugh had taken a fancy to.

Connor felt that it was better to apologize to Hugh in person so that he would not be \*\*\*by Hugh in the future without him knowing when Hugh will strike.

*Hugh was speechless.*

Hugh looked at Connor as if he was looking at an idiot.

“Alright Connor, stop disgracing yourself here. If you’re alone, you can feel free to do \*\*\*you want.

*to.”*

Robert said as he smacked the back of Connor’s head hard.

“Ouch! Robert, you son of a \*\*\*. Don’t you know how painful that was? You’re going to \*\*\*someone!” Connor rubbed his head and suppressed the urge to charge at Robert.

“Damn it! I admit that I’m afraid of Hugh, but I’m not afraid of a son of a \*\*\*like Robert! Robert had even caught me off guard and ambushed me! What happened to martial ethics?” Connor thought to himself angrily.

*“Let’s go.”*

Hugh said coldly as he turned to leave.

Hugh could not be bothered to continue to watch Connor and Robert squabble like kids.

The reason why Hugh had rushed back tonight was not to watch Connor do his performance of kneeling on a durian or a keyboard.

“Hey Hugh, why are you rushing off? Wait for me.”

“What do you mean by Hugh’s rushing off? He’s in a hurry to meet his sweetheart. Do you think Hugh’s

got the time to look at a clown like you, to perform?” Robert said mockingly.

“\*\*\*you, Robert! Do you really think that I’m a weakling who would keep quiet when being bullied? Are you asking for a beating?” Connor swore.

With that, Hugh, Robert, and Shane left the VIP lounge and disappeared from their sights.

Everyone was at a loss for words.

It was a while later when realization dawned upon them.

Everyone was almost panting and their faces turned pale.

They held their breath and forgot to breathe, leaving them gasping for air.

“Hugh... Could they be referring to D.Y. Group’s Hugh Croft?”

“\*\*\*! What did I miss? If I had known earlier, I would have gone up to leave an impression in front of Hugh!”

Hugh and the others arrived at a downtown area according to the location given by Jane.

The car could not pass through at all due to the large crowd.

Hence, Hugh and the others could only travel to the location given on foot.

“Um... Hugh, are you sure Jane didn’t give you the wrong location?”

Connor blinked in confusion.

The street was indeed bustling with people.

The streets were teeming with color and excitement and were very lively.

However, it would not be fitting for someone with their social status to dine in such an area.

*Was there something wrong with choosing Connor’s Cloudnine Restaurant?*

*Hugh didn’t say anything. Continuing to follow the map, Hugh and the others arrived at a spicy barbecue restaurant.*

*Ignoring the curious looks of adoration from the crowd, Hugh sent a message to Jane.*

*[I’m here. Is it Granny’s Spicy Barbecue Restaurant?]*

*Jane replied. [Yeah. The three of you can wait at the entrance, I’m coming down now.]*

*Granny’s Spicy Barbecue Restaurant was indeed very popular.*

*There were even tables which were placed outside of the restaurant.*

*Many people were topless and were drinking beer. They were eating to their heart’s content and having fun.*

*Hugh and the other two clearly did not fit in.*

*Robert and Hugh appeared to be extremely calm.*

*On the other hand, Connor's gaze drifted as he gawked at the sights around him.*

*The corners of Robert's mouth twitched as he couldn't help but say, "Oh please... You had never been to the downtown area before? Can you not be so disgraceful?"*

*"I really haven't been here for a long time. I had just returned to the country not long ago, so I didn't have the time to come to such a place.*

*"There's a smell of barbecue mutton in the air. Hm, how should I put it? It smell's quite fresh and interesting." Connor said.*

*Robert was speechless."*

*Robert couldn't help but cover his face with his hand as he didn't want to look at Connor.*

*"Hello, you guys are finally here."*

*Holding her phone, Jane came down to pick up Hugh and the rest.*

*"Did you wait too long?"*

*At that moment, Hugh's deep and cold eyes were filled with warmth as he looked at the incredibly gorgeous woman in front of him. "No," Hugh replied softly.*

*"Feel free to eat all you want today, it's my treat. Ever since I ate spicy barbecue once at Harbor City, I felt that it was really quite delicious. After that, I've been searching around with Lila. It wasn't easy for us to be able to find a restaurant with an authentic taste..."*

*Hugh naturally walked to Jane's side and quietly listened to Jane who was speaking.*

*Hugh's cold aura that he usually exuded turned into one of warmth and tenderness as he listened intently to Jane. It was as if Hugh was as gentle as the spring breeze that one would feel in spring. Connor rubbed his chin and said thoughtfully, "This is the first time I've seen Hugh like this... It seems. like he has really fallen for it this time."*

*"Come on, the two of us are here today just to serve as a foil. They're the main characters."*

*Since Jane had requested Hugh to bring along his friends, that would mean that Lila should be here*

too.

*At the thought of Lila's stubborn and innocent face, Robert's lips curled up into a smile. With one hand in his pocket, Robert walked into the barbecue restaurant.*

*Connor shrugged. "I hope that I would still have an appetite to eat later, with them displaying their affection in public."*

*Jane and the others went upstairs.*

*Moments later, someone else arrived at Granny's Spicy Barbecue Restaurant.*

*"Joseph told me that the spicy barbecue here is very authentic and that you would not be able to taste something like this even in the other top restaurants. Little Maddie, I know that you love to eat spicy food. That's why I wanted to bring you here to try it."*

*"Thank you, Layne."*

*No Way Back Chapter 136-Madelyn smiled prettily at Layne.*

*Layne patted Madelyn's head and said, "You must be hungry You are looking slightly under the weather today. Let's go and eat."*

*"Okay"*

*In actual fact, the reason why Madelyn looked pale was not that she was hungry.*

*It was because when Madelyn returned to the Fowler family, she realized that the ambiance was strange.*

*It was so strange that Madelyn couldn't put it into words to describe what she was feeling.*

*It was as if something had happened without Madelyn's knowing*

*Dwayne had locked himself up in his room.*

*Peter seemed to be avoiding Madelyn on purpose.*

*Henry and Jack went to the company.*

*No one knew where Anna went.*

*The Fowler family had always doted on Madelyn and the house was constantly filled with joy, happiness, and laughter. It was the first time Madelyn felt that the house seemed so deserted and cold.*

*Madelyn could not feel the warmth that this home had brought to her in the past.*

*And all of this was because of the \*\*\*, Jane, that affected the Fowler family negatively!*

*If not for Jane, the Fowler family would still be the same as before and showered all of their love on Madelyn! Madelyn would have become the most enviable princess that everyone had doted on! Thinking about the evidence that Madelyn had in her hands, Madelyn's lips curled up into a cold smile. "Jane Fowler.*

*"Your days of complacency would not last long.*

*"Unbeknownst to you, I had begun to slowly lay out a well-thought-out plan.*

*"All for the sake of throwing you into the abyss! You will never be able to make a comeback!"*

*Madelyn thought to herself.*

*Jane did not know that Layne and Madelyn were downstairs.*

*Jane led Hugh and the others to the open-air barbecue area on the second floor.*

*"It's too lively here. Although the private room has air conditioning, I'm afraid you won't be able to feel comfortable with so much smoke in the air.*

*"It seems pretty good if we were to enjoy the breeze and watch the lively scene of the streets of downtown while eating barbeque," Jane said.*

*Fortunately, it was autumn.*

*The wind was howling and it was quite cold at night.*

*If they were to eat spicy barbecue here during summer, it would definitely be torturous.*

*Lowering his eyes, Hugh spoke gently with a clear and crisp voice, "It's good that you liked it."*

*"Hello, little Lila. Long time no see."*

*Robert took the initiative to greet Lila.*

Lila's eyebrows furrowed for a moment upon hearing Robert's words. "Um... Mr. Shane, could you stop calling me like how you would greet a child? I feel very embarrassed."

"No, of course not. I think you're very cute."

Robert replied as he patted Lila's head.

Lila was speechless at Robert's action.

\*\*\*!

"Robert's actions are making me feel even more like a child now!" Lila thought to herself.

"Alright, the food is here. Let's dig in. Have some plum juice first. The plum juice in this shop tastes good too..."

"This is the menu. Lila and I ordered two sets of meat. One set is spicy, and the other is non-spicy. We were afraid that there might be someone who couldn't eat spicy food."

"There's a lot of other side dishes to choose from too. Take a look and see what you want to eat. Scan the QR code on this counter to place your order."

Jane explained to Hugh and the others.

However, Hugh and the others stared at Jane in confusion.

Lila could not resist the urge to complain softly, "Don't tell me that these three big shots don't know how to place an order in a restaurant like this?"

Connor gave a soft cough and replied, "I... I really don't know how to order. What about you, Robert?" "I... How could I not know? Just scan the QR code, right?"

Putting on a pretentious front, Robert took his phone and scanned the QR code on the counter.

"Eh? Why is it that nothing is showing?" Robert asked puzzledly.

Lila leaned over as she said, "Don't tell me you haven't authenticated your account with your real name? Let me take a look... What the \*\*\*! Where did you even come from, outer space? Your WeChat doesn't even have a real name authentication! How do you pay with WeChat?"

After a short pause, Robert replied, "I've only used cash before."

He always did in that way.

*Lila was speechless.*

She had never imagined Robert's way of life was so old fashioned,

Connor laughed so hard that tears fell from his eyes. Hugging his stomach, Connor mocked, "Haha, Robert, who asked you to be such a show-off? Look at what's happening now! You're such an embarrassment!"

*\*\*\*you."*

Robert stomped on Connor's foot in secret.

Connor was in so much pain that his face flushed red and he gritted his teeth.

Lila could not help but laugh softly.

The fight between Robert and Connor was just too... unexpected for Lila.

Robert and Connor could be said that they were people favored by the heavens and that other ordinary people could only look up to them.

Even though Lila's family owned a company and were one of the well-off families in Stormton City, they would pale in comparison with the Shane Group and Luther Group.

As the future heirs of the two top prestigious families in Stormton City, Robert and Connor were now squabbling like ordinary people. In addition, they did not even know how to scan a QR code and make a

*payment...*

Somehow to Lila, she felt that Robert and Connor's behaviors were a cute contrast.

Jane said half-jokingly. "If others were to witness the heirs of the Luther Group and Shane Group eating at a commoner's open-air barbeque restaurant, this would probably make the headlines. They don't even know how to scan the QR code and make payments. They must have been well taken care of by others since young."

Hugh nodded in agreement and said, "Yes, the two of them are idiots when it comes to living a daily life just like ordinary folks."

That being said, it was impossible for such news headlines to appear.

The Luther Group and the Shane Groups' public relations department were not to be trifled with.

Such news would be immediately banned on the internet if someone were to post it.

“What about you? Do you know how to do it?” Jane asked.

After a short pause, Hugh replied, “Just a little.”

“Hugh, are you sure that you’re not going to put up a pretense?”

Jane raised her eyebrows in surprise.

Jane had initially thought that for someone like Hugh who was almighty and owns it all, there was nothing in the world that Hugh did not know.

In the end, Hugh didn’t even bother to put up an act.

“Although I don’t want to embarrass myself in front of the woman I love, I *\*\*lying to the woman I love*

*even more.*”

*Hugh looked steadily at Jane when he spoke.*

*Hugh’s eyes were filled with sincerity.*

*Jane’s red lips curled up slightly. “You’re right. I’ll give you extra points.”*

*Jane also *\*\*people who lied to themselves.**

*After the incident regarding Henry, Jane decided that she had had enough.*

*It was then that Layne and Madelyn headed upstairs.*

*“Little Maddie, this is our table. Although there are private rooms available, I think you’ll prefer this open-air kind of environment.”*

*“Yes! Layne, you really came fully prepared! I’ve long heard that the spicy barbecue here in this*

*barbecue restaurant is delicious, but I didn’t have the time to visit. Fortunately, Layne brought me here today to try it out!”*

*Madelyn replied with a smile.*

*Suddenly, Madelyn seemed to have caught something from the corner of her eye.*

*Madelyn could not help but freeze from shock.*

*Jane...*

*Jane Fowler?*

*For a moment, Madelyn thought that she was seeing things.*

*“Why would Jane be here at the restaurant?” Madelyn wondered.*

*Layne followed Madelyn’s gaze and his eyes suddenly dimmed.*

*Damn it.*

*Layne did not expect to see Jane, that pestering \*\*\*, here at the restaurant.*

*Could it be that Jane was actually a stalker who had been following Layne around?*

*Otherwise, why did Layne feel that Jane was appearing wherever he went ever since he had just returned to the country for a few days?*

*Be it the Nightshade Bar or Granny’s Spicy Barbecue Restaurant.*

*In addition, why did that man who was sitting directly opposite Jane, have such a familiar silhouette?*

*From Layne’s point of view, Hugh and the others were back-facing Layne.*

*Due to their tall stature and build, Layne could not make out their faces.*

*Lila was the first to spot Madelyn.*

*Lila’s face instantly darkened at the sight of Madelyn.*

*Secretly tugging at Jane’s hand, Lila said, “Janie, it’s that angelic \*\*\*. Damn it, why did I have to bump.*

*into Madelyn here? She’s revolving.”*

*No Way Back Chapter 137-Only then did Jane notice Madelyn. She then shifted her gaze and said calmly, “It’s fine. Just eat our food and ignore it.”*

*“There’s nothing we could do,” she said.*

*Lila could only keep his eyes off Madelyn and Layne.*

*Lila thought to herself, “If Madelyn dared to cause trouble for Janie again, hmph... I would fly into a rage and splash the sour plum juice on her face!”*

*“Forget it, little Maddie. Ignore them. Let’s eat our food.”*

*It was a rare opportunity for Layne to be invited by Madelyn. He finally got to bring her to dinner. Hence, the two of them could spend time alone.*

*He didn’t want to ruin the date because of Jane.*

*Layne and Jane had the same thoughts.*

*They just pretended as if nothing happened.*

*Madelyn did not move.*

*She did not hear what Layne had just said.*

*Her gaze was fixed on Hugh’s back.*

*That figure was what Madelyn has been yearning for.*

*In fact, Madelyn had only met Hugh twice since she was young.*

*However, that was enough for Madelyn to engrave that figure in her heart for the rest of her life.*

*It was the most important memory in her life.*

*Madelyn secretly took many photos of Hugh.*

*A lot of them were his side profiles and backshots.*

*That was because Hugh was very sensitive..*

*If Madelyn secretly took photos of Hugh’s front, it would be easy for Hugh to notice that.*

*Apparently, Madelyn was very obsessed with Hugh.*

*Just by looking at his back, she could recognize him right away.*

*There was no way Madelyn could not recognize him.*

*“Little Maddie…”*

*Layne frowned when he saw Madelyn staring at the back view in front of him.*

*He suddenly had an urge as he felt his dignity was challenged.*

*Only then did Madelyn come back to her senses. She secretly swallowed her saliva and pretended to be calm as she pointed at Hugh's back. "Hmm... Layne is that... Hugh?"*

*Not only Hugh was there.*

*There were others too.*

*Connor and Robert were there too!*

*Those were the legitimate heirs of the Luther Group and Shane Group.*

They were the ideal men for every woman.

Madelyn knew this information better than anyone else. She took this more seriously than the college

*entrance examination!*

*Damn it!*

She wondered, "Why were they all gathered around Jane?"

She thought to herself, "Could it be that Jane is being cheap and flirtatious? Could it be that she was willing to go all out and used her body to seduce them?"

*"Hugh?"*

*Layne blurted out.*

At that, Hugh heard someone call his name.

He turned around and glanced at Layne.

*In an instant.*

Hugh's eyes were extremely cold. The domineering aura of him being a ruler descended on Layne immediately.

Layne's mind went blank. He didn't even have time to react.

He could not help but hold his breath.

Hugh only took a glance at Layne before looking away.

He did not even look at Madelyn. Clearly, he did not care about her at all.

However, Madelyn was tempted.

She was so overwhelmed.

She could not believe that Hugh just looked at her.

She was so surprised.

Indeed, that gaze was in their direction!

She instantly put aside all the malicious speculations about Jane.

Robert and Connor also noticed it. Connor took the initiative to say, "Hugh, isn't that your second uncle's only son?"

"I don't know him well."

*Hugh said calmly.*

Hugh did not remember a lot of people well.

Not to mention those people who were being taken seriously by Hugh.

For someone like Layne, who shared the same surname as him, Hugh could not care less about him. Hugh did not have any spare memory space to remember someone like Layne.

*"True."*

Connor and Robert were used to Hugh being indifferent.

After all, the Croft family was different from before.

If not for the fact that the Croft family had Hugh, they would not have gained the power today. As time passed, neither the Luther family nor the Shane family would take the Croft family seriously. Only because of Hugh, they could change the entire situation..

That was the reason why the Croft family could make it to the top of the wealthy families in Stormton City. Even the Luther family and the Shane family were willing to submit to the Croft family now.

It could be said that Hugh was the saver of the Croft family.

Without Hugh, there was no way the Croft family could turn out to be this powerful today.

Still, not everyone was smart enough to acknowledge that.

There were still people in the Croft family who did not realize this.

Lila approached Jane and whispered softly, "I've always wondered how someone like Layne actually related with a big shot like Hugh. They're on completely different levels."

Lila had seen Layne at Nightshade Bar.

When they found out that Layne was part of the Croft family, they were so shocked.

This was because Lila felt that the Croft family was one of the most prominent families in Stormton City that no one dared to mess with. She thought every one of the family was like Hugh, who was like a demon who gave off a terrifying aura.

That was not the case.

Lila was thinking too much.

It turned out that such a wealthy family would also have someone like Layne who had nothing but

*extreme narcissism.*

"This involves genetic probability. Why don't you ask how blessed is a family to be able to give birth to a man like Hugh?"

Jane and Lila were still madly complaining about Layne.

Layne felt ignored by Hugh.

*He was furious.*

He could only comfort himself in his heart.

He kept reminding himself not to be angry.

If so, he would fall into Hugh's trap.

It was true that Layne wanted to replace Hugh so badly.

However, he had to admit that Hugh was indeed very powerful.

Layne knew he still needed to work on himself more.

It was definitely not a good thing for him to have a conflict with Hugh, who controlled the D.Y. Group and the Croft family currently.

*“Alright, little Maddie, ignore them. Let’s eat our food.”*

*“But... Layne, I want to say hi to Janie.”*

*“Take a seat first. I’ll go over.”*

*It was not easy for Madelyn to meet Hugh.*

*There were also Connor and Robert.*

*There was no way for her to let this opportunity slide.*

*Otherwise, she felt that the opportunity would have been snatched away by Jane!*

*At the very least, she had to leave a good impression on them!*

*Layne was taken aback.*

*Layne did not expect Madelyn to say such a thing.*

*He was stunned for a moment.*

*Layne was still in a daze.*

*Madelyn was already walking towards Jane.*

*“Jane... Janie...”*

*Madelyn spoke timidly.*

*Jane was speechless.*

*She totally did not expect that.*

*She could not believe that Madelyn still dared to come over and act so innocent in front of Jane.*

*Madelyn was really thick-skinned.*

*She had the nerves to do so too.*

*Madelyn suddenly came over to greet him.*

*No one expected this.*

*Jane noticed that Madelyn's gaze drifted to Hugh.*

*At that, Jane realized something.*

*She finally understood Madelyn's intention.*

*So she wasn't just here to greet them.*

*All she was thinking about was Hugh.*

*Madelyn did not realize that Jane had looked through her intentions.*

*She was so attracted to Hugh that she almost lost her mind.*

*She looked at his side profile. Her heart skipped a beat.*

*She was amazed.*

*She thought to herself, "He's so handsome!"*

*He was breathtakingly handsome!*

*Even a handsome guy like Layne could not beat Hugh!*

*It was the aura that Hugh had.*

*It was one of a kind!*

*No one could replace him!*

## **Read Novel No Way Back Chapter 138**

No Way Back Chapter 138-Madelyn went over to greet Jane and deliberately picked the side that was close to Hugh. One could tell that she purposely did that to show off her breasts and figure to Hugh. She let her long hair down, trying to seduce Hugh.

She tried her best to impress Hugh.

Madelyn seemed to be able to smell Hugh's body scent in the air.

It was intoxicating for her.

She clearly could not get enough of that.

Madelyn had never been so close to Hugh.

This was the first time she has ever been so close to Hugh.

In the mean time, she took another glance at Connor and Robert.

Both of them were excellent men too.

Madelyn treated them as her backup candidates for her ideal husband too.

Still, for her, Hugh was the most handsome man!

If only she could be Hugh's woman, she would be so happy.

Madelyn would do anything for that.

Madelyn's mind was in turmoil. Her face turned red uncontrollably since she was sitting so close to Hugh.

Layne could not help but be stunned when he saw this scene.

In order to seduce Hugh, Madelyn could not disguise her thoughts well at the moment.

Even Layne, who had been charmed by Madelyn could tell this.

He could not help but tremble, secretly clenching his fists.

He thought to himself, "Little Maddie is acting weird..."

He wondered if the person she liked was actually Hugh..

He quickly denied his thought.

Layne shook his head aggressively.

Such a reality was unacceptable.

It seemed like the reason why the woman Layne loved so much kept rejecting him wasn't just for Jane.

There was another reason. It was because the person Madelyn loved was Hugh!

He thought to himself, "What is this?"

Layne clearly could not accept the fact that he lost to Hugh.

At that instant, Layne was about to pull Madelyn over.

Someone came.

It was not Jane.

It was not Lila either.

It was Hugh.

He picked up the fork on the table.

In the next second, he mercilessly stabbed it into Madelyn's right leg.

"Ouch!

Madelyn was still infatuated with Hugh

Apparently, she did not expect Hugh to do this.

Immediately, she felt a sharp pain in her thigh and blood spurted out

Madelyn clutched her leg in pain and took a few steps back before falling to the ground.

She started to cry uncontrollably due to the intense pain.

Everyone in the restaurant turned to her.

"Little Maddiel

Layne's heart ached when he saw this. He instantly rushed forward and held Madelyn.

"Are you alright?"

"1... I'm in so much pain... Layne..."

"Hugh... Why did you attack me... Did I do something wrong?" she asked pitifully

Madelyn put on a pitiful look and looked at Hugh.

He could not believe that Hugh had stabbed a fork into her thigh in front of everyone

Hugh slowly wiped the blood off his hand with a handkerchief

He didn't even care about Madelyn.

Clips curled into a mocking smile. "Hey... Don't you know... Hugh \*\*women getting too

close to him?"

He especially woman who was full of greed and only knew how to prey on rich men

If it were Connor and Robert, they would not have gone overboard.

Somehow, for Hugh, there was no distinction between a man and a woman. He treated both genders the same.

There were only the people that he could accept and the people that he \*\*.

Even if it was a woman, as long as she offended Hugh and made him unhappy, he could \*\*\*her if he wanted to.

He would definitely not show any mercy.

Madelyn panted heavily.

Her eyes turned red, and tears flowed down her face.

Of course, Madelyn knew.

Being the person in charge of the D.Y. Group, Hugh did not like women to come close to him. He was hot-tempered, cold blooded, and ruthless.

Somehow, she wondered why.

She wondered why could Jane could get so close to him.

Jane was sitting with Hugh openly.

Hugh did not show the slightest bit of disdain. Instead, before Madelyn approached, he looked so gentle.

It wasn't just Hugh. Even Connor and Robert were there too.

Madelyn could not understand why she could not get close to Hugh.

"Hugh, aren't you being too ruthless? Little Maddie is a girl after all..."

Layne was about to speak up for Madelyn.

"Keep an eye on your girl. I'm giving you a warning," he said. "Next time, I won't let it slide just like that"

Hugh was expressionless and did not even look at Layne.

His cold words were like the final ultimatum of death.

Even Layne did not dare to breathe loudly in front of Hugh.

He did not dare to continue speaking

Layne could feel a chill running down his spine at that moment.

He suddenly felt a sense of danger.

His life might be threatened.

Layne felt as if his head could be easily chopped off the next second.

Layne and Hugh were relatives.

But in Hugh's eyes, he had no relatives.

For him, there were only valuable people and worthless people.

Layne knew that he and his family were worthless in Hugh's eyes.

He could not even compare to the sloppy youngest son of the third branch, Marlon!

Of course, he could not accept the fact.

Layne could not accept the huge difference between himself and Hugh.

He could only comfort himself with the fact that he still needed time to grow.

He said to himself that he would take revenge on Hugh one day in the future. He would remember how he has been humiliated all this while.

"Little Maddie, we..."

"Hugh, don't misunderstand us. Layne and I are just siblings. There's actually nothing between us," she quickly explained.

Layne was just about to find a way out and bring Madelyn to treat the injury on her thigh.

Unexpectedly, Madelyn suddenly sobbed and explained her relationship with Layne.

It was as if she was afraid that Hugh would misunderstand her.

Layne was stunned.

He felt a sense of uneasiness.

He started to wonder.

It seemed to him that Madelyn really liked Hugh.

Hence, she was so anxious to explain as she was afraid that Hugh would misunderstand the relationship between them.

Madelyn had no time to care about what Layne was thinking.

Because Madelyn already thought that she had found the reason for Hugh to do this to her.

Hugh ignored Madelyn and even stabbed Madelyn's thigh with a fork.

She assured that it was because Hugh thought that she was Layne's girlfriend!

But this was a misunderstanding!

Madelyn didn't have a boyfriend. She wasn't a \*\*\*\*like Jane who seduced Andy and Hugh! She wanted to tell Hugh that she was an innocent, kind, and naive girl!

Connor whistled.

It seemed to him that Madelyn had no idea what was going on.

It did not matter what was Madelyn's background.

Anyhow, she dared to provoke Hugh again and again, trampling on the opportunity given by Hugh.

She really thought that she could seduce Hugh.

Hugh had seen countless women like her.

Jane had not made a move.

Anyway, she had confidence that Hugh could solve the matter appropriately.

She believed that Madelyn would be traumatized after this.

She did not have to do anything.

Everyone looked over.

However, no one dared to stop him.

The main reason was that Hugh was giving off an aura that was way too powerful.

Obviously, this matter was not something that ordinary people could interfere in.

If one interfered, one would probably be doomed.

Those who were familiar with Hugh had already treated Madelyn as a dead person.

Only Madelyn still had naive thoughts and tried to explain to Hugh.

“Hugh, I’m the adopted daughter of the Fowler family, Madelyn. We met at a banquet before... You... You should remember me, right?” she said.

“Once, I was bullied. You helped me...” she uttered.

At this moment, someone stood up.

Lila picked up the unfinished plum juice on the table and splashed it on Madelyn’s face.

No Way Back Chapter 139-The cold and sweet sour plum juice splashed on Madelyn’s face.

In an instant, Madelyn’s unfinished words were blocked.

The cold liquid flowed down Madelyn’s face.

The time seemed to \*\*\*slowly.

Madelyn’s brain became clear.

“Angelic \*\*\*, what are you talking about? Get lost!”

“Who do you think would fall for your tricks? \*\*\*!”

Lila really couldn’t take it anymore.

Lila couldn’t bear Madelyn’s delicate and \*\*\*\*act.

Even after so many things had happened, Madelyn still \*\*\*came up and called Jane Janie, trying to seduce Hugh.

Lila really wanted to rush up and pull off Madelyn’s hair and kick her \*\*.

Lila didn't react at first because she was shocked to see Hugh stabbing Madelyn's thigh with a fork.

Lila did not expect Hugh to be so ferocious.

However, Madelyn was still acting pitifully.

Lila thought it would be better if Hugh stabbed Madelyn in the throat, and sent Madelyn into ICU. "You! How can you treat little Maddie like this!"

Layne came back to his senses and glared at Lila..

Layne might not be able to confront Hugh, but she surely could deal with Lila.

"Layne, you should really keep your favorite dog on a tight leash. Can't you see that your dog already. wants to cheat on you with Hugh?"

Jane finally spoke.

Jane's words were a bombshell.

Jane's words hit the truth that Layne was most unwilling to admit.

In an instant, Layne's face turned pale.

The fact that Layne was cheated on was staggeringly obvious.

"Janie, that's it. Well said!"

Lila could not find suitable words to describe an angelic \*\*\*\*like Madelyn.

After all, Lila was not good at literature.

Jane's words were simply too appropriate!

Lila applauded with all her might!

Hugh, who originally wanted to \*\*\*, looked at Jane this time.

Huge's eyes were filled with 60% surprise, 30% probing, and a little lack of confidence.

Jane treated Madelyn so meanly. Could it be that Jane was jealous?

If that were the case, Hugh would be over the moon.

\*Janie, you have a misunderstanding. I didn't..."

"It's just that I haven't seen Hugh in a long time. I was too happy, so I acted inappropriately..."

"I don't have any other thoughts about Hugh!"

After Madelyn came back to her senses, she instantly panicked and explained pitifully.

Seeing Madelyn's pitiful look, Layne started acting like a bootlicker again.

"Jane, don't talk nonsense! I know you're jealous of little Maddie. That's why you deliberately humiliated her!"

That was right. Layne and Madelyn were childhood sweethearts who grew up together. Deep down in his heart, Layne did not believe that Madelyn liked Hugh and did not have a place for himself!

Madelyn and Layne were destined to be together!

"Madelyn, do you talk to all men with that tone? You are like that with Layne, and with Hugh. Before you speak, don't you think it's a good idea to take a look at yourself first? Maybe you can see how much of a \*\*\*\*you are now."

"Do you think everyone is like Layne, a \*\*\*\*bootlicker who's mesmerized by you and doesn't know any better?"

"Layne, I'm really jealous of your little Maddie. With a bootlicker like you by her side, she'll be protected. So, a bootlicker like you is perfectly paired with a \*\*\*\*like her. Hurry up and get married. Don't wander around in front of others and contaminate our eyes."

Jane finished speaking.

Jane picked up a jar of sour plum juice on the table without hesitation.

Jane accurately splashed it on Madelyn and Layne.

The juice drenched Madelyn and Layne's hair, faces, and bodies.

"Lila, look now. This is how you splash someone. A little cup of sour plum juice won't be enough to vent your anger.

"\*\*\*! Janie, you're so \*\*\*cool! I love you to death!"

Lila looked at Jane with love in her eyes.

Lila was so amazed that she cursed.

Lila didn't have any other choices.

Jane was simply too cool!

Lila even felt sorry that she was not a boy when she was born.

That way, Lila could pursue Jane openly and crazily.

"Jane...Jane, how dare you treat us like this..."

Layne was so angry that his entire body was trembling.

The pitying gazes of the surrounding people landed on Layne.

Layne had lost his dignity.

Being humiliated like that, Layne was also about to lose his mind.

The uncontrollable anger burned fiercely, making Layne want to rush up and tear Jane into pieces.

Jane was not going to stop at all.

Jane smashed the \*\*\*on Layne's head.

Bang.

In an instant.

Layne was bleeding profusely.

The cup fell to the floor and shattered.

"Janie, what are you doing? How can you hurt Layne?"

Jane explained calmly, "Because this guy's eyes make me quite unhappy. Don't try anything. Let me have some fun."

Jane picked up another cup.

Jane aimed at Layne.

Layne went berserk. Layne roared and was about to pounce on Jane and strangle her to death.

"No! Layne!"

Madelyn, who had returned to her right mind, hugged Layne tightly and did not let Layne attack Jane. If there was no one else around, Madelyn would be happy to see Layne \*\*Jane right this moment. The thing was that Hugh and the witnesses were there.

If Layne lost control like this, he would only end up harming myself in the end!

Madelyn still needed Layne as a sidekick. Madelyn could never let anything happen to Layne here! Bang!

Madelyn stopped Layne.

The cup in Jane's hand fell heavily on Madelyn's body.

Madelyn screamed in pain.

"Little Maddie!"

Layne subconsciously blurted out when he heard his beloved woman's painful cry.

"Layne, I don't want to stay here anymore. Take me away. I want to go to the hospital. It hurts so much..."

Madelyn cried and sobbed. She pretended to be innocent and injured. Madelyn's tears and blood fell onto Layne's arms bit by bit. The blood drops were like fire, burning Layne's skin.

Jane played with the cup in her hand and laughed mockingly. "Tsk tsk, how moving. What now? Ready to \*\*\*off yet?"

Layne was so angry that he gritted his teeth..

Layne looked at Jane's \*\*\*face.

It was a \*\*that Hugh was there to protect Jane. Otherwise, Jane would never dare do something like that!

"I will remember this grudge!" Layne thought to himself.

"Jane, wash your neck and wait. In the future, I will definitely avenge myself and little Maddie!" Layne continued to think.

Layne wanted to leave with Madelyn.

Jane attacked again.

The cup accurately hit Layne's inner thigh.

Layne's legs instantly lost strength.

Layne knelt on the broken \*\*.

Countless shattered \*\*pierced into Layne's thigh.

Layne's pupils dilated in pain.

Layne almost cried out.

Even Madelyn was in trouble.

The broken \*\*also cut Madelyn's thigh.

Madelyn was not as resistant as Layne.

Madelyn screamed.

"Ah! Sorry, my hand slipped!"

No Way Back Chapter 140-Jane said in a harmless tone.

Jane looked very innocent.

Layne did not need to turn around to know that Jane was actually extremely \*\*\*.

Gritting his teeth, Layne suddenly got up. Ignoring the broken glass on his knees, Layne stumbled away. with Madelyn in his arms.

Hugh, Connor, and Robert were there to protect Jane. Even if Layne stayed there, he wouldn't be able to defend Madelyn and himself.

Layne and Madelyn would only be trampled on by Jane even more.

A good man does not fight with a woman!

Layne and Madelyn left.

Only then did Jane feel that the air was much fresher.

Lila hugged Jane happily. "Janie, you did so well at torturing those \*\*\*\*\*just now! I was so excited. just watching it!"

If it was someone else, Lila might think that they had gone too far.

But Jane was to deal with an angelic \*\*\*and a \*\*\*, the two most \*\*\*creatures in Lila's opinion.

The way Jane did it was too satisfying.

Even Lila felt that it was not enough.

"Jane, impressive."

Connor and Robert silently gave Jane a thumbs up.

Jane smiled. "It's rare to have you guys backing me up. Madelyn and Layne are looking for trouble again. It's a pity if I don't teach them a good lesson."

Connor and Robert were all speechless.

Was Jane telling the truth?

Jane showed different kinds of abilities.

Even without the support of the three of them, it should be hard if Jane wanted to torture Madelyn and Layne to death.

Instead, it should be a piece of cake.

Hugh leaned \*\*\*to Jane and asked softly, "Is your hand sore?"

There was a cold \*\*\*\* intent hidden in Hugh's eyes.

Hugh was tired of the two fleas.

But they were Jane's prey.

As a hunter, Hugh understood the joy of hunting.

It was something that could not be replaced.

"They are fine."

"Shall I rub your hands for you?"

"Oh no, there are so many people watching!"

Jane coughed lightly.

Hugh heard Jane say this.

And Hugh was delighted.

At least Jane didn't reject Hugh outright.

It was shyness.

In other words, things would be different if other people, such as Connor, were not there.

Jane would probably be willing to let Hugh rub her hands.

After this incident, everyone who was eating barbecue on the second floor ran away in fear.

The restaurant's staff came up to clean up the mess on the ground and served Jane and the others in fear.

Lila was a little worried. "Janie, we sure feel good. But if today's big incident is spread..."

"Don't worry. With the three big shots around, it won't spread."

"What's more, the \*\*\*and bootlicker duo won't publicize such an embarrassing matter. They can only \*\*\*it up."

Just Hugh was powerful enough to cover the whole thing.

Needless to say, there were also Connor and Robert. They had enough power to control the entire media.

Even if Madelyn and Layne wanted to fight back.

It was nothing more than throwing an egg at a rock.

In order to protect their current wealth, Layne and Madelyn would never try to offend Hugh and the others.

Lila nodded.

Lila had yet to learn about such a deep connection web.

Lila knew that there were some people in this world that others could never offend.

Those people.

Those people were right beside Lila now.

After dinner.

Jane originally wanted to send Lila back, and she say goodbye to Hugh and the others.

Jane hasn't spoken.

"Ah, Janie, I suddenly remembered that I still have something to do. I'll leave first."

Lila put her palms together, put on an apologetic look, and slipped away.

"Oh, oh, oh! I also remembered that I have something to do, right? Robert."

Connor pulled Robert and insinuated with his eyes.

"That's right. I still have to go back to the office to deal with some matters. Hugh, see you tomorrow."

How could Robert not know about Connor and Lila's intentions? Robert nodded and slipped away.

In an instant, only Jane and Hugh were left.

"I'll send you back."

Hugh spoke.

It was not a question.

It was an affirmative statement.

Connor and the others, the third wheels, were gone. Hugh and Jane were left alone.

It had been a long time.

Hugh wanted to see Jane more and talk to Jane.

"I just ate. I don't want to go back. Let's take a walk."

"I'm just afraid that you don't like this kind of cheap neighborhood. It's noisy and \*\*\*."

"As long as you're around, it doesn't matter where we go."

Hugh's words of love were always so serious and straightforward.

It was as if his words came from the bottom of Hugh's heart, and he did not hide it.

Jane was stunned.

The next moment.

Jane's heart warmed.

Was this the feeling of being undoubtedly chosen by someone?

It was a nice feeling.

Once upon a time, Jane had disrespected herself so much that she had forgotten this feeling. Jane was fortunate.

There was a chance for her to get it back.

"There are quite a lot of people. Mr. Croft, don't get lost. With your looks, I won't be surprised that you are eaten alive by other women."

Jane led Hugh through the downtown area to a park..

The park was quiet. There were couples walking around.

Jane and Hugh's appearance in the park attracted everyone's attention..

A handsome man and a beautiful woman were always pleasing to the eye.

The pair of lovers like Jane and Hugh seemed like they should not have appeared in the mortal world. They were like angels who only existed in heaven.

Hugh did not care about the gazes of the surrounding people..

Now, in Hugh's eyes, thousands of beautiful women were inferior to a strand of hair from the person. beside him.

It turned out that this feeling really existed in this world.

A beloved one by one's side.

It was worth more than all the treasures in the world.

Hugh was not interested in anything else at all.

In Hugh's heart, the person beside him was more precious than the entire world.

Hugh said gently, "I didn't expect you to have such a good temper."

"Huh? Are you referring to the incident where I kicked the \*\*\* of the \*\*\* and bootlicker just now?"

Jane stood still and looked back at Hugh.

The night wind blew, and the forest rustled.

The dim street lamp fell on Jane's fair and beautiful face, making her look rather otherworldly.

There were butterflies in the lovers' chests.

"Yes."

"Queen of the Darknet. I heard that she will seek revenge for the smallest grievance and return it a hundredfold."

"I thought cockroaches like them who like to provoke you would be easily trampled to death by you. I didn't expect you to give them so many chances to jump around."

Hugh narrowed his eyes.

Hugh looked puzzled.

If Jane wanted to eliminate the entire Fowler family, it would be a little troublesome.

However, it was easy for Jane to make a certain irksome person disappear.

Not destroying the entire Fowler family was Jane's last bit of leniency toward family relations.

However, Madelyn and Jane were not related by blood.

Not to mention Layne.

Jane should not have shown mercy to the two of them.

Jane smiled.

Jane's red lips curled up slightly.

"Hey, Hugh, do you believe in foresight and the future?"

Jane's voice was very soft.

It was as if Jane was talking about a mysterious thing.

“Since you say so, I’ll believe you.”
