No Way Back Chapter 221-After Arthur said this, he could not bear to look at the expressions of Quinton Fowler and the others.

In an instant.

The atmosphere that got recovered from awkwardness instantly fell into dead silence.

Quinton and Peter's faces darkened.

In their heart, a bitter taste kept overflowing.

Sam coughed a few times. "Quinton, Peter. I told you guys don't be happy too early"

Fortunately, Sam held onto his bottom line and did not taste this dish.

Otherwise, Sam would feel like he was being despised by Jane.

He felt extremely aggrieved.

Quinton and Peter fell silent.

This was what they had expected.

However...

They really had some hope just now.

However, the higher the expectation, the harder they would fall.

Arthur turned his face away.

Actually, Jane also requested one more thing.

However, Arthur was too embarrassed to say it.

He was afraid that it would be too much of a \*\*\*to Quinton and the others.

In the next moment, Jane would make the second condition public.

At this moment.

Knock, knock.

The sound of piano keys could be heard.

Jane cleared her throat.

“Next, I’ll compose a piano piece.

“I named it, “A \*\*\*\* of \*\*\*\* is pathetically vain about their \*\*\*deeds” Please enjoy.”

The guests who were eating in the Ferris Wheel were all stunned.

Some people did not understand Cruksia’s language and they communicated in their own language. What did she mean?

Those who understood Cruksia’s language felt that Jane was crazy.

Which piano piece had such a vulgar name?

The next second.

A beautiful melody came out from the black and \*\*keys of the piano.

Every note entered their ears and stirred in their eardrums like a little elf holding a feather.

It was itchy.

All the people in the restaurant were overwhelmed with emotions.

Instantly, they had fallen for the piano piece.

Jane lowered her eyes, her slender and fair fingertips nimbly moved around the black and \*\*\*keys elegantly. The entire piano piece was different from the “Moon on the Sea” and “Sky in the \*\*\*\*\*” played by Quinton earlier.

It was very exciting, free, and filled with vitality.

It was like a response.

Or rather, it was more like a counterattack.

It seemed to say, “You guys are nothing to me! I can live better without all of you!”

The piano piece played by Jane seemed to be able to speak:

By using musical notes, one could penetrate one’s heart and communicate with one’s soul, understanding the significance of the birth of this piano piece.

Jane She actually knows how to play the piano.....”

Peter was amazed.

Even Sam looked surprised.

Jane's skill was more than just capable of playing piano.

The last piano piece that gave Sam such a shocking feeling was attending Aaron's piano concert!

Aaron was known as the most outstanding young pianist in the world, so he naturally had extraordinary talent in piano!

His performance had a magical power that could turn the notes of the piano into actual images and transmit them to the human brain.

It was like...

Jane's piano skills were the same as Aaron's!

Even Quinton had never heard of this piano piece before!

It meant that Jane had composed this piano piece herself!

Jane's original composition and performance had the same standard as Aaron's!

It was too incredible!

She really composed and performed superbly!

Then, the piano piece ended.

Jane's fingertips left the black and \*\* keys.

She got up and walked down from the piano. With one hand in her pocket, she left elegantly.

Only the immersed audience still lingered in the beautiful musical notes. After a short while, everyone's thoughts began to return to their bodies. "Oh my god! What kind of beautiful piano piece is this? It's so exciting!"

"Who played the piano? I was far away just now, so I didn't see who played it!"

"I've heard so many piano concerts, but none of them have been as memorable as this one. I can feel the notes still itching in my heart... It's so comfortable!"

"I think it's that Jane. She's the X who won the world painting competition not long ago!"

“X! I’m her fanatical fan! Gosh, she’s also in Ferris Wheel. I want an autograph!”

The entire Ferris Wheel was in an uproar.

As the person who caused the sensation, Jane had already reduced her presence and silently returned to Josh’s table.

Josh’s eyes flashed with admiration. “Jane, you’re really good at playing piano. You’re much better than the gold medal composer, Quinton.”

“Josh, I’m almost done eating. Should we slip away?”

“Alright, I’ll listen to you.”

Josh and Jane packed their things and left.

Peter and Quinton were still in a daze.

Sam had already subconsciously stared at Jane’s table. When he saw Jane and Josh get up and leave, he hurriedly shouted, “Quinton, Peter, they left!”

“Gone... Gone..

Peter came back to his senses and looked at Jane’s table.

Jane and Josh had already disappeared without a trace.

“Quinton, Jane has already left... Quinton?” Peter spoke to Quinton.

Quinton had yet to react.

Peter sensed that something was wrong.

“No... This is impossible...”

Quinton muttered to himself.

Why...

The way Jane Fowler played the piano just now.

It was similar to the person described by Aaron when he was depressed because of his autism.

This was a feeling that only Quinton, who had perfect pitch, could understand!

“Quinton, what’s wrong?”

Sam, who was sitting beside Quinton, patted his shoulder.

He felt that Quinton was a little scary.

Then, Quinton suddenly stood up.

Sam was shocked.

He almost fell off the chair.

“I have something to confirm... Sam, Peter, you guys stay here!”

With that, Quinton ran away.

Quinton did not even hear Arthur call him.

“This guy... He ran so fast. Why is he in such a hurry?”

“He’s still chasing after his sister? \*\*, this is exciting.”

Arthur could not help but curse.

He knew Quinton had done so much for Jane, but Jane was not moved at all. Instead, Quinton got humiliated.

“Quinton. Looks like you’re going to suffer this time.” Arthur thought helplessly.

He could only pray for Quinton in his heart.

Peter watched Quinton leave and felt an uncontrollable panic.

“Sam, stay here. I’m worried about Quinton. I have to go and chase after Quinton.”

Without waiting for Sam to respond, Peter chased after Quinton.

Sam was dumbfounded and could not speak a word

“\*\*\*!

“Peter, do you still care about me, your sixth brother?”

“I haven’t even said anything yet!”

Sam was almost angered to death.

However...

Peter and Quinton had left.

Sam was left alone.

He wanted to taste Jane's cooking!

Since his brother had left, they would never know!

Sam rolled his eyes and looked around. He realized that no one was paying attention to him.

He immediately picked up his knife and fork and cut a piece of French stuffed cabbage. Then, he put it into his \*\*\*. quickly.

The firm texture and the fragrance of the explosion bloomed in his taste buds.

“\*\*\*! It's actually so delicious! It's even better than Arthur's cooking!”

“Jane can actually make such delicious food... If she didn't betray the Fowler family and humiliated the Fowlers,

“I really want to acknowledge her as my sister. This way, there will be such delicious food every day!”

No Way Back Chapter 222-Fortunately, Peter and others did not hear Sam's compliment about Jane's cooking.

Otherwise, he would humiliate himself.

Quinton rushed out, but he did not see Jane and Josh.

The snowflakes slowly fell from the sky.

Where were Jane and Josh?

“\*\*\*\*it, they actually escaped.”

“Jane... Is it really the \*\*\*\*moonlight that Aaron has been looking for?”

Quinton muttered to himself.

Quinton knew that the possibility was very slim.

It was just his guess.

But only Jane would make Quinton feel this way.

“Quinton!”

Peter caught up to Quinton. “What’s wrong with you? Why are you suddenly so agitated? Are you looking for Jane?” “...Nothing. Peter. I must have been wrong. This is impossible.

“It’s just that... I’m sorry. I’ve tried my best to get Jane back, but I ended up with nothing.” Quinton replied helplessly.

“It’s okay, Quinton. You did your best.”

Peter patted Quinton’s shoulder to comfort him.

In reality, Peter had already realized that Quinton was hiding something.

They were brothers who grew up together.

Peter knew what Quinton looked like when he lied.

Since Quinton did not want to say it, Peter did not ask further.

“Quinton, I think it’s time for us to give up on getting Jane back.”

“Peter, what did you say?”

Quinton looked at Peter in surprise.

”

“I think it’s unfair for us to shamelessly try to please Jane and make her forgive us for the damage the Fowler family has done to her.

“We persisted because we felt guilty towards Jane. We tried everything to ask for her forgiveness. However, I think Jane made herself very clear tonight.

“Our action will only create unnecessary burdens for Jane. If this continues, it will only push Jane further and further away.”

Peter laughed at himself.

In the past, Peter would have dreamed of this result.

This way, Jane wouldn't affect Madelyn's status in the Fowler family.

Now...

Realizing this result, Peter's heart ached.

It was as if a sharp knife had stabbed his body and stirred wildly.

His entire body was about to be torn apart.

Back then, Jane was treated cruelly by Peter and misunderstood by the Fowlers. Did she feel the same way when they chased her out of the Fowler family?

Peter kept dwelling on this thought.

He felt that he owed Jane too much.

He would never be able to compensate Jane for the rest of his life.

What right did he have to ask for Jane's forgiveness?

Quinton fell silent.

He did not reply to Peter immediately.

If he hadn't realized Jane's true identity, Quinton might really have given up now

He had already done his best to ask Jane for forgiveness

However, he achieved nothing

But when it came to Aaron, it was better to think about it at length.

Two days passed in the blink of an eye

On this day, it was rare for Jane not to be with Josh.

Instead, he went to Fousny's underground game kingdom.

It was called the Eighteenth \*\*\*

There was a reason for this name.

As the name suggested, the gamers who wandered here were characters that were not to be trifled with

They were hooligans, triads, and all sorts of unkind people.

All the shady professions one could think of could be found in such a place.

This was a place where good people were not allowed to pass.

Only the wicked could live in a \*\*\*like this place.

The Eighteenth \*\*underground arcade contained many games that were too indescribable to be released on the market.

However, other than the indescribable parts, the quality of these games was superb. It was obvious that they were 'masterpieces' created by experts.

They did not like the games with cliché positive energy on the market, especially the ones that gamers could tell the ending of the game immediately.

They like dark and deep game plots, which could cause a certain degree of social reflection and even trend discussion. This type of game could not be placed on the market. It could only be placed in the underground arcade.

Those people made these games out of passion.

It was purely to make a game that they wanted to make.

They did not care about the world's opinion.

They did not make games because of money

At the same time, it was also for more gamers who liked this type of game!

Jane was wearing a mask, a scarf, and a towel. She was wearing a down jacket and had her hands in her pockets.

She looked out of place.

Some hooligans saw that Jane was an unfamiliar face and had a good figure. They revealed greedy eyes and went forward to strike up a conversation.

"Beauty, you came to the Eighteenth \*\*\*alone? You're quite bold."

"Where did you come from? Do you have a boyfriend?"

"This place is frequented by young female players. I can't hold back my urge if this goes on."

Then, one of the hooligans could no longer hold back and wanted to tear off Jane's scarf and mask.

He wanted to see if Jane's face was perfect as her figure.

Jane looked at them coldly.

She grabbed the hooligan's hand and twisted it gently.

Crack!

The sound of bones breaking could be heard.

The perverted smile on the hooligan's face instantly turned into a painful frown.

He let out a miserable scream. "Ahhh!"

When the other hooligans saw that their companion was subdued by Jane, they were instantly furious and swarmed forward.

"How dare you hurt my brother? You're going to \*\*\*!"

"I swear I will torture and \*\*\*\* you tonight!"

Without panicking, Jane raised her leg and kicked.

She kicked the nearest hooligan away.

She did not let other hooligans off either.

She kicked their stomach, thighs, toes, and their most vital part.

The whole scene only lasted less than ten seconds.

Clap, clap, clap.

A few hooligans were lying on the ground, groaning in pain.

Jane walked toward the arcade expressionlessly.

When the others saw this scene, they did not dare to offend Jane.

They could only look at Jane's back in awe.

In the Eighteenth \*\*\*, there were no rules, no order to speak of.

For example, even if these hooligans were \*\*\*by Jane on the spot, no one would call the police for them.

At most, the administrator would come over to help collect the corpses.

Here only existed the law of the jungle was passed down from the ancient society, where the strong preyed on the weak.

The weak were devoured until not even their bones were left.

In this place, people with powers were existences that could possess everything and become rulers.

Of course, there were very few people here who got into such a fierce fight or even \*\*\*.

Although the authority would turn a blind eye to whatever happened in this area, if someone \*\*, it would still cause a huge commotion. They still had to interfere.

Jane arrived at the entrance of the Eighteenth \*\*arcade.

The shape of the entrance was a \*\*\*.

It was very iconic.

It meant that it was \*\*\*inside.

Jane pushed open the door without hesitation and walked in.

Inside, there was a commotion.

Everyone gathered in front of a machine.

The people shouted excitedly. "King, King, King."

No Way Back Chapter 223-Jane looked up.

Oh

It was an acquaintance.

Felix was dressed exactly the same as Jane when she bumped into him at the amusement park.

At this moment, he was pushing the analog sticks and excitedly fighting other players. He clearly had an adrenaline rush. When the “victory” logo appeared on the machine screen, everyone cheered excitedly.

“\*\*\*yeah! As expected of King! He’s already won 18 consecutive victories! He’s simply the master of the Eighteenth \*\*\*\*”

“That’s right. King became the only platinum VIP in the Eighteenth \*\*\*with his gaming skills. No one can defeat him!”

“Is King good at fighting?”

“That’s hard to say. But from his look, King doesn’t seem to be the type who knows how to fight. He’s just good at games.” Felix was immediately unhappy when he heard this.

He slapped the game machine and stood up abruptly.

“Who said that? I’m super fierce when I fight! I’m super strong when I punch people!

“But I came to the Eighteenth \*\*\*to play games! I don’t want to waste time! Come on! Next opponent!”

“I’ll play with you.”

Jane said calmly.

When Felix heard Jane’s voice, his entire body froze.

He was like a robot, slowly turning his head.

He looked at Jane.

Jane was wearing a mask, hat, and scarf, her face could not be seen clearly.

However, Felix would never forget this figure and voice.

It was Jane!

Gulp.

Felix could not help but secretly swallow a few mouthfuls of saliva.

He thought of the last time he was getting his ass kicked by Jane in the arcade. In the end, he was beaten to a pulp and was unable to defeat Jane.

Before anyone realized the seriousness of the matter, Felix retreated.

They were talking trash to Jane.

“A woman wants to play this fighting game? Hahaha, I’ve really broadened my horizons.”

“Little girl, this is not a place for someone like you to enter. Hurry up and go home to drink milk.”

“Don’t wet your pants later. We’re not responsible for changing your diaper.”

“This is the first time I’ve seen someone challenge this kind of fighting game in the Eighteenth \*\*\*\*. Do you not know who your opponent is?”

“He’s the King! The overlord of the Eighteenth \*\*and the arcade above ground! What right do you have to be his opponent?”

Jane ignored all the trash talk.

She sat opposite Felix.

She smiled faintly

Her words were so cold that they seemed to be able to freeze one’s soul.

“King, everyone says that I’m not qualified to be your opponent. What do you think? Huh?”

“I... this time! I won’t lose to you! Come!”

Felix gritted his teeth.

Felix knew that Jane was a super dangerous person.

Although he did not want to provoke Jane, the other people were already excited and stirred up the atmosphere.

If Felix ran away, he would be a joke.

From then on, he could no longer survive in the Eighteenth \*\*\*.

“What? Did King lose to this woman? How is this possible?”

“There must be a mistake somewhere!”

“But this woman doesn’t look like someone to be trifled with My little brother just came over and said that this woman took care of the six hooligans in ten seconds. It was a bloodbath”

“\*\*\*! She’s good at fighting? She’s just a woman. But if she doesn’t know how to fight, she’ll be in trouble here.”

After knowing that King had once fought with Jane in games and that Jane was very good at fighting, the way everyone looked at Jane instantly changed.

They were all looking forward to the outcome of this match.

Felix rolled his eyes and said, “Whoever wins five rounds first will be the winner!”

This time, Felix would not take Jane lightly.

Felix knew that Jane’s gaming talent was terrifying. She could instantly copy his moves and use them against him. The best way to win Jane was to crush her quickly before she was familiar with the game and knew his moves.

He would first set the rules and defeat Jane to win the game championship.

This way, Felix wouldn’t lose to Jane and be so \*\*\*\*in front of everyone.

“Also... if the winner wins, the \*\*\*has to fulfill the winner’s request. How about that?”

“If we don’t increase the stakes, the competition will be boring,” Felix suggested.

Felix did not like to play such a high-stakes game.

However, he knew Sam and his brothers seemed to be very interested in Jane.

Sam said that he hated Jane. She was the traitor to the Fowler family.

As Sam’s good friend, Felix could tell Sam actually wanted his sister back.

Jane was Sam’s younger sister who had been missing for 19 years!

Felix did not know what had happened between Jane and the Fowler family.

This was their family matter.

But Felix was Sam’s friend. He had received so much help from Sam.

At this moment, Felix finally found a good opportunity and wanted to help Sam once!

Unexpectedly...

"Sure."

Jane agreed without hesitation.

Felix went speechless.

It was Felix's turn to be dumbfounded.

He was about to explain his intention.

What the heck?

"Jane, why didn't you agree right away?" Felix yelled in his heart.

He had thought that Jane was going to bargain!

Yet, she agreed so readily.

Was it a trap?

"What? I already agree. Aren't you going to start?" Jane asked impatiently.

"I... I'll start now!" Felix replied.

"Calm down, Felix. Everything is going according to your plan." Felix thought to himself.

All he needed to do was not give Jane a chance to learn his moves.

Five matches! He only needed to win five matches!

Then, he would be the winner and wash away his previous humiliation!

When he was playing in the amusement park, Jane had also tried more than ten rounds and learned Felix's moves before winning Felix!

In the end...

Jane completely crushed Felix!

Felix was like a sandbag in Jane's hands.

Felix didn't even win one of the five matches.

He was completely defeated by Jane.

Felix was dumbfounded.

The entire arcade was dead silent.

No one had expected such an outcome.

They thought they would see a heated battle, and it would be hard to tell who would win until the last moment.

Who would have thought King was annihilated by Jane?

It seemed that King was right.

Jane was really someone who had defeated him before.

It was true that there was always someone better at something.

“This... This is impossible! Why are you so smooth in those combos?”

Felix looked at Jane in disbelief.

“Because I’ve played this fighting game before. The last time I played with you was the first time I played Cunning Fighter.” Felix was stunned and did not speak a word.

## **Read Novel No Way Back Chapter 224**

No Way Back Chapter 224-He had miscalculated!

Felix knew his talent and skill were at a disadvantage against Jane. Moreover, he challenged Jane to a game she had played before.

Felix was simply finding trouble for himself

He had prepared himself very well, but he did not expect Jane to have played this game before!

Felix felt like vomiting blood.

“Alright, I admit defeat!”

“What do you want me to do? Just tell me.”

Felix looked like he was going all out.

He was a man of his word. Since he had made a promise, he must fulfill it!

Otherwise, Felix would really be too ashamed to continue living!

“Don’t worry, I won’t eat you.

“I order you to try all kinds of games with me today when I’m in the arcade,” Jane replied.

“...It’s that simple?”

Felix looked at Jane in confusion.

He was afraid that Jane was hiding a trap in her words.

If Felix accidentally stepped in, he would be tortured by Jane miserably.

“It’s that simple. Even if I want to torture you, do you have any room to resist?

“\*\*\*\* ”

Felix had completely lost his confidence to retort Jane.

He was indeed weaker than Jane.

He could only lower his head obediently.

Then, Jane chose games that she had never played before.

As she played, she took photos and made notes.

This was not just to help Lila fulfill her dream.

Jane was a hardcore game enthusiast.

She had given up too much for the Fowler family in her previous life.

She had once thought that if she could not find her family, Jane might as well fulfill her dream with Lila and become an eSports player.

Or she could be a game developer and do whatever she liked.

Jane still couldn’t figure out what she was going to do in the future.

She was serving Crucsia’s No.7 Scientific Research Organization to make the country better and stronger with Yale.

Other than that, there were many things that Jane wanted to do.

Jane would take it one step at a time.

Felix stole a glance at Jane's notes.

"You... you want to design a game and use these games as a reference?"

Jane didn't even look up. "It's none of your business."

"You can ask Sarn about this thing. Cunning Fighter was designed by him."

Felix subconsciously blurted out.

In an instant, Felix regretted it.

Oh god.

Felix wasn't the Fowlers.

Why did he get involved in this troublesome matter?

What if he angered Jane and she deliberately took revenge on him?

"My \*\*\*, I remember saying it very clearly before... I have nothing to do with the Fowler family anymore.

"What's your motive for saying such things?"

Jane narrowed her eyes, exuding a dangerous aura.

Felix was so frightened that he immediately admitted defeat. "A slip of the tongue! It's just a slip of the tongue! Just treat it as if I was farting just now!"

"Then why aren't you explaining this game's main plot and gameplay to me?" Jane said impatiently.

"Yes!" Felix replied obediently.

At this moment.

Sam walked into the Eighteenth \*\*\*with his hands in his pockets.

When the hooligans in the arcade saw Sam, their expressions changed, and they could not help but whisper to each other.

"Is that him? Are you sure?"

"I'm sure... Even though he hasn't appeared for a month, there's no mistake! It's the teacher of King!"

"I didn't expect such a man to come to the Eighteenth \*\*\*. Did King call him over to help take revenge?"

"That's possible. King is invincible in the Eighteenth \*\*\*, but he lost to a woman and was treated as a \*\*\*. As King's teacher, he definitely can't take this lying down."

"This is going to be a good show."

Sam frowned as he listened to the discussions around him.

Due to the noisy environment in the arcade, Sam could not hear what they were whispering about.

Sam only knew that they were watching him and discussing the topic of him.

As a video game designer with a hobby and a man with an extremely high talent for game design, Sam was very familiar with the Eighteenth \*\*\*.

Not to mention that Felix liked to use the sock puppet "King" to \*\*\*\*the noobs in the Eighteenth \*\*\*.

This was the first time Sam had brought Felix over to collect materials.

It was rare for Peter and Quinton to be gone today.

They left Sam alone.

Sam felt so lonely.

Hence, he wanted to look for Felix.

He called Felix, but there was no signal. He knew Felix must be in this underground arcade, so he came over when he had nothing to do.

At this moment, Sam seemed to have caught something out of the corner of his eye.

Immediately, Sam thought that he had seen it wrongly.

He couldn't help but rub his eyes.

He took a \*\*\*\*look.

"Why are you two here?"

Sam exclaimed in surprise.

Felix and Jane turned their heads in unison.

When Felix saw Sam here, his heart skipped a beat as he looked at Jane in fear.

“I, I, I... I didn’t inform Sam! I don’t know why he’s here either! Coincidence! It must be a coincidence!”

Jane said calmly, “I know. There’s no signal here.”

“Okay...”

Felix heaved a sigh of relief.

Then, he felt that something was wrong.

No? Why should he be nervous?

Even if Felix called Sam, Jane couldn’t have eaten Felix, right?

It was just a feeling....

Felix spent some time with Jane.

He could always feel an inexplicably powerful aura from Jane that

It made Felix instinctively afraid.

“What are you doing here with Jane?”

Sam gritted his teeth.

He felt like he had been stabbed in the back by Felix.

Felix shrank his neck and replied, “I... I lost to Jane in a game match. Then, Jane asked me to accompany her to understand the games here.”

“\*\*\*\*, why do I look like I’m guilty? It was like I owe Sam tons of money.

“I was such a fierce man! Now, I’m like a little \*\*\*\* rabbit! I’m \*\*\*\*!” Felix cursed himself in his heart.

“You lost to Jane in a game match?”

Sam narrowed her eyes.

Felix's strength and skill in gaming were trained by Sam.

His talent in games was definitely top-notch. Just by looking at how Felix made a name for himself with the sock puppet "King" and how countless gamers knew about it, Felix was obviously a pro gamer.

However, Jane actually had the ability to defeat Felix.

www.

"Alright, since we've bumped into each other, Jane, let's have a match. You can decide what game you want to play!"

In both racing and skiing, Sam lost to Jane.

In that case, he could not lose to Jane in the gaming industry, which he was most proficient at!

He had to seize this opportunity to avenge his previous humiliation!

Holy \*\*\*!

Felix's heart skipped a beat.

The thing that he had fantasized about countless times finally happened.

Jane versus Sam in a game match!

Even Felix could not tell who would win.

Sam was Felix's teacher in gaming. He was also a genius game designer.

On the other hand, Jane had extremely high gaming talent and continuously improved her skills through previous battles. She was rational and calm, a newcomer who had surpassed the veteran gamers.

Gulp.

Felix could not help but secretly swallow a mouthful of saliva.

He felt that this match was more interesting!

He didn't know what Jane would answer.

"I refuse."

Jane replied without hesitation.

## Read Novel No Way Back Chapter 225

No Way Back Chapter 225-This time, Felix and Sam were dumbfounded.

“You... you rejected. Why did you refuse?”

“Jane, are you done competing with me?” Sam asked in confusion.

“Are you an \*\*\*? You ask me to have a match with me, and I have to accept it? Who do Jane said coldly.

As expected, her impression of Sam in her previous life and now was not wrong at all.

Sam was a complete \*\*\*and an egomaniac.

He always thought that others had to give him what he wanted.

How could others have the time to care about the needs of an egomaniac?

you think

you

are?”

Sam was lucky that he was born into the Fowler family. He always had protection from Jack and Anna.

Otherwise, he had been beaten to death countless times with such an \*\*\* and despotic attitude.

In the past, Jane actually wanted to salvage her relationship with Sam. She tried her best and was even frustrated in doing.

50.

The Jane in the previous life was really \*\*\*!

Sam choked and was speechless for a moment.

Even Felix fell silent.

They did not expect Jane, who had always liked to challenge, to reject Sam’s request.

Every time he competed with Felix, Jane would agree readily.

Could it be that she was afraid of Sam?

“What! Did I look weak and easy to \*\*\*\* it!” Felix cursed in his heart.

Everyone’s eyes were on Jane and Sam.

They shouted in their hearts, “Fight, fight, fight!”

They just wanted to watch an exciting show!

It would be even better if they could sit back and reap the benefits!

“I... I’m Felix’s teacher. I’m the one who taught him how to play games!

“You defeated my apprentice. As his teacher, I’m helping my apprentice take revenge. Is this reason not enough?”

Jane did not reply.

Jane felt it was pointless to say anything more to Sam.

For the first time, he felt that facing the Fowlers was not complete disgust but helplessness towards idlots.

She turned around and left.

Jane was about to leave.

Sam quickly tried to goad Jane.

“Jane, are you afraid?! Are you so afraid that you’ll lose to me?”

“Whatever you say. Your voices are just dog barks to me.

“\*\*\*\*, why are you still standing there? We still have more games to test.”

“Oh... Okay!”

Felix finally reacted.

He subconsciously followed Jane.

What?

Something was not right.

Why did it feel like Felix had really become Jane's follower?.

This girl was clearly a few years younger than Felix!

"You... you..."

Sam was furious.

He thought that Jane did not dare to accept his challenge.

Yet, Jane still shamelessly said that Sam's voice was dog bark.

This was intolerable!

And yet. Sam indeed did not have a good way to make Jane agree to this match.

Trash talk and provocation were all useless.

Sam thought about it and could only silently follow behind Jane and Felix.

He waited.

He wanted to see if there was a way for Jane to fight him so that he could wash away the humiliation of his previous two failures

Sam kept following them and watched.

Then, he suddenly interrupted, "Are you trying to design a game?"

"Are you a dog? Why aren't you scrambling? Why are you following us?"

Jane did not hide her disdain at all.

"You! Jane, watch your \*\*\*a! Where dare you be rude to the Fowler family's noble bloodline?" Sam said furiously.

"You're always spouting vulgarities. You've embarrassed the Fowler family!

"Go away!"

Jane kicked Sam in the stomach.

"Oh!"

Jane's kick was too sudden and too fast. She had grasped Sam's weakness and caught him off guard!

Sam could not react at all!

He was kicked in the stomach by Jane.

He could not help but widen his eyes. His face was filled with pain as he held his stomach and squatted on the ground.

A low scream sounded.

"Sam!"

Felix called out nervously and quickly went up to support Sam.

"You've ruined my mood today. You're so annoying.

"Forget it. I won't waste my time with you guys."

Jane put her hands in his pockets and walked towards the entrance of the arcade.

"Hey, Jane, you're going too far! No matter what, Sam is your brother!

"How could you hit your own brother so hard!"

In a moment of desperation, Felix shouted at Jane.

After shouting, Felix regretted it immediately.

He seemed to have forgotten...

Jane and Sam had already severed ties!

"Brother? Are you an \*\*\*like Sam?

"When did I become siblings with him? \*\*\*."

Jane left without looking back.

"Wait! Jane!"

Sam broke free from Felix and struggled to stand up unsteadily from the ground.

"What? You're still looking for a beating? I don't mind giving you a few more kicks." Jane replied indifferently.

“Jane... I got it. Have a match with me, and let's put a bet on this match!

“As long as you win, I'll give you the game design software I've programmed for many years. You came here to observe and look for ideas for your game design, right?”

Sam held his stomach and endured the pain. He got himself together and spoke.

Felix shouted in disbelief, “What?! Sam, are you crazy? You spent so much effort creating that game design software!”

“Felix, don't worry about me. Jane, I'll leave my request here. Do you want it?”

Sam stared at Jane with a burning gaze.

No matter what, Sam wanted to compete with Jane in the game.

Whatever it took.

Otherwise, his shame and failures would flood his mind, and he would not find the chance for redemption!

“I'm not interested in the game design that your \*\*\*brain came up with.

“However... if we add another bet, I'm willing to spend some time playing this boring game with you.”

“What bet?” Sam asked.

“It's simple...

“Transfer the patent of your game design software to me.

“If you lose, you can't use this software again!

“Once you use it, I'll hold you accountable through the law! Jane replied resolutely.

Hiss!

Felix could not help but gasp!

“Jane. You're too much. Do you know how much effort Sam spent to create this game design software day and night?

“This bet is not fair at all! Sam, you don't have to agree to this bet!”

Felix quickly persuaded Sam.

Others might not understand, but Felix did.

The two of them were good brothers. Felix was very clear about how much Sam had sacrificed for this game design

software!

“I agree!”

Sam spoke without hesitation.

Felix was so anxious that he wanted to punch Sam. “Sam, are you out of your \*\*\*\*mind? You even agreed to such a \*\*\*bet?”

“As long as I win, it doesn’t matter, does it?”

Sam spoke confidently.

In the game industry, there was nothing that Sam was not good at.

He had played all the games in the Eighteenth \*\*\*and studied them thoroughly.

It could be said that Sam had become the expert of the games in the Eighteenth Hel!!

Even if Jane could defeat Felix, it was impossible for her to defeat Sam!

Sam was full of confidence.

“You... Sigh!”

Felix could only let out a long sigh.

Sam and Jane were going to have a game match. To be honest, Felix could not tell which of them would win.

However, Felix still felt that Sam had a high chance of winning, whether it was his rational thinking or personal feeling. The main reason was that Sam’s gaming talent and skills were too terrifying.

It was comparable to Jane.

Sam had a bigger advantage over Jane.

It was Sam who brought Felix to the Eighteenth \*\*to play games.

Sam had already played all the games in the Eighteenth \*\*.

In terms of familiarity with the game and talent in gaming, Sam should be much better than Jane.

+

But...

This “uneasiness” hovered in Felix’s heart.

Where did it come from?

Clap, clap

## Read Novel No Way Back Chapter 226

No Way Back Chapter 226-*Jane could not help but clap her hands.*

*“How courageous... Alright, I’ll spend some precious time playing with a dog like you.”*

*Sam gritted his teeth. “Watch your \*\*\*!”*

*I’m sorry. That’s how I talk. Do you want me to keep my \*\*\*\*clean? Hehe... Then you’ll have to defeat me and prove me your strength.”*

*“You can beat me in the game, or we can have a real fight now. If you can defeat me, I’ll kneel down to you without hesitation.*

*“The point is... can you do it?”*

*Jane looked at Sam contemptuously.*

*Her words were even more \*\*\*!*

*When the surrounding people heard this, they could not help but secretly swallow their saliva.*

*Jane was really badass!*

*In the past, they felt that their actions were cool and stylish!*

*After they saw how badass Jane was, they felt that what they had done in the past was embarrassing!*

*This was the real trash talk! This was the provocation! The highest level of provocation!*

*No one could stand the humiliation from Jane!*

*“Fight!”*

*“Fight!”*

*“Fight!”*

*The surrounding people could not help but cheer.*

*If they did not warm up the atmosphere and add fuel to the fire, wouldn't that be losing the joy of being a human?*

*“In terms of martial strength, I heard you defeated Dwayne, and I don't care if it's true. The truth is my martial strength can't compare to you.*

*“But in games, I've never lost to anyone! I've never submitted myself to anyone! Pick a game here, and I'll compete with you!” Sam said confidently.*

*“Heh, you're so confident. Alright, let's choose this fighting game.*

*“I used this game to defeat your precious apprentice. Then as the teacher, isn't it the best choice for you to choose this game to avenge your previous humiliation?” Jane said in a sarcastic tone.*

*“Alright! Let's use this game to compete!”*

*Felix's heart skipped a beat.*

*Sam became excited. Felix knew he could not dissuade Sam at all.*

*He could only silently pray for Sam in his heart.*

*If it were any other game, Felix would think Sam had a high chance of winning.*

*Moreover, Felix lost to Jane in this fighting game.*

*Jane's technique was superb, and it was even the platinum level!*

*She had a profound understanding of this game and had completely mastered this game!*

*Sam was also proficient in this game, but this did not give him any advantage!*

*Sam had made too many concessions. Even if Sam was very confident, he was afraid that he would lose and embarrass himself. That would be awkward!*

*Sam and Jane sat in front of the game console.*

Countless people gathered to the side.

They formed a circle, but they didn't get too close.

They were they would affect the player's performance after being too close.

At that time, the competition would not look good.

Before they started, Sam said coldly, "Since you've already stated the reward you want after winning, it's time to state your

punishment if you lose!"

*"Shoot."*

Jane simply spat out a word.

Her expression was relaxed as if she did not care about this match at all.

Sam felt as if a thorn had stabbed her heart.

He should be the one to have such confidence.

\*Jane, well, you can be smug now.

"Later, I will use my strength to tear your aloof mask into pieces!" Sam thought to himself. "It's simple. If you lose, I want you to listen to your brothers! You can't disobey us!"

Sam did not say that he wanted Jane to return to the Fowler family and forgive the Fowlers. Because Jane was not worthy of their family!

Even now, Sam did not know why the Fowlers were so obsessed with a traitor like Jane.

Even if the Fowler family did something wrong, why Jane had to be so petty and find all kinds of reasons to take revenge.

*on them?*

Without the Fowler family, Jane would never exist!

This time, Sam simply wanted to compete with Jane to determine the winner!

Sam wanted Jade to listen to her brothers. This was because he decided to help Quinton and Peter since they were obsessed with Jane.

*“...Alright.”*

Jane was completely speechless.

The Fowlers were a bunch of stupid clowns.

Sam wanted her to listen to the brothers and could not disobey them..

*How annoying.*

In the past, they disdained her when she was obedient to them.

Now that she wanted to get rid of them, they were all pretending to be good brothers.

“Let’s follow the rules of the previous match with your apprentice. Five points. Whoever wins five rounds first will be the winner. No objections, right?”

“Of course not. I But don’t you regret your decision. Why don’t you give yourself more rounds to fight me? You’ll probably be defeated very quickly before winning five rounds!”

*Jane could not be bothered with Sam.*

*She pressed the start button and entered the character selection interface.*

*Jane chose a female character who focused on agility and speed.*

*Sam chose a male character who focused on explosive power.*

*They were two different styles.*

*Felix stared nervously at the game console screen.*

*He did not dare to look away for a moment to distract himself.*

*He even held his breath when he was excited.*

*It was rare for the noisy arcade to be completely silent.*

*The first match began.*

*Eventually, the words “victory” appeared on the game console screen.*

*Sam had won!*

*“That’s great!”*

*Felix clenched his fists and could not help but shout excitedly.*

*This match was really exciting!*

*There were a few times when Sam's HP was so low that Jane could have finished him easily!*

*In the end, Sam still turned the tables!*

*It was different from how Jane crushed Felix completely!*

*車*

*Sam raised his eyebrows proudly and glanced at Jane.*

*However, his palms were already sweating profusely.*

*Very few people could give Sam so much pressure in fighting games.*

*He was so nervous and highly focused.*

*Sam had forgotten how long it had been since he experienced it.*

*Today.*

*It emerged from his body again.*

*The person who gave Sam such a feeling was his sister, Jane, whom he had always looked down on.*

## **Read Novel No Way Back Chapter 227**

*No Way Back Chapter 227-Jane's expression was very calm.*

*Then, the second round began.*

*In the end, Jane won.*

*With a slight advantage, she finally wiped out Sam's HP*

*Everyone exclaimed,*

*The point became one to one.*

*The match was too exciting.*

*Was this a battle between experts?*

*Sam's face clouded with anxiety.*

*Was it an illusion?*

*Sam felt that this round was much more strenuous than the first round.*

*However, he still lost.*

*Only Felix was extremely nervous.*

*Because Jane had already begun to learn Sam's moves.*

*Bit by bit, she would take Sam's move for herself.*

*She would learn the advantages of Sam's moves and then refine them.*

*Back then, Jane had never played the Cunning Fighter. Then, she used the same tactic to defeat Felix.*

*What happened next shocked everyone.*

*Sam had never won against Jane in the next four rounds.*

*The gap widened bit by bit.*

*Even when Jane won the fifth game, she still had 50% HP left.*

*In the end, she defeated Sam.*

*Sam's face was pale.*

*Even his hand holding the joystick became weak.*

*Sam's small habits had been completely understood by Jane in these few rounds.*

*No one else had noticed Sam's unique moves and combos in the game.*

*However, Jane noticed it.*

*Little by little, Jane set up a trap and lured Sam fell into it.*

*It was like a spider weaving a spider web.*

*Initially, Sam was excited as he thought his scheme was about to succeed.*

Little did he know that he had fallen into Jane's trap.

There was no possibility of escape.

"According to the bet, give me the software copy and destroy yours. This thing no longer belongs to you.

"I'll go and change the patent. Sam, since you keep mentioning the glory of the Fowler family, I don't think you will go back. on your word

*Of course.*

Jane had already recorded their conversation..

If Sam really did go back on his word, Jane would completely ruin Sam's reputation

Then, Sam would make the Fowler family pay for his mistake!

After that, Jane left just like that.

Sam couldn't even say anything to persuade Jane to stay.

After the battle just now, Sam had already deeply understood one thing through his failure.

Even the gaming talent that Sam was so proud of was weaker than Jane's!

This woman was really too scary!

\*Sam, are... are you alright?"

Felix did not know how to comfort Sam.

To be honest, Felix knew Jane's gaming skill was unfathomable after he lost to her

But still, he did not expect Sam to lose so miserably.

It was too dramatic.

"I lost. What else can I do?"

*Sam said bitterly.*

He stood up and walked out of the arcade.

Felix was worried about Sam. He quickly followed behind, not daring to look away from Sam.

After Jane and the others left, only then did everyone come back to their senses

“Shit! Is she the new queen of the Eighteenth Hell?”

“Even King and his teacher were completely defeated by this woman. Who is she? Could she be a professional gamer?” “No way, a professional gamer coming to such a place? If they’re found out, they’ll be banned from the matches!” “Speaking of which, which one of you recorded a video? If it was uploaded to the forum, it would definitely become popular.”

“Fuck! I actually forgot! What a shame!”

*The next day.*

Jane received the patent for Sam’s game design software.

She took the afternoon flight back to Stormton City in Cruksia.

After getting off the plane and smelling the familiar air, Jane felt refreshed.

*“Janie!”*

Lila ran into Jane’s arms and said with tears in her eyes, “Long time no see! Sob, sob! You abandoned me for so long. You’re a heartless woman!”

Jane rubbed Lila’s head. “Why are you saying that I abandoned you like a scumbag? If you want to find me, why don’t you fly to Fousm in Meridonia?”

“Do you think everyone can glory to the country and have the opportunity to go overseas like you? The final exams at the University of Oricle are around the corner.

“Wouldn’t it be embarrassing if I failed my subjects? Janie, you’re so lucky. You are exempted from all the exams and passed with full marks. I’m envious and jealous of you!

“You have no idea how I’ve been tortured by advanced mathematics recently. I’m going bald!”

Lila even pointed at her hair.

*She looked aggrieved.*

She glanced at Jane’s shiny black hair.

*Sob, sob!*

Why was Jane so smart?

Jane had so many thoughts in her head.

Yet, her hair looked black and thick. Why wouldn't it fall off?

Jane was a super genius.

Jeez! Jane was so perfect that she pissed Lila off!

Janie, you must tell me what shampoo you used. I don't want to become bald and ugly!"

*"...I'm using Sweet Herbal. I've never really been specific about my shampoo."*

*Lila was stunned and went speechless*

*Lila felt like she had suffered a huge blow.*

*Sweet Herbal was a cheap shampoo brand.*

*Oh my god.*

*Lila instantly felt she had wasted her money on the pile of branded shampoo and conditioner she had bought.-*

*Indeed! Baldness was life!*

*It was impossible for someone who was beautiful and perfect like Jane to have anything to do with baldness!*

*"All right. I rub your little head and pray you don't go bald.*

*"Are you going to bring me anywhere since I came back today?" Jane asked.*

*"Yes, it's a newly opened spicy barbecue restaurant. It's super nice! It's so cold today. It's the most comfortable to eat spicy barbecue!"*

*"I've already reserved a seat. It's almost New Year's Day. This seat is super difficult to book. You have to praise me."*

*"You've done so well." Jane praised Lila while rubbing Lila's head.*

*Jane and Lila got into the car and drove towards the barbecue restaurant while chatting and laughing.*

*At this moment, Jane's phone vibrated.*

*It was a message from Hugh.*

*Jane made a shushing gesture. "Lila, I'll reply to a message first."*

*"Okay... Eh?"*

*Lila wondered if she was seeing things.*

*She seemed to have seen that the person who sent the message was Mr. Croft!*

*Oh my god! Janie and Hugh... Could they really be together?*

*Hugh was an emperor-level figure who dominated the economy in Stormton City!*

*For a moment, Lila did not know if he should be jealous that Hugh could pursue Jane openly or worried that Jane would fall in love with Hugh.*

*Would Jane be happy if she lived in the wealthy and terrifying Croft family?*

*Jane had finally let go of the family that had hurt her and obtained freedom.*

*However, she stepped into a wealthy family and accepted those complicated rules once about.*

*Lila was nervous just thinking about it!*

*Lila's concerns had yet to be noticed by Jane.*

*Hugh wrote, "Did you get off the plane?"*

*Jane replied, "Uh-huh, I'm off the plane. I had a safe trip. Is there anything important you want to tell me"*

*On the other side.*

*Hugh was in Nightshade Bar. When he saw Jane's message, he lowered his eyes to hide his emotions. If there's nothing important... Can't I message you?"*

## **Read Novel No Way Back Chapter 228**

*No Way Back Chapter 228-Jane replied, "Hugh, you had chatted with me for a long time before I got on the plane. I also said that I wanted to meet up with Lila tonight. You're not the kind of person who will disturb me and keep asking for attention."*

*Hugh wrote, "Then you're wrong. Actually, I'm a needy man I just want to attract your attention."*

*Hugh sent another smiling emoji*

*Jane thought of Christmas's kiss that night and could not help but blush.*

*Jane replied, "To be able to make Mr. Croft say such shameless words, I feel like many women will be envious and jealous*

*of me."*

*"You don't care about what others think. They are not comparable to you."*

*These words came from the bottom of Hugh's heart.*

*After that Christmas night in Meridonia, Hugh thought his relationship with Jane had improved a lot.*

*Sometimes, they could be like a couple.*

*Every time Hugh felt a slight change in their relationship, he was overjoyed.*

*It was like he was about to solve the most difficult puzzle in the world.*

*Jane wrote, "Thank you for the compliment. I'm flatter."*

*"Uncle Raymond went to Hillslein again. This time, he obtained accurate information and found out where Luna was. "Regarding Luna's video you posted, it caused an uproar on the internet. The Croft family noticed it.*

*"Grandpa said that he would talk about this matter after New Year's Day. He asked Uncle Raymond's family to deal with the remaining aftermath first.*

*"For the sake of his status, Uncle Raymond would get rid of Luna. Janie, be careful. Uncle Micheal seems to be interested in you."*

*Hugh's Uncle Micheal... Michael Croft?*

*Jane pursed her lips.*

*She tried to recall the information about the Croft family.*

*Michael was a cunning old fox.*

*Before Hugh appeared, everyone thought that the Croft family and D.Y. Group's future leader would be Michael.*

*Micahel was the eldest son of Victor, the previous ruler.*

*Michael showed enough ability to be the head of the family and lead the D.Y. Group and the Croft family.*

*Matthew from the third branch of the Croft family did not like to fight. He liked to travel around and was peaceful. He was not competitive.*

*Levi from the fourth branch, who was also Hugh's father, was indeed quite talented back then.*

Levi was comparable to the first branch's Michael.

There had always been rumors that when Victor retired in the future, they would choose the head of the Croft family from these two branches. Then, everyone would choose their sides.

Levi married at a young age. His wife was his first love and childhood sweetheart, who was also Hugh's mother.

*Unfortunately...*

Hugh's mother died in childbirth.

From then on, Levi could not recover from it. He was depressed until now.

As for Raymond from the second branch, his ability was even inferior to Layne's.

It was even more impossible to hope that Mr. Narcissist could salvage the situation, defeat Hugh, and take back D.Y. Group.

Only his competitiveness was much higher than the third branch and the fourth branch. He did not care about Michael at

*all.*

*Of course.*

Michael only had abilities.

However, he was not worth mentioning when compared to a true genius.

Hence, Victor fought against all opposition and allowed Hugh, the son of Levi, to become the head of the Croft family at a

*young age.*

After that, all objections disappeared completely.

Because they were all eliminated by Hugh.

When they made this decision, everyone thought Michael would cause a scene.

How could he accept that the position of the Croft family, which was initially at his fingertips, was snatched away by his nephew?

Unexpectedly, Michael calmly accepted this ending.

On the other hand, Raymond caused quite a commotion.

He was just a piece of trash. Hugh didn't take Raymond seriously at all. He suppressed him with a flip of his hand.

Jane sent a message. "Hugh, what do you think of your Uncle Michael? Is he a friend or foe to you?"

Hugh replied, "Not an enemy, and definitely not a friend."

They were all smart people.

Hugh's words instantly gave Jane an impression of Michael.

+

Jane replied, "What a cunning old fox. His mind is only filled with benefits. Only such a person is suitable to survive in the business world. I understand. Don't worry."

Hugh replied, "Janie... When can we meet again? Cough! If you want to eat Type Omega blood's food, I can send it to you!" Jane sent a message back, "Okay! When the time comes, let's drink some good wine. When the mood is set up, we'll have some intimate action. How about a kiss like the one during Christmas night?"

*Plop!*

Hugh never expected Jane to respond like this.

In an instant, his heart skipped a beat.

*His fingertips trembled.*

He poked at the phone screen.

It took a while before he sent a message.

*Hugh wrote, "Alright!"*

Jane replied, "Pfft! Hugh, you're so cute."

Hugh could not help but secretly swallow a \*\*\*of saliva.

His Adam's apple bobbed.

He felt as if his body was on fire..

His blood was boiling.

He could only pick up the iced whisky and drink it in one gulp.

*It wasn't enough!*

His body was still burning!

He needed more ice to cool himself down!

If it were the previous Hugh, he would never expect he would be agitated by a woman's word. He felt like his brain could not function anymore.

*Hugh once thought a romantic relationship with a woman was the most pointless thing!*

*Hugh saw Connor change his girlfriend frequently. He felt Connor was hopeless and bet Connor would die in a woman's bed sooner or later.*

*Now...*

*It seemed that the table had turned.*

*Robert and Connor were drinking with Hugh.*

*They played Glory of Legends while paying attention to Hugh's every move.*

*Their attention was completely diverted, causing the two of them to be unable to unleash their skills and lose the team*

*battle.*

*This was a critical battle for them to reach the King of Glory ranking.*

*However, they were too curious about Hugh!*

*Sering*

*h's rare stunned expression they immediately logged out of the game.*

*They looked at Hugh with great interest.*

*They were afraid that Hugh would kick them to death. Otherwise, they really wanted to take out their phones and capture Hugh's current expression.*

*It would be a scene worthy of a historical record!*

*Hugh had finished adding the ice to his glass.*

*However, it wasn't enough.*

*He stood up abruptly.*

*His deep and magnetic voice sounded a little drunk. "I'm going to the washroom."*

*Connor and Robert said in unison, "Okay!"*

*With that, Hugh slipped away.*

*Connor and Robert could no longer hold it in.*

*They could see the evil smiles on each other's faces.*

*"Only Jane can make our Mr. Croft reveal an expression that doesn't match his character at all."*

*Robert leaned against the sofa and picked up the red wine with one hand. He swayed it gently and looked extremely lazy.*

*After saying that, Lila's childish and stubborn face appeared in Robert's mind.*

*Damn it. She was clearly not a stunning beauty, but an incomparably childish girl.*

*Robert had seen so many women. Beautiful, enchanting, pure, pitiful...*

*Many women were willing to throw themselves at Robert, but Robert ignored them.*

*Why did he keep thinking of Lila in his mind?*

## Read Novel No Way Back Chapter 229

No Way Back Chapter 229-*Robert reckoned that if others knew what he was thinking now, they would think he was crazy like the current Hugh. “Ahhh! I really want to see the chat history between Hugh and Jane! What exactly did Jane say to make Hugh so excited that he had to go to the washroom to relieve himself...” Connor said with a pitiful face.*

*“Connor, if Hugh hears your words, I’m afraid you will be doomed! I can’t take care of you at that time!” Robert warned*

*Connor.*

*Robert was so done with Connor*

*Connor kept provoking others and caused many troubles.*

*After that, Robert had to help him to clean up his mess!*

*“I only dare to say that because Hugh isn’t here. Robert, I’m not crazy. I wouldn’t dare to say that if Hugh was here. I still want to live!”*

*Connor pinched his own neck.*

*“But... Do you really think that Hugh is trying to relieve himself in the washroom?”*

*Robert actually considered this possibility seriously.*

*He then looked at Connor.*

*Fuck. Both of them wanted to go to the washroom and took a peek.*

*They could not imagine an upright man like Hugh would go to the toilet to do such a thing!*

*It really stimulated their curiosity! They really wanted to see what happened in the washroom!*

*Jane and Lila arrived at the barbecue restaurant.*

*They entered the reserved table and saw that it was filled with people.*

*Jane took a deep breath.*

*“Hmm... Just thinking about it makes me feel that it’s delicious. The spicy fragrance in the air is amazing!”*

*There was a saying that one could tell if a restaurant had delicious food judging from the number of customers in it.*

*This newly opened barbecue restaurant was overcrowded.*

*Fortunately, the space was not small.*

*The placement of the table was also thoughtful.*

*It did not make people feel the space was too small.*

*Hugh once said that people with Type Omega blood were not able to taste delicious food one day.*

*They could only eat black lacquer substances developed by science and technology.*

Hence, Jane had to eat a ton of delicacies while she still could taste them.

She sat down with Lila.

After ordering, Lila looked at Jane and hesitated to speak.

“Lila, just say what you want to say. We’re good friends, right? Why are you so shy? This isn’t like you.”

Jane saw through Lila at a glance.

Lila was silent for a moment before she said with a smile, “Cough, cough. Janie, I wanted to say aren’t you going to praise me? I found such a nice barbecue restaurant with delicious food.”

“Lila, the dishes haven’t even been served, and you already want me to praise you? Com on. If you have something to say. just say it. If you don’t, I’ll stroke your hair and make you bald!”

Jane rubbed Lila’s head hard.

Lila did not reply immediately.

She pouted and looked around.

Only then did she speak carefully.

“Um... Janie, are you really dating Mr. Croft?”

Jane had already guessed Lila would ask her this question...

Hugh had sent messages to Jane just now, and Lila saw them all.

There was nothing to hide from Lila.

“Dating not really But we like each other. We might be together.”

“Janie, my comprehension ability is poor. Can you be more detailed?”

“We’re more than friends and not really lovers yet. But we’re close enough.”

Jane was also very confused.

After going through so much, It would be a lie to say that she did not have feelings for Hugh.

Jane was not a slut. If she was not attracted to Hugh, she would not kiss Hugh on Christmas night.

However, if they wanted to be together, there were too many things to consider.

On the other hand, Hugh liked Jane very much.

Jane had to make up her mind quickly.

Jane could not keep Hugh waiting and be the kind of shameless woman she hated, right?

“I see.

Janie, I might be worrying too much, but I think a top-notch wealthy family like the Croft family is too complicated.

“I hope you can think carefully before you make a decision. Once you become Mr. Croft’s wife, there’s no turning back.”

Hugh was a faithful person, and he would never let Jane go.

Lila was worried that their love would hurt each other.

No one wanted to see such a tragic ending.

“Don’t worry, Lila. I’ll take care of it.

\*Also, why did I need advice from an innocent college student like you who has never even been in a relationship?”

“Why don’t you find a man to date before guiding me?” Jane said sarcastically.

“Janie! You’re so mean! You’re bullying me again!”

At this moment, a group of people entered the barbecue restaurant.

The person in the front was wearing sunglasses and a suit that cost a fortune.

On his wrist was a 75 thousand dollars Rolex Cosmograph Daytona.

When the manager saw who it was, he greeted the person respectfully. “Boss.”

“I’ll bring my cousin over for dinner. Make a seat for us.”

Ford took off his sunglasses and stuffed them into his pocket. He then called out to the man behind him, who was still staring at his phone. “Marlon, come in quickly.”

“Okay...”

After sending the message, Marlon put the phone back into his pocket.

Actually, he secretly sent a message to his parents.

Because Ford was Michael’s son.

*Marlon was quite unlucky.*

*There was a power outage at his home.*

*They even ran out of fuel and could not use a generator to generate electricity.*

*Marlon could not live without the internet.*

*Marquise and the others were not free today.*

*Hence, Marlon could only come out alone and find a cafe to play with his phone.*

*He thought there would be electricity at home when he went back.*

*However, he bumped into Ford.*

*Ford brought Marlon to his new barbecue restaurant for dinner.*

*Marlon could only brace himself and followed Ford.*

*Marlon kept a distance from Michael’s family.*

*Michael was a cunning old fox who raised a sly little fox, Ford.*

*He was the last person Marlon wanted to provoke..*

*Then, Marlon suddenly saw someone.*

*“Q... Jane, why are you here?!”*

*He ran over happily.*

*Jane and Lila were eating their spicy barbecue.*

*Seeing Marlon, Jane was also surprised. “Marlon? Why are you here?”*

*Marlon explained, “My cousin owns this barbecue restaurant. I haven’t had dinner yet, so e brought me here to eat.”*

*Lord also walked over.*

*“Marlon, are they your friend? Hmm... Miss, have we met somewhere before?”*

*Ford stared at Jane.*

*The greedy look in his eyes made Jane a little unhappy.*

*At the same time, Jane had already dug out information about Ford in her brain.*

*She knew that he was Hugh’s uncle, Michael’s eldest son.*

*“Oh, I remember now. You were the world champion who caused an uproar on the internet and brought glory to the country, Jane Fowler.*

*“I also like the paintings you created in the girl forum. I’m a fan of yours.*

*“It’s an honor to meet you here, Miss Jane Fowler.”*

*Ford extended his hand to Jane.*

*No Way Back Chapter 230-Jane did not look at him. She said calmly, “Thank you”*

*She did not shake Ford’s hands.*

*Ford was not angry after Jane rejected him. He smiled and said, “Miss Jane Fowler, you have an interesting personality”*

*Ford said to himself, "I like it."*

*Although Ford did not say it, his expression revealed the truth.*

*Lila noticed it and whispered to Jane.*

*"I think this guy, Ford... must belong to the Croft family. He seems to be very interested in you, Janie. But I think it's best to stay away from him."*

*Most importantly, Jane and Hugh had gotten a lot closer.*

*It would be terrible if Ford tried to get close to Jane and caused Hugh to misunderstand.*

*"A lot of people are interested in me, but I don't pay them any attention."*

*Jane spoke indifferently.*

*Besides...*

*Ford's "interest" came with a selfish, ulterior motive.*

*Ford felt that Jane's status could bring him some benefits.*

*He wanted to use Jane...*

*That was interesting.*

*"Ford, I don't think it's appropriate for you to say that. And Jane... You're not that kind of person."*

*Marlon did not expect Ford to say such words to Jane. Besides, they had only just met.*

*He did not see that coming at all.*

*Marlon knew that Ford was different from his playboy brother.*

*Ford was the most similar to his Uncle, Michael.*

*After all, he was Michael's eldest son. He had taught Ford himself and placed high hopes on him.*

*Even though Marlon was Ford's cousin, he had never heard of Ford having feelings for any woman.*

*Such a cool cat had said such words to Jane...*

*"I'm sorry. It's because I'm X's number one fan. Look, I'm the administrator of the 'girl' forum. I'm in charge of uploading high-quality posts of X's works."*

*As if afraid that no one would believe him, Ford took out his phone and logged in to 'girl'.*

*What the hell? He was telling the truth.*

*Marlon looked at Ford, horrified.*

It was hard to imagine that Ford was into 2D characters.

"I'm just interested in beautiful things. Although I don't know much about 2D characters, with my artistic tastes, I can tell that all of X's work... that is, Miss Jane Fowler's work, is very outstanding. Miss Jane Fowler, you're now a famous public figure in Cruksia. You're both X and the world champion. You have countless fanatical fans across the world. It's my honor to meet you and talk to you. You're my idol."

*Ford spoke politely.*

He was such a gentleman.

The other diners at the barbecue restaurant looked over.

All the girls looked at Ford with admiration.

Even the manager of the barbecue restaurant addressed Ford as "boss".

The barbecue restaurant chain was owned by the Croft family.

Then this dignified-looking gentleman must be Cruksia's most eligible bachelor, Ford Croft!

As the eldest son of the Croft family's main branch, he was almost 30 years old and had a clean reputation. He belonged to the wealthy and renowned Croft family. He held an important position in the D.Y. Group and was also a self-made businessman.

Although he was not as handsome as Hugh, who had taken charge of the Croft family at a young age, among the younger generation of the Croft family, Layne and Ford were brilliant in their own right. Many believed they would be the second in line to inherit the Croft family."

Most importantly, if one could marry into the Croft family, one would enjoy endless wealth and glamor.

Any woman who could attract a Croft family's son, even as a mistress, would be incredibly fortunate.

*Therefore...*

Countless envious gazes were directed at Jane.

Even though many people knew about Jane's status as the world champion....

*But so what?*

Why was Jane surrounded by so many amazing guys?

*And yet-*

"Okay... I understand how you feel about getting to meet your idol. But let's get this straight. I'm not interested in men under 6'1" tall or any men older than 25 years old. I'm sorry."

Jane's words shocked everyone.

Ford was always polite and had a smile on his face as if he was wearing a mask. But for a moment, he could not hide his

*expression.*

He became a lot more expressive.

Marlon almost burst out laughing.

He could only cover his \*\*\*tightly.

He did not let out a laugh.

*Indeed...*

The average height of people in the Croft family was 5 feet 11 inches.

Ford's only weakness was his height.

He was only 5 feet 7 inches tall.

He drastically brought down the average height of the Croft family.

And she even mentioned his age...

He was almost 30 years old and still unmarried.

Even his grandfather, Victor, had urged him several times.

Of course, Ford had lived for so many years, and no one dared to say such words to him.

And any woman who could attract Ford's attention would be on cloud nine.

Not like how Jane reacted...

But she was Jane, Queen of the Darknet.

She paid no heed to anyone from the Croft family.

Marlon even wondered... What might happen if Jane met Hugh?

It would be most exciting.

"That is... I hope I'll have a chance to change your terrible opinion of me, Miss Jane Fowler.

Ford was that kind of man. Even if he were so angry that he wanted to scold someone, he would still maintain a courteous attitude.

Quickly, he composed himself.

"I advise you to forget about it. Isn't it a good thing to find someone better?"

After saying that, Jane picked up a piece of beef, dipped it in sauce, and placed it in her \*\*\*. Her eyes lit up. "Lila, this sauce I made is delicious. Try it!"

*"Janie..."*

Lila looked helplessly at Jane.

*Still...*

Janie was her best friend. She was always so carefree.

*It seemed that Janie had not changed after spending so much time in Meridonia. Lila was happy.*

*At first, Lila was worried that Jane would somehow get involved with Ford. If Hugh found out, wouldn't it cause carnage?*

*Who would have thought that Jane would be so decisive?*

*“Marlon, sit down if you want to eat. I have a sponsor here. You’re in luck.”*

*Marlon coughed a little. “Ford, what do you think?”*

*Although Marlon had not met Jane for a long time, he wanted to sit beside the Queen, take countless photos, and show them off to people he knew.*

*However, it was Ford who brought Marlon here. Marlon could not leave Ford hanging and have a free meal because Jane*

*said so.*

*Epecially after Jane had “humiliated” Ford...*

*“Then let’s eat together.”*

*Ford spoke very graciously.*

*“Are you eating with us, too?”*

*Jane pretended to be surprised and looked at Ford.*

*Ford was speechless.*

*The corner of his lips twitched.*

*“What? Am I not welcome here, Miss Jane Fowler?”*

*”*

*“Of course you are. After all, you’re the boss here. Will you be paying for all the food we eat today?”*

*“Of course.”*

*Ford was not happy.*

*The way Jane looked at him...*

*It was as if she had found someone to dupe.*

*This bit of money was nothing to Jane’s current net worth.*

*She was the National University Painting Competition champion, and she was also X.*

*It was true that Ford was a fan of X.*

*But he was not a fanatic.*

*He only thought that Jane was pretty. She was his type.*

*As Ford's girlfriend, Jane's status would be more than enough.*

*Even though she had cut ties with the Fowler family, he had heard that Jane was an enigmatic woman. She had close ties with the first-class lawyer, Andy.*

*She even made the Fowler Corporation's chairman, Jack, suffer.*

*Some even claimed that...*

*Connor, Robert, and even Hugh were somehow connected with Jane.*

*How could Ford not be interested in such a woman?*
