Jane's face was filled with awkwardness

Jane remembered that Lila was quite crazy when she chased after the celebrities as a freshman at university.

Now, Lila could even say she had seen through the mortal world.

Jane thought, "Lila had finally grown up after all. It was a good thing"

Jane felt an inexplicable sense of pride that her friend had finally grown up

"Of course not! I look even more charming when I'm working! See you when work is over!"

"Okay"

After parting ways with Andy and Lila, Jane put her hands in her pockets and strolled around the film studio.

As expected, the scenery in Rheinsville's film studio was still impressive.

Stormton City also had a film studio, and Jane and Lila had been there to play before, but it was not as beautiful and realistic as Rheinsville. A few days ago, it snowed in Rheinsville, but now the weather was good, and Jane felt comfortable walking in the warm sunshine. Jane took out her phone, took several photos, and sent them to the Red Star Team, and the Rheinsville trio group chat.

Marlon complimented, "Queen is not only great at hacking but also great at taking photos. Love it!"

Shaun added, "Damn, Marlon, you steal my lines! I think Queen is great at everything!"

Liliana grumbled, "Can the two of you stop bootlicking? Do you think Queen likes your flattery?"

Marquise responded, "I feel the same way too!"

As for Lila and Andy, there was still no response from them. They were probably working on something.

filming from afar. She felt very relaxed. Jane basked in the sun and looked at the blue sky as she wandered around the film studio. Occasionally, she would watch the production team

"This is the first time I've come to such a place after my revival. I have never expected it to feel so different."

Jane leaned against an arch-shaped artificial bridge while watching the nearby film crew shooting the scenes. With her chin resting on her hand, she felt the winter wind blowing toward her.

It was an indescribable satisfaction.

The film crew seemed to be filming a horror story.

Jane took a peek at the actor's makeup

It was located in a scene of a fake bamboo forest.

At that moment, a person was walking towards Jane.

Jane could sense someone's elusive aura.

Jane was subconsciously looking for the source of the sound.

It was a Gygies woman.

She was wearing a black robe and a veil, revealing only a pair of brown eyes that belonged to authentic Gygies.

The Gygies' skin tone was obvious.

The woman wore some necklaces exclusive to the Gygies' customs on her neck.

The woman was middle-aged, but Jane could tell that the face hidden behind the veil was very beautiful and exquisite.

At that moment, the Gygies woman was gazing at Jane with deep, wide brown eyes that were calm and incomprehensible.

It was as if she could see through Jane's soul through her distinctive eyes.

Jane had seen Gygies, and it was not like she had not seen one before Jane had seen a lot of people from all over the world However, that Gygies woman in front of her gave Jane an indescribable feeling It had been a long time since Jane had felt this way The latest person who gave Jane such feeling was Hugh, whom he had met for the first time outside Nightshade far Now, Jane felt the same type of feeling from someone else again.

"I don't think we know each other, but you are special and unique "Forgive me for being rude, but let me introduce myself. My name is Nandita Signy. You can call me Signy "I'm from Yendam. I'm a Gygies. My profession is a psychic."

“Because Miss Jane is the most special person I’ve ever seen in my entire career.”

“There seemed to be two souls embedded in your body. Although I couldn’t see them clearly, the two souls were in the same form, but the fire energy burning inside was different. The fire energy in Miss Jane’s body was very large. It was as if you had experienced two lives.” Jane’s heart skipped a beat.

She did not expect this psychic in front of her to be able to see through her life to that extent.

In a sense, what Signy said was indeed what Jane had experienced.

She had been revived, and therefore she had experienced two different lives.

Moreover, the experience in Jane's first life far exceeded what ordinary people could imagine!

Despite noticing Jane's surprised face, Signy continued to speak.

"In a sense, psychics are quite similar to astrologists in Cruksia. I'm quite interested in your country's astrology reading."

"Unfortunately, I've studied it for many years, but I don't have any talent. I can only roughly tell a general picture

"If Miss Jane's spirits weren't so prominent, I wouldn't have taken the initiative to say all these things. Please forgive me if I made you angry." "Why do you keep calling me Miss Jane? Signy, What era are we in now? You don't have to be so polite. You can call me Jane"

Jane was in awe of this psychic in front of her.

To see through Jane to that extent proved that Jane's sixth sense was right too.

Signy was indeed powerful and talented.

Of course, Jane's sixth sense either did not appear or was never missed

"Is there anything else you want to tell me, Signy?"

"No more, Jane. You have such a powerful soul. I'm afraid nothing can harm you in this life. I take the initiative to talk to you because your soul speaks of. Jane was a little surprised by Signy's detailed description

"Thank you for the compliment. If I have the power of your eyes, I'll like to see what color a person's soul is."

In fact.

Jane wondered, "Is my soul clear, resolute, firm, and not confused?"

For some reason, Jane felt a small thorn in her heart begins to loosen.

It felt

Jane beamed, “Give me your contact information, Signy. I’m very interested in you.

“If you don’t mind, I will give it to you.”

“For a soul as beautiful as yours, I’m sure your character and personality are good. I trust you!

Signy exchanged contact information with Jane.

“Speaking of which, it’s strange. The production team I’m working for as a consultant is called The Amazing Tale’. The Best Actor in Cruksia, playing the male lead, has some talent too. Moreover, he plays a very important role. Even I can’t compare to him. If he learns astrology or medium, he can achieve something far exceed my current achievement, which I can only admire. But too bad, he already has achievements in the entertainment industry.

“Cruksia’s Best Actor?”

Jane frowned.

“Signy, what’s the name of the male lead of The Amazing Tale? Is his name Johan Fowler?”

“How do you know? Wait a minute. Your name is Jane Fowler. Then Johan Fowler is...?”

“He used to be my family member, but now I’ve cut ties with him and have nothing to do with him anymore.”

Jane’s tone was very calm.

That was not something that must be hidden.

In short, she had let it go.

“Sorry!”

“It’s not your fault, but I’m interested in what you said. You have mentioned that he has some gift and talent of being a psychic?”

At that time, Signy’s cell phone rang.

“Alright, see you next time. Anyway, it is nice to meet you.” “I’m sorry, Jane. The production team asked me to go back now. We’re filming a wrap today. I’m afraid they want me to do something.”

“Me too.”

Jane looked at Signy as she left.

Jane squinted her eyes while thinking.

She felt a little uneasy.

It was as if something major had happened without Jane knowing.

Jane thought, “Well, I’ll take it easy since I’m here. I’ve already died once. Is there anything in this world that I’m afraid of?”

Signy rushed to the set.

Signy gave the director a Gyrgies’ salute and questioned, “Director, did something happen?”

“It’s Mr. Best Actor. Sigh! Aren’t we filming the ending scene today? Mr. Best Actor requested to retake several times. We think it’s fine, but Mr. Best Actor doesn’t think so. He has been requesting to retake the scene again and again. It has already come to this but yet hasn’t been resolved. Please come over and see if you can give Mr. Best Actor some suggestions.”

“... But I don’t know how to act either,”

Signy looked awkward.

“We can only try whatever we can now. As long as we can calm Mr. Best Actor down and finish the show today, anything will be fine.” “I’ll try my best.” “We’ve already spent so much time filming. We’ve given the investors a guarantee today. We can’t delay any longer. Please, Ms. Signy.”

Signy took a deep breath and walked towards Johan.

It was time to rest and work on the actors’ state of mind.

Johan looked at the script with a gloomy facial expression. Cindy, who was standing at the side, looked worried too.

She knew Johan’s temper very well.

Once Johan decided on something, no one could pull him back or make him change his mind,

Especially when it came to such an important act.

The finale of the filming was the most important. It was a turning point.

Furthermore, the finale of this script was written extremely well. It could be said to be the finishing touch. The plot twists would exceed everyone’s imagination and expectations.

If Johan did not perform well, it would have resulted in losing the feeling brought by the preparation and efforts he worked so hard for. Johan would regret today’s indulgence for the rest of his life!

Given that, it would be better not to do it at all!

However, if that continued to drag on, it would be a waste of time and difficult to explain to the investors.

“Johan, Mr. Best Actor. The fourth take is very good. The director also wants to use this scene. Why don’t you...”

Johan did not even raise his head as he continued to flip through the script. “Cindy, that’s enough. You know my temper very well. I have to perform up to the standard I want!”

Cindy was speechless.

“Um... Hello.”

At that moment, Signy walked over and waved at Johan and Cindy.

“It’s you? The psychic?”

When Johan saw Signy, he could not help but think of his strange dream last night.

Johan knew very well that he was not in a good state today.

It, was because of that dream.

Even if Johan suppressed his emotions and tried his best to devote himself to the character.

Johan still could not get rid of the sorrow in his heart.

“The director asked me to come. He asked me to see if there was anything I could help with. Was there anything you didn’t understand about

the character’s persona?”

Signy had nothing more to say to Johan.

“Cindy, I want to talk to Ms. Signy alone. Johan

“Please.”

Since Johan had already pleaded so many times, Cindy could only discreetly sigh and move further away from them.

“Ms. Signy, please take a seat.”

“Thank you.”

Signy respectfully sat beside Johan.

Johan put the script on the small table at the side. He mentioned, "I had that dream again last night, but this time is different." Perhaps Signy had spotted something about Johan.

Even if Johan did not want to admit it, he had the same dream for two weeks.

Moreover, that dream had changed last night.

That was unbelievable.

It completely exceeded the scientific truths and facts that Johan had always trusted.

After listening to what Johan said.

Signy's expression was extremely solemn.

"Do you know something, Ms. Signy?"

"I remembered."

Back then, Johan only thought that Signy's words were flattery..

Johan, who always believed in science, wouldn't believe these psychics, myths, and tales.

If it weren't for the character development of this movie, Johan definitely wouldn't have anything to do with Signy.

Now.

Even Johan himself didn't understand.

"There are many things that ordinary people can't understand from when humans are born until now. There are more than six billion people on Earth now. Unsurprisingly, some people are born with very special abilities. Also, do these outstanding scientists who created the theories of Parallel World', 'Revival', and 'Time travel' seem ridiculous?"

Johan could not help but want to burst out laughing

If it were the previous Johan, it would be hard to imagine that he would sit down and listen to these disdainful words.

“Yes, this can’t be explained scientifically. If such a person exists, why doesn’t anyone know?”

“One of the world’s great scientists has stated this theory. Isn’t it true?”

“Also, the universe is so big. Do you think there are other creatures other than humans living on Earth? Is the black hole devouring and absorbing everything and won’t teleport to other places?”

“Currently, the depth of the sea that humans can detect is 35,876 feet, but this is far from the actual depths of the sea. Can you guarantee there are no mermaids like what is written in the fairy tales or even underwater palaces?”

Johan was dumbfounded.

He could not utter a word and remained speechless at that moment in time.

Johan muttered these words

He wondered, “If this is a Predictive Dream. In the future, will the Fowler family *** Jane? Letting Jane ***in the sea of fire and standing by the side to watch? No! It is impossible. Johan took a deep breath.

He turned around and walked towards the director.

No matter what this dream meant to Johan, at least Signy was right about one thing

"No matter what, we must do what we are supposed to do now

It was the most important thing!

The rest of the performance went more smoothly than expected.

When the director shouted, "Cut!"

Johan let out a deep breath

He instantly broke away from the character in the movie.

"Mr. Best Actor, you acted so well! It was even more compelling than your previous performances, and you were able to immerse yourself in the role! I finally understood what Mr. Best Actor had been insisting on!"

Johan specially came to approach Signy.

At that moment, Signy was holding her phone.

No one knew what Johan was thinking.

"Thank you again, Ms. Signy."

"You're welcome. According to Crucsian, this is nothing much that I have done."

"There's something that I want to tell you, I met Jane at the film studio just now."

Johan was shocked upon hearing that.

"Jane? Do you mean my sister? She was here?"

"I think so. I didn't tell her about your dream, but she already knew you were this movie's male lead. Let me give Mr. Best Actor a piece of advice. If Jane was the key character in that dream, then many of your doubts could be answered by Jane. That was your family's matter in Yendam, the Gygries were prohibited from interfering in other people's family matters. I could only say that much."

Signy did not say anymore.

According to Jane, it seemed that she had already cut ties with the Fowler family.

Signy did not know what had happened to Jane and the Fowler family.

She was not familiar with Jane, Johan, and the Fowler family.

Signy was not qualified to participate in their family's matters. Than

Jahan stared blankly into the distance,

Johan's well-defined and handsome face revealed a trace of craftiness.

There was always a strange feeling.

When Johan was busy with his career and entered the production team to film in the film studio.

Many things had happened unknowingly.

Johan had never noticed it.

When Johan returned to the lounge.

Cindy was on the phone with the company.

“Yes. I got it. What? Okay, I’ll tell Johan about it.”

Johan walked in and asked, “What happened?”

“Okay, I know.” “Um...well, there’s a wrap party for the production team tonight. Since it’s over, why don’t you call your family and tell them the good news?”

Johan had the same intention.

He took out his phone and called Henry.

After all, Henry was the eldest brother in the family, while Johan was the second. The two of them could be said to have the best relationship. “The number you have dialed is not available now. Please try again later.”

Johan thought, “He’s busy?”

Johan frowned.

Next, Johan called Anna.

After a while, the call went through.

Anna said in surprise, ‘Is the filming over?’

home?” “I will. Mom, by the way, I’ve been away from home for so long. I’ve been busy filming, but I haven’t asked much. Did something happen at

Anna was slightly stunned when she heard this.

Anna wondered, “Cindy hasn’t told Johan yet?”

After thinking carefully for a moment, Anna sighed. “We’ll talk about it when you come back.

“Mom, did something happen?”

“Yes, there were too many things that had happened. I couldn’t explain it over the phone. I’d explain it to you when you come back. Deal with your matters at Rheinsville first. You didn’t have to worry about us.”

“Okay, I understand.”

After hanging up the phone, Johan’s heart was filled with despair.

Johan’s sixth sense was unbelievably accurate.

He had been like this since he was young.

According to this sixth sense, something big must have happened when Johan was not around!

Moreover, his intuition told him that...

It was about the strange dream that he had and was also somehow related to Jane too!

It was nighttime.

“The Amazing Tale” production team held the wrap party at a five-star hotel with long-term accommodation close to the film studio “Cheers!

Signy pursed her lips upon hearing that.

In the end, Signy put down the cake in her hand and looked at Johan seriously.

"Johan, if you want... I can arrange with Jane so the two of you can meet and figure out what happened

"There isn't such a need to do so. I'm not familiar with her at all. I don't know what to say if I meet her." Signy was speechless.

Signy rubbed her temples and sighed softly.

"I don't know what happened between Jane and the Fowler family, but with your attitude, no wonder Jane cut ties with the Fowler family." thinking. "No matter what, Jane is your biological sister. We, Gyrgies, value kinship and family the most. I don't understand what you Crucean are

Johan expressed, "It's just that my family is a little special. I have never spoken to Jane or seen her face-to-face before."

If not for the dream of Jane being burned to death by fire and the Fowlers' curses and resentment, Johan would never have thought of Jane "Even Madelyn, who was once the most beloved in the Fowler family, has received indifferent treatment from Johan all along"

It could be said that Johan was the most outstanding individual among the Fowler family.

It was a fact that Jack and the others often told Johan to treat Madelyn better.

For Johan, as a Best Actor, it's natural to portray a nice demeanor to someone. It was Johan's nature.

Johan felt that Madelyn was not as simple as it seemed

Perhaps it was because they both have the good qualities of being an actor "You see it for yourself. Why are we talking about this? Let's eat the cake."

Signy also realized that she had said something wrong.

The common sense in the world was not to interfere in other people's matters casually.

Especially when it was a stranger's family matter.

Otherwise, one would be offended.

Perhaps it was because of what Signy

just said.

Johan had drunk a lot.

To sober up, Johan left the wrap party and went to the hotel entrance to enjoy the breeze.

There was no need to mention the security of the five-star hotel.

social media platforms. They were all handed over to the company to deal with. Also, Johan was a serious actor, unlike those inexperienced popular idols who relied on fans. He did not manage his fan club on Twitter or other

There were very few fans who did *** things

Johan put one of his hands in his pockets after he lit a cigarette. He took a deep puff and exhaled.

When the white smoke was in disarray, his eyes were ethereal.

Was Johan being too unsympathetic?

Maybe yes.

After all, Jane was his biological sister, who had been missing for 19 years.

Jane was different from people like Madelyn Fowler.

As for Madelyn, even though they grew up together, she was still an adopted daughter who was not related by blood.

At that ***, Johan's sharp eyes seemed to have spotted something.

heartily. Jane carried a large bag of potato chips, tortilla chips, and other snacks. She was walking over together with Andy, chatting and laughing

Today, Lila followed Andy to work. Andy was not tired. Instead, Lila was exhausted.

After dinner, Lila ran to the hotel room to catch up on sleep.

Jane was not tired yet, so she followed Andy to play and only returned now.

dawn Lila also called Jane by phone. Lila told Jane she was awake and wanted to eat tortilla chips and play board games with her and Andy until

Hence, the two of them returned to the hotel.

"Lila, this little girl. I thought she had finally grown up as she stopped chasing celebrities. But now she's still behaving like a child."

"Isn't this very good? It's also because of this that you're so close to Lila. You like her too, right? She's different from us. Of course, so do I' Andy's words exposed Jane's thoughts.

"That's right! Even though I've been following the Teacher's teachings and upholding my original aspiration for many years. But the more away." capable I become, the more dark sides of the world can be seen. I feel like I've unknowingly been tainted by that darkness and can't be washed

"That's why a sunny girl like Lila is so warm. Moreover, there are a lot of things that have happened to me. Without Lila, I don't know what I would

have become."

"I've seen as many dark things as you do, Janie. At least we've met good friends. We're already much luckier than others." "You're right."

At that ***, Jane's eyes also saw the person standing at the hotel entrance.

Her heart sank.

Unexpectedly, Johan and Jane meet at such a critical ***.

Jane knew it was his second elder brother, Johan.

However, Jane's heart

calm

Perhaps it was because Jane had chatted

with Signy today

Jane had already realized that

Andy noticed Jane's abnormality.

Jane looked at the man in front of them:

She could not help but she did a facepalm

Andy questioned. "What are you going to do then?*

Jane replied. "I don't plan to do anything. Let's continue walking"

Jane thought. "So what happens if they meet?"

Jane's mind and hatred for the Fowlers would not change

Jane planned to treat him like a stranger

an corner

Jane and Andy were about to pretend and ignore Johan while walking over.

Johan suddenly spoke.

You're Jane, am I right?"

Jane responded, "I think you've got the wrong person. You have made a mistake."

After saying that, Jane was about to leave

There was a strong sense of distance in Jane's tone

It was indirectly saying...

"I don't want to talk to you at all"

"I don't know what happened between you and the Fowler family, but I've been dreaming about you recently for two weeks"

"It was a dream of fire. I dreamed that you were burned to death in the fire"

Johan knew that she was Jane for sure

When Johan inadvertently saw Jane,

His heart throbbed when the dream reminded him of Jane's charred corpse.

There was a response from Jane.

"So?"

Johan told Jane about it in a daze.

It was almost impossible for Johan, who once believed in science, to say such a ****thing

It was just a dream

However, Johan had an intuition

Upon hearing this, Jane stayed as expected.

Jane's body was trembling.

"Well That's impossible"

Jane wondered, "That dream Wasn't it the day I ***tragically in my previous life?"

The raging fire left Jane disfigured and barely clinging to life. She was better off dead

Jane wondered, "Why did Johan have this dream?"

At that moment, Jane recalled what Signy had told her

The male lead of “The Amazing Tale”, Johan, had a talent that was so powerful that a psychic like Signy could not even understand or estimate Jane thought, “Could it be that Johar’s talent made him have such a dream?”

Looking at Jane’s reaction, Johan was equally surprised

As expected, Jane knew something!

Signy was right, and so was Johan’s intuition!

Johan took a deep breath and stubbed out his cigarette. His eyes were firm. “Jane, let’s have a chat ”

Andy looked at Johan with a smile.

In reality.

The atmosphere was filled with a strong warning

Andy had a slight impression of Jane hating the Fowlers.

Moreover, Johan was so famous that he was well-recognized as the Best Actor. Andy naturally knew what Johan looked like.

Right now, Johan was not in disguise. Andy immediately recognized him.

Andy did not expect they would see him here, which made Jane unhappy!

The unfriendliness in those blue eyes was not something an ordinary person could withstand.

No matter what, Andy was still a first class lawyer. He was the middleman for the Darknet.

Andy was a world-famous person who could change his two identities with ease. In a way, he was even more terrifying than Jane!

Even Johan could feel his intimidating aura.

Johan could not help but bite his lips.

His heart throbbed,

But because of the strange dream he had been in for the last two weeks.

Johan knew that he could not retreat!

“You’re a first-class lawyer, Andy. I’ve heard of your name for a long time. I don’t expect Jane to know you. To be honest, I don’t dare to offend you. But I have something to say to Jane Jane, if you’re confused by what I have just said, come and look for me.”

Johan took out his room card and stuffed it into Jane’s pocket before leaving in a hurry.

“Are you okay, Janie? What did Johan say just now? Did it remind you of something?”

Andy was very smart. He had already realized that Johar’s words had affected Jane.

M

“He did remind me of some things I didn’t want to remember, but why did these things appear in his dream?”

Facing Andy, even if Jane could not tell him about her revival, she could still give him this reasonable answer and explanation. At the same time, Jane was extremely confused.

“Do you want to meet him?”

“There’s no hurry. I want to go back to my room and play some cards. Don’t let Lila wait too long.”

“Okay”

Andy knew that Jane had his considerations. There was no need to ask any more questions.

When Jane returned to her room, Lila was chatting with someone.

Lila did not notice that Jane had swiped her room card to enter.

Jane and Andy looked at each other. They hid their breaths and sneaked to Lila’s side to watch her.

When they saw the name on WeChat, “Idiot Connor Luther, they finally understood why she could not sense their presence.

Jane deliberately teased, “Oh, you’re chatting with a man. No wonder you didn’t even know we came in.”

“Oh, dear!”

Before Lila could react, she was caught off guard and frightened by Jane. Instantly, she fell over, and the phone in her hand flew away. Andy firmly caught the phone.

Andy returned the phone to Lila and giggled. “Lila is old enough to have a boyfriend Janie, don’t tease her.”

“Lila never had a boyfriend before, and it’s her puppy love. Don’t be deceived by men outside.”

"Oh! I know. Not now, yet. It's just progressing so quickly that I'm afraid it'll become real soon!"

Lila screamed, "Janie!"

Lila pounced on the bed and buried her face in the pillow. She punched the mattress crazily

Lila thought, "Boohoo! How embarrassing! It's so awkward! Most importantly, Andy and Jane have seen it and misunderstood it! It is all Connor's fault. Why does he suddenly send a message? It makes me so embarrassed!"

This fault could not be blamed on Jane and Andy. Naturally, it could only be blamed on Connor!

Connor worked while waiting for Lila's reply.

Connor's mind was not on the documents. From time to time, his gaze would shift to the phone screen.

Suddenly, Connor felt a chill running down his spine and sneezed.

He sniffed and looked puzzled.

Connor thought, "What a strange feeling"

"Alright, Lila, get up quickly. I bought your favorite tortilla chips. Wow, this smell and taste... it's so nice!"

"Smells good. Janie. Give me some.

"Damn it, Andy, didn't you say you never eat junk food? Hence, I didn't buy much. I'd finish it if you didn't get up soon, Lila."

Jane tore open the packaging of the tortilla chips and picked one chip up to eat.

Instantly, the room was filled with the smell of tortilla chips

Lila was tempted and immediately pounced over. "I want it. I want it too! Don't finish it!"

After playing a few rounds of card games, Jane got tired and went to the balcony.

Jane picked up her phone and thought for a moment. She decided to send a message to Signy

"Are you free now? I have something to ask you."

Did he tell you about his strange dream?"

Signy continued. "He did. Is it related to you?"

Jane was silent for a moment An answer was given, Perhaps Jane had been guarding the secret for too long. She just didn't say it out loud Jane didn't want to hide anything from Signy Moreover, Signy might know the answer Jane wanted.

Johan carefully”

Jane thought, “Meet him? Why not? I have an ulterior motive too. If I don’t ask him to
clarify, I won’t be able to sleep well too “Alright... You shall decide it yourself.”

Johan was in the room.

He had already taken a shower.

Johan was wearing a bathrobe and sitting by the floor-to-ceiling window.

The bustling night scenery of Rheinsville through the window was not eye-catching

Johan only stared at the wine glass he was swirling in his hand.

Occasionally, his brows would furrow inadvertently, revealing his nervousness

Johan had been waiting for someone.

At the same time, Johan was a little scared.

He wondered, "What if the person I was waiting for didn't respond?"

"How should I resolve the problem of getting the same dream when I sleep tonight?"

escape from it." "If I had that dream of Jane being burned by fire again, I'm afraid this nightmare will haunt me for the rest of my life. I did not know when I could

Finally, a phone rang.

It was the phone in the hotel room.

Johan put down the wine glass

He walked to the phone.

Johan took a deep breath.

He pressed the button on the phone to answer.

"What's the matter?"

Hello, Mr. Johan a young lady wants to see you.

in a conference room in the hotel.

When Johan arrived, Jane was already waiting for him

She stood by the window and looked out at the hotel's garden.

Rh

ille's nights were relatively cold. It was located in the north, not to mention that it was the month of January

The remaining branches and leaves in the garden were covered in a thick layer of frost.

Compared to the hotel, the heater was much more soothing.

Johan pursed his lips and spoke, "I knew you would come and see me"

Upon hearing this, Jane turned around and looked at Johan quietly. Jane's eyes were as cold as ice

Johan treated Jane much better than the other Fowlers' family members in her previous life.

Madelyn's true intentions. This was because Johan was not bewitched by Madelyn. Johan was also the only clear minded man among the Fowler family who doubted

Similarly, Johan was not close to Madelyn.

Johan was the typical person who was cold on the outside but warm on the inside, Johan did not forget about Jane. If he also sent a gift to Madelyn, he would buy Jane a gift too. He treated the two sisters the same way.

Except..

However, in the end, Johan did not believe Jane and stands on Madelyn's side.

They watched Jane burn to ashes and cursed before her grave.

The Fowlers had a dream that caused Jane's death in her previous life.

Jane thought with a sneer.

"How ****it is!

"Did they have such capabilities?

"If the Fowlers knew what they had done to me in my previous life, I guess they probably wouldn't even repent."

"They probably felt that I deserved it!"

"Yes, I'll see you then, Johan,"

"Only because you're very annoying. I came to you to clarify something."

“No matter what kind of dream you have, it’s still just a dream. It’s the 21st century now. Do you still need a reason for a dream?”

“I have already severed my ties with the Fowler family. Regardless of whether you know the reason, I request that you refrain from shamelessly mentioning my name and attempting to approach me in the future.”

Johan was silent.

Johan looked at Jane in shock.

Johan did not expect Jane to say all these as soon as they met.

“I still don’t know what happened. I’ve been filming on set these days, but Jane. I’ve never offended you. Don’t be so foul-mouthed!”

Johan didn’t have a good temper either.

Jane rebuked him for no reason.

Johan could even endure her temper to achieve his goal of finding out the truth!

Jane said disdainfully, “Then you’ve offended me now. I’m someone who likes to scold people. After all, I didn’t receive any noble elite education from the Fowler family.”

1

might!” “What are you complaining about? Is it because you have been missing since you were born? Jane, our mother, was looking for you with all her

“At that time, I had already grown up. I witnessed our mother being very heartbroken because of you. She cried until she fainted and collapsed a few times. Even our father couldn’t stop her. Her face was filled with despair!”

“The entire Fowler family fell into pitch darkness because of your disappearance. If not for...

Johan paused when he held it back.

“You’re not going to continue? Then I’ll help you continue.”

Jane approached Johan and walked up to him step by step.

Jane’s thin lips curled up slightly as she spoke indifferently.

"If they didn't adopt Madelyn, the Fowler family in pitch darkness wouldn't have ended? Hehe."

"You make it sound like the Fowler family's life is so difficult to search for me. I think you guys are happy and satisfied with Madelyn as a substitute."

"Of course, if you don't find me, the Fowler family will be happy for the rest of your lives. You won't be affected, am I right?"

Johan snorted. "You're just being jealous! All of your words are filled with envy!"

"Jealous? Envy? Johan, look at me now. Do I look like I have any such feelings?"

Jane was extremely calm.

Facing Jane's overly clear and calm eyes, Johan began to feel that he was at a disadvantage. Johan felt that he could not see through Jane at all.

At that moment, Johan's uncanny extrasensory perception appeared again.

This woman gave Johan an unfathomable feeling.

"Are you Jane? My sister, who has been missing for nineteen years?"

As soon as that feeling appeared, Johan could not help but ask.

Jane could not resist squinting her eyes.

Read Novel No Way Back Chapter 298

No Way Back Chapter 298- She could see the doubt in Johan's eyes.

She thought, "Is this the unique physique of Johan? How interesting it is. In her previous life, Jane did not think of this. Most importantly, Johan is always insensitive to his two sisters."

Jane did not have much of a chance to learn more about Johan.

She did not expect Johan's sixth sense to be so strong

Honestly speaking, Jane had lived for so long and had encountered many talented people.

They were very different from Johan. They could not detect people's emotions and feelings as Johan did.

"You mean... I'm not as obedient and cowardly as you think. You think I don't have my own opinions and am like a puppet?"

"The daughter of the Fowler family. You mean your biological sister, Johan?"

Jane's e

s eyes were filled with disdain. She curled a strand of hair, and her eyes were dark like a demon that appeared and disappeared unpredictably.

"That's not what I meant. You are giving off a very frightening vibe."

Jane was more terrifying than anyone Johan had ever met.

Johan could only say this in his heart

Johan was alone with Jane. He looked at those eyes that seemed to contain a universe. They were so deep that nothing could stir up any ripples.

Johan trembled from the bottom of his heart. He felt cold.

"I'm Jane. I've been missing for 19 years, but I don't think you're right about one thing. I'm not your sister and have nothing to do with the Fowler family. It doesn't matter if I'm terrifying or not. Whether I'm a demon or not has nothing to do with you. I called you here to say all this, Goodbye!" Jane was about to leave

"Wait! Jane!"

Johan would not agree if Jane wanted to leave so badly.

Johan immediately turned around and wanted to grab Jane's shoulder.

Jane avoided it immediately.

Jane backhanded him.

Jane kicked Johan in the stomach.

Hiss!

Johan's eyes widened.

He felt as if this kick had broken his intestines.

Holding his tummy, Johan knelt on the ground and hurled in pain.

“I’m sorry. It was a reflex. I thought you were going to molest me.”

“There’s a surveillance camera inside. It captures your actions, and it is obvious that you are trying to attack me first. I was defending myself.”

Jane had already prepared all her moves when she considered meeting him here.

Johan gritted his teeth. He was already drenched in a cold sweat from the pain. “Jane. You know that my dream has something to do with you. Why do I have this dream?”

“It’s the 21st century now. Mr. Best Actor, do you believe in the ghost or god or even a dream?”

“If I tell everyone, it will make people laugh.”

Jane complained and stepped on Johan’s shattered self-esteem so that she could leave elegantly.

Jane had already said so much. If Johan still wanted to think about it, Jane didn’t mind.

If Jane did not admit it, could Johan think of Jane’s revival as a dream?

Even if Johan knew that Jane was revived, so what?

Everything that the Fowler family had done to Jane in her previous life, Jane would never forget, nor could he forget

At most, the Fowler family knew why Jane treated them like this.

It was just prominent now.

Jane’s words were like a curse that completely froze Johan. His expression was inexplicable.

After the pain in his stomach subsided, Johan stood up unsteadily

Yes, Was Johan crazy? He did not believe in all this before.

Why was he so obsessed with chasing after an answer? That was just a rather strange dream!

When Johan finally returned to his room.

He hugged his stomach in pain and lay on the bed.

Unknowingly, he fell asleep.

In that dream, Johan finally did not return to the warehouse that was burned by the fire

“This is great! This dream is finally over! But where is this place?”

Johan looked around

Is it a cemetery

It was shrouded in a thick fog.

Suddenly, a blood red light bloomed in front of him.

Johan seemed to be possessed and attracted by this light.

He could not help but walk towards where the light was flickering

When Johan returned to his senses, he had already arrived where the red light flickered

It was a mourning hall.

There was an urn dedicated to a person.

There were two words written on the urn.

“Jane Fowler

“This is Jane’s urn? ***it, it is just a dream. It can’t be happening now. Jane is still alive and well. Why do I keep having such a dream?” Thinking of what Jane had done in the conference room, Johan gritted his teeth in hatred.

He had never seen such an unreasonable and vicious woman!

Johan had never offended Jane. He had never even met her.

On the other hand, Jane did not care about their kinship when he dealt such a heavy blow to Johan!

At that moment, another familiar voice sounded.

“Johan, Dwayne. Oh my god, isn’t this Jane’s urn?”

“Did daddy and mommy secretly put it here?”

That voice.

Was it Madelyn?

Johan frowned without leaving a trace.

The contents of the dream changed, and another dream was born.

Was this the dream of Jane's complete death?

***it, it was a dream. Why was Johan's heart so entangled and painful?

It was as if something had happened.

"Impossible! Dad and Mom have already seen through Jane's true colors. They ****this woman to death, Why will they prepare an urn for her

here?

"This ***hurt little Maddie and almost harmed the entire Fowler family. She's not worthy of any urn!"

"Dwayne, stop!"

That voice... Was it Dwayne and him?

Before Johan could react, a shadow shrouded in black rushed out.

He took off Jane's urn and threw it on the ground, shattering it.

Seemingly still angry, Dwayne stomped on Jane's urn a few times and crushed it into powder.

Madelyn screamed in surprise.

At that moment, another black shadow rushed out and stopped Dwayne.

"Dwayne, are you crazy? No matter what, Jane is related to us by blood. No matter what she has done wrong, she's already dead now. That's enough!"

"It's not enough! I'll never forgive Jane! She hurt so many people. Now that she's dead, she deserves retribution!"

"She doesn't deserve an urn at all! A vicious woman like her will never reincarnate in hell!"

Dwayne stood before Jane's urn and said the most hurtful words.

In the end, he spat on the ground.

His saliva was stained with Jane's name on the urn Dwayne had crushed.

It was so shocking "Dwayne!"

"Johan, don't stop me! Jane deserves to die! She deserves to die!"

Look, Johan sent a message"

"Then you guys continue chatting. I'll leave first. I've arranged to go out with my friends today I don't want to see him and ruin my good mood"

Johan arrived at the cafeteria

Signy was waiting there.

Johan sat down and ignored everyone's sidelong glances. Johan said calmly, "I'm sorry to have kept you waiting"

"I didn't wait that long. I just saw Jane"

I know She's staying in this hotel "

At the mention of this name, the atmosphere instantly became a little heavier

Signy looked at the bruises around Johan's eyes and said. "Did you have that dream again?"

"This time, the content of the dream is different. It's no dream of a fire burning "

Johan briefly explained the dream he had last night

Signy rubbed her chin. "Sounds like a series? That's interesting"

"***it, I have a headache. Ms Signy, is there any way I can stop having this dream?"

"It's just a dream. It's impossible for it to really happen. Jane is alive and well Look at her No one is capable of killing her"

Johan was no longer willing to find out where the strange dream that had lasted for so many days came from

Now, Johan only wanted to end this.

Even if Jane knew something, she wouldn't tell Johan

Why should Johan be tortured by this dream alone?

Thave an idea"

Signy sighed softly, took out a talisman from her pocket, and placed it in front of Johan.

"This is the talisman the Gygies used to worship the God of Dreams."

"Put this around your neck before you sleep. It should be able to reduce the number of times you dream"

Johan looked at the talisman wrapped in red threads with a complicated gaze

"You seem to have known that I would ask you for this method. It's ****.

"In the past, I didn't believe in these things at all. Now, I have to place my hopes on this little thing.

"When Jane saw you, did she say anything about meeting me last night?"

"She did. She also said that she didn't know anything about your dream."

Didn't know anything?

Johan institutionally felt that Jane was lying!

"No matter what, if I can stop having those strange dreams, I don't want to pursue this matter anymore."

Johan hung the talisman around his neck without hesitation.

“Thank you, Ms. Signy. I owe you a big favor for this.”

“If you need my help. I’ll do my best! I swear on my name, Johan Fowler!”

With that, Johan was about to leave.

“Mr. Best Actor, I know you don’t like this kind of topic, but your ability is awakening. Your perception of these unknown abilities is much stronger than mine.

“Sooner or later, this talisman will not be able to suppress your dream. At that time, it will depend on your choice.”

“I’ll take it to heart. At the same time, I’ve probably found another way to end this strange dream!”

Johan had prepared the ticket for the flight back to Stormton City today

Johan originally wanted to stay in Rheinsville to deal with some trivial matters.

Now, it seemed that there was no need

Johan had to return to the Fowler house as soon as possible and find out what had happened to Jane and the Fowler family!

It had been more than half a year that Johan didn’t know about..

If Johan could find the source, he might be able to cure his absurd dreams!

It was 11 o'clock in the morning

Jane and Lila had just set off to meet up with Andy for lunch.

“I’m so sleepy. Japie.”

Lila played ***. Lila sat in the back seat with Jane in her arms and closed her eyes to catch up on sleep.

“It was you that decided to have so much fun last night. You were so excited that you only fell asleep at 5 in the morning. You don’t cherish your health.”

Jane pulled Lila’s hair.

“Ah, I’m sorry, Janie. I’m already repenting for the disorder of my biological clock. Let me take a nap first. Only then, I can have fun with Andy and you today”

In order to avoid Jane's punishment, Lila could only continue to act like an ostrich in the sand Lila wheedled in Jane's arms.

It made the driver confused when he was driving.

The driver thought that Lila and Jane were lesbians.

It was a pleasure to the eyes that two beautiful girls were lesbians.

At this moment, from the corner of her eye, Jane saw the scene reflected in the rearview mirror of the car.

Jane's heart could not help but sink.

There was another car.

No Way Back Chapter 300- It was since then the car had been Jan a sharp instinct that i Jane felt that e was something wrong ving them.

Rivated the Queen of Darknet This car The car represented something threatening. Even if there Jane had to prevent anything bad from happening This was the norm as a member of the Darknet. With so many enemies, no one would heir lives. Jane had Jane glanced at Lila, who was unaware of the impending danger Jane took out her phone and sent a message to Andy "Andy. I'm in some trouble here. Help me investigate "D84756." Soon. Andy replied. s someone following you?"

"I have feelings "Okay"

Andy and Jane had been close partners in business collaborations on the Darknet.

The tacit understanding between Jane and Andy had reached the highest level.

Andy and Jane could understand each other's minds with a simple sentence and a simple gaze After a little while, Andy found out about the car

"Chevrolet, the owner's information is clear

“However, if those experts from the Darknet target you, they will naturally prepare a disguised car

Janie, have you been exposed?”

it was a possibility

Andy’s heart turned cold at this thought

Jane was the Queen of the Darknet.

But it would also be a disaster if Jane’s identity was exposed

“I checked just now. My information protection didn’t show any signs of being deciphered

“I don’t think the Darknet’s competitors who secretly wanted me dead found out about me.”

Jane had already eliminated this possibility through her phone

“Then who could it be?”

“Putting aside the Darknet’s opponents, there are also many people who want me dead in reality.”

“I just don’t know who it is Is it the Croft family or the Fowler family?”

Jane mainly offended people from these two families

Both families had the wealth and resources to hire assassins to follow Jane and destroy her body

“Do you have any ideas?”

“I have an idea for now I need your help, Andy”

“There’s no need to mention help between you and me. If you have something to say, just say it. I’m listening” “Alright

Jane pretended not to know that she was being followed.

Jane brought Lila and Andy to the meeting place.

“Janie, Lila”

Andy was holding a backpack in his hand. When Andy saw Jane and Lila, he took the initiative to wave

“Here, Janie Everything you asked me to prepare is ready”

Andy winked at Jane and handed the backpack to Jane.

“Thank you, Andy”

Lila asked curiously, “What have you prepared?”

Jane kept her in suspense “Surprise! I can’t tell you”

Lila was speechless.

“Jane needs to go to the restroom. Lila, come with us to express our gratitude ”

“But Janie. “

“You guys go ahead. I might take a while. I’ll find you guys when I’m done.”

Since Jane insisted, Lila could only give up.

After parting ways, Jane quickly ran to the nearest female restroom.

The person following Jane hesitated for a moment. Since the stalker was a man, he decided to wait outside.

Otherwise, it would be easy to cause a commotion if the stalker barged into the female restroom like this. It would not be worth it if Jane became suspicious.

Jane was in the female restroom. She confirmed that the other party did not follow her

Jane hid in one of the empty stalls, closed the door, and took out the equipment that Andy had given her from the backpack

After quickly disguising herself, Jane nimbly flipped over and climbed out of the window at the top of the female restroom

The reason why Jane pretended to have belly pain and chose this specific restroom was that she had seen the map. Jane knew that this restroom had a window that she could fit through.

Jane circled around from the back and returned to the door of the restroom.

With Jane’s disguise, even Lila and the others wouldn’t be able to recognize her Jane had become a completely different person. Naturally, the stalker waiting by the door did not recognize Jane either.

The stalker didn’t leave

The man following Jane took the magazine and sat on the lounge chair.

The stalker seemed to be reading the magazine attentively

But it was not true

In fact, the stalker’s gaze never left the front door of the restroom.

Jane held a cup of coffee and pretended to walk past him.

Jane passed by the stalker.

“****!”

It was as if Jane had tripped

Jane accidentally spilled the coffee on the stalker.

I’m sorry. It’s my fault.”

Jane changed her tone and communicated in a fluent Yalondy’s language.

“Don’t touch me”

In a moment of desperation, the stalker could only respond in Yalondy’s language. The stalker quickly distanced himself from Jane

Then, the stalker told Jane not to worry about this and turned around to leave.

Jane’s lips curled into a cold smile

Jane went back to the restroom. She changed her makeup, turned on her phone, and opened an app.

Jane had placed a hidden microphone on the stalker.

Jane put on her wireless earpiece.

Jane could hear the sound from the hidden microphone stuck on the stalker.

The stalker must be tidying up his clothes and preparing to search for the hidden microphone on his body

Little did he know.

This hidden microphone was made by Jane.

It was a nano-level mechanical bug hidden microphone.
