Chapter 621 A sweet and caring granddaughter

“For ... why?” Qi Xiuran didn't understand anymore, exerting himself to calm the eagerness in his chest, he did so much just to make Qu Mo Ying loose his tongue, but he hadn't even opened his mouth yet, why did Qu Mo Ying here refuse again.

“Qi Shizi, no matter what you need my help for, you actually shouldn't do this.” Qu Mo Ying slowly said.

“Why can't ... I just want to hold an apology to Fourth Miss Qu.” Qi Xiuran truly didn't understand.

“How did Prince Qi know I was coming? And how did Mr. Qi keep an eye on me? Did he let anyone else in the mansion know? Qi Shizi purposely had people prepare these tea and pastries for me, if all of this falls into the eyes of someone with a heart, what would be the result, Qi Shizi wouldn't not understand, would he?”

Qu Mo Ying said with a faint expression.

Qi Xiuran's eyes narrowed, he was just too eager, not really stupid, there were some things that no one said to break, he was only thinking about his own excitement for a while, for a person to nature, he didn't think so much.

“Fourth Miss Qu is suspecting that someone is doing something from this?” Qi Xiuran's face sank, pondered for a moment and smiled bitterly, “Grandmother's invitation to the fourth miss Qu is something that everyone in the mansion knows about, I just slightly let people go and inquire about it, and as for wanting to ask for the fourth miss Qu's help, only then did I purposely let people keep an eye on the fourth miss Qu's movements, and prepared tea and snacks early on, originally to try to get the fourth miss Qu to help me out.”

“What favor?” Hearing him repeat himself again and again, Qu Mo Ying finally asked.

“I heard that there is a zither score in the hands of the fourth miss Qu, it was originally in the hands of grandfather, and now it is given to the fourth miss Qu. I never knew before

that my grandfather had such a superb book in his hands, and if I had known it earlier I wouldn't have disturbed the fourth miss Qu at this time." Qi Xiuran laughed bitterly, if it wasn't for that zither sheet music, he wouldn't have gone to such great lengths.

This zither score was given out by his grandfather, although he is only borrowing it now, but it also inexplicably makes people feel a little indebted to Qu Mo Ying, he is also trying to think of some remedies, on the one hand, to show his sincerity, on the other hand, it is also in order to express his own guilt, it is just that he likes this kind of extinct zither score too much, and he knows that this is impolite but he still can't control himself from wanting to borrow it to take a look at it.

"Shizi, from where did you know about this matter?" Qu Mo Ying's watery eyes calmly looked at Qi Xiuran.

"Everyone in the mansion knows." Qi Xiuran said naively.

"But that's not a zither book, so why does everyone in the house say it's a zither book? It's just a book of miscellaneous storytelling." Qu Mo Ying asked rhetorically.

The sheet music is only on the last few pages, so it's unlikely that anyone who hasn't seen it would know about it.

"It's not a zither score, it's ... a booklet of miscellaneous stories?" Qi Xiuran's expression shook dramatically as he lost his voice, "How is this ... this possible?"

"Yes, how is this possible? Obviously just an ordinary book of miscellaneous stories, how did it become an out-of-print zither score, is it that your house also stated that this zither score has been handed down for a long time, but now it's all missing, so it's not easy for such a book to be handed down, so it's a lone book for the ages?"

Qu Mo Ying asked seriously.

Qi Xiuran was embarrassed by this question, but in fact, this was how he had heard about it, and this would give rise to doubts in his heart when he heard such a few questions from Qu Mo Ying.

"Doesn't Shizi find this matter very strange? Obviously just a book of miscellaneous stories, placed in the house of the Dowager Lady, I casually flipped through a few eyes when I finished my lunch, the old Duke of State thought that I liked this kind of miscellaneous books, so he gave the book to me, and at that time there were so many people in the house, all of them were the Dowager Lady's and the old Duke of State's people, these people are the ones who would go outside and tell the master's business to the people all over the house one after the other?"

Quemoy Ying asked rhetorically.

Qi Xiuran several “full house” know, originally represents a problem here.

Qi Xiuran was shocked, his face slowly became ugly, and finally stood up and made a deep bow to Qu Mo Ying, “Fourth Miss Qu, it looks like I’m really being abrupt.”

“Shi Zi might as well go see the Dowager Lady, and make this clear to the Dowager Lady.” Qu Mo Ying reminded.

“That’s how it should be.” Qi Xiuran nodded with a straight face, turned around and left with the boy in stride.

At the bottom of the stairs, the granny sent by the dowager lady looked at Qi Xiuran coming down from the pavilion with a surprised face, completely not expecting her own son to actually be upstairs at this time.

When did you go up? Just when a maid came over to ask herself something in the party?

How can this ... be good? How could the world son appear here, originally wanted to avoid the world son, did not expect to actually see the world son here, the mother-in-law’s heart balked, the dowager lady knows how the wrath should be.

“Come here.” Qi Xiuran nodded to her and

The granny hurried forward, “Shizi.”

“Is there anyone else at the grandmother’s place?” Qi Xiuran asked indifferently.

“The county gentleman happened to come to see Mrs. Tai, this will be at Mrs. Tai’s place.” The granny didn’t dare to hide it and said.

“You’ll continue to stay here to take care of Fourth Miss Qu.” After Qi Xiuran gave her a deep look, he didn’t say anything else and led the boys and maids towards the dowager lady’s courtyard.

The granny behind him watched him pass with bated breath, not daring to make a move after all.

“Grandmother, I’m afraid that Fourth Miss Qu’s intentions are not small, a small Marquis Yongning’s mansion, maybe she doesn’t see too much in it.” Liu Jingyu poured a cup of tea and sent it to Mrs. Qi, softly saying.

“If she doesn’t fancy the Marquis of Yongning, which other family does she want to fancy?” Mrs. Qi asked anxiously, picking up the tea her granddaughter had sent over, taking a sip and putting it down heavily.

“Grandmother, although you are in a hurry, in fact, it is just a guess, and can not be taken as true, grandfather is very important to the fourth miss Qu, everything is willing to help the fourth miss Qu, if you are a little displeased here, grandfather is bound to be displeased.” Liu Jingyu advised in a low voice.

These words not only did not persuade Mrs. Qi, anyway, stirred up Mrs. Qi’s anger, face ugly, “And then fancy Qu fourth miss, that is also the Miss Qu House, it is difficult not to take as his own granddaughter is not?”

There are some things, Mrs. Qi is not good to say to her granddaughter, only feel that this Qu fourth miss do not know how to appreciate, even if the old Duke of the country in his own house again in her favor, she is only the minister’s residence of the gold, she is in this situation, it is difficult to not be able to really climb on the particularly good marriage?

Marquis Yongning’s son was certainly not a good match, but it was already her best choice.

If she can marry well to the Yongning Marquis to go, have their own Qi Gongfu when she relies on, which later she can also urge her granddaughter to help her a hand, she this Yongning Marquis wife of the son of the inevitable when the stable.

But now it is good, do not want to be Yongning Marquis wife, this is in which one? It is difficult not to really hit the home, remembered the House before the word out, Mrs. Qi heart burning fire ruffled difficult, she is not afraid of Qu Mo Ying see not in the Marquis of Yongning son, for fear of Qu Mo Ying see is the home.

The granddaughter’s words were more like poking her own heart, the old Duke of State was bent on remedying the events of that year, and was really capable of doing anything, and if Qu Mo Ying really indicated that she wanted to marry her own grandson, the old Duke of State was bound to agree to it as well.

But she didn’t agree!

Not to say that Qu Mo Ying is not worthy of his grandson, the identity of Qu Mo Ying has made the dowager madam retreat, who knows when, the little Yue’s life will be found out, this kind of time away from the Qu Mo Ying the farther the better, it is best to have nothing to do with their own family.

Although she also pities the Xiao Yue Clan and this fourth young lady of the Qu Mansion, she only pities it, and Mrs. Qi feels that the old Duke of State in her own family is also considered to be benevolent and righteous.

When she was able to save Xiao Yue’s life, she was also considered to have saved Qu Mo Ying’s life, now how could she be beneficent and deliberately hook up with her own grandson.

Talking about a good piano score, isn't this knowing the preference of your own grandson!

"Grandmother, don't be anxious." Liu Jingyu saw that Mrs. Qi had been silent, and softly advised, "Don't worry, it will be fine."

"How will not be fine! Ran'er he ... "Mrs. Qi said here, also know it is not good, hastily stopped his mouth, this kind of thing is better not to say to the granddaughter to hear.

The self grandson actually for the Qu House of this fourth young lady over, specially ordered people to prepare tea snacks, these things the dowager lady knew early on.

And the more I think about it, the more I panic and get annoyed.

My own grandchildren don't know any better, is someone like the Fourth Miss of the Qu Mansion someone to be messed with?

Just now she repeatedly used the marriage to test the attitude of Qu Mo Ying, listening to the repeated refusal of Qu Mo Ying, the fire in her heart came up, and more and more felt that the Qu Mo Ying is the grandson of the family, and the grandson of the family is also early into the set of other people, and actually really to such a blind woman.

No, she would never let Qu Mo Ying enter the door of her house.

"Jingyu, you feel the same way, what she is trying to do is not small, right?" Mrs. Qi tugged on her granddaughter's sleeve and said eagerly.

She is so feel, but can not go with the old Duke to discuss, just happened to granddaughter over, let her hide inside to listen to a corner, let granddaughter taste the meaning of this.

"Grandmother, this ... I'm afraid it's true, but I can't say for sure, if there is no idea of climbing up the ladder, under normal circumstances, Marquis of Yongning's son is indeed the best choice, and now the Marquis of Yongning's house also took the initiative to come to the door to ask for a marriage, the gesture is put extremely low, if it's not a fool, it is bound to re-choice Marquis of Yongning."

Liu Jingyu softly analyzed, while pacifying Mrs. Qi, "Grandmother, don't be anxious, this has little to do with our house, you and grandfather are just trying to do a good deed with good intentions, and if it really doesn't work, you can't be blamed for it."

"No, we must make her kill this idea of entering our mansion." Mrs. Qi coldly said, this matter she was afraid that the old Duke of State would know about it, at that time the old Duke of State would let his grandson marry Qu Mo Ying even if he pressed for it.

How could this be, she must make Qu Mo Ying dispel such a terrible idea.

“Jingyu, you go back first, allow me to think about it again.” Mrs. Qi shook her hand and said, she couldn’t go into detail with her granddaughter on these matters, she could only be vague.

“Grandmother really have what is difficult, you tell me, don’t be anxious body, Qu fourth miss if really have ideas about others, I’m afraid it’s not so easy to eliminate, I see that this Qu fourth miss is also a person with a heart, is bound to be early plotting, you see the backyard of the House of Qu, now alone left her alone, just know.”

Liu Jingyu advised while reminding the Dowager Lady in a low voice.

Mrs. Qi more and more uneasy up, the look of annoyance even gave birth to a few points of resentment, the world ungrateful people quite a lot, but ungrateful into this kind of woman, she really have not seen, have to push this trouble away as soon as possible is ...

She was listening to the old Duke of State and was kind enough to try to help, but didn’t mean to find this trouble in her own house ...

Chapter 622 It’s better not to be far away!

“Mrs. Tai, the World Son has come over.” A granny entered and reported.

“Let him in.” Mrs. Qi subconsciously looked towards Liu Jingyu as she commanded.

Liu Jingyu looked back with a smile on his face.

Mrs. Qi sighed silently and withdrew her gaze, she was also in a hurry just now, how could she want to go and see her granddaughter, she was a little girl who didn’t know anything, what could she find out.

Qi Xiuran entered and bowed to Mrs. Qi.

“Why did you come over at this hour?” Mrs. Qi ordered him to sit down while saying.

After Qi Xiuran sat down, he frankly said, “I went to see the Fourth Miss Qu earlier and wanted to ask for her help.”

The first half of this sentence, let Mrs. Qi startled, face ugly up, as for the latter sentence, is half believe, she thousands of prevention, is to prevent the grandson over, this is already went to see?

Half-heartedness turned to anger, and he forced it down before saying, “What’s going on?”

Since the grandson's nature of their own clear, the most pure sex a person, absolutely impossible to take the initiative to provoke other women, must be that restless woman provoked him.

"Before I heard that the fourth Miss Qu got one of grandfather's zither sheet music, I wanted to borrow it to see, but after all, it is the grandfather gave to the fourth Miss Qu, I went to borrow it again, it is not in line with the etiquette, but then I was reluctant to give up, I heard that the fourth Miss Qu was going to come to the mansion, and I specially ordered the subordinates in the mansion, to prepare tea and cakes, and to let people look at the whereabouts of the fourth Miss Qu, and I wanted to wait for the fourth Miss Qu to be alone, and to ask the fourth Miss Qu to let me borrow the zither sheet music for me to see. tea and pastries, and asked Fourth Miss Qu to let her lend me the zither score."

Qi Xiuran said with a flourish.

The causes and consequences were said in great detail, unlike what Qi Xiuran's nature could say.

Qi Xiuran had a real love for the qin, and this matter was not a secret in the house, for other things, it would seem that he did not care that much, much less put it on his mind.

Although Liu Jingyu's head was lowered, his face was extremely ugly, he did not expect that his own cousin would actually come to Grandmother to say such a thing, and then associating it with the fact that he went to see Qu Mo Ying just now, what did Qu Mo Ying know?

"Is ... everything you said true?" Mrs. Qi asked in a deep voice, half convinced.

"Naturally it's true, I'm afraid that grandmother will misunderstand, so I purposely came over to explain clearly to grandmother, and also to avoid people thinking that I have ulterior motives." Qi Xiuran looked frankly at Mrs. Qi.

Mrs. Qi also scrutinized her grandson a few times, seeing his eyes clear, although a few points of chagrin on his face, in addition to see no other.

Is it hard to believe that you've really misunderstood?

"You just met the fourth Miss Qu ... She is willing to lend you?" Mrs. Qi asked again.

"Fourth Miss Qu refused."

"What?" Mrs. Qi was stunned, and Liu Jingyu also raised her head.

"Fourth Miss Qu refused my request and told me that under Guatian Pear, it's always better not to let people gossip." Qi Xiuran explained.

This is really not interested in their own grandchildren, is their own thinking wrong? Mrs. Qi's brow wrinkled, the heart has a kind of indescribable flavor, if this is really the case, they are in vain as a villain.

"First cousin, since this ... was given to Fourth Miss Qu by maternal grandfather, what's the harm in lending it to cousin to take a look." Liu Jingyu said with dissatisfaction.

"Qu fourth miss must be after all is not out of the cabinet of the family lady, I should have thought of these, always have to avoid some suspicion is, I specially prepared tea snacks, originally just want to express some apologies to the fourth miss Qu, but fell in the eyes of the people, I'm afraid it's not a good thing! After all, that book is just a miscellany, and when I asked people to inquire, they all said it was a zither score."

Qi Xiuran glanced at Liu Jingyu and faintly said.

"A piano score? Not a zither score, just a book on miscellaneous stories." Mrs. Qi finally came back to her senses, and at this time, she also heard some implications and retorted.

This matter, in addition to the old princes of the country, the number of her most clear, that book before or she put away, the so-called zither sheet music is not no, but only in the last few pages, the rest of the part is not zither sheet music.

"Sun'er does not know what is going on, the person who went to inquire came over and said that it was all zither sheet music, a lone book, Sun'er saw the hunt and got the idea, if he knew that it was just a miscellany, Sun'er would never have thought of troubling the Fourth Miss Qu, much less make such a move that would make people suspicious."

Qi Xiuran said.

Mrs. Qi's face became a bit brilliant all of a sudden, glancing at her granddaughter to the side, she ultimately said nothing, only nodding, "It's best if you can think this way."

"Grandmother don't worry, my grandson won't make such a mistake again." Qi Xiuran looked at Liu Jingyu, whose face had likewise changed slightly, and suddenly asked, "Is cousin also here today because Fourth Miss Qu has crossed the government?"

"No ... just happened to come over." Liu Jingyu didn't expect Qi Xiuran to ask her back all of a sudden and subconsciously replied.

"Then you're not as good as me, I heard yesterday that grandmother will invite Fourth Miss Qu over tomorrow." Qi Xiuran said in disbelief.

Things up to here, this aspect of him has been fully explained, stood up and excused himself to Mrs. Qi, "Grandmother, grandchildren still have some things to do in the outer courtyard, so they will take their leave first."

"Good." Mrs. Qi answered.

Watching her grandson turn and stride away, Mrs. Qi's face clouded over, and the room went eerily quiet.

"Grandmother ...," Liu Jingyu couldn't help but speak.

Mrs. Qi dropped her gaze to her, and her words seemed to be addressed to her, but also seemed to be to herself, "Who gave Xiu Ran such a misunderstanding, and deliberately led him there?"

"Grandmother, it might really just be a misunderstanding ... this kind of thing now ... who can still say? Grandmother also don't need to trouble yourself, cousin is a smart person, Fourth Miss Qu is also a smart person, nothing will happen." Liu Jingyu softly persuaded.

They were all smart people, so it was this Fourth Miss Qu who had discovered something and deliberately let her grandson come to herself and say so?

Thinking like this, Mrs. Qi's heart is not good again, before not dissipated clouds of suspicion, re-surfaced, now hear is the grandson said, but if the grandson is for the Qu House of this fourth lady to clear the suspicion said?

"Someone come, go invite Fourth Miss Qu over." Thinking about it this way, Mrs. Qi felt that it was better for this Fourth Miss Qu not to stay in the mansion.

Regardless of whether her marriage is successful or not, it has nothing to do with their own family, they are benevolent to discuss with Mrs. Qu, if it is really not possible, then it is not their own business.

You can't get too close to the Qu Mansion, lest unnecessary trouble arise.

Even though she had once pitied this Fourth Miss Qu in her heart, but then again, which is as important as her own flesh and blood.

"Grandmother, then I'll go back first, if I collide with Fourth Miss Qu, it might cause Fourth Miss Qu to have some bad suspicions again." Liu Jingyu stood up.

"What's the bad suspicion? You're my granddaughter, what could she be surprised to see." Mrs. Qi was dissatisfied.

At that time, if he had not wanted his granddaughter to help himself and hear the other meanings in this Fourth Miss Qu's words, he should not have hidden in the inner room at that time.

Who is the Crown Princess to hide from!

And why do you need to hide from a fourth young lady of the minister's residence, at this moment, Mrs. Qi felt that she was still a little petty.

Always thought, Mrs. Qi feel their atmosphere is very, I did not expect the pro, there is such a small family aspect, it is not because of the Qu House of this fourth miss, with their own House inextricably linked, the old Duke of the country is such a sex, think about it all feel angry.

"Grandmother, it's better to forget about it, Fourth Miss Qu's mind is delicate, when she sees me here, she might misunderstand something, grandmother is well-intentioned, but it might make people taste something bad sometimes, it's always not easy to meet is all." Liu Jingyu advised.

The more she persuaded her, the more displeased Mrs. Qi became in her heart.

The so-called delicate heart is a deep mind, which also reminds Mrs. Qi of the mustiness between her own granddaughter and this Fourth Miss Qu.

This Fourth Miss Qu is better to marry early, this is really hot.

It was with this thought in mind that Mrs. Qi watched her own granddaughter leave.

When Qu Mo Ying came over, although Mrs. Qi's face could not see anything, but between words and actions, it was already extremely cold, for Qu Mo Ying and the Marquis of Yongning's affinity, but also just casually asked a question, and then said that she would go to discuss the matter with Mrs. Qu.

This kind of thing should not be said to Qu Mo Ying, a woman in her bosom.

After that, they politely let Qu Mo Ying go back first, although the words were said politely, but the meaning inside made people have to think more.

Yu Dong stood behind Qu Mo Ying, his face reddened from this slack tone early on, but he could only stare dryly.

From the Dowager Lady's courtyard out, followed by the in-laws of the Duke of Qi's residence, came to the parking place of their own carriage, after Qu Mo Ying got on the carriage, Yu Dong only spoke in exasperation.

“Miss, what does Mrs. Qi mean? Since she invited you to speak on this matter, why did she say afterward that she shouldn’t have spoken to you about it?”

This is for the sake of fun, the young lady invited over to express the pro it say some intimate words, and then secretly implied reprimand said, as a family with the training of the first daughter, should not be in their own affinities above the hands, you have to listen to the words of the elders, this is not intentionally torturing people?

“This is not ... already good!” Qu Mo Ying said without thinking, the corner of her lips hooked silently, for the Duke of Qi’s residence, she really couldn’t get close.

That’s good. Not too far away. It’s good for everyone.

“But it’s clear that someone deliberately said something in front of Mrs. Qi, which made Mrs. Qi’s attitude towards the young lady very different from before.” Seeing her own young lady still looking so bland, Yu Dong became more and more irritated, there are quite a lot of cats and dogs in this matter, how do you look at it, there is that Jing Yu Liu Jun stirring things up inside.

This one’s malice towards his own lady was obvious after the first meeting.

“That is Mrs. Qi’s own granddaughter, I heard that Mrs. Qi is better to her than her own granddaughter, naturally she listens to her words, well, this matter should not be mentioned ...” Qu Mo Ying shook his hand and said.

“But Miss ...” Yu Dong still wanted to say something, but saw his own young lady sank his eyebrows, can only be silent in the heart sighed, suddenly remembered one thing, hurriedly said, “Miss, that female ni ... still wants to see you!”

## Chapter 623 The Truth That Breaks Right Through

“What else do you want to see me for?” Qu Mo Ying said unimpressed.

“This matter ... was passed over yesterday, the slave girl thought that today Miss is going to Qi Gongfu, can not go, besides thinking that Miss is not necessarily going to go, so I did not put it on my mind.” Yu Dong lowered his head and reported.

It was also his fault, he originally thought that he might not have time to meet today, so he was not in a hurry, and then he forgot to say it, and if the party had not been so exasperated, he would not have remembered.

“Miss, you go to see it, it seems that ... there are some things ... want to ask Miss to certify it, see this time is not early, Miss use lunch outside!” Yu Dong while wording said.

I did not expect that today Qi Gongfu actually did not leave lunch, this time to go back to the house, there is not necessarily lunch left.

“What new clues can’t there be?” Qu Mo Ying said with a sideways glance at Yu Dong.

“There is some, but I don’t know if it’s true ... slave girl think ... slave girl think ...” Yu Dong carefully peeked at her own young lady’s face, and didn’t find anything unusual, then she breathed a sigh of relief, “It says it’s very important, you’d better go and take a look!”

“Good!” This time Qu Mo Ying didn’t hesitate and nodded.

Yu Dong was overjoyed, while ordering the carriage to turn to the main street and go to finish lunch before going.

“Go meet the people first.” Qu Mo Ying shook his head.

“Miss, it’s just lunchtime, it’s best to have lunch first.” Yu Dong advised.

Qu Mo Ying, however, shook her head and firmly said, “Go meet the people first!”

Seeing that she was so insistent, Yu Dong had no choice but to ask the coachman to divert the road and go see that female nun.

The same is the fall after the execution, this will also be imprisoned, female nuns are now also imprisoned in the Ministry of Justice cell.

When he saw this female nun again, the female nun’s entire body looked much older, as if she was old and feeble all of a sudden, and was no longer the shrewd and strong-looking female nun of that day.

“I heard ... you still want to see me?” Qu Mo Ying rubbed the teacup in his hand, but didn’t drink.

This is a separate room in the Ministry of Penalty, after hearing about Qu Mo Ying’s identity, the minor officials of the Ministry of Penalty were also very flattering, and purposely found such a room to bring up the female nun, which would have also avoided going out, leaving all the space for this Fourth Miss Qu.

The nymph’s case and Yu’s case are intertwined in one place, and the relationship with the House of Qu is also very big, remembering this Qu fourth lady’s life, the Ministry of Criminal Affairs of the Ministry of Justice is also very sympathetic to this Qu fourth lady, and can be convenient of course to make it easier, and this one is still the daughter of the Minister, the identity is not ordinary.

“Fourth Miss Qu ... Poor nun wants to exchange a condition with you.” The female nun raised her head and looked at Qu Mo Ying eagerly.

The room was quiet for a moment, and Qu Mo Ying's eyes lifted slightly, "There's nothing I can do to help you."

"Fourth Miss Qu, this ... this is really a big thing ... as long as Fourth Miss Qu helps me this time ... I... ..the poor nun ... will tell you this secret." The female nun got excited.

Qu Mo Ying is calm as water, "Even if your secret is more important ... to me, it is of little use, besides, I have little ability to help you."

"Qu fourth miss, this is really a big secret, a big secret that concerns you, as long as you can help me escape from life, I ... will tell you this secret ... will definitely not let you suffer. " The female nun was excited, but her words were flickering.

"So what if it's a big secret, one that concerns me? I still don't have the ability to fish for someone at the Ministry of Justice, a death row inmate, I'm not that capable."

Qu Mo Ying was as calm as ever, not having the slightest thought of thirsting for the secrets in the female nun's mouth, his complexion as calm as ever, and his speech didn't change half a bit.

"Qu fourth miss, you ... you can ... you just need to find a female nun to come in and change me ... me away, just ... you can, Miss Qu Fourth, this is really your mother's biggest secret." The female nun saw that she was unmoved and became more and more eager.

"So what, my mother is already gone, yes or no, what difference does it make, and what use is it not?" Qu Mo Ying laughed softly, with a few leisurely coolness, her watery eyes fell, looking at the female nun kneeling in front of her, "Besides, with my status, I can't do this kind of stealing, you'd better find someone else! Or you can look for Mrs. Liu Shangshu."

"Looking ... for Mrs. Ryu Shangshu? Can she ... she help me?" The female nun asked almost not subconsciously.

"If the secret you said ... concerns her, then it is bound to be possible, after all, she is the wife of the Minister of Industry, and is the eldest miss of the Duke of Qi's residence, and is also the birth mother of the future Crown Princess." Qu Mo Ying looked at her coldly, reminding her sentence by sentence, "Isn't she the most important person who shut down your secret place in the first place? Wasn't she also the one who gained the most benefits?"

The female nun's body was shocked, fiercely raised her head, her face became more and more agitated, "Yes ... yes look for Mrs. Liu, yes ... look for Mrs. Liu ... "

“But if we find her and let her know that there is another person in this world who knows her secret, what do you think she will do?” Qu Mo Ying’s expression remained unchanged as he continued.

How will it be? The only person in the world who knows is herself, and she’s still in her cell, and she’s secretly inquired about this Mrs. Shangshu before, and she’s heard that it’s a low-profile one, but the female nun has never dared to take the initiative to go to the door.

This kind of thing, this kind of family, in the end waiting for their own fear is a dead end.

She originally did not think about this aspect, then rejected, this will be Qu Mo Ying’s words a lure, under the loss of mind, actually gave birth to this kind of dark flowers and a village of desire.

Thinking of this, the female nun shook her head unexpectedly, “No ... can’t say, not with can she say, if with her said ... must ... must not spare my of.”

“But I already know now, I will go and tell her.” Qu Mo Ying’s voice with a light sigh was like a heavy stone hammer falling on the female nun’s heart, and she collapsed to the ground in dismay, trembling.

“Fourth Miss Qu ... I ... If something happens to me, you ... your mother’s affairs will be buried in the ground forever, and no one will ever know again .”

“So what? Doesn’t this secret do my mother any good now?” Qu Mo Ying smiled coolly.

“No ... no, it’s good for you, it’s ... great for you.” The female nun panicked, only wanting to grab the last straw to save her life.

“What’s the point? Recognize your ancestors?” Qu Mo Ying faintly said, “Actually, I don’t want to.”

“Qu fourth young lady, but you ... can you are the ...” words here, the female nun mute and lost her voice, reaching out to cover her mouth tightly, for fear of an accident to put their biggest dependence said out.

“What am I? I am the bloodline of the Duke of Qi? Haven’t you already said this thing before? What else is there to say.” Qu Mo Ying said, the eyes under the eye veil were chilly, the corners of his lips pursed slightly before hooking up slightly, “So, this secret of yours is of no use to me.”

“No, Qu fourth young lady, not this little bit, there ... are still some ... there are still some of the ...” The female nun eagerly wanted to prove that what she said was a great help to Qu Mo Ying, and said one after another.

Qu Mo Ying's gaze fell on the female nun's body and did not speak again, the room was suddenly quiet, only the female nun's breathing became more and more rapid and obvious.

She was expecting one last chance to live.

"In fact, if you say it or not, our young lady already knew it, it's not that our Second Lady is the biological daughter of the current Duke of Qi's Old Duke of Qi's House, and that Mrs. Liu Shangshu is the girl who was born in the big prison, and that she is the daughter of Xian'an County Princess!" Yu Dong suddenly opened her mouth to break this calm.

The female nun kept her attention on Qu Mo Ying, fearing that she would say something else that she couldn't cope with, her attention was all on Qu Mo Ying's body.

As soon as Yu Dong spoke, it broke the calmness of the room, and also broke her highly raised heart, and as soon as her body relaxed, the words came out almost immediately, "How do you ... you know?"

When he finished, his face changed greatly, his hand pressed on the ground, and his whole body shivered.

The room was quiet again, and the sound of the nymphet fighting between her upper and lower dental beds could be heard for a good half a second before the sound lowered, and the nymphet put her head down and looked despairingly at the ground in front of her.

This is her last secret, and the most living chance she wants to exchange for her own life, and now that this chance is gone, is she really just going to die and be executed in the coming fall?

"Want to talk about it?" Qu Mo Ying spoke slowly, as calm as ever.

"If Fourth Miss Qu doesn't help me, I ... I won't say anything even if I die." The female nun clenched her teeth and smiled miserably.

"I don't care if you're going to die keeping this secret to death, Yu Dong, let's go!" Qu Mo Ying shook her skirt and said.

Said stood up.

"Miss, should we put this news out?" Yu Dong suggested in a low voice.

"Put it out, since this matter is not about me alone, there is always a need to let Mrs. Liu's side know as well, Jingyu County Gentleman will soon become the Crown Prince's

rightful consort, there is always a need to let her understand her true origins as well.” Qu Mo Ying slowly said, her footsteps moving slightly.

Looked like it was really not thought of at all.

The female nun leapt over her shoulder and reached out to grab Qu Mo Ying’s sleeve, but was kicked away from her hand by Yu Dong, “This master teacher, you’d better take these words and say them to the Jing Yu Prefectural Monarch and Mrs. Liu Shangshu, maybe they’ll look at the sake of their old servants and purposely save you from Rong Ran.”

“No ... not ... not ... not ...” The female nun is desperate, she still wants to live, she does not want to die now , even if she can live until the autumn execution, it is still better than dying now.

As long as she was alive, she still had a chance, and desperately lunged forward, trying to pull on Qu Mo Ying’s skirt, but helplessly Yu Dong kicked again, coincidentally, and kicked her hand away again.

“Fourth Miss Qu, I’ll say, I’ll say everything, don’t you go!” The female nun eagerly said, paralyzed on the ground, reaching forward in an effort.

Helplessly Qu Mo Ying’s figure disappeared in front of her, and her outstretched hand, once again, fell short, “Fourth Miss Qu, you come back, I ... I’ll tell you everything!”

Chapter 624 Honorable Mrs. Liu

At the entrance of the Ministry of Justice, Qu Mo Ying boarded the Qu Mansion’s carriage.

“Miss ... you really don t care about this matter?” In the carriage, Yu Dong looked at the silent and seemingly calm Qu Mo Ying and carefully said.

“How do you manage it? The Ministry of Criminal Affairs is not the Qu Mansion.” Qu Mo Ying faintly said, her eyes closing slightly.

“Eunuch Ji Hai said that he could take the person to the Western Prison, it was Master’s intention.” Yu Dong hurriedly said.

After these words, there was another long silence, and Yu Dong was anxious, but did not dare to take the initiative to break the calm.

“His Majesty knows?” It took a good half a minute to hear his own young lady’s voice.

“Since the young lady wants to know, why did ... not ask in the square, the slave girl looked at that female nun square’s state of mind, it should be that the young lady asked what is what.” Yu Dong puzzled said, she Fang just really thought that her own young lady did not want to know, only then turned around and left decisively.

“Not only do I want to know, but I also want to ... make her realize that without me, she would have to die right now.” Qu Mo Ying coldly said.

“So, Miss Fang left on purpose, deliberately letting the female nun lose control and yell?” Yu Dong savored it for a moment, and his eyes lit up.

There are quite a lot of people in the Ministry of Penal Affairs, and it is a place where prisoners are guarded, and even if the voices inside cannot be heard in a separate room, there are bound to be a lot of people who will hear the voices that come out when the door is opened on the outside.

The female nun broke down and lost control of herself at that time and screamed, and the people who heard it should be even more numerous.

“This lady of Liu Shangshu ... is bound to be more than just a simple Shangshu’s wife ... she should also be able to know about this.” Qu Mo Ying hooked the corner of his lips, the bottom of his eyes a cold cleanse.

This Mrs. Liu Shangshu, so far, Qu Mo Ying had seen very little of her, but in her mother’s affairs, she was seen everywhere.

These trails, not explicitly, are all vaguely driven by someone.

Yu wasn’t that great, so it was someone else.

Qu Mo Ying has never been able to guess who is in the secret layout, who is so intolerant of her mother, even if her mother is hidden in the south of the Yangtze River, but also must be harmful to her mother.

And then there is yourself.

There was never any hatred in this world without a reason, but it seemed that the hatred between her and Liu Jingyu was heavenly, and Liu Jingyu had never been kind to herself.

Coupled with some of the words from the female nun earlier, although they were not explicitly stated, the meaning in them had actually been able to make her guess further down the line.

This kind of conjecture gave the best explanation for all the things she had done before about Yu and her mother, about the Duke of Qi and herself, about herself and Liu Jingyu.

All because it's a substitution of fate.

She didn't know what kind of mindset the old Duke of Qi had back then, when he exchanged his own daughter for the daughter of the County Lord of Xianyang, and since there were two baby girls, both born at that time, both born prematurely, why must she be exchanged for her mother?

The old Duke of Qi or feeling the favor of the elder brother, to return the favor of the elder brother, but what about the mother? Why do you want to use your mother to return that favor, and after so many years, you have been ignoring your mother ...

Thinking too much, Qu Mo Ying had tried not to think about it, but that didn't mean she wasn't going to find out.

Mother did not know anything, and finally died in the hands of Yu's hands, as well as other people's push hands, step by step, fell into the trap set by others early, and that woman, enjoying her mother's life, but then pushed her mother into death, if there is still a grievance in the world and the Ji Hanyue's similarity, it is the mother's vendetta.

It didn't matter if the Duke of Qi recognized herself or not, but she wouldn't let that woman have her way.

This Mrs. Liu can not tolerate her mother, of course, will not tolerate their own, and they will likewise take revenge for their mother ...

"That female nun yelled for Fourth Miss Qu to stay and said everything?" Mrs. Liu's face was uneasy as she sat in front of the case, this was her small study, it was where she managed the internal affairs of the Liu House in the past days.

She is the first lady of the Duke of Qi's house, when she married Liu Shangshu, it was a low marriage, so everything in Liu Shangshu's house is dominated by her, and the general inner courtyard is rarely configured study, she is also configured here under the, before she did not marry Liu Shangshu, she has the reputation of a talented woman.

"Yes, ma'am, that's what was said, and there were quite a few people who heard it." The matron lowered her voice.

Mrs. Liu was silent for a long time before she said, "A death row inmate, just think of a direct execution."

"Yes, ma'am, slave girl will arrange for someone to do it." The granny nodded her head, and didn't think it was a big deal, it was just a female prisoner who would be executed in

the fall, it was simple to let her die whenever she wanted, and it wouldn't cause anyone else's suspicion.

After bowing to Mrs. Liu, she respectfully retreated.

When he walked to the door, he happened to meet Liu Jingyu with her maid over, and hurriedly retreated to the side to bow to Liu Jingyu.

Liu Jingyu didn't even look at the granny and angrily entered the house.

"Mother, that Qu Mo Ying is really too detestable." As soon as she entered the door, Liu Jingyu angrily spoke towards Mrs. Liu.

"Why are you so angry, sit down and have a cup of tea first." Mrs. Liu raised her eyes to look at her daughter and said gently.

A maid came over to bring tea for Liu Jingyu.

After Liu Jingyu sat down, she added, "Mother, that ... is really too detestable, and the first cousin actually helped her."

The more Liu Jingyu thought about what happened before, the more angry she became, it was clearly her first cousin, why was she protecting this bitchy girl.

"Well, look at the state you're in now, it's justifiable for your cousin to help that girl." Mrs. Liu pacified Liu Jingyu.

"Mother, by what right can this bitchy girl get cousin to help, could it be that cousin has also seen color?" Liu Jingyu was indignant.

There were no outsiders here, so she didn't need to speak in a dignified manner.

"It won't be seeing color, this girl even though she looks pretty, it's not possible that she's even more outstanding than you." Mrs. Liu hooked her lips, with a few points of mockery, "Her mother was not as beautiful as I was that day, you are bound to be a few points more outstanding than her as well."

"Mother ... but she ... actually hooked her cousin to speak for her, explaining the causes and consequences of the matter to grandmother." Liu Jingyu unwillingly said, reached out and pulled Mrs. Liu's sleeve, pampered, "Mother, why don't you just do it to her, she's just a little Miss Servant House, I'm the future Crown Princess."

"So what if you are the Crown Princess? It's not even married yet, everything is still a matter of two words, you forgot what my mother told you, the more noble your status is, the less you can make people feel that you are oppressing them with your power, letting

your maternal grandmother deal with her is already good enough." Mrs. Liu persuaded her daughter.

"Mother, you are just generous, tolerate this bitchy girl, this bitchy girl is just an illegitimate daughter, actually still bear the identity of Miss Squire, Qu Squire is also really generous, raised a daughter of someone else's family, a raise but also for so many years, and now look at the still genuinely take this bitchy girl as a daughter to raise."

Liu Jingyu skimmed his mouth in mockery.

"Well, this matter is a grudge from a previous lifetime, I told you before, you are not allowed to say anything about it, otherwise you won't be able to pass your father's hurdle." Mrs. Liu reprimanded.

"Yes, yes ... yes, mother, I know, I won't tell anyone else, and grandmother won't say anything, only to mother, but won't mother be the only one here? I'm just telling mother about this matter." The more Liu Jingyu thinks about it, the more angry she gets, "I just feel disturbed, such a bitch born bitchy girl, what makes her always want to take over me."

"Won't take advantage of your head, your bloodline and how is she a lowly girl can be compared, we are always destined to be the high and mighty one, they mother and daughter ... are the worms that are stepped on by us in the mud, want them to be born and then live, want them to die and then die, keep her now, but it is just that we are all inconvenient now to directly strike, just, you have to remember, you are the Crown Princess, not those lowly bloodlines can be compared."

Mrs. Liu leisurely said, narrowing her eyes finely, her bloodline was that of the royal family, a true dragon's son and phoenix grandson.

"Mother, I know!" Liu Jingyu said naively, having heard these words too many times, they couldn't stir up too much passion in her, "What now?"

"Nothing needs to be done, your grandmother will think of ways to get her married, marrying the Yongning Marquis is good, the Yongning Marquis' son is not a good match for her!" Mrs. Liu smiled, picked up the tea in front of her and took a sip, slowly put it down, "I heard that auxiliary general's daughter entered the capital, there is still a possibility that she will become the Utilitarian County Princess, when you have time, go and meet, it's too late for that banquet."

"It's not like there's any rush, we'll see it later anyway." Liu Jingyu said without thinking.

"It's no defense to meet her, if she becomes the Utopia County King Consort, that's a great use." Mrs. Liu said, her voice gentle and kind ...

Chapter 625 Pressure. You can get engaged first.

“Mrs. Qi wants to help you renew your relationship with the Marquis of Yongning?” Mrs. Qu’s body froze, almost unable to believe what she was hearing.

What does ... Mrs. Qi think about this matter, Yongning Hou Shizi’s side is still engaged, even if Miss Duan Er is not a good match, there is still a marriage contract between the two people now.

“Earlier, when I was giving my mother a puja, Mrs. Qi came over to pay respects to my mother, and I also happened to run into Mrs. Marquis Yongning and Shi Zi.” Qu Mo Ying implicitly said.

This matter is bound to come before the grandmother, Qu Mo Ying purposely give Mrs. Qu a wake-up call first.

What happened on the day of the puja?

Mrs. Qu’s brow was deeply folded, the biggest thing that happened that day was the matter of her eldest granddaughter, and the other things were accordingly trivial.

Qu Mo Ying didn’t say, and she didn’t bother to ask.

“When you went today, that’s what Mrs. Qi told you about this matter?” Mrs. Qu only thought it was ridiculous, the Marquis of Yongning’s son had his own marriage contract, how dare he mention this kind of mind with his own family.

Is this really a measure of the fact that no one wants their granddaughter?

“It’s this matter, Mrs. Qi said she wanted to ask me what I think.” Qu Mo Ying softly said.

Mrs. Qu breathed a sigh of relief, “Then did you tell Mrs. Qi that it was inappropriate?”

“Said, but Mrs. Qi felt that this should not be my kiss, always have to find you to talk about it.” Qu Mo Ying said.

This is said by Mrs. Qu’s heart smothered a gas, for Mrs. Qi also has some micro-aggression, since a pair of their own little granddaughter is very good look, that is to let the shadow girl what to say, only as a thoughtful elder Mrs. Qi on the line, how to come up with such a sentence, the shadow girl to speak is not suitable, that today went to do what?

“Even if Marquis Yongning’s son is good, it’s impossible for us to marry his family again, this is ridiculous.” Mrs. Qu was silent for a moment and rebuked.

“But Mrs. Qi said ... that this is the best marriage I can find.” Qu Mo Ying tugged at the handkerchief in her hand, her head lowered.

Although she had no shyness, she must be a young lady who had not yet left her boudoir, and she still had to show some of her embarrassment and difficulty when appropriate.

Sure enough, when Mrs. Qu saw her appearance, she knew that these words were really inappropriate for an unmarried girl to say, and exhaled deeply, soothing her by saying, “I know about this matter, you go back to rest first, and if Mrs. Qi comes to say something about this matter, I’m bound to reject it.”

“Many thanks, Grandmother.” Qu Mo Ying stood up to take her leave from Mrs. Qu.

Looking at the Qu Mo Ying left, the Qu too Mrs. sad on, “What is the meaning of Mrs. Qi, why single-mindedly want to set up the Marquis of Yongning son and the shadow girl it? Originally is not suitable, early will be retired relatives, Yongning Marquis Shizi there are now also relatives in the body, is not to be retired once again, and then renewed with the shadow girl, this let people how to scold the shadow girl.”

This matter if it is someone else, Mrs. Qu will certainly refuse without saying anything, but this is Mrs. Qi, not to mention the power of the Duke of Qi’s house, just to say that the Duke of Qi’s house has always been on the goodwill of the shadow maiden, Mrs. Qu also had to say some tactful.

But this kind of thing is, quite obviously, ridiculous, can’t Mrs. Qi see that?

If this really comes to pass, the shadow girl will not be able to carry a bad name, besides, Xu Li Peng is not a good one, in the end, where does Mrs. Qi feel that this matter is appropriate?

“It could be that Mrs. Qi didn’t know the inside story and thought that the withdrawal of Marquis Yongning’s son and the fourth young miss at that time was really an accident!” Seeing Mrs. Qu’s worried brows, Grandma Wu advised in a low voice.

“But even if this is the case ... this splashed out water can still be collected again? Besides, Marquis Yongning’s son is now engaged.” Mrs. Qu was worried.

Mrs. Qi’s status and position, as well as experience put there, how to see is not like will do this kind of confused things people, the outer court of men may not understand, this inner court of women and will not understand?

If this matter really came to pass, how many curses must be carried on the shadow girl, and even a series of things before, may be said to be evidence of the deep heart of the shadow girl, Xu Li Peng may be whitewashed, the shadow girl’s reputation is considered to be ruined.

“Mrs. Tai, don’t be anxious, this matter no matter what, you have to refuse it, that side ... is not just saying it.” Grandma Wu reached out and quietly pointed in a direction, which was the direction of the Utopia County King’s Mansion.

To my grandma’s opinion, the Qu House and the Marquis of Yongning are not possible in any way, and the dowager lady does not have to be difficult, just refuse the marriage.

A word reminded Mrs. Qu, her brow calmed down a little, this marriage was absolutely impossible.

What we need to think about now is how to politely reject Mrs. Qi’s “goodwill”.

On the one hand and can not offend Mrs. Qi, compared to the dowager wife of the Duke of Qi’s house, Mrs. Qu’s identity is a big difference, and besides, Mrs. Qi is also good intentions.

Mrs. Qu was so worried about this that she didn’t sleep well all night.

The next day Mrs. Qu received a posting from the Duke of Qi’s residence, and Mrs. Qi took the initiative to come to the door.

Qu Mo Ying greeted Mrs. Qi at the door instead of Mrs. Qu.

Also did not go to Mrs. Qu’s yard to meet the guests, deliberately picked a distance from the door not far from the flower hall to meet the guests.

Mrs. Qu welcomed the guests at the entrance of the flower hall and welcomed Mrs. Qi in.

After the guests and hosts sat down, Mrs. Qi looked at Qu Mo Ying with a smile and didn’t say anything, Mrs. Qu understood what she meant, and immediately beckoned, “Shadow girl, go to the kitchen and see if there are any newly made pastries, the kind that are easy to digest.”

The two dowager ladies were both old and used to consume easily digestible pastries.

“Yes, grandmother!” Qu Mo Ying knew that the dowager lady was sidetracking her and sidled up to the two dowager ladies and left after performing a bow to each of them.

Mrs. Qi took a sip of the tea in her hand, smiled and put it down, and directly opened the door, “Mrs. Qu, I’m here today for the fourth young lady’s marriage of your house, our Duke of State feels that he didn’t take care of the second Mrs. Qu at the beginning, and has failed to live up to the trust of his old friend, and he is especially attentive to the fourth young lady of Qu’s affairs, and I ask for the forgiveness of the Duke of Qu if there is something that has gone too far in what he’s done. ”

The weight of these words is too heavy, Mrs. Qu how dare to take, even called dare not.

“I don’t know if Fourth Miss Qu’s marriage has any prospects now?” Mrs. Qi asked with a smile.

“For the time being ... it has not been decided ... well.” Mrs. Qu couldn’t tell the truth, and could only vaguely say that it was a bad thing to take.

“Since it’s not set in stone, then I do have a good marriage here, and our old Duke of State also says it’s good, thinking that I can talk to Mrs. Qu about it.” Mrs. Qi added.

This is even worse to pick up, Mrs. Qu very much do not want to pick up down, but had to pick up, “Shadow girl’s affinity, in fact, ... is not so urgent.”

“How can you not be in a hurry, the four young ladies in your house, the only one who is still in the boudoir is the fourth young lady, the fourth young lady’s life is pitiful, and our old Duke of the country has been guilty, so I can’t help but to help talk about a marriage, if I say something that is not right, Mrs. Qu please forgive me.” Mrs. Qi said.

“Shadow girl is still young.” Mrs. Qu tried hard to put it in a more tactful way.

“You can book it first, there has to be a settlement, if it continues like this, all the good ones in the capital are going to be picked out, you can’t let Fourth Miss Qu have no choice!” Mrs. Qi kindly said.

“This matter ... really isn’t urgent ...” Mrs. Qu didn’t know how to say it, before Shadow Maiden and Utopia County King’s matter was announced, she absolutely didn’t dare to say it everywhere.

But if we don’t say it now, and everyone knows about it in the future, will Mrs. Qi blame her own house again, and Mrs. Qu can’t tell what Mrs. Qi’s attitude is in the end.

“Before the Marquis of Yongning begged in front of me, said at that time to withdraw from the marriage, are paragraph of the second lady of the strong pestered up, after this period of time, the Marquis of Yongning more and more feel that the paragraph of the second lady is not in order, Mrs. Marquis of Yongning and the second Mrs. Qu’s benevolence, feel that this is not the right thing to withdraw from the first time, there are also Yu’s in it to mix up a foot, only to make the two houses had to withdraw. ”

Mrs. Qi sighed, as if she didn’t see Mrs. Qu’s difficulty, and continued on.

“The Marquis of Yongning’s world son ... is not a good match for the shadow maiden, and he is still engaged to be married.” Mrs. Qu finally had a chance to refuse and hurriedly said.

“Mrs. Qu doesn’t have to be anxious, the World Son of Marquis Yongning is preparing to withdraw from the marriage in the past two days, there will be news in the next two days, and it will be a good story to renew the relationship with your family at that time.” Mrs. Qi shook her hand and said without thinking.

“The Marquis of Yongning’s son ... could not see the shadow girl at first, early and Yu’s niece two had an affair, the shadow girl at that time was not willing to marry again in the past, even if there is no Marquis of Yongning’s son and Duan two miss things, originally our house is also to mention the withdrawal of the marriage.” Mrs. Qu explained.

Mrs. Qu this is a subtle indication that the character of the son of the Marquis of Yongning had problems in the first place, when the Marquis of Yongning did not return, the Qu House will also be returned.

“All small things, this matter, Mrs. Yongning Marquis and the son also told me, said that at first fell into the Yu’s plan, only to let your house misunderstanding and Miss Yu’s things, finally even had to let this in Miss into the house, but now this matter has passed, Yu’s niece was also kicked out, Yongning Marquis son also promised to later will be single-mindedly on the qu four misses.”

Mrs. Qi said without thinking.

“Easy to get a priceless treasure, hard to get a lover, I see that the Marquis of Yongning son is also single-mindedly want to marry the fourth Miss Qu, sincerely want to make up for the regrettable things, the two families quite a destiny, which renewed the previous destiny than at first may be better, which after the fourth Miss Qu married to the Marquis of Yongning House, become the Marquis of Yongning son of the wife, and backed up by the Qu House, what is the matter, we are bound to the old Duke will be for her to support the back. If anything happens, our old Duke will surely back her up, and I’m sorry that Marquis Yongning wouldn’t dare to treat Miss Qu in a bad way.”

Mrs. Qi looked very satisfied, and hinted that with the Duke of Qi’s residence, Xu Lipeng would no longer be able to treat Qu Mo Ying as slowly as before.

Mrs. Qu wanted to say something, opened her mouth, but for a moment there was no way to say it, it seemed that if she refused again, she would look a bit ungrateful.

Even after doing countless constructions at night, Mrs. Qu felt at this time that she didn’t know how to answer, her worried brows knitted tightly.

The curtain outside the back window moved soundlessly, outside the window Qu Mo Ying eyes cold and stood fixed in the back, Mrs. Qi completely suppressed her grandmother’s words, compared to Mrs. Qi, her own grandmother is really too weak some ...
