

## Reborn to Be A Noble Wife

Chapter 636 A Father's Mercy and a Daughter's Piety

Qu Mo Ying no longer said anything this time, and only gave the boy a deep look, turning around and taking Yu Dong away.

Looking at Qu Mo Ying's back, the boy was terrified, looked around and no one noticed him, and ran towards the East Mansion.

This letter is for the First Lady.

"Miss, to whom is that letter addressed? Was it written by the second prince?" Waiting until they had traveled some distance, Yu Dong asked in a low voice.

This letter he saw, I believe Miss also saw, the boy's demeanor is really too abnormal, originally do not pay attention to also become aware of.

"It wasn't Second Brother who wrote it, there isn't a single person in the mansion that he needs to write a letter to." Qu Mo Ying shook his head affirmatively.

The things that happened only before, their own cheap father could not possibly not know, Qu Mingcheng to read until the spring exam, which represents the Qu Zhizhen's punishment, the so-called meditation and reading, do not let him return to the house, that is, this Spring Festival also do not let him come back to the meaning of the word.

At a time like this, it is impossible for Qu Mingcheng to have a letter to write to Qu Zhizhen, much less to the dowager lady, and even if there is really something going on, he will just have someone pass on the message.

As for the East Mansion, Luo is now in this state, nothing related to Qu Xuexin, she won't even listen to it, Qu Minghui's words, Qu Mingcheng has something to do, he can directly and privately send someone to talk to him, and the great-uncle, that's even more unlikely.

"Is that Missy's ... letter?" Yu Dong immediately thought of another possibility and his face changed slightly.

"It should be ... her distress letter." Qu Mo Ying said with a light misty voice.

"Mayday letter?" Yudong didn't react this time, he didn't understand Ji Youran as well as Qu Mo Ying did, "Why is it a distress letter? Can it be that someone is trying to kill her?"

"After something like this happened to the seasonal side consort, how could she be spared!" Qu Mo Ying said without thinking.

"Ji Side Consort won't really want her life, right?" Yu Dong sucked in a mouthful of cool air, no matter how much the eldest miss was not, she was still the eldest miss of the Imperial House.

"So what if I want it, it's smallpox anyway, it doesn't matter much if one dies." Qu Mo Ying hooked her lips, Qu Xuexin herself crashed into the Crown Prince's East Palace, indirectly backstabbing Ji You Ran, how could Ji You Ran spare her so easily, "However, death is not going to kill her, it will make her worse than death."

"What will happen?" Raindon asked subconsciously as his heart skipped a beat.

"Probably had an accident! It can't be cheap for her." Qu Mo Ying said without thinking, Ji You Ran is a vicious nature, get Qu Xuexin killed, certainly a momentary pleasure, but let her be stepped on forever, even if she enters the Crown Prince's East Palace, there is no chance of being favored, wouldn't it be more out of anger.

"So ... so Missy sent someone out to ask for help?" Yu Dong heard and understood.

"The meaning of asking for help should be to make big sister mistakenly think that she wants her life, the Qu Mansion sends people to save her, and then if any irreparable accidents happen, then it will not be the fault of this Ji Side Consort, and even if the Crown Prince pursues this matter in the future, it will not have anything to do with her." Qu Mo Ying indifferently said.

She was now completely a situation person, no matter if it was Ji You Ran or Qu Xuexin, in her opinion, they were both two poisonous snakes, but it was just a trick of you biting me and me biting you.

"We don't need to intervene in this matter, if there is any more discovery, just let it go." Qu Mo Ying instructed Yu Dong.

Qu Xuexin obviously couldn't fight Ji Youran, but what did that have to do with her? When Qu Xuexin was counting on herself with Qu Mingcheng, she didn't leave a way out for herself.

For Luo's, Qu Mo Ying still respect, but after this out, the relationship between the two houses potential can no longer with the previous general, there are some hidden stigma.

Previously, he had asked Qu Minghui to come and pick himself up, Qu Minghui had not been able to find him, and he had almost had an accident when he was going down the mountain, and the East House had not come to explain a word in the end.

“Will the big madam ... go to save the big miss?” Yu Dong darted a glance at Qu Mo Ying and asked in a low voice.

“It will, seeing Qu Xuexin’s letter, will also be bent on saving big sister, but it’s of little use, and something is bound to happen in the end.” Qu Mo Ying softly said.

Although Qu Xuexin was vicious, she still wasn’t enough when it came to Ji Youran.

It’s not that it’s not vicious enough, it’s really the difference in status between the two people, what Ji Youran can do, Qu Xuexin can’t do.

Qu Xuexin single-mindedly felt that Pei Luoan had a crush on her, but in fact, what he had a crush on that day was just a scent capsule, and thought that this scent capsule was Ji Hanyue’s, so he asked more.

He once casually did it himself, Qu Xuexin learned to do it himself, as for the rest, the status of the Qu Mansion is too low, Pei Luoan is not too concerned, before leaving Qu Xuexin behind, it should also be because it doesn’t care about keeping an extra woman in the mansion, since Qu Xuexin bumped into it herself.

Pei Luoan can really come and go now! A hint of mockery flashed in the watery eyes, no matter if it was fragrant or smelly, Pei Luoan would now take it in, even if it was just a small little boost.

Hungry for more, that’s what he’s saying at the moment.

This matter has nothing to do with her now, how Qu Xuexin is also her own fault, what she has to do now is to try not to let the West House side get involved with the matter of Qu Xuexin.

It’s not easy to tell what a great aunt is like ...

At the intersection, Qu Mo Ying encountered Qu Zhi Zhen, who had hurriedly come out from inside, and stood still to one side to salute Qu Zhi Zhen.

Qu Zhizhen stopped in his tracks, “His Highness King Ying has left?”

“Already gone!” Qu Mo Ying bowed his head and obediently said.

“Don’t be afraid, King Ying won’t do anything to you, he’s mainly looking at your looks this time, and the side consort of the King’s House isn’t something that anyone can do just because they want to.” Qu Zhizhen was afraid that she would be annoyed, and purposely explained.

“Yes, father!” Qu Mo Ying faintly said, still keeping his head down.

Words for a time paused for a moment, Qu Zhi Zhen low cough, and pacify her, “You just sent His Royal Highness the King of England out of the good, outside the people are now bound to be in the rumor, you are also regarded as a fixed name, which in the future will not be someone to take your marriage, for the father’s now to go to the Marquis of Yongning House, lest the Marquis of Yongning House in the future and then pestered.”

This was said as if it was a great reward, Qu Mo Ying’s heart laughed coldly, it was good to know that she had never had any expectations of Qu Zhi Zhen, and now she only felt a strong sense of mockery.

“Thank you father!” Qu Mo Ying said.

“Go back to accompany your grandmother, unraveling your grandmother, the King of England to do so ... is also justifiable, after all, your previous reputation ... has not been very good, even if it is the side consort of the King of England’s house, this appearance can not be compared to other people’s houses Poor.” Qu Zhizhen this is considered another explanation.

“Father, daughter understands.” Qu Mo Ying softly said.

Seeing that Qu Mo Ying is so obedient, and there is no meaning of disobedience between actions, Qu Zhi Zhen’s smile on his face is even more gentle, looking up and down at Qu Mo Ying for a few eyes, “The clothes on your body are a bit old, let your grandmother make you a few more sets, because of Yu’s matter, in the past the house treated you slowly.”

“Father, you are not to blame for this.” Qu Mo Ying said softly.

“Although it is said to be Yu’s thing, but also for the father’s is not, thought Yu’s is a good, all the things in the House paid her, listen to her words also thought you are really not long, and not willing to be close to the relatives in the House, and live in the manor on your eye disease has the benefit, just let you have been living in the manor, I did not think that actually are Yu’s ... fooling me inside.”

The look on Qu Zhizhen’s face was remorseful and angry.

“Father, it’s all in the past, in my daughter’s heart, my father has always been concerned about my daughter.” Qu Mo Ying said, her voice didn’t have a hint of fluctuation and carried a faint softness and elegance, just like an ordinary lady of the world.

“I’m sorry for your father.” Qu Zhizhen sighed, words here paused for a moment, and continued, “also sorry for your mother, later ... when I get to the nine springs, since I will explain to your mother, but also to your mother to atone for her sins.”

“Father ...,” Qu Mo Ying’s voice choked a little.

“Good child, it’s all my father’s fault.” Qu Zhizhen reached out his hand on Qu Mo Ying’s shoulder, and gently patted it, “It won’t be in the future, there won’t be such a thing in the future, for father ... will make up for you, and will never let you live a bad life, even if it’s His Royal Highness the King of England, for father will be your backing with one force.”

These words were said with sincerity, as if Qu Zhizhen would really stand up for Qu Mo Ying if Pei Yuanjun made things difficult for her.

“Many thanks father.” Qu Mo Ying said with a gentle face, only she knew that what flashed through her eyes was mockery with hostility, good words would be said by anyone, especially after Pei Yuanjun’s visit just now, this cheap father was really different, in this situation, he could still show a look of deep affection and regret.

“I’m your father, why are you thanking me, well, go and accompany your grandmother, I’ll go and settle the matter of the Marquis of Yongning.” Qu Zhizhen sighed, looked sadly at Qu Mo Ying, “You look so much like your mother ... seeing you ... as if you see her.”

This time Qu Mo Ying didn’t say anything else, it was obvious that she was very sad, Qu Zhi Zhen once again let out a long sigh, turned around and led the people out with big strides.

Qu Mo Ying raised her head and looked at Qu Zhi Zhen’s back, her shallow lips silently hooked, the bottom of her eyes were cold, she had actually always been very strange, what did this cheap father supposedly want?

For his wife, for his son, for his children, for his family, up to now she couldn’t see what Qu Zhizhen cared about most.

But one thing is for sure, this one is now playing the warm and fuzzy card for himself, and he is still playing the warm and fuzzy card with deadly force, and it looks like it’s because of Pei Yuan Joon.

Turned to the wife of the past, counting the time, the eldest aunt this should have gotten the eldest sister’s letter of distress, if difficult words, may find the grandmother here, she does not want the eldest aunt things to grandmother involved, no matter how the final result, grandmother as long as involved, the eldest aunt will inevitably end up complaining about the grandmother.

When something goes wrong, many people feel that it is someone else’s fault, someone else’s negligence, someone else’s cause, and find relief for themselves for all sorts of reasons ...

Back to the Dowager Lady a little bit of the outside things explained once again, but also said the next party Qu Zhizhen saw her words, the Dowager Lady is still worried, is exhorting Qu Mo Ying when a maid hurriedly came in, "The Dowager Lady, the eldest lady came over!"

Qu Mo Ying's hand that was holding the handkerchief heaved a bit, and a hint of ghostly cold flashed in the bottom of his eyes ...

Chapter 637 Let's say we've raised the Qu Mansion for nothing

"Mother, save core child, you save core child." Luo's lunged over to the dowager lady as soon as she entered the door, she had cried all the way over, both her eyes smeared red.

"This is ... and what's wrong with it?" The dowager lady raised her eyes to Luo and said unhappily.

For this eldest granddaughter, she was originally full of hope, after that, even if something happened, but also single-mindedly want to skew her thoughts over, the future does not say marry a high family, but wealth and peace is certainly there, there are two sons to look at, the future still has unlimited possibilities.

How could the dowager lady not have thought that Qu Xuexin's mind would be skewed to such an extent?

After knowing the causes and consequences of the matter, the dowager lady was so angry that she almost vomited blood, and since then, in her heart, as if this great granddaughter of her own had died .

"Mother, the core child in the manor ... was tortured to live, the quarter side consort wants her life, she is now in the manor, and there is no way to beg to the crown prince in front of his highness, she ... she can't live, beg mother to rescue her ." Luo cried out, her body was very weak, a granny on the side held her tightly.

"That's a matter for the Eastern Palace, I can't save it." The dowager lady was silent for a moment and refused.

"Mother, you can, you can save the core child ... as long as you save the core child, this later ... this later even if it's a green light, it's still better than being there." Luo's trembling voice, begged the dowager lady, "Mother, this time you don't need to be closed, I will lock her up, and then not let her go out to see people."

"She is now a member of the Eastern Palace, she entered the Eastern Palace with the consent of the Crown Prince, and of course she was willing to bump into it." The dowager lady coldly recounted this fact.

“Mother she ... she is bound to be helpless, she ... she ... explains,” cried Luo.

“She is helpless, so she wants to harm the shadow maiden, she herself has had smallpox, but what about the shadow maiden? Shadow girl’s body and a few points weaker than the average person, if it was the shadow girl at that time, now the shadow girl will be in trouble, may even even take her life, how is her heart so poisonous, even the sisters of the same clan are not assured, now everything is her own scheming, living a good or bad life, it has nothing to do with others.”

The dowager lady glanced at Qu Mo Ying, who was sitting quietly at the edge, and a hint of determination flashed in her eyes.

The eldest granddaughter did such a thing, her own house had no way to punish her, and now that she had fallen into the hands of the Crown Prince’s Side Consort of the Eastern Palace, it was considered to be a karmic consequence that she had found herself.

East Palace Crown Prince Side Concubine, originally with the eldest granddaughter also has no grudges, favoring the eldest granddaughter’s calculations, accidentally fell on her body, now being harshly treated, is also expected things.

“Ying girl, if you save your big sister, I will repay you in the future even if I become an ox or a horse.” Luo’s eyes looked around fearfully and finally landed on Qu Mo Ying’s body, her body staggered over to Qu Mo Ying’s side, reaching out a hand to pull Qu Mo Ying’s sleeve.

Yudong hurriedly stepped forward to support Luo in vain, smoothly separating her own young lady and Luo, “First Lady, be careful.”

“Shadow girl, I know that this matter is your big sister did not do right, but she also has no way, she ... she that will want to enter the East Palace and there is no other method, you can rest assured that when she comes back, I will let her kowtow to you to accompany your sins, and there will be no more of this kind of thing to happen. ”

Luo stood still, covering her handkerchief and crying incoherently.

“Eldest Auntie, if Eldest Sister can step on my life in order to enter the Eastern Palace, then is it true that in the future, when Eldest Sister wants to go further, she can step on the lives of the entire Qu Mansion? To do whatever it takes for her own ends, does great aunt think that big sister will still be willing to come back to the Green Lantern?”

Qu Mo Ying raised his head and looked at Luo with a calm expression.

She a pair of full of water eyes raised, exquisite face without distinction fell into the eyes of Luo, Luo only then found in front of this four niece eye veil has been removed, eye veil under the face of the absolute beautiful pouring city, not at all rumors in the

appearance of no ugly appearance, any who suddenly played with her so a photo face, are confused by her appearance.

For a moment, he was actually unable to speak, his lips trembled twice, and he violently rushed forward, seemingly wanting to pounce in front of Qu Mo Ying and kneel down.

Yu Dong was startled, sprinted forward and immediately held Luo's strong back a few steps before she could stand still, "First Lady, you be careful, don't hurt yourself."

Luo was pulled backward by him forcefully, gritting her teeth and trying to shake off Yu Dong's hand, but helplessly Yu Dong's strength was so strong that she did not break free even after struggling twice.

"Luo, you go back, the big girl's matter, all of us don't need to care about it, and we can't care about it." The dowager lady sighed, her face darkened, "Even if you beg me again here, there's nothing, what's the situation of our Qu Mansion, you know it well in your heart, even if I give up this old face, the side consort of the Eastern Palace won't pay any attention to it."

"Mother, you can beg Mrs. Qi, Mrs. Qi's granddaughter is the future Crown Princess, as long as she says a word, Core-er will surely be saved, and that Ji side consort won't dare to jeopardize Core-er's life again." Luo's cried out of control and turned to the dowager madam to plead.

"You want Mrs. Qi to help?" The dowager lady's face went a few more degrees colder.

"Now in addition to the dowager wife of the Duke of Qi's residence, I ... I really can't think of who it is, as long as this time the core child is rescued, mother, I will definitely look good, and then do not let her cause right and wrong, you can rest assured that I ... I will definitely be able to look at the live core child." Luo's excitedly said.

Yu Dong didn't move and stepped back, retreating to stand in front of Qu Mo Ying's body.

"I have no way to ask Mrs. Qi for help." The dowager lady refused without hesitation, "Mrs. Qi and our house originally did not have much affection, the only affection is still on the part of Shadow Maiden's birth mother, Shadow Maiden's birth mother is no longer there, the Ducal House of Qi will only have dealings with our house for her sake, this will be used to exchange Shadow Maiden for affection to save the person who is going to harm Shadow Maiden, this is something that I cannot say,."

"Mother, I'll go and talk, I'll beg Mrs. Qi, you just need to bring me over, the rest comes to me, no matter what, even if it costs me my life, I'll beg Mrs. Qi to save Xin'er." Luo's crying sobbed uncontrollably, her body softened again, the people on the side hurriedly supported her.

The dowager lady's gaze fell on Luo's body, eyes full of disappointment, the room quieted down, only the sound of Luo's crying, a good half a dozen times the crying stopped, Luo's covering her eyes silently wiping tears.

"Luo's, the big girl's matter, you'd better die, this matter I won't help you, also won't lead the qi dowager lady to help you, originally into the crown prince's mansion, it's not something we can place a kiss on, when she was in the beginning to make every effort to go to the east palace even to step on the shadow girl's life, it's abandoning our qu mansion, you're too late to say anything now."

The dowager lady's voice was a few points harsher, Luo wanted to open her mouth to defend herself, but she saw the dowager lady waved her hand, "Go ahead, if you think you can talk to the Boss about this matter, talk to the Boss, remember not to take matters into your own hands, my words, you probably can't listen to them even now, you think that I'm not willing to save the big girl, it's better to let the Boss talk to himself."

After saying that his body leaned back and his eyes closed.

Luo still wanted to say something, but Sister Wu had already brought two maids forward, half persuading and half pulling Luo out.

Hearing that there was still quite a bit of commotion outside, knowing that Luo would not be willing to leave for a while, Qu Mo Ying's eyes were dark, silently looking at a piece of ground in front of him, his heart welling up with a piece of coldness.

"Shadow girl, this matter has nothing to do with you, you do not need to care, your great aunt is confused, even if we go together to plead for mercy so what, the royal family has always been thinly veiled, not to mention that your big sister's heart is this vicious, whether it's life or death, and how to live in the future is your big sister's own self-inflicted."

The dowager lady slowly said, every word was heavy, and there was not half a bit of frank protection in her words.

"Grandmother ...," Qu Mo Ying raised her eyes and looked at the dowager lady.

"Don't feel bad, your elder sister has become like this, even though she is my granddaughter, I can't be partial to her, with this kind of behavior of hers, if it is placed in an ordinary family of the world, it would be a word of death, counting on her own sisters to this extent, what else can't she do, for the sake of glory, she can even sacrifice all of the others."

Mrs. Tai said, a bitter smile on her face, "This granddaughter, it is considered that our Qu House raised her in vain."

"Grandmother ..."

“You first go back to rest, if ... the side of the Duke of Qi’s house has a word to ask over, you also rejected the matter, but wherever and your big sister’s things are involved, you have to reject the clean, do not drag the mud, so that other people mistakenly think that there is still a chance, when the break is broken. ”

The dowager lady commanded in a low voice.

“Yes, grandmother, I ... know.” Qu Mo Ying’s heart surged with a wave of warmth, stood up and gave the dowager lady a graceful salute, gently biting her lip.

Even if you don’t have any other relatives, don’t you still have your grandmother?

She was worried that her grandmother’s ears were soft and would listen to her great aunt’s words, but now it seems that she was overthinking it , her grandmother was still the same grandmother, and even though she hadn’t said anything before, it didn’t mean that she didn’t know anything, nor did it mean that she would be on Qu Xuexin’s side.

As long as her grandmother was still on her side, her heart wasn’t so cold ...

“A marriage? What affair?” After Marquis Yongning received Qu Zhizhen into his study, he listened to Qu Zhizhen talk about the matter of affinity in a state of bewilderment.

“Mrs. Hou and Shi Zi didn’t say anything?” Qu Mo Ying frowned.

“Say what? Isn’t the marriage with the Duan Mansion? How to pull to the minister’s residence to go?” Marquis Yongning is not a steward of the matter, and by now it is still baffling, told the boy to go and call Xu Li Peng over, while saying, “Is there a misunderstanding here? I’ve never heard of this.”

“It’s best if you haven’t heard of it, I’m afraid that someone will intentionally use the previous marriage between our two families to say something, and when it comes to pissing off His Highness the King of England, it won’t be what the two of us want.” Qu Zhizhen sneered and said.

“His Majesty the King of England? Who?” Marquis Yongning was not a well-informed one, thinking about it he did not feel that there was any family in the courtroom whose title was His Royal Highness the King of England, “Could it be that there is a newly born young prince?”

The knighthood isn’t just any knighthood, either.

“How does a newly born prince have a title, have to wait for him to come of age before he can be rewarded, I’m talking about the Utopia County King, today in the courtroom lifted the title, re-drawing the fiefdom over, became the King of England.” Qu Zhi Zhen helplessly popularized to this this ill-informed Marquis of Yongning.

## Chapter 638 Refused! The shadow girl is already married

“Utopia County King is now the King of England?” The Marquis of Yongning sucked in a mouthful of cold air, this one is the original power of the dynasty, what does the emperor mean? What does the emperor mean by this? Is he still afraid that he will be wronged?

As he spoke, Xu Lipeng came in and respectfully bowed to Marquis Yongning and Qu Zhizhen.

“Servant Qu came over to talk about the matter of the marriage between the two houses, isn’t your mother preparing for the marriage recently and you now? Something to do with the Qu Mansion?” Marquis Yongning frowned at his son and asked.

What is the recent movement in the mansion, it is just that the Marquis of Yongning does not care about things and is not too clear.

“To break off the marriage with the Duan House.” Qu Zhizhen was there, Xu Li Peng carefully replied, is it possible that the effect was born at Mrs. Qi’s place, and Squire Qu just came to the door?

“Broken marriage? Therefore, this marriage was set in haste, but after all, it is also the two families under the discussion, how is it want to cut off can be cut off.” Yongning marquis unhappy road.

Was he too oblivious to the affairs of the house in the past? He didn’t even know such an important thing.

“Is the World Son going to re-establish a marriage with my residence?” Qu Zhizhen is not willing to listen further, Yongning Marquis other gave him the feeling of silence, it is no wonder that so many years is also an idle position, the words simply did not grasp the center.

Listen to Qu Zhizhen said, Xu Li Peng answered more and more careful up, “This ... Duke of Qi’s wife’s meaning, see our house is about to retreat, think we are between the two houses ... are misunderstandings before, if we can continue The former destiny, on our two houses are good, before the matter, is indeed a small nephew wrong, if you can renew the former destiny, will not be slow to treat the four young lady.”

After Xu Li Peng finished speaking, he respectfully bowed again to Qu Zhi Zhen, bowing to the end, conscious that he had done enough to show his sincerity.

At first, the matter, in the eyes of Mrs. Tai, is a heavenly matter, in the eyes of Qu Zhizhen, in fact, does not count for anything, if there is no King of England’s matter, see Xu Li Peng is so sincere, but also for the benefit of their own family, Qu Zhizhen is very willing.

But right now, no!

“Xu Shizi, the shadow girl already has a marriage contract, so I don’t want Shizi to think about it again, and also cut out seeking to speak to Mrs. Qi again, this affinity, even Mrs. Qi has no way to overthrow it.” Qu Zhizhen nonchalantly slammed down his face.

Xu Lipeng lifted his head in shock, almost unable to believe his ears, and naively repeated, “There’s already a marriage contract?”

“This matter has been settled, shadow girl’s affinity is not to worry about your house again, since before is retired from the marriage, in the future if you meet, but also please Shizi Ge keep their own, do not pass out some gossip, at that time, the shadow girl is inconvenient, Shizi is also inconvenient.”

Qu Zhizhen snorted coldly and stood up to bid farewell to Marquis Yongning.

Putting his own words here, he believed that Xu Lipeng should be able to understand what he meant, but wherever Shadow Maiden was present, this son of the world should avoid suspicion.

Yongning Marquis to now is still a blank face, but look at Qu Zhizhen’s face, should be some anger, know that his own wife and son may be in the dark to do something, and angry and annoyed, but also hold back uninformed, waiting to send Qu Zhizhen away, hand heavy in the desktop a beat.

“What in the world happened, how come your marriage is going to be retired again, and you want to renew your marriage with the Qu Mansion, there’s still the matter of the Duchess of Qi’s affair in there? What in the world are you guys fooling around with?” Marquis Yongning’s anger was rising in a pugnacious manner, glaring at his son and asking in a stern voice.

Something so big had happened, involving so many people in it, and he knew nothing about it.

“Father, explain this to me ...”

“What else is there to explain, you and that mother of yours, are equally out of tune, this marriage was engaged and returned, then engaged and returned again, you don’t want face, I still want face.” Marquis Yongning was furious, pointing at his son and cursing.

“Marquis, don’t blame Peng’er for this, it’s all the things that the Qu Mansion has tossed out on its own.” Mrs. Yongning Marquis had already gotten the news, and when she hurried over, she was hearing such a sentence, waving her hand, letting her subordinates all go out, before she slowly said to Yongning Marquis.

“Why is it all about the Qu Mansion? The meaning in Servant Qu’s words when he came over just now is already clear, the fourth young miss of their mansion has no more relationship with our mansion, so that Peng’er will have to retreat three feet when he sees her in the future.” Marquis Yongning’s tone was cold and irritated.

He is not too much in charge of this house in the past, his wife is a competent, and he is not willing to manage these internal affairs, let her manage is just right.

I didn’t realize it would come to this now.

“Marquis, Qu Squire for the sake of the reputation of that young lady of his own family, of course, said so, obviously this matter is they first approached us, but also let the dowager wife of the Duke of Qi in the inside of the reconciliation, I think about it is not bad, since the withdrawal of the marriage, peng’er’s reputation how bad, and you’re not not unaware of it, and before looking for a good errand, but also no more.”

Mrs. Marquis Yongning’s eyes reddened in aggravation, “You used to be another one who didn’t care about things, where do you know the origin of this, if it wasn’t for their family to find us first, why would we have to withdraw from the marriage now.”

Speaking of this matter, Mrs. Yongning Marquis heart is also really annoyed, she originally wanted to personally and Qu Zhizhen said, helpless to come over when, this qu minister has gone.

Speaking of this matter, Yongning Hou is also a little upset, before the withdrawal of things, and immediately and the Duanfu fixed the marriage, there are all kinds of bad rumors out, the son suffered aggression is not less than the female side.

Until now, the Marquis of Yongning thought that at that time it was really just a misunderstanding, thought it was the second lady of the Duanfu who was avenging the death of her husband, but things have come to a point where it is not responsible for it, but it is not possible to say, only to think that the son saved the people is a good thing, and after that, but the son said that he was like a negative and thin-hearted person.

Now hearing Mrs. Marquis Yongning mention it like this, her heart was also annoyed.

“Mother, forget it, Squire Qu has already made it clear just now that Fourth Miss Qu already has an in-law and no longer has eyes for our house.”

Xu Li Peng opened his mouth to advise.

“Is this what it says? Tricked you to withdraw from the marriage, but she early and others already have a marriage, this is clearly intentionally harm you ... also blame me ... think she is good, did not think that the heart is so vicious, ruined you once is not enough, but also want to ruin you twice.” Mrs. Marquis Yongning indignantly said.

“Father, mother, how is it now?” Xu Li Peng smiled bitterly and lowered his head.

“Previously have the intention and we again married, and now direct words refused, should not climb the high branch, this is stepping on us to find another family, to get rid of us.” Mrs. Yongning Marquis exasperated.

Before and Duan’s already implied that there is the idea of withdrawal of marriage, this next is really withdrawal of marriage, Mrs. Marquis Yongning’s previous idea is to withdraw from the marriage, and then by the dowager wife of the Duchess of Qi to make peace, and the House of Qu to book the marriage again, to pull the previous things to come over.

The marriage was re-established, after which the son’s bad reputation can also be good because of this re-established marriage, as for the Duanfu’s marriage, it can be guided into the Duanfu’s second miss deliberately, taking the opportunity of the son’s rescue of her, deadbeat son will not let go, which makes the two families had to withdraw from the marriage, anyway, this Duan second miss’s reputation was not very good originally.

Mrs. Yongning Marquis thought so, also thought that this matter is about to come to fruition, Qu Mo Ying’s refusal now is just to put on a show, with her conditions, where to find a better candidate than her son.

Unexpectedly, today, the Qu minister came to the door, actually said this thing, and also said that Qu Mo Ying has been another booking, on what grounds? Mrs. Yongning Marquis only felt a wave of evil fire rushing up to Qu Mo Ying, annoyed at Qu Mo Ying, feeling that her son is now in such a state are Qu Mo Ying’s harm.

“Mother, forget it, this matter ... ends here!” Xu Li Peng shook his hand and said.

“No way!” Mrs. Marquis Yongning flatly refused.

“Well, Squire Qu is so on the door, what else do you want, you can’t let Squire Qu go on the door again, what can make him focus so much, it is obvious that the other party’s origin is not small, the party also said, even if it’s Mrs. Qi, there is nothing she can do about this marriage.”

Yongning Hou is not too much in charge, but it does not mean that there is no insight at all, Qu Zhizhen’s words clearly have a threatening meaning, and it is not an ordinary person who can make Qu Zhizhen so attached.

“Mother, the Duanfu side of the marriage should not be returned, so be it.” Hearing the Marquis of Yongning say this, Xu Li Peng even more dead heart, smile bitter.

He actually saw it more clearly than his mother, would that Fourth Miss Qu really succumb to the pressure of the Duke of Qi’s residence? He felt at the time that it might not be, but that his mother had thought a little too well.

When two people's marriage is broken, they are actually destined to be no longer possible.

"No ..." Mrs. Yongning Hou is still pretentious.

"The line or not is not your decision, the pro affair of the Duanfu can not be retired, the Qufu has no relationship with us again, if you can not figure out this point, this future also do not go out, or in the house to cultivate the good." Marquis Yongning slammed the table and said in anger.

"This matter just listen to what my son said, stop here?" Yongning Marquis rare not listen to his own wife's words, face a plate of calm and cold as water, "If you still want your son can do a good job, can have a good future, don't be an idle and useless as me, don't hard with the Qu family, Qu third miss is now King Jing's concubine consort."

Whether it was the Squire or the Royal Secretary, or even the concubine consort, they were all more useful than him, the idle Marquis.

After thinking clearly about this point, Mrs. Yongning Hou aggrieved to take a handkerchief to cover her eyes, turned around and cried to go out ...

"Again, Mrs. Qi invited you over, saying that she wants to talk to you more about the marriage." Mrs. Qu sighed and said to Qu Mo Ying.

She is really do not know why Mrs. Qi for the shadow girl's affinity, so obsessive, obviously that day has been said very clearly, Mrs. Qi how to still so attached.

"Grandmother don't worry, I will definitely talk to Mrs. Qi this time." Qu Mo Ying pondered for a moment softly pacifying Mrs. Qu.

"This matter, which is for you, an unmarried daughter, to say." Mrs. Qu sighed, and for the first time, she felt that Mrs. Qi was doing this somewhat out of tune.

It's only right to talk to yourself when you have something to say, how can you talk directly to your granddaughter?

Can refuse and inconvenient to refuse, must be good intentions, can only repeatedly urge Qu Mo Ying, if there is something on the body pushed to their own, so that they explain to Mrs. Qi, do not directly to Mrs. Qi offended ...

Qu Mo Ying's carriage front foot only left, Luo's hurriedly brought away to catch up, most in the helpless in the parking place heavily stomped before going back.

Chapter 639 Recognize a godparent, will you?

The carriage stopped at the carriage yard of the Duke of Qi's residence.

A granny waited here early, seeing Qu Mo Ying come over hurriedly went forward to salute, respectful.

"Our dowager lady heard that you were coming over, and specially asked the slave girl to wait for you to come over,"

Qu Mo Ying nodded and followed the footsteps of the granny to go inside, looking at this all the way over, it actually wasn't the direction of the previous days of the dowager lady's courtyard.

"Not to the Dowager Lady's courtyard?" Qu Mo Ying asked casually.

"No, the dowager lady heard that fourth young miss likes plum blossoms and specially waited for you at the place where fourth young miss enjoyed plum blossoms that day." The granny smiled and said.

All the way over, to the pavilion, the two maids waiting below hurriedly went forward to salute.

Climbing up the stairs to go up, Mrs. Qi really waited there early, seeing Qu Mo Ying come in, originally sitting on a chair, Mrs. Qi's waist plate was corrected.

Qu Mo Ying stepped forward to salute, and Mrs. Qi kindly said, "Fourth Miss Qu doesn't need to be polite, sit down first!"

After Qu Mo Ying thanked her, she settled down on a chair on one side, the maid brought tea, the tea color was good, actually still the flavor of the tea that Qi Shi Zi had carefully prepared that day.

The eight exquisite treats were more elaborate than they had looked that day, and it was clear that they had all been freshly made and carefully presented.

"That day I heard that the fourth miss Qu came here to sit, today over to take a look, really is a good place, here and not cold, but also can enjoy the scenery, just in the past, the age of the old, especially in the winter, do not want to move, but did not know that their own house there is such a good place to go."

Mrs. Qi looked at Qu Mo Ying and laughed, sighed and said, gossiping about the family.

"Or the people in the mansion lured me over, I didn't expect it to be a good place that even Mrs. Tai hadn't discovered." Qu Mo Ying softly said.

"In the past, it was a place where young people loved to come, the older you get, the more inconvenient your legs are, and the more lazy you get, there are some things that

young people do that older people don't do anymore." Mrs. Qi sighed again and reached out to use her official chopsticks to personally clip a piece of pastry for Qu Mo Ying.

"This pastry is good, it's my favorite to use in the past, try it."

Qu Mo Ying had to pick up her chopsticks, clip it up, and take a bite, then the corners of her lips curved slightly and she smiled, "Thank you, Mrs. Tai, it is indeed very good."

"This is a few things I like, specially let the kitchen make and send it over, in the past days you seemed to use it similarly to me, you should also like it." Mrs. Qi smiled and said, and pushed the several plates in front of her towards Qu Mo Ying, her attitude affable and different from previous days.

Not half as strong, not half as angry, only the bottom of the eyes look a little haggard, should be the reason why did not sleep well last night.

"If you like it, bring some back in a while, also let your grandmother taste it, there are some recipes or I brought them in my dowry at the beginning, other mansions don't have them." Mrs. Qi watched Qu Mo Ying take a bite and laughed.

Qu Mo Ying put down the chopsticks in her hands, took a handkerchief and wiped the corners of her lips, and once again said thank you, "Many thanks to Mrs. Tai."

"You don't have to be polite with me, your mother ... s maiden name, is Jiangnan Qu, and the old Duke of State's friendship, that is a together from the pile of dead people climbed out of, even if the two families are now on their own side, and do not come to each other, this sentiment in the old Duke of State and me, it is not a general sentiment."  
"

Mrs. Qi exclaimed.

Qu Mo Ying was silent for a moment, knowing that at this time, Mrs. Qi was not hoping to hear what she had to say, and that she just needed to listen down the line.

"Your mother can be regarded as my ... daughter," Mrs. Qi's voice faintly invisible trembled a little, but then calm down, "you naturally also regarded as my granddaughter generation, no matter when to see me, are There is no need to be formal, I really want to help you, that day's matter, I was also a bit hasty, mainly because I was afraid that you would miss out on the future, but if you really don't like the Marquis of Yongning's residence, then there is no need to bring up this matter again, I can always find a more suitable one for you."

Mrs. Qi's brought out the events of that day, her eyes fell on Qu Mo Ying's body, not only did she not have the anger of that day, but she even had a few moments of love.

“Mrs. ...” Qu Mo Ying wanted to say something, but was stopped by Mrs. Qi reaching out her hand.

“That day, I was really overly hasty and had a somewhat bad attitude, so don’t take it to heart.” Mrs. Qi’s body leaned back, her gaze falling outside the window, seemingly looking at something, but also seemingly not looking at anything.

“Mrs. Tai, you’re welcome, my grandmother and I really don’t care, we originally had to thank Mrs. Tai.” Qu Mo Ying finally had a chance to speak and laughed.

Her words were earnest, her posture was elegant, and even though the veil of her eyes hid her features, she could still sense the smile on her face, which for no reason at all brought out a few points of closeness.

“You can think like this is the best, I ... was in a hurry some ... times before, worrying that you in order to miss your whole life.” Mrs. Qi’s gaze turned back around to examine Qu Mo Ying once again, seeing the sincerity of what she said, the bottom of her eyes revealed a smile, very satisfied with her attitude.

“You really don’t want to marry the Marquis of Yongning again?”

“No!” Qu Mo Ying shook her head decisively.

“Well, there’s always a suitable one to find, I’ll keep an eye out for you here.” Mrs. Qi said gently.

Qu Mo Ying shook his head again, “The affinity ... grandmother and father have pretty much gone, thanks to Mrs. Tai.”

“Already seen each other?” Mrs. Qi said in surprise, originally thinking that it was an excuse.

“When I passed through the mansion today, grandmother’s specially told me about it, thanks to Mrs. Tai’s kindness.” Qu Mo Ying stood up and sidled up to give a graceful salute.

“So it’s true that you’ve chosen one, but I don’t know which one?” Mrs. Qi reached out and gestured for Qu Mo Ying to sit down as she continued to ask.

“This ... grandmother didn’t go into detail ...” Qu Mo Ying since it was inconvenient for Pei Yuanjun to say it at this time.

“Let your grandmother take another look, don’t be in a hurry to book it, I’ll come to your residence in a few days and discuss the matter with your grandmother.” Mrs. Qi proposed.

“Yes!” Qu Mo Ying was not in a position to say anything more on this and bit her lip to respond.

Seeing her so meek this time, Mrs. Qi added, “Looking at you reminds me of your mother, if that day ... your mother was more close to me, it wouldn’t be ... so, it’s all fate!”

Mrs. Qi said here, her voice choked for a moment, her eyes slightly red, sidled over and took a handkerchief to wipe the corners of her eyes, pulling out a hint of a smile to explain, “When I think of what your mother encountered back then, I regret it, if I had known ... earlier, I would never have let your mother be harmed. ”

Qu Mo Ying’s head lowered, looking at her hand holding the handkerchief, and said with a faint expression, “In the nine springs, mother will also be grateful when she knows that the Dowager Lady thinks so highly of her.”

A sentence, the corners of the eyes of Mrs. Qi sour, for a moment do not know what to say, a good half a long time to find their own voices, “the past, is the past, missed your mother, do not want to miss you again, can not let you isolate yourself with your mother as well as the relatives can no longer be hasty, you’re still small in age, a good selection of a number of, do not say goodbye to your grandmother and father, agreed to, you have to be their own Satisfaction is.”

Mrs. Tai’s words are very serious and long, almost all of them are on the side of Qu Mo Ying said, and then not in the past that with a few rusty elders.

Qu Mo Ying nodded, her head still not raised, only softly saying, “Yes, Mrs. Tai, I understand.”

“You are still small ... marrying someone if it is not good, a lifetime of things.” Mrs. Qi was afraid that she didn’t understand and added.

Quemoy Shadow’s handkerchief twisted and knotted together and nodded.

The room was silent for a moment, and for a while neither of them knew what to say as if they had no idea what to say; such a cozy conversation seemed to be more appropriate for a pair of pro-grandchildren than for a situation between the two of them.

The silence was too long and the atmosphere in the room was inexplicably awkward.

Qi Taifu’s gaze fell on Qu Mo Ying’s body, there was pity, sadness, guilt, and a tumbling tangle.

A good half-long time before he said, “Your mother’s matter, I have sent someone to Jiangnan, and discuss with the Yue clan, want to recognize your mother as a

goddaughter, then your affinity, I can also directly intervene, in the future, no matter where you marry, are our Qi Gongfu's granddaughter."

Once this was said, Qu Mo Ying suddenly raised her eyes and looked at Mrs. Qi in dismay, this sentence, was something she had never thought of, her fingers suddenly pressed on top of the fingertips of her other hand.

"Mrs. Tai, there's no need to be like this, what happened to my mother, has already passed, it's useless to talk about it again." Qu Mo Ying heard herself refuse to say.

"Your mother's matter is in the past, but your matter is still there, and if you have the Duke of Qi's residence behind you, this marriage will be much better." Mrs. Qi was not surprised by her surprise and explained.

"It's still not necessary, mother is not even here, this is not in line with reason, and if we take mother again, I'm afraid it's not good for the Qi Guo Gongfu." Qu Mo Ying voice calmly said.

"As long as you are now good ... Qi Guofu unhindered, this is also the year our house neglected your mother after the guilt." Mrs. Qi closed her eyes and pulled out a smile.

"In that case, there is no need to do so, and the maternal ancestor's family is extremely good to mother, and mother was later victimized by the Yu Clan, but also because Jiangnan was a bit too far away." Qu Mo Ying insisted.

This is a matter that anyone who hears will feel inappropriate, if mother is still alive, there is still the possibility of saying, but now they are gone, and say these, in vain, let people gossip just.

Yu Dong stole a glance at Mrs. Qi, this Mrs. Qi is an eloquent one, how could she have such a proposal? Is this really good for Miss?

"If you really feel bad, your mother's matter is forgotten, why don't you take a step back, you recognize a godparent with our house, this relationship can always be closer."

Seeing Qu Mo Ying's single-minded opposition, Mrs. Qi looked at her and continued.

"Recognize a godfather?"

"Yes, is to recognize a dry relatives, you can recognize our house as a dry daughter, for me, you are the dry granddaughter, this later you all things, can rely on our house, and then no one will dare to dare to you in the hand, no matter it is the future of the affinity, or you later married someone, qi guo gongfu can be your backing."

Mrs. Qi was afraid that Qu Mo Ying was too young to understand things, and said some shallow words, her eyes were eager and expectant, and the corners of her eyes were a little red.

So a retreat again and again, and more is for the good of Qu Mo Ying, any who hear will be touched, will respond down, this is also yesterday night Mrs. Qi rummaged for a long time to think of the law.

Recognize a godfather and everything will be solved, won't it?

#### Chapter 640 Appalled! Are you ... telling the truth?

The status of the Duke of Qi's House is high, and the status of the Qu Mansion is low.

The meaning of the Duke of Qi's house to recognize a godparent is to bend over backwards to help.

On the other hand, if the Qu Mansion refused, it would be ungrateful.

If the young lady of the other houses know that the dowager wife of the Duke of Qi took the initiative to propose to recognize a dry relative, that can be a great good thing, immediately the House will have a variety of sets of close to the door of the young lady, where there is still a need for the dowager wife of Qi so face to face open, this is a great kindness.

Hitching a ride on the Duke of Qi's residence is equivalent to hitching a ride on the Crown Prince's residence in the Eastern Palace.

Who would refuse such a good offer, Mrs. Qi looked at Qu Mo Ying with a smile on her face, and although there was also anticipation and excitement in her eyes, more than anything else, her heart was relieved.

Whoever heard such an offer, even if they were stoic enough not to be ecstatic, they were bound to agree to it; there was no harm in a hundred benefits, that was the only thought she could think of.

The house does not have half of the benefits, but for this fourth young lady of the House of Qu, is a great benefit, even if her own conditions are not enough, there is a granddaughter, anyone will look at her highly, want to marry a good marriage, but also an extremely simple thing, even if in the granddaughter's sake, door to door to ask for a marriage will be quite a lot of people.

"Mrs. Tai, this matter, I can't be the master." Qu Mo Ying's willow brows slightly knitted, a trace of coldness flashed under her eyes.

“This matter your grandmother will surely agree, Jingyu and His Royal Highness the Crown Prince’s marriage is already going through the process, it won’t be long before she is the Crown Princess of the Eastern Palace, you will then be cousins with her, you can come and go with her often.” Mrs. Qi was afraid that she didn’t understand and added.

As long as Qu Mo Ying answered, this matter will be finalized, Qu House of the Dowager’s wife side as long as to go to say a word.

The last person she wanted to condescend to right now was Qu Mo Ying, and the one she wanted to make amends with was this single young girl in front of her.

“Many thanks to the great lady’s goodwill, just afraid that ... grandmother will take too much into account, not convenient for the Duke of Qi’s House to make a dry marriage.” Qu Mo Ying was silent for a moment, or to make the words clearer.

The last thing I want in this life is to borrow the power of the Eastern Palace.

To the Eastern Palace, she only has revenge, and why should she be entangled in grudges, in the beginning, she could refuse Ji You Ran’s closeness, and now it is impossible to borrow Liu Jingyu’s power.

Besides, Liu Jingyu’s mind had always been so sinister and vicious.

Everything pointed to the fact that she and Liu Jingyu were destined to be on opposite sides, and all these years that she hadn’t died were just a matter of fate, or else she was bound to die in Yu’s backstabbing just like her mother did back then.

In fact, in addition to Yu’s other people are afraid that they are more unwilling to see their mother living in this world!

A hint of cold hostility flashed in her eyes, the demeanor of Mrs. Qi’s eyes only made her feel disgusted, in order to seek a peace of mind? If she really cared about her mother, why would she need to cover up and make such a gesture.

“Your grandmother had too much regard?” Mrs. Qi didn’t understand for a moment.

“My third sister is King Jing’s concubine consort.” Qu Mo Ying said frankly.

The relationship between the Crown Prince and King Jing was not good, this was something that everyone knew, and Qu Qiuyan was a reason that could be taken at this time.

With these words, Mrs. Qi's face sank, and the smile that had been hanging on her face before slowly receded, her complexion darkening.

Qu Mo Ying didn't say anything either.

It was only after a good half-long while that this Mrs. Qi said, "On this matter, I'll talk to your grandmother again, maybe she doesn't think that much."

Qu Mo Ying gently pursed her lips and suddenly said, "When I was a little girl, I saw the Jingyu Prefectural Monarch."

"When?" Mrs. Qi asked suspiciously.

"When I was very young, in the manor, Jingyu County Jun should have passed by along with Mrs. Liu, there was rain to temporarily hide from the rain, I met Jingyu County Jun." Qu Mo Ying faintly said.

Mrs. Qi's heart fluttered, "Why do you remember such a small thing so clearly?"

"Because almost lost my life." Qu Mo Ying said, the corner of his lips wordlessly hooked, "If it wasn't for the later Jingyu County Jun to leave, I almost lost my life."

"Impossible!" Mrs. Qi finally moved, her complexion changing.

"It is true, so I have always remembered ... I just don't understand why Jingyu County Jun has such a great hatred for me, at that time I was just a girl who was nothing, and even Yu, who was in the mansion, didn't take me seriously." Qu Mo Ying said with an indifferent look.

"Or maybe some people are born as natural enemies, born to make each other dislike each other!" Qu Mo Ying continued, "So thank you for your kind words, Mrs. Tai, I don't want to even lose my life when the time comes."

Since Mrs. Qi said so today, this meaning she also understands, then there is no need to involve too much, the last bit of thought in the heart is gone.

It was a thought that I had because of my mother, but now I don't want to have it, and I don't want to have it anymore!

Her heart was cold, but the corners of her lips carried some smiles, the helpers of the Eastern Palace, no matter if it was Pei Luoan or Liu Jingyu, she was not willing to get close to them.

Harming people on the grounds of proximity is what makes them look more innocent!

There is no need for these needless compensations, since there is no real name given to Mother, since there is no intention to intend to help her dig out the truth about her wrongful death back then, let everything go back to where it was, and no one has to take anyone for granted.

Call her cool or call her chilly, aren't the ones who hurt the most this kind of people who do things in the name of their loved ones? The last life is like this, the mother's life is also like this ...

Just in shedding all this, she would also reveal the truth, to the point that it didn't matter to her what Mrs. Qi thought or did, you can never wake up a person who is deliberately pretending to be drunk.

"This ... this is impossible." Mrs. Qi murmured with a pale face.

"Mrs. Tai, when I came here, my grandmother instructed me to go back early if there was nothing else, saying that there were still matters at my great aunt's place." Qu Mo Ying stood up to take his leave.

It was as if Mrs. Qi had been dumbfounded, her eyes glowing straight as she looked at Qu Mo Ying, her hand reaching out, trembling slightly, as if she wanted to pull Qu Mo Ying.

Qu Mo Ying's body stepped back, right out of the range of her fingers, "Is the Dowager Lady unwell? Should I call a doctor for you?"

"What you ... you say is true?" Mrs. Qi seemed to be obsessed with wanting such an answer, her gaze still falling straight on Qu Mo Ying's body, a struggle in the bottom of her eyes.

"Whether it is true or not, Mrs. Tai can go and check! I heard that Jiangnan Yue's booking for my mother is Liu Shangshu, just when the old Duke of State deliberately went to the Emperor to beg for the granting of marriage down." Qu Mo Ying's countenance was light as she said, "Of course, these are also what I heard, I don't know if it's true or not, Mrs. Taifang has lived in the capital for a long time, so naturally it's more convenient than me to inquire about some things."

When the matter, many people think it is accidental, but it is the high and mighty this Qi Gongfu big miss fancy an ordinary lifter thing, at most is for this Qi Gongfu big miss is not worth it, but did not think of that almost married to the woman, will be how a downfall.

The woman that the Empress Dowager had sent a decree to find had to be married into the capital in a hurry.

Why didn't they marry elsewhere, but because they thought that if they married in the capital, they would inevitably be taken care of, not realizing that they would end up like this.

The female nun's confession was in the drawer of Qu Mo Ying's dresser, and after bringing it to the Western Prison and asking a little bit about it, the female nun told the whole story one by one.

The person who said to send it out in the first place said that the matter had been resolved, and that he would also leave and go to the Wang Shizi in the first place, but asked the female nun to continue to stay in the capital, saying that in the future, if there was anything with the great lady of the Duke of Qi's residence, she was bound to keep an eye out for something, and that if the great lady of the Duke of Qi's residence had left a letter to her, she would also have to stay behind in order to pick it up later on.

Afterwards, the Duke of Qi's wife did not come to her so a dilapidated nunnery, but the Duke of Qi's wife has made people come to see, and deliberately asked her some words, listen to what she said a three-question question, this is even finished, so far there is no Duke of Qi's wife to look for her, and even more so no one else to take anything later.

All of this points to the fact that the baby girl who was sent away at that time was not the daughter of the Xian'an County Lord, and that the one who stayed in the capital was the one who was, and that their little master was in the capital.

Then the baby girl that was sent out was the other female newborn of the Duke of Qi's House, and it was only at that time that Mrs. Qi gave birth to the eldest young lady of the Duke of Qi's House, the only baby girl of the Duke of Qi's House.

So, in fact, at that time, the little Yue who was sent to Jiangnan was the real great lady of Qi Gongfu!

The one who stayed behind was the daughter of that Xian'an county princess who had occupied the position of the first lady of the Duke of Qi's residence.

This is the truth, and also the fact that Qu Mo Ying saw, but such a fact Qi Gongfu is not willing to reveal, that is why he used such a polite way to express his attitude, wanting to compensate himself.

Why did she need compensation when her mother was gone.

The previous Mrs. Qi was unaware of it and that's why she spoke to her that way, she was a little annoyed but didn't blame her, but now this Mrs. Qi was

aware of it but still chose to do so, Qu Mo Ying only felt mockery, mouthing off about Liu Jingyu's status as the Crown Princess of the Eastern Palace and making herself dependent on Liu Jingyu.

As if less Liu Jingyu, they can not live, as if the recognition of the godparents, they received Liu Jingyu how much kindness.

But it never occurred to him that the reason why Liu Jingyu had gotten to where he was today was entirely because he had stepped on his own mother's blood and bones.

If her mother wasn't the first lady of the Qi State Duke's House, if her status wasn't that of a county ruler, if there was no Qi State Duke's House behind her, this position of the Crown Princess wouldn't have been her turn to sit on it.

"Mrs. Tai, my mother is no longer alive, she will not resent the Jiangnan Yue Clan in the ground. It was they who gave her life, gave her the hope of life, and also protected her all the way up, even though there was a dry spell in the marriage, it wasn't the Yue Clan's side's intention, they were single-mindedly trying to protect my mother's, and this favor, not only my mother will remember, I will also always remember!"

Qu Mo Ying looked as if he was greatly struck, the corner of his lips hooked out a cruel smile, even if it was just a slight word of understanding, even if it was just a slight word to give her mother the right name, even if it was just a private so to speak, to give her mother a justice, she would not be so.

But right now, she has understood the attitude ... of the Qi Gongfu, and it is just like that!
