Chapter 641 Qu Minghui's Suspicion

The carriage went all the way back to the mansion, Qu Mo Ying had been resting her eyes with them closed, very peaceful and calm.

It was as if nothing had happened in the Duke of Qi's Mansion just now.

The carriage stopped at the parking place of the Qu Mansion, Yu Dong jumped out of the carriage first before helping Qu Mo Ying out of the carriage, and saw that on one side, Luo's only brought a granny with her, and stood fixed at the doorway.

"Shadow girl, please save core girl." Luo came up and cried out to Qu Mo Ying.

For the sake of her daughter, she really did put up a fight.

"Eldest Aunt, forgive me for not being able to help you, besides, do you think the Crown Prince's Palace will release Eldest Sister back?" Qu Mo Ying narrowed her eyes and looked at Luo in silence.

Just after getting into the carriage, she had already removed her eye veil, which would look like her eyes were quiet and deep, but without a single ripple.

"That's why I want to ask you to beg the Duke of Qi's residence, as long as Prefect Jingyu is willing to help, none of Core-er's things are anything." Luo wiped her tears and said, "Shadow girl, I really have no choice but to beg before you, I know that Core-er is sorry, but this time as long as you help her, in the future, our mother and two of us will be oxen and horses to repay you."

Liu Jingyu again?

It seemed as if both his own house and the Duke of Qi's house were relying on Liu Jingyu to get by.

The bottom of the heart flooded with a wave of ridicule, the hand clenched hard, and then slowly let go, the suppressed mood as the tide like a general surge, but the face is

not apparent, took a deep breath, only to feel that the knot of resentment can not be dissolved slowly calmed down.

“Eldest Aunt, I can’t help you with the Duke of Qi’s Mansion, I went to the Duke of Qi’s Mansion just now, and was reprimanded by the Dowager Lady Qi because of the matter of the marriage, and I’m afraid that I won’t be able to take care of my business in this future.” Qu Mo Ying said with a bland look.

Since she was bent on baring in on the Duke of Qi’s residence, she simply cut off Luo’s thoughts.

“What ... what?” Luo’s eyes widened in shock, no longer able to care about crying.

“Eldest Aunt, I said that Mrs. Qi had already reprimanded me just now, stating that she wouldn’t be meddling in my marriage affairs after this.” Qu Mo Ying once again said frankly.

“This ... you ... you child how so unintelligent, how can you contradict Mrs. Qi like this, you ...” Luo’s six gods, bewildered mumbled, originally when she came she was planning to ask for Qu Mo Ying’s consent no matter what, even if this would be kneeling down for Qu Mo Ying.

Qu Mo Ying looked up at Luo with a faintly cold look, pursed his lips and didn’t say anything, there was no way to take this down.

“Mother, please don’t be like this, you’d better go back first, this has nothing to do with fourth sister.” On one side of the road striding over was Qu Minghui, his face looking a little haggard.

Seeing Qu Mo Ying arched his hand, “Fourth sister, that ... day I was sorry, I didn’t know that you didn’t have anyone to answer.”

He was talking about that day when he came out of Qing Yun Guan and Qu Mo Ying almost had an accident.

“Big brother is polite, this matter and you do not know, can not blame you.” Qu Mo Ying sidestepped and returned the salute, even his own father was not concerned, and how can NC get other people.

Besides, on that day, Qu Minghui was truly unaware of the situation, and when he went out, no one had approached him yet.

“On that day, it was a private matter, very urgent ... to leave in a hurry ... If I knew that the fourth sister had no one to pick her up when she went down the mountain, I would not have left no matter what.” Qu Mingcheng stuttered, looking more and more guilty.

“Big brother, it’s okay now, it’s unhindered, did you solve the matter of big brother that day?” Qu Mo Ying asked with concern.

“No ... nothing happened, just a ... misunderstanding.” Qu Minghui’s head lowered, mumbling, “That day was really coincidental, I thought ... something big had happened ...”

He seemed to want to say something else, but couldn’t.

“Big brother doesn’t have to care, it’s really over! Fortunately that day was a misunderstanding, to be able to let big brother go out at that kind of time, it is bound to be a big deal, and still a big deal.” Qu Mo Ying said, there are some words she can only point to the end, this big brother looks at is a sincere person, she does not mind to say so much.

To be able to make Qu Minghui go out in a hurry despite Luo’s situation at the time, and to go for so long at a time, this matter is not small, but in the end it is actually just a misunderstanding, which is very evocative.

This thing, and before the sudden emergence of the betrothal party, the last is also unsettled, as if all the thunder is loud, the rain is small.

Qu Minghui’s face stiffened, then he laughed dryly twice, not knowing what to say for a while.

Qu Mo Ying glanced at the hand holding the granny beside him, almost softly fell down Luo’s, said, “Big brother watch out for great aunt, big sister is now in the hands of the quarter side consort, there and in the manor, the only person beside the big sister is a maiden Hongmei, how did the big sister let people pass out the news, there are all the quarter side consort’s people, right!”

After saying that, Qu Mo Ying made another salute to Qu Minghui and turned around to leave with Yu Dong.

Qu Xuexin’s manpower could not possibly send her message out, that day Qu Xuexin was knocked out and taken away, none of them would speak for her, and even less would anyone dare to offend Ji Youran for her, so the meaning of this sending out the message would have another meaning in it.

If this message wasn’t sent out by Qu Xuexin herself, then who sent it out and why, was she really helping Qu Xuexin?

Is it even possible to say that if the Qu Mansion had done nothing, nothing would have happened to Qu Xuexin?

Qu Minghui is a good person, this big brother is separated by a room, but he has never expressed his goodwill to her, so she will remind him more.

Looking at her back as she curled away, Qu Minghui's brows furrowed, the words of Qu Mo Ying just now seemed as if there was something that struck him hard in his heart, leaving him speechless for a long time.

"Grand Duke." The boy called out to him from his side.

"Mother, let's go back!" Qu Mingcheng raised his head and walked over to Luo's side to help her on one side and advised in a low voice.

"Ming Cheng, your sister, what about your sister, you save your sister, you save her." Luo's as if she grabbed a life-saving straw, reached out and pulled his hand, pulling it tightly, "Before you wanted to get engaged, it was only when your sister helped you with her words that mother agreed, now it's your turn to help your sister."

Luo's red eyes eagerly looked at Qu Mingcheng and said.

"Mother, let's go back first, if we let grandmother know that you came over to pester fourth sister, there will be another reprimand, let's go back first, then we can think about it in the long run." Seeing Luo's this way, Qu Mingcheng knew that he couldn't be forceful, he could only gently persuade, "Father Fang just returned to the house, let's sit down as a family and think of a solution."

If before Qu Mingcheng had also thought of using his own strength to save his sister from the manor, now that this idea had changed, he had to indeed had to discuss this matter with his father.

Eyes lowered, supporting the slightly calmed Luo, he turned around and headed for the East Mansion.

There are some things that when no one is reminded of them, a person stuck struggling in a situation often can't even see clearly where they are, but if they are pulled to look outside the situation, or if they happen to be pointing at that very point, and their mind clears up a little bit, it's very easy to see where they are.

Himself and Miss Zhou Er things, the whole house know only the second brother, recognize the original is also an accident, that time followed his side is the second brother.

Even the father is not clear about this matter, the mother there only said that he fell in love with the Zhoufu this young lady, and did not say that the two people have long been secretly private contacts.

If there is anyone else who can capitalize on this, the only one is Erdie.

Even more coincidentally, the person that the second brother wants to deal with the most should be the fourth sister, the things in the West House Qu Minghui is also in the eyes of the eyes, Yu's killed Qu Mo Ying's biological mother, now the case is turned over, Yu's sentenced to the crime, the second brother did not fall in the good, if he wants to deal with the fourth sister, it can also be explained.

Is that why you used yourself?

One thing points through, pieces of things are pointing through, sister's things, is not also the second brother in the back of the push?

If you can advance with your own affairs, how can you not advance with your sister's?

My sister is in this situation, a large part of it is her own fault, and a part of it is because of Qu Mingcheng?

This idea makes Qu Minghui's face ugly, all the way to the past, the face is gloomy like water, he is sincere Qu Minghui as his brother, so many years the two people together more than those pro hand and foot, Qu Ming from sitting did not suspect him.

Now, with things crashing in one after another, couldn't it really be that the second brother had made a move in there?

This matter should indeed discuss with the father, although the father did not allow himself to intervene before, but the heart should also be heartbroken sister, may secretly send people to visit, but if it is really the means of the seasonal consort, since the family so hit up, not only in the sister is not beneficial, and finally may also hit the hands of the seasonal consort.

The family draws fire not to mention that the sister may also be out of things, this matter should indeed be discussed with the father, the second uncle, compared to their own father, Qu Minghui more trust in the vision of the second uncle.

As for his second brother, he will be more careful in the future ...

Can cause Qu Minghui so big wariness, and even later decided to leave Qu Mingcheng far away, this effect Qu Mo Ying really did not expect, she just look at Qu Mingcheng in the past on the part of honesty, more to remind the so two sentences, I did not expect the effect is also so good.

To the evening time, I heard that this cheap father of my own family, but also deliberately went to the East House to speak, very late to return to the house.

Mansion these days are talking about the Qu Xuexin thing, from time to time can be heard from the mouth of the two maids around the mansion in the secret discussion,

since that day, the mansion no one dares to talk about Qu Xuexin thing, private secret discussion is also not, can see that this thing has been stifled.

In this regard, Qu Mo Ying still feels very satisfied, she is not trying to save Qu Xuexin, she is just borrowing this matter to give Ji You Ran a hard time, on the matter of smallpox, even if Ji You Ran got smallpox, it should not be considered powerful, and now there is still room to calculate other things.

For smallpox, Qu Mo Ying still have memories, but some fade, seems to be because of a rare playmate at that time to pass on, just ... then there is no ...

Chapter 642 Settled, Marriage by Decree

When the Emperor's decree came down, the entire capital was confused.

His Majesty has given His Majesty the King of England a marriage, to which family? The untalented, unattractive, eye-damaged Fourth Miss from Minister Qu's mansion? The young lady who was withdrawn from the Marquis of Yongning's house?

In the previous case of the Qu Mansion, Yu killed this Fourth Miss Qu's birth mother?

This ... couldn't be a misprint, could it?

Many families can not help but send people to Qu House to inquire about the news, why not go to the King of England House, dare?

That King of England is notorious, who dares to bump into him when he doesn't know anything, besides, is the King of England satisfied? If he is not satisfied, will he go to the palace to make trouble?

The prying news finally got the exact news, it's true, the emperor really gave this Qu fourth young lady a marriage, and the one who gave it was the King of England?

The first words that came to everyone's mind were what's wrong with the Emperor? This is by the King of England angry or what, how can agree to give such a woman to the King of England to give marriage.

There are well-informed, before vaguely aware of this matter, but do not understand before that is said to be just a side consort? How did it become the main consort?

Not well-informed, it is completely blindfolded, there are still people guessing that because before the King of England offended the emperor, the emperor will give such a marriage.

Didn't they say that King Ying had only just been rewarded by the Emperor, and that even his title had been raised, so it's hard to believe that he was promoted in the dark?

Equally dumbfounded is the Qu Mansion, after Qu Zhizhen received the decree, he sat in the study almost dumbfounded, it's the main consort, it's actually the main consort, how is this possible?

But the fact that it was put there was that it was the rightful consort, the rightful consort of the King of England!

Unlike the youngest daughter that barely a concubine consort, this is the real King Ying's rightful consort, this is Qu Zhi Zhen before in any case could not have imagined, his first thought is actually King Ying this is what happened?

The second idea felt that it should be the King of England is not willing to marry, before agreeing to his own daughter into the house, and then randomly find someone to fill this position of the main consort.

The ministers in the court know that the emperor for the King of England's marriage, are worried about white hair, favor this has not been loose.

So it's because King Ying agreed to let his daughter be a side consort, and the Emperor felt that since he loosened up and couldn't find any other woman to make King Ying loosen up after that, he directly mentioned his daughter as the main consort?

Thinking this way, Qu Zhizhen breathed a sigh of relief, which was followed by great joy, the father of the side consort and the father of the main consort were certainly different, that was essentially the difference between a wife and a concubine.

Even if this King of England might not intend to recognize himself as his father-in-law, in the eyes of others, he was the King of England's father-in-law.

"Second Master, Mrs. Tai invites you over." In the midst of rejoicing, the boy servant entered and reported.

Qu Zhizhen stood up and walked inside, such a thing, not to mention his mother, even he himself was in a stirring mood for a while.

"Eldest, didn't you say it was a side consort?" As expected, the first time the dowager lady saw Qu Zhizhen, she asked urgently.

Qu Zhizhen waved his hand for the others to go down and sat down on a chair to the side, saying smugly, "Mother, it may be that the King of England did not continue to loosen his lips any further, and the Emperor is in a hurry."

There's no other woman to be the main consort, and the side consort is directly promoted to the main consort?

The dowager lady was a bit skeptical about this statement, and always felt as if things shouldn't be this way, but now that she thought about it this incident was indeed considered a good thing.

No matter whose side consort it is, it's still a concubine!

It would be a great joy to be the main consort now.

"Although our house had prepared a dowry before, this portion is much less now." After the great joy, Mrs. Qu had a new worry.

Before the preparation of the dowry is indeed quite a lot, Linlin total before the small Yue's dowry left all back, although some lack, the House has made up for some, and then added a lot, but even if then make up, and then add, the dowry of the King's House of the King's Consort, or feel a little less.

The idea of the dowager lady, also feel that this King of England on their granddaughter may not be too reliable, no wonder that day also deliberately come over to see, if the shadow girl grows less than he means, today also did not have this decree down, when the granddaughter of the family can be how to deal with!

Mrs. think about it is annoying, more feel in this dowry above should be better, women married, have a dowry, can have the courage, although this is on the King of England is still weak, but it is better than less!

The dowager lady thought so, which is why she deliberately went to have her son invited over.

"The ones Yu prepared for Third Maiden early on also add some in." Qu Zhizhen thought about it and said in a deep voice.

"But ... but didn't you say before that it still needs to be sent to King Jing's residence?" Mrs. Qu hesitantly said.

"This time, this time, Yan yatou's side ... to send is to send some, but she is just a concubine consort less, others do not know, shadow yatou's side has to be tight first, always have to let His Royal Highness the King of England satisfied." Qu Zhizhen sighed, remembering Pei Yuanjun's person, feeling that he was still a little smarter.

At least the face should not let her daughter have less dowry, even to be worthy of this Ying Wangfei's status.

"Mother, this thing is not urgent in a moment, this go ritual process, how to also have a year and a half, the prince before early in the go ritual, the Ministry of Rites side also lined up number, this will also but go not many rituals, the King of England's relatives only now announced, naturally have to be a little slower than the prince's."

Seeing his mother troubled, Qu Zhizhen added.

The dowager lady listened and nodded, also felt this gift, “Then I’ll buy some more for the shadow girl, we can’t lose the shadow girl.”

The dowager lady thought about some of the things in her own private treasury, but also can take out some more, have to let their own little granddaughter to marry in style.

After discussing some details, the mother and son went about their business.

“What, the King of England’s main consort?” Qi Guo Gong House, Mrs. Qi heard the message outside, shocked dumbfounded, she had guessed before Qu Mo Ying’s affinity, the so-called look at how can not be good, did not think that only not long, the emperor issued a decree.

She subconsciously looked at the old Duke of State.

The old Duke of State was equally shocked, he also didn’t know about this matter and lowered his head in consternation, for marrying King Ying Pei Yuanjun, he actually didn’t think highly of it.

At that time, even if they were wronged, with Pei Yuanjun’s character, none of the Qu Mansion would dare to stand up for Qu Mo Ying.

Hadn’t there been rumors before that Princess Ying would be the daughter of that Auxiliary General?

“Your Highness, what do you think?” The dowager lady waved her hand, and the maids and grannies went down one by one.

“Marrying the King of England ...” The old Duke of State sighed powerlessly, once again feeling powerless, this is no longer something he can intervene if he wants to.

“Does the Duke of State also feel that marrying King Ying is inappropriate?” The dowager lady lowered her voice and asked.

“The Emperor’s decree has already been given, and it will be difficult to change it.” The old Duke of State said indifferently, crossed his old wife’s eyes and sighed.

“I know ...,” the dowager lady was a bit annoyed and vaguely uneasy, “when I invited this fourth miss from the Qu Mansion over before, she was not close to our house... ...”

“She knows nothing, so why should she be close to our house?” The old Duke of State said with dissatisfaction.

“But ... but she ... she ...” The dowager lady wanted to say, but felt that there was no way to say, after all, she then did not really recognize this matter.

“Well, let’s leave it at that! Since she has a good home, it is also some of her blessings in.” The old Duke of State sighed heavily, “It’s all my fault, I will personally express my guilt to her ... when I reach the Nine Springs ... in the future.”

“The Duke of State ... you ... you were confused at the time!” The dowager lady’s eyes reddened again, and she said in a hateful voice.

Although the two people did not pick out, but the meaning of this will not understand, just each have their own suffering, a time everyone said very implicit.

“Now, it’s too late to say anything, I’m so regretful!” The old Duke’s eyes were also slightly astringent, heaved a sigh, as if he had aged a lot all of a sudden, the whole person had little spirit leaning back, both eyes dazedly looking into the air with a bitter smile.

“Duke of State, don’t be too sad, it can always be remedied.” After all, they were an old couple for many years, the dowager lady sighed and opened up for him.

“Prepare an extra dowry, not less than Jingyu’s side.” The old Duke of State closed his eyes and slowly said.

“This ... how can this be, Jingyu is our own granddaughter, she ... she ...” The dowager lady although objected, but the words could no longer be said here.

Who is she? She’s her own granddaughter, and it’s not like Liu Jingyu actually has much to do with her.

Thinking of this, Mrs. Tai couldn’t help but murmur again, “Injustice, what an injustice!”

“Find a name, prepare more dowry, no more, it’s all my fault, the child is innocent, it’s me who harmed her, it’s me who harmed both of their mothers.” The old Duke of State was guilt-ridden.

“But what will people think of Jingyu? She’s marrying into the Eastern Palace, the future Crown Princess, no matter if it’s from her status or her relationship with the Duke of Qi’s family, it shouldn’t be inferior to the Qu family’s dowry!” Although Mrs. Tai’s heart ached for Qu Mo Ying, she still raised an objection.

“Just prepare more for her, originally it was us ... who owed her, Jingyu and their mother and daughter also owed their mother and daughter.” The old Duke of State said very clearly, without a trace of hesitation, if he could, he still wanted to do justice to that pair of mother and daughter.

If it wasn't for his switching behavior back then, if it wasn't for his inaction back then, if it wasn't for him going to the palace and begging for a marriage grant back then, or things would have been completely different, he was guilty of making mistake after mistake.

Even if she is her own daughter, she can't use her life to pay herself back.

"What if we let people find out something ...? Jingyu's current status is more than tolerant of negligence, and if something happens to us, her position as the Crown Princess might not be so secure."

"It's all come to this time, you still consider these, you think about who you can afford? Jingyu mother and daughter ... Jingyu mother and daughter if not robbed their mother and daughter's position, and how will have the opportunity in front of you, and how can become what Prince Consort, now actually still want to consider them?"

The old Duke of the country suddenly stormed up, suddenly slapped the table and stood up, roared, finished turning around and striding away ...

Chapter 643 Jealousy, Self-Righteous Thoughts

Mrs. Qi was yelled at inexplicably, saw the old Duke's back before waking up, a time of tears in the eyes, angry and annoyed, casually took a tealight from the table and ruthlessly smashed it on the ground.

The crowd of maids and grannies outside the house first saw the old Duke of State leaving angrily, and afterward heard the sound of smashing things, each one of them looked at me and I looked at you, not quite daring to go inside and make peace.

Liu Jingyu appeared at the courtyard gate with two maids, and seeing the two rows of maids and grannies standing in the courtyard, she was surprised and went forward.

"Where's Grandmother?"

"Greetings to the Prefect." The maids and grannies hurriedly saluted.

"The dowager lady is in the house, and only just now did the old Duke of State leave." One of the Dowager Lady's beloved grannies bitterly smiled and pointed to the courtyard entrance and said.

"Just say I'm here, you guys go and inform." Liu Jingyu softly said.

The granny didn't dare to hesitate and hurried to the front of the main house, reporting to the inside.

It took a good half a minute to hear the Dowager Lady's voice inside return to normal, "Let her come in!"

A maid lifted the curtain and Liu Jingyu walked in, for the tealight that smashed on the ground and shattered into several pieces, as if she didn't see it, Ying Ying gave a salute, "Grandmother."

"Why how did you come over?" Mrs. Qi's voice was a bit dark.

"When I miss my grandmother, I will naturally come over, no matter what time my grandmother will always be my grandmother, is it hard to look at the time when I want to see my grandmother?"

As if she didn't know anything, Liu Jingyu walked over and sat down affectionately next to Mrs. Qi.

The maid who followed her in, knelt down obediently to clean up the debris on the floor.

"This child of yours ... "Seeing this attentive granddaughter, and remembering Qu Mo Ying's untamed nature, Mrs. Qi's heart gave a heavy tug, it hurt, this is the granddaughter she watched and raised, the granddaughter who is more attentive than her daughter, and who almost grew up according to her preferences. Not only is she outstanding but she also has a good future.

Reaching up, he pressed his hand to his brow, suppressing the astringency under his eyes.

"Is Grandmother not feeling well? Let me help you press it." Seeing her like this, Liu Jingyu stood up and went to her forehead, stretching out her soft fingers to press it.

In the past days when the Dowager Lady was uncomfortable, when Liu Jingyu was there, she tended to press and rub for the Dowager Lady Qi, and now every stroke seems to press more on the Dowager Lady's heart, sour and astringent.

"I heard that the fourth young miss from Servant Qu's residence has now become the Ying Wang Consort." The dowager lady closed her eyes, enjoying her granddaughter's pressing and rubbing for a good half a second before she said.

"That's how it's being rumored outside, all saying that Fourth Miss Qu is so lucky that she actually let His Highness the King of England loose." Liu Jingyu laughed, forcibly suppressing the cynicism in her heart, this matter was out of her expectation, and out of her mother's expectation, who would have thought that that bitchy girl, could actually get a ride with the King of England.

"How ... suddenly have this matter?" Mrs. Qi said in disbelief, "Obviously there wasn't even a marriage before."

“This ... I heard that very early on, the fourth miss Qu bumped into the King of England, and also bumped and injured, that time the King of England intended to be responsible for it.” Liu Jingyu said.

These things are still after the fact she found out, the specific situation she is not clear, and can not go directly to take this matter to ask the Prince, although at that time this thing is happening in the Prince’s residence.

But at that time, she was definitely not a proper Crown Princess, and the marriage with Pei Luoan had not been formalized.

Qu Mo Ying can marry King of England Pei Yuan Joon, on what basis?

“Bumped up?” The dowager lady frowned, between the families of the world, this so-called bumping up, are all ulterior motives, there is a loss of bosom name.

“That’s what they all say, I don’t know if it’s true or not, it might have been King Ying himself who accidentally bumped into Fourth Miss Qu.” Liu Jingyu softly said.

With these words, Mrs. Qi’s brows tightened more and more, a person like King Ying would accidentally bump into someone? This was simply impossible.

It is true that there is no mother to raise, there is little insight, and the etiquette is much worse, and this kind of thing is also done ... will make people look down.

It was probably luck to a large extent that she was able to become the princess of the King of England, and it just so happened that this King of England was forced to do so by the Emperor, and that’s why he casually mentioned her.

Raising her eyes to look at Liu Jingyu’s beautiful face, the dowager lady sighed heavily again, compared to Liu Jingyu’s affinity, Qu Mo Ying’s affinity can only be considered as a glittering face, and this glittering face is still much worse than Liu Jingyu.

One married the Crown Prince, and not only was the Crown Prince satisfied with Jingyu, even the Empress Dowager was extremely satisfied with her granddaughter.

Qu Mo Ying married the King of England, the status is a bit higher, but this one can’t really want to marry her, plus the status of this king in the future, still really don’t know what will happen?

If this current emperor is gone, no matter who comes to power in the future, it is impossible to let this ... person still be so arrogant.

The dowager feels that marrying into the Ying Wang House, when you think about it, it is not as good as an ordinary family, at least ordinary families can still live peacefully, with the Duke of Qi’s House and Jingyu, a rich and glorious is possible, but now into the

Ying Wang House, no one has no way to predict, only feel that the result may not be very good!

“Jingyu, Qu four miss mother, is Jiangnan Yue’s daughter, when the time to enter the capital, Yue’s side also asked your grandfather to take care of, just did not think that she ... is not close to us, so that in the end, after the incident, it was too late to ambulance, your grandmother is very guilty, and want to help her. ”

Mrs. Qi hesitantly worded her words, thinking about how best to speak.

Qu Mo Ying said those words before, although heavy pressure in her heart, but she ... ultimately do not believe, Jingyu so good a child, that will Qu Mo Ying is also just a child, the memory of the beginning I am afraid that I do not remember too well, how is it possible?

Even if there is some ... that can t be Jingyu the child s thing.

“That should be, grandmother don’t worry, in the future I can help will definitely help her.” As soon as Liu Jingyu heard the words of the dowager lady, and then looked at her color, her heart already had a number, no wonder mother let herself come to Qi Gongfu to take a look, I don’t know what that bitchy girl did to, so that grandmother actually spoke for her?

The heart hates poison, but the face does not show it, still warm and soft appearance, for the words of the dowager lady also did not have a trace of doubt.

“You can think so, that is the best, the Qu House of this fourth young lady is also a virtuous, in the future, both of you are married into the royal family, can take care of can not be estranged, when your maternal grandfather and her maternal grandfather is a lifelong friendship ... the two people are not divided. ”

Mrs. Tai was afraid that Liu Jingyu would be depressed in her heart and purposely explained one more sentence.

The friendship of a lifetime? This sentence Liu Jingyu is half do not believe, to take care of is also Qu Mo Ying’s bitch mother, and Qu Mo Ying has nothing to do with?

Originally thought that after grandmother knew about the matter, she would stand on her own and mother’s side, but didn’t expect that grandmother actually also biased to believe that bitch, Liu Jingyu only hated to tear open Qu Mo Ying’s true face, so that grandmother could see how lowly this bitch was.

Took a hard breath, mother said, she can not say, this kind of thing even if the grandmother knows, that is also know, who will not pull apart to say, without the decency of everyone, lost again is the face of their own family.

Little Yue's that bitch and her father gave birth to that bitchy girl, spoiling her father and mother's love for so many years, how could she not be resentful, hateful, and angry!

With her Liu Jingyu in this world, there could be no more Qu Mo Ying.

In the place where the dowager lady could not see, the bottom of Liu Jingyu's eyes were so sinister and resentful that they were almost dripping venom.

Ying Wangfei so what, he day she for the Crown Princess, raw pressure Qu Mo Ying head, if not mother's repeated instructions, Liu Jingyu where will endure until now, long ago regardless of everything to take Qu Mo Ying's life.

I didn't expect that this bitchy girl is now on the list of the King of England, and took a hard breath to calm the rolling resentment, and what the mother said was really right, and after this ... it is still good to act according to the words of the mother.

The dowager lady also rambled about some Qu Mo Ying's good, the purpose is only one, is to make Qu Mo Ying and Liu Jingyu two relations harmonious, Liu Jingyu is also a mouthful of a promise, without hesitation, the dowager lady coaxed the chest of the mouth of the stuffy also slowed down the relief.

Two are granddaughters, two she can not afford to give up, now can be like a sister, even if Qu Mo Ying some resentment is not a hindrance.

Before leaving, the dowager lady and the meaning of the old Duke of the country said, said will give Qu Mo Ying also prepare a additions to the makeup, can not let her too shabby just ...

And so on the carriage, Liu Jingyu suddenly overthrew the small coffee table in front of him, not yet relieved of hate, to the side of a maid's hands ruthlessly pinched to go, only pinching the gnashing teeth, the original beautiful face has also become a hideous, what are the Qu Mo Ying, what is that cheap girl counts?

If it is not the mother, she would have taken her life, but the mother is still merciful and soft, if he is in the mother's situation, as early as a dozen years Qu Mo Ying and the small Yue's have been dead, which allows now this little bitch still dare to come to their own face crazy.

The pinched maid twitched in pain, but didn't dare to make a single sound, only looking at Liu Jingyu with two pleading eyes.

"Bang!" Liu Jingyu slammed away the maiden's hand and coldly looked at the maiden who crashed into the coffee table and fainted with both eyes rolled back, unimpressed and stretched out her hand.

The other maid shivered and stretched out her hand, handing over a pad.

Liu Jingyu took it blandly, her complexion as orchid and elegant, took the hanky and carefully wiped it clean one finger at a time, then threw the hanky towards the fainted maid.

As if that side was a broken-down piece of trash, the corners of his lips hooked, no longer the hideous madness of the party.

“Go back to the house!” She commanded, closing her eyes in peace.

The daughter of the auxiliary general, that Miss Liu is a wonderful person, that one doesn't look simple either, the one who is looking at the King of England, the woman who dares to look at the King of England, Pei Yuanjun, wouldn't it be simple.

This time the British king's consort position falls on Qu Mo Ying, this one should be should be indignant it, with this identity and her and the British king of the destiny between, worthy of the British king's consort position!

Being Qu Mo Ying snatched away the position of the main consort, this one is afraid that can not endure ...

Chapter 644 Fate? Meeting on the Dan Que

The entire capital city's families shook because of Pei Yuanjun's marriage.

Some people were skeptical, some people guessed, and some people mocked, each with their own claims, the most unbelievable of which was the claim that the King of England had really taken a liking to this Fourth Miss Qu, which anyone would find impossible.

But all of this had nothing to do with Qu Mo Ying, who was now preparing to go pay her respects to the Empress Mother and thank her for her kindness.

For the first time, she didn't wear a veil over her eyes and met people as she was.

On the high Dan Que, a palace maid came down, seeing Qu Mo Ying's appearance, her eyes were stunned, then she said, “Empress Mother invited Fourth Miss Qu to go in.”

After Qu Mo Ying answered, he followed behind the palace maid and went up the Dan Que step by step, slowly entering the main hall.

This used to be the place she traveled to and from the most, and every time she entered the palace in the past, she could not have to wait under the Dan Que, she only had to go up again to wait a little outside the main hall, and the Empress would send someone to welcome her, and when she saw her, she was just like a common elder who cared for her.

When they reached the outside of the great hall, they did stop again, and the palace maid went in to report.

She waited a moment before the courtesan came out and welcomed her forward again.

In the middle of the hall sat the Empress, her eyes fell on Qu Mo Ying's face, similarly stunned for a moment, apparently also did not expect the appearance under the eye veil would be this stunning.

A frown of disbelief creased his brow.

But then it loosened up again, as demure and calm as ever.

Qu Mo Ying stepped forward to perform a great salute to pay homage, to be able to pay homage to the end before hearing the solemn voice of the Empress above, "Free, give seat."

A courtier came over and helped her, bringing her to sit on a brocade stool to the side.

Qu Mo Ying sat down in a disciplined manner, her head lowered, sensing that the Empress Mother's gaze was still scrutinizingly falling on her face, her watery eyes slightly rippled, but her heart could not afford a single ripple.

Quietly waiting for the Empress Mother to speak, the Empress Mother's favorite is this trick, the longer the scrutiny, the more panicky it makes people's hearts, for the first time to enter the palace to advance to see the people, this is equivalent to a dismounted.

This move, the Empress made the smoothest but also the most shocking.

As expected, the Empress Mother's gaze almost swept Qu Mo Ying's entire person, and only after a long time did she say, "I heard that Fourth Miss Qu's eye disease was quite heavy, is this better?"

"When I returned to the capital, it's already almost good, the reason why I've been wearing it is to prevent seeing strong light, a few days ago, His Highness the King of England brought over a famous doctor from Jiangnan, and after looking at it for my daughter, he said that it's already unhindered." Qu Mo Ying replied with a single glance.

"King Ying made a special trip to the Qu Mansion and looked into your eyes, when was that?" The Empress smiled.

"Just before the pronouncement of the decree." Quemoy Ying thought for a moment and said.

"Then King Ying really had the heart to actually make such a special trip to get the Emperor to give the order." The Empress Mother said.

First went to see before the decree, see of course is the face, the so-called eyes is just an excuse, although the person is a long time ago booked, but if it really grows less than desired, push is just a matter of words.

The Empress Mother's implied meaning in these words was obvious, Qu Mo Ying could understand it, and a hint of mockery flashed under her eyes.

"King Ying has always been favored by the emperor, this time first come to see over is also no excuse, the emperor there is most unwilling to aggrieve him, just ... but let Qu fourth miss aggrieved, this palace next time to see King Ying, will certainly say a few words about him." The Empress Mother smiled with a warm face, like an elder who cares about her juniors.

"Many thanks, Empress Mother!" Qu Mo Ying stood up and respectfully saluted again.

"Sit down first, you and the King of England's things have now been finalized, the Ministry of Rites to go the process of affinity, you there if there is something missing, or missing anything, just tell this Palace, this Palace can always help you to do it. Although you later is the King of England consort, and this palace is also equal generation, but in this palace here, see you like a late generation."

Empress Dowager was very satisfied with Qu Mo Ying's knowledge, her complexion became more and more kind, smiling and waving her hand, the palace people on one side hurriedly helped Qu Mo Ying to sit down again.

"Many thanks to Empress Dowager." Qu Mo Ying added.

"You also don't need to thank this palace more, originally is what this palace should do, you don't have a biological mother, the king of ying is the same, the old utopian county king left the capital early, also don't know can't rush back, this last how, or see again." Empress Dowager said slowly and methodically, seems to be full of helplessness about the matter of Ying Wang Fu.

Qu Mo Ying didn't answer this time, she knew that what the Empress Mother wanted now was for her to look respectful and grateful, and didn't need her to talk too much, she just needed to listen.

Seeing that she acted in a disciplined manner and didn't grab the conversation, the Empress Mother asked her in detail about her situation in the Qu Mansion, very concerned about her appearance, and angry about talking about Yu.

After a few words, if Qu Mo Ying didn't have the memories of his previous life, he was afraid that he would also feel that Empress Dowager was not only a dignified and decent person, but also warm and virtuous, an unparalleled virtuous empress.

For the King of England is also everything to take care of, although sometimes also laugh at the King of England's behavior is not proper, but basically sounds like a rebuke for their own children, so that people can not rise half a bit of resentment, but also to organize the King of England's relatives mean, but also deliberately asked the Qu Mo Ying's opinion.

Qu Mo Ying basically bowed his head and listened to the Empress Dowager's words, occasionally responding with just a simple one or two words, respectful and very satisfying to the Empress Dowager.

On the way out, he also rewarded Qu Mo Ying with a whole bunch of gifts, and only then did Qu Mo Ying leave.

When she walked to the outside of the main hall, she looked back at the palace gate and didn't rush, just now she also expressed her desire to go and see Mrs. Qu, the Empress as if she didn't hear it, this is a deliberate attempt to take Qiao, Qu Mo Ying is very clear.

Sure enough, a palace maid came out from inside and smiled as she bowed to Qu Mo Ying, "Fourth Miss Qu, the Empress Mother has asked her slave girl to guide you to see Dowager Consort Qu."

"Many thanks to Empress Dowager." Qu Mo Ying hurriedly bowed to the great hall.

"Fourth Miss Qu please follow the slave girl." The palace maid guided Qu Mo Ying down from atop the high danque.

The palace gate of the Pepper Palace is very high, and the danque is very large and wide.

Some people are coming down and some people are coming up.

Sensing that someone was looking at her, Qu Mo Ying subconsciously raised her head and looked at a middle-aged woman coming from the other side of the Dan Que, her appearance researching and colorful, even though she was not young, she could still see her youthful appearance and style.

Meet, Liu Shangshu's wife, Liu Jingyu's birth mother, that is, that first lady of the Duke of Qi's house.

Seeing Qu Mo Ying's gaze look over, Mrs. Liu smiled faintly, her features amiable.

The two under the far staggered body, Mrs. Liu also followed behind a palace maid, compared to the palace maid who guided herself, that side of the palace maid looks a lot more bashful, footsteps back half a step, and from time to time bend down to talk, remind Mrs. Liu to look at the steps under the feet.

One goes up, one goes down, not on a line, misses!

When he reached the bottom of the Dan Que steps, Qu Mo Ying looked back behind him, and from afar, he could only see Mrs. Liu's back.

"This is Shangshu Liu's wife, the mother of Prefect Jingyu." The palace maid thought she was curious and laughed in a low voice, no one in the palace dared to offend the King of England, and being able to make friends with this future Princess of England was also considered to be making some good karma.

"Empress Mother is very fond of Mrs. Liu?" Qu Mo Ying seemed to be a bit surprised, and after her eyes flowed, she asked abruptly.

This was a somewhat rude question to ask, and the palace maid hesitated for a moment, but still whispered, "Yes, the Empress Mother and Mrs. Liu used to be on good terms when they were in their boudoirs."

"Fourth Miss Qu please, slave girl will take you to Tai Consort Qu's palace." Afraid that she would still want to ask further, the palace maid smiled and led the way.

Knowing that the palace maid no longer dared to reveal any other news, Qu Mo Ying entered the palace sedan chair that was parked to the side, and the sedan chair slowly started to move.

Mrs. Liu was so close to the Empress Dowager, why hadn't she heard of it in her last life? Never met this Mrs. Liu Shangshu in the Pepper Room Hall.

Much less have they heard of such a person from the Empress Mother's mouth, only occasionally encountering them in some banquets.

Why is it that such a person, who is obviously on such good terms with the Empress Dowager, and by the looks of it is also a frequent visitor, and he knows nothing about it?

Could it be that she overlooked something ...

When the palace sedan chair arrived at the door of Dowager Consort Qu's palace, the palace maid said a few words to the courtiers guarding the doorway before turning back to the Pepper Room Hall.

When Qu Mo Ying got out of the sedan chair, Dowager Consort Qu had already sent someone over to welcome her.

Before a big illness, Qu Tai Consort's face is still not very good, when she saw Qu Mo Ying's spirit is good, pulling her to sit down on one side, up and down after looking at her a few times, but also very satisfied.

“Remove the eye veil is also convenient, can’t always wear it like this, eyes see bright light comfortable? Do you want to let the palace doctor treat it again?”

Crown Princess Qu took Qu Mo Ying’s hand and said with concern.

“It’s all healed up, it was just recuperating before, there’s nothing wrong with it now, as long as you don’t look up at the sky in the hot midday sun.”

Qu Mo Ying laughed.

“That’s good, that’s good, it’s good that it’s all right! It’s really a blessing!” Crown Princess Qu was genuinely happy for Qu Mo Ying, a girl who was still young, if she really suffered from an eye disease that forced her to wear a veil, even if she wasn’t really blind, it would still make people look and gossip behind her back.

“You went to the Empress’ palace to thank her for her favor? What did the Empress say?”

“Empress Dowager didn’t say anything, she only asked me about some old stories.” Qu Mo Ying replied.

“The matter between King Ying and you is now sort of settled, which is a good thing.” Crown Princess Qu smiled and said, pulling Qu Mo Ying’s hand and patting the back of her hand gently.

Qu Mo Ying blushed slightly and lowered her head, gently biting her lip.

“If you marry King Ying in the future, then you’ll be a royal person, not only the Empress Mother, but also other ladies from various palaces will be in contact, you need to be more careful.” Tai Consort Qu sighed softly and reached out to touch the top of her hair again, she truly treated Qu Mo Ying as her own granddaughter in general.

Originally just a task, slowly turned the mood, and then look at the girl, has been different from the nature of the day.

“Empress Dowager is a sweet and bitter face, you just need to remember that you are marrying King Ying, you need to be careful.” Qu Taifei whispered, these words originally should not be said, if let people hear, she has little foundation of Taifei may have a big problem, but even so, Qu Taifei felt that it is better to let Qu Mo Ying have a bottom in her heart.

“Empress ... does not like King Ying?” These words should not have been exported with Qu Mo Ying’s cautious nature, but at this moment, they were said extremely naturally, as if the one in front of her was her true grandmother.

Chapter 645 Secret Scandal, Once Wanted to Abolish the Crown Prince

There was no one else in the main hall, and the only beloved of Dowager Concubine Qu before had already retreated, so in the empty hall, there were only the two of them.

“King Ying grew up in the palace when he was small, at that time the empress dowager was also in, and did not like him, but also found an excuse to punish him, did not expect the emperor actually protect him to the extreme, the empress dowager side of the people punished the punishment, beat, after that stayed behind also fear and trembling , and then do not dare to help the empress dowager to find an excuse to punish him.”

Crown Princess Qu sighed and leaned back, a hint of reminiscence showing in her eyes.

“Even her own son is nothing more than that, how could the Empress Dowager like it, when the Empress Dowager made some of her initiatives, she was actually influenced by the Empress Dowager, it’s just that the Empress Dowager didn’t dare to do it herself.”

Empress Dowager thought she was the emperor’s biological mother, punishing a nephew of the hall is not a big deal, but did not expect her son’s reaction will be so big, not only punished the people around her, and even she did not see her for several days, all these things really say, are permeated with some different feelings.

Not to mention the Empress Mother, even Crown Princess Qu felt that there was something going on here.

But no one in the palace dares to say or mention such things.

“The Crown Prince’s position has been stabilized, so why does Empress Mother need to care about King Ying.” Qu Mo Ying pinched the handkerchief in her hand and raised her eyes to look at Dowager Consort Qu, speaking treacherous words without flickering.

“The position of the crown prince ... has actually never been stable, He Guifei’s lineage has a relationship with Yuan Hou, deeply favored by the emperor, long before the emperor had the idea to abolish the crown prince.” Qu Tai Fei lowered her voice and said.

She shouldn’t have said these words to Qu Mo Ying, but now that Qu Mo Ying has become the Ying Wang Fei, there are bound to be times in the future when she encounters this kind of thing, and Dowager Consort Qu is worried that Qu Mo Ying will know nothing about it, and then fall into someone else’s trap or become a weapon in someone else’s hands without realizing it.

“When did this happen?” Qu Mo Ying was shocked, this was something she really didn’t know.

“Just before the crown prince’s wedding.” Qu Tai Fei slowly said, her eyes narrowed again, “At that time ... the Emperor once had the intention to abolish the Crown Prince.”

“Why? Why would the crown prince be abolished when he is fine?” Qu Mo Ying was shocked, the Crown Prince is the Crown Prince of a country, how can he be abolished if he wants to be abolished, this will shake the foundation of the country.

Pei Luoan was ruthless and harmed the lives of Ji Hanyue’s family, but this matter was unknown to others and was never lifted.

“Specific things I’m not clear, only heard that the emperor in the imperial study was furious, the empress mother and the crown prince are kneeling to the imperial study, there is also said that the decree is also under, but in the end it is unsettled, I do not know what the crown prince has done to provoke the emperor so angry.” Qu Tai Fei said.

“Just before the Crown Prince’s wedding? How long exactly?” Qu Mo Ying’s heart skipped two hard beats.

“It should be not long before the big wedding.” Mrs. Qu couldn’t say the exact date, and after thinking for a while she smiled bitterly, “The crown prince’s position is unstable, the Empress Mother feels that whoever she looks at has the intention of seizing the throne, King Jing is like this, even King Wei and King Yan are like this, and King Ying has always had a holy heart.”

“Does she ... she not suspect King Ying?” Qu Mo Ying sucked in a breath of cold air.

“Doubtful to say, but King Ying is crucial, and pulling King Ying or King Ying being pulled away by another prince could affect the succession of the throne.”

Mrs. Qu said in a low and slow voice, her eyes fell on the empty hall, the palace had been calm for so long, and now the storm clouds were coming again.

“Many thanks to Empress Dowager for mentioning this.” Qu Mo Ying exhaled a hard head of breath, the bottom of her eyes were condensed.

So, the fact that he was in trouble in the first place had something to do with the Crown Prince almost being deposed?

Although there was no evidence now, Qu Mo Ying inexplicably felt that there was bound to be a connection.

Before the wedding, the crown prince also repeatedly said that he wanted to be close to his own house, and he also showed tenderness and affection for himself, and then all of a sudden he went on a rampage, and overnight he had to take the lives of all the

members of his family, and even his younger sister was not spared, so it can be said that it was a decimation of the root and branch.

What in the world made Pei Luoan so desperate?

Wouldn't it be better for him to use his father's position? And why do you need to do such a shocking thing? If we talk about the help of marrying himself at that time, isn't it a bit higher than the current Liu Jingyu?

So, is there any reason for this that you don't know about?

Coming out from the palace of the concubine Qu, Qu Mo Ying had been thinking about this matter, combing through the things that happened around herself before the accident, always feeling that she had missed the biggest key.

Getting down from the palace sedan chair and getting into his own carriage, the carriage went all the way back to the Qu Mansion.

First went to see Mrs. Tai to report a report, after that back to want to go back to their own shallow moon residence, but in walking to the courtyard door when stopped.

"Miss." Yuudong didn't understand why she was standing still.

"Go and see what it is?" Qu Mo Ying's gaze landed on a Dao at the corner of the courtyard gate.

Raindon rushed forward, went to the corner, and picked up a letter from the floor.

"Miss, it's a letter!" She took it and looked at it, it was still sealed, but what it said was "Fourth sister personally opened it!"

It's a letter to Quemoy Ying.

"Go in and see!" Qu Mo Ying said without thinking, raising his steps and walking inside.

Yudong hurriedly followed, and after going inside and re-freshening up, Qu Mo Ying sat down.

Yu Dong had already opened the letter, which would send the letter paper to Qu Mo Ying's hands.

Qu Mo Ying took it and read it at a glance, and when he finished reading it handed the letter paper in his hand to Yu Dong, who took it and read it as well.

"Onii-chan asked you for help?" After reading it, Yu Dong was surprised.

“Yes, beg me to save her.” Quemoy Ying said flatly.

“This ... how is this possible, Missy counted on Miss before, how can she still have the face to ask you for help this time?” Yu Dong exasperatedly said.

“It signifies that there is no turning back, and that it cannot be waited for, or it may signify that there is no way to throw in the towel, and it so happens that I am now given in marriage by the Emperor.”

Qu Mo Ying took a handkerchief and wiped it in his hand, slowly and methodically saying.

“Then ... this is really Missy’s letter?” Yu Dong’s eyes widened in shock.

“What do you think?” Qu Mo Ying smiled faintly, her long eyelashes fluttered twice, and her eyes, which originally carried a few winks, were chilled and clean, so that people didn’t dare to force themselves to look at them.

“The slave girl thinks it is unlikely ... right!” Yu Dong couldn’t say anything for a moment and hesitantly said, “Under normal circumstances, how should the eldest miss not look for you.”

“Then what if it’s not normal?” Qu Mo Ying mockingly said, she could be sure that this had something to do with Ji You Ran, it looked like Ji You Ran didn’t have much of a problem, or else she wouldn’t have the spare capacity to count on her own head.

“Then is it that Miss Fang said that there is no way back, no one can save, and can only look for you, Miss? If it was before, Miss was also incapable of saving, but now it’s different?” Yu Dong guessed down the line of thought given by Qu Mo Ying.

This time was indeed different from the past, Qu Mo Ying’s identity was no longer a fourth young lady from Servant Qu’s residence that no one cared about.

“But how did this letter ... come to us?” According to common sense, Yu Dong words even if it is right, but Yu Dong is not a general maid ring, after finishing and then added this sentence, “Miss side of the use of only a maid ring, how to do God does not know, ghosts unknowingly send a letter to our mansion, and also really sent in front of the miss, even if it is the big lady help, slave girl also do not believe.”

Qu Xuexin had such a handful of eyes, there was absolutely no way Yu Dong could believe it.

“Pick it up!” Qu Mo Ying suddenly said.

“What ... what ...” Raindon had already missed it himself and asked some more.

“Take this letter, and then the yard moved a little ...” Qu Mo Ying was silent for a moment, “Just you and Yu Chun two go out to inquire about the matter of the prince’s city effect manor, the city effect outside of the east city, just five miles from the city. The one manor I heard is the crown prince’s residence.”

Pei Luoan has several separate yards outside the city, that should be closer to the capital of the manor, that area of the scenery is good, and also cool, every summer time, occasionally with Pei Luoan to go to the capital of the effect of the separate yards to rest over the cool.

“Miss is going to help Missy?” Yu Dong was afraid that Qu Mo Ying would fall for the trick and anxiously said.

“No, first go and probe, let them think we will help.” Qu Mo Ying glanced at the letter in Yu Dong’s hand, the corner of her lips hooked, her smile mocking, “Since they have the ability to send the letter to my hands, naturally they also have the ability to find out about you two maids going out to probe, it’s not unlikely that there are still people who take the initiative to find you!”

She can be sure that there is Ji Youran’s handwriting in this, and it just so happens that the matter of the Qu Mansion is also considered to be a temporary end, the Prince’s House, Ji Youran ...’s feud in the last life, she has waited for too long!

Originally, she was still thinking about how to lean on it, but since Ji Youran repeatedly bumped into it, she was sorry for herself if she didn’t take it.

In the afternoon, Yu Dong and Yu Chun went out together, the two of them dressed up as ordinary little maids, and after going out, they went over in the direction of the East Palace.

When they saw the Eastern Palace from a distance, the two men did not go over, and after looking at each, they split up.

The two maids then went over to the crowd, stopping every now and then to gossip with people, and then continued on their way, and after circling around, the two finally met up again and headed to the east gate together, and didn’t go back to the Qu Mansion.

Five miles away from the East Effect, the two maids tired and sweaty sitting in a pavilion to rest, look outside, this way, if there is no Miss before to the hand-drawn map, two people can not find this place.

There is a manor right in front of us, and by the looks of it, it is the one of the big families, so it should be this one.

The two men didn't go in, so they were outside, pointing and whispering about something, how they looked sneaky, and they didn't look like they were doing anything good.

There is a carriage stopped in front of the pavilion, from inside came out an old man look like a man, behind the back of a medicine box, looked at their two maids, did not care, carrying the medicine box into the pavilion, in front of the stone bench to sit down, lifted his eyes and looked at the two people who stopped.

"You're not from around here, are you? Which family's maid?" The old man said slowly, "This place does not allow prying eyes, where you came from or go back to where you came from, don't get into trouble."

"I ... we are passing by, whose place is this, why is it not allowed to pry?" Raindon stammered, looking a little sheepish.

"Can't say ... can't say ah!" The old man shook his hand, and suspiciously looked the two of them up and down a few times, "You really can't be sent by His Highness, can you?"
