

## REBORN TO BE A NOBLE WIFE

### Chapter 651 - 651 Wake Up and Cry

#### Chapter 651 Wake Up and Cry

Sister Miao was from the northern border and had come to the capital before to find someone to join her.

In fact, it's not really a family member, just looking for the original village old folks, the village because of a disaster, almost no one escaped again.

This part of the past, what Qu Mo Ying knew was not clear, this was Sister Miao's hidden pain, since Sister Miao was not willing to talk about it in detail, she would not force her.

In the next period of time, the Duke of Qi's residence sent people over from time to time to deal with some small problems in the details, fearing that there would be the slightest mistake.

Attitude prudent so that Mrs. Qu feel that the Duke of Qi is not too much attention, originally just change one of the three, is not the most important set of clothes at the time of the big make-up.

Qi Gongfu so practice let her a lot of pressure, as if Qi Gongfu do more than she this pro-grandmother, but also on the heart, is to show her this pro-grandmother for their granddaughter is not so good.

For the Duke of Qi to send people over from time to time, Qu Mo Ying did not care for long, frankly accept it, and so on other days there is an opportunity for her to return the past on the line, but that's all.

The matter of Qu Xuexin had already spread to the East Mansion, and it was the East Palace that sent a chamberlain over to speak directly to Luo.

Said Qu Xuexin has now officially into the East Palace, but just a nameless concubine, and said Qu Xuexin before the manor escaped out, causing the Ji side of the consort who is recuperating from the anxiety to send people to find, make a lot of trouble, and finally found, broken legs, now in the Crown Prince's residence to recuperate.

The chamberlain left after saying that, just handing over the place to go, after all, it was also the royal historian's daughter.

Previously framed cousin even tired of the quarter side of the consort of the thing has not yet passed, and have their own casting, and then in the manor followed the sick quarter side with still not stop, since then fall broken leg is also corrected by self-initiated.

Now not even a name in the East Palace, no one can say anything.

Qu Mo Ying saw his own eldest uncle in the West Mansion with a very ugly face coming to find his cheap father, and retreated to the side to make a bow.

"Shadow girl ... " Qu Zhilin stood still and looked at his niece, his face was a little guilty, then sighed heavily, his complexion gentle down, "and maturity things, what is not clear, go ask your great aunt. "

"Yes!" Qu Mo Ying softly said.

"Before because of the core thing, she ... did not do well, now very guilty, originally wanted to come over to tell you." Qu Zhilin let out another long sigh.

He is not Luo, see more clearly, what to say about escaping alone, in that situation, Qu Mansion and no one to help her, how did his own daughter escape?

And then associated with the previous daughter sent a letter of distress, if such a thing Luo's involvement, their own involvement, may not just daughter a person's matter, will also involve the whole family.

Listening to his son talk about what his niece said that day, Qu Zhilin felt that although this niece was young, she was a person of understanding, not only understanding but also intelligent.

Such a person married into the royal family, or only a little better.

"Great uncle, things have passed." Sensing the sincerity in Qu Zhilin's words, Qu Mo Ying frankly said.

It's not that she doesn't hold a grudge, it's just that it's all in the past, and Qu Xuexin's fall to this point is entirely her own doing, so it's impossible for her to feel sorry for her.

Now it's just a broken leg, which is actually the best possible outcome.

To this understanding niece, Qu Zhilin even if still want to say something, a time can not say, only to repeat, "You now go over, these days your great aunt is not in a good mood, by helping to prepare and maturity of the matter, can also let her ease the heart, rest assured, she does not hold a grudge against you."

"Yes!" Qu Mo Ying softly answered.

Only then did Qu Zhilin turn around and go to his second brother to discuss things, the Ministry of Industry was very busy, and the imperial historian didn't have much to do with these things, but these were all on the surface, and the first thing that Qu Zhilin felt when he got the news was that this matter actually had something to do with all of their brothers.

Watching Qu Zhilin rush away, Qu Mo Ying stood up straight.

"Miss?" Yu Dong said when he saw her silence.

“Let’s go, go see great auntie!” Qu Mo Ying said, she originally just went to the courtyard to take a look around, she didn’t expect to meet Qu Zhi Lin, since she said so, she couldn’t help but go over.

West House these days in the preparation of her and maturity ceremony things, Luo’s this period of time has not appeared, Mrs. did not let her go to invite, Qu Mo Ying does not know Luo’s specific situation, but also try not to inquire, so as not to cause suspicion on the side of the East House.

It was only after the dowager lady’s hard-to-resolve sorrowful frown that she felt afraid that it would not be too good there in the East House.

When she saw Luo again, Qu Mo Ying almost couldn’t believe the Luo of the disheveled woman in front of her, only a few years gone, Luo had aged at least ten years.

Lying on the bed described as powerless, a maid was feeding Luo’s medicine, seeing Qu Mo Ying come in, Luo waved her hand and the maid stepped back.

“Shadow girl come sit here!” Luo said in a low voice, her demeanor was not as upside down as before, and she looked normal.

Qu Mo Ying stepped forward and saluted.

“Sit down first!” Lo said feebly, her brow tangled.

Quemoy Ying sat down in the chair in front of the bed.

Luo’s carefully surveyed her appearance, before the eyes of the Qu Mo Ying is no longer with the eye veil bundle to go half of the face, although the face is still a little pale, looking at some thin, but let a person look at the heart of pity, the corner of the eyes of the faint red, should have brought a few points of vulgarity, but because of this pale thin to mitigate a lot of it, it looks more chu-chu-pitiable.

No matter how you look at it, the Qu Mo Ying in front of you has a beautiful face, such a face, Luo felt that she seemed to have seen it from afar and was somewhat familiar with it.

It turns out that the best growth in this house is not the second house of the three maids, is the second house of this early no mother, was thrown in the manor of the four maids.

The talk of no talent and no looks is more like a joke now.

Such a look is more powerful than any explanation in words.

“How are you, Great Aunt? How is your body?” Qu Mo Ying asked gently.

“Nothing big, just a time ... can not accept ...” Luo’s head lowered, smiled bitterly, “as if with a dream, how to could not imagine that the daughter they gave birth to ... would suddenly become such an appearance, no longer the child that was once held in the arms of the soft and soft.”

Lo’s gaze fell to the unknown gap in front of her, as if she were looking at something, but then she didn’t seem to be looking at anything, and her expression waned.

This was not a good thing for Qu Mo Ying to pick up, so he could only listen quietly.

“Thought this child ... even if selfish some, but always some bottom line, but did not expect ... she will be wrong again and again ... wrong.” Luo’s voice is trembling, eyes red.

“These days, I’ve been thinking ... why she’s become like this, why I’m still paranoid that she’s right, only wanting ... only to think about letting you guys save her, and for her even feeling like I can sacrifice everything ... only hope that she can be good ... but ... but I’m afraid she still hates me!”

Lo added, her voice low, and with it tears fell.

Qu Mo Ying took the pad on the table and handed it over.

Luo took in the corner of the eye swabbed twice, forced to pull out a trace of a smile, looked at Qu Mo Ying, “Am I not talking about annoying some, are some small things that do not count for anything ...”

“Great aunt, it’s not something small ... these things ... may have changed when we didn’t pay attention.” Qu Mo Ying comforted her.

“How did she ... become like this, the dowager lady put her in jail for a few days, but also in order to grind her temperament, so that she can be peaceful in the future, those unrealistic delusions, or don’t, her status position, her looks, how can she give birth to this delusion of the? ”

Lo cried again.

Qu Xuexin’s looks were the least outstanding among the four young ladies of the Qu Mansion, and how could such looks compete for favor with the other women of the Crown Prince’s Mansion.

Luo doesn’t understand what she said in the past, how her daughter didn’t listen to it, she is such a look, when a dignified and decent wife is, to marry an ordinary son of the family, with the Qu family, she doesn’t need to fight with the concubines, as long as she sits properly in the position of the mother of the Lord on the line.

But how did she ... have the heart to enter the East Palace, how did she think that the crown prince would favor her, and how did she think that she could compete with so many concubines with delicate looks.

Whether it is the former Crown Princess Ji Hanyue, or the current Crown Princess Liu Jingyu, not only do they have a family lineage, but above their looks they can be 800 miles away from Qu Xuexin.

How did she give birth to such a vain heart, and actually acted on it, even disregarding everything and righteously trying to enter the Crown Prince's residence.

Lo couldn't get her head around it.

In these few days, under the repeated persuasion and reminder of her husband and son, Luo also realized that she was just as bewitched before, and would actually protect Qu Xuexin again and again, and couldn't even see her harming people again and again.

Almost a little bit, so that the whole Qu Mansion will be ruined, she is not only a daughter of, she also has a son, and her husband and son-in-law, how could she for a born false heart, become crazy and vicious daughter, a road to the black.

People often know nothing when they are paranoid, and when they come to their senses, they realize how wrong they were before, and fortunately, the big mistake was not made.

"Shadow girl, I'm sorry for you ... before also single-minded ... because your big sister ... she... ...she ... "Luo's choked up and couldn't go on, this eldest daughter, was once her favorite, but now it has become like this, it's already completely different.

Her husband and son say that when she dies, she can't care, and she can't care anymore, and it doesn't really matter if she breaks her leg or not, or even if she breaks her leg, it's already a good choice.

Maybe if the other concubines of the Crown Prince's residence saw her in such a state, they wouldn't fight with her, and at least she would still have a place in the Eastern Palace, instead of ending up without even a life left.

“Great Aunt, big sister is ... now at least alive.” Qu Mo Ying glanced at Luo’s face and saw the total remorse on her face, falling along with her tears, before she responded in a low voice.

It’s good to be alive and have a broken leg!

Bite your lip and suppress the moment of vicious heartache in your heart, if the broken arm is also alive, how good it would be if ... if ... if ... if ...

Knowing that this is an extravagant idea, but this idea suddenly appeared in the heart because of Luo’s words, heaven has the virtue of good life, he has the opportunity to be reborn, why ... why such a gentle and lovely sister does not have it ...

Volume II The Truth Is Coming – Chapter 1 Blocking the Road, Lord Yu’s Departure from the Capital

The carriage slowly moved forward, Qu Mo Ying sat in the carriage, there has been a period of time did not go to the auxiliary to visit, this time to take advantage of the matter of clothes to go by the way to go to the Yueyi Pavilion to take a look.

Qi Gongfu today and sent people over, said some details of the matter, the dowager lady thought to also pay attention to some details, never let people from the top of the clothes than the Qi Gongfu.

The more clothes cabinet is doing this kind of business, Qu Mo Ying got the meaning of the dowager lady to the more clothes cabinet to pick some of their

own, but also with the shopkeeper Yang aunt to discuss how to better, this aspect of Yang aunt can be regarded as a competent hand, the most will help people accessorize the clothes, some small details, it is possible to affect the overall feeling.

“Why is it still stuck in traffic?” The carriage had been stuck in the traffic jam for some time, Qu Mo Ying gently lifted the curtain and looked outside.

“The slave girl went down to take a look.” Yu Dong said.

Qu Mo Ying nodded, this section of the road has never been blocked before, I didn't expect that this time it would be so blocked, and once blocked for so long, her carriage was far away and didn't know what was going on in front of her, she only heard that it seemed that there were officials going out of the capital.

What officials come out of the capital in such a big way.

“Come back after inquiring a little.” Qu Mo Ying said.

Yu Dong nodded, eloquent down from the carriage, rowed toward the front, she is not really a maiden, demeanor above put very open, crowded place directly to the front of the crowd, do not care about other people bumped into their own, the mouth of course, also very polite, “Let a give way, let a give way!”

Others see him a good-looking little maid, although annoying squeeze over, but also can not be too much, can only to the side and squeezed, but let him also really squeezed to the front.

The street was stopped on both sides of the street, with soldiers on their way out of the city, and all the people on both sides of the street were stopped.

The rows of soldiers move forward, look back, there's still some distance to go... is this going to move?

Surprised, Yu Dong probed around and didn't see anything, and with a hint of a smile on his face, he politely said to an old man standing beside him, "Old man, is this a war?"

"No, where is the war, the Yu Guo Gong is leaving the capital." The old man smiled and said.

"Yu Guo Gong?" Yu Dong thought for a moment, "That's the Yu Guo Gong who had been idle before?"

"Yes, it's that Duke Yu." The old man nodded, "Duke Yu is a fierce general who has led soldiers before, it's best if he goes over now."

"Where to?" Raindon looked ahead and didn't see the end.

"The northern border side it, I heard that side is now in chaos." The old man shook his head and looked around, seeing that no one noticed them before he whispered again, "I heard that what the big prince over there is beating the second prince, the second prince is beating the big prince, and what the plot to seize the position of power and whatnot, it's in chaos, and then the chaos is going to hit our side."

"That messed up?" Raindon's eyes widened in shock.

"Of course ... otherwise why would they send Yu Guo Gong over, it is not because Yu Guo Gong is too heroic and has this ability, there are not many generals like this in the dynasty." The old man shook his head, rather sighing that time is easy to grow old, "Back then, the Duke of Yu was a white-robed young general, and now he's old."

As he spoke, a young man in white armor came from the back, riding on a white horse, white helmet and white armor, even though he was still young, he still made people feel heroic.

“Look, look ... This is what the British Duke looked like back then.” The old man excitedly reached out and pointed to the white horse boy in front of him.

“This is ... Yu Guo Gong’s son?” Yu Dong thought for a moment and asked, he remembered that the Duke of Yu should have a son, early on, he reprimanded the son of the world.

“It’s Duke Yu’s son, the Duke Yu back then was like this.” The old man was honored with the honor and said happily, “I heard that Duke Yu’s son also practiced marching early, this time he will definitely have the opportunity to go to the Northern Border and show off his might.”

The white-clothed boy passed by Yu Dong, bringing up a gust of wind.

Yu Dong’s gaze swept over the face of this Yu Guo Gong Shi Zi, inexplicably feeling some sense of familiarity, could it be that he had once seen Yu Guo Gong from afar before?

Raindon didn’t care and turned to squeeze out of the crowd.

“Miss, it’s the Yu Guo Gong who went to the Northern Border to inspect, I heard that the Northern Border is not stable, and brought a few more people, this will not be finished yet.”

Raindon reported.

“Are there so many people traveling together?” Qu Mo Ying asked casually as he remembered some of the things his father had talked about in his last life about the marching of soldiers.

“Actually not much, but walking very neatly , but also very slow, to this road are blocked, slave girl estimated that there may still be a period of time to go.” Yu Dong remembered the soldiers who had not yet reached the end of the road from afar, “Does Miss want to get off the carriage first and take a rest?”

“Also good!” Qu Mo Ying nodded her head, if it was really still far away, it wasn’t a good idea to stay in the carriage all the time, and she originally wasn’t in a hurry to go to the Yue Clothes Pavilion.

“Miss, there is a bookstore over there, can we go there?” Yu Dong just got off the carriage when, has checked, those places Miss may not like, not as good as that a book store, look more in line with Miss’s mind.

“Just go to the bookstore.” Qu Mo Ying nodded, sitting so dry was indeed boring.

Yu Dong re-emerged from the carriage and helped Qu Mo Ying to come down as well, without an eye veil, only wearing a drapery hat and a light veil to hide her face.

Although the carriage here blocked a few, people are not particularly much, all crowded to the front to see the fun, Qu Mo Ying followed Yu Dong’s back, not long after walking forward, to see the bookstore, the store is not small, the door is also someone standing, this one is a little higher, some people are standing in front of the store to see the fun.

Luckily, it’s fairly quiet inside.

The bookstore is divided into upper and lower floors, Qu Mo Ying turned around in the lower floor, did not find anything special to care about, and brought Yu Dong up to the second floor.

The wooden stairs clacked and stomped as they were stepped on.

The stairs are not directly up, in the middle of the half also turned a corner, Yu Dong in front, Qu Mo Ying in the hand, only to the turn, suddenly the top rushed down a few people, so straight down.

Yu Dong subconsciously tried to push the person away, the dress was pulled by Qu Mo Ying, and the two of them took a few raw steps backwards, if not for

Qu Mo Ying's quick reaction and retreating so fast, they would inevitably roll down raw.

Above the people can also stand, is three young men, when the first one looks outstanding, not far from the stairs there is a small boy chased down.

"My lord, be careful."

"This young lady, didn't bump into you, right?" The young man looked at the master and servant duo who could stand downstairs, and politely arched his hand, "I have urgent matters, and walked in a hurry, if the young lady has any discomforts, please speak clearly, there is a medical center not far in front of her, so she can go there to take a look."

"Unhindered!" Qu Mo Ying silently sized up these people twice and shook his head.

Yu Dong was originally exasperated and wanted to speak, but when she saw Qu Mo Ying shaking her head, she could only close her eyes in annoyance and glared angrily at these few people.

"Is it really alright? Just now I seem to have seen Miss's leg twisted, is it hurt?" The young man once again politely said.

"There's no harm in it, Your Excellency, be my guest!" Qu Mo Ying said sparsely and coldly, making a sideways bow to the young man.

It was still Yu Dong who took the lead, and Qu Mo Ying followed and marched upstairs.

When he passed by the young man, the young man also had the courtesy to avoid the side and smiled at Qu Mo Ying, his outstanding looking face showing a few points of guilt, looking at it was very pleasing to the eye.

Seeing Qu Mo Ying go up, the young man suddenly spoke up, "If this young lady has anything to do, just come and find me, my name is Liu, I'm now living at the stagecoach station, you'll know once you go and ask around!"

Qu Mo Ying didn't reply, and only gave a sideways salute, following Yu Dong's lead as he continued to walk forward.

It looked like this man was still an official, otherwise he couldn't have lived at the stagecoach station.

This matter originally has nothing to do with her, but just now when the other side rushed down, the momentum looked like how to avoid can not avoid, there is such an urgent matter, this will look at how it is not urgent?

Willow eyebrows slightly frowned, because the other party rushed too fast, it was impossible to avoid, Qu Mo Ying's subconscious reaction was to pull Yu Dong, for fear that he would overreact.

If it was a maiden who didn't know martial arts, even if she went up to block it, she wouldn't be able to, but if it was a maiden who knew martial arts, she would inevitably rush up.

She inexplicably is to feel that these people are very unusual, which has subconsciously pulled Yu Dong back initiative, those steps really hurt her, foot slightly twisted, fortunately here up the stairs only a few steps, she has been steady to nothing, to be walked behind the people can not be seen, and only then held Yu Dong's hand, signaling him to stop.

Maybe she was overthinking it, but that's what the party was thinking.

"Miss, are you hurt?" At a glance at her situation, Yu Dong immediately understood and anxiously squatted down to look at Qu Mo Ying's feet.

“It’s not a big deal, just sit down for a little while.” Qu Mo Ying looked around and saw that in front of the innermost bookcase, there seemed to be a place to sit, and reached out and pointed in.

Yu Dong stood up and carefully helped her over, feeling guilty, just now if he reacted faster, he could certainly block the rush of those people.

To be so rampant even in a bookstore, those people have no class, and they don’t look at what kind of place this is and whether they’ll bump into someone.

Things have been put here, Yu Dong again annoyed no way, Qu Mo Ying help to the inside, and really see that there are actually a few reading and copying position.

No one will be around, so it’s a good place to take a break.

Qu Mo Ying picked an inside seat and sat down, this one had a large long table with chairs placed on both sides of the table, and for the sake of quietness, there was a layer of curtains outside that could be pulled up.

Yu Dong had already pulled this one up, immediately like isolating a private room.

Originally it was already the innermost part of the second floor, pulling it up made it even quieter, and with the windows still on one side, it didn’t feel gloomy, making it a perfect place to rest.

Looking up, you could clearly see people squeezing people and cars squeezing cars below, and some people were squeezing back and forth, drawing people above them to look over.

Look at the location very clearly.

“Is it Fourth Miss Qu?” A voice suddenly came from outside the curtain, and Yu Dong looked at Qu Mo Ying in surprise, but saw her nod.

Go up and open the drapery and look out ...

Willow eyebrows slightly frowned, because the other party rushed too fast, it was impossible to avoid, Qu Mo Ying's subconscious reaction was to pull Yu Dong, for fear that he would overreact.

If it was a maiden who didn't know martial arts, even if she went up to block it, she wouldn't be able to, but if it was a maiden who knew martial arts, she would inevitably rush up.

She inexplicably is to feel that these people are very unusual, which has subconsciously pulled Yu Dong back initiative, those steps really hurt her, foot slightly twisted, fortunately here up the stairs only a few steps, she has been steady to nothing, to be walked behind the people can not be seen, and only then held Yu Dong's hand, signaling him to stop.

Maybe she was overthinking it, but that's what the party was thinking.

"Miss, are you hurt?" At a glance at her situation, Yu Dong immediately understood and anxiously squatted down to look at Qu Mo Ying's feet.

"It's not a big deal, just sit down for a little while." Qu Mo Ying looked around and saw that in front of the innermost bookcase, there seemed to be a place to sit, and reached out and pointed in.

Yu Dong stood up and carefully helped her over, feeling guilty, just now if he reacted faster, he could certainly block the rush of those people.

To be so rampant even in a bookstore, those people have no class, and they don't look at what kind of place this is and whether they'll bump into someone.

Things have been put here, Yu Dong again annoyed no way, Qu Mo Ying help to the inside, and really see that there are actually a few reading and copying position.

No one will be around, so it's a good place to take a break.

Qu Mo Ying picked an inside seat and sat down, this one had a large long table with chairs placed on both sides of the table, and for the sake of quietness, there was a layer of curtains outside that could be pulled up.

Yu Dong had already pulled this one up, immediately like isolating a private room.

Originally it was already the innermost part of the second floor, pulling it up made it even quieter, and with the windows still on one side, it didn't feel gloomy, making it a perfect place to rest.

Looking up, you could clearly see people squeezing people and cars squeezing cars below, and some people were squeezing back and forth, drawing people above them to look over.

Look at the location very clearly.

“Is it Fourth Miss Qu?” A voice suddenly came from outside the curtain, and Yu Dong looked at Qu Mo Ying in surprise, but saw her nod.

Go up and open the drapery and look out ...

#### Chapter 653 - 2 Ms. Liu, Full of Kindness

#### Chapter 2 Ms. Liu, Full of Kindness

“Is it Fourth Miss Qu?” Outside was a maid, looking a little familiar, Yu Dong thought a little and immediately recognized it.

“It's our young lady.” With a slight smile, she stepped forward and replied, giving a bow to the woman standing behind her, Miss Liu Lanxin, the daughter

of the Auxiliary General, still wearing the appearance of a thin veil over her eyes.

“Our lady is from the Auxiliary General’s residence, and we have met your lady before.” The maiden laughed.

“Slave girl will go report to our young lady.” Yu Dong turned around and went in, and when she came out again she invited Miss Liu in.

“Miss Liu!” Qu Mo Ying stood up and saluted.

Liu Lanxin also smiled and gave a salute, and the two of them politely took their seats.

“Fang looked like Fourth Miss Qu, so I came over to meet her.” Liu Lanxin smiles, “Since the last time I saw Fourth Miss Qu, I didn’t expect to see her after such a long time.”

The last time the two met was in the palace, and it wasn’t really pleasant, and with all that had happened, no one was happy.

Qu Mo Ying smiled faintly and nodded.

“That time, fortunately Fourth Miss Qu is fine, otherwise I really died of guilt.” Liu Lanxin said mildly, her gaze fell on top of the drapery cap that Qu Mo Ying was wearing on her head, “I heard that Fourth Miss Qu’s eyes are better, can you let me take a look, I don’t dare to remove this eye veil for a while, I’m afraid that it’s not as good as it should be.”

Qu Mo Ying nodded and removed the drapery.

Looked at the curtain hat below the color of the young girl, Liu Lanxin face smile slightly stiffened for a moment, the absolute beauty of the young girl just a slight lift of the eyes, it has been letting a person’s heart moved, the hand clenched his fist, for the color of the face of her has always been proud of, no

matter whether it is in the Border City or in the capital city, Liu Lanxin feel that their own color is considered to be the most outstanding.

Jingyu County Jun even though also long very good, but less of their own that Yingqi, which is the capital of the world's young lady are not, or that the capital of the world's young lady are not, the kind of warm and soft fragrance in the lady, which has their own this kind of Yingqi, and she is not just Yingqi, if it is gentle, but also tenderness is also soft.

In the past, the capital's family miss, she thought that Ji Hanyue is the opponent, after all, is also the general's family origin, behavior between the own a decisive, the rest are just so, even if the appearance of the top of the slightly better than their own, the other aspects are also far from being enough.

But this Fourth Miss Qu in front of her, and herself seemed to be relatively in the other direction.

Soft and thin, and even some vulgar to see the winks, but when the long eyelashes raised, that wipe of sparse cold indifference washed away the looks that made people feel soft and winks.

Both will still make people feel pathetic, but Liu Lanxin does not feel that the young girl in front of her is really weak and slender, the eyes at the deep ghostly heart palpitating.

This is not a mere maiden of the deep without a trace of past.

It is because of the previous experience in the manor, not all that Qu Mo Ying since childhood in the manor to grow up, has not been allowed to Qu Fu's favorite, Yu's there and harsh treatment of her, but also not much good upbringing, even if the JiHanYue pity her, sent someone to teach her a little bit, but it is only an ordinary world family miss.

Why did it make her feel that this Fourth Miss Qu in front of her was not simple?

It even made her feel that the young girl whose looks were so overwhelmingly beautiful that she was like this, even carried a compelling aura of fury.

Exhaling hard, when he looked at Qu Mo Ying again, he felt that he had misread the party, although the Fourth Miss Qu in front of him was not simple, but she did not have a fury, was he misreading?

“Is there really nothing wrong with Fourth Miss Qu’s ... eyes? Is it also fine to look at the bright light outside?” Fixing her mind, Liu Lanxin asked with a smile, as if she didn’t care about the impact that Qu Mo Ying’s looks had on her, also indicating that she didn’t care about a person’s looks, but only focused on a in’s heart.

“There’s already nothing going on, the strong light ... as long as you don’t keep staring there’s nothing going on.” Qu Mo Ying said with a faint look, she didn’t feel that after what happened in the palace, the two people still had something to say.

“My eyes ... are injured, may be a little different from the situation of the fourth Miss Qu, I don’t know if it’s considered good all right now.” Liu Lanxin reached out and removed her eye veil.

A pair of colorful eyes under the eye veil made her face, which already had a delicate appearance, a little more vivid and a little more heroic.

Very impactful looks, not just the looks but those eyes.

Compared to Liu Jingyu more outstanding a few points, the corner of the lips slightly hooked, not surprised, “Miss Liu’s eyes, should also be almost right!”

“Didn’t find the right person to make sure, when I went to the capital before, it was also said that it was almost done, I heard that the fourth miss Qu has an

eye disease, and I originally wanted to ask the fourth miss Qu's, can let the fourth miss Qu take off the eye veil, who is this doctor? I also want to go and take a look, if I can, this will not have to beam on again."

Liu Lanxin laughed bitterly.

"It's a doctor from the Ying Wang House." Qu Mo Ying said frankly.

"From the Young King's Mansion? That's great, I'll go and beg to see His Royal Highness the King of England in a moment, and ask him to have a doctor take a look at me to confirm my condition." Liu Lanxin said happily, "I haven't congratulated the fourth young miss and the King of England on their bestowal of marriage, when I send a congratulatory gift over in a few days, I hope that the fourth young miss Qu will accept it."

The two houses had no previous friendship, and Liu Lanxin wouldn't risk sending a gift over.

"There's no need for Ms. Liu to be polite." Qu Mo Ying blinked and laughed.

"Although our house has little friendship with the Qu Mansion, but father and His Majesty the King of England have a different affection, before the King of England's border time, has always been accompanied by my father, a lot of the time in our house dining, if I do not send such a gift, father and the King of England there are unable to say."

Liu Lanxin explained with a smile.

"Then thank you Ms. Liu." Qu Mo Ying smiled and didn't push back, the words were said to such an extent, it could be heard that the King of England was different for the Liu family, and then pushing back would be meaningless.

"Then it's a deal." Liu Lanxin stood up and smiled as she excused herself, "I heard Fourth Miss Qu say that there is a very good doctor in the Ying Wang Mansion, so I will go to the Ying Wang Mansion right now and beg to see the

King of England, I wonder if the King of England will give me such a face and allow the doctor to treat my eyes as well, which will also allow me to see the light of day again.”

This was said in a rather delicate manner, and her face was even lightly flushed, with a bit of the shyness of a young girl.

The maid came and rearranged her veil.

Qu Mo Ying stood up to see the person off and watched her leave before the smile on his face slowly receded.

“Miss, what does Miss Liu mean, what do you mean by going to see the king and also treat her eye disease?” Yu Dong stood behind Qu Mo Ying and said with dissatisfaction, “It wasn’t a big deal in the first place, to keep bunching up the eye disease, making it seem as if our king has negatively affected her.”

Qu Mo Ying re-sit, see downstairs Liu Lanxin out of the figure, her carriage parked in the side of the alley, looked like it was not like being blocked had to come up, it should be deliberately over.

It was also a distance from the Auxiliary General’s residence, which was quite a coincidence.

“Miss, Miss Liu must have said that on purpose, the king must have nothing with her, if the king was interested, why would he wait until now.” Seeing Qu Mo Ying’s stoic silence, Yu Dong thought that Qu Mo Ying cared about Liu Lan Xin’s words and hurriedly explained for her master.

He is not clear about this Miss Liu’s matter, but he also did not hear Eunuch Ji Hai talk about it, if this Miss Liu really has something with his own prince, Eunuch Ji Hai is bound to disclose some of it early on.

“Those few people ... in the square were like people in the army.” Qu Mo Ying’s willow brows knitted as she suddenly said a reply.

“What?” Yu Dong froze for a moment, not understanding the meaning of Qu Mo Ying’s words for a moment.

“The ones ... who came downstairs just now should be the generals in the army.” Qu Mo Ying once again affirmed, before some doubtful place, immediately clear up, “should come to find Miss Liu, may also sit here to talk for a while.”

“Miss ... you are saying that Miss Liu is to see us come up before leaving?” After all, Yu Dong is not a general maid, Qu Mo Ying a few words immediately let her realize what, the causes and consequences of such a connection, backed up a mouthful of cold air, sitting in this place is not to see very clearly?

Fangcai himself all the way to squeeze forward when, but it took a lot of force, this will then look down, the girls are basically on the side, not very forward to squeeze, but they forget that they are now a girl, make similar moves with the boys, the boys squeeze when it is no need to take into account.

Seeing himself, and knowing himself, he naturally noticed his carriage, and the next sister in it.

“Those guys hit us on purpose, why?” Raindon, still a little confused, added.

“Should be want to explore your hands!” Qu Mo Ying said slowly and lowly, that kind of impulse, anyone will make the inevitable reaction, if there is a stature, this time also can not be suppressed.

Luckily, she felt abnormal at that time, and deliberately reached out to pull Yu Dong, who looked after herself and was in front of her, but didn’t collide with the person with force.

“What do they want to do by purposely probing the slave girl’s body? Is it possible that they want to deal with Miss?” Yu Dong was thinking of one more layer, his face changed greatly, his existence was to guard the safety of his own young lady.

“Or maybe just probing, or suspecting something.” Qu Mo Ying was silent for a moment and laughed, a question she couldn’t really answer for a moment.

On the surface it seems that this Miss Liu has implied goodwill towards herself, and vaguely has the meaning of friendship, but when this is listened to in detail, it is all about how close the relationship between her and Pei Yuanjun is, almost like a childhood sweetheart, right?

The intention was clearly implying that she was able to marry into the King of England’s House, but it was just a bestowal of marriage, and that it was really Pei Yuanjun who had gotten on her nerves!

“Miss, the king really has nothing to do with her, she was just talking nonsense?” Yu Dong felt that her own young lady still cared about this matter, and hurriedly explained again.

The king’s heart for the young lady, he this close but has always been in the eyes of the eyes, since the king of what nature, how ever to a woman to false color, and how will a woman to do this step, in addition to their own young lady who else?

Otherwise, for so many years, it would be impossible for the King to remain single and not even have a concubine by his side.

“Let’s go, go back first!” Qu Mo Ying looked down below, the carriage that was already moving slightly, should be that the front had been released.

Only took a step, suddenly stopped again, so lively, she actually saw another acquaintance ...

**Chapter 654 - 3 The Master and Servant Who Deliberately Picked a Fault**

### Chapter 3 The Master and Servant Who Deliberately Picked a Fault

That rather strange Mr. Zhao was actually amongst the crowd, standing with his hands behind his back under a store on one side, watching the slowly moving carriages on the street.

Looking at his upright posture, it is hard to believe that he actually also came to see the fun, should be coincidentally encountered, and he has been blocked up like himself.

“Mr. Zhao?” Yu Dong saw her stop moving and her gaze looked over.

Qu Mo Ying nodded and turned to leave after a couple more looks.

Down the stairs, got into the carriage, followed the traffic slowly forward, the curtain of the window of the car outside a layer had been picked up before, the inner layer is made of yarn, from the inside can see the outside, but the outside can not see clearly inside.

It wasn't annoying to pass by while looking at the passersby on both sides of the road.

See that Zhao Gongzi again, a flash, in fact, did not see clearly, this Zhao Gongzi seems to be talking to a person, not a small boy, looking at the figure is quite tall, this tall figure should be a strong man, so tall and strong people, in the capital is not rare, fortunately, this Zhao Gongzi look also higher than the average person, but does not appear to be abrupt.

Qu Mo Ying thought casually as the carriage continued on, finally turning a corner at the next intersection, immediately clearing up.

When she arrived in front of Yue Yi Pavilion, Aunt Yang had already gotten the news and immediately welcomed her.

Seeing that there were quite a few people in the store, Qu Mo Ying shook his hand, signaling Aunt Yang that there was no need to alarm others.

Aunt Yang understood and only gave a slight salute and did not say much, guiding Qu Mo Ying to a private room on the second floor.

Only after entering the private room did Aunt Yang re-greet Qu Mo Ying.

“Aunt Yang picks some small and pretty ornaments to come over, Miss wants to wear them with her maturity dress.” Yu Dong smiled and said, once she said this Aunt Yang understood.

“Miss, just by coincidence, just came a batch of goods from the Jiangnan side, all are very good boutique, subordinates have not yet divided the system properly, did not start to formally sell out, do you want to pick first?”

“Yes!”

Quemoy Ying nodded.

Aunt Yang went to order the fellows to pick the best of the new batch of goods that just came in and sent them over.

A set of purse, scented pouch, fan pendant and some small ornaments are all complete.

It took three fellows to carry the whole portion in and place it on top of the table in the booth, full to the brim.

“Miss, take a look at these, are there any suitable ones? Do you need my subordinate to help you pick some more? Subordinate didn’t think there would be too many for you to look at all at once.” Seeing such a large pile, Aunt Yang smiled.

She had had it carefully selected before though, picking out the best of the best inside, not realizing there was so much more.

There were so many, Qu Mo Ying still really felt unable to pick them out and was dazzled by them.

“Trouble Aunt Yang.” It would be best if Aunt Yang could help herself pick off another portion.

Aunt Yang smiled and answered, and asked about the colors and styles of the clothes to be matched, clearing out many of the relatively less suitable matching ones.

Have the two fellows carry off the extras.

So much less at once, so much better to pick, Qu Mo Ying stood up and went to the table, picking carefully.

One of the fellows was suddenly at the door, giving a wink to Auntie Yang inside.

Aunt Yang looked at Qu Mo Ying, who was carefully selecting, and then at Yu Dong, who was standing to the side.

Yu Dong sensed that Aunt Yang was looking at him and raised his eyes to see her pointing out the door and nodding wordlessly.

Aunt Yang went out for a while and came back, re-stood behind Qu Mo Ying, and from time to time, she even helped Qu Mo Ying with ideas to pick the right one.

When the selected things were left behind and the other objects, Aunt Yang got the fellows to come over and carry the things away.

The fellow had only gotten a short distance to the door when he was stopped.

“I thought these things weren’t organized yet? Why is it that others can pick, but we can’t?” A maiden daintily stopped in front of him.

“This ... this is different.” The fellow helplessly explained that Aunt Yang had said not to publicize the matter of the proprietor coming over.

“Where is the difference? Both are paying money for things, they can sell and so can our lady, is it hard to be afraid that our lady won’t pay?” The maiden said angrily, her chin raised high.

“These haven’t been picked out yet, wouldn’t it be good for your master to come back in a couple of days when they’ve been picked out and officially put on the shelves?” The fellow said with difficulty.

“No good, if they can pick, so can our lady, do you know who our lady is?” The maiden crossed her arms and just wasn’t going to let the fellows pass.

“Aunt Yang go outside and take a look?” Right at the door, the sound made so much noise, how could the people in the private room not hear it, looking at Aunt Yang’s anxious face, Qu Mo Ying raised her eyes and spoke.

“Fang just said that someone wants to buy these things, said to see fellows hold over, stop the people, subordinate let people go to explain over, I did not expect to still disturb the young lady.” Aunt Yang said.

“I’m fine, go take a look, don’t make a mess for everyone.” Qu Mo Ying said gently.

Aunt Yang bowed to Qu Mo Ying and hurriedly went out to solve this inexplicable matter.

When goods arrive at the store, they often have to be picked over and valued before they are put on new ones, and this batch has only just arrived and has not yet been officially put on new.

“This sister, this really can not, has not been priced?” Outside of the fellow don’t stop, anxious sweating, this side of the uproar, many people looked over.

“Calling sister doesn’t even work, since there’s no pricing, why can she sell it and our miss can’t?” The maiden still won’t allow it, reaching out and pointing

to the private room behind the fellow, "I see you guys carrying in and out, letting people pick, but not letting our young lady buy, what kind of reasoning is that, is it possible that all the things in your store are sold after others have picked them out."

The maiden's words would speak, pointing to the booth behind the fellow without relenting.

Many people's gazes were looking toward the entrance of the private room, and some were already vaguely guessing who was in this private room.

"This girl, this is our proprietor checking the goods, if there is something that has caused you to misunderstand, please forgive me." Aunt Yang came out from inside and explained to the maid with a smile.

"Your proprietors? It's clearly a pair of masters and servants who are women." The maid looked skeptically at Aunt Yang and said.

"Our proprietor is the woman, and this will still be looking at the goods." Aunt Yang said.

"I don't believe it, I'll go take a look." The maiden arrogantly said, two steps forward a push away from Aunt Yang, is going to rush towards the private room, while saying, "Don't just say that, but just see that we are easy to bully and fool us, today we must see who is in the private room."

Aunt Yang didn't watch out for this maid to really crash over, and took two steps backward, barely missing the hidden door of the private room behind her.

Yu Dong in the room came out, hand a push, a rushing over the girl ring pushed backward two steps, "You are which house of the girl ring, so rude? If they are all like you, a disobedience on the rampage, this store still do not want to do business?"

“Which house are you ... you from?” After the maid stood still, she glared angrily at Yu Dong.

“Didn’t you say that your young lady is very powerful? Yet I don’t know which family’s young lady is actually selling things by force and not allowing other shopkeepers to check out the goods!” Yu Dong snorted coldly.

So, the square fellow was holding something back and forth, really because the proprietor of the other store had come to check it out.

In that case, the shopkeeper was indeed right, but it seemed that this maid was a bit of a bully, but she didn’t know which family’s young lady was so rude.

With Aunt Yang’s gentle explanation before, Yu Dong’s words with irritation at this time seemed much more real.

“This girl, if the price is already up, why don’t you sell it, and those who run a store are all about harmony and wealth? And how could you not sell it to others, is it hard to accept all of it in your own home?” Aunt Yang stepped forward and explained helplessly again.

This said the surrounding people nodded their heads repeatedly, who has goods in the store is not for sale, but it is not ready yet, this maiden and the lady behind this maiden, it seems to be arrogant a lot, without saying anything, with the shopkeeper to spend on, it seems to be a little less reasonable.

“What nonsense are you talking about!” The maiden, vulnerable, bluffed up, her eyes darting from side to side.

“Whether we are nonsense or not, we can ask your lady to come out, go in and say it face to face with our proprietor, this kind of thing, you are a subordinate, I am also a maiden, no one can say it, it is better for the master to say it face to face.” Yu Dong coldly looked at the maid ring, coldly said.

“I ...” The maid panicked a little and took a step back.

Look at this actually trying to leave.

“Should this young lady be your master?” Yu Dong’s eyes swept through the crowd and suddenly smiled when he saw a woman’s face on one side of the crowd, reaching out and pointing outwards.

The crowd turned around together and saw a lady with lovely, beautiful features.

Seeing the crowd turn back to look at her together, the young lady also panicked a bit, her face slightly blushing and looking a bit nervous.

“It was this young lady who brought this maid over just now.” The fellow’s eyes were also sharp and immediately remembered.

It turns out that this is the master of the arrogant maid, look at this look is very cute, seems to be nothing heart, did not expect actually arrogant to this, I do not know which family’s miss?

The crowd speculated.

Zhu Yan Er originally did not intend to take the lead, but now she had to take the lead, her heart secretly hated, but her face did not show it, revealing a look of bewilderment, looked at her maid, and then looked at Aunt Yang as well as all the people present, and softly asked, “I went over there to look at the fan pendant ... for a while What s going on here? ”

“Miss, just now you saw them bullying people, the store is big and deceiving customers.” The maiden looked at her own master spoke, immediately changed her face, aggravated with tears in her eyes, reaching out and pointing at Yu Dong and Aunt Yang and the others, a circle that circled everyone.

“In the end, what is going on, let you go to get something ... how to quarrel with someone.” Zhu Yan Er looked at her aggrieved maid, and then looked at the opposite side of the Yu Dong, more and more confused, as if she Fang really did not know.

The original is to borrow the hand of the maid to explore a little, did not expect to make such a big fuss, and also let others to catch the words.

She was not willing to have arrogance in her cousin’s mind, and when she separated from her cousin before, she said that she would meet here, and counting the time it would come soon.

“Slave servant has met Miss Zhu.” She wanted to leave, but Yu Dong did not intend to let her pass through the door like that, he was an eagle-eyed one, plus this Miss Zhu had previously acted more naive and lovely than the average miss, so Fang recognized her between a glance.

This was clearly the cousin of the King of Wei, the same Miss Zhu Luo’er who had accompanied the King of Wei to meet his own young lady before.

Taking a few steps forward, he gave a salute to this Zhu Yan’er, this Miss Zhu Yan’er was clearly here to pick a fight.
