

# Nothing To Give But My Heart Chapter 82

Ye Moxuan subconsciously let go of Shen Qi when a bright red color suddenly pierced through his eyes. "What on earth are you angry about?" He frowned.

Shen Qi ignored the crimson red blood on her hand and retreated to a corner.

She curled up with hatred burning in her eyes.

Ye Moxuan narrowed his eyes. "Do you hate me?"

Shen Qi said nothing. Even then, her burning hatred toward Ye Moxuan was apparent through her eyes.

"Are you blaming me for what happened yesterday?" Ye Moxuan chuckled coldly. He then glanced at her bleeding wrist unconsciously before his tone turned even colder. "You didn't even beg me or give me any explanation; what's so wrong with keeping you there for a day?"

Shen Qi bit her lips while glaring at him with raging anger.

Ye Moxuan called out helplessly, "Come over."

However, Shen Qi remained unmoved.

As such, veins popped up from Ye Moxuan's forehead as he frowned, thereupon he warned coldly, "You know patience is not something that I have. Are you going to come over, or are you going to piss me off even more?"

The tension in the ward was peaking. Even though Shen Qi's hand was still bleeding, she refused to go to him; she merely glared at Ye Moxuan angrily.

Xiao Su, who witnessed everything from behind, felt shocked.

What was wrong with Assistant Shen? It was Young Master Ye himself who got her out of the villa yesterday night!

"Damn it!" Ye Moxuan cursed before reaching out to Shen Qi.

Shen Qi tried to avoid his touch, but Ye Moxuan immediately grabbed on her slim arm before pulling her over as he seethed through gritted teeth, "Get the doctor over."

Xiao Su was stunned for a moment before he nodded.

After that, the doctor came to tend to Shen Qi's injury before sighing. "It's good that you're awake. However, with your body's condition right now, it is better if you don't move around."

"We understand. Thank you, doctor," Xiao Su thanked the doctor and sent him off.

Shen Qi was uncooperative the entire time, but she didn't have enough energy to get out of Ye Moxuan's grasp.

How could a man in a wheelchair have so much force?

"Ye Moxuan, let go of me now..." Shen Qi was flustered as she struggled to get out of his death grip. However, Ye Moxuan's hand was chained on her like handcuffs, and his expression was grim.

"You better be quiet before I throw you out of the window."

Shen Qi immediately tensed up at that.

Ye Moxuan then added casually, "This is the 6th floor."

Shen Qi cursed, "Ye Moxuan, you b\*stard!"

"Heh!" Ye Moxuan couldn't help but chuckle as his grip on her arm tightened. "You're getting cocky now. How dare you call me by my full name?"

When she saw him frowning, Shen Qi couldn't help but refute with hostility, "Do you really think that I'm afraid of you? Throw me out if you dare then!"

Ye Moxuan was rendered speechless.

Shen Qi bit on her already pale lips. "After all, you can't escape if I die."

*An eye for an eye!*

"Who said that you'd die if you fall from here?" Ye Moxuan moved his hand to the back of her head before bringing her nearer to him. Their breath was almost intertwined as the distance between them was eliminated.

Ye Moxuan's face was so near that it was immediately magnified; she struggled to focus on him, so she could only stare right into his sharp eyes, thereupon a husky voice beside her ears whispered, "Don't you know that being half alive is the worst? If you break a limb, you'll end up in a wheelchair just like me."

Shen Qi's mind went blank and her eyes widened. "How dare you?!"

She didn't expect him to say something like this. After all, being stuck in a wheelchair was his sore spot.

Who knew that Ye Moxuan would actually utter something like that?

"Would you like to try?" Ye Moxuan tightened his grip on the back of her head before bringing their foreheads together, their breaths tangled.

Shen Qi could feel her heart rate slowly increasing.

Previously, it was because of anger and rigid movements, but now, it was because of Ye Moxuan's body next to her. His presence enveloped her as the scent of male hormones intoxicated her.

Her heart rate increased rapidly due to anxiety.

The air she breathed in was filled with his scent.

Shen Qi blinked anxiously, and something changed within her eyes.

She nervously pushed against his chest. "Let go of me! *Mmph!*"

He pressed his lips against her soft lips without warning; Ye Moxuan had unconsciously taken a step forward to latch on her lips.

Shen Qi's eyes widened; her gaze shaky from shock.

He kissed her... once again.

After locking her in a dark room without sparing her a glance when she was taken away, he actually grabbed her and kissed her now.

What did he actually take her for? Was this a joke to him?

Was he doing this on purpose to humiliate her because he thought that she was pathetic?

Shen Qi was taken aback at first, but her anger came back after thinking it through.

However, Ye Moxuan deepened the kiss. His tongue explored mindlessly within hers, trying to catch each and every last drop of her sweetness.

"Ugh, let go!" Shen Qi struggled hard against him, yet it was useless as Ye Moxuan deepened the kiss even more. He secured her chin with his other hand to prevent her from escaping.

Shen Qi was forced into the kiss.

To her, this kiss wasn't a loving one, but a humiliating one!

A kiss filled with endless shame!

Not being able to push him away, Shen Qi had to think of other ways to do so.

Suddenly, she bit his tongue.

"*Hiss!*" Ye Moxuan sucked in a deep breath and moaned in pain.

The metallic taste of blood started spreading in both of their mouths. Right when Shen Qi thought that he would let go of her, Ye Moxuan suddenly went in and bit her lower lip.

"*Ouch!*" Shen Qi whimpered, her face scrunching up from the pain.

Slowly, Ye Moxuan removed himself from her and stared at her evilly.

"Do you still want to bite me?" Ye Moxuan asked, their foreheads still pressing against each other. He looked seductive with his intense gaze, and the blood on his lips made him appear flirtatious.

Grazing against her busted lips, Shen Qi gave him a hard slap across his face.

*Smack!*

The slap didn't hurt much as she didn't have much energy left in her.

However, it was Ye Moxuan's first time getting slapped by a woman. What was more, he never expected this timid woman in front of her to have enough courage to slap him.

"How dare you—"

*Smack!*

Shen Qi immediately went in for another slap on his other cheek.

She then bit her lips. "This is what you get for being shameless!"

Ye Moxuan's head immediately snapped back before he glared at her viciously as if he was about to swallow her alive.
