

## O game 1001

Chapter 1001 - Three hundred billion worth of life gems!

“Why do you, the people of the A'Lai Te Star System, insist on antagonizing our Galaxy World?”

Lin Tianhao's eyes held a hint of coldness, “This is my home, and I won't leave unless absolutely necessary.”

Gu Limei-Shuier's beautiful eyes showed a hint of admiration, and she said:

“You should know the outcome. Regardless of whether our A'Lai Te Star System can ultimately devour the Galaxy World, we will definitely take action against you.”

Lin Tianhao spread his hands and said:

“If the trend is inevitable, then I will choose to leave later, not now.”

Gu Limei-Shuier stared at Lin Tianhao meaningfully and said:

“But if you leave at that time, you may not be able to get the benefits I'm promising you now.”

Lin Tianhao smiled noncommittally and said:

“What you offer is very tempting, but for me, it's not enough.”

At this point.

Lin Tianhao changed the subject and said:

“Also, next time I hope your true body comes over, so I can test how much you A'Lai Te Star System people in the Galaxy World are really worth.”

Gu Limei-Shuier smiled and said:

“Don't worry, we will definitely fight.”

As she spoke.

Gu Limei-Shuier's body slowly dissipated.

This was not her true body, only a clone.

Lin Tianhao looked at the place where Gu Limei-Shuier disappeared, not paying too much attention.

These guys in the Galaxy World always want to subdue others without a fight.

However.

Lin Tianhao will not leave.

Even if one day, he really needs to fight to the death with those guys from the A'Lai Te Star System, Lin Tianhao will still not choose to leave.

The peace of a world requires someone to bleed.

The Galaxy World is Lin Tianhao's home. He can die, but he doesn't want to watch his home be destroyed.

However.

The premise is that the Galaxy World still has a chance to fight.

Just as Lin Tianhao said just now.

If the trend is inevitable and the Galaxy World has no chance, Lin Tianhao will naturally not leave his life here.

Mo Ke Latin Great Desert.

Lin Tianhao is back!!

Now Lin Tianhao's poison resistance is high enough.

In the past few months in Wanglai City, Lin Tianhao's overall combat power has improved quite a bit.

Reviving the Mo Kesha Kingdom is unlikely in the short term.

Lin Tianhao directly sent a message to Jin Delan.

Because according to the agreement, Jin Delan should now pay him three hundred billion worth of life gems.

Although even now, Lin Tianhao still feels that it is somewhat unrealistic for Jin Delan to get three hundred billion worth of life gems.

But as Jin Delan himself said, everyone has their own secrets.

“Snow Emperor, the things are for you, looking forward to our next cooperation.”

Lin Tianhao pondered for a moment and said:

“You wouldn't happen to have more life gem quota in your hands, would you?”

“I really don't have any more, three hundred billion is already my limit.” Jin Delan also added a helpless expression.

“Alright, then let's leave it at that for now.”

Lin Tianhao directly used the three hundred billion worth of life gems.

His health points directly increased from just over three trillion to four trillion two hundred billion!!

Lin Tianhao's Tears of the Goddess of Life, and four pieces of Heavenly Punishment equipment can provide Lin Tianhao with a 220% increase in health points.

In addition to this.

Lin Tianhao's King of Men title also brought Lin Tianhao a 78% attribute increase.

Therefore.

Increasing the base health points by three hundred billion actually increased Lin Tianhao's health points by as much as one trillion one hundred and ninety-four billion!!

Therefore.

Lin Tianhao's health points, which were just over three trillion, directly soared to four trillion two hundred billion!!

Lin Tianhao can be said to have increased his health points to the extreme.

So what else can Lin Tianhao do to greatly improve his strength in a short period of time?

Seven days.

Reviving the Mo Kesha Kingdom is unrealistic.

Enlightenment, it is also difficult to have a big improvement in seven days.

There are still many free attribute points in his hand, stacking them all on the Heavenly Punishment attack speed can also improve Lin Tianhao.

But Lin Tianhao's current Heavenly Punishment attack speed is basically enough, and a higher Heavenly Punishment attack speed will not help much.

After all, with Lin Tianhao's current Heavenly Punishment attack speed and damage ability, even the Lord of the Holy Land can't withstand Lin Tianhao's one second of output.

Thus,

It seems that he only has the last way left.

That is to use the following time to hunt down high-grade, high-level powerhouses as much as possible, enslave their souls, to enhance Lin Tianhao's combat power.

In fact, the most important thing is.

The higher the probability that Lin Tianhao can output without injury with the undead army in front to contain the enemy.

Although.

This seems a bit redundant.

After all, with Lin Tianhao plus Hei Tianao Zhen and Kui Wei Changtian, their combination is already invincible among the Lords of the Holy Land.

But sometimes, it's always good to prepare more.

What's more, Lin Tianhao's normal attacks can also stack health points.

In the Mo Ke Latin Great Desert.

There are still some powerful monsters.

Plus Lin Tianhao's Eye of Insight, hunting them is still very easy.

“Ding, congratulations on completing the first kill of the Desert Giant Crab King, a server-wide announcement will be made soon, do you want to hide your name?”

“Ding, congratulations on completing the first kill of the Lair Flame Dragon, a server-wide announcement will be made soon, do you want to hide your name?”

... ..

One notification sound after another came.

Lin Tianhao kept hunting these monsters.

After hunting, Lin Tianhao went to loot the corpses.

“Ding, you have obtained Skill Book + 2.”

“Ding, you have obtained Equipment + 4.”

“Ding, you have obtained Free Attribute Points + 500.”

... ..

Lin Tianhao walked and hunted all the way.

Eye of Insight + Heavenly Punishment Lock-on + Kunlun Mirror.

Allows Lin Tianhao to hunt monsters remotely.

The results of the previous map running also made it easier for Lin Tianhao to travel.

Three days passed in a flash.

In these three days.

Lin Tianhao hunted a lot of monsters, killing wherever he went.

The number of undead he enslaved also increased.

Lin Tianhao basically killed the higher-level monsters in the Mo Ke Latin Great Desert.

Next, Lin Tianhao returned to the Vast Continent.

Lin Tianhao is much more familiar with the Vast Continent.

Therefore.

Hunting BOSSs in the Vast Continent is easier for Lin Tianhao.

The Holy Land Lord Hegemony Competition is gradually approaching, and many teams have appeared near the Fan Temple.

These teams do not have many people, basically three to five people in a team.

They wear different clothes, and the aura emanating from them is very powerful.

Lin Tianhao returned to the Fan Temple on the last day before the start of the Holy Land Lord Hegemony Competition.

Under the arrangement of Ouyang Wenlong and Shangguan Hongxun and others, the preparations for the Holy Land Lord Hegemony Competition were still very good.

Chapter 1002 - The Holy Land Lord Competition begins!

“Lord.”

Ouyang Wenlong and Shangguan Hongxun knew that Lin Tianhao had returned, so they came to report their work to Lin Tianhao as soon as possible.

“The Holy Land Lord Championship is about to begin. Which Holy Lands are participating this time?”  
Lin Tianhao asked.

Ouyang Wenlong said first:

“Including us, there are nine from the Vast Continent, namely the Di Que Merchant Guild, Yinian Temple, Zhenlong Treasure Temple, Shanyue Treasure Pavilion...”

“There are five from the Tutulu Empire, namely Tutulu Sacred Mountain, Lion Tiger Holy Land, and Longyang Holy Land...”

“Only three came from the Extraterritorial Lands, namely the Yin Yang Joy Sect, Baili Academy, and Hanlou.”

“Of the remaining fifteen, twelve are sea demon and demon clans, and three are demon and demon clan holy lands on overseas islands.”

Lin Tianhao nodded, the other places were fine.

He actually had nine Holy Lands here in the Vast Continent.

This was somewhat beyond Lin Tianhao’s expectations.

He knew that there might be some hidden Holy Lands in the Vast Continent besides the ones he knew, but he didn’t expect so many to come.

“Didn’t any Holy Lands from the Moke Latin Great Desert come?”

To be honest.

Lin Tianhao always thought that the majority of those participating in the Holy Land Lord Championship this time would come from the Moke Latin Great Desert and overseas.

Now it seems.

The overseas Holy Lands are the most numerous, with almost half coming from overseas.

But the Moke Latin Great Desert, which Lin Tianhao thought should have the most participants, didn't send a single one.

“We are not sure about this. We have statistics for the current thirty-two Holy Lands, and you can review them, Lord.”

While speaking.

Shangguan Hongxun handed a small booklet to Lin Tianhao.

Lin Tianhao opened the booklet and looked at it. Lin Tianhao had heard of a few of the Holy Lands on it in his previous life.

But they shouldn't be particularly strong.

As the saying goes, when soldiers come, generals will block them, and when water comes, earth will dam it.

Damage transfer has a half-month cooldown.

Lin Tianhao is now a bit weaker without damage transfer.

However, because Lin Tianhao's physique has undergone multiple transformations in Wanglai City, the current damage reduction effect is no worse than the damage reduction effect of damage transfer.

Merely.

Although the physique transformation makes Lin Tianhao more resistant, it doesn't have the rogue gameplay of damage transfer.

If damage transfer is cooled down, Lin Tianhao can completely use it at a critical moment during the Holy Land Lord Championship.

In this way.

Even if a certain Holy Land Lord is supported by those guys from the Alete Star System, Lin Tianhao is not afraid at all.

The next day, early morning.

The Holy Land Lord Championship was held as scheduled.

Similar to the previous Holy Land Tianjiao Newcomer Competition, it was also conducted in the form of a lottery.

Before the start of the Holy Land Lord Championship, Fatty, Monkey, Glasses, and Lin Qingqing all came back.

“Go, Bro Hao, take the top spot and take off!!”

Fatty's face was full of smiles.

Only after he bound himself to Lin Tianhao did he truly realize what it meant to win while lying down.

The life value that Lin Tianhao fed back to him alone was as high as 4.2 trillion.

Moreover.

What Lin Tianhao fed back to Fatty was not only life value.

Because of the City God Temple, Lin Tianhao's magic resistance was also ridiculously high.

There is also attack power.

Although Lin Tianhao's attack power is a bit inconspicuous compared to Lin Tianhao's life value.

But that is also in units of hundreds of millions!!

Not to mention anything else.

Even those god-level talents that can infinitely stack attack power, at this time, there are very few whose attack power can break one hundred million.

Therefore.

Among the attributes that Fatty can obtain, in addition to life value, the magic resistance and attack power that Lin Tianhao synchronizes to Fatty are also very high.

Lin Tianhao smiled slightly, "I will try my best."

"Brother, it doesn't really matter whether you take the top spot or not. After all, you have only grown for such a short time. Compared with those veteran Holy Land Lords, you are still a bit lacking."

Lin Tianhao smiled. If it were just him, of course, he would be a bit lacking.

But he also has the Conferred God List!!

Central Arena of Fandian.

Surrounded by stands.

At this time, the stands were already full.

Many people came a few days in advance to occupy their positions.

Among them, there are naturally many anchors.

Looking at the popularity of the previous Holy Land Tianjiao Newcomer Competition, it is not difficult to imagine how popular this Holy Land Lord Championship will be.

“Old irons, Xiaomumu came here three days ago to occupy a position, the purpose is to occupy the best position for the old irons.”

“The Holy Land Lord Championship is about to begin, Holy Land Lords, that is an existence that is out of our reach.”

“The most important thing is that the number one person in Twilight of the Gods, the Lord of Fandian, should also participate in this Holy Land Lord Championship.”

“Although Xue Di is very, very strong among adventurers, it is still difficult to say who is stronger or weaker than these Holy Land Lords.”

“After all, when the boss Xue Di dealt with those Holy Lands in the Boundless Wuji Palace before, he used the power of the gods.”

“Now that the power of the gods cannot be used, where can he go?”

Anchors like Xiaomumu.

Before the Holy Land Lord Championship started, they began to render in the live broadcast room, trying to attract viewers to enter their live broadcast room as much as possible.

In front of the central arena, there are thirty-two seats, and at this time the seats are empty.

Ouyang Wenlong stepped into the air and landed on the central arena.

“Welcome everyone to participate in the Holy Land Lord Championship. This time, including our Fandian, a total of thirty-two Holy Lands attended.”

“Without further ado, next, please invite the lords of these thirty-two Holy Lands to the stage.”

As Ouyang Wenlong’s voice fell, powerful creatures walked onto the thirty-two seats one after another.

Among these creatures are humans, demons, demons, and sea tribes.

“Is this the oppression of the Holy Land Lord?”

“I am so far away from them, but I still feel a little breathless under their pressure.”

“Too scary.”

“Thirty-two Holy Land Lords, this impact is too strong.”

“They are already like this before they even take action. If they really take action, then I dare not imagine it.”

... ..

On the stands.

There are many people discussing.

Their expectations for this Holy Land Lord Championship are still very high.

Twilight of the Gods has been in operation for a year and a half, and they know a little about the high-end combat power in Twilight of the Gods.

But for them.

What they know is more rumors and imagination.

In fact, not many people have actually seen the Holy Land Lord take action.

“Next, please invite the Holy Land Lords to the stage to draw lots and draw your opponents for the first round.”

As Ouyang Wenlong’s voice fell, the thirty-two Holy Land Lords took to the stage one after another.

Chapter 1004 - Yi Nian Guan VS Zhen Long Bao Zha!

Only.

In the instant the third ice shield shattered.

The Palace Master of the Deep Sea Demon Palace was frozen once again.

However.

This time, the frozen Palace Master of the Deep Sea Demon Palace was still a substitute.

By the time the Palace Master of the Deep Sea Demon Palace landed.

An ocean vortex had already appeared beneath the feet of the Cold Tower Master.

This ocean vortex seemed to want to devour the Cold Tower Master.

However.

The ocean vortex was frozen the moment it appeared.

Lin Tianhao raised his eyebrows.

Although the Cold Tower Master and the Palace Master of the Deep Sea Demon Palace were both Pseudo-God level Kings.

Judging from the current fighting results, the difference between the Palace Master of the Deep Sea Demon Palace and the Cold Tower Master was still very obvious.

“Deep Sea Rift!!”

Above the arena.

Space was torn apart layer by layer, and powerful seawater fluctuations surged in all directions.

And in this short period of time.

The health bar of the Palace Master of the Deep Sea Demon Palace was almost full again.

Seeing this scene, the Cold Tower Master remained calm and composed.

She stood in place, unmoving.

Even space cracks would be instantly frozen when they approached her, unable to harm her in the slightest.

And at this moment.

With the Cold Tower Master as the center, this freezing continued to spread out.

Seeing this scene.

The Palace Master of the Deep Sea Demon Palace put her hands together and chanted complex incantations.

With her as the center.

A huge ocean storm appeared.

This ocean storm continued to spread out towards the Cold Tower Master.

Only.

This seemingly mighty ocean storm was still instantly frozen.

The difference was too obvious.

“I concede!!”

The Palace Master of the Deep Sea Demon Palace directly gave up resisting.

Don't think that she didn't exchange a few moves with the Cold Tower Master.

But she could clearly feel the pressure that the Cold Tower Master brought to her.

Too strong!!

They were completely not on the same level.

Before, when she was frozen, she even suspected that she was going to be instantly killed.

It was just that the Cold Tower Master's burst combo didn't continue, which could be considered a show of mercy.

“The offensive of this Palace Master of the Deep Sea Demon Palace is so strong, but it was instantly frozen by the Cold Tower Master, completely unable to break through the Cold Tower Master's defense.”

“I still want to see an evenly matched battle, that would be more enjoyable.”

... ..

This first battle ended very quickly.

But this was also within expectations.

Because this is just a competition after all, not a life-and-death struggle. If they find that there is a certain gap, they will probably not use some of their trump cards.

Especially.

This is only the first round.

If all the trump cards are used in this round, regardless of winning or losing, it will be difficult to win in the future.

Especially.

The gap between the Palace Master of the Deep Sea Demon Palace and the Cold Tower Master is so obvious, conceding is the most correct choice.

Otherwise.

If she is controlled by the Cold Tower Master again, whether she can survive will be a problem.

A mistake in battles at their level can lead to death.

After all, not everyone can be resurrected, and these Holy Land Masters cherish their lives very much.

“First group, the Cold Tower Master wins.”

Ouyang Wenlong went on stage to announce the result, then raised his hand to cast a spell to repair the arena.

“Second group, One Thought Monastery versus Dragon Suppressing Treasure Temple, now begin.”

Lin Tianhao was slightly stunned.

He hadn't paid attention to the groupings before.

This result was somewhat unexpected for Lin Tianhao.

One Thought Monastery and Dragon Suppressing Treasure Temple.

In the Vast Continent, one is the representative of Taoism, and the other is the representative of Buddhism.

This match is actually a battle between Taoism and Buddhism, which is somewhat beyond Lin Tianhao's expectations.

However.

It is precisely because of this.

That Lin Tianhao also became a little interested.

“Damn, this is interesting, ah, a battle between Taoism and Buddhism?!”

“Hehe, the relationship between One Thought Monastery and Dragon Suppressing Treasure Temple is very subtle, and the overall strength seems to be about the same.”

“I am from One Thought Monastery, it is said that after this Holy Land Master Hegemony Competition, our One Thought Monastery will change the Holy Master.”

... ..

There were many people discussing around, some of the adventurers themselves had joined One Thought Monastery and Dragon Suppressing Treasure Temple.

They cheered each other on the side, hoping that their Holy Land could win.

The Abbot of One Thought Monastery and the Abbot of Dragon Suppressing Treasure Temple stepped onto the arena.

One Taoist and one Buddhist, the temperament of the two was completely different, but there was a feeling of different paths leading to the same goal.

The Abbot of One Thought Monastery waved the horsetail whisk in his hand and said with a smile:

“I really didn't expect that we would meet in the first round.”

The Abbot of Dragon Suppressing Treasure Temple nodded slightly and said:

“The arena competition is just a point-and-stop, the result of who wins and who loses is no longer important to us.”

Ouyang Wenlong smiled and spoke after the two finished speaking.

“Two Holy Masters, can you prepare to begin?”

The two nodded.

Ouyang Wenlong then announced:

“Holy Land Master Hegemony Competition, second group, One Thought Monastery versus Dragon Suppressing Treasure Temple, now begin!!”

As the words fell.

Ouyang Wenlong ran away in a puff of smoke.

The Abbot of One Thought Monastery waved the horsetail whisk, scattering a handful of beans in his hand. These beans were wrapped in golden light in the air, turning into golden armored soldiers.

Scattering beans to form soldiers!!

This is also considered a signature move of Taoism.

Each of these golden armored soldiers had the strength of a Ninth Revolution level, and they besieged the Abbot of Dragon Suppressing Treasure Temple.

The Abbot of Dragon Suppressing Treasure Temple formed a mudra in his hand, and a Arhat Dharma Body condensed behind him.

This Arhat Dharma Body had three heads and six arms, glaring angrily.

Three slender arms waved at the same time, smashing these golden armored soldiers one by one.

The horsetail whisk in the Abbot of One Thought Monastery's hand turned into a writing brush, actually using the heaven and earth as ink, and the void as paper, showcasing a hand of void talisman drawing on the spot.

One talisman after another appeared, attacking the Abbot of Dragon Suppressing Treasure Temple.

The Abbot of Dragon Suppressing Treasure Temple did not change his moves, it was still the Arhat behind him who was constantly slapping those talismans.

It was just that every time the Arhat Dharma Body attacked the talismans, the Arhat Dharma Body would fade a little.

“Free Spirit Travel, Heaven and Earth Share the Heart!!”

The Abbot of One Thought Monastery smiled slightly, his body seemed to be in a meditative state.

The Abbot of Dragon Suppressing Treasure Temple was slightly stunned, he also seemed calm and composed, his body motionless.

Although the two did not move, the phantoms of the two appeared in the sky above the arena.

At first.

It was the phantoms of the two fighting hand-to-hand.

But after a few breaths, a second group of phantoms evolved, this time the Abbot of One Thought Monastery held a long sword, and the Abbot of Dragon Suppressing Treasure Temple held a Zen staff, the two collided with each other.

Then afterwards.

It was the third group fighting spells.

The fourth group fighting divine powers.

The corners of Lin Tianhao's mouth rose slightly, this was a battle of spirits outside the body, these two guys, saying that winning or losing was not important, but they were both very拼.

Because once injured in a battle of spirits outside the body, the lighter would suffer damage to the soul, and the more serious would even suffer irreversible damage to the origin of the soul.

However.

Whether the two will really拼 their lives still depends on the next step.

Because for the level of the Abbot of One Thought Monastery and the Abbot of Dragon Suppressing Treasure Temple, fighting divine powers outside the body, this is only just the beginning.

Chapter 1005 - 500 billion for one arrow, shocking the whole audience!

Their real big clashes should be in the realm of laws and divine summoning!!

The Daoist divine summoning is powerful, and the Buddhist divine summoning is equally impressive.

It's just unknown.

Now that the Twilight of the Gods doesn't allow deities to interfere, can these two still use their divine summoning techniques?

Even if they can't.

The two haven't truly risked their lives by unleashing their domains yet, so this can still be considered restraint.

The battle temporarily reached a stalemate.

The Master of One Thought Temple and the Abbot of Zhenlong Temple have both used seven or eight types of divine power techniques.

Their fight was earth-shattering, shocking many around them.

However, what surprised Lin Tianhao was that.

They really didn't use the power of domain laws, it seems they are really restraining themselves.

After a moment.

The Master of One Thought Temple and the Abbot of Zhenlong Temple opened their eyes at the same time, both smiling helplessly.

"We can't break each other's moves, how long are we going to fight for?" said the Master of One Thought Temple.

The Abbot of Zhenlong Temple smiled and said, "If that's the case, let's decide the victory with one move."

"Alright, that's exactly what I was thinking."

The Master of One Thought Temple put away the horsetail whisk in his hand, and he sat down cross-legged, with a lotus flower of merit slowly unfolding beneath him.

"Alright, no need to fight,"

The Abbot of Zhenlong Temple twitched his lips upon seeing this, "You're being unreasonable."

Who the hell uses the power of merit in a competition?

Using the power of merit to fight in the finals would be understandable.

But this is only the first round.

"I concede," the Abbot of Zhenlong Temple voluntarily jumped down.

Lin Tianhao was a little surprised.

As the master of an old sacred ground, being able to master the method of using merit before reaching the Divine Spirit Realm is not surprising.

It's just that some people are willing to use merit, some are not willing to use merit, and some have no merit to use.

The reason why Lin Tianhao was surprised.

Was because the Master of One Thought Temple not only mastered the method of using merit, but was also willing to use it at this time.

This is only the first round, consuming the power of merit may not be a wise move.

But all of this has nothing to do with Lin Tianhao.

"Congratulations to the Master of One Thought Temple for successfully winning, next, let us invite the two masters of the third group to the stage."

Ouyang Wenlong looked at Lin Tianhao respectfully.

The fact that Fan Temple can have today's grand occasion is all thanks to Lin Tianhao.

If it weren't for Lin Tianhao, their Fan Temple might still be sealed in dust.

His respect for Lin Tianhao is beyond words.

Hearing this.

Turu Hongqiong smiled and said:

"That's easy to say, although I'm not strong, I still have some background."

Turu Hongqiong has always been muddling through.

Lin Tianhao couldn't say for sure what level his true combat power was at.

However, judging from his grandmaster-level rank, even if he has some tricks, he can't be too strong.

"Third group, Hall Master of Fan Temple versus Mountain Master of Turu Holy Mountain, now begin!!"

As Ouyang Wenlong's voice fell, Turu Hongqiong disappeared directly from the spot.

Obviously.

He knew that Lin Tianhao's Heavenly Punishment Lock needed to see the target, and he felt that by using this concealment method, he could gain the upper hand against Lin Tianhao.

If it were before.

Turu Hongqiong's operation would still be useful.

But Lin Tianhao is different now.

Lin Tianhao, who possesses the Eye of Insight, can clearly capture Turu Hongqiong's movements.

The next moment.

Lin Tianhao found that he couldn't move.

After all, Turu Hongqiong is a veteran grandmaster-level expert, and it is easy to control Lin Tianhao without the Purification Jade Pendant.

Conceal the figure, control from behind.

As long as the control chain is sufficient, and then use one or two high-level control skills to control his Overlord Body time as well.

In this way, defeating Lin Tianhao will no longer be a difficult task.

The idea is good.

If he had used such methods earlier, he could indeed threaten Lin Tianhao.

But now.

Such methods no longer pose any threat to Lin Tianhao.

Because.

Lin Tianhao also has Arrow Released from the Heart.

He can completely use Arrow Released from the Heart to attack Turu Hongqiong.

"咻 — —"

An arrow flew out.

Turu Hongqiong, who was behind Lin Tianhao, didn't dodge.

He knew that Lin Tianhao's arrow was bound to hit, and dodging would only be a waste of time.

But the fact that Lin Tianhao locked onto him so quickly still shocked him.

"嘭 — —"

Just as Lin Tianhao's arrow was about to hit Turu Hongqiong, Turu Hongqiong's attack also hit Lin Tianhao.

- 72.19 million???

When this damage number came out, everyone in the audience was stunned for a moment.

After all, as the master of a sacred ground, the damage that the owner of Hanlou Building dealt before was easily hundreds of billions.

Even the burst damage was as high as 1.1 trillion.

Turu Hongqiong, one attack for over 70 million???

This damage value may be very high if it is placed on ordinary people.

But this is Turu Hongqiong, a veteran master of a sacred ground, dealing this little damage is indeed not enough to see.

Don't talk about the surrounding crowd.

Even Turu Hongqiong was stunned at this time.

Just as they were surprised by Turu Hongqiong's damage, Lin Tianhao's arrow also hit Turu Hongqiong.

- 501.1 billion!!

A huge damage number popped out from the top of Turu Hongqiong's head.

The surroundings were instantly quiet.

Pin-drop silence!!

This is really the most afraid of the air suddenly becoming quiet.

"I concede!!"

Turu Hongqiong was the first to react.

He also discovered.

Lin Tianhao only shot one arrow, which was already an act of grace.

If Lin Tianhao was a little ruthless, he would already be a dead man.

After Turu Hongqiong chose to concede, the crowd in the arena began to discuss wildly.

"What did I see? One arrow, 500 billion???"

"It's not 500 billion, it's 501.1 billion, please don't ignore this 1.1 billion damage, because this is already the limit that I can hardly reach."

"No, is Snow Emperor really a player?? Now, even those domain powerhouses, it is unknown whether they can deal 10 billion damage in one hit, is this 500 billion too outrageous?"

"10 billion? Hehe, let me say one thing, at this stage, there are not many who can deal 1 billion damage in one hit."

.....

The audience in the surrounding stands were boiling.

Lin Tianhao only made this one arrow, but it almost subverted their perception of damage.

One hit for 500 billion!!

They couldn't even find any words to describe it.

Even if the owner of Hanlou Building had dealt a terrifying super damage of 1.1 trillion before.

But after all, she is an extremely powerful master of a sacred ground!!

Although Lin Tianhao is also the master of a sacred ground, more adventurers still feel that, no matter how strong Lin Tianhao is, he is still a player!!

Chapter 1006 - Meet the Dean of Baili Academy!

But this time.

Lin Tianhao's arrow dealt 500 billion damage, directly shocking them.

In fact, it wasn't just them.

Many people on the high platform also showed shocked expressions.

Even two Holy Land Lords couldn't help but stand up because they were too shocked.

"Five thousand... .. five hundred billion!!"

Obviously.

Even these Holy Land Lords were shocked when they saw Lin Tianhao deal such terrifying damage.

"Hehe, Old Han, it seems that this Hall Master of the Mortal Palace is more powerful than we expected."

The Yin Yang Joyful Union Sect Master wore a playful look, saying unhurriedly:

"I said long ago that this Snow Emperor is not simple. A man like this is most suitable for dual cultivation."

Upon hearing this.

The Cold Tower Master smiled noncommittally and said:

"A figure like the Snow Emperor will definitely surpass you and me in the future. You should forget about dual cultivation. It would be worthwhile to do a favor this time."

The Yin Yang Joyful Union Sect Master turned his gaze to the Dean of the Hundred Mile Academy, smiling as he said:

"What do you say? Dean Hundred Mile."

Dean Hundred Mile smiled slightly, "The general trend dictates, we scholars should follow the trend."

"It's you who should avoid making any small moves."

The Yin Yang Joyful Union Sect Master rolled his eyes and didn't say anything more.

On the high platform.

The fourth group had already begun their competition.

This fourth group was a battle of overseas demon clans, but one side was a Pseudo-God level King, so there was no suspense in the battle from the beginning.

The Chief of the Earth Deficiency Merchant Alliance, Chang Shuiyang, was himself a Grandmaster-level demigod. In addition, with the support of the Earth Deficiency Merchant Alliance, he continuously used several powerful props, forcing his opponent to have no power to fight back.

As for the sixth group, this was also a crushing game.

The Yin Yang Joyful Union Sect Master, a Pseudo-God level King, fought against a Ninth-Rank Grandmaster of the demon clan. There was no suspense at all, and he was directly carried away.

The onlookers were watching with relish, but Lin Tianhao was bored.

Because so far, he had not seen a desperate game with evenly matched opponents.

But this is also normal.

In the Holy Land Lord Hegemony Competition, it is not easy to have evenly matched opponents.

Moreover.

Even if there is a truly similar showdown between evenly matched opponents, it is difficult to say that they will fight desperately.

Just like the Abbot of the Town Dragon Precious Temple and the Master of the One Thought Temple, their strengths are actually very close.

But neither of them fought desperately.

In addition.

Lin Tianhao was also observing whether anyone was supported by the A'Lai Te Star System.

So far, there has been no discovery.

In fact, if he were to guess, Lin Tianhao would definitely guess the three Holy Lands from outside the territory.

After all, three forces came from outside the territory this time, and without exception, all of their Holy Land Lords were Pseudo-God level Kings.

No matter how you look at it, this makes people feel suspicious.

In addition.

The demon clan from outside the territory is also very strange.

Three Ninth-Rank Kings and three Pseudo-God Kings, the difference in realm is too obvious.

This more or less makes Lin Tianhao feel a little uneasy.

Just as Lin Tianhao was thinking about these things, the seventh group had already taken the stage.

The watchability of the later groups was even lower.

The ending was similar to what he expected.

All the Ninth-Rank Star Radiance level Holy Land Lords were eliminated, and many Grandmaster level ones were also eliminated.

However, the speed of each match was very fast. In less than three hours, all sixteen matches were over.

In the end.

Those who successfully advanced to the top sixteen were:

First group: Cold Tower.

Second group: One Thought Temple.

Third group: Mortal Palace.

Fourth group: Demon Flood Dragon Cave.

Fifth group: Earth Deficiency Merchant Alliance.

Sixth group: Yin Yang Joyful Union Sect.

Seventh group: Dragon Subduing Dragon Palace.

Eighth group: Dragon Sun Holy Land.

Ninth group: Mountain Moon Treasure Pavilion.

Tenth group: Blood Shadow Demon Tower.

Eleventh group: Hundred Mile Academy.

Twelfth group: Dragon Breath Ancient Sect.

.....

This first round.

Some were happy and some were sad.

The sad one was naturally the Palace Master of the Deep Sea Demon Palace.

Because among the thirty-two Holy Land Lords, she was the only Pseudo-God level King who was carried away.

Inside here.

There were also several Holy Lands that picked up leaks.

The strength of these Holy Lands was very average, but it just so happened that they encountered Ninth-Rank Star Radiance level Holy Land Lords.

This gap in hard power allowed them to "pick up leaks" and win.

Counting the time.

There are a total of three days of rest time, and Lin Tianhao must be on guard during this time.

Because if the people of the A'Lai Te Star System want to cause trouble, there is a high probability that they will do it during these three days of rest.

It's just that I don't know what these guys from the A'Lai Te Star System are planning to do.

As the saying goes, meet soldiers with generals, and water with earth.

There is no point in thinking so much now.

Lin Tianhao's progress in swordsmanship is very fast now, and coupled with the Evil Sword Immortal inheritance, Lin Tianhao is even more certain of the idea of pursuing swordsmanship.

Even if there are only three days, Lin Tianhao is prepared to use them to comprehend the Dao.

The competition ended.

Lin Tianhao was just about to comprehend the Dao when Ouyang Wenlong came quickly.

"Hall Master, the Dean of the Hundred Mile Academy requests an audience."

Lin Tianhao raised his eyebrows, "Let him in."

Ouyang Wenlong led the Dean of the Hundred Mile Academy to walk over.

When the Dean of the Hundred Mile Academy saw Lin Tianhao, he couldn't help but smile slightly.

"Snow Emperor, your growth rate is really fast."

Lin Tianhao smiled noncommittally, "Dean Hundred Mile came to see me, it shouldn't just be to say this, right."

Dean Hundred Mile nodded and said:

"That's natural. I know that you, Snow Emperor, have a deep hatred for the A'Lai Te Star System, and I also know your determination to deal with them."

Lin Tianhao narrowed his eyes and asked:

"It seems that Dean Hundred Mile knows some news about the A'Lai Te Star System?"

"Yes."

Dean Hundred Mile said bluntly:

"Those guys from the A'Lai Te Star System have a very thorough understanding of you. At this time, they should be making two preparations."

Lin Tianhao couldn't help but laugh when he heard this.

"One hand is external, taking advantage of this Holy Land Lord Hegemony Competition to cause trouble in the Vast Ocean Continent."

"The other hand is internal, supporting experts in the Holy Land Lord Hegemony Competition to snipe me and eliminate me from the competition."

After hearing Lin Tianhao's words.

Dean Hundred Mile Academy said:

"You are very smart."

"But even if you anticipate it, can you defend against it?"

Lin Tianhao shook his head and said:

"I don't know."

"Because to be honest, you don't even know how they will specifically operate. If they are causing trouble outside, what will they do?"

Dean Hundred Mile smiled slightly and said:

"Heretics."

"When I came to the Vast Ocean Continent this time, I discovered that there are several heretical religions infiltrating it. These heretical religions are hidden in the dark, have a large influence, and have extremely strong brainwashing abilities."

"In many places, even the local officials and wealthy businessmen, and local gang forces, have been infiltrated and brainwashed by these heretical religions."

"What if these heretical religions launch local riots during this Holy Land Lord Hegemony Competition?"

"Especially on the eve of the finals, what will you do?"

Chapter 1007 - Alite Galaxy takes action!

Lin Tianhao narrowed his eyes slightly. He had never participated in the actual management of the Shanhai Empire.

Because he knew.

Managing such a large empire would inevitably involve corruption, injustice, and turmoil.

He couldn't manage it, and currently, he didn't have the ability to manage it.

The Shanhai Empire now had too many people, most of whom were professionals. Controlling people with such great destructive power was even more troublesome.

"I haven't found the cult you mentioned, but from what you've said, it sounds quite serious."

A cult that had infiltrated local administrators was a very terrifying thing.

Because the peace of a place depended entirely on how the local officials managed it.

If someone intentionally provoked local unrest to exacerbate conflicts, it would indeed be very dangerous.

What's most worrying isn't enemies fighting you head-on, but those who slowly infiltrate your various industries from behind.

Especially important areas like education, healthcare, and government.

Once infiltrated, dealing with it later would be very, very difficult.

The Dean of Bai Li Academy smiled and said:

"It's not really a deal. I'm just here to remind you that those guys from the Arlett Star System are more troublesome than you think."

Lin Tianhao nodded, "I know that. If they were easy to deal with, I would have cleaned them up long ago."

The Dean of Bai Li Academy pondered slightly and said:

"I can help you eliminate those cults and deal with those guys from the Arlett Star System."

"What do I need to give in return?" Lin Tianhao asked.

The Dean of Bai Li Academy remained calm and continued:

"Incorporate the Extraterritorial Lands into the territory of the Shanhai Empire."

"Oh?"

Lin Tianhao was slightly surprised, "You want me to invade the Extraterritorial Lands?"

The Dean of Bai Li Academy nodded and said:

"I heard that you have already been to the Moke Latin Great Desert. Don't you have any thoughts about the Moke Latin Great Desert?"

"As the Great Tribulation approaches, wouldn't it be more assured to bring these surrounding forces under your command?"

Lin Tianhao smiled noncommittally, "And then you'll reside in the Shanhai Empire, widely open Bai Li Academy, and impart knowledge?"

The Dean of Bai Li Academy didn't deny it upon hearing this. He nodded slightly and said:

"What you said is indeed correct."

"The Great Tribulation will inevitably be accompanied by great opportunities."

"Confucianism has declined for many years, and I hope that more strong individuals can be born from Confucianism."

Lin Tianhao smiled slightly and said:

"If it really gets to the point you said, wouldn't it be even worse if something goes wrong with your Bai Li Academy?"

"Our Shanhai Empire allows the existence of other holy lands, but it doesn't allow the existence of a holy land like yours that wants to monopolize a region."

The Dean of Bai Li Academy wasn't surprised by Lin Tianhao's response.

"If Bai Li Academy can grow stronger, I would certainly be happy. If you don't agree, we can still impart knowledge in the Extraterritorial Lands in the future."

Lin Tianhao looked at the Dean of Bai Li Academy meaningfully.

Lin Tianhao actually had some thoughts about this guy's proposal.

Especially since the magnitude of the effect of his Human Emperor title was related to the people within his jurisdiction.

Just as Lin Tianhao was thinking this, Shangguan Hongxun's voice came from outside.

"Lord Palace Master, there's an emergency."

The Dean of Bai Li Academy glanced at Lin Tianhao and said:

"It seems they're moving even faster."

Lin Tianhao raised his eyebrows slightly and said:

"Come in."

Shangguan Hongxun strode in. He glanced at the Dean of Bai Li Academy.

The Dean of Bai Li Academy understood Shangguan Hongxun's meaning. He waved his hand and turned to leave.

After the Dean of Bai Li Academy left, Shangguan Hongxun said in a deep voice:

"Lord Palace Master, Yao Wenshan just sent an urgent report that large-scale poisoning incidents have occurred in more than twenty-eight towns within the Shanhai Empire."

"This incident came extremely suddenly. The twenty-eight towns are distributed all over the country. He has already sent people to deal with it, but most of them were ambushed on the way, and even several Ninth-Rank Diamond experts have fallen as a result."

Lin Tianhao narrowed his eyes. It seemed that what the Dean of Bai Li Academy said was true.

It's just that these Arlett Star System trash were moving faster than he thought.

They were trying to force him to show himself!!

Especially the toxins they used were very likely related to the Sand Sea Poison Emperor.

This meant that.

Those guys from the Arlett Star System had likely already contacted the Sand Sea Poison Emperor.

It's just that.

Even if they were going to take action, they should have done it three days later.

That's when the top sixteen to eight matches of the Holy Land Lord Championship would start, making it impossible for him to be everywhere.

But now...

Suddenly.

Lin Tianhao realized something.

They should have taken action before the Holy Land Lord Championship, but Yao Wenshan only reported the problem today after the first match ended.

"Give me the information on the poisoned towns. I'll go there."

A cold light flashed in Lin Tianhao's eyes, and the anger in his heart was constantly rising.

"Ding, detected that the Shanhai Empire's national fortune has been damaged, Human Emperor title all-attribute increase -1%."

Lin Tianhao clenched his fists instantly. These guys really deserved to die!!

Knowing that they couldn't solve him in a direct battle, they actually resorted to these crooked ways.

Shangguan Hongxun handed a memorial to Lin Tianhao.

Lin Tianhao opened it and the first thing he saw was a place very familiar to Lin Tianhao.

Sunset Town!!

This small Sunset Town had become a nest for these guys to cause trouble.

Lin Tianhao sacrificed the Kunlun Mirror, took a step, and came directly to Sunset Town.

Just as he arrived at the outskirts of Sunset Town, Lin Tianhao saw that the entire Sunset Town was shrouded in poisonous fog.

His Eye of Insight scanned over, and the entire Sunset Town was littered with corpses.

Lin Tianhao's Eye of Insight continued to spread out.

Didn't those guys kill the people Yao Wenshan sent to dispatch?

Therefore.

There must be experts in this vicinity.

"Found them."

Lin Tianhao moved, his body turned into an afterimage and rushed towards a direction.

"Black Heaven Proud Truth."

Lin Tianhao's current output ability was too strong. If he directly took action, he could probably instantly kill these two guys.

In the northeast direction of Sunset Town, about ten miles away, two Ninth-Rank Diamond experts were hiding in a barrier.

The level of this barrier wasn't high, and Lin Tianhao's Eye of Insight easily spied on them.

"Xue Di, an adventurer, what qualifications does he have to be the Lord of the Mortal Palace? This time, following the Luo Tian Sect, we will definitely bring Xue Di down."

One of the Ninth-Rank Diamond experts said in a cold voice.

The other person also said very approvingly:

"That's right, letting an adventurer be the Lord of the Mortal Palace is simply outrageous!!"

Chapter 1008 - The son of the previous Lord of the Mortal Palace?

"The Snow Emperor is very powerful. If he wants to join the Mortal Palace, giving him the position of Chief Disciple would be no problem for me."

"But to actually let him become the Lord of the Mortal Palace, I don't know what those people above are thinking."

Lin Tianhao and Hei Tianaozhen stood together, listening to their conversation.

"I'm not worthy to be the Lord of the Mortal Palace? Then who do you think is suitable to be the Lord of the Mortal Palace?"

"Of course, it's our Lord of Luo Tian!" One of them replied subconsciously.

However.

As soon as he said this, he realized something was wrong.

Almost instantly, the two of them unleashed their domains.

However.

The moment their domains were unleashed, they were suppressed by Hei Tianaozhen's tyrannical power.

The difference between two Rank 9 Diamond-level professionals and Hei Tianaozhen was not just a small gap.

“Listening to you, you have a big opinion on me becoming the Lord of the Mortal Palace?”

Although the two of them couldn't move, their faces didn't show any fear.

One of them stared coldly at Lin Tianhao and roared:

“You are an adventurer. What you should be doing is taking on missions and growing stronger. But look at what you have done?”

“The Lord of the Mortal Palace shouldn't be you, but should be a true inheritor of the Mortal Palace like the Lord of Luo Tian.”

“Lord of Luo Tian?”

Lin Tianhao raised his eyebrows. “May I ask, how are you so sure that the Lord of Luo Tian you speak of is the true inheritor of the Mortal Palace?”

“Hmph, the Lord of Luo Tian is the son of the previous Lord of the Mortal Palace. He has a handwritten letter from the previous Lord of the Mortal Palace. He is the true inheritor of the Mortal Palace.”

“And you are just an upstart who usurped the throne, a rebellious traitor!!”

Lin Tianhao was stunned when he heard this.

The son of the Lord of the Mortal Palace?

He also has a handwritten letter from the previous Lord of the Mortal Palace?

The true inheritor of the Mortal Palace?

This is really a brainwashing session as fierce as a tiger, and there are always idiots who will fall for it!!

It is really difficult to measure the intelligence of people.

Because you can't judge whether the other person is an idiot until you hear what they have to say.

Even if the other person is a Rank 9 Diamond-level expert.

A hint of anger appeared on Lin Tianhao's face, and he pointed to Sunset Town behind him.

"I am a rebellious traitor, then what is this?!!"

"So many innocent people in Sunset Town were poisoned to death like this. Is this something that the true inheritor of the Mortal Palace can do?!"

Another Rank 9 Diamond-level expert sneered, "Snow Emperor, are you ashamed and turning to anger?"

"Lord Luo Tian has investigated everything clearly. These troublemaking commoners in Sunset Town are all private soldiers you raised."

Private soldiers??

As a border town, the overall strength of the professionals in Sunset Town is indeed a bit stronger than some other towns.

But this stronger is very limited!!

After all, if there are really powerful professionals, they can seek better development, and there is no need to stay in Sunset Town.

"I really want to dig open your brain and see if it's filled with '82 vintage giant dung."

"Do I need to raise private soldiers?"

"I led the Mountain Sea Empire to recovery step by step. So many holy lands in front were solved by me one by one. Do I need to raise private soldiers?"

"Now the Mountain Sea Empire and the Mortal Palace are completely under my control. Do I need to raise private soldiers?"

Lin Tianhao was very angry because he realized something bad.

For a Rank 9 Diamond-level professional to be brainwashed like this, it can't be done with words alone.

Moreover.

Those guys in the Alett Star System knew he was coming, but they still let two Rank 9 Diamond-level professionals guard here. What does this mean?

It means that they don't care about the life or death of these two Rank 9 Diamond-level professionals.

If that's the case, can it be understood that their brainwashing ability can even brainwash stronger people, so that they can be used by them.

Although this sounds a bit bizarre, it is not entirely impossible.

If Lin Tianhao's guesses are true, then the current situation of the Mountain Sea Empire is probably more serious than he imagined.

Even.

It is possible that in addition to the people in the Mortal Palace, the number of experts in the Mountain Sea Empire who have been brainwashed is very large.

Lin Tianhao had previously completed Ouyang Wenlong's test mission, cured Shangguan Hongxun, so that everyone in the Mortal Palace would be absolutely loyal to him.

In fact, looking at this mission now, it is obvious that the great being gave him special treatment.

Because from the current perspective, Ouyang Wenlong could not give out such a reward as “making everyone in the Mortal Palace absolutely loyal to him”.

There is only one possibility, that the great being gave Ouyang Wenlong such mission authority.

It's similar to Lin Tianhao himself.

As the Lord of the Mortal Palace, he can also issue many missions.

And now, many of the mission rewards he has are good things that he doesn't even have.

After hearing Lin Tianhao's words, these two Rank 9 Diamond-level professionals actually laughed disdainfully.

One of the Rank 9 professionals said:

“Hehe, Snow Emperor, you are not a fool either. You must know that the Lord of Luo Tian is returning, and your position as the Lord of the Mortal Palace is unstable, so you established a private army in an attempt to compete with the Lord of Luo Tian.”

At this point.

The Rank 9 professional actually showed a smug look on his face, raised his head and laughed loudly:

“Hahaha, but Snow Emperor, your little trick has been completely seen through by the Lord of Luo Tian. The private soldiers you raised will be completely eliminated by us.”

“In the end, only you, the commander without an army, will be left, hahaha—”

Lin Tianhao: “.....”

This really left Lin Tianhao speechless.

It can only be said.

That these guys in the Alett Star System are really too good at brainwashing.

“Aozhen, what do you think?”

Lin Tianhao didn't continue to argue. These two guys had already been poisoned and brainwashed. Saying more to them would be like playing the lute to a cow.

Hei Tianaozhen frowned slightly, “This doesn't seem like simple brainwashing, it's more like ideological obscuration. This is more like the ability of Confucianism or the soul system.”

“Confucianism?”

Lin Tianhao immediately thought of the Dean of the Baili Academy.

That old boy is very suspicious.

He came to talk to him about cooperation, and as soon as they finished talking, something happened on the border of the Mountain Sea Empire. This seems too coincidental no matter how you look at it.

“Let’s go, take them back.” Lin Tianhao said lightly.

The degree to which these two people have been brainwashed is indeed strange. He still needs to go back and have people study these two guys.

At least, he needs to figure out how those guys in the Alett Star System did it.

Chapter 1009 - A new use for absolute loyalty!

Fan Hall.

Lin Tianhao had Hei Tianao imprison them in the Primordial Black Tower and brought them back.

This time.

Lin Tianhao was preparing to exploit a BUG.

This was something Lin Tianhao had only thought of after returning to Fan Hall.

With two people, he could use one of them to exploit a BUG. If he could succeed, it would be interesting.

Inside Fan Hall.

Lin Tianhao released a ninth-rank diamond-level professional.

This ninth-rank diamond-level professional looked at Lin Tianhao with sharp eyes and said in a cold voice:

"Snow Emperor, I, Zhou Honghu, am not easily intimidated. Now that I have fallen into your hands, you can kill or cut me as you please!!"

"However, don't even think about getting any information from me."

Hearing this.

Lin Tianhao smiled and waved his hand, saying:

"Although I don't know why you believe in your so-called Lord of the Heavens so much."

"However, I can feel that you have no disloyal intentions towards Fan Hall. You just feel that I am not worthy of being the master of Fan Hall."

Zhou Honghu nodded without hesitation, and said righteously:

"That's natural."

"My loyalty to Fan Hall can be witnessed by heaven and earth, and illuminated by the sun and moon. It is not something that a rebellious traitor like you can compare to."

Lin Tianhao was not annoyed, but just smiled and nodded, saying:

"Let's not argue about this issue for now. Since you are loyal to Fan Hall, are you willing to join Fan Hall?"

Zhou Honghu was stunned for a moment, then said with some suspicion:

"You want to recruit me?"

"I, Zhou Honghu, would rather die than accept your recruitment."

Lin Tianhao waved his hand and said:

"Zhou Honghu, you are misunderstanding me. Are you loyal to Fan Hall?"

Zhou Honghu still nodded, "I am loyal to Fan Hall, but I am definitely not loyal to you."

Lin Tianhao waved his hand and said:

"I didn't ask you to be loyal to me. By joining Fan Hall, you can naturally serve Fan Hall better, can't you?"

"You're lying!!"

"If the Lord of the Heavens knows that I have joined Fan Hall, he will definitely not reuse me."

Lin Tianhao held his forehead.

This guy had been brainwashed, and there was indeed a big problem.

With this kind of brain, even if he's not smart, at least he's not stupid, and shouldn't be brainwashed so easily by the tricks of that Lord of the Heavens.

"What would I gain from lying to you? If I just didn't want you to gain the trust of the Lord of the Heavens, I could just kill you."

"I now promise that as long as you join Fan Hall, I will let you leave. You can consider it carefully."

"If you don't agree, then your so-called loyalty to Fan Hall is just nonsense. It can only be said that you are a traitor, a traitor full of lies!!"

"Okay, are you sure that as long as I join Fan Hall, you will let me leave?"

Zhou Honghu was still a little uncertain, and he asked in a deep voice.

Because joining Fan Hall didn't seem to be a big loss for him.

"Okay, I agree to join Fan Hall."

A satisfied smile appeared on Lin Tianhao's face.

The reason why he came here to exploit a BUG was because people who joined Fan Hall would be absolutely loyal to him.

Therefore.

If this brainwashed Zhou Honghu joined Fan Hall, what would happen?

Could the power of brainwashing contend with the power of absolute loyalty?

That would be interesting.

Lin Tianhao threw a token of an outer hall deacon to Zhou Honghu, and said with a smile:

"Zhou Honghu, from today onwards, you are our outer hall deacon."

Zhou Honghu took the token thrown by Lin Tianhao, and his eyes changed subtly at the moment he caught the token.

Immediately afterwards.

Zhou Honghu stood there, stunned for a long time, before kneeling down with a thud.

"Subordinate Zhou Honghu pays respects to the Hall Master. Subordinate was confused and actually wanted to use the fallacies of that evil cult to harm the compatriots of the Mountain and Sea Empire. Subordinate deserves to die for his crimes!!"

Lin Tianhao's lips curled up, and a meaningful smile appeared on his face.

Zhou Honghu's reaction undoubtedly confirmed that Lin Tianhao's guess was correct.

Strictly speaking, he wasn't exploiting a BUG.

After all, this was a trait he already possessed.

"Who is the Lord of the Heavens you speak of?" Lin Tianhao asked.

"I don't know. He claims to be the son of the previous Hall Master of Fan Hall, and he does have letters in his hand, as well as the support of Pantian Temple in our Mountain and Sea Empire."

"In the court of this Mountain and Sea Empire, more than half of the civil and military officials have defected to him."

"No, to be precise, they have been bewitched by him."

At this point.

Zhou Honghu fell into thought.

After a while.

He said unhurriedly:

"Now that I think about it, it is indeed strange."

"The things that the Lord of the Heavens said were obviously full of loopholes, but I was deeply convinced at the time. My trust in him had reached a point of blind faith."

Lin Tianhao's eyes narrowed slightly, blind faith?

How was this somewhat similar to his absolute loyalty.

It's just that the level of the trait should not be as high as his absolute loyalty.

"What is the level of the Lord of the Heavens?" Lin Tianhao asked again.

"I don't know, but many people say he is King-level," Zhou Honghu said.

Lin Tianhao nodded lightly and said:

"Write down all the people in the court of the Mountain and Sea Empire who have been bewitched by the Lord of the Heavens."

"Okay."

Zhou Honghu took out paper and pen and began to write.

"I don't know everyone."

"Well, write as much as you know, and forget about those you don't know."

Zhou Honghu wrote more than a hundred names in a row, and these names were preceded by the positions these people held.

Lin Tianhao only glanced at it and couldn't help but feel a chill down his spine.

Because there were generals guarding one side, and people in all three ministries and six departments were on this list, and their positions were not low.

The most important thing was.

Even the concubines and eunuchs around the emperor Yao Wenshan had been infiltrated.

The degree of infiltration of these guys had exceeded Lin Tianhao's expectations.

The most critical point now was how they were brainwashed.

Pantian Temple??

Lin Tianhao had heard of this Buddhist force within the Vast Continent.

Pantian Temple was not a Holy Land-level force, but just a relatively powerful first-class force.

In the Mountain and Sea Empire.

There were still some first-class forces similar to Pantian Temple, so Lin Tianhao didn't care too much about it.

"You just mentioned Pantian Temple, do they have anything special?" Lin Tianhao asked.

Hearing this.

Zhou Honghu frowned slightly, "I don't know, but during the time I believed in the Lord of the Heavens, the impression of Pantian Temple in my mind was very deep."

"Before that, the position of Pantian Temple in my heart was even higher than that of the Lord of the Heavens."

"This feeling is very strange. I clearly believe in the Lord of the Heavens, but I always think of Pantian Temple in my heart."

After listening to Zhou Honghu's words, Lin Tianhao already had a guess in his mind.

The problem was in Pantian Temple!!

Chapter 1010 - Weird Buddha and Immortal Buddha!

Lin Tianhao and Hei Tianao exchanged a look, both already having the answer in their hearts.

Pantian Temple!!

When Lin Tianhao and Hei Tianao arrived here, a bright moon hung high in the sky.

Seeing this scene,

Hei Tianao couldn't help but smile and say:

"My lord, it seems even the heavens are helping you."

Lin Tianhao raised his eyebrows and said:

"Are you implying that you don't think we can solve the problem of this Pantian Temple on our own?"

Hei Tianao spread his hands and said:

"It's always good to be careful."

"Their brainwashing ability is indeed a bit strange."

Lin Tianhao nodded.

In his previous life, although the Arlett Star System also had some brainwashing methods, there were very few similar to Zhou Honghu.

Because generally, brainwashing and bewitchment involve deceiving others to achieve a fraudulent effect.

However, this kind of bewitchment usually relies on a cognitive gap or only works on relatively stupid people.

The second type.

Is drug-induced hallucination + brainwashing and bewitchment.

Because ordinary people might find it difficult to detect drug-induced hallucination, but a being of Hei Tianao's level wouldn't have noticed anything at all.

Apart from the above two methods, to make humans like Zhou Honghu, who have their own thinking ability but are still completely bewitched, it can almost be certainly said to be extraordinary power.

That is, similar to Lin Tianhao's current 'Absolute Loyalty' entry power.

In this Pantian Temple, there is likely an entry similar to 'Absolute Loyalty'.

It's just that the Pantian Temple's entry level is not as good as his 'Absolute Loyalty'.

Although it was night,

There were still patrolling warrior monks outside Pantian Temple.

Just as Lin Tianhao was about to enter directly, Hei Tianao stopped him.

"Someone's there."

Hearing this,

Lin Tianhao immediately restrained his aura and looked in the direction Hei Tianao indicated.

Of course,

Lin Tianhao did not directly pry.

If it was a strong person, if he were to pry directly, he would probably be discovered.

That person was wearing a black robe, and Lin Tianhao only caught a glimpse, so he didn't see who it was.

"It's the Sect Leader of the Yin Yang Joyful Union Sect."

Lin Tianhao didn't see it, but Hei Tianao saw it clearly.

"Is it him?"

Lin Tianhao was a little surprised; there was indeed a problem with the three holy lands that came from outside the region this time.

When the Dean of the Baili Academy was looking for him, the border just happened to have an incident.

Now, late at night, the Sect Leader of the Yin Yang Joyful Union Sect actually ran to Pantian Temple.

Lin Tianhao didn't quite believe that they had no problem.

"Someone else is coming."

A strange look appeared on Hei Tianao's face.

"The Master of the Magic Serpent Cave, a holy land from overseas."

Lin Tianhao narrowed his eyes; interesting, it's getting more and more interesting.

If he hadn't come here today, he probably wouldn't have dreamed that Pantian Temple, a first-rate force, could actually have two holy land masters visit late at night.

The most crucial thing is.

These two are both pseudo-God King level experts; among the thirty-two holy land masters participating in this Holy Land Master Tournament, they are definitely at the ceiling level.

Moreover.

There is also a very crucial issue.

That is, whether it is the Yin Yang Joyful Union Sect or this Magic Serpent Cave, they don't seem to be forces from the Vast Expanse Continent.

How could they have any intersection with Pantian Temple?

Unless, Pantian Temple took the initiative to invite them!!

Or perhaps.

They had been in contact before, but this time they were just caught by him.

If that's the case, then it's terrifying.

A force that is already very strange is also colluding with holy lands from other places.

The key is.

This strange force is in his territory, which makes Lin Tianhao very uncomfortable.

"What to do?"

Hei Tianao asked.

Lin Tianhao smiled, "What else can we do? Go in and take a look."

Hei Tianao took Lin Tianhao a step forward and disappeared on the spot.

As a half-Emperor level expert, it's not difficult to bring Lin Tianhao in.

This Pantian Temple looks very normal; Pantian Temple at night is very quiet, and except for the patrolling warrior monks, people are basically not seen in other places.

However.

After entering Pantian Temple, Lin Tianhao heard a faint chanting sound in his ears.

Lin Tianhao didn't care too much; hearing the sound of chanting in a temple is the most normal thing, isn't it?

But Hei Tianao raised his hand and condensed a barrier, shrouding him and Lin Tianhao inside.

"There's something wrong with this sound; I can't even find the source of the sound."

Lin Tianhao was a little surprised; this Pantian Temple is getting stranger and stranger.

At this moment.

Nidalee, who hadn't spoken for a long time, suddenly spoke with a somewhat solemn voice.

"This place is very ominous."

Hearing this,

Lin Tianhao subconsciously asked:

"Senior, have you seen any problems?"

Nidalee said seriously:

"The stone slabs under your feet are made of powder ground from the spiritual platform bones three inches above the heads of virgin boys and mixed with the heart blood of young girls."

"This thing is called the Yin Yang Demonic Heart Stone, and it's very evil."

Lin Tianhao was stunned; it was the first time he had heard of this Yin Yang Demonic Heart Stone.

And Hei Tianao, looking at the stone slabs under his feet, even showed a look of horror on his face.

"Is this really made of spiritual platform bones??"

"What's wrong?" Lin Tianhao asked softly.

Hei Tianao took a deep breath and said slowly:

"The spiritual platform bone is a bone three inches above the top of a person's head that draws the energy of heaven and earth into the body; this bone is only the size of a thumb's nail."

"My lord, look how big this Pantian Temple is? To be precise, just one of these stone slabs under your feet probably requires no less than a thousand spiritual platform bones."

"The key is, this is still from virgin boys."

After hearing Hei Tianao's explanation, Lin Tianhao couldn't help but feel a chill down his spine.

In his previous life, he had also heard of some evil cultivators who used cruel methods to improve their strength.

But he had never heard of any evil cultivator who was so cruel.

Just one of these stone slabs under his feet was actually made from the spiritual platform bones of thousands of virgin boys.

No, that's not right.

It's not just the spiritual platform bones of virgin boys, but also the heart blood of young girls.

In other words.

This one stone slab cost the lives of at least two thousand virgin boys and girls.

This Pantian Temple is a Buddhist force!!

Lin Tianhao only felt a chill down his spine.

"Don't be too surprised; Buddhism has always had two factions since ancient times, one is the Strange Buddha and the other is the Immortal Buddha."

Nidalee looked serious and continued:

"Most of the Buddhas you see are Immortal Buddhas; Immortal Buddhas seek the Great Dao, compete for luck, compete for incense, and compete for merit."

"What they emphasize is conforming to the way of heaven in order to contend for great power."

"But the Strange Buddhas are just the opposite; they feel that conforming to the way of heaven is impossible to surpass the way of heaven itself."

"Therefore, they choose to go against the heavens!!"
