

## O game 1021

Chapter 1021 - Heart blood and job change scroll!

After all, things like God-tier hidden class change scrolls are hard to come by.

"The God-tier hidden class change scroll is fine, but I can only agree to let you leave by yourself."

Lin Tianhao said unhurriedly.

"The God-tier hidden class change scroll he's talking about is with me, and I'm the one who will give it."

Abbot Wuyou said calmly.

"Lord Xue Di, I, Wuyou, am just a nobody. Why don't you just treat me like a fart and let me go?"

Lin Tianhao smiled noncommittally and said:

"Do I, Xue Di, look like someone who's easy to talk to? If you come to me today and ask me to collect less, and Zhang San asks to collect less tomorrow, and Li Si asks to collect less the day after, where will I, Xue Di, put my face?"

Abbot Wuyou's expression became extremely ugly upon hearing Lin Tianhao's words.

He originally thought that offering a God-tier hidden class change scroll would make Lin Tianhao let them go.

But he didn't expect that Lin Tianhao's greed had completely exceeded their imagination.

"Xue Di..."

Abbot Wuyou wanted to say something, but Lin Tianhao raised his hand to interrupt him.

"I don't like haggling, and don't blame me for not giving you a chance. If you want me to let you go, you can, join our Fan Palace, become a member of our Fan Palace, and I will naturally let you off! !"

Abbot Wuyou's face became even more unsightly. He glanced at Lin Tianhao and said:

"Xue Di, I'm not a fool either. Reverend Zhenshen, Reverend Jile, and Reverend Mochou have all undergone some changes after joining your Fan Palace."

"They seem to have pledged allegiance to you, although I'm not quite sure how you did it."

"But I know that if I join the Fan Palace, I will become your slave."

Abbot Wuyou gritted his teeth and said coldly:

"Xue Di, I respect you because you revived the Mountain Sea Empire, otherwise, there would be nothing for our Pan Tian Temple to do."

"A God-tier hidden class change scroll is already a lot. How about letting me and Samsara Son leave?"

"No way."

Lin Tianhao said indifferently, "I told you, I don't like haggling."

Samsara Son sneered and scolded:

"What's the point of talking so much to him? At worst, we'll fight to the death. By then, he won't get the God-tier hidden class change, and he might not be able to kill us for sure. He'll regret it when he suffers a loss."

Hearing this.

Lin Tianhao couldn't help but laugh, "I might suffer a loss, but... you might die! !"

"It's too early to talk about death now."

Samsara Son rebuked angrily. In the next moment, he had already appeared behind Lin Tianhao.

"No! !"

Abbot Wuyou was shocked.

He obviously didn't want to fight Lin Tianhao, but Samsara Son's movements were too fast.

He didn't even react before Samsara Son's attack reached Lin Tianhao.

Seeing this.

Hei Tianaozhen took action without hesitation, striking first and sending Samsara Son flying with a slap.

"Overestimating yourself! !"

"Eh..."

Lin Tianhao was slightly surprised because although Samsara Son was sent flying by Hei Tianaozhen, he didn't lose any health.

Lin Tianhao narrowed his eyes, slightly surprised.

"Is this transcending the Three Realms and not being within the Five Elements?"

Hei Tianaozhen was at least a semi-Emperor powerhouse, even if he didn't use his full strength in that attack just now, it shouldn't have been blocked so easily.

Samsara Son stared at Lin Tianhao with a strange smile, his mouth full of sharp fangs looking a little ferocious.

"Xue Di, let's stop here. We are just bugs and rats in the sewers. We never thought of seeing the light, let alone being your enemy."

Hearing this.

Lin Tianhao smiled noncommittally and said:

"I said, if you want to leave, you can, but show some sincerity. One God-tier hidden class change scroll can only let one person leave."

Abbot Wuyou and Samsara Son looked at each other. They were very dissatisfied and even a little annoyed with Lin Tianhao's outrageous demands.

But they were both very clear that Lin Tianhao was too strong, so strong that he was like a BUG under this Twilight of the Gods.

Even if Samsara Son had already transcended the Three Realms and was not within the Five Elements, he still didn't have the confidence to escape from Lin Tianhao's hands.

"Plus a drop of my heart's blood, which can transform your health, even true damage can still be reduced."

"Oh?"

Lin Tianhao raised his eyebrows slightly, becoming a little interested.

"How much health can your so-called reduction reduce?"

"It will make one drop of your health worth three drops in a normal situation."

Lin Tianhao was originally very interested.

But that's it?

His current physique transformation level has reached as high as one hundred and ninety-nine.

Adding these three drops, he would only increase from one hundred and ninety-nine to two hundred and two, the overall increase was not obvious.

"Not enough, ten drops," Lin Tianhao said.

Samsara Son was stunned.

Ten drops? ? ?

Are you kidding me?

Listen to this, is this human language?

Ten drops! !

"Xue Di, don't joke around, heart's blood, I will hurt my origin if I take out one drop, I really can't take out more heart's blood."

A cold light flashed in Lin Tianhao's eyes, "Alright, I'll give you a bottom line, three drops, either take it or fight! !"

Samsara Son's face changed again and again.

He could barely take out three drops of heart's blood.

But if he took three drops of heart's blood, he would fall into a period of weakness.

After only a moment of hesitation, Samsara Son nodded and agreed.

"Okay, it's a deal, three drops."

Samsara Son placed his claw-like palm on his chest, and three drops of ink-black blood slowly separated from his chest.

Lin Tianhao glanced at it and immediately saw the introduction above.

Samsara Son's Heart's Blood: Special.

Usage Requirements: None (Note: This item is a one-time item and disappears after use.)

Effect: After use, your physique will transform, making one point of your health comparable to three points of health.

Abrasion Resistance: 100.

Lin Tianhao raised his eyebrows. Reverend Zhenshen saw this scene and opened his mouth, wanting to say something.

But the Reverend Jile next to him stopped Reverend Zhenshen from speaking.

Obviously.

Reverend Zhenshen didn't actually want Lin Tianhao to let Samsara Son leave.

Lin Tianhao really didn't pay attention to them and directly put away the three drops of heart's blood.

"What about the God-tier hidden class change scroll?" Lin Tianhao asked.

Abbot Wuyou took out a scroll and threw it directly to Lin Tianhao.

Lin Tianhao glanced at it and only spoke indifferently after confirming that there was no problem with the scroll:

"You can leave now."

Chapter 1022 - Experimental entry, soul-burning and spirit-burning lamp!

After they left, the black energy on Monk Zhenshan's body still hadn't been forced out.

Lin Tianhao frowned, looking at Monk Zhenshan's pained expression, and asked:

"What did you want to say just now?"

Monk Zhenshan slowly opened his mouth, "Temple Master, this black energy is so strange, I can't dispel it at all."

Lin Tianhao smiled and said:

"If you can't dispel it, then I'll help you get rid of it!"

As soon as he finished speaking.

Lin Tianhao activated Arrow From the Heart, instantly locking onto Monk Zhenshan.

"Whoosh whoosh whoosh——"

Looking at the arrows flying towards him.

Monk Zhenshan was shocked, he never expected that Lin Tianhao would attack without hesitation, not leaving any room for discussion.

"No, Temple Master!!"

Monk Zhenshan only had time to beg for mercy before Lin Tianhao's arrows completely enveloped him.

Immediately afterwards.

As the arrows fell, Monk Zhenshan's health bar was completely emptied.

"Ding, congratulations, you have successfully killed Monk Zhenshan, a server-wide announcement will now be made, do you want to hide your name?"

"No."

"Server-wide announcement, congratulations to player Xue Di for successfully killing Monk Zhenshan, hereby announced, hoping that all adventurers will continue to work hard!!"

.....

Seeing Lin Tianhao kill Monk Zhenshan so easily.

Monk Jile and the other two disciples of Pantian Temple looked at each other.

Obviously.

They never expected that Lin Tianhao would be so decisive, not leaving any room for discussion, and attacking as soon as he said he would.

"What? Scared?"

Lin Tianhao glanced at Monk Jile and the other two.

Monk Jile and the other two quickly bowed respectfully, "No."

"From the moment we joined the Mortal Palace, we have sworn in our hearts that no matter what, we will absolutely be loyal to the Temple Master."

"Our lives belong to you, Temple Master. If you want us to live, we will live. If you want us to die, we will have no complaints."

Lin Tianhao nodded secretly, thinking that it was indeed so!

He had thought before whether absolute loyalty would waver because he did some very excessive things.

Now it seems.

Even if he did some very excessive things, under the effect of absolute loyalty, there would be no problems.

Taking a deep breath.

A shallow smile appeared on Lin Tianhao's face.

Lin Tianhao raised his hand and pointed at the two Pantian Temple disciples.

Hearing this, the two Pantian Temple disciples showed shock on their faces.

Monk Jile also widened his eyes, somewhat unable to believe that Lin Tianhao would issue such an order.

"Temple Master, they have been conscientious in Pantian Temple, you..."

Lin Tianhao raised his hand to interrupt Monk Jile, and said indifferently:

"My order, do you think there's a problem?"

He just wanted to test today to what extent this absolute loyalty had reached.

Lin Tianhao would feel a little unbearable to experiment on other people.

But these people in Pantian Temple were already unscrupulous and had done all kinds of bad things, so Lin Tianhao felt at ease using them for experiments.

Lin Tianhao wanted to see what Monk Jile would do, and what these two Pantian Temple disciples would do.

"The Temple Master's order, this subordinate dares not disobey."

Monk Jile said solemnly.

"You two have just heard, as the saying goes, a ruler wants his subject to die, and the subject has no choice but to die!!"

"Since the Temple Master wants you to die, then you can rest assured on your way."

The corners of Lin Tianhao's mouth rose, and his eyes fell on the two Pantian Temple disciples. Their eyes exchanged frantically, and finally they knelt down with a "thump".

"Temple Master, take care!!"

As soon as he finished speaking.

They kowtowed to Lin Tianhao several times in a row with a "bang bang bang".

"Uncle-Master Jile, come on, since the Temple Master wants us to die, we two have no complaints."

Looking at their appearance of generously going to death, Lin Tianhao had basically confirmed the guess in his heart.

Absolute loyalty is above life, even if his orders are outrageous, there will still be many people who obey, which is the outrageous effect of absolute loyalty.

That way.

Lin Tianhao can rest assured.

Because Lin Tianhao had been worried before.

What would happen if the people who joined the Mortal Palace were threatened with their lives, or other aspects?

After all, in many cases, life is paramount.

When faced with a real life-and-death crisis, some entries may not be useful.

But now it seems that he was a little worried for nothing.

However.

Since it's a test.

Then Lin Tianhao naturally has to test to the end.

"Monk Jile, if I ask you to commit suicide here, are you willing or unwilling?"

Monk Jile's expression changed drastically. Everything Lin Tianhao did made him very painful.

Whether it was Lin Tianhao killing Monk Zhenshan, or Lin Tianhao asking him to kill the two Pantian Temple disciples, he resisted in his heart.

But now, Lin Tianhao actually asked him to commit suicide, which made him even more unacceptable.

But after hearing Lin Tianhao's order, he couldn't bring himself to resist at all.

"Temple Master, take care!!"

Monk Jile bowed respectfully to Lin Tianhao, and his body began to disintegrate gradually.

Lin Tianhao raised his eyebrows, looking at the other party dying in front of him, his heart didn't fluctuate at all.

This entry of absolute loyalty after joining the Mortal Palace, Lin Tianhao had never paid much attention to it before.

But today, Lin Tianhao realized the power of this entry.

Looking around, Lin Tianhao called Nidelifu out.

"Senior, there are so many strange items in this Pantian Temple, what do you think should be done with them?"

Nidelifu was actually shocked by Lin Tianhao's actions just now.

But she was also considered to have seen the world, and after a little thought, she had already guessed the purpose of Lin Tianhao's actions just now.

"There is nothing wrong with weapons and equipment themselves. Although these strange items were stained with the spirits and blood of a large number of living beings when they were refined, there is nothing wrong with them themselves."

Lin Tianhao smiled and said:

"That's what I think too. Weapons need to be in the hands of the right people."

Next.

Under Nidelifu's guidance, Lin Tianhao collected one strange item after another.

Soul-Burning Lamp, Corpse Mountain Seal, Demon Heart Needle...

This time Lin Tianhao's harvest was not small.

If it were ordinary items, they might not be of much help to Lin Tianhao.

But these strange items are different, their effects are very strange and powerful, even Lin Tianhao can be helped.

For example, this Soul-Burning Lamp, after being lit, in the place illuminated by the lamp, except for the caster himself, the three souls and seven spirits of other people will be ignited and burned, causing permanent damage to the enemy's soul!!

In fact, there are still many ways to attack the three souls and seven spirits, but the truly powerful part of this Soul-Burning Lamp is permanent damage!!

Chapter 1023 - Physical transformation, supreme archery god!

If an enemy's soul force is 10,000, after their three souls and seven spirits are burned by the Soul Burning Lamp, their soul force might become 8,000.

The other 2,000 will be permanently lost, which is the scariest part!!

Although Lin Tianhao's Hand of Heavenly Punishment is powerful and can deal extremely terrifying damage,

it cannot inflict permanent damage on targets like this Soul Burning Lamp.

Other strange items also have their uses, but their effects vary, though they are all somewhat useful to Lin Tianhao.

To say nothing else.

These strange items at least add a bit of color to Lin Tianhao's originally monotonous combat methods.

Returning to his thoughts.

Lin Tianhao took out the heart blood of the Three Lives Reincarnation Child. This thing is still useful and will help him to some extent.

“Ding, you have used the heart blood of the Three Lives Reincarnation Child, your physique is undergoing transformation...”

“Ding, your physique has completed transformation, your health bar has become even more bizarre. When taking damage, your health bar will be more resistant, including but not limited to true damage, bleeding, burning, etc. For every 202 points of damage, you actually lose 1 point of health.”

“Ding, you have used the heart blood of the Three Lives Reincarnation Child, your physique is undergoing transformation...”

... ..

Continuous prompts sounded, and Lin Tianhao's physique increased from the original ratio of 199 to the current 208.

Now.

Lin Tianhao can withstand 208 points of damage before losing one point of health.

In addition, with the damage reduction effect of Lin Tianhao's Hand of Heavenly Punishment equipment and damage transfer, Lin Tianhao can now be considered an unkillable cockroach.

Most importantly.

Lin Tianhao's Hand of Heavenly Punishment has undergone an evolution, and his normal attacks can restore 4% of his maximum health!!

This makes Lin Tianhao basically a perpetual motion machine. Under normal circumstances, Lin Tianhao doesn't need these strange items at all.

However.

This also makes Lin Tianhao want to find more Flowers of Heavenly Punishment Evolution.

His talent is already Super God-tier. If he has enough Flowers of Heavenly Punishment Evolution to max out his talent, how strong would he be?

It's just that Lin Tianhao's combat power has increased rapidly during this time. Except for when he was in Wanglai City, Lin Tianhao already has a feeling that he is invincible in the world.

Next.

If there is a chance, he still needs to continue looking for Flowers of Heavenly Punishment Evolution.

The reason he can achieve what he has today is, frankly speaking, because talent is his foundation.

Next.

Is the God-tier hidden class transfer scroll for archers in his hand.

Lin Tianhao narrowed his eyes, this...

No wonder a God-tier hidden class dares to be called Supreme Arrow God.

This effect is indeed awesome!!

Normal attacks can temporarily increase attributes, and 1% of the stacked attributes can become permanent attributes after the battle.

It's just that Lin Tianhao is not yet clear how large the increase in health is.

But none of this matters, after all, Lin Tianhao can no longer transfer classes now.

As for who to give this Supreme Arrow God transfer scroll to, Lin Tianhao already has someone in mind.

One Arrow Breaks the Sky. Lin Tianhao had previously given him the quest scroll for the God-tier hidden class transfer scroll, and he has now completed the transfer.

Besides One Arrow Breaks the Sky.

There is also Shoot Through the Sky in Lin Tianhao's Fan Hall.

It's just that Lin Tianhao hasn't contacted Shoot Through the Sky for some time, and he doesn't know if Shoot Through the Sky has already transferred classes.

This God-tier hidden class is really super, super suitable for Shoot Through the Sky.

Shoot Through the Sky's talent is the kiting type, or it can be called the 'scratching' type.

Normal attacks reduce attack speed, movement speed, reduce the cooldown time and casting time of mages, but these... don't add damage!!

The biggest problem with Shoot Through the Sky's talent is that it lacks damage.

Because to make this talent work well, you must add attack speed and movement speed, and also add attack power.

And if most of the free attribute points are placed on attack speed, movement speed, and attack power.

Then there is also a very obvious problem.

That is... how to survive?

That is to say, Shoot Through the Sky's own kiting ability is extremely terrifying. In addition, with the help of the Qi family of Heavenly Bow Mountain behind him, and the top-notch equipment on his body, otherwise his talent would really only be able to play support.

At least.

Compared with those high-end combat powers of Twilight of the Gods, he can only play support.

It's similar to Monkey's Moral, Intellectual, Physical, and Aesthetic talent. Both are Saint-tier talents, but Monkey's talent obviously has a higher fault tolerance rate than Shoot Through the Sky's talent.

But.

If Shoot Through the Sky can transfer to Supreme Arrow God, then the concept is completely different.

Being able to continuously stack attributes while kiting, and being able to permanently increase 1% of the stacked attributes after the battle, how powerful is that?

Thinking like this.

Lin Tianhao directly sent a message to Shoot Through the Sky.

“Have you transferred classes?” Lin Tianhao asked.

Shoot Through the Sky replied after a few seconds:

“Not yet, but I have already prepared two Saint-tier hidden class transfer scrolls. If there are no better ones, I should transfer classes in a while.”

Lin Tianhao breathed a slight sigh of relief.

Shoot Through the Sky can be considered a resounding national hero when fighting against the Alette star system.

If he can help, Lin Tianhao will naturally not refuse.

“Take a look at this.”

Lin Tianhao sent the introduction of the Supreme Arrow God over.

“This hidden class seems to be very suitable for you.”

When Shoot Through the Sky saw the class introduction sent by Lin Tianhao, he was stunned.

It has been a year and a half since the Twilight of the Gods descended, and he has a very high understanding of the game Twilight of the Gods.

Otherwise.

He wouldn't be holding two Saint-tier hidden class transfer scrolls without transferring classes.

He obviously wants to aim for a higher hidden class.

“Snow Emperor, this thing... can you sell it to me?”

Shoot Through the Sky really, really wants it.

He now feels that his attributes are somewhat weak.

Although relying on the powerful kiting ability brought by absolute slowness, he can still have a chance to fight even when facing some masters with God-tier talents.

Even to defeat them.

But Shoot Through the Sky himself is also very clear that this thing will not last too long.

When the gap between his attributes and those of people with God-tier talents becomes larger and larger, his talent will only be able to play support.

But as a top archer, how can he be willing to be reduced to a support?

“I can't use this thing, I'll give it to you.”

Lin Tianhao directly traded the God-tier hidden class transfer scroll of Supreme Arrow God to Shoot Through the Sky.

Chapter 1024 - Heart of Heavenly Punishment: Five stars!

Seeing Lin Tianhao directly initiate the trade, Piercing the Sky couldn't help but be stunned.

For him, this favor was too great.

But he couldn't refuse.

"Thank you, Snow Emperor. Feel free to ask if you need anything in the future."

Lin Tianhao didn't care; he helped Piercing the Sky simply because he felt Piercing the Sky's character was sound.

After giving the Supreme Arrow God's job change scroll to Piercing the Sky, Lin Tianhao prepared to leave Pantiān Temple.

Just then.

A long-lost notification sounded in Lin Tianhao's mind.

"Ding, congratulations, your talent [Heart of Heavenly Punishment] has been successfully upgraded to five stars."

Lin Tianhao's eyes lit up.

With the Book of Life and Death's unremitting efforts, his Heart of Heavenly Punishment had finally reached five stars.

The level of the Heart of Heavenly Punishment now surpassed the Hand of Heavenly Punishment.

The Hand of Heavenly Punishment needed normal attacks to stack proficiency.

However, Lin Tianhao's current output ability meant he could resolve opponents with just a few arrows.

Therefore.

The speed at which the Hand of Heavenly Punishment stacked proficiency had also decreased significantly.

Heart of Heavenly Punishment (Transcendent Grade): Five Stars

Effect 1: Every time your skills deal damage to a living being, permanently increase five points of health.

The Heart of Heavenly Punishment's proficiency was indeed increasing very quickly.

The Book of Life and Death could steadily provide Lin Tianhao's Heart of Heavenly Punishment with 86,400 points of proficiency every day.

Except for a few occasions, the Book of Life and Death was basically in a non-stop state, continuously stacking health for Lin Tianhao.

Just then.

A server-wide announcement caught Lin Tianhao's attention.

"Server Announcement: Congratulations to player Hidden Nickname for successfully killing Worry-Free Monk. This is to inform everyone, and we hope all adventurers will continue to work hard!!"

... ..

Lin Tianhao's eyes narrowed slightly. Worry-Free Abbot hadn't been gone long, and he had already met his end.

Of the four abbots of Pantiān Temple, two had been killed by adventurers. This was quite interesting.

"It's her..."

Lin Tianhao's Eye of Insight spread out, and a look of surprise appeared on his face.

Because this time, the other party didn't run away or hide herself, but appeared at the entrance of Pantiān Temple with the Three Lives Reincarnation Child.

Lin Tianhao's figure turned into a blur, quickly arriving in front of this person, and said with some surprise:

"Su Li, I didn't expect it to be you."

Su Li nodded lightly, "Because the plan wasn't completed, I didn't meet you before. Now that the plan has succeeded, I still want to come and explain."

Lin Tianhao looked at the Three Lives Reincarnation Child, then at Su Li.

"This Three Lives Reincarnation Child, is it your contracted beast??"

"Yes."

Su Li nodded lightly, "I accepted Little Rain's mission to help the Three Lives Reincarnation Child escape from Pantiān Temple, and the benefit is that the Three Lives Reincarnation Child becomes my contracted beast."

The Three Lives Reincarnation Child grinned at Lin Tianhao, revealing a mouthful of sharp teeth.

"Hehe, Snow Emperor, we're family now, right?"

Lin Tianhao smiled and said:

"You feigned cooperation with Worry-Free Abbot, causing the four abbots of Pantiān Temple to fight among themselves, and then reaped the benefits."

"Then what about you? Why would Worry-Free Abbot trust you? Allowing you to deliver the final blow to kill Mo Chou Monk."

Lin Tianhao looked at Su Li.

Su Li calmly replied:

"Because Worry-Free Abbot had to fake his death to escape, he had to cooperate with us adventurers. This was the simplest way."

"I only needed to appear at the right time, and he would naturally take the initiative to cooperate with me."

"What about killing Mo Chou Abbot before? Could the two of you really kill Mo Chou Abbot?" Lin Tianhao asked.

Su Li nodded and said:

"We had a slight opportunity, possessing a very restrictive skill, which, in cooperation with Worry-Free Abbot, could kill Mo Chou Monk."

"Oh?"

Lin Tianhao was somewhat interested.

Mo Chou Monk and Worry-Free Abbot should have been about equal in strength. What restrictive skill did Su Li have that was so powerful?

Su Li seemed to know what Lin Tianhao was thinking, and she directly sent him a screenshot of a skill panel.

Lin Tianhao glanced at it and couldn't help but exclaim, 'Good heavens.'

Soul-Seizing Limitless Hand: Cannot be Starred Up.

Effect: Use on a target unit to forcibly pull its soul out of its body, dealing 1 million points of soul damage while imprisoning the target's soul for one second.

Consumption: 100,000 Max Health.

Cooldown: One hour.

Proficiency: Cannot be Starred Up.

Lin Tianhao's eyes narrowed slightly. This skill seemed very powerful just from its description.

One million soul damage wasn't high, but pulling out the soul and imprisoning it for one second was the truly powerful aspect of this skill.

"With the Three Lives Reincarnation Child, you can now rank in the top three among adventurers."

The Three Lives Reincarnation Child's characteristic of being outside the Three Realms and not within the Five Elements made him naturally stronger than many other guys.

"Hopefully, but there are countless experts in Gods' Twilight."

Lin Tianhao waved his hand, "Alright, let's leave it at that."

This outcome was indeed somewhat unexpected for Lin Tianhao.

He had originally been wondering which adventurer would profit in the end.

He didn't expect it to be Su Li.

Su Li's own combat power was already among the top tier of current adventurers.

Now that she had obtained the Three Lives Reincarnation Child, her strength had undergone another transformation.

Lin Tianhao wasn't exaggerating when he said that Su Li's current strength could rank in the top three of Gods' Twilight.

At least.

As far as Su Li's current combat power was concerned, in a one-on-one fight among professionals, Jin Delan would also find it difficult to contend with Su Li.

Besides.

There was also Fatty.

Fatty's stats were very, very high, but the Three Lives Reincarnation Child was an existence outside the Three Realms and not within the Five Elements, so most of Fatty's attacks would be ineffective against the Three Lives Reincarnation Child.

And the Three Lives Reincarnation Child was of King rank or higher, so it would have no problem dealing damage to Fatty.

The way Su Li cooperated with the Three Lives Reincarnation Child to kill Worry-Free Abbot just now showed the trick.

The Three Lives Reincarnation Child's combat power was still very impressive.

Looking back at Pantiān Temple, Lin Tianhao said to Black Heaven Proud True:

"Destroy it. Pantiān Temple shouldn't exist in our Mountain Sea Empire."

Black Heaven Proud True nodded lightly. He raised his hand, and a black giant hand blotted out the sky, enveloping the entire Pantiān Temple.

Immediately.

The black giant hand descended from the sky, heavily slamming down on Pantiān Temple.

Within Pantiān Temple, a protective shield full of resentment rose up, attempting to block Black Heaven Proud True's attack.

Although there was no one in Pantiān Temple now, Pantiān Temple still had its own defensive formation.

However, a defensive formation without anyone to maintain it was not worth mentioning.

"Boom—"

As Black Heaven Proud True's palm fell, Pantiān Temple turned into ruins.

Chapter 1025 - Lord of Luotian!

The trip to Pan Tian Temple could be considered over.

And next.

Lin Tianhao needed to investigate this Lord of Luo Tian.

Also, those who poisoned the wells, was it really the Lord of Luo Tian who did it?

Lin Tianhao always felt that there was something fishy about this.

If the Lord of Luo Tian was really the son of the previous Lord of Fan Dian, why would he do this?

Could it really be just because he was dissatisfied with himself becoming the Lord of Fan Dian?

Lin Tianhao was not sure for the time being.

However, if this Lord of Luo Tian really cooperated with those guys from the Alait Star System and harmed the people of the Mountain Sea Empire, even if he was really the son of the previous Lord of Fan Dian, Lin Tianhao would not let him off easily.

It's just.

From Pan Tian Temple, he didn't get any definite news about the Lord of Luo Tian, and it was still a bit troublesome to find the Lord of Luo Tian at present.

As for those guys from the Alait Star System, Lin Tianhao had also lost their trail.

Now, there were still two days before the Holy Land Lord's top sixteen to eight competition.

If he couldn't investigate any useful information in these two days, then there was a high probability that those guys from the Alait Star System would take action again during the top sixteen to eight competition.

Especially.

These guys from the Alait Star System would always hide after firing a shot, so it wouldn't be easy to find them.

Unless...

He could wait for them to fall into the trap, capture a high-level member of the Alait Star System, and then find a way to pry open their mouths, thereby opening up the situation.

Lin Tianhao had the Eye of Insight, so the probability of waiting for them to fall into the trap was still there.

Besides this.

Lin Tianhao also had a skill specifically for tracking people.

That was the skill Lin Tianhao obtained when he killed Mu Yunli · Safeng: Infinite Tracking.

Actively release your own power to track what you want to track. The stronger the strength, the larger the range that can be tracked.

Back then, Mu Yunli · Safeng used this skill to help the Boundless Wuji Palace find the Dragon Cave.

Lin Tianhao didn't quite understand the [power] mentioned in the skill description.

Because some people analyzed the thing called [power] as attack power, but Lin Tianhao felt that the [power] mentioned in this skill was definitely not as simple as attack power.

Otherwise, it would directly say it was attack power.

Moreover, this kind of tracking method should be related to the strength of the divine soul and the strength of the mental power, and it didn't seem to be related to the so-called attack power.

After obtaining this skill, Lin Tianhao basically didn't use it much, but now he could try it.

See if he could use Infinite Tracking to find the Lord of Luo Tian with his current [power].

With this thought in mind.

Lin Tianhao didn't hesitate to use Infinite Tracking, and what he thought of in his mind was naturally the Lord of Luo Tian.

As Lin Tianhao's [Infinite Tracking] power continued to spread out, Lin Tianhao found that he was now like a radar.

His power was constantly spreading out.

He couldn't see the things around him clearly, but he could sense them.

Lin Tianhao himself didn't know how far his current power could allow [Infinite Tracking] to spread.

Ten kilometers...

One hundred kilometers...

Finally.

When Lin Tianhao's [Infinite Tracking] spread out more than seven hundred and ninety kilometers, a flashing red dot appeared in his exploration.

Lin Tianhao's eyes lit up, this situation was somewhat beyond Lin Tianhao's expectations.

Before long.

Lin Tianhao and Hei Tianaozhen came to the location where the red dot was located.

What made Lin Tianhao slightly surprised was that this place was actually an orphanage.

At this time.

The orphanage was silent, Lin Tianhao gave Hei Tianaozhen a look, and Hei Tianaozhen immediately understood Lin Tianhao's thoughts.

He hid himself and slowly entered the orphanage.

Lin Tianhao's Eye of Insight also spread out, cooperating with Infinite Tracking, and began to track the location of these Lords of Luo Tian.

Finally.

Lin Tianhao locked onto a little boy.

His face was tender, and he looked only five or six years old.

When locking onto him, Lin Tianhao's first reaction was that the lock was wrong.

Because no matter how young the Lord of Luo Tian was, he couldn't possibly be only five or six years old?

Disguise?

Hard to say.

If the other party was really the son of the previous Lord of Fan Dian, it was reasonable for him to have some special methods in his hands.

"How could this be?!"

Lin Tianhao's expression changed.

Because just a few seconds after he locked onto the little boy, the little boy who was still lying on the bed asleep disappeared from his eyes.

This disappearance was too abrupt, so much so that Lin Tianhao didn't react at all.

Lin Tianhao continued to use Infinite Tracking and the Eye of Insight, but was surprised to find that the little boy didn't know when he had appeared beside him.

"I guessed you would come to find me, but I didn't expect it to be so fast."

The little boy spoke in an old-fashioned way, which made Lin Tianhao confirm his thoughts.

This little boy was the Lord of Luo Tian.

"It's quite surprising, why are you in this appearance?" Lin Tianhao said.

The Lord of Luo Tian waved his hand and said: "What I look like is not important."

"Recently, there have been a lot of negative news about me outside, and some people even say that the poison in the twenty-eight towns was put by me."

Having said that.

The Lord of Luo Tian raised his eyes to look at Lin Tianhao and asked:

"Do you believe it?"

"I don't quite believe it, so I came to find you. One is to meet the son of the previous Lord of Fan Dian, and the other is to understand the situation from you," Lin Tianhao said.

The Lord of Luo Tian nodded lightly, he glanced at the direction of Hei Tianaozhen.

"Those guys from the Alait Star System are impersonating me, trying to confuse your investigation direction."

Lin Tianhao frowned slightly and asked:

"Then what is their purpose?"

The Lord of Luo Tian shook his head, "I don't know, but you can go and ask them yourself."

"I can't find them temporarily, but I should have a way to find them," Lin Tianhao said.

The Lord of Luo Tian took a deep breath and said seriously:

"Do you trust me that much? Some people outside have started to spread that I'm back to compete with you for the position of Lord of Fan Dian."

"Then will you compete with me?"

Lin Tianhao stared at the Lord of Luo Tian and asked with a chuckle.

The Lord of Luo Tian smiled and said:

"I don't want to, my thoughts are different from my father's. He wanted to save the common people, wanted to resist theocracy, wanted to fight with heaven and earth."

"In my opinion, that's too ridiculous."

Lin Tianhao raised his eyebrows and asked:

"Then what do you want to do?"

"Me?"

The Lord of Luo Tian looked into the distance and said:

"Live, become stronger."

"Living is first, becoming stronger is second."

"I don't have anyone in my heart who is an enemy, the world can change however it wants, as long as it doesn't affect my survival, it doesn't matter, so I don't care who the Lord of Fan Dian is."

Chapter 1026 - Wake up to the world!

Lin Tianhao took a deep breath and couldn't help but sigh:

"You also have friends and family. If one day your friends and family encounter danger, would you be so indifferent?"

The Lord of Luotian waved his hand and said:

"Family? Friends?"

As if thinking of something, the Lord of Luotian said with a playful smile:

"Emperor Xue, do you know? In the face of human nature, so-called relatives and friends are just a joke."

"Someone once said that the most ruthless is the imperial family."

"Born in an imperial family, even biological brothers will kill each other. This is because the value they can provide to each other is not as great as the value obtained by killing the other party."

"So, even biological brothers will want to kill each other."

On the Lord of Luotian's tender face, his eyes appeared unusually滄桑 [cāng sāng - full of the changes of time].

"In fact, in addition to the imperial family, even ordinary people are like this."

"Have you ever seen a son kill his father with his own hands in order to inherit the family property earlier?"

"Have you ever seen a man give his wife to others for pleasure in order to get promoted and make a fortune?"

"Have you ever seen two brothers put green hats on each other just to satisfy their own perverted tastes?"

"Have you ever seen a wife stab her husband in the back to kill him in order to become stronger?"

"I have seen all of these."

The Lord of Luotian sighed faintly, "So."

"I don't care about so-called relatives and friends, because, maybe one day, they will stab me in the back."

Lin Tianhao chuckled, "What you said seems to make sense. It seems pretty good to let go of everything in the mundane world."

"But if you really let go of everything in the mundane world, what is the point of you being alive?"

The Lord of Luotian sighed softly, "Indeed, I often ask myself, what is the point of me being alive?"

"But I don't want to die, so I keep setting cultivation goals for myself."

"Constantly making myself stronger."

Lin Tianhao stopped talking, wanting to say something. To be honest.

People like the Lord of Luotian are the most unsolvable.

He has almost no weaknesses.

If there is one, it is being alive.

"You can completely return to the F 凡殿 [Fán Diàn - Mundane Palace], the Mundane Palace is developing so well now. If you return to the Mundane Palace, you can become stronger."

"You don't need to test me."

The Lord of Luotian waved his hand, "I said, I don't care who the Lord of the Mundane Palace is, whether it's you or anyone else, it doesn't matter."

"I'm not testing you, just telling the truth," Lin Tianhao said.

"No need."

The Lord of Luotian waved his hand again, "The Mundane Palace is indeed developing very well now."

"When the Mundane Palace was in my father's hands, it also developed very well."

"But what was the result?"

"The result was that the Mundane Palace was sealed."

"After that, the Vast Boundless Palace was unparalleled in its limelight, but what was the result? All the gods fell, and Xiū Dé Lǐ - Báiyún [a name] could not escape death, and the Vast Boundless Palace was also sealed because of this."

Speaking of this.

The Lord of Luotian looked at Lin Tianhao meaningfully and asked:

"Emperor Xue, how long do you think the Mundane Palace can prosper?"

"Ten years? A hundred years? Or a thousand years?"

"I think ten years is enough. According to your growth rate, you may go to the God Realm in another three to five years."

"After you leave, how long can the Mundane Palace last?"

Lin Tianhao couldn't help but support his forehead. This Lord of Luotian is really sober in the world.

"I don't know. Maybe after I leave, the Mundane Palace will disintegrate."

"But at that time, it will no longer be what I should consider, but what the next Lord of the Mundane Palace should consider."

The Lord of Luotian waved his hand and said with a smile:

"Okay, let's talk about it here. You can find me, I believe you also have the ability to find those guys in the Arlett Star System."

"I'm going back to sleep. Also, don't expose my location. I just want to be a child."

Lin Tianhao stopped talking, but finally asked:

"Lord of Luotian, I have another question."

The Lord of Luotian frowned slightly and said in a deep voice:

"What else is there?"

"Do you have an ancient key in your hand, used to open the Ancient God's Secret Realm?"

Lin Tianhao still remembered that the Sect Master of the Yin Yang Joy Sect and the Cave Master of the Demon Flood Dragon Cave went to Pan Tian Temple to inquire about the news of the Lord of Luotian, just for the ancient key in the Lord of Luotian's hand.

The Lord of Luotian raised his hand, and an ancient key appeared in his hand.

"Are you talking about this thing?"

Lin Tianhao took a look. It was exactly the same as the ancient key in his hand, so he couldn't help but nod and said:

"That's right, it's this thing."

The Lord of Luotian frowned slightly and asked:

"Do you want to open the Ancient God's Secret Realm?"

Lin Tianhao nodded lightly and said:

"I heard that there are many good things in the Ancient God's Secret Realm, and I also want to improve."

The Lord of Luotian couldn't help but say, "Your speed of improvement is already very fast."

"No one will dislike their own strength. They always want to pursue a stronger realm."

The Lord of Luotian pondered for a while and said:

"I can give you this thing, but due to the rules, I can't give it to you for no reason."

Lin Tianhao smiled helplessly. He naturally knew this.

"What do you need me to do?" Lin Tianhao asked.

The Lord of Luotian thought for a moment, but finally shook his head and said:

"I can't think of anything I need you to do for the time being. How about this, as long as the other ancient keys are collected, you notify me, and I will enter the Ancient God's Secret Realm with you. This will not require me to issue a task to you."

Lin Tianhao nodded. Judging from the conversation with the Lord of Luotian just now, there was nothing wrong with this Lord of Luotian.

Besides.

He really only needed the qualification to enter the Ancient God's Secret Realm. As for whether or not other people entered with him, it was not that important.

"Okay, I'm sleepy. We'll talk about it later if there's anything else."

The Lord of Luotian waved his hand and turned to leave.

Lin Tianhao watched the Lord of Luotian return to the orphanage.

Hēi Tiān Ào Zhēn [a name] came to Lin Tianhao's side and said in a deep voice:

"He is very strong. When he looked at me just now, I felt like he could kill me in less than ten moves."

Hēi Tiān Ào Zhēn's voice was very low, but when Lin Tianhao heard it, it was like a bolt from the blue.

Hēi Tiān Ào Zhēn was already a powerhouse in the Semi-Emperor Realm.

The Lord of Luotian could kill him in less than ten moves? ?

Chapter 1027 - The clone is confused, just sit back and wait!

If that's really the case, what realm is the Lord of Luo Tian in?

Even an ordinary Great Emperor realm expert probably couldn't achieve this.

A Tenth-Rank Great Emperor? Or an Eleventh-Rank?

Lin Tianhao didn't know.

But he was very clear that Hei Tianaozhen, as a Half-Emperor powerhouse, had a very keen sixth sense.

If he had this feeling, then it was highly likely to be correct.

However.

The more it was like this, the more incredible Lin Tianhao found it.

How could the Lord of Luo Tian be so powerful?

"It should be genetics."

Hei Tianaozhen said solemnly.

“The genes of the previous Lord of the Mortal Palace should be extremely powerful, and the wife of the previous Lord of the Mortal Palace must not have been too bad either.”

“The birth rank of this Lord of Luo Tian may be Diamond, or even higher.”

Lin Tianhao nodded lightly. If that was the case.

Then the fact that he could find the Lord of Luo Tian using Infinite Tracking was either because the other party was holding back, or because the other party had never thought of hiding himself.

Otherwise, under the circumstances Hei Tianaozhen described, he shouldn't have been able to find the Lord of Luo Tian under normal circumstances.

Withdrawing his thoughts.

Lin Tianhao summoned the Kunlun Mirror and stepped out, arriving near the border between the Shan Hai Empire and the Moke Latin Desert.

He was going to use Infinite Tracking to track down those guys from the Allette Star System.

With the experience of finding the Lord of Luo Tian, Lin Tianhao was now more skilled in using Infinite Tracking.

This time, the target Lin Tianhao locked onto was Gu Limu Shui'er.

Because he discovered.

This time, his Infinite Tracking only spread out for more than five hundred kilometers before it could no longer spread.

“This is...”

Lin Tianhao was thoughtful, and he already had some guesses in his mind.

On the surface, the Infinite Tracking skill didn't seem to have a cooldown time.

But in reality, this skill couldn't be used without restrictions.

The range he could explore was limited. If he used it continuously, it would cause the range he could explore to become smaller and smaller, eventually making it impossible to continue exploring and tracking.

In other words.

This skill still had a cooldown time.

It seemed he had to wait.

He just didn't know how long it would take for the Infinite Tracking skill to cool down.

Although Lin Tianhao's Infinite Tracking could no longer be used.

He still released his Eye of Insight.

Those guys from the Allette Star System must have their own hidden methods.

But the rank of the Eye of Insight was high enough. Perhaps a few experts from the Allette Star System could have methods to be immune to Lin Tianhao's exploration, but there were still more people from the Allette Star System who couldn't avoid the exploration of his Eye of Insight.

However.

Lin Tianhao was destined to be disappointed.

He didn't find anyone related to the Allette Star System, even after he had pushed the Eye of Insight to its limit, it was still the same.

“My lord, those guys from the Allette Star System know you are looking for them, so they probably won't show their faces themselves.”

Hei Tianaozhen said from the side.

Lin Tianhao understood in his heart.

They wouldn't show their faces themselves, but they would definitely do what they had to do.

So.

What would they do?

Find someone to do it for them.

Judging from the situation after just meeting the Lord of Luo Tian, they found someone to impersonate the Lord of Luo Tian in order to achieve some of their goals.

Because Lin Tianhao had subdued the Monk Zhenshan and the others, their answer was that they hadn't cooperated with people from the Allette Star System.

They had only cooperated with someone suspected to be the Lord of Luo Tian, which could actually explain a lot of problems.

“Moreover, they have already poisoned the Twenty-Eight Towns, and they are definitely hiding now.”

“The next time they make a move will most likely be during the Sixteen into Eight of the Holy Land Lord Competition.”

Hearing this.

Lin Tianhao couldn't help but sneer. These guys were really shameless.

Choosing to make a move during the Holy Land Lord Competition would leave him unable to split his attention...

“That's right, Clone Technique!!”

A cold light flashed in Lin Tianhao's eyes.

He had the Kunlun Mirror, so he could completely return to the Mortal Palace in a short time.

He also had One Qi Transforming into Three Pure Ones. Without making a move, there shouldn't be many people who could see that he was using a clone.

When the time came, his main body could just wait for the rabbit to come to him.

After all, he only needed to appear once in the Holy Land Lord Competition.

As long as he used the Kunlun Mirror to return at the crucial moment when he needed to appear, it would be fine.

In addition.

Lin Tianhao was also prepared to test how far the adventurers of the Twilight of the Gods had grown.

As the Lord of the Mortal Palace, he could issue tasks. Speaking of which, it had been a while since he had issued a task.

“National announcement, the people of the Allette Star System are devoid of conscience, poisoning the people of the Twenty-Eight Towns of the Shan Hai Empire, causing the deaths of a large number of innocent people. Their crimes are too numerous to count. A reward is hereby issued. Anyone who kills people from the Allette Star System, or provides important clues about people from the Allette Star System, will receive a large reward. We hope that everyone will join hands to punish these evil thieves!!”

... ..

After issuing the reward, Lin Tianhao returned to the Mortal Palace.

Next was comprehending the Dao.

From the current perspective.

The Holy Land Lords who came to participate in the Holy Land Lord Competition this time.

The truly powerful ones were the three forces from the Outer Territory.

The Yin Yang Joyous Union Sect, the Cold Tower, and the Hundred Li Academy.

From the current perspective, the strongest should be the Dean of the Hundred Li Academy.

The Tower Master of the Cold Tower and the Sect Master of the Yin Yang Joyous Union Sect were both very strong, but Lin Tianhao had obtained the ability to be immune to ice-type damage when he killed the Ice and Snow Goddess.

This might not be useful against those guys from the Allette Star System, but it should still be useful against the Tower Master of the Cold Tower.

Unless.

The ice-type attack of the Tower Master of the Cold Tower was not inferior to the Ice and Snow Goddess.

In the blink of an eye.

The Sixteen into Eight of the Holy Land Lord Competition officially began.

According to his plan, Lin Tianhao had one of his clones from One Qi Transforming into Three Pure Ones go.

In addition, he had Fatty watch from the side. If it was time for him to appear, Fatty would notify him as soon as possible.

At this time, Lin Tianhao had already arrived at a border area of the Shan Hai Empire.

He wanted to see if those guys from the Allette Star System would make a move today.

In the Holy Land Lord Competition, Lin Tianhao's clone was helping Lin Tianhao draw lots, and a large number of spectators were watching.

Shan Hai Empire, border, Fengmo Town.

A figure quietly appeared in Fengmo Town, holding a pitch-black bottle in his hand. It was impossible to see what was inside the bottle.

In the next instant.

He opened the bottle, and poisonous mist emanated from the bottle.

“Caught you.”

Lin Tianhao's voice rang out.

Hei Tianaozhen even released his power, imprisoning the man.

Lin Tianhao dodged the jade bottle and instantly covered it.

“You are not from the Allette Star System?!”

Chapter 1028 - Capture two people from the Gulimu family alive!

This guy's introduction didn't say he was from the Arlett Star System, but rather an official yamen runner from their Mountain Sea Empire.

Upon realizing his exposure, the man's expression visibly darkened.

"Arlett Star System? I don't know what you're talking about. I am a vanguard under the Lord of Luo Tian."

A cold glint flashed in Lin Tianhao's eyes.

"Take him away."

Hei Tianaozhen immediately took the yamen runner into the Primordial Black Tower.

Lin Tianhao then summoned the Kunlun Mirror and rushed towards other locations.

People were being poisoned in other border areas of the Mountain Sea Empire. Lin Tianhao was already moving quickly, but he only managed to stop three. In the remaining areas, the poison had already spread.

Lin Tianhao, in coordination with Hei Tianaozhen, saved many people, but he didn't catch a single one of those Arlett Star System bastards.

Those people from the Arlett Star System were too cautious.

Even during the Holy Land Lord Championship, they didn't act personally, but instead had these guys do it.

As it stands, it's too difficult to get any useful clues from these yamen runners.

"It shouldn't be, Pan Tian Temple has been destroyed, the brainwashing centered around Pan Tian Temple should have collapsed."

Nidalee Leaf's surprised voice came.

Because deep brainwashing definitely couldn't be achieved with simple words, it would require continuous strengthening.

Pan Tian Temple had already been destroyed, and the four abbots of Pan Tian Temple had also fallen. These brainwashed people should have already recovered.

Lin Tianhao frowned and said:

"That's possible, but the probability is probably not high. Controlling strange items isn't easy, and using strange items to control multiple people is very difficult."

"Unless..."

Nidalee Leaf changed the subject and continued:

"The person responsible for the complex brainwashing is still around, and their methods are the same as yours, using the power of rules."

"Similar to the power of rules on you, where joining the Mortal Palace makes you absolutely loyal to you."

Lin Tianhao's eyes narrowed slightly. He initially suspected this kind of rule power.

That's why he destroyed Pan Tian Temple, because that kind of entry similar to his would collapse on its own.

But now it seems, he might have been wrong.

"Is there a possibility that they themselves possess such brainwashing abilities, and passing through Pan Tian Temple was just to confuse our vision and make us focus on Pan Tian Temple."

Hei Tianaozhen expressed his thoughts.

Lin Tianhao felt that doing so was a bit redundant.

If they could brainwash and control others, those guys from the Arlett Star System wouldn't have acted personally at all.

Throwing out some yamen runners to poison people, what could he do?

Without thinking, he knew that these yamen runners probably knew very, very little information. Relying on these yamen runners to get any important news was like a fool's dream.

Lin Tianhao didn't respond. In his previous life, the Arlett Star System didn't have any similar brainwashing methods.

Therefore.

The source of this brainwashing is most likely in the Mountain Sea Empire.

Who could have such brainwashing methods?

If not Pan Tian Temple, who else in this Mountain Sea Empire could have such strength?

Just as Lin Tianhao was feeling clueless, a server-wide announcement suddenly rang out.

"Server Announcement, Congratulations to player Jinderan for successfully killing Gu Liumu · Xuanshui, Special Announcement, We hope that all adventurers will continue to work hard!!"

.....

Lin Tianhao raised his eyebrows slightly. This Jinderan is still strong.

"Where are you?"

Lin Tianhao directly sent a message to Jinderan.

Those guys from the Gu Liumu family should all be hiding, how could they still appear here.

"Fifty miles northeast of the Mountain Sea Imperial Capital."

Jinderan quickly replied to Lin Tianhao's message.

"There are two more members of the Gu Liumu family here, you need to hurry up."

Jinderan's subsequent message made Lin Tianhao's eyes light up. If he could capture a direct member of the Gu Liumu family, perhaps he could ask for some useful clues.

Lin Tianhao summoned the Kunlun Mirror and instantly arrived at the northeast direction of the Mountain Sea Imperial Capital, rushing towards the direction Jinderan said at the fastest speed.

Before he arrived, Lin Tianhao saw flying swords everywhere.

These flying swords were constantly besieging a man and a woman.

Gu Liumu · Dengbu (Diamond): Level 9521.

.....

Gu Liumu · Fengsheng (Diamond): Level 9529.

.....

Both of these people are from the Gu Liumu family.

Jinderan, with his own strength, was simultaneously fighting against two Diamond-level eight-turn peak experts, and he wasn't at a disadvantage at all.

He didn't know if this Jinderan had used his full strength, but Lin Tianhao felt that he hadn't.

Lin Tianhao didn't know much about Jinderan's combat power at the moment.

"I want them alive."

"I can not kill them, but I can't catch them either, you have to come yourself."

Without Lin Tianhao needing to speak, Hei Tianaozhen already understood and took action.

He summoned the Primordial Black Tower to suppress two eight-turn Diamond-level guys, which was more than enough.

But speaking of which.

There are actually such noobs among the Gu Liumu family who came to the Arlett Star System.

"I've completed the task, right."

Jinderan grinned and smiled.

Lin Tianhao had issued a reward before.

"Yes."

Lin Tianhao directly issued 10,000 free attribute points to Jinderan.

"Two thousand for killing one, four thousand for helping me capture one, a total of 10,000 free attribute points."

Obtaining 10,000 free attribute points so easily made Jinderan's face show a smile.

Although these small 10,000 free attribute points don't help him much now.

But it came easily.

He was lucky to encounter these members of the Gu Liumu family, and he earned 10,000 free attribute points with a casual shot.

To be precise.

After he killed Gu Liumu · Xuanshui, he also obtained 500 free attribute points, so he obtained a total of 10,500 free attribute points this time.

"The Holy Land Lord Championship has begun, and you, as the Lord of the Mortal Palace, are still running around."

Jinderan joked.

Lin Tianhao spread his hands and said:

"Who told these guys from the Arlett Star System to always disgust me?"

Having said that.

Lin Tianhao changed the subject and asked:

"How did you find them?"

Jinderan hesitated, and finally shook his head and said:

"Can I not say? But I was passing by, I didn't deliberately look for them."

Lin Tianhao nodded, but didn't say much.

These guys from the Arlett Star System can avoid the detection of his Eye of Insight. If Jinderan didn't use some means, even if he passed by, he probably wouldn't be able to find these people from the Gu Liumu family.

But that's not important anymore.

Everyone has their own secrets, especially people like Jinderan.

"When I found them, they were discussing something."

Chapter 1029 - The holy land of the top eight!

"What's the matter?" Lin Tianhao asked.

Jin Delan grinned, "Is a paid service acceptable?"

"Yes."

"Just kidding. I'd rather be friends with you. I think those guys in charge behind me have rocks in their heads for even thinking about opposing you."

Lin Tianhao smiled noncommittally and said:

"They probably think the cake of the Twilight of the Gods is only so big and worry that I'll eat too much and they won't get any."

Jin Delan shook his head. "To be honest, their idea is ridiculous. The Twilight of the Gods is too big, far too big."

"Even if you, Snow Emperor, grow quickly, I still don't think you can take much."

Lin Tianhao waved his hand and said:

"That's not important. The East and West have been fighting each other for years. Some things can't be explained in a few words."

Jin Delan nodded seriously. "I will try my best. Some things involve secrets, so I can't reveal them. You should still be careful."

Lin Tianhao chuckled:

"Is it that you guys are cooperating with those guys from the Alright Star System?"

Jin Delan didn't deny it, nor did he admit it, but just sighed helplessly.

"To be honest, some things are really beyond my control. I just hope their decisions aren't too outrageous."

Lin Tianhao frowned slightly. He had heard before that some people in the United States were cooperating with those guys from the Alright Star System.

However, so far, Lin Tianhao still doesn't know exactly how they are cooperating.

"Friend, that word carries a lot of weight. Don't act like a friend now and stab me in the back later."

Hearing this.

Jin Delan hesitated, but finally said:

"My current status is special, so some things are really hard to say..."

Lin Tianhao raised his hand to interrupt Jin Delan.

"Special status is never an excuse. It's just that you need to weigh the benefits yourself."

"You said today that you wanted to be friends with me because you think I'm strong enough, powerful enough, and have infinite potential in the future."

"However, even so, you are still unwilling to offer useful chips to befriend me."

Perhaps it was because he had been in contact with the Lord of the Heavens, but Lin Tianhao had already been somewhat influenced.

Jin Delan smiled bitterly. "Okay, if you put it that way, I have nothing to say."

Lin Tianhao waved his hand and turned to leave.

This time, capturing two members of the Gulimu family was a pleasant surprise.

Next.

He would wait for the round of sixteen to eight to end, then he could properly interrogate them.

Returning to the Holy Land Lord Hegemony Competition venue.

Many of the spectators present were stunned to see Lin Tianhao suddenly appear.

After all, there was still a Lin Tianhao sitting on the high platform.

After Lin Tianhao replaced his clone, the Sect Master of the Yin-Yang Harmony Sect couldn't help but smile and say:

"Snow Emperor, what important matter could make you put down the Holy Land Lord Hegemony Competition?"

Lin Tianhao smiled and said:

"There's no way around it. There are always some villains who want to cause trouble during the Holy Land Lord Hegemony Competition, taking advantage of the fact that my clone is overwhelmed."

"Unfortunately, I just happen to know the Clone Technique."

The Dean of Baili Academy also cast his gaze over.

"Snow Emperor, you can seriously consider my proposal. Our Baili Academy is dedicated to teaching and educating people and has no ambitions."

Lin Tianhao frowned slightly. This Dean of Baili Academy seemed to really want to open his Baili Academy in the Mountain and Sea Empire.

"Holy Land Lord Hegemony Competition, round of sixteen to eight, sixth match, Lord of the Mortal Hall versus Lord of the Dragon Sun Holy Land, please come to the stage, two Lords of the Holy Land."

The Lord of the Dragon Sun Holy Land took a step forward, and his figure appeared on the high platform.

He cupped his fist at Lin Tianhao and said:

"Snow Emperor, I have also witnessed your previous brilliance. I concede this match."

Clearly.

Lin Tianhao's previous damage of 500 billion with one arrow had still deterred many people.

The overall combat power of the Lord of the Dragon Sun Holy Land was very strong, but to withstand Lin Tianhao's damage of 500 billion with one arrow was obviously unrealistic.

"He's conceding already? How boring. He's still the Lord of a Holy Land, and he's conceding just like that."

"Heh heh, what else is he waiting for if he doesn't concede? Didn't you see Snow Emperor's damage of 500 billion with one arrow? Can a human withstand that?"

"I can only say that Snow Emperor is too strong to be an adventurer. I just don't know if the Lord of the Cold Tower can beat him. With the Lord of the Cold Tower's methods, he can completely freeze Snow Emperor to death."

... ..

There were many people discussing around, but most people still wanted to see the huge visual impact brought by Lin Tianhao's damage of 500 billion with one arrow.

Lin Tianhao was also a little bored watching the next two matches.

In fact, on the first day, when the thirty-two strong advanced to the sixteen strong, Lin Tianhao had roughly guessed which forces could advance.

First group, Dragon Breath Ancient Sect.

Second group, Demon Flood Dragon Cave.

Third group, Baili Academy.

Fourth group, Yin-Yang Harmony Sect.

Fifth group, Blood Shadow Demon Tower.

Sixth group, Mortal Hall.

Seventh group, One Thought Temple.

Eighth group, Cold Tower.

The three major holy lands outside the territory advanced without any suspense.

In this.

In fact, Lin Tianhao had expected most of it.

The only thing that surprised Lin Tianhao was One Thought Temple.

It was very good that One Thought Temple could enter the top eight, although there was some luck involved.

"The Holy Land Lord Hegemony Competition, round of sixteen to eight, has successfully concluded. Congratulations to all the Lords of the Holy Land who successfully advanced to the top eight."

"The round of eight to four will be held in three days. Please prepare yourselves, Lords of the Holy Land."

... ..

Ouyang Wenlong simply said a few closing remarks, and most people had already begun to leave.

"This round of sixteen to eight was a bit boring. I originally thought this match would be very intense, but I didn't expect it to be like this."

"There's no way around it. There was a problem with the draw this time. It was all strong against weak, especially the three major holy lands outside the territory, each one stronger than the last."

"I hope it will be more exciting in the round of eight to four. It would be best if Snow Emperor met the Lord of the Cold Tower. That should be very interesting to watch."

... ..

Mortal Hall, inner hall.

Lin Tianhao entered the Primordial Black Tower.

In the Primordial Black Tower, Gulimu Dengbu and Gulimu Fengsheng had both been interrogated by the Primordial Black Tower for a while.

Seeing Lin Tianhao's arrival, Hei Tianaozhen stepped forward and said:

"Master, these two are very tough. Should we just search their souls?"

Lin Tianhao waved his hand. After all, these two guys were members of the Gulimu family. If they easily opened their mouths, Lin Tianhao would find something wrong instead.

"You should all know me, Snow Emperor, Lord of the Mortal Hall."

Gulimu Fengsheng nodded and said:

"Honestly, I still admire you very much, but the most irrational thing you've done is to oppose our Alright Star System."

"Pa — —"

Lin Tianhao raised his hand and slapped Gulimu Fengsheng in the face.

Chapter 1030 - Interrogation!

"So, I'm giving you an inch, and you're taking a mile, huh? You're already prisoners, and you still dare to threaten me."

Lin Tianhao's slap didn't do much damage, but it was incredibly insulting.

Guli Mu·Fongsheng gritted his teeth and roared:

"Snow Emperor, your arrogance won't last much longer. We only need one more chance to drag you down. When that time comes, you will be doomed."

Lin Tianhao narrowed his eyes slightly and said coldly:

"Drag me down? Doom me?"

"Hehe, then tell me, how exactly are you going to drag me down? How will you doom me?"

Guli Mu·Fongsheng snorted coldly and retorted:

"This is top secret. How could I possibly tell you?"

Lin Tianhao chuckled, "Is it that you don't want to tell me, or that you don't even know yourself?"

"That's right, you're just a little level 8 Diamond scrub. Within the Guli Mu family, you're probably just cannon fodder."

"How could cannon fodder know such secrets?"

"You're talking nonsense!!!"

Hearing Lin Tianhao's words, Guli Mu·Fongsheng immediately lost his composure.

Because he really didn't know.

"Hehe, look at your reaction now, all worked up. It seems I was right. You don't know anything."

At this point,

a cold glint flashed in Lin Tianhao's eyes, "Hei Tianao Zhen, they're both just clueless scrubs who won't know anything. Kill them both."

"Who are you calling a scrub?!"

"Level 8 Diamond, we can easily crush you adventurers."

"What's more, we're only one step away from level 9."

Lin Tianhao smiled contemptuously and said:

"Hehe, one step away? You haven't even reached level 10,000 and changed classes. What do you mean, one step away?"

"Besides, judging by the looks of you, I'm afraid you'll never reach level 9 in this lifetime."

"You're talking nonsense!!"

Guli Mu·Fongsheng was completely broken by Lin Tianhao. He roared in uncontrollable rage.

"We are the most outstanding warriors of the Guli Mu family. How could we be useless?"

"It's you who are completely unreasonable."

"Fongsheng."

Guli Mu·Dengbu, who was on the side, spoke calmly. Lin Tianhao had said so much, but his emotions hadn't fluctuated at all.

"You're quite calm," Lin Tianhao said with a smile.

"Just a psychological tactic, a child's play," Guli Mu·Dengbu said calmly, his expression calm and without the slightest fluctuation.

"You're already prisoners, yet you're so calm. Not bad indeed."

"But you may not know, I have a good appetite. I like gnawing on tough bones."

"Ah—"

Lin Tianhao's voice had barely faded when Guli Mu-Dengbu could no longer hold back and let out a scream.

"Ah, ah, ah—"

Cold sweat broke out on Guli Mu-Dengbu's forehead from the pain.

Guli Mu-Fongsheng, who was on the side, couldn't help but tighten his legs, because Lin Tianhao's attack just now was really too scary.

From now on, it would probably be difficult to have offspring.

"That move just now was called the 'Descendant Severing Kick'. I wonder, do you like it?"

After screaming, Guli Mu-Dengbu gradually recovered and said with gritted teeth:

"Snow Emperor, you're not human. Just kill me."

Lin Tianhao chuckled, "Indeed, you've already been cut off from having descendants. It seems there's not much point in living anymore."

"But you may not know, in our Galaxy World, there's a method to turn a man into a woman, and then let them get pregnant and have children."

When Guli Mu-Dengbu and Guli Mu-Fongsheng heard Lin Tianhao's words, their expressions changed drastically.

This matter was a bit too unbelievable.

Especially Guli Mu·Dengbu. He had just been crippled by Lin Tianhao's kick, so would Lin Tianhao turn him into a woman next?

The thought of possibly becoming a woman and carrying another man's child filled his heart with despair.

"Hehe, looking at your expression, it seems you've already guessed what I want to do."

Hearing this,

Guli Mu·Dengbu became even more terrified.

"Snow Emperor, I'm telling you, anything can be discussed. Don't push things too far."

Lin Tianhao scratched his head and said playfully:

"What did your partner just say? That people from your Guli Mu family are about to drag me down and doom me. How did it become that I'm pushing things too far now?"

Guli Mu·Dengbu shook his head and said:

"He's not thinking straight, just talking nonsense. You must not take it seriously."

Lin Tianhao sneered and said:

"Don't even mention it. I really took it seriously."

At this point,

Lin Tianhao changed the subject and said:

"It's still that same sentence. If you don't want to become my toy, then provide me with the value you should have."

"Otherwise, I have ways to make you wish you were dead."

Guli Mu·Dengbu bit his teeth and said:

"Our status in the Guli Mu family isn't very high. We don't know many core things."

"But one thing I can definitely tell you is that our Guli Mu family did not poison you. The recent events in your Mountain and Sea Empire have nothing to do with our Guli Mu family."

Lin Tianhao chuckled, "If it's not you, then it must be other families in the Alette Star System, right?"

"No, we would definitely get news of such an action."

Lin Tianhao narrowed his eyes and asked:

"According to what you're saying, someone is framing you?"

Guli Mu·Dengbu nodded and said seriously:

"That's right."

"Someone wants you to deal with us, or rather, someone wants the conflict between our Alette Star System and you to start sooner."

Lin Tianhao stared at Guli Mu·Dengbu and said in a deep voice:

"What you're saying now isn't very convincing."

"Besides, it sounds like you're trying to sow discord and divert attention."

Guli Mu·Fongsheng retorted from the side:

"Snow Emperor, we're not idle. Don't throw the blame on us whenever something happens in your Mountain and Sea Empire."

Lin Tianhao raised his eyebrows and said very seriously:

"You've hit the nail on the head. To be honest, if something happens in my Mountain and Sea Empire, regardless of whether it was done by people from your Alette Star System or not, you'll have to take the blame."

Hearing this,

Guli Mu·Dengbu couldn't help but get angry and said:

"Snow Emperor, I'm not lying to you. You're a smart person. You shouldn't want to be used, right?"

Lin Tianhao raised his eyebrows and waved his hand:

"If someone were using me to deal with other forces, then I might feel like I'm being used."

"But if it's to deal with you scraps from the Alette Star System, then sorry, I don't feel like I'm being used at all."

Hearing this,

Guli Mu·Dengbu retorted:

"Did we kill your whole family? Why are you targeting us so much?!"
