Chapter 104 - Kill the Clynnface Bird!

However, the cooperation of Dream Chasing Smoky Snow and their team was still acceptable, and they finally withstood the attack of the elite-level bandits.

However.

Lin Tianhao knew.

They were done for.

Because the bandits of Blackwind Fortress would not play by the rules.

Sure enough.

Dream Chasing Smoky Snow and the others had just killed the elite-level bandits when dozens more elite-level bandits rushed out, along with... the second-in-command of Blackwind Fortress!

“Run.”

Almost instantly.

Dream Chasing Smoky Snow had already seen that the situation was bad.

In order not to lose a level, she could only lead her subordinates in a hasty retreat.

“Hahaha, a bunch of cowards, nothing more than that.”

The second-in-command of Blackwind Fortress laughed triumphantly.

Lin Tianhao shook his head, bullying the weak and fearing the strong!

“咻!”

Lin Tianhao shot an arrow.

Right in the center of the second-in-command's brow.

Critical hit!

Twelve arrows per second!

To be precise, there wasn't even a chance for Lin Tianhao to fire twelve arrows.

This second-in-command of Blackwind Fortress had already been killed.

After killing the second-in-command of Blackwind Fortress, Lin Tianhao attacked again.

None of the remaining elite-level bandits could withstand Lin Tianhao's output, and all fell.

After solving these problems.

Lin Tianhao once again headed towards Blackwind Fortress.

He once again searched Blackwind Fortress, only to find it empty.

“They run really fast.”

Lin Tianhao was somewhat helpless, but this was also thanks to the fact that he hadn't rushed in with all his might, but had deliberately given the chief of Blackwind Fortress time to escape.

Because he wasn't here to wipe out Blackwind Fortress.

He was here to give the chief of Blackwind Fortress a chance to report the news.

Arriving at the warehouse.

Sure enough.

A lot of standard weapons were piled up here again.

The attributes were very ordinary, only enough for players who had just arrived in the main city to use for a transition.

Something is better than nothing.

All of it was put into the guild warehouse, as the saying goes, every little bit counts.

After doing all this, Lin Tianhao waited in Blackwind Fortress.

He didn't have to wait too long, the person he was expecting appeared.

Clinphisbird.

“Snow Emperor.”

Clinphisbird walked up unhurriedly, "I know the Queen allowed you to enter the ruins of the Snow Corpse, you're a little annoyed, but we can discuss things, running here to vent your anger, isn't that inappropriate?"

"I wouldn't say I'm here to vent my anger, would I? Isn't it reasonable for a player to explore a wild map?"

Lin Tianhao said with a faint smile.

"Snow Emperor, we're not going to beat around the bush, if you have any thoughts, you can say them directly."

Lin Tianhao nodded, "Clinphisbird, since you've put it that way, then I won't mince words."

"I kindly helped you, but you plotted against me, it wouldn't be right not to give me some compensation."

Even though Lin Tianhao had already agreed to Tissot to kill Clinphisbird.

But if he could squeeze some more benefits out of Clinphisbird before killing her.

That would definitely be worth it.

"What do you want?" Clinphisbird asked in a deep voice.

"Give me a special piece of equipment, preferably something with blood-sucking properties." Lin Tianhao said.

Clinphisbird shook her head, "That's not realistic, say something more realistic, okay?"

"Then tell me, what's realistic?"

“Fifty free attribute points?”

Hearing this.

Lin Tianhao shook his head, “I get that kind of reward for clearing a dungeon for the first time, three hundred.”

“Impossible.”

Clinphisbird’s expression was somewhat gloomy.

“100.”

“If you don’t agree, we don’t want this Blackwind Fortress, I don’t believe you can really keep guarding Blackwind Fortress and killing.”

Lin Tianhao nodded, “Okay, then we’ll do as you say, one hundred.”

“Ding, Clinphisbird has gifted you 100 free attribute points.”

After Lin Tianhao received the free attribute points, a satisfied smile appeared on his face.

“Very good.”

“I won’t cause any more trouble for Blackwind Fortress in the future.”

Hearing this, a smile appeared on Lin Tianhao’s face.

Clinphisbird nodded, "Snow Emperor, the Queen sincerely wants to befriend you, this time it was just a test, I hope you can understand."

"Befriend?"

Maybe, but it doesn't matter, because Lin Tianhao has his own choice.

"咻!"

With a wave of his hand, a feather arrow pierced through the air.

Clinphisbird was shocked, her speed was very fast, she almost instantly dodged Lin Tianhao's attack.

It was really outrageous!

The corners of Lin Tianhao's mouth rose, revealing a faint smile on his face.

"You react quickly, then try my Heavenly Maiden Scattering Flowers."

Lin Tianhao fired five arrows simultaneously, with an attack speed of twelve, that meant sixty energy feather arrows flew out of Lin Tianhao's hands in one second.

With so many energy feather arrows, it was almost impossible to dodge by maneuvering.

"Snow Emperor, what are you doing!"

Lin Tianhao didn't respond, feather arrows poured out.

"Mystic Ice Shield!"

Clinphisbird raised her hand, and a huge shield appeared.

Without the slightest surprise.

This shield shattered directly.

Shields like this generally have a maintenance time and a damage limit.

The damage attached to Lin Tianhao's feather arrows was really too high.

However, just as the shield was broken, Clinphisbird disappeared.

“Not good!”

Lin Tianhao immediately turned around, and feather arrows poured out subconsciously.

However.

It was already too late.

A huge magic circle rose up under Lin Tianhao's feet.

Countless ice thorns pierced towards Lin Tianhao.

Lin Tianhao didn't care at all and continued to output frantically.

-210858.

-210861.

.....

Huge damage numbers appeared, Lin Tianhao's damage was extremely outrageous.

And those ice cones didn't have the slightest impact on Lin Tianhao.

"How could this be."

Clinphisbird was horrified.

However.

She no longer had a chance to think.

Because the Cycle of Death was triggered at this time.

Clinphisbird, dead!

"Ding, you have killed Clinphisbird, a server-wide announcement is about to be made, do you want to hide your name?"

"No."

Under normal circumstances, Lin Tianhao would choose to hide, but this time, he didn't plan to hide.

He wanted the Queen to know, to let everyone know, that he was helping Tissot kill Clinphisbird.

“Server-wide announcement, congratulations to player Snow Emperor for killing Clinphisbird, hereby announced, hoping that the majority of players will continue to work hard.”

“Server-wide announcement, congratulations to player Snow Emperor for killing Clinphisbird, hereby announced, hoping that the majority of players will continue to work hard.”

.....

The server-wide announcement sounded.

This didn't cause any waves among the players.

But among the NPCs, it caused a storm.

Especially in the circle of royalty and nobility.

Many people had some understanding of Clinphisbird's strength.

In addition to this.

Clinphisbird's identity was also unusually sensitive, she was the Queen, Fiodingyu's confidante.

She was killed just like that?

Wasn't this courting death?

“This Snow Emperor is really a bit too arrogant.”
