

## O game 1051

Chapter 1051 - All the cards were revealed, shocking the whole audience!

Lin Tianhao's lips curled up, a playful smile on his face.

Speaking of now.

Lin Tianhao definitely hoped the Dean of Baili Academy would lose the most.

For no other reason.

The Dean of Baili Academy was too arrogant before; if he didn't even make it to the finals, who knows what would happen?

However.

When Lin Tianhao looked at the Abbot of Yinian Temple, his expression couldn't help but become serious.

Because based on the current situation, it wouldn't be easy for him to win against the Abbot of Yinian Temple either.

"What does it matter to me if you want to go to the God Domain? Use your trump cards, I also want to see just how dark this dark horse of yours really is!!"

"Alright."

The Abbot of Yinian Temple raised a hand, and a formation plate appeared in his hand.

"Big Dipper Constellation Formation, arise!"

The Big Dipper Constellation Formation is a powerful formation, but like Scattering Beans into Soldiers, it's powerful, yet not rare.

As long as a Taoist expert reaches a certain level, they can basically set up the Big Dipper Constellation Formation.

When facing a powerhouse of the Dean of Baili Academy's level, the Big Dipper Constellation Formation seems a bit lacking.

However.

With Scattering Beans into Soldiers earlier, no one would underestimate the Abbot of Yinian Temple's Big Dipper Constellation Formation now.

After the Big Dipper Constellation Formation appeared, the Abbot of Yinian Temple once again used Scattering Beans into Soldiers!!

"Hahaha, this really is the power of the Great Dao, the Abbot of Yinian Temple wants to eat the Dean of Baili Academy with his move, Scattering Beans into Soldiers."

"Hehe, if I were the Dean of Baili Academy, I'd probably be so angry I'd have a brain hemorrhage; not only did he not touch the Abbot of Yinian Temple, but he's also being disgusted by him like this."

"If you ask me, has the Abbot of Yinian Temple's Scattering Beans into Soldiers already become a rule? I heard an NPC say before that when a skill becomes powerful to a certain extent, it will become a rule."

"Rules are similar to laws, and may even be above laws; their power is immeasurable."

... ..

The surrounding people were constantly discussing.

The excitement of this battle allowed them to feast their eyes.

Not to mention those at the scene.

The various live broadcast rooms were extremely lively at this time.

More importantly.

As long as the position of the live broadcast room was slightly better, the number of people was no less than one million.

This popularity also shows.

Just how many people were attracted to the battle between the Dean of Baili Academy and the Abbot of Yinian Temple.

"Is that all?"

The Dean of Baili Academy's eyes were filled with killing intent.

The Dean of Baili Academy's mentality has always been very good, but being forced to this point by the Abbot of Yinian Temple still made him very angry.

"Break it for me!!"

The Dean of Baili Academy raised the writing brush in his hand, writing the word 【Break】 in the air.

As soon as this 【Break】 word formed, a world-destroying aura swept out.

Writing this break character with the power of a sage, the power within it is extremely terrifying.

However.

When the golden-armored soldiers in the Big Dipper Constellation Formation saw this break character, they advanced instead of retreating.

They charged directly.

Without any accidents.

Before these charging golden-armored soldiers could even touch this break character, they were already torn to pieces.

But after the golden-armored soldiers died, a new batch of golden-armored soldiers appeared in the Big Dipper Constellation Formation.

Just like before.

These newly appeared golden-armored soldiers became even more powerful.

"Hahaha, it's still the familiar taste; the Dean of Baili Academy is really too difficult."

"Difficult? To put it bluntly, all of you present, probably won't be able to reach the level of the Dean of Baili Academy in this lifetime."

"If you say that, then I have to say something else; Xue Di, he seems to be about the same level as the Dean of Baili Academy now."

Then there was a flood of ellipses.

"Xue Di? Do we adventurers have a Xue Di? I don't know; I only know that the Holy Land Master of Fan Palace is called Xue Di."

"As long as I don't admit that Xue Di is an adventurer, then I won't be hurt; anyway, Xue Di isn't on the level leaderboard, he doesn't affect my leveling."

"Hehe, you're really all about self-paralysis; but to be honest, Xue Di is indeed a bit too much; even if he has double god-level talent, he shouldn't be so perverted!!"

... ..

When discussing Lin Tianhao, there were even more topics.

After all, Lin Tianhao is an absolute hot topic figure throughout Blue Star.

The first person of the Twilight of the Gods, rising like a legend (cheat) at an incredible speed!!

Lin Tianhao's rise was too fast, so fast that many people couldn't understand it.

On the arena.

The battle continued.

With the blessing of the Big Dipper Constellation Formation, the growth rate of these golden-armored soldiers became even faster.

The Dean of Baili Academy also discovered this problem.

But now, he wants to suppress these golden-armored soldiers, but it's not enough.

Even the power of a sage cannot directly tear these golden-armored soldiers apart.

"How is that possible?!!"

The Dean of Baili Academy opened his mouth in shock after seeing that his always successful power of a sage was actually failing against these golden-armored soldiers.

Not only the Dean of Baili Academy.

Even the others around showed disbelief on their faces after seeing such a realm increase.

Even the Holy Land Masters on the high platform stood up at the same time.

For no other reason.

This wave was really too shocking.

They never thought that the power of a sage could actually be blocked.

"How did he do it!!"

The Blood Shadow Demon Tower Master asked incredulously.

Lin Tianhao was also somewhat moved.

The Dean of Baili Academy's strength was indeed somewhat beyond Lin Tianhao's expectations.

"Dean Baili, could it be that he's really going to lose?!!"

The Yin Yang Joy Sect Master couldn't help but widen her eyes; this round was indeed somewhat shocking to her.

To be precise.

All the Holy Land Masters present were shocked.

The Dean of Baili Academy no longer had the previous calmness; his expression was cold, and uncontrollable anger was rising on his face.

This round today was indeed somewhat unacceptable to him.

It was originally a sure thing, but it turned out like this.

The Dean of Baili Academy raised the brush in his hand again, he said coldly:

"Abbot of Yinian Temple, you really have broken my perception of you time and time again!!"

"Your strength has already gained my approval, but today, this duel should end!!"

As soon as the words fell.

The Dean of Baili Academy's brush suddenly fell.

"A drop of ink in the chest, killing all the immortals under heaven!!"

Along with the Dean of Baili Academy's brush falling, the tip of the brush actually pierced into his own chest.

Immediately afterwards.

The Dean of Baili Academy pulled out the tip of the brush, the tip of the brush already stained red with blood.

I saw the Dean of Baili Academy point out with the bloody brush in his hand.

In front of him, space and time seemed to have stagnated, and powerful forces swept towards all directions.

Chapter 1052 - Lin Tianhao took action and found clues about the master in one thought!

The expression on the One Thought Temple Master's face changed drastically. He wanted to run, but the space and time around him simultaneously began to distort, rendering his body immobile and completely unable to resist.

“We concede!!”

Just then.

From below the arena, someone from One Thought Temple shouted urgently. Without any hesitation, he appeared on the arena, attempting to stop the Dean of Hundred Mile Academy.

However, he couldn't get close at all. At that moment, time and space in that area were completely distorted.

This time, the Dean of Hundred Mile Academy had no intention of leaving any way out for the One Thought Temple Master.

“Dean Hundred Mile.”

Ouyang Wenlong frowned and stood up. He was the host of this Holy Land Lord Championship, but in the current situation, even if he went all out, he still couldn't turn the tide.

Mainly because.

His strength was too weak.

At least.

Compared to people like the Dean of Hundred Mile Academy and the One Thought Temple Master, he was too weak.

Lin Tianhao frowned slightly. One Thought Temple had a good relationship with their Mortal Hall.

Back during the Holy Land contention, One Thought Temple had also helped him.

Now that this kind of thing was happening, Lin Tianhao had no reason to stand idly by.

“Absolute Teleportation!!”

Almost instantly, Lin Tianhao appeared in front of the One Thought Temple Master.

The dual distortion of time and space was indeed powerful, but it couldn't stop Lin Tianhao's Absolute Teleportation.

“Snow Emperor!!”

Seeing that Lin Tianhao had actually intervened, the Dean of Hundred Mile Academy was furious. He didn't intend to stop his attack, and even because of Lin Tianhao's appearance, the aura around him rose several notches again.

Lin Tianhao smiled helplessly. Faced with this situation, he had no choice.

“Absolute Block!!”

Because apart from Absolute Block, there was almost no other way for Lin Tianhao to block this attack from the Dean of Hundred Mile Academy.

As for using his body to block?

That was even more of a pipe dream.

Putting aside everything else.

Just then.

A beam of light descended from the sky, actually blocking the power of this distorted space and time back onto the arena.

When the aftermath on the arena dissipated, the audience saw.

On the arena.

The Dean of Hundred Mile Academy, the One Thought Temple Master, and Lin Tianhao were all standing there unscathed.

“Blocked—blocked it!!”

The surrounding audience widened their eyes, their faces filled with disbelief.

“We still underestimated the Snow Emperor's strength. He actually blocked the devastating attack from the Dean of Hundred Mile Academy.”

“Too strong. I can now understand why the Blood Shadow Demonic Tower Master conceded. The Snow Emperor's strength is not just his high basic attack damage.”

“In other aspects, the Snow Emperor is also unreasonably strong.”

... ..

On the arena.

The Dean of Hundred Mile Academy's expression was extremely gloomy. He stared at Lin Tianhao and roared:

“Snow Emperor, shouldn't you give me an explanation!!”

“Arena battles are a matter of life and death. You actually intervened.”

Lin Tianhao spread his hands.

“The One Thought Temple Master has already conceded. You shouldn't have continued to kill.”

“Hmph, did he concede? Only the people from his One Thought Temple shouted concession, but the One Thought Temple Master himself didn't shout concession.”

Lin Tianhao smiled, “It doesn't matter. Since I intervened, then One Thought Temple has lost. Congratulations to you for successfully entering the finals.”

The Dean of Hundred Mile Academy took a deep breath, looking somewhat annoyed.

The One Thought Temple Master had forced him into such a sorry state. He really couldn't get over it if he didn't kill the One Thought Temple Master.

But now that he wanted to attack again, there was no chance.

“Alright, Snow Emperor, I'll wait for you in the finals. I hope you won't be blocked from the finals by the Blood Shadow Demonic Tower.”

As soon as the Dean of Hundred Mile Academy said this.

The Blood Shadow Demonic Tower Master immediately stood up.

“No, no, I know my limits. I concede. The Snow Emperor was able to block your attack unscathed, Dean Hundred Mile. I have no chance of winning against him.”

The Dean of Hundred Mile Academy frowned slightly. He actually hoped that the Blood Shadow Demonic Tower Master could force out some of Lin Tianhao's trump cards.

It would be best if the Blood Shadow Demonic Tower Master could make Lin Tianhao look a little embarrassed, so that he could feel better.

But he didn't expect that the Blood Shadow Demonic Tower Master would take the initiative to concede.

“Hmph, you are all fine specimens. Snow Emperor, I hope that in three days, you can bring me even greater pressure than the One Thought Temple Master.”

The Dean of Hundred Mile Academy waved his hand and turned to leave.

The Holy Land Lord Championship semi-finals ended here. Although the result of this semi-final was not unexpected, the process was not very friendly to the Dean of Hundred Mile Academy.

“Thank you, Lord Snow Emperor, for your help.”

The One Thought Temple Master respectfully bowed to Lin Tianhao.

When the Dean of Hundred Mile Academy used that attack just now, he had already felt that he couldn't block it.

If he resisted forcefully, he would die, definitely die!!

If Lin Tianhao hadn't intervened at the critical moment, he would already be a dead man now.

Lin Tianhao waved his hand dismissively and said:

“When I was in trouble, your One Thought Temple also helped me.”

The One Thought Temple Master looked at Lin Tianhao seriously:

“Snow Emperor, this Dean of Hundred Mile Academy is very strong, very, very strong. The strength of my golden-armored soldiers is very high, but they were still very strained when fighting the Dean of Hundred Mile Academy.”

Hearing this.

Lin Tianhao couldn't help but frown slightly. After watching this battle, he had a rough judgment of the Dean of Hundred Mile Academy's strength.

It was precisely because he had a rough judgment that Lin Tianhao was even more shocked.

“I know.”

The One Thought Temple Master hesitated and asked:

“Snow Emperor, how confident are you in facing the Dean of Hundred Mile Academy?”

Lin Tianhao pondered slightly and said:

“I don't know. It's hard to say without a real fight.”

Hearing this.

Whether it was the One Thought Temple Master or Ouyang Wenlong and others, their hearts skipped a beat.

Because Lin Tianhao's answer meant that he was not confident. If they really fought, it would be difficult to say who was stronger.

The Dean of Hundred Mile Academy had already displayed enough combat power this time.

And Lin Tianhao also had a reputation, and everyone knew that Lin Tianhao's combat power was very strong.

It was difficult to say what the outcome would be if the two of them fought.

“It's already come to this, let's wait. There's no point in thinking so much now. We'll know after fighting in three days.”

Lin Tianhao's expression also became serious.

He was indeed not confident. Even if his damage transfer had cooled down now and he could use it directly on the Dean of Hundred Mile Academy, he was still not confident.

"By the way, I heard you were preparing to go to the God Realm?" Lin Tianhao asked.

Chapter 1053 - It is speculated that this is the headquarters of the vast and infinite palace!

The Abbot of One Thought Temple nodded heavily, and said solemnly:

"I have already found a suitable successor for One Thought Temple, so I should go to the God Realm. That is where I should be."

Lin Tianhao nodded. He had also yearned for the God Realm.

But now there were still many things to deal with, and he couldn't go to the God Realm yet.

"May I be so bold as to ask, who is the Holy Land Master of your One Thought Temple?"

Although Lin Tianhao had already guessed, he still wanted to confirm.

After all, according to the information he had previously learned, Taoist Yexin's competitiveness in One Thought Temple was not that great.

"Wutong."

Health Points: 7.1 billion / 7.1 billion.

Between adventurers, they can only see each other's names, levels, and health bars.

Attack power and skills are normally invisible.

More than 2,700 levels, with 7.1 billion health points. The level and health points are not bad.

But Taoist Yexin doesn't seem to be any worse than this.

"Snow Emperor thought it was Taoist Yexin?"

After seeing Lin Tianhao's reaction, the Abbot of One Thought Temple had already guessed what Lin Tianhao was thinking.

Lin Tianhao nodded without hesitation and said:

"To be honest, I really thought it was Taoist Yexin at first."

The Abbot of One Thought Temple said helplessly:

"Taoist Yexin's attainments in Taoism are indeed very high, but he is too free-spirited. Our One Thought Temple is made by one thought, and also ruined by one thought."

"As the Abbot of One Thought Temple, his thoughts are very important."

"Being free-spirited, aren't many people in Taoism like this?" Lin Tianhao asked.

The Abbot of One Thought Temple shook his head and said:

"Indeed, there are many people in Taoism who are free-spirited, but the master of Taoism cannot be like this."

"Taoism is very large, and the burden is very heavy, which determines that it cannot be free-spirited."

"Our One Thought Temple may not be able to represent everyone in Taoism, but we still have to do our part for the rise and fall of Taoism."

Lin Tianhao smiled helplessly. He could understand One Thought Temple's approach.

He was just a little regretful.

After all, compared to others, he was more familiar with Taoist Yexin.

"You are leaving Vast Continent, is there anything you want to say to me?" Lin Tianhao asked.

The Abbot of One Thought Temple's expression became serious.

"One Thought Temple is still too weak. Our survival actually depends heavily on the Mortal Palace."

"The existence of the Mortal Palace is very important to us."

"But the current situation in Vast Continent is not very optimistic. I will do some things before leaving."

At this point.

The Abbot of One Thought Temple took out a small booklet.

"This contains some information that I have deduced and collected. I believe it should be useful to you."

Lin Tianhao's eyes lit up. He believed that the things the Abbot of One Thought Temple gave him would not be too bad. This thing would definitely be useful.

"Thanks."

"I have also been investigating the affairs of Vast Continent recently. There are roughly three suspected targets," Lin Tianhao said.

The Abbot of One Thought Temple was extremely powerful. He might know some useful information.

"The Alett Star System, the Lord of Luotian, and what else? People from Central Continent?" the Abbot of One Thought Temple said.

Lin Tianhao nodded.

The Abbot of One Thought Temple smiled and said:

"You said, is it possible that it is the headquarters of Vast Boundless Palace, or the headquarters of other holy lands that were destroyed by you?"

"Back then, the Shanhai Empire was invaded by the Western Holy Land. Now that you have suppressed them, the probability of their headquarters taking action against you is very high."

Lin Tianhao narrowed his eyes. In that case, the probability was indeed very high.

It's just that this matter has been constantly pushed to the Lord of Luotian, and the guys from the Alett Star System are also attacking Sand Sea Poison City.

Therefore.

The first thing he suspected was the guys from the Alett Star System.

The second was the Lord of Luotian and the people who escaped from Central Continent.

Now it seems.

He had overlooked a very important point, that is, if people from Central Continent came, what was their motive?

"Do you know something?" Lin Tianhao asked.

The Abbot of One Thought Temple smiled slightly and said:

"When people from Central Continent came, the first stop was the old site of Vast Boundless Palace."

Lin Tianhao was a little surprised, "How do you know?"

"One of my Taoist uncles came from Central Continent some time ago, and he told me."

A cold light flashed in Lin Tianhao's eyes. If the headquarters of Vast Boundless Palace came, he could accept it.

He was just afraid that the guys from the headquarters of Vast Boundless Palace would cooperate with the guys from the Alett Star System.

This was entirely possible, after all, Vast Boundless Palace had cooperated with the guys from the Alett Star System before.

"Guessed it?"

The Abbot of One Thought Temple said seriously:

"Judging from the current situation, there is a high probability that the headquarters of Vast Boundless Palace has already cooperated with the guys from the Alett Star System."

Lin Tianhao took a deep breath, this was really a headache.

He really needed to find a way to complete the task of restoring the Moksha Kingdom as soon as possible, so that his rank +1, and his combat power would definitely be greatly improved.

Also, the champion of this Holy Land Master Hegemony Competition, Lin Tianhao must also compete for it.

Because the champion of this Holy Land Master Hegemony Competition is likely to reward rank +1 as well.

In this way.

It was possible for him to complete two rank jumps in a short period of time, which would be a huge improvement to his strength.

"Did your uncle say anything about Central Continent?" Lin Tianhao asked.

The Abbot of One Thought Temple shook his head and said:

"He didn't say too much, just that unprecedented changes had taken place in Central Continent, and it had been invaded by the strange, so we should not go to Central Continent unless absolutely necessary."

"By the way."

"He also said a message, that is, the strange are afraid of gold, even gold coins, and old money is even better."

Old money.

Refers to the currency of some past periods.

The Milky Way World has four eras of god-making, and other eras of god-making also have their own currency systems.

Those currency systems all have their own currencies.

These past currencies are generally called old money.

And most of the old money has attribute bonuses.

Sometimes wealth can really become strength.

However.

Most of the old money has very low attribute bonuses, such as +5 health, +1 attack, +1 magic resistance, etc.

Only a very small amount of old money has very strong bonuses.

In his previous life, Lin Tianhao knew that someone had obtained old money with +20% dodge.

He also knew that someone had obtained old money with +50 luck.

Anyway, old money is full of infinite possibilities when you are lucky.

The most important thing is.

Old money does not take up equipment slots, nor does it take up space, making it easy to carry.

## Chapter 1054 - Defeat Heitian Aozhen in one move!

"I have my own things to take care of these days. After the Holy Land Hegemony Competition is over, I should be able to free up some time to play with these guys."

Now, Lin Tianhao is getting closer and closer to resurrecting the Mokesha Kingdom.

According to the current progress, it will take at most half a month to complete the task of resurrecting the Mokesha Kingdom.

The master of Yinian Temple nodded with a smile, "It can be seen that you have been busy recently. The things you have been doing recently must be very dangerous."

Lin Tianhao's use of his body to dissolve toxins would inevitably lead to constant death.

In fact, if he wasn't worried about killing the Dean of Baili Academy now, as he wouldn't get the rewards from the Holy Land Hegemony Competition, Lin Tianhao would have already used damage transfer to lock onto the Dean of Baili Academy.

Then, while consuming the toxins, he would kill the Dean of Baili Academy.

With his current health and the success of the poison damage, it is entirely possible to use damage transfer to kill the Dean of Baili Academy.

After separating from the master of Yinian Temple, Lin Tianhao summoned the Kunlun Mirror and headed to the Sand Sea Poison City.

As before, Lin Tianhao prepared to continue using his body to dissolve the toxins.

However,

Just as Lin Tianhao arrived at the Sand Sea Poison City, he discovered that there was an uninvited guest here.

He was dressed in black, wearing a bamboo hat, making it impossible to see his appearance clearly.

Seeing Lin Tianhao's arrival, the black-clothed bamboo hat man slowly raised his head.

Lin Tianhao couldn't see the eyes under the bamboo hat, nor did he know what the bamboo hat man's intention was in blocking him here.

“Go back.”

The bamboo hat man opened his mouth, “Don’t ever appear here again.”

“Why?”

Lin Tianhao said indifferently. If he didn't come here in the future, how would he resurrect the Mokesha Kingdom?

“There is no why. If you insist on asking, it’s because my fist is bigger than yours.”

Lin Tianhao raised his eyebrows. It had been a long time since someone had said such a thing to him.

“Are you from the Central Continent?”

The bamboo hat man chuckled:

“You can tell? I don’t want to bully the weak. Someone paid a high price to prevent anyone from approaching the Sand Sea Poison City.”

Lin Tianhao frowned slightly, "Who?"

"You don't need to know. Just one sentence, leave or don't leave!"

The bamboo hat man seemed to have lost patience with Lin Tianhao, and his words already carried a hint of anger.

"I have my purpose in coming here. Today, I must enter the city."

Hearing this,

The bamboo hat man didn't say anything more. He raised his hand, and Lin Tianhao only felt a crack appear in the space behind him.

In the next instant,

He was actually pulled into the spatial turbulence by the spatial crack behind him.

When Lin Tianhao opened his eyes again, he appeared on a deserted island.

"This is... the Endless Sea!"

Lin Tianhao raised his eyebrows slightly. The bamboo hat man only made a slight move, and he was actually teleported to such a distant place.

"This spatial-type professional is probably very high level. He didn't kill you directly, so he should still have some concerns."

Hei Tian'aozhen's voice sounded in Lin Tianhao's mind.

“This guy is interesting. Let’s go have a chat with him. If that doesn’t work, we’ll kill him.” Lin Tianhao said.

“It should still be difficult to kill this level of spatial-type expert.” Hei Tian'aozhen said.

Spatial-type professionals have very high attack and escape methods.

Lin Tianhao smiled, “Let’s try.”

After he finished speaking,

“Eh—”

The bamboo hat man was slightly surprised to see Lin Tianhao returning so quickly.

“You do have some skills, but as the saying goes, take people's money and eliminate disasters for them. I promised not to let anyone set foot here within three months. Come back in three months.”

“What if I must go in now?” Lin Tianhao said.

The moment Lin Tianhao said this, the space in front of him instantly tore open a gap.

“If my attack had been a little further forward just now, you would have been torn to pieces.”

Lin Tianhao frowned slightly. He didn't even see how the bamboo hat man made his move just now, and the attack had already arrived in front of him.

“Hei Tian'aozhen.”

Lin Tianhao knew that it would be difficult for him to defeat this guy on his own.

“Half-Emperor?”

The bamboo hat man's face showed a bit of surprise when he saw the other party appear.

“No wonder you dare to challenge me. It turns out you have such an expert by your side.”

Having said that,

The bamboo hat man slowly stood up, “But do you know that even if they are both Half-Emperor level experts, there is still a difference.”

Hearing this,

Lin Tianhao breathed a sigh of relief. He was a little worried that the other party was a Great Emperor level expert.

If that were the case, he would really have no chance of winning.

But if it was a Half-Emperor, then he would still have some confidence.

After Hei Tian'aozhen appeared, he was also extremely solemn and did not dare to be careless in the slightest.

“Black Dragon True Body!!”

Hei Tian'aozhen shouted in a low voice and directly revealed his true form.

The huge black dragon body covered the sky and the sun, giving people a sense of oppression.

“Interesting, it’s actually a black dragon.”

The bamboo hat man's face did not show any fear when he saw Hei Tian'aozhen reveal his true form, but instead showed a bit of playfulness.

“But...”

“I don’t like people looking down on me like this, so come down!!”

After he finished speaking,

The bamboo hat man raised his hand and pressed down fiercely. The space collapsed with Hei Tian'aozhen's body as the center, and Hei Tian'aozhen's huge body was smashed into the ground with a "bang".

“How is that possible!!”

Hei Tian'aozhen knew that the bamboo hat man was very strong, so he showed his true form as soon as he came.

But he didn't expect that even if he showed his true form, he would not be a match for the bamboo hat man.

“In our Central Continent, dragons are generally used as pets.”

“It is rare for you to grow to the Half-Emperor level in the dragon clan. Don’t risk your life here.”

Hei Tian'aozhen's huge dragon head turned to look at Lin Tianhao.

Whether to continue fighting or retreat depends on Lin Tianhao's decision.

“Come back.”

Lin Tianhao said indifferently, his eyes staring sharply at the bamboo hat man.

He couldn't see through the bamboo hat man's attack at all.

Although he said that he was also at the Half-Emperor level, judging from the realm he showed, his Half-Emperor realm was unreasonably strong.

“Xuedi, the Vast Continent is too small. If you have the opportunity, go out and take a walk. It will be difficult for you to truly grow up here.” the bamboo hat man said.

Lin Tianhao took a deep breath, “May I ask how to address you, senior?”

“How to address me? Do you want to use your Book of Life and Death to lock my head, or do you want to disgust me with your damage transfer method?”

Lin Tianhao was slightly stunned, “Senior knows me very well?”

Chapter 1055 - Gu Limu Shuier appears!

The man in the bamboo hat smiled noncommittally and said:

“Understanding is too much to ask, it's just that many forces in our Central Continent have intelligence networks on this Vast Continent.”

“So we can understand some of the people and things in your Vast Continent relatively well.”

At this point.

The man in the bamboo hat changed the subject and continued:

“You are the only adventurer who is treated as having the potential of a Saint Realm, so we collect relatively more information about you.”

“Saint Realm level?” Lin Tianhao raised his eyebrows. Shouldn't it normally be said to be Saint level?

“Well, Saint is a cultivation realm, and Saint Realm is a rank, the next realm after the Great Emperor Realm.”

Lin Tianhao understood in his heart, because the Great Emperor Realm corresponds to the God Emperor level, and the Saint should naturally have a corresponding rank.

However.

If that's the case.

Then what is above the Saint?

These are too far away for Lin Tianhao, and he doesn't need to think so much now.

“You just said Central Continent, I heard that there was a big problem in Central Continent, and even experts in the Great Emperor Realm may fall.”

The man in the bamboo hat nodded, "About the same, some old guys caused the trouble, but we have to take the blame. I don't want to, so I came here."

“How many people are still alive in Central Continent? Will the invasion of the strange creatures descend on the Vast Continent?”

In his previous life, Lin Tianhao didn't know about the invasion of the strange creatures in the Central Continent at all, but the Vast Continent had never been invaded by strange creatures.

But this is also hard to say.

“Okay, you don’t need to worry, as far as I can see, strange creatures will not invade your Vast Continent.”

“Senior, I really need to enter the Sand Sea Poison City, is there anything to discuss?”

Three months?

It's not that Lin Tianhao can't wait, but at this critical moment, if he can become stronger as quickly as possible, then he will become stronger as quickly as possible.

So as not to have any troubles later.

Especially those Western Holy Lands, headed by the main headquarters of the Vast Infinity Palace, may have already descended on the Vast Continent.

The trouble he will face in the future is very big.

“Either defeat me, or leave, you have no choice.”

The man in the bamboo hat answered very directly.

“Since I have already accepted someone else’s task, unless I encounter a major crisis, I will not leave easily.”

Lin Tianhao frowned. He can't beat the man in the bamboo hat's combat power. If he doesn't fight, will he choose to give up?

It doesn't seem like there is a better choice.

“Can you tell me, who made you do this?”

“Anyway, it's not those guys from the Arlett Star System.”

The man in the bamboo hat answered very positively, "You can rest assured about this, I also have a grudge against those guys from the Arlett Star System."

“Then how about you and I deal with those guys from the Arlett Star System together?”

Lin Tianhao grinned, "And looking at you, you should be staying on this Vast Continent for a long time, do you want to join our Fan Hall."

“Our Fan Hall has a profound foundation, and my potential as the Hall Master is also very great in the future...”

The man in the bamboo hat shook his head and said:

“No interest.”

Sure enough!

It is not easy to trick this man in the bamboo hat into the Fan Hall.

“Senior, you see, we all have grudges against those guys from the Arlett Star System. What are the enemies of enemies? Aren't they friends?”

“You are on the Vast Continent, you always need a place to stay, right? Our Fan Hall is not bad.”

“Moreover, I heard that dealing with strange creatures requires a lot of gold coins. As long as you join, gold coins are easy to talk about.”

The man in the bamboo hat heard Lin Tianhao's words and said:

“Gold coins? Can your gold coins be more than the Earth Deficiency Chamber of Commerce?”

Lin Tianhao was slightly startled and subconsciously asked:

“Senior and the Earth Deficiency Chamber of Commerce are together?”

“No.”

The man in the bamboo hat shook his head, "If I need gold coins, I can join the Earth Deficiency Chamber of Commerce, they can give more."

Lin Tianhao chuckled:

“That’s not necessarily true. The Earth Deficiency Chamber of Commerce has a deep cooperative relationship with our Fan Hall. Part of the gold coins of the Earth Deficiency Chamber of Commerce are managed by me.”

Lin Tianhao has high interest rates, plus his identity as the Hall Master of Fan Hall, it is easy to get the Earth Deficiency Chamber of Commerce to invest gold coins.

Therefore.

Gold coins are just numbers to Lin Tianhao.

"I know that the bank you run has unified the entire Mountain and Sea Empire, and the interest rate is also the highest. Most people are willing to put gold coins in your bank, and the Earth Deficiency Chamber of Commerce also puts in a lot."

The man in the bamboo hat also knows about this.

"But I still don't know the logic of your gold coin operation. Why can you pay high interest rates without investing the gold coins you get?"

"According to my speculation, you should have some kind of rule power that can make gold coins increase, right?"

Lin Tianhao raised his eyebrows, "Since you know, do you want to join our Fan Hall? Our Fan Hall elder benefits, 100% annualized interest rate!!"

"Deposit 100 million gold coins and give you 200 million after one year, how about that?"

The man in the bamboo hat pondered for a while, "Is this the limit of your rule power? It sounds really tempting, but I have an organization."

Lin Tianhao grinned, "What's so great about this? Bring your organization together, there are so many gold coins that you can count until your hands cramp."

Now Lin Tianhao really wants to trick the man in the bamboo hat into the Fan Hall.

This guy is too strong.

Even if he sends him to the God Conferring List, Lin Tianhao feels that he has made a bloody profit.

"No."

However.

The man in the bamboo hat refused very decisively, without any room for discussion.

Lin Tianhao knew that if he said anything more, his intention would be too obvious, so he smiled and said:

“Senior, our Fan Hall really lacks a master like you. If senior is willing, contact me at any time.”

After saying that.

Lin Tianhao waved his hand and turned to leave.

With this man in the bamboo hat guarding here, it is impossible for him to enter.

“Snow Emperor, do you also have times when you are turned away?”

Just as Lin Tianhao was about to leave, a soft voice came.

Lin Tianhao raised his eyes and looked over.

Gurimu Suier!!

“The main body is here? If you are like this, I will be excited.”

Lin Tianhao looked at Gurimu Suier with interest, as if he wanted to strip Gurimu Suier naked and eat her all up.

“Oh? How excited, do you want Suier to help you relieve your anger?”

"Of course, I'll just shoot for five minutes, very quickly."

Lin Tianhao took out the novice longbow, and the smile on his face became more and more excited.

Chapter 1056 - The calculations of the three holy places!

"Five minutes is too long. Shui'er can't last that long. I bet she can't even handle a minute."

Gu Limumu Shui'er looked at Lin Tianhao with a teasing smile.

"It's okay. Whether you can handle it or not, won't we know if we try?"

As soon as the words fell.

Lin Tianhao's arrows shot out from his heart and the novice longbow in his hand at the same time.

Heavenly Punishment Headlock!!

However.

Gu Limumu Shui'er's figure blurred and disappeared.

"Can't shoot if you can't see me?"

Gu Limumu Shui'er's voice came from all directions, and Lin Tianhao's Eye of Insight couldn't capture her position at all.

Lin Tianhao frowned slightly. This Gu Limumu Shui'er is really a bit difficult to deal with.

"Snow Emperor, you want to revive the Mokesha Kingdom, and I also have my own purpose for entering the Sand Sea Poison City."

"Why don't we cooperate!"

Gu Limumu Shui'er's voice fell, and before Lin Tianhao could respond, the voice of the man in the bamboo hat sounded first.

"Even if we are to cooperate, it should be me and the Snow Emperor cooperating."

Along with the voice of the man in the bamboo hat, a space vortex appeared under Gu Limumu Shui'er's feet, pulling Gu Limumu Shui'er's body into the space vortex.

-73.9 billion!!

-74.1 billion!!

.....

One after another terrifying damage numbers appeared, and in just a few breaths, it took away hundreds of billions of Gu Limumu Shui'er's health points.

Gu Limumu Shui'er snorted coldly and shattered the space vortex with a palm. Then, a black-gray curse mark appeared above the head of the man in the bamboo hat.

-101.1 billion!!

-101.2 billion!!

.....

Gu Limumu Shui'er's full-strength attack also dealt considerable damage.

Lin Tianhao narrowed his eyes slightly. He could temporarily not enter the Sand Sea Poison City, but he couldn't stop dealing with these guys from the Alete star system.

"Shoo shoo shoo--"

"Hiding is useless."

The man in the bamboo hat chuckled and stretched out a hand. His palm seemed to penetrate layers of space and grab Gu Limumu Shui'er hidden in the depths of space.

Gu Limumu Shui'er's expression changed slightly, and a ball of flame condensed in front of her.

In this ball of flame, undead were roaring, and the heat it emitted could penetrate people's bodies and burn their souls.

The hand of the man in the bamboo hat retreated at an extremely fast speed as soon as it approached Gu Limumu Shui'er.

"Incomprehensible, Snow Emperor, why bother?"

Gu Limumu Shui'er's voice was a bit annoyed.

She knew that Lin Tianhao's damage was very high, and even she didn't dare to take it head-on.

"Isn't it me who's bothering? Isn't it you who are bothering? Is the Alete star system not giving you enough to eat? You have to come to our Milky Way world to cause trouble," Lin Tianhao said indifferently.

Gu Limumu Shui'er stopped talking.

Her appearance this time was actually to drag Lin Tianhao into the water.

After all, she knew that if Lin Tianhao wanted to revive the Mokesha Kingdom, he had to enter the Sand Sea Poison City.

This was also the best time for her to get Lin Tianhao to cooperate.

Putting aside everything else, as long as their Alete star system could cooperate with Lin Tianhao once, it would be much easier to continue cooperating in the future.

"She's gone."

The voice of the man in the bamboo hat sounded.

Lin Tianhao was slightly surprised, "Even you can't keep her?"

"Can't keep her."

The man in the bamboo hat frowned slightly, "She has a few trump cards. Her status in the Gu Limumu family should be very high."

Lin Tianhao glanced at the man in the bamboo hat, slightly helpless.

Judging from today's situation, he can't enter the Sand Sea Poison City.

The only good news is that no one else can enter the Sand Sea Poison City either.

There are still three days until the final of the Holy Land Lord Competition.

However.

It's basically impossible for him to resolve the toxins of the Sand Sea Poison City in just three days.

Therefore.

Waiting a little longer won't have too much impact on Lin Tianhao.

There are still three days left.

Lin Tianhao doesn't plan to comprehend the Dao, but plans to go to the underwater world.

There are many sea beasts there, and he can quickly raise his dropped level by killing those sea beasts.

Moreover.

There are many BOSSES among the sea beasts, and killing BOSSES will give rewards of free attribute points.

Being able to earn free attribute points while leveling up is a win-win situation.

Three days passed in a flash.

During these three days.

Nothing major happened in the Mountain and Sea Empire. Everything seemed to be very peaceful.

"Hall Master, the Sect Master of the Yin-Yang Harmony Sect, the Mansion Master of the Demon Flood Dragon Cave, and the Master of the Cold Building are all outside. They want to see you."

Lin Tianhao raised his eyebrows. Before the final of the Holy Land Lord Competition begins, these three Holy Land Lords suddenly come to see him. Lin Tianhao already has some guesses in his mind about what's going on.

"Please invite them in," Lin Tianhao said.

"Yes."

Ouyang Wenlong turned around and went out to invite the three Holy Land Lords in.

Seeing these three people, Lin Tianhao didn't beat around the bush and said directly:

"You came to me for the sake of the Ancient God Secret Realm, right?"

The Sect Master of the Yin-Yang Harmony Sect smiled slightly and nodded, saying:

"Snow Emperor, you and the Dean of Baili Academy are about to have the final, and you each have an ancient key in your hands..."

Lin Tianhao smiled noncommittally and said:

"You are worried that I will kill the Dean of Baili Academy, and then the ancient key will lose its clues, right?"

The Mansion Master of the Demon Flood Dragon Cave nodded lightly, "Although the outside world has various speculations about you, Snow Emperor, and most people also believe that the Dean of Baili Academy will not lose to you, who can know the result?"

Lin Tianhao smiled and said:

"None of you have the ancient key. Even if we eventually want to enter the Ancient God Secret Realm, it seems that there is no place for you?"

The Master of the Cold Building smiled and shook his head.

"Snow Emperor, you don't know, once the Ancient God Secret Realm is opened, anyone can enter as long as their realm is sufficient."

"Of course, those who hold the ancient key can bring a few people into the Ancient God Secret Realm in advance."

Lin Tianhao raised his eyebrows slightly and asked:

"So, what is your purpose in coming to me?"

A cold light flashed in the eyes of the Sect Master of the Yin-Yang Harmony Sect, "Let's join forces and force the Dean of Baili Academy to hand over the ancient key. If he doesn't agree, then kill him!!"

"This way, you, Snow Emperor, can secure the championship, and we can also achieve our goals."

Lin Tianhao chuckled and said:

"You are all holy lands from outside the territory. Instead of uniting, you are scheming against each other like this."

The Master of the Cold Building shook his head and said:

"If he were united, he shouldn't be so greedy."

The Sect Master of the Yin-Yang Harmony Sect took over the conversation and nodded:

"Yes, the Dean of Baili Academy is no longer like a scholar. He wants too much."

Lin Tianhao shook his head and said:

"If the Dean of Baili Academy really wants to leave, we shouldn't be able to keep him, right."

Chapter 1057 - Finals!

Hearing this.

The Sect Master of the Yin Yang Joyous Union Sect smiled charmingly, "That way, Xue Di, you won't suffer any loss either. With the Dean of Baili Academy gone, you'll definitely secure the championship."

Lin Tianhao shook his head, "That would be breaking the rules. If we secretly collude like that, wouldn't it mean the finals wouldn't even need to be fought? Secretly finding a group of people to target the opponent, and then waiting to win the championship ourselves, wouldn't that be a mess?"

"As for the ancient key you mentioned, that does indeed need to be discussed with the Dean of Baili Academy."

"You came here today just to force the Dean of Baili Academy away, because if I lose and am killed by the Dean of Baili Academy, I can be resurrected, but the Dean of Baili Academy cannot."

"You want to ensure the Ancient God Mystic Realm opens normally, right?"

The Sect Master of the Yin Yang Joyous Union Sect smiled helplessly and said:

"Xue Di, you won't suffer any loss from this. You'll definitely win the championship, and since you have the ancient key in your hand, you'll be the first to enter the Ancient God Mystic Realm."

Lin Tianhao pondered for a moment and said:

"I don't think so. If we use this method, it's likely to be judged as cheating. At that time, my championship will be a joke, and I might not even get the rewards."

None of these people are from the holy lands of the Vast Expanse Continent. It would be too naive to think they would really think of him and cooperate with him.

The Cave Master of the Demon Serpent Cave and the Sect Master of the Yin Yang Joyous Union Sect looked at each other.

"Alright, there's no need for you to say anymore. The finals are about to begin. The Dean of Baili Academy isn't stupid. It's not realistic for me to kill him on the arena."

"If he really is killed by me, then so be it. Anyway, the Ancient God Mystic Realm has existed for so many years, and no one can enter, so it won't have much impact."

The Sect Master of the Yin Yang Joyous Union Sect, the Cave Master of the Demon Serpent Cave, and the Master of the Cold Tower all looked at each other, clearly not expecting Lin Tianhao to say such a thing.

After all, the image Lin Tianhao had previously shown was that of someone who was only interested in profit.

The Ancient God Mystic Realm was the kind of place where you could get huge rewards at first glance, and Lin Tianhao had no reason to refuse.

However.

Lin Tianhao's guess was correct on one point, which was that they did want to drag Lin Tianhao down and have him judged as cheating.

That way, the rewards Lin Tianhao could get in this Holy Land Lord Competition would be greatly reduced.

After all, Lin Tianhao's growth rate had been too fast along the way.

If he were to win this Holy Land Lord Competition again, he would really take off.

After seeing off the people from the three great holy lands, Ouyang Wenlong walked to Lin Tianhao's side with a very serious expression.

"Palace Master, the Dean of Baili Academy is indeed a bit too strong. Should you consider using something from the Mortal Palace Treasury?"

Lin Tianhao now has a very high contribution value, and he can exchange for valuable items from the Mortal Palace Treasury.

But Lin Tianhao knew very well that even ordinary divine artifacts would be difficult to play a big role when facing the Dean of Baili Academy.

His biggest reliance in fighting the Dean of Baili Academy was damage transfer and arrow release from the heart.

In the arena, Lin Tianhao actually had some confidence in this.

What he lacks now is serious injury, but for an existence of the Dean of Baili Academy's level, ordinary means of serious injury are useless.

The best thing to use should still be the venom from the Poison City of the Sand Sea.

Originally, Lin Tianhao had considered bringing some venom out when he went to the Poison City of the Sand Sea this time.

However.

This time he didn't even enter the Poison City of the Sand Sea, so naturally he didn't get any venom.

At this time.

The stands around the arena were packed.

Many streamers hadn't even left for three days, just because they were afraid of not having a seat for this final.

"To be honest, Xue Di didn't fight in the previous two matches. Will we have waited in vain for these three days?"

Although it was approaching the time for the Holy Land Lord Competition finals to begin, they were still worried that when it started, the Dean of Baili Academy would come on stage and directly admit defeat.

Then they would be pure clowns for these three days.

"Don't say discouraging things. Didn't you see Xue Di confronting the Dean of Baili Academy before? I bet today will definitely be an unprecedented super battle."

"Betting is fine, but even if the Dean of Baili Academy really fights Xue Di, what else does Xue Di have besides shoo shoo shoo?"

"Indeed, but Xue Di only needs one shoo shoo shoo to be able to stand proudly among the heroes."

... ..

The sound of discussions was endless in the audience.

This time, not to mention these spectators, even the lords of the great holy lands came.

Even the lords of the holy lands were very much looking forward to this battle.

Ouyang Wenlong looked around and said loudly:

"The Holy Land Lord Competition, the finals, are about to begin!!"

"I believe you are all very much looking forward to this duel, and I am also very much looking forward to it."

"I myself am from the Mortal Palace. To be honest, I hope the Mortal Palace can win, but the combat power that the Dean of Baili Academy has shown before is not an exaggeration to say that he is the number one Confucian Daoist in the Vast Expanse Continent today."

... ..

Ouyang Wenlong gave his usual opening remarks, stirring up the emotions of the audience.

"I know you don't like to see me talking here, so next, let us invite the Lord of the Mortal Palace and the Dean of Baili Academy."

Hearing this.

Lin Tianhao stepped onto the arena, and the Dean of Baili Academy also walked up from the opposite side.

Today's Dean of Baili Academy has changed his entire outfit, which is completely different from his previous gentle and refined aura.

He is now wearing a black and gold dragon-patterned robe, and his whole body exudes the majesty of an emperor.

To be precise.

It doesn't quite resemble the aura of an emperor, but more like... an emperor emeritus.

It seems that the Dean of Baili Academy has made ample preparations these three days.

"He feels more dangerous to me now," the real voice of Hei Tianao sounded in Lin Tianhao's mind.

Lin Tianhao frowned slightly. Something must be wrong. The way the Dean of Baili Academy is today is definitely not groundless.

"Xue Di."

The Dean of Baili Academy looked at Lin Tianhao indifferently, as if he were a king who had once ascended to the ninth heaven, looking at people like ants.

Lin Tianhao raised his eyebrows and said:

"Dean Baili, it seems that you have put a lot of effort into dealing with me."

Hearing this.

The Dean of Baili Academy shook his head and said:

"Not really, I just don't want to give you the slightest chance to win."

After saying that.

The Dean of Baili Academy looked at Ouyang Wenlong, "Can we start?"

Chapter 1058 - Lin Tianhao VS the Dean of Baili Academy!

Ouyang Wenlong looked at Lin Tianhao, clearly, here, he only listened to Lin Tianhao.

Lin Tianhao nodded to him, and Ouyang Wenlong then said:

“The Holy Land Lord Championship, the final, Fan Palace versus Baili Academy, now begins!!”

Lin Tianhao knew that the Dean of Baili Academy would definitely seize this initial opportunity to attack him.

If the Dean of Baili Academy were to gain the upper hand, it would be troublesome later.

Sure enough.

A black dragon passed through Lin Tianhao's body.

Because of the Invincible Etherealization, the black dragon did not attack Lin Tianhao.

However, the black dragon's attack did not fly towards Lin Tianhao, but turned its head and continued to attack Lin Tianhao.

This black dragon was frantically shuttling back and forth through Lin Tianhao's body, trying to tear Lin Tianhao's body apart.

Seeing this scene.

The Dean of Baili Academy was not too surprised.

“Body etherealization, entering a temporary invincible state, I just don’t know how long your invincible state can last.”

Lin Tianhao grinned, “Or, why don’t we try it out?”

To deal with the Dean of Baili Academy, Lin Tianhao had considered the most secure method, which was to stall!!

Keep stalling until night falls and the bright moon hangs high.

Because the Dark Night Spirit God, Moilai, gave Lin Tianhao a skill that doubles attributes in the dark.

Besides this.

Lin Tianhao also had another skill: Blood Moon's Descent!!

Blood Moon's Descent can amplify Lin Tianhao's combat power.

Therefore.

When night falls, his combat power will be greatly enhanced.

And his Invincible Etherealization cannot be attacked even by Saint-level attacks, so the Dean of Baili Academy's Sage power should also be difficult to attack him.

Most importantly.

Invincible Etherealization can last for twenty-four hours, so he can stall until night without any problems.

The Dean of Baili Academy did not continue to attack, but just controlled the black dragon to continuously attack Lin Tianhao.

He was waiting, waiting for Lin Tianhao's Invincible Etherealization to end.

One minute passed...

Five minutes passed...

Fifteen minutes passed...

.....

Lin Tianhao was as steady as Mount Tai, the audience was dumbfounded, and the Dean of Baili Academy also frowned.

"No, I came to watch the Holy Land Lord Championship final, and you're just showing me this? You just open an Invincible Etherealization and don't move, what are you fighting for?"

"I don't understand, at least make a few 'shoo' sounds, is this fighting or not, can we have something interesting."

"This is the final? I can pull two Rank 7 adventurers over to fight, and they'd be ten thousand times more exciting than this."

.....

The audience in the stands, seeing Lin Tianhao standing still, were all furious.

“Three days, I waited for three whole days, and you’re showing me this?!!”

At this time.

All the major streamers wanted to cry but had no tears.

Although the popularity of the live broadcast room was still very high, if it wasn't exciting, no one would send gifts.

And Lin Tianhao didn't care about these guys at all, he was still very steady, just standing still.

The Dean of Baili Academy was also quite calm, he did not continue to attack, just let the black dragon revolve around Lin Tianhao.

It seems a bit boring.

Lin Tianhao lightly raised his eyebrows, moved his body, and with the blessing of a million times movement speed, even the Dean of Baili Academy did not see Lin Tianhao's movements clearly, and saw that Lin Tianhao had already arrived behind him.

Almost in an instant.

The Dean of Baili Academy unfolded his domain.

However.

The moment he unfolded his domain, Lin Tianhao returned to his original position.

The Dean of Baili Academy frowned, Lin Tianhao's movement speed just now was really too fast, so fast that he couldn't accept it.

"Your reaction is quite fast." Lin Tianhao smiled.

The Dean of Baili Academy frowned and asked:

"Are you going to fight or not?"

Lin Tianhao grinned, "I'm just standing on the stage, do you think I'm fighting or not? It's you, do you have any real skills, show them to me."

The Dean of Baili Academy was a little annoyed.

His black dragon attack actually contained the power of a Sage.

However.

Lin Tianhao's Invincible Etherealization was completely unaffected, which... how could he continue to attack.

"Watch carefully, the next move will be very cool!"

As soon as the words fell.

Lin Tianhao squatted down, and then, a Lin Tianhao appeared on the stage, two Lin Tianhao, three Lin Tianhao...

More and more Lin Tianhao appeared, these Lin Tianhao were real and illusory.

Each Lin Tianhao's aura was very strange, making it unpredictable.

“This...”

The Abbot of One Thought Temple on the high platform suddenly stood up, he widened his eyes, staring at the scene on the stage as if he had seen a ghost.

The other Holy Land Lords looked at each other, and they all showed horror on their faces.

Because they all saw that Lin Tianhao's move was not a clone.

But because the movement speed was too fast, a series of afterimages were formed on the stage!!

And for Lin Tianhao to have so many afterimages like clones, that requires a movement speed so fast to an unbelievable degree to be able to present it.

Not to mention others.

Even the Dean of Baili Academy on the stage was a little dumbfounded at this time.

The Holy Land Lords all saw the power in Lin Tianhao's move.

But the surrounding adventurers were a little confused.

“This seems to be a normal cloning technique, it's just that Snow Emperor's clone is a bit too many, there's no need to be so surprised.”

“Looking at the reaction of those Holy Land Lords, Snow Emperor's move is definitely not a simple cloning technique, it's just that we can't see the power of this move.”

“Did you see the Abbot of One Thought Temple, he stood up in shock, and the Dean of Baili Academy, he was actually a little dumbfounded, we might really be able to look forward to the power of this move.”

.....

The surrounding discussions were endless.

The Dean of Baili Academy's expression became more and more gloomy.

“Fancy tricks!!”

As soon as the words fell.

The Dean of Baili Academy raised his hand and grabbed towards Lin Tianhao.

His grab contained the power of some kind of rule, which actually gave Lin Tianhao a feeling of being unavoidable.

However, Lin Tianhao was not too worried, after all, he was still in an Invincible Etherealization state.

Sure enough.

No matter how Lin Tianhao dodged, the Dean of Baili Academy's palm still passed through Lin Tianhao's body.

But...

The Dean of Baili Academy's attack did not cause even the slightest harm to Lin Tianhao.

“Hehe.”

“Dean Baili, your attack doesn’t seem to be very good.”

The Dean of Baili Academy looked at Lin Tianhao, his eyes uncertain.

“Your Invincible Etherealization is very strong, but I think, there should also be a very obvious limitation, that is... you can’t attack.”

Lin Tianhao raised his eyebrows, this Dean of Baili Academy discovered the problem with his Invincible Etherealization so quickly.

“You guess.”

As soon as the words fell.

Lin Tianhao rushed towards the Dean of Baili Academy again.

The Dean of Baili Academy frowned slightly, Lin Tianhao suddenly rushed up, should he defend or not?

Chapter 1059 - Night falls and the moon hangs high in the sky!

If defending.

Lin Tianhao, in his invincible ethereal state, cannot be stopped.

If not defending, what if Lin Tianhao cancels his invincible ethereal state the moment he gets close, giving him a set of attacks?

With Lin Tianhao's current output ability, he would still lose a lot of health.

In order not to waste power.

The Dean of Baili Academy sacrificed a formation plate, which surrounded him, ready to respond to Lin Tianhao's possible attacks.

However.

Lin Tianhao only fainted from time to time, without truly attacking the Dean of Baili Academy.

In the blink of an eye.

"Speaking of which, is there a possibility that Xue Di has a power of rules similar to that of the One Thought Monastery Master, and the longer he drags it out, the stronger he becomes."

Finally.

Someone began to analyze in other directions, which instantly caused a barrage of comments.

After all, with the One Thought Monastery Master in front, they couldn't help but think that way.

The surrounding adventurers were already speculating like this, and the Holy Land Masters on the high platform, including the Dean of Baili Academy, also had the same speculation.

Only.

Even if the Dean of Baili Academy had such speculation, he had no way to deal with it.

The black dragon he used in his first attack had already used the power of a sage, but it couldn't do anything to Lin Tianhao.

Now, watching Lin Tianhao delay time like this, even if he wanted to break the deadlock, he had no better means.

Two hours passed...

Five hours passed...

Eight hours passed...

...

Lin Tianhao was still as steady as Mount Tai, but whether it was the Holy Land Masters or the adventurers in the audience, or the viewers in the live broadcast room.

At this time, they were all speechless.

Only a few ellipses floated out from the live broadcast room from time to time, and many viewers present were already drowsy.

"No, isn't Xue Di a bit too stable? How long has it been, and he still hasn't made a move."

"I also said, even if he has the ability to become stronger the longer he delays, he shouldn't delay for so long. If this continues, it will be dark."

"I really feel like my time has been wasted. I must have had my head stuck in a door before, that's why I thought of coming to watch this final."

...

The surrounding audience was almost asleep, and some people had already left early.

Mainly.

This final was too strange, with no highlights at all.

Not to mention them, even those Holy Land Masters on the high platform were all uninterested at this time.

Above the arena.

The Dean of Baili Academy's expression was extremely gloomy, and he no longer had the composure and calmness he had at the beginning.

For some reason, the more he delayed, the more uneasy he felt.

In the final analysis.

The biggest factor was because the Dean of Baili Academy had already firmly believed that the longer Lin Tianhao delayed, the stronger he would become.

It had already been delayed for so long, and he couldn't imagine how strong Lin Tianhao's combat power could be now.

There were no more comments in the live broadcast rooms of those anchors, only a few sporadic comments popping up.

"Hehe, I've already cleared the Flame Earth Dragon's lair twice, and it hasn't started yet?"

"Normal, after all, I just finished my morning routine."

"? ? ?"

"The person upstairs is not right, I feel like you're bragging. Doctors have popularized it, three to five minutes is normal, more than five minutes means there's something wrong with your body, there's a problem, I suggest the person upstairs go to the hospital quickly."

...

The serious live broadcast room was immediately led astray.

However.

These still couldn't change Lin Tianhao's lying flat.

At this time, Lin Tianhao had already started to comprehend the Dao there. The main thing was that the Dean of Baili Academy couldn't hit him. If he didn't comprehend the Dao, it would be a waste of time.

Finally.

Night fell, and the bright moon hung high.

Lin Tianhao opened his eyes and looked up at the bright moon in the sky.

Today's bright moon is very round, it seems that even God is helping him.

"Xue Di, you've delayed long enough, it's time to make a move, right?"

Lin Tianhao looked at the Dean of Baili Academy with interest and said:

"If I can't wait any longer, you can step down. I'm not forcing you."

"You — —"

The Dean of Baili Academy took a deep breath to calm the anger in his heart.

He knew.

It was meaningless to say anything more to Lin Tianhao.

What he had to do was defeat Lin Tianhao!!

As long as he defeated Lin Tianhao, everything Lin Tianhao had done before would be a joke.

Lin Tianhao slowly sacrificed the Asura Divine Sword, his expression serious, without the slightest carelessness.

"Dual class?"

The Dean of Baili Academy looked at Lin Tianhao with some suspicion.

Having two combat classes at the same time, although relatively rare, was still within the range that the Dean of Baili Academy could accept.

Lin Tianhao raised his eyebrows slightly, a playful smile appeared on his face, and said unhurriedly:

"This sword next may take your life."

The Dean of Baili Academy's expression was solemn, and he also wanted to know what level Lin Tianhao's attack, which he had not made for a long time, could reach now that he made a move.

"咻 — —"

Lin Tianhao disappeared from the spot in an instant, and the Asura Divine Sword in his hand arrived in front of the Dean of Baili Academy in the blink of an eye.

The Dean of Baili Academy's expression changed slightly, and he did not dare to be negligent in the slightest, disappearing directly from the spot.

Obviously.

Faced with Lin Tianhao's sword, the Dean of Baili Academy did not dare to take it head-on.

However.

Lin Tianhao's sword did not completely fall. The moment the Dean of Baili Academy disappeared, Lin Tianhao's position also disappeared.

This can't be considered a disappearance, but the movement speed was too fast, making it impossible to capture Lin Tianhao's trace.

The moment the Dean of Baili Academy appeared, Lin Tianhao killed him again.

The Dean of Baili Academy always felt that something was wrong, but to be honest, he didn't dare to resist Lin Tianhao's attack head-on.

When Lin Tianhao's attack was about to fall, he disappeared again.

Three times in a row.

The Dean of Baili Academy was dodging.

"You're bluffing me!!"

The Dean of Baili Academy's expression was a little ugly, because Lin Tianhao's invincible ethereal state had not been canceled.

It was because Lin Tianhao hadn't made a move for too long, coupled with the artifact [Asura Divine Sword] in Lin Tianhao's hand.

This made the Dean of Baili Academy pay special attention to Lin Tianhao.

But Lin Tianhao's three consecutive attacks also made the Dean of Baili Academy see that Lin Tianhao was just playing him.

The invincible ethereal state had not been canceled, how could he attack him.

Chapter 1060 - The war begins, thunder and fire from heaven and earth establish their power!

However.

The Dean of the Baili Academy also became vigilant.

Because he felt that Lin Tianhao might really be about to make a move.

However.

What happened next stunned the Dean of the Baili Academy and everyone else present.

Lin Tianhao made his move.

But he had been teasing the Dean of the Baili Academy, and this teasing lasted a full hour!!

The Dean of the Baili Academy was already finding it unbearable, and he knew very well in his heart.

Lin Tianhao was doing this on purpose, just to find a suitable opportunity to attack him.

But he had no idea when Lin Tianhao would strike.

“Swish, swish, swish—”

Just when the Dean of the Baili Academy was already extremely annoyed, Lin Tianhao finally made his move.

With the arrow released from the heart and the Heavenly Punishment Lock, Lin Tianhao’s attack seemed to give the Dean of the Baili Academy an outlet for his anger, as he laughed at Lin Tianhao:

“Finally making your move, then... go die!!”

The Dean of the Baili Academy had accumulated anger for so long, and now he could finally vent it.

Absolute Weakness!!

A skill Lin Tianhao had previously obtained from the God of Ghost Grass.

The suppressive power of this skill is very strong, and even gods cannot be immune to it, although the effect will be reduced.

“Heitian Aozhen!”

Lin Tianhao did not hesitate at all, and the moment he summoned Heitian Aozhen, his Rift Domain also unfolded.

Facing the Dean of the Baili Academy, Lin Tianhao was giving him due respect.

Moreover.

Lin Tianhao also had a trump card.

Time Stop!!

With his current output ability, as long as he used Time Stop, he could almost certainly kill the Dean of the Baili Academy.

However.

For a powerhouse of the Dean of the Baili Academy's level, if Lin Tianhao used Time Stop on him, how much health would he lose?

Ten billion?

Five hundred billion?

Or a thousand billion?

Lin Tianhao was not sure about this.

The main reason was that the Dean of the Baili Academy's combat power was simply too strong.

Therefore.

Unless absolutely necessary, Lin Tianhao did not plan to use Time Stop.

Skills that consume the origin of life force should be used as little as possible.

Moreover.

Time Stop should be one of Lin Tianhao's absolute trump cards at the moment.

No matter when.

The one second of Time Stop can help Lin Tianhao turn the tide.

The Dean of the Baili Academy was surrounded by the power of a sage, and Lin Tianhao's feathered arrows disintegrated as soon as they approached.

Seeing this scene.

Lin Tianhao could not help but gasp, the Dean of the Baili Academy's power of a sage was a bit too strong.

But Lin Tianhao was not to be outdone, he unfolded his three heads and six arms, and directly wielded the Asura Divine Sword in his Evil Sword Immortal form.

In an instant.

Feathered arrows poured out, and the attacks in the Evil Sword Immortal form even stirred up heavenly thunder and earthly fire, rolling in.

The Dean of the Baili Academy coldly snorted, took a step, and disappeared from the spot, reappearing next to Lin Tianhao.

Before the Dean of the Baili Academy's attack could land, Heitian Aozhen had already thrown a punch.

The two's seemingly ordinary attacks caused a series of tremors in the space.

The surrounding adventurers were all a bit confused.

“Damn, what's going on? Why can Xue Di ask for help?”

“This shouldn't be asking for help, but something similar to a pet.”

“Pet?”

“Isn't it only summoner classes that can have pets? Could it be a mount? But can a mount have such strong combat power?”

... ..

Heitian Aozhen's appearance instantly attracted the attention of many people.

There was no other reason.

This was the first time since the start of the Holy Land Lord Championship that someone had used someone else to help.

“Book Mountain Divine Tower!”

The Dean of the Baili Academy coldly snorted and sacrificed a small three-story tower.

Two streams of light flew out of the small tower one after another. These two streams of light were majestic and arrived near Lin Tianhao in the blink of an eye.

Lin Tianhao's eyes narrowed slightly, and with a wave of his hand, he summoned a large number of high-level undead.

And he himself continued to unleash attacks frantically towards the Dean of the Baili Academy.

Especially the heavenly thunder and earthly fire in the Evil Sword Immortal form, Lin Tianhao was very surprised to find.

His heavenly thunder and earthly fire could actually break through the defense of the power of a sage and cause damage to the Dean of the Baili Academy.

“How is this possible!!”

Above the high platform.

The Sect Master of the Yin Yang Joy Sect's expression changed drastically.

The power level of the power of a sage is very, very high. Even within the entire power system of the saint level, the power of a sage can be considered a very strong power.

But Lin Tianhao's sword energy-induced heavenly thunder and earthly fire could actually break through the defense of the power of a sage.

It is difficult for ordinary adventurers to understand the strength and weakness of this.

But as the Holy Land Lords on the high platform, they could see the strength of Lin Tianhao's attacks at a glance.

“Xue Di's position is probably truly unshakeable. Even if the great emperor-level powerhouses from the Central Continent come, I'm afraid it will be difficult to shake it.” said the Blood Shadow Demon Tower Lord.

The Lord of the Demon Flood Dragon Cave shook his head and said:

“Xue Di's current strength is very strong, but compared to true great emperor-level powerhouses, it is still somewhat lacking.”

“Especially, he relies too much on this semi-emperor-level powerhouse beside him.”

“If it were just him, not to mention the Dean of the Baili Academy, any one of us could defeat him.”

The Cold Tower Lord chuckled and said:

“Then you are being a bit presumptuous. Do you know why I conceded when facing Xue Di?”
