

O game 1061

Chapter 1061 - Sir, help!

The gazes of several Holy Land Lords converged on the Cold Tower Lord.

To be honest.

Even Holy Land Lords like them would find the Cold Tower Lord's freezing methods difficult to withstand.

If he were to go all out, even if Xue Di had Hei Tian Ao Zhen, she could still be continuously controlled to death.

"I'm all ears," the Master of the Demon蛟 Cave Mansion said with a smile.

"The reason my freezing is so strong is because it freezes not only the body, but also the soul."

The Cold Tower Lord said unhurriedly:

The Sect Master of the Yin Yang Harmony Sect frowned slightly, "I can sense that Xue Di's soul power is extremely strong, but it's still a bit lacking compared to us. It shouldn't be to the point where even you can't freeze him, right?"

The Cold Tower Lord shook his head and said:

"It's not really related to the strength of the soul power. I suspect that Xue Di has some kind of power of rules that gives him extremely strong immunity to our ice-based attacks."

... ..

While the Holy Land Lords on the high platform were constantly discussing, Lin Tianhao on the arena had already been forced into a corner with no way to retreat.

The two people summoned by the Dean of Hundred Li Academy from the Book Mountain Divine Pagoda were both Emperor-level experts.

Hei Tian Ao Zhen was held back by the Dean of Hundred Li Academy, while Lin Tianhao's undead appeared somewhat inadequate in front of these two Emperor-level experts.

Almost instantly.

Lin Tianhao's body became unable to move.

One of the Emperor-level experts shouted at Lin Tianhao:

"The Book Mountain has a path, refine the heart with poor literature!"

In an instant.

Lin Tianhao's consciousness sank, and the surrounding scene underwent earth-shattering changes.

He appeared in a thatched hut.

The thatched hut was dilapidated and bare, with only a few somewhat worn books placed in front of him.

Lin Tianhao looked around, without the slightest hesitation, waved the Shura God Sword in his hand, and forcibly broke this illusion with the might of heavenly thunder and earthly fire.

However.

Before the illusion could be broken, Lin Tianhao was already facing the overwhelming attacks of two Emperor-level experts.

- 3.5 billion!!

- 3.3 billion!!

- 4 billion!!

... ..

One damage number after another popped up from the top of Lin Tianhao's head, and such damage values really stunned many people present.

No other reason.

Even if the attacks of the two Emperor-level experts didn't use great divine powers or great secret techniques in order to rush their output, it would still be easy to deal hundreds of billions of damage with a casual blow.

But what the hell is this?

Three to four billion damage?

Is this normal?

Very abnormal!!

The most important thing is.

While Lin Tianhao was taking damage, a series of damage numbers also popped up on the Dean of Hundred Li Academy's head.

- 31.5 billion!!

- 29.7 billion!!

- 36 billion!!

... ..

The most important thing is.

Hei Tian Ao Zhen and the Dean of Hundred Li Academy were fighting, and didn't attack the Dean of Hundred Li Academy, so logically speaking, the Dean of Hundred Li Academy shouldn't be losing health.

The two Emperor-level experts' output ability was still very terrifying. Although the damage of each attack wasn't particularly high, in one second, they still knocked off more than 200 billion of Lin Tianhao's health points!!

They were hitting Lin Tianhao, but hurting the Dean of Hundred Li Academy.

The Dean of Hundred Li Academy's face was gloomy, and he also saw the reason why he was injured.

Damage transfer!!

And it was a very high level of damage transfer.

"Get out of here!!"

The Dean of Hundred Li Academy was somewhat annoyed, and shouted angrily at Hei Tian Ao Zhen.

He raised his hand and grabbed, and a dark vortex instantly appeared in the space centered on Hei Tian Ao Zhen.

A powerful suction force erupted from the dark vortex, trying to drag Hei Tian Ao Zhen into it.

Hei Tian Ao Zhen roared angrily and manifested his Black Dragon body.

The sky-covering Black Dragon body appeared, filling the entire arena with an atmosphere of surprise.

"This... this guy is actually a Black Dragon."

"What a terrifying aura, how did the Xue Di boss subdue this Black Dragon?"

"A Dragon Knight, and a Black Dragon at that. It's kind of cool to think about it."

... ..

The surrounding discussions never stopped.

But Hei Tian Ao Zhen still didn't dare to be careless.

The Dean of Hundred Li Academy gave him too much pressure.

"Kneel down for me!!"

The Dean of Hundred Li Academy teleported to the top of Hei Tian Ao Zhen's head and slapped the top of Hei Tian Ao Zhen's head.

Hei Tian Ao Zhen's body blurred for a while, trying to escape the Dean of Hundred Li Academy's attack.

But Hei Tian Ao Zhen's body shifted a distance, and the moment he appeared, the Dean of Hundred Li Academy's palm was still on top of his head.

"Boom—"

With a loud noise.

Hei Tian Ao Zhen's huge head was slapped into the ground by this palm, and the arena was also blown out of a huge pit.

"- 374.1 billion!!"

The damage dealt by the Dean of Hundred Li Academy's attack made many people present gasp.

The lethality of this attack was too strong!!

However.

This attack by the Dean of Hundred Li Academy was only the beginning.

A dark red steel cone appeared in his hand and was thrown towards Hei Tian Ao Zhen.

Hei Tian Ao Zhen's face changed wildly, he actually felt a fatal crisis from that steel cone.

No matter what, he couldn't let this steel cone hit him.

"Ancient Black Tower!!!"

Hei Tian Ao Zhen immediately sacrificed his natal ancient treasure, and the Ancient Black Tower instantly met it.

"Boom—"

The moment the steel cone and the Ancient Black Tower collided, there was a loud noise, and a huge shock wave swept in all directions.

The arena's protective shield could no longer withstand this shock wave and shattered instantly.

Above the nine heavens, at the peak of the firmament, a white beam of light descended from the sky, enveloping the surroundings of the arena and blocking this violent shock wave.

On the other side.

Lin Tianhao also broke free from the illusion.

At this time, his three heads and six arms had been broken. With the Shura God Sword in hand, if Lin Tianhao wanted to continue attacking with feather arrows, he could only use 'Arrow from the Heart'.

The most important thing is.

Lin Tianhao's Rifting Sky Domain had already been shattered by the two great Emperor-level experts, and his body was imprisoned, unable to move.

At this time.

The power of 'Arrow from the Heart' was revealed.

As long as Lin Tianhao's mind was normal, he could launch 'Arrow from the Heart'.

"Profound Heaven Dual Pupils!!"

Golden light erupted from the eyes of one of the Emperor-level experts and shot towards Lin Tianhao.

The golden light enveloped Lin Tianhao's eyes, and his intention was also very simple, which was to interfere with Lin Tianhao's vision, so that Lin Tianhao's feather arrows could not lock onto them.

Too bad.

Lin Tianhao possessed the Eye of Insight, and ordinary means of interfering with vision could not stop Lin Tianhao's vision at all.

Seeing that their Profound Heaven Dual Pupils were actually ineffective against Lin Tianhao, surprise appeared on their faces.

Because Lin Tianhao's output ability was simply not something they could withstand.

It was also impossible for them to crush Lin Tianhao's feather arrows directly like the Dean of Hundred Li Academy.

Seeing the feather arrows flying towards them, the faces of the two Emperor-level experts changed wildly.

"Lord, save me!!"

Chapter 1062 - One arrow shot out, shocking the whole audience!

The two Emperor-level powerhouses didn't dare to be negligent and immediately retreated to the side of the Dean of the Hundred Mile Academy.

The Dean of the Hundred Mile Academy vibrated with the power of a sage, shattering all the feather arrows that were tracking them.

While shattering these feather arrows, Hei Tianao's Primordial Black Tower had already descended from the sky.

"Primordial Prison Suppression!!"

Heavenly lightning rumbled, and earthly fire raged, sweeping towards the Dean of the Hundred Mile Academy.

The adventurers watching this scene were all dumbfounded.

They said in disbelief:

"My god, Xue Di is hiding it too well! He's a warrior, and judging from the combat power he's displaying now, his combat power as a warrior is in no way inferior to his combat power as an archer."

"I think they should be more than that. Didn't you see that Xue Di's feather arrows can't break through the Dean of the Hundred Mile Academy's power of a sage, but his Heavenly Lightning and Earthly Fire can break through the Dean of the Hundred Mile Academy's power of a sage. The difference is too obvious."

"But having said that, Xue Di's combat power is really terrifying. The two guys summoned by the Dean of the Hundred Mile Academy have auras that are even more powerful than the Lords of the Holy Lands on the high platform, but they are being suppressed and beaten by Xue Di alone."

... ..

Above the high platform.

Even these Lords of the Holy Lands were very surprised.

The main reason was that the level of the power of a sage was too high.

The Dean of the Hundred Mile Academy looked extremely gloomy.

If it weren't for Lin Tianhao's Heavenly Lightning and Earthly Fire, everything would be fine.

Using his power of a sage to fight against Lin Tianhao's Heavenly Punishment Feather Arrows, he was confident that he could withstand Lin Tianhao's Heavenly Punishment Feather Arrows before defeating Lin Tianhao.

But Lin Tianhao's Heavenly Lightning and Earthly Fire were too powerful. Even if he used the power of a sage to resist, he couldn't completely resist Lin Tianhao's Heavenly Lightning and Earthly Fire.

Although Hei Tianao couldn't completely block him, he could still fight him with the Primordial Black Tower.

But.

The two Emperor-level powerhouses under him were completely unable to compete with Lin Tianhao.

He had already taken the lead, but Lin Tianhao still reversed the situation.

His power of a sage was strong, but it couldn't withstand Lin Tianhao's high-intensity consumption.

"Kill him!!"

The Dean of the Hundred Mile Academy shouted angrily at Lin Tianhao. He knew that if they dragged on with Lin Tianhao, they would definitely suffer.

The two Emperor-level powerhouses looked at each other, and a look of determination appeared in their eyes.

"Kill!!!"

They were the Dean of the Hundred Mile Academy's companion bookboys. Although they didn't have the absolute obedience of Lin Tianhao's God Sealing List.

But they still listened very much to the Dean of the Hundred Mile Academy's orders.

The two Emperor-level powerhouses transformed into streamers and rushed towards Lin Tianhao again.

However.

After these two Emperor-level powerhouses lost the protection of the Dean of the Hundred Mile Academy, their ending was already doomed.

-1.3211 trillion!!!

-1.3212 trillion!!!

... ..

When Lin Tianhao's feather arrows landed on these two Emperor-level powerhouses.

Whether it was the audience or the Lords of the Holy Lands on the high platform, they were all dumbfounded, looking at the scene on the arena with a ghostly expression.

"I... what did I just see? Am I seeing things? Is that 1.3 trillion? Or..."

Even if someone saw Lin Tianhao's damage numbers, some people still wondered if they were seeing things.

After all.

The damage value of Lin Tianhao's feather arrows was a bit too high, so high that they couldn't accept it.

"I also hope I'm seeing things, but... but that really seems to be 1.3 trillion!!!"

"1.3 trillion ah!!! Crazy, either I'm crazy, or this world is crazy, how can Xue Di's damage be so high."

"Do you remember Xue Di's previous damage? He avoided fighting before and didn't take action. He was really stacking damage. His damage stacking is a bit too outrageous!!"

... ..

The adventurers in the audience, including everyone in the live broadcast room, were all shocked at this time.

There was a brief silence in the major live broadcast rooms, followed by a barrage of comments.

The content of the barrage was also very simple.

All question marks!!

All the live broadcast rooms were filled with question marks.

After the overwhelming question marks, there were overwhelming exclamation marks.

Then there were all kinds of crazy barrages.

"Holy crap, holy crap, holy crap, please put the damage that Xue Di just dealt on the public screen. I want to know if I'm the only one seeing things."

"You can tell from the question marks and exclamation marks just now that you shouldn't be seeing things. Xue Di... is too perverted."

"Is this still human? No, you just want to ask, how high is the gold content of 1.3 trillion damage with one arrow??"

"Let me tell you this, even if Xue Di's damage only counts the remainder, I'm talking about removing the 1.3 trillion remainder, it can still rub us on the ground."

... ..

Barrages flew everywhere.

The Lords of the Holy Lands on the high platform, including Ouyang Wenlong, Fatty, Monkey, Lin Qingqing, and others.

All of them had looks of horror on their faces.

One arrow, 1.3 trillion damage!!!

What does this mean?

It means that these Lords of the Holy Lands sitting on the high platform will be killed by Lin Tianhao in a few arrows!!

And judging from the attack speed that Lin Tianhao is showing now, if Lin Tianhao goes all out, it wouldn't be difficult to kill all the Lords of the Holy Lands present!

"Xue Di is already invincible. At least, looking at the entire Vast Continent, no one should be able to stop him."

"Be bolder. With the combat power that Xue Di is showing now, not to mention the entire Vast Continent, even in the Divine Land, he is one of the top few."

"That's a bit of an exaggeration. In my opinion, Xue Di should be invincible below the Great Emperor realm. If a powerhouse in the Great Emperor realm wants to deal with Xue Di, they still have a great chance."

... ..

Opinions varied.

But no matter what they said, they were all shocked by the combat power that Lin Tianhao was showing at this time.

As for Lin Tianhao, this damage was also within expectations.

His attributes doubled, and the previous damage of 500 billion with one arrow would naturally increase to 1 trillion.

In addition to that.

Lin Tianhao also has the damage buff under the Blood Moon.

It's currently a full moon state, and the damage bonus under the Blood Moon should be very high.

However.

These two are, after all, Emperor-level powerhouses, and their damage reduction should not be underestimated. If it weren't for the fact that Lin Tianhao's Hand of Heavenly Punishment's true damage grade was too high, he probably wouldn't be able to deal 1 trillion damage.

1.3 trillion with one arrow is enough, at least, it's enough to kill these two Emperor-level powerhouses.

Chapter 1063 - Baili Xiayue who was killed in retaliation!

The two Emperor-level powerhouses saw the rain of arrows coming towards them, and they instantly formed hand seals. In front of them, nine tortoise-shell talismans appeared.

These nine tortoise-shell talismans emitted a dark light, and when his arrows were enveloped in this dark light, they actually paused.

Not suspended.

It was just that the flying speed suddenly became extremely slow.

A cold glint flashed in Lin Tianhao's eyes. These two guys were indeed skilled.

Arrows continued to be fired from the heart without pause, and at the same time, heavenly lightning and earthly fire continued to sweep toward the Dean of Baili Academy.

Delaying time.

This meant that.

Sage Power would also be consumed.

Above the high platform.

Seeing this scene, the Sect Leader of the Yin Yang Harmony Sect helplessly shook his head.

"It seems Dean Baili can't hold on anymore."

The Master of the Cold Tower smiled and said:

"It was somewhat expected. I also felt the power of the Snow Emperor."

"However, his combat power really scared me. Fortunately, I didn't bet on fighting the Snow Emperor back then."

... ..

On the arena.

The two Emperor-level powerhouses both showed horrified expressions.

"Lord, we can't hold on anymore."

"Boom—"

Along with a loud noise, the Dean of Baili Academy once again sent Hei Tianaozhen flying.

At this time, Hei Tianaozhen was already covered in wounds, and his health bar was less than half full.

However, Hei Tianaozhen still held up the Primordial Black Tower, continuing to block in front of the Dean of Baili Academy.

"Dean Baili, concede defeat. Your two students have followed you for so long. If you continue fighting, they may not escape death."

The Sect Leader of the Yin Yang Harmony Sect sighed. The situation in the arena was already very clear. The difference in combat power between them was too obvious.

The Dean of Baili Academy roared angrily, "Concede defeat? I won't admit it!!"

As soon as he finished speaking.

The Dean of Baili Academy formed hand seals with both hands, "Dragon Emperor Origin, Black Dragon Emperor Heart!!"

As the Dean of Baili Academy's words fell, a black dragon rushed out from the black-patterned dragon robe of the Dean of Baili Academy.

This black dragon's aura was majestic, not losing out to the Dean of Baili Academy at all.

"Today, I will risk the accumulation of my Baili Academy over the years to compete with you, Snow Emperor."

Hearing this.

Lin Tianhao couldn't help but frown.

"Is the championship of this Holy Land Lord Competition really that important to you?"

To be honest.

Unless absolutely necessary.

Lin Tianhao really didn't want to use Time Stop.

But the Dean of Baili Academy was forcing him.

Because once Time Stop was used, his losses would be significant.

Similarly, the Dean of Baili Academy would inevitably die here today.

The Dean of Baili Academy had an ancient key, which was the key to entering the Ancient God Secret Realm.

If possible.

Lin Tianhao still wanted to wait until entering the Ancient God Secret Realm before killing the Dean of Baili Academy.

That black dragon缠上了 Hei Tianaozhen.

Hei Tianaozhen was already injured, and facing this black dragon, although he could resist, he could no longer spare the effort to resist the Dean of Baili Academy.

"Universe Book House, Yin Yang Divine Scripture!!"

The Dean of Baili Academy raised his hand and grabbed, and an ancient and heavy book fell into his hands.

He raised his hand and pointed at the book, "I say, Snow Emperor... Die!!"

"Don't!!"

The Sect Leader of the Yin Yang Harmony Sect instantly stood up. Her eyes widened, her face full of disbelief.

The Master of the Cold Tower's expression also changed drastically, "Dean Baili, is he crazy? You can't use Word of Law like this!!"

Word of Law!!

This was a method known to many people in Confucianism.

However, Word of Law also had many restrictions. If anything could come true, then Word of Law would be too abnormal.

The success rate of Word of Law depended on one's own Confucian realm.

And the Holy Land Lords present could all see that Lin Tianhao's current health value was very, very high.

In addition, Lin Tianhao would transfer a large amount of damage to the Dean of Baili Academy when he took damage before.

This meant that the Dean of Baili Academy could not directly kill Lin Tianhao.

He had to pull and fight.

For example.

After reducing Lin Tianhao's health value, the Dean of Baili Academy needed to recover health himself.

Only then could he truly kill Lin Tianhao.

Moreover.

It was too crazy to directly use Word of Law to say to let Lin Tianhao die.

Lin Tianhao was not some nobody, how could he die just like that.

"Absolute Block!!"

Lin Tianhao didn't know what the Dean of Baili Academy was going crazy about. He took out a book and actually directly said he wanted him to die.

"Boom—"

Between heaven and earth, a mysterious and extreme power descended from the sky, trying to deprive Lin Tianhao of his life.

But the result was that it was blocked by Lin Tianhao's Absolute Block.

"Blocked... Blocked it!!"

Above the high platform.

The faces of the Holy Land Lords of the major Holy Lands all showed incredible expressions.

They had thought of all kinds of possibilities, but they had not thought that Lin Tianhao could actually block it.

This... was too strong, too outrageous.

"I say..."

The Dean of Baili Academy saw that Lin Tianhao had blocked it, and his whole person was slightly stunned. Then, his whole person became even more crazy.

"Dean Baili, let it go!!"

The Sect Leader of the Yin Yang Harmony Sect couldn't help but persuade him.

"Let it go?"

The Dean of Baili Academy took a deep breath, "The Holy Land Lord Competition is my easiest chance to take another step forward. If I miss this opportunity, even if I enter the Ancient God Secret Realm, I'm afraid it will be difficult for me to take another step forward."

At this point.

The Dean of Baili Academy looked at Lin Tianhao meaningfully.

"Snow Emperor, you can be proud of yourself for forcing me to this point."

"I say... Snow Emperor, die!!!!!"

Another Word of Law!!

After this second Word of Law, the luster on the ancient and heavy book in the Dean of Baili Academy's hand instantly dimmed.

This time.

Above the sky.

That mysterious power descended again.

"Boom—"

Lin Tianhao was still fine, he still withstood it. However, Lin Tianhao's health bar dropped by ninety-nine percent!!

Just a little bit, Lin Tianhao would have been killed.

However.

Lin Tianhao was not killed.

A terrifying damage number popped up above the Dean of Baili Academy's head.

- 395.14 trillion!!

It wasn't that the damage transfer only transferred this much damage, but that the Dean of Baili Academy only had this much health.

"Ding, congratulations, you have successfully killed Baili Xiayue. A server-wide announcement will be made soon. Do you want to hide your name?"

The whole audience was silent.

Originally, the Dean of Baili Academy should have been going to kill Lin Tianhao in seconds, but the result was that Lin Tianhao did not die, and the Dean of Baili Academy died.

"Uh..."

The Sect Leader of the Yin Yang Harmony Sect was full of astonishment. She never thought that the Dean of Baili Academy would be killed in such a ridiculous way.

At this time, Lin Tianhao's health value was recovering at a speed visible to the naked eye due to the effects of Withered Wood Spring and 引月.

"You... How could you not be dead?!!"

Chapter 1064 - The rewards for the championship are great!

The voice of the Dean of Baili Academy suddenly came.

Lin Tianhao raised his eyes and saw the Dean of Baili Academy standing there unharmed.

It's just that his aura had become somewhat weak.

"I should be asking you that."

Lin Tianhao frowned and spoke, he had chosen 'No' on the just prompted announcement.

Then.

The sound of the server-wide announcement rang out.

"Server-wide announcement, congratulations to player Snow Emperor for successfully killing Baili Xiayue, hereby announced, hoping that all adventurers will continue to work hard!!"

... ..

The sound of the server-wide announcement rang out one after another, which meant that Lin Tianhao had indeed killed the Dean of Baili Academy just now.

As for why the Dean of Baili Academy didn't die, that's another matter.

Resurrection Technique?

But Lin Tianhao didn't see the Dean of Baili Academy use the Resurrection Technique just now.

"It doesn't matter anymore, I lost."

The Dean of Baili Academy's eyes were obviously dimmed a bit, before coming, he had never thought that he would be defeated.

Because the Dean of Baili Academy knew that even if it killed him, he could still be resurrected.

And the root of the damage transfer is that Lin Tianhao needs to bear the damage first, and then transfer it out.

In other words.

If the Dean of Baili Academy's method of perishing together had succeeded just now, then the result would have been that Lin Tianhao would have been killed first.

In terms of kill judgment, the Dean of Baili Academy would have won the final victory in this duel.

After he was blessed with the power of the Sage and the Yin-Yang Divine Canon, his power level was very high.

Even if Lin Tianhao had some means to block his 'Words become law' once, the Dean of Baili Academy did not believe that Lin Tianhao could have the means to block him a second time.

However.

The result is what everyone saw, Lin Tianhao blocked it.

Although Lin Tianhao's health dropped by ninety-nine percent, not dead is not dead.

As for the reason.

Of course, it was the death prevention of the Heavenly Punishment equipment, this thing is still very useful at this time.

The Dean of Baili Academy looked at Lin Tianhao meaningfully and said:

"Resurrection Coin."

"In addition to the Resurrection Technique, we can also be resurrected by using Resurrection Coins."

Having said that.

The Dean of Baili Academy said meaningfully:

"Now, can you tell me, how exactly did you do it?"

Lin Tianhao smiled and said:

"I asked you, but I didn't say that if you answered my question, I would definitely answer your question."

The Dean of Baili Academy frowned slightly, he had expected such a result.

"Everyone has their own secrets, and I can also see that what blocked my second 'Words become law' was not a skill, but... equipment effect."

Lin Tianhao waved his hand, "Is this important? The Holy Land Hegemony Competition is over."

The Dean of Baili Academy sighed heavily, he had tried his best, and such a result was indeed a bit unacceptable for him.

But even if he couldn't accept it, what could he do? He couldn't change anything anymore.

Although he had the blessing of the power of the Sage and the Yin-Yang Divine Canon, using the instant kill type 'Words become law' on Lin Tianhao twice in a row had already hurt the Dean of Baili Academy's origin a little.

Even if he still wanted to fight Lin Tianhao now, he no longer had the chance.

The Dean of Baili Academy turned and stepped down from the arena, his figure was a bit bleak and lonely.

The onlookers adventurers let out a roar like a tsunami.

"Snow Emperor!! Snow Emperor!! Snow Emperor!!"

"Invincible!! Invincible!! Invincible!!"

"If the heavens didn't give birth to my great Snow Emperor, the sword path would be like a long night for eternity!!"

"A sword is a sword, an arrow is an arrow, whether it's a sword or an arrow, the Snow Emperor is the well-deserved number one!!"

... ..

Lin Tianhao won the championship of the Holy Land Hegemony Competition, he was very excited.

I also don't know what kind of rewards he will be able to obtain this time.

A beam of light descended from the sky, enveloping Lin Tianhao in it.

"Ding, congratulations, respected Lord of the Mortal Palace, Snow Emperor, you have successfully won the overall championship in this Holy Land Hegemony Competition, reward: Grade +1, Resurrection Coin below the Saint level +3, Random Saint-level Rule +1, Free Attribute Points +5 million, Luck +100, Physique Transformation +100, Soul Transformation +20."

Lin Tianhao couldn't help but gasp when he saw such a reward.

This reward is a bit too generous.

Three Resurrection Coins below the Saint level, which means that he can use these Resurrection Coins to resurrect before becoming a Saint.

This thing should be a treasure that can still be resurrected after the integration of reality and the game.

And the Saint-level Rule, this reward can also be considered extremely generous, and it greatly improves Lin Tianhao's overall combat power.

As for the rewards behind, they are relatively "ordinary", but they are still a huge improvement for Lin Tianhao.

The next moment.

Another prompt sounded.

"Ding, congratulations, you led the Mortal Palace to win the championship of this Holy Land Hegemony Competition, all members of the Mortal Palace receive Free Attribute Points +50000, Luck +10, Physique Transformation +10, Soul Transformation +2."

"Note: Members who join the Mortal Palace later still enjoy this boost."

Lin Tianhao was stunned.

This reward...

It's too awesome!!

Putting aside everything else, with this reward alone, the combat power of the entire Mortal Palace can be raised to another level.

What does Physique Transformation +10 mean?

Originally, taking eleven points of damage, now only needs to take one point!!

Soul and luck, as well as a high amount of free attribute points.

Especially Monkey.

With the blessing of moral, intellectual, physical and aesthetic education, he directly gained an increase of two million and five hundred thousand free attribute points!!

And next.

Lin Tianhao also began to check his rewards.

First of all, Grade +1.

The most direct improvement to Lin Tianhao's health, which has now broken through to twenty trillion!!

Even if it's because of the night and the doubling of attributes, Lin Tianhao's health has already broken through ten trillion under normal circumstances.

Now Lin Tianhao's damage with one arrow can easily break one trillion, and even if the opponent's damage reduction attribute is not particularly high, it is not impossible to deal two trillion damage with one arrow.

Another benefit of the grade increase is that the skills and divine powers that Lin Tianhao can upgrade in star rating have all been improved.

Especially the skills such as Dried Wood Rejuvenation, Death Reincarnation, and Skyfire Meteor, the star rating has been greatly improved.

Dried Wood Rejuvenation was directly maxed out, reaching ten stars.

When health is below ten percent, it can restore one hundred percent of health.

And the star rating of Death Reincarnation has also been increased to six stars, and the probability of one-shot killing the opponent with a normal attack has also increased from the initial one-star 0.5% to the current 3%. Coupled with Lin Tianhao's current luck attribute and grade, the probability of one-shot killing the opponent is still very high!!

Chapter 1065 - Dean Baili is surrounded!

However...

Now, throughout the entire Vast Expanse Continent, there are truly not many who can withstand Lin Tianhao's arrow and survive.

Therefore.

This Death Reincarnation looks powerful, but it is actually not that powerful.

Mainly.

Before Lin Tianhao can trigger Death Reincarnation, the opponent might already be dead.

As for Heavenly Fire Meteor, it directly reached eight stars.

The trigger probability directly increased from the initial 1% to 8%!!

This trigger probability is considered very high.

However, it has the same problem as Death Reincarnation, which is that there's a high probability you can kill the opponent before triggering Heavenly Fire Meteor.

Next.

Is this Saint-Below Revival Coin.

Saint-Below Revival Coin: God-Tier Item.

Usage Requirement: None.

Effect: As long as you carry the Saint-Below Revival Coin, if you are killed while your realm is below Saint, you can choose to use the Saint-Below Revival Coin to revive yourself.

After revival, your state will recover to 20% of your peak state. If used continuously, each revival state will decrease by 5%.

This is a good thing. After the game and reality merge, this thing will be very useful.

However, this thing is useless to Lin Tianhao now and can only be used as a strategic reserve.

Effect: When you use it on a target that is about to die or has already died, if the target dies, they will not be able to revive. This effect is also effective against Saint-level experts.

Consumption: None.

Cooldown: One month.

Proficiency: Cannot be upgraded.

When he saw this skill, Lin Tianhao's expression became even stranger.

This skill.

If you say it's strong, it seems strong, but if you say it's weak, it seems a bit ridiculously weak.

If the target is already dead, what is the point of using this method? It seems to have no meaning.

Preventing others from reviving?

Like the Dean of the Hundred Mile Academy, who has a revival coin?

This reward is really too useless for the current Lin Tianhao.

Lin Tianhao had high expectations for this Saint-level Rule.

Whether it's a combat-type or support-type Saint-level Rule, either would be fine.

But what he didn't expect was that it would be such an incongruous Saint-level Rule, which was really too lame.

Next, is the physique transformation.

"Ding, your physique has completed a transformation. Your health bar has become more bizarre. When taking damage, your health bar will be more resistant, including but not limited to true damage, bleeding, burning, etc. For every 209 points of damage, you actually lose 1 point of health."

"Ding, your physique has completed a transformation. Your health bar has become more bizarre. When taking damage..."

...

The prompt sound kept ringing.

"Ding, your physique has completed a transformation. Your health bar has become more bizarre. When taking damage, your health bar will be more resistant, including but not limited to true damage, bleeding, burning, etc. For every 308 points of damage, you actually lose 1 point of health."

The transformation stopped after reaching 308, which made it even more impossible for Lin Tianhao to take damage in the future.

"Ding, your soul has completed a sublimation. Your soul has become more bizarre. The thickness of your soul has doubled. When taking soul-type damage, damage is reduced by 95.1%. When casting soul-type attacks, the effect is increased by 95.1%."

"Ding, your soul has completed a sublimation. Your soul has become more bizarre. The thickness of your soul..."

...

Like the physique, the soul is also rapidly transforming.

The value of soul-type damage reduction has been transforming from 95% all the way to 97%.

With this level of soul-type damage reduction, if you don't encounter someone particularly perverted, it wouldn't be an exaggeration to say that Lin Tianhao can be immune to soul-type damage.

It can only be said.

That winning the championship of this Holy Land Lord Competition has greatly improved Lin Tianhao.

As for free attribute points.

Including the free attribute points Lin Tianhao had accumulated before, Lin Tianhao now has 8 million+ unused free attribute points.

Even if it now requires a very, very large number of free attribute points for Lin Tianhao to increase attack speed talent again.

But as long as all these eight million free attribute points are invested, Lin Tianhao's free attribute points can still be greatly improved.

While Lin Tianhao was counting the rewards he received, the other members of the Mortal Palace were also counting the rewards they received.

When they saw the rewards they received, their faces showed excitement.

Both physique and soul have been greatly improved.

Five hundred thousand free attribute points may not be a big improvement for the elders of the Mortal Palace.

However, the improvement of physique and soul is quite different. Even for these elders, the improvement of soul and physique is of great help.

Not to mention anything else.

The two Emperor-level experts who fought against Lin Tianhao before, if they had the +10 bonus from this physique transformation, they would not have been so passive when facing Lin Tianhao.

As for the adventurers of the Mortal Palace, they were overjoyed this time.

Because the 50,000 free attribute points rewarded this time can be considered very beneficial to them.

Most importantly.

This reward can be obtained by anyone who joins the Mortal Palace in the future.

No wonder the Dean of the Hundred Mile Academy was so desperate. Judging from the previous communication with the Dean of the Hundred Mile Academy, the Dean of the Hundred Mile Academy seemed to really want the Hundred Mile Academy to develop.

And this blessing to the Holy Land is too obvious.

Not to mention anything else.

In the future, as long as they are adventurers of the Mortal Palace, they will naturally be a notch stronger than adventurers of other forces.

Withdrawing his thoughts.

Lin Tianhao returned to the Mortal Palace.

This Holy Land Lord Competition ended perfectly.

Although the variable of the Dean of the Hundred Mile Academy appeared, the final result was good.

Just as Lin Tianhao was thinking this.

Outside the Mortal Palace, a huge booming sound rang out.

Lin Tianhao raised his eyebrows slightly and released his Eye of Insight.

"Interesting, are they beating a drowning dog?"

At this time.

Outside the Mortal Palace.

The Dean of the Hundred Mile Academy had already been surrounded by the Sect Master of the Yin Yang Harmony Sect, the Master of the Demon Dragon Cave, and the Master of the Cold Tower.

The sound just now was also caused by the Dean of the Hundred Mile Academy's angry attack.

"Hmph, I only lost, not died. Are you trying to force me to perish together with you?"

The Dean of the Hundred Mile Academy had never been so angry before.

In fact, after receiving the reward for second place in the Holy Land Lord Competition, his mood was slightly better.

But he didn't expect that he, the dignified Dean of the Hundred Mile Academy, would be surrounded.

These guys are too disrespectful to him.

"Dean Hundred Mile, this is the closest opportunity to opening the Ancient God Secret Realm. We will not snatch the ancient secret key in your hand, but you have to stay and open the Ancient God Secret Realm with Xue Di and the others."

Chapter 1066 - Information about the ancient mysterious realm!

The Dean of Baili Academy coldly snorted, "What if I refuse?"

The Master of Hanlou sighed and said:

"Dean Baili, we are all masters of holy lands in the Extraterritorial Lands, and we have known each other for so many years. You should know what the Ancient God Secret Realm means."

"We have all waited for so long, and now it is not easy to open the Ancient God Secret Realm, we cannot give up this opportunity."

The Dean of Baili Academy rebuked:

"Do you know that many powerful individuals from the Alete Star System have already descended upon the Vast Continent? Opening the Ancient God Secret Realm is good for us, and it is the same for them."

The Master of the Demon Dragon Cave Mansion said helplessly:

"Dean Baili, no matter what, we are still in charge of the Divine Continent. Opening the Ancient God Secret Realm, the benefits we can get must be more than those guys from the Alete Star System."

"Moreover."

"Perhaps the opening of the Ancient God Secret Realm will also lead to the appearance of those guys from the Alete Star System, so as to get rid of them."

The Dean of Baili Academy's eyes flickered uncertainly.

The Sect Master of the Yin Yang Harmony Sect looked at the Dean of Baili Academy seriously and said solemnly:

"Dean Baili, I know what you are thinking. You feel that the affairs of our Divine Continent should not rely on those adventurers. You regard those adventurers as alien races like those guys from the Alete Star System."

"Isn't that so?"

The Dean of Baili Academy looked indifferent, "We live well here. It is their arrival that has broken the peace here."

The Master of Hanlou shook his head and said:

"Dean Baili, you have read so many books of sages, don't you know that we all belong to the same world?"

"We are the failures of the last God-Making Era. This time, in the God-Making Era, we should seize the opportunity, instead of making things difficult for the adventurers and wasting our own chance to become gods."

The Master of the Demon Dragon Cave Mansion took over the conversation and continued:

"Dean Baili, with your grade, it should be very, very difficult to become a god, right? You are also trying so hard this time to find an opportunity to become a god."

"We are all the same, so why not open the Ancient God Secret Realm?"

At this moment.

Another voice sounded.

"Hehe, Dean Baili, I think what they said makes sense. Opening the Ancient God Secret Realm is an opportunity that we must seize."

"I am going to the Divine Realm, but to be honest, I have no confidence at all. If I can use the Ancient God Secret Realm to prove the Dao and become a god, then I will be more confident when I go to the Divine Realm."

The Dean of Baili Academy smiled disdainfully and mocked:

"Overestimating yourself."

"Do you really think that the Ancient God Secret Realm can help you become gods?"

"Don't you have any idea how high your grades are? Even if the resources of the Vast Continent are piled together, at most only three or two of us can become gods."

The Sect Master of the Yin Yang Harmony Sect looked intently and said solemnly:

"In any case, we still have to try."

"You also know that the great calamity is approaching. This calamity is likely to destroy the entire Divine Continent."

"You can't defend it, and neither can we, but if someone among us can become a god, then there will definitely be more things we can do."

The Dean of Baili Academy was silent. He looked in the direction of the Mortal Hall and said:

"Snow Emperor, have you seen enough?"

Lin Tianhao took a step forward, his figure turned into a stream of light, and in the blink of an eye, he arrived here.

"So you have always regarded me as an alien."

No wonder the Dean of Baili Academy had such an attitude towards him before. Now he can understand it.

"Aren't you? Although someone subconsciously tells me that we are one world, I can't believe it."

"You are like invaders, having nothing, but enjoying the greatest favor of the Heavenly Dao, wantonly plundering the resources here."

Hearing this.

The Dean of Baili Academy frowned slightly, "After so many years, does he still want to become a god?"

"That's not clear, but it doesn't matter to us what others want to do."

Lin Tianhao said with a smile, "We only need to know what we want to do."

At this point.

Lin Tianhao changed the subject and asked with interest:

"But I am still very curious, what exactly is in the Ancient God Secret Realm? Why do you all think that there is a chance for you to become gods in the Ancient God Secret Realm."

The Sect Master of the Yin Yang Harmony Sect took a deep breath and said:

"Let me put it this way, the Ancient God Secret Realm is a place where a group of ancient gods once lived. Later, due to some unknown reasons, the ancient gods who lived there left one after another."

"The Ancient God Secret Realm is only left with an empty shell."

"But even if it is an empty shell, there are still their inheritances in the Ancient God Secret Realm."

The Master of Hanlou took over the conversation and continued:

"And those of us, because our grades are too high, the difficulty of becoming gods is too high."

"Therefore, we can only pin our hopes on the Ancient God Secret Realm."

Lin Tianhao only needs to know one thing: there are ancient god inheritances in the Ancient God Secret Realm. This seems to be enough.

"By the way, what are the requirements for entering the Ancient God Secret Realm?" Lin Tianhao asked.

The Dean of Baili Academy said unhurriedly:

"First, those who hold the ancient key can bring three people in. These are also the first batch of people who can enter it."

"The second batch can only enter one month after the Ancient God Secret Realm is opened. The requirement is the Pseudo-God realm, or having a Saint-level or higher talent, or a grade not lower than King-level."

Lin Tianhao was stunned. These requirements...

Are higher than he imagined.

Basically, as long as you can enter the Ancient God Secret Realm, you are either a top expert or a person with extraordinary talent.

"When do you want to open the Ancient God Secret Realm?" Lin Tianhao asked.

The Dean of Baili Academy pondered slightly, "Half a month later, I need to recover."

Lin Tianhao pondered slightly and nodded in agreement.

"Okay, then I will discuss it with the Lord of Luo Tian."

Now that the Sand Sea Poison City cannot be entered for the time being, it is not impossible to go to the Ancient God Secret Realm first.

Chapter 1067 - The Lord of Luotian takes action!

It was the same orphanage as before.

Lin Tianhao descended into a forest not too far from the orphanage.

Since the Lord of Luotian was hiding his identity here, there was no need for him to directly call on him, giving each other some space.

Lin Tianhao turned around to look, and the person who came was none other than the Lord of Luotian.

“It seems you are also paying attention to the Holy Land Lord Hegemony Competition.” Lin Tianhao said with a smile.

The Lord of Luotian smiled and said, “Sometimes watching other experts fight is also a kind of pastime, isn’t it?”

“Otherwise, these endless years would be so boring.”

Lin Tianhao raised his eyebrows slightly and said:

“Speaking of which, there is also an age limit for the Great Emperor realm, right? Have you ever thought about pursuing immortality?”

The Lord of Luotian smiled slightly and said:

“Haven’t I been pursuing it all along? But it’s almost there, although I’m not immortal now, I’m infinitely close to immortality.”

At this point.

The Lord of Luotian changed the subject, "You came here to ask me to open the Ancient God Secret Realm, right?"

Lin Tianhao nodded and said:

"The Dean of Baili Academy has already agreed. He said that the Ancient God Secret Realm can be opened in half a month."

"Half a month later..."

The Lord of Luotian raised his eyebrows slightly, "He's still not giving up, wanting to use the reward from the second place in this Holy Land Lord Hegemony Competition to break through to the Great Emperor realm."

Lin Tianhao was slightly stunned. The Dean of Baili Academy had told him before that he wanted to recuperate. Now it seems that he had thought too simply.

"But you are indeed not simple, continuously withstanding Baili Xiayue's two fatal Law Manifestations."

The Lord of Luotian couldn't help but sigh:

"My father chose you to be the Lord of the Mortal Palace, it was the right decision."

"After going to the Ancient God Secret Realm this time, perhaps I will also leave the Boundless Continent. Before leaving, let me do something."

"What are you going to do?" Lin Tianhao asked.

"Kill a few people."

The Lord of Luotian smiled slightly, "I didn't take action before because I didn't want to get involved in these grievances. Now that I've decided to leave, it doesn't matter."

Lin Tianhao was slightly surprised, "On this Boundless Continent, there are still people you want to kill?"

"I don't have much hatred with them, but I grew up on the Boundless Continent after all, so I'll just repay the Boundless Continent for this kindness."

After saying that.

The Lord of Luotian put one hand on Lin Tianhao's shoulder.

Immediately.

Lin Tianhao only felt that the space was constantly receding. When he could see the surrounding scene clearly, he appeared in front of a dark underground cave.

Lin Tianhao looked at the surroundings of the cave. Thorns were dense, and there were towering trees everywhere. On the stones around the cave, there were also some runes engraved.

These runes were complex and profound, and it was impossible to see what they were used for.

"Snow Emperor?"

At this moment.

A voice with a hint of astonishment sounded.

In the next instant.

Gu Limu Shui'er appeared in front of the cave.

"You actually found this place."

Lin Tianhao raised his eyebrows. He knew who the Lord of Luotian wanted to kill.

It could only be said that it was a good thing he came!!

If the Lord of Luotian could solve these troubles of the Gu Limu family, then he would save a lot of effort.

"Let Bo Xun come out."

Before Lin Tianhao could speak, the Lord of Luotian said unhurriedly.

Only then did Gu Limu Shui'er turn her gaze to the [Little Boy] beside Lin Tianhao.

At this time, the Lord of Luotian looked like a little boy, and there was nothing special about him.

But it was precisely because there was nothing special about him that made Gu Limu Shui'er feel even more surprised.

"Who are you?" Gu Limu Shui'er asked in a deep voice.

The Lord of Luotian did not answer, and waved his hand to slap her from afar.

"Pa — —"

- 107.8 billion!!

With just a slap from afar, Gu Limu Shui'er lost over 100 billion health points.

Gu Limu Shui'er was shocked. She could clearly feel that the Lord of Luotian had just made a casual move and didn't use any power at all.

But even so, it still knocked off 100 billion of her health points.

You must know.

In the Moke Latin Desert, she had also obtained some opportunities, and her physique had undergone a transformation.

If it weren't for this, the Lord of Luotian's slap just now would have knocked off at least 10 trillion health points.

A casual slap, 10 trillion damage!!

Just thinking about it made Gu Limu Shui'er shudder.

"You want to kill me?"

At this moment.

A faint and amiable voice sounded.

Immediately afterwards.

A young man in a blue shirt and long robe appeared beside Gu Limu Shui'er at some point.

Gu Limu Shui'er immediately gave a respectful salute, "Fourth Uncle."

Gu Limu Bo Xun (??): ???

Health Points: ???

Attack: ???

Skills: ???

Lin Tianhao raised his eyebrows slightly, they were all question marks again.

This Gu Limu Bo Xun looked like a tough guy.

"Among your Gu Limu family, I will only kill you."

The Lord of Luotian said lightly, "I don't care about those below the Great Emperor realm."

Lin Tianhao's pupils suddenly shrank. What did the Lord of Luotian mean by this? This Gu Limu Bo Xun was a Great Emperor realm expert!!

Moreover.

What did the Lord of Luotian mean by what he just said?

He wanted to kill a Great Emperor!!

The Lord of Luotian was also in the Great Emperor realm, but he spoke of killing a Great Emperor realm expert so lightly.

Just how strong was he!!

“Do you think we are using your name to do evil outside?” Gu Limu Bo Xun asked.

The Lord of Luotian shook his head and said:

“No, I just think that you even sent a Great Emperor to this three-acre land of the Boundless Continent. It’s unreasonable.”

At this point.

The Lord of Luotian continued to say:

“Don’t waste time, will you die yourself, or will I kill you?”

Gu Limu Bo Xun’s expression was solemn, “You and I are both in the Great Emperor realm, are you so confident that you can kill me?”

The Lord of Luotian did not deny it, “There is also a gap between Great Emperors.”

At this point.

The Lord of Luotian no longer spoke, and raised his hand to grab.

Gu Limu Bo Xun did not dare to be careless, and raised his hand to sacrifice a stone tablet. This stone tablet emitted a mysterious black light, trying to block the Lord of Luotian’s attack.

“Boom — —”

Along with a loud noise, cracks appeared on the stone tablet, and finally it exploded directly.

Gu Limu Bo Xun still wanted to use some means, but a curse seal instantly appeared above his head.

At the moment the curse seal appeared, Gu Limu Bo Xun’s entire person became dark purple, as if he was deeply poisoned.

“Let’s go!!”

The Lord of Luotian sacrificed a formation plate, and with a wave of his hand, he dragged Gu Limu Bo Xun into the formation plate.

Seeing this scene, Gu Limu Shui’er’s eyes were still a little dull.

She could see that the Lord of Luotian’s beating of her Fourth Uncle was completely crushing!!

Chapter 1068 - Kill Gu Limu Shuier!

"Xue Di, you're crazy! If my fourth uncle dies here, the disaster for your Galaxy World will inevitably arrive ahead of schedule!!"

Gu Limu·Shui'er was furious, clearly not expecting that her fourth uncle, at the Great Emperor Realm, would one day be at risk of being killed.

"Your threats are useless to me. The Lord of Luo Tian doesn't listen to me."

Lin Tianhao smiled and said:

"Moreover, I don't like being threatened."

"Shoosh, shoosh, shoosh——"

The moment Lin Tianhao finished speaking, the feather arrows were already launched.

Seeing this scene, Gu Limu-Shui'er couldn't help but be greatly shocked.

They had naturally been paying attention to this Holy Land Lord Competition, and they had clearly seen the combat power Lin Tianhao had displayed in this Holy Land Lord Competition.

This time.

They were really shocked by Lin Tianhao.

The power contained in Lin Tianhao's feather arrows was too terrifying.

Although Gu Limu-Shui'er felt that she might be able to withstand Lin Tianhao's three feather arrows because her physique had been transformed.

But she still wanted to try and create some distance.

Especially since the seemingly casual strike from the Lord of Luo Tian had already inflicted a 100% severe injury effect on her, and the associated severe injury effect had not yet ended.

Unable to recover health, she was really panicking about taking three more arrows from Lin Tianhao.

Especially since she was also clear that Lin Tianhao had won the championship in this Holy Land Lord Competition, and his strength must have reached a completely new level.

If it was 130 billion per arrow before, now it could be 5 trillion per arrow, she felt it wasn't impossible!!

Although it was still nighttime, with Lin Tianhao's damage buffs combined, it should be 3-4 trillion, but not quite 5 trillion.

Finally.

After creating some distance, Gu Limu-Shui'er made a hand seal with both hands, suspending two feather arrows, and then she withstood one arrow herself.

-598.1 billion!!

Seeing this damage.

Gu Limu-Shui'er breathed a slight sigh of relief.

She also felt fortunate that her physique had been transformed, otherwise, Lin Tianhao's output ability could really have killed her.

But Gu Limu-Shui'er still felt that she should be able to withstand this arrow dealing less than 600 billion damage.

With this in mind.

Gu Limu-Shui'er boldly went to meet Lin Tianhao's other two feather arrows.

-598.1 billion!!

-4.9721 trillion!! (Instant kill!!)

Gu Limu-Shui'er widened her eyes, her face showing disbelief.

She... she was inexplicably instantly killed??

It could only be said.

That she had terrible luck, and actually triggered the cycle of death with the third arrow.

However.

This was also because Lin Tianhao's luck attribute was now high enough, and his grade had been increased several times.

Besides this.

Because Lin Tianhao possessed the title of Galaxy War God, within the Galaxy World, he gained a 100% damage bonus against lifeforms from outside the Galaxy World.

This was also why Lin Tianhao's displayed damage was only 3-4 trillion, but he was still able to deal nearly 600 billion damage to Gu Limu-Shui'er, even with her physique transformation.

Otherwise.

With the previous Lin Tianhao, not to mention three arrows, even three thousand arrows, thirty thousand arrows, it would have been almost impossible to trigger this effect on Gu Limu-Shui'er.

"Ding, congratulations, you have successfully killed Gu Limu-Shui'er, a server-wide announcement will be made soon, do you want to hide your name?"

Lin Tianhao was also stunned for a moment.

Gu Limu-Shui'er had just run away, and he thought that Gu Limu-Shui'er should be able to survive.

But he didn't expect that he had overestimated Gu Limu-Shui'er.

"No."

"Server-wide announcement, congratulations to Xue Di for successfully killing Gu Limu-Shui'er, special announcement, hoping that all adventurers will continue to work hard!!"

... ..

The server-wide announcement sounded, followed by the rewards for killing Gu Limu-Shui'er, although there was no corpse looting.

But as long as you kill people from the Alete Star System, there will be extra rewards.

Gu Limu-Shui'er could be considered a true high-level figure among those guys in the Alete Star System.

"Ding, you have killed a direct descendant of the Gu Limu family, Enlightenment Points +10, Free Attribute Points +2,000,000."

This reward was not too generous, but it could be considered a windfall.

Previously, killing other members of the Gu Limu family basically gave a few hundred extra Free Attribute Points.

Only the more powerful ones would reward thousands of Free Attribute Points.

And this time, Gu Limu-Shui'er actually rewarded 200,000 Free Attribute Points at once.

This should not only be because Gu Limu-Shui'er was strong enough.

There was another reason, and that was Gu Limu-Shui'er's identity.

Direct descendant of the Gu Limu family!!

Gu Limu-Shui'er's fourth uncle just now was a Great Emperor Realm expert.

Just as Gu Limu-Shui'er was killed by Lin Tianhao, in the cave, figures appeared around Lin Tianhao, surrounding him.

"Xue Di, you're courting death!!"

One of them shouted angrily at Lin Tianhao, his aura soaring, and a huge pressure pressed down on Lin Tianhao.

"A Royal-level expert."

Hei Tianaozhen's voice sounded in Lin Tianhao's mind.

"Among the thirteen people around, the worst are King-level, with two Royal-level."

Lin Tianhao narrowed his eyes. After the Source of the Great Path prohibited the gods from taking action, these guys from the Alete Star System did not give up.

They actually sent so many experts over.

Moreover.

This was only from the Gu Limu family. According to the information Lin Tianhao had, on the current Vast Continent, there were not only people from the Gu Limu family, but also experts from other families in the Alete Star System.

"Good, good, good, very good, wiping them out in one fell swoop, just what I wanted."

With a wave of his hand, Lin Tianhao summoned Hei Tianaozhen.

The feather arrows even went straight for the two Royal-level experts.

A cold light flashed in the eyes of the two Royal-level experts, and with a hand seal, a black cauldron suddenly fell, covering Lin Tianhao.

Hei Tianaozhen wanted to step forward to help Lin Tianhao block the black cauldron, but the other experts present attacked him at the same time, forcing him back.

Lin Tianhao was taken into the black cauldron, where it was pitch black, and Lin Tianhao couldn't see the surrounding objects.

And he felt like he was trapped in a quagmire, and even moving his body became a problem.

-192375!!

-192399!!

... ..

One after another damage numbers appeared above Lin Tianhao's head. These damage numbers were very dense, not one per second, but countless damage numbers per second.

In just a few breaths.

Lin Tianhao's health dropped by more than 200 million, and this number was still increasing frantically.

This black cauldron was a bit too terrifying.

Lin Tianhao's Eye of Insight couldn't penetrate the darkness of this black cauldron either, it was a bit too terrifying!!

The Gu Limu family had really spent a lot to deal with him.

Chapter 1069 - The emperor of the Gulimu family has fallen!

The fact that it could block his Eye of Insight could only mean one thing: that black cauldron of the Gurimu family was a Saint-level weapon, or possessed Saint-level rules.

“Invincible Etherealization!!”

A cold glint flashed in Lin Tianhao's eyes. After his body etherealized, his movement speed increased a million times, and he charged straight out.

The space inside this black cauldron seemed to have no boundaries. Even with Lin Tianhao's million-fold speed boost, he couldn't escape.

“A world in a palm, the universe in a sleeve?”

Lin Tianhao narrowed his eyes and frowned deeply.

If this black cauldron was truly a treasure similar to a world in a palm or the universe in a sleeve, then no matter how fast his movement speed was, it would be difficult for him to escape from here.

The most crucial thing was that he couldn't see anything, and he had no idea what was happening around him.

The only good news was that he no longer needed to resist damage.

However,

the damage Lin Tianhao had just taken scared the Dean of Baili Academy, who was in the Mortal Palace, half to death.

For no reason at all, he suddenly lost billions of health points.

“Xue Di!!!!”

The Dean of Baili Academy was furious. He thought that everything would be over after the Holy Land Lord Championship ended.

But...

Anyone could guess that this was Lin Tianhao's damage transfer!!

“The duel is already over, and you're still locking me up!!”

The Dean of Baili Academy was truly angry. He was already very angry about losing to Lin Tianhao, and now he was even more furious about being locked up.

However,

Lin Tianhao didn't have the mood to care about the Dean of Baili Academy's thoughts. His current situation wasn't good at all.

What would he do if his Invincible Etherealization couldn't break this black cauldron?

Lord of the Firmament was still outside, and he most likely wouldn't be in danger, but Lord of the Firmament couldn't stay by his side forever.

He had to find a way to break this black cauldron.

Moreover,

although the time he had endured the damage just now wasn't long, he could still feel that his soul was also being damaged inside this black cauldron.

It was only because his immunity to soul-based damage was too high now, otherwise his soul would have been damaged just now.

Lin Tianhao had already tried all directions, but it was useless.

Next,

Lin Tianhao prepared to fly upwards. With the blessing of the Child of the Sky, Lin Tianhao could walk freely in the void, and flying was not a problem at all.

With the million-fold movement speed and Child of the Sky, as well as the skill given by Blackheart Dragon, which increased movement speed in the air by 50%,

Lin Tianhao was like a rising star, flying upwards at an astonishing speed.

“Buzz buzz buzz—”

Outside the black cauldron,

more than a dozen experts from the Gurimu family were doing their best to hold back Black Heaven Pride. Black Heaven Pride had also revealed his true form, using all means at his disposal.

Just at this moment,

the black cauldron buzzed non-stop, causing the thirteen experts of the Gurimu family to reveal unbelievable expressions on their faces.

“How is this possible?!!”

One of the Emperor-level experts widened his eyes and exclaimed:

another Emperor-level expert also had a face full of shock.

“Even if he found a way to break it, it shouldn't be this fast.”

“Buzz buzz buzz—”

While they were talking, the buzzing sound of the black cauldron became more and more frequent.

Before the black cauldron could react, a stream of light fell from the sky and slammed heavily in front of the dozen or so experts from the Gurimu family.

“This...”

If these dozen or so experts from the Gurimu family were originally shocked, then when they saw the person who had fallen in front of them, their faces were filled with horror.

“Lord Bo Xun!!”

“It's Lord Bo Xun!!”

“Lord Bo Xun is dead!!”

The dozen or so experts from the Gurimu family could clearly feel that Gurimu · Bo Xun no longer had any vitality.

A dignified Emperor-level expert had actually fallen just like that.

The King-level experts with weaker mental states staggered back, falling to the ground on their butts.

“Lord Bo Xun is dead, Lord Bo Xun is dead!!”

“Run!!”

Even a King-level expert, when seeing their family's Great Emperor expert fall in front of them, the visual impact was still too strong.

Not to mention King-level.

Even the two Emperor-level experts of the Gurimu family couldn't stop their bodies from trembling slightly, their gazes looking towards the Lord of the Firmament in the sky.

The Lord of the Firmament smiled noncommittally and said:

“I said, I don't care about those below the Great Emperor.”

After the words fell,

the Lord of the Firmament's gaze fell on the buzzing black cauldron.

“Interesting, this cauldron is not bad, it's mine now.”

His voice had just fallen.

A figure rushed out from the black cauldron.

The person who rushed out was none other than Lin Tianhao.

After escaping, Lin Tianhao did not attack immediately, but looked at the corpse on the ground.

Gurimu · Bo Xun is dead!!

Lord of the Firmament really killed this Great Emperor expert of the Gurimu family.

This was undoubtedly excellent news for Lin Tianhao.

The Gurimu family no longer had a Great Emperor-level expert, and the threat to him had naturally decreased significantly.

“This guy from the Gurimu family has been dealt with, let's go to the next place.”

The Lord of the Firmament smiled slightly and landed beside Lin Tianhao.

He put his hand on Lin Tianhao's shoulder. In the next instant, space quickly regressed. When his footsteps stabilized, Lin Tianhao realized that he had already arrived in the depths of the desert.

It was very desolate here. Looking around, there was nothing.

This is... the Morcardin Desert.

Lin Tianhao raised his eyebrows slightly, a crazy idea forming in his mind.

Could it be that... within the Pellet family, there is also a Great Emperor-level expert.

Just thinking about it made Lin Tianhao shudder.

This was why these guys from the Alert Star System hadn't attacked him during this time.

Otherwise.

With these guys from the Alert Star System, they could completely rub him on the ground.

However.

This was a bit strange.

Not to mention anything else.

Looking at the strength that the Gurimu family had displayed today, if they were to go all out, it should still be very easy to deal with him.

If that was the case.

Then why didn't the people of the Gurimu family directly attack him?

Were they worried that he still had trump cards?

Or were they afraid of the God of the Source of the Dao?

After all, the Alert Star System had previously sent gods to deal with Lin Tianhao once.

But the result was that the God of the Source of the Dao forcibly descended the power of rules and protected Lin Tianhao.

Returning his thoughts.

He could ask about this question properly after he catches the other people of the Gurimu family in the future, but definitely not now.

At this time.

Inside the cave where the Gurimu family was located.

Gurimu · Shui'er actually appeared here again.

She was killed by Lin Tianhao, but she was resurrected again.

And in front of her, lying was her fourth uncle, Gurimu · Bo Xun!!

Chapter 1070 - Speculations about the Lord of Luotian!

Beside Gu Limei Shui'er, a person spoke in a deep voice, "Miss Shui'er, Lord Bo Xun's aura has completely dissipated. There is no possibility of him being resurrected."

Hearing this.

Gu Limei Shui'er's fists clenched instantly, "Uncle has a resurrection coin, he couldn't have died like this. There must be a way to revive him."

"Chama, don't you know resurrection magic? I want you to sacrifice your origin to resurrect my uncle."

Gu Limei Chama's expression changed slightly. He said repeatedly:

Gu Limei Shui'er rebuked, "Chama, I order you to consume your origin power to resurrect my uncle!!"

This time, Gu Limei Chama did not answer, but another person spoke in a deep voice.

"Miss Shui'er, please don't make things difficult for Chama. You should also be able to sense that Lord Bo Xun's origin power has completely dissipated."

"None of us have the ability to condense Lord Bo Xun's origin power."

Gu Limei Shui'er's fists crackled as she clenched them, an endless rage brewing in her heart.

"Snow Emperor, Lord of the Heavens, if I, Gu Limei Shui'er, do not grind your bones to ashes in this lifetime, I will never give up!!"

Gu Limei Chama hesitated to speak.

Gu Limei Shui'er glared at her and said coldly:

"Say what you want to say directly, there's no need to beat around the bush."

Gu Limei Chama gritted her teeth and said:

"In theory, the Great Emperor realm cannot destroy the origin power of other Great Emperor experts, and it is very difficult to destroy the origin power of even Emperor-level experts."

"I am a Life-type priest, and I understand the life origins of experts. Have you ever seen any Great Emperor expert in our Alette star system who can completely obliterate other Great Emperor experts?"

Gu Limei Chama's voice was not loud, but it silenced everyone present.

Gu Limei Shui'er's fists clenched involuntarily, and she gritted her teeth and said:

"Are you saying that the Lord of the Heavens is not a Great Emperor realm expert?"

The Emperor-level expert beside Gu Limei Shui'er couldn't help but say:

"Lord Bo Xun had treasures from the Gu Limei family on him. Even if the Lord of the Heavens is more powerful than Lord Bo Xun, it wouldn't be easy to kill Lord Bo Xun."

"But the result is... Lord Bo Xun was crushed without any resistance. I estimate that it was to crush Lord Bo Xun's life origin, otherwise Lord Bo Xun would have fallen even faster."

Hearing these words.

Gu Limei Shui'er's expression became extremely gloomy.

"How is this possible!!"

"You wouldn't be trying to say that the Lord of the Heavens' grade is above even the Great Emperor!!"

The Great Emperor realm is already the ceiling of grades.

Above the Great Emperor, even for a peerless genius like Gu Limei Shui'er, it was something that only existed in legends.

"God Grade!!!!"

Gu Limei Chama gritted her teeth and said, "Although the probability of that is very, very low, it's not completely impossible."

Gu Limei Shui'er raised her hand to interrupt their speculation, "I think your ideas are too crazy."

"I would rather believe that the Lord of the Heavens is a twelfth-level Great Emperor expert than believe that he is a God Grade expert."

God Grade!!

This grade, whether in the Milky Way World or in their Alette star system, is a legendary grade.

Perhaps some people in the God Realm can reach this legendary level.

But for the Milky Way World, or their Alette star system, for a God Grade to be born, that is almost impossible.

There are also strengths and weaknesses in the Great Emperor realm. The difference in combat power between a newly entered Great Emperor and an old Great Emperor is still very obvious.

And the level will also have a great impact.

For example, tenth level, or even eleventh level, or even the legendary twelfth level. The further you go, the greater the improvement each job change brings.

So.

Gu Limei Shui'er was more willing to believe that the Lord of the Heavens was a top-notch existence among the Great Emperors, and was not willing to believe that he was a God Grade expert.

"Miss Shui'er, the Snow Emperor and the Lord of the Heavens are too special. It is unwise for us to fight against the Snow Emperor."

The Emperor-level expert beside Gu Limei Shui'er said quietly.

"With the Snow Emperor's current growth rate, it won't be long before there is no more room for him to improve in the Milky Way World. At that time, he will definitely leave the Milky Way World and go to the God Realm."

"As long as he goes to the God Realm, wouldn't this Milky Way World be easily obtained?"

Gu Limei Shui'er clenched her fists, gritted her teeth and said:

"Is my fourth uncle just going to die in vain like this?!!"

Gu Limei Chama said seriously:

"Miss Shui'er, the overall situation is the most important thing."

"With our current strength, we cannot compete with the Lord of the Heavens at all, and the Snow Emperor can now be resurrected, and is also protected by that great existence in the Milky Way World."

"Before we can descend on the Milky Way World in large numbers, we will not have good results if we deal with the Snow Emperor."

As Gu Limei Chama's voice fell, another Emperor-level expert from the Gu Limei family said.

"Miss Shui'er, Chama is right. We can't deal with the Snow Emperor now. If we wait a few more years, with the Snow Emperor's growth rate, we will be even less of a match for him."

"It's better to let him grow. When he can no longer become stronger, he will naturally leave here."

Gu Limei Shui'er clenched her fists, sneering:

"So, you want me to admit defeat?"

"What has the Gu Limei family relied on to achieve its current status?!"

"It is the prestigious reputation that our ancestors have built with their fists!!"

"Why did we take the lead in descending on the Milky Way World? Because we want to inherit the legacy of our ancestors and create a world that belongs to us!!"

"But now, when we encounter a Snow Emperor, you say retreat, you say give in. How will the other families in the Alette star system view our Gu Limei family?"

Gu Limei Shui'er spoke forcefully, her eyes resolute.

"The Snow Emperor must be dealt with. The reason why the Lord of the Heavens attacked us is likely to be to clear the way for the Snow Emperor, and also because someone has recently been impersonating him to do evil."

"He probably thought that we were impersonating him, which is why he was so ruthless."

At this point.

A cold light flashed in Gu Limei Shui'er's eyes, and killing intent burst forth from her body.

"I don't care who it is, anyone who dares to make our Gu Limei family take the blame for him must pay the price."

Obviously.

Gu Limei Shui'er also knew that with their current situation, if they were to go and find Lin Tianhao or the Lord of the Heavens, the risk would be too great.

Therefore, they can only turn their attention to others.

Moreover.

Their Gu Limei family was originally investigating who was impersonating the Lord of the Heavens.

Because they themselves had considered using the Sand Sea Poison Emperor's venom, impersonating the Lord of the Heavens, and attacking the Mountain Sea Empire.

If this were to happen in the Snow Emperor's place, they would think that it was done by people from their Alette star system.

Now that they have investigated for so long, they can be considered to have some clues.
