

O game 1071

Chapter 1071 - Belit Qingmo!

But they never expected that the Lord of Luo Tian and Lin Tianhao would come today.

Even more unexpected was that the Lord of Luo Tian took action and casually erased Gu Limei · Bo Xun!

The pillar of their Gu Limei family in the Milky Way world, a powerhouse in the Great Emperor Realm, had fallen just like that.

... ..

The one who came out was a middle-aged man with a square face. Lin Tianhao raised his eyes and looked over.

Beit · Yuanxing (??): ???

Health Points: ???

Attack: ???

Skills: ???

He could only see a name for this guy again, probably at least King-level.

It might even be Emperor-level.

As for whether he was in the Great Emperor Realm, that was not so important.

Because if this Beit · Yuanxing was in the Great Emperor Realm, then the Lord of Luo Tian would naturally take action.

“Snow Emperor?”

Beit · Yuanxing stared at Lin Tianhao, his eyes flashing with killing intent.

“This is really a case of not taking the road to heaven, but barging into the gate of hell. Since you're here, then don't even think about leaving!!”

Lin Tianhao smiled noncommittally and said:

“If you want to kill me, then I'm afraid I'll have to disappoint you.”

Beit · Yuanxing glanced at the Lord of Luo Tian, and couldn't help but frown slightly.

“You brought this person with you. He should have some skills, but if you think that way, you can avoid death. Then you are too naive!!”

“Even if he is a powerhouse in the Half-Emperor Realm, coming here is destined to be a one-way trip.”

The Lord of Luo Tian frowned slightly and said indifferently:

“You talk too much. Call Qingmo out.”

Hearing this.

Beit · Yuanxing's expression suddenly changed.

“You know Lord Qingmo? Could it be... you are also a powerhouse in the Great Emperor Realm!!”

Judging from the tone of the Lord of Luo Tian just now, he didn't seem to take their Lord Qingmo seriously at all, which actually said a lot.

“May I ask how to address you, senior...”

“Pa—”

The Lord of Luo Tian was still the same as before, without answering, he raised his hand and slapped him.

-194.2 billion!!

This slap directly stunned Beit · Yuanxing.

One slap, nearly two hundred billion damage, and it came with a 100% severe injury effect.

“Do I need to repeat myself?” The Lord of Luo Tian said.

As soon as he finished speaking, he looked up into the distance.

“For a dignified expert in the Great Emperor Realm, isn't it a bit too much to flee without a fight.”

The words fell.

The Lord of Luo Tian raised his hand and pressed down, the void collapsed layer by layer, and a majestic heavenly power descended from the sky.

In the distant sky, not only space, but even time was distorted.

After a few breaths.

The distorted space finally recovered a bit, and a figure flew out from it.

“Lord Qingmo?”

Seeing the figure flying out of the void, Beit · Yuanxing was a little surprised.

He guessed that the Lord of Luo Tian was a powerhouse in the Great Emperor Realm, but he didn't expect that his own Great Emperor powerhouse would run away without saying a word.

This...

Made him feel a little embarrassed.

Just as the Lord of Luo Tian said, an expert in the Great Emperor Realm fleeing without a fight was a bit too embarrassing.

If they weren't from the same family, Beit · Yuanxing would have suspected whether Beit · Qingmo was really in the Great Emperor Realm.

Watching Beit · Qingmo disappear, the Lord of Luo Tian looked indifferent, as if he was not worried that the other party would escape at all.

Immediately afterwards.

Lin Tianhao saw the Lord of Luo Tian raise his hand and grab, and a mysterious and strange power of rules spread from the palm of the Lord of Luo Tian.

The next moment.

The space in front of the Lord of Luo Tian began to vibrate slightly, and then, the already disappeared Beit · Qingmo directly appeared in front of the Lord of Luo Tian.

“How is this possible?!!”

Beit · Qingmo widened his eyes, his face full of disbelief.

He really couldn't imagine why the Lord of Luo Tian could pull him back when he had already run so far.

“How exactly did you do it?!!”

Beit · Qingmo stared at the Lord of Luo Tian, an unprecedented sense of crisis lingering in his heart.

Intuition told him.

This was a big trouble.

“Lord of Luo Tian, you need a reason to kill me, right?!”

“Otherwise, even if I self-destruct, I won't let you feel good.”

Regarding Beit · Qingmo's threatening words, the Lord of Luo Tian was still very calm.

“I've already said it, I want to kill a few Great Emperors for fun.”

The words fell.

The Lord of Luo Tian stopped talking nonsense, raised his hand and grabbed, and was about to grab Beit · Qingmo in his hand.

Beit · Qingmo raised his hand and sacrificed a golden disc, and a figure appeared on the disc.

“Emperor Void Divine Shadow?”

Chapter 1072 - Emperor Xu’s divine shadow, Feng Xuan’s divine emperor!

The Lord of Luotian raised his eyebrows slightly, a little surprised, obviously not expecting that Berlit Qingmo would have such a thing.

Lin Tianhao couldn't help but be shocked when he heard the Lord of Luotian say this.

There are many names for the Divine Shadow of the Emperor Void, but those starting with the word 'Emperor' are already the ceiling.

Mainly the Divine Shadow of the King Void, the Divine Shadow of the Emperor Void, and the Divine Shadow of the Emperor Void.

They respectively correspond to God Kings, God Emperors, and God Emperors!

Legend has it.

Those powerhouses who have God Kings and above guarding them can condense their own shadows in an item and give it to the disciples they value in their clan.

If this disciple is in danger, he can use his divine shadow to escape.

In fact, not to mention God Emperors, ordinary gods can also make similar things, but the face is definitely not as high as the Divine Shadow of the Emperor Void.

Therefore.

Only the divine shadow objects made by the existence of God Kings and above will have such a title.

This Divine Shadow of the Emperor Void comes from the hand of a God Emperor. Its tyrannical power is one thing, but the identity of the God Emperor is the most important thing.

Because the divine shadow and the God Emperor have a connection, even if you are strong enough to destroy the Divine Shadow of the Emperor Void, you will be targeted by the God Emperor powerhouse.

Therefore.

Most people will temporarily avoid the edge when they see the Divine Shadow of the Emperor Void.

To be precise.

Even the Divine Shadow of the King Void can deter many people, let alone the Divine Shadow of the Emperor Void.

God King!!

This is already a very awesome existence among the gods.

Thinking of this.

Lin Tianhao looked at the Lord of Luotian, he was a little curious, what choice would the Lord of Luotian make when facing this Divine Shadow of the Emperor Void.

After the divine shadow of the God Emperor in the Divine Shadow of the Emperor Void was condensed, there were three golden lotuses on his head.

This is also the verification method of the Divine Shadow of the Emperor Void.

One flower is King, two flowers are Emperor.

And these three golden lotuses are Emperor!!

"I am the Fengxuan God Emperor, you mortals, how dare you not kneel when you see me!!"

When the voice of this Fengxuan God Emperor fell, the Lord of Luotian impatiently opened his mouth:

"Are you done? Then step down."

Not some random cat or dog!!

As expected.

When the phantom of the Fengxuan God Emperor heard what the Lord of Luotian said, the whole person was stunned.

He didn't expect that someone would dare to talk to him like this.

"Do you know that the God Emperor cannot be humiliated!!"

"Pa--"

As soon as the Fengxuan God Emperor's voice fell, the Lord of Luotian slapped him out.

This slap was not powerful, but it was extremely insulting.

That is, Fengxuan God Emperor is a phantom here, if it is the main body, even if the Lord of Luotian wants to slap him, he can't slap him.

"I will humiliate you, Fengxuan God Emperor, right? I curse you to have a son without an asshole, and you will never become a saint in this life..."

"No, you silly cargo was impossible to become a saint in the first place. Who is in your head? Your cultivation is all based on external force. The realm of the God Emperor and the combat power of the God King are talking about you."

"There is a saying that is specially used to describe you, ugly people do more mischief."

"Pa--"

When he was excited, the Lord of Luotian slapped Fengxuan God Emperor in the face again.

"It's not that I look down on you, I'm waiting for you here. It should take about half a month for you to come from the Alete star system. I'll wait for you here for half a month. If you have the ability, come. If you don't come in half a month, then you are the number one coward in the universe!!"

Lin Tianhao was shocked.

Is this still the Lord of Luotian? This language output is simply...

Lin Tianhao didn't know how to describe it.

Mainly this image is completely different from the Lord of Luotian he had contacted before.

The Fengxuan God Emperor was trembling with anger at the words of the Lord of Luotian, while the Lord of Luotian picked up a crystal ball.

"I'm recording it? Do you dare to come after all? If you don't dare, I will go to the God Realm and copy the image of this crystal ball and spread it to every corner of the universe starry sky."

"At that time, everyone will know that you, Fengxuan God Emperor, are an out-and-out...coward!!"

The Fengxuan God Emperor gritted his teeth, his fists clenched and crackling.

Now the Milky Way world does not allow foreign gods to enter.

Even if he forcibly enters, he will be dragged into endless sleep by the rules of the Milky Way world, and he will not be able to attack the Lord of Luotian at all.

"Why do I need to do it myself to kill you? I will send someone over to tear you to pieces and cut you into pieces!!"

"Tear you to pieces? Cut you into pieces?"

The Lord of Luotian smiled disapprovingly and said:

"Your IQ is really worrying. Generally speaking, after tearing you to pieces, you can't cut you into pieces."

"You should cut you into pieces first, and then tear you to pieces, just like...this!!"

When the words fell.

The Lord of Luotian waved his hand, and Berlitz Yuanxing, who was watching the show, was immediately wrapped in countless blades, and his flesh and skin were cut off piece by piece by these blades.

Each piece is as thin as a cicada's wings, as if the world's most outstanding chef is showing off his knife skills.

"Ah ah ah--"

A shrill scream rang out from Berlit Yuanxing's mouth. He wanted to resist, but found that he couldn't move at all.

But his consciousness was exceptionally clear and his perception was extremely keen.

He can clearly feel his body and flesh being cut off piece by piece.

But in a moment, this Berlit Yuanxing was cut into a skeleton.

But I have to admire the Lord of Luotian's knife skills.

Even if only the skeleton and head of Berlit Yuanxing are left, he is still not dead!!

This...is a bit too terrifying.

Subsequently.

The Lord of Luotian raised his hand and pointed, and Berlit Yuanxing's body instantly exploded, not into powder, but into pieces of corpses.

"Did you see it? Cut you into pieces first, and then tear you to pieces. If the corpses are all broken, how can you cut you into pieces? Can you reverse time?"

"It's not that I look down on you, even if you practice for another ten thousand years, you will never be able to reverse time."

The Fengxuan God Emperor was trembling with anger. He really wanted to tear the Lord of Luotian to pieces now.

But he just can't do it.

He even hates Berlitz Qingmo a little now.

You can't beat him, what are you doing letting me out?!

It made me so humiliated!!

"Okay, coward, it's time to end."

The Lord of Luotian raised his hand towards the Fengxuan God Emperor.

The phantom of the Fengxuan God Emperor did not have the slightest fear, and even before the Lord of Luotian could take action, his phantom instantly exploded.

In the void, the voice of the Fengxuan God Emperor still echoed.

"Lord of Luotian, I hope you can be so arrogant when you meet me!!!"

Seeing the phantom of the Fengxuan God Emperor disappear, Berlitz Qingmo secretly said that something was wrong.

He retreated, and the whole person stood in place, motionless.

Then.

His body disintegrated and turned into flying sand.

Substitute technique!!

Berlit Qingmo ran away again!!

Chapter 1073 - One-sided crushing!

Lin Tianhao was a little speechless. This Berlit Qingmo was being a bit too cowardly.

And he's supposed to be a Great Emperor Realm expert?

But thinking about it, it seems normal.

The experts who can reach the Great Emperor Realm have all experienced countless difficulties and tribulations.

They cherish their lives even more.

Berlit Qingmo had already sensed that he couldn't beat the Lord of Radiance, so he would naturally run.

However, Lin Tianhao was also curious about how strong the Lord of Radiance was that a dignified Great Emperor Realm expert would be so afraid of him.

"Come back."

The Lord of Radiance raised his hand, and the world shook. Strands of the power of law spread out, piercing through the void, reaching to an unknown place.

"Got you."

The Lord of Radiance smiled slightly, and then exerted force on his hand. Those law threads seemed to have caught someone, dragging the other party back.

The space in front vibrated, and Berlit Qingmo was dragged out by these law threads.

"Still running?"

The Lord of Radiance looked at Berlit Qingmo indifferently.

Berlit Qingmo couldn't help but gasp, "It seems I'm destined to die today."

The Lord of Radiance chuckled and nodded, asking, "Self-destruct, or self-slaughter?"

The meaning of the Lord of Radiance's words was to see whether Berlit Qingmo was preparing to fight to the death or give up resisting.

"A Great Emperor cannot be humiliated. Even if I am shattered to pieces, I will never compromise."

Berlit Qingmo's eyes were sharp, and the aura around him began to rise continuously.

"A Great Emperor's self-destruction would have a bad influence."

The Lord of Radiance still had that indifferent appearance.

He raised his hand and grabbed, Berlit Qingmo's face changed drastically. He covered his chest because he felt a large hand pinching his heart.

He tried frantically to break free from the large hand grabbing his heart, but no matter what he did, it was to no avail.

Both were in the Great Emperor Realm, how could the gap between him and the Lord of Radiance be so big?

Not only was Berlit Qingmo thinking this way, but Lin Tianhao was also thinking the same.

The Lord of Radiance was too strong. Whether facing Gurimu Boxun or Berlit Qingmo, he was unilaterally crushing them.

"Heaven and Earth Seal, Yin and Yang Hide, Heaven and Earth are Infinite, the Great Dao Returns to One!"

The Lord of Radiance formed a hand seal, and bolts of lightning descended from the sky, blasting towards Berlit Qingmo.

Berlit Qingmo's face changed slightly. His figure blurred, and he transformed into countless clones, scattering in all directions.

But these lightning bolts seemed to be like Lin Tianhao's Heavenly Punishment Lock, chasing after Berlit Qingmo's main body.

Berlit Qingmo threw an ice-blue crystal ball in the direction of the lightning. The crystal ball exploded the moment it came into contact with the lightning.

These seemingly terrifying lightning bolts were instantly frozen.

The Lord of Radiance raised his eyebrows slightly and pointed his finger. Several vines flew out from around Berlit Qingmo, wrapping around him.

Berlit Qingmo had a flying knife in his hand. The moment this flying knife appeared, the entire flying knife flickered.

It was as if the energy of the flying knife was unstable, or as if the flying knife had just flown away and then flew back.

"Boom—"

At this moment.

A roar.

All the vines around Berlit Qingmo were torn to pieces.

"What a pity for so many good things."

The Lord of Radiance shook his head. He pointed again from afar, and the space in front of Berlit Qingmo exploded, his body turning into ashes.

Seeing this scene.

Lin Tianhao's eyes flickered slightly, Clone Technique!

The Lord of Radiance still didn't care, his whole person was exceptionally calm.

He once again sacrificed the array disc that he had used to kill Gurimu Boxun before.

The array disc emitted a brilliant light.

These rays of light enveloped Berlit Qingmo, and in the blink of an eye, he disappeared with the Lord of Radiance.

Lin Tianhao then summoned Black Heaven Pride and said loudly:

"Are all the people of the Berlit family dead? Is there no one who dares to come out and fight me?"

Lin Tianhao's naked provocation did not receive any response.

After all, Lin Tianhao had killed Berlit Moxun before, and they had some understanding of Lin Tianhao's combat power.

If their strength was not enough, it was naturally impossible for them to come out.

"Boring."

Lin Tianhao was slightly disappointed and walked to the front of the underground castle, sacrificed the Asura Divine Sword, activated the Evil Sword Immortal form, and led the heavenly thunder and earthly fire, killing towards the Berlit family's base camp.

In the underground castle.

The experts of the Berlit family were all looking at each other, but they had no intention of coming out to stop Lin Tianhao at all.

"Let's go, everything must be planned in the long term."

An elder in the Berlit family said helplessly.

Although he didn't want to admit it.

But looking at the current situation.

Berlit Qingmo was likely not the Lord of Radiance's opponent.

"Lord Ke Xuan, that Qingmo, he..."

Someone from the Berlit family hesitated to speak.

Hearing this.

Berlit Ke Xuan said helplessly:

"Is the battle between Great Emperor experts something we can influence?"

"Moreover, you should have also seen the result. The other party came for Lord Qingmo, if we don't leave now, we may not be able to leave later."

Berlit Ke Xuan's voice fell, and another person took over the conversation and continued:

"That's right, not to mention anything else, the Snow Emperor is not someone we can easily provoke."

"Let's go."

... ..

The people of the Berlit family activated the teleportation array together and disappeared.

When Lin Tianhao rushed into the underground castle, it was already empty.

"Boring, is the Berlit family's cowardly temperament hereditary? Each one is more cowardly than the last."

Lin Tianhao originally wanted to kill a few experts from the Berlitz family.

Now it seems that it is not very possible.

Coming out of the underground castle.

Lin Tianhao saw the Lord of Radiance at a glance.

And the corpse of Gurimu Qingmo on the ground.

The Lord of Radiance looked at the corpse of Gurimu Qingmo and said lightly.

"Now that things have come to this, is there any need to waste each other's time?"

Lin Tianhao was slightly stunned.

Berlitz Qingmo had already been killed, why did the Lord of Radiance say this.

Could it be...

Did Berlitz Qingmo have a way to revive like the Dean of the Baili Academy?

As if to confirm Lin Tianhao's guess, the body of Berlitz Qingmo lying on the ground flashed with green light, and in the next instant, he stood up from the ground.

Seeing this scene.

Lin Tianhao couldn't help but be secretly startled, these top experts all have resurrection coins.

However.

Lin Tianhao suddenly thought of a question.

If he killed an opponent and then used the means of enslaving the undead to enslave the opponent, would this prevent the opponent from using their resurrection coin?

If this behavior could be established, then he would be a nightmare-like existence for those with resurrection coins.

Chapter 1074 - The clone of the God King, with superb talent!

"Lord of Luo Tian, you are not an Emperor, are you?"

After Bellett Qingmo revived, he did not choose to run away, nor did he choose to resist.

He stared intently at the Lord of Luo Tian, wanting to get an answer from him.

The Lord of Luo Tian smiled and said:

"Why should a dying person know so much?"

Bellett Qingmo gritted his teeth and said:

"That's right, I am already a dying person. Is the Lord of Luo Tian unwilling to grant me even this wish?"

The Lord of Luo Tian was silent for a moment before saying:

"I am an Emperor."

Hearing this.

Bellett Qingmo stared at the Lord of Luo Tian in disbelief, exclaiming in horror:

"Impossible, I can sense your level. Tenth reincarnation, not even eleventh reincarnation. If your rank is at the Emperor Realm, then I really can't imagine why you are so strong."

The Lord of Luo Tian chuckled, "What's so unimaginable about that? Even if they are both novice adventurers who have just entered the Twilight of the Gods, can a Divine-grade talent be the same as a Yellow-grade talent?"

"Rank cannot completely measure a person's combat power, nor can the number of class changes, divine power laws, or innate talent."

"Therefore, rank cannot determine the upper limit of combat power, it can only determine the lower limit of combat power."

Having said that.

The Lord of Luo Tian paused slightly and continued:

"Alright, it's time for you to be on your way."

Bellett Qingmo gritted his teeth, and the aura around him instantly soared.

"After saying so much to you, you still want to self-detonate."

The Lord of Luo Tian shook his head with some disappointment. His figure turned into an afterimage, and when he reappeared, he was in front of Bellett Qingmo.

The Lord of Luo Tian struck out with a palm, and it actually penetrated Bellett Qingmo's dantian.

A tyrannical force erupted, and with a "bang."

Bellett Qingmo's dantian was shattered by the Lord of Luo Tian.

"I don't know what those old guys in the Aleit Star System are thinking, but from now on, if I see anyone from your Aleit Star System in the Divine Continent, I will kill one for every one I see."

Bellett Qingmo frowned.

"You saw through it?"

Lin Tianhao couldn't help but be shocked.

What did the Lord of Luo Tian say?

This Bellett Qingmo is actually a clone.

A clone at the Emperor Realm!!

Then what level of existence is Bellett Qingmo's main body?!

The Lord of Luo Tian's next words could be considered an answer for Lin Tianhao.

"To be able to dispatch your Emperor Realm clone, your main body should not exceed the God King Realm at most."

"Your main body cannot find enough resources to help your Emperor Realm clone become a god, so you set your sights on the Milky Way World."

Bellett Qingmo smiled bitterly, "Yes."

After speaking.

Bellett Qingmo sighed heavily.

"But I never dreamed that in this Milky Way World, especially with the gods not allowed to interfere, I would encounter a powerhouse like you."

The Lord of Luo Tian smiled and said:

"What's this called? Seeking wealth and honor in danger, and also succeeding in danger."

"This is your own choice, and you should bear the corresponding consequences."

Having said that.

The Lord of Luo Tian raised his hand and pointed at Bellett Qingmo's brow.

Bellett Qingmo's body began to slowly disintegrate.

At the same time.

Aleit Star System, Bellett Planet!!

This is a planet led by the Bellett family. On Bellett Planet, the number of Bellett family members is not too large. More are their family's slaves, and some interstellar merchants.

At this time.

In a city on Bellett Planet.

Bellett Qingmo slammed the tea table in front of him, shattering it into pieces.

The aura of the God King Realm uncontrollably spread in all directions, and the anger in his chest was boiling even more.

He was very angry.

Very, very angry!!

He had been stuck in the God King Realm for a very long time. He had always wanted to take another step forward, but he had tried his best, but he could never take another step forward.

Only because his talent and foundation were like that, there was no possibility of becoming an Emperor.

Therefore.

He chose to refine a clone.

Heaven favored him, and he found a congenital Dao fetus. Based on this, he refined his own clone.

And this clone, under his relentless cultivation and some of his own opportunities, gradually achieved the Emperor Realm.

And next.

He only needed to find enough treasures to help him take another step forward, to become a god!!

Then he would take off on the spot.

There might even be a day when his clone would achieve the Saint Realm, that was not impossible.

In order for his clone to grow better, he took the initiative to propose letting his clone go to the Milky Way World.

For safety, he gave his clone a lot of life-saving items.

In addition, the gods in the Milky Way World are not allowed to interfere now, which looked like a foolproof thing.

But the result... ..

As a result, he met the Lord of Luo Tian, a guy who didn't play cards according to common sense, and was outrageously strong. His life-saving items couldn't stop him at all, and he directly destroyed his clone.

"Lord of Luo Tian... .."

Bellett Qingmo's fists were clenched and crackling, he really couldn't wait to rush over and tear the Lord of Luo Tian into pieces.

But he can't do it now!!

... ..

Milky Way World, Moklatin Great Desert.

Lin Tianhao glanced at the Lord of Luo Tian meaningfully and smiled:

"Bellett Qingmo's main body should be furious right now."

The Lord of Luo Tian smiled playfully and said:

"This can be considered helping you clear obstacles."

"However, it is estimated that Bellett Qingmo's main body will not be able to deal with me, but what about it? He will most likely vent his anger on you."

Lin Tianhao frowned slightly. According to the situation in his previous life, there are less than three and a half years before the Twilight of the Gods and reality merge.

Time is passing very quickly.

Unknowingly, it has been more than a year since he was reborn.

"Lord of Luo Tian, do you know about the Super God-level Talent Awakening Stone?"

Lin Tianhao's talent needs to be further awakened, and he needs the Super God-level Talent Awakening Stone, but so far, he has not obtained any clues about this thing in the Twilight of the Gods.

"This thing should only be available in the God Realm."

Having said that.

The Lord of Luo Tian looked at Lin Tianhao with interest and asked:

"Do you still have subsequent talents? And you need the Super God-level Talent Awakening Stone to awaken it?"

Lin Tianhao smiled awkwardly and said:

"Would you believe me if I said I have a friend who needs it?"

The Lord of Luo Tian smiled noncommittally and said:

"No need to hide it from me, I have a Super God-level talent, and I am preparing to leave this time to go to the God Realm to awaken my Super God-level talent."

Lin Tianhao was shocked. This Lord of Luo Tian actually has a Super God-level talent!!

Chapter 1075 - Huangquan Inn, the three emperors gather together!

No wonder the Lord of Luotian could slaughter other Great Emperor realm experts so easily. With a super-god-level talent in hand, his combat power is naturally unmatched by ordinary people.

"I have quite a few talents, a full nine."

"Nine?!"

Lin Tianhao was stunned and couldn't help but exclaim:

"You have nine super-god-level talents?!"

The Lord of Luotian's expression instantly collapsed. "What are you thinking about?"

"Nine super-god-level talents, are you even saying human words?"

"My first talent is Yellow grade, the second is Black grade, then Earth grade, Heaven grade, Saint grade, and God grade."

“Among them, there are three God-grade talents, which is one of the reasons why my combat power is so strong.”

Lin Tianhao took a deep breath.

The Lord of Luotian's talent can truly be described as terrifying.

However, compared to his own talent, it was still somewhat inferior.

“My ninth talent is super-god-level, and it requires a super-god-level talent awakening stone to awaken.”

Lin Tianhao nodded secretly and said:

“Among us adventurers, having two or three talents should be considered amazing. This is simply outrageous.”

“Moreover, I think your three God-grade talents should be stronger than the last!!”

The Lord of Luotian chuckled and nodded, “Yes, the last God-grade talent I awakened already possesses the characteristics of a super-god-level talent in some ways.”

Lin Tianhao raised his eyebrows. If he were to follow the Lord of Luotian's words, then the Hand of Heavenly Punishment, the first talent he awakened, already possessed the characteristics of a super-god-level talent.

To be precise.

The Hand of Heavenly Punishment itself is a super-god-level talent, but based on what has happened during this period, his Hand of Heavenly Punishment should be considered the bottom of the super-god-level talents.

“What about yours?” the Lord of Luotian asked.

Lin Tianhao smiled. Since the Lord of Luotian was so candid, he didn't need to hide too much.

“Mine... could be considered multiple talents, or it could be considered only one talent.”

Hearing this.

The Lord of Luotian's eyes lit up, and he said with some surprise:

“One talent with multiple entries? Each awakening awakens different entries of the same talent?”

Lin Tianhao nodded, “Almost, that's how it is.”

The Lord of Luotian took a deep breath and said:

“No wonder your growth rate is so fast, which entry have you awakened to now?”

“The third.”

Hearing this.

The Lord of Luotian was even more surprised.

“The third one and you already need a super-god-level giant talent awakening stone?!”

“The grade of your talent should be more than just super-god-level.”

Lin Tianhao spread his hands and said:

“But the most important thing is that the entry note is super-god-level.”

The Lord of Luotian frowned slightly, “Could it be different from me, you belong to the same level of multi-entry talents?”

“That is also possible. I see that most of you adventurers with two talents are of the same level.”

“I once met a handsome guy with dual God-grade talents.”

Lin Tianhao was a little surprised. Dual God-grade talents can already be considered the ceiling among adventurers.

At least in the talent area, dual God-grade talents are definitely the ceiling.

“That's about it, let's go to another place.”

“There's more?”

Lin Tianhao was slightly surprised.

The only families he knew in the Alette Star System were the Guli Mu family and the Belite family.

Now all the Great Emperor experts of these two families have been killed by the Lord of Luotian.

Next.

The Belite family is in the Moke Latin Desert, and the Guli Mu family is in the Vast Continent. Judging from the current situation, is there another family in the Outer Territory?

If so.

The Lord of Luotian brought him here, but it allowed him to understand the information in this area.

The Lord of Luotian led Lin Tianhao through layers of mist, and finally arrived in front of an inn.

The name of this inn is also very distinctive.

Yellow Springs Inn!!

Lin Tianhao's Eye of Insight spread out, but something shocking happened to Lin Tianhao.

This Yellow Springs Inn was right in front of him, but his Eye of Insight couldn't see it!!!!

If he only used the Eye of Insight to observe, this would be a small mound, nothing special!!

Not only that.

Lin Tianhao was standing at the entrance of this Yellow Springs Inn at this time, but his divine sense could not sense the existence of the Yellow Springs Inn.

The divine sense probed over, and the situation was exactly the same as what the Eye of Insight saw.

Here, there is no Yellow Springs Inn, only a small mound.

This Yellow Springs Inn is too weird!!

The Lord of Luotian walked in front and walked towards the Yellow Springs Inn.

Lin Tianhao was very vigilant, especially since Invincible Etherealization was still cooling down. If someone attacked him now, it would be really dangerous.

After all, since the Lord of Luotian came here, there is likely to be a Great Emperor realm expert stationed here.

Follow the Lord of Luotian into the Yellow Springs Inn.

There are not many people in this Yellow Springs Inn. There is a rosy-faced waiter in the counter.

In addition to Lin Tianhao and the Lord of Luotian, there are only two people in the inn.

The two people were pale and were eating something with their heads down.

When Lin Tianhao looked over, he couldn't help but be surprised.

Because the two people who were eating were none other than Guli Mu · Bo Xun and Belite · Qing Mo.

Lin Tianhao had seen with his own eyes that the souls of the two of them had been scattered by the Lord of Luotian. How could they appear here now?

The Lord of Luotian directly led Lin Tianhao to sit opposite Guli Mu · Bo Xun. Belite · Qing Mo next to him frowned slightly, but said nothing.

“Don't say anything, do you think I don't dare to do anything here?”

Belite · Qing Mo frowned and raised his eyes, and said:

“Spare people where you can, Lord of Luotian. This source of reincarnation is a rule designed above the Heavenly Dao. Do you want to destroy it?”

The Lord of Luotian smiled and said:

“That Heavenly Dao is suppressing me? I didn’t plan to do anything when I came here, I just wanted to watch you drink Grandma Meng’s soup.”

“Otherwise, if any of you were reincarnated with memories, you might be staring at me.”

“You—”

Lin Tianhao was still very confused when he heard their conversation.

Why would they appear here even if their souls were scattered?

“I’m talking about you, Guli Mu · Bo Xun. You’ve been here for so long, but you’re still dragging on here. What do you want to do?”

“Are you waiting for the proprietress?”

Guli Mu · Bo Xun finally raised his head. He stared at the Lord of Luotian fiercely, like a vicious wolf choosing someone to devour.

“You’re right, I’m waiting for the proprietress.”

“Take out the things and let me see what good things you are hiding.” The Lord of Luotian said.

“I won’t show you.”

Guli Mu · Bo Xun said in a cold voice:

"If you really want to see, then try to do it."

"It's not that I look down on you, I bet you don't dare to do it here!!"

Chapter 1077 - Fish in the pond!

The charming proprietress glanced at the Lord of Luo Tian and said with a smile:

"Xiao Cheng, you heard that, right? There's no reason to turn away something that's offered to you."

"Besides, they weren't your match even when they were in the Great Emperor Realm. What's there to fear even if they reincarnate?"

The Lord of Luo Tian chuckled and said:

"If you don't uproot the weeds, they'll grow again when the wind blows."

The charming proprietress smiled slightly, leaped down, and extended her fair, slender jade finger, gently lifting the chin of the Lord of Luo Tian.

"I can agree to your request, but this humble servant is very bored in this Yellow Springs Inn."

"If you could come to my room tonight and have a heart-to-heart talk with me, then anything is possible."

The Lord of Luo Tian's face instantly fell.

"Sister Manyue, I'm being serious."

"Sister is also serious. Sister is not bad either, you should consider it."

The Lord of Luo Tian was covered in black lines, and he really wanted to say, 'Consider my ass!'

This proprietress of the Yellow Springs Inn was a master who didn't even spit out the bones of those she killed.

"Sister, I'm just a lowly person, how could I be worthy of you, Sister Manyue?" The Lord of Luo Tian said awkwardly.

The charming proprietress chuckled and turned her gaze to Lin Tianhao.

"If you're not willing, sending this little brother to my room would also work."

"Snow Emperor, Snow Emperor, fiery and icy, a double dose of ice and fire, it seems not bad."

Lin Tianhao's mouth twitched, not at all surprised that the other party knew his name.

But what the hell is a double dose of ice and fire!!

After saying that.

The charming proprietress turned her gaze back to Lin Tianhao and said:

"I should thank you instead. My Yellow Springs Inn has been deserted for so long, and finally someone has come to visit."

Lin Tianhao was slightly stunned. He had killed many people, but judging from the situation here, it shouldn't be that everyone who was killed would come here.

After all, the Twilight of the Gods was no longer the same as when the server first opened. It was common for adventurers to kill NPCs.

It was impossible that not a single NPC had been killed in such a short period of time.

The Lord of Luo Tian seemed to see Lin Tianhao's doubts and said with a smile:

"I know what you're thinking. Only those from the Yellow Springs Inn who are qualified to come here must be at least King-level, or even Gods."

Lin Tianhao was slightly stunned, "So, those of a higher rank than King-level that I killed before didn't truly die, but came here instead."

The Lord of Luo Tian nodded lightly and said with a smile:

"Completely correct. To be more precise, they have already entered reincarnation."

"So, they have already been born on the Vast Continent, and judging from what you just said, there is a certain probability that they are reincarnated with memories, right?"

The Lord of Luo Tian smiled and said:

"You can understand it that way, but this level of reincarnation is not limited to the Vast Continent. They may be reincarnated in the Alete Star System, the Xuan Tian World, the Divine Machine World, etc. Any world in the universe is possible."

Lin Tianhao took a deep breath, which wouldn't have any impact on him.

"However, the Galaxy World, the Alete Star System, and those worlds created by individual powerhouses are usually small worlds."

"There can be many small worlds in a main universe space, but there is usually only one main world."

"Divine Realm?" Lin Tianhao asked.

The Lord of Luo Tian nodded and said:

"That's right."

"You just said main universe space? What does that mean? Are there other universes?"

"Smart."

The Lord of Luo Tian nodded with a smile, "I don't even know what the name of the universe we are currently in is. It is made up of countless planets and a vast number of small worlds."

"The main world of this universe space is the Divine Realm. Outside of this universe space, there are other universe spaces as well."

"However, that is too far away for us."

"Even if one day you become a Saint, you will still be as small as dust."

The Lord of Luo Tian smiled bitterly.

"I once met a mysterious person who told me that the end of everything is disorder."

"No sequence, no rules, everything seems to be nothingness, only the purest source of power."

"You adventurers can now kill monsters to level up, and gain so-called free attribute points, including us. These... aren't they just rules created by stronger people to make us stronger?"

"To be precise, it's just getting a little fatter. For the person who created the rules, there may be no difference between a Saint and a mortal."

Lin Tianhao was silent. The words of the Lord of Luo Tian were too cold.

It was as if they were all ants raised by someone, not even ants.

"You've been farting a lot. What you're pursuing now is to become the person who creates the rules, right?" Lin Tianhao asked.

The Lord of Luo Tian shook his head and said:

"How can a creature born under the rules ever rise above the rules?"

"Perhaps one day, when we really reach that step, we should be..."

The Lord of Luo Tian didn't say the last few words, but Lin Tianhao could see them from his lip movements.

He finally said three words: eaten!

Should be eaten!!!

It was impossible for the Lord of Luo Tian to speak nonsense. There must be his reasons for saying this.

What exactly happened that would make the Lord of Luo Tian say such a thing?

"Let's go, the purpose of coming here has been achieved."

The Lord of Luo Tian raised his hand and put it on Lin Tianhao's shoulder, taking Lin Tianhao away from this place.

But the last three words of the Lord of Luo Tian deeply shocked Lin Tianhao.

Although the Lord of Luo Tian didn't explain too much, he seemed to have made it very clear.

The rules cultivate them, making them constantly stronger, the purpose... is to eat them one day!!!

It's like people raising fish. Small fish fry are put into the fish pond, and after being fed for a period of time, the net will be cast to catch them.

There are holes in the net, and small fish and shrimp will be left behind through the holes in the net, while big fish will be caught and become food.

Their current growth and strength is like the fish in the fish pond growing up.

Lin Tianhao really thought about it in horror, and his whole person was not well.

He had seen the clone of the God of the Source of the Dao. To be honest, he was unwilling to believe what the Lord of Luo Tian said.

Because it was too crazy!!

The Lord of Luo Tian took Lin Tianhao back to the Mortal Palace. He patted Lin Tianhao on the shoulder and said:

"So, Snow Emperor, some things must be thought through in advance."

Lin Tianhao gritted his teeth, "Then why do you still want to go to the Divine Realm?"

Chapter 1078 - A powerful emperor is born before our eyes!

“Having lived for too long, I can no longer find the meaning of life. Therefore, I want to leap through the dragon gate. If I can enter the sea, I will ride the wind straight up ninety thousand miles, hahaha!”

“As long as you prepare for the worst, then everything will be fearless.”

The Lord of Luo Tian was very calm.

Lin Tianhao didn't know what to say for a moment.

What the Lord of Luo Tian had just said and done was too crazy.

So crazy that Lin Tianhao couldn't accept it.

However.

Compared to a Saint, or even a Heavenly Dao Saint, the Lord of Luo Tian was still too weak. What he said might not be true.

But Lin Tianhao couldn't think of a reason for the Lord of Luo Tian to lie to him.

Withdrawing his thoughts.

Lin Tianhao forcibly suppressed the random thoughts in his heart.

“Lord of Luo Tian, can you help me with a favor?” Lin Tianhao asked.

“Haven't I already helped you a lot?” The Lord of Luo Tian said.

Lin Tianhao smiled awkwardly. Before he could say anything, the Lord of Luo Tian continued:

“You want me to help you revive the Sand Sea Poison Emperor, right?”

“Yes.”

Lin Tianhao nodded, “The main thing is that someone is blocking me there, and I can’t enter Sand Sea Poison City.”

The Lord of Luo Tian raised his eyebrows, showing a bit of interest.

“Those who can block you should be much stronger than the Dean of the Hundred Li Academy.”

Lin Tianhao nodded, “My chances of winning against him are very, very low.”

The Lord of Luo Tian nodded and smiled:

“I can go and take a look for you, but I can’t guarantee that I will definitely take action.”

“Thank you.”

As long as the Lord of Luo Tian was willing to help him, then this problem would be easy to solve.

Not to mention anything else.

The Lord of Luo Tian killed experts in the Great Emperor Realm so casually, so the person guarding outside Sand Sea Poison City was probably not the Lord of Luo Tian’s opponent.

The Lord of Luo Tian took Lin Tianhao to Sand Sea Poison City.

Outside Sand Sea Poison City, Lin Tianhao once again saw the man with the bamboo hat.

The moment Lin Tianhao and the man with the bamboo hat appeared, the man with the bamboo hat stood up abruptly.

He looked at the Lord of Luo Tian beside Lin Tianhao with a look of horror, and said in shock:

“Great Emperor Realm!!”

The Lord of Luo Tian smiled slightly, “He is only in the Half-Emperor Realm and already gives you so much pressure? It seems like he is a tough one.”

Lin Tianhao smiled awkwardly and said:

“To be honest, Hei Tianaozhen can’t even withstand one move from him.”

Hearing this.

The Lord of Luo Tian was even more surprised.

He paid attention to the Holy Land Lord Hegemony Competition, especially during the finals. He had seen the Lord of Luo Tian fight against the Dean of the Hundred Li Academy.

Others only knew that Hei Tianaozhen was a black dragon, but a strong person of the Lord of Luo Tian’s level could tell at a glance that Hei Tianaozhen was not an ordinary black dragon, but the legendary Ancestral Black Dragon.

In other words.

Hei Tianaozhen couldn't even withstand a single blow from the other party.

“Although I am in the Half-Emperor Realm, I have not encountered an opponent in the Half-Emperor Realm.”

The man with the bamboo hat said calmly, his eyes falling on the Lord of Luo Tian.

There was no fear in his eyes, only endless fighting spirit.

“I have stayed in the Half-Emperor Realm for too long and have always wanted to fight a Great Emperor. Today, I can finally get my wish.”

The corners of Lin Tianhao's mouth twitched, and a playful smile appeared on his face.

Because the Lord of Luo Tian could crush even Great Emperor Realm experts, this Half-Emperor Realm expert was just here to deliver food.

However, what happened next was slightly unexpected to Lin Tianhao.

Because the Lord of Luo Tian and this man with the bamboo hat were actually fighting back and forth.

Lin Tianhao could see that the Lord of Luo Tian's combat power at this time was slightly stronger than the man with the bamboo hat.

He could put pressure on the man with the bamboo hat, but he couldn't directly defeat him.

“This man with the bamboo hat is lucky.”

Hei Tianaozhen's voice sounded in Lin Tianhao's mind.

Lin Tianhao was slightly stunned. He could see that the Lord of Luo Tian was deliberately holding back.

But he didn't know the purpose of the Lord of Luo Tian holding back.

“Could it be...”

Lin Tianhao slightly thought of something, “Is the Lord of Luo Tian helping the man with the bamboo hat break through?”

From the words of the man with the bamboo hat just now, it could be heard that the man with the bamboo hat had been in the Half-Emperor Realm for a long time.

He should already be at the Great Perfection of the Half-Emperor Realm, only a step away from achieving the Great Emperor Realm.

The subsequent battle also confirmed Lin Tianhao's thoughts.

No matter how strong the fighting power the man with the bamboo hat erupted, the Lord of Luo Tian was always a few points stronger than the man with the bamboo hat.

Throughout the entire battle, the Lord of Luo Tian had always been suppressing the man with the bamboo hat.

“Retreat!!”

The man with the bamboo hat's aura soared again, rushing towards the Lord of Luo Tian.

The Lord of Luo Tian looked indifferent. The two constantly collided. The Lord of Luo Tian was as stable as Mount Tai. No matter what angle the man with the bamboo hat attacked from, the Lord of Luo Tian steadily blocked it.

Lin Tianhao had been watching. He could see that the aura of the man with the bamboo hat was still constantly rising.

“Bang bang bang—”

“Boom—”

Finally!!

The aura of the man with the bamboo hat reached a limit. His body seemed to have broken some kind of shackle, and a powerful aura spread in all directions.

At the same time.

A beam of light descended from the sky, enveloping the body of the man with the bamboo hat.

His soul and body were undergoing some kind of transformation in this beam of light.

“He has become an Emperor.”

An expression of envy appeared on Hei Tianaozhen's face.

He had also been stuck in the Half-Emperor Realm for a long time. Now that he saw others entering the Great Emperor Realm, it was impossible not to be envious.

In Sand Sea Poison City.

A huge dragon head slowly protruded.

In the huge eyes of this dragon head, there was also envy.

The man with the bamboo hat descended from the sky, and the beam of light dissipated.

He looked at the Lord of Luo Tian and respectfully bowed to the Lord of Luo Tian.

“Thank you!!”

The Lord of Luo Tian waved his hand, “You have reached the Great Emperor Realm, you should go and stabilize your cultivation.”

The man with the bamboo hat glanced at Sand Sea Poison City behind him.

He was a little hesitant.

The Lord of Luo Tian was still indifferent, and said unhurriedly:

“You have just become a Great Emperor today, it is a great happy event. It would not be wonderful if you were to fall today.”

Hearing this.

The man with the bamboo hat's face was a little ugly. Having just become a Great Emperor Realm expert, it made him feel somewhat inflated.

After all, when he was in the Half-Emperor Realm, his combat power was extremely terrifying. Now that he was in the Great Emperor Realm.

He felt that he might not be the Lord of Luo Tian's opponent, but he still had a chance to fight the Lord of Luo Tian.

“Boom—”

Just as the man with the bamboo hat was thinking this, the Lord of Luo Tian moved.

He appeared almost instantly above the man with the bamboo hat's head, and then suddenly kicked down, directly kicking the man with the bamboo hat into the ground.

“I said, can't you understand what I'm saying?” The Lord of Luo Tian said with a slightly displeased expression.

Then he reached out and grabbed, actually grabbing the heart of the man with the bamboo hat in his hand from the air!!

Chapter 1079 - Poor Dean Baili!

The man in the bamboo hat widened his eyes, his face filled with disbelief.

He had thought that the Lord of Luotian was stronger than him, but he never expected the gap between them to be so large.

He was completely unable to resist in front of the Lord of Luotian.

“I can make you an emperor, and I can also erase you!!”

With that, the Lord of Luotian exerted force on his hand, and the heart of the man in the bamboo hat was instantly twisted and deformed.

“Ah—”

A shrill scream rang out, and the man in the bamboo hat was in extreme pain.

"I... I was wrong!!"

The man in the bamboo hat said through gritted teeth.

He had only just become an emperor, and if he were to die now, he would be furious.

But in the end, he nodded heavily.

"Senior helped me become an emperor. Not to mention five years, even ten years would not be a problem."

Only then did the Lord of Luotian throw the heart of the man in the bamboo hat back to him.

"Who sent you here?"

The man in the bamboo hat shook his head, "I don't know. I take orders and do things. I only know that the person who placed the order was a powerhouse at the Great Emperor Realm."

Lin Tianhao frowned slightly. Previously, the Poison Emperor's guardian had also said that the person who took the venom from his hands was also a powerhouse at the Great Emperor Realm.

Could there be a connection between these two?

"Remember what you promised me," said the Lord of Luotian.

The man in the bamboo hat quickly cupped his hands, "Senior, don't worry, I will guard the Mortal Palace for five years, not a day less."

Only then did the Lord of Luotian nod in satisfaction and look at Lin Tianhao, saying:

“The trouble is resolved. You can do your own thing now.”

Lin Tianhao respectfully bowed to the Lord of Luotian.

The Lord of Luotian had the man in the bamboo hat guard the Mortal Palace, which could be considered a guarantee for their Mortal Palace in the next five years.

“Lord of Luotian, do you know anything about this Sand Sea Poison City?” Lin Tianhao asked.

The Lord of Luotian was silent for a while before he said:

“Not much. I only know that he is addicted to poison. It is his own fault that he has ended up in this state today.”

Lin Tianhao smiled helplessly, “I want to revive him. Is there any problem with that?”

The Lord of Luotian waved his hand, “I don’t care. You can weigh it yourself.”

“However, given the current situation in the Central Continent, and my understanding of the Sand Sea Poison Emperor, if he is revived, he should go directly to the Central Continent.”

Lin Tianhao hesitated, thought for a while, and still said:

“Can the problems in the Central Continent be solved?”

The Lord of Luotian shook his head and said:

“Who knows? Anyway, I can’t solve it. You’ll probably be fine if you don’t go to the Central Continent.”

“After all, that person wants to create gods. If those things from the Central Continent spread over here, it would violate the original intention of creating gods.”

Lin Tianhao understood in his heart, “Thank you.”

After saying that,

Lin Tianhao entered the Sand Sea Poison City again.

The Poison Emperor’s guardian couldn’t help but give Lin Tianhao a thumbs up when he saw him come in.

“Snow Emperor, your connections are really wide. Even this lord is willing to help you.”

Hearing this,

Lin Tianhao smiled noncommittally and said:

“Do you know him?”

The Poison Emperor’s guardian nodded heavily, “Of course I know him. Not to mention that he is the old palace master of the Mortal Palace’s own son, just his unpredictable strength is enough to shock us.”

Lin Tianhao smiled and said:

“Compared to your Poison Emperor, who is stronger?” Lin Tianhao asked.

The Poison Emperor’s guardian smiled awkwardly, “If you ask me that, then I am definitely the Poison Emperor’s most loyal supporter.”

“But objectively speaking, the Poison Emperor might still be a bit weaker than the Lord of Luotian.”

With that,

The Poison Emperor’s guardian changed the subject.

“But that was before. Now, if the Poison Emperor can be revived again, it’s really hard to say what his combat power will be like.”

“I guess, even if the Poison Emperor isn’t stronger than the Lord of Luotian, he certainly wouldn’t be much weaker.”

Lin Tianhao couldn’t help but roll his eyes. This was no different from nonsense.

Arriving at the underground castle of the Sand Sea Poison City again, Lin Tianhao was still the same, using 原地复活 to resolve the toxins here.

In the blink of an eye,

Ten days passed.

The venom in this underground castle had been almost completely resolved by Lin Tianhao.

In front, Lin Tianhao saw an ink-colored coffin.

Calling it an ink-colored coffin, it was more like a huge piece of amber, except that the thing inside the amber was not an animal, but a person.

The Poison Emperor’s guardian slowly came to the front of the ink-colored coffin, and then knelt down with a thud.

“Little Seven pays respects to the Poison Emperor.”

The Poison Emperor’s guardian kowtowed respectfully, his eyes filled with sincerity and excitement.

Lin Tianhao looked at the ink-colored coffin and asked:

“Is the Poison Emperor about to revive?”

Hearing this,

The Poison Emperor’s guardian shook his head and said:

“No.”

“What is truly trapping the Poison Emperor is not that venom, but these ink-colored poison crystals.”

Lin Tianhao’s pupils suddenly shrank, “You’re saying these are crystals formed from venom?”

Lin Tianhao was shocked. If these were really crystals formed from venom, then this thing would be a bit difficult to deal with.

Lin Tianhao raised his hand and blocked it above the ink-colored poison crystal.

In an instant,

Lin Tianhao’s health bar was cleared.

Yet this ink-colored poison crystal didn’t change in the slightest.

At this moment,

The Dean of Baili Academy in the Revival Altar had a livid expression.

From the moment Lin Tianhao started converting the venom here, the Dean of Baili Academy's heart was in his throat.

The reason was none other than this.

The damage Lin Tianhao transferred to him was too terrifying!!

If it weren't for relying on the Revival Altar's health regeneration, plus the rewards he obtained for winning second place in the Holy Land Lord Competition, he might not have been able to withstand it.

But just now,

He didn't know what Lin Tianhao did, but his health bar was directly reduced to only a sliver of health.

It was only because he received rewards this time that his overall attributes were greatly improved.

Otherwise,

He would have already been killed just now.

“Snow Emperor!!!!”

The Dean of Baili Academy couldn't help but roar. This was too damn scary.

Before, the health loss was gradual.

But this time,

Losing nearly a hundred million health points in one go, even if his mentality was stable, he would collapse.

Revival coins weren't cabbages. If Lin Tianhao really killed him, then he would really curse.

This feeling of being able to die at any time made him very, very uncomfortable.

Especially since.

He couldn't do anything.

Outside the Revival Altar.

The Sect Leader of Yin Yang Harmonious Joy Sect, the 楼主 of Cold Tower, and the others looked at each other.

"What trouble did Snow Emperor encounter? It's been ten days, and with this degree of health loss, he should have died many times, right?" said the Cave Master of Demon Flood Dragon Cave.

The Sect Leader of Yin Yang Harmonious Joy Sect smiled and said:

"Didn't you notice during the previous Holy Land Lord Competition? Snow Emperor was always at level one, which means he was constantly dying at that time."

Chapter 1080 - Ninth-grade poison-eliminating pill!

"Ouyang Wenlong, can't you still contact the Snow Emperor? If this continues, I'm really going to die!!"

Even with the spring water healing, it's not an instant full recovery.

Before, when Lin Tianhao was absorbing the venom, the rate of health depletion wasn't too fast, so he could use his own health regeneration and the spring water's regeneration to recover his health.

But the damage Lin Tianhao just transferred, nearly a hundred million damage per second, was really a bit too terrifying.

"We can't contact him, we've already had people try."

The Dean of Baili Academy looked extremely gloomy, he really wished he could tear Lin Tianhao to pieces right now.

But he just couldn't do anything about Lin Tianhao.

Sand Sea Poison City.

Lin Tianhao looked at the dark ink poison crystal, and suddenly realized a problem.

"The Dean of Baili Academy seems to be quite resistant."

Hearing this.

Hei Tianao was stunned for a moment, "Master, I would've forgotten if you hadn't said anything, but the Dean of Baili Academy didn't die just now, he's really resistant."

The Poison Emperor Guardian glanced at Lin Tianhao and said:

"Snow Emperor, your previous method doesn't seem to be working."

Lin Tianhao spread his hands helplessly and said:

“Then we can only take our time.”

Lin Tianhao was also very depressed, even with the damage transfer, he was already very resistant, but he was still instantly killed.

If he continued to be instantly killed like this, then the Dean of Baili Academy would definitely die.

Coming out of Sand Sea Poison City, Lin Tianhao saw the man in the bamboo hat outside Poison City.

The man in the bamboo hat smiled slightly, "I accepted the mission and won't leave for the time being. I'll stay here and not allow anyone else to enter Sand Sea Poison City."

Lin Tianhao raised his eyebrows slightly and smiled:

“Actually, I have the same idea. This place is too special, and I don't want anyone causing trouble.”

Returning to Fan Palace.

Lin Tianhao saw the Dean of Baili Academy in the spring water.

The Dean of Baili Academy also sensed Lin Tianhao's return.

He stared at Lin Tianhao and couldn't help but grit his teeth, saying:

“Snow Emperor, are you warning me, or do you really want to kill me!!”

The Dean of Baili Academy was very angry now, that feeling of walking through the gates of hell was too uncomfortable.

Lin Tianhao smiled awkwardly and said:

“Misunderstanding, I forgot about this.”

The Dean of Baili Academy said gloomily and angrily:

“You need to know, I almost died.”

“Didn't you not die?” Lin Tianhao grinned.

Hearing this.

The Dean of Baili Academy waved his hand and said:

“I don't want to hear so much. Snow Emperor, take away this damage transfer thing you have. I don't want to die inexplicably at any time.”

Lin Tianhao smiled awkwardly and said:

“Dean Baili, such a powerful skill is not something I can control if I want to.”

“It will take some time before this skill can be canceled.”

Hearing this.

The Dean of Baili Academy gritted his teeth, the anger in his heart was still rising.

“How long is this 'some time' you need?” The Dean of Baili Academy asked.

It was too scary.

Not only the Dean of Baili Academy, but even the Sect Leader of the Yin Yang Joy Sect, the Master of the Cold Tower, and the Master of the Demon Flood Dragon Cave, all looked at each other.

Just because Lin Tianhao's skill was too perverted.

It was only the Dean of Baili Academy, the Dean of Baili Academy who took second place in the Holy Land Hegemony Competition.

If it were any of them, if Lin Tianhao locked onto them, the result wouldn't be too good.

Lin Tianhao grinned, "I'm just doing a task, mainly because it hasn't been completed yet."

“It's good that you're all here, I have something I want to ask you.”

“What?”

The Sect Leader of the Yin Yang Joy Sect asked quickly, "If we can help, we will definitely not refuse."

After seeing the power of Lin Tianhao's damage transfer, they already had an answer in their hearts.

You can offend anyone, but you must never offend Lin Tianhao!!

Otherwise, this one damage transfer alone would be enough to make them not know how they died.

“Do you have anything that can resolve toxins?” Lin Tianhao asked.

Hearing this.

The Sect Leader of the Yin Yang Joy Sect looked slightly better, she said with a smile:

“I naturally have things that can resolve toxins, we all have them.”

After speaking.

The Sect Leader of the Yin Yang Joy Sect took out a dark green bead from her bosom.

“This Profound Treasure Poison Bead can absorb the toxins between heaven and earth. My Profound Treasure Poison Bead has already absorbed a lot of toxins, but the proportion has not yet reached one-third of the limit.”

Lin Tianhao's eyes lit up, this Profound Treasure Poison Bead seemed pretty good.

Taking the Profound Treasure Poison Bead from the Sect Leader of the Yin Yang Joy Sect, Lin Tianhao checked its attributes.

Profound Treasure Poison Bead: Special.

Usage Requirements: None.

Effect: Can absorb the toxins in a certain range nearby into it, until it turns black, then it cannot continue to absorb toxins.

“We have it too.”

The Master of the Demon Flood Dragon Cave took out a pill.

“This is the Nine Transformation Toxin Dissolving Pill, which can dissolve most toxins.”

The Master of the Cold Tower also took out a silver needle.

“This is a Nine-Rank Toxin Dispersing Needle, as long as it is stuck on the toxin, it can extract the toxin and disperse it.”

The Dean of Baili Academy frowned, he hesitated for a moment, and still took out a tortoise shell.

“The effect of this tortoise shell is similar to the Profound Treasure Poison Bead, but it can absorb and store at least ten times more toxins than the Profound Treasure Poison Bead.”

Hearing this.

Lin Tianhao's face was full of joy.

This feeling is great.

“Then thank you, I'll go try it.”

“Don't!!”

The Dean of Baili Academy and the Sect Leader of the Yin Yang Joy Sect instantly panicked.

Mainly because Lin Tianhao had almost killed the Dean of Baili Academy before, and now that he was going again, they were really afraid of whether the Dean of Baili Academy would be able to survive.

“You don't have to worry, I won't go up myself this time, I'll just use your things to try it.”

"I'm still scared!!"

The Dean of Baili Academy grabbed Lin Tianhao's wrist tightly, where was the appearance of Dean Baili, who used to be calm and breezy.

Especially.

His phrase "I'm still scared" already contained too much content.

Seeing this scene.

A shallow smile appeared on Lin Tianhao's face, and he said seriously:

"Dean Baili, I know your worries, but you can really rest assured, nothing will happen, I guarantee it."

The Dean of Baili Academy looked at Lin Tianhao suspiciously, not knowing why, looking at Lin Tianhao like this, he panicked even more.

"The Ancient God Secret Realm is not only what you want to enter, I also want to enter, I can't harm Dean Baili."

Lin Tianhao said righteously.

But the Sect Leader of the Yin Yang Joy Sect still said:

"Snow Emperor, why don't you wait until you come out of the Ancient God Secret Realm before trying."
